MANY FREE TRADERS ARE STILL WITHIN THE BRITISH EMPIRE

Twenty-One Imperial Delegates Vote Against a Preferential Tariff—Empire Band Urged

TORONTO, Sept. 22.—That a goodly number of free traders still exist in the British empire was fully manifested at yesterday's session of the Congress of Chambers of Commerce of the British Empire. When a vote was taken on Sir James Woods' motion, on behalf of the Toronto Board of Trade, favoring a preferential tariff with the empire, 21 delegates were found to vote against the principle, while 35 were distinctly in its favor.

The discussion on Monday produced a volume of speech in favor of the idea, but, on the resumption of the debate yesterday, Frank L. Moorehouse of Huddersfield, England, shot the first shell in favor of free trade. He declared that Great Britain owed her proud commercial position to free trade, and that if she gave the dominions a preferential tariff she would be compelled to tax foreign imports.

Taking Canadian wheat as an example, Mr. Moorehouse pointed out that if Great Britain gave Canada a preference she would be compelled to put a tax on foreign countries growing the same article, and the ultimate result would be that bread would increase in price. Mr. Moorehouse thought any kind of preference would mean an increase in the cost of living. "We have had," he said, "the tariff protection in Great Britain, and the result that has blessed the vested interests and made the cost of living almost unbearably high."

The speaker declared that Canada, with a tariff, had not lowered the cost of living. He had been to the shops and had eaten in Toronto, and his conclusion was that it cost twice as much to live here as it did in Great Britain.

Mr. Moorehouse found supporters to his viewpoint in Alfred Lambert, of the Chambre de Commerce, Montreal, and other delegates.

Sir George Foster speaks.

Sir George Foster, who commenced his speech with the remark: "Don't let us be altogether too optimistic," declared that traditions and customs were all very well, but the world changed every five minutes, and the conditions existing fifty years ago may not obtain now. "Changes come," he said, "and other countries react on us as we react on ourselves."

"Neither free trade nor protection came down from heaven," said Sir George. "Canada's policy in the future will be to get what is practically best for her in the matter of trade and commerce." He said it was not to be expected that Great Britain would be forever wedded to free trade. Britain could not tell now the conditions it must face in future years. Canada had held to protection since 1878, but there would of necessity be changes in the grade of protection from time to time.

Each of the Dominions should try to get what it needed, ever mindful not to injure its sister nations in the empire fold. "We must undrag ourselves of our sectional differences and divisions," Sir George said. "There is a spirit of self-sacrifice as well as to other lines of activity. No nation or empire if it builds a sort of a Chinese wall around it and shuts itself off from the other nations of the world. We in this world are a brotherhood of nations, and the empire dominions are a brotherhood of nations, bound together by common ties and interests."

After further brief discussion the resolution was put, with the result stated above.

Inter-Empire Exchange.

The subject for which many delegates had waited anxiously—the establishment of an inter-empire exchange—was introduced as an extra item and undoubtedly produced some of the best arguments put before the conference up to the present time from the standpoint of the man in

the street, the subject is a very dry one, but the results that may come from the plan formulated by John P. Darling, an English banker, may be so great that the ordinary everyday man may eventually become interested.

Mr. Darling introduced his subject by proposing the following resolution: "That the home government be asked to call an imperial conference for the stabilization of our inter-empire exchanges by the co-operation of the home government with the governments of the dominions and India."

Mr. Darling said Sir George's scheme was one to bridge the gap by the pooling of empire resources to meet depression of the British pound against certain other countries. He proposed to base currency on inter-empire bills of exchange for the time being, with an imperial clearing bank for the empire, with branches in each colony capable of making cable transfers at par. The machinery of the Bank of England could be used, said Mr. Darling, if its capital was increased to \$100,000,000, and each colony should have a representative on the board. Such an empire bank, declared Mr. Darling, would make London again the centre of the world's finances and clearing. The bank would be based on bills of exchange as currency basis. Cable transfers within the empire at par would soon make the rest of the world fall in line. From an imperial point of view, Mr. Darling contended that his plan would mean that the empire would stabilize exchange within the empire, and enable the empire to stabilize dollar values.

Sir Edmund Walker, president of the Canadian Bank of Commerce, in seconding the resolution, pointed out many difficulties in the establishment of an empire bank. So far as Canada was concerned, he declared, she could not escape her contiguity with the United States and the fact that her financial centre is in New York. No matter what is done by an empire bank, as proposed, there would continue to be a price set in New York every day on the pound sterling, and also in London on the dollar. Nevertheless, he did not doubt that if an imperial conference were held it would be able to formulate a workable scheme that would tend to stabilize exchange within the empire.

After Sir J. Mackenzie (New Zealand), A. J. Hobson (London), Stuart Strachy, Royal Bank of Canada, and J. B. Aiton had supported the resolution it was carried with but one vote against its adoption.

For Trade Propaganda.

The conference adopted a resolution favoring an imperial trade propaganda by means of trade papers. H. L. Symonds (London) in moving the resolution said the postal authorities should help in this work of education by distributing the papers at a very low rate of postage. Cost was secondary to its importance.

Plea for Ex-Servicemen.

Stanley Maghin (London), urged the conference to bring pressure to bear on manufacturers to give preference in employment to ex-servicemen. Three months ago, he declared, there were 153,000 ex-servicemen out of employment in England. An overseas committee had been formed in London and already 37,000 had sent in applications to be sent to the colonies—the majority wishing to come to Canada—and he asked that a welcome hand be given them. A local employer had undertaken to engage 25 of them in a trade and he trusted others would follow. They did not ask charity for these men, only justice.

After Venezuela had been told to treat Trinidad in the matter of a 30 per cent. tariff better in the future, Mark Sheldon moved a series of resolutions having for their object a common shipping law for the whole empire.

The delegates adjourned at one o'clock until 10 this morning.

Yesterday afternoon the delegates were entertained by the board of trade to a unique entertainment at the University stadium. There was

a review of 8,000 public school cadets, a chorus of 600 school children who were accompanied by the Royal Grenadier's Band, folk-dancing by school children and a lacrosse match between Toronto and Brampton for a cup presented by Lord Desborough.

The stadium was filled to overflowing by people anxious to welcome the delegates. The boys drilled past in excellent manner, winning high praise from the delegates. The children's chorus rendered some excellent songs in a manner which showed they had been trained. The dancing was excellent, and if the enthusiasm shown over the lacrosse match may be taken as any indication, the sport is on a good upward grade.

The delegates expressed their satisfaction with the entire performance and those who organized it are to be congratulated on the smoothness with which the whole affair was carried out.

No Treaty Violation by the Chillicothe

(Special 4 p.m. Dispatch from Canadian Press Ltd.)

WASHINGTON, Sept. 22.—The United States coast guard cutter "Chillicothe," which is cruising on the St. Lawrence River, carries no armament which would violate the provisions of the treaty with Great Britain concerning armed vessels on the waters between the United States and Canada. It was stated today by Commodore W. E. Reynolds, commandant of the coast guard service.

Kingston, Sept. 22.—The Ontario Branch of the Army and Navy Veterans protested yesterday to the Canadian Government that the "Chillicothe" carried mounted guns in direct violation of the treaty between the United States and Great Britain.

Polish Forces Have Opened New Offensive

(Special 4 p.m. Dispatch from Canadian Press Ltd.)

LONDON, Sept. 22.—Polish forces have commenced an offensive in the region of Grodno, on the northeast front, according to an official statement issued yesterday in Moscow. It declares the Poles have advanced along a line three miles long, capturing large numbers of troops. Fighting is proceeding, it is said.

Reports Vary as to MacSweeney's Condition

(Special 4 p.m. Dispatch from Canadian Press Ltd.)

LONDON, Sept. 22.—The mid-day bulletin regarding the condition of Lord Mayor MacSweeney said the "Lord Mayor" has suffered a setback. His sister, Mary, who has just visited him says he is very weak. Almost as prostrate as he was yesterday. Earlier statements said the Lord Mayor's condition showed no change from yesterday. He had slept well during the night, and as a consequence was somewhat refreshed this morning.

Mr. Fredericks and the Shipping Problem

(Special 4 p.m. Dispatch from Canadian Press Ltd.)

TORONTO, Sept. 22.—Shipping problems were discussed by the Congress of the Imperial Chambers of Commerce at this morning's session here. Ernest P. Fredericks, of Belleville, moved that the British Merchant Marine be maintained at its commanding position and that every colony possessing facilities be encouraged to maintain shipyards and construct all ships possible, thus retaining for the empire skilled mechanics, who are being sought by other countries. He said he thought British supremacy on seas was not so secure as it might be. Two years ago, 7,500 British ships cleared from Canadian ports, last year only 6,000 cleared. Records of clearances through the Panama Canal also showed that thousands of British ship builders had been going to the United States.

Changed Conditions Bring Greater Opportunities

Even before the law required them to make correct returns of their affairs annually to the Income Tax Department of the Dominion Government, most business men knew the value of correct bookkeeping. They realized that to be without the assistance of thoroughly trained and skilful bookkeepers was like navigating without pilot and chart and compass. But there were some who launched out without keeping any business records, or employed rough rule-of-thumb methods that are now found entirely inadequate to provide the information that must be given in the Income Tax returns.

Good bookkeeping has saved many men from insolvency, and bad bookkeeping has caused many overconfident, injudicious acts leading to bankruptcy.

The new Dominion insolvency law that went into effect on July 1st, this year, is an incentive to better bookkeeping; it compels all persons carrying on business to keep books showing the record of all their transactions.

This year the Principal of Ontario Business College has received requests for bookkeepers far beyond the available supply, especially during June, July and August, when there was an unprecedented demand. There never was so opportune a time as the present to prepare for good positions by getting the thorough O. B. C. training.

Full information regarding the service that O. B. C. provides will be given on request.

Aerial Survey of South Labrador

Major Daniel Owen Gives Some Details of Work of Expedition

Montreal, Sept. 22.—Some details of the aerial survey of southern Labrador, made by an expeditionary party about a year ago, were given recently by Major Daniel Owen, who was a member of the expedition and who is now in Montreal at the Riz-Carlton. The steamer which was commissioned for the expedition was equipped with airplanes and a hydroplane, and manned by men experienced in land survey and timber lore, aerial photography and other requirements of the work in hand.

In reviewing some of the work of the party Major Owen stated that they took 15,000 photographs, and elaborated estimates, based on checks and measurements made on the earth, over 2,500 square miles of territory around the basins of the Alexis, Gilbert and St. Mary's rivers. They found that the rugged and barren coast line was but a fringe of some twenty miles in extent and that beyond it there lay one of the most generously forested countries in Canada.

Sufficient faith had been previously given, Major Owen observed, to lead to a project, backed by European capital, and countenanced by the Royal Bank of Scotland, to suggest practical development of the timber areas within these regions. The scheme, however, was overtaken by the financial discouragement of the war and went into abandonment.

New Company Formed.

Following the evidence brought forth by the aerial survey—the first of its kind ever undertaken—a new company has been organized, known as the Southern Labrador Pulp & Paper Co., in which American capital has been enlisted, with the idea of installing a 400-ton pulp mill with four saw mill units of 50,000 feet per day capacity, to exploit this great Labrador timber preserve, and bring its productivity into the markets of the world. Major Owen said that there is assurance will be given that operations will be begun there next year. The scheme provides for the location of the pulp mill on the Alexis river, with power developed from the falls of the Gilbert river, which also flows through the territory. Mr. James Munroe, president of the Canadian Cordage Co. and director of the Imperial Tobacco Co., of Newfoundland, is a member of the new company, which has been promoted by W. F. O'Connor, formerly chairman of the Board of Commerce.

Major Owen, in speaking of the Labrador timber area, involved in this project, said that the old superstition of barren lands had been dispelled by the aerial expedition, which he accompanied. Once beyond the rocky belt of the shore line, the area is all virgin timber, without a barren spot. It is estimated that there is sufficient forest to keep the proposed pulp mill going in perpetuity. Ninety per cent of the timber is spruce, which grows to natural conditions, is harder and firmer than the spruce of more southerly latitudes, and yields more pulp in the mill. He says that every conceivable test has been applied to determine the quality of the timber, as well as its quality, and that American analysts have pronounced the Labrador spruce equal to producing the finest pulp in the world.

Another point elucidated by the aerial expedition was as to the adaptability of the soil of Labrador to agricultural pursuits, the fact being more generally promulgated that the soil and climate of these comparatively unknown regions are capable of producing vegetables in variety and of yielding a very fruitful return for labor expended in cultivation. The Alexis, St. Mary's and Gilbert rivers, Major Owen says, are navigable for steamers for thirty-five miles from the coast.

Still Lack Clue to Explosion Mystery

Officials Confess

Hundreds of "Leads," Many Contradictory, are Being Investigated—Warning is a Hoax.

NEW YORK, Sept. 21.—Department of Justice and police officials admitted tonight that fire and one-half days' investigation has failed to solve the mystery of the explosion in Wall Street last Thursday, which cost thirty-five lives and property damage running into the millions.

Officials generally agree that the explosion was carried into the triangular district on a ramshackle wagon left standing at the curb in front of the assay office, just before noon. Hundreds of "clues" have been obtained as to the identity of the driver and his wagon, but many of them are contradictory, and officials have begun the long and arduous task of tracing all of them down and trying to draw correct conclusions therefrom.

A warning that the customs house was to be destroyed at 2 p.m. today which was received in the mail yesterday by William H. Edwards, collector of internal revenue, brought thousands of the curious to the scene at the appointed hour, and resulted in a half-holiday for many clerks and other employees left the building. The bomb threat, however, failed to develop and confirmed the belief of officials at the time it was received, that it was either a hoax or the work of some letter-writing "crank."

Department of justice agents headed by William J. Flynn, chief of the bureau of investigations, still contend the explosion was planned and carried into execution by a band of anarchists. Trained investigators are at work on this theory in all parts of the United States, but Chief Flynn said tonight he was not yet in a position to make known the result of these investigations. "Police and fire department investigators together with the September grand jury, are concentrating their efforts on trying to establish the identity of the driver of the "death wagon" who, they believe, holds the key to the solution of the mystery.

Report No Progress.

Out of regard for the strained nerves of the financial district, hours of blasting in the building excavation near the office of J. P. Morgan and Co. were today restricted to an effort to develop a clue to the identification of the horse.

Government Refuses Guarantee to Reds

(Special 4 p.m. Dispatch from Canadian Press Ltd.)

OTTAWA, Sept. 22.—Agents of the Soviet government of Russia have made requests that Russian gold, shipped to Canada to pay for goods, will be guaranteed from other claims against the Russian government. They wish to secure a guarantee of the Dominion Government that the gold will be used only for the payment of goods bought for Soviet Russia. It is understood that the government is declining to give any such guarantee or to be involved in any way with the shipment of Russian goods. Opening up of trade relations between two countries are therefore at an impasse.

LONDON, Sept. 22.—An informant entered the Royal Exchange Hotel in Dublin at three o'clock this morning and going straight to the room of County Councilor Lynch, a prominent Limerick manufacturer, shot him dead, according to a Dublin dispatch.

Further Hearings in Two Big Cities

(Special 4 p.m. Dispatch from Canadian Press Ltd.)

TORONTO, Sept. 22.—During the course of resumed hearing of the Bell Telephone Company's application for increased rates by the Railway Board this morning Chief Commissioner Carvell made a promise that the Board will hold sittings in Montreal and Toronto for the hearing of local evidence. City Solicitor Waddell of Hamilton put in a plea for that city but did not get a definite promise from the chairman. Mr. Carvell stated that he was of the opinion that sittings held outside the capital were only wasted time but he knew the feeling prevailing and would bow to it.

Miraculous Escape

Cornelius Boroman, a 15-year-old messenger, testified today before the jury that the force of the blast ripped the figure of Christ from a crucifix he was carrying in his trousers pocket. The boy was not hurt.

Miss Rebecca Epstein, a 22-year-old stenographer, who has been summoned to appear before the jury, told Acting District Attorney Talley, that she had seen the "death wagon" before the explosion, and also its driver. The only description of him she could furnish was that he was of medium height, between 35 and 40, and wore a straggly beard of a few days' growth. She said he was dressed in brown overalls.

Horsehoes Not Identified.

Members of the Journeymen Horse shoers' Union, Local No. 1, at a meeting tonight, failed to identify the shoes of the horse found in the debris of the explosion. Detectives have already visited 91 blacksmith shops in New York city, but without success.

Union officials say there are 500 blacksmith shops in New York and nearby towns in New Jersey, and detectives plan to visit them all as soon as possible. Meetings of other horsehoes' unions will be held soon and the police will be present in an effort to develop a clue to the identification of the horse.

(smack, smack!) "are you going to close down?"

Simeon lifted up his voice in a long, melancholy howl. He struggled feebly to his feet, and instantly went down again under a terrific blow across the right ear (movement 22A).

"Is your soul better, Simeon?" asked Father Lucien.

Simeon blinked up into the ring of faces about him. It was an extraordinary thing, but though everybody seemed very much interested in his predicament, nobody showed any signs of interfering to help him. Public opinion was very quick in St. Marie.

"Now you may get up, Simeon," said the cure, and Simeon hastened to obey. His eyes traveled quickly in the direction of an empty brandy bottle upon the counter. If he could get it into his hand.

Smack! went the singstick, and Simeon was down again with a roar like a poleaxed bull.

"What did you do that for?" he whimpered.

"I'm helping you the best way I know, Simeon," answered the cure mildly. "Are you going to close down?"

"I'll have you arrested," Simeon yelled. "I'll write to the bishop about you."

Crash went the singstick. "Are you going to have me arrested?" inquired Father Lucien.

"No!" muttered Simeon, covering his head with his hands.

Crash! Simeon's hands flew apart as if they were attached to springs. "Are you going to write to the bishop?" asked the cure.

"No. For God's sake let me go, you 4—— butty!"

Simeon smacked at the knob on the end of the singstick nearest him, but movement 4 provides for that, and the crack of a broken finger was distinctly audible to the intensely interested spectators.

"When are you going to close down, Simeon?" demanded Father Lucien, standing over the prostrate liquor-seller.

"At once!" yelled Simeon, bursting into tears. "For God's sake don't hit me again!"

Simeon looked so abject that the cure had not the heart to continue his punishment. He looked at him. A singstick describes a circle having a radius of several feet. Exercise 2 cleared the counter in a flash, leaving a wreck of cooking spoons and broken glasses.

When the cure turned upon the enthusiastic shouting throng, the crust died off their faces.

"Get out of here, my children!" he shouted. And, twirling his singstick with indescribable velocity, he brought it down on one head after another, much as one might strike a row of fence posts. The terrible implement seemed to fly in all directions at the same time. Father Lucien cracked the head man across the shoulders and sent him flying into the street.

"For God's sake don't leave me alone here with him!" moaned Simeon from the floor.

Father Lucien came back and stood over him, twisting the singstick meditatively. At last he laid it down upon the counter.

"It's all right, Simeon, my son," he said gently. "I think I've cured you now. I'm going to hear your confession. A man never knows when he's going to be sick, Simeon. Let me hear you say your Act of Contrition, if you haven't forgotten it."

"Wait a minute," pleaded Simeon. "Are you going to see my brother Louis afterward?"

"I've seen him," answered the cure.

"And Jean Foulot, and Albert Deonin, and George Maisan, and—"

"I'm going to," replied the cure grimly. So Simeon, with a new expression of gratification, came back into the church.

When, fifteen minutes later, Father Lucien emerged from the shanty, Ste. Marie was an extraordinary sight. Every drinkshop had locked up, their owners had fled, and the streets were packed with crowds which, at the sight of the priest, set up a yell of delight. The women pressed about him, submitting their gratitude. It was with difficulty that he could make his way through the feminine bodyguards that accompanied him along his way, and after he had persuaded them to go home the distant cheering still rang in his ears.

"I shall come back every week," was Father Lucien's last promise to Ste. Marie. "I shall break the head of every man who has brandy in his house."

"God bless you, father," came back from a hundred throats.

And, being at last satisfied that Ste. Marie was closed as tightly as it was ever likely to be, Father Lucien took the homeward road to St. Boniface again.

He went through the limits instead of along the shore, and was nearing the village when he encountered Lafa.

"Hello, Father Lucy! Where do you come from?" asked the latter.

"I've just been paying a pastoral visit to Ste. Marie," said the cure demurely.

Lafa stared at him. "What d'you call that?" he demanded.

"That is a singstick," said Father Lucien. "It is a good exercise for old men like you and me, Lafa."

"Sort of light double club," said Lafa. "What's that hair on the end of that?" Say, that looks like blood, don't it?"

"That is Simeon Duval's" the cure answered. "You see, Mr. Lafa—"

Lafa stopped short. "Father Lucy, you mean to tell me you've knocked out Simeon?"

Tend To Your Child's Eyes

At the beginning of the school year, bring your child to Blackburn's

HUNTINGDON SCHOOL FAIR RIVALS OLDER EXHIBITIONS

Most Interesting and Successful Gathering at Ivanhoe on Saturday—Keen Competitions in the School Parades—Large Attendance.

(Staff Report Daily Ontario.)

If Huntingdon Township School fair goes on increasing in attendance and all-round excellence many of the regular old-time exhibitions will have to look well to their laurels.

Saturday's seventh annual Rural School Fair which was held on the public school grounds at Ivanhoe established a new record in attendance, interest and high quality and extent of exhibits. The children who were there in great numbers from the schools of the township displayed the utmost enthusiasm and proficiency in the varied exercises of the day.

The School Parades.

The most spectacular feature of the program was the school parade in which the pupils from White Lake, Ivanhoe, West Huntingdon and Moira schools competed.

White Lake school was a reflection of the great dairy interest. The girls with their neat aprons, bonnets, and little shining pails made a truly bewitching group of milkmaids while the boys, uniformly clad in their more sober blue jeans, gallantly carried the milk-pails.

Ivanhoe school presented a more animated and warlike appearance and girls and boys were armed with bows and arrows and were gotten up with all the wild-west accoutrements of the militant redman.

West Huntingdon school gave another stimulating representation in which patriotism and production were happily combined. The red, white and blue sashes and bunting illustrated the patriotic sentiment, while overalls, rakes and hoes carried out the idea of the labor that means production.

The children of Moira school were happy exponents of the harvest home. Their decorations of ripening fruits and harvest costumes were most appropriate to the season.

The judges of the parades had a difficult task for they took into consideration not only the costumes but also the marching, decorations, singing, class yells and general deportment. After long deliberation the best judges could do was to make it double tie. White Lake and Ivanhoe tied for first and West Huntingdon and Moira for second.

The trainers and instructors at White Lake were the two teachers, Misses Sullivan and Belford, at Ivanhoe, Mrs. Rowe, at West Huntingdon, Misses Payne and Farrey and at Moira, Mr. Roy Welsh.

Fine Miscellaneous Exhibit.

The display of garden vegetables was a reflex of the marvellous vegetable growth of the present season. The potatoes were large, perfectly smooth and magnificent specimens of their kind. The same might be said of all the other classes such as carrots, onions, beets, turnips, corn and fruits.

Weed, weed-seed, plant leaf and insect collections showed varied knowledge on the part of the pupils and much skill in the mounting or care. This valuable and practical work is now carried on in all rural schools.

Fancy work, drawing and writing and similar exhibits also showed a high order of talent on the part of the pupils and capable instruction on the part of their mentors.

A Few of the Winners.

We have not space to reproduce the names of all the winners of prizes but here are a few—

Sack Race—Boys under 12. Sam Ray, Frank Reid, John Ashley.

Sack Race—Boys over 12. Clarence Wilson, Bernard Post, Nelson Welsh.

Foot Race—Girls under 12. Amy Robinson, Essie McMillan, Alice Morgan.

Foot Race—Girls over 12. Grace Morgan, Alice Fleming, Annie Robinson.

Trustees' Race. Chas. Ketcheson, Mr. Downey, Henry Wallace.

Three-legged Race—Boys. Nelson Welsh and Harvey Clare, Frank Reid and Gerald Reid, Sam Ray and Bonter Rollins.

Three-legged Race—Girls. Alice and Edna Moses, Annie Robinson and S. Collins, Keitha Brickman and Mary Elliott.

Running High Jump. Harvey Clare, Gerald Reid, Nelson

- Welsh. Running Long Jump. Harvey Clare, Roy Downey, Clarence Wilson.
- Newspaper Race—Girls. Florence Beatty, Mona McCauley, Jennie Robinson.
- Collection Weed Seeds. West Huntingdon School, Moira School, Mona McCauley, sec. 3.
- Collection Weeds (plants). Moira School, Fuller School, White Lake School.
- Collection Pressed Leaves. Moira School, Fuller School, Ivanhoe.
- Collection Insects. Marton Jones.
- Spring Calf. Gordon Wood, Herb Wood, Spring Colt.
- Elmer Wood. Cockerel.
- Margaret McQuade, Myrtle Reid, Hester Jones.
- Pullet. Clifford Mitz, Hester Jones, Myrtle Reid.
- Pullet and Cockerel. Jean Pitman, Clifford Mitz, Nancy Haggerty, Hester Jones.
- West Huntingdon School won 10 first prizes and 24 prizes in the other classes. Moira won 20 firsts and 60 in other classes. Ivanhoe won 17 firsts and 45 others. White Lake's winnings were 10 firsts and 24 others. S. S. No. 3 won 5 firsts and 21 others. S. S. No. 6 won 2 prizes.

There were about 250 entries in all. Large sections of the exhibits were displayed in the school buildings but it is thought that some better arrangement should be made. It has been suggested that the department of agriculture should purchase another tent to house all the small exhibits, as was formerly done. The school room is needed as a resting place for women with young children and is altogether too cramped a place for an effective display.

A regrettable occurrence was a loss sustained by ex-Reeve Henry Wallace. He had just purchased the mammoth prize water melon, paying therefor the unusual price of ten dollars as an encouragement to the youthful prize-winner. The melon was carefully deposited in the recesses of Mr. Wallace's automobile in anticipation of a feast, but during the excitement of the day some low person carried off the melon and left no clue as to his or her identity.

The officers of the Rural School Fair's Association are pupils in attendance at the various public schools. They are: President—Harvey Clare. Vice President—Barton Haggarty. Secretary—Edna Rollins. Treasurer—Elmer Woods.

Board of Directors

Hazel Wallace—S. S. No. 1 & 3. Jas. Vanderwater—S. S. No. 2 & 5. Harvey Prentice—S. S. No. 4. Florence Beatty—S. S. No. 6. A large share of the credit for this and other school fairs throughout the district should be accorded to Mr. A. D. McIntosh, the capable and untiring representative of the Ontario Department of Agriculture.

LATE MRS. MARY KENNEDY

The remains of the late Mrs. Mary Kennedy, who died in Ottawa, arrived in the city yesterday via C. P. R. and were taken to Belleville cemetery for burial. Her son, two daughters and grandson accompanied the body to Belleville. The Rev. Rural Dean Swayne conducted the last sad rites.

Death of Miss Agnes Kehoe—Auto Owners and Church Attendance—Sermon by Major Frost on the Labor Problem—Other News and Notes.

(From The Ontario's Special Trenton Correspondent.)

Trenton, Sept. 20.—Miss Agnes Kehoe, who has been seriously ill for the past few weeks, died today at her parent's residence on Spring street. All that attentive doctor's skill and loving parents and friends could do could not save this young girl's life. Miss Kehoe was book-keeper in the A. E. Cuff Pant factory. She was a Roman Catholic in faith, and the funeral services will be from St. Peters-in-Chains, Interment in the R.C. cemetery.

The services at King Street church were very impressive. Capt. Clarke, the pastor, preached on the union of Protestants at the morning services. His arguments were well founded and his sermon was forceful. In the evening his subject was: "I have bought me an automobile, and cannot come." Owners of autos were requested to be present and the large audience showed that they responded. The correspondent believes that auto owners will attend divine services more regularly.

Born—On Monday, Sept. 19, to Mr. and Mrs. Peter C. Dempsey, Wooler Road, a son.

Mr. and Mrs. Harry Kennedy, Lorne Ave. and Mr. and Mrs. Arthur, Shuter St., arrived Saturday evening from the Ottawa fair.

Grace church services were well attended. Major Frost preached both morning and evening. Mrs. Hindes sang a solo with a harp accompaniment in the morning. In the evening the Major preached on "the labor problem and it was a 'real live' sermon, such as the people want to listen to. The choir sang "God be Merciful."

Col. Lazier and family called at Mrs. Burin's, Lorne Ave., on Sunday.

Miss Eleanor White has returned to Trenton and is staying with her grandmother and aunt, Miss Minerva White, Marmora St.

Mrs. A. Asselineau, of Belleville, was in town on Friday.

Miss Olive Smith, King St., is home again after a few days in Toronto.

ROTARY LUNCHEON

The luncheon of the Belleville Rotary Club held at Hotel Quinta yesterday afternoon was again most interesting and was attended by a large number of members. Rev. Dr. Scott, a missionary of the Presbyterian Church of Canada who has been laboring in Korea gave a brief but decidedly informative account of life and conditions in what was until recently one of the most ancient kingdoms on earth, with a continuous history running back over 4,000 years but what is now a Japanese colony. The main desire of the Koreans, said Dr. Scott, was opportunity. The young Korean was not allowed to become a teacher or a judge or to hold any similar position of confidence and direction. He was delighted to meet Belleville Rotarians.

Judge J. F. Wills, who was present for the first time, as a Rotarian gave a brief but amusing initiatory address.

Rotarian Knight McGregor added to the already large debt of gratitude owing to him by Belleville Rotarians by singing a group of six songs as a farewell contribution before leaving for the Fall campaign at New York. Among the selections rendered were "Hear Me, ye Winds and Waves" by Handel, "Dona," "Khaki Lad," "O, Didn't it Rain" and "Toreador."

In this group, representative of various moods, Mr. McGregor found fine scope for his ability. His voice has that unusual quality of being equally full, resonant and voluminous in the lower as well as the higher notes. Add to this an intuitive capacity for the expression of the underlying and often elusive sentiment and you have the master of song that Mr. McGregor has undoubtedly become.

The supreme artistry of Miss Wallace as accompanist was demonstrated to wonderful advantage in that majestic instrumental setting that goes with the "Toreador."

F. V. Laughton, Parkhill town clerk, has been appointed returning officer for West Middlesex for the prohibition referendum.

Miss Olive H. Murray, Ingersoll, has been appointed art specialist of the Strathroy Collegiate Institute.

John A. Jones Tells of the Tragic Affair

In Which He Lost His Wife and Had a Close Call Himself.

Further particulars have been received regarding the tragic affair in which John A. Jones, formerly of Kingston figured. He lost his wife, a close call for his own life, as the result of a boating accident on Sunday last.

They had left Chicago on their honeymoon in an eighteen-foot launch, which carried a square sail. They put in to Ephraim, Wis., Aug. 21st, with much difficulty. A storm had disabled the boat and it was half-swamped. They went as far as Washington Island, subsequently, and were on their return trip. They left Milwaukee Saturday afternoon.

At 3 o'clock the motor suddenly stopped. The waves were high, and while Mr. Jones tinkered with the motor the day passed into night and suddenly the boat capsized.

"I found my wife struggling in the water," Mr. Jones said. "I got her into the boat after I had righted it. I put her in the bow. Then came another heavy sea, and the crazy boat tipped over again.

"Then I got the chain and fastened the poor girl. I thought she was secure, but the waves released her from the chain and shot her into the lake and carried her beyond my reach."

"Meanwhile I had been burning clothing soaked in gasoline. Nobody saw the signal. Nobody came. I saw passing craft all day, but couldn't attract the attention of any of them."

Mr. Jones is a landscape artist in Chicago, and lives at 4825 Prairie Avenue. He was thought to be a bachelor, and few knew that he was married until he began suit against his first wife called "the socialist Joan of Arc." She had never used the name of Jones, never calling herself anything but Elizabeth Gurley Flynn. They had one child, John F. Jones, who is said to be with his mother in New York.

Mr. Jones, in his divorce bill said that his wife deserted him two years after the wedding ceremony.

Jury Awards \$3000 Damage

Hydro Loses Suit With Friends of Electrocuting Man

In the Assize Court this afternoon, the jury brought in a verdict for \$3,000 in the case of Akey vs. the Hydro-Electric Power Commission. The plaintiff charged negligence by the defendant. The issue was for damages for the death of a man by electrocution at Tweed.

In the case of Roe vs. Leonard, the jury awarded Roe \$500. damages against a man named Leonard for alienation of his wife's affections.

Goes to the Reformatory

S. Woodcock Admitted Charge of Assault

Sampson Woodcock, of Bancroft, this morning appeared at the assize before Chief Justice R. M. Meredith and pleaded guilty to a charge of indecent assault. A more serious charge was not pressed. He was sentenced to not less than six months and not more than two years less one day in the Reformatory for Ontario. Crown Attorney Wm. Carnes prosecuted and E. J. Butler defended the accused.

Ford Back to Pre-War Prices

DETROIT, Sept. 21.—Reestablishment of pre-war prices on all products of the Ford Motor Company will be effective immediately, it was announced today by Henry Ford. Price reductions range from fourteen per cent. on motor trucks to thirty-one per cent. on small automobiles. The announcement said that reductions were made despite unfilled orders for 146,000 vehicles.

Styles of Dress Are Condemned by Priest

Porto Rican Priest Says Modern Dances are "Mockery to Shame."

SAN JUAN, Sept. 21.—Present styles of dress and the newer dances are severely criticized as immodest and degrading by the Rt. Rev. William A. Jones, Bishop of the Roman Catholic Diocese of Porto Rico, who has issued a warning to both priests and parishioners against their demoralizing influences.

Certain of the modern dances are "mockery to shame and in reality are nothing more than a bait to sensuality," in the opinion of the Bishop, while the style of the day in women's dresses, he warns, should not be used to "exhibit nakedness."

Priests are advised that they may not organize dances for church benefits, according to instruction from the Pope, while they may attend festivals organized by lay members of their congregations where dancing is indulged in.

The Bishop gives his views on dress and dancing in an ecclesiastical letter addressed to both priests and members of the church in this diocese and published in the official church bulletin.

Farmers Expected to Support Referendum

Saskatchewan Grain Growers Urged to Work for Prohibition.

REGINA, Sept. 21.—Regardless of their own local opinions, members of the Saskatchewan Grain Growers' Association in all parts of the Province will be expected not only to support prohibition, but to get out and work for the passage of the referendum on October 25th, it was announced by the management.

The question was asked at a meeting of the Temperance Committee of One Hundred as to the extent of active support which might be expected during the campaign from the association, and J. B. Musselman made reply to the foregoing effect.

Mr. Musselman is sending out circulars to the officials of the several hundred locals throughout the Province, urging upon them that active and generous support of prohibition legislation, in view of the definite stand taken on this question by the association at its annual convention and by the governing body of the organization. Their circular will make it clear that nothing less than complete abridgment is expected, and that the members must do everything in their power to bring this about.

SINCLAIR'S Autumn Is Here!

The Calender says so. The cooler days say so, and the new stocks of merchandise is our store says so. Complete assortments of Autumn apparel are ready: Suits, Coats, Dresses, Blouses, Gloves, Neckwear and stockings—everything that gives comfort and beauty for the new season. There is such a pleasure in having the first choice of the new things and now is the time to most fully enjoy this privilege.

The Suits of Autumn Elegantly Braided and Rich With Fur

Elegantly Braided and Rich With Fur. One encounters so much that is new in this suit showing, that to linger and inspect each new feature and to try on every suit becomes a real temptation. Embroideries, tasteful fur trimmings, gay linings are style departures that catch the eye, but we are sure when you inspect their faultless tailoring and their individuality of style, you will be greatly impressed with them.

A Frock

of Serge or Tricotine is every woman's first concern in Autumn. It fills a dozen distinct and different needs. She may don it for informal social wear, or just as appropriately for the shopping trip. The favored Autumn tones are all shown moderately priced from \$19.50 to \$65.00.

Sweaters For Chilly Days

Two special clearing lines of Sweaters have been set apart for quick selling. The one lot consists of Pullover Sweaters with V Neck and sailor collar in contrasting colors. They are specially priced at \$3.50. The second lot are Pullover styles with round or V Neck, in a good variety of colors, priced to clear at \$2.50 each.

You will picture the children wearing cunning little frocks when you see these Ginghams. And we won't be a bit surprised if you select a good many yards to make into dresses for yourself. Prices begin at 50c yd.

New Autumn Woolens

Lovely in Tone and Finish. The new Woolen Fabrics of Autumn have warmth and body, yet they are inexpressively soft to the touch. Only after they are made up into fashionable frocks, coats, suits and skirts can one fully appreciate the beauty of their textures. There is great variety from which to choose.

TALK OF THE TOWN AND OF THE COUNTRY

COMMITTED FOR TRIAL

Elmer McDougall, landlord of the Oswegatchie House; W. J. Baile, his bartender, and Fred Lassall of 13 Tait street, Odgensburg, whose places were raided by federal prohibition agents late Wednesday, were arraigned before United States Commissioner Myron E. Gray and charged with having quantities of liquor in their possession and control. All three waived examination, being held for the action of the federal grand jury convening at Auburn October 5. Bail was fixed at \$1,000 and each obtained sureties.

TO UNVEIL TABLET

On November 11th, Armistice Day, a handsome tablet will be unveiled in the hall of the Young Irishmen's Catholic Benevolent Society, on Wellington street, Kingston.

The tablet will contain the names of all the men of the society who volunteered for service overseas, and also the names of the men of the society who were killed on active service.

Arrangements are being made for the event, and it is likely that the ceremony will be performed by either His Grace Archbishop Spratt, or the President of the Society.

WHERE COAL IS SCARCE

A recent visitor at Port Hope from Woodstock, Ill., tells us that coal in that city is altogether out of the question. Citizens have filled their bins with soft coal and consider themselves lucky in securing even this grade of fuel. When passing through the southern part of Chicago our visitor counted a large number of sheds without a single pound. He says that large manufacturing concerns are receiving only a very limited supply and when traffic becomes congested many of the factories will be obliged to close down.

CHEQUE FORGER BELIEVED CAUGHT

Allan L. Coleman, alias Dr. Edward Durand of Detroit, alias Jean Durand, has been arrested in Victoria, B.C., and it is believed by the police of that place that the prisoner is the man who has been raising cheques in all parts of the country. It will be remembered that a few months ago a man giving his name as Jean Durand passed several cheques on some Kingston merchants. Durand's method was to deposit ten dollars in a local bank. He would then make out a cheque for nine dollars, have it certified by the bank and then raise the cheque in an ingenious way to ninety dollars. Durand put over this trick on three city merchants, and it was not until the cheques were returned to the bank that they were found to be worthless.

When arrested Coleman or Durand, was found to have in his possession bank books of a number of Canadian banks, purporting to show that he had money on deposit up to

the thousands. These books, it is alleged, are forged. A set of rubber type and ink pads were found, and a large number of cheques, some of them filled in and marked "accepted."

He was arrested in Victoria on the charge of obtaining goods under false pretenses, and his past record is being investigated.

SMALLPOX EPIDEMIC OVER

During the fourteen months' period beginning June, 1919, and ending July, 1920, there were 155 cases of smallpox registered in Peterboro. For the first time since before June, 1919, Peterboro has now no houses quarantined. Only one patient is in the Queen Mary Hospital with the disease and in a few days it is expected this patient will be well enough to be removed. Last January the smallpox epidemic reached the peak. In this month there were twenty-five cases and one death.

HAVING A COMPETITION

Ernest Prickett and George Pearson, Jr., Deseronto, are having a little fishing competition. Last week Mr. Prickett captured a small-mouthed black bass that was nineteen inches long and weighed (an hour after it was taken out of the water) four pounds, five ounces. On Saturday Mr. Pearson landed a beauty at the Light near Foresters Island. This bass was also nineteen inches long, and weighed four pounds, eight ounces.

41-IB. MASCO

Rueben Way captured a maskinonge which weighs 41 pounds, is four feet five and a half inches in length and 22 1/2 inches in circumference about the middle. The fisheries of Prince Edward this year have produced abundance of the best fish that swim.

OPENING OF QUEEN'S STADIUM

Plans are being arranged for opening the new Richardson stadium between October 23rd and November 4th. As both games here of the intercollegiate will have been played by that time the opening feature will likely be an exhibition match, though at the meeting of the intercollegiate union in Toronto this evening Queen's will try to have the schedule rearranged to provide a game for this important event.

73 STRIKES IN AUGUST

Loss of time on account of industrial disputes was considerably less during August than during July, of August, 1919. During the month there occurred twenty-three strikes, involving 4,812 workers and resulting in the loss of 79,482 working days. In July there were 49 strikes, involving 6,734 workers and 84,221 working days. In August, 1919, there were 46 strikes affecting 24,511 workers and causing a time loss of 385,062 days. Eight strikes were terminated during August, leaving fifteen strikes affecting only 744 workmen, unsettled at the end of the month.

Amazing Arguments in Favor of Tariff

B. C. Manufacturer Assumes That Only Luxuries are Taxed at the Frontier.

Vancouver, B.C., Sept. 21.—R. B. Thomson, chairman of the British Columbia Division of the Canadian Manufacturers' Association, in submitting the brief of the British Columbia division for the tariff commissioners at their sitting here today stated that as a part of the association of Canadian manufacturers the division desired to affirm the position taken by the president Mr. McKinnon, in submitting his brief to the commissioners at Winnipeg on September 14, that the members endorse the policy of adequate protection enunciated by Mr. McKinnon.

"All countries," declared Mr. Thomson, "which have progressed in industrial life and have become foremost nations, have enjoyed the benefits of a protective tariff. The war has taught us that as essential as the fostering of the industrial and agricultural life of a country so that should at any time be forced, through the acts of war, to abandon its interchange of trade with other nations, it can, from the products of its own resources, be able to produce all required for the comfort and welfare of its people."

"Protection furnished, through the collection of Customs duties, a very large proportion of the income of the Federal Government, the majority of the foremost nations of the world that this form of collection of revenue is one of the most just and equitable forms ever devised, because it collects from the people according to the expenditures they may make, so that if one is extravagant he pays a greater proportion than the man who is economical and saves, with a view to becoming a greater asset to the country by using his savings for the development of industry and the consequent general betterment of all. To devise any method of replacing the revenue secured through Customs duties would be a very difficult undertaking.

The Shipbuilding Industry

"This Province is a vast storehouse of undeveloped resources," continued Mr. Thomson. "It is true that the major portion of manufactured output here is made from our raw products, and rightly so; but we must not forget that it is essential to provide employment for others than those actively engaged in many of our larger industries. As an example take the shipbuilding industry, which is a large factor in the life of Vancouver and other cities in British Columbia to-day. The workmen who are engaged in the building up of this industry are men with families. All men do not want to follow the same line of employment. There are also the women members of those families; some industries are absolutely necessary to furnish work for those members of the family who are not engaged in the shipbuilding industry. The industries necessary to furnish the varied employment referred to can be established only if provided the protection necessary in each case is guaranteed."

United States Competition

"The geographical position of this Province in relation to the markets of the Orient and Australasia," Mr. Thomson pointed out, "is a strong argument in connection with the development of industry here. We have been told by Government trade commissioners and by those who have visited those markets of the immense field existing there for the sale of practically all lines we are capable of producing. Surely it is highly important that manufacturers should be encouraged to furnish freights through their products as outgoing cargoes for those ships of the Canadian Merchant Marine, and it is admitted that no shipping industry can exist without outgoing as well as incoming cargoes."

Girl Arranges Fistic Battle Between Rivals

Black Eye For One Ends His Chances of Winning Detroit Maiden.

Detroit, Sept. 22.—Mail-clad knights of the days of chivalry never battled more lustily for lady favors than did Edward Mastag and Louis Staszinski for the favor of 18-year-old Helen Czekowski.

The combat, which was staged on Belle Isle Thursday afternoon, came to an ignominious end when an unromantic policeman, John Redmond of the Belle Isle station, led the two champions and their pretty referee away to face a charge of disturbing the peace.

Before Judge Marsh Friday, it developed that Helen, who resides at 384 East Willis avenue, had known Edward for two years and Edward had been presumptuous enough to believe he was her "steady." Edward lives at 221 Mitchell street.

"Three months ago, Louis Staszinski, 467 Garfield avenue, came into her life, and the contest began. She tried to forget Edward, she told Judge Marsh, but he insisted on reminding her of his presence and his enduring affection. Thursday she decided to let the rivals submit their claims to trial by combat.

Louis took her to Belle Isle "for a walk." Edward was to meet her there, "for a walk." She "planted" Louis near some bushes on the children's play-ground and went to the Casino to get Edward. As she neared the hiding place of the trouble-maker she apprised Edward of her intentions, instructing him to raise his fists and "go to it."

After doing this for some time, Edward received a black eye and Helen stopped the fight, highly satisfied, as she told the court.

"I don't feel like adding to the decision of such a competent referee," Judge Marsh said. "Sentences is suspended in each case."

"Edward must stay away," Louis remarked, glowing at his defeated rival. "I'm perfectly satisfied," Helen opined. "I'm through with all women," Edward averred.

Pucky Fire-Fighter

Located Big Gas Leak and Plugged It With His Hand

CLEVELAND, Sept. 22.—Even as the little Hollander saved his town from destruction when he plugged up the hole in the dyke with his finger, so did Fireman Rank Booth prevent probable loss of life and destruction of property here, when he plugged up a hole in a large gas pipe with his finger until fellow workers found him, blinded and fainting. Booth covered the leak for forty-five minutes.

When his company responded to an alarm of fire they found a large store building burning fiercely and the tenants of the upper apartments in a panic. Occasional explosions of gas shook the structure. Booth managed to locate the leak and covered it. Fellow firemen found him leaning against the wall, knees sagging, verging on insensibility, but his hand keeping the gas from escaping.

Detroit Teachers

Will Build Hotel

Detroit, Sept. 18.—Driven by high rents and restaurant prices, the Detroit Teachers Association will soon erect or purchase a co-operative hotel.

The sentiment of the last year during which teachers were compelled to pay as high as \$12 a week for small rooms and proportionate prices for meals, has crystallized in an effort to avoid landlord profiteering permanently, and a meeting of a special committee of the Association has been called to plan a search for suitable sites.

Preference of the teachers as to sites will be given a hearing, and if the association does not decide on a centrally located hotel or club house it will acquire a number of residences throughout the city and convert them into teachers' private hotels.

Co-operative dining rooms, designed to fit the needs of teachers, will be one of the special aims of the committee working on the project.

POLICE COURT

Almo Clarke, Rene LeBrock, Nova Bernard, Leo Lavelle, Paul Garpy and Arthur Martin who were arrested a week ago yesterday, came before Magistrate Mason this morning and were let go, except Clarke. He was found guilty of stealing a quantity of tobacco from the C.O.R. at Springbrook and a coat from Elliott Collins who is at work on the Provincial Highway. Clarke was given a week.

To Discover the Weak Spots in Sovietism

All-Russian Census Ordered with This End in View

MOSCOW, Sept. 22.—Wireless instructions "to all political sections" have gone forth from the Bolshevik Central Committee here that an all-Russian census is to be taken, which, it is explained, is essential with a view to discovering the weak places in the Soviet social fabric and to relieving each other's want and disorganization.

"As to private property," the circular adds, "in the property of the whole state, each individual part depends on the other parts." "Lastly," the decree proceeds, "the town populations have moved in large numbers to the country. Regarding the workers, tradesmen and specialists, we do not know how many there are, nor where they are. It is essential to discover and reckon up this working force. When this is done, there will be a possibility of correctly distributing them."

It is further explained that a census of children is necessary in order to know how many schools, kindergartens and creches should be opened. The illiterate must be registered in order to know where there are many, and to send teachers there. Old, crippled and otherwise disabled people must be registered so as to know how they may be assisted, and how to provide for them.

Agricultural returns must be made so as to know the number of people working on the land; whether they are provided for, what they are cultivating, and where there are waste and uncultivated lands. It will then be clear where help must be sent, what seeds and machinery must be ordered from abroad, how much cattle is necessary, etc., and the same applies to factories, mines and all industrial plants. The point is to discover the weak spots, and how they may be healed, says the circular.

SEVEN LEADING MEN IN "EYES OF YOUTH"

Seven leading men in one picture should prove a distinct novelty. As a rule, one matinee here is sufficient to satisfy the demands of an interested public, but in the case of "Eyes of Youth," in which Clara Kimball Young is starred, it was found necessary, because of the numerous angles of the big dramatic story, to provide seven leading men to carry out the big roles of the production.

They came from the east, the west, the north and south, Harry Garson, the producer of "Eyes of Youth," combed the American market for eligible leading men and prominent names will mark every role of the play. From New York Garson secured Edmund S. Lowe, who plays the romantic male lead of "Eyes of Youth," opposite Miss Young. Last season Mr. Lowe was leading man for Florence Reed, and is one of Broadway's biggest favorites. From New York also, came William Courtleigh, who plays a leading role in many of the big productions of Broadway for the last ten years. Mr. Courtleigh will have the great character role of Paolo Salvo, the impresario in "Eyes of Youth." From the north came Ralph Lewis, and Gareth Hughes, both famous on stage and screen alike. Gareth Hughes is regarded as one of the screen's most famous young actors, and has been starred both on the stage and in motion pictures. Vincent Serrano and Milton Sills, both too well known to introduce, will play any further introduction, will appear in "Eyes of Youth," one as the Yogi or Hindu teacher, and the other in a leading character part.

The seventh leading man of this aggregation is Rinaldo Valentino, who will have the role of the dancing master in "Eyes of Youth." In "The Eyes of Youth," Clara Kimball Young has a vehicle that will prove the most lavishly staged film in the history of the screen.

Chas. Allen, aged 30, who had been a lifelong resident of St. Margy's, died on Friday.

McFEE'S EYE TALKS
DON'T FORGET WE SAY IT YET—SAVE THE PIECES!

If you "save the pieces" we will be able to replace your broken lenses with accuracy whether we wrote the original prescription or not. It is a good thing to remember that optometrists agree that your eyes should be examined at least every two years. Their condition may require lenses of less or greater strength.

A Boon for the Bilious

The liver is a very sensitive organ and easily deranged. When this occurs there is undue secretion of bile and the acid fluid flows into the stomach and sours it. It is a most distressing ailment and many are prone to it. In this condition a man finds the best remedy in Paruale's Vegetable Pills, which are warranted to speedily correct the disorder. There is no better medicine in the entire list of pill preparations.

TORONTO, Sept. 21.—With 3,500 cattle on sale yesterday, the general opinion of the opening among the shrewd men was that cattle would be in better supply than last week, but this opinion did not materialize. The market might be quoted as just about steady, in keeping with the light supply. The quality of the cattle was generally inferior. There was a fair demand for choice and good butchers, but for all other grades trade was slow. The offerings were pretty well cleaned up at the close. Breedy feeders will sell at steady prices. For good milk cows and springers the better classes are wanted. The bull market shows no change. The prospects, as far as can be judged, are for steady prices for good cattle, but for the common class, and there are a lot of them coming, it looks as though the prices will be lower. BUFFALO LIVE STOCK. DONNELLY, MCGILL STAR, COACHES M.A.A.A. TEAM.

Walter Davidson, secretary of the M.A.A.A. Football Club, announced that Dr. Joe Donnelly, who at one time was the outstanding star of the champion McGill team, had been secured as coach for this season.

The management of the club expect that all the members of the team of a year ago will be in uniform before the end of the week and several members of the executive of the club have signified their intention of assisting Donnelly.

WOMAN WITH A BABY LOOKING FOR SHELTER.

With a small baby in her arms and no place to go for the night, a young woman, who arrived in Kingston on Thursday, from Montreal, found herself in a very sad plight.

Another woman who was acquainted with this unfortunate woman called to see her at the police station on Friday morning and it is understood that she will be given assistance. The sad part of it all is that the woman has parted from her husband.

HONEY GOING TO ENGLAND.

The comb honey purchased by the Ontario government from John Kingsley, Wolfe Island, and exhibited at the Toronto Exhibition, is being shipped to London, Eng., and will be put on exhibition in the Agent General's office, also the G.T.E. and C.P.R. offices and the dairy exhibit from the 19th to 22nd of Oct. and other exhibitions throughout the British Isles, thus showing what the busy bee is doing in Ontario.

INDIANS IN SESSION.

The Indians of Rama commenced their annual two weeks' religious session on the Christian Islands on Saturday. A couple of large tents have been erected in the bush as places of worship and their chanting and praying can be heard for some distance. The attendance reaches the dimensions of a fair-sized colony.

PAINFULLY INJURED.

Mr. William Coyte, who resides near the Welcome Cemetery, and who is employed by Thomas Garnett & Sons, met with an unfortunate accident this morning while at work on the new building at the Port Hope Sanitary Works.

Coyte was removed to a hospital, and at the time of writing is resting comfortably.

AUTO TRUCKS AND BASKETS DESTROYED BY FIRE.

The large auto truck owned in Hamilton which left Port Hope, Friday morning with 4000 baskets from Port Hope, Venear & Lumber Factory took fire when about two miles east of Hamilton and the truck and all baskets were completely destroyed.

BELTILES WAR TROPHY.

The little trench mortar apportioned to this village, says the Beaver-ton Express, came to hand Friday from Ottawa. The affair is so insignificant to be worthy of comment, sufficient to say that the people of Beaverton are looking for something a trifle more pretentious than the popgun sent here after the numerous promises made to the village.

PASS THE BERRIES, JAMES.

Would you like some nice fresh juicy raspberries for tea? If you would, all you will have to do is to secure an invitation to Dr. Sands' bungalow on Loughboro Lake, for this morning Mr. J. D. Godkin, Princess street, Kingston, left at the Standard office a branch of a raspberry bush from Dr. Sands' summer camp which had a nice load of juicy fruit which was very enticing indeed.

FREE OF TERRIBLE KIDNEY TROUBLE

After Three Years of Suffering, 'FRUIT-A-LIVES' Brought Relief

For three years, I was ill and exhausted and I suffered constantly from Kidney Trouble and Liver Disease. My health was miserable and nothing in the way of medicine did me any good.

I began to improve immediately and this wonderful fruit medicine entirely restored me to health. All the old pains, headaches, indigestion and constipation were relieved and once more I was well.

To all who suffer from Indigestion, Constipation, Rheumatic Pains or Great Fatigue, I advise the use of 'Fruit-a-lives'.

Weekly Review of Farm Conditions

Cattle Range from \$150 to \$175 in Some Parts—Some Grain Still in Stock—Fall Plowing Progressing.

The following is a summary of the weekly reports made by the Agricultural Representatives to the Ontario Department of Agriculture: Many farmers are now supplementing pastures with green corn and other feeds.

While some representatives speak of slowness in the marketing of live stock, Hastings reports the shipment of five carloads last week by U.F.O. Clubs. Leeds states that a number of bulls and dry cows have been marketed lately, and also some sheep and lambs.

About 1,500 head of cattle were bought last week in the vicinity of Aliso Craig at prices ranging from \$150 to \$175 for shipment to Toronto and Buffalo markets.

Norfolk reports that 125 cans of milk are being shipped daily from Simcoe to a new condensary at Courland at \$3.88 a cwt. f.o.b. to the farmer.

Lanark reports that cheese sold on the Perth board on Friday at 26c a pound.

Hogs are selling in fewer numbers than formerly at from \$19 to \$20 a cwt. Peel, however, remarks that "Millers report an abnormal amount of feed grinding, which indicates heavy hog feeding."

The marketing of grain is comparatively slow, although Essex reports a considerable quantity of wheat and oats being brought to the elevators. Oats are threshing out surprisingly large yields in many parts of the province.

On the other hand, owing to wet weather and shortness of help, a good deal of grain is still lying out in shocks, which is not improving its quality.

Hay is selling at from \$25 to \$30 a ton. Neither red clover nor alfalfa are as promising for seed as was expected.

Essex reports that wet weather has been greatly delaying the maturing and harvesting of tobacco.

Some farmers in Eastern Ontario are cutting their corn early to avoid frost.

Lincoln reports that St. John peaches are finished and that the Crawford are coming in. While peaches have found a ready sale, plums, pears and melons are slow.

Apple pickers are in greater demand in various parts of the province than for many years.

Midlesex remarks that threshing by the bushel has been paying this season, and cites a case where 400 bushels of oats were threshed in an hour.

The late harvest, the dry and hard condition of the soil in many localities, and fear of theessian fly is delaying some of the fall wheat sowing and there is likely to be a shrinkage in the acreage.

So far a great deal of fall plowing has not been done and most of it has been shallow. Wentworth reports a considerable discing of stubble ground. Middlesex states that a number of tractors are being used.

Industry Now Watching for Cheaper Steel

NEW YORK, Sept. 21.—The Iron Age says:

Following the check given to buying by the recession in the automobile industry, the steel market has been drifting into quieter times. No new influences are yet recognized that promise an early return to activity, and both buyers and sellers look to the later weeks of the year to clear up the present widespread uncertainty as to prices.

The cancellations of finished steel by automobile manufacturers, as reported from time to time in the past two months, have made little or no impression upon the crowded order books of the mills, but each week is bringing out new cases of curtailment in tundry orders placed by automobile factories or by plants making parts or equipments for them.

The economical policy of the railroads is made clearer by the large amount of work set on foot in the repair of tracks, cars and locomotives, steel companies are getting track supply orders and car and locomotive works are busy on old rolling stock, but new rail and equipment orders will wait.

However, in the last 100,000 tons of rails for the B. and O., and 15,000 to 20,000 tons for the Norfolk and Western are under consideration and a number of roads are placing quotas on the steel corporation's books. In the west the Santa Fe is expected to buy 120,000 tons, while the Illinois Central has made reservations for 60,000 tons. Present indications are that 300,000 to 1,000,000 tons will be ordered by western roads, though something will depend on the price.

Agricultural implement makers are seeking steel bar contracts, for the first half of 1921. For filling fourth-quarter needs this industry has paid 4 cents, Pittsburg. The casing up in general demand is shown by a Pittsburg district mill offering large sizes in two or three weeks.

The country's steel pigot production in August proves to have been about 3,500,000 tons, or at a yearly rate of more than 42,500,000 tons. There was a gain of about 9,000 tons a day upon July operations, which means practically a return to the production rate of June.

Better car movements appear in every direction, but weeks of strenuous work are ahead, so large is the volume of overdue deliveries.

Seniority Counts in Clerks Increase

As a result of the meeting held in Toronto by all the general and divisional superintendents of the G. T. R., accompanied by their chief clerks and other officials, the recent wage award granted to the employees of that road will be applied to the clerical staff according to seniority of positions. A decision to apply the award by a general increase of 13 cents an hour made one week ago was reversed in favor of the new plan.

For years the road has been working under a system of remuneration which proved extremely unsatisfactory to the senior clerks because through it they received but little more than the Junior clerks. They did not believe that the difference in money received was in proportion to the responsibility assumed.

The McAdoo award of 1919, by which a general increase was given to railwaymen, did not remedy the evil, so an agitation was started some months ago by the Canadian Brotherhood of Railway Employees, along with two other organizations, to secure greater increases for the senior clerks. Their purpose was accomplished last July, when a new scale was granted by a board of conciliation. By this award the senior clerks received considerable

increases, while smaller ones were granted to the Juniors.

Because of the results of their efforts was threatened to be wiped out by the recent American Railway Labor Board award, which was put into effect on the G.T.R., much dissatisfaction was expressed by the officials of the unions. While the increase of 13 cents an hour was being granted to all clerks, the award was to be based on the scale prevailing in February, 1919, therefore all clerks who received increases last July received the 13 cents, less the amounts received at that time. This again raised the Junior clerks to almost as high a level as the senior clerks.

Matters Readjusted.

Heading the unrest of the senior clerks, and feeling that an injustice had been done, the officials of the G. T. R. cancelled the award as far as the clerks were concerned until a new scale could be drawn up, and called the meeting. The officials of the men's organizations met the officials of the company and the matter was readjusted.

Under the new plan, the same amount of money as originally planned will be paid to the clerks on the whole. Instead, however, of the money being paid on a general increase plan, the amount of the increase will depend upon the responsibility of the job.

Members of the men's committee will be appointed to investigate the conditions in each place. Assisted by a member of the staff in each of the offices who is familiar with the conditions prevailing there, and the agent of the office, he will draw up a schedule. This will be presented to the superintendent of the district for approval.

The increases will go into effect it is expected, for the last period of September, and will be included in the checks paid in the middle of October.

Swedish 8-Hour Law is Not Satisfactory

Government Committee Recommends That it be Suspended and Revised.

STOCKHOLM, Sept. 21.—A Government committee, which has investigated the operation of the eight-hour law enacted by the Liberal-Socialist Eden Government, has just recommended that the law be suspended and revised. It advocates that the length of the working day should be made dependent upon a mutual agreement between employers and employees and that some provision be made for longer working hours under certain circumstances.

The committee was unanimous in finding that the expectation that the measure would encourage industry on the part of the workers has not been realized. It reports that in no single line of work have the employees shown any greater efficiency or energy, that there has been a considerable decline in production. It says that several big plants are on the verge of closing down, because they cannot be made to earn profits owing to heavy charges for increased housing facilities for workers, higher pay rolls and the high cost of machinery.

The committee's investigation covered a period of eight months. Under the law heavy fines on employers were authorized for infringement and councils of employers, employees and Government representatives were established to consider any departure from the eight-hour working day established under the law.

When the measure was introduced Hjalmar Branting, the Socialist leader, and labor leaders declared it would not reduce production.

PALLID CHEEKS MEAN ANAEMIA

New Health Can be Obtained by Enriching the Blood Supply.

When a girl in her teens becomes peevish, listless and dull, when nothing seems to interest her, and faints do not tempt her appetite, you may be certain that she needs more good blood than her system is provided with. Before long her pallid cheeks, frequent headaches and breathlessness and heart palpitation will confirm that she is anaemic. Many mothers as the result of their own girlhood experience can promptly detect the early signs of anaemia and the wise mother does not wait for the trouble to develop further but at once gives her daughter a course with Dr. Williams' Pink Pills, which renew the blood supply and banish anaemia before it has obtained a hold on the system.

Out of their experience thousands of mothers know that anaemia is the sure road to worse ills. They know the difference that good red blood makes in the development of womanly health. Every headache, every gasp for breath that follows the slightest exertion by the anaemic girl, every pain she suffers in her back and limbs are reproaches if you have not taken the best steps to give your weak girl new blood, and the only sure way to do so is through the use of Dr. Williams' Pink Pills.

New, rich, red blood is infused into the system by every dose of these pills. From this new rich blood springs good health, an increased appetite, new energy, high spirits and perfect womanly development. Give your daughter, Dr. Williams' Pink Pills, and take them yourself, and note how promptly their influence is felt in better health.

You can get these pills through any dealer in medicine or by mail postpaid at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

West Durham Liberals Nominate W. T. Preston

Great Liberal Campaigner Named to Contest Seat for the Commons—Rousing Speeches and Ringing Declaration as to Policy.

The Liberal Convention at Orono yesterday (Tuesday) was representative of Liberalism in both East and West Durham. The main street of the village was well lined with the motors which conveyed the delegates from different points in the riding. At the hour appointed the President, W. T. R. Preston, took the chair and called the meeting to order. Hon. Jacques Bureau, K.C., M.P., of Three Rivers was unavoidably absent owing to serious illness, but his place was taken by Mr. R. H. Hall, late Liberal candidate in West Peterboro.

Mr. Preston stated in opening the meeting that he proposed to reply to the suggested enquiry as to why the Liberal Party should consider the advisability of placing a candidate in the field, in view of the fact that the Farmers' Union candidate was already nominated, and according to the policy of the Farmers' Party was also opposed to the Ottawa government. But he said that while there was agreement in views of Liberals and Farmers, there were such differences also upon one or two important points, that he did not see how in this country the Liberals could follow Mr. Reid, the Farmers' nominee. And upon another most important question of policy, in the interest of agriculture, which he intended presenting, the Farmers' candidate was in no position to take any active part in bringing into operation. Mr. Reid stood for the abolition of all tariffs. If this should be done, it meant that the other plank in the policy of the Farmers should be brought into operation, and that is that there should be direct taxation on the land to provide for the loss of the tariff revenue. This meant nothing less than that every farmer in this country would have to put his hand in his pocket and pay into the Dominion treasury not less than \$200 in addition to his income tax and the ordinary municipal rates. To this Mr. Preston said the Liberal Party was unalterably opposed, and he thought that every farmer, when he came to consider the question, would repudiate this part of the Farmers' policy.

Mr. Preston continued by saying that there was a policy which he desired the convention to adopt which meant more to the farmers of the riding than protection had, even meant to the manufacturers, but it would not work out to the disadvantage of any class on the community. The Guide regrets that in this issue want of space and time prevents a full report of the case presented in all its phases by Mr. Preston. That must be left to a later date. No such case has ever been presented as directly beneficial to the entire agricultural community of Canada, as the policy upon which Mr. Preston asked the judgment and approval of the convention. It could only come from one, like Mr. Preston, who has studied the question abroad. The array of facts presented

was most startling in its character, and the inevitable conclusions that were arrived at were unanswerable. Mr. Preston pointed out that Great Britain was the only great market for certain perishable products of this country. He dealt particularly with the cost of transportation to England, the manner of disposing of Canadian products overseas, the cost of distribution, and the profits secured by the trade in Great Britain which operated in Canadian perishable products. Dealing with the apple interest he pointed out that apples valued at \$40,000,000 had been exported to Great Britain in twenty years. For the sale of these Canadian farmers had received from \$1 to \$2.50 a barrel, averaging the prices prevailing in England during that period, according to his own experience, apples being invariably sold to the consumer over there by the pound, the consumer in Great Britain had paid for these apples in that time no less than the enormous sum of \$550,000,000, or an average of \$24 a barrel, for which the Canadian farmer had received from \$1 to \$2.50. Mr. Preston stated that he had tried for fourteen years to remedy action taken at Ottawa to justify this situation and to save to the farmers of this country this enormous loss between the amount that they actually received for their apples and the amount which the British consumer paid. Now he proposed making it a public question, and in its importance he considered it far transcended any other question now before the political life of the country. The remedy which he had proposed was the erection of huge warehouses in Europe for this perishable product, cold storage accommodation when necessary, and the distribution of this product, as well as other perishable products by our own people. A policy of this kind in ten years would save \$200,000,000 for the Canadian farmer.

Another question Mr. Preston alluded to which was dealt with at the same time was the control of the Atlantic steamship rates. This Atlantic combine turned the screw to the last point of endurance upon the export of our natural products. For twenty years he had in official reports directed the attention of governments to this question. In 1913 the Borden government had received an offer from an English syndicate to put a service on the Atlantic which would reduce the freight rate by one-half, and they never received a reply from the government. This indifference on the part of the Ottawa administration he considered a monstrous crime, and had directly cost the tolling agriculturists of Canada millions of dollars. It was upon these all-important questions that he desired expression of opinion by the convention.

Mr. Preston's speech was listened to with rapt and enthusiastic attention. The convention immediately passed a resolution pledging its adherence to the policy which he had enunciated. When the convention proceeded to the business for which the convention was specially called, Reeve Thomas Baker, of Darlington, stated that there never was a time in the interest of the country that demanded greater care and consideration in the selection of a candidate for the House of Commons than the present. After outlining the qualifications which he thought a candidate should possess he stated that as there was only one, who from his long experience and ability, could fill these requirements and around whom the riding could be reasonably asked to rally. He thought there was no one whose judgment would have greater weight in the new parliament than the gentleman whom he had in mind, and that was Mr. W. T. R. Preston, whom he then nominated as the Liberal standard bearer. (Enthusiastic applause.) Mr. W. A. F. Campbell seconded the motion in a short speech along the same lines as Mr. Baker.

Mr. Thomas Baker, who was subsequently elected President of the Association, took the chair, and after asking for other nominations and getting no response, he submitted his resolution which was enthusiastically adopted by a unanimous standing vote.

Mr. Preston, in rising to reply, was warmly cheered, and stated that he could not but be surprised, in the years when he had been fighting for the interests of the farmers on the lines to which he had referred, he never expected to be a candidate again for Parliament, or to receive this honor of a nomination at the hands of old associates. He knew well the extreme character of the

asked to enter. But that did not deter him. (Laughter and cheers.) He would fight (applause) and fight to win. (Applause.) He wished that he could obliterate his own personality for the moment, and would have their leader or champion upon vital questions and great principles. He believed the questions he had presented represented the pressing needs of the hour, and to these he would devote the whole of his time and influence. It was their cause that was at stake, and their success would mean advantages and prosperity throughout the whole of this country. Among those who took part in the discussions of the convention were Mr. Brags, M.P.P., West Durham; Mr. Jones, Liberal candidate in 1917; and Mr. W. J. B. Davison of Port Hope; Mr. Thos. Holgate, of Bowmanville and Mr. W. A. F. Campbell of Port Hope.

Anniversary Celebration

A delightful time was spent by the congregation of St. Peter's Church, Madoc, and their friends who assembled on Wednesday evening last to celebrate the thirty-fifth anniversary of the ordination of the Rev. Dr. W. S. MacTavish. After devotional exercises had been conducted by the pastor, he called upon Mr. Jas. Caskey to occupy the chair, and right well did Mr. Caskey acquit himself. After the choir had rendered a fine selection, Mr. George West, Mr. J. E. Marcellus, B. A., and the chairman read messages of congratulation and good wishes from Mr. W. B. Wood, ex-M.P.P., Montreal, formerly clerk of session in the Presbyterian church, St. George, where Dr. MacTavish spent the first ten years of his ministry; from Mrs. E. E. Kitchen, one of the oldest surviving members of St. George Church, and for many years president of the W. M. Society; from Mr. S. Russell, ex-M.P.P., Belleville, who was clerk of the Session in the Church of the Redeemer Deseronto, where Dr. MacTavish spent the second decade in his ministry; from Dr. MacGillivray, Kingston, ex-Moderator of the General Assembly, and from Rev. W. T. Wilkins, B.A., clerk of the Presbytery of Kingston. Mr. Marcellus read also an account taken from the Bradford Expositor of Sept. 11th, 1885, of the ordination and induction services held in St. George thirty-five years ago. This interesting and graphic account was available through the courtesy of the publisher of the Expositor who kindly had it copied from his files for that year. Miss Lenore Vandervoort sang with great sweetness and power, "Ships that pass in the night," and Mrs. H. A. Breakell, in "Resignation" showed that her voice had lost none of its former flexibility and strength, even though it has not been heard as often lately as her friends desire. Mr. James Booth who had been recommended as the best baritone singer in Belleville, certainly made good and delighted the audience with three excellent numbers. Dr. MacTavish read an original poem which was heartily applauded in felicitous terms, Rev. W. Higgs and Rev. T. H. H. Hall, on their behalf, and on behalf of the congregations they represented conveyed fraternal greetings and good wishes. Mr. D. A. Shaw of Kingston read a resolution passed by the session of Cooke's church, Kingston, and spoke very highly of the services rendered by Dr. MacTavish while minister in that city. Mr. William McMeohan, voiced the high opinion of the elders of St. Peter's church entertain for their pastor, and Mrs. Watson rendered a similar service for the Ladies Aid Society. To these addresses Dr. MacTavish replied briefly expressing his gratitude for the kindness shown him by his congregation and for the confidence reposed in him, and at the same time he thanked all who had contributed to the programme of the evening. Mrs. Alexander presided at the organ to the great pleasure of the congregation and to the entire satisfaction of all the vocalists whose accompaniments she played.

Another question Mr. Preston alluded to which was dealt with at the same time was the control of the Atlantic steamship rates. This Atlantic combine turned the screw to the last point of endurance upon the export of our natural products. For twenty years he had in official reports directed the attention of governments to this question. In 1913 the Borden government had received an offer from an English syndicate to put a service on the Atlantic which would reduce the freight rate by one-half, and they never received a reply from the government. This indifference on the part of the Ottawa administration he considered a monstrous crime, and had directly cost the tolling agriculturists of Canada millions of dollars. It was upon these all-important questions that he desired expression of opinion by the convention.

Mr. Preston's speech was listened to with rapt and enthusiastic attention. The convention immediately passed a resolution pledging its adherence to the policy which he had enunciated. Student Was Sent to Jail for 15 Years

Dartmouth Junior Pleaded Guilty to Manslaughter

WOODVILLE, N. H., Sept. 16.—Robert T. Meads, of La Grange, Ill., the Dartmouth College junior who shot and killed Henry E. Maroney of Medford, Mass., a fellow student, after a drinking bout in a college dormitory last June, pleaded guilty to manslaughter yesterday. He was sentenced to serve 15 to 20 years at labor in the state prison.

Meads' plea and the sentence came unexpectedly in advance of his indictment by the Grafton county grand jury on Tuesday, trial had been set for next Monday and the stage was being prepared, with interest in the case because of expected disclosures regarding the smuggling of whiskey into Dartmouth College from Canada, during the last college year.

Wedding Bells

A wedding of interest to the people of Campbellford and vicinity was solemnized in St. Mary's Church on Tuesday morning at 7 o'clock by Rev. Father Whibbs, when Miss Josephine Gibson, youngest daughter of Mr. and Mrs. James Gibson, Queen St., was united in marriage to Mr. Frank Conway, of Erie, Pennsylvania.

The bride wore a travelling dress of brown velour, with ermine fur, the bridesmaid, her niece, Miss Mary Guegley, of London, wearing a gown of similar material. Mr. Thomas Murphy, of Toronto, performed the duties of best man. Only immediate relatives were present. After the ceremony a wedding breakfast was partaken of at the bride's home.

The bride, who is one of our popular young ladies, and who makes friends wherever she is known, was the recipient of many useful and beautiful gifts.

The best wishes of many friends here will follow Mr. and Mrs. Conway through life, in which kindly offices the Herald joins.—Campbellford Herald.

The School Marm

The teacher's the noblest saint a mortal can pursue; and yet we see her hunt for something else to do. She loves her high-spirited triads and quads with a sigh, but she can't live on what she's paid, and can't afford to die. For years she studies night and day, to qualify to teach; and we behold her on her way and say she is a peach. We hand her nosedays when they're cheap, and call her Buttercup, and say the blessed schoolmarm's keep our bulwarks right side up. Without her this enlightened age would sadly be bereft; she guards the priceless heritage our well known fathers left. We hand her taffy with a sledge, but when she makes complaint about the measly wage she's paid, we sweat some blood and faint. We may confound to spendthrift ways, hold miser greed a crime; but when the schoolmarm asks a raise, we're tightwads every time. And so the high-spirited triads and quads seek some other trade, to save her way with some new tool, if corkerow or spade. She cannot drive on nosedays sweet, or flourish out her air, for she must have a prunus to eat and decent rags to wear.

Appeal Against Equalisation

Thurlow Appellant in Motion at Osgoode Hall Today.

At Osgoode Hall, Toronto, today the appeal of Thurlow township to set aside the equalisation of assessment bylaw of the County of Hastings passed at a special session of the county council on Aug. 6th, 1920 is being heard. Mr. F. E. O'Flynn appears for the township of Thurlow and County Solicitor S. Masson, K.C. for Hastings County.

At the special session of Aug. 5th the County Council raised Thurlow's equalised assessment \$540,000 on that of 1919.

Reeve Vermilyea and Warden Sills strenuously objected on the grounds that the tax on the business assessment of \$390,000 on the Industrial Alcohol Company's business at Corbyville had not been collectable during the year 1919 by the township. They declared they did not intend to let this pass. "You are adding to Thurlow what she did not get," said the Warden.

Reeve Vermilyea said that the County Council could not change the equalisation after July 1st and that their action was illegal.

The trouble started with an appeal by Sidney township over the June 19 equalisation. A report of the investigation committee on sales, assessment and equalisation stated that the committee felt that Sidney was justified in its appeal. The special meeting was held at which the equalisation was changed. Long discussion took place over the equalisation. Finally Thurlow's equalised assessment was raised to \$3,358,000.

Co-operation With Methodists Discussed

Kingston Presbytery Took Practical Steps at Meeting Here—Induction of New Minister to Stirling Charge.

The Rev. A. J. Wilson, Napanee, was elected Moderator of Kingston Presbytery at its meeting in Belleville on the 14th inst. Arrangements were made for the induction of Rev. R. Simpson, Columbus, into the charge of Stirling and West Huntingdon on Sept. 21st. The induction of the Rev. Prof. McFadyen into the Chair of Homilies and New Testament, Criticism in Queen's College was also arranged for. It was to take place on November 1st, and it is expected that Prof. Balmantyne, Moderator of the General Assembly will be present and give an address. At the conference on the Forward Movement, Rev. Dr. R. P. MacKay of Toronto, gave an admirable address for which he was cordially appreciated. It was felt that owing to the heavy docket of business sufficient time could not be given to a discussion of the Forward Movement, therefore it was decided to hold a special meeting in Kingston on October 4th. To this meeting all the ministers, one elder from each charge and one representative from the W. M. Society, and also Dr. MacKay will be specially invited. A most profitable time is anticipated then, Sabbath, October 3rd, will be observed as a day of special prayer throughout the presbytery. Rev. Mr. Tannahill was received from the Congregational Church, and the Clerk was instructed to add his name to the Appendix of the Roll. A call from Melrose and associated congregations to Rev. T. J. Caswell was presented but was returned to the congregation for additional signatures. The call will probably be ready for the meeting on October 4th. Rev. Dr. R. J. Wilson, Kingston, was nominated for the vacant chair in Knox College; Rev. Dr. R. Hadlow, Toronto, for the position of Editor of the Presbyterian and Westminster; Rev. G. A. Little, Guelph, as Business Manager of the Presbyterian Publications; and Rev. D. C. Ramsay, Belleville, for the chair in Westminster Hall. Rev. James Cumberland after almost 39 years of active service in Stella, resigned. The Presbytery expressed sympathy with him in his illness, regretfully accepted his resignation and appointed Rev. R. J. Craik and the Clerk to place a suitable record upon the minutes. Prof. John Matheson resigned his position as Treasurer. This resignation too, was accepted with regret and the honored Professor was thanked for his long and efficient services. Mr. D. A. Mitchell, Gananoque, was chosen to fill the vacancy. Rev. Dr. MacTavish was authorized to plan for a series of meetings to be addressed by Rev. William Scott, returned missionary from Korea. Much time was spent discussing co-operation with the Methodist Church. Newburgh and Camden East, two congregations which have had a long and honorable history, will pass under the care of the Methodist church as will also Thanet and The Ridge, two of the oldest mission stations in North Hastings but St. Ois and associated stations will soon be placed under the care of the Presbyterian Church, and Dr. Gracey was instructed to secure a supply for them for the first of October.

Died in the Chair

On Tuesday morning, Sept. 14th, Harriet Hagerman, beloved wife of Paul Kingston, passed away while sitting in the chair at her home in Stirling. Deceased had for some time suffered from rheumatism, but her general health was considered good. She was alone at the time of her death.

The late Mrs. Kingston was a daughter of the late Murchison Hagerman, having been born on the homestead now owned by her brother, Mr. Murney Hagerman, seventy-three years ago. About fifty-six years ago he married her now deceased husband who with three sons, Wilmot, George and Albert all of Rawdon, and two daughters, Mrs. E. Reid, Rawdon and Mrs. Peters, of Saskatchewan, survives. Three brothers, Albert of Sidney, Paul of Peterboro and Murney, of Rawdon, also survive.—Campbellford Herald.

WALKER—EVANS

A very pretty wedding took place on Saturday evening, Sept. 4, at St. George's Church, Homer, when Edna, eldest daughter of Mrs. Geo. Evans, Niagara Falls, was united in the holy bonds of matrimony to Daniel, son of the late Mr. and Mrs. J. Walker, of Tweed. The bride was charmingly attired in white crepe de chene and wore a tiara of pearls, the gift of the bridegroom. Mr. Keith MacLeod

LARGE POTATOES.

Mr. George Gray of Rednersville, dug up four potatoes which have a total weight of five and a half pounds. One of the potatoes, which are Irish Cobblers, weighs one pound and a half. Mr. Gray planted one peck and raised twelve bushel on heavy clay soil.

Two Wounded Soldiers in Gaol

"In vain doth valour bleed
While avarice and rapine share
the land."
Milton.

Confined in the Belleville Gaol are two heretofore respectable returned soldiers both having been gassed and both seriously wounded overseas. One carries a silver plate in his head where he was wounded, which renders him less able at times to control himself. Three of his brothers loved honor more than they feared death and gave up their lives on the battlefield. He is a widower and has two children to support. The other soldier enlisted at the beginning of the war, August 10th, 1914, was wounded twice and gassed and has a wife and two children to support.

Each was sent to gaol because he did not have \$121.50 so that it really is a crime to be poor. The two soldiers met, got some whiskey, drank it on the street the night of the 13th, of September, became intoxicated, were fined, didn't have the money to pay the fine so heroes all that they were, they had to go to gaol. They were not sent to gaol for being intoxicated, or drinking the liquor but for not having the money.

Mr. Mikel their Counselor intends to apply to the Attorney General of the Province and ask him to advise the Lieut.-Governor to exercise Executive Clemency and pardon them. Unless this can be done or some kind citizens pay their fines they will stay in gaol for two months and come out to face the approaching winter in a destitute condition. Mr. Mikel hopes to get the G.W.V.A. and the various labor organizations of the City to assist by getting petitions signed and in other ways.

No fault is found with the Police, License Inspector, Crown Attorney or Police Magistrate. They were simply carrying out the law on the rigid lines recently urged by the Attorney General.

Anyone who desires to help can do so by getting in touch with Mr. Mikel.

"One Soldier turned to his lawyer as he was leaving for his cell and said, "Do the best you can for me but if you can't get me out, I can do my duty as I did on the battlefield."

Laid to Rest

The funeral of the late Mr. R. W. Lidster, was conducted yesterday afternoon at 1 o'clock from the family home, 4th concession of Sidney to Wallbridge Methodist church. Rev. Mr. Wallace, of Sidney, conducted the last sad rites. Burial took place at Belleville cemetery. The bearers were Messrs. Sanford Reddick, Lewis Bell, Peter Graham, George Westover, Howard Brown and Chester Bowers.

Miss Pearl Davis rendered the solo very feelingly, "Beautiful Isle of Somewhere," during the service at Church.

There was a large attendance of sympathizing friends.

There were floral tributes from the following—
Elliott—Family.
Wreaths—Mrs. Davis and Pearl, Mr. and Mrs. Frank Naylor and Mr. and Mrs. G. Fairidge.
Gates Ajar—Mr. and Mrs. Norman Dafeo, Mr. and Mrs. James Jackson Spray—Mr. and Mrs. L. L. Bell, and Mr. and Mrs. George Jackson. Sprays—Laura Jackson, Mrs. Bell Lockwood, Mr. and Mrs. W. Sharpe, Mrs. J. White, and Family.
Anchor—Mr. and Mrs. Percy Westover.

ORDINATION AND CONFIRMATION

Rev. E. J. Bidwell, D. C., D. C.L., Bishop of Kingston, will conduct services, morning and evening at Christ church, in this city. At the morning service, the ceremony of ordination will take place, one or two candidates for the ministry being expected to offer themselves. In the evening confirmation services will be held and a class will be examined and received into connection with the church. During his stay in the city Dr. Bidwell will be the guest of Rev. and Mrs. W. G. Swayne.

HAULED ABOARD IN FISH NET.

Unencumbered by even a one-piece bathing suit a Winnipeg girl jumped into the Assiniboine river the other day and announced that she had undertaken a long-distance swim with Montreal as her destination. When she had gone a mile and a half the police boat caught up, so the officers hauled her aboard in a fish net.

Here is another illustration of the world grows smaller as difficulty increases of aloofness from the world family of Nations as a whole.

After nearly ten years' gation and study, the British telegraph commission reported a plan for linking the far-apart corners of Great Britain by wireless.

According to the report found practicable to cover four links 2000 miles in length. It is adopted as a feasible. It is proposed the center of the system, England. The first link to Cairo Egypt, East to Cairo to Nairobi, East to the third from Nairobi to what was formerly Great West Africa. Thus the west end of Africa will be swum system and tied to Great (three links).

Radiating again from O will carry to Pooma, India from Pooma to Singapore Straits Settlements, and Singapore to Hong Kong fourth from Singapore west terminal at Port Darwin in Australia.

Alcohol Shorter

Since prohibition came in the United States we there has been a great demand for life insurance of paying money for being "paying premiums of life policies and the life insurance say that it is better the saloon men and the but that it is worse. Mr. E. Hall, assistant secretary of Mutual Life, declares that tics are all against alcohol.

"Among policy holders booze but were in no sense drinkers the death rate has third greater than the average from all causes.

"The policy holders who having consumed an excess of liquor made a me which is three-fourths time age.

"These careful investigators that every day 'alcoholics kill people; but they are behind suicide, diabetes, monia and tuberculosis, holders who were light drinkers who died of these diseases as numerous as the abstemious of the same thing.

He says also:

"Mortality in reference to prohibition may be divided four groups as follows:

- (1) Total abstainers;
- (2) Moderate users of wines and ale;
- (3) Regular beer drinkers summing four or more glasses;
- (4) Regular whiskey drinkers.

"Taking this as a basis, the death rate of abstainers of group one is found the mortality in the is 15 per cent. greater than the one. In group three, the death rate is 32 per cent. than in group one, and in the whiskey and gin death rate jumps to 153 per cent.

"Another group is among policy holders drinkers at some time, taking insurance, but who and who became abstainers though total abstainers for the effect of alcohol on blood before cause rate, which was one-third the average, this in spite that only those who came back to what was the pink of condition were insurance."

This is surely a "dry of uncommon force. An many like it.

BRITAINS WIRELESS PROJECTS

Written for The Ontario by Chas. M. Bice, Lawyer, Denver, Colorado. Here is another illustration of how the world grows smaller and how the difficulty increases of maintaining aloofness from the affairs of the world family of Nations and races.

After nearly ten years of investigation and study, the British wireless telegraph commission has reported a plan for linking every section of the far-spread commonwealth of Great Britain by wireless communication.

According to the report, it has been found practicable to communicate over links 2000 miles in length. This basis is adopted as commercially feasible. It is proposed to establish the center of the system at Leafield, England.

Radiating again from Cairo, a link will carry to Poona, India; another from Poona to Singapore, in the straits Settlements, and a third from Singapore to Hongkong, while a fourth from Singapore will have its terminal at Port Darwin, or Perth; in Australia.

Since prohibition came into force in the United States we are told that there has been a greatly increased demand for life insurance. Instead of paying money for beer men are paying premiums of life insurance policies and the life insurance companies say that it is better so; and the saloon men and the brewers worry that it is worse.

Among policy holders who drank booze but were in no sense excessive drinkers the death rate has been one-third greater than the average deaths from all causes.

"The policy holders who admitted having consumed an excessive quantity of liquor made a mortality rate which is three-fourths times the average."

"These careful investigations show that every day 'alcoholism' doesn't kill people; but they show alcohol is behind suicides, diabetes, pneumonia and tuberculosis, and policy holders who were light drinkers and who died of these diseases were twice as numerous as the abstainers who died of the same thing."

"Mortality in reference to booze and prohibition may be divided among four groups as follows: (1) Total abstainers. (2) Moderate users of beer, light wines and ale. (3) Regular beer drinkers, consuming four or more glasses a day, and (4) Regular whiskey and spirit drinkers."

"Taking this as a basis and considering the death rate among the abstainers of group one as 'par' it is found the mortality in the group two is 15 per cent. greater than in group one. In group three, the regular beer drinkers which the New Jersey Legislature wants to bring into existence, the death rate is 22 per cent. higher than in group one, and in group four, the whiskey and gin groups, the death rate jumps to 153 per cent. of par."

"Another group is discovered among policy holders who were drinkers at some time previous to taking insurance, but who reformed and who became abstainers, and even though total abstainers forever after, the effect of alcohol soaked into the blood years before caused a death rate which was one-third higher than the average. This in spite of the fact that only those who reformed and came back to what was apparently the pink of condition were allowed insurance."

This is surely a "dry" argument of uncommon force. And there are many like it.

WORLD BROTHERHOOD

Programme of the Congress at Washington Outline—Gathering of Leaders From Many Lands—By Henry Whitehorn, Special Representative in North America of the "Westminster Gazette."

Canada will be well represented at the Second World Brotherhood Congress, which opens at Washington early on Saturday the 9th of October, and will occupy five days in the consideration of matters vitally affecting the affairs of the people in many lands; but the wide-spread interest that has been aroused in this movement has made it quite certain that Canada generally and the Mother Country will find it hard to exceed the representation that is being sent forward by the United States, the outlying sections of the British Empire, and each widely differing countries as Egypt, France, Turkey and Japan.

Last year at the City Temple, in London, England, over twenty-two countries were represented at the First World Brotherhood Congress; and the quality of the discussion on that occasion has established a record, which the leaders at Washington will find it hard to beat. Particularly striking was the address of Dr. John Clifford, the World President, whose work on behalf of the movement in England during the two years that he occupied the National President's chair has endeared him to a circle of friends and co-workers numbering many thousands.

Among the thirty delegates already listed to come from England will be Dr. Clifford's successor at Westbourne Park Baptist Church, the Rev. S. W. Hughes. He will address the Congress on the last day of the gatherings, sharing with Dr. John Timony Stone, of Chicago, the main speaking of the subject of the objectives of the World Brotherhood Movement.

William Ward, the World Commissioner, who is responsible for the centralization of the movement on national lines in the Old Country, has been tireless in his work on behalf of its international activities during the last ten years, and particularly while the war was interfering seriously with religious work throughout the world. The conflict had scarcely begun before the first consignment of Brotherhood relief was sent to Rouen and Lille, and as the devastation of the struggle spread the helpful arm of the Brotherhood was extended in turn to Belgium, France and Serbia. Mr. Ward will reach Canada within the next fortnight, accompanied by Mrs. Ward, and his address on "The Brotherhood Idea," on Sunday morning, October 10th, should prove a valuable contribution to the discussion.

Brigadier-General Davey, C. M. G., Principal Chaplain to His Majesty's Forces, is another outstanding personality of the Brotherhood Movement in England who will visit Washington next month. He has just been elected National President and will enrich the Congress debates from the rare fund of experience which he has collected during his work with the Allied Armies in the field. The Rev. R. Moffat Gantley, who is with the English party, is in charge of the Methodist Mission at East Ham, where a Brotherhood of considerably more than 2,000 men has been long established.

The Rev. W. Hodson Smith, Principal of the English National Orphan's homes and orphanages, will have an interesting story to tell at Washington concerning the party of eighty refugee Serbian boys and girls who have been the guests of the Brotherhood Movement of England under his supervision, at Pavleberham, in Kent, for the past eighteen months. The full period of the stay of these youngsters is three years, they will then return home well grounded in the elements of some useful trade or occupation.

The European delegation will also include the Rev. Herbert Dunnicliffe, General Secretary of the Peace Society, Pasteur Henri Nick, founder of the Little Brotherhood; Mr. W. G. Thonger, member of the French Brotherhood National Council; Mr. Ben C. Spoor, Labor M. P., in the British Parliament; Mr. W. F. Foynbee, President of the London Brotherhood Federation and the companion of Mr. William Ward in many of his visits to Belgium, France and Serbia.

Every day brings additions to the Canadian delegation, which included Dr. T. Albert Moore, Canadian Brotherhood President; Mr. Thos. Howell, Associate Secretary for North America; Ex-Controller J. O. McCarthy, Canadian Brotherhood Treasurer, and many other well-known workers in the movement.

The delegation from the United States will include Dr. Reivix Harlan, who was shot made for the boy. He was found lying on the ground unconscious, and it is thought that he

American Federation of Labor; Bishop McConnell, D. D., of Pittsburgh; Dr. W. F. Weir, of Wooster, Ohio; Dr. S. Z. Batten, Philadelphia; Mr. Raymond Robbins, Chicago; and the Chaplain-in-Chief to the United States Army.

In Canada the Congress arrangements are in charge of Mr. Thos. Howell, at 495 Kent Building, Toronto, and with the help of Mr. Willamson who is representing Mr. Howell in Washington, there is little doubt that the Second World Brotherhood Congress will be a great success from every point of view.

Wedding Bells

NICOLSON-FOX

A very pretty wedding was solemnized by the Rev. Mr. Snell at the home of Mr. and Mrs. Chas. L. Fox, Belleville, R.R. No. 2, at 11 o'clock Wednesday, Sept. 8, when their youngest daughter, Myrtle Irene, became the bride of Mr. Ezra Nicolson, youngest son of Mr. and Mrs. Samuel Nicolson of Frankford. The wedding march was rendered by the bride's sister, Mrs. Melvin King, of Madoc. The ceremony took place on the lawn, where a back ground of evergreens and asters, was beautifully constructed.

The bride, who was given away by her father, wore an accordion-pleated white satin gown trimmed with pearls and embroidered tulle veil, held in place by a wreath of orange blossoms. She carried a bouquet of pale pink carnations and ferns. The duties of bridesmaid were gracefully performed by Miss Eula A. Terry, Frankford, who wore a very pretty dress of white French voile, with satin and lace trimmings and carried deep pink carnations. Little Miss Dorothy Fox, cousin of the bride, acted as flower-girl, wearing a very dainty frilled frock of white crepe-de-chene and carried a large crocheted basket of deep pink gladioli. Mr. Ross Nicholson, brother of the groom, performed the duties of groomsman.

After the signing of the register, the nuptials, about one hundred and twenty-five in number, partook of a sumptuous repast, served in the dining shed, which was beautifully decorated for the occasion with evergreens and streamers. Gift friends of the bride acted as waitresses. The bride's presents were costly and numerous, showing the high esteem in which she was held. The groom's gifts to the bridesmaid and pianist were gold brooches, to the flower girl, a dainty necktie, and to the groomsman, gold cuff links. Later, about twenty-five young friends of the happy couple accompanied them to Trenton where they left, amid showers of rice and confetti, for a short honeymoon in Toronto and Niagara. The bride travelled in French blue crepe-de-chene dress with velvet coat and veiled hat to match. She wore the groom's gift, a beautiful marionette stole. All join in wishing them a long and prosperous wedded life.

On Wednesday evening, previous to the wedding, (Sept. 1,) a large number of friends and neighbors, came to the home of the bride's parents and presented her with a miscellaneous shower. She was the recipient of many very useful and beautiful presents.

FINE MELON.

The thanks of the editor are due Mr. Geo. A. Ketcheson of the 5th of Sidney for a present of the largest musk melon he has seen this year. Its quality was fully as good as its size was large. Mr. Ketcheson makes a specialty of melon culture and has been very successful at it. His soil is especially adapted for the purpose, being a warm sandy loam. The melons grown in Sidney, while not so large as those that come from the southern States are far better in flavor, being much finer in texture and richer in sugar content.

FALL WHEAT SOWING.

Farmers state that the country has had just enough rain. Fall wheat sowing is going on very satisfactorily and under present conditions will be mostly completed by the end of this week in Prince Edward.

BOYS SKULL FRACTURED.

Willie McKane aged ten years, son of James McKane, 57 Durham street, Kingston, met with a serious accident on Monday evening, and is now in the General Hospital in an unconscious condition from a fracture at the base of his skull. He had been in the habit of going for cows every evening to Popk's farm, and on Monday evening he saddled the horse and went off as usual. Some time later the horse returned alone and a search was at once made for the boy. He was found lying on the ground unconscious, and it is thought that he

got bolted off the horse and must have caught his foot in the stirrup and was dragged some distance. Some hopes are entertained for his recovery.

WAS FATALLY HURT.

In Clayton, N.Y. Jay Warsaw, aged thirty years, was seriously injured when he was caught between a barn door and the wagon upon which he was riding. Mr. Warsaw is employed by the Kittle Bros. and was engaged in drawing a load of pressed grain into the barn. When taken from the wagon he remained conscious but lapsed into unconsciousness a few minutes after. Dr. Ross accompanied the injured man to the hospital. It is very doubtful if he will live. Mr. Warsaw is a married man.

BROOM CORN.

Five broom corn was reaped at Elm Grove farm, Lys, by W. H. McNish. He planted two rows as an experiment and the result proves that it may be grown successfully in this section. This variety of corn out of which ordinary brooms are made is grown in large quantities in the southern states.

TRENTON LADY HELD UP.

On Saturday evening a young lady residing in Trenton was held up and assaulted by a man, who snatched her purse, containing \$10 in cash and some trinkets. The assailant was a young man dressed in dark clothes and wore a light cap. The Belleville police were informed of the affair and asked to be on the lookout for the party, who is alleged to have left Trenton, going east.

COBOURG FAVORED AS TO COAL.

Probably more coal will come in over Cobourg harbor this year than any year in its history. Both hard and soft coal are hard to obtain this year, and the price of coal just now is no doubt due to the scarcity—whether real or inflated. Hard coal has been getting higher and higher each year, and will likely continue to go higher, but with soft coal there does not appear to be any real reason for the price now asked. There is no danger of there being a shortage of the latter, and only the desire of the men in control of the price fixing at the mines to get all they can while the going is good is responsible for the high price now asked. This fall most of the coal for the midland district will be brought in over Cobourg harbor, and distributed by rail to the places requiring it. The down council has lowered the harbor tolls on coal from 15c to 12c a ton, and the lowering of tolls has been a good thing for the town, as the town under the lower rate has received more than treble in tolls what it otherwise would have received, says the Cobourg Sentinel Star. It also places Cobourg in a position where it does not have to worry over its winter supply of coal, as other towns are at present doing.

A POPULAR APPOINTMENT.

Dr. W. Gibson, of Kingston, has been appointed to the District Deputyship of the Knights of Columbus, and the announcement meets with the hearty approval of all classes of citizens. Dr. Gibson's jurisdiction extends over district No. 2 which includes the Councils of Kingston, Brockville, Belleville, Alexandria and Cornwall.

BIG PRODUCTION FOR POTATO CROP.

The Peterbor Examiner has received a sample of the potatoes grown by J. Graham Weir on the Captain Carson property, 181 Romaine street, Peterboro. Mr. Weir had sixteen and a half bushels on two rows 125 feet long. And the sixteen and a half bushels grew from the seed of twenty-four potatoes supplied by J. M. Lowes of Otumabee, R.R.6. Nineteen potatoes weighed thirty pounds. This is to show what can be grown by using good seed and a liberal supply of manure, water and bordeaux mixture at the right times.

REV. J. P. FAILLON IN KINGSTON.

Rev. James P. Fallon, O.M.I., brother of Bishop Fallon, who has been in the west for some time in connection with the church extension work is spending a few days with his mother in Kingston before returning to Buffalo. Father Fallon preached in the Cathedral on Sunday.

HUNTERS SAY DUCKS ARE FLYING HIGH.

Reports on the duck shooting from the Indians at the Indian Village indicate that the shooting is very good but there is not a great many gunners out after the elusive water fowl. There are plenty of that kind of water

fowl, the black duck. Good bags are recorded by practically all the hunters on Chamong and Pigeon Lakes, but next month they all anticipate better gunning. The weather has been comparatively warm and the birds are flying high, but once the cool autumn winds begin to blow in earnest and the clear cool nights set in the northern lakes will be a paradise for duck hunters.

Partridge may be shot this fall for the first time in several years. The close season has had the desired effect of increasing the depleted numbers of the birds and the little drummer will be a popular game bird this fall. There are, however, only six or seven days shooting for partridge, from the 5th to the 20th of November. Five partridge is all that is allowed for one day's hunt and only ten in the whole season.

The deer, caribou and moose season opens this year on the 5th of November, as in other seasons and lasts until the 20th. North of the Mattawa and French rivers the season is from the 25th of October till the end of November. For this reason northern districts are sure to be popular shooting grounds.

ALNWICK HAS A BAD ELECTRIC. STORM.

A severe lightning, rain and hail storm struck Alnwick township on Saturday evening. Lightning struck the shop of Mr. W. Coyle and tore the top off it, as well as striking a basswood tree in the centre of the village. There was a heavy hail storm, which broke a number of windows, as well as beating down crops in that vicinity. An exceptionally heavy rain accompanied the lightning and hail.

DESERONTO

Mr. Bernard Murrigan, of Point Anne, was in town last week. Mr. and Mrs. W. H. Richardson spent a couple of days at the Toronto Exhibition last week. Mr. and Mrs. Eggleton spent Sunday in Stirling.

The whistle rung in an alarm on Thursday night, causing a big excitement, but the firemen failed to locate any fire. Master Mac Perry returned on Thursday after visiting Mr. and Mrs. Jack Patterson, Montreal. Mr. and Mrs. Jack Liddle have been renewing old acquaintances and visiting Mr. and Mrs. Charles Frost. Mr. Arthur Wilkes, of Watertown, N. Y., left for his home last week accompanied by his sister, Miss White, who went for a couple weeks vacation.

On Thursday evening last a number of young people gathered at the home of Miss Beatrice Joyce, on Green St., and surprised Miss Tullie Gault with a shower, in honor of her marriage on Sept. 14th. Mr. and Mrs. A. C. Sharpe, of Mr. and Mrs. Roy Sharpe, spent Sunday visiting relatives at West Huntingdon and Murray. Thursday was Mohawk Fair Day, turning out a fine day and a large crowd were in attendance. A good many of our town people attended Napanee Fair, on Wednesday afternoon.

Mr. Thompson of the Powder Plant has purchased the McGaughey home on St. George Street, now occupied by Mr. Sandig. Mr. Thompson's furniture arrived from Toronto on Tuesday. Mr. David Nealon, of Oshawa, has moved back to town. Dr. and Mrs. Anderson left for Toronto Sunday last to join others of their long journey. They were accompanied as far as Toronto by Miss Alice Cole. Mr. and Mrs. Edward Cole are spending a week visiting relatives in Toronto and Hamilton.

The electricians are busy here these days installing lights and stoves on account of the Gas Works closing so many used it for light and fuel.

BAYSIDE

The very severe electric storm which passed over this place on Sunday did no damage to buildings or stock. The heavy rain fall was greatly needed. Water was getting low and wells were about dry. With the Ontario Temperance Act in force and no water in the wells, there is nothing left in this part of the country to wet your whistle with, except Ben-Davis apples. "And believe me they're dry enough."

Mr. Mallory and sister Maude and Mr. and Mrs. F. R. Mallory of Frankford, motored to Toronto Exhibition last week. Mr. and Mrs. Arthur L. Burke and Mr. and Mrs. W. H. Finkle and daughter, Nellie of Trenton, have returned from a motor trip to Niagara Falls and district. The ladies of White's have organized a Ladies Aid Society but who the officers are is something we'll have to investigate. Every woman

young or slightly old (for of course they never grow old) is admitted to membership, but anything in the shape or appearance of a man will be blackballed, before an application is made. The Canadian Exhibition at Belleville was generously attended by our people. All who were present are unanimous in saying that it was "Some Show."

Miss Champagne gave a corn roast to a large number of friends recently. The festivities and nearly all in connection with them took place on the bay shore. An ideal hostess, and ideal spot for a corn roast and an ideal time is the current report. Mr. M. Ottery, decorator, has just completed a very artistic and creditable piece of work for Mr. F. R. Bouton.

Mr. and Mrs. F. W. Wilson spent Sunday with the latter's parents, Mr. and Mrs. Blakely, Chapman's Corners. Mr. Clifton Rush accompanied Rev. F. G. Joblin to Thomasburg on Sunday. Mrs. Chas. Hall who has been confined to her bed for some time is improving. School opened this term with Rev. F. G. Joblin as Principal, and Mrs. A. L. Burke, as junior teacher.

There are seventy-five pupils attending now and from the looks of things there'll be a hundred anyway but the time Santa Claus comes round again. Geo. Saylor hasn't got no water-melons this year—No!

WESTERN AMELIASBURG

Mr. and Mrs. Henry Rathburn, Mr. and Mrs. Stanton Fox, Mrs. Morley Carrington, attended the funeral of Mrs. John Kinchey, Belleville, on Wednesday last. A severe thunder storm passed over this part of the section on Saturday night last striking and burning Mr. Marquis Carrnike's farm, also killing two cows. Mr. and Mrs. Rae Jackson, Mr. and Mrs. D. Snider, motored to Coburne and spent Sunday. Mr. John Vandervoort spent Sunday at Hillier.

Mr. and Mrs. Orvell Carrington and baby, took tea at this Uncle's, Mr. H. Rathburn. Mr. and Mrs. George Harris, motored to Oshawa on Sunday last. A number of friends and neighbors attended the funeral of Marcus Garrnike, on Monday at Albany. Mr. Tom Ayrbart and Rathburn, is picking their sweet corn and taking it to the factory at Concession.

Rally Sunday at Adams School House next Sunday at ten o'clock, also a number of children to be christened.

BURR'S

Miss Myrna McHenry, New York, spent a couple of weeks under the parental roof. Her friend Mr. Russell Only, New York arrived on Saturday Sept. 4th, and accompanied her home to New York on Wednesday. Mr. and Mrs. W. T. Blakely and family, Mountain View, took tea with Mr. George Fox's on Thursday last. Mr. and Mrs. Arthur Hough, visited her parents, Mr. and Mrs. J. Chase, Melville, one afternoon last week. Mr. Herb. Bracon, has put a new roof on his house.

Rev. J. A. Poston and daughter, Miss Beatrice of Bishop Bathune College, Oshawa, visited at C. L. McHenry's, on Friday. Mr. Stanley Calman, had a telephone put in last week. Sunday visitors.—Mr. Harry and Miss Edna Chase, Melville, at J. A. Hough's. Mr. and Mrs. E. Hough, at Wellington, on Monday. Mr. and Mrs. W. B. Hough, at Sperry Pitts, Hillier. Messrs. Alex. and Lorne Sykes at J. Moons.

Mr. Tom Vancott and his mother at Mr. Leonard Wood's. Mr. and Mrs. Wes. Galloway and Mrs. H. Osborne, Trenton, Mrs. Ling and Dorothy, Toronto, over Sunday at J. Wood's. Mrs. Ling and Dorothy remaining for a few days.

WORK APPARENTLY ABANDONED.

The work of attempting to raise the steamer Kaystom, sunken near Grenadier Island, which has been in progress under the direction of Capt. William Leslie, Kingston, has been abandoned for this season at least, according to residents of the vicinity who state that all the equipment used in the salvaging attempt has been removed from the scene and taken to Kingston, only the marking buoys, showing the location of the steamer, being left in position.

"Come to my arms and kiss me," sang an actress on a New York stage. An inflammable youth of 19 climbed over the footlights and took her at her word. He was arrested.

FRANKFORD FAIR EXCELS ITS PAST RECORDS

Over 2500 Visitors on the Grounds Yesterday—Entry List Larger Than Ever—Fine Exhibition in Livestock, Fruit, Fancy Work.

Frankford Fair put the village on the map. The annual exhibition has been unequalled in very few parts of Hastings County.

Frankford is one of the most progressive villages in this section of Ontario. The energy which has made Sidney a banner township and has led to the incorporation of Frankford as a village, is that which has made the exhibition a success.

Yesterday wound up Frankford's 1920 fair with a record of achievement that pleased the directorate. Ideal weather favored the show and the country people far and wide flocked to the grounds.

The entry list was about ten per cent greater than in the year 1919. Mr. Andrew Simmons, who is non-sectarian and one of the originators of the Frankford Fair, was a deeply interested visitor to the exhibition.

Everybody loves a horse race and Frankford Fair visitors are no exception. Three good races were pulled off under the able direction of Mr. Geo. O. Tice, Auctioneer, of this city who acted as starter.

In the matched race, Louisa Anna, added an unexpected thrill when in the third heat she fell dead. Mr. S. Garrison of Frankford, was the owner of this animal.

The Gentlemen's Road Race the winners were: Laddle, 1; Buck, 2; Bird of Paradise, 3.

The Free-for-All was won in three straight heats as follows: Steve Ayers, N. McDonald.

Caniffon, 1; Judge, J. McNaught, Tweed 2; Molly C., M. Coulter, 3.

Matched Race: Peter Smith, S. Carr, Frankford, 1; Daisy Ridelon, G. B. Rose, Frankford, 2; Louisa Anna, S. Garrison, Frankford (fell dead), 3.

The officials were: Judges: D. Gay, A. Hay, Campbellford; D. Teal, Wooler, Timers: Dr. Simmons, Frankford; E. M. Wessels, Wooler; Geo. O. Tice, Belleville, Starter.

Many fine horses particularly of the heavy draught type were shown. The exhibitors were: C. A. Dunn, Fred Meyers, Ezra Nicholson, White Brothers, G. D. Watson, C. N. Heath, L. Howe, J. B. Johnson, James Fox, J. H. Ross, J. Eastwood, Leonard Sharpe, Percy Hubbell, Earl Bonisteel, W. Daboe, J. Armstrong, Robt. H. Ketcheson, Thos. Frost, Thos. Jeffrey, James Johnson, H. Perry, J. J. Held, and Walter Scott.

The whole village was practically closed up yesterday, everybody going to the fair. The concessions did a fair line of business yesterday.

The opinion is expressed in railway circles that a compromise may be effected in the dispute regarding the Lyn station on the C. N. R. lines there, by converting the C. N. R. station into a flag station.

When it is considered that a farmer in Essex County made \$4,000 of one acre of tobacco plants, farmers in Victoria County get an idea of the future of this remarkable growing plant.

Although wild ducks are reported as being very scarce in the waters about Peterboro and Port Hope, and even at Rice Lake, they have been plentiful in the waters of the Scoups and their tributaries.

The last few days have witnessed the exodus of four members of the yard crew of the G.T.R. at Brockville, to the United States, where they have secured positions on American Goldthorpe and Yard Helper William Slack have gone to Carthage, N.Y.

The pupils of the Tweed High School held a meeting on Monday afternoon and organized a tennis club. The following officers were elected: Hon. Pres.—Mr. W. H. DeBlois.

Lightning destroyed two barns on Sunday near Clayton, N.Y., the first on the farm of Ernest Glass, about one mile from St. Lawrence.

Rev. T. J. Thompson, pastor of the Ebenezer Presbyterian church, Ottawa, in the nominee of the Ottawa presbytery for the moderatorship of the Montreal and Ottawa Synod which will meet in Montreal in October.

One of the most shocking accidents of recent years in this township, occurred near Kiltworthy on Tuesday night or early Wednesday morning of last week.

A team of horses, belonging to Mr. Reid Wilson, of Port Hope, without any driver, on Friday last, and soon broke into a run.

The dead body of Alex. McDonald, aged about 40, Lancaster, was found at 6.10 a.m. Saturday lying on the eastbound track of the G.T.R. near River Beaudette station.

The village of Hastings was visited by a couple of severe electrical storms accompanied by plenty of rain, on Saturday and Sunday afternoons.

An electric storm passed over the village of Halliburton last Saturday evening, accompanied by heavy rain, but no damage was done by it in the village, but at West Gullford an unbridled man named Geo. Packett was struck by lightning and instantly killed.

A Masonic special train which passed east over the Grand Trunk Thursday morning had as its crew all members of the Masonic order. The train which ran as the third section of No. 19 carried from Toronto to Kingston railway men who are Masons returning to New England from a journey west.

An electric storm passed over the village of Halliburton last Saturday evening, accompanied by heavy rain, but no damage was done by it in the village, but at West Gullford an unbridled man named Geo. Packett was struck by lightning and instantly killed.

Chicago gets its water supply from the bottom of Lake Michigan. Oriental horses are sometimes shod with shoes made from shark-skin.

Three head of cattle were killed by lightning during the storm Sunday between Kingston and Harrowsmith. There was a large number of cattle grazing in the fields along the road and some took shelter under trees, three of the number being struck and instantly killed by the lightning.

A sad fatality occurred in Manilla at 5 o'clock p.m. on Monday. Mr. William Wright, who lives about half a mile west of the village, had Mr. Thomas Gray engaged cleaning out his well, and in some unaccountable way the hook became unfastened from the bucket when within two or three feet from the top, letting it fall with tremendous force a distance of 35 feet upon the unfortunate man's head, crushing in his skull and killing him instantly.

The formation of an athletic association in Tweed is at present under discussion. The idea is to foster and encourage all kinds of athletic sports, and it is felt that this can best be done by one governing body instead of an executive for each branch as at present.

Ernest Prickett and George Pearson Jr., of Deseronto, are having a little fishing competition of their own. Last week Mr. Prickett captured at the big dock at the island, a small-mouthed black bass that was 19 inches long and weighed (an hour after it was taken out of the water) 4 lbs., 5 ozs.

Mr. James Thorne, the popular Canadian National and Grand Trunk Railways Agent at Colborne, has been compelled, owing to a nervous breakdown, due to overwork, to take a complete rest.

At Janesville, Wis., on Aug. 18th, Mr. and Mrs. George Francis, celebrated the sixtieth anniversary of their marriage. Mrs. Francis is a sister of Mrs. Robert Cavanagh, of Carleton Place.

At the assizes which opened this afternoon, Mr. W. J. Hill of Madoc was selected foreman of the Grand Jury. The following cases have been settled: Roe vs. O'Connor, Roe vs. Riendeau, Fuller vs. Peterson, and Fuller vs. Scott.

The case of Larkin vs. Goodfellow was laid over to the next assize owing to the absence of a material witness in the northwest. If the parties agree the case may go to the assizes at Nanapanee two months hence.

The case of Toke vs. Moldover is laid over to the non-jury sitting. Crown Attorney Carnew is prosecuting at the assize, there being only one criminal case.

The first case before the petit jury was that of the assessment of damages in the issue of Carman Adams vs. David Farrell, of this city for alleged criminal conversations and alienation of his wife's affections. The defendant did not enter an appearance to the writ.

Miss Clara Youker was the Sunday guest of Miss Anita Bamber, Fifth Line.

LOWER PRICES FOR EGG COMING

Butter Steady Today—Few Other Market Changes.

While produce was plentiful on the market this morning it was soon cleared, so eager was the demand. Prices did not fluctuate much, except in a few lines.

Eggs were firm at 60c per dozen and were not so numerous as usual. By ten-thirty o'clock the supply had been absorbed after some had gone as high as 62c. The tendency in eggs is for lower prices. Shippers offered 58 cents today and expect a decline to 56c wholesale.

Butter was not too plentiful and was firmer in price. The regular

quotation was 70c, but the commodity sold up to 72c.

Potatoes were again plentiful and at the dead level of one dollar per bushel. No deviation from this figure was noticeable.

Tomatoes, selling regularly at 75c per bushel, were in some cases offered at 65c and 70c. Last week's figure was 60c.

Melons, pumpkins, and squashes were offered in large numbers. Melons brought from 15c to 30c, squash 25c to 30c and pumpkins 10c to 15c.

Apples were plentiful at 75c to \$1.00 per bushel. Pears brought 80c per bushel.

Grapes are becoming more plentiful. They sold at 80c per basket. Wild grapes were also offered.

Strawberry tomatoes were disposed of at the rate of two quarts for 25c.

Chickens were again scarce at \$1.50 per pair and upwards.

The hog market has slumped on to \$19.50 per cwt. Lamb is quoted wholesale at 26c by the carcass. Beef hindquarters brought 30c today.

Veal is off the market.

Wheat is quoted at \$2.35, the drop being due to the new freight rates. Oats are a little easier at 75c and barley is down to \$1.25 per bushel.

Inactivity marks the wool and hide markets. This condition shows no improvement. Hides bring 8c and upwards. Wool is listed at 17c to 25c.

Hay is quoted at 24c to 26c baled. Loose hay is worth \$26 to \$28.

Shippers are paying \$1.50 to \$2.00 per barrel for packed grades one and two.

Will Interview Premier Drury

On the Bay Bridge Purchase—How Vote on Query Stands.

Mr. Ernest P. Fredericks, Industrial Commissioner, left for Toronto today to interview Premier Drury and Hon. F. C. Biggs regarding the government's attitude to the Bay Bridge purchase. He will also interview Chief Engineer Hogarth and it is expected he will secure permission to publish the report of the government engineer on the condition of the bridge. So far as the answers have come in to the Chamber of Commerce inquiry, the members speak about three to one in favor of the Chamber's proposal, which is that if the bridge can be purchased for \$85,000 on the basis of the government paying 40%, the city 40% and Prince Edward 20%, and if the government will take it over as part of its highway system once it leaves private hands; the electors be asked to vote on the question of the purchase.

CHEESE BOARD

Today's Sales Were Limited. Cheese sold at 25 1/2-16c today on Belleville board. A number of factories refused to sell. The boarding was as follows:

Ordination at Christ Church

Revs. Redding and Stout Ordained by Bishop Bidwell

At Christ Church at the morning service yesterday, the Right Rev. E. J. Bidwell, D.D., Lord Bishop of Ontario, conducted the ordination service, two deacons, the Rev. A. Redding, incumbent of Maynooth, and the Rev. N. Stout, of Kelsoy, being ordained into the Anglican priesthood.

The ceremony was performed with all the time-honored and impressive rituals of the Church of England. Rev. Rural Dean Swayne presented the candidates for ordination. Assisting in the services were the Rev. A. L. Gest, of Belleville, Rev. T. H. H. Hall, of Madoc, Rev. B. F. Byers, of Striling, Rev. A. E. U. Smart, of Tweed, Rev. J. A. Davies, of Roslin, and Rev. T. J. Robbins, of Bannockburn.

The Rev. Rural Dean Swayne intoned the Litany portion of the service.

The musical portion of the service was rendered in a very excellent form by the large choir.

Bishop Bidwell addressed the candidates for ordination on the text: "Ye are the salt of the earth."

The disciples were just ordinary men, possessing only one distinction—they had made the great sacrifice; they had obeyed the call. Salt is the great element against corruption. Light is necessary for life. Man develops best in the light, and the plant struggles towards the light. Man has always identified darkness with evil. The disciples are to be

Problem of Boy Conservation

Rotarians Hear Brilliant Addresses by Taylor Statten and C. J. Atkinson.

The problem of the conservation of boy life was brought before Belleville Rotary Club at Hotel Quinte on Saturday evening at a banquet when the Rotarians had as their guest Rotarian Taylor Statten of Toronto, and Rotarian Chris. Atkinson of New York City. It was an evening of interest in that the members had among the visitors ladies, Pres. E. Guss Porter occupied the chair and Rotarian Knight MacGregor sang in his finest voice, accompanied by Miss Wallace at the piano. "Toreador song," "Caro Mio Ben," "Tommy Lad," "A Khaki Lad" and "Annie Laurie."

Rotarian Taylor Statten was welcomed cordially to the local club. He said that he and Mr. Atkinson were on a trip from coast to coast visiting every one of the 60 Rotary Clubs in 60 days, for Rotarians have adopted boys' work. He congratulated the Belleville Rotary Club. "You're live wires. It's a livewire club," he said. As far as boys' work is concerned, Rotary is not dead. In 1915 an outstanding English statesman said the war would be finished in 1935 as true victory did not rest much in the actual victory in the field as of quality of the men who live afterwards. We are realizing this today. The war did not start in 1914. It started back in the seventies. The German militarists realized the value of boy life and succeed in instilling ideas into the youthful head of force. Rotary stands for the opposite, for it believes that he who serves most profits most. Rotarians are wise when they plunge themselves into boys' work. We get away from business disaster.

These boys are to be reached by a community boys' club. One Rotary Club found it its duty to help every single underprivileged boy. If all organizations are made to co-operate for boys, it is best to select a rotarian as head, so that all the boys can be reached for good citizenship.

Bishop Bidwell

The Lord Bishop of Ontario, Right Rev. Dr. Bidwell, made a short address.

For upwards of twenty years he was engaged in teaching boys. He could endorse what was said as to boys' life. Our cities are very blind. There is not nearly enough provision made for boys to exercise their natural instinct of play. Then there must be personal interest in boys, for every one is an individual. The Bishop told of a young man in the penitentiary undergoing a life sentence. This youth had no recollection of anyone taking interest in him. There is great difficulty in securing men for the Sunday school. Only men can hold them at a certain period in boys' life. The great thing that is going to save the world is fellowship. Community instinct must be developed.

Rotarian H. W. Ackerman moved a hearty vote of thanks to the speakers.

Rev. Dr. Baker

Rev. Dr. Baker, of Albert College, said he had given up his life to the help of those who had been underprivileged. Dr. Baker emphasized the greatest need of today—brotherhood. He looked forward to the day when there would be one fold and one shepherd. Rotarianism stands for co-operation.

If you want to help boys, you have got to live as boys should live. In this year of the tercentenary of the Pilgrim Fathers when we speak earnestly of them we must remember there is nothing that the world needs so much as the spirit of self-sacrifice of the Pilgrim Fathers. We have no homes today as we used to have them. What will become of the boys if they are not made chums of by their fathers?

The meeting broke up after "Auld Lang Syne" was sung.

The Oil for the Athlete.—In rubbing down, the athlete can find nothing finer than Dr. Thomas' Electric Oil. It renders the muscles and sinews pliable, takes the soreness out of them and strengthens them for strains that may be put upon them. It stands pre-eminent for this purpose, and athletes who for years have been using it can testify to its value as a lubricant.

In the laundry, of New York's largest hotel 10,000 towels and 4,000 sheets are washed and ironed daily. Successful experiments upon 56 persons suffering from leprous lead officials of the U.S. public health service to believe they have found a cure.

WHEN BABY IS SICK

When the baby is sick—when he is cross and peevish, cries a great deal and is a constant worry to the mother—he needs Baby's Own Tablets. The Tablets are an ideal medicine for little ones. They are a gentle but thorough laxative which regulates the bowels, sweetens the stomach, banishes constipation and indigestion, break up colds and simple fevers and make teething easy. Concerning them Mrs. Philippe Payen, St. Flavien, Que., writes: "Baby's Own Tablets have been a wonderful help to me in the case of my baby and I can strongly recommend them to other mothers." The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

STEAMER REPORTED S.O.L.D.

It is reported that the steamer Algoma, which plied between Ogdensburg and down river points in the passenger and freight business for many years, has been sold to Canadian parties. The Algoma had been laid up at Richard's Landing the past three years. She was owned for many years by the late Capt. James Fox of Massena and her most recent owner was Willis Cline of Massena.

Wedding Bells

HERRINGTON—FROST

A very pretty wedding was solemnized at the home of Mr. and Mrs. Daniel Frost, Stockdale, on Wednesday September 1st, at high noon when their eldest daughter, Nora Millicent, was united in matrimony to Mr. Edward Maurice Herrington, son of Mr. and Mrs. T. F. Herrington, of Hilton. While the strains of Mendelssohn's wedding march, played by Miss Grace Moran, came soft and clear the bride entered the drawing room, leaning upon the arm of her father, and took her place beneath an arch of evergreen and flowers where the wedding ceremony was performed by Rev. R. M. Patterson. The bride wore a lovely gown of ivory satin with overskirt of French lace and trimmed with pearls, and she wore the customary bridal veil in cape style and trimmed with orange blossoms. She carried a shower bouquet of white carnations and maiden hair ferns and wore the gift of the groom a necklace of pearls.

Miss Marlon Tompkins acted as flower girl and was dressed in white silk and carried a basket of pink and white asters, caught with white streamers. Miss Grace Moran rendered the beautiful solo "Sunshine of your Smiles" very acceptable during the signing of the register. After the ceremony and congratulations the guests were invited to the dining room, which was beautifully decorated for the occasion with pink and white asters, and wedding bells, where a dainty wedding breakfast was partaken of. Amid showers of rice and confetti, Mr. and Mrs. Herrington, left by auto for Brighton where they took the train for Toronto, and will visit many places of interest in Michigan and Wisconsin. The bride travelled in a suit of navy blue serge opening over a dainty blouse of georgette and wore a smart little blue hat to match.

The many beautiful and costly gifts, testified to the popularity of the bride, among them being a beautifully bound "Bible" from Stockdale Sunday School, where she has been a willing worker.

After their return they will reside on their farm in the third concession of Brighton, and their many friends join in wishing them a long, prosperous and happy wedded life.

Talk of the City and of the Country

BAD ACCIDENT.

On Sunday Mr. and Mrs. Norman Tetlock and family, Perth, were visiting Mr. and Mrs. John Truelove in Brumond when Percy, their son was climbing and broke his wrist in two places.

TEACHERS EXCHANGE POSTS.

J. W. Forbes, B.A., for 13 years master of mathematics at the Brockville Collegiate Institute, and for the past six years in charge of mathematics at the Ottawa Normal school, leaves the Capital at the end of this week for Stratford to take a similar position in the Collegiate Institute there. He will be replaced at Ottawa by J. B. Campbell, Stratford, who is vacating the position to which Mr. Forbes is going.

GOOD ENOUGH TO BUY IN.

If a city or town is good enough to live in, and good enough to take a salary from, it should be good enough to buy in. If the teachers, the preachers, the professors, the firmen, the policemen and the civic servants want increased salaries the most direct route to bring about that desired end is to keep the money circulating in the home town.

FIND DIFFICULTY IN RETAINING PROFESSORS.

Queen's University is finding much difficulty in keeping a staff for its science department. During the past few months half a dozen of the heads of departments have resigned to accept more lucrative posts in the commercial and industrial world. University salaries are not at present attractive, and as the supply of expert teachers in the sciences is much below the demand, the colleges are suffering. A bare existence no longer appeals to scientists who command big salaries for their work in the industrial world instead of in the college halls and laboratories.

MYSTERIOUS ACCIDENT.

Monday evening William McCabé of Kingston met with a very unfortunate accident when he was thrown from a horse on which he was riding. He had been in a habit of going for Polk's cows in the pasture and bring-

ing them in at night. Monday night he was driving the cows while on horse-back. The horse returned to the Polk farm without the boy and a search was immediately begun. Later the boy was found near the pasture in an unconscious condition and he was immediately brought to the General Hospital, where Dr. Mylke took him in charge.

The lad suffered a very extensive fracture of the skull and he was badly bruised. Dr. Mylke stated Tuesday that his condition is very precarious and he is doubtful as to the boy's chances of recovery.

TOO MUCH CHARCOAL LEAVING LINDSAY.

Those of our citizens who are financially able, and who have bin space to stock up in charcoal for the winter, may fall short of their supply unless they get busy at once, says the Lindsay Post. About 15,000 bushels of charcoal go out of town monthly, and as the output in December is only about half the amount the people require it behooves those who are in a position to stock up to do so. The management of the plant intends after that period to supply the working men and those with limited means with charcoal, so that those who allow such quantities of charcoal to leave town will be the sufferers.

EGG LAYING CONTEST.

In the egg laying contest at Ottawa, the individual contest continued with Mr. Coldham's Barred Rock number 1, (a Kingston hen) as leader. Since resuming work this bird has not failed with her daily contributions, and her grand total now stands 223. The next best bird is E. Rhoades Barred Rock No. 6, has one blank day in the last seven, so in making her total 219 her record now falls short of that of the leader by four points.

THOMAS DAVID LEFT KINGSTON.

Thomas David, the aged man from Picton, who has given the Kingston police so much trouble, was sent to his home, but it is a safe bet that he will be back in Kingston before the week is over. Thomas claims Picton as his home, but he does not care to stay there. He prefers the air around Kingston, but somehow he cannot keep clear of the police. He is only in Kingston a very short time when he is gathered in for various reasons. Many Kingstonsians have been kind to him, but all he gives for this treatment is abuse. On one occasion, when he was sent home to Picton he walked back to Kingston, and when he arrived at the outer station he telephoned the police station to tell "the boys" there that he was back in town again. And it was only a short time before he was locked up.

REWARD OFFERED FOR CAPTURE OF CONVICTS.

Warden Ponford, of the Portsmouth penitentiary, announced Tuesday that the dominion government had offered a reward of \$100 each for the capture of the two young Toronto convicts who made their escape from the "Pen" on August 14th last. The warden had offered a reward of \$25 each, but took the matter up with the justice department and the larger amount was granted. A week ago, telegrams were exchanged with Montreal, the authorities there having word that there was some trace of the prisoners there, but the Montreal police failed to locate them.

FELL FROM PLUM TREE, BROKE ANKLE.

A very painful accident, but one which fortunately did not prove serious befell Mrs. William Reynolds, 34 Lloyd st., Ottawa, on Tuesday last. While picking plums from a tree in her garden one of the limbs on which she was standing gave way, and she was thrown to the ground, the ankle of her right foot being broken, while the other was fractured. She also received injuries to her right side. Dr. Donivan set the injured limbs and Mrs. Reynolds is now doing as well as might be expected.

RAIN WASHED OUT BRIDGE.

During the heavy rain of Thursday night the plank foot bridge at the foot of John St. Ottawa, over the Ottawa creek was washed away, causing a little inconvenience to the residents in that section of the town.

BOY WAS SERIOUSLY INJURED.

A serious auto accident which came close to causing the death of little Dumcan Cameron, six-year-old son of Mr. and Mrs. A. G. Cameron, Brock St., Ottawa, occurred Thursday evening, shortly after six o'clock, near the corner of Simcoe and Coborne streets of that town.

MR. SIMPSON'S FAREWELL.

Whitby presbytery having at a special session sustained the call from Stirling, in the Kingston presbytery, to Rev. Robt. Simpson, pastor of Brooklin and Columbus Pres-

byterian congregations. Mr. Simpson delivered his farewell message to his people at Brooklin Sunday. He has been pastor at Brooklin since December, 1917, and his work is very highly regarded. The pulpits of Brooklin and Columbus will be declared vacant on Sept. 19th. Rev. W. M. Haig, Brooklin, has been appointed interim moderator.

BAD STORM AT GANANOQUE.

A report from Gananoque states that the storm in that district was very bad. The spire on Christ church was struck by lightning and badly shattered.

The barns of Bruce Shaw, about two miles north of Gananoque, were struck by lightning and totally destroyed, with 2,300 bushels of grain damaged.

STAFF TOUR OF OFFICERS.

A distinct feature of military work in peace times, will be experienced by the officers of Military District No. 3 for three days, when a staff tour will be held.

On September 22 to the 24th, inclusive, sixty senior officers of the district will assemble at Kingston and will go on a three-day tour. They will probably go west as far as Napanee, bivouacking and billeting. A force will be supposed to be working east from the west, and military manoeuvres will be held.

Brig.-Gen. W. B. M. King, C.B., C.M.G., general commanding officer of the district will be in command of the tour, and it is expected that officers from all parts of the district will be in attendance.

WIFE BEATER ARRESTED AT OSHAWA.

Wanted in Toronto by the police for assaulting and beating his wife, John Christopher Yates was Monday arrested in Oshawa while working at an Oshawa factory, and he is now in jail awaiting the arrival of an officer from the Queen City.

WOMAN DROWNED HERSELF.

After she had been missing from her home for several hours, relatives and neighbors Monday evening at 8.30 o'clock found the dead body of Mrs. William Manders, of Brockville, aged 65, floating in a small near the falls at Smith's Falls. The woman had been in ill health and despondent for some time and is believed to have drowned herself. Her husband and a family arrive.

NEW G.S.O. APPOINTED.

Major Neilson, of Ottawa, has been appointed General Staff Officer for Military District No. 3, and arrived in Kingston Monday evening. Major Neilson has a splendid record overseas, serving for some time in France as staff captain. He takes the position which has been vacant since General G. D. Manssull retired, who was formerly held by Lt.-Col. R. Brown, of Belleville.

BISHOP BIDEWELL HONORED.

On his return from the Lambeth Conference, Rt. Rev. Bishop Bidwell was met at Kingston Monday night by representatives of the Diocese of Ontario. This morning he breakfasted at the Frontenac club with the clergy, after which, a special service was held at St. George's Cathedral when prayers of thanksgiving were offered for his safe return and an address presented by Ven. Archbishop Dodds on behalf of the clergy.

TRAIN SMASHED DELIVERY WAGON.

A delivery wagon belonging to A. E. Saunders, Peterboro, Grocer, was completely smashed, the horse slightly cut, and the driver thrown to the road and rendered unconscious when the rig was struck by the Grand Trunk Railway train for Port Hope at the crossing at Perry street Monday noon.

The driver, Cliff Saunders, did not see the approaching train until it was almost upon him. His companion, Harry Pomeroy, jumped just in time, and then the train struck the wagon, lifting it up on the front of the engine and throwing young Saunders to the side of the road.

The horse was slightly cut, and Saunders was rendered unconscious by the force of the fall.

Life insurance distributions by U.S. and Canadian organizations were \$1,842,500,000.

Friends of a Kentucky bridegroom handed him after his wedding, put him in chains and led him through the streets of his city.

the point where the accident occurred there is always considerable congestion around six o'clock. As the little boy was crossing the street he saw a car coming from the north at quite a rate of speed, estimated by bystanders to be 25 miles an hour. He stopped but unfortunately not soon enough as he was struck by the fender of the car, which carried him several feet, while he sustained a fractured skull.

50 ONT. BOYS TO JOIN CANADA'S NAVY.

On the request of the department of naval affairs at Ottawa to the Navy League of Canada, 50 Ontario boys—members of the boys' naval brigades—will leave Toronto for Halifax to join the new ships presented by Britain to the Canadian navy. The event marks an epoch in Canadian naval history, because this is the first group of boys definitely launched upon a Canadian royal naval career as a result of the efforts of the Navy League of Canada, and it marks definite recognition of the work of the league. (The boys are all of fine type, representative of the best Canadian spirit and tradition.)

CONSTABLE AMEY IN KINGSTON.

Constable H. C. Amey of the Royal Northwest Mounted Police, who has been stationed at the Regina Post for some time is in Kingston visiting relatives. Constable Amey has been a member of the "Mounties" for some time, and has considerable experience with them. About a year ago he contracted typhoid fever while on service and after recuperating somewhat he spent some time at Banff, coming from there to Kingston to complete his recuperation.

THREE MORE STRUCK BY LIGHTNING.

During the terrific electric storm of Sunday evening three other persons in Kingston were injured, besides Miss Marchand who is improving. They were: Miss M. Dine, 6 Corrigan St. who was standing beside the stove in her kitchen, preparing supper, when lightning struck the chimney, ran down the chimney, and out the stove, striking Miss Dine on the arm, and causing a bad burn. The bolt of lightning passed along the floor, leaving a mark where it struck.

A few doors away, at No. 12 Corrigan street, Mrs. Frederick Byron was also struck by lightning. She was standing at the sink with a baby in her arms when a flash of lightning hit the sink and also struck Mrs. Byron, burning her arms and hands, but did not injure the baby.

Little Frederick Byron was also struck on the right arm. His mother and others worked his arms and rendered first aid and apart from a burning feeling in his arm, he was none the worse for his experience.

BIG HYDRO-AEROPLANE FALLS NEAR BROOKLIN.

Lack of structural steel has held up the work on two bridges to such an extent that it might be found impossible to put a permanent flooring on them this year, said the Deputy Minister. He had recently made a thorough inspection of the road, and stated that he was perfectly satisfied with the way work was being done. The worst of the road is just outside of Ottawa, there being almost a perfect road from Kempville on. No attempt will be made to put a permanent surface on any part of it this year.

BRIDGE WORK DELAYED.

The wrecked machine is number G-C A D B and was flying from Orillia to Toronto when engine trouble developed. It was in charge of Captain MacRae and Mechanic Baker, and carried two passengers, Leonard Thompson and William Craig, both of Orillia. Three of the party were more or less seriously injured. One had his arm broken another was cut and bruised considerably, and all were pretty badly shaken up, but were fortunate enough to escape fatal injury.

After visiting the scene of the wreck, it is difficult to imagine how the men were able to escape as safely as they did. The tremendous force with which the plane hit the earth may be imagined when it broke off three cedar trees and carried them on with it for several feet into a clump of larger trees, while the smallest of those broken off was about twelve inches through.

HUNG TO WINGS.

To save themselves they clambered out on the wings so as not to be imprisoned in the wreckage and when the shock came they were hurled forward onto the ground. None of the plane occupants were unconscious when help arrived.

The scene of the accident is a rather deep gully which is quite densely wooded with poplar and cedar. Had the men managed to clear the gully and the fence at the edge of it they would have had a fine level landing, but they fell short by about twenty rods.

It is understood that at an altitude of about five thousand feet engine trouble developed and they tried to plane down. They travelled for about a mile with a dead engine before crashing.

All the men were brought to the Oshawa General Hospital after having had first aid administered to them by Dr. James Moore, of Brooklin. They were very anxious that the press should not learn any of the facts and instructed their rescuers to divulge nothing. The superintendent of the Hospital received the same instructions and no information as to who the men were was given out here.

Lack of Structural Steel, He Says, Has Held Up Work on Bridges

Ottawa, Sept. 14.—The Ontario Government is going to keep its word with Ottawa" was the reply made by W. A. McLean, Deputy Minister of the Provincial Highways Department, when interviewed regarding the progress on the Ottawa-Prescott highway. "I am perfectly satisfied with the work that is being done on the road, and am also satisfied that there will be a good hard road to Prescott before the snow falls," he continued.

PROVINCIAL ROAD TOUR.

Mr. McLean, together with Mr. George Hogarth, Chief Engineer of the Department, and District Engineer Smith was in Ottawa for a short time. The party is touring Eastern Ontario, inspecting Provincial roads. Mr. McLean referred to the promise made by the Hon. Mr. Biggs, at a meeting here in the spring, and said that his department had every reason to believe that Mr. Biggs promise to the citizens of Ottawa, to the effect that the Ottawa-Prescott highway would be fit for use before the snow fall, would be carried out.

NEED "SPEED COPS" SOON.

"Grading will be finished by October 31. By November 31 the permanent foundation will be complete. Work on the permanent surface will commence in the spring and by June 1921 we will have speed cops on the Ottawa-Prescott highway. I am not prepared to say, however, what the speed limit will be." That is the way Mr. McLean summed up the immediate future of this much-discussed highway.

BRIDGE WORK DELAYED.

Lack of structural steel has held up the work on two bridges to such an extent that it might be found impossible to put a permanent flooring on them this year, said the Deputy Minister. He had recently made a thorough inspection of the road, and stated that he was perfectly satisfied with the way work was being done. The worst of the road is just outside of Ottawa, there being almost a perfect road from Kempville on. No attempt will be made to put a permanent surface on any part of it this year.

Freight Cars Crush Skull of Brakeman

Grand Trunk Employee is Instantly Killed at His Work

While attempting to couple two freight cars in the railway yards at the foot of John Street, Toronto, yesterday afternoon, Herbert S. Kerr, aged 29 years, of 771 Tecumseh St., Toronto, a Grand Trunk brakeman, had his head crushed between the cars and was instantly killed. Several of Kerr's fellow-workmen witnessed the accident, among them Wm. Puttock, the engineer in charge of the train was G. Shaw, 12 Lisle Ave.

Mr. Kerr was married to Miss Sadie Taylor of McDonald Ave., Belleville, and was a son of Mr. and Mrs. Geo. A. Kerr, of Uxbridge and Whitby. Burial takes place at Uxbridge on Saturday on the arrival of the G. T. R. train. The services will be held in Toronto on Friday evening.

Induction at Stirling

Kingston Presbytery Met in Belleville This Week

The Presbytery of Kingston met in John Street Presbyterian church on Tuesday, the moderator Rev. C. E. Kidd, of Gananoque, presiding. Mr. McIntosh was the first worthy patron. The function took place in the beautiful Johnstone Academy, which Mr. Albert Johnstone kindly placed at the disposal of the members for the evening's gathering.

There were about one hundred present and everybody had a delightful time. Cards, dancing and music were the features of a particularly enjoyable program. The gathering broke up shortly after the midnight hour after rousing cheers were given for Mr. Johnstone and the orchestra. Following is the Program:

ROOSTER SLEW CAT.

A cat belonging to Ford Ewald, a farmer near Sussex, N.J., decided to treat himself to a bit of chicken the other day. Unfortunately for himself, he picked out a guinea rooster, a most pugnacious bird. Ewald declared that the fight lasted for about nine minutes with the cat losing one of its lives every minute. At the beginning of the tenth minute the pussy granted hoarsely and rolled over dead, while the rooster pruned himself and strode proudly away, surrounded by admiring chickens.

A TERRIBLE CATASTROPHE.

Miss Anne McCann, prominent worker in the New York financial district, passed through Brockville Friday en route to her former home at Westport, where she will remain for at least six weeks to recover from the effects of the explosion on Wall street, New York, Thursday. To a representative of the R. and T. Friday morning Miss McCann stated that the disaster was the most terrifying ever experienced in the U.S. metropolis. She was within a block of the explosion when it occurred and stated that the scene beggars description. Newspaper reports of the disaster fail to convey but an impression of the terrible sight enacted. The explosion resulted from a bomb, in her opinion, and many of the injured were hurt in their mad rush for safety.

CANARY BIRD ASSOCIATION.

At a recent meeting of the Kingston owners of canaries, an organization known as the Canary Bird Association was formed and it was decided to place their birds on show at the Kingston fair. C. S. Litton, was appointed secretary, and he will receive the entries. The subject of the association is to promote the breeding of singing canaries.

MUST BE REGISTERED.

All births, marriages and deaths which take place throughout the province of Ontario are required to be registered with the clerk of the municipality in which the occurrences take place. Refusal or neglect to make these reports within the specified time will subject the person or persons so neglecting or refusing, to a penalty of \$20 and costs. Officers administering the act have been instructed to strictly enforce its requirements on all who fail to comply with its provisions. The publishing of such notices is not sufficient. The clerk of the municipality must also be notified.

GRENFELL MISSION FUND.

Dr. and Mrs. Wilfred Grenfell and Dr. Paddon will be in Toronto from Oct. 10th to 15th as assistants in the campaign to raise \$100,000 towards placing the Grenfell mission work in Labrador and Newfoundland, on a self-supporting and permanent basis. This is part of an international effort to secure a million dollar endowment fund.

BY-LAWS ON OCTOBER 4TH.

Two by-laws will be voted on in Napanee on Oct. 4th for the purchase of the Napanee Waterworks and for the purchase of the canal and water power and all the land and buildings owned by the Hydro-Electric Power Commission between the canal and the river, and also on the south-east side of the river. The second transaction covered by the second by-law was necessary as a proposition to buy the waterworks and have some other corporation or person own the source of water supply and the buildings in which the power plant was situated.

COMBINED SPORTS GROUND.

Further extensive alterations are under contemplation for the Renfrew fair grounds. It is proposed to make the fair grounds a sports centre for the town. Already there is a track and it is there that baseball and football are at present played. The proposals include a five rink bowling green, four tennis courts, and possibly a swimming tank, also the widening of the corners of the present track. The present idea is to build the tennis courts and bowling green inside the present oval at the fair grounds.

GRAND JURY

The Grand Jury at the assizes which opened this afternoon before the Hon. S. M. Meredith, Chief Jus-

Use of the Common Pleas, is composed of the following:

John A. Brown, Tweed; M. W. Chatterton, Mayo; David Cotton, Rawdon; Robert Gunter, Wollaston; W. J. Hill, Madoc; James Kelly, Faraday; Albert King, Eimerick; Thos. Matthews, Stirling; J. G. Moffat, Belleville; N. J. McNair, Trenton; R. A. Rollins, Madoc Twp.; James Rose, Madoc Twp.; Peter Stringer, Carlou.

A BOY TRAMP

The police answered a complaint to the east-end switch shanty of the G. T. R. on Sunday morning at one o'clock. There had been a boy trying to board a freight train. The officers arrested a twelve-year-old Toronto boy, who was taken to the Shelter later after being remanded on a vagrancy charge. An effort will be made to locate his friends in Toronto.

CLOTHING STOLEN

Mr. Joseph Bourdreaux, of the C. P. R. section gang, complains to the police that a brown suit case containing clothing and shirts had been stolen.

ABLE TO WALK

There was a call to a hotel on Saturday afternoon to eject two unruly men. One on the street the men seemed sober to the officer and were not arrested.

LIGHT FROST.

The lowering temperature on Saturday night brought a light frost in the low-lying lands throughout the county. This frost was repeated last night to a lesser degree. Such tender vegetables as tomatoes, potatoes and corn were slightly touched but the damage will be trifling. The buckwheat, which is well loaded, is now nearly all ripened and past the danger of injury from freezing. About the city, even the tenderest of flowers are still untouched. It was feared that the cold clear evening last night would bring hard freezing but the situation was saved by clouds and a rising temperature during the night. Killing frosts quite frequently occur in eastern Ontario at this season. After a night or two of frost, we then often experience frostless days and nights until October is well advanced.

SPOKE ON MISSIONS.

Mrs. D. A. Walner, of Toronto, a member of the Presbyterian Women's Missionary Society, occupied the pulpit of St. Andrew's Church last evening. She spoke particularly of the home missions and expressed the hope that every woman and girl would become interested in the work.

RUMORED CHANGE.

If rumor proves true, Belleville may profit by a change on the Grand Trunk. There is a report that some of the G.T.R. shops at Turcott, Montreal, may be moved to this city. No verification of the story can be made.

HAD NARROW ESCAPE

News has reached Mr. and Mrs. John Thompson, Charlotte Street, that their son, John Thompson who runs a baking business in Calgary, met with a serious accident some days ago. There had been a sound heard as of an explosion and to investigate Mr. Thompson took a torch and opened the oven. Another explosion followed and Mr. Thompson had his shirt burned, while his hair and eyebrows were singed. He was rushed to the hospital and up to the time that the letter conveying the news was written he was well on the way to recovery. Fortunately his eyesight is not injured.

BELLEVILLE'S NEXT IMPROVEMENT

Some of our retail merchants are discussing means to relieve the growing congestion on Front street, consequent upon our large rural trade. As it is goods being received by freight, truck and express wagon and goods disposed of by parcel and express delivery now conflict with the display and selling service of the mercantile staffs and the convenience of the customers.

Then again the problem of parking vehicles has become an acute matter. The proposition to relieve this situation is to construct a boulevard along the east side of the river Moira, bank and the extending of the retaining wall to prevent the usual spring flooding of yards and basements so costly each year. Now that Cole-

Man Street is paved so thoroughly

the vacant lots along the west side of the river will, no doubt, be quickly built upon. The suggested improvement of our dividing stream in the heart of the city will add greatly to economic values and besides will be a thing of beauty and a joy forever.

LIQUOR SEIZURE HOLDS.

The adjourned case dealing with the seizure of 1,000 cases of liquor by Inspector Adams at Cardinal on August 7, was tried Thursday before Magistrate P. K. Halpin at Prescott. The evidence proved that the steamer Samuel Marshall, which transported the liquor, had broken cargo at Cardinal Canal, unloading part at that point for transportation to Odgensburg, N.Y. This liquor was later seized in Odgensburg. The shipment, which is valued at \$20,000, will be shipped by the authorities to Toronto. The owners did not appear at Thursday's trial or offer any defence.

VISITED GRAVE OF SONS.

Mr. and Mrs. Goodall, of Oakland, Maine, have returned home after visiting the grave of their son, killed in action in France during the war. On the battlefield they picked up a rifle, which they brought home with them. Examining it closely at home they found carved on the stock the initials of their son's name.

INJURY IN RUNAWAY.

When her horse became unmanageable on the outskirts of Merrickville, Mrs. William Boyle, a resident of the township of Oxford, was thrown out of her buggy when rounding a corner and was badly bruised on different parts of her body. First aid was rendered by Dr. S. F. Levine who afterwards drove the injured woman to the Public Hospital at Smith's Falls.

THE CONTINUATION SCHOOL.

Even the most optimistic didn't expect Marmora's new Continuation School would have as many pupils for a number of years at least, as it had for the opening last Monday. The attendance is about fifty and it is stated that a few others expect to start shortly. It proves conclusively the need that existed for better educational facilities in Marmora and that no mistake was made in establishing the school this year.

Miss Daley, of Port Hope, is principal with Miss Steward, B. A., of Concession, assistant. It is hoped they will have a most successful term and that parents of pupils will assist them by seeing that the children prepare the lessons that may be given for home work.

The school should prove of inestimable value to Marmora district. In years past this district has produced very few teachers or graduates for the various professions. Now that the children may obtain their matriculation or second class certificates at home a marked change should take place in this regard.

The school is one of which all concerned may well be proud. Now the reconstruction is completed it presents an attractive appearance from the exterior and the class rooms are comfortable and bright and the decorations give a pleasing effect.

Wedding Bells

A quiet but pretty wedding was solemnized this morning at St. Michael's Church, when Lillian, the only daughter of Mr. and Mrs. Robert Bird of Foxboro, became the bride of Mr. Joseph J. Roe, of this city, a popular salesman of the Oak Hall store.

Rev. Father Killen performed the impressive ceremony. The bride was given away by her brother, Mr. Fred Bird. She looked very pretty, indeed, in a suit of navy, trimmed with Hudson seal and hat to match. She was assisted by Miss Agnes Brown, while Mr. Chas. Bird did honors for the groom. The groom's gift to the bride was an amethyst and pearl pendant, to the bridesmaid a cameo brooch and to the groomsmen, gold cuff links.

The happy couple will proceed to western Canada on their nuptial tour and they are expecting to set up housekeeping at their new home in Moose Jaw, where a host of friends from this locality will wish them bon voyage through life.

It is usually safe to say that when a child is pale, sickly, peevish and restless, the cause is worms. These parasites range the stomach and intestines, causing serious disorders of the digestion and preventing the infant from deriving sustenance from food. Miller's Worm Powders, by destroying the worms, corrects these faults of the digestion and serves to restore the organs to healthy action.

He Says They Are Surely the Best

FRANK HANNON SWEARS BY DODD'S KIDNEY PILLS.

States that they cured his backache after other medicines had failed and that he would not be without them.

Corcoran, Joliette Co., Que. Sept. 20. (Special.)—Claiming that he is completely cured of backache from which he was a severe sufferer, Mr. Frank Hannon, a well known resident here, is shouting the praises of Dodd's Kidney Pills.

"After trying various medicines for my backache," Mr. Hannon states, "I finally bought a supply of Dodd's Kidney Pills. From the start of the treatment I felt benefited and now I am completely cured."

"I therefore proclaim Dodd's Kidney Pills the finest on the market. I would not be without them."

Obituary

MRS. MARY REEVES. The remains of the late Mrs. Mary Reeves, who died on Saturday morning at Thomasburg while on a visit to her niece, Mrs. Wesley Morton, were brought to this city on Saturday evening and taken to her home, 212 Charles St. Mrs. Reeves was the widow of the late George Reeves and a daughter of John and Catherine Wilson. She was born in Belleville in 1835 and had lived here practically all her life. Mrs. Reeves was very highly esteemed by all who knew her. She was a lifelong member of Bridge Street Methodist Church. Surviving her are two daughters and two sons, Misses Minnie and Maud of this city, Dr. C. M. Reeves, of Tweed, and J. D. Reeves of Toronto.

WILLIAM KENNEY. William Kenney, 89 Cambridge Rd. died on Saturday at the age of 87 years. He was a widower. He had been for several years ill. He leaves one son, Joseph N. Kenney, of this city.

The funeral was held this morning to St. Michael's Church. Rev. Father Whelan celebrating a solemn mass. The interment was made at Marysville. There were many spiritual offerings. The bearers were T. VanMeer, John Hill, James Garraugh, Robert Milne, George O'Neil, and Wm. McCarthy.

Farmer Fatally Hurt, Dragged Under Wagon

Herbert Rodney, a farmer of Sohierburg, was fatally injured by his team running away. He had just finished unloading a load of corn at the Old Homestead Canning Factory and stepped on the tongue of the wagon to reach for the line, which frightened a colt of his team. They started to run, Rodney's foot catching in the whiffletrees and dragging him under the wagon, his head pounding the ground, terribly lacerating and bruising him. One eye was knocked out and one ear torn off. He was rushed to the hospital, but lived only a short time. He was 35 years of age, and leaves a wife and family.

Shannonville Fair Rising From Its Ashes

Despite Depressing Experience of Loss of Hall by Fire.

Notwithstanding the fact that the exhibition building of the Shannonville fair burned a week before the fair, the spirit that has made Shannonville fair a success was not depressed. The management, Saturday night put on the best concert held in the village and was rewarded with an overflowing audience. Every available space in the A. O. U. W. hall was filled with happy, joyous humanity and many were unable to get admittance. W. C. Mikel, K.C.C., occupied the chair. The leading vocal numbers on the programme were rendered by Mrs. Dun, of Belleville, whose sweet, rich voice and pleasing manner completely captivated the audience. Miss Newton, of Toronto, Canada's leading elocutionist displayed her rare powers and her description of a horse race held the audience spellbound. Mr. F. Perrin,

of Toronto, humorist, kept everyone roaring with laughter while he was on the stage. Miss Potter, of Belleville, the accompanist, displayed that rare but often needed capacity in an accompaniment of making both the time and the music fit the singer. The pleasure of the evening will linger in the memories of the people who had the privilege of attending this concert. The management of the Belleville fair might well take pattern after the splendid spirit of Shannonville which made their fair such a great success even though their buildings were burned on the eve of the fair.

The exhibits this year of the fair were very numerous and competition was keen.

An Official Visit by S. S. Worker

Yesterday morning at Victoria Ave., Baptist Church, Mr. T. F. Harrison, for a number of years S. S. Superintendent at Kingston, Ont., and now connected with the Provincial Religious Education Council at Toronto spoke upon the supreme importance of work among the young. Reading the incident of the Feeding of the Five Thousand describing how the meagre lunch of the small boy with a few barley loaves and small fishes, it was shown how a mother's humble endeavor combined with the co-operation of the disciples under the Master's blessing resulted in a great response. Mr. Harrison defined the Church school as the early development of right character for this world, as well as for the next. While redemptive work was all important the church ought not to neglect preventive measures along the dangerous voyage of life. The Sunday School dealt with fundamentals necessary to our civilization and had the greatest text book in the world, "The Bible."

Leading men have stated that the morality of the nation depended upon the application of Scriptural teaching. The large number of our young men who went from par churches and Sunday schools to the recent great war against the forces of might leaned hard in the time of stress upon early influences of the home and church. Secular education alone is not sufficient. Germany with her brand of culture had become devilish. Christianity is the leaven for the world's needs and present unrest. It behooves the adult section of the community to support and rally to the claims of the boys and girls in attendance at their weekly session of religious study and the providing of suitable quarters and financial assistance commensurate with the other departments of church life. Mr. Harrison has recently made a tour of the world and grips his hearers with his rapid manner and apt illustrations.

Yesterday afternoon at the close of the various local schools he addressed a meeting of S. S. executives and workers in Bridge Street Methodist Church, assembly room. The annual convention of the cause of Eastern Ontario is to be held in this city October 26th to 28th next, when several hundred delegates are expected and will confer with various denominational field secretaries. As announced Mr. Harrison last evening held forth at the Tabernacle church.

HAD NARROW ESCAPE

Mrs. Mills and two sons, of Buffalo, had a narrow escape from serious injury. While motoring on the Provincial Highway near Welcome on Saturday, in their brand new Moore auto, the wheels skidded on the freshly oiled road and completely overturned. The top was badly smashed, and the windshield broken. The front of the top being up saved the occupants, and they all escaped injury. The party were enroute to Ottawa, but after temporary repairs were made they returned to Buffalo.

HANDSOME NEW AUTO HEARSE.

Mr. N. J. McNair, furniture dealer and undertaker, Trenton, was in Toronto last week and brought home with him to add to his already fine undertaking equipment, a handsome auto-hearse, making the second in his establishment. The new hearse is a high-powered machine, equitably finished and a very handsome design. The latest and best built for city undertaking business. The new funeral car cost in the neighborhood of \$4,000.
