BURNS MEAT PACKING PLANT AT CALGARY IS FIRE SWEEP LOSS TWO MILLION DOLLARS

Conflagration, Most Disastrous in History of Canadian West, Gained Headway in Early Hours of Sunday—Low Water Pressure and Ammonia Fumes Baffled Firemen.

CALGARY, ALB., Jan. 12.—(Can. Press.)—The most disastrous fire in the history of Western Canada occurred today when the large packing plant of P. Burns & Co. was totally destroyed.

The fire was discovered about 12:30 o'clock Sunday morning. The whole of the basement was in flames, and the packing plant department, augmented by all of the city fire departments, were unable to make any headway against the flames.

Several firemen had narrow escapes from exploding ammonia tanks, but no one was seriously injured. The fire raged furiously all day and tonight little remains of the magnificent plant but charred ruins.

Pat Burns, head of the meat packing industry, was at the King Edward Hotel Saturday, but left for the west before the news of the fire was received.

TERRIFIC GALES SWEEP BRITAIN

Many Small Craft Reported Wrecked and Big Liners Have Difficulty in Making Port.

LONDON, Jan. 12.—(Can. Press.)—The United Kingdom was swept Saturday and Sunday by heavy gales and snowstorms. There have been many wrecks of small craft, and coast shipping has been considerably damaged.

In the North of England the storm was of terrific severity, lasting thirty-three hours, and there was a continuous snowfall in the Newcastle district. Telephone and telegraph wires are down in all directions.

The steamer Mauretania was held alongside the landing stage at Liverpool until 9:30 o'clock tonight, when she sailed direct for New York.

The British steamer Wilmberg, Philadelphia, Dec. 27 for Hamburg, reports having spoken on Jan. 4 with the German steamer Abyssinia, which sailed from Hamburg Dec. 22 for Philadelphia.

The Danish steamer Gledness, Scotland, with the loss of seven lives.

EDMONTON ALSO VISITED. EDMONTON, ALB., Jan. 12.—(Can. Press.)—With the thermometer fast below zero the broke out Saturday afternoon in Reed's Bazaar, a two storey wooden structure at the corner of Jasper and Second streets in the centre of the business section of the city.

STAR MANAGERS NOT GUILTY SAYS JURY

Judge Middleton Was Surprised at Verdict and Scored the Jurors Very Severely For Acquitting the Defendants and Censuring Them at the Same Time.

Much to the surprise of Mr. Justice Middleton the jury in the Star Theatre case returned a verdict of "not guilty" against the defendants, Messrs. F. W. Star and Daniel Piroch at 10:30 Saturday night.

"It is with exceeding great difficulty that we bring in a verdict of not guilty, but the jurors wish the citizens to know that they feel that the proprietors and those in charge of show houses cannot be too strongly censured for allowing such plays as this, suggesting anything that is immoral, indecent or obscene."

Hon. Mr. Justice Middleton: "I assume from the fact that you have taken so much trouble with this verdict that it is honestly and conscientiously arrived at. I may frankly say that I entirely disagree with it. I cannot see how any reasonable man could have any doubt that that play was anything else than immoral, indecent and obscene, and I cannot see how you found that even on the defendants' evidence you could arrive at any other verdict.

Choosing a solid part of the wall, he rushed at it time after time, head down and striking full force against the plaster. A few more times he was felled, but bear his head against the wall with the fury of a wild animal.

After being out four hours Foreman Peacock reported that the jury disagreed. His lordship then spoke of the great expense which a new trial would mean, not only to the country, but to the defendants as well.

Back to Bytown

OTTAWA, Jan. 12.—(Special.)—Not more than ordinary interest is being displayed in the reopening of parliament on Tuesday.

TRIED ALL WAYS OF ENDING LIFE

"Everybody's Doing It," Said C. J. Winder When Asked Why He Attempted Suicide by Beating Himself With a Chair, Cutting His Throat and Battering His Skull.

It is by no means the fault of Christopher J. Winder that he is now a prisoner in No. 3 police station, instead of being a corpse at the city morgue.

The lodgers at 118 Grange avenue were awakened about 7:30 yesterday morning by shouts and laughter from a rear room on the second floor. Furniture could be heard crashing on the floor; glass could also be heard against the walls, and above all rose wild shrieks.

Inside the bedroom was Christopher J. Winder. He was engaged in an attempt to batter his head to pieces with a chair. First he would throw the chair up in the air as far as the ceiling. The trick was to let it strike on his head as it fell.

This method failing to bring about the desired effect, Winder grasped a china jug. This he smashed over his head. With another piece of china he smashed his throat, cheek, face and arms. With another he succeeded in lacerating the back of his head.

STARVATION PAY IN TORONTO FACTORIES

Rev. Byron H. Stauffer Says Wages Paid Are Far Too Low and Predicts the Enactment of a Dominion Minimum Wage Law—First of Series of Sermons.

Canada's prosperity was defined as prodigious by Rev. Byron H. Stauffer, at Bond Street Congregational Church last night. The building was thronged, a number standing thruout the service.

The text was, Masters give to your servants that which is just and equal. This exhortation by Paul, he said, was much softer than the language used by Jeremiah and in Proverbs regarding them who oppress the poor.

With a nation as with a man, the dangers of prosperity were greater than those of want, just as the diseases of a fat man were often worse than those of a man of spare habit.

Every employer was morally bound to see that his employees received living wages, and in Toronto the cost of living was \$2 a week a moderate minimum wage for working girls.

LONDON, Jan. 12.—(Can. Press.)—The rabbinic committee met today at Leopold G. Rothschild's residence in London to choose a successor to the late Dr. Hermann Adler as chief rabbi of the British Empire.

BALKAN WAR TO BE RESUMED TURKS ARE LEAVING LONDON ADRIANOPLE STICKING POINT

Note Which Powers Will Present to Porte Today Urging Cession of Fortress Not Expected to Carry Weight—Conflict Will Be of Brief Duration.

LONDON, Jan. 12.—(Can. Press.)—The British secretary of state for foreign affairs, Sir Edward Grey, and the ambassadors of the powers, have made representations to Rehad Pasha regarding the projected departure of the Turkish delegates, which is equivalent to a definite rupture of the peace negotiations, for which Turkey is considered responsible.

In reply, Rehad Pasha said that he was not responsible for the suspension of the work of the conference, which was decreed by the allies, not only without asking his opinion, but without even allowing him to express it when he begged to do so.

Patience Nearly Exhausted. In deference to England, which had treated them so hospitably and out of regard for the other powers, whose ambassades requested the rupture of the negotiations, Rehad Pasha consented to telegraph to Constantinople asking for definite instructions.

The allies also are tired of waiting. They do not believe that the note which the powers will present at Constantinople on Monday will have the desired effect.

BEATTIE NESBITT NOW VERY LOW

Doctor Is in a Very Serious Condition, Suffering From a Complication of Diseases.

The condition of Dr. Beattie Nesbitt was reported last night as being very low. There is little hope for his recovery. A complication of three serious diseases has been working on Dr. Nesbitt for many years.

FIRE AT BASKATOON

BASKATOON, Jan. 12.—(Can. Press.)—Fire this morning completely gutted the building of the Western Foundry and Machine Co. here. Many valuable patterns were destroyed, and the total loss on plant and buildings will total about \$25,000, which is partially covered by insurance.

LINER URANIUM IS ON ROCKS AT HALIFAX HARBOR ENTRANCE PASSENGERS SAFELY REMOVED

The Captain and Crew Remain on Big Mackenzie & Mann Steamer Which Crashed Upon a Ledge During Foggy Weather—Government Steamer Lady Laurier and Other Craft Took Off Passengers Numbering Nearly Nine Hundred.

HALIFAX, N.S., Jan. 12.—(Can. Press.)—From the stranded steamer Uranium, 380 passengers and crew were taken off at Chebucto Head, at the entrance to Halifax Harbor, and reached here in safety.

The Uranium struck at 11 o'clock this morning in thick weather. She crashed on the ledge a quarter of a mile north of Chebucto Head.

The stranded ship struck bow on when the tide was high, and in the middle of the afternoon her bow was six feet out of water, with seven fathoms amidships and seventeen fathoms at the stern.

The wrecking steamers are still standing by the wreck. The Uranium has 500 tons of cargo for New York and 200 tons for Halifax.

OTTAWA, Jan. 12.—(Special.)—L. F. Hellmuth, K.C., J. F. Shepley and Hon. Wallace Nesbitt appear for the railway companies at tomorrow's private council hearing of the C.P.R. appeal from the order of the railway commission with regard to the Toronto viaduct.

OTTAWA, Jan. 12.—(Special.)—Prayers for the speedy recovery from her illness of Her Royal Highness the Duchess of Connaught, were said in the Roman Catholic Churches of all the city this morning.

Dineen's Furs and the Weather. This is weather for furs, the really first cold spell of the season. Up to the present date fur selling has been backward owing, mainly, to the mildness of the winter.

She is Coming Back. May Irwin, said to be the funniest woman on the stage, will be in Toronto this week playing an engagement at the Princess in the screaming farce comedy, "Widow by Proxy," in which she has achieved her greatest success.

CARRYING EVERYBODY'S PARCELS BUT HIS OWN

CANADIAN SHIPPING PROTECTED BY REJECTION OF CHICAGO'S BIG PROJECT FOR DRAINAGE

United States Secretary of War Holds That Proposed Diversion of Lake Michigan Water Would Seriously Interfere With Navigation of Great Lakes and Rivers.

WASHINGTON, Jan. 12.—(Special.)—Henry L. Stimson, United States secretary of war, has denied the application of the sanitary district of Chicago to increase the amount of water drawn from Lake Michigan from 4167 cubic feet per second, the amount now authorized, to 10,000 cubic feet.

First. That the diversion of 10,000 cubic feet per second from Lake Michigan as applied for in this petition, would substantially interfere with the navigable capacity of the navigable waters in the Great Lakes and their connecting rivers.

Prayers for Recovery. OTTAWA, Jan. 12.—(Can. Press.)—Prayers for the speedy recovery from her illness of Her Royal Highness the Duchess of Connaught, were said in the Roman Catholic Churches of all the city this morning.

Viaduct Hearing Today. OTTAWA, Jan. 12.—(Special.)—L. F. Hellmuth, K.C., J. F. Shepley and Hon. Wallace Nesbitt appear for the railway companies at tomorrow's private council hearing of the C.P.R. appeal from the order of the railway commission with regard to the Toronto viaduct.

# TRENT VALLEY CANAL WILL BE PUSHED THROUGH TO MIDLAND BEFORE END OF PRESENT YEAR

## Hon. Frank Cochrane's Statement at Orillia Banquet Friday Night Taken as Guarantee Work Will Be Finished This Year—Will Mean Boon to Milling and Agricultural Industries and Lead to Heavy Tourist Trade.

(By Staff Reporter.)  
ORILLIA, Jan. 12.—(Special.)—As a direct outcome of the banquet tendered by the board of trade on Friday night, this town looks with confidence on the completion of the Trent Valley Canal before the end of the present year. The strong local demand for such action was impressed upon the minister of railways and canals by almost every speaker at the banquet, and Hon. Frank Cochrane later gave the assurance that they would hear of it when his estimates came down in the house.

"My answer to your request regarding the projecting of the Trent Canal will be found in the estimates for the present year. That is all I can say about it now," was his only comment on the volume of argument that had been advanced by previous speakers, but it was satisfactory to the gathering, and they cheered lustily.

This town, and in fact the entire district to be benefited by the canal, now believe the long deferred project will be finished in a business-like manner by the Borden Government. According to some of the speakers at the banquet, it will mark an era of big development from an industrial standpoint such as no part of Ontario has at the present time. "Not only will it mean more business, increased population, and greater prosperity generally, but the canal will have the effect of bringing thousands of rich American tourists into the unproductive regions and converting what is now a waste area into one of the most attractive beauty spots of the continent."

Honourarium a C. P. R.  
The board of trade's banquet was arranged to celebrate the advent into Orillia of the C. P. R., which ran its first train into the town on July 1 last. The board had sitting at its head table nearly all the prominent officials of the company, and many were the congratulatory bouquets tossed to them during the evening's oratory. But it was obvious that the board's motive was twofold. Its honourarium to the company was no doubt sincere, yet the plot to make the government speak on the canal question was no

less a purpose of the function. Hon. Frank Cochrane's name was placed near the end of a lengthy toast list, and for several hours he was made listen to the demands of men representing all classes in that district on the topic which was dearest to the hearts of them all.

W. H. Bennett, M.P., for East Simcoe, in a characteristic flowery speech, yet no less forceful, outlined the possibilities the canal will bring to Orillia and midland Ontario when completed. He said that the canal exists in the minds of the people here with regard to the project, that Government since had over a century ago, when he said: "God and nature have provided a great waterway to connect the upper with the lower lakes, and it is our duty to utilize it."

A Tourist Resort.  
"Once opened to the world, the Trent Valley Canal will become the first tourist resort in America," one speaker declared. "Talk about the Rhine and the other famous inland waterways. You will have here something even more attractive. I am not a dreamer, but I can picture before my eyes long millionaires in New York flitting up their yachts when the season opens and quietly sailing up the Hudson. They will continue in their leisurely way across the Lake George and Lake Champlain and turn into the big waters of the St. Lawrence. When they have reached Trent they will be embarking upon the most gorgeous scenery of the long cruise. By innumerable lakes and rivers and the well-made canal, the splendid American yachts will be able to make Georgian Bay, and after the Soo to sail up the world's largest fresh water body. From the twin cities those yachts will come back by the regular route of the great lakes and the inland waterways. You will become famous as the greatest tourist resort in the world, and every little hamlet along the new Trent Canal will reap a share of the benefit."

Mr. Bennett then proceeded to inform the minister of railways and canals of the enormous impetus to the milling industry of the midland counties that will follow the connecting up of the great power-giving system of water ways that now lie dormant. There is one industry in Peterboro, handling ten million bushels of grain annually, which the canal to finish there will be able to handle for operation from the canal to the mill. The C.P.R. carried 8,000,000 barrels of flour over its system last year, he said. When there

is a thru Trent Canal a great deal of that will be the product of Trent Valley mills. Then will follow a boon to the agricultural industry. Bran and shorts will become so cheap to the farmers in the bordering districts that best raising will come to the front again as the best money-maker in the province.

Mr. H. Burroughs, M.P., of Peterboro, voiced the desire of that community that the canal be pushed thru to Georgian Bay. He said there was no jealousy existing between Peterboro and Orillia or any of the other towns to be served. Each would work honestly to make the enterprise justifiable in the eyes of both the government and the people. He said there was not much less than a million population at the present time tributary to the proposed waterway. Once opened that would experience a rapid increase.

The Trent Valley Canal will have no alternative but to include in its system the Severn River, said J. Hart, M.P., for East Simcoe. He said that two townships now cut by the Severn are still in the hands of the crown. They are the townships of Matchedash and Wood. In the former there are thirteen lakes, and in the latter there are twenty-four bodies of water affording unique opportunities for recreation. These should be set aside as reservation reserves and parks, said the speaker. He declared that the canal was being pushed thru to Georgian Bay, and it is his duty to impress upon the government the necessity of it. He said that the canal will bring to Orillia and midland Ontario when completed the tonnage of this natural tourist's paradise into parks.

Mr. Hearst and Fleet.  
Hon. Mr. Hearst in responding to the toast, "Our Northern Heritage," spoke at length upon the resources of the northland, but did not make any reply to the references of Mr. Hart to the proposed canal scheme. He, like many of the other speakers, included in his comments some tribute to the C.P.R. A general aside was provoked when in general terms he expressed his admiration of the C.P.R. steamships, he said: "I am proud as a Canadian to be able to stand on the dock at Liverpool and witness a Canadian ship on the ocean, that is produced in Canada and is manned by Canadians."

Among those who spoke on behalf of the C.P.R. were: Chas. Murphy, general transportation agent; Wm. Sittler, general passenger agent; H. Brown, general freight agent; and George Hamm, publicity agent. Each spoke in high terms of the cordiality of the relation tendered them, and of the honor they felt at having so sumptuous a banquet arranged for them.

Those present were: W. H. Bennett, M.P.; H. Burroughs, M.P.; J. I. Hart, M.P.; Charles Murphy, real estate agent; C.P.R. Montreal, general passenger agent; H. Brown, general freight agent; George Hamm, publicity agent; J. E. Arnold, general division C.P.R.; J. E. Arnold, general superintendent; Ontario division C.P.R. Toronto; M. B. Murphy, district passenger agent; C.P.R. Toronto; M. B. Murphy, general freight agent; Ontario division C.P.R. Hamilton; W. J. Grant, C.P.R. Hamilton; Ontario division C.P.R. Hamilton; A. D. Buller, Peterboro; J. C. G. Gifford, Orillia; John C. Miller, president of board of trade; J. B. Tudhope, Peterboro; W. C. G. Gifford, Orillia; H. G. Evans, John T. Mulcahy, T. H. Grant, M. P. Maloney, H. L. Magaheh, P. S. Lewis, H. A. Orsall, J. P. Downey, J. P. Record, C. Curran.

# CANADIAN SHIPPING IS PROTECTED

Continued From Page 1.

are accorded equal rights of navigation with Canadian vessels in all these waters, including the St. Lawrence River. The reduction of the water in the harbors and channels would diminish to just that extent the amount of these improvements, and would nullify to just that extent the effects of the money which have been appropriated for that purpose by the respective governments. Connecting various portions of these waterways are the two canals at Sault Ste. Marie, the Welland Canal, and a number of canals on the St. Lawrence River. The average depth of water over one or all of these canals would be affected, and in some cases reconstruction might even be made necessary.

"The International Waterways Commission reports that it would make the loss to the navigation interests resulting from a reduction of the depth of water as \$1,500,000 per annum, of a sum which, capitalized at 4 per cent, would amount to a loss of \$37,500,000. The lower estimate of injury to the American vessels alone is reported by the chief of engineers as \$1,000,000 per year."

Not Necessary to Chicago.  
Mr. Stimson holds that the additional water asked for is not necessary to the proper sanitation of the City of Chicago, and adds on this point: "The evidence indicates that at bottom the issue comes down to the question of cost. Other adequate systems of sewage disposal are possible and are in use throughout the world. The problem that confronts Chicago is not different in kind but simply larger and more pressing than that which confronts all of the other cities of the great lakes, in which nearly all the people of this country are living. The urban population of those cities, like that of Chicago, is rapidly increasing, and the means of disposing of their sewage will not infrequently be the character of the water of the lakes must sooner or later be found for them all. The evidence as a whole leads me to believe that it would be possible in one of several ways to at least so purify the sewage of Chicago as to render it very much less objectionable than is now required by it in its unpurified condition."

The decision against Chicago's contention will come as a relief to Canadian navigation interests. Some months ago strong representations were made on behalf of the Dominion Government and various municipalities, Toronto being represented by P. S. Spencer of the harbor commission. The general argument they advanced was that the proposed withdrawal of water would seriously lower the level of the great lakes and thus menace navigation in Canadian waters.

# ANOTHER CHANGE

Thousands—actual THOUSANDS—of our readers were disappointed in not being able last Friday and Saturday to secure for one coupon and \$1.98 the five beautiful volumes. And still other thousands are now hoping for another chance. So The World feels in duty bound to repeat the same offer, on the same terms

# SPECIAL NOTICE TO Proverb Contestants

When the first instalment of correct answers to the Proverb Pictures was published on Wednesday, Jan. 8, a slight typographical error occurred. It was the use of quotation marks, which count neither for nor against contestants. Quotation marks, it should be understood by all, are not a form of punctuation, and do not enter into the construction of the Proverb answers.

No contestant need fear his answers will be penalized or marked wrong where the correct answers are included. So far several thousand sets of answers have been checked, and the average of correct answers is very low.

In comparing the correct answers, contestants should be fair when they discover that they have missed the wording of some of the extremely easy problems. Every contestant who followed the contest closely was duly informed, from time to time, through the announcements that appeared in the Daily and Sunday World, of the privilege to use five answers to each and every Proverb if they so desired.

Liberal allowance was also made in allowing contestants to incorporate the slightly different wordings of Proverbs of the same meaning upon one and the same coupon, and where the correct wording is included in contestants' sets of answers they are being given full credit.

Because contestants did not take advantage of these privileges, or because they failed to follow the instructions closely, is no fault of the Contest Department, and contestants should blame no one but themselves.

The examining and checking of the answers is progressing rapidly, and it is hoped that The World will be able to publish the list of winners very soon.

# 5th Instalment of Correct Answers In The Toronto World's Great Proverb Contest

The examining and checking of the Proverb sets submitted in The Toronto World's Proverb Contest is progressing rapidly. During the examination of the Proverbs The World is publishing each day instalments of the correct Proverb answers. The fourth and fifth instalments are published today.

## CORRECT PROVERB ANSWERS Thirteen to Twenty

# STAR MANAGERS NOT GUILTY, SAYS JURY

Continued From Page 1.

could not be expected to agree on all little points, and he believed that they should be able to satisfy themselves on enough to bring in a verdict.

Jury Foreman Peacock then asked permission to ask some questions of the judge, and on receiving an affirmative reply, put this question: "Could we bring in a verdict of 'not guilty' and add a rider censuring others who we think should have taken the matter into their hands?"

Judge Middleton stated that they could not do this, but that if they were satisfied that the show was indecent and immoral, they should bring in a verdict of guilty, and if they desired, add a recommendation asking for leniency.

As soon as the jury had retired J. W. Curry, K.C., took objection to the question of expense into the case; that his lordship had made his remarks on the assumption that the jury was about to bring in a verdict of guilty, and that the jury, as a matter of law, could bring in any kind of a verdict.

T. Herbert Lennox, K.C., M.L.A., followed out this line of objection.

The jury were then recalled at his lordship's request, and were instructed that they were to reach a decision on the question of expense, and were not to be influenced by any remarks which he had made. They then retired and within a short time returned the verdict of "not guilty."

#### ARCHBISHOP McNEILL'S ADVICE TO THE HOLY NAME SOCIETY

Insist Upon Clean Speech in Homes, the Elementary Schools of Reverence—Teach Children as They Should Be Taught—Put Ban on Risky Stories and Diminish the Amount of Blasphemy.

A lofty, powerful and non-sectarian appeal for reverence and oral righteousness was made by His Grace Archbishop McNeill yesterday afternoon, when he preached in St. Michael's Cathedral to more than three thousand members of the Holy Name Society of Toronto. The presence of the archbishop in the pulpit brought forth the largest attendance the society has ever had at its semi-annual meetings, and hundreds of men were turned away after the cathedral had filled. To many men it was the first opportunity offered for hearing the archbishop since he came to Toronto. To those his grace gave a few words of greeting at the beginning of his sermon. A bad cold caused the archbishop much annoyance and several times he was reluctantly compelled to stop speaking. On account of these circumstances he cut his sermon very short.

Successful Service. James O'Hagan, president of the society, had charge of the arrangements for the service, which proved to be the most successful ever held. Members from 20 parishes of the city were present, and in the chancel were the following clergymen: Fathers Ganning, Flanagan, Sisley, McInn, W. McInn, Leach, Weisman, Macneil, G. S. R. Connelly and Dr. Kidd. Very Rev. Dean Hand was deacon and Rev. James Walsh sub-deacon. Rev. McDonnell directed the singing, which was congregational in its nature, and Father Archibald of St. Michael's Cathedral recited the rosary and the prayer of the Holy Name of Jesus.

Archbishop McNeill took the commandment, "Thou shalt not take the name of the Lord thy God in vain," as the subject of his remarks. In opening he said church people were apt to consider reverence and cleanliness of speech as matters of small import, whereas, in reality, they were fundamentals of society and the state. The administration of justice, he claimed, had often been brought into ill-repute thru perjuries and the utter disregard for the sanctity of the oath. Many owned its existence to the fact that the sense of reverence of the perjuror had weakened. Irreverence was a piercing weapon and when it was found, a man's body ceased to be a sanctuary consecrated to God.

Close Touch With Society. The archbishop said that although it was the first occasion he had had of coming into close touch with the society in Toronto, he knew that it was fulfilling the function of its creation and doing all in its power to meet the will of profanity. The society's motto, "The spread and increase the love and reverence for the Holy Name of Jesus," to put down the vice of blasphemy, and to prevent the use of profane and immodest language, was a constant reminder to the members, and thru association with the society it was a great help for anyone to lead a good Christian life.

#### DIG INTO THIS MINE OF 35,000 TOPICS

Readers of The World Have Two More Days to Clip Coupon For Great Books.

There was a tremendous response to the World's "book bargain" last week. The "bargain" was genuine, and consisted of a complete set of Every-day's Cyclopaedia, which usually sells for \$12, at the ridiculously low price of \$1.88 for the five volumes, with the price remains the same, \$1.88 for the price clipped from The World.

The demand was so great that The World felt in duty bound to give its readers another opportunity. Hence, today's issue of Every-day contains an announcement made elsewhere in the paper will be given to the distribution of this wonderful set of reference books. Next Friday and Saturday are the days and the price remains the same, \$1.88 for the five volumes complete. Every-day's Cyclopaedia is a reference work that should be in every home. Every school boy or girl should have access to it, and every one who wants to get on a convenient shelf. The five volumes are filled with information needed by all who wish to treat 35,000 subjects, all carefully arranged for quick reference. Just what one needs relating to history, geography, science, inventions, art, agriculture, electricity, architecture—all "looked down" to just the point you want. The volumes are of convenient size and are beautifully bound and illustrated.

#### FOR GOUGH FAMILY

Collection at British Welcome League Will Go to Sufferers.

A collection of \$34.26 in aid of the sufferers in the recent Saratoga fire was taken up last night at the weekly service of the British Welcome League. The members in this very substantial and commendable manner showed their interest and sympathy for the unfortunate ones in that disaster. The sum of \$200 has already been collected for the sufferers, and the subsequent list is being added to every hour.

#### CHINESE ADVISER DEAD

Dr. Ross's Passing May Disorganize Reform Scheme.

PEKIN, Jan. 11.—(Special.)—Dr. W. Ross of Batavia, Dutch East Indies, who was appointed adviser of the Chinese Government for the reform of currency last November, died at his home today. It is feared that his death will disorganize the reform scheme. Dr. Ross was a noted financier. He was first appointed assistant financial adviser to the Chinese Government, G. Vissering, president of the Java Bank of Batavia, being the financial adviser. Mr. Vissering now holds the post of honorary adviser.

#### FELLOW-CONVICT SAYS FAIRBAIRN NOT GUILTY

Man in Kingston Penitentiary For Safe Blowing Near London May Get Freedom.

KINGSTON, Jan. 11.—(Special.)—A man named Fairbairn, who is in the penitentiary serving a term for safe blowing just outside London, Ontario, claims that he is innocent. Another man named Murray was arrested on the same charge and he is also in the penitentiary. At the time the case was heard in London, Fairbairn strongly denied the charge and steps were taken by his counsel to get him a new trial. This has been granted and Fairbairn has now every hope of securing his freedom. It was stated here today that Murray, who admits to the safe blowing, declares that Fairbairn had nothing whatever to do with the matter, and that, if given a chance, he will go into the witness box and swear that Fairbairn is innocent, but that he himself did the job.

#### BIG MOUNTAIN LION WAS SLAIN IN HARD FIGHT

VANCOUVER, Jan. 11.—(Can. Press.)—Maddened when wounded, fighting to the death, and attempting to tear the bodies of his assailants to shreds, big mountain lion was shot at Half Moon Bay, 50 miles up the coast this week, according to Thomas Hare, who collected the bounty today. Hare, his brother and the latter's wife, were passing thru the woods when they saw the animal. Hare and his brother were armed with rifles and plunged towards them. The wounded several times it still came on, making his final spring, and taking his last aim, Thomas Hare sent a shot thru the animal's heart as the animal was about to leap over a fence. It rolled over dead. It measured seven feet from tip to tip.

#### MRS. HEWITSON'S DEATH

Old Yorkville Resident Passes Away Suddenly.

Mrs. John Hewitson passed away suddenly Saturday afternoon at her home, 904 Yonge street. The end was quite unexpected as Mrs. Hewitson enjoyed good health up to a short time before her death. Born 68 years ago, she was a resident of the old Yorkville district for 40 years. Her husband, John Hewitson, was a dealer in widely known in the north end of Toronto. Mrs. Hewitson was a member of the Central Methodist Church.

#### HEAVY SNOW ON FRONTIER

Telephone Service Badly Disorganized and Traffic Blocked.

NIAGARA FALLS, Ont., Jan. 11.—(Special.)—After a series of rain and snow storms that had up to date done thousands of dollars worth of damage, a severe snow storm struck the Niagara frontier today, on the American side. The Bell Telephone service was put out of commission, but the Home Telephone Company is still giving service tonight. Trains and trolleys were delayed. An ice mountain is forming below the Falls.

#### FOUND NEST OF BIG SNAKES

BERLIN, Ont., Jan. 12.—(Special.)—Owing to the open winter, the Breslau Brick Co. at Breslau, have been able to dig clay without much delay. While at work, workmen made an unusual find, when about eighteen inches below the surface they unearthed a nest of snakes, 38 in all, averaging about two feet in length. They were in a comatose state when found in their winter home.

#### YORK COUNTY AND SUBURBS

##### Toronto North

A pretty wedding took place at the residence of the bride's parents, Mr. and Mrs. Drury, when their daughter, Miss Eva, was married to Frank R. Evans. The bride entered the drawing room on the arms of her father while the wedding march was played by Dr. Norman Anderson. She wore a dress of cream duchess satin and carried a bouquet of roses and lilies of the valley, her only ornament being a pearl and peridot pendant, the gift of her mother. The ceremony was performed by Rev. J. W. Stephens of Avenue Road Presbyterian Church. Miss M. Johnston acted as bridesmaid and wore pink silk and carried pink roses. J. Rumball, a cousin of the groom, acted as best man. During the signing of the register, Mrs. E. Jenkins sang "Oh Promise Me." Mr. and Mrs. Evans left later for New York, and will be at home at 74 Fairview avenue after Jan. 14.

##### Ward Seven

Shortly before noon Saturday William Roberts of 190 Hallam avenue, while carrying furniture, fell from a slip on the pavement and fell heavily, striking his head on the curb. He was picked up in a dazed condition and taken to Grace Hospital in Spens' ambulance, where Dr. Macnamara of Davenport road attended to him. It is thought he is suffering from serious injuries to his head.

##### BRAMPTON

Following is a list of the cup and medal winners at the poultry show: Barred Rock Cup—Won by Barrett and Thompson; won in 1911 and 1912 by J. Foster; 48 entries. White Leghorn Cup—Won by Miss Cording; of Lisgar; 46 entries. The cup is now her property. White Wyandotte Cup—Won by Fred Garbutt of Brampton Mills for second time; 61 entries. Any other variety Wyandotte Cup—Won by Clarence Allison for first time. Rhode Island Red Cup—Won by W. B. McCulloch for third time and his successor; 40 entries. The cup is now her property. Black Minorca Cup—Won by R. Skirrow of Georgetown for first time. Won last two years by A. Foster. White Leghorn Cup—Won by J. J. Pearson of Cooksville for third time in succession and becomes his property. Buff Orpington Cup—Won by G. W. Clarkson of Sommerville for second time. Medal for best bird in the show—Joa. Foster with a barred rock cockerel. Silver cup for best pair in show—won by J. J. Pearson with single comb white Leghorn cockerel and pullet.

##### AURORA

The remains of the late John Gillespie, an old resident of this locality who died in his 83rd year, on Wednesday, were interred in the Aurora Cemetery on Friday.

##### Live Stock and Poultry Show at Ottawa, Ont.

The Canadian Pacific Railway is offering reduced rates in connection with the Eastern Ontario Live Stock and Poultry Show, being held in Ottawa, Jan. 14 to 17. Single fare will be in effect from all stations Toronto and east in Ontario (minimum fare 25c). Tickets good going Jan. 13 to 16; returning up to and including Jan. 15. Patrons of the C.P.R. will enjoy the usual excellent service and equipment, and will do so as well as themselves of the opportunity of visiting Ottawa during the time of this exhibition. For full particulars apply any C.P.R. agent.

#### GALT LOCAL OPTIONISTS PUT ON THEIR METTLE

Permanent Citizens' Organization Is Formed to See That Town Is Kept Dry.

GALT, Jan. 12.—(Special.)—Local optionists held a largely attended open business meeting last night, at which the situation was freely discussed. The executive committee are considerably exercised over the press comments on the recent vote, contemplating a revision of feeling is indicated by the adverse majority of 47 in a community which three years ago carried the act by a margin over the requisite three-fifths. Secretary James R. Cavers, candidly admits that the vote shows up disappointingly in contrast with the former polling, but he thinks that it was due to the inactivity born of fanciful shoulds. At the meeting with M. S. McKay in the chair, it was decided to appoint an executive committee of eight to be the basis of a permanent organization, and a general citizens' committee of sixty to co-operate in the work of enforcement of the act and in keeping up popular interest and enthusiasm along dry lines.

#### WM. WEST IS DEAD

Was a Well-Known Resident of Toronto For Fifty Years.

William West, for a number of years connected with the Dovercourt Land and Building Company, died on Saturday night at his late residence, Broadway avenue, Eglinton. He was fifty years a resident of Toronto. Mr. West is survived by a widow, two sons, W. H. West, New York, and Albert E. West, Spokane, and two daughters, Mrs. Harry C. Boulter, Toronto, and Miss Minnie West, Toronto.

#### King Township Tories

The annual meeting of the King Township Conservative Association was held on Friday afternoon at Temperance Hall, Kettleby. The following officers were elected: Hon. president, J. M. Armstrong, M.P.; T. Herbert Lennox, M.L.A.; Dr. Lockhart, W. Proctor, Mr. Wells, James Rose and J. D. Proctor, president; Mr. McClure; first vice-president, Joseph Hill; second vice-president, Robert Evans; secretary-treasurer, Dr. Delaine, Schomberg; chairman of divisions: No. 1, George Case, Aurora; No. 2, John A. Watson; No. 4, Lewis Mount, Kettleby; No. 5, William Hoover; No. 6, Newton Sproule; No. 7, Mr. Miller; No. 8, Edward Marchant; No. 9, Thos. Hodgins; No. 10, William Rennie. It was decided to hold the next meeting at Schomberg, on the second Friday in January.

#### Law School Dinner

The Osgoode Law School dinner will be held at McConkey's, on Thursday evening. The speakers will be Mr. Justice Kelly, N. D. Armour, K.C., James Bicknell, A. D. Hynes and Macgregor Young.

Tecumsehs Trim Torontos 5-2 Quebec and Wanderers Win

C. R. F. U. Bids Alerts Good Night

Officers' Indoor Ball Teams Open Up the Winter Season

Note and Comment

The Tecumsehs are not so far from the top of the N. H. A. as the eastern experts expected this time of the year.

Meanwhile our other team are embellishing the lower end of the table, but what's the difference as long as there's something to be thankful for.

The popularity of hockey was never better attested than on Saturday, when the amateurs in the afternoon and the pros. in the evening played to full houses at the Arena.

There are sixty-four rinks left in the Canada Life competition, and close followers of curling will tell you that any one of the nine mentioned below has a chance, and no surprise would be caused if any of these proved the winner in 1913.

The Granite rinks look best, and four of them are given places in the nine, to Lakeview and Toronto. Wilson of the Granite has the most experience.

About twenty-five horsemen will go down to Montreal this week for the DeLormier Park ice races, that open on Thursday. They have three days this week and three next.

CURLING TONIGHT

There was again no ice for the curlers on Saturday, and the first round of the single rinks is held over to Sunday.

- W. T. Graham (Lakeview) v. W. Mansell (Lakeview) ... Ice 1
E. P. Lillie (High Park) v. W. Scott (Wentworth) ... Ice 2
J. C. Smith (v. Toronto) v. Ewan Mackenzie (Parkdale) ... Ice 1

WANDERERS WALLOP OTTAWA SENATORS

Montreal Team Develop Old-Time Form and More Than Double the Score.

MONTREAL, Jan. 11.—Ottawa never had a chance to win. The Wanderers defeated them tonight at the Arena in the soundest manner of any club that has ever visited Montreal this season.

The Wanderers played the puck at all stages, and not the man, and the forwards worked well together and checked back so that the defence was never in any conspicuous play on the ice.

The play was well up to championship standard and almost entirely free from roughness. With one exception, the only penalties imposed were minors as a warning for players loitering or skating offside.

- 1. Wanderers.....O. Cleghorn ... 2.25
2. Wanderers.....Hyland ... 2.25
3. Wanderers.....Ross ... 2.05
4. Wanderers.....MacLennan ... 2.05
5. Wanderers.....G. McNameara ... 5.00

ST. MIQUES BEAT VARSITY

St. Miques defeated Varsity here Saturday in a Senior O.H.A. match by the score of 9 to 2. The college boys took the first two goals, but after that they were so confident before the game and especially as they had selected their team from the Intermediate and O.H.A. squads and thought that by combining the two they could make the best.

INDIANS MORE THAN DOUBLE SCORE ON THEIR LOCAL RIVALS

Tecumsehs Take Lead at the Start and Keep Ahead of Torontos by Great Defence Work.

Everything was red Saturday night at the Arena, and the little blue and white scored to practically disappear. Tecumsehs were the reason, and they upheld themselves so well that they beat the Torontos, 5-2. All feeling ran high against them at the start, the Indians slowly but surely toward the blue and white boys faded, and the Tecumsehs showed to better advantage than they have in any of their matches.

The Indians led all the time. The better lead they had, the more they pressed at the neck of the woods. Tecumsehs were the reason, and they upheld themselves so well that they beat the Torontos, 5-2.

The McNameara brothers had tent and, except for a few rushes by Cameron, they did not show any signs of life in their defence. Cameron tried hard, but the Soos twinned him all over the ice.

- 1. Wanderers.....O. Cleghorn ... 2.25
2. Wanderers.....Hyland ... 2.25
3. Wanderers.....Ross ... 2.05
4. Wanderers.....MacLennan ... 2.05
5. Wanderers.....G. McNameara ... 5.00

STUDENTS WIN OUT IN SECOND HALF AT KAVINA RINK BY VIGOROUS RUSHING

Varsity's Junior O.H.A. team won the game Saturday night on ice at Ravina Rink in front of 7 to 5, the half-time score being 4 to 2.

HOCKEY SCORES

Table with columns: Team, Score, Location. Includes Tecumsehs vs Torontos (5-2), Wanderers vs Ottawa (11-0), Quebec vs Canadians (4-0).

N. H. A. RECORD

Table with columns: Team, Won, Lost, For, Agst. Includes Quebec (4-0), Canadians (1-1), Tecumsehs (3-2), Wanderers (1-1), Ottawa (2-2), Torontos (2-2).

Harry Smith and Foyston played a hard game, but Harry came across with some clever stick-handling and kept the puck in the goal mouth.

PARKDALE TACKLES STRATFORD TONIGHT

Things should hum some when Parkdale hooks up with Stratford tonight at the Arena in a Senior O.H.A. match.

BAPTIST BASKETBALL

Before a small but enthusiastic crowd at the Tenthers' floor on Saturday night, Dovecourt beat Indian Road and Parliament beat Jarvis.

H. E. Q.

Two young Englishmen, who had lived in the atmosphere of Piccadilly, arrived in Toronto the other day. On coming out of the Union Depot, Claude remarked to his friend:

HOWARD'S EXTRA QUALITY OLD RYE

"Two more H. E. Q.'s bartender, please." "Well, what do you think of that?" asked their friend, as they laid down their glasses.

OFFICERS' INDOOR BALL TEAMS OPEN UP THE WINTER SEASON

Harry Griffith was elected president, Hewitt secretary at the annual meeting of the Canadian Rugby Football Union Saturday in the King Edward Hotel.

OFFICERS PLAY INDOOR BALL

The Officers' Indoor Baseball League opened Saturday night at the armories, before a very fair crowd, considering the outside weather conditions.

TORONTO BOWLERS GOING TO BUFFALO

Manager T. F. Ryan of the Toronto Bowling Club has arranged for a big party of bowlers to invade Buffalo next Saturday, Jan. 18.

MONDAY MORNING, JAN. 13, 1913

ANOTHER STEP FORWARD.

Today, for the first time in the history of this country, a man assumes the head of a great administration who is an out-and-out believer in public ownership, in public rights. We refer to Mayor Hocken and we regard the chief magistracy of Toronto as third in dignity, in responsibility, of any elected position in Canada. To the half million people living within the street-car service of the city hall, the mayor is more than any other man in the Dominion. And a-fifthteenth of all the population of Canada live in that little section of York Township known as Toronto. In this community the people are all alive to public welfare, to public rights, and they think much of public utility, of progressive politics. Mayor Hocken has absolutely the same faith and belief in public rights, in progressive politics, as the people of Toronto. He is the first mayor that has been so distinctively of the progressive school. Furthermore Mayor Hocken is well equipped for the position. He has been training himself for years, knows the problems of city government and in the period of his preparation has kept himself free from entanglements. It is comparatively easy to win out at least to get office and hold office, by being friendly with interests, and to glad-hand the public at the same time, but for a man to devote himself to public service, to make his own bread and butter at the same time in honorable fashion, to fight for his principles and to put them into practice, is the hardest job in the world today and especially in this country of Canada.

We believe that the new mayor will lay down a program that will meet with the support of the board of aldermen. There is good hope, therefore, that municipally speaking, Toronto is entering on her most prosperous year, and that both the people and the mayor are one for the progressive ideas that now animate most Americans on either side of the boundary line.

THE REVEE AND COUNCIL OF YORK TOWNSHIP.

Of almost equal importance to the people of Toronto from a municipal point of view is the organization today of the new council of York Township. Mr. George Syme, Jr., the revee, has already served as a councillor, and The World believes he will be as useful in the chair as was his father when he sat there.

There is room for a lot of co-operative work on the part of the council of the township, and of the city, and we commend to the mayor and to the revee the idea of working together in furthering the aims of all who are looking toward the best possible government of Toronto the Greater.

NO REDUCTION IN LAKE LEVELS.

Some time ago the sanitary district of Chicago applied to the war department of the United States for permission to increase the amount of water it is authorized to withdraw from Lake Michigan, from 4187 cubic feet per second, to 10,000 cubic feet per second. The amount hitherto authorized, to the Chicago Drainage Canal, which controls, was opened in January, 1900, and carries the sewage of that city southward to the Mississippi, thus protecting the water supply drawn from Lake Michigan. To do this the canal reverses the flow of the Chicago River, which formerly emptied into that lake, and had, therefore, the effect of diverting water that had previously leaked into the lake and thence thru the Huron, Erie and Ontario into Mr. St. Lawrence.

Mr. Henry L. Stimson, the secretary careful holds quite distinctly, from a statements and expert reports, that second would of 10,000 cubic feet per second would substantially interfere with the lake's capacity of the Great Lakes and connecting rivers, statutory authority of engineers, whose and independent is concurrent with ment, agrees, and of the war department his conclusion the secretary notes by the authority of the board of investigation, notably other boards of national Waterways Com. by the International Commission in its report of Jan. 4, 1907, estimated at 6.9 inches in Lakes Huron and St. Clair, 5.4 inches in Lake Erie, 4.5 in St. Clair, Lake Ontario, and 4.8 in the St. Lawrence River at Rapids Mat. The Lawvere effect, the secretary believes, would be much greater at low water periods.

holding that the reduction would

create substantial injury in all of the United States and Canadian harbors and rivers, and that to lower the water surface six inches would reduce the permissible load of one of the large modern vessels by from 300 to 550 tons, with a consequent loss of from \$3800 to \$7500 in freight for each vessel per season. Mr. Stimson, in denying the prayer of the petition, holds that it would not be appropriate for him without express congressional sanction, to permit such a diversion as was asked, however clearly demanded by the local interests of the sanitation of Chicago, but he also indicates his view that no case of local permanent necessity has been made evident. In dealing with this phase of the case Mr. Stimson expresses the opinion that the problem confronting Chicago is not different in kind, but is simply larger and more pressing than that which confronts all of the other cities on the great lakes. Sooner or later a method of disposition of their sewage which will not injure the potable quality of the water of the lakes, must be found for them all.

THE TELEGRAM'S WAY.

The Telegram has been slugging W. F. Maclean and the World for alleged slights in connection with city and township affairs. That paper last week spent several columns and a good store of anathemas on the first-mentioned individual; among other charges that he was conspiring to close Eglinton avenue primarily in the interest of the Canadian Northern and more intimately, as far as the M.P. for the township was concerned, that he might grab ten acres of that thoroughfare, worth according to its estimate, \$40,000. The Telegram must know that its charges were taken out of its bad will, but instead of withdrawing throws out more of the same stuff. Mr. Maclean, fortunately, is able to take care of himself; but many another citizen, especially those in municipal life, have to put up with these attacks. Mayor Hocken is one, and so is about the best public service man that we have seen for years, that paper has moved every stone and made most unfair charges, resorted to low-down ridicule and to belittlement, to keep him out of office. Mr. Hocken has the confidence of the citizens in the highest degree.

The mayor has a newspaper and printing plant of his own, and he may take it in hand to go after his assailant. As for The World, it has put it all over The Telegram in the case of township affairs, of the viaduct, the annexation of North Toronto, the election of Mayor Hocken, the right of taxpayers to vote on money bylaws, and now the tubes of which his worship is the champion.

Mr. E. J. Fleming as head of the private corporations that have a direct interest in opposing all these progressive measures is within his duty to his employers in obstructing them; but why should The Telegram play the same tune just because it does? Love Horatio. Neither the great admiral nor the great poet of the Romans of that name was a big man physically and didn't even need to wear leg hats to measure up. The mayor is big in the right way.

J. J. HILL FOR CABINET OFFICE?

There is a big effort on in the United States to have Mr. James J. Hill of the Great Northern appointed secretary of agriculture by the president-elect. Mr. Hill is a man of vision, of force, of marvelous capacity, who would work wonders as secretary of agriculture. He would recommend some big expenditures, but these expenditures would yield a lasting return to the government and people of the United States.

Mr. Hill is a Canadian by birth, and should he return to Canada, he will find this country no less anxious than the United States to avail herself of his wonderful ability. James J. Hill can be a knight or almost anything else if he will only come back home.

Should Mr. Hill enter the Wilson cabinet it will demonstrate one, perhaps the only one, advantage of the U. S. cabinet system. In the United States cabinet ministers are responsible to the president alone, and are not members of either house of congress. Thus it is possible to get some men to accept cabinet appointment in the United States who take no interest in politics, would never consent to run in an election or sit in congress, and yet are experts in financial affairs or other matters coming under the administration of the executive.

President Woodrow Wilson will have the advantage of reading Mayor Hocken's message before he gets off his own.

What is this about an Irish regiment for Toronto? Is it to be the Toronto Fusiliers or the Toronto Rangers or the Irish Guards? This is a chance for all true Paddies to get together.

The Evening Telegram could mention the twenty-five leading citizens of Toronto without even going outside its own office. The Globe could find all the leading citizens under its own roof, but would not count as many as twenty-five. The News recognizes only one leading citizen. The Mail and Empire has no leading citizens. They are all followers. The Star's list is well known. It begins J. J. Ward, F. E. Spence, J. Simpson, etc. The World regards all citizens as equal, subject to good behavior.

TERMINAL A MARVEL OF CONVENIENCE

Grand Central Station in New York First of the Modern Sort Where Public Is Happy.

LESS SPACE THAN IN OLD

More Passengers Can Be Handled—Electric Locomotive Gave Back Sixteen Blocks to City's Uses.

"The problem of the new Grand Central terminal was both engineering and architectural," writes Edward Hungerford in The Travel Magazine. "It was first necessary to solve the engineering difficulties. The passenger traffic into New York City from the north and east for another fifty or hundred years had to be discounted—not an easy matter when in the case of a single trunk line railroad here in America it has been doubled each ten years for the past three decades. When the statisticians put down their pencils the engineers whiled away the time. To fashion a station for the traffic of 1960, even for that of 1935, meant such a passing station as no railroad had, no engineer, no architect, had ever dreamed of building. At a low estimate it meant that there would have to be some forty or fifty great train sheds of the Union Station type in the case of the new Grand Central. The new Grand Central was hedged in by the most expensive real estate in New York. Remember that Forty-second Street, the thoroughfare in a city of great streets. To buy any great quantity of adjoining lots in the new Grand Central was out of the question.

Electric Locomotive Solution. "Generally it is the electric locomotive had come into practical railroad use. It was not until the opening of the new Grand Central that the electric locomotive was used for the first time. The new Grand Central was hedged in by the most expensive real estate in New York. Remember that Forty-second Street, the thoroughfare in a city of great streets. To buy any great quantity of adjoining lots in the new Grand Central was out of the question.

They would cut their train house of fifty tracks in half, then place one of these halves directly above the other. That also would make a logical division between the two halves. This point decided, the way was pointed for the most wonderful development of the terminal—the thing infinitely greater than the station itself, for, if you remember the old Grand Central, you will remember that black breasted yard at its portals, that black breasted thing which had its throat at the entrance of the Park Avenue approach tunnel, and which, facing the nineteen train shed tracks of the old station and the service sidings on either side, was a wall of black steel and iron, a wall which was a wonder of the world.

Prepare for Spring Improvements. In planning and planting trees, shrubs, evergreens and perennial flowers, the city has taken a long step toward making the first of railroad terminals of a new sort—the structure which will be taken from every point of view, can easily be called the greatest railroad terminal in the world.

VICTIMS OF BANK CALL FOR JUSTICE

Memorial to Be Presented to Government by Shareholders and Depositors of Defunct Farmers' Bank.

FIELDING NEGLIGENT

Proper Care Would Have Prevented Issuance of Bank Charter, So Declare Petitioners.

OTTAWA, Jan. 11.—(Special.)—It is understood that a memorial will be presented at once to the privy council by the shareholders and depositors of the defunct Farmers' Bank of Canada. This memorial, which has been prepared by the counsel representing the shareholders and depositors, reflects the history of the organization of the bank, and sets forth many reasons why those who lost their savings in the bank should be reimbursed by the Government.

The assets of the bank will not be sufficient to redeem the outstanding circulation, even after the double dividend has been paid in full. The shareholders are asking not only to be relieved from their double liability, but also to be reimbursed for the money advanced for their shares. Even should the shareholders be relieved from further liability and not reimbursed for money actually invested in the bank, the memorial, if granted, would involve a loss to the Government of at least \$1,500,000.

The memorial points out many illegalities in and about the formation of the bank. It is claimed that the shareholders were misled by the bank's officers, because they were all conditional upon \$500,000 of stock being subscribed bona fide, of which \$250,000 was to be paid in cash. Under the Bank Act these amounts not being received, the subscribers would have been entitled to demand their money back, and in no event could a certificate for the bank have been obtained. It is, of course, admitted that Travers, the bank's president, by a false affidavit, and at the time, November 30, 1906, the required amount of stock had not been subscribed, nor had the required amount in cash been paid on account of subscriptions to stock.

Travers, it will be remembered, obtained a deposit with the Receiver-General of \$250,000, the minimum amount specified by the Bank Act. The memorial argues that the treasury board and finance minister acted illegally and negligently in issuing the certificate authorizing the bank to do business. Had the certificate never been issued, the shareholders would have received back their money, and Travers and his associates would never have been authorized by the Government to solicit and receive deposits from the public.

Act of Moral Justice. The memorial points out that under the maxim, "The king can do no wrong," the shareholders and depositors are disabled from seeking redress in court. The finance minister and the other ministers being agents of the sovereign, the crown cannot be sued upon to answer for their acts. Had the certificate been granted, the shareholders and depositors would have been reimbursed for their money, and the Government of Canada would have been held liable for the loss of their money.

BALKAN WAR TO BE RESUMED

with inaction. Some desire a more resolute attitude and remark that after the ultimatum of Jan. 8 it is undignified to remain in London for more than a week without making deeds follow threats.

Romania in Limerick. The Roumanian demands continue to be the uppermost topic of interest. Mr. Joneacu, the Roumanian minister of the interior, whose wife is English, has learned that public opinion is against Roumania and that Roumania's action is regarded in the nature of blackmail...

Turks Immoveable. The Turkish delegates were immovable, and said: "Nothing can induce us to commit suicide. It is impossible to change our mind concerning the possession of Adrianople, for which we have made sacrifices which no other country has made..."

War Zone Limited. The resumption of hostilities really concerns only the Thracian field of operations, where the activity of the allies seems to be limited to the capture of Adrianople...

Turks Encouraged. This attitude of agreement, even if manifested in a passive manner, the allies point out, gives encouragement to the Turks, whose hope is that they will succeed finally as they have in the past in playing off the powers, one against the other.

MAY SUMMON NATIONAL ASSEMBLY.
CONSTANTINOPLE, Jan. 12.—(Can. Press.)—The council of ministers is considering the question of summoning a national assembly to Constantinople...

ITALY'S KING MAY INTERVENE.
ROME, Jan. 12.—(Can. Press.)—A definite dispatch to The Secolo says that King Nicholas of Montenegro has sent a long cipher telegram to the King of Italy, asking him to intervene and settle the question of Scutari and the Albanian boundaries.

RAILWAY WATER RATES FIXED

Allegation of "Gentlemen's Agreement" in Which the Transportation Companies Are Concerned Interesting Feature of Investigation at Ottawa.

OTTAWA, Jan. 12.—(Can. Press.)—Some interesting evidence in regard to the manner in which the differential rates between rail and water shipments in the east was an excuse for lower freight rates there...

Eliminating Competition. Mr. McInnes' testimony in regard to the Canadian freight association. Water carriers and the railway companies had been members of it, but had resigned long ago...

W. B. Danigan, general traffic manager of the western lines of the C.P.R., was next called to the stand and examined by Mr. Whittia, government counsel...

Density of Traffic. Mr. Whittia went on to examine the witness as to the government exhibit showing density of traffic in the west, but Mr. Danigan would not admit that it indicated anything of value...

Chairman Drayton: "Could you say whether a division were paying or not?" Mr. Danigan: "I would be very hard to say."

What difference does a large population make if the people don't ship the stuff, but eat it up locally?" Mr. Danigan: "I don't know."

During the afternoon session Mr. Danigan was questioned by Mr. Macdonald with particular reference to the British Columbia rates. This completed his cross-examination and the C.P.R. could not submit a list of exceptions to the board of criticism...

What's a Fair Rate? Mr. Whittia then announced that the exhibits he was preparing in answer to those of the C.P.R. would be ready in a month.

DINEEN'S FURS

At Mild Weather Prices

We invite those who are reminded of the necessity for Furs, by the wintry weather, to inspect our stock in any garments they may desire, and make a selection for purchase.

For the past week we have been selling at greatly reduced prices to stimulate selling after a somewhat backward season. These reduced prices will be maintained, making more opportunity bargains in this cold weather.

The list of prices is so extensive that we have not the space to print them in any appreciable part. We leave visitors to our showrooms free to exercise their own judgment as to values, and we will not expect to be favored with an order unless customers are perfectly satisfied they could not possibly do better elsewhere in value, in any garment, set or piece of fur.

Every article is plainly ticketed with the regular and the reduced prices. All Furs carry the Dineen guarantee and are from regular stock.

W. & D. DINEEN COMPANY LIMITED
Manufacturing Furriers—Established 1864
140 YONGE ST., COR. TEMPERANCE

ELECTRICITY, THE HYGIENIC LIGHT
ELECTRICITY is the only light that can be called hygienic. It is the one illumination that does not cast off fumes and rob the air you breathe of its oxygen.

Electric light is the best light for reading, as it does not flicker, but gives the same even illumination that is so soft and restful to the eyes.

Electricity is convenient, economical, clean and safe. With it you can utilize the many household labor-saving devices; your light bills are less; your draperies, upholstery, walls and ceilings stay brighter, as they are not smoked up. With electricity there is no danger from fires.

A representative will call and explain in detail. Among other things he will tell you how little any reliable contractor will charge for the wiring.

DEATH OF C. H. CALGAY
Popular Young Man of East End Succumbed to Pneumonia.

Charles H. Calgay, aged 24, died on Saturday afternoon, of pneumonia, after 24 days' illness, at his parents' residence, 148 Balaam avenue. He was the youngest of four brothers. He was for several years one of the staff of the Heintzman Piano Co.

NEW WESTMINSTER, B.C., Jan. 11.—(Can. Press.)—The C.N.R. Pacific division has decided to place tomorrow afternoon at Mount Pleasant Cemetery, Rev. J. M. Davis of All Saints' Church, of which he was a member, will officiate.

G.N.R. PLANS AT NEW WESTMINSTER.
NEW WESTMINSTER, B.C., Jan. 11.—(Can. Press.)—The C.N.R. Pacific division has decided to place tomorrow afternoon at Mount Pleasant Cemetery, Rev. J. M. Davis of All Saints' Church, of which he was a member, will officiate.

RAILWAY DEALS IN MEXICO.
MEXICO CITY, Jan. 11.—(Can. Press.)—It is reported on good authority that the national territory laws of Mexico have been taken over from S. Pearson & Son the thirty-five per cent. interest in the Tehuantepec Railway, owned by that firm. The other sixty-five per cent. belongs to the Mexican Government. The terms of the sale include a long term contract partnership with the Pearson.

LORD SCOTT AT RIDEAU HALL.
OTTAWA, Jan. 12.—(Can. Press.)—Lord Francis Scott of the Grenadier Guards, youngest son of the Duke of Buccleuch, and Capt. R. Grant of the Rifle Brigade, have arrived at Government House and will act as aides-camp to his royal highness the governor-general, for a short time.

Conductor Killed Between Cars.
WENTWICK, Jan. 11.—(Can. Press.)—M. J. Flynn, conductor of the C.P.R. work train between Wentwick and Kenora, was killed this morning near Moose Nose, when he fell between two cars.

MISTAKES MADE IN PAST YEARS

Rev. W. F. Wilson Says Mistakes of All Years Will Be Repeated Unless—

It would sooner be the poorest man among you than take the place of some of the richest men in this city. It is no disgrace to be poor, but it is a disgrace to be rich as some of these men are.

"GOOD-BYE, JOHN"

As a mark of their appreciation of his work and good-fellowship during his ten years' stay in Toronto, a number of friends of J. A. McNeil tendered him a dinner at the Hotel Monopoli on Saturday evening, prior to his departure for Montreal tomorrow.

FIVE YEARS FOR MAIL THEFT

MACLEOD, Alta., Jan. 11.—(Can. Press.)—J. Sydney Macleod, a machine operator on the Macleod Advertiser, was sentenced to five years in the district court today of stealing a registered mail package containing \$775, and a registered mail bag containing a large quantity of postage stamps and postcards.

# Clouds on European Financial Horizon--Markets Are Lower

## TORONTO MARKET MOVED TOWARD LOWER PRICES

Moderate Reaction at Week-End, Due to Incoming of Profit-taking Movement.

## BRAZILIAN LED THE DECLINE

Acute Nature of Money Stringency Demonstrated--European Situation Occasions Some Alarm.

After having shown a decided buoyancy for several consecutive days, the Toronto Stock Market ran into a reaction on Saturday, and at the close all the active securities showed moderate declines for the session. The most remarkable feature of the movement was the reaction which was accompanied by an incident which was accepted as conclusive evidence of the fact that there was still a good demand in effect, and that the liquidation under way was not unduly burdensome.

Consistent as it did after an advance which had carried the leaders up anywhere from 3 to 6 points, Saturday's reaction was a purely natural affair. Indeed it was rather surprising that it was possible to have prices raised so materially without attracting a volume of selling which, under ordinary circumstances, would probably have almost swamped the market. Therefore the setback was viewed very philosophically by traders.

Week-end developments in financial circles were by no means favorable. The widely-circulated reports that the money stringency was showing signs of abating were readily disposed of when some of the largest brokerage firms sent out notices to their clients that they would advance the interest rates on money used for carrying stocks from 6 1/2 to 7 per cent on Monday. Meanwhile the London market was apprehensive over the Balkan crisis, and sentiment was affected adversely thereby. The European situation is occasioning considerable alarm here, and unless a turn for the better occurs soon, the stock exchanges on this side the water may commence to reflect the uncertainty.

## FOREIGN HOLDINGS OF OUR SECURITIES

How European Capital Has Been Diverted to This Continent--Distribution of Stocks.

According to the annual report on distribution of stocks and bonds of United States and Canadian securities, the total amount of foreign holdings of securities amounting to a par value of \$3,311,006,617, a total of \$15,761,113 are held abroad. England, France, Germany and Holland are responsible for the vast majority of the holdings.

Country	Capital	Field	P.C.
Aggregate	\$1,800,000,000	\$1,800,000,000	100
Railroads	2,306,424,200	203,485,075	8.8
Pub. Util.	685,100,150	23,463,640	3.4
Min. Cos.	25,204,480	1,414,099	1.7
Oil Cos.	79,683,952	1,414,099	1.7
Total	\$3,311,006,617	\$15,761,113	0.6

## HERE'S AN ANOMALY IN STEEL SHARES

Price Is Not Above Last Year's Level, Despite Greatly Improved Conditions--The Reason.

NEW YORK, Jan. 11.--A year ago the steel trade was in a condition of semi-demoralization. Now it is enjoying something approaching a boom. Then there was little business at low prices. Now there is an enormous volume of activity at remunerative rates. Yet the price of U. S. Steel stock is no higher than it was at this time last year. There have been up and down; but compared with even data in January, 1912, the stock shows practically no net change. All apprehension of a reduction of the dividend has passed, and there is even some consideration of the possibility of an increase, but the danger has not been reflected in the market.

The chief reason why steel shares down is that a large number of people are apprehensive of a decision against the company in the anti-trust suit, and of a dissolution which would deprive much of the equity now represented by the common stock.

**SENECA SUPERIOR OVER PAR.**  
The first sale in Seneca Superior to occur on the local markets took place on Saturday, when a block of the stock

## BANK CLEARINGS SHOW BIG GAIN FOR WEEK

Record of Last Year Is Improved Upon Considerably--Brantford Only City to Report Loss.

The Canadian bank clearings last week showed up remarkably well, the only decrease being shown by Brantford, where a loss of approximately 50 per cent was reported. This was easily offset by the unusually large gains in other centers, particularly in the west, so that the total amounted to 27.34 per cent more than the corresponding week of 1912. The previous week the gain was only 6.6 per cent over the similar period of the preceding year.

City	1912	1913	P.C. Inc.
Montreal	\$60,572,253	\$60,438,028	-0.2
Toronto	\$2,223,266	\$2,127,198	-4.3
Winnipeg	4,087,917	37,444	0.9
Vancouver	27,327,198	35,773	0.1
Calgary	1,229,228	1,827,844	1.5
Ottawa	5,953,080	4,190,529	14.7
Quebec	5,857,499	4,111,483	42.8
Victoria	3,919,942	2,896,077	35.3
Hamilton	2,790,283	2,144,395	19.2
Halifax	2,614,316	2,134,295	19.2
St. John	2,272,797	1,748,287	29.8
London	2,081,475	1,786,576	49.8

## WEAKNESS AT MONTREAL BUT NO MARKED LOSSES

C. P. R.'s Decline Was Depressing Influence, But a Number of Issues Recorded Advances.

MONTREAL, Jan. 11.--There was a quiet market for stocks here on Saturday, with the buoyancy shown in the late trading on Friday somewhat more pronounced. Prices on the whole held firm, however, the few declines being confined to fractions, while there were somewhat offset by gains elsewhere in the list. C. P. R. was affected by the uncertainty in the market, and the advance towards the end of the week. This uncertainty abroad combined with a moderate amount of profit-taking, the market, militated against any further upward movement in the market as a whole.

## NO BOND ISSUE NOW ON CANADIAN PLANT

U. S. Steel's Branch at Sandwich Will Not Be in Operation For Two or Three Years.

NEW YORK, Jan. 11.--Reports have been current that the United States Steel Corporation would this year issue bonds in connection with its proposed Canadian steel plant, which will be in the neighborhood of \$20,000,000. It can be stated, however, that it may be two years or more before any bond issue can be expected so far as the building of the Canadian plant is concerned.

## RUMOR SAYS TIMSK RAN INTO LEAN ORE

IN CONNECTION WITH THE DOWNFALL IN TIMISKAMING SHARES IN THE MARKET YESTERDAY, IT WAS REPORTED ON THE STREET THAT THE COMPANY HAD RUN INTO LEAN ORE AT THE MINE, AND THAT THE LIQUIDATION WAS DUE TO THAT FACT.

Mr. Burr E. Cartwright, president of the company, was in Cobalt last night, and consequently no information concerning the report was obtainable at the Timiskaming office. One of the directors, however, informed The World that if the mine had run into lean ore, he had not heard of it. Even if it had, there was nothing alarming in the fact, since it was a usual occurrence in the camp at various intervals.

## HAS PLAN TO REFORM THE STOCK EXCHANGE

ALBANY, Jan. 11.--Governor Sulzer has under preparation a special message on stock exchange reform to be presented to the legislature. The governor said he did not know at this time when the message would be ready for transmission, and he refused to

## BREAK IN COPPER PRICE GIVES MARKET SETBACK

Large Quantity of Metal Sold Considerably Below Official Rate--Unsatisfactory Condition.

## GENERAL TONE WAS WEAK

Shifting of Loans From Outside to New York Banks Offset by Large Gain in Deposits.

NEW YORK, Jan. 11.--Operations in stocks again centered in the copper group today. The cumulative effects of the disappointing monthly statement of copper metal stocks and reports of price shading were heightened by the sale of a large amount of the metal at around 17 cents as compared with the official rate of 17 3/4. The copper issues were the special object of the bear attack, and proved vulnerable to pressure, with Amalgamated displaying most marked weakness.

The general list showed a fair degree of strength early in the session, but the tone gradually weakened under the influence of the copper. The movement in the coppers, Steel displayed heaviness in the railroad department the coalers, and the limited proportions. The movement of the market as a whole, however, was not large, and trading was of limited importance.

## BIG STEEL MERGER TALE PREMATURE

Canadian Companies Deny That They Will Enter the Billion-Dollar Consolidation.

While the press is in receipt almost daily of so-called authoritative news regarding the proposed formation of a billion dollar steel corporation, which will include the Dominion Steel Corporation and other Canadian plants, the officials of the big steel enterprises on this side the border are insisting on such stories as utter nonsense.

Another absolute denial of the inclusion of the Canadian companies was given on Saturday by the Canadian steel company, one of the concerns coupled in the consolidation story. Mr. Hobson gave out the following statement: "You can say that the story that the Steel Company of Canada is in on this billion dollar steel corporation foundation. We have not had, are not having and will not have anything to do with it."

## LONDON MARKET IN APPREHENSIVE MOOD

Balkan Crisis Caused General Selling and Prices Worked Lower--Money in Fair Supply.

LONDON, Jan. 11.--The near eastern situation caused weakness and general selling on the stock exchange today. Paris favorites led the decline. The approach of the settlement prevented fresh support and the markets closed at about the lowest point. American securities opened irregular and later the entire list sagged in sympathy with the weakness in other sections. Several stocks rallied on covering in the last half hour, and the market closed steady with prices ranging from 1 1/4 above to 7 3/4 below parity. Money was in fair supply and discount rates were steady.

## NEW YORK BANKS MAKE FAIR SHOWING

NEW YORK, Jan. 11.--The statement of the actual condition of clearing house banks and trust companies for the week shows that they held \$15,129,209 reserve, in excess of legal requirements. This is an increase of \$1,254,750 from last week.

Actual condition--Loans, increase \$89,586,000; specie, increase \$18,576,000; legal tenders, increase \$2,733,000; net deposits, increase \$84,447,000; circulation, decrease \$172,000; excess lawful reserve \$15,129,209, increase \$1,254,750.

Summary of other financial and trust companies in Greater New York not included in clearing house statement: Loans, increase \$109,500; specie, decrease \$711,200; legal tenders, increase \$44,800; total deposits, increase \$2,622,000.

## MINING MARKET SHOWED IMPROVED UNDERTONE

Moderate Recovery in Effect at Week-End--Timiskaming Continued on the Down Grade.

## SMALL ADVANCES SCORED

Cobalt List Attracted the Most Interest--Porcupine Stocks Are Hidebound, by Apathy.

While there was no great increase in the volume of trading, the mining market on Saturday developed a much firmer undertone, and at the close a moderate rally was in progress. Small advances were made by City of Cobalt, Peterson Lake, Wettauier, Kerr Lake and McKinley-Darragh, and in the Porcupine by Swastika and Vipond. Timiskaming, Dome extension, Dome Lease and any other all would up at a shade loss for the day.

The reactionary trend in evidence earlier in the week served a double purpose in the market. It eliminated considerable weakly-held stock and put quotations in a position where the list was made more attractive than it had been during the previous sharp upturn. The purchases of the market, and the consequent advance, and a setback was therefore a purely natural result.

Everything points to an early resumption of activity, and with a broadening of the market, interest should be witnessed. Brokers are advising banks to city banks, and while attempts have been made to boost some of the shares which are ultra-speculative, and therefore better ignored, these have not been able to move more than a slight measure of success. Meanwhile the high-grade Cobalts are fast making a name for themselves, and will undoubtedly be heard from again in the very near future.

## COBALT OUTPUT

COBALT, Jan. 11.--(Special).--Nine mines and the Dominion Reduction Co. figured in the list of ore shippers from the camp this week, sending out 12 cars of high-grade, weighing 582,557 lbs. Cobalt, which sent out the first car of concentrates from its new mill.

Company	Cars	Tons
Dom. Red Co.	1	40.05
Stippling	2	70.93
Beaumont	1	26.04
Chapman-Ferland	1	32.00
La Rose	2	88.64
City of Cobalt	1	28.81
Cobalt Townsite	1	35.00
Crown Reserve	1	18.00
Crown Reserve	1	30.64
O'Brien	1	12.10
Timiskaming	1	22.10
Total	16	327.22

## BROKERS RAISE THEIR MONEY RATES

CONCLUSIVE EVIDENCE THAT MONEY STRINGENCY IS STILL VERY ACUTE--BANKS HOLD TIGHT.

The fallacy that the acute money stringency is now a thing of the past was effectively disproven on Saturday by the rate on money used to carry 90-day bills. The rate on money used to carry 90-day bills was raised to 7 per cent on Monday. This move was not seriously embarrassed last month, and was able to carry its present action, is there, taken to mean that it has had plenty of room for maneuvering, and incidentally that the money stringency is still with us. Several other firms were similarly notified.

## NINETY-DAY C. P. R. BROUGHT GOOD PRICE

A good deal of interest was taken in a transaction in C. P. R. in the Toronto stock market on Saturday, the fact that shares sold at 27 1/2 special price, occasioning a good deal of comment. The seven-point advance over the usual price--C. P. R. was quoted regularly at 24--represented the amount of premium demanded on a 90-day option, the purchaser having obtained a call to buy the stock at 27 1/2.

## WINE PLAN TO DRAIN KERR LAKE

Undertaking Will Allow Various Companies to Work Upper Levels Near Water Line.

COBALT, Jan. 11.--Application has been made to the mining commissioner for permission to pump out the bottom of Kerr Lake by Crown Reserve Mining Company and the Kerr Lake Mining Company. Plans have been filed showing it is proposed to pump the water out into Groulx Lake, or if that be not practicable, into the lake below. Application is also being made to put a pumping station on Groulx Lake.

## INVESTMENT SECURITIES

MONTREAL GRAIN AND PRODUCE  
MONTREAL, Jan. 11.--Cables on Manitoba spring wheat came stronger, at an advance of 1/4 to 3/4, and a fair amount of business was worked for spring shipment, but the prices bid for nearby shipment were not considered satisfactory. The local trade in all lines of coarse grains continues dull, and the undertone to the market is easy. Flour is steady under a fair demand. Demand for milled is increasing. Butter is quiet and about steady. Receipts for week, 102 packages, against 174 1/2 a year ago. Demand for cheese shows no improvement. Receipts for week, 152 boxes, against 261 a year ago. Eggs quiet and easy. Receipts for week, 2804 cases, against 107 a year ago. Stocks: Wheat, 310,783; corn, 18,560; oats, 1,463,992; barley, 62,088; buckwheat, 14,377; flaxseed, 44,124; flour, 353,688.

## THE GOLDEN NORTH AND THE GOLDEN OPPORTUNITY

The Directors of the Golden North Mining Company, Limited, of Toronto, Ont., have decided to treat the balance of the machinery to complete their reduction plant, to mill from 10 to 15 tons of ore per day, as there is a large amount of Bonanza ore on the dump ready for the mill. This stock is not listed on any exchange. It is now selling at one dollar per share for the month, but is expected to go to 10 dollars per share by May 1, 1913. For further particulars address:

E. J. TOWNSEND,  
President and General Manager, Box  
888 North Bay, Ont.  
Agents wanted.

NEEDED SNOW IN KANSAS DAMPER ON WHEAT BULLS

Outlook For Large Argentine Wheat Exports Another Factor in Decline at Chicago.

CHICAGO, Jan. 11.—Today's prices for grain declined moderately, as did provisions. Fluctuations were rather narrow and the volume of business moderate.

A heavy snowfall in Kansas preceding the predicted cold, and the prospects of large shipments from Argentine were bear factors in wheat.

The fact that shorts had pretty well eliminated themselves during the previous two days also worked against prices. At the close, May was 1-3/4 over the bottom, but 1-3/4 to 1-1/2 under yesterday.

Corn opened sharply higher, but it soon developed that this was due to bidding by scattered belated shorts who missed the bull bandwagon yesterday.

On the modest decline which occurred in the meeting demands of export buyers for early shipment, owing to the non-accumulation of earlier sales.

Trade in oats was chiefly of an evening-up character typical of week-end sessions.

Provisions declined in sympathy with hogs, meeting with a good demand at the lower level.

ST. LAWRENCE MARKET Receipts of farm produce were light—no grain or hay; at least, we did not see any on sale.

In the north building there were about half the usual number of farmers' wagons and buglies containing mixed produce, and on the market there was a moderate supply of poultry and larger supplies of butter and eggs than for some time.

Trade was not as brisk as usual. Butter—The market was easy and prices ranged from 30c to 32c per lb., the bulk going at 32c to 30c.

Eggs—Receipts of eggs were the largest in many weeks, and prices consequently went lower. Prices ranged from 35c to 40c, as no less than four farmers' wives and daughters told us that they got 50c, and one woman stated that she got 50c.

The bulk of the eggs sold at from 30c to 45c, and we would say that this was about the value of eggs on Saturday's market. If the weather should continue mild, eggs will go still lower.

Poultry—Receipts were moderate and prices were firm at following quotations: Turkeys, 25c to 30c; geese, 15c to 18c; ducks, 15c to 20c; chickens, 15c to 18c; and in some instances 20c was paid; old hens, 14c to 16c per lb.

Grain—Wheat, new, bushel, \$1.04 to \$1.06; wheat, new, bushel, \$1.04 to \$1.06; Rye, bushel, \$1.04 to \$1.06; Oats, bushel, \$1.04 to \$1.06; Barley, bushel, \$1.04 to \$1.06; Corn, new, bushel, \$1.04 to \$1.06.

Hay—New, per ton, \$11.00 to \$12.00; Straw, bundled, ton, \$14.00 to \$15.00; Hay, mixed, ton, \$14.00 to \$15.00; Straw, loose, ton, \$14.00 to \$15.00.

Vegetables—Potatoes per bushel, \$1.00 to \$1.15; Apples, per basket, \$1.00 to \$1.15; Carrots, per bushel, \$1.00 to \$1.15; Turnips, per bushel, \$1.00 to \$1.15; Parsnips, per bushel, \$1.00 to \$1.15.

Dairy Produce—Butter, farmers' dairy, \$0.30 to \$0.35; Eggs, new, dozen, \$0.30 to \$0.40; Peas, per bushel, \$1.00 to \$1.15; Beans, per bushel, \$1.00 to \$1.15; Lentils, per bushel, \$1.00 to \$1.15.

Meats—Beef, forequarters, cwt., \$8.00 to \$9.00; Beef, hindquarters, cwt., \$8.00 to \$9.00; Beef, choice sides, cwt., \$8.00 to \$9.00; Beef, medium, cwt., \$8.00 to \$9.00; Beef, common, cwt., \$8.00 to \$9.00; Mutton, cwt., \$8.00 to \$9.00; Veal, prime, cwt., \$8.00 to \$9.00; Dressed hogs, cwt., \$8.00 to \$9.00; Spring lambs, lb., \$8.00 to \$9.00.

Ontario Live Stock—EAST BUFFALO, Jan. 11.—Cattle—Receipts, 100 head; steady. Yearlings—Receipts, 100 head; active; 50c lower at \$4 to \$12.

Hogs—Receipts, 2500 head; fairly active and 10c to 15c lower; heavy, mixed, Yorkers and pigs, \$7.75 to \$7.75; roughs, \$6.50 to \$6.50; steers, \$5.50 to \$6.25; dairies, \$7.50 to \$7.75.

Sheep and Lambs—Receipts, 5000 head; active; sheep steady; lambs 20c lower; lambs, \$6 to \$6.65; yearlings, \$5 to \$6.50; wethers, \$6 to \$6.50; ewes, \$5.50 to \$6; sheep, mixed, \$4.50 to \$5.25.

Duluth Grain Market—DULUTH, Jan. 11.—Close—Wheat—No. 1 hard, 85c; No. 1 northern, 85c; No. 2, do., 83c; July, 82c naked; May, 83c.

IMPERIAL BANK OF CANADA

DIVIDEND NO. 90 Notice is hereby given that a Dividend at the rate of Twelve Per Cent (12%) per annum upon the Paid-Up Capital Stock of this Institution has been declared for the three months ending 31st January, 1913, and that the same will be payable at the Head Office and Branches on and after Saturday, the 1st day of February, 1913.

The Transfer Books will be closed from the 17th to the 31st January, 1913, both days inclusive.

By order of the Board, D. H. WILKIE, General Manager, Toronto, 18th December, 1912.

# The Robert Simpson Company, Limited

## January Is the Clearing Month

Stocktaking is close upon us, and every department in the store is making strenuous efforts to dispose of all the surplus stocks, broken lines and lots that must make way for new goods. Consequently these are the days when you can get clothing and almost every other needed thing at the lowest prices offered during the entire year. Your Attention is Particularly Invited to Our Daily Basement List—China, Hardware, Kitchenware and Groceries
