

Premier on Thursday Night

Hon. A. L. Sifton, premier of Alberta, will address the electors of Calgary upon the issues of the day, at a Liberal rally in Paget hall on Thursday night, April 3. The three Liberal candidates for the Calgary ridings will also make addresses. This will be the first public meeting of the campaign. Every person is invited to be present.

Coming to the Land of Promise

WINNIPEG, April 1.—At 9:30 this morning a special train reached the C.P.R. station, bringing 350 passengers from the Lake Manitoba, the majority of them being Britishers and the balance French and Italians. The greater part of these are bound for the west. Tonight between 500 and 600 more passengers from the Lake Manitoba arrived on the C.P.R. from Montreal.

A SCENE IN NEBRASKA FOLLOWING THE TERRIFIC CYCLONE THAT SWEEPED THE WEST

In this picture is shown an actual scene in Omaha, Neb., following the great cyclone which caused so much damage and loss of life. The destruction shown here is only a small part of the devastation caused by the awful storm.

ALBERT GOODHEW SAYS HE SUBSTITUTED DIAMOND

In Police Court, Accused Admits Leaving Worthless Stone in Jeweller's Tray and Removing Genuine Gem; Real Diamond Still Missing

ALBERT GOODHEW, accused of the theft of a diamond ring valued at \$400 from Dr. E. Black, trustee Sanders in police court yesterday, admitted that he substituted a worthless stone for the real diamond. The case was further remanded until tomorrow (Thursday), in order to enable the jeweller to identify the stone which he has as yet been unable to find.

Goodhew's identification was completed in police court when a representative of Marston, Jeweller, stated that Goodhew had asked if it would be possible to receive an expert with a view to identifying a diamond which Goodhew had shown a fine assortment of rings to Goodhew, also identified a worthless stone which had been taken from the jeweller's tray. A representative of Marston, Jeweller, stated that Goodhew had asked if it would be possible to receive an expert with a view to identifying a diamond which Goodhew had shown a fine assortment of rings to Goodhew, also identified a worthless stone which had been taken from the jeweller's tray.

PROVINCIAL GOVERNMENT RESPONSIBLE FOR DEBT

Liability Transferred to This Province by Territorial Body at Time of Autonomy; Proposition Is Thoroughly Discussed by Persons Interested

At a meeting of property owners affected by the Springbank irrigation project of right in territorial government days, a petition, addressed to the territorial government, was presented, in which the petitioners asked for a thorough investigation of the cause of water in excess of assessments for irrigation. The petition was brought out last night, in a period of five years ending December 31, 1912, and the total indebtedness is now in the neighborhood of \$1,000,000. It is estimated that approximately 3,000 property owners are affected, and the petition is being signed by many of them.

The Poet Philosopher

BACKBONE OF WINTER. The winter seems ended, the soft vernal breezes come up from the Southland, refreshing and sweet; we are a farewell to the north wind that tresses, we think we are done with the snow and the sleet; and just when we're sure that old winter lies bleating as dead as the dearest of petrified men, the wind swings around to the northwest of Sweden, the backbone of winter gets busy again.

Ideas of a Plain Man

THE GENIUS FOR INDIRECTION. I had a friend once (I have lost him now, I lose my friends) who had a genius for indirection. He never said anything out plain if there were a way to hint it. He never approached a man or a subject face to face, if he could side up. He never seemed to do anything on purpose, everything as if by chance.

Sidewalk Sketches

THE SPRING BONNET. The spring bonnet is a piece of feminine finery which pulls \$22 out of husband's salary in March, and shrinks to \$8.48 by the last of April. However, if a husband should change to his wife that she wait until after Easter before buying her spring hat, and thus take advantage of a falling market, he would be called several kinds of a brute in the presence of the entire family.

OTTAWA SPENT DAY ON RAILWAY SUPPLIES

Minister of Railways Says Surplus of Year Will Be Above Million Dollars. Ottawa, April 1.—The commonsense most of the day in considering the railway estimates, more particularly those of the L. C. R. Hon. Frank Cochrane made a short speech giving a resume of the business of the I.C.R. for the year. He announced a surplus of "about one million dollars," the net revenue for the year was \$12,000,000, which is considerably in excess of any previous year.

GOVERNMENT AND ELEVATOR BILL

"The best bill that was ever placed upon the statute books of any legislature," is the way that John Kemmis described the elevator bill, which was passed during the present session.

But The Calgary Herald says that the Farmers' Elevator bill is no good at all. And what does John Kemmis know about it? He was the member for the riding of Pincher Creek and stood by and saw this legislation pass through.

But is he not a prejudiced supporter of the government?

He is not a prejudiced supporter of the government. He is a Conservative of the Conservatives, and never gave a Liberal vote in his life and the prospects are that he never will.

That is the criticism of as hostile a member to the government as ever raised his voice in the provincial house or on the hustings.

And every member of the opposition supported the government in its elevator bill; and every member of the government supported the government in its Farm Machinery bill.

But it is the government that must bear the responsibility. In Macleod on Monday night Premier Sifton took the issue in his own hands and announced without any hesitation that as far as the Alberta government was concerned there was but one thing to do and that was to stand by the legislation. He did not take very seriously the threats of the machine men who threatened to go out of the country.

The Sifton administration passed more legislation favorable to the farmers during the recent session, than has ever been passed at any one session in any other province in Canada.

WHAT IS THE POLICY?

The Albertan has made a careful and faithful search for the policy of the opposition and has failed to discover anything that in any way resembles a policy, a platform, a promise or a record. It has examined the journals of parliament, searched for legislation placed upon the statute books or bills proposed or resolutions introduced, but it has failed to find anything that has been done or attempted. It has published the speeches of all the members of the opposition with some care, but has been unable to discover anything that has even the remote appearance of an issue to be placed before the people. It has carefully examined the newspaper opinions of the Southam press, the Conservative dictators of the province, and found them more barren than anything else.

The Albertan from day to day has called attention to this remarkable shortcoming of the opposition. Such a declaration has met with some denial but with no declaration of policy.

There has been nothing but a mournful procession of unfair, and for the most part, untruthful knocks.

It is a reflection upon the intelligence of the people of Alberta that they should be approached by a party which does not consider it necessary even to place an issue before them; which asks for power, not for the furtherance of any political principle, but for the gratification of the political ambition of some commonplace men.

THE OPPOSITION AND THE A. & G. W.

During the big fight in the provincial legislature in 1910, upon the A. & G. W., the insurgents and the Conservatives announced their policy in a resolution which was introduced by Messrs. E. H. Riley and Boyle. That resolution called for the province to cancel the agreement with the A. & G. W.; then, that the province should proceed to build the road to Fort McMurray, and use the balance of the \$7,400,000, then in the bank, upon the construction of roads and bridges.

If that resolution had carried and the province had pursued such a policy, it would have met the same fate before the privy council as the action

Editorial Notes

The Michener party is going into this campaign without a platform, a record, a policy or a promise. In that respect it is different from any party that ever faced an election since time began.

Rev. S. Bacon Hillocks hops into the campaign with a satirical story at his campaign meeting and hard names for his opponents in another, just to show that though he is a person of several denominations and all that, yet he hasn't anything to learn in these fine points from the most vulgar campaigner.

There is no steam roller in Liberal-

of the Sifton government. If the action of the Sifton administration was confiscatory, then the resolution proposed by Messrs. Boyle and Riley was confiscatory. If the policy of the Sifton government did not give enough liberty to the bondholders as the privy council has just decided, then the Boyle-Riley resolution would not have given sufficient latitude to the same bondholders.

But Messrs. Michener, Hoadley, Bennett and Patterson voted for the Riley-Boyle resolution. They are trying to condemn the government for adopting a policy which was rejected by the privy council upon the very principle which was endorsed by them in 1910.

Mr. Michener, the leader of the opposition, though he insists that he was nominated by a Conservative convention, took the liberty then of announcing his support of the Rutherford railway policy, which included the A. & G. W.

The difference between Mr. Michener and Premier Sifton is that the former is in some degree responsible for the legislation, and afterwards advocated, in a crude form, a method of settlement of the difficulty which the courts have declared illegal, while the latter was in no way responsible for the legislation, and attempted a settlement which did not satisfy the privy council in one respect.

The action of the privy council was surprising. The Toronto Saturday Night deals with that decision in a very sane way. In a recent issue it says: "Nothing could have had a greater effect in making the new populations of the west critical of the imperial bond than such a decision as that in connection with the Alberta and Great Waterways railway guarantee, when it was obvious that the legal committee of the privy council gave a decision with no adequate knowledge of the conditions or understanding of the questions at issue."

The Saturday Night, in another place, proceeds: "Canada, on the contrary, is a very young country; and her institutions are still in the formative state. Consequently the traditions of the privy council militate against any clear understanding of the issues involved. In the Alberta and Great Waterways decision, which has aroused so much adverse comment, the law lords stated that they had decided to eliminate from their consideration the political aspects of the case. There were no political aspects; the term should have been 'corrupt aspects.' The same inability to grasp the equity of the matter has been noted in other decisions of late years. 'The privy council stands within the four walls of the agreement,' say the defenders of the present system of appeals; but a judicial body, to properly decide a case, should know what the four walls consist of."

THE PRICE OF GRAIN

The Albertan has searched the weekly papers throughout Alberta and found the price that is being paid at different points for Alberta grain. There is little variety in all cases the price is very low. In Okotoks, Hardisty, Cardston, Lussitall and the other points, oats are quoted at 15c, 16c, 18c, 19c and in one case 20 cents per bushel. But that is the outside limit. Barley is quoted at 28 and 30 cents. Wheat is reported at 44 to 66 cents.

Upon the same day the price of oats in Seattle, according to The Seattle Post Intelligencer was from 49 to 52 cents per bushel.

The price of barley upon the same market was 69 cents per bushel.

The price of wheat on the same market was from 84 to 90 1-2 cents per bushel.

The price of oats, it will be seen, is more than twice as high in Seattle as the price in Alberta.

The price of barley is more than twice as high and the price of wheat is much higher.

The Alberta farmer is losing the value of an entire crop this season by being shut out of the market across the line.

Now, how does that affect the voter at this season of the year?

The question before him now is whether or not he should support the high tariff in Alberta or support the party of wider markets. The fact that R. B. Bennett of the elevators, an emissary from the narrow market party in the Dominion parliament, and the swarm of Rogers workers, many of questionable character, have entered the fray with so much spirit, are indications of the value that the narrow market advocates place upon the winning of this election.

If the Sifton government is beaten, it will be the greatest triumph for the narrow markets. It will place the wider market out of our reach for a generation at least.

The defeat of the Sifton government would mean more than that. It would mean that the manufacturers, and others who are all powerful with the government, would use the result of this election as a reason for Premier Borden revising the tariff upwards. And nothing could prevent it.

The farmers of the province, and all who are interested in the welfare of the province, and who place its interests ahead of that of any particular party, cannot afford to take a chance and stay with the narrow market promoters.

The wise editor of The News-Telegram says that the Rogers thugs and election manipulators are not in Alberta, and that same editor with his Saskatchewan experience certainly should know.

Another day has passed and Leader Michener and the Southern Press, and all the rest, have been unable to find anything that at all resembles a policy of any kind. It is just the same, old wea, wee, wee, knock.

If Mr. Tweedie would compare our condition with that of Manitoba, we would be much more convinced. He has a fancy calculation about the telephone, which, if correct, means that the government should increase the cost of telephones, boosting them up a little nearer the Manitoba price. He

THE CHIEF RABBI—Rabbi Joseph Hertz, chief rabbi of the British Empire, and his wife. They have sailed for London, where Rabbi Hertz will assume his new duties. He is the first rabbi to be appointed to the chief office since the return of the Jews to London in Cromwell's time.

should compare the cost of operation of the two systems and let the public be the result of his comparison.

A number of prominent Conservatives have expressed a lack of faith in the Conservative candidate for North Calgary, but Editor Hillocks, of the Calgary Herald, in a rather extensive editorial, says that he is all right, able and strong, and Editor Hillocks should know.

Mr. Bonfire Bennett, of the elevators which pay from 15 to 18 cents a bushel for oats, is coming west to take part in the campaign against the Sifton government. The price of oats may not have anything to do with the actions of the magnate, but the farmers of Alberta, unless we are much mistaken, will fight any of the entire narrow market party at this stage of the game.

Messrs. Michener and Rutherford have been comrades in this A. & G. W. business ever since the beginning. Mr. Michener, who is the author of the A. & G. W. legislation, and Mr. Rutherford, who is the author of the A. & G. W. policy, is the real thing and wants to get out in high places and talk about it.

Hon. C. W. Fisher, of Cochrans, is one of the candidates who surely should be re-elected. He should not have been opposed. He has been Speaker since the creation of the province and on that account has been unable to take a very prominent part in the house, but he has been a very fair and impartial Speaker.

OFFICIALS CONDEMN TUBERCULOUS BEEF

One of the worst cases of tuberculosis ever seen in Alberta was delivered to the P. Burns abattoir yesterday. Dr. Christian, the government inspector, requested Aid Trebilcock and Dr. Mahood, medical health officer, to view the carcass of beef after it was slaughtered.

The disease was so far developed that the carcass presented a most revolting appearance. The animal came from an Alberta cattle man's herd in the vicinity of Calgary.

"The prevalence of tuberculosis in cattle is much greater than people think," said Aid Trebilcock. "Doubtless it is dangerously infected, although the disease has not developed far enough to be detected without a microscopic examination of the organs, are being delivered in Calgary and other Alberta towns and cities where veterinary inspection does not prevail. The slightest such a carcass as this occasionally, how to what extent the disease develops, even in Alberta, and how the contamination is steadily spreading."

FIFTEEN-YEAR-OLD BOY MURDERS HIS AUNT

Rochester, Minn., April 1.—Fifteen-year-old Robert Heisel, living on a farm near Douglas, a village near here, telephoned the sheriff at Rochester that his mother had been shot to death by Henry Smith, Mrs. Heisel's 15-year-old nephew. According to the boy's story, Heisel seized the gun and dragged it into the barn, and he and his aunt were bound and gagged and struck him over the head with the butt end of the gun. Robert was unconscious for some time, but when he regained consciousness, he struggled free of his bonds and telephoned the sheriff's office.

CASTING ABOUT FOR SUITABLE GROUNDS FOR ATHLETICS

A considerable sum of money will be required to put these grounds into shape, and Ald. Crichton suggested that the council be asked to submit a bylaw to the city. A sub-committee will be appointed to go over all the grounds and estimate the improvements required. Sixteen acres, across from St. George's Island, in front of the hospital, which were leased by the city for athletic purposes, appear to be more or less useless. Secretary Davison of the Y. M. C. A., who was present in an advisory capacity, said that the field in its present state was utterly useless, and that a large sum of money would be required to put

HUDSON'S BAY COMPANY

Women's and Misses' WASH DRESSES

Extensive Varieties! Wonderful Values! WE EXPECT enthusiastic appreciation of both the variety and wonderful values in Wash Dresses we have gathered here from the best makers of such garments on the continent. The fresh new stocks are ready, richly, splendidly, abundantly ready now at this store. They show surpassing style and beauty of finish, admirable fit and the very newest fabrics.

We will show incomparably Calgary's best array of the new Tub Dresses this season, in up-to-the-minute styles and the greatest values Calgary has yet seen. The variety of choice is extensive and complete in both the women's and misses' dresses, in linens, linens, gingham, voiles, eponge, crepes and a great many new novelty materials, very much in demand for the new season's wear. We mention:

- AT \$2.50—A very cute little wash dress, made of plain linen material, made high waist, 3-4 set-in sleeve, round Peter Pan collar, with white tie and other-wise trimmed with pipings of white. Colors are pink, Copenhagen, helle, tan, also white with blue or pink trimmings. Complete range of sizes. Price \$2.50
AT \$3.50—Another very good dress at the price is a sailor style of same material as above, made high waist, three-quarter set-in sleeves, white vest, with trimming of tabs and large buttons. Sailor collar of white with trimming of blue band of self material, also braids and buttons. Colors: Copenhagen, blue, pink, tan. Price \$3.50
AT \$3.95—This is a very pretty dress in material of white corduroy, made with high waist, 2-4 set-in sleeve, Peter Pan collar, with tailored bow and buckle. Skirt has three pleats down side and back. Colors: white only. Price \$3.95
AT \$4.50—Four different styles to select from at this price. One style is shown in plain linen material made with high waist, round Peter Pan collar, 3-4 set-in sleeve with cuffs. Skirt has front side tucked with three pleats from the knee line. This dress is trimmed very prettily with white collar and cuffs, with edging of fancy braids and buttons. Colors are pink, Copenhagen blue, tan; good range of sizes. Price \$4.50
AT \$4.95—Stylish little dress in material of plain linen; made high waist, 3-4 set-in sleeve, white corduroy sailor collar and cuffs, front fastening, 1-2 in. piping of white corduroy, soutache braid and buttons all way down centre front, also cuffs of wide green corduroy piping, with white corduroy cuffs. Colors, tan, Copenhagen blue. Price \$4.95
AT \$4.95—A very effective dress, in material of plain linen, made high waist, 3-4 set-in sleeve, Dutch neck, white corduroy revers, with vest effect, wide V trim in back and down centre front, also cuffs of wide green corduroy piping, with white corduroy cuffs. Colors: Copenhagen, helle, pink, tan. Price \$4.95
AT \$6.50—This smart dress is quite novel, in material of grass linen, regular waist line, 3-4 set-in sleeve with turbacuff, Y-neck with Peter Pan collar, red, its with red pipings and buttons. Skirt made with two side pleats front and back. Colors: natural with red trimming and natural with tan trimming. Price \$6.50

Three Very Moderate Priced Corsets

Some of the best values we have ever shown are among the recent arrivals just opened up. Women will wonder at the prices, for they represent extraordinary good value. Read these:

AT 75c—120 pairs only of Ladies' Corsets, made of fine coutil, medium bust and short hip; a good strong corset, with 8 hose supports. Sizes 18 to 28. Sale price 75c

AT \$1.00—155 pairs of Ladies' Corsets, well made of fine coutil, medium bust and hip and long skirt; nicely trimmed with lace; 8 hose supporters. Sizes 18 to 28. Sale price \$1.00

AT \$1.25—120 pairs only of these Corsets, made of fine coutil, medium bust and hip; very nicely finished with embroidery edging; six hose supporters. Sizes 18 to 28. Sale price \$1.25

A Price Magnet in Ladies' Collars

Come expecting the greatest bargain feast this popular Neckwear store has given in many months. New stocks have been clamoring for display and shelf room, which means that some lines must be reduced in order to attain the desired result, which does not necessarily mean that these collars on sale are old or out of date.

Ladies' Pretty Embroidered Linen Collars, in a great variety of styles and clever designs, and in all sizes. Now to a generous stocking up for future wear. Regular 15c and 17 1-2c each. Today, 3 for \$25c

More New Arrivals in the Dress Goods Salon

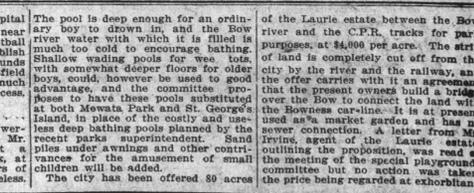

THE greatest possible diversity of weave and color, each possessing some peculiar charm of beauty and worth to appeal to critical woman-kind. There are dress fabrics of sufficient weight to conform to the lines of the figure and give the necessary 'set' to finely tailored suits, yet are in no wise uncomfortable. Thin dress goods already in such demand that makers and importers are having difficulty in filling orders for wanted weaves and correct colors, are here in abundance. Our stock was never more complete. Just opened are:

NEW SUITINGS—A splendid quality all wool material, in the fastest colors, most perfect dye, laces, browns, greens, and greys, with very neat hair-line stripe effect in white or black. A beautifully finished material, 55 inches wide. These are here in navy, black, brown, sage blue, etc. inches wide. Per yard \$3.25

TUNICS—Fifty beautiful tunics, sent direct to us from our Paris buying office and bought at a very special price-concession. The very newest Parisian creations in white net, trimmed with beads and bugles, white with gold beads, white and grey chiffon with white bugles and beads. We have priced these along the fashion in which they were bought, about a third less than in the ordinary course of events, namely \$5.00 to \$28.00

DRESS TRIMMINGS—The prettiest trimmings we have seen have just arrived. They come direct, of course, from the very homes wherein they were created, being the personal selection of our own European buyer. Bead hangings in white and black, white and pearl, black and white net with white beads and in white and black medallion effects, very effective for evening wear.

Narrow gold Braids and Bandings, and colored beads for various trimmings are also here in a complete range of the newest effects. On account of heavy purchases, prices are extremely reasonable.

The pool is deep enough for an ordinary boy to drown in, and the Bow river water with which it is filled is much too cold to encourage bathing. Shallow wading pools for wet toddlers, with somewhat deeper floors for older boys, could, however be used to good advantage, and the committee proposes to have these pools substituted at both Mowata Park and St. George's Island, in place of the costly and useless deep bathing pools planned by the recent parks superintendent. Sand piles under awnings and other contrivances for the amusement of small children will be added. The city has been offered \$0 acres of the Laurie estate between the Bow river and the C.P.R. tracks for park purposes, at \$4,000 per acre. The strip of land is completely cut off from the city by the river and the railway, and the offer carries with it an agreement that the present owners build a bridge over the Bow to connect the land with the Bonanza car-line. It is at present used as a market garden and has no sewer connection. A letter from Mr. Irvine, agent of the Laurie estate, outlining the proposition, was read at the meeting of the special playgrounds committee but no action was taken, the price being regarded as exorbitant.

DR. PRICE'S Cream Baking Powder

Dr. Price's Cream Baking Powder is free from alum and lime phosphates. Made from grape Cream of tartar and absolutely pure. Its use is a safeguard to health, for it actually aids digestion, and relieves from all anxiety as to the wholesomeness of the food.

On the other hand each attempted imposition of an alum baking powder upon the consumer is a covert attack upon the health of the family. Of course, no grocer would knowingly sell injurious food to his customers; but he has himself been deceived as to the true character of the cheap powders by their manufacturers.

Forewarned, and solicitous for the health of her family, the housewife will be influenced to a constant watchfulness and a stubborn resistance against the danger.

Baking Powders sold at a lower price than Dr. Price's are almost invariably made from alum, and therefore inferior, and prejudicial to health.

Are Domestic Workers Looked Upon as Business Women?

The following letter received from a housekeeper deals with a very wide and vital question, considering the amount of help engaged in this country and city. Perhaps it is only fair, however, to say here that the reason why the domestic branch of work was not represented on the executive of the Business Girls' club was because no domestic have attended the meetings nor represented their business to make representatives on the executive possible. The charter of the Business Girls' club does recognize the domestic branch, which is, on that charter, classed with and looked upon as a form of self-support for women equally respected and as important as any other business undertaken by feminine workers. It is hoped that the publication of this letter will bring the domestic element into the club, as complaints and information of such work in Calgary will be welcomed by the club.

To the Social Editor, Albertan:

The business women and girls of Calgary have formed a club which is the first of its kind in the province, and the same thereof has spread abroad into other cities.

They had a meeting recently at which several reforms, important to the health and well-being of members of different branches of the club were discussed.

What a representative meeting it was, too! Nearly every profession or occupation one can think of seems to have had some of its followers there with one notable exception—domestic employees were conspicuous by their absence.

When I look for the reason of this, two causes present themselves to me. First, that they are not exactly considered to come under the heading of professional or even business women. Next, that they are living in sheltered homes under the care of presumably responsible and conscientious employers, and consequently have no grievance to be redressed, or wrongs to be righted.

It is true that a domestic worker in the average Canadian home enjoys more liberty and has fewer restrictions imposed on her than is customary in the old country. But it is not a fact that the majority of employers have so far granted, whether or not to obtain and keep any help, rather than see rights which should be willingly given to the hundreds of thousands of an honorable occupation?

In any organization which is started in this rapidly-growing city of ours we have not only to think of things as they are at present, but of how they will affect those who follow after us. And, if the present system of non-recognition of domestic employees as business women, with rights to business hours and stated hours of relaxation, is allowed to continue, it is safe to predict that in a few years what through the continued influx of emigration, they have become more numerous and employers are no longer obliged to grant concessions, they will become a hopelessly down-trodden class of people, such as it is, amongst our community in this land of equality and freedom. Should we not then, by all the means in our power, endeavor to raise the social and business status of our sister in the kitchen, many of whom are girls or widows and dependant on the kindness of their employers, who, here by the wondrous stories of the great west, told by emigration agents and others, have come here to woo Dame Fortune with better no other equipment than a stout heart and a willing pair of hands? Such as these need a course of training to become proficient in their business and I hope we shall some day have that school of instruction for domestic workers at the "Y," which our former secretary, Miss Bradshaw, advocated. Such a school, proficiency in the various branches of household work, would be a boon to many and would do much toward transforming the ordinary common-place worker into a capable business woman.

WEDDINGS

DAVY-WOODHALL.
A quiet wedding was celebrated at the Church of the Redeemer on Monday, March 24, when Miss Ida May Woodhall, of Remington, England, (only daughter of J. W. Woodhall, of Remington), was united in holy wedlock with Frank Davy of Airle (late of Dorchester, Dorset, England), the ceremony being performed by the Rev. Dean Page.

The wedding took place in the presence of a few friends. After the ceremony, the bride's party and friends drove to the bride's brother, where the wedding breakfast was partaken of. There were numerous presents.

Mr. and Mrs. Davy left on the midnight train for a honeymoon in the west.

RECEPTIONS

Mrs. George Brydon will not receive this afternoon.

Mrs. F. Langford will not receive again this season.

Mrs. J. S. Mackie will not receive today nor again this season.

Mrs. H. L. Robbins will not receive today nor again this season.

Mrs. W. F. Ross will not receive this afternoon nor again this season.

Mrs. Wallace Zwart will not receive today nor again this season.

Today's Great Corset Sale

Our Corset Department is now under new management. We have recently secured the services of Mrs. Beaton, who was formerly with the W. A. Murray Co., of Toronto, and naturally the new management finds it necessary to make certain changes, and we have decided to discontinue carrying certain lines, hence these price reductions on high grade Corsets.

WEDNESDAY WE OFFER \$3.50 AND \$4.00 CORSETS ON SALE TO CLEAR AT \$1.75 A PAIR.

Comprising well known makes as D. & A., Crompton's, Grand Duchess, Warner's, La Diva; strong, well made corsets, particularly adapted to large, stout women; made with Redfern and Self-Reducing Belt attachments; long or short waist models; all sizes. Regular \$3.50 to \$4.00. Wednesday, a pair \$1.75

SMART SET CORSET—Style 54; very newest model; new, high grade corset. Regular \$7.00. Sale price \$4.95

SMART SET CORSET—Style 68, one of the very best corsets in our store; perfect fitting; built on new lines. Regular \$13.50. Sale price \$9.90

REDFERN CORSETS—Style 24, a splendid corset; extra long hips, four hose supporters attached. Regular \$5.00. Sale price \$4.45

REDFERN CORSETS—Style 14, one of the most popular numbers we have; a lovely corset. Regular \$7.00. Sale price \$4.95

REDFERN CORSETS—Style 20, a very high grade model; long skirt effect; four garters attached. Regular \$13.50. Sale price \$9.90

WARNER CORSETS are considered to be one of the foremost Corsets in America. They are rust proof, and are great wearing and perfect comfort-giving garments. These are lines we are going to close out entirely, as we are going to discontinue them. The styles are all new, but we want to clear them all Wednesday.

WARNER MODELS—Styles 516, 500 and 590. Regular \$5.00 a pair. On sale at, a pair \$4.45

WARNER MODELS—Style 552. Regular \$4.50. Sale price \$3.95

WARNER MODELS—Style 574. Regular \$6.50. Sale price \$4.95

CROMPTON CORSETS—Style 633, antipose; made for stout figures. Regular \$4.00. Sale price \$2.95

Among the speakers on the toast provided.

One hundred tickets have already been sold, but none will be on sale after today. Tickets may be had of A. C. Wilson, at the Wilson-Book Store.

CONDITIONS IN CITY STORES NOT FAULTLESS, SAYS REV. A. D. MACDONALD

Children's Aid Society Agent Correct Impression of Report Previously Published

"To Say Conditions in Stores Are Faultless Would Be Absurd," He Says

Rev. A. D. MacDonald, of the Children's Aid Society, has sent the following communication to The Morning Albertan, relative to the article appearing Monday's Albertan, under the signature of Alberta West:

To The Albertan—In order to correct what has been referred to as a very misleading idea of the conditions prevailing in department stores, it is perhaps enough to say that my report related only to one particular mercantile firm, and that we have reason to believe that other stores are doing better. It might not be necessary to say that we are in most hearty sympathy with every movement calculated to improve the conditions under which women are working and living, and that consistent with the aims and principles of our society we shall keep on doing everything possible to promote the moral and physical welfare of the young girls of the city.

I regret that my report was somewhat misunderstood.

Rev. Mr. MacDonald has further explained that the report in question related to the case of Jones Ltd., "Alberta West" took exception to the report of Rev. Mr. MacDonald, published in the Morning Albertan, as a misleading impression of conditions in department stores in general. Rev. Mr. MacDonald not having stated the name of the firm in whose store he made his inquiry.

Miss Josie Kirkpatrick, a close friend of the Misses Woodrow Wilson, daughters of President Wilson, Miss Kirkpatrick is to have the first big wedding of the Wilson administration, when she marries George B. Huntington, a Washington lawyer, at the United States capital in May. Mr. Huntington is a Canadian by birth, his home being near Myrtle, Ontario.

The program was an advertising contest in which letters were taken during preparations for the social and dance to be held at the Hotel McLeod, in the afternoon of the 21st. The contest was won by Miss Josie Kirkpatrick, who was awarded a gold watch.

On Monday evening, in Unity Hall, the students of Calgary University held a most enjoyable union. Dancing and card playing occupied most of the evening, and the best of spirits prevailed. Among those of the faculty present were Dean Braithwaite, Professor Ward, Professor McDougall and Professor Eastman.

Among the guests were Mrs. Braithwaite in a pale blue satin gown with jewelled overdress, Mrs. McDougall in shot chiffon over dress with orange corsage, Mrs. McLaren in shot silk, Mrs. Mahood in blue silk with old rose trimmings, Miss Kennedy in yellow satin with Oriental overdress, Miss Weaver in white embroidered gown, Miss McLennan in pale blue silk with lace tunic, Miss Bruce in yellow satin with trimmings of black and white, Miss Nolan in cream silk accordeon with trimmings of black and white, Miss Dolly Skinner, also blue satin, Miss Allison, rose pink satin with painted overdress, Miss Miller in green satin with chiffon overdress, Miss Pigeon, shot silk accordeon pleat.

Amateur Operatic Society.
The production of "The Yeomen of the Guard" at the Sherman Grand theater next week, the 7th, 8th and 9th of April by the society, is to be elaborately done.

Special mention is being prepared so that it will be staged as an exact duplication of the original production in London, England.

The costumes have arrived and prove to be very handsome and correct in detail.

"The Yeomen of the Guard" is a notoriously expensive opera to produce. Some idea of the thoroughness with which the society is doing this work may be obtained from the fact that the expense of placing this before the public will amount to close on twelve hundred dollars, exclusive of the theatre proportion; by far the most expensive the society has attempted.

Under the direction of Mr. A. F. Horvath, the full Sherman orchestra, augmented by five or six additional musicians are busy perfecting the musical score and of course, all those taking part are putting the finishing touches to their respective parts, under the able leadership of Mr. E. Willis, our untiring and energetic stage manager.

"The Yeomen of the Guard" is a masterpiece of the Y. W. C. A. and the members of the Y. W. C. A. are the welcome guests last night in the dormitory boys of the Y. M. C. A. Ben Jackson headed the committee of arrangements, which succeeded in raising a fine program of entertainment.

Canada's Splendid Progress

OTTAWA, April 1.—The Evening Citizen says: Canada's fiscal year, which ends tonight, has easily exceeded all records of the country's material prosperity. Abounding revenues, expanding trade, and a general commercial development are noted despite the stringency in the money market the past few months.

The complete figures will not be made up for a week or so, but sufficient is known to establish that the trade will aggregate a billion dollars. Imports for domestic consumption will probably attain the total of \$650,000,000 while exports of the domestic produce will be around \$350,000,000.

The total of governmental expenditures will be in the vicinity of \$154,000,000, while the trade increase is about 20 per cent. In domestic exports increases will be noted in practically every line save animals and their products, and fish. In other items the figures are about stationary.

In view of the showing of the year Hon. W. T. White will have an exceedingly favorable statement to make when he delivers the speech in the budget. The date of this will depend on the passage of the West Indian trade agreement as certain tariff adjustments are necessitated by that agreement. When the latter will be put through depends correspondingly upon the passage of the naval bill, unless this trade arrangement is temporarily given preference.

Every department of the federal revenues will show an increase around 30 per cent, and the general showing for the year is one upon which the country may well congratulate itself.

Marriage, Death, or an Immoral Life Only Avenues of Escape from the Sweat Shops

Chicago, April 1.—Marriage, death or an immoral life are the only avenues of escape for girls from the toil of the "sweat shops," according to the testimony of witnesses before the Illinois vice commission, which resumed its inquiry today.

Lieutenant Governor O'Hara, chairman of the commission, devoted much time to examining girls and women from the west "sweat shops," where wages range from \$2.50 to \$5.00 a week.

Lieutenant Governor O'Hara agreed with Senator Judd to give one dollar each to "sweat shop" witnesses, be-

WOMAN DROPS MONEY IN GAME OF CARDS

Affair Winds Up in Police Court But Magistrate Refuses to Interfere

Ernest J. Storey, a colored gentleman, is evidently no respecter of persons when it comes to a card game in which there is a little loose change at stake. Or so it appears, according to the story which was related yesterday morning before Magistrate Sanders. The evidence introduced was to the effect that Storey and a friend of his engaged in a game of cards in a rooming house kept by J. H. Bagbey, and when the game finally broke up Storey's fair companion was indebted to him to the amount of \$600, of which she could only produce one-tenth of the sum in real money. As security for the remaining \$540 she placed in Storey's possession her jewelry, whereupon said trustee immediately hastened to a pawnbroker's office to convert the ornaments into Canadian currency.

When the lady learned where her jewelry reposed she made all haste possible to the loan merchant, but arrived there only to discover that the jewelry had been confiscated as evidence against Storey and Bagbey, who were charged with vagrancy.

Clifford T. Jones appeared for the defendant, Bagbey and Storey, on the vagrancy charge, and they were discharged because of lack of evidence. Magistrate Sanders ordered the jewelry returned to the pawnbroker, and the gamblers were allowed to settle the dispute as they saw fit.

BETTER THAN SPANKING

Spanking will not cure children of wetting the bed, because it is not a habit but a dangerous disease. The C. H. Rowan Drug Co., Dept. H., Chicago, Ill., have discovered a strictly harmless remedy for this distressing disease and to make known its merits they will send a 50c package securely wrapped and prepaid Absolutely Free to any reader of The Albertan. This remedy also cures frequent desire to urinate and inability to control urine during the night or day in old or young. The C. H. Rowan Drug Co. is an Old Reliable House; write to them today for the free medicine. Cure the afflicted members of your family, then tell your neighbors and friends about this remedy.

TWELVE MILLIONS TO BE SPENT ON HALIFAX TERMINALS

Ottawa, April 1.—Premier Borden tonight outlined to the house the great terminal facilities planned for Halifax which completed will cost \$12,000,000. The government intends to build five miles of double track railway from the present I. C. R. main line at Three Mile House, to skirt the northwest arm

Reorganization of C. P. R. Police

Winnipeg, Man., April 1.—Announcement is made today of the thorough reorganization of the police department of the Canadian Pacific railway. The department of investigation has taken over the special service department, and Major A. McLeod, Vancouver, is appointed chief of the office here under Chief R. G. Chamberlain. Mr. McLeod's title will be assistant chief of the department of investigation. Mr. McLeod is an old timer in the West, having come here in 1878.

SPORT FACTS AND FANCIES
By JOE PRICE

Our idea of nothing at all: The keen rivalry which exists in an exhibition game between two touring professional hockey teams.

Take your pick, suffragettes and you other fellows tonight you will have the choice of witnessing either a professional hockey game or a professional boxing contest. Better than that, you may see both if you have the time and inclination, and fifty here to spare. Our esteemed fellow citizen, Tommy Burns, will give an exhibition of the manly art in his own arena-out Manchester way, and Art Ross with his hockey experts will stage an exhibition of the fastest game of all in Bucker's ice emporium. Pay your money and take your choice.

At last it appears that the needs of the amateur athletes of Calgary are being given careful consideration by the city authorities and within the next year public playgrounds and recreation fields will be recognized as an established fact in this city. The city fathers have been slow in recognizing this need but the pressure of the demands have reached the proper sources, it looks as though something might be accomplished. A real playground commission has been organized and the next step on the program will be the appointment of a playground superintendent who will devote his entire time to properly organizing the youth of this city and directing their surplus energies along lines which will work for the ultimate betterment of the citizens of Calgary.

The trouble in the past has been that the boys have been left to them-

YOUR ONE BIG CHANCE
To enjoy bicycling this year
is to insist on getting
DUNLOP TIRES

Your friends will have them and naturally you don't want to be out of it. Neither do you wish to ride in less secure, less comfortable than the other fellow. Because bicyclists all over Canada have been demanding these Dunlop tires we come to you as one of the biggest names in our business. Call on your dealer.

DUNLOP TRACTION TREAD

SOCCER MEN HAVE RATHER HOT SESSION AT EXECUTIVE

Question of Grounds and the Cost Was the Bone of Contention; Season Will Start Later Part of This Month; Junior Competition Planned

Lots of interesting and profitable discussion took place at a meeting of the Calgary City and District Football League held in the Y.M.C.A. last evening. There was some pretty plain speaking and some very vital matters to soccer football in Calgary and all concerned must feel better for listening to the extra steam.

The main question, beyond of course, the distribution of the grounds in the Hillhurst Athletic Association, was asked to state the terms they would accept for the use of the grounds for the coming season and he stated they would require 30 per cent of the gross receipts at all games with a minimum charge of \$7.50 per game. But he thought the league should approach the committee to lease the Hillhurst grounds and then the whole matter would be settled.

The Post Office and Tynesiders' representatives at once kicked at paying that minimum fee of \$7.50. They agreed to the 30 per cent.

A. Melville then spoke of the large expense the Hillhurst A.A.A. had had in connection with the grounds which so far had been operated at a big loss, and said the revenue they would get from the league games would not more than cover the cost of a caretaker, leaving out of the question all other expenses.

J. K. Matheson thought there was no need for a committee to be appointed but that the matter could be decided at that meeting. The question was as to whether they were to play the games on the Hillhurst grounds or not, and when they had decided that question they could go ahead and decide on the terms.

Avery, of the Y.M.C.A., thought the league should stand behind the weaker clubs with regard to the ground proposition.

The chairman said he would like to know from the new clubs, as well as the older ones, whether they were willing to pay if they went to the Hillhurst grounds or if they wished to have the use of the grounds for nothing.

Kick About Cost of Grounds
Tynesiders thought 30 per cent of the gate receipts without any other proposition was a fair thing and that receipts from the bigger games would balance any loss there might be on the smaller games.

J. K. Matheson then put up a proposition that each club pay \$50.00 as a guarantee for the use of the grounds, the league take 25 per cent of the gate receipts and divide that money equally among all the clubs.

The chairman asked whether that would cover league games only, or whether it covered all the games for the season, but no answer was forthcoming.

W. Woods then moved and J. K. Matheson seconded that a committee be formed to approach the Hillhurst Athletic Association.

Famous Trotter is Better.
Dr. Wilkes, 2:14-4, the celebrated trotter bought a few weeks ago by D. T. Lewis, from eastern parties, has been at death's door for the past four or five days. He has pneumonia, pleurisy and pleurisy but is being cured by Dr. Stedman, who deserves a lot of credit for his attentive work.

Tommy Burns Tonight Will Prove That He is in Dead Earnest

About His Comeback Stunt When He Meets the Conqueror of Jess Willard; Best Boxing Program Ever Offered to Calgary Fans Is This One

TODAY'S FISTIC PROGRAM

BUSTER BROWN vs. YOUNG PHILLIPS—Featherweight
Four rounds.

YOUNG ROBINSON vs. ROY GEORGE—Middleweights
Six rounds.

KID LUCAS vs. BILLY LAUDER—Lightweights
Six rounds.

J. TYLDESLEY vs. HERBERT ATKINS—Featherweights
Ten rounds.

TOMMY BURNS vs. ARTHUR PELKEY—Heavyweights
Six rounds.

WITH light workouts by both of the principals yesterday afternoon, the training program was brought to a close.

Lucas and Billy Lauder. Neither of these boys needs introduction to Calgary fans. Kid Lucas came out here with Billy Allen as his sparring partner. Cappy Smart gave him a job putting out fire, and since then he has made a very creditable showing, both as a fireman and a boxer.

Billy Lauder is the real, original, old time favorite of Calgary boxing fans. He has been a champion of the ring for several years, and he has a record that is second to none. He is a real fighter, and he has a heart that is as big as his head.

Tommy Burns is a real fighter, and he has a heart that is as big as his head. He is a real fighter, and he has a heart that is as big as his head.

Herbert Atkins is a real fighter, and he has a heart that is as big as his head. He is a real fighter, and he has a heart that is as big as his head.

Arthur Pelkey is a real fighter, and he has a heart that is as big as his head. He is a real fighter, and he has a heart that is as big as his head.

HIGHLANDER'S PARK NOW IN HANDS OF WRECKERS

New York, April 1.—The American League park of Washington Heights, for ten years the home of the Highlanders, was given over to the wreckers today and the work of tearing down grandstand and bleachers was begun. The timber has been bought by a construction firm and will be used for shorting up purposes in the building of the city's new subway system.

Another interesting feature of the demolition is the fact that the Highlanders' clubhouse, which was built in 1903, is being preserved. It will be used as a clubhouse for the new team that will play on the Polo grounds, the new stadium, which is now under construction.

Senior City League Meetings.

The annual meeting of the Calgary Amateur Baseball League (Senior City League) will be held in the Y.M.C.A. building, Friday, April 4, at 8:15 p.m. Reports will be presented and officers elected for the coming season. Teams in membership and other teams desiring to affiliate are requested to be represented by three delegates.

W. J. DOBSON, Pres.
A. B. Dawson, Secy.

Alberta British Rugby Football Union.

Annual general meeting of this union will be held in the Y.M.C.A. on the evening of Thursday, April 3, at 8 o'clock, when reports of the year's work will be submitted and officers elected. All members of the union are invited to be present.

WESLEY T. HAYNES, Secy.

TOURING HOCKEYISTS WILL BE HERE THIS FORENOON

Art Ross' All-Stars and Quebec Champs Will Arrive This Morning

Big Pro. Hockey Game Will Start at Eight o'clock Sharp

A wire from North Bend, B. C., yesterday afternoon from Art Ross stated that the two teams who are to play tonight at the Sherman rink are both on No. 4 train and will be here this morning in good condition and ready to put up a fast exhibition tonight.

The game starts sharp at 8 o'clock and the doors of the rink will be opened at 7 o'clock. Two periods will be played, one under western and the other under eastern rules and the fans will thus have a chance to get a line on the two styles played by the professionals.

The advance sale of seats has been large but there are plenty of good seats still to be had and 1,200 rush seats will go on sale tonight when the doors open. Lloyd Turner has arranged to have the block of seats at the west end of the rink placed on sale at the west entrance at 7 o'clock.

Despite the fact that Calgary has never before had hockey in April, the ice is in excellent condition. The heavy frost of Monday night and a cold wind yesterday made things fine and Lloyd Turner was wearing a big smile last night.

"We showed the coast teams one of the best abets of ice they had ever played on when they were here," said Turner, "and we will now demonstrate for the benefit of the easterners. Quebec has natural ice at home and it isn't always the best. I intend to show them that it is possible to have a first-class sheet of ice even in April."

The probable lineup of the teams tonight follows:

Quebec: All Stars
Moran goal Benedict
Mummary point Cameron
Hall cover S. Cleghorn
Crawford rover Brown
Morton center Ronan
Smith wing O. Cleghorn
Marcou wing Neighbor

SPRING HAS COME ALL RIGHT, ALL RIGHT

Philadelphia, Pa., April 1.—The Philadelphia American and National baseball teams played the first game of the spring series for the city championship here this afternoon and the former world's champions won by the score of 8 to 2.

ALASKA DOG RACES POSTPONED

Nome, Alaska, April 1.—The Alaska sweepstakes dog team race for April 3, has been postponed until April 10.

MORE HARNESS HORSES COMING FROM EAST

Exodus of Eastern Horsesmen for Western Canada Circuit Continues

Toronto, March 26.—The exodus of eastern horsesmen for the west still continues. The latest to decide to try his fortunes in the Western Canada Fair and Riding Circuit this year is Billy Fleming, trainer of W. J. Cowan's horses at the Maple Stock farm, Cannington. Fleming left for Portage la Prairie, his former home, Wednesday, and his horses leave by express today. Only two horses are in the shipment that leave here, the yearling brown colt "K of K" by Kentucky Todd (3) 2:08 1/2—Mokin, by Moko, and the 4-year-old bay filly, Tropic Dawn, by Symbolon, dam by Allerton. Both are trotters and of the most promising kind. The former has had very little training but is regarded as a superior colt. They raced some in the west last year as a year-old, and it was on the strength of her performance at actual racing that Mr. Cowan bought her. Fleming will stop over at Chicago long enough to pick up a pacer for the rich 2 1/2 classes on the western circuit, and rumor has it that he will accept an option obtained some time ago on a crack performer of the middle west last year.

A \$36 Bicycle for \$3.00

We are forming a Bicycle Club, limited to 75 members. Each member pays \$3.00 per week for 12 weeks. Every week a drawing is held and the fortunate member receives his bicycle without further payment. So that one member gets his bicycle for \$3.00 the first week. Another for \$6.00 the second week, a third for \$9.00 the third week, and so on for the 12 weeks. On completing the 12 payments all who have not already drawn a bicycle will receive theirs, having paid in \$36.00, the cash price of the wheel. A member may complete his payments at any time and take his bicycle.

The bicycle is the "Red M," made especially for us. It is equipped with coaster brake, steel mud guards, roller chain, rubber pedals, 3-spring saddle, pump and tool kit. This bicycle is guaranteed for one year. In addition to this we equip each bicycle with a dollar "Dreadnought" ball-bearing siren, making a \$36.00 bicycle.

Get our pamphlet giving full particulars. Come in and join the club at once, as it starts with the first 75 members secured.

Edmonton Baseball Talk

(By F. McPherson in Edmonton) In two weeks' time the Edmonton baseball squad will be enroute around the young lambs in the amateur diamond and the clubbirds will have some place to spend their leisure hours, now that the snowing tournaments are over.

Whisman at Caldwell Manager Whisman is still at Caldwell, Idaho, in the search for talent, but it looks like he is going to be disappointed in getting three of the men he picked out as Cartwright, Raymond and Hong have all been placed on the regular team by Manager O'Leary, along with Pete Morse as shortstop. This will be in Edmonton on April 12.

Persons Wants Job Archie Persons, who played about half of last season as center fielder for Esauano, but who hurt his leg sliding into second and when the clubbirds will have some place to spend their leisure hours, now that the snowing tournaments are over.

Dunn Signs Georgey Bert Dunn, the new manager of the Medicine Hat club is working hard to get together a scrappy bunch of players. He has already signed five pitchers for a try-out. Ladd, a big fellow will do the catching, while Red Deer last season, and hit .337 will play second base. The team will train at Wenatchee near Spokane.

Regina Registers Kick Regina is dissatisfied with the draft schedule prepared by President Gray and Secretary Horner. The principal objection is that Regina has 58 home games and 42 other while the other clubs are served better. Saskatoon was to break even, and Edmonton and Calgary favored with 42 at home and 42 abroad. This matter can be easily fixed up.

Bill Carney, Umpire Wild Bill Carney, who was booked for the management of the Twin Cities team in the Northern league, lost out when the franchise was transferred to Winona. But Bill still has a job, as he has been offered a position on the umpiring staff of the Northern league by President Barton. Bill umpired in the Northwest league, and was in the same league last season, so

DOES CALGARY WANT TO RETAIN STAR BOWLERS?

Jim Mitchell and Alf Patrick Would Stay Here and Represent Calgary

But Offer from Toledo Is Very Tempting; Support of Citizens Necessary

Arrangements are being undertaken to finance a trip to the great Pacific bowling congress at Vancouver upon behalf of an All-Star aggregation of pin topplers of Calgary. Two of the top-notch men, Jim Mitchell and Alf Patrick, have just returned from the United States, where they bowled in tournaments at Toledo and Minneapolis. They financed their trip but do not feel justified in bearing the entire expense of attending a third tournament so soon.

At the Toledo tournament the Overlandians hung up a world's record. Fifteen hundred players participated, and out of this number five-hundred were from the city. The day Jim Mitchell was asked by wire to immediately join the Overlandians at Rochester, the National Bowling association meets this month.

Edmonton Baseball Talk (By F. McPherson in Edmonton) In two weeks' time the Edmonton baseball squad will be enroute around the young lambs in the amateur diamond and the clubbirds will have some place to spend their leisure hours, now that the snowing tournaments are over.

There is a chance that John H. Mackin, ex-manager of the Edmonton B.C. will get the vacancy on the W.C. L. umpiring staff. The position has been tendered Johnny but he has not yet made up his mind whether he will accept it or not.

Winnipeg Roster The roster of the Winnipeg B.B.C. for 1913 is: Catchers, Jones, Matthews and James; pitchers, Ataley, Dietrich, Fred Glass, Fisher, Fosburg and Bud Moe; infielders, Spot McMurdo, Gardner, Tim Flood, Clothier, Humman and Pearce; outfielders, Farnam, Fraser and Kirkham. Players report at Ottumwa, Iowa, on April 8.

HOLMES AND MANNING ARE NOW BERRYPICKERS

Billium Hurley Gets Good Third Sacker and Pitcher; Bliss With Portland

Edmonton, April 1.—"Ducky" Holmes, the demon third sacker of last year's Red Deer outfit, writes from 4996 Broadway, Elk Point, Alta., to convey greetings, and announces that he and the mighty hunter-of-the forest, Perihondo Manning, will be seen in a Saskatoon uniform this coming season, having signed contracts with Bill Hurley. Ducky had an offer from the Portland team of the Northwestern league, but rather than run any chance of having his homestead north of Vermilion cancelled on him, he turned down the offer. Toots Bliss is with the Portland club and is making good, while his brother, Jack Bliss, is with Sacramento, having been let out by St. Louis Americans.

Pop's Condition Serious. Rome, April 1.—The Pope is not getting better. Up to a certain point he made remarkable progress, and statements that he might be thought on the highway to recovery were well founded, but at a certain point he stopped, and his doctors have not been able to pass the difficult corner. Most of his entourage acknowledge this, but are convinced that it is only a matter of time, especially as he had a setback through the depression caused by the death of Cardinal Ruffini, the vicar of Rome. Others made no secret of their opinion that Pius X. will never again be as strong as he was before his attack. They do not expect any immediate collapse, but think that his holiness will gradually get weaker, and thus retire more and more from public life. As things now stand, this opinion seems the nearest to the truth.

Learning to Draw—More Salary Mr. T. A. Ruggles, a student of the evening technical classes, has been appointed to a responsible position in the C.P.R. Department of Natural Resources in connection with the newly-made farms and left this morning for Ottawa to take up his new duties. Mr. Ruggles is a practical carpenter and was one of the first to enroll in the

building construction department of the technical school on the opening of the classes in the autumn of 1911. In the session of 1912-13 just closing, he took advanced building construction under Mr. Chas. Hay, A.A.A., and the awards of the examiners show that Mr. Ruggles is the winner of the first prize. The awards are made upon a theoretical examination involving a knowledge of materials and construction and upon the winter's work in the drafting room.

Clearing Away Debris Hamilton, O., April 1.—Factory whistles here early today called hundreds of workmen to work in cleaning away the mud and wreckage left there by the flood. The manufacturers decided to reopen the shops as quickly as possible, giving employment at once to all employees in cleaning the factories.

ONTARIO HYDRO-ELECTRIC IS VERY SUCCESSFUL

London, April 1.—Hon. Adam Beck went to Toronto today in connection with his legislative duties. "What is the effect of the reduction of the hydro-electric rates in the various municipalities?" he was asked. "We are having a surplus of \$12,500,000," he replied, "notwithstanding a reduction, and by the end of October, 1913, we will have over \$20,000,000 in the commission treasury to the credit of the municipalities."

Man. April 2.—A simple funeral service will be held over the body of the late J. P. Morgan tomorrow. The service will take place in the room at the hotel where the body now rests, surrounded by great masses of flowers—tributes from friends and notable persons of various countries. Only relatives, intimate friends of the family, and the American ambassador, Thomas O'Brien and Mrs. O'Brien, will attend a service.

SPRINGBANK PROPERTY OWNERS CONVENE AGAIN TONIGHT

Second Session Will Be Held in West Calgary School Building at Eight O'clock

Supplementing the action of Springbank property owners at a meeting held last night in Mount Royal school, a second meeting will be held at 8 o'clock tonight in the West Calgary school. The chairman has not yet been chosen, but it is as all possible Alderman W. J. Tregillus will preside. The object is the same as that of last night's meeting, namely, to gather all the available data in connection with the property owners in the Springbank irrigation district to satisfy certain assessments made against all that property now situated west of Fourteenth street west as far as Jumping Pond, about 12 miles distant.

Many innocent purchasers are affected, as in the transfer of property in that district no action has ever been made of assessments against an ancient and utterly worthless irrigation project in what was many years ago farming district. These assessments are now filed against owners of single lots within the city limits, and many West Calgary residents now own property in this area against which a claim title cannot be secured until the present dispute is adjusted. Tonight's meeting is called particularly to discuss the outlying portions of West Calgary, many of whom were unable to attend the meeting in Mount Royal school last night.

TOP O' TH' WORLD DANCERS COMING TO THE GRAND

Manager Thomas Baker of the Orpheum shows is putting himself on the back ever since tomorrow night's bill was announced and to look over the advance notice and the favorable criticisms, he has good reason to be happy. Heading the list is "The Top O' Th' World Dancers," an act that is a recognized headliner all over the big time circuits and one that will gain many a friend during its only too brief stay in Calgary. Every member of the company have been carefully selected even to mice canines that form the "Gollie Ballet."

Next on the bill comes the foregoing act in Don, the Talking Dog, who can make himself understood with a limited vocabulary of German words. Don, who is owned by Miss Martha Haberland of Hamburg, is being exhibited over the Orpheum circuit by Loney Haskell, the well known comedian. Next on the bill comes the real comedy act, "Billy's Tombstones," presented by Edgar Atchison-Ely. The "tombstones" are in reality a set of false teeth and by their loss are provocative of no end of humorous situations, some of which are embarrassing to the owners of the "tombstones."

Next on the bill comes the real comedy act, "Billy's Tombstones," presented by Edgar Atchison-Ely. The "tombstones" are in reality a set of false teeth and by their loss are provocative of no end of humorous situations, some of which are embarrassing to the owners of the "tombstones."

THE CURZON SISTERS The Flying Butterflies in This Week's Orpheum Bill

TORONTO MAY PENSION HER SUPERANNUATED CIVIL SERVANTS

After They Reach the Age of 65, Providing They Have Served Ten Years

Toronto, April 1.—An act to provide for the pensioning of civil servants was introduced before the legislature this afternoon by Hon. W. H. Hearst. The bill, however, is merely in its tentative form. Mr. Hearst explained that it was presented before the house at the instance of the Civil Service association, and that it was not a government measure. It provides for the pensioning of all civil servants at or above the age of 65 years who have been in the service at least ten years.

The amount at which civil servants would retire is to be fixed by the average of their last three years' earnings and is to be determined by one-fifth of the amount multiplied by the number of years of service, which must be in no case more than three-fifths of their full retiring salary.

The fund to provide for this pensioning would have to be borne by the balance of the civil employees. The bill provides for the taxing of the whole service three percent of their yearly salaries.

Hon. Mr. Hearst stated that it was not the intention of the government to ask this session for the second reading of the bill, "if it could be considered during the recess between this and the second term and some definite action taken next year."

GENERAL STRIKE IS DECLARED IN NELSON

NELSON, B. C., April 1.—With the exception of carpenters, all members of the federal labor union, acting on the orders of a general strike is now in force in Nelson. Included in those on strike are bricklayers, painters, pipelayers, quarrymen, mortar miners, bricklayers and carpenters, haulers, hod-carriers, plasterers, machinists and electricians. The demands which the employers refuse to grant include higher wages and shorter hours.

Early in the morning the strike was not as general as was expected, but the men working were interviewed by unionists and all eventually threw down their tools.

The C. P. R. is delivering cars to warehouses where trucking is available and this minimizes the effect of the teamsters' strike. Few of the teamsters driving merchant delivery wagons are members of the union and supplies are being delivered to houses such as usual.

At the Nelson Iron Works Alderman W. M. Cuniff and B. W. Hinton, directors of the company, both practical men, are doing machinists' work. Directors of the Nelson Transfer company are also driving teams and fulfilling contracts.

A funeral today one team was driven by an undertaker and another by a general as was expected, but the men working were interviewed by unionists and all eventually threw down their tools.
