SPLENDID RECORD OF THE BRANTFORD CRICKET CLUB

Out of a Membership of Thirty, Twenty-Two Have Enlisted For Active Service—In Order to Keep up the Game, Retired Players Asked to "Come Back."

The annual general meeting of the Brantford Cricket Association was held last evening at Henderson's cafe, a small but enthusiastic gathering being present, six of the members wearing khaki, making a total who have answered their country's call, out of a membership of 30, active players.

After the good things prepared by mine host Henderson had been disposed of and the toast of the King honored in due form, the Chairman, Mr. G. Whitwill, called on the Captain of last year's team, W. West, to give his report, which showed that although some of the best players were away last summer, the club gave a good account of itself in 1915, the players being particularly proud of winning out from the strong West Toronto team, which visited Brantford on Dominion Day last. The Secretary-Treasurer, J. F. Van-Lane, was then called on for his report. The financial position was found to break about even, owing to the economy which had been practiced during the past season. This saving was largely brought about by the untiring efforts of the Captain, W. West, who had taken full charge of the ground and without remuneration. The chairman then asked the Captain to come forward and the Secretary read to him the following address on behalf of the club, and asked his acceptance of a wrist watch as a slight token of the members' appreciation. The address was as follows:

February 9th, 1916.
Corporal William West:
The honor has been conferred upon me of expressing on behalf of the Brantford Cricket Club, its great and sincere appreciation of the never failing interest you have taken in its

An enthusiastic crowd of Patriotic Fund Workers assembled for supper last night at 6.30 in headquarters. (Every man jack pays for his own meal, and don't you forget it.) Rev. Mr. Woodside was the speaker and he heartily congratulated everyone upon the grand and the worthy task in which they were engaged. It was, indeed, a privilege to present Patriotic fund claims for what could be better or more inspiring than to ask for co-operation in the matter of seeing that the dependents of the brave men who had gone to the front were suitably looked after. When it was told by a prominent financier that money was never more plentiful in Canada, or the average wage so high, this condition of affairs was quite largely due to war orders and surely the response to the Patriotic Fund appeal under such circumstances had been his privilege during the day to address the employees of a couple of factories and the sympathetic attention he had received once more demonstrated to him what he had always realized viz., that men and women would always respond freely to a cause clearly presented.

The team captains as they announced their totals for the day were loudly applauded. It will be noticed that the two preferential lists came first with \$14,114.00, and Detwiler's third with \$5,139.50, and Dowling's third with \$2,779.20, and Sanderson's third with \$2,419.00.

The employees of the factories are responding splendidly. Those at

Switzerland Threatened With Internal Crisis

Two High Officers in the Army Accused of Having Sent Reports on French Movements to German Military Staff.

By Special Wire to the Courier.
New York, Feb. 10.—A special cable to The Tribune from Lugano says: Switzerland is threatened by a grave internal crisis. Many people regard the situation as the most critical the Swiss republic has ever faced.

It becomes like that in France just before the Dreyfus case, when the Republican majority began to realize that reactionary monarchists and imperialist parties had in the high commands in the army.

Just as the Dreyfus case brought the conflict between Republican France and the anti-republican reaction to a head so the "affairs des Colonels" as it is called has precipitated a conflict in Switzerland—a conflict which threatens to shake the Republic to its very foundations. Two of the highest officers in the Swiss army, Col. Von Watterwil and Col. Karl Egli, both holding high rank in the general staff—are accused of having sent daily reports on the movements of French troops to the German military attaché at Berne.

Partisans of the two colonels are doing their best to set the army against the nation and more heated anti-militarists are using the affair to further their political ends.

Under such circumstances the guilt or innocence of the accused runs the risk of becoming a merely secondary consideration, the real question at stake being the triumph of one or the other political party.

MERCHANTMEN SHIPS OF WAR

Germany Will So Regard Them in the Future.

By Special Wire to the Courier.
Berlin, Feb. 10. (By Sayville wireless)—The German government is about to issue a memorandum to neutral governments announcing that hereafter armed merchantmen belonging to countries at war with Germany will be considered and treated as warships.

The government contends this measure is justified by explicit instructions issued by the British admiralty to merchantmen, a copy of which is said to have been obtained by the German authorities. These instructions, it is understood were that the merchantmen should carry guns and attack submarines on sight.

It is also stated these orders have a counterpart in instructions issued by the governments of other countries at war with Germany.

Hamilton Wants Conscription

By Special Wire to the Courier.
Hamilton, Ont., Feb. 10.—Despite assurances of Premier Borden and Sir Wilfrid Laurier that there will be no conscription measure in Canada, Hamilton is clamoring for it. The recruiting league has arranged a big mass meeting for a week from Sunday, when the government will be petitioned to use force to make eligible enlist.

William J. Bryan revealed the secret state department code for foreign governments certainly, and probably to Gen. Huerta without knowing he did it.

OTTAWA FIRE INVESTIGATION HAS COMMENCED; WITNESSES HEARD

Commissioners Explain They Have Full Powers in This Probe—Too Many Papers in Reading-Room, and Doubtful Whether Fire Extinguishers Were Tested Regularly.

By Special Wire to the Courier.
Ottawa, Feb. 10.—Investigation of the fire which destroyed the Parliament Buildings, with a loss of seven lives on February 3, was begun this morning by two government commissioners, Judge MacTavish and R. A. Pringle, K.C., Ottawa, in the council chamber of the city.

The work of examining the witnesses was undertaken by W. R. White, K.C. of Ottawa.

HAD FULL POWERS.
At the outset, Mr. Pringle referred to the appointment of Judge MacTavish and himself as a commission to investigate the origin of the fire. He mentioned that they had been given full powers to probe the matter. The material loss from the conflagration had not been great and in a few short months the buildings would be restored and would be better fitted to meet the requirements of the country. The loss of life was deplorable, and the commission extended its sympathy to the relatives of those who had been victims of the fire.

CANADA AT WAR
Mr. Pringle then dealt with the causes of fires in big buildings, and which he said, would all be examined to see if they had any application to the case under consideration. They had to remember, Mr. Pringle said, that Canada was at war. It was natural to suspect an enemy hand of being connected with the destruction of the parliament buildings.

After a while this burg into flames. Whether or not anything of this sort had occurred here would be one of the most carefully considered subjects of their enquiry. Canada was at war, and if they were slumbering as at dangers, this fire, if of incendiary

TOO MANY PAPERS

Col. Smith, sergeant-at-arms, entered into details of the fire-fighting apparatus in the building. He swore the hose installed was adequate to reach any portion of the building. Twenty extinguishers were also placed at different points of the structure. The reading room where the fire broke out contained papers. There were too many papers in it for the size of the room. The fittings were of a most inflammable nature. There was cellophane on the floor, the cabinets were of varnished wood, while the panelling was pine. He thought if a fire started there it would rapidly get beyond control. Asked who was responsible for the number of policemen in the building to attend to the fire-fighting appliances, Col. Smith said he had nine or ten men under his control. These were in addition the staff employed by the public works department. There was always somebody on guard in the reading room, in addition to the policeman at the door.

In answer to a question from Mr. Pringle, Col. Smith said he was not sure whether the fire extinguishers were tested regularly. He was afraid not.

MR. GLASS

Frank Glass, M.P. for East Middlesex said he was in the reading room on the night of the fire. He felt a

Obituary

INFANT HALL
The death took place this morning about 7 o'clock of Gordon Edward, infant son of Mr. and Mrs. Ernest Hall, 77 Albion street. The child had been delicate for some time, but the end came very sudden. The child's father is very well known here being connected with the firm of John H. Hall and Sons Co. The funeral will take place to-morrow afternoon at 4 p. m. to Greenwood cemetery.

Three arrests were made in Syracuse, N. Y., in connection with an investigation into alleged irregularities in the construction of the Onondaga County Tuberculosis Sanatorium.

The Rev. J. M. Cagle, aged forty, a Baptist minister of Sherman, T. C., was shot and probably fatally wounded on the public square there by Mrs. Annie Faust.

Must Enlist.
By Special Wire to the Courier.
Hamilton, Ont., Feb. 10.—Mayor Walters edict to city hall employees to enlist or quit applies to married men as well as single, and also to department heads. The Mayor is going himself with the Tiger Battalion. He has a wife and three young children and sees no reason why other men should not make as great a sacrifice.

Mrs. Annie Hilbert, Jersey City, got a divorce from Eugene Hilbert because, she said, her husband gave nearly all his time to trying to invent something and neglected to provide anything for his family.

Fight or Pay.

Twelve Good Reasons Why I am Subscribing to the Brantford Patriotic Fund to the Extent of my Ability

1. BECAUSE I wish to do "my bit," and not to let "the other fellow" do it for me. Common decency demands this much, at least, from me.
2. BECAUSE I owe to my country, and to the Empire of which it is a part, either to fight myself or to make it possible for others to fight in this supreme struggle.
3. BECAUSE, as a Canadian, I have up to this time enjoyed the protection and privileges of British citizenship, and have never before been called upon to assist in the defence of the Empire.
4. BECAUSE I paid no war tax previous to last year. My Mother Country has borne the full burden of my protection alone.
5. BECAUSE I desire Great Britain to realize in this hour of trial that every Canadian is faithfully supporting and loyally upholding her cause.
6. BECAUSE in this war the cause of our Empire is a righteous one. It is a necessary struggle for Truth, Liberty, the Sacredness of Treaties and the Given Word, of Democracy against Autocracy, for the supremacy of British Ideals or Prussian Militarism.
7. BECAUSE, though I cannot go myself, I can help to make it possible for others to go by guaranteeing that their families will be provided for in their absence.
8. BECAUSE every soldier who has gone from Canada is as truly my representative as the soldier who went from Brant County.
9. BECAUSE the object of the CANADIAN PATRIOTIC FUND is to make provision for ALL families of soldiers who go from Canada to take part in this present war.
10. BECAUSE those who have enlisted and are going to the front to fight our battles are making a greater sacrifice—and anything which I can do at home will cost either me or my family.
11. BECAUSE I realize that if I will lose not only all my property and my self-respect—if I have done less than my best—but will have to submit to the government of the conqueror whose ideals I abhor.
12. BECAUSE an unparalleled crisis in the world's history calls for the greatest possible sacrifice from all of us.

ELGAR CHOIR
A most magnificent programme will be rendered by the Elgar Choir of Hamilton at the Grand Opera House, Tuesday, Feb. 15th. It will consist of choral gems from the works of Clarence Lucas, Edward German, R. Nathaniel Dett, Percy Grainger, E. J. Biederman, Mark Andrews and Louis Victor Saar, a quartette of Hamilton's best soloists will assist the Elgar choir. They are Miss Edith Whitaker, soprano; Mrs. George Allan, alto; Mr. Roy Mcintosh, bass, seats are on sale now.

ETHEL BARRYMORE IN METRO PICTURES
The production at the Colonial to-night Friday and Saturday will be the latest release of Metro Pictures Limited, in which the famous Barrymore, the brilliant stage star, will be featured in "The Final Judgment," a five-part photo-play written by George Scarborough, one of the foremost dramatists in America. Miss Barrymore is supported by an exceptional cast.

"The Final Judgment" will be seen on the speaking stage in New York late in December, but is offered on the Metro programme in advance of its presentation there, marking a reversal in the usual form of stage and screen productions.

The marriage took place in Toronto on Wednesday, Feb. 9, 1916, by Rev. A. Logan Gaggie, at Parkdale Presbyterian Church, of Ella C. Fulton, Harriston, to H. Edmund Raynor, Peterboro, son of Mr. and Mrs. N. H. Raynor, Mount Pleasant Street.

Dr. A. S. Vogt, director of the Toronto Conservatory of Music, and conductor of the Mendelssohn Choir, is examining at the Academy of Music to-day. He will also remain in the city for the Schubert Choir to-night. While in the city Dr. Vogt is the guest of Mrs. Eleanor Popplewell, Brant avenue.

Nuptial Notes

At the home of the groom's father, 133 Bruce street Rev. Mr. Kelly on Wednesday evening celebrated the marriage of Mr. Harry J. Berman to Miss Mary J. Berman of Watford. The groom was supported by Mr. Frank Sterne, and the bride by Miss Mabel Farr. After their return on the honeymoon trip, Mr. and Mrs. Sterne will take up their residence in this city. They will have the hearty wishes of a number of friends for their future happiness.

Laid at Rest

WILLIAM L. O'CONNELL
The funeral of the late William L. O'Connell, eldest son of Mr. and Mrs. Michael O'Connell, took place this morning from his late residence, 109 Sydneyham street to St. Basil's church where high requiem mass, was sung by Rev. Father Dogorski. Very Rev. Dean Brady, D.D., performed in the last rites at the grave side in St. Joseph's cemetery. He leaves to mourn his loss a sorrowing father and mother and two brothers, Gordon and Merwyn. The following beautiful hymns were sung: "The Lord is My Strength," "The Lord is My Strength," "The Lord is My Strength." The hymns were sung by the choir of St. Basil's church.

Mr. H. Sky, a farmer residing near Tranquilly, a short distance from this city, was married Sunday evening in Bay City, Mich., to Miss Sarah Lillian Berman of that city. On returning to Brantford, the happy couple will reside on Mr. Sky's farm in tranquillity.

ASTLE-SYMONS

One of those interesting events which has been looked forward to by so many, took place Wednesday at the home of Mr. and Mrs. John Symons, 24 Brighton Ave., when their only daughter, Evelyn Irene Symons, was married to Mr. Enoch Astle. They were unattended, the ceremony being performed by Rev. G. H. North. Immediately at high noon, the bride and groom, accompanied by her father to the strains of Mendelssohn's wedding march, played by Mrs. Donaldson, the bride and groom taking their place under an arch of red, white and blue.

The bride looked very pretty gowned in ivory duchesse, satin trimmed with silk embroidered net and applique, also carrying a shower bouquet of roses and carnations, also wearing a bridal veil of Brussels net finished with a wreath of orange blossoms.

The only jewelry worn by the bride was pearl necklace, the gift of the groom.

After the usual congratulations, the guests sat down to a dainty lunch. After all had done justice to the repast, the bride and groom left for Toronto and points east amid showers of confetti and good wishes. The bride's going away gown was navy blue serge with white silk crepe-trimmed and blue velvet hat. The presents were very beautiful, showing the esteem and affection in which the bride and groom are held by their friends.

Sponges are really animals, and when first brought to the surface of the ocean are black and slimy. The sponges sold in shops are merely the skeleton or frameworks which give strength and form to the soft, gelatinous tissues of the living animal.

The so-called roots are only so-called anchors. Sponge fishing is probably carried on off the coasts of America, Cuba and the Bahama Islands and in the Mediterranean. The average sponger is about four years old. A plant may suffer and perish from fever, caused by a wound, which rapidly consumes its reserves of organic matter and brings on emaciation, sometimes sufficient to cause death. Du Sablon has experimented with potatoes rendered feverish by about one degree, and the quantity of carbonic acid given off increases several hundred per cent. If the potato survives its "respiration" after a few days becomes normal, but Nevada's spongers are not so lucky. It falls into an emaciated state, retaining that of a person convalescing from a long fever.

In the personal laboratory of Sir William Ramsay, at University College, is a pair of scales so delicately adjusted that they will weigh a seven-thirtieth part of an ounce. The room is in semi-darkness. So delicate are these wonderful scales that their balance is disturbed by the turning of a temperature gauge or the opening of an electric light at the other end of the room. The operator has to leave them for an hour in darkness after he has tipped them so that the scales rest in a metal chamber. The beam, only a few inches long, appears a mere cobweb of glass with its frail supports. It is not made of glass, however, but of silica, which expands and contracts under the effect of heat far less than glass.

Meerschmann mines at Nemau have been worked for two thousand years. It is said, and the process is quite simple. The mines, which at one time reached from Kahle to Mihalitz, on the Sea of Marmora, are situated around the city of Eski-Shehr, and give employment to some five thousand miners. The mines are worked in the most primitive manner by a foreman and two to five workmen with picks. The depth of the pits vary greatly and depend upon the depth at which a reddish brown earth is met, which is the first indication of the existence of magnesite. Sometimes this red earth is found only a few yards beneath the surface, but ordinarily at a depth of twenty yards, often forty, and even sixty. In this layer of red earth meerschmann is found, disseminated in nuggets of irregular shape. The size of these rarely exceeds twelve to sixteen cubic inches—the greater part are of the size of a waxen. No explosives are used, the ground being soft. Almost the entire output of this article is exported to Vienna and thence distributed.

SMOKED IN READING ROOM.

Replying to Mr. Pringle, Spencer said he had often seen members smoking in the reading room, though he did not recollect seeing anybody smoking in the room on the night of the fire. He did not think, with the guards placed at the door of this room, anybody could have got in to distribute a chemical on the papers. Asked especially whether either Mr. Northrup or Mr. Glass was smoking, witness said he did not notice them smoking.

Mr. Pringle intimated that he would ask Mr. Glass whether he was smoking or whether Mr. Northrup or Sir Thomas White was smoking, and whether they smoked as a habit.

"Rather a delicate question," commented Mr. White.

"Nothing is delicate that is pertinent to the fire," said Mr. Pringle.

David Ewart of the Dominion architectural staff, said the contents of the reading room and corridors were undoubtedly not sprinkling system in the reading room, though there were hydrants and had wanted to start a fire in this parliament building he could not have chosen a better place? queried Mr. Pringle.

NOT FIRE PROOF STRUCTURE.

Witness agreed. He continued by explaining to Mr. Pringle that the structure was not of fire proof type of construction used in modern buildings, while the woodwork had been frequently varnished. Shellac had been placed on the floors recently. This would cause the flames to spread rapidly with a great deal of smoke. A sprinkler system could have been introduced into the building, but it was never considered, undoubtedly the metal doors saved the library. Similar doors would, perhaps, have isolated the fire in the reading room for a while, but owing to the construction of the building, the flames would ultimately spread.

The adjournment was taken at this point.

Chancellor David Starr Jordan addressing students of Leland Stanford University said: "There are too many 'low brows' in college." A "low brow," he explained, was "only one degree removed from a 'rough neck'."

expands and contracts under the effect of heat far less than glass. Meerschau mines at Neulau have been worked for two thousand years, it is said, and the process is quite simple. The mines, which at one time reached from Kabe to Mihalich, on the Sea of Marmora, are situated around the city of Eski-Shehr, and give employment to some five thousand miners. The mines are worked in the most primitive manner by a foreman and two to five workmen with picks. The depth of the pits vary greatly and depend upon the depth at which a reddish brown earth is met, which is the first indication of the existence of magnesite. Sometimes this red earth is found only a few yards beneath the surface, but ordinarily at a depth of twenty yards, often forty, and even sixty. In this layer of red earth meerschau is found, disseminated in nuggets of irregular shape. The size of these nuggets exceeds twelve to sixteen cubic inches—the greater part are of the size of a walnut. No explosives are used, the ground being soft. Almost the entire output of this article is exported to Vienna and thence distributed.

AIR RAID IN SMYRNA

London, Feb. 10.—The Daily Mail's Athens correspondent telegraphs he has information from the Isle of Mitros that a squadron of French aeroplanes threw bombs on Smyrna, the important industrial city in Turkish Asia Minor yesterday. The extent of the damage is not known. The Austrian official report states that vanguards of the Austro-Hungarian troops operating in Albania have crossed the River Im and occupied Preziza (about 12 miles north-east of the town). The enemy composed of remnants of the Serbian army, Italian detachments and Epirot tribes, retreated, avoided battle and retreated to the south and south-east. Only about five miles) north-west of Tirana, did a short battle develop. The enemy was repulsed, according to the Austrian report which continues: "Our army have recently repeatedly bombarded with success the troop camps near Durazzo and Italian steamers lying in the harbor there."

Exchange of Canadians

London, Feb. 10.—Another group of Canadians have arrived from Germany as exchange prisoners. Among them is No. 24,101, Pte. Arthur S. Heber, 5th Royal Highlanders, whose next of kin is his father, 34 Ellersley Road, Shepherd's bush, London, England. Heber was wounded in the shoulder at Ypres in April and has been at Stendhal. Other arrivals are Robert Sander Van Mills, 5th battalion; A. H. Lang, 8th battalion; J. O. Mackinn and Thomas Cannon, 7th battalion; Ashleigh, 8th battalion, and J. W. Green, 8th battalion. Heber and some of his companions, seen in the hospital here largely reiterated the stories already told of wretched conditions in the prison camps, especially as regards the lack of food.

The Situation.

It is announced that the Russians have commenced to drive the Teutons over the Dneister River, and that vigorous attacks have resulted in the capture of a strong Hun position and also six thousand prisoners. At other points the enemy has commenced to make use of very heavy artillery, but the troops of the Czar are now fortunately able to respond in kind.

LOCAL NEWS ITEMS

CATTLE SHIPMENTS.

A. E. Reeder shipped a car load of butcher cattle to Toronto yesterday.

HOSPITAL MEETING.

The annual meeting of the Hospital Board of Governors will take place on Tuesday next. The new members of the board are Warden Harris, Mayor Bowley and Mr. Geo. Kippax.

CITY COUNCIL.

The adjourned meeting of the city council will take place to-night. Among other items will be the annual report of Chief Lewis. This will show the exceptionally heavy total loss of \$209,508, including Crompton's \$170,738, and \$14,837 at the Gem theatre.

TIME EXTENDED.

In the 8th Battalion orders to-day the following item is included "all members of the Catholic Order of Foresters who wish to attend the 'at home' being given to-night, Feb. 9th, by St. Basil's church, Catholic Order of Foresters, will be given passes to remain out of barracks until 12 midnight on application to their company commanders."

PERMITS ISSUED.

The electrical permits issued by the district inspector, Mr. Mowat, for the past month totalled 33.

OFFICERS OF THE DAY.

The officers for the day in the 125th are Capt. Shultis; next for duty, Capt. James Subaltern, Lieut. Smith; next for duty Lieut. Preston.

BROKE HIS WRIST.

Pte. J. Mees of D Co. 125th, slipped on Colborne St. yesterday and broke his wrist, which will keep him off duty for some time.

WITH THE POLICE.

The Police Court was rather small this morning. A drunk was fined \$3 and Harry Watson who resisted arrest was fined \$10 and costs, \$12.85 in all.

GOOD ROADS ASSOCIATION.

Secretary-Treasurer of the Ontario Good Roads Association, George S. Henry, has written the city clerk informing him the annual convention of that association will be held in Toronto, Feb. 14th.

WANT HIM BACK.

At the February meeting of the quarterly board of Sydenham Street church held on Tuesday evening, a resolution was passed thanking the pastor, Rev. Wm. Smythe for his faithful and efficient services, and requesting that he remain for another year. The pastor will more than likely be able to accept. Considerable routine business was transacted and several appointments made to committees to further the work of the church.

A SUGGESTION.

At the annual meeting of the British and Foreign Bible Society held last night at Zion church, Mr. Sweet, in his report as secretary, gave some interesting details regarding furnishing free copies of the bible to soldiers on active service. The cost of these books is 8 cents per copy. A short while ago the men of the 8th Battalion stationed here, received their copies, and Mr. Sweet suggested that some citizen might give them to the 125th. The cost would be about \$100.

ADDRESSING OF MAIL.

In order to facilitate the handling of mail at the front and to insure prompt delivery, it is requested that all mail be addressed as follows: (a) regimental number; (b) rank; (c) name; (d) squadron, battery or company; (e) Battalion, Regiment (or other unit) Staff appointment or Department; (f) Canadian Contingent; (g) British Expeditionary Force; (h) Army Post Office, London, England. Unnecessary mention of higher formations, such as brigades, divisions, is strictly forbidden, and causes delay.

CHIEF SLEMIN

Resents Implied Belittling of the Force and Makes Answer.

Speaking to a Courier man to-day Chief Slemin said that he and other members of the police force felt that they had been misrepresented by the public by the report of the meeting of the municipal employees regarding contributions to the Patriotic fund. He said:

"We are not in the municipal class, but under a board of Police Commissioners from whom we take our orders. The members of the force have always responded well to patriotic appeals. We contributed to the Patriotic Fund before even the municipal committee was formed. The members of the Brantford Police Force to date have subscribed a total of \$398.26 to Patriotic fund, Red Cross fund, Machine Gun fund, and a cot for the army base hospital, outside of what will be submitted in the present campaign. They have also contributed privately to friends and relatives at the front. Private subscriptions to the various funds have also been made which are not included in the above amount.

Seven members of the force have enlisted to date, one of whom was killed in action and another wounded. In addition we have made presentations to members enlisting for Overseas Service and often to their parents, as well as to men not on the force at all.

We are on the job as a body for the present appeal and I am sure that we deserve the credit we are getting during the meeting in the City Hall. Men and money will be given by us until the war ends.

These are our men who have enlisted: Constable John Blanchard—Reservist—Reported for active service, Aug. 17th, 1914 and killed in action at the Battle of Ypres. Constable John Cobden—Reservist. Reported for active service August 17th, 1914. Wounded in action at the Battle of Ypres. Constable Stephen Cara—Enlisted for active service Aug. 23, 1914. Constable Chris. Roberts—Enlisted for active service Aug. 16, 1915. Police Clerk John Buskard—Enlisted for active service Oct. 1st, 1915. Constable Thomas Tyrell—Enlisted for active service Jan. 27th, 1916. Constable Harry Stanley—Enlisted for active service Jan. 30, 1916.

ANNUAL REPORT OF THE I. O. D. E.

Dufferin Rifles Chapter Summarizes Work of Year.

MUCH MONEY WAS RAISED

Many Comforts Knitted and Given to the Soldiers.

The call of the Empire has occupied the attention of all the chapters of the I. O. D. E. for the past 18 months. Since the first of our I. O. D. E. year, beginning February, 1915, the Dufferin Rifle Chapter has completed the following work:

Sewing meetings were held in the armories during the winter months. Several quilts were made, some were sold, others given to the needy. Undergarments were also made for relief purposes. Twenty-two dozen cheesecloth handkerchiefs and a consignment of bandages were sent to the Red Cross.

The meetings were discontinued during the summer, and resumed in the autumn. From September till December 155 hospital night shirts were made. Wool was distributed to the members for knitting, the socks being returned to the League.

The men of the different contingents who left to join their battalions were each presented with a pair of socks; each officer with socks and a silk handkerchief; several pairs of wristlets were also distributed.

Mrs. Crouch and Mrs. Anguish gave a ten cent tea at the home of the latter, which added \$2.25 to our funds. Three sock showers were held, at which the entrance fee was a pair of socks or the equivalent in silver. The first in February, at Mrs. Howard's, some 125 pairs of socks and \$20.30 was donated. The second at Mrs. Colquhoun's in March, brought in 60 pairs of socks and \$45 in money, this being expended in cigars and cigarettes, the whole being sent to the 4th Battalion.

In April, a box containing 84 pairs of hand knit socks was sent to the 19th Battalion, as they were leaving for overseas. In May a fancy fair was held in the armories to raise funds for a water wagon for the 36th Battalion. A box of socks and a cheque for \$150 was presented to Lieut.-Col. Ashton.

In July, a cheque for \$80.00 was sent to Lieut. Col. Genet for the 58th Battalion. On August 4th, intercessory services were held in the Armories in aid of the sufferers of the combined local chapters of the I. O. D. E. Badges commemorating the anniversary of the beginning of the war were sold, and the proceeds of the proceeds amounted to \$50.00, which we donated to the Machine Gun Fund.

On September a third sock shower and an auction of socks, wristlets, and socks were held at the home of Mrs. Cutcliffe, 43 pairs of socks and \$47.78 was realized.

In October a box containing 45 pairs of hand knit socks, wristlets, and socks was sent to the 58th Battalion for overseas use.

On Trafalgar Day our Chapter assisted in the raising of a flag in canvassing the city for the Queen Mary Fund.

In November 275 pairs of socks were sent to the trenches through the Patriotic League. In December we united with the local Chapters in sending Christmas greetings to our Colonies overseas.

In the early part of January the Australian Cadets visited our city, and gave two performances in the opera house under the auspices of the Brantford Chapters, our share of the proceeds being \$45.15.

On January 27th a concert was given by the local Chapter in the Opera House, as a result we were able to present the 125th battalion with a cheque for \$200.00.

Cut flowers and plants were sent to different members of our Chapter who were ill during the year. In April the Balfour Street Church donated \$75.00 to the Chapter and the officers of the Dufferin Rifles gave \$80.00 in May.

THANKS CANADIAN EXPRESS COMPANY. A letter has been received to-day at the headquarters of the Canadian Express Company, through the European Traffic Department, London, England, from Lieut.-Col. D. W. B. Spry, A. A., and Q. M. G., Canadian Training Division, dated Shortcliffe, Jan. 9th, 1916, which reads as follows:

"I have pleasure in complimenting all concerned at the very satisfactory manner in which Canadian troops at the only jarring note in the proceedings was when an aeroplane appeared overhead, causing time to jump the rails in the second race. POOR BILLY

"For the Zeppelin handicap twenty six candidates faced the starter and the handicapper had done his work so well that eight were freely offered on the field. Business was so brisk that the roar of the ring could almost be heard in the enemy lines. A favorite, however, was ultimately found in Captain O'Hara's Eileen and even a rumor of an approaching Zeppelin did not prevent her admirers from bringing her to a firm seven to two chance. After a long delay at the post, they eventually got away on even terms. Eileen on the rail made the running from Tirpitz, Anzac and Tipperary, with Little Willy last. There was little or no change until the distance, where Tipperary joined issue and in a desperate finish the favorite got home by the shortest of heads. Little Lilly, who tailed off broke a fetlock and had to be poleaxed."

Hawaiian-American Steamship Co. discontinues its Pacific service as result of slide in canal. The Buffalo plant of Cyphers Incubator Company was destroyed by fire. The loss is \$10,000. Alarmed by fires and explosions in Canadian elevators, officials of Duluth grain companies are placing extra guards on their premises.

Frank Lancaster and Oliver Hazleton, engineers, were drowned when a train went through a bridge into Wabash River at Vincennes, Ind.

People Are Still Buying Small Furs and for Good Reasons

They are genuine furs, fairly priced at first, and now honestly reduced. They are so very much in fashion that everybody expects them to be worn later than usual in the spring. The shapes are so perfectly simple—both in the finest and the least expensive furs—that a woman feels their shapes will hold good next year. The variety in the Fur Section is still large.

HORSE RACING AT SALONIKI

Held on a Wednesday, and There was Great Attendance.

AUSTRALIAN PONY THE FEATURE

"Little Willy" Broke a Fetlock and Had to be Poleaxed.

By Special Wire to the Courier. London, Feb. 9.—(New York Times)—The New York Times has received the following from a high official at Saloniki:

"A meeting organized by the Aked Roving Club at Saloniki on a recent Wednesday was a thoroughly successful affair in every sense of the word. The attendance was enormous, the handicapper had done his best and the arrangements throughout reflected the greatest care on the part of the executive. The feature of the afternoon was the performance of an Australian pony, named Karaburno. With 10 stone 3 in the saddle, he won the Principal event, the Kultur Stakes, one mile, in what must be pretty nearly record time, viz, one minute, 40 seconds. This, of course, eclipses Rork's record of 1 minute, 41 seconds, with 9 stone 10, up at Johannesburg in 1914, and it will be a surprise to most racing men in England to know that the famous South African's wonderful performance has been smashed on the battlefield. The only jarring note in the proceedings was when an aeroplane appeared overhead, causing time to jump the rails in the second race.

Several Violators of Neutrality Offered to Surrender Themselves.

By Special Wire to the Courier. San Francisco, Feb. 10.—No delay is expected to-day in the returning of the federal grand jury of the flood of indictments voted by that body charging violations of the neutral laws against consular representatives of foreign governments, prominent business men and firms of San Francisco and representatives of steamship companies.

Several of those against whom bills were reported to have been found appeared at the office of the United States marshal yesterday, and offered to surrender, but were informed that no warrants had been issued for them.

It was announced that German consul-general Franz Bopp, vice consul Baron Eckhart H. Von Shack, Maurice Hall, consul-general for Turkey, and the other representatives of foreign governments would be served with warrants of arrest at their offices, but would be exempt from being brought into court to have bail fixed. Bench warrants, it was said, would be issued for the other men indicted. United States District Attorney John W. Preston intimated that bail in those cases would probably be set at a high figure, owing to the seriousness of the charges.

Former Local Boy Wounded at the Front

Son of Henry Hunter, Once With Grant & Son, Saw Much Fighting.

Wounded at Festubert on Victoria Day, May 24, 1915, Henry Hunter fought for three months in the trenches before he was compelled to lay aside his rifle and return to England for medical treatment. Pte. Hunter, who lives at 87 Indian road, Toronto, was a member of the third battalion. He was in the front line of trenches at Festubert, having left Toronto with the first contingent. A high explosive shell blew a sandbag high in the air and it dropped on Hunter's head. Although practically defenseless and severely injured Hunter fought through Givency, Festubert and St. Julien. Most of his fighting was done, says Hunter on water and tobacco. Before enlisting he was employed as a draughtsman. He is 23 years of age and single. He was educated at Upper Canada College, and is a brother of Mrs. Shanahan, Toronto. He is the son of Henry Hunter, formerly with Grant and Sons of this city. He was also in the battle of Ypres, and before being wounded was offered a commission in France, which he refused.

OFFICERS MUST REMAIN IN THE UNITED STATES

London Orders That British Officers on Appam Not to Come Home.

New York, Feb. 10.—Instructions from the British Foreign Office have been sent by cable by Consul-General Clive Bailey for Capt. Harrison and sixteen officers of the liner Appam, captured by a German raider to remain here, according to The World this morning. Arrangements had been made to send them back to England to-day on the White Star liner Baltic.

Whether the British authorities felt that the return of the officers to England would be looked upon as an abandonment of their ship and thus weaken the case of the British in endeavoring to obtain the release of the Appam could not be learned.

The officers of the other British ships captured by the raider with some of the petty officers of the Appam to the number of forty-five will sail on the Baltic. They will go in her second cabin. Then there will be the Appam's crew and the crews of the other vessels to the number of 220 in the Baltic's steerage.

"A CLEAN SWORD, A DIRTY BIBLE"

Splendid Address on Old Scotch Toast by Rev. John MacNeill.

BIBLE SOCIETY'S ANNUAL MEETING

Speaker Emphasized Importance of Bible for the British People.

An interesting feature of the annual meeting of the British and Foreign Bible Society, held last night in Zion Church, was the splendid address delivered by Rev. John MacNeill, pastor of Walmer Road Baptist Church, Toronto. Mr. MacNeill emphasized the importance of the Bible in national life, and claimed that the soul of the British Empire was founded on the spiritual power derived from the great book. He closed his most eloquent address with a solemn warning against the people of the Empire drifting away from the Bible. "In humility and with a prayer on your lips," he said, "was the state which people must come to before they would be safe for humanity that the fortunes of the world should be left in the hands of Britain."

SPLendid MEETING
The meeting was excellent from every viewpoint. There was a large crowd present, the downstairs being almost completely filled, while there was a fair sprinkling in the gallery. The reports read were eminently satisfactory. The treasurer showed that the largest amount ever sent to the Upper Canada Bible Society, except in the centenary year, was forwarded last year. The secretary's report went into the subject of providing bibles for Canada's soldiers abroad, and most interesting statistics were given of work done and to be done in that connection.

80 YEARS IN ONE FAMILY
Mr. C. Cook, president of the society for the ensuing year, occupied the chair, and referred to the fact that the treasurer's office had for 80 years been held by a Cockshutt. Besides Mr. Cook, Rev. Dr. Henderson, Rev. Mr. Jeakins and Rev. Mr. McClintock helped to conduct the service, while Zion church choir was also present and rendered an anthem in pleasing style.

MR. MACNEILL
Mr. MacNeill based his address upon the old Scotch toast drunk by the officers in Edinburgh Castle every evening, "A clean sword and a dirty bible." That toast, he said, was a toast for every part in the Empire today. The first part of the toast, the clean sword, had been kept well by Britain. There were times in the history of the nations when it seemed nothing but the sword was able to avail, when war was the flame of the Almighty to thresh sin from the earth. Britain had drawn the sword to see that treaties were kept, and that international covenants between nations be recognized as great pledges of honor. It was only the compulsion of great honor that had sent her into this awful fray. She had drawn the sword but she had kept it clean. She had not destroyed the emblems of religion or of knowledge, nor attacked women and children.

FOR THE HEATHEN
Making a plea for a "dirty bible," that is, a bible well thumbed and well read, Mr. MacNeill put up first the cause of the heathen peoples. The true emancipation that could come to any nation was that which came through the open book. The speaker here paid glowing tribute to the work of the British and Foreign Bible Society. Apart from its efforts, missionary enterprise would be useless. All denominations used their bibles,

and the society had them translated into 180 different languages and dialects. The bible should enter the life of the Empire. In the last analysis, the bible would win the war; the old truth would be vindicated, "not by might, nor by power, but by My Spirit, said the Lord."

EMPIRE WAS UNIQUE
The British Empire was unique among nations. From outside it appeared a strange and disorganized mass of life. But a great soul breathed behind all that which manifested itself. Britain had a marvellous way of discovering the soul of new colonies, of inducing them to test themselves, of leading men of their own free will to die for her on the plains of India, on the velvet of Africa, or in the trenches of Flanders. She lived by the tyranny of a great freedom; she ruled by the power of a great spiritual ideal. The Empire was illogical, unscientific and ill-defined, but great with the greatness of a great soul.

VITALISM VS. MECHANISM
Germany had abandoned the scriptures, except to mutilate unity and to deny the authority and inspiration of God. And so Britain against Germany, right against might, the shining Spirit against shining armor, omnipotent freedom against omnipotent power.

NATIONAL HUMILIATION
The speaker made a plea for national humiliation; not to Berlin, but to God. In spite of all the nobleness of the Allies, each had some stain in its character. Even Canada would not throw off the liquor traffic. Mr. MacNeill referred to Sir David Beatty's letter, "a man from the heart of the fleet, speaking to the heart of the nation," in which he pleaded for the humility of true religion. Behind the army in the trenches, asserted the speaker, must be an army at home, on its knees. Until then we could not deserve victory.

RECONSTRUCTION PERIOD
The speaker also touched on the place of the "dirty bible" in the reconstruction period after the war. In this great struggle God had in His mind power that would shape the century that was to be, just as in the Napoleonic struggle was born the foreign missionary movement, the Sunday school and the Bible Society. There would be part of the moral code of the new social world that no brutal power should trample into destruction man's desire to win his own destiny and to earn his own bread.

TREASURER'S REPORT
The treasurer's report, given by Mr. Frank Cockshutt, was as follows: For year ending Dec. 31, 1915, Number of Bibles and portions sold and given away during the year, 786. Value \$92.23.

G.T.R. PRESIDENT DIED IN LONDON

Sir Charles Rivers-Wilson Passed Away Yesterday.

WAS BORN IN 1831

At One Time Was Finance Minister in Egypt.

London, Feb. 10.—Sir Charles Rivers-Wilson, former President of the Grand Trunk Railway of Canada died last night in London. While Sir Charles Rivers-Wilson is known to Canadians chiefly for his Presidency of the Grand Trunk Railway from 1895 to 1909, during the great period of expansion of the Canadian highway, he had a long and distinguished career in the service of the Empire. Sir Charles was intimately associated with Major Evelyn Baring (now Lord Cromer) when the great administrator was financial adviser to the Khedive of Egypt during the troublesome times of the British occupation.

Sir Charles was born in England in 1831, educated at Eton and at Balliol College, Oxford, from which he graduated in 1853 and entered the Treasury in 1856. From 1874 to 1894 he was Comptroller-General of the National Debt Office, and from 1877 to 1879 Finance Minister of Egypt.

HIS WORK IN EGYPT
From 1875 to 1895 he was on the Council of the Suez Canal Company. His service in Egypt with the present Lord Cromer included membership on a commission of inquiry as the result of which the international control was extended to the enormous lands property of the Khedive. Wilson and Cromer went to Egypt when the country was practically insolvent and divided the burden of financing it, keeping its accounts and extending its sources of revenue.

THE KAISER AND KING FERDINAND

What They Said of Each Other at a Banquet.

GIVEN AT HEADQUARTERS
William Toasted Ferdinand, and He Made Reply.

Berlin, via London, Feb. 10.—The official communication issued to-night gives the speeches delivered by Emperor William and King Ferdinand of Bulgaria at a luncheon given at the German main headquarters in honor of the visit of King Ferdinand. "The visit of King Ferdinand," Emperor William said, "may be regarded as a symbol of the unity existing between the two states. This unity is guaranteed not only by common political and economic interests, but also by a reciprocal feeling of sympathy, respect and confidence—confidence consecrated by blood shed by sons of both nations in a common fight for the same ideals." Emperor William concluded by proposing a toast to "The Victorious Bulgarian army, the noble Bulgarian people and its illustrious leader." King Ferdinand in reply said: "It is of particular satisfaction to be able to express to the Kaiser as the supreme war lord of the invincible German troops, on German ground and at German headquarters, my sincere admiration of the glorious feats of arms accomplished by the incomparable German nation with God's gracious assistance. The visit of the Kaiser to Nish will be written in letters of gold in the history of the Bulgarian nation as marking the beginning of a new and promising future for the now united Bulgaria."

S. S. ORISSA IS NOW SAFE
Struck a Rock and Taken to St. Nazaire, France.

New York, Feb. 10.—The Steamship Orissa of the Pacific Steam Navigation Company concerning whose safety anxiety has been felt in shipping circles, has put into St. Nazaire, France, having struck a rock, according to a cable despatch from London printed this morning by The New York Times. The message states that no lives were lost in the Orissa's accident. The fact that the steamship was overdue had led to apprehension lest she had been sunk or captured by a German commerce raider.

Bulgaria Has Right to Invade Greece Asserts Official Bulgar Journal

By Special Wire to the Courier. Sofia, Bulgaria, Feb. 10.—The government organ, Narodni Prava publishes a leading article asserting that Bulgaria has the right to invade Greece for the purpose of attacking the French and British troops there. It declares Bulgaria is not responsible for the fact that her enemies have violated the neutrality of Greece, and continues: "Our enemies must not remain where they are. We have the right to seek our enemies there and destroy them." "It may be hard for Greece to see foreign troops on her soil, but we cannot permit ourselves to be prevented from defending ourselves. We cannot possibly permit the enemy to remain near our border. He must be driven out. We are prepared to meet all possibilities, with the fullest confidence in our power to win a final victory."

STOPPED ATTEMPT TO BLOW UP PLANT

Shell Factory in Hamilton Saved by Night-watchman.

TWO MEN IN THE ATTEMPT
Militia Authorities Give Orders to Suppress All Details.

Hamilton, Feb. 10.—What is believed to have been an attempt to burn or blow up one of the large shell plants in this city was frustrated through the vigilance of a private watchman early this morning. According to a reliable authority two men were detected crossing the yard after having climbed the barb-wired fence that surrounds the establishment. They were immediately accosted by the watchman, but in the melee that followed one man broke away and managed to re-climb the barb-wired fence by throwing his coat on the top, thus protecting himself from the bars.

MILITIA SILENT.
No further particulars are available, however, owing to the military authorities, who, besides refusing to discuss the incident themselves, have issued strict orders to the officials of the plant that at present it is not desirable to make the particulars known to the public.

In the meantime, however, all the shell plants are carrying extra guards and it is believed that the waterworks will be also guarded, following this attempt.

Lieut.-Col. Fearman announced today that Queen street, from Barton to Stuart, to Hess street, with the future to be closed to the public after 6 o'clock at night. This is one of the many pre-cautions that the military authorities are taking to prevent a period of German frightfulness from starting in this city.

Mrs. Sadie Van Velzer of Brooklyn has filed a divorce action against her husband, R. F. Van Velzer, on the ground that he has three other wives living.

Those Arrested Released.
Athens, Feb. 10.—The Greek Government has been notified that the Greeks who had been acting as German and Austrian consular officials in Mytilene, and who had been arrested and removed from the island, were released in Toulon, and have arrived in Switzerland on their way to Greece.

Sentiment in Ohio is in favor of President Wilson's preparedness program, but reflects Republican sympathies as regards his candidacy for re-election.

Canadiens Defeat Ottawa in Overtime

Montreal, Feb. 10.—Seven and a half minutes of overtime had to be played last night in the scheduled National Hockey Association fixture between Ottawa and Canadiens at the Arena. Canadiens won by three to two. The play was the fastest of any game here for several seasons, and in the third period became somewhat rough. In the overtime period several of the opposing players were nearly exhausted.

Art Ross of the Ottawas and McNamara of the Canadiens, clashed with their fists midway in the last period and received match foul penalties, which meant \$15 fine and banishment for the game. On another occasion Benedict came out of Ottawa's nets and struck at Progers' retaliatory blow missed Benedict, because Merrill skated into it. Merrill went to the ice and Progers was accorded a major foul, his second during the evening.

Barrie's Soldier Team Puts Bracebridge Out

Barrie, Feb. 10.—Major Geo. Rodgers' soldiers put out Bracebridge 6 to 3 last night and won the round by 11 to 9. The star of the game was "Polly" Jockes, the northern goaltender, who won rounds of applause by his marvellous stops of shots that came at him from all directions and at all ranges. In speed and shooting the soldiers had the better of it, but the Muskoka boys showed more combination.

Walker got hurt in the first period and Drummond went off with him, but Kilpatrick was on the side in the second, and the third period was played with complete teams.

Liner Orissa Safe; No Lives Are Lost

London, Feb. 10.—The steamer Orissa of the Pacific Steam Navigation Co. has put into St. Nazaire, having struck a rock. No lives were lost.

The Orissa is a fine vessel of 5,358 gross register, equipped with wireless. She is a twin screw passenger and mail boat, larger and faster than the captured Appam. The hull is valued at about \$1,000,000 and she carried a valuable cargo of copper and nitrates.

The Orissa left Antofagasta, Chile, on Christmas Day, bound for Liverpool, around Cape Horn. She stopped at Rio de Janeiro and Montevideo, leaving the latter port on Jan. 10. She should have made the trip across the Atlantic in twenty-one days.

Small Comfort for Smith-Dorrien

London Press Enthusiastic Over Appointment of Smuts.

by Special Wire to the Courier.

London, Feb. 10.—The morning newspapers express unanimous and enthusiastic approval of the appointment of General Jan Christian Smuts to succeed General Sir Horace L. Smith-Dorrien as commander of the British forces in East Africa. "His great intellectual powers, industry and almost uncanny insight into the essentials of any problem compel admiration," says The Times. "Every test to which he has been put during a career that has been a succession of exacting trials has proved more clearly how very able he is."

The Daily Express says: "The entire Empire congratulates the government on the appointment of General Smuts. He was one of the most successful of the Boer leaders, and we have reason to remember his military ability. His appointment is enough to make Kruger (late president of the Transvaal) turn in his grave, but it is in accord with the traditional British way."

Ten Times Winners Are the Granites

Toronto, Feb. 10.—Thirty years from the time of their first victory in the Ontario Tankard competition the Toronto Granites scored their tenth success, when they defeated another Toronto club, Queen City, in the final game. This was the first time the champions were in the final, had the concluding struggle for the historic trophy been between teams from the same city. Yesterday's victory was not easily achieved, and in the morning game, Granites were three down, but Rennie counted four and Beatty three, so that they came out four to the good.

The other pair were Queen City and Orilla, and the home team led throughout. Against Dr. Harvey, Skip Phillip counted five and a four.

The final was played on capital ice at the Victoria rink, and drew a big gallery. It was the first time Queen City had ever progressed so far in the big competition, and high hopes were held by the supporters of the club farthest up Church street. The Granites, though, had the best of the play and were up on both rinks, winning by twelve shots.

Arkansas floods are still rising and the death list is now sixteen.

Lindsay Juniors Out at Belleville's Hands

Belleville, Feb. 10.—Belleville juniors defeated Lindsay here last night in the second of the home-and-home games by 5 to 2, and won the district by 8 to 4 on the round. Last night's match was very closely contested, each team scoring one goal in the first period and none in the second. In the third period the locals strengthened and scored four goals to Lindsay's one.

Lewis Down Twice; Bartfield Hits Hard

Buffalo, Feb. 10.—Soldier Bartfield and Ted (Kid) Lewis fought ten close rounds at the Queensberry A. C. here last night. Bartfield sent Lewis to the mat twice, once in the first and once in the second round.

After the fight Lewis was matched to meet Jimmy Duffy of Buffalo here on February 21.

A Fair Night in a Go-as-You-Please League

Ottawa, Feb. 10.—The Lower Ottawa Hockey Association game at the Arena on Saturday night was the liveliest kind of an affair, with Buckingham beating the Royal Canadiens, nine goals to two. Lieut. Hubert to play with Buckingham, got into a battle with St. Amand of the Royal Canadiens, and knocked him out. The crowd piled on the ice for a while, and after the game the Royals had Hughes arrested for assault, but the charge was withdrawn on Sunday.

Lepine of the Royal Canadiens, who was suspended for assaulting an umpire, played, in spite of that ruling, and added to his troubles by cutting

Torontos Fight Back and Tie the Bulldogs

Quebec, Feb. 10.—After getting a lead of three goals on the Torontos, Quebec could get no better, than a draw last night, Keats being responsible for the salvation of his team in the second period, when he scored two goals in ten seconds and Macnamara evened up in the third, while there was no score in the overtime.

Quebec made the mistake of trying to hand out the rough stuff, but they got as good as they gave. On both sides there was a constant procession to the penalty bench, and it was a good thing that Russell Bowie and Brennan were handling the game.

The showing of the so-called Bulldogs had not taken with the critics lately, and it was a small crowd that watched the game. Keats and Cameron starred for Toronto, and Ritchie and Crawford for Quebec. Both goal-keepers were at the top of their form.

Stocks to be Sold

Ottawa, Feb. 10.—Hon. T. W. Crothers, Minister of Labor, is bringing in a bill to amend the White Phosphorus Matches Act. Under this Act, passed under Mr. Crothers' administration of the Department of Labor, the manufacture of white phosphorus matches in Canada was prohibited from January 1, 1915, and the sale or use of such matches was prohibited from January 1 of this year. The manufacture of the matches was stopped, but it has been found that stocks existing at the beginning of 1915 have not been sold. The amendment will extend the selling period for six months and the period during which such matches may be used for one year. White phosphorus match products produced a disease among match factory employes known as phossy jaw.

Sentence Commuted.

Berlin, Feb. 10.—According to the Cracow News Redorma, the death sentence for high treason against the Russian Republics Markoff and Kuzlowicz and their co-defendants has been commuted to penal servitude for life.

Two Appointments Are Made to Senate

Ottawa, Feb. 10.—Two appointments are being made to the Senate, and another is expected to be made within the next day or two. W. H. Sharpe, former M. P. for Lisgar, Manitoba, who resigned his seat to enter the last Provincial campaign, after the fall of the Roblin government, comes to the Upper House in succession to the late Hon. Nesbit Kirchoffer.

The Nova Scotia vacancy, caused recently by the death of Senator McKay of Cape Breton, will be filled

PROHIBITION FALLACY EXPLODED

FAVORITE slogan of the Prohibitionists is that liquor is the chief cause of poverty. Remove the drink, they say, and sobriety and thrift will take the place of drunkenness and pauperism.

Facts and figures, absolutely incontrovertible, have, of course, again and again been marshalled to show that Prohibition States are poorer and less sober than License States; and as to nations and races, there are on the Prohibition side the Turks, the Arabs, a few Malay Aborigines, and so on; but these do not seem to be adduced as shining examples by our friends, the Citizens' Committee of One Hundred.

Drastic Legislation versus Education

It is beginning to be seen, however, that sobriety, with its attendant blessings, is to be brought about, not by drastic legislation, but by education in its widest sense. This truth is emphasized in the Report for 1915 of The Children's Aid and Protective Society of the Oranges, N. J., which says: "The Society firmly believes that its work along educational lines among the families with which it deals from year to year has been a prime factor in reducing intoxication."

So Frances E. Willard, late President of the Women's Christian Temperance Union, says: "The only way to have a sober people is to strike at the root of the evil which causes inebriety. Poverty, many hours of labor, the nerve-strain under which men toil, the anxiety from the insecurity of their jobs: remove all these, and in a short time the demand for a stimulant would cease and drunkenness would be unknown."

Prohibition Crusaders Should Study the Question

In the same strain Mary E. Garbutt, Women's Christian Temperance Worker, points out that if a man is employed only a part of his time and his wages are low, poverty must as a matter of fact follow, whether he drinks or not; while former Mayor "Tom" L. Johnson, of Cleveland, Ohio, uttered a wise truth when he said: "There are more people who drink because they are miserable than there are people who are miserable because they drink."

The difficulty with most of these Prohibitionist crusaders—although one does not like to say so—is that they are ill-informed, having studied these questions only superficially and only from one side. To get down to bed rock requires time, patience, and honest research; but it is so easy and pleasant to make sensational speeches and hurl denunciations at opponents amidst the applause of sympathetic audiences.

Study up the question and get to know something about it—that is what these self-appointed reformers ought to do.

The Diamond From the Sky

By ROY L. McCARDELL

Copyright, 1915, by Roy L. McCardell

It is Vivian's wish also to keep Blair from Los Angeles. The time may come when she may need him, though, when she battles against Durand, the king of diamonds, and the rest of the "pack," as they call themselves. But just now she is not in open warfare with the "pack." She suggests to Arthur that Blair stay and look after the yacht in Santa Barbara and that later they join him there for a cruise all together. How she is to exert her will upon Arthur in the proximity of Blair is a matter that Vivian leaves to the time and the place.

Blair and the sailing master of the yacht get their telegraphed instructions from Arthur, and when Blair goes aboard he finds the sailing master and a few of the men of one watch aboard, the rest of the crew having been given shore leave in the absence of the owner.

"Make yourself at home, Mr. Stanley," says the sailing master. "You will find things in Mr. Powell's cabin." "I will need a good deal of fixing up," Blair explains laughingly. "My watch and I got lost in the mountains while hunting." And he indicated Luke, who had come aboard with him.

"Let your man go to the forecabin, and I will see he is fitted out," said the sailing master. "As for you, sir, I take it from Mr. Powell's telegram you are to help yourself to what you wish of his things till you own your own yacht."

The sailing master led Blair to Arthur's cabin and then said he would take the launch to the wharf and round up the crew in Santa Barbara. "Which," he added, "won't be hard to do, as Santa Barbara is a temperance town. It is only a question of which of the men are at."

As the launch panted to the wharf the sailing master and the man running the launch were aware of a very pretty girl in a snowy yachting costume being rowed in the direction of John Powell's yacht by a hunchback of foreign aspect. The sailing master noticed the girl in the rowboat eyed him keenly, but turned as though disappointed.

Arriving by the companionway, Esther cautioned Quamba to make no explanation if questioned, as she wished to give Arthur the happy surprise of facing him unannounced. But no sailor on watch barred her way nor were any questions shouted over the rail to Quamba. The yacht swung idly at anchor, and such of the crew as were on the boat were in the forecabin with the gypsy fellow who had come aboard with the friend of the owner. Here the bottle of liquor that Luke had brought was augmented by some of the same quality one of the hospitable sailors had in his bunk.

In Arthur's cabin Blair had refreshed himself with a shower and had donned fresh linen and a yachting suit of Arthur's. The two young men wore of the same size, and the uniform coat and cap fitted Blair to a nicety.

Esther, crossing the deck, saw no sailor or officer in charge. She heard some one stirring about and there, in what was evidently the owner's cabin, she noted a tall and stalwart young man in uniform, his back turned to the open door. Esther tiptoed forward and, pulling the diamond from the sky out in view upon her neck, her lips had framed the words "Arthur!"

When she found herself gazing horrified into a mirror that reflected the handsome but wicked face of Blair!

Esther turned with a cry for help and sped across the deck. Then, from the doorway to the forecabin, the bulky form of a leering, sodden brute creature faced her. It was Luke Lovell! Esther turned and darted to one side, missing the clenching grasp of Blair Stanley by a half-breath.

The sudden revelation of hope and happiness to fear and despair had driven Esther to a frenzy of sudden flight. As though upon the wings of fear, she fled. Hardly knowing what she did save that she escaped her "ghost," Esther plunged over the open side of the yacht into the sea!

Down, down she sank in the cold, warm water. There was a ringing of death bells in her ears, a pres-

sure upon her heart that seemed about to burst her accents. The strangling sea water rasped her tender throat. She clutched at her neck instinctively. Her hands closed upon something hard and cold, colder than the cold depths in which she sank—it was the diamond from the sky!

[TO BE CONTINUED.]

The Happy Man.
Upon the whole matter I account a person who has a moderate mind and fortune and lives in the conversation of two or three agreeable friends, with little commerce in the world besides, who is esteemed well enough by his few neighbors that know him and is truly irreproachable by anybody; and so, after a healthful, quiet life, before the great inconveniences of old age, goes more silently out of it than he came in (for I would not have him so much as cry in the exit); this innocent deceiver of the world, as Horace calls him, this "modest person," I take to him, have been more happy in his part than the greatest actors that fill the stage with show and noise, nay, even than Augustus himself, who asked with his last breath whether he had not played his farce very well.—Abraham Cowley

Germany is Now Fearful of General Peace Meeting

Amsterdam, Feb. 10.—The Koelnische Volks Zeitung, discussing peace possibilities, asserts that Germany will never consent to enter a general peace conference, but will only consent to negotiate with each individual enemy. Germany takes the ground, the paper adds, that the general conference would give Great Britain the upper hand.

Originator of Raids Forgotten

Posterity Will Not Remember the Nation That Started Them.
London, Feb. 10.—The Daily Sketch to-day editorially argues against Zepelin reprisals. It says: "We are fighting in this war for so great a cause that we must be very careful not to muddy it. Who it was that first began the air raids would be quickly forgotten by history—this would simply have been a ruthless war on both sides."

SQUINTING Is Not a Habit

"You should try to overcome that habit of squinting," is a bit of advice to old and young alike.

But squinting is in practically every case caused by inability to see distinctly, and can be permanently relieved only by correctly fitted glasses.

THE BRANT BATTALION ARE GOING

ANTI-GERMAN SPIRIT BREAKS OUT IN WEST

Calgary Restaurants, Accused of Employing Germans, Smashed Up.

SOLDIERS DID THE DAMAGE

Neither Their Officers, Police or Firemen Could Stop Them.

DEFIED POLICE

Chief of Police Cuddy, half a dozen constables and plainclothesmen hurried to the scene. All customers were sent out and the doors locked. When the soldiers arrived the chief asked them to disperse and not to behave in an unruly manner. He was disregarded, and as a preliminary a shower of missiles went crashing through the plate glass windows. A woman gasped, trying to save herself, plants, was slightly hurt, and Police Constable Fraser so badly cut by flying glass he had to go to the hospital.

OFFICERS HELPLESS

The policemen were swept aside like chips in a gale and soon the mob did its will with the place. The crowd was increased to two thousand and the officers were helpless. The furniture, fixtures and cooking apparatus were smashed to fragments. Marble counters and stands looked as though artillery shells had been opened and looted. Coffee urns and gas stoves were torn from their places. Electric fixtures were pulled down. The safe was thrown down stairs into the basement, breaking the stairs. The fire department was called out, but could do nothing but look on while the surging mob of about seven hundred men with a number of civilians wrecked the restaurant.

DANCING ACADEMY ATTACKED

MacKinnon's dancing academy on the second floor was not spared. Candles were mostly in evidence here, as it is said, it was not the intention of the soldiers to attack the academy. The windows were smashed and the
