

PUGSLEY ATTEMPTING TO KNIFE SIR WILFRID

Despicable Conduct of Ex-Minister of Public Works

DR. EDWARDS ASKS WHO LEADS PARTY

Graham Shouldered Out of Second Place, but Liberals will Never Exchange "The White Plume" for a "Sawdust" Chieftain.

Special to The Standard.
Ottawa, April 18.—Things are happening in the opposition. The events which led up to the early morning row in the House today, have brought the leadership competition to the point where there must be a show down.

In the situation which now reveals itself there is much to explain the otherwise purposeless prolongation of the fight against the Naval Bill. There is a simple answer—Pugsley. The aggressive self assertion of the ex-Minister of Public Works, throughout the blockade, bears a new relation to the blockade itself under the flood of light shed over the opposition during the last twenty-four hours.

It is now evident that the aspirations of Mr. Pugsley were the first consideration, the blockade itself being a means to the end. He has been a very busy man in the past few days, and his little band of helpers. This end, the pursuit of which has been a costly business for the country, and a dangerous one for the empire, was the recognition of Mr. Pugsley as the man who would succeed to the Liberal leadership.

The campaign has been partly successful. Hon. Geo. P. Graham, the former first lieutenant and heir-apparent, has been shouldered into the background. The Pugsley group have supplanted him. In this struggle Mr. Graham made little or no resistance. His passive acceptance of the change has been the subject of some comment. An explanation of his attitude is given in a report that he has made up his mind to abandon a somewhat unprofitable political career and go out of public life. It is said that this will be his last session; that he will resign his hard-won refuge in the South End and go into business. It is quite possible that this was seen by the New Brunswickers and the heroic efforts of Mr. Pugsley were intended to prevent the succession going to another man, E. M. MacDonald, of Picton.

Mr. MacDonald has been looked upon by many members of the opposition as the likeliest man to move up if a moving time should come. Mr. MacDonald has been picked by Liberals who are unwilling to trust their political fortunes to any one of the ex-ministers of the old government.

Crowding the White Plume.

Mr. Pugsley has been in the running against either Graham, MacDonald or anyone else. His success has emboldened him to nibble a little at the upper fruit. He has been crowding the white plume.

When the House finally got into committee of supply in the small hours of this morning, Premier Borden was willing to adjourn, the sitting having been a very long one. To his proposal that the committee rise for the purpose of adjournment, Sir Wilfrid Laurier assented. Hon. William Pugsley did not assent. Taking the leadership out of Sir Wilfrid Laurier's hands he called upon the government to proceed with the passing of the supply. His demand was later characterized as a "bluff." He protested and the word bluff was withdrawn. But the House remained in committee and Sir Wilfrid Laurier left the chamber.

Then something else happened. E. M. MacDonald entered the ring and started a discussion which ended in a big rumpus and had the effect of obstructing the supply demanded by Mr. Pugsley. Only one item was passed.

This morning something more happened. The opposition went into caucus and stayed in caucus for one hour. At the expiration of the hour the doors opened and the announcement was made that the debate on the closure would conclude by the middle of next week.

Somebody's authority was asserted, and asserted pretty strongly at this caucus.

Dr. Edwards' Question.
The prevailing uncertainty as to who is really leading the opposition is expressed in the following question of which notice was given tonight by Dr. Edwards, of Fredericton.
"Is the government aware that the indemnity act provides for the payment of \$7,000 each year to the recognized leader of the opposition. Can the government inform the House to whom the above mentioned salary will be paid this season?"

PONTIFF IS RECOVERING FROM ATTACK

If Present Conditions Continue for Three Days His Holiness Will be Declared Convalescent.

Rome, April 18.—The consoling news that emanated from the Vatican tonight was that Pope Pius had passed three days without fever, that his general condition was progressing favorably, and that if these conditions continued for two days more His Holiness would be considered convalescent and the bulletins of the physicians be discontinued.

Although this information came from the physicians in attendance upon Pope Pius and was confirmed by Cardinal Merry Del Val, the papal secretary of state, it did not prevent persons of pessimistic tendencies from continuing to shake their heads dubiously and invent further ailments for the Pontiff. Tonight they declared he was suffering from pneumonia and senile consumption.

This evening's bulletin issued over the signature of the Pope's physicians read:
"Today also was passed without fever. The temperature of the Pontiff tonight is 99.1. The amelioration continues."

(Special to The Standard.)

"MARCHIAFAVA, 'AMICI'."

GOVERNMENT TO DEVELOP LIVE STOCK

Hon. Martin Burrell's Department Will Undertake to Distribute Well Bred Stock to Canadian Farmers.

Special to The Standard.
Ottawa, April 18.—Hon. Martin Burrell, with help of John Bright, the new livestock commissioner, has worked out a plan for the development of the livestock industry. The department will undertake the distribution of well bred stallions, bulls, rams and boars. This will solve one of the great livestock problems, particularly in the newly settled districts of Canada. The original cost of the animals will be borne by the department and they will be placed in the hands of such local organizations as agree to certain conditions which will be set forth.

In other words, these sires will remain the property of the department but local associations will be responsible for their proper maintenance and management under the general supervision of officers of the livestock branch. All animals distributed will be bought if possible from some breeders, and will be Canadian bred. As far as possible they will be purchased in the province in which they are to be placed.

It is not the intention to place the animals in districts where suitable animals of the same class are already owned by private individuals. The aim is rather to aid sections where pure bred sires are lacking and as well to encourage new communities in following a proper and intelligent system in breeding. All bulls distributed will be purchased subject to the tuberculosis test and only stallions which have passed a rigid veterinary inspection for unsoundness will be introduced.

"William Pankhurst Pugsley."
Mr. Pugsley demanded that the word "Bluff" be withdrawn.

Dr. Edwards substituted another phrase, but Mr. Pugsley, who was very aggressive and insisted, kept demanding that the word "Bluff" be withdrawn.

In the end, after a good deal of wrangling, Dr. Edwards complied, avenging himself by recalling Mr. Pugsley's advocacy of the subterfuge on the day of the introduction of closure, and describing him as "William Pankhurst Pugsley."

Mr. Pugsley attacked Dr. Edwards with great fury. He charged him with forcing the postmen of his riding into subscribing for a gold watch to support himself and child and to aid his husband, the New York lawyer, who is in the Orange county (N. Y.) jail awaiting a second trial on the charge of having murdered his client, Mrs. Rosalie Metzschel, on Greenwood Lake July 18 last.

When Mr. Borden moved that the committee rise Sir Wilfrid Laurier nodded assent. A special opportunity was given for this by Mr. Borden as the Liberals, on Wednesday, professed to be in a hurry to bring it forward. The house was met into supply to allow the want of confidence motion to be moved. The division took place at a late hour and was not completed till 2:15 this morning.

A special opportunity was given for this by Mr. Borden as the Liberals, on Wednesday, professed to be in a hurry to bring it forward. The house was met into supply to allow the want of confidence motion to be moved. The division took place at a late hour and was not completed till 2:15 this morning.

F. B. CARVELL MEETS MORE THAN HIS MATCH IN HOUSE

Dr. Edwards Puts It Over Member For Carleton

MADE HIM SWALLOW FALSE STATEMENT

Rules of House Forced Dr. Edwards to Withdraw Statement, but He Offered to Repeat it to Carvell Outside.

Special to The Standard.
Ottawa, April 18.—The incidents of the early morning sittings today overshadowed in interest and importance the quiet proceeding of the sitting this afternoon and evening. The extraordinary behavior of Mr. Pugsley, Mr. MacDonald and Mr. Carvell raised a perplexing and curious situation, while the savage quarrel between Mr. Carvell and Dr. Edwards created a most disagreeable impression, which has not worn off.

So far as Mr. Carvell is concerned the situation is that this exceedingly truculent and abusive member has been publicly called a liar twice by Dr. Edwards, who, in addition, has expressed his readiness to repeat the words outside where the dignity of the house would not interfere with the subsequent proceedings and he has not chosen to resent it in the way that most men would adopt when the shot and ugly word is used.

As a matter of fact, Dr. Edwards waited in the lobby to meet Mr. Carvell when the house adjourned, this morning, but by an interesting coincidence Mr. Carvell left that day in such a way that the two did not meet.

Dr. Edwards, today, on the orders of the day this afternoon, publicly repeated his denial of Mr. Carvell's assertions and repeated his defiance to Mr. Carvell to meet him outside the protection of the chamber. Up to the moment of writing Mr. Carvell has not sought Dr. Edwards out.

This very disagreeable incident occurred in the course of an exhibition of purposeless bad temper by the opposition.

The whole day Thursday had been spent in debating the attack on Mr. Rogers' administration of the western lands. A special opportunity was given for this by Mr. Borden as the Liberals, on Wednesday, professed to be in a hurry to bring it forward.

When Mr. Borden moved that the committee rise Sir Wilfrid Laurier nodded assent. A special opportunity was given for this by Mr. Borden as the Liberals, on Wednesday, professed to be in a hurry to bring it forward.

Pugsley Takes Charge.
When Mr. Borden moved that the committee rise Sir Wilfrid Laurier nodded assent. A special opportunity was given for this by Mr. Borden as the Liberals, on Wednesday, professed to be in a hurry to bring it forward.

Mr. Borden, thereupon said he was glad that the Liberals were so amiable a temper, and that they would take the estimate up. The two parties cheered and counter-cheered defiantly.

Almost immediately afterward Sir Wilfrid Laurier quietly left the chamber.

Customs Salaries.
The first estimates brought forward were the salaries in the customs department. The Liberals, led by Mr. Pugsley, at once began to block, asking all sorts of questions, some of them of thoroughly frivolous kind. It is noteworthy that E. M. MacDonald began it by demanding that the salaries of the customs department staff be not voted until the government had declared its policy on civil service reform. This went on till about 3 o'clock when Dr. Edwards made a sharp attack on the opposition in the course of which he recalled Sir Wilfrid Laurier's disloyal utterance in days gone by. In the course of his remarks he made the observation that "Pugsley's demand that the committee take up supply was pure bluff."

"William Pankhurst Pugsley."
Mr. Pugsley demanded that the word "Bluff" be withdrawn.

Dr. Edwards substituted another phrase, but Mr. Pugsley, who was very aggressive and insisted, kept demanding that the word "Bluff" be withdrawn.

In the end, after a good deal of wrangling, Dr. Edwards complied, avenging himself by recalling Mr. Pugsley's advocacy of the subterfuge on the day of the introduction of closure, and describing him as "William Pankhurst Pugsley."

Mr. Pugsley attacked Dr. Edwards with great fury. He charged him with forcing the postmen of his riding into subscribing for a gold watch to support himself and child and to aid his husband, the New York lawyer, who is in the Orange county (N. Y.) jail awaiting a second trial on the charge of having murdered his client, Mrs. Rosalie Metzschel, on Greenwood Lake July 18 last.

MONTEREAL TO PAY BIG DEBT

Half Year's Interest on Loans Coming Due May 1st—Aggregate a Vast Sum of Money.

Montreal, April 18.—Montreal will have to dig down into its jeans on May 1st and find hidden in some corner the tidy sum of \$992,412.15 for a half year's interest on the various loans it has from time to time contracted.

Of nearly \$1,000,000 which will have to be paid out on May 1, the sum approximately \$375,000 will be payable to the Bank of Montreal, London, the city's English financial agents, while \$100,000 will go to the Montreal Bank of Scotland, also in London.

In New York the amount payable is \$64,465.50, while Montreal holders of registered stock will get a "coupon" of \$101,772.06. Coupons taken from bonds held by thrifty Montrealers call for the payment of another \$185,668.91.

HALIFAX IS UP IN ARMS

Possibility of Empress of Ireland Cutting Out Halifax Call Arouses Sister City Board of Trade.

Special to The Standard.
Halifax, April 18.—A special meeting of the council of the board of trade was held to discuss the matter of the Empress of Ireland not making Halifax a call on her home-bound trip, when leaving St. John on May 1st. The board is making a vigorous kick, and at the meeting this afternoon the following telegram was sent to Premier Borden and the members of parliament for Halifax:

"Canadian Pacific Railway advises us steamer Empress of Ireland leaving May 1st, and being the first sailing under the new contract, will not call at Halifax on the voyage to Liverpool for English mails. We emphatically protest against the proposed action of the company, and respectfully urge you to see that the rights of this port as the first and last port of call for the winter mail service be not interfered with. This matter was thoroughly fought out with the late government in 1906 when a similar proposal was made by the contracting lines, but altered after a strong protest from the citizens of Halifax and the provincial boards of trade."

JAPAN INDIGNANT, MANY PEOPLE CLAMOR FOR WAR

ENORMOUS INCREASE IN IMMIGRATION

Greater Than Total Population of New Brunswick by More Than Fifty Thousand Souls.

Ottawa, April 18.—During the fiscal year ended March 31st, 1913, 402,432 immigrants arrived in Canada. This total is made up of 150,542 British, 139,009 from the United States, and 112,881 from all other countries combined.

Immigration to Canada for the preceding fiscal year, the 12 months ended March 31st, 1912, was 313,110, from the United States 133,710, and from all other countries combined 82,406—total, 354,237.

A policeman found guilty.

Policeman Thomas Robinson convicted of grafting in New York—Took \$50 a month from cafe.

New York, N. Y., April 18.—The second trial of members of the police force, arrested for grafting resulted today in the conviction of Patrolman Thomas Robinson, on the charge of extracting protection money from a restaurant keeper.

Robinson was accused of taking \$50 a month from Ludovico Tancredi, as the price of permitting his cafe to remain open. Tancredi said that the policeman had him arrested when he refused to pay tribute and that when he came out of jail arrested him again, but had the charge dropped when the restaurant man finally agreed to pay his price.

Bitter Feeling Growing Over California's Alien Land Bill

URGES THE DISPATCH OF BIG BATTLE FLEET

Prominent Japanese Newspaper Editor and Influential Men of Nippon Declare Against United States' Action—Counter Measures.

Tokyo, April 18.—The Japanese government considers the present anti-Japanese movement in California as most dangerous, and is faced with the prospect of placing itself in a most invidious position owing to the unwillingness of the federal government at Washington to intervene and the possibility of introducing counter measures here.

In the event of the passage of the California Alien Land Bill through both houses of the legislature, Japan will issue an imperial ordinance enforcing the Japanese Foreign Land Ownership Bill of 1910, and will apply to the federal government at Washington for permission for the Japanese to become naturalized citizens of the United States.

At the great mass meeting of protest held here last night there was a hysterical anti-American outburst. Deputy Matsumura urged the dispatch of a Japanese fleet to California as a first step toward establishing Japan on an absolutely equal footing in the United States.

Miyake, an editor of the Japanese Times, declared that Japan deprecated the constant visits here of American peace apostles, when their own country was in urgent need of the principles of justice and humanity.

Other fiery orators insisted that the question between Japan and America had better be settled now, once and for all. Otherwise their constant recurrence would lead at last to the arbitration of war.

Twenty thousand people listened to the remarks of the firebrands, who apparently are engineering a campaign to mould public opinion in Japan. The Foreign Land Ownership Bill passed by the Japanese diet in March 1910 prohibits foreigners except under certain restrictions from owning land in Japan, and they may not land at all in Saghalien, Formosa, Hokkaido or the fortified zones. This law has never yet been officially promulgated.

SOKOTO BOUND TO MONTREAL.

Montreal, April 18.—The Elder Dempster steamer Sokoto, which sailed from Louisbourg, N. S., at 6 o'clock on Thursday morning, is making good time to Montreal, as she was reported ahead of Cape Rosier at 3 o'clock today.

A PECULIAR MOORING PIER.

Special to The Standard.
Fredericton, April 18.—The steamer D. J. Purdy arrived from St. John this evening and tied up above the Star Line wharf docking so that she rests immediately over a sunken scow of coal and dynamite.

THE ALBERT ELECTIONS.

Edmonton, April 18.—Returns from the outlying polls in a number of constituencies are still coming in and it will be tomorrow before some of the results are finally known. The return up to this evening give 35 Liberals and 15 Conservatives and one still doubtful.

ICE PLANT BURNS.

Harrison, Ont., April 18.—The ice plant of the William Davies Co., was destroyed by fire today. Hard work by the firemen saved the main building. The cause of the blaze is attributed to a cinder flying from a passing engine.

JACK TRAVIS ATTEMPTED TO HANG HIMSELF IN CELL

Jack Travis, aged 21 years, whose home is in York Point, was arrested in the West End last night about the time that the fire was discovered in the warehouse on Rodney wharf, and although no charge had been laid against him at the central station up to 2:30 o'clock this morning, it is believed that he is being held on suspicion of having set fire to the warehouse.

When placed in the Water street lockup Travis tried to hang himself and was then taken to the central station. He had not been in the central cells very long when Officer Henry, who is in charge, found Travis trying to commit suicide by hanging himself to the bars of the cell with his suspenders. The officer cut him down when he was in a very weak condition. The leather mitts were placed on him to insure his safety for the balance of the morning. Travis has been under suspicion as a possible "fire bug" for some time.

Entered strange house, laid down on bed and died.

William Mattice forced door to residence in Brantford—Death was due to excessive drinking.

SHIPPING NEWS

Arrivals, Departures and Topics of the Sea.

Disasters to Shipping—C.P.R. Plans New Lines—Predict Ships Half Mile Long—Dangers to Navigation—Harbor Front Notes.

DANGERS TO NAVIGATION.

Highlands, N. J., April 18.—5.10 p. m.—A black can buoy is adrift 2 miles southwest of Scotland lighthouse. New York, April 17.—Revenant cutter Seneca reports April 15, 6 p. m., in lat 44 26, lon 49 09, sighted a large iceberg and another 11 miles west. Rear Admiral Williams reports April 11, lat 39 49 N, lon 73 64 W, passed two spars standing upright awash; apparently attached to submerged wreckage. Star Intradav (Br), reports April 10, lat 41 02 N, lon 58 20 W, passed a square log about 35 feet long. Star Navarino (Br), reports April 3, lat 40 07 N, lon 29 20 W, passed two logs about 40 feet long and 18 inches in diameter. Star Taurus (Nor), reports March 23, lat 45 42, lon 44 30, and March 20, lat 44 56, lon 48 52, passed several large bergs. On April 14, lat 37 41 N, lon 184 34 W, a derelict about 100 feet long, nearly awash, with ribs showing, was sighted.

SCHOONER LEAKING.

Bermuda, April 17.—Schr Hugh John (Br), Scotch, from Barbados April 17 for Halifax, has put in here today; part of cargo will have to be discharged.

CARGO ON FIRE.

Boston, April 17.—Work of discharging cargo from Star Karoma (Br), anchored in the harbor, was discontinued today on account of rain; a small quantity of merchandise had been lighted from No. 1 hold, but cargo in No. 2 hold, where fire is confined, has not been disturbed; while there is no outward sign of fire, it is believed that the cargo in No. 2 compartment is still smouldering.

VESSEL STRANDED.

Key West, April 17.—Schr Alice Holbrook, Ellis, from Savannah April 13 for Matanzas, has been stranded on Hillsboro Inlet; cutter Yamacraw left here this morning to go to her assistance.

SEARCHING FOR DERELICT.

Washington, D. C., April 17.—Revenue cutter Onondaga, has been ordered to sea to search for derelict schr Lettie R. Russell, before reported abandoned about 70 miles east of Cape Henry.

HAS BROKEN SHAFT.

Port San Luis, Cal., April 16.—Star Roanoke, from San Pedro for San Francisco, put in here this morning with broken shaft. The Sea Rover will be sent from San Francisco to tow vessel up.

ROCK DISCOVERED.

New York upper bay—East River—A rock having over it a depth of 28 feet has been discovered in the entrance of East River, New York harbor, between the Battery and Governors Island. The rock lies 25 yards north of a deep water channel range line, marked by a target on pier 10 and the tower on Hotel Margaret, Brooklyn, in line, and is about 315 yards 48 deg 20 min true (N 8 E by E 1/4 E mag.) from Governors Island light. Position—Lat, 40 deg 41 min 51 sec N; lon, 74 deg 49 sec W. Caution—Deep draught vessels should follow very closely the line of the East River deep water channel range when entering or leaving East River at low water.

SCHOONER CHARTERED.

Schooner, 500 tons, dry and seasoned hemlock, Bridgewater, N. S., to New York, \$5 and free wharfage.

WEST INDIA LINE.

The steamer Ocano, Captain Coffin, from Demerara, Indies and Bermuda, with mails, passengers and general cargo, arrived yesterday and brought 45 saloons and 33 second cabin passengers. The former were mostly all returned Canadians, and the latter, with the exception of a few were colored people, many of them females who will engage in domestic work. All the colored immigrants will settle in Canada, a few of them going as far west as Winnipeg, also to points in Ontario and Quebec. The majority, however, will make their homes in the Maritime Provinces.

SHIPS HALF A MILE LONG.

London, April 12.—An Atlantic steamship half a mile long, registering 200,000 tons, having a beam of 840 feet and carrying 60,000 passengers, is the astounding leviathan predicted by S. C. Gilliland. That is, if the growth in the size of ships for the next forty years continues at the same rate as for the last forty years. By means of a plotted curve he indicates the growing size of modern liners, which begins with the Great Western in 1840 and rises with steadily increasing ascent to the Olympic and Imperator of today. If this curve is projected in the most conservative path to the year 1935 you have a vessel 1,500 feet long, and in two decades more one of 2,500 or five times the length of the Olympic. "Ships have been growing larger," he says, "ever since Mr. Paleolithicus or thereabouts probably his young son, first sat on a log and paddled himself across a creek. And the growth has been perfectly continuous except for one break at the close of the Roman Empire, when civilization declined. The extremely rapid development of material civilization today will surely not be so much halted in the next generation, especially since the speed

progress is accelerating. And one of the characteristics of civilization has for a century been a universal growth in the size of things—building, railroads, ships, machines.

"It is hard to imagine a ship whose cable links each weigh two thirds of a ton being launched in two decades and a half. But the curve of growth has been steady and sure, except where the Great Eastern exceeded it. If we say that it will not continue in the future we but echo what has been said time and again in the past, and always the curve has continued. Objections that greater ships would be unworkable or too deep for our harbors have been made in the past and blotted out by the next leviathan. The advantages of having such large ships will be the greater speed they will afford, reduction of the dangers at sea and the provision of greater comforts and amusements, not to mention the practical abolition of seasickness."

SEA LINGO ABOLISHED.

The New York World says:—"Starboard" and "port" are to be abolished in the United States navy, giving way to "right" and "left" in the interest of efficiency. The change is a concession to the landlubber at the expense of a confirmed sea dog. "Starboard" and "port" are to be abolished in the United States navy, giving way to "right" and "left" in the interest of efficiency. The change is a concession to the landlubber at the expense of a confirmed sea dog. "Starboard" and "port" are to be abolished in the United States navy, giving way to "right" and "left" in the interest of efficiency. The change is a concession to the landlubber at the expense of a confirmed sea dog.

EDLER DEMPSTER LINE.

The steamer Sokoto, Captain Pierce reached Louisbourg on the 15th bound from Presago, Mexico, to Montreal.

UNABLE TO FIND ICE.

New York, April 18.—Owing to the fact that the Seneca, a United States revenue cutter, and the Scotia, a British steamship, both on duty as ice patrol vessels in the region where the Titanic was lost last year, have been unable to find any ice present in those waters, the principal trans-Atlantic steamship lines are now operating their west-bound vessels over a lane sixty miles north of the course which was followed all winter. The absence of ice is accounted for by the mildness of the winter just ended. The most southerly iceberg reported so far this spring, was seen on March 28 by the Russia, of the Russian-American Line, and was encountered ninety miles north of where the Titanic sank.

COASTWISE VESSELS.

Two schooners bound home to Parraboro in ballast, the Effort from St. Andrews, and the Levuka from Black's Harbor, put into Digby on Wednesday night for a harbor. While at Digby the Levuka consecrated a charter to proceed to Annapolis to deliver brick for St. John, subsequently Capt. Ogilvie has cancelled the Parraboro trip until he fills his St. John contract. Another Parraboro vessel, the Rolfe, Capt. Rowe, after landing coal at Digby went to Annapolis to load brick for St. John and was ready on Wednesday to go down as far as Digby there to await for favorable weather to cross the bay.

THE SUMMER SERVICE.

Halifax Recorder: When the Monaghan makes the initial arrival of the Allan Line's summer service between Glasgow, Liverpool, St. John's, Halifax and Philadelphia service, she will disembark 562 prospective settlers in addition to general freight.

LIGHTHOUSE SITE CHANGED.

John Kelly, of St. John, inspector of beacons and buoys, was in Campbellton last week looking over things generally. It is understood that one of Mr. Kelly's recommendations to the Light House Commission will be to have the lighthouse now located just below the electric lighting station removed to the market wharf. This position it is claimed will give those in charge of all vessels coming up the Restigouche an unobstructed view of the light for several miles down the river.

THE BATTLE LINE.

The Battle Line steamer Tanagra, Capt. Dalton, sailed from Glasgow on the 17th for Santos. Steamer Levrika, Capt. Starratt, sailed from Rotterdam on the 17th for London. Steamer Trobia, from Rotterdam arrived at London yesterday. Steamer Seliana, Capt. Hatfield bound from Bahia Blanca to Las Palmas for Ardis, passed Rio Janeiro on the 17th inst.

CARGO VALUATION.

Donaldson Line steamer Saturnus, for Glasgow, took away Canadian goods valued at \$37,140 and foreign goods valued at \$13,878 making a total of \$51,018. Her grain shipments are 8,000 bushels.

PLANNING NEW LINES.

It is stated that the C. P. R. steamship department are planning new lines. The report comes from New York and says a line of steamships from Vancouver to Auckland, New Zealand, is the latest development under consideration, according to New York Shipping Illustrated. Whether this report should turn out to be well founded or not, it is certain that the Union Steamship Company of New Zealand intend to extend their present services to San Francisco and Vancouver within a year from date, and a leading official of the company is about to visit Canada and the Unit-

RUNS AWAY TO SEE WILSON INAUGURATED

Leo J. McGrath The police of New York, Washington and several other cities to which it is thought he may have gone have been asked to help find Leo J. McGrath, thirteen-year-old son of P. H. McGrath, of New York, who has been missing since March 2. He was seen at a lunch counter in the Union Station in Washington, where he had gone, without permission of his parents, to witness the inauguration of President Wilson.

TROUBLED WITH KIDNEYS COULD NOT SWEEP FLOOR.

It is hard for a woman to look after her household duties when she is suffering from a weak and aching back, for no woman can be strong and well when the kidneys are out of order. The weak, lame and aching back comes from sick kidneys and should be attended to at once so as to avoid years of suffering from the kidney trouble which is sure to follow if the back is neglected. On the first sign of a pain in the back, Doan's Kidney Pills should be taken. They go right to the seat of the trouble. Mrs. Joseph Throop, Upper Point Du Ruisseau, N.B., writes: "I cannot speak well of Doan's Kidney Pills. For two years I was so tired, life was a burden and I got up more tired than when I went to bed, and my back was so lame I could not straighten up. I took different kinds of medicine, but none of them did me any good until a friend advised me to try Doan's Kidney Pills. I did so and in 10 days I knew what it is to be tired and my lame back is all gone. I can recommend them to any person suffering with lame back and that terrible tired feeling."

PRINCETON "COMMONS" TO BE RUN BY WOMAN

For the first time in the history of Princeton University a woman will have charge of the feeding of more than eight hundred members of the two lower classes here next year as a result of the appointment recently of Miss Florence Corbett, of New York City, as manager of the college dining halls. Miss Corbett will have entire charge of the "commons" and will direct the buying, culinary and general executive departments. As members of the under classes are required to eat in the university dining halls, 2,400 meals a day will be supplied.

Do Your Looks Quite Satisfy You?

If Your Color is Bad, if You Suffer from Pimples, Here is Good Advice. Fine Results in Two Weeks. Miss Nettie C. Callaghan, a well-known writer in Ladies' Magazine writes as follows: "I was affected for two years with a rash, and ugly looking pimples that spread over my face. My color was poor, and my blood evidently completely out of order. Certainly it was a most despairing sort of a case, because various treatments did but little to help me. A friend of mine in Toronto, Ont., advised me to get Dr. Hamilton's Pills, so I sent at once for five boxes. In two weeks I felt like new—looks improved, spirits rose, and I felt I was getting well. I have used this remedy for a long time, and now would not be without it."

UNUSUAL SCENE IN CONGRESS WHEN PRESIDENT WILSON DELIVERED HIS SPEECH ON THE TARIFF.

PRESIDENT WILSON DELIVERING, IN PERSON, HIS FIRST MESSAGE TO CONGRESS.

PHOTO BY N.Y. HERALD PHOTOGRAPHER.

Striking a note strongly suggestive of free trade, President Wilson personally read to Congress his message recommending reduction of the tariff. He said his reason for this unusual action was to show that the President "is a person, not a mere department of government hailing Congress from some isolated island of jealous power" and is a "human being trying to co-operate with other human beings in a common service." This picture shows President Wilson delivering his speech. Behind him are seated Vice President Marshall and Speaker Clark.

PROFIT SHARING AS REMEDY FOR INDUSTRIAL WELFARE

Has Proved Successful in Many Cases — British Workmen in These Companies Never Go on Strike — Make Deposits With Firms.

Over twenty years ago that very astute and far-seeing man, the late Sir George Livesey, chairman of the South Metropolitan Gas Company of London, adopted a strike-preventive plan, which has proved highly successful, and has also been successfully carried out by other companies both in Great Britain and in Canada. In 1889 occurred the great dock strike, and that year the company was approached by trade union officials to make various concessions to the men. These were eventually conceded, but in order to avert the danger of strikes in the future, Sir George introduced a special system of profit-sharing.

Other Schemes.

In all, 5,656 of the company's employees hold between them ordinary stock of the company to the nominal amount of \$1,597,450. In addition, the company holds on behalf of 5,534 of its employees deposits, accumulated bonus and other savings to the total amount of \$271,200. And the company have placed it on record that this profit-sharing system has promoted harmonious relations between employers and employees and led to an avoidance of strikes.

It is urged in these days, when working men consider that, apart from their wages, they should share in the prosperity of the business which their labor helps to build up, such a profit-sharing scheme might be more generally adopted with great advantage to employers and employees. Some very interesting facts regarding other schemes are given in the recently published British Board of Trade Report on Profit-sharing.

At Port Sunlight.

Messrs. Lever Bros., of Port Sunlight have had a co-partnership scheme in operation over three years, which provides for the distribution among these workers who have been employed five years, of partnership certificates bearing a face value of 10 per cent. of the workers' annual wages. These certificates receive interest as though they were shares, but a rate 15 per cent. less—that is, if shares receive 15 per cent., certificates receive 10 per cent. This was the result of last year's working, when a dividend of \$123,500 was paid to the workers, and the partnership certificates received a total dividend of more than \$100,000.

The rules of the company provide that an employee may be allowed to make a deposit with them of not less than a shilling and not more than 1/5 of his weekly wage, the deposits carrying a fixed interest of 4 per cent. In addition a bonus is declared each year equal to half the difference between this fixed rate and the dividend payable on the shares of the company, the interest and bonus being added to deposits' account.

The keen interest which employees take in this scheme is illustrated by the fact that the total amount they deposited with the company in 1911 was no less than \$1,207,160. A year after the South Metropolitan started their profit-sharing scheme, Messrs. Clarke, Nicholls and Coombs, Ltd., of the Clarinco Confectionery Works, started a somewhat similar scheme for their work people. The ordinary shareholders are paid 6 per cent. on their capital, the surplus profits being divided in equal proportions between the workpeople and the shareholders. In twenty-two years the work people have received the sum of \$360,125. All employees who have worked one year participate in this bonus, and are paid in proportion to their wages and salaries. The bonus is paid in cash, and there is no compulsion for employees to invest any part of it in the company's stock, but every encouragement is given to them to acquire shares, and their holding is considerable.

Steadily Increasing.

Messrs. William Thompson & Sons of Huddersfield and Messrs. J. T. and J. Taylor of Batley have had co-partnership schemes in operation for twenty years. In the latter firm out of 1,500 employees 1,100 are shareholders, and up to the end of last year near \$300,000 had been apportioned to the workers as their share of the profits.

One of the latest profit-sharing schemes is that instituted by the building firm of Messrs. Furness, Withy & Co. The employees-partners become holders of special shares, called employees' shares, paying for such shares by agreeing to a deduction of 5 per cent. from their earnings until the whole amount is paid. For the 5 per cent. deduction thus invested the workman gets 5 per cent. per annum as fixed interest, whether the company divides any surplus profit or not. Interest at the rate of 5 per cent. is allowed on the shareholders' capital before any profits are declared, and after the payment of 5 per cent., and allowance made for depreciation and reserve surplus, profits are divided between the employees and the shareholders who possess individual holdings.

At the present time there are 133 profit-sharing schemes in private firms and companies in operation. These schemes involve 108,000 work-people, and the general opinion of employees is that they produce excellent results in the direction both of developing a higher degree of efficiency on the part of employees and of bringing about more harmonious relations between employers and employees. In about three-fifths of the schemes a bonus is paid in cash, in others it is put into a provident fund, or partly paid in cash and partly put to the fund. But a more common plan is to retain all or part of the investment in the capital of the firm.

Many profit-taking schemes have failed, for various reasons, but sufficient success has been achieved to show, in the opinion of experts, that further development might provide a solution of the industrial problem of today.

WALKING IS THE COMMONEST AND HEALTHIEST EXERCISE

It is the Barometer Which Records One's Physical and Mental Condition—Adds to Comfort of Feet—Take Notice, Says Billie Burke.

Walking is the commonest and most healthful of exercises, and few people realize that upon its proper execution depend not only the development and grace of the individual, but also the comfort and health of the feet, says Billie Burke.

Walking is the barometer which records one's physical and mental condition. The next time you indulge in a long stroll take particular notice of this fact. Today, in this glorious spring weather, when you, with Nature, are just bubbling over with the joy of living, you just cannot go aimlessly along, you must have a definite purpose in view, you must be sure of yourself and your steps must be fearless, alert and possess the spring which betokens accord with yourself and the world at large. No longer the black butterflies hover about; instead, you glory in the glad warm sunshine, and as you fairly drink in the fragrance of the myriad-colored flowers wafted by the gentle embracing winds, look up at the clear blue sky instead of keeping your gaze upon the ground. After an hour's tramp in this mood there will be roses in your cheeks and the tired lines will have disappeared—and as for the little troubles which had vexed you before you had started out they will seem to have slunk away stealthily, like cowards, as if ashamed again to show their faces in the glad sunlight. We are all prone to borrow trouble. There is a little verse which I have given conspicuous place on my desk which tells the story in a nutshell:

"The burdens that make us groan and sweat,

The troubles which make us fume and fret,
Are the things that haven't happened yet."

"We can walk away from many of these imaginary tribulations and lighten somewhat the real trials of life if we but forget them and ourselves long enough to bring ourselves to an appreciation of the blessings which have been bestowed so bountifully.

We can also walk away from all such vexations which would not tend to elevate the soul nor expand the mind, for if our souls nor our minds are not growing our friends soon see the lack of it in our faces.

It is said that men grow old from the inside out, and women from the outside in—or in other words, that men feel older than they look and women look older than they feel. Hence the first by-law of our being should be, "Keep young."

You ask, "How?"

Keep your mind occupied and keep your heart young. Let me remind you again of the little woman in gray who literally lifted herself from invalidism by her boot-strap to a varied and useful life—a sharp contrast to a teacher friend who, at forty, gave up her work as well as everything over which she had mental effort. A mutual friend said that she looked seventy-five in six months.

Love of the beautiful should be encouraged and cultivated, for whatever leads to health and strength and beauty, and whatever retains it leads also to high morals as well as happiness and success. "Reverence for the work of God as illustrated in our

Cravenette Regd.

Coats—in the New Styles for Men, Women and Children

"Cravenette" (Regd) Showerproof Coats are for everybody who wants to be dry and comfortable on wet days. They are showerproof, yet light and porous.

"Cravenette" is not a fabric, but a process by which the cloth is made showerproof.

Your dealer will show you the genuine "Cravenette" (Regd) Showerproof Cloth by the yard and have garments made to your individual measure.

The "Cravenette" (Regd) trademark is stamped on every yard of this cloth, and inside the collar of these showerproof garments, as shown below.

If you cannot obtain goods, write Cravenette Co., P. O. Box 110, Montreal, P. A.

bodies makes us less ready to delude and abuse.

"Walk out in the glorious springtime and remember that when this spring is gone there will be other springs just as glorious as this and prepare yourself to enjoy them—every one.

Taking No Chances. Genial Squire—Many happy returns, William. I was just going to call on you with a little bit of tobacco.

William (aged eighty)—Thank ye kindly, sir, but I be done w' smokin'.

Genial Squire—Why, how's that?

William—Well, I've 'eard that between eighty an' ninety's a ticklish part o' a man's life, so I be takin' no chances.—Punch.

Gibbs—You say your friend is a very prolific writer of fiction. What sort of fiction?

Dibbs—I. O. U.'s mostly.

Better Health

If you want better health and extra strength you must take "Wingarnis." We know it will do you good, because thousands of people—Doctors, Nurses and customers—write to tell us of the good it has done. You will know too if you send 6 cents stamps to Coleman & Co., Wingarnis Works, Norwich, England, for a generous trial sample.

WINGARNIS

is the very best tonic you could possibly have if you suffer from Depression, "Nerves," Brain-fag, Sleeplessness, Overwork, Nervous Headache, Neuralgia, or Extreme Weakness after illness. Get a bottle to-day from any leading store, chemist, or wine merchant, and its delicious flavour and marvellous strengthening and cheering properties will delight you.

Extra Strength

Time spent using **Calvert's Tooth Powder** is time spent well.

For the cleaner the teeth are kept, of course the longer they will last and the better they will look.

YOUR DRUGGIST SELLS IT. Try it, 10c, 20c, and 50c. Write for a TRIAL SAMPLE send 6c stamp to E. C. CALVERT & CO., 28, Devonshire Street, W.C., London.

MARITIME PROVINCE HAPPENINGS DAY BY DAY

CONDENSED FOREIGN NEWS

Sixty-five Doctors in New York Hospital Suffer from Poison - Firemen Killed by Falling Wall

New York, N. Y., April 18.—The list of patients at Bellevue hospital today includes 65 physicians, the entire staff of internes at the institution. One after another the doctors became painfully ill last night after indulging in a chicken salad luncheon.

Philadelphia, Pa., April 18.—Three firemen were killed and a dozen others seriously, some probably fatally, injured last night. They were buried beneath a wall at a fire which destroyed the five story candy factory of W. T. Scott. The dead men were Walter Costello, Henry King and Charles Moritz. The damage to the factory will be \$100,000.

Spokane, Wash., April 18.—Sent out of their way 4,000 miles by a mistake in the issuance of their tickets at Halifax, N. S., going to Winona, Wash., instead of Winona, Mich., Paula Aart, aged 20, a prettily Finnish maiden, and her brother, John, ten years old, arrived at the former place. They were sent to their destination.

London, April 18.—The Standard has discovered a carefully engineered snuffragette plot to fire its offices. In reply to hostile attitude.

Brussels, April 18.—Reports from the different centres and towns show the numbers of industrial strikers to be steadily increasing.

Provincial Personal. (Moncton Times, April 18.) Judge and Mrs. R. A. Borden leave this morning for St. John to return Saturday evening.

Miss Estelle Titus returned home from St. John Wednesday.

Mr. and Mrs. Walter Scott of Wakefield, Mass., were in the city yesterday en route to Mr. Scott's old home in Boston, after an absence of twenty-three years.

Miss Ethel Andrews is spending a few weeks with friends in St. John.

Miss Margaret Smith, of Moncton, is the guest of Miss Gretchen Allison.

Harold D. Buchanan, editor of the Busy East, spent Wednesday in town.

Whitney Fowler, who has been ill for the past few days, is reported somewhat better.

O. W. Nordin accompanied by Mr. Berry left here on the Limited on Tuesday for London. They will travel by way of Montreal and New York.

William Simpson, of the Bank of Nova Scotia, Yarmouth, is spending a vacation with his parents, Rev. and Mrs. F. S. Simpson, of Douglastown.

VINCENT ASTOR INHERITS \$65,603,546 OF HIS FATHER'S \$87,000,000 ESTATE

With the completion of the appraisal of the estate of Colonel John Jacob Astor, who perished a year ago in the sinking of the Titanic, it was learned that the official figures place its value at \$87,216,601.05, and that Vincent Astor's share under his father's will is \$65,603,546.

According to this report, the two trust funds assigned to Mrs. Madeleine Force Astor, second wife of Colonel Astor, in the ante-nuptial agreement, are appraised at \$1,394,415 and \$311,306. The value of the ante-nuptial settlement made upon Mrs. Ava Willing Astor is placed at \$787,397.

Colonel Astor owned outright at the time of his death, according to the appraisers, property valued at \$51,258,383.

Under the inheritance tax law the estate must pay \$3,150,000. Besides this \$200,000 more must be paid to satisfy the new income tax law.

At a meeting of directors of the Fernhill Cemetery officers were elected as follows: Hon. J. G. Forbes, president, and Lt. Col. E. T. Sturdee, vice-president.

Three firemen charged with fighting were remanded in the police court yesterday morning.

At a meeting of directors of the Fernhill Cemetery officers were elected as follows: Hon. J. G. Forbes, president, and Lt. Col. E. T. Sturdee, vice-president.

The announcement of the improvement in the financial situation in London, which was marked yesterday by a reduction of the Bank of England rate from 5 to 4 1/2 per cent, is expected to be followed by an improvement in the local situation.

Clifton, April 17.—John Teed, of St. John spent Sunday the guest of Mr. and Mrs. Adam Wetmore, of this place.

Miss Anna Ganong spent the week end the guest of Mr. and Mrs. S. F. Flewelling.

Wm. Watson, of Long Beach, spent Sunday at Moss Glen, the guest of Mrs. E. H. Merritt.

WILL SETTLE ROUTE OF VALLEY RAILWAY

Provincial Government to Deal with Question at Next Meeting - Three Prisoners in Court.

It is understood that at the next meeting of the provincial government the question of the route of the Valley Railway into this city will be definitely settled.

Police Court. Three firemen charged with fighting were remanded in the police court yesterday morning.

Fernhill Directors Meet. At a meeting of directors of the Fernhill Cemetery officers were elected as follows: Hon. J. G. Forbes, president, and Lt. Col. E. T. Sturdee, vice-president.

The announcement of the improvement in the financial situation in London, which was marked yesterday by a reduction of the Bank of England rate from 5 to 4 1/2 per cent, is expected to be followed by an improvement in the local situation.

Clifton, April 17.—John Teed, of St. John spent Sunday the guest of Mr. and Mrs. Adam Wetmore, of this place.

Miss Anna Ganong spent the week end the guest of Mr. and Mrs. S. F. Flewelling.

Wm. Watson, of Long Beach, spent Sunday at Moss Glen, the guest of Mrs. E. H. Merritt.

ST. JOHN MAN SELLS BIG LUMBER TRACT

Fredericton, April 18.—The Keewick Lumber Company, of which W. P. Lowell, of Bangor, Me., is the head, completed a deal for the purchase of a large tract of lumber lands in York county.

The tract is largely in the parish of Douglas, and are those of which Moses Hallins has been carrying on operations in connection with his mill at the mouth of the Nashwaakias stream.

About 1,200 acres are involved, and the price paid is in the vicinity of \$3,000. Alex. Watson, of St. John, was the recent owner. John R. McConnell, Marysville, is interested in the business, and the transfer was put through by Fred. H. Peters, of this city.

MIRAMICHI RIVER NOW CLEAR OF ICE. Chatham, April 18.—The ice started to run yesterday as predicted by the "old salts" who are wise to the ways of the river ice.

The river is now open to navigation and among the earliest tugs to go up stream and start in at work was the St. Andrew of the Snowball fleet.

It is expected that the steamer will be ready for service about Tuesday or Wednesday, the only thing needed is enough water to take it off the slip at Ferry road, and it is expected the tides will be high enough for this on Tuesday.

SHALE PROPERTY MAY CHANGE HANDS. Moncton, April 18.—Development work which has been carried on in connection with shale property at Belvedere and Rosevale has been suspended. E. G. Evans, Hampton, looked over properties with the view, it is said, of making a report to other parties, who may resume operations.

STREET RAILWAY WINS APPEAL IN RYDER CASE

Supreme Court Gives Decisions in a Number of Other Cases - Town of Grand Falls Loses Case.

Fredericton, April 18.—A number of judgments were delivered by the Supreme Court this morning. The justices in attendance being Judges Landry, McLeod, White, Barry and McKeown.

Decisions were given in the following cases: Crown paper, in the King vs. Forbes ex parte O. D. Hanson, Judge Landry read the judgment of the court. This was a review from an order of Judge Forbes who sustained the finding of the Patville magistrate in an action against O. D. Hanson.

The latter appealed from the order and in the course of the hearing the court of appeal unanimously emphatically against the scurrilous and resentful nature of one or two affidavits read supporting the appeal. Mr. Wallace, K. C., showed cause against the appeal. He refused and conviction stands.

A number of Canada Temperance Act cases, six in all, followed, being sent down from the Supreme Court to the King vs. A. D. Holyoke, police magistrate of Woodstock, ex parte Wm. McKeown. An order for review of the convictions had been obtained and against it W. P. Jones, K. C., showed cause. Judge Barry read the court's judgment, refusing to disturb the findings, and the convictions were affirmed in each case.

In the King vs. the Town of Grand Falls ex parte Grand Falls Company, Ltd., an appeal from the assessment on the latter company's property in which F. R. Taylor supported the appeal. Justice White read the judgment of the court, sustaining the appeal. The company, which has for its president, Sir William Van Horne, and is about to establish industries there to the value of several million dollars, was assessed upon its leases on what counsel claimed was two months in advance of acquiring the property from the previous power company. Claim was also made that being leased from the Crown the property was not assessable. F. J. Hughes for the towns, claimed certiorari would not lie. The court ruled that the town under the circumstances had no jurisdiction to assess and allowed certiorari, but without costs in favor of either party.

In the King vs. Matheson, Police Magistrate of Campbellton ex parte Amosie Gilman, a Scott Act conviction argued on behalf of the Scott Act party by the late Wm. Murray, the rule for a certiorari was discharged. Justice White dissented.

This completed the judgments, and the court adjourned sine die.

AGED MAN IS SENT UP FOR TRIAL. Fredericton, April 18.—In the police court this morning Colonel Marsden gave his decision in the case of Joel S. Scott, charged with assault on a girl under fourteen years of age. He decided to send the prisoner up for trial in June.

IN THE COURTS

PROBATE COURT. Estate of Francis McCarthy, caretaker of Spruce Lake. Deceased died intestate leaving him surviving two sons, Joseph McCarthy, of Prince of Wales, and Frank McCarthy, of Spruce Lake; one daughter, Eliza McFadden, and three grandchildren, children of his daughter Mrs. James Conway, of Prince of Wales, who predeceased him. Administration not having been obtained, Oscar D. Hanson, of Fairville, druggist, an unpaid creditor, asked for administration. Citation ordered to issue to show cause why administration should not be granted to the said creditor, returnable on Wednesday, 21st May next at 11 a. m. Herbert J. Smith, proctor.

Estate of Henry Spears, pilot. Edward Lantlams, the sole executor, files his first and final accounts and asks for passing of the same and for order of distribution. Citation issued returnable on Monday, the 19th May next, at 11 a. m. W. J. Mahoney proctor.

St. George's Society. The society are to attend the annual service at St. Paul's church tomorrow evening and will assemble at the rooms, Wygoody building, Germain street, and march to the church in a body, all wearing roses and badges. The service will be full choral and will be taken by Rev. H. Archer Collins assisted by Rev. P. Coulthurst and Rev. J. W. Millidge, while the chaplain, St. George's, Rev. E. B. Hooper, will preach the annual sermon, usual patriotic hymns will be sung including the society's hymn: St. George, St. George for England. Arrangements for the dinner on Wednesday evening are about completed and about a hundred are expected to sit down at the Royal Hotel.

PROBATE COURT. City and County of Saint John. To the Sheriff of the City and County of Saint John, or any Constable of the said City and County GREETING: WHEREAS Frances Haggood, Administratrix of all and singular the goods, chattels and credits of the late Catherine Murray, of the City of Saint John, in the City and County of Saint John, who predeceased, who died intestate, hath prayed that a license be granted to her to sell the real estate of the said Catherine Murray, deceased, to pay the debts of the said deceased;

YOU ARE THEREFORE required to cite James H. Gallagher, of the City of Birmingham, in the County of Jefferson, in the State of Alabama, one of the United States of America, Flora E. Gallagher, wife of the said James H. Gallagher, Catherine L. Brannan, of 2102 Enoch Avenue, Zion Hill, in the State of Illinois, one of the United States of America, wife of Burton W. Brannan, of the same place, and the said Burton W. Brannan, Thomas Murray and all others interested, to appear before me at a court of Probate to be held in and for the City and County of Saint John, at the Probate Court Room in the Pugsley Building in the City of Saint John, on Monday, the fifth day of May next, at eleven o'clock in the forenoon, to show cause, if any, why a license to sell the real estate of the said Catherine Murray, deceased, should not be granted to the said Frances Haggood, Administratrix, as aforesaid, as prayed for and as by law directed.

Given under my hand and the Seal of the said Probate Court, this seventh day of March, A. D. 1912. (Sgd.) J. E. ARMSTRONG, Judge of Probate, ROBERT G. MURRAY, Registrar of Probate.

Reference, Third National Bank, Bedalla, Mo. Could you do a better act than to send this notice to some poor sufferer of Eczema?

ECZEMA. Also called Tetter, Salt Rheum, Prickly Heat, Milk-Crust, Weeping Skin, etc. ECZEMA CAN BE CURED TO STAY and when I say cured, I mean just what I say—CURED, and not merely by patching up for awhile, to return worse than before. Remember I make this broad statement after putting twelve years of my time on this one disease and handling in the meantime nearly half a million cases of this dreadful disease. Now, I do not care what all you have used, nor how many doctors have told you that you could not be cured—until I ask you a chance to show you that I know what I am talking about. If you will write me TODAY, I will send you a FREE TRIAL of my new soothing, guaranteed treatment that will convince you more in a day than I or anyone else could in a month's time. If you are disgusted and discouraged, just give me a chance to prove my claims. By writing me today I believe you will enjoy more real comfort than you had ever thought this world holds for you. Just try it and you will see I am telling you the truth. Dr. J. E. Cannaday, 715 Court Block, Seattle, Mo. Reference, Third National Bank, Bedalla, Mo. Could you do a better act than to send this notice to some poor sufferer of Eczema?

CARVELL FINDS HIS MATCH.

The chickens of Mr. Carvell are coming home to roost. He is finding out that his discourtesy and vituperation will at times be met by a corresponding response from some quarter. He had the first evidence yesterday, when Dr. Edwards, an Ontario member, read him as severe a lecture as any public man could ever hope to receive.

After the vote had been taken early yesterday morning on the Oliver motion, it appears that an adjournment was generally expected. Sir Wilfrid Laurier, it is reported, in the view of the whole House, nodded to Premier Borden that it was his desire that the Leader of the Government should adjourn the House.

Dr. Edwards took up yesterday afternoon the statements Mr. Carvell made early in the morning. He disposed of them effectively and clearly. He showed how he had been present with a gold watch, as Sir Wilfrid Laurier, and he might have added Hon. W. S. Fielding, also had received gifts. That would have been impolitic. But what type of man does Dr. Edwards think that Mr. Carvell is? Does he wish to convince him by reason, as would an ordinary person? Not at all. He challenged him yesterday afternoon to come to a place where they would not be hampered by the rules of the House, and he would then ask him to repeat the statements made under cover of parliamentary privilege.

obstacles so great as to make success improbable, and it is a cause for great satisfaction that they put up a strong and determined fight. Every seat was contested. The Conservatives labored under the double disadvantage of having no election lists and of having had the contingencies gerrymandered against them. In the face of these difficulties they have greatly increased their strength. In addition the Government suffered a loss of prestige. Two ministers, including the Premier, Mr. Sifton, were beaten in one of the two constituencies in which they ran, while another Minister, Mr. Mitchell, was beaten outright.

One of the principal issues in the election was in relation to the case of the Alberta and Great Waterways Railway. It will be recalled that it was the intention of the Sifton Government to foreclose the agreement with the railway and take over the money in the banks to be used for other purposes. The designs of the Government were frustrated on appeal to the Privy Council. The litigation, which extended over three years, involved enormous expense which was borne by the Province. The Conservatives rightly declared from the first that the Government's policy was one of confiscation, and they fought it at all stages, as both dishonest and dangerous. The decision of the Privy Council was unquestionably a powerful weapon in the hands of the Conservatives, and there can be no doubt largely accounted for the seats lost by the Government.

The Sifton organs and the Liberals in general were much at sea during the election how to answer these accusations. The Alberta, for instance, declared that "the Alberta and Great Waterways business should not and cannot be the issue in provincial politics." Another stalwart supporter of the Sifton Government, the Bulletin, vehemently announced that "the only important issue of this election is the Alberta and Great Waterways question." The disension in the party itself in not knowing how to defend the obviously discreditable course taken by the Government, largely contributed to the reduction in their majority.

DIARY OF EVENTS

HISTORIC DAYS IN CANADA

ABRAHAM GESNER. Abraham Gesner, a native of Nova Scotia and one of the greatest of British American geologists, died at Halifax forty-nine years ago today, in his sixty-eighth year. After studying medicine in London he returned to Nova Scotia and became interested in scientific researches. In 1838 he was appointed to examine and report on the geological resources of the Lower Provinces of British North America.

OTHER ANNIVERSARIES. Simon Fraser, the famous explorer of the Pacific West, died at St. Andrew's, Ont., fifty-one years ago today. This is also the anniversary of the death, in 1840, of the Rt. Rev. James Lartigue, Roman Catholic bishop of Montreal. Malcolm Fraser, magazine artist and the illustrator of many famous novels, was born in Montreal forty-five years ago today.

JACQUES CARTIER'S FIRST VOYAGE. Tomorrow's date is memorable as the day on which, 379 years ago, Jacques Cartier, in command of two ships and 240 men, sailed from St. Malo, France, to explore the unknown lands in the north of this continent. The expedition bade farewell to France on April 20, 1534, and after a prosperous voyage of twenty days, sighted the bleak coasts of Newfoundland.

Landing on the coast of Labrador, Cartier took possession of the country in the name of his monarch, Francis I. of France. Turning southward, he explored the Bay of Chaleurs, landed in Gaspe Bay, and held friendly intercourse with the natives. Sailing thence northeast across the Gulf of St. Lawrence, he entered the straits of the St. Lawrence River north of Anticosti Island. All unconscious of having discovered a great river, he returned to France taking with him two Indians. On his next voyage Cartier sailed up the St. Lawrence to the site of Quebec, where he was given a kindly reception by Donnacona, "King of Canada." Later he visited a Huron village on the shore of Montreal, called the mountain back of it Mont Real.

OF returning to France he took with him King Donnacona and eight chiefs, who soon died of grief. Cartier made a third voyage to Canada in 1541, and died in 1555.

THE HUMAN PROCESSION

ADMIRAL BUCKNAM.

A "Canadian-Yankee" Who Holds High Position in Turkey's Navy—Was Appointed Naval Adviser by Abdul Hamid—Left Halifax for Constantinople. Recent reports from Constantinople have told of the valorous naval exploits of one Admiral Bucknam, or Bucknam Pasha, the only Ottoman admiral who was able to cope successfully with Turkey's enemies. Nor is this remarkable, because "Rans" Bucknam, who was appointed naval adviser and aide-de-camp to His Imperial Majesty the Sultan of Turkey nine years ago today, April 19, 1904, and who has held the position ever since, is the same daring and fearless "Rans" Bucknam who used to command merchant vessels, both steam and sail, on the Great Lakes and along the Atlantic and Pacific coasts.

Bucknam "Pasha" might be described as a Canadian-Yankee, for he was born at Hantsport, Nova Scotia, some forty-four years ago, but removed with his parents to Maine when an infant. After absorbing some bookish education at Buckport, Me., and in Jefferson county, N. Y., the future Turkish admiral ran away to sea when fourteen, and became a wanderer on the face of the globe.

His first long voyage was on a sailing ship to Australia. Later he commanded a fleet of freighters on the Great Lakes. He was still a young man when he was given the job of marine superintendent of a big Philadelphia shipyard and commanded one of Uncle Sam's warships on his trial trip. In 1904 the shipyard completed a cruiser for the Turkish government, and Bucknam took across the point Abdul Hamid invited him to remain as naval adviser at a salary of \$12,000, and Bucknam accepted and received his commission as admiral nine years ago today. Abdul was the admiral of the American, who has always insisted that the deposed Sultan was much better than he has been painted, and His Majesty liked "Rans" because of his integrity.

On one occasion Bucknam spent several months in a hospital because of his honesty, having been sandbagged by fellow admirals whose grafts he had exposed. He didn't get along very well with the Young Turks, but, at the outbreak of the war with Italy, he forgot his differences and fought valiantly for his adopted land.

THE PASSING DAY. PRIMOrose DAY. Benjamin Diersell, Lord Beaconsfield, died 32 years ago today, and the anniversary will be observed as Primrose Day in many parts of the British Empire, notably in England. The grave at Highbury, where the great Prime Minister is taking his long sleep, and the magnificent monument erected by a grateful people in London, will today be covered with masses of the flower which is believed, he loved best, the "hale primrose, sweet harbinger of spring," will be worn by many thousands of people, who honor the great statesman's memory.

OPHELIA'S SLATE

IN LIGHTER VEIN

TRAGEDY. I sing a song of Asphodel. An admirable wife. Who found a peck of trouble in Her matrimonial life. For, when a maid, she scarce had boiled A single morning egg. Nor learned to hang the dish-cloth on Its antiseptic peg. So, when the lovely Asphodel A maid of grace and tone Had left her Mother's house to be The Mistress in her own, The cooking was a mystery. That drove her half "distratt." A-many were the errors in A single working day. The bold and smiling Asphodel Remembered that her Boy Found in the guttering Blanc Mange A sweet, enduring joy. And so Resolve flumed her eye, Her craven fear took wing. She sought a work on Cookery. And said: "I'll make the thing." At night she found the pretty bowl Wherein the treasure lay. But, ah, she could not turn it out. Alas, Alack-a-day! And more, the thing was hard as flint. For Paris Plaster she had used Instead of good Corn Starch. —Toronto News.

THE BEST QUALITY AT A REASONABLE PRICE

Selecting a Diamond

If YOU were selecting a Diamond where would you look for flaws? Would you detect a tiny chip—a carbon spot. Could you tell if the stone were "off color" or detect any of the many imperfections which detract not only from the beauty but also from the actual cash value of a Diamond? The average man in buying a Diamond has to depend absolutely on the assurance and reputation of the dealer. In our stock you will find only the better grades of Diamonds, and we tell you exactly what the stone is. Come in and inspect them.

ARMY AIR BATTALION HEADQUARTERS AT FARNBOROUGH. SUFFRAGETTES ATTEMPTED TO DESTROY THIS PLACE BY FIRE.

MRS. PANKHURST ADDRESSING CROWD IN STREET.

Militant suffragettes of England, partly in response to taunts from orators on the floor of Parliament, have inaugurated a "reign of terror," and in addition to their increased activity in the destruction of property invaded the royal household itself with their demands for votes for women and set the members of the King's official family by the ears in regard to the issue.

The bomb and torch have taken the place of argument in the property destroying crusade of the "weaker sex" to win the right to vote. What told by Parliament that to triumph they must resort to violence that marked revolutions by men they instituted a "reign of terror."

EVIDENCE IN INCENDIARY CASE STRONG

Mass of Circumstantial Evidence Confronts William P. McFarlane, Charged with Arson—Hearing Continues.

Confronted by a mass of circumstantial evidence of his guilt, William P. McFarlane, alleged incendiary, was arraigned for preliminary hearing in the police court yesterday morning. Witness after witness told of seeing McFarlane in premises where, in each case, fire was shortly afterwards discovered. So far, evidence has been produced connecting McFarlane with five fires, in the offices formerly occupied by the St. John Sign Co., the Market Building, the Court House, the Dufferin Hotel, and O'Neill's barroom, at 447 Main street. The only case where a person answering McFarlane's description was not seen about the place shortly before the fire was that of the Market Building, and he is known to have been in that part of the city about the time of the outbreak.

out and saw him on Union street. This defendant is the man. John C. Berris testified that he had been in the office of the St. John Sign Co. most of the afternoon of Monday last. "I did not see the prisoner, to my knowledge, in the place," said witness. "I saw the newspaper Mr. Gates refers to, burning on the counter, and extinguished it. There was also a burning match there. Mr. Gates came over to me and made some remark. Then he went out and he pointed out a man to me whom I take to be this defendant."

William A. Duffy gave evidence that he was employed by P. M. O'Neill. A month ago he was employed as a bar-tender in O'Neill's establishment at 647, Eighth street. "I know the defendant," he said, "and he was in the bar about a month ago. He asked me for a match, and I gave him several. He lighted his pipe. A little while later I heard a slight noise at the rear of the shop, where there are three steps. I saw McFarlane running down these steps. Then I noticed a bright light and, going out, found two fires. The defendant was the last man to leave that part of the building before the discovery of the fire. McFarlane used to come to the bar often, but he has not been in since the fire."

THE SWEEPS ARE CITY CHAMPIONS

On Black's bowling alley, last evening, the City Bowling League was brought to a successful close when the Wanderers defeated the Tigers by a score of three points to one. The game, while not deciding the championship of the league, was witnessed by a big crowd, the usual enthusiasm being displayed. The City League, which this season was won by the Sweeps, was run off in two series, the arrangement being that the winners of the series would play off for the cup. However, the Sweeps took the matter in their own hands and by displaying a master knowledge of the gentle art of pin picking, coped both series by a long lead and it is safe to say that the members of the team carried away a fair share of the prizes.

DOMINION LACROSSE ASSOCIATION

Ottawa, April 18.—The Canada Gazette this week contains notice of the incorporation of the Dominion Lacrosse Association of Canada, Limited, with a capital stock of \$20,000. The incorporators are Charles Laurent, Hector Roanne, Bissillon, Advoque and Edouard Charles St. Pierre, Journalist of the city of Montreal. The objects of the association are stated to be:

(a)—To encourage, develop and improve the national game of lacrosse and other athletic sports generally.

(b)—To hold, order and arrange lacrosse and other matches and competitions and other grant or contribute towards the provision of prizes, awards and distinctions.

(c)—To subscribe, become a member of and to co-operate with any other association, whether incorporated or not, whose objects are altogether or in part similar to those of this company.

(d)—To provide and maintain lacrosse and other athletic grounds, buildings and other suitable means of accommodation or entertainment for conducting lacrosse matches and all athletic sports and pastimes.

(e)—To raise money by subscription or in any other way, or to acquire the assets in whole or in part of any other club or association having objects similar to those of this company, and to pay for the same either in cash or in shares of this company. The head office is to be located at Toronto.

(f)—To purchase or otherwise acquire the assets in whole or in part of any other club or association having objects similar to those of this company, and to pay for the same either in cash or in shares of this company. The head office is to be located at Toronto.

ALLEN NOT A STRANGER IN NEW GLASGOW.

On Monday night last before Dan McDonald and Norman Taylor, two first class wrestlers, started in on their exhibition in the Queens rink, Charles Allen put in an appearance and issued a challenge to the winner. Allen stated that he was the champion of the western states, and desired to be publicly announced as such from the wrestling mat by the referee. This announcement was not made however, as the referee did not have any proof that Allen was as good a man as he claimed to be.

Allen did considerable talking to the effect that he could defeat either McDonald or Taylor and the day after the match a local sporting man called his bluff by posting \$50 to bind a match between Allen and Taylor in private. Allen, however, did not cover the money but continued to talk. The matter attracted the attention of the New Glasgow News, which in the issue of Thursday referred to Allen in the following terms:

The Allen referred to above is none other than our old friend Charlie Allen who formerly lived with his parents (Assyrians) in the shipyard. Allen has been burlesquing round the country posing as a real mat artist. Judging by the above article it is evident that the people are wise to him.

It matters not how old you are or how long you have suffered. Croxone is so prepared that it is practically impossible to take it into the human system without results. You will find it different from all other remedies. There is nothing else on earth like it. It starts to work immediately and more than a few doses are seldom required to relieve even the most chronic, obstinate case.

You can obtain an original package of Croxone at trifling cost from any first-class druggist. All druggists are authorized to personally return the purchase price if Croxone should fail in a single case.

OLD FOLKS FIND NEW REMEDY RELIEVES ALL KIDNEY AND BLADDER MISERIES

Drives Rheumatic Pains Away, Relieves Backache and Bladder Disorders After a Few Doses Are Taken. Sleep disturbing bladder weakness, backache, rheumatism, and the many other kindred ailments which so commonly come with declining years, need not be a source of dread and misery to those who are past the middle age of life.

The new discovery, Croxone, relieves all such disorders because it removes the very cause of the trouble. It soaks right into the kidneys, through the walls and linings; cleans out the little filtering glands and cells, and gives the kidneys new strength to do their work properly. It neutralizes and dissolves the poisonous uric acid

substances that lodge in the joints and muscles, causing rheumatism; and makes the kidneys filter and sift out all the poisonous waste matter from the blood and drive it out of the system.

It matters not how old you are or how long you have suffered. Croxone is so prepared that it is practically impossible to take it into the human system without results. You will find it different from all other remedies. There is nothing else on earth like it. It starts to work immediately and more than a few doses are seldom required to relieve even the most chronic, obstinate case.

LIVE TOPICS OF SPORT AT HOME AND ABROAD

SOME FIGHTERS UNDER THE MANAGEMENT OF "JIMMY" JOHNSTON

"Jimmy" Johnston, the fight manager, is never without a champion, it is said. The only champions that he has not had under his wing are those from the rubber districts of South America and the North and South Poles. From every other point of the compass he has dug up pugilists; champions, and at the present time he has no less than eighteen under his guidance.

MORE MEN FOR MARATHONS; TEAM TO REPORT MAY 1ST

"Buff" Riley Signed Up Yesterday by Manager Leonard— "Heavy Hitter" Signed for Outfield— Possibility of Joe Tarbell, Harry Dutton and Pinkerton.

The Marathon baseball team, to which the faith of St. John fans will be pinned in the N. B. and Maine league race this season, is now commencing to assume definite shape and the expectation is that a likely lot of ball players will report to Manager Leonard at Boston on May 1st.

Mr. Leonard arrived in the city at noon yesterday and during the afternoon signed "Buff" Riley, the well known local ball player as a member of the Marathon outfield. He also brought word that he had secured the services of a "mighty center" in the person of one Frank Hoffman, also an outfielder. Hoffman has been playing semi-professional ball in and around Philadelphia where he had a batting average last season of more than .400. In fact he has been highly recommended to Mr. Leonard as a batsman who, when he drops down around the 300 class feels ashamed of himself. The third member of the outfield will be Paul K. Little, also of Philadelphia.

Infielders who are expected to report on the date mentioned are O'Brien for third base, Nolan and Waterhouse as candidates for shortstop, Hughy

Pinkerton for second base and Harry Dutton at the initial sack. Pinkerton has a little difference with the Wichita club which he must straighten out before he can again play organized ball, but no difficulty is expected from this source.

Charles Bien, of Philadelphia, has been signed to do most of the back-stopping for the Greeks this season and there will be a good second-string catcher on hand before the league opens.

Dedrich is the only boxman signed up yet, although Mr. Leonard said last night he expected to get Joe Tarbell, Tarbell is reported to be showing good form for the opening of the season and his many friends will be glad to see him again in a St. John uniform.

Mr. Leonard has lined out for two or three other good men and expects his team will present a strong lineup when the time comes to play ball.

News from the other towns on the circuit indicates that the liveliest interest is being taken. Fredericton, St. Stephen, Calais and Bangor are all looking forward to a successful season while there is no doubt about the St. John end of it. From present indications the Marathons will be very much in the league race this year.

SPORTOGRAPHY BY "GRAVY"

Tristram Speaker, eminent outfielder of the world's champions, will be the recipient of congratulations today on his thirtieth birthday. Tris begins the 1913 season with a substantial increase in salary, thanks to the ability he displayed in the center garden last year, and his proficiency with the bat. In the 1912 American league batting averages, Speaker was surpassed only by Cobb and Jackson, and he has the opinion of some experts, he is the equal of either of those stars as an all-around player. Speaker was born at Hubbard City, Texas, and played his first professional ball with Cleburne in the North Texas league in 1906. At that time he wanted to be a pitcher, but after a few trials in the box was recalled by the Red Sox near the close of the season. His first full season with Boston netted a batting average of .308, and he fattened it to .340 the following year. Speaker makes more spectacular plays than any other outfielder, nor is this due to any desire to play to the grandstands. He has a batting eye good for any sort of delivery, and the twirling stars say he is the hardest man to fool in the league. As a base runner he appears rather clumsy, but he uses his head to such good effect that he is seldom caught napping and has made a record as a purloiner of bags.

Tris Speaker is 30 today; Chief Bender Completes his 10th Year in Big League.

Charles A. Bender, the big chief of the Philadelphia Athletics (twirling the well-stained Sunday) the tenth anniversary of his major league debut. The celebrated Indian pitcher made his entrance into the big show on April 20, 1903, in a game played at Boston. Eddie Plank had been having trouble, and the Chief was sent into the box to see what he could do toward overcoming the lead of the Red Sox. The result was a victory for the Athletics, by a score of 10 to 7. Bender was born in Minnesota, and is now in his thirtieth year. He was one of the stars of the Carlisle Indian baseball nine of 1900 and 1901, and in 1902 played with Dickinson College and the Massachusetts Athletic Club. Chief Bender belongs to the Chippewa tribe of Indians, and is proud of being descended from the real Americans. He stands two inches over six feet high. He has great speed and puzzling curves, and personally is a credit to his race.

"LID" IS ON BOXING IN MICHIGAN

Lansing, Mich., April 18.—The death of Bill Allan, who died following a boxing match at Easting last night, has resulted in the clamping on of the "lid" on boxing in all parts of Michigan by Governor Ferris.

The governor declared today that the prosecuting attorneys and sheriffs of every county would be notified to enforce the law against professionals.

AMERICAN, NATIONAL AND INTERNATIONAL LEAGUE RESULTS

AMERICAN LEAGUE.
Boston 8; Philadelphia 5.

Philadelphia, April 18.—After playing a fine uphill game here today Boston hammered Bender's delivery for three doubles and two singles in the ninth inning, scoring four runs and winning from Philadelphia 8 to 5. Poor pitching was shown on both sides.

The home team drove Foster, formerly of Houston, Tex., off the rubber in the first inning, and lost opportunities to add to their score in this and in the next two innings by reckless base running. No hits were made off Brown until the fifth inning, but he began to weaken in the fourth, when he gave three bases. Houck took his place in the seventh. Bender, who succeeded Foster retired in the eighth. Leonard, who followed Bender to the rubber, weakened in the ninth. Then Danny Meyer, who followed with a single. Two outs were followed by passes to Collins and Baker. Wood was rushed to the rubber and he ended the game by fanning Melanis.

Score: Boston 8; Philadelphia 5.
Philadelphia . . . 21200000—5 12 2
Foster, Bender, Leonard, Wood and Carrigan, Numanaker; Brown, Houck, Bender and Lapp.

Chicago Shut Out.
Chicago, April 18.—Manager Birmingham of Cleveland for the first time this season started a right hand pitcher against the Chicago American league club, and Stoen, who drew this order, proved to be a puzzle to the locals, the visitors scoring a shut-out against Comisky's team 4 to 0. Stoen allowed the Chicagoans but four hits, which were well scattered.

Benz, who opened for the locals, was hit hard in the opening inning, two singles, a triple, and a sacrifice being two runs. An error, a single and a double steal counted another while a single, an error and a sacrifice and a long fly made the fourth run.

Russell, who relieved Benz in the seventh, pitched a remarkable game, striking out Gray, Land, Chapman, Olsen and Jackson and allowing one hit.

Cleveland . . . 20010000—4 6 1
Chicago . . . 00000000—0 4 0
Stoen and Land; Benz, Russell and Schalk.

Washington, 7; New York, 5.
New York, N. Y., April 18.—New York lost another game to Washington today, Chance's team taking a 7 to 5 defeat after a plucky uphill fight in a long drawn out contest. Tom Hughes, the veteran pitcher of the visitors, while wild at times, was effective in every inning except the seventh, when the locals scored four runs on four bases on balls and three singles. Hughes recovered his effectiveness before the inning was over, striking out Ray Caldwell, sent in a pinch hitter, for the third out with three men on bases. Flaherty, for New York, was touched freely, but many of the safes were made off him were in the field.

Washington's baserunning and the hitting of Ansmith, McBride and Chase were the feature of the game. The visitors stole eight bases, three of the steals being Miller's. Score: Washington . . . 020501010—7 11 3
New York . . . 01000000—5 7 3
Hughes and Ansmith; Fisher, Keating, Schultz and Sweeney.

St. Louis, 2; Detroit, 2.
Detroit, Mich., April 18.—After the first inning, in which Detroit scored twice, Wellman never was in great danger and St. Louis won the second game of the series today 2 to 2. Six batters faced the Browns' outplay in the first inning. Of these, Bush and Moriarty singled and Crawford tripled, the other three struck out. Lajoie hit freely throughout the game, but the Tigers' errors helped him to lose.

Detroit . . . 30000000—2 7 3
St. Louis . . . 00110000—2 11 2

Lake and Rondeau; Wellman and Arnev.
NATIONAL LEAGUE.
St. Louis, Mo., April 18.—St. Louis turned the tables on Chicago today, winning in easy fashion 8 to 2. Three home runs were made by Mitchell, McHugh and Sallee, each sending the ball over the rightfield fence. Chicago bunched a single and a home run in the first for their only runs. Sallee settled down after this, and Chicago could do nothing with his curves.

St. Louis scored its first run in the second inning when Lavender hit Evans, who stole second and scored when Smith relieved Lavender in the fourth and held St. Louis hitless until the seventh, when the home team scored five runs on a pass, two errors and three hits, one a home run by Sallee.

Score:
Chicago . . . 30000000—2 6 4
St. Louis . . . 01200050—8 8 1
Lavender, Smith and Bresnahan; Sallee and Wingo.

New York, 13; Boston, 4.
Boston, April 18.—New York hammered two Boston pitchers for twenty hits this afternoon and won the game easily by the score of 13 to 4. Demaree pitched his first game against the Braves and held them to six hits. Captain Sweeney of the visiting team was put out of the game by Umpire Byron during the second inning for disputing a decision at second base. Captain Sweeney of the Boston team has been suspended three days by President Lynch because of his dispute with Umpire Rigler yesterday.

New York . . . 37000011—13 20 2
Boston . . . 10000000—4 6 2
Demaree and Wilson, Hartley; Tyler, Brown and Rajden.

Brooklyn Shut Out.
Brooklyn, N. Y., April 18.—Seaton and Rucker repeated their battle royal of April 9th here today and the result was a draw. Philadelphia, defeating Brooklyn 1 to 0. The solitary run was scored in the second inning when Magee singled, took third on Dolan's long hit and scored on Doolan's sacrifice fly. Both sides had several chances to score after that but the timely hit was missing. Seaton allowed only five hits and struck out eight batters. Stengel had a great day in centre, getting seven put outs. The game was featured by clean fielding and sharp work by the base players. Stengel was shut out of the plate in the third when Seaton made a great stop of a hard drive by Meyer. Score: Philadelphia . . . 01000000—1 7 0
Brooklyn . . . 00000000—0 5 0
Seaton and Doolan; Rucker and Miller.

Cincinnati and Pittsburgh Tie.
Pittsburg, April 18.—Manager Joe Tinker's three-bagger scored Becher and Bates in the ninth inning today. From that time till Umpire Owens called the game on account of darkness at the end of the 13th inning, the score tied 5 to 5. Soon after saving his game Tinker had a dispute over a decision by Owens, who ordered him off the field. Morgan's went to short and Pecker to right.

Cannitz pitched good ball, but in the third inning poor fielding behind him gave the Reds three runs. Fromme was effective with men on bases.

Score:
Cincinnati . . . 003000002000—5 11 0
Pittsburg . . . 0100000000—5 11 1
Fromme, Johnson and Clarke; Cannitz, Robinson and Gilson.

INTERNATIONAL LEAGUE.
Buffalo 2; Jersey City 0.

Jersey City, N. J., April 18.—Buffalo scored a shutout over the Senators to

EASTERN BUYERS OF LOTS IN WEST VERY CARELESS

Habit of Making Purchases of Real Estate Without Ascertain- ing Value of Property Cause of Many Law Suits — Other News from Winnipeg.

(From our own Correspondent.) Winnipeg, Manitoba, April 10.—The present spring has been a more quiet one than usual owing to the tardy coming of the warm weather, an element which had its effect upon business and many lines of social life as well in building and contracting and real estate the late continuance of the cold weather was particularly felt. Until the last two weeks both these lines have been rather quiet on the prairies, but since the first of April there has been a marked activity.

There has been a considerable month- long lull in the real estate market west since the beginning of the year and this has caused a less volume of business than usual. The speculative builder who is carrying on business with little capital finds it far more difficult than in previous years to secure money to finance his operations. As a consequence, there has been much less building during the first three months of the year than in the same period of 1912. The financial situation is now a little easier and building has started on a more generous basis since April 1st.

H. E. Gillis, formerly city clerk of Calgary, is being tried at that city for the alleged embezzlement of \$2,400. The sums involved are two checks of \$1,200 each. The accused is a barrister and formerly acted as solicitor for Gray, White acting in this capacity, the two sums were paid to Gillis, and it is asserted, he failed to give an accounting. Gillis is a native of Annapolis, and came to Calgary a number of years ago.

Cases are continually cropping up of the carelessness of many New Brunswick people in connection with the buying of real estate in western Canada. The usual procedure is to make a purchase of a real estate dealer, send a check for the first payment and after a lapse of a week or a month or a year have a friend who is located at the point where the lot is situated, look into the matter of the value of the lot. This is assuredly a most unwise method. It is the poorest kind of poor business procedure to buy anything in the way of real estate without having an unbiased opinion as to the value thereof. While it will often mean that a delay will cause the loss of an opportunity to buy a good piece of property cheaply, there will still be many lots left in the west that will be quite as good buys. Of course the necessity of haste is always urged by the seller, but it might surprise the eastern buyer if he knew that very often the very best that is to be had is to be had by the buyer.

Quite as cheaply from the same dealer six months later. Of course, this is not always the case. There are real snags being offered every day, but even the anxiety to secure a good buy is not sufficient justification for the reckless manner in which much real estate in the west is purchased by natives of the east. There are many real estate firms in the west who will sell nothing but that which is good property and full value for the money and who will make no misrepresentation in connection. But there are many who are engaged in the same line who are by no means so reliable nor so careful in describing the property they are offering for sale. Most western real estate is in good and perfectly sure of a future, but there is such a thing as paying a price above the market and present value which must be guarded against.

It would seem as if there would be a dearth of river steamers in Winnipeg this year. The Alberta and Bonanza, two of the large excursion steamers, were carried out in the ice on Friday and wrecked at St. Andrew's locks, twelve miles down the river. A third steamer, the Winnipeg, was burned during the winter. There remains but one large steamer suitable for the carrying of excursionists.

date, George B. Campbell. Some of the supporters of Charles H. Olin, the Liberal candidate, had come with the intention of making a disturbance, but Mr. Bennett soon put the quietus on his interrupters, much to the amusement of the fervid, patriotic and enthusiastic supporters of the Conservative candidate. Mr. Bennett dealt with the A. and G. W. transaction and its final result. The Sifton administration had miserably failed and it was for the electors to turn them out and give the other fellows a chance. The wildest scene of enthusiasm greeted Mr. Bennett upon his rising to address the meeting.

There are many evidences of the fact that the election ammunition of the west by no means of the pink tea order. The Liberals and Conservatives of Alberta are just now bombarding one another in the most blood-thirsty manner. The following is a sample of election dope from a Conservative newspaper, and which deals with no less a personage than the premier of Alberta:

What Siftonism has done: Premier Sifton was put in office to solve the A. and G. W. mixup. In three years he has: Paid out \$1,100,000 in interest to date. Acquired a bunch of damage claims against the province amounting to \$3,000,000. Run law costs to the extent of at least \$150,000 which the people of Alberta must settle.

Paid a fee of \$15,000 to a lawyer friend of his in Toronto who gave him the advice to tangle him in the province. Incurred interest charges of \$1,100 a day which Alberta must pay as long as the bonds run. Has up \$7,400,000 in the hands of a bank where the province can't get at it. Guaranteed bonds for his friends, the C. N. Ry. over the same territory. And he hasn't: Settled the question. Built the road. Got out of litigation.

Or brought the province a step nearer to a solution of the trouble than it was when he took office. He promised a solution last session and then couldn't produce it. And he can't now. He has got himself so tied up that the only way the province will ever get out of the A. and G. W. deal is to throw him in the discard and put in a government that will try to undo the tangle he has created. (The A. and G. W. deal referred to is the suit brought by the Province of Alberta against the Alberta and Great Waterways Railway Company and other interested parties to recover the \$6,000,000 in bond money held by the Royal Bank in connection with the construction of a railroad called for under the charter of the company. It was claimed by the province that the railroad was constructed having defaulted in the construction of the road. The province lost the case.)

G. H. Menzies, formerly in charge of the catering department of the White restaurant at St. John, was recently appointed a member of the staff of the McClary Manufacturing Company at the Winnipeg branch. Mr. Menzies will handle a special line of equipment for kitchens of hotels and restaurants.

A water supply scheme planned to cover 70 miles of territory and supply Moose Jaw, Regina and other points in Saskatchewan has been set on foot. If the plan is carried into effect the cost of the work will be \$20,000,000. According to official figures in connection with building permits, Winnipeg, Victoria and Regina show a fall-

ing off in this respect for the first three months of the year. Other cities including Calgary, Edmonton, Moose Jaw, Vancouver, Port William, Medicine Hat, Swift Current and Saskatoon show increases. It was generally believed that the falling off would be much greater than has actually been shown to be the case.

Lloyd and Holder will open a general store in Coquitlam, B. C., during the present month. S. L. Holder, one of the partners, was formerly a member of the sales staff of the W. F. Hathe-way Company, of St. John. Russell Lloyd, the other member of the firm, was until last year the junior partner in the firm of Lloyd and Son, Bridgetown, N. S.

The Canadian Pacific Railway is building 16 large bridges in the west this year. The cost will run into many millions of dollars. The work is made necessary by the double-tracking of this road from Winnipeg to the coast. The largest of the bridges will be that across the Pitt river in British Columbia which will be 1750 feet long.

RAGTIME IN OLD ENGLAND

Surest Kind of Music to Enliven Drawing Rooms of Mayfair—Aged Dowagers Sway to Tilt of Music.

London, April 10.—Ragtime music is a society craze in London. It is not only popular among office boys, who make the city melodious with their whistlings from Allgate to Temple Bar, but it is the surest kind of music to enliven the drawing rooms of Mayfair. Percy Haydon, who gives a ragtime "concert" at the Empire Theatre, Leicester Square, is one of the few English music hall artists who have made a success of this merry music, which is almost a monopoly of American artists, and he has many opportunities of studying its popularity in society, as he is frequently engaged as an entertainer at receptions and drawing room entertainments in the West End. However inattentive a fashionable audience may be when a tenor with a world-wide reputation of the greatest virtuoso of the violin is entertaining them with the finest classical music, the first few chords of a ragtime melody command instant attention, and, in some curious way, make everybody immediately "gay," he said to a representative. "It is, I think, the tilt of the music which is always written in a measure which listeners can accompany by snapping the fingers or swaying the shoulders. The music laughs at the people and they laugh back again. Not even the most distinguished people of the highest social standing are proof against its curious appeal. They can not resist the temptation to sway with the music—not only young people, but the elders as well.

Society's Liking. "At a reception given by the Duchess of Marlborough, at her Curzon street mansion, the ragtime melodies set everybody gently swaying to their lilt. I could see through the corner of my eye as I sat at the piano that everybody was listening hard, and such encouragement urges one to do one's best. The more enthusiasm I put into it the more the ladies and gentlemen appreciated it, and I knew that some very stern old dowagers were swaying gently to the music, because I could see the blaze of diamonds in their tiaras moving to and fro in time with the music. In other big West End mansions ragtime is the sign for everybody to stop talking and to crowd in from the other rooms to listen to it. It is also astonishing to me to discover that so many people know the extraordinary words of some of these ragtime songs and join in the choruses. For instance, it is somewhat of a surprise to discover that prosperous and quiet elderly city men can join, word-perfect, in such a chorus as 'He's the high-fal-lu-in', shootin', scootin', son of a gun from Arizona, ragtime cowboy, Joe!'

Universal Craze. "I found another very enthusiastic ragtime audience at Buckingham Palace, where I sang at a party given by the upper servants of the palace. They were nearly all familiar with the ragtime songs, and appreciated them immensely. In fact, ragtime is now a universal craze. Any other kind of song does not appeal at all, but these simple, tumty, tumty, tum, one-step melodies, seem to set everybody swaying their shoulders, and are an irresistible invitation for many people to dance."

Five Roses Flour Not Bleached Not Blended

WOMEN, AVOID OPERATIONS

Many Unsuccessful — And Worse Suffering Often Follows. Mrs. Rock's Case A Warning.

The following letter from Mrs. Orville Rock will show how unwise it is for women to submit to the dangers of a surgical operation when often it may be avoided by taking Lydia E. Pinkham's Vegetable Compound. She was four weeks in the hospital and came home suffering worse than before.

Here is her own statement. Paw Paw, Mich.—"Two years ago I suffered very severely with a displacement. I could not be on my feet for a long time. My physician treated me for several months without much relief and at last sent me to Ann Arbor for an operation. I was there four weeks and came home suffering worse than before. My mother advised me to try Lydia E. Pinkham's Vegetable Compound, and I did. Today I am well and strong and do all my own housework. I owe my health to Lydia E. Pinkham's Vegetable Compound and advise my friends who are afflicted with any female complaint to try it."—Mrs. ORVILLE ROCK, R. R. No. 5, Paw Paw, Michigan.

If you are ill do not drag along until an operation is necessary, but at once take Lydia E. Pinkham's Vegetable Compound.

For thirty years it has been the standard remedy for women's ills, and has restored the health of thousands of suffering women. Why don't you try it?

Sleepless Nights Tell of Exhausted Nerves

Sleeplessness may arise from a variety of causes, but it is most common to persons who are nervous or whose nerves are temporarily deranged. Complete insomnia quickly ends in death.

So long as the nerves and brain are excited or irritated sleep is impossible. When your interest is so little taken up with other things that you begin to yawn you recognize this as a sign that you are ready for sleep. Fatigue is upon you, and you are ready to dismiss all other matters and seek the restoration of Nature.

Persistent sleeplessness comes as a warning that your nerves are out of tune. Dr. Chase's Nerve Food does not produce sleep by deadening the nerves, but it does remove the symptoms naturally by restoring the nervous system to health and strength. Continued sleeplessness means a tremendous loss to body and mind, for during the sleeping hours Nature makes good the vitality consumed in the day's work.

When you are subject to sleeplessness you can usually find other symptoms of nervous exhaustion present, such as headache, indigestion, nervousness and irritability, loss of memory and difficulty in concentrating the mind.

These warnings are not to be lightly overlooked, for they tell of approaching prostration or paralysis. There is nothing like Dr. Chase's Nerve Food to build up the exhausted nervous system. In a few days the nerves are so

steadied and composed that you sleep well, and by patient and persistent treatment health is fully restored.

Misery of Sleeplessness. Mr. Dennis Mackin, Maxton, Sask., writes: "I have just finished using the sixth box of Dr. Chase's Nerve Food, and I must say that when I commenced using it my nerves were so bad that I could scarcely get any sleep. I would lie in bed nearly all night without sleep, and one who has this trouble knows the misery of sleepless nights. The Nerve Food helped me from the start, and has built up my nervous system wonderfully. I now enjoy good, sound sleep, and instead of feeling tired in the mornings I am strong and healthy and well fitted for my daily work."

Could Not Rest or Sleep. Mr. F. A. Krutz, Schwartz, Que., writes: "For about one year before using Dr. Chase's Nerve Food I was a complete nervous wreck. Could not rest or sleep, was irritable and easily excited, and had indigestion and dreadful headaches. My nerves were continually on edge, and I feared prostration or paralysis.

"After the first three boxes of Dr. Chase's Nerve Food I felt greatly improved, and six boxes made me entirely well and strong. There is no treatment in the world above Dr. Chase's Nerve Food as a means of building up the nervous system."

Dr. Chase's Nerve Food 50 cents a box, 6 for \$2.50, all dealers, or Edmondson, Bates & Co., Limited, Toronto.

Evenings of the Week OTTAWA

Ottawa, April 17.—Mrs. Eakins, of Yarmouth, N.S., is visiting her daughter and son-in-law, Dr. and Mrs. Daniel Smith. Mrs. Walter Armstrong and her mother, Mrs. John Costigan, entertained at the tea hour on Thursday last week. The guests included Mrs. Daniel Smith, Mrs. Eakins, of Yarmouth, N.S., Mrs. J. V. Ellis, St. John, N.B., Mrs. W. T. Lynch, Miss Alice Hart, of Edmundston, N.B., Mrs. deVeber of Letbridge, Alta., and many others. Miss Alice Hart, of Edmundston, N.B., is the guest of her sister Mrs. A. Bertrand. Miss Rachel Webb, of Quebec, is visiting her cousin Miss Ethel Perky, Mrs. Palmer, of St. John, N.B., is the guest of Mrs. Peter Larmouth. Mrs. Oswald Crockett and her children are leaving early in May for their home in Fredericton, N.B. Mrs. George E. Foster entertained on Friday last at an informal bridge party in honor of Mrs. David Pottinger, of Moncton, N.B. The guests included Lady Bournout, Mrs. Palmer, of St. John, N.B., Mrs. George E. King, Mrs. Adam Shortt, Mrs. J. J. Robb, of Richmond, N.B., Mrs. Pius Michael, of Edmundston, N.B., Mrs. Thomas Crothers, Mrs. Frederick Schaffner. Miss Alice Astor, daughter of Mrs. John Astor, will be one of the eight bridesmaids at the marriage of Miss Pelly, lady-in-waiting to the Duchess of Cornwall, and Captain Rivers-Burton on April the 19th in London. Miss Ethel Perky was hostess at a house dance on Friday evening in honor of her cousin Miss Webb. The guests included Miss Edith Fielding, the Misses Doherty, the Misses Hazen, Miss Hilda Sherwood, Miss Wallace Watson (Montreal), Miss Katherine Foster, Miss Monk, Miss Parker, Mrs. David Parker, Mr. Lee, Mr. E. Edwards, Mr. Bob Greene, Lieut. Gilchrist and many others. Mrs. T. G. Foster entertained at a delightful dinner dance at the Golf Club on Monday evening in honor of her daughter, Miss Katherine Foster and Mr. Carrol Alken, of Winnipeg. The guests included Miss Dorothy Perky, Miss Elsie Cotton, Miss Ethel Perky, Miss Marjorie Macpherson, Miss Muriel Anglin, Miss Edith Fielding, Mr. W. F. Kay, Mr. P. H. P. Mr. Hugh Fraser, Mr. Bob Greene, Mr. Walt Creighton, Mr. Murphy, Messrs. Austin and Stephen Foster, Mr. George Culver. Hon. Takaaki Nakamura, consul general for Japan, and Madame Nakamura, whose departure after four years residence in the capital, will be widely regretted, are leaving for London, England, the end of the month. Mrs. Palmer, of St. John, N.B., who is visiting Mrs. Peter Larmouth, will remain until next week. Dr. John Colby, of Hanstead, Que., Dr. Alken, of Toronto, and Mr. and Mrs. Sydney Hall, of Montreal, arrived in the city on Wednesday to attend the wedding of Miss Foster and Mr. Alken. Mrs. Irwin entertained at luncheon on Tuesday of sixteen covers. The guests included Lady Fitzpatrick, Mrs. Nesbitt Kirchoffer, Mrs. Charles Harris, Mrs. David Pottinger, Mrs. Duncan MacPherson, Mrs. Duncan MacPherson. A charming dinner was given at Earncliffe on Tuesday evening by Mrs. Charles Harris in honor of Mrs. Pius Michael, of Edmundston, N.B. Covers were laid for twenty-four and the guests included Hon. Frank and Mrs. Oliver, Hon. Rodolpho and a few well chosen remarks made by the president. A condensed report by the secretary, Miss Victoria Vroom, was read, followed by the treasurer, Miss Louise Purvis, who showed the funds of the club to be in flourishing condition. After these reports had been received and acted upon, the president, in a few well chosen remarks, introduced the speaker of the evening, E. A. Smith, of St. John. He was very delightful to hear Mr. Smith state his pride in being a Charlotte county boy, and fitting too, in a way that he should be our first speaker as we have primarily to be proud of the fact that he is a member of the club. Mr. Smith's lecture was both pleasing and instructive and showed Dr. Drummond, the man as well as the poet. The selections were well chosen and numerous. "The Last Portage," "Little Lac Grenier," and "Dominion," strike a chord in every heart, and his closing eulogy of Drummond, written by Wilfred Campbell, was given with fine effect. Miss Clark, of Bermuda, who is spending the winter here, delighted all by her playing and was enthusiastically accorded. Mrs. N. Marks Mills in a happy little speech moved a vote of thanks to the speaker which was seconded by Miss Beatrice Vroom and replied to in a pleasant vim by Mr. Smith. Miss Doris Clark presided at the piano while refreshments were served by Mrs. Huesitt, of St. Stephen, presided at the very pretty table from which refreshments were served and the new membership cards were distributed at the same time. Too much cannot be said in praise of the very efficient executive committee. The mayor and council, as well as the husbands of the officers, were guests for the evening. Monday night saw the last of the tennis dances, much to the regret of a large circle of young people. There were quite a number of out-of-town guests among whom were Miss Minerva Hibbard of St. Andrews, and Mr. and Mrs. Roy Lavin of Woodville. The tennis ball has been transferred to the Bank of Nova Scotia at Pettoctidic. The many friends of Arthur Chisholm will be pleased to learn that

MISS PANKHURST ALSO A SUPPORTER OF "VOTES FOR WOMEN" CAUSE IN ENGLAND

MISS CHRISTABEL PANKHURST

Miss Christabel Pankhurst, daughter of the militant suffragette leader in England, is, like her mother, a strong supporter of the "votes for women" cause. She is recovering rapidly from the effects of her operation. Mrs. Cameron, entertained the Neighborhood Club at bridge on Monday afternoon. Mrs. Philbrick of Showeghan, Me., was the weekend guest of her brother-in-law, Frank Ross. Geo. J. Clarke has returned from a short visit to St. Andrews. E. A. Smith was the guest while in town of Mr. and Mrs. Purvis at Westwood.

CHATHAM

Chatham, N. B., April 16.—Miss Emily Walling is home from Providence, Rhode Island, and will visit her parents, Mr. and Mrs. Alexander Walling, for some weeks. Mrs. Roberta Edgar, of Lewiston, Me., is visiting her mother and will spend a few weeks in Chatham. The choir of St. John's church entertained the members of the congregation and friends last evening in the Sunday school hall of the church, and more than two hundred and fifty were present to enjoy the fine programme of solos and duets, vocal and instrumental that the hosts and hostesses had prepared. A number of guessing contests were held and these proved the source of much fun. The entertainment was a unique one and those present hope that the choir will soon hold another. Mrs. William Dick has issued invitations to a number of her friends for Thursday afternoon when five hundred will be enjoyed. The Misses Benson entertained at Knap House on Friday afternoon at the tea hour. Among those present were Mrs. J. Beveridge, Mrs. Eaton, Mrs. Forsythe, Mrs. Fraser, Miss Hibbard, Mrs. Jeffrey, Mrs. Miller, Mrs. Mowatt, Mrs. McNaught, Mrs. Murray, Miss Pierce, Mrs. Nicol. Mrs. William Anderson and Miss Katie Anderson have returned from a visit to their parents, Mr. and Mrs. George B. Fraser, King Street. Mr. and Mrs. H. A. Snowball returned from the horse show at Amherst on Friday. Mrs. John McDonald has returned from an enjoyable trip to Boston and other American cities. Mrs. Edgar E. McDonald and little daughter, Margaret, left on Monday afternoon for Vancouver, where they will join Mr. McDonald. Mrs. Edward Barry and Mrs. A. J. Louie left on Friday morning to visit friends in New York and Boston. John McDonald has returned from a trip to Nova Scotia. Mrs. Jameson, of Doaktown, has been in Chatham for the past few days. W. A. Lockhart, of St. John, was the guest of Mr. and Mrs. R. A. Snowball for the week end. Mrs. A. P. Williams pleasantly entertained the White party committee at her home Monday evening. The Misses Danahy are home from the Charlotteville school on a visit. Miss May Wilson, of Lewiston, Me., is home on a short vacation. Laurie Snowball has recovered from his recent attack of measles. Mr. and Mrs. G. H. Harrison's friends will be glad to learn that their son George is convalescent after his attack of scarlet fever.

ROTHESAY

Rothsay, April 17.—The boys of Rothsay College gave a very interesting entertainment in the school gymnasium on Saturday afternoon, under the leadership of their instructor, Sergeant Doe. Every event on the list was splendidly done. Following is the programme: 1. Drill marching. 2. Indian Club exercises. 3. Parallel bars. 4. Horizontal bar. 5. Horizontal bar. 6. Horizontal bar. 7. Dumbell exercises. 8. Rifle exercises. 9. Drill marching. There was a large audience present, all of whom were afterward entertained in the school house where Mrs. Lillie West, Miss George Trueman, Mrs. James Jack, Mrs. F. Peniston, Mrs. Frank Morrison, Rev. Dr. W. O. Raymond, Mr. and Mrs. Miles, Mrs. Roy Campbell, Mr. Skelton and others. Miss Nora Fairweather, of Norton is guest at the home of Dr. and Mrs. Fairweather this week. On Saturday Miss Katherine Bell arrived home from Boston to spend a week. Mr. and Mrs. A. H. Hannington, Mr. and Mrs. G. F. Matthews and families are occupying their suburban home, and other summer residents are planning to come out early this season. Miss Mary Coffey returned home on Monday from Hampton, where she has been guest of Mrs. W. H. Robinson and daughters. Everybody is looking forward with pleasure to the lecture which is to be given on Monday evening by Mrs. George F. Matthews at the residence of Mrs. John H. Thomson. The subject is to be "Humperdinck's Opera," "Konigslander," and piano selections from the opera will be given by Miss Alice Davidson. Also on Friday Mrs. Jas. McAvity, her little son Jim, and Miss Gillie of

CHILDREN IN THE HOME.

When there are children in the home it requires constant attention to keep them free from the many childhood ailments which come so quickly and so often. The Tablets regulate the stomach and bowels, break up colds and fevers; expel worms and make teething easy. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

SHEDIAC

Shediac, N. B., April 17.—The ladies of the R. C. congregation held a highly successful supper, sale of fancy work, ice cream, etc., in "Providence St. Joseph's Home," on Tuesday and Wednesday evenings. The large hall in connection with the institution was tastefully arranged for the supper tables and presented an inviting appearance. The ladies and their silent helpers at supper included Mrs. James E. White, Mrs. L. J. Belliveau, Mrs. T. J. Gallagher, Mrs. O. M. Melanson, Mrs. H. McDonald, Mrs. J. V. Bourque, Mrs. E. Patrel, Miss E. Melanson, Miss I. Bourque, Miss I. Cormier, Miss Beatrice LeBlanc, Miss Anna Landry, Mrs. Albert Hebert. The fancy work table was presided over by Mesdames C. H. Gallagher, and F. Polier. The apron table was in charge of Mrs. Leonie Dorion, Amanda Legere and Georgina Gaudet. The candy table had as its salesladies Miss E. Legere and Miss B. LeBlanc, while those serving the ice cream were the Misses A. Polier, B. Polier, Assise Gaudet, Sara White and Mary White. There were in charge of Messrs. C. Bastarache and P. Dolron. A liberal patronage was extended, the object being a worthy one and a neat sum was realized for the poor of the Home. Mr. Quigley, who occupied the pulpit of Knox church, the past few months, gave his farewell address on Sunday evening. Mr. Quigley will spend a short time at his home in Cape Breton before taking his new appointment. The Ladies' Sewing Circle of Knox church was entertained this week by Mrs. James Inglis.

NEWCASTLE

Newcastle, April 18.—J. D. Creaghan has returned from a holiday trip to Montreal, New York and Atlantic City. Mrs. Creaghan, who accompanied him, will remain in New York for some weeks, the guest of her brother, Hon. Sam Adams. Mr. and Mrs. Robert Langley announce the engagement of their daughter, Eleanor Aitken, to Mr. Charles Park Stothard. The wedding takes place in June. Mrs. Allan Troy and little son, of Moncton, are guests of Mr. Troy's friends in Boston and before returning home will go to London to visit her sister, Mrs. Rolfe. Grover Cleveland, who has been in town with his sister, Mrs. W. H. Bell, returned to New Glasgow Friday. Miss Jean Morrison entertained a large number of her young friends at a dance Tuesday evening. Mrs. (Dr.) Meahan, of Bathurst, spent Sunday with her brother, Rev. P. W. Dixon. Mrs. T. W. Crocker is slowly recovering from her recent serious illness. Sir Robert Perks and his son were here this week visiting Sir Robert's nephew, Mr. Volkman, manager of the Millerton pulp mill.

S.T. ANDREWS

St. Andrews, April 17.—E. A. Smith, of St. John, was in town last week. Miss Hazel Grimmer who has been in St. John attending the wedding of Miss G. McDonald, has returned home. Mrs. F. Kennedy is visiting friends in St. Stephen. Miss Kaye Cockburn went to St. John on Monday night to spend a few weeks. Mrs. George Babbitt and Master Gerald are visiting Mrs. McLaughlin in Fredericton. Miss Maude Crisp was a visitor to Milltown this week. Mrs. E. M. Wood who has been visiting Mrs. C. M. Gove for a number of weeks, left on Wednesday for her home in Winnipeg. George Cockburn returned from Dalhousie College, Halifax, on Monday.

WOODSTOCK

Woodstock, April 17.—Mr. Frank B. Carvell and Miss Mildred Carvell returned on Friday after a most enjoyable visit spent with Boston friends. Miss Marguerite Lamb spent the week end in Fredericton, the guest of Mrs. George A. Taylor. Mr. and Mrs. Sydney DesBrisay, of Pettit Roche, are guests of Mr. and Mrs. George S. Holopke. Mr. and Mrs. E. E. Teed is visiting friends in St. John this week. Mr. and Mrs. R. Norman Loane will occupy the Rutter residence, on Connet street May 1st. The sacred concert given in the auspices of the 6th Regiment Band, in the Hayden-Gibson Theatre on Sunday evening for the benefit of the Ohio

To Absorb Freckles and Other Ephemerals

Every spring I receive many letters from girls seeking some reliable recipe for removing freckles. Last year I advised many to try mercurized wax which completely absorb every freckle, with no harmful effect. The complexion improves wonderfully, becoming as soft as a rose petal and as delicately tinted. Mercurized wax is at any drugstore, spread a thin layer of it over the entire face every night for awhile, washing this off in the morning. For rough red skin, sallowness, blackheads, pimples and all cutaneous blemishes, this treatment is superior to any that has ever come under my observation. Springtime also brings wrinkles to many sensitive skins that are much exposed to winds and changing temperatures. Pour a half pint which hazel into a basin, then an ounce of powdered sassafras, which quickly dissolves. Bathe the face in this; the effect on a wrinkled skin is remarkable.—Marie Demarest in Ladies' Favorite Magazine.

PARALYSED AND COULD NOT WALK

"Fruit-a-lives" Completely Restored New Brunswick Merchant to Health.

MR. ALVA PHILLIPS, Bristol, N. B., July 25th, 1911. "I am unable to say enough in favor of 'Fruit-a-lives' as it saved my life and restored me to health, when I had given up all hope and when the doctors had failed to do anything more for me. I had a stroke of Paralysis in March, 1910, and the left leg was unable to walk or help myself, and the Constipation of the bowels was terrible. Nothing did me any good and I was wretched in every way. Finally, I took 'Fruit-a-lives' for the Constipation, and it not only cured me of that trouble but gradually this fruit medicine toned up the nerves and actually cured the paralysis. Under the use of 'Fruit-a-lives' I grew stronger and stronger until all the palsy and weakness left me. I am now well again and attend my store every day and all day."

Mr. Tompkins who left here for the west several years ago, is now editor of a newspaper at Fredericton, N. B. He is a native of London, England, who has made her home with Mrs. George E. Phillips for the past few years, will sail from St. John for England on the 25th of April. Mrs. George W. Gibson returned from Fredericton on Thursday evening.

SECRETARY DANIELS BELIEVES IN BIG NAVY

The first exposition of the naval policy of the administration was made recently by Josephus Daniels, the Secretary of the Navy, at the annual banquet of the Navy League of the United States at Washington. Covers were laid for about five hundred guests. Secretary Daniels was introduced by Colonel Robert M. Thompson, the toastmaster. Mr. Daniels declared in favor of a large navy, but did not give his remarks specific application to the present size of the fleet.

SPRING IMPURITIES IN THE BLOOD

A Tonic Medicine is a Necessity at This Season.

Dr. Williams' Pink Pills for Pale People are an all year round tonic, blood-builder and nerve-restorer. But they are especially valuable in the spring when the system is loaded with impurities as a result of the laudible life of the winter months. There is no other season when the blood is so much in need of purifying and enriching, and every dose of these pills helps to make new, rich, red blood. In the spring one feels weak and tired—Dr. Williams' Pink Pills give strength. In the spring the appetite is often poor—Dr. Williams' Pink Pills develop the appetite, tone the stomach and aid weak digestion. It is in the spring that poisons in the blood find an outlet in disgusting pimples, eruptions and boils—Dr. Williams' Pink Pills speedily clear the skin because they go to the root of the trouble in the blood. In the spring anemias, rheumatism, indigestion, neuralgia, erysipelas and many other troubles are most persistent because of poor, weak blood, and it is at this time when all nature takes a rest that the blood most seriously needs attention. Some people dose themselves with purgatives at this season, but these only further weaken themselves. A purgative merely galls the bowels, but it does not cure anything. On the other hand Dr. Williams' Pink Pills actually make new blood which reaches every nerve and organ in the body, bringing new strength, new health and vigor to weak, easily tired men, women and children. Try Dr. Williams' Pink Pills this spring—they will not disappoint you. Sold by all medicine dealers or sent by mail at 50 cents a box or six boxes for \$2.50 by The Dr. Williams' Medicine Co., Brockville, Ont.

happenings of the Week

SUSSEX

Sussex, April 17.—Mr. Jack Mace, of the Bank of Nova Scotia, Toronto, is spending his holiday in town with his mother.

Mr. and Mrs. Guy Kinear were in St. John last week.

Mrs. J. P. Atherton, who has been spending a few days in Amherst, returned home on Saturday.

The "Star of the East" pantomime put on at the Nickel last Friday evening by grades seven and eight in aid of the fountain fund, drew a good crowd. The ladies interested in the fund were well satisfied with the result. The ladies have only two more nights (one in each of the following weeks) in which they get any of the proceeds from the nickel. They will endeavor to have good attractions on each of these nights and trust all interested in the beautifying of the town will patronize the fountain fund by buying their tickets from the children or ladies selling the same.

Mr. R. V. Arnold, manager of the Bank of Nova Scotia, St. George, N. B., spent the latter part of last week at his home here.

Miss Nellie Huestis is visiting in St. John.

Mrs. C. H. Perry spent Monday and Tuesday of this week in St. John.

Mrs. William Holman was in St. John on Monday and Tuesday.

Mr. R. S. McFarlane was in town on Monday.

Miss Nettie Morison was hostess at the Bridge Club on Tuesday. Miss Jean Langstroth won the prize. The club meets with Mrs. Mary Macaulay on next Tuesday evening.

Mr. Will Titus, of St. John, was in town on Thursday.

Harold Wilson, of St. John, spent Thursday in Sussex.

At the Amherst horse show Mrs. Montgomery Campbell presented the cup donated by her husband for the best combination saddle and carriage horse at the show. It was won by J. C. Purdy, of Amherst.

The Girls' Guild of Chalmers' Presbyterian church are planning for a May Day fair. It is to consist of a sale of fancy work, candy and ice cream with a short programme.

Invitations are out for a dance to be held in the institute rooms on Friday evening.

Mr. Ernest Jones, of Cranbrook, B. C., is spending some time at his home here.

Mrs. C. P. Dale left for Montreal on Tuesday where she will be the guest of her daughter, Mrs. Smith.

It has been discovered that small boys were responsible for the damage done last week at the home of Mrs. Ora P. King.

Mr. Jesse T. Prescott, W. E. McLeod, M. A. McLeod, Thomas Kyle, and Hugh McMonagle were among the Sussex visitors to the Amherst horse show.

HAMPTON

Hampton, April 17.—Miss Aileen O'Leary is leaving today for Bangor, Maine, where she will meet a party of friends and on Saturday sail for England to spend the summer with the Rev. H. E. and Mrs. Whalley.

The Ladies' Afternoon Auction Bridge Club met yesterday with Mrs. R. H. Smith.

Mrs. Philip Palmer, St. John, is the guest of her niece Miss Minnie Travis.

Mrs. Clowes and Miss Jeffrey who have occupied the Hammond residence during the winter left this week for their home in Oromocto. Stanley Clowes will remain at the home of Mrs. William Robinson until school closes.

Rev. F. LeRoy, of St. Martins, and Mr. Albert Leatherbarrow have been guests of Rev. A. H. Crowfoot at the rectory during the past week.

Mrs. S. S. King and Master Kilburn King spent Monday and Tuesday in St. John.

Mrs. George Davidson has returned

from Fredericton where she was the guest of Mrs. McKay.

Dr. Morton, of Cape Breton, is a visitor in Hampton this week.

Dr. S. S. King spent a few days of last week in Fredericton.

Dr. and Mrs. Gordon Sancton are guests of Mrs. T. William Barnes.

The Ladies' Corinthian Club met with Mrs. Frank Humphrey on Friday evening.

The Presbyterians of Hampton Village and Station met at the home of Mr. and Mrs. Donald Bannerman on Tuesday evening and presented them with a Morris chair as a slight token of their appreciation for valued services rendered the church. The presentation was made by Archibald Brittain and Mr. Bannerman responded in a happy manner. After a pleasant evening in music and games and an egg contest in which the prize was won by Miss Bessie Howard, refreshments were served and the party broke up with cheers for Mr. Bannerman.

BATHURST

Bathurst, April 17.—A. J. Stewart, M.L.A., visited St. John on Friday.

Mrs. J. P. McTomney arrived home on Friday after a visit of seven weeks in Boston.

Miss Nelda Clifford, of Montreal, is visiting her mother, Mrs. Margaret Clifford.

Mrs. J. Lezer, of Moncton, visited Miss Jennie Gontreau, for several days at the Lezer Hotel, Bathurst Village.

R. Babiniau, of Chatham, visited Bathurst on Friday.

The death occurred on Tuesday, April 16th, of Miss Margaret Riddon, youngest daughter of Mr. and Mrs. Daniel Riddon of Tazoucouche, aged 28 years. The deceased young lady had been a novice in the Hotel Dieu, St. Joseph, Chatham, N. B., for about two years and had to return home owing to ill health.

Miss Adelaide McKeandry, of Douglstown, N. B., is visiting her sister, Mrs. B. C. Mullins.

Miss Lou Abbott and Miss Margaret Kent left on Monday for a visit to Boston and other American cities.

The Sacred Heart church was the scene of a pretty but quiet wedding on Monday morning, April 14th, which had past seven mass when Bishop-elect O'Leary united in marriage Alphonse Duguay and Mary Ellen White. The bride was becomingly attired in a navy blue suit with large black hat, and was attended by her sister, the groom being supported by his brother. They will reside in Bathurst Village.

Mrs. Geo. Gilbert left on Monday for a visit to Fredericton, N. B.

Miss Violet Goodwin is visiting in Campbellton.

Rev. Father Wheaton, late of Pokenouch, has been appointed parish priest succeeding Bishop-elect O'Leary. He took charge on Wednesday.

Miss Bessie Bishop, who has been visiting her sister, Mrs. Lee, in Quebec, for several months, returned home on Friday.

Mrs. Harry Melanson spent a few days in Moncton this week.

PATRIOTS' DAY.

In Massachusetts and Maine today is a legal holiday, commemorating the beginning of the revolution. The anniversary will also be observed in Washington by the Daughters of the American Revolution, in national convention assembled. This year as usual the daughters have engaged in a wordy warfare over the choice of officers, and "traitors," "unladylike" and "unconstitutional" are among the mildest of the terms used to describe the actions of the leaders of opposing factions. The organization now has a membership of about 100,000, composed of women whose ancestors took part in the revolution.

The Closure.

(Vancouver News-Advertiser.)

Has public freedom been destroyed in Great Britain? Is the chief British legislation of the last thirty years the work of the brute majority? Is the United States Congress a body which slaughters human liberty and tramples under foot the right of free speech? Do they know nothing of liberty in Australia or New Zealand or France? It is about time to take the advice of Carlyle and clear our minds of cant.

Britain's Influence for Peace.

(Victoria, B. C. Times.)

Nothing has been clearer from the lips than that British influence has been steadily exerted for peace. Whatever may be desired by other powers, it is too plain to be questioned that peace is still the chief British interest. Why fight, says Sir Edward Grey, when there is nothing to fight for? The great minister who controls the foreign policy of Great Britain is striving only to prevent the waste of human life, and to damp down flames that are always dangerous.

The Latest "Reform."

(Montreal Herald.)

"Starboard" and "port" are to be abolished in the United States navy, giving way to "right" and "left." Shades of Drake and Nelson! Verily the plaint of King's "dominant idiom" that steam has spoiled nautical terminology is, after all, still the new rule, if universally adopted, will be a great comfort to those of us who are such land-lubbers that we can never remember which is which.

WE DON'T KNOW WHERE WE'RE GOING, BUT WE'RE ON OUR WAY.

BIG LEAGUERS TELL OF SOME FUNNY EXPERIENCES

By JOE BIRMINGHAM.

Cleveland Outfielder.

For the funniest play I ever saw on the ball field I shall have to take the fans back to the New York state league, where I began my professional career in 1906.

The A. J. and G. team was playing in Albany this day and there had been no scoring. We, the "Jags" had a man on first base and another on second.

There was one man out at the time and the Albany infield was playing back for a double.

I do not recall who the batter was for us, but he hit a ball that started over second base and apparently was going to be safe. The Albany shortstop, however, came over to make a particularly fine stop.

He got the ball not very far from second base and took one step to the bag to force the runner who was very slow leaving first. Then he let the ball go to first base to complete the double play.

He made the play all right, but hardly in the manner intended. The throw never reached first base. The ball hit the man coming down the line a glancing blow on top of the head, knocking him down, and then caromed off at almost an exact right angle and went straight into the hands of Pat Millerick, the Albany catcher, who touched the runner coming into the plate from third base. It was the funniest and most unique double play I ever saw.

The question about inside baseball on the spur of the moment is indeed a hard one to answer, but I will try to do the best I can.

Detroit was playing Cleveland and had the tying run on third base, there being one man out and "Germany" Schaefer at the bat. Schaefer hit a Texas leaguer to left field, Josh Clarke making a great catch and holding the base runner on third.

Here Schaefer pulled a funny one but a "peach." Schaefer, turning first knee that he was out, but never halting, he kept on for second yelling at the top of his lungs to "throw to second."

Just to be accommodating, somebody in the infield did throw to second base to try to put "Germany" out all over again, and this was where Schaefer won.

The moment the ball was sent to second base, the man on third bolted for home. It was then too late to repent, and while the ball was hustled back to the plate in a hurry, it was not in time to get the runner who slid in safe by the smallest margin.

It was an awful thing for Schaefer to try to get away with, but he did it—and in the big league, too.

SCOTCH CADETS GIVE EXCELLENT CONCERT

The Scotch cadet corps of St. Stephen's church gave a most successful concert in their rooms in the church building last evening. The varied programme was made up of well chosen numbers and was much appreciated by the large audience present. Rev. Gordon Dickie presided.

The programme follows:—Vocal solo, D. B. Pidgeon; violin solo, Master Bruce Holder; selections from Landner, F. C. McNeill; Scotch reading, Mrs. Jamieson; vocal solo with violin obligato, Grenfell King; comic sketch by A. Gibbs, Harold Hamm and R. Cunningham; physical drill by the corps; reading, Miss C. Leach; Highland Fling, Charles and Kathleen Ross; comic sketch, Mr. Duplissac; vocal solo, Miss Rubins; bayonet exercise by the class.

At the close a prize was presented to Roy Vale for selling largest number of tickets.

ARCHBISHOP NOEL KEEPS HIS EYE ON SANTO DOMINGO

Archbishop Noel, who recently resigned as provisional President of the Dominican Republic, is watching with great interest the present unrest in the country.

The resignation of Archbishop Noel as provisional President of Santo Domingo was presented to the National Congress on March 31 and was accepted. His health was given as the reason for the Archbishop's action, and it was announced that he would go to Europe to take the cure.

He had a tough time delivering the mail yesterday, declared the postman.

"Had a bulldog and a chunk of live in the same delivery,"—Louisville Courier-Journal.

Do not neglect to purify the blood on the first appearance of a pimple as Bile Beans thoroughly by the use of Burdock Blood Bitters and thus prevent untold suffering.

Mr. D. M. McBlaine, Niagara Falls, Ont., writes:—"It is with pleasure I testify to the sterling qualities of your Burdock Blood Bitters. After the flu, I suffered from boils, constipation, and sick headache, and tried many preparations, but got relief from none till an old comrade of mine got me to try the Burdock Blood Bitters. To say I get relief is to put it mildly. It made me myself again, viz., a man who knows next to nothing as to his diet, and who has been, in still, an idiot."

Many Reason Why Liquid Cough Mixtures Can't Cure Bronchitis

But the Healing Fumes of Catarrhones, Which are Breathed to the Furthest recesses of the Bronchial Tubes, Bring Quick Relief and Sure Cures.

Every sufferer from coughs, colds, bronchitis and all throat and chest ailments needs a soothing, healing medicine which goes direct to the breathing organs in the chest and lungs attacks the trouble at the source, disperses the germs of disease, and cures the ailments thoroughly. And this medicine is "Catarrhones."

The germ-killing balsamic vapor mixes with the breath, descends through the throat, down the bronchial tubes, and finally reaches the deepest air cells in the lungs. All parts are soothed with rich, pure, medicinal essences, whereas with a syrup the affected parts could not be reached, and harm would result through burning the stomach with drugs.

"I have been a chronic sufferer from catarrh in the nose and throat for over eight years. I think I have spent four hundred dollars trying to get relief. I have spent but six dollars on Catarrhones, and have been completely cured, and in fact, have been well for some time. Catarrhones is the only medicine I have been able to find that would not only give temporary relief but will always cure permanently. Yours sincerely, (Signed) WILLIAM HAZELAN, Brockville, Ont.

For absolute permanent cure, see Catarrhones. Two months' outfit costs \$1.00; smaller size, 50c., at all chemists and druggists or The Catarrhones Company, Buffalo, N. Y., and Kingston, Canada.

Suffered From Boils Constipation And Sick Headache.

There is no more frequent source of illness than that arising from bad blood. When the blood becomes impure the whole system is impure; boils and pimples break out, the bowels become constipated, and the head aches more or less.

Do not neglect to purify the blood on the first appearance of a pimple as Bile Beans thoroughly by the use of Burdock Blood Bitters and thus prevent untold suffering.

Mr. D. M. McBlaine, Niagara Falls, Ont., writes:—"It is with pleasure I testify to the sterling qualities of your Burdock Blood Bitters. After the flu, I suffered from boils, constipation, and sick headache, and tried many preparations, but got relief from none till an old comrade of mine got me to try the Burdock Blood Bitters. To say I get relief is to put it mildly. It made me myself again, viz., a man who knows next to nothing as to his diet, and who has been, in still, an idiot."

"To anyone in want of purified blood and the resultant all round vigorous health I can conscientiously recommend B. B. B."

Get the B. B. B. at The Standard, Montreal, Que., Canada.

BY MILLER HUGHINS.

St. Louis Cardinals.

Two instances of quick thinking on the spur of the moment occur to me as being well above the average. Certainly each played an important part in the game.

Last year the St. Louis club, in a game with Chicago, had a man on second and another on third, with only one out. A St. Louis batsman hit a fly ball out to Jimmy Sheekhard.

Sheekhard got all ready to throw the ball to the home plate, anticipating that the runner off third would try to score. But just as Sheekhard drew back his arm to throw he saw that the man on third did not leave the bag, but that the man on second expecting that the player ahead of him would try to score, had started from second to third.

Quick as a flash, Sheekhard, with the same motion, wheeled and let the ball drive to second, where he got his man by two feet.

The second play was one in which I was mixed up myself. Two of our St. Louis players were on first and second bases, with no one out. The man on second base was a slow runner. I was at bat and it was my intention to sacrifice along the third base line.

We were playing against Pittsburg, and as soon as the pitcher pitched the

EGG DEALERS PLAN RADICAL CHANGE

Would Abolish "Case Count" and Buy on Basis of Quality -- Egg Marks Act to Make Selling and Trading in Rotten Eggs Illegal

(Montreal Gazette, April 11.)

That the system known as the "case count" which has prevailed in the egg trade for a number of years providing no discrimination whatever, and that under it the producer, with no reflection on the part of the consumer, is not encouraged to market an article of high quality, was the decision made yesterday afternoon in the rooms of the board of trade at a largely attended meeting of the egg trade of the provinces of Ontario and Quebec. The remedy for this state of affairs was suggested as taking the form of an egg mark act, similar to the act governing fruit. The formation of a new produce association was also proposed.

Determining means whereby consumers and merchants could be protected against the marketing of stale and rotten eggs was the primary object of the meeting. Under the present system when bad eggs are found in the cases there is no recourse for the dealer to take, and the opinion of the meeting was that the "case count" where a flat rate is quoted, stale and bad eggs commanding just as high a price as those of the highest grade—is equivalent to placing a premium on carelessness and dilatory methods in the production and care of this product. Moreover, it was pointed out that the country storekeepers received no encouragement to market an article of high quality.

The opinion was unanimous that legislation should be secured to prevent the sale of such products and full approval was given to the proposal to adopt a new system whereby the egg dealer should be made responsible for good and bad eggs. The following resolutions were unanimously adopted:

Resolved, that it is the opinion of those assembled in this meeting that the greatest need of the Canadian egg trade at the present time is the passing by the federal parliament of a law similar to that which has been passed in the United States to make unlawful the buying, selling or trading in rotten eggs and to include such other regulations as may be thought advisable to promote the best interests of all concerned.

Resolved, that the egg dealers assembled here should immediately approve of the proposal to change on June 1, 1913, from the present system of buying eggs to a system of buying only on the basis of quality, and further, to disapprove of paying for rotten eggs in our receipts after that date.

Resolved, that the chairman appoint a committee to draft a constitution and to take steps in conjunction with the trade in other provinces to form an association to be known as The Canadian Produce Association, with a view to bringing together the city and county wholesale produce dealers, and further, that a meeting be called in Toronto at an early date to give effect to this resolution.

Representing the federal and provincial governments the following officials attended at the request of the trade: W. A. Brown, live stock department, Ottawa; J. H. Hare, live stock department, Ottawa; P. C. Elford, poultry manager, experimental farm, Ottawa; and Prof. W. R. Graham, of Guelph.

The efficacy and the imperative need of a system of payment based upon quality was set forth by these speakers. Their proposal was followed by continued and animated discussion, but through it all it was clear that the majority of the meeting was heartily in sympathy with this or any other measure that would enable the producers and handlers of this product to curtail, or if possible, entirely eliminate, the enormous and needless loss due to the marketing of bad and deteriorated eggs.

It was further pointed out by certain members present that it would certainly be advisable not to take advantage of the experience gained by a number of the states, notably Kansas and Michigan. What was proposed at the meeting had already been worked out in a practical way in these states with the result of very greatly conserving this valuable product by eliminating needless loss, and thus making the poultry enterprises more remunerative for the producer and the price of the produce cheaper and its quality more dependable for the consumer.

NEW AND LITTLE KNOWN FRUITS

By W. T. Macoun, Dominion Horticulturist

PLUMS—Each year's experience at Ottawa impresses upon us the fact that for Eastern Ontario and the greater part of the Province of Quebec the cherry is the most important variety derived from the two wild species Prunus Nigra, the wild plum found in Eastern Ontario and Quebec, and Prunus Americana, a more western species found mainly in the United States. Most of the cultivated varieties have come from the latter species, but the Cheney, which is one of the best, is distinctly of the type of our native wild plum Prunus Nigra. The trees of the nigra type are tougher and do not break down with the snow like those of the americana, and the fruit is thinner in the skin and the skin breaks down more when the fruit is canned. Some of the most promising plums are crosses between Prunus Americana and the Japanese plum, and as these hybrids readily a great development in this direction. One of the most promising plums we have tested is a hybrid between these species called Ontario which combines the quality of both. It was originated by Mr. Theodore Williams of Benson, Nebraska. It is an early bearer, very hardy, and ripens in August. It is as large as the largest of the americana, and is of an attractive red color. The quality is good, but is red next the skin. After several years fruiting we strongly recommend this variety. Another hybrid between the americana and the Japanese in Ontario, originated at the Central Farm, which though not as hardy as the Omaha in flower, is harder than the Japanese, and makes better preserves than the americana. Another variety, the Togo, is better in quality but not quite so hardy in flower. Among the most promising of the newer americana plums are the Brachet, Terry, Adams, Welch, and Yuleck, all somewhat of the character of Hawkeye, one of the standard americana varieties. Some of Professor Hansen's cherries have been fruited at Ottawa including the Sapa, Tokaya, and Kaga. The Kaga plum (Prunus americana X Prunus Simoni) is an attractive looking plum and is highly perfumed. The Kaga plum may prove useful in the Province of Quebec if it is hardy enough, but a few more seasons are necessary to determine this. The Sapa and Tokaya plums are not promising.

PEARS—Although some fine Flemish Beauty and other sorts are being produced in some sections, pears were not a reliable crop in the Province of

Quebec. There are no new varieties of promise this year.

CHERRIES—The cherry is another very uncertain crop in Quebec. Except along the St. Lawrence river, from Quebec down, the cherry crop does not amount to much. Of all the cherries tested at Ottawa two Russian varieties stand out as superior to others in hardness of fruit bud; first, Orel 25, and second, Vladimir.

A bush-like fruit which resembles a cherry very much both in appearance and taste, but which botanists show is more nearly related to the apricot, is the Prunus Tomentosa, the common name of which may be called the Downy-leaved Cherry. This is a native of North China, Manchuria, and Japan. Bushes were planted at the Central Experimental Farm in 1900, and they began fruiting in 1903. They have proved quite hardy, and while the flower buds do not escape winter as a rule at least a part of them do. The bushes grow about six feet high, and as they may be planted about ten feet apart, a large acre may be grown on six acres. As quite a large proportion of the bush is protected by the snow even in the severest winters there should be some fruit which may be eaten singly or in groups of two to five on the last year's wood. The fruit is almost sessile, the stems being very short. The fruit is very easily detached by running the hand along the branch, when the fruit separates from the stem and falls into the hand. The fruit is roundish or globular, slightly heart-shaped and averages half an inch in diameter, and is of a bright scarlet color; skin thin and tender; flesh tender and juicy; stone small, oval, and hard. The flavor is subacid and pleasant with a slight astringency, more in some seedlings than in others. The quality as compared with other cherries is above medium to good. When canned the fruit of Prunus Tomentosa is quite pleasant to the taste, resembling that of sweet cherry, while the ones which are left in, owing to the small size of the fruit, give a distinct and piquant flavor to it. The seedlings vary much, some being quite inferior, but seedlings are being raised from the best bushes and it is hoped to improve it. While this fruit may not be grown where the ordinary cherries will succeed, it should prove quite useful in Quebec.

GRAPES—Nearly 300 named varieties of grapes have been tested at Ottawa, and as many as 130 have ripened in one year. In the most unfavorable seasons from 30 to 40 varieties mature, and next it may be said that in the Province of Quebec, the grape is not a well known fruit, at least in a much variety. At Ottawa we find the following, in order of ripening, very early, middle and late.

Black—Early Daisy, Manito, Moore, Wilder.
 Red—Moyar, Brighton, Delaware, Lindley.

White—Winchell (Green Mountain), Diamond.

Of these the Diamond or Moore's Diamond is perhaps the most uncertain in ripening, but there is not as good a selection in white grapes as in others. Some grapes which are sure ripeners and which are recommended by the season are short and the autumn are comparatively cool are, Early Daisy, Manito, Pattison, Brant, Moore, Jewel, and Moyar.

RASPBERRIES—The Herbert raspberry has been introduced some years and is not strictly speaking, a new raspberry, but it is not as well known yet as it should be. We consider this the best main crop red raspberry for the Province of Quebec. In the prairie provinces the King has been found harder than Herbert, but while it is a good cropper it is a much inferior berry. The Sunbeam, one of Professor Hansen's recent introductions appears to be the hardest raspberry yet introduced, judging by its behavior on the prairies, but it is not large enough. The Brighton raspberry, originated by Dr. Wm. Saunders, is the best early variety that we have grown at Ottawa. It is vigorous, very productive, and produces more ripe fruit early in the season than any other variety. It has bright red in color, above medium in size and moderately firm, and while only medium in quality it is very promising on account of its hardiness, earliness, vigor and productiveness. The Count is also another promising early sort, originated by Dr. Saunders.

CURRENTS—Among red currants the newer sorts have not proven as good as some of the older ones. Perfection is a good large one, but not hardy enough in flower bud. Pomona, while not new, is one of the best of the comparatively new sorts.

Among black currants those originated by Dr. Wm. Saunders are the most promising of the newer sorts, being very productive and good in quality. Among the best of these is Saunders, Eagle, Ontario, Kerry, Clipper and Climax. We are glad to say that nurseries have now become interested in these currants, and that they will soon be available.

STRAWBERRIES—Over 600 varieties of strawberries have been tested at Ottawa during the past twenty-four years, and from time to time lists have been published of the best. In 1909 a bulletin was published giving the results of our experience up to that time.

Although many new varieties have been tested during the past two years no novelties of real merit have come under our notice, and we still should recommend the Bode, Wood, Splendid, Sampson, Buxton, Parson's Beauty and Senator Dunlap among commercial berries, and in addition the Lovett, Ruby, Babach, and Wm. Beyl for home use, and perhaps for a special market.

PRODUCTION OF POULTRY

Professor Graham's Talk at the Rural School Poultry Fair in Eastern Ontario

"There is," said the head of the O. A. C. Department of Poultry, "no fear of over-production in poultry. I have orders now for 5,000 Rock cockerels and pullets that I do not know how to fill. I can promise now 15c. a pound live weight for all cockerels produced from the birds at this show next year and 20c. per pound for all the pullets. We are not supplying our own needs in poultry. Last year Canada imported 400 cars of eggs and one house has placed an order outside of Canada for 1,000,000 pounds of poultry.

not get our birds to eat over 70 lbs. of grain per head in a year. That, at one and a half cents per pound, costs \$1.05. Thus five dozen eggs at 20c. a dozen will pay for the feed; and it is a very poor hen that will not lay a good deal over 60 eggs in a year.

Where the Loss Comes in.

"We are asked how it is that eggs sell at 30c. locally in winter, while in Montreal or Toronto they bring 50c. The answer is, in explanation, is simple enough. An egg shell is not air tight and the same conditions that cause milk to sour will affect the flavor of eggs. Keenly ventilated, a damp, musty place will cause mold. Heating will start the process of incubation. You have no idea of the extent of the losses as a result of these things. Three dozen rotten ones out of every 30 dozen in a lot I handled the other day. Exposing eggs in a shop window, where the prices are dropping in spring, as a means of attracting custom, is one of the worst practices, as the

heat of the sun on the glass will start the germ into activity and completely spoil the egg for boiling. In Missouri, where the weather is always hot during the season of heavy production, you can buy such eggs at 10c. per dozen, but all that can be done with such stock is to freeze it and use it for cooking pastry. That is why I never eat pastry in big hotels. I know something of the ingredients in the attractive looking cookery."

THE WEATHER.

Maritime fresh southwesterly to northwesterly winds; a few local showers, but mostly fair and milder.

Toronto, April 10.—A shallow depression, which was last night over Lake Superior has moved eastward across Ontario accompanied by a few local showers and thunderstorms. The weather has been fine and comparatively cool in the Maritime Provinces and quite warm in the west.

AROUND THE CITY

More New Settlers.
Three trans-Atlantic boats bringing about 60 new settlers for the province are due here on Sunday.

An Interesting Lecture.
Before a large audience in the Zion church last evening, Rev. William Lawson delivered a very interesting lecture on the life of Theobald Mathew, the great Irish temperance worker.

The Law Society to Meet.
Members of the St. John Law Society are requested to meet at the Equity and Probate Court rooms, Pugsley building tomorrow (Sunday) at 2:30 p. m. (not 2.15), thence to proceed to Trinity church where the funeral services of the late John Kerr, K. C., will be held at 2:45 p. m.

His Meal Started Him.
A horse belonging to Meyer Gordon, a Main street grocer, broke loose from a telegraph pole on Pond street to which it was fastened last evening and after enjoying an energetic feed on the green lawn in front of the depot, dashed wildly along Mill street and turning up Main ran to Long wharf where it was stopped.

Considerable Dust.
Notwithstanding the efforts made to clean up the streets, the high winds yesterday showed that there was about the usual amount of dust in the streets, waiting to be stirred up and blown into the eyes of just and unjust. So far as could be determined, the dust attacked those who paid their taxes and those who didn't.

A Presentation.
Friends of Arthur Carolan assembled last evening in the Knights of Columbus rooms and presented to him a fitted travelling bag. Mr. Carolan has been connected with the Dunlop Rubber Tire Co. in this city for about a year, and during his stay in St. John has made many warm friends. He has been transferred to his home town, Chelsea, and will leave today for that city. The presentation last evening was made by William Mahony and the gift was received with a neat and appropriate reply by Mr. Carolan.

Growing Pains.
The population of St. John is undoubtedly increasing. Anybody who takes a trip about the city in the evening must have observed the number of obviously English persons in the city at the present time. Another thing of interest is that there do not appear to be as many people leaving the city for the west as there was a short time ago. A gratifying feature of the evident change in the situation in St. John is the number of young people who have evidently decided to remain in the city instead of going elsewhere in search of fortune as they used to do.

EMPERESS OF BRITAIN SAILED LAST EVENING
Her Going Marks Her Last Trip Here This Season—Will Make Next Trip to Montreal.

The C. P. R. Royal Mail ship Empress of Britain sailed about half past eight last evening for Liverpool via Halifax, marking the beginning of the end of the present winter season. A large number of people gathered on the pier to see the liner away, while the noise of the whistles wishing her a safe and prosperous voyage added much to the excitement of the moment. As on her next voyage the big steamer will dock at Montreal, the many friends which the officers and men on board made during the winter said their goodbyes until next winter.

The Empress of Britain took away 65 first class passengers, 151 second class and 584 steerage. This number will be considerably added to at Halifax where a stop will be made for mail. It is entirely likely that this will be the last time the liner will be seen in Halifax harbor as according to the present arrangement, the Empress will make the run from Liverpool direct to St. John next winter.

Among the passengers were Mr. and Mrs. Arthur Rawlings and child, of this city.

Besides the large number of passengers the Empress carried away a good general cargo of freight including the different kinds of grain and general merchandise.

When speaking of the direct run from Liverpool to St. John, a C. P. R. official told The Standard that it cost only \$1000 to take a steamer the size of the Empress into Halifax harbor. By cutting that port out, both time and money would be saved.

BARRISTERS PAY TRIBUTE TO THE LATE JOHN KERR, K. C.

Resolution Expressive of Loss Experienced by Profession Adopted at Meeting of St. John Law Society, Yesterday Afternoon—Firemen Arrange for Funeral.

At a meeting of the St. John Law Society held yesterday afternoon the following resolution was adopted: Whereas the sudden death of John Kerr, Esq., K. C., has evoked the heartfelt regret of each member of this society for the severance of those kindly relations which have existed between the deceased and his brethren of the bar; be it therefore resolved—That this society desires to place upon permanent record the memory of the warm heart, the impulsive generosity and the ready sympathy which marked the deceased in all his contact with his fellow men. The son of one of New Brunswick's most distinguished lawyers, the late Mr. Kerr for many years occupied as a young man a foremost place in his profession because of his own ability. Though other pursuits afterwards claimed a large share of his time yet he remained in the active practice of his profession to the last, affording to others an example of much which was of the best among the excellent traditions of the old school of lawyers who made this province famous for their high ideals of professional conduct.

In another vocation, as an official of the City of Saint John, charged with the responsibility of an important department, his administration was clean and the efficiency at which he aimed was of the highest standard.

As a lawyer, as an official and as a citizen his removal will be deplored; but it is as a man who loved his fellow men, as one who sincerely desired to do that which he believed was right, as a warm hearted friend and a generous opponent that his death will be sincerely mourned. To his widow, left to dwell alone, the deepest sympathy of this society is respectfully extended, and be it further resolved that a copy of these resolutions be forwarded to the widow of the deceased.

The address was moved by Recorder J. B. M. Baxter, and seconded by Dr. R. F. Quisley, both of whom paid fitting tribute to the memory of the deceased.

In moving the resolution, Recorder Baxter dwelt upon the loss sustained by the legal profession through the death of Mr. Kerr, his early years, the late Mr. Kerr through his ability, won a foremost place in his profession, and although he later assumed other duties as an official of the city, he had continued the practice of his

profession, at all times faithful to the traditions of the old school of lawyers who made this province famous for their high ideals and professional conduct. As an official of the city and as a citizen his removal will be deplored. Referring to his own sense of loss at the death of Mr. Kerr, Recorder Baxter referred to the fact that he had studied his profession in Mr. Kerr's office, last Tuesday being the 28th anniversary of the date he became a student under the deceased. Dr. Quisley, in seconding the resolution, and other members of the society expressed their feeling of loss and regret.

Arrangements for Funeral.
It was a sad gathering of men when the members of the fire department gathered in the rooms of No. 1 Ladder Station, King street east, last night, to make arrangements for attending the funeral of their esteemed Chief, John Kerr, who died suddenly Thursday afternoon.

District Engineer George Blake, who is now acting chief of the department, presided, and in opening the meeting spoke briefly of his long association in the department with the deceased, and of the excellent character of the chief, and closed by saying that he was sure that every man in the department felt, as he did himself, the deepest grief over their loss.

It was decided that the members of the department should attend the funeral in a body with the members of the Salvage Corps, and all would assemble at No. 1 Ladder Station at two o'clock on Sunday afternoon. Twenty members of the fire department were chosen as a guard of honor, and the Chief's fire wagon will be draped in black; his fire coat, helmet and boots will also occupy the seat, which for 21 years had been occupied by their own, and the late Chief's driver, Frank Furlong, will lead the horse and rig in the funeral procession.

A resolution of sympathy to Mrs. Kerr was drawn up and ordered sent to her, telling of the sympathy extended by the members of the fire department on the loss of her husband, and the chief of a body of men who held him in the highest esteem.

At a meeting of the members of No. 2 Salvage Corps in their rooms, Main street, last evening it was decided to attend the funeral of the late Chief Kerr, and the work of establishing a fund for the relief of the widow and children was taken up.

Committee Announced
Mount Allison Forward Movement to Start Monday with Energetic Work—Order of Special Services.

The central committee having in charge the Mount Allison campaign is composed of the following: W. B. Tenant, chairman; Joseph Allison, Mayor; Frank G. E. Barbour, J. King Kelley, W. C. Allison, J. Allan Thomas, J. Hunter White, Rankin Sinclair, F. S. Thomas, R. T. Hayes, H. P. Hayward, Wm. McCavour, Arthur Carlos, Major Anderson, Dr. A. F. Emery, H. B. S. Adams, J. W. Cassidy, Alfred Burley, W. Thompson, F. C. McLean, S. A. Woodell, E. B. Macdonald, H. M. Stout, H. P. Robinson, A. P. Barnhill, H. V. MacKinnon, J. Willard Smith, F. G. Spencer, L. V. Langley, C. B. Allan.

These gentlemen, acting with the governing bodies of the university, will direct the movement which begins in St. John on Monday. They are heartily enthusiastic in that they have received assurances of support and co-operation from practically all the towns and cities of the Maritime Provinces. Frederickton, which was visited on Friday, is hopeful of raising an amount equal to that which it is hoped will be subscribed in St. John. Moncton, Sydney, Fredericton and Charlottetown have taken hold with right good will, and amounts ranging from \$25,000 to \$50,000 are talked of as the goal in each of these places. In the city of St. John, there will be five teams of ten men each, who will work in pairs, and will thoroughly cover the city on Tuesday and Wednesday. On Monday evening these teams will meet for a supper at Bond's, at which gathering, final preparations will be made for the campaign.

The whole affair will, however, be launched by a series of special services in the Methodist churches of the city tomorrow. While it is expected that all the local clergymen will speak on the subject of Mount Allison, additional interest will be given the movement by the presence there of Rev. J. R. Graham, educational superintendent of the Methodist church of Canada, who is to be heard in Queen Square in the morning, and in Centenary in the evening at Portland street; and Rev. G. M. Campbell, who will be heard in Centenary in the morning, and at Exmouth in the evening. Dr. Graham is looked upon as one of the ablest speakers in Canada, while Dr. Borden and Dr. Campbell are both very well known in St. John.

The Country Market.
The supply of produce in the country market is today a little better than last week, but the prices on practically all the commodities remain high. The usual high prices prevail in pork and fowl, and no change is reported in the various kinds of meat. As predicted last week, eggs have taken a considerable drop and are now retailing at 15c a dozen.

BAD ACCIDENT YESTERDAY AT EAST ST. JOHN

Frank Hazen Run Over and so Badly Injured that Amputation of One Leg was Necessary.

A wild runaway occurred yesterday afternoon on the Red Head road when a team of horses, owned and driven by Frank Hazen, became frightened and dashed furiously along the road. In an attempt to bring the horses to a halt, the driver was thrown to the ground, and the heavy wagon loaded with hay, passed over his body and fractured the leg bone below the knee. The unfortunate man was removed to the General Public Hospital when it was found necessary to amputate the leg. Late last night he was reported to be resting as comfortably as could be expected.

Hazen was bringing a load of sand from the Courtenay Bay beach in the vicinity of the Municipal Home. One of the horses managed to slip the bridle from the corner of another horse. This frightened the spirited animals and they dashed along the road. In attempting to prevent the runaway the driver was caught by the wheels and run over. The horses proceeded and tearing along the road, swerving from side to side, they turned at Kane's corner and galloped along the Marsh road, they crossed the bridge and turned up Erin street where they were later brought to a standstill.

As they proceeded wildly in their course, the horse dragging the heavy laden cart behind them threatened many pedestrians on the Marsh road but fortunately all escaped. The wagon was smashed but the horses received no serious injuries.

Hazen was picked up in a semi-conscious condition and driven to the hospital by Superintendent McDonald of the Boys' Industrial Home. The leg from the knee down was frightfully mangled. No internal injuries, however, were received.

Manchester Robertson Allison, Limited

SPRING WILL SEE ACTIVITY IN BUILDING

Much Work Already Under Way in City—No Great Demand for Carpenters Yet—Some are Idle.

With the opening of spring a good deal of building construction work has been started in the city. In addition to the new post office, the armory and the sugar refinery, there is the work on the new Bank of British North America building, the alterations of the Merchants Bank building on Prince William street, and the work of establishing the new Imperial Theatre on King square. Considerable work is also being done by the real estate companies and private parties. The New Brunswick Realty Company has about fifty men employed, levelling off and grading its properties on Douglas Avenue, and it projects to erect quite a number of dwelling houses on its lots this summer.

There is a good deal of building work going on in the Courtenay Bay district at the present time. Our the Pladale place four houses are now nearing completion and other structures will, it is expected, be put up in a few days.

It is worthy of note that during the first quarter of the present year the value of the building permits issued in St. John were greater than in any other city in Canada, though the work being done by the W. I. Fenton Company on the West Side was not included in the report of the building inspector. There is a general feeling that building operations in St. John this year will be away ahead of other years. The carpenters' union has not been sufficiently advanced to create any demand for carpenters, the business agent of the carpenters' union stated last evening that quite a number of the members of his union were out of employment.

James Currie Found Guilty of Selling Liquor on Sunday Last—Gets Three Months in Jail.

In the police court yesterday afternoon James Currie was found guilty of pocket peddling on Sunday last and was fined one hundred dollars or three months in jail. Currie stood to the court that he was not selling the liquor, and that a man named Pierce bought a bottle of liquor from another named Porter, and Porter made the purchase from a man named Carey. It was from Porter, the defendant claimed to have obtained the liquor. Currie did not have any money and was sent to jail for three months. He told the court that he had not been working for a time, but could go to South Bay to work.

It was learned by the court, however, that Currie has been of very little use to his family. He has a wife and four small children, and Magistrate Ritchie told him that he had allowed his sickly wife and children to live in a basement hovel of Brusnells street, near the well known Harpign's alley.

He was further stated that a charitable society had made inquiries into the case, and when they went to get the children, have them placed in a home, and the unfortunate mother placed some place where she would receive proper treatment Currie objected and would not allow them to leave the house. It is expected that now that he is in jail the mother and children will be cared for by the proper authorities.

Increased Interest in Apple Growing

S. L. Peters Says Large Number of New Trees Being Set Out this Year by Provincial Growers.

"A very large number of apple trees are being set out in the province this year," said S. L. Peters, Dominion Inspector of Fruit in New Brunswick, who was in the city yesterday. The farmers also show great interest in the question of renovating the old orchards in the province. He added, "It is important that attention should be given to the possibilities of renovating the old orchards. I have been greatly surprised at the number of apple trees in the province. By re-topping these old orchards can be made to bear good crops much quicker than you can get crops from a new orchard."

West Indians for the West.
A party of young men from the British West Indies, who arrived on the S.S. Ontario yesterday left for Winnipeg last evening.

Gen. Agar Ill.
Gen. Agar was indisposed yesterday and unable to attend to his duties at City Hall.
