## UNSAFE TO WAIT TILL GOLD WASHED OFF BRICK

### If Reciprocity Killed by Amendments in U.S. Senate, Democrats Would Give Canadian Farmer Promised Benefits Without Exacting Price of His Home Markets.

OTTAWA, May 28.—(Special.)—Ottawa Liberals, who a day or two ago scoffed at the probability of an early election on the reciprocity issue, today admit that the appeal to the people will be made not later than the coming fall. They still stubbornly refuse to confirm the report that parliament will be dissolved, and the election fought in August. The belief that this is really what Sir Wilfrid Laurier is playing for, whether his colleagues want it or not, is very strong with opposition members in Ottawa. That they regard an August or September election as more than a probability is admitted, and is attested by the fact that R. L. Borden has cut short his fishing trip at Echo Beach and is today back in his office at the parliament buildings hard at work, with no thought of getting any holiday between now and November.

The motive which has prompted the government to prepare for an early election is the fact that the danger of defeat in the United States by way of the Rook amendments and other amendments. That the killing of the bill will be followed by Democratic tariff action is known by the government here. It is known that the Democrats, with the reciprocity bill out of the way, will go ahead with a still more extended free list, giving the Canadian farmer all the benefits promised by the reciprocity negotiators without exacting the price of his home markets. That is what the Laurier government wants to head off and that is why the jump is likely to be made so soon. Sir Wilfrid Laurier deems it unsafe to wait till all the gold is washed off the brick.

### Local Organizers Ready.

While everybody is on the cul vive at political headquarters in Ottawa over the prospect of a general election in the near future, and no announcement is forthcoming, the local organizers in Toronto are holding themselves in readiness to "jump" on the Democrats' notice. The World made inquiry yesterday, and leading Conservatives say they would not be surprised to see parliament dissolved until the present adjournment. On the other hand the Liberals claim to have no specific knowledge on the subject, and declare that the secret is "locked in Sir Wilfrid's mind."

It was openly stated yesterday that the Conservatives have nothing to gain by a redistribution, and are committed to the present arrangement. Mr. Borden suggested that as one of the alternatives the government might adopt, but there was no plea on the part of the opposition. The tactical advantage of Mr. Borden's position was to improve every day, while the government is helping the United States to act. On a straight reciprocity issue the Liberals hope for gains in the country. If the bill is passed both at Washington and Ottawa they think the party lines may be more clearly defined. The Conservatives want a fight, and are ready for it. They want the question to be settled once for all.

### A Whirlwind Campaign.

"No matter what may happen, an election can hardly be held before November," said one of the Liberal members. "In any event voting will have to take place on the 1910 lists, and all the unorganized districts in Ontario will have to be canvassed and new lists prepared, which cannot commence before August 1, and the Manitoba lists will also have to be prepared. Older Ontario members never in better shape for an election, and once the crop is harvested a whirlwind campaign would seem to suit the temper of the people."

Sir Wilfrid Laurier is expected to return to Ottawa by the second week in July. Meanwhile, cabinet ministers and members are resting, and if the people are tired of the reciprocity discussion, reciprocity is by no means a quiet issue in the country, and once the war bugle is sounded there will be a struggle of levitations.

### ONTARIO PEOPLE HURT

### When Freight Trolley Struck Lehigh Valley Express.

GALT, May 28.—(Special.)—Mrs. Wm. Preston, Jr., of Galt, had her shoulder broken and her skull crushed in an accident at Tonawanda Junction, N.Y., when a freight trolley crashed into a Lehigh Valley express and sent a car of the latter down a 16-foot embankment, where it landed upside down. Mrs. Garratt of Brantford, who was first reported to be dying, is not seriously injured. She is somewhat cut and suffering mostly from shock. She is a daughter of W. M. Hesse, a member of the institute for the blind at Brantford. Robt. Copleston of Galt was cut about the body, but is not badly hurt. Among the slightly bruised are Mrs. Wm. Preston, sr., and J. E. Fryer, both of Galt. The latter is an ex-president of the Power Union of Western Municipalities.

### EVERYBODY WILL WANT ONE.

A galaxy of King's Plate pictures, showing group pictures, portraits, unframed and posed, by the cosmopolitan crowd that thronged Woodbine Park on opening day, including such well-known society people as Lady Evelyn Grey and party, Lady Evelyn Grey and friends, the Rev. J. Dixon, Mrs. Lily McCarthy, Mrs. H. H. Sweeney and group of friends, Mrs. Frederick Hammond, Mrs. Jack Macdonald, Mrs. Sherry, Major Gray, Mrs. L. E. Mesurier, Mrs. Ireland, Mrs. C. A. Burns, Mrs. Parkin and Mrs. Jack Murray, Lt. Gov. Gibson and party, and many others will appear in the Art Section of this week's Sunday World.

### Not of One Mind.

WASHINGTON, May 28.—Vice-President Sherman, a White House caller to-day, declared that he expected a vote to be taken on the Canadian reciprocity bill in the senate by June 15, and said he would not be surprised to see congress adjourn long before October. Mr. Sherman did not say whether he expected the reciprocity bill to pass, but he did say that the vice-president's optimism as to an early vote on reciprocity is not shared by a number of senators. President Taft held callers to-day that while he still is of the opinion that the bill will pass, he is not counting on a vote as soon as June 15.

## ATLANTIC RATE WAR THREATENS

### C.P.R. Prepared to Pull Out of Pool When "London Agreement" Expires—Causes of Complaint.

MONTREAL, May 28.—The prospect of a rate war in the Atlantic shipping trade, is the principal topic of discussion in shipping circles to-day. It now appears that the Canadian Pacific, which occupies an influential place in the National Conference as the Irish party does in the British house of commons, has been a leader in the insurgent movement, and a considerable time ago gave notice that it would not again be a party to the agreement, under which all the principal shipping lines on the North Atlantic have been working. This agreement, which is known as the "London agreement," has since been extended temporarily on two occasions, but it expires finally on June 30.

This agreement not only forbids shipping lines from running to ports served by their rivals, but not up to the time of the agreement served by them, but also brought into effect an arrangement by which all the immigrant traffic—which is a huge paying business—was pooled, each vessel getting such percentage of the total proceeds of such traffic as was allotted to her by the conference, regardless of the number of immigrants she carried. Thus, if a boat was allowed a percentage on the basis of 50 immigrants per trip, her owners would be paid for 500 passengers whether she carried 900 or only twenty. This applied to all the vessels running to North Atlantic ports, from Halifax to Halifax.

### Detrimental to Canadian Shipping.

The effect of the agreement is considered to have been detrimental rather than otherwise to Canadian shipping. There has not been such a boom in immigration to Canada that the Canadian vessels have been loaded to capacity with immigrants on almost every trip, and the result has been that good money earned by the Canadian lines has in effect been handed over by them to their American rivals. There is another cause for complaint. A clause in the agreement forbidding trespassing on each other's territory has been interpreted in too loose a way, and the result has been that the American lines have been able to come in under the auspices of the Dominion Line, the Cunard has come in under the auspices of the Thomson Line, and the German-American lines have come in under the auspices of the Canada Line. One clause of the agreement says that it shall be interpreted as well as in letters, and it is alleged that the coming of the big lines referred to cannot be interpreted as observing the agreement "in spirit."

### Germany Got Too Much.

Still another cause for dissatisfaction has an international base. When the agreement was drawn up, the figures of the previous three years of continental immigration were taken as the basis for allotting the percentages to the German boats. As a matter of fact there has been considerable drop in continental immigration since then, and the result has been that the British lines have found themselves in the position of being to hand over the increased money to German rivals. The Canadian Pacific is said to be determined to conduct its own business on its own basis in the future, and as other Canadian lines are supporting them, there seems little prospect of a continuation of the combination.

### LAST DAY OF THE RACES.

To-day will see the finish of the racing and the best race meet ever held in Canada. It was also a big time for the merchants, because of the crowd of visitors that came to Toronto. The Diamond Company is recording the largest hat week in its history and is looking to a big time starting at eight o'clock this morning. All the new straw hats with Panama specials, starting at \$5. The store remains open until ten o'clock Saturday night.

## CITY GAVE WAY TO NORTH ONTARIO

### Board of Trade's Commissioner Tells What Development of Neglected Territory Means to Cities of Province.

The Toronto Board of Trade, having received upon an aggressive policy in opening the eyes of the people of older Ontario to the possibilities of the country to the north, has already a commissioner's initial report ready. It is from Fred W. Field, the well-known financial writer, and in a graphic way it deals with development to date and points the way to the time when Toronto and other Ontario cities will receive great industrial stimulus from the demands of the north.

Mr. Field writes as follows: "That two nations speaking the same tongue, having somewhat similar ideals and with big trade ties, should for many years continue to thrive as two on one continent, is a marvel in economic history. It reveals the magnetism of the motherland. It recalls the mistakes of a home government. That Northern Ontario should remain undeveloped, its timber almost alone standing sentinel, its mineral resources making mute appeal, its water power offering riches, is a curiously in economic. It reveals the magnetism of the west. It recalls the errors of the east."

Generally speaking, the Toronto business man has not appreciated the possibilities of the northern portion of his province. Railroads of Western Canada have proved the dominant note. Manitoba, Saskatchewan and Alberta deserved all the attention that they have received. The population and financial assistance from Ontario. They will continue to benefit in the same way. But it may easily be that the optimism of the west has overshadowed the possibilities of the north. In entering to the rapid growth of our three western provinces, we have gotten to sleep our own slumbering colossus. It is not a case of loving west the less or east the more, but north not enough.

### Gladdened by Statistics.

There is some excuse for Toronto City's neglect in failing to paint over its portals. It is the gateway of Northern Ontario. It is the gateway of the great country, which is practically an unopened land of possibilities. Statistics, like statistics, are apt to give a false impression. The population of Ontario is growing. In 1891, Ontario had 1,400,000 people. In 1901, it had 1,800,000. In 1911, it had 2,200,000. These are mostly unpopulated. In that fact is called a herculean but imperative task. It may be that the Dominion and provincial governments, the boards of trade of Ontario and especially the individual citizens, with filled and titled lands, a new story will be told by the Toronto, London, Hamilton, Ottawa and Brantford bank clearing statistics. Settlements in many lands. Disasters may mean new clearing houses. Canadian finance has a knack of keeping time with legitimate progress and checking and checking growth. It may be expected to encourage the present movement to remove the lid of inaction from Northern Ontario's bowl of natural resources.

### A Railway Wisely Built.

The Timiskaming and Northern Ontario Railroad, fostered and operated by the provincial government, making indelible history with steel. Its commissioners have exhibited far wiser enterprise than has blessed government railroads in many lands. Disaster has been exercised where most needed, as witness the building, in quick time, of a branch road to the Porcupine gold camp, while another district, which had not been proverbially denied the acquaintance of government rails and locomotives. The railway requirements of this section are now being considered and a solution satisfactory to those concerned is sure to follow in due course. Like the quality of mercy, railroad operation blesses both giver and receiver. The Timiskaming has given service in a country where it was badly wanted and that country has given it the right to be a blessing to the north. The Timiskaming has given service in a country where it was badly wanted and that country has given it the right to be a blessing to the north. During the first year of operation the road carried 86,643 passengers, and last year 79,918. In its cars were bearing the comparative-

### NO CORONATION STAMPS.

OTTAWA, May 28.—(Sp.)—It is officially stated that there will be no special issue of stamps by the Canadian postal department in connection with the coronation of King George. It will probably be a matter of some months yet before the regular issue bearing the head of the new King will be ready for general use.

## THOUGHTLESS TRICK.

WILFRID: Aw, let up on that, Bill Taft—that's not funny.

## FLED FROM CAPITAL LIKE THIEF IN NIGHT

### Ex-President Diaz Left by Unusual Route to Avoid Bandits—Goes to Vera Cruz, Where He Will Embark for Spain—Took Elaborate Precautions.

MEXICO CITY, May 28.—Porfirio Diaz, for whom during thirty years of his life he had been the capital of Mexico, fled from the city last night, taking it for granted that he would be followed by a band of bandits. He left the city at 2 o'clock this morning, shortly after the celebration of his resignation, and in the manner of a thief in the night. He was bound for Vera Cruz to take ship for Spain. In the distance he could hear the voices of a few of the more enthusiastic citizens who were still acclaiming the new president, Francisco Leon de la Barra and shouting "Viva Mexico City and Viva Vera Cruz usually is over the Mexican Railway, a standard gauge line with modern equipment. Bands along the route, however, frequently have been removed of late by bandits, who were determined that Diaz, for reasons best known to themselves, should not leave the capital. There are reports to have harbored the idea that Diaz would follow the precedent of other Latin American heads of state and carry the national funds with him.

### The Path of Safety.

There is also a narrow gauge railroad to the coast. Taking it for granted that Diaz would take the more luxurious route, the bandits did not molest the narrow gauge road. For this reason, it was chosen by Diaz for his trip. Gen. Diaz, still feeble from his illness and far from being a well man, left his home under drab circumstances. Rain had fallen earlier in the night and by the time the former president emerged from his house, the air was chilly. It was close to 2 o'clock when the Diaz family, including the former chief executive, including those who are to accompany him across the Atlantic, fell in behind the Diaz automobiles.

### Used Three Trains.

Three trains were used, the first as a pilot. The Diaz special followed. A third train, occupied by a detachment of the Twenty-Fifth Infantry, brought up the rear. The cars of the fugitives' special were occupied as follows: First car, Gen. Diaz and Mrs. Diaz, Mrs. Romero Rubio de Terrero, Col. Porfirio, Jr., a son, Lieut. Lorenzo Elizaga and family. Second car, Gen. Fernandez Gonzalez, Manuel Gonzalez, Col. Sanz Cruz, Major Espinosa Y. Romero. Third car, Francisco S. Garcia, Antonio de la Gerita and a kitchen crew. The trains ran without orders, for fear the bandits along the line might tap the wires and get news of the flight.

Just when or on what ship Gen. Diaz will sail is a matter of conjecture. The French ship Espagne was due to leave the port yesterday, but may have been held at the disposal of the party from Mexico City. From private telegrams received here to-night, report the arrival of Gen. Diaz at Vera Cruz at 2 o'clock this afternoon. According to these advices, Diaz boarded the Ypiranga, a Hamburg-American boat to-night. The Ypiranga is due to sail south to Coahuacalcos to-morrow. She will return to Vera Cruz and sail for Europe Wednesday.

### More Immigrants.

A special Grand-Trunk train arrived at the Union station at 11:45 yesterday evening, bringing sixty-four emigrants from the Empress of Ireland. Forty-four remained in the city, the remainder leaving for the west.

## MINRO IN DARK IN SIGNING RETURNS

### So Former President of the Farmers' Bank Argued, and Witnesses Gave Evidence in Support—Letter From Munro to Travers Spoke of "Rumors."

After the examination of a number of witnesses, including W. R. Travers, former manager, in an effort to establish that Col. James Munro of Embro, president of the Farmers' Bank at the time of its suspension, had wilfully signed returns falsely showing the position of the bank, the crown concluded its case late yesterday afternoon. Judgment was reserved by Judge Winchester. H. H. Dewart, K.C., appeared for Col. Munro, and Louis Monahan represented the crown. The accused banker, while acknowledging the signatures as his, stoutly maintained that he had signed the returns believing them to be correct. The evidence of Mr. Travers and Accountant Fitzgibbon supported this testimony, each declaring that the president had attached his name to the reports without any idea that they were aware, any idea that they did not truly represent the bank's status. Letter a Bombshell. Somewhat of a sensation was caused by the introduction by the crown of a private letter written by Col. Munro to Travers in December, 1908. It referred to "rumors" which the writer thought the bank could not afford to disregard, and suggested that Dr. Beattie Nesbitt be compelled to pay his indebtedness to the bank, as many people seem to know of it and claim he is worth it. F. W. Stair testified that he had warned the colonel a year before the collapse that the bank was un sound. Col. Munro admitted this, and said he had spoken to Travers about it, and had been assured that all was well. W. R. Travers Called. W. R. Travers, former manager of the bank who was the first witness called by the crown, said that every bank had to make monthly returns to the government and that these returns had to be signed by the president or someone on his behalf. He was shown the original returns, and identified Col. Munro's signature. Mr. Dewart here intervened and said he admitted the falseness of the returns, but his client denied they were wilfully false. Travers said the returns had been made up by the accountant. Col. Munro merely signed them and had no part in their completion. Witness said Munro would be in the bank about three months, he had got a letter about the investment in the Keeley mine, and he thought the mine was a good one and he would take Munro's \$500,000 invested was amply secured. Mr. Monahan then showed Travers the returns for each month, and asked him how the various amounts were obtained. Continued on Page 14, Column 1.

## HUGE PLAN FOR FEDERAL BLOCK

### Civic Improvement Committee Suggests Acquisition of Big Square West of the City Hall.

If the plans of a sub-committee of the civic improvement committee, composed jointly of members of the city council and citizens as realized, downtown Toronto will undergo such a transformation that it will not know itself. The sub-committee has prepared plans with the idea of a Dominion or Federal square, to be located between the city hall and Osgoode hall, a 100-foot wide Federal-avenue to Front-street from Queen, between Bay and York-streets, and both park and drill grounds south of Agnes-street, between University and Terauray. The vastness of the scheme is apparent at the first, as it will include in one great municipal and government block all the land between Queen, Agnes, University and Terauray, all the civic and government buildings, spaciouly laid out with wide approaching streets, plazas and ornamental with green parks. Altogether the scheme is calculated to make Gore-proud Hamiltonians turn green with envy.

### Buy and Sell Land.

However, such an undertaking is not without its cost, and as the finance sub-committee on civic improvements had no report ready, the aldermen present were not altogether satisfied that the scheme was yet ready to go on to council. Edmund Burke, chairman of the plans committee, explained that the proposed avenue down to Front-street would be for more than "itself" under the new act allowing the city to purchase 200 feet along any expropriated street. Agnes-st. would work out in the same way. It was also hoped that the federal government would contribute as their affairs would be directly benefited, he said. In the way the cost would be greatly lessened. In the strip between Terauray and Elizabeth, the only building of any size is the Manning Chambers, while the only place of importance affected by the proposed avenue would be the Queen's Hotel, which would be cut nearly in two. The members of the committee, being unanimous in favor of the project, held up the fact of the large majority of cheap buildings which were on the proposed grounds. It was finally decided to have Chairman K. J. Dunstan, of the civic improvement committee, and Chairman John Lyle and Edmund Burke of the sub-committee, appear before the city council on Monday, and show the plan, and there ask permission to make public the scheme with maps. The finance sub-committee was also asked to bring in an approximate report of the cost.

### Dr. Grassback's Troubles.

"Doctor" W. A. Birch-Grassback, convicted in police court some time ago of practicing medicine without a license, false pretences and vagrancy, who was sentenced to the workhouse for a term of six months, was yesterday brought back from Hamilton, and will appear in police court this morning.

### TWO MEN BADLY HURT IN PECULIAR ACCIDENTS

#### Auto Struck Street Railway Conductor and Teamster Impaled on Wagon Tongue.

Two men are in a serious condition at St. Michael's Hospital as the result of two unusual accidents. The first, George Carter, 208 George-street, learning to be a conductor on the street cars, comes from Peterboro, Ont. Yesterday he was riding on a riding on the knife-board of an open Avenue-road trailer, George A. Graham's big touring car was standing in the roadway at Avenue-road and Cottingham-street. It was not fairly against the curb and, the hood being down, this part of the machine struck Carter, knocking him to the pavement. One rib was broken and pierced the lungs. He was given medical attention and later removed in the police ambulance to the hospital. Charles Barker, a teamster, living at 111 Berkeley-street, while backing his team in a lane in rear of the Ontario Woolen Mills, was impaled upon the tongue of his wagon. The tongue pierced the abdomen when he was jammed against the wall. He walked to his home holding his hand over the wound, which was bleeding profusely, but was later removed to the hospital in the police ambulance. Cured Eczema and Dandruff

"I am pleased to inform you that I have been cured by Cuticura Soap and Ointment. Since I was a boy I have suffered with dandruff, not only from the itching but from its disagreeable appearance in scaly form all over my head. I had to brush it off my clothes all day long. I used every kind of preparation supposed to cure dandruff, also soaps and shampoos, but it seemed to me that, instead of improving with these remedies, the dandruff increased, even my hair began to fall out and the result was that two months ago eczema developed on my scalp.

"I suffered so from this that as a last resource I thought I would try Cuticura Soap and Ointment. They had the most gratifying results for I had used only one box of Cuticura Soap and a single cake of Cuticura Ointment when I was cured, the eczema and dandruff were gone and my hair perfectly clear.

I can assure you that so long as I live no other soap than Cuticura will be used by me and all those near to me. I will also add that I will always use Cuticura Ointment as a dressing for the hair. I feel that you should know of my cure and if you desire you may use this as a true testimonial which comes from a sufferer of thirty years' standing. I will be happy to tell any one of my experience in order to assist those who may be suffering from the same disease." (Signed) J. A. CAVINO, General Commission Merchant, 59 Pearl St., New York.

SOLD ICE CREAM ON SUNDAY

Proprietor of Grosvenor Cafe at Kingston Fined.

KINGSTON, May 26.—(Special).—Daniel Campbell, proprietor of the Grosvenor cafe, was fined \$10 and costs or ten days by the magistrate, for infraction of the Lord's Day Act, by selling ice cream on Sunday. Campbell today appealed. The magistrate based his decision on the fact that, while he made the admission that the place appeared from the evidence to be a first-class restaurant, one room was used solely for the purpose of selling ice cream. Because the place was not fitted out properly the police refused to issue a license and Campbell says he will now close up the business.

SUNDAY BAND CONCERTS.

Yetsala and his Venetian band of juvenile musicians will give two sacred band concerts at Scarborough Beach on Sunday afternoon and evening. Mr. George Sarvis, the American concert artist, will sing "The Holy City" at both concerts. Mr. Sarvis is worth traveling miles to hear.

JUST ONE CURE FOR ANAEMIA

It is Through the Rich, Red Blood Dr. Williams' Pink Pills Actually Make.

There is just one cure for anaemia—more rich, red blood. Anaemia is simply a bloodless, run down condition. Then the body becomes weak from overwork, worry or illness, an examination of the blood will show it to be weak and watery. The common symptoms are paleness of lips, gums and cheeks, shortness of breath and palpitation of the heart after the slightest exertion, dull eyes and a loss of appetite. Anaemia itself is a dangerous trouble and may pass into consumption. It can only be cured by making the blood rich and red, thereby enabling it to carry the necessary nourishment to every part of the body.

"It is a proved fact that Dr. Williams' Pink Pills have cured thousands and thousands of cases of anaemia. They are really intended to make new, rich blood and are compounded in the most scientific manner with the finest ingredients for the blood known to medical science. These Pills are not a cure-all. They are intended to cure only those diseases that have their origin in poor, watery blood, and starved, weakened nerves, and the record of their success in doing this is their constantly increasing popularity in every part of the world.

"Mrs. R. Colton, Golden, E. C., says: 'As a matter of duty I wish to say a word in praise of Dr. Williams' Pink Pills for what they have done for my daughters, one is 18 and the other 18 years of age. Both were pale and bloodless and suffered from many of the symptoms of anaemia. They would tire easily, suffered from frequent headaches, were easily discouraged, and often fretful. I saw in our home paper the story of a young girl who had similarly suffered and was cured through the use of Dr. Williams' Pink Pills. I bought three boxes of the Pills and my daughters started to take them. Before they were done they began to feel better and look better, and I got half a dozen more boxes, and by the time these were used, they were enjoying the best of health, with rosy cheeks and not like the same girls at all. I also gave the Pills to my little boy who had rheumatism, and they completely cured him.'

Sold by all leading dealers or by mail at 50 cents a box or six boxes for \$2.50, from The Dr. Williams' Medicine Co., Brockville, Ont.

HAMILTON HAPPENINGS

POLICE BELIEVED TO HAVE BEEN VICTIMS OF A HOAX

Dragged Bay on Story That Suspicious Looking Italians Had Thrown in Heavy Bundle.

HAMILTON, May 26.—(Special).—A hoax—the structure of which was built in the imaginations of two boys—is how thought to have been played on the local police department. It was reported to the police that Charles Freeman, a boat-house-keeper, had seen two suspicious-looking Italians heave a heavy bundle into the bay near the foot of Simcoe-street. Thinking that the recovery of the bundle might possibly open up a murder mystery, dragging operations were carried on at the spot where the bundle was supposed to have been thrown into the water. Nothing, however, was brought to the surface. It has now been learned that Mr. Freeman did not see the men himself, but was told of their alleged actions by two small boys who claimed to have seen them dispose of the bundle. While the police do not place much faith in the story, dragging operations will probably be resumed to-morrow in an effort to thoroughly test the truth of the report.

Will Try to Get Estate. Mrs. Boien of Dundas and her daughter, Mrs. Thomas Wilson of Oranville, left yesterday for Tucson, Arizona, where they will endeavor to get possession of an estate of more than \$25,000, left by the late John Boien, who was chief of the fire department of that city, and who died there last December from injuries received at a fire. Boien was married to the Dundas lady in Dundas about 40 years ago, but soon after his marriage left his wife and four children, and was not heard of until a few years ago. In his will Boien left his property to the Masonic order and to his personal friends, but left nothing to any of his family.

The stern hand of the law was again invoked today when Judge Sinclair issued warrants for J. Allen and A. Mercer for failure to satisfy divisional court judgments against them. Alex. Thompson is the plaintiff against Allen, while Mercer's indebtedness is to T. P. Birmingham. A stay of execution of ten days in each case was granted, at the end of which time both defendants will be incarcerated in the common jail for a like period if the judgments and costs are not then paid.

Wanted in Toronto. Detective Sayers, armed with a warrant and a photograph of the man, today arrested a Dr. Alfred Bach, alias Griss Bach, on the postoffice steps here. Bach is wanted by the Toronto police for jumping his bail in that city, and he is also alleged to have fled from some local gentlemen out of a few ten spots. Bach will first face his Toronto accusers, a detainer being held by the Ontario police until he is brought back there this afternoon.

Mother Phillip, Mother Superior of St. Joseph's Convent here, died in that institution yesterday after a week's illness from pneumonia. Mother Phillip was 85 years of age, and had been in religious life for 45 years. She was born in County Wexford, Ireland. The funeral will be held in the chapel of St. Joseph's Convent on Saturday morning. Interment will be made in Holy Sepulchre Cemetery. A pineapple tempted Geo. Raitt, 39 years of age, living at 81 Young-st., this afternoon, and for yielding he was arrested on a charge of theft. A G.T.R. constable is the complainant. Convincing, if True. In answer to a charge of forgery, Aymer Macdonald in police court this morning stated that he could not neither read nor write. He was remanded till May 31 and allowed bail.

The fire department was called to 218 East Barton-st. to-night, to extinguish a small blaze in the laundry of Lee On. Thos. A. Hunt, who fell from a street car last Friday, died this afternoon as the result of his injuries.

One horse was burned to death and another probably fatally burned in a fire which consumed a stable belonging to Jos. White, situated at the rear of his residence at 112 Market-st. The fire occurred at 11 o'clock to-night. The origin is not known. Both horses belonged to White. The loss will be about \$500.

CANADIAN LOCOMOTIVE WORKS

Passed From Control of Hon. William Hartley Yesterday.

KINGSTON, May 26.—(Special).—This afternoon the Canadian Locomotive Works of this city practically passed from the control of Hon. William Hartley. At a special meeting of the stockholders held here the offer of English capitalists, made through Aemilia Jarvis and Co. of Toronto, was accepted. The amount paid could

not be ascertained, but it is understood to be large. Mr. Hartley may remain with the new company, but this is not definitely known. The capital stock of the company is to be increased very largely. M. J. Haney of Toronto was one of the chief stockholders. The new company will shortly be organized.

HYDRO VS. HON. MR. HARTY

Letter is Offered \$50,000 for Falls, But Wants Double.

It is possible that the Ontario hydro-electric commission will find it necessary to institute expropriation proceedings to secure water power for the Ottawa Valley district. A difference of \$50,000 is stated to exist between the value set upon Chat's Falls by the

Ontario commission and the offer. Hon. Wm. Hartley, M.P., who is understood to have quoted \$100,000 as the selling price.

An alternative is to purchase power for the district from the Gailman, in the Quebec side of the Ottawa. The completion of the Dominion government's reserve dams in the Upper Ottawa will soon open the way by equalizing the flow of water for the accomplishment by the Ontario commission's power plans for the district.

Be Good to Your Stomach

Be good to your stomach—it will return your kindness a thousand-fold in health, happiness and strength for the day's work. Nothing so delicious, wholesome and nourishing in Summer as strawberries with

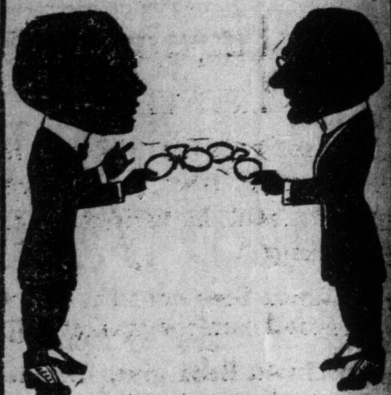

SHREDDED WHEAT BISCUIT

a food that makes muscle, bone and brain without taxing the digestion. Shredded Wheat Biscuit with cream and a little fresh fruit for breakfast will keep the stomach sweet and clean and the bowels healthy and active—better than medicine or any "Spring tonic."

Heat the Biscuit in an oven to restore crispness; then cover with strawberries, raspberries or other berries and serve with milk or cream, adding sugar to suit the taste. If you haven't tried it you don't know all the joys of Summer—more healthful, wholesome and nourishing than soggy white-flour short-cake—always clean, always pure, always the same price. Try it today. Your grocer sells it.

THE ONLY CEREAL BREAKFAST FOOD MADE IN BISCUIT FORM

Two Pairs of Glasses

It is not in the possession of all who wear glasses that they may be changed around, but one pair will always be handy in case the other pair falls and breaks. We prescribe and supply glasses for all ages, and we also do repairing. Whatever your needs in the optical line, it will pay you to come here for them. You get the best value for your money.

DIFFER OVER HYDRO POLES
York Radial Objects to Proximity to Tracks on Kingston-road.
The Ontario railway board heard the application of the city for an order approving of its lead of hydro-electric poles on Kingston Road, from Kenilworth-ave. to Lawlor-ave. yesterday afternoon. City Solicitor Johnston explained that the application was necessary because the construction involved a variation from the standard fixed by the board, under which the poles should be kept away six feet from the tracks, owing to the presence of York Radial poles.

Note and Comment

Blue Bonnets opens next week on Saturday, and owing to lack of equipment will operate with the old-style bookmaking for the seven days in June.

It is now up to closing day, and the meeting will go down in history as the best in many respects in the history of the O. J. C. That the public has seen a new order of things is evidenced by the enormous attendance, the average being up to holiday proportions.

Seven races are on the card for the wind-up of this afternoon, with all the good horses under the iron, including the old Master Doyle, Fitzbert, King James, Olanb, St. Bass, Capersauce, and the best jumpers in training.

Rochester still leads the Eastern Baseball League in a comfortable margin, and it looks as if the best Toronto can do when the champions come next week will be to pull them down a peg.

The soccer men had a joyful time last night at Woodbine. There was a large attendance, with Aid. Baird in the chair. A gold medal was presented to Fred Briggs, and a silver medal to one of the work performed for the league during his occupancy of the presidency.

MUELLER'S EAST WIN OVER MONTREAL TEAM

Consistent Batting by Leafs, Aided by Good Pitching, Made Toronto Look Much the Better Team.

The Leafs had little trouble in winning the second game of the series from Montreal by 9-1.

The game was rather lifeless, this good fielding and timely batting enlivened the proceedings at times. The Leafs bled their hits and had the game on ice all the time.

Mueller was in the box for Toronto and pitched another of his good games, also leading his position in a most creditable manner. He had seven strike-outs, and pitched to the sixth inning only two hits were given up by the visitors.

Three more came in the fourth. Bradley walked. Slattery batted, which he beat out, nobody getting a home run. Mueller made a particularly good play on Yeager's hit in the seventh, when he retired the runner at first. Keeler got hard catch when he tried to run, and Hanford both made nice catches.

STREET WIDENING. A suggestion has been made that instead of rounding the King-st. corners, it would be a good plan to widen the street a little. The block between Yonge and Victoria-streets must all be rebuilt within a few years. Now is the time to inaugurate a policy of widening. The public spirit of the Robert Simpson Company led them to set back the western portion of their building on Queen-street five or six feet. Every one can see at a glance just how convenient such an improvement is, slight tho it may appear to be. It is, in fact, a very great advantage. Six feet on the new buildings on King-street would be of immense benefit to the street, to the pedestrians, to traffic in general.

In the busiest and most valuable part of London, the policy of creating a new street line several feet in rear of the old frontage has been adopted. Old buildings remain as they are, but as they come down to be replaced by new structures, the street widens. It is a simple plan and not burdensome. Here is a chance for Controller Church to do a good turn to posterity. It might be applied on several of our leading streets, including Yonge, King and Queen.

Our legal department ought to be able to say what are the city's powers in this respect, and whether expropriation would be necessary at once, and on what terms.

Toronto is going to be congested in a few years from now until a pig under a gate will be a totally ineffective comparison.

INFANTS IN PRISON. Last week two little infants in arms were sent to jail by a Toronto magistrate. They had committed the crime of being mothered by women who were not so thoughtful for them as some mothers are, and not to show any undue superiority they were fathered on the common jail.

What else could be done with them? Is the natural enquiry of anyone but a stinky sentimentalist. Is there any use in trying to save them from such influences as are linked with the cell and the barred windows? The magistrate had no doubt about the virtuous necessity of committing the infants to jail. Why should he? Where else could he send them? They are probably better and safer under Dr. Chambers than in the places they might otherwise be.

Brother Hanna has not looked into this matter yet, but he knows the verse about "Suffer Little Children." The suffer, all right.

DOMINION DAY PARADE. Now that the races are over the next big horse event is the great open air parade on Dominion Day. It is the greatest spectacle the people have in the course of the year. Everybody sees it. Nobody has to pay anything.

But it costs some money. In addition to necessary routine expenses and the valuable prizes given, every driver who remains in the parade gets a dollar for his trouble, which helps to make a holiday in the afternoon for the wife and weans. Every year since its inauguration the horse parade has improved, and this year's promises to break all records. It is actually a great sight, as the business firms of Toronto keep a very high-class of horses, and the drivers vie with each other in securing the best possible appearance for their teams.

We trust that all who have any interest in animals will do what they can to assist by their influence or their money in adding to the success of the event. Mr. Noel Marshall has been a prime mover in the matter, and he will gladly undertake the responsibility of any enquiries or donations that reach him.

Taft's DOUBLE VOICE. That irrepressible appetite of continentalism, Dr. J. A. Macdonald, made his appearance at the opening of the general assembly of the Church of Scotland, bearing a message from President Taft in favor of unlimited arbitration. Had it stopped there, nothing could have been said, but the message had a tag in the shape of an expression of the president's desire that Canada shall continue to prosper, fixing the British flag and sharing with us the responsibility for North American civilization." Taken by itself and apart from President Taft's other historic utterances, the sentiment does him credit, but how does he square it with his inference that reciprocity will prove a deterrent to Canada becoming one of an imperial band of British states reaching round the world from England to England again? If he sincerely

"FRUIT-A-TIVES" WILL CURE RHEUMATISM

McMillan's Corner, Ont., Sept. 30, 1910. "Your remedy, 'Fruit-a-tives' is a perfect panacea for Rheumatism. For years I suffered distressing pain from Sciatic Rheumatism, being laid up several times a year, and not being able to work at anything. I went to different doctors who told me there was no use doing anything, it would pass away.

"Fruit-a-tives" cures, because like fruit juice it purifies the blood—regulates kidneys, bowels and skin—and thus keeps the whole system free of uric acid. Take "Fruit-a-tives" and you will find instant relief and a prompt cure.

York County and Suburbs

CITIZENS DON'T LIKE RAILWAY OUTLOOK BIT Say Metropolitan is Getting Too Free a Hand—Lively Board of Health Meeting. NORTH TORONTO, May 26.—(Special.)—The individual members of the town council are visibly not overburdened with respect for the Ontario Railway Board, and some of them at least do not conceal their antagonism to the general demeanor of the board in regard to the long-standing difficulties among the Waddington and Winter applications. Solicitor Gibson saw Assistant Manager Wilson to-day and the latter stated that he would have a plan of the proposed switchings ready about Monday, when the solicitor and Engineer James will have an opportunity to look over them.

Without going into the merits or demerits of the Waddington and Winter application, which in the first place is not prompted by the citizens, the fact remains that it is high time the town had some say as to the disposition of things in general. Not the Metropolitan Railway, nor the Ontario Railway Board own the town or the streets, but the citizens, presumably at least, are the proper arbiters of the York County Council in days past in lining themselves up with the private corporation, is bearing fruit in the intolerable conditions which today prevail. The action of the board of Monday last practically leaves the Metropolitan Railway free to increase the present switching accommodations, or put down new ones, as seemed best to them, and what is the town getting out of it all? The privilege of the present state of affairs, but the Hogg's Hollow Hill, and waiting the convenience of the present inefficient suburban service.

Without the thru service to the north probably little fault can be found, but the citizens of North Toronto are not so much concerned with that, as with the local conditions with which they are vitally interested. Mayor Brown and the majority of council are far from being satisfied with the present state of affairs, but they have chosen mostly from the fact of a powerful corporation and other adverse influences.

SPECIAL OFFERINGS Oriental Rugs

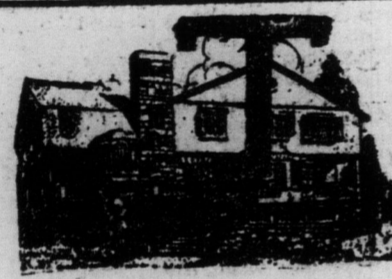

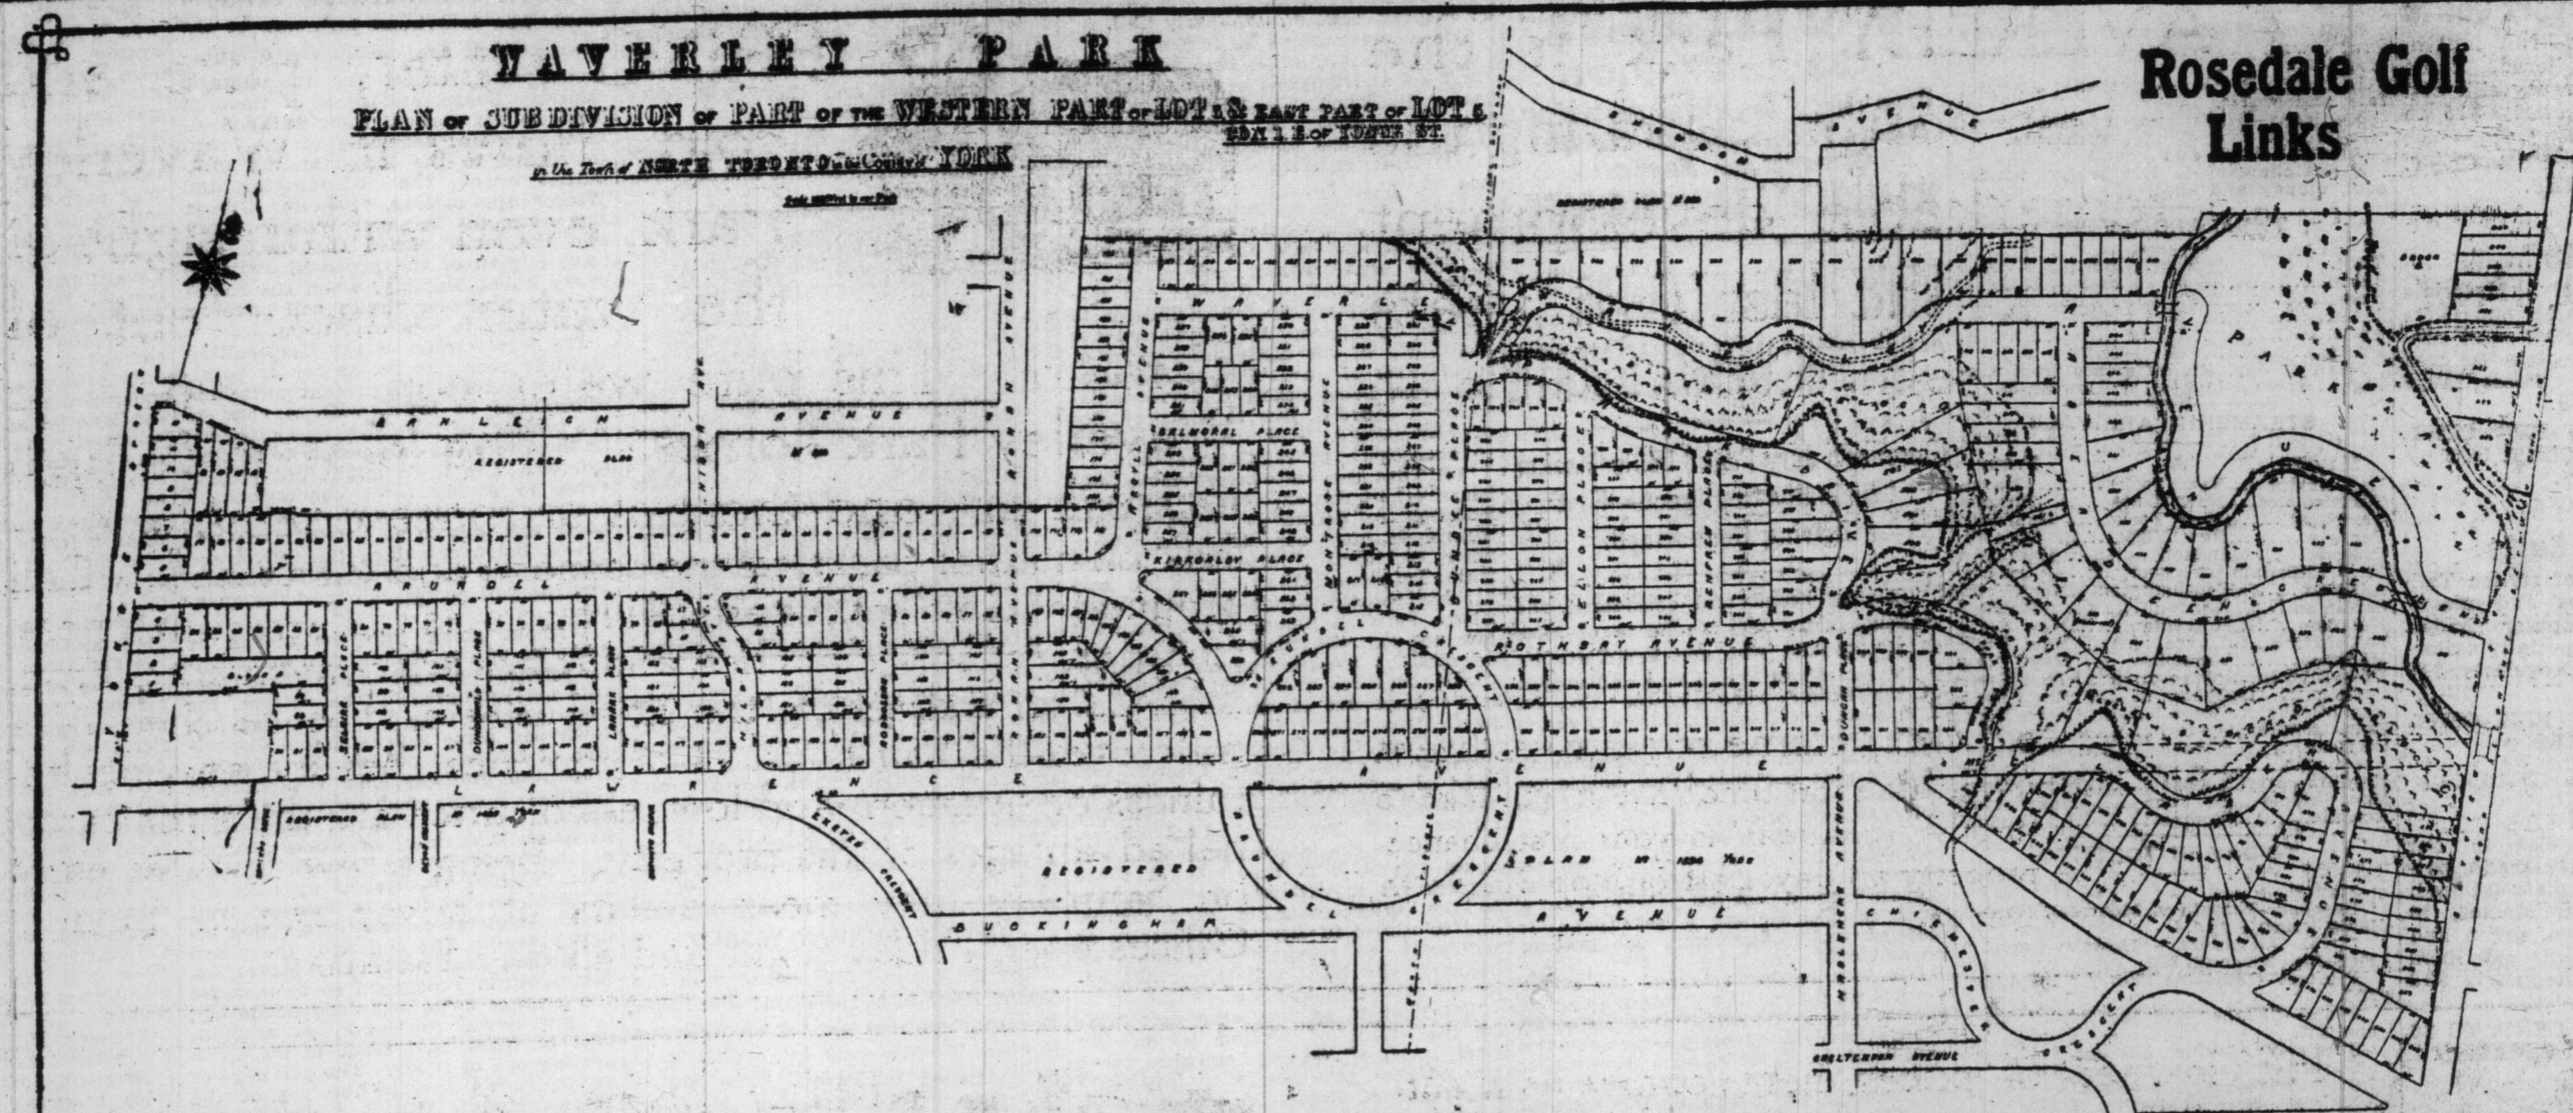

There are many people, we know, who are aware of the fact that we are by far the foremost dealers in Oriental Rugs, but who have not as yet made it a point to pay us a visit. We wish to invite these specially. Will you please come and look over our rugs? It is no trouble to show them to you; that is a part of our service rendered cheerfully, without placing you under the slightest obligation.

(I) We carry a higher grade of Oriental Rugs and a much larger stock than can be found elsewhere in Canada. (II) Our prices are lower than anywhere else in the Dominion. Special offerings this week:—Shirvans at \$17.50 to \$25.00—easily worth double. There are Shirvans and Shirvans: The loosely-woven, coarse specimen, in harsh, glaring colors, which we do not carry. Then the fine grades, in soft, lustrous browns and blues, closely woven, yet in pliable textures. We have an endless variety of these, which we offer this week at the low figures quoted above. May we suggest one of these beautiful Shirvans for an ideal wedding present? WASHING AND CLEANING RUGS—We wash and clean rugs in a special way—the best—which imparts a soft texture and restores the natural lustre of the rug. The work is supervised by a foremost native expert. Every satisfaction assured for this work. Our charge for washing is 50 per square foot.

# WAVERLEY PARK

HE above plan of Waverley Park indicates the splendid natural advantages of situation. Just east of Stop 22, North Yonge St., north of Lawrence Avenue, this desirable residential property subtends the Lawrence Park Estates at the north. Deep lots, crescent thoroughfares, winding roadways, and varied park and ravine landscapes complete the beauty of this exceptional home tract.

IDEWALKS, water, sewerage system, gas, electric light, shade trees, and all other necessities and embellishments of a superior residential community will be arranged. In addition to the delightful wooded portions of the property, trees will be planted over the entire tract. Building restrictions have secured this home community for residences ranging in value from \$4,500 to \$12,000.

### ON THE WARPATH

Hon. Sydney Fisher Opens Quebec Campaign To-day.

MONTREAL, May 26.—Hon. Mr. Fisher was in Montreal to-day en route to his home in Knowlton for a brief rest, preparatory to a series of important meetings through the eastern provinces.

The first meeting is to be held at Farnham on Saturday afternoon, May 27. The chief topic for discussion will be reciprocity and the speakers will be Hon. Mr. Fisher, Hon. Mr. Lemieux, H. E. Allen, M. P., and D. P. Meigs, M. P.

Another meeting is to be held on Thursday, June 1, at Sherbrooke, where the speakers will be Hon. Mr. Fisher, Dr. Beland, M. P., for Beauce, Dr. Pelletier, A. B. Hunt, M. P., C. H. Lovell, M. P., and E. W. Tobin, M. P.

### ARRESTED DETECTIVE

Montreal Labor Men Complain of Illegal Methods.

MONTREAL, May 26.—Declaring they were being shadowed and in one case assaulted by private detectives, a delegation from the Labor Temple waited this morning on Chief of Police Campau, seeking redress from him, and were advised to seek legal advice, with the result that a warrant for the arrest of one detective on the charge of assault is to be issued.

### EARL GREY VISITS SCHOOL

Children Gave Him Excellency Loyal Reception Yesterday Afternoon.

"Give me a kiss," said Earl Grey to a little tot who presented his excellency with a bouquet of roses at Earl Grey School yesterday afternoon, but the coy little maid shrank back. The King's representative pleaded, however, and finally won out. The flower committee consisted of two little girls, not more than half-way distant to their teens. They dropped the bouquet, but recovered it and made the presentation with some show of dignity.

### COMPLETES FLY TO MADRID.

MADRID, May 26.—Pierre Veldrine, the French aviator, arrived at the Spanish capital from Burgos at 8:08 o'clock this morning, being the first contestant to complete the third stage of the Paris-to-Madrid aviation race, and the almost certain winner. He covered the distance of 140 miles between Madrid and Burgos, where he landed yesterday from St. Sebastian, in two hours and forty-five minutes. Gilbert and Garros are still stalled in the mountain fastnesses, and it is not thought probable that they will be able to finish within the time limit.

### Services at the church of St. Andrew, Centre Island, will start to-morrow, and will be conducted during the season by Rev. Dr. Boyle of Trinity College.

### NIAGARA CAMP WILL BE DRY.

A "dry camp" has been decreed by Brig.-Gen. Cotton for the annual training at Niagara this year, and the Canadian soldier will have to slake his thirst with Adam's ale instead of enjoying the seductive product of the brewery. The order of Gen. Cotton affects not only the army canteen, but prohibits the use of spirituous liquors in officers' and sergeants' messes as well. This order has been issued notwithstanding the recommendation of Sir Percy Lake, former inspector-general, that the sale of malt liquors might be permitted.

### Could Not Rest at Night. Back Was So Weak.

Weak, lame and aching backs are the primary cause of kidney trouble. When the back aches or becomes weak it is a warning from the kidneys that everything is not right with them. Heed the warning; cure the weak, lame, aching back and dispose of any chances of further trouble.

### FARMER'S WIFE TELLS HER STORY

Found a Cure for All Her Ills in Dodd's Kidney Pills. She Was Tired, Worn-out and Nervous and Suffered From Rheumatism, But Two Boxes of Dodd's Kidney Pills Cured Her. "I suffered for twelve years," Mrs. Alexander says, "My back ached, my sleep was broken and unrefreshing, I was nervous and tired and I was troubled with heart duffering, Rheumatism developed and added to my suffering. I was in a very run-down, worn-out condition when I started to use Dodd's Kidney Pills, but I am thankful to say they gave me relief almost from the first. Two boxes cured me completely. Dodd's Kidney Pills cure the Kidneys, Guard Kidneys mean that all impurities are strained out of the blood. That means pure blood all over the body and the banishment of that tired, heavy feeling and those pains and aches that impure blood brings."

### Offer for Slocum Company Property.

The T. A. Slocum Chemical Company, of which L. S. Levee is head, have received an offer of \$38,000 for their property at the corner of Spadina-avenue and Phoebe-street. The property has a frontage of 35 feet on Spadina-avenue and a depth of about 100 feet on Phoebe-street. Pearson Bros. made the offer on behalf of a client, whose name is withheld.

### On Burglary Charge.

BROCKVILLE, May 26.—(Special.)—Charles Duff, a local character, and John Fleming, who hails from Belleville, are being held by the police on a charge of burglarizing bakery.

### MOTOR BOAT ACCIDENTS

#### Explosion From a Lantern—Boat Cut in Two.

BROCKVILLE, May 26.—(Special.)—John Ferguson was cleaning a motor boat at Dark Island when an explosion occurred from a lantern in the boat. His arm and hand were terribly burned. One of the first river accidents is reported from Crossman's Point. Walter Scaman started in his motor boat to cross to one of the islands and collided with another "put-put" which struck his craft amidships, cutting it partly in two. Scaman was thrown on the deck of the other boat and escaped with a few bruises.

# NORTH TORONTO

**WAVERLEY** Park is the "last north." During the remarkable development of North Toronto in the last two years nearly every foot of close-in, high-class home property has been secured by far-seeing investors. On Saturday, Waverley Park is offered as the last remaining, highly desirable section in the half-hour radius from the city centre. Consider well the superior surroundings; then realize that prices -- \$18 per foot front and upwards -- are most moderate. For a home or an investment this unusual opportunity will last but for the short time that it will take to sell the property; therefore act promptly. Saturday is your first chance. Our representatives will be on the property all day, East of Stop 22, North Yonge Street, North of Lawrence Avenue.

**PRING** water, pure and cold, flows in Waverley Park, even within sight of the water discontent of Toronto. This pure water can be piped to Waverley Park homes. The location is high in fresh air, and there is a most cheering outlook on natural parks, ravine scenery, and the Rosedale Golf grounds. Golf enthusiasts will find splendid recreation here. Colleges, schools, churches, and stores are convenient. From Stop 22 on a street car the city centre can be reached in a trifle over the half hour. Convenience, beauty and healthfulness of situation, and lowness of price are the three cardinal advantages of this property. Being a few minutes early on Saturday may mean dollars of advantage in buying. Offices open Friday night and all day Saturday.

**THE** lowness of prices here comes as a surprise after viewing and pricing the high-class surrounding property. We have left our clients a wide margin for a most profitable investment. Starting at only \$18 per foot front and upwards, Waverley Park homesites are bound to be eagerly sought by home investors. Terms: 25 per cent down and the balance arranged. The quick buyer has the whole Park for choice. Be quick. Be there on Saturday, the opening day.

**WRITE,** phone, or call personally for complete information or for appointment to visit Waverley Park in company with a Robins representative. Take a Metropolitan car to Stop 22, North Yonge Street. Inspect the property east of this point, immediately north of Lawrence Avenue. A motor car trip over the property may be arranged by phoning Main 7171 or North 5432.

### HOUSE FAMINE ACUTE IN CITY OF CHATHAM

Newcomers Erecting Tents—Big Factory Boom—Building Operations Brisk.

CHATHAM, Ont., May 26.—(Special.)—The house famine has reached such an acute stage in this city that vacant lots are renting for high prices on the north side, where newcomers are erecting tents to live in till such time as they may be able to secure houses. Many families have already established themselves in tents in North Chatham.

An eighty thousand dollar pork and beef packing plant is to be erected here in the east end by O'Keefe and Drew. It is being built for the purpose of taking care of seventy-five per cent of the hogs and cattle slaughtered in the western peninsula. Chatham is experiencing the greatest factory boom in her history, and building operations are so brisk that labor cannot be secured to keep up with the demand for it. Nearly every factory in Chatham is behind with orders because of the shortage of tradesmen.

Sugar beets planted early in this county will be pretty much a failure.

But experts say that the beets now being sowed will be a bumper crop. There is a war on for territory among the several American sugar companies interested.

### TRUNK SEWER RUINED BUSINESS

The King George Cafe on West Adelaide-street, near the Grand Opera House, has assigned to Oser Wade for the benefit of its creditors. The restaurant was opened last September by Mr. Jarvis Harrison, and the circumstances pointed to success. The trunk sewer, under construction on the north side of the street, however, has proved detrimental to the business, it making the street so dirty that pedestrians avoided it whenever possible. Mr. Harrison states that an outlay of some \$600 was made before the doors were opened, and that if the work on the sewer had been completed by Christmas, the restaurant would have proved a success.

The Forth and Potter Ladies' Neckwear Company has also assigned to Oser Wade. The firm's affairs are now being looked into.

### Next Week at Scarborough

Next week's bill at Scarborough Beach promises to be a particularly strong one. The free vaudeville performance will consist of four acts, as follows:

Brooks and Kingman, high-class comedy scenarios, at 2:15 and 8:15 p.m.

Millard Bros., trick and comedy bicyclists, at 2:40 and 8:40 p.m.

The Mascagnis European whirlwind dancers, at 4:15 and 9:15 p.m.

Yvels and his Venetian band of juvenile musicians have been re-engaged for another week, as they have proved a very popular attraction.

Something besides mere entrance to the park is given with the price of admission to Scarborough Beach this season. Each admission ticket contains a coupon entitling the holder to the privilege of visiting the Ticker, the Midway, the Johnstown Flood, the Aerial Swings or the laughing gallery. In other words the price of the admission ticket is practically handed back to you inside.

Creola Hanged. MONTREAL, May 26.—Francisco Creola, 20 years old, paid the penalty at 8 o'clock this morning at the Montreal jail, for the murder of Giuseppe Chino. He was the first Italian to be hanged in the Province of Quebec.

## COUPON FOR THE WORLD'S THEATRE PARTY FOR Crippled and "Stay-At-Home" Children

LYMAN H. HOWE TRAVEL FESTIVAL  
... ROYAL ALEXANDRA THEATRE ...  
SATURDAY, MAY 27th, AT 10 A. M.

This coupon presented at the Theatre, entitles any DESERVING child to free admission. Doors open at 9.45.

"Kiddies" make some other children happy whose parents are not so well off as yours, by sending them the above coupon. Then they can go to the Royal Alexandra Theatre free next Saturday morning. They will have lots of fun with Lyman H. Howe, who will take them to "old" London, France and many other places and show them motor-boat racing, the launching of the biggest boat in the world, and heaps of other things. If you know of sick children, send their names to the Circulation Manager of The World, and he will see that they are taken to The World's free theatre party next Saturday morning.

### T. P. O'CONNOR'S ARTICLE. GLORIOUS DEEDS OF ENGLISHMEN.

T. P. O'Connor, M.P., writes for The Sunday World this week a forecast of the "Furies" treatment of the veto bill in the house of lords. Mr. O'Connor is one of the greatest of British journalists, and his point of view is always interesting, even if we do not agree with him.

### NELL BRINKLEY'S CARTOONS.

Nell Brinkley's pen and ink sketches are one of the features of The Sunday World. We have two grand ones this week.

### ARE YOUR CORNS TENDER?

Why keep them—why suffer when cure can be had in twenty-four hours by using Putnam's Painless Corn and Wart Extractor? Its healing balms and soothing qualities relieve the pain in a few hours; the hard kernel of the corn is dissolved away. Absolute satisfaction in a 25c bottle of Putnam's Painless Corn and Wart Extractor.

### A DAINTY MORSEL

Horse Pulled Rat From Lady's Hair and Devoured It.

CHATHAM, May 26.—(Special.)—A farm horse tied near the Central Drug Store to-day reached out at the head of an unknown young woman, who was passing and pulled the rat from her hair. The screams of the lady brought the owner of the horse to the rescue, but the horse had devoured most of the rat before it could be taken away from him. The lady made a quick disappearance.

### SUCCESSOR TO ARCHBISHOP.

The priests of the archdiocese of Toronto, will shortly meet to select three names to be recommended as successor to the late Archbishop McEvay. The meeting will be held immediately after the "month's mind" requiem mass for the late Archbishop, which will be about June 12. Following the usual custom, the three names will be forwarded to the bishops of the province, and in turn these will be sent thru the papal legate to Rome. The Holy Father is not bound to accept any choice.

### Six Killed by Lightning.

KINGSTON, Jamaica, May 26.—During a thunderstorm to-day lightning struck a building on a banana estate on the western end of the island, killing six laborers and injuring seven.

## TRENTON (Ontario)

CANADA'S CHEAP ELECTRIC POWER CENTRE  
MANUFACTURERS are invited to carefully consider the advantages offered by the centrally located Town of TRENTON [Ontario] for the location of factories.

POWER.—The cheapest developed electric power (24-hour service) delivered at customers' terminals, is obtainable at \$15.00 per horse power. This rate is for 100 h.p. or over. Slightly higher rates are charged for smaller quantities, the highest price being \$18.000 for 20 h.p. lots. No other Ontario town has to-day such cheap power to offer.

TRANSPORTATION.—The main lines of the three large Canadian railways, viz.: Grand Trunk, Canadian Northern and Central Ontario, run directly through Trenton, and it is expected that the Canadian Pacific Railway will within two years also touch Trenton, the surveyors being now on the route.

Large Passenger and Freight Steamers ply during navigation between Hamilton and Quebec, also to United States ports, calling regularly at Trenton.

The Trent Canal System, connecting Lake Huron with Lake Ontario, has its southern outlet at Trenton, and it is expected that it will be completed and in operation within two years.

Trenton will grant reasonable concessions to industries.

REFUSE TO FIX TIME FOR REPAIRING INTAKE

City Gets Three Tenders For Job—Five Hundred Feet Extension to Cost \$62,000.

The repairs and extension of the intake pipe were the subjects of discussion at the meeting of the board of control yesterday...

The Canada Foundry Co.'s tender for the new intake mouth, to cost \$17,500, and flexible joints of the pipe, to cost \$14,500 each...

The names of the other two tenders were not given out. One tender merely to supervise the city men's work on the city's plant...

Despite wondering comments, Mr. Rust kept strongly to his former declaration that it was impossible to lay the new pipe extension this year...

"I think every engineer will agree with me," he said, "that it is impossible to put in the extension this year."

Control Spence wanted him to put men out by day labor on the work on Monday, but Mr. Rust objected to any work being done before the tenders were let...

The work must drag into next season," said Mr. Rust. "The only thing to do is to put a premium on quicker work."

The only tender for the pipe for the extension work was from the Canada Foundry Co., which made the city two offers...

Under a clause of the Gold and Silver Marking Act, G. Malcolm, vice-president of the Gordon-Mackay Co., was fined \$25 before Judge Winchester...

Delightfully situated in a private park on the shore of Lake Ontario, the Queen's Royal Hotel is a beautiful structure...

TANNER & GATES REAL ESTATE

TANNER & GATES REAL ESTATE

# WHERE TO BUY REAL ESTATE

Is it not logical and reasonable to assume that one has a very much better chance of making a profit out of Real Estate investments on property that is within easy reach for personal inspection—as against property in foreign countries or in the far West?

The advantages of buying where you can see the property without much expense or trouble—are obvious and innumerable—among them might be mentioned:

- 1st—One can have a clearer and more accurate idea of values.
- 2nd—One can judge for himself as the ultimate prospects of development and consequent increase in values.
- 3rd—There is a quicker and surer market, thus one is able to turn the property over at short notice whenever it is most advantageous.
- 4th—The property is always under one's notice.
- 5th—In an established city like Toronto—the growth and development is assured—the values cannot be so easily discounted—and appreciation in value is bound to occur.

Our reputation for the successful opening up of desirable subdivisions is unequalled. We gladly refer you to any of our Clients. We give below particulars of two extremely desirable propositions that are bound to make money for both investors and homebuilders.

## HIGHBOURNE PARK

This is without doubt the choicest residential district north of Upper Canada College. The land lies high and level—with a magnificent outlook.

The property is bounded by Eglinton Avenue on the north, Highbourne Road on the west, Oriole Road on the east, and College View Avenue on the south, and is one block east of Avenue Road.

**SEWER WATER AND SIDEWALK**

Sidewalk and water mains are already laid and a sewer will be put down this summer on Highbourne Road. On Oriole Road a six-foot sidewalk is now being laid; the water mains are laid, and the street will be graded within three or four weeks, a sewer will be put down as soon as needed or requested.

Electric light can be supplied on both streets as soon as needed for residences.

Prices are moderate and easy terms can be arranged.

## FOREST HILL HEIGHTS

Forest Hill Heights is situated about ¼ of a mile from the present city limits—is south of Eglinton Avenue, and a short distance west of Avenue Road.

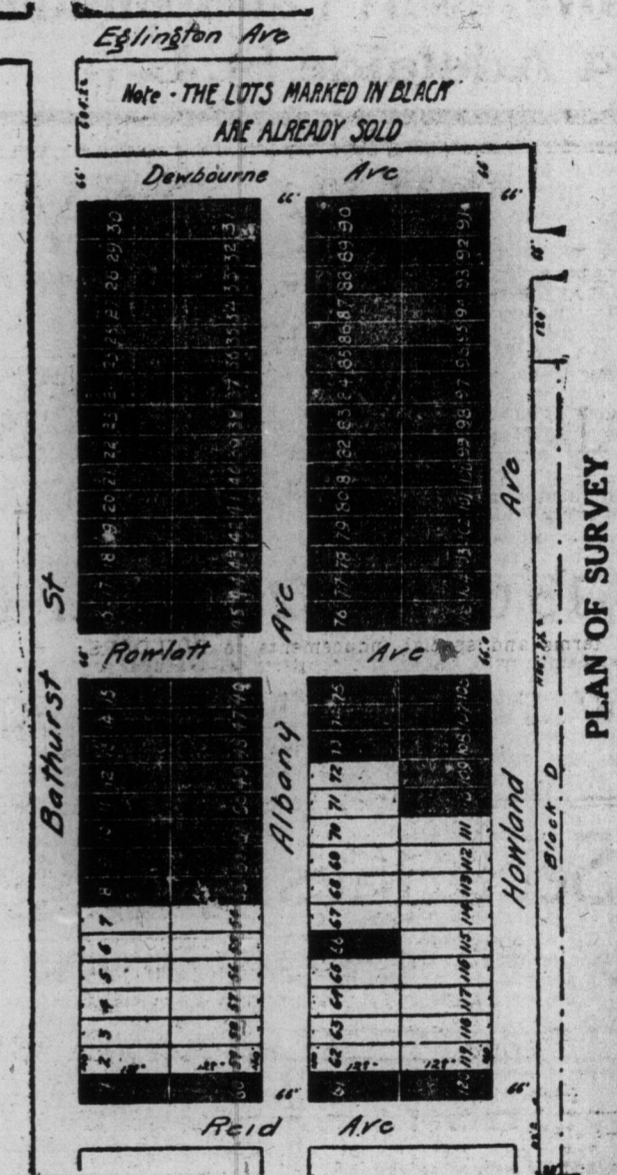

This subdivision was put on the market only two weeks ago, and as will be seen by the map, there are only a few lots left.

We strongly advise you to inspect these remaining lots at once.

We can sell you single lots at Forest Hill Heights for from \$20.00 per foot up, about one-third the price at which lots are being sold for only a few hundred yards east and south, right now, and the same or lower prices than the adjacent properties are being held at WHOLESALE by the acre.

### \$100.00 CASH

Is all that is necessary to secure one of these 40-foot lots—balance on easy terms.

When one realizes the fact that Toronto runs almost twelve miles east and west and only about two and a half miles north and south, it can easily be appreciated that the natural course of growth for the next few years will be north from the lake. North Toronto has voted in favor of annexation.

From the standpoint of altitude, health and the short distance from the heart of the city, the best residential district of the city must be on the "Hill" south of Eglinton Avenue, which is less than four miles north from the lake.

Under these conditions it is inevitable that such exclusive and restricted property, so near the centre of the city, and with such favorable natural features, means of transportation, etc., will take precedence over all other residential property at the east and west ends of the city.

We shall be glad to motor intending purchasers up to either or both of these properties.

### FREIGHT TROLLEY STRUCK LEHIGH VALLEY EXPRESS

Canadians Injured, One Fatally, in Accident at Tonawanda Junction, N. Y.

NIAGARA FALLS, N.Y., May 26.—(Special)—When a Lockport freight trolley crashed into a westbound Lehigh Valley passenger train at Tonawanda Junction this afternoon, two people were fatally injured and ten more seriously hurt. Mrs. A. P. Garrett of Brantford, Ont., is dying at the home of Stanley C. Peuchen, where she was taken after the accident. George A. Torres, a traveling salesman from Boston, Mass., is so seriously injured about the head that physicians declare he cannot recover. He is in a temporary hospital that has been arranged. The injured, who are being cared for by local physicians, are: H. N. Travel, Buffalo, internally injured; Miss Evangelin Travel, his daughter, head injured; Alex. Ross, Buffalo, right arm broken; J. H. Freer, Galt, Ont., left leg broken; Ira Scott, Buffalo, 10 years old, face cut, internal injuries; Mrs. Catharine Scott, Buffalo, hip broken; Chester McLaren, both arms injured. Several others were also slightly injured. Motorman W. E. Bradley of the freight trolley said after the accident that the brakes refused to work. He and conductor L. E. Mertaugh saved themselves by jumping. At the scene of the accident the tracks of the Lehigh Valley and the one on which the freight trolley was operating run at right angles. The trolley struck a coach of the train and hurled it down an embankment, reducing it to kindling.

### DEVELOPMENT NOT DELAYED

Pearl Lake Mines Keep Up Work and Arranges for Stock of Provisions.

PORCUPINE CITY, May 26.—(From Our Man Up North.)—The McIntyre and the Pearl Lake Gold Mines continue to work with little or no interruption regardless of the fire. Provisions were the only commodities needed by the Pearl Lake Gold Mines to keep the hammering up just the same, and the next day following the rush of the wall of flames a cart-load was taken in. Today arrangements have been made whereby a new stock will be on hand by Wednesday.

The force of men had been reduced to 50 at the time of the fire, as all wood choppers were laid off, and it may be necessary to reduce the force to the actual number employed in the three shafts and the surface workers for a period of a week or so. But, so far as the mining operations are concerned, the work will be forged ahead just the same. The office and storehouse will be rebuilt. On the McIntyre the power house and

### Steel Makers Will Meet

PITTSBURG, May 26.—A general meeting of steel manufacturers will be held in New York Monday to discuss trade conditions. The price of \$1.25 on steel bars made by the Republic Steel Co., applies to jobbers until Oct. 1. In some local trade circles it is said that cuts are about to be made on plates and shapes and even steel rails by all makers. Between 60,000 and 75,000 tons of steel bars have so far been sold at the new quotation. The Cleveland Railway Co. has given an order to the Carnegie Steel Co. for 20,000 steel ties.

### A DINNER TO HAMAR GREENWOOD.

Mr. Donald Armour gave a dinner on Wednesday evening, May 17, at his house in Harley-street, London, in honor of Mr. Hamar Greenwood, M.P., who was married on May 22. Amongst the guests, all well-known in the Anglo-Canadian world, were the following: Sir Charles Ross, Bt.; Sir Frank Nevins, Bt.; Sir William Mackenzie, president Canadian Northern Railway; Hon. Charles Russell, solicitor to the Canadian Government; Admiral Kingsmill, Royal Canadian Navy; Col. Fortescue, commanding King Edward's Horse; Mr. T. P. O'Connor, M.P.; Mr. Donald MacLean, M.P.; Mr. Donald Macmaster, K.C.; Mr. J. G. Colmer, C.M.G.; Mr. Thomas Skinner, governor of the Hudson Bay Company; Mr. A. W. Smithers, chairman of the Grand Trunk Railway; Mr. F. Williams Taylor, London manager of the Bank of Montreal; Mr. Granville Cunningham, manager of the Central London Railway; Mr. W. L. Gifford, secretary to the Canadian Government office; Mr. H. V. F. Jones, London manager of the Canadian Bank of Commerce; Mr. K.

### IRISH CLUB PROPERTY SOLD

The property at 718 Simcoe-street, recently occupied by the Irish Club, has been sold to S. Weber, the price being \$11,500. The property has a frontage of 60 feet. It is the purchaser's intention to erect a large hall with a dining room capacity of 400 or 500 people. Halls of this capacity are not available, and are much sought after. The Jewish people as a rule hold their wedding festivities in such halls, and hitherto have been unable to secure a place with sufficient accommodation.

### Cows Electrocuted.

BROCKVILLE, May 26.—(Special)—Five thoroughbred Ayrshire cows belonging to Thos. Jones, a farmer, being just across the line, were electrocuted by the dropping of a live high tension transmission wire which crossed the farm. The animals were valued at \$100 each.

### MORE REGULATIONS FOR CLUBS

The license commissioners are making some more digs at the club licenses. This time they cut one off, reserving that privilege for their annual meeting, but they made a regulation that will make unnecessary the heads that wear crowns permitting them to dispense strong beverages. The said regulation states that they must give the commissioners by July 1 a list of all their members over 16 and a list of those under age with their ages.

### TORONTO BOWLING CLUB EXCURSION.

Special Train to Buffalo, Saturday, May 27—Return Fare Only \$2.00. Train will leave Toronto via Grand Trunk Railway System at 8.00 p.m. Return limit Monday, May 29. This is an excellent opportunity for those wishing to spend the week-end in Buffalo.

Garrison Sergeants' Concert.

The Queen's Own Grenadiers, 48th Highlanders, and the different units of the Toronto Garrison, will all contribute numbers to the sergeants' concert to be held in the armories on Saturday evening, June 3. It is several years since an assault at arms has been held and from the array of talented men that has been selected should draw a large crowd of military enthusiasts to celebrate His Majesty's birthday.

Woman Was Burned.

Sarah Staunton, searching for something she had dropped in her room at 128 York-st., at 2.45 yesterday morning, set fire to a bundle of newspapers. She tried to smother the flames. She was

burned about the hands, arms, head, face and neck. The seven people in the house were forced to make a hasty escape. The damage to building and contents was about \$150.

Farmer Left \$18,000.

Cornelius Henry, a farmer of King Township, left an estate valued at \$18,400. He left an annuity of \$200 to his wife; \$2000 to his daughter, Zinnie; \$2000 to another daughter, Catherine; \$1500 to his daughter, Margaret; and to his sons, Matthew and Patrick he left \$5200 each.

Hollinger and Beaver Create Interest on Mining Exchanges

Hollinger is Still the Leader Of the Porcupine Stocks

Premier Porcupine Rises to Almost Its Record Price—Cobalts Are Quiet, But Beaver and Rochester Show More Strength.

Friday Evening, May 26. Although the dealings on the Toronto Mining Exchanges to-day were not heavy, the buying power was sufficiently good in several issues to cause sharp rallies in the particular stocks acquired after.

In the Porcupine issues the main feature was Hollinger stock, which under aggressive purchases advanced to almost its record price, and although the price reacted from this level a few cents, the support to these shares was good up to the present selling price.

SHIPPER IN THOMAS TOWNSHIP

This is the Statement of Alfred G. Minter, a Los Angeles Miner.

The Toronto World received a call from Mr. Alfred G. Minter yesterday. His statement follows: "In summing up the operations in the Porcupine Camp as the World did on Friday, it should not forget what the Porcupine Eastern is really doing in Thomas Township.

"Now that the claims are clear of snow, active operations are being pushed forward on the Porcupine Eastern properties. "We are working two shafts of men, and our first shaft is down between 30 and 40 feet. We are in good quartz vein, showing assays from \$12 to \$15 per ton.

"At the 100 foot level we shall cross-cut and do considerable drifting. We have done considerable stripping on this vein, I should say between 200 and 300 feet.

"My aim is to make the Porcupine Eastern Mine the first shipper from Thomas Township, and I believe I can do it in 60 days.

"I shall probably go up to the camp next week so as to push the work more aggressively. Our camp has permanent quarters now, and has provisions for several months.

"Porcupine Eastern is practically financed, and has a treasury reserve of 400,000 shares."

Success Gold Mines, Ltd. One of the Best Gold Properties in Porcupine

The above shows the position of the property of THE SUCCESS GOLD MINES, LIMITED. Eleven veins, varying to over 12 feet wide, have been uncovered on this property. They all contain gold, and the majority of them can be traced through to "VIPOND" and "CROWN CHARTERED" on the west, to the "DOBIE MINES" on the east.

THE SUCCESS was the first striking and the pick of the now famous Gold Belt of Southwest Tisdale. THERE are 160 acres in one block, in the very centre of the mineralized zone, as shown on the geological map prepared by Provincial Geologist Willet G. Miller.

The title is perfect under patent in fee simple from the Crown. The capitalization of the Company is 2,000,000 shares of \$1.00 each, and 800,000 of these shares are reserved for treasury purposes.

Arrangements are being made for the erection of a forty-stamp mill with all the machinery and appliances necessary for vigorous and effective development of the property.

The Porcupine Power Company's transmission line from Sandy Falls, on the Mattagami River, passes directly through the centre of the 160 acres, and will be an important factor in its rapid and economical development.

THE IDEAL SITE The Northern Ontario Trust Townsite is the ideal one in the whole district. This location has already progressed 100 per cent. in advance of other locations. Public improvements are under way and will be made in all parts of the townsite.

TERMS ARE EASY You can buy a lot in this townsite at prices and terms to suit yourself. Maps furnished on application. I have on hand business plans already to occupy for sale at reasonable figures. Write or wire, TIM MARLEAU, Agent The Golden City. Porcupine City, Ont.

Success Gold Mines, Ltd. One of the Best Gold Properties in Porcupine

THE above shows the position of the property of THE SUCCESS GOLD MINES, LIMITED. Eleven veins, varying to over 12 feet wide, have been uncovered on this property. They all contain gold, and the majority of them can be traced through to "VIPOND" and "CROWN CHARTERED" on the west, to the "DOBIE MINES" on the east.

THE SUCCESS was the first striking and the pick of the now famous Gold Belt of Southwest Tisdale. THERE are 160 acres in one block, in the very centre of the mineralized zone, as shown on the geological map prepared by Provincial Geologist Willet G. Miller.

The title is perfect under patent in fee simple from the Crown. The capitalization of the Company is 2,000,000 shares of \$1.00 each, and 800,000 of these shares are reserved for treasury purposes.

Arrangements are being made for the erection of a forty-stamp mill with all the machinery and appliances necessary for vigorous and effective development of the property.

The Porcupine Power Company's transmission line from Sandy Falls, on the Mattagami River, passes directly through the centre of the 160 acres, and will be an important factor in its rapid and economical development.

STEINDLER'S SUCCESS AGAIN DEMONSTRATED

President of Kerr Lake Mining Company Strikes Luck in His Mining Venture.

PORCUPINE, May 24.—Some men have the special ability of striking success every time they make a venture, whether in mining or in any other branch of life.

The American Goldfields Company owns two properties in Porcupine, one adjoining the Foster property, now known as the West Dome, and the other in close proximity to Porcupine Lake.

On the other property of the American Goldfields, Limited, six promising veins have been found in trenches, and on three of these quantities of free gold shows and several assays run from one hundred dollars a ton up.

Officers have been given for the immediate equipment of both the properties with shot drills and other machinery, and as the company has been provided with all the funds necessary to thoroughly develop the two properties work will be proceeded with without delay.

WELLAND

The record of WELLAND'S growth in the past five years exceeds anything Ontario has ever known.

From 1700 people to 7000 people—from one factory to twenty-five factories—is the proud record.

Every foot of real estate should double in value this year as it did last.

Would you not like to own a few lots in this great manufacturing town when you can get them at ground floor prices—from \$50.00 per lot up?

All Prices Will Be Raised 10% on June 1st.

relative to the work of the mines for the mark of perfection attained in the camp is being worked. Only instances that no one, not even the shrewdest in charge of work in the most favored spots, could even reach half-way up to the standard set.

Their one honest desire is to reach the development work on a legitimate basis and locate ore bodies in the regulation way which is and thru existing, guesstimated ways that come thru the desire of men to create something which could not exist in the short time the camp has been working. Only harm and not good, they claim, could come from these ill-adviced efforts at a time when the camp's real work should really shine its best.

It would appear that the stand taken by some of the mine managers is indeed sound logic and all for the good of Porcupine. It will take several months to properly round up ore bodies on the good prospects, and to get the standard of work going on now is too high so early in the summer, only disappointment to those who come to look for some ore on the hill.

There is not a cloud in the Porcupine sky to mar the mining work now going on, and with efforts redoubled to rebuild the Hotel camp, with its history and better scale while other properties are proving up, the mine managers are content to let the work stand as it is now for the future. The "tipsters" and "jokers" should be willing to do the same.

They and only they will there be a great Porcupine with a glorious history of advancement, spread over a period of years, and not all crowded into a few short weeks by the imprudent ones.

Porcupine mine managers greatly feel the disadvantage of many of the exaggerated rumors put into circulation on the outside thru "tipsters."

Speculation in Coarse Grains The Feature of Chicago Pit

Absece of Rain Serves to Attract a Following in the Oats Options—Corn Higher—Wheat Futures Steady.

CHICAGO, May 26.—Pitling from deficient moisture and from stifling temperatures threatening the wheat crop southwest, kept speculators today in a bullish mood. Closing prices were firm at last night's level to 1/2c above. The end of the day left the market at 1/4c up and oats at an advance of 1/2c to 3/4c. In provisions the outcome varied from 1/2c gain to 2/10c loss.

During the session July sold at 87 1/2c to 88 1/2c, and finished at 89 1/2c, a net gain of 1 1/2c. Covering by shorts in the corn market was on a huge scale, the bullish cash situation forming the main feature, according to the strength of wheat. A great deal of influential selling developed on the advance. July receipts between 1909 and 1910, closing firm, 3 1/2c up to 5 1/2c to 5 3/4c.

The bulge in grain was attended by a larger trade than has been witnessed for some time. High and low points for July were 1909 and 1910, closing firm, 3 1/2c up to 5 1/2c to 5 3/4c. A rise of 1/4c compared with last night.

Provisions advanced with grain and because of a light run of hogs, but gradually sagged under increasing liquidation. When the pit was cleared pork retained 7/8c to 1 1/2c of the upward movement, but other products were back to within a few cents either way from the figures of 24 hours before.

Receipts at Primary Centres. Receipts of wheat in car lots at primary points, with comparisons, were as follows:

Table with columns: Chicago, Winnipeg, Duluth, Minneapolis, To-day, Wk. ago, Yr. ago.

Corn. Receipts 710,000 320,000 420,000. Shipments 464,000 438,000 371,000.

Abnormal Heat Harmful. Modern Miller says: Recent rains were of general, but of uneven distribution and abnormal heat for this season of the year is causing fear of damage to winter wheat. Advice from the southwest is deplorable, and from other sections there are reports of tain stand and small heads; otherwise prospects are satisfactory.

SAFE LOCK FENCE TESTED FOR GERMINATION TESTED FOR PURITY USE ONLY THE VERY BEST SOLD BY LEADING MERCHANTS EVERYWHERE

Three Years' Trial has proven the "Safe Lock" fence to be, without a shadow of a doubt, the strongest and most serviceable wire fence on the market in Canada. Look at the illustration herein. There is absolutely no kink required to prevent the stay from slipping on the strand, therefore the horizontal wires are as strong at the point where the stay is attached to it as at any other place along the wire.

The "Safe Lock" is the only fence made of No. 9 wire throughout that has no kinks or sharp bends in the strand wires.

An ordinary kink, such as is frequently put in wires to prevent the stays from slipping, weakens the wire to the extent of approximately two hundred pounds. By this you can appreciate the advantage gained by not being required to kink the strands, as the strain of a fence is all put upon the strands.

Write us for the name of our nearest agent and for our catalogue. We still have some territory open for live agents. Write us for agency if you can handle a good line of fencing and gates.

**Summer Clothes for Men**

We often hear time-honored saws quoted as to the exact day on which to discard winter underclothes or put on a summer suit; but our advice is, "consult the sun." Similarly, one often hears advice doled out as to what kind of summer clothes to get, and where. Our advice is, stick to the people who treat you well, and give you your money's worth in clothes of good appearance and lasting quality. If the clothes you bought last summer didn't fulfil these qualifications, go to Simpson's.

The departments devoted to men at this store seldom lose a customer, and the selection, of which the following are reasonable examples, is comprehensive and up-to-date: **MEN'S TWO-PIECE SUMMER SUITS AND TROUSERS.**
