KENNEDY PROMISES FURTHER CHARGES

Has Engaged Counsel to Press Investigation Into Fire Department.

SUSPENDED BY CHIEF

Action is Taken by Department Head Without Reference to Controllers.

Without the formality of instructions from the board of control, William Smith, chief of the fire department, yesterday afternoon suspended Andrew Kennedy, superintendent of the mechanical department. The suspension was made on the grounds of "insubordination," and follows charges made by Kennedy, W. W. Hill, which were read at the meeting of the board of control on Thursday morning.

The board ordered the chief to make a report on the suspension, which was to the effect that he had forced Kennedy to pass apparatus against the better judgment of the motor mechanic, and that licensed drivers were responsible for the large number of accidents in the department, but as soon as he heard of the charges, the chief ordered that Kennedy be suspended.

"Either I am to be in control of the department or I am not," said the chief. Pending an investigation into the allegations, the chief has appointed William R. Ballantine, a returned soldier, who has been in the mechanical branch for over a year, to be motor mechanic.

Kennedy will back charges. Kennedy states that he is prepared to stand by every assertion made in his letter. He has engaged counsel from Robinson, Godfrey and Pheasant, and is preparing his case.

"I am not interested very much in myself," he said last night. "I have had several offers from other places, but I think that the public are entitled to know that inefficient methods in the department are costing them thousands of dollars every year."

Mr. Kennedy intimated that he had merely touched on the matters of administration in his letter to Ald. Hill, and states that he has a number of other serious charges to make.

Mr. Kennedy has been with the department for three years. There has been friction, since the second he went on the force, he says, usually between himself and the chief, or the deputy chief, William Russell. He is an experienced motor mechanic, having been in the business for nine years. He was once chauffeur to the Earl of Aberdeen and has driven for other prominent men, including King Edward, Queen Alexandra, and Admiral Beatty.

Controller McBride thinks that the chief had no right to suspend Kennedy until the board of control has dealt with the case. "I think he acted in a very high-handed manner," said the controller.

Some of the allegations made by Kennedy are that the chief forced him to sign reports he knew to be incorrect; that firemen were often put at work driving the trucks with little or no experience, resulting in many accidents; that only about one-third of the drivers in the department holds a chauffeur's license as required by law; that defective pieces of apparatus were left in use without the necessary repairs.

Ballantine, who has been appointed motor mechanic, is a first contingent man, who fought for 19 months overseas. He was wounded in July, 1916. He went overseas as a private, but was made a sergeant in France. Mr. William Church, chief of the department, will back Chief Smith. He said last night that the chief must have full control over his department in order to maintain discipline.

COMMITTEE TO MEET.

The committee appointed by the York County executive of the G. W. V. A. to confer with the chief of police upon the local questions of issue relative to the aliens may meet in the course of a day or two for important business. The members of this committee are G. V. Gustar, Geo. Murray, P. Lacey, Comrade Claridge and Comrade Tattersall.

BADGES ARE READY.

G. V. Gustar, secretary of West Toronto branch of the G. W. V. A., has just received a hundred badges for the women of the auxiliary of that branch. The membership of the auxiliary is 80, and is increasing rapidly.

SALTS FINE FOR ACHING KIDNEYS

We Eat Too Much Meat, Which Clogs Kidneys, Then the Back Hurts.

Most folks forget that the kidneys, like the bowels, should not be clogged and need a flushing occasionally, else we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders.

You simply must keep your kidneys active and clean at every moment you feel an ache or pain in the kidney region, get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and is harmless to flush clogged kidneys and stimulate them to normal activity. It also neutralizes the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts is harmless; inexpensive; makes a delightful effervescent lithia-water drink which everybody enjoys. Take now and then to keep their kidneys clean, thus avoiding serious complications. Well-known local druggists sell the little bottles of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.

HEARS GOVERNMENT IS IN FAVOR OF EXTENSION

Mayor Church has received word from Ottawa that it is the intention of the government to pass the 1918 extension of the charter of the C.N.R. and the proposed roads parallels the G.T.R. and the hydro radicals.

The mayor stated that the bill has been postponed and will not come up until Tuesday, April 23. The mayor has prepared a history of the case, which shows that since the company was organized in 1899, under the name of the Toronto and Hamilton Railway Company, there have been no less than six extensions.

WILLS PROBATED

Three daughters are the beneficiaries of the will of William Christopher Lawrence who died February 28. Annie Gertrude receives a quarter section of land in Alberta valued at \$2000, and she also shares equally with Janet Rose and Jessie Grace in a promissory note and two mortgages valued at \$200.

A cousin, Michael Murphy, Port Credit, is the sole beneficiary under the will of Margaret Hendry, died March 23. The estate is valued at \$474. By a will made Dec. 31, 1917, John Walsh, grocer, leaves property valued at \$4774 to his widow, Margaret Amelia Walsh, who is sole beneficiary and executrix and she has applied for probate of the will.

John Gillard Lusger, carpenter, by a will dated Jan. 9 last, The widow, Ellen Jane Lusger, receives the estate complete. In the event of any remaining at her death it is to be shared equally by five daughters, Mrs. George, and grandson, Wm. John Healy.

ONE KILLED; ONE INJURED

Electric Wires Cause Trouble When Street Window Frame Slips Against Them.

While at work at the Swift Canadian Company yesterday afternoon, William Zagah, aged 35, married, 45 Mulock avenue, was instantly killed, and Fred Barter, age 55, married, 144 Leppin avenue, was badly injured about the arms and legs when a steel window frame they were carrying slipped and fell against some electric wires which were strung in the building.

Dr. O. G. Niemler, 94 Annette street, was called and although first aid methods and a pulmotor were used on Zagah, all efforts to revive him were futile. His body was later removed to the morgue.

Barter was removed to his home in a private ambulance. Both men were employees of the John Gray Construction Company.

EXTRAVAGANZA REPEATED.

Second Presentation at Massey Hall Scores Further Success.

With renewed success, the Extravaganza of the seasons received its second presentation at Massey Hall last night. As on the first night the exquisite color scheme was a feature which evoked general admiration, John Macdonald was again a resplendent figure as the "Tingling Sun" in the spring scene, the two sets and the performers all adding to the picture.

Among the soloists in the various vocal numbers were Miss Vera Crooks, Miss Alma Barnes, Miss Irma Williams, Miss Lillian G. Wilson, Miss Marguerite Fleury, Miss Leonore Ivey, Miss Lela Auger, Miss Maisie Togh, and Douglas Stanbury. Miss Holly Whithling and her chorus, and the chorus and dance arranged by Mrs. Arthur Semple were charming features. In the "Dream," Mrs. Douglas Raymond and Mr. Farnham Barton were very effective. Miss Thekla Mundy and Miss Margaret Franklin had a pretty solo dance, and Miss Kathleen Hungerford was again a delightful "Canada." Sergt. Sinclair sang some of his imitable recitations, and ukulele numbers were given by Ben Hokea. Miss Sternberg directed the dances.

MILITARY APPOINTMENTS.

New Orders Affecting Toronto Military District. New military appointments just sanctioned by Ottawa contain the following announcements for Toronto military district: Lt.-Col. J. E. Davey is detailed as acting commander of the Brant House, Burlington, the new hospital for invalided returned soldiers.

To be captains in the Army Medical Corps: Lieut. J. A. Mathers, N. M. MacNeill and C. E. Mariatt. Lieut. Col. J. E. Davey, 1st Central Ontario Regiment, Toronto, with rank of captain, Lieut. A. W. C. MacDonald. To be quartermaster, with rank of lieutenant, Sergt. A. R. Humphries.

Struck off: Lt.-Col. Percy Donville, late commander 164th Halton and Dufferin Battalions; Capt. F. F. Grobb, Capt. E. F. Richardson; Lieut. F. W. Freudenburg, C. R. Kells, V. S. Heith, H. B. Thompson and D. McCaughrin.

Lecture by Miss Margaret MacLean to Archaeological Institute. Miss Margaret MacLean lectured on "Japanese Art" before the Toronto Society of the Archaeological Institute of America last evening in Victoria College. The lecture was illustrated by lantern slides from paintings in the Royal Ontario Museum.

The subject was a whole made clear by the lecturer analyzing representative pictures of the various schools, dwelling particularly on the symbolism of the classic schools being made Japanese paintings difficult to understand. Sir Edmund Walker, an authority on Japanese art, occupied the chair.

BREWERY FOR WAREHOUSE.

The Copland brewery building on King street is being converted into a modern storage warehouse. The application for the building permit has been filed at the city hall by Denison and Stephenson, acting on behalf of the Howell Storage Company. The estimated cost of the changes is \$20,000.

NEWSBOYS ASK MAYOR TO FIGHT THEIR CASE

Deputations from the Newsboys' Union and the Toronto Booksellers' Association appeared at the works committee meeting yesterday to air their views on the proposed scheme which would prevent newsboys from selling magazines on the streets. As R. C. Harris, works commissioner, is in charge the deputations could not be heard.

Before the meeting opened some of the newsboys invaded the precincts of the mayor's office and demanded his support for their case. The mayor told them that he could do nothing for them until the works committee had finally dealt with the matter.

Another large deputation of residents of the east end, who are opposing the Approvego scheme, were successful in having the committee abandon the scheme.

Ald. Ball complained of the condition of Yonge street, south of Farnham avenue. The road had been lowered at the point, and whenever it rained sand was washed over the sidewalks. The road was instructed to make a report.

NO TIME FOR GARDENING.

Munition Workers Want Night Shifts Changed.

A munition worker, writing to the mayor, asks him to use his influence to have the men in the plants throughout the city work night shifts alternate weeks. The letter says: "If the munition worker puts a couple of hours in his garden during the day he knows he is going to suffer for it that night. He has no chance to water the plants, and the rest of the day he has to rest up. He gets stale being continually on night work, and his work is nothing but work and sleep."

MAYOR WIRES TO CURRIE.

At the request of the Anglican laymen's movement, Mayor Church last night cabled Sir Arthur Currie as follows: "St. James' Cathedral has been filled with the most splendid service at the noon hour with business men, holding special intercession services for allied success and for the safety of our troops. The service was held in the presence of a large number of our citizens. God bless you all."

SPRING IMPURITIES CLOG THE BLOOD

A Tonic Medicine is a Necessity at This Season.

Dr. Williams' Pink Pills for Pale People are an invigorating tonic, blood-builder and nerve restorer. But they are especially valuable in the spring when the system is loaded with impurities as a result of the indoor life of the winter months. There is no other season of the year when the blood is so much in need of purifying and enriching, and every dose of these pills helps to reach the blood in the spring one feels weak and tired. Dr. Williams' Pink Pills give new strength. In the spring the appetite is often poor. Dr. Williams' Pink Pills develop the appetite, tone the stomach and aid weak digestion. It is in the spring that poisons in the blood find an outlet in distilling pimples, eruptions and boils. Dr. Williams' Pink Pills speedily clear the skin because they go to the root of the trouble in the blood. In the spring anaemia, rheumatism, neuritis, erysipelas and many other troubles are most persistent because of poor, weak blood, and it is at this time, when all nature takes on new life, that the blood most seriously needs attention. Dr. Williams' Pink Pills actually renew and enrich the blood, and this new blood reaches every organ and every nerve in the body, bringing new health and new strength to weak, easily-tired men, women and children.

Here is a bit of proof: Miss Anna Patterson, R.F.D. No. 1, Thorold, Ont., says: "My trouble was one of general weakness, which thinned my blood and gave me at times unbearable headaches, loss of appetite and also loss in weight. I tried several medicines, but without success. Then I heard of Dr. Williams' Pink Pills and decided to give them a fair trial. The result is that I feel like a new person. My appetite improved, I gained in weight, my blood is thoroughly purified, and my face cleared of some unsightly pimples which had troubled me. If one good turn deserves another then I have much pleasure in recommending Dr. Williams' Pink Pills."

If you need a medicine this spring try Dr. Williams' Pink Pills—they will not disappoint you. These pills are sold by all medicine dealers, or you can get them by mail at \$6 a box or six boxes for \$25 from The Dr. Williams' Medicine Co., Brockville, Ont.

SPECIAL SHOWING AT REGENT TODAY

"Lest We Forget" Will Commence at 10.30 This Morning.

There will not be another opportunity after today of witnessing the immense photodrama, "Lest We Forget," which has attracted so many thousands of people to the Regent Theatre this week. According to present arrangements, this wonderful picture will be presented in Toronto again, so that those who would see for themselves some of the most stirring and most exact reproductions of the sinking of the Lusitania yet devised—will be keen to see it today. The Regent management is endeavoring to place the opportunity before as many people as possible, and with that object in view has arranged to open the theatre at 10.30 this morning. The picture will be given. This will accommodate the school boys and girls, who, not wishing to miss their studies, have been unable to see the picture on previous mornings. Those who can should visit the Regent this morning, for there is every indication that there will be an urgent demand for seats from noon until the last performance tonight.

PLAYS, PICTURES AND MUSIC

Shakespearean Player. It has only been occasionally of late years that the public has had an opportunity of witnessing Shakespeare's plays presented by an actor of note, supported by a competent cast. The theatregoers of Toronto will be afforded this opportunity when John B. Kellard, one of the foremost actors, opens his engagement at the Princess Theatre on next Monday. Kellard's conceptions of the great characters of the master dramatist, are marked by a degree of naturalness and an avoidance of strained dramatic effect. He is possessed of a thoroughly trained voice of remarkable compass, which he uses with telling effect. His intonations are subtly sympathetic, and he gives always the feeling of reality and power. The company with which he has surrounded himself is one of exceptional strength and includes three former members of the celebrated Booth and Barrett companies. They are: Charles A. Compton, Henderson and Walter Hubbs. This will be matinee Wednesday and Saturday afternoons.

"The Robins Players." Many dramatic plays written and presented to local theatre goers in which the beautiful background of California has been the locale, but it is doubtful if ever a better play than "Broken Threads" has been presented. The play is written by the author, H. Robins and the Robins Players for their second week at the Royal Alexandra, has been seen. This play, which opened last season in New York was acclaimed by both press and public as the strongest dramatic attraction in years. Incidentally it may be mentioned that Mr. Robins played the leading male part in the New York run for practically the entire engagement.

Elsa Ryan in "Out There." To introduce laughs into a war play will be a strange man as the principal character would be a soldier. This is the case in "Out There," which is a play of war scenes, especially when those wounded men are our own boys in khaki out on the battle line to fight. The play is written by the author, Elsa Ryan and her splendidly conceived character-drawing of Annie Hudd, the little cockney patriot, and a carefully balanced company.

"The Forest Fire." Langdon McCormick's sensational spectacle of an immense forest in the grip of the fire is the feature of the new production of the bill at Shea's Theatre. The Forest Fire is the most realistic exhibition of a forest in flames ever shown, and the company, Dorothy Brenner and a clever cast, will play five symphony orchestras play five pianos in unison; the girls are dressed in costumes of the latest fashion, and the scenery, lighting and music are all of the highest quality. The play is a masterpiece of dramatic art, and is a most interesting and thrilling production.

"By Right of Purchase." The feature photodrama, pending next week's offering at Shea's Theatre, is "By Right of Purchase," which is a most interesting and thrilling production. The play is a masterpiece of dramatic art, and is a most interesting and thrilling production.

FRECKLE-FACE

Sun and Wind Bring Out Ugly Spots. How to Remove Easily.

Here's a chance, Miss Freckle-face, to try a remedy for freckles that will not cost you a penny unless it removes the freckles; while if it does give you a clear complexion the expense is trifling.

Simply get an ounce of Othine—double strength—and a few applications should show you how easy it is to rid yourself of the homely freckles and get a beautiful complexion. Rarely is more than one ounce needed for the worst case.

Be sure to ask the druggist for the double strength Othine, as this strength is sold under guarantee of money back if it fails to remove freckles.

VETERANS DIVIDED ON ALIEN QUESTION

Some in Favor of Extreme Measures to Bring Up Matter.

JUDGMENTS RECALLED

One Man Says in Some Cases Enemy Alien is Shown Favor.

The alien question and the various methods of meeting it were widely discussed among the members of the G.W.V.A. yesterday, and the association seemed to be divided into two camps, one section feeling that moderation in all things ever won the day, the other feeling certain that the government at least could never be won over by ordinary means.

"We really must consider all sides of this problem," said one official in the course of conversation. "Now, my duties take me among all sorts and conditions of men and I have met large numbers of aliens of all descriptions. It was not so very long ago, for instance, that I was engaged on recruiting work, and I was particularly advised that no foreign applicants were to be enlisted. As a result I myself threw down scores of alien would-be recruits. As in my case, so naturally in many others the same 'net was apparent—the alien, friendly or otherwise, was not wanted."

Another well-known official of the association expressed himself as tired of the indifference of the government. "Not only indifference," he said, "but downright discrimination. Consider one or two recent judgments. A short while ago a Briton was caught with a bottle of whiskey in his pocket. He was fined \$200 and cost. As against this is the case of an Austrian who violated the entente and gloried in the alleged German victories on the western front while his neighbor, who did the same to him? Just fined him \$20 and costs. Then again, take the case of Santiago Abadia, who while a student at the O.A.C. voiced his animus against the entente. He was only fined \$100. Now, if any but an alien had been caught making the remarks he did it would have meant a year's imprisonment. And heaven only knows what would have happened to him in Germany under similar circumstances."

J. C. O'Connor, secretary of the York County District of the G.W.V.A., was of the opinion that, having regard to the diverse elements among the aliens it might be feasible to follow the plan of intermingling only those aliens who proved themselves to be aliens at heart, and to concentrate the remainder in a separate section. Other again were of the opinion that the lesson of German espionage had disclosed only too forcibly the fact that appearances were often deceptive, and that an enemy alien who was friendly at heart might be as difficult to find as the proverbial needle in the haystack.

John Doggett, business manager for the United Brotherhood of Carpenters, expressed in opinion that international complications more than anything else created almost insuperable difficulties in the way of a proper solution of the vexed question. International law was largely responsible for the apparent indifference of the government, and the manufacturer was primarily responsible for the presence of the alien in Canada.

SAYS C.N.R. IS IN NEGLECTED CONDITION

That the C. N. R. is of a cheap type of construction throughout, was the opinion made by Guy E. Baloch, a civil engineer, testifying at the arbitration proceedings in Osgoode Hall yesterday. He said that there were but few good stations, nearly all situated in small towns.

WILL RECORD RENT INCREASES.

The assessment commissioner states that wherever a complaint is made to the mayor's office that a landlord has raised the rent on his tenant he will make a notation to that effect on the assessment rolls.

WILL MAKE NEW DEMAND.

The new local of the Ship's Carpenters and Caulkers' Union, at last evening's meeting, decided to present a new agreement to the bosses next week, embodying a minimum wage of 55 cents. The arbitration committee will bring back its report upon the matter at the next meeting, which will be held next Friday evening.

BAPTIST CHAPLAIN CONDUCTS CAMPAIGN

Capt. (Rev.) W. A. Cameron, pastor of St. George's Baptist Church, Toronto, conducted a week's Red Triangle Y.M.C.A. campaign among 15,000 Canadian soldiers at Seaford Camp, England, just on the eve of the Germans' great offensive on the western front. Particulars have just been received at the Baptist offices, Toronto, from Lieut. James D. Morrison.

FOREMAN NOT AN ENEMY

Jan Sanki Habaasinski is Russian Pole, and an Air Compressor Expert. It has been alleged that a foreman employed by the sewer department of the city was an enemy alien. Enquiry yesterday elicited the information, given on the best authority, that the man in question, Jan Sanki Habaasinski, was not an Austrian, but a Russian Pole, born and bred in Warsaw. He has charge of 15 to 20 other Poles, and is an air compressor expert, hence his value to the department.

MORE VISITING SUGGESTED

President Municipal Chapter, I. O. O. E., Makes Plea for Soldiers. The meeting of the Municipal Chapter, I. O. O. E., held at the Sherbourne Hotel Club, yesterday afternoon, was the first since the late election of officers, and Mrs. Angus MacMurray, the new president, was in the chair. Reports of the work done by the primary chapters during the month were reported. The president in speaking of the general work of the members urged that greater attention be given to visiting the families of soldiers. At the conclusion of the business of the meeting an address was given by Mrs. Maude White, who is addressing various organizations for the purpose of arousing interest in the death of teachers in western Canada, where many schools are without teachers on account of demands made by the war.

NO RELIEF FROM FLOODS.

City Cannot and Government Will Not Remedy Situation. Apparently there is no relief for the residents of the flooded area in Kew Beach district until the storms on the lake allow the water to recede. George Powell, city engineer, stated yesterday that he was powerless to remedy the situation.

TWO NEW PROFESSORS.

J. J. Macleod has been appointed professor of physiology in the University of Toronto, the post formerly held by the late Dr. Brodie. T. Brailford Robertson has been appointed to the chair of biochemistry, which post was formerly occupied by Dr. A. E. Macallum, honorary chairman of the advisory committee on industrial and scientific research.

ACCIDENTAL DEATH.

Accidental death was the verdict returned by the coroner's jury at the morgue last night inquiring into the death of William Biers, an Indian who was killed recently in a Leasehold munition plant when his clothing became entangled in the belt of the machine he was operating. Coroner Dr. Fieus conducted the inquiry.

CAUGHT IN COGS.

When his trousers became caught in the cogs of a machine at the water-works yesterday evening Charles Nicholas, aged 55, 2577 West Dundas street, was severely injured about the legs. He was removed to the General Hospital in the police ambulance.

MRS. WILES, CAPTAIN.

For the forthcoming campaign in connection with the Women's College Hospital, Mrs. F. M. Wiles has been appointed captain, with Mrs. Z. Falls and a staff of forty workers to cover the Earls Court, Oakwood and north-western districts.

MRS. JENNIE KENT. Mrs. Jennie Kent, aged 66 years, died at Grace Hospital, April 11. The late Mrs. Kent was formerly residing with her daughter, Mrs. Cairnes of Long Branch.

MRS. SARAH G. HEFFERING. Sarah Glover Heffering, wife of John Heffering, died yesterday at the residence of her son, Dr. Harold Heffering, 425 Broadview avenue. The late Mrs. Heffering was 56 years old.

IS PRESUMED DEAD. Not having been heard from since he was reported missing on Aug. 21, Lieut. Alfred Lottin, elder son of Mr. Lyttle, 86A Clinton street, is presumed dead. His younger brother succumbed to wounds in June, 1915.

DIED OF WOUNDS. Pte. William Laschinger, brother of Pte. Alfred Lottin, secretary of the Canada Bread Company, is reported died of wounds received at Vimy Ridge, in a message received by his brother-in-law, Lafayette Hostetter, 120 Langley avenue.

CAPT. QORQON BURIED. Three members of the fire department and three from Queen City Lodge of Oddfellows acted as pallbearers at the funeral yesterday afternoon of the late Fire Captain David Gordon, 54 St. Clair avenue. The interment was at Mount Pleasant cemetery and the service was conducted by the Rev. G. B. McLeod of Dear Park Presbyterian Church. Capt. Gordon is survived by his widow.

MILK WAGON STRUCK. When the milk wagon he was driving was struck by a street car at the intersection of Bathurst and College streets, yesterday afternoon, Albert Whittier, 58 St. Vincent street, sustained a badly wrenched back. He was taken home after receiving medical attention. The horse was hurt.

G.W.V.A. EXECUTIVE OPPOSES MOB RULE

The York County district executive of the G.W.V.A., at last evening's meeting, placed itself on record as being unalterably opposed to mob rule, believing that the law, properly administered, offered all redress for wrongs. The executive also desired to discontinue any connection with such acts by members of the association, and "deeply regretted the deplorable incident of this week, whereby a resident of this city was molested by a mob."

PROTECTIVE OFFICERS.

Start Will Be Made Monday to Look After Girls at Night. Monday will see the "girl protective officers" at work. This organization of women is the result of a meeting of women's clubs held in the Central Y.M.C.A. The new "officers" will have no uniform, but will wear a badge inside their coats. They will endeavor to befriend and protect girls on the streets and in amusement places. Similar movements are already under way in Great Britain, New Zealand and the United States.

CHARGED WITH FRAUD.

Charged with fraud to the extent of \$250 from fellow-countrymen, Tony Rockvaros, 18 Eastern avenue, was arrested by Acting-Detective Thompson last night. Rockvaros is alleged to have sold a number of shares to people in the district which were made out on a Chicago Rubber Company. After investigation into the company, Rockvaros was taken into custody on the above charge. He will appear in the police court this morning.

ALLEGED HORSE STEALING.

Charged with the theft of a horse and buggy, Edward Monroe, 124 "A" Ossington avenue, aged 16, and William McConnell, 166 Lisgar street, aged 14, were arrested by Police Officers Stewart and Dawn of Claremont street station last night. It is alleged that a few days ago the youths stole the outfit from Frank Turner, 131 Harrison street, and later abandoned it on College street.

Kidney Disease and Swelling

Of a Dropsical Nature Caused Much Suffering and Anxiety, But Complete Cure Was Effected by This Well-Known Treatment.

Esgeron, Ont., April 12.—This letter not only proves the effectiveness of Dr. Chase's Kidney-Liver Pills in the cure of serious derangements of the kidneys, but also shows that such troubles result from constipation and sluggish liver action.

It is in complicated cases of this kind that Dr. Chase's Kidney-Liver Pills show their superiority over ordinary kidney medicines, and this is due to their combined action on kidneys, liver and bowels.

Miss Lizzie E. Gibson, Esgeron, Ont., writes: "I was a great sufferer from kidney disease, headache and constipation. The trouble was of a dropsical nature, as my legs would swell up and I could scarcely walk. The doctor did not seem to help me, so I started to use Dr. Chase's Kidney-Liver Pills. It took about five boxes to cure me, but I am now completely cured. I have no backache or headache now. The swelling disappeared when I had used the first box. I do not have to get up in the night now, and am satisfied that the cure is thorough."

Dr. Chase's Kidney-Liver Pills, one pill a dose, 25c a box, 5 for \$1.00, at all dealers, or Edmondson, Bates & Co., Limited, Toronto. Be sure to see the portrait and signature of A. W. Chase, M.D., on the box you buy. All others are imitations and substitutes.

LODGES

VOLUNTEER LODGE O. V. B.

Volunteer Lodge, No. 271, Orange Young Britons, met in Playter's Hall, Broadview and Danforth avenues, when the officers of the County Lodge of York paid their official visit. A partial election of officers was conducted by W.B. Wheller, C.M., assisted by W.B. Atkinson, F.C.M., which resulted in Bro. Green being elected to the chair, Bro. Audley the deputy chair, Bro. Tuskin, chairman; W.B. Paul, secretary-treasurer, and W.B. A.E. Mitchell, acting recording secretary. This lodge has given over 60 per cent of its members to the cause of humanity and justice, and although it has been somewhat depleted in membership, it expects again to have a banner lodge in the Danforth district in the near future.

ST. GEORGE'S LODGE, S.O.E.

A fraternal visit, headed by Marmaduke Rawlinson, president; and J. W. Gamble Boyd, secretary, was paid last night by 50 members of St. George's Society to St. George's Lodge, No. 27, Sons of England Benefit Society, Past Pres. J. Nicholson, of St. George's Society, gave a lecture on England, illustrated with lantern views and Charles Meach, supreme treasurer of S.O.E., delivered a patriotic address. H. Woolnough, president of the lodge, presided, and the meeting was concluded with refreshments and musical numbers by J. Crowson, C. L. Hanks, W. Dorn and A. Adams.

INTERFERED WITH POLICE.

Windsor, April 12.—Archie McIntyre, who conducts a hotel at Leamington, this county, was found guilty in Walkerville police court today of having attempted to obstruct provincial officers who desired to make an inspection of his premises. He was fined \$95.50 and costs.

YEAR'S INCREASE IN FISH VALUE

Advanced Twelve Million Dollars as Compared With Previous Years.

MORE WERE CAUGHT

Greater Quantity Was Produced in Majority of the Provinces.

Ottawa, April 12.—That there was an increase of over \$12,000,000 in the market value of Canadian fish during the year 1947 as compared with 1946, is shown by a summary of the fishing results in the Dominion for the past year, issued by the naval department today. The summary states that the marketed value of the products of Canadian fisheries for 1947 will be well over \$50,000,000. The chief contributors to the large increase were the Provinces of British Columbia and Nova Scotia, the former with an increase of \$8,000,000, and the latter with an increase of \$4,000,000. The increase in the value of the fish, although partly due to increased prices is not altogether so, for the statement says there has been a greater quantity of fish produced in most of the provinces.

STYLE is pre-eminently the first essential in "Hobberlin" Clothes, and our designer, admitted the best and highest paid in Canada, fashions Hobberlin creations to give exclusiveness and dignity. Style, however, must be sustained by good fabric, trimmings, linings and proficient workmanship to give excellence and wearability. Hobberlin clothes fulfil these requirements, giving honest value throughout.

DATES ARE ANNOUNCED FOR AMATEUR TOURNEY

The Ontario Brotherhood of the A. A. U. of C. are busy on arrangements for their boxing championships. The bouts will be held at the Arena on Saturday and Monday nights, April 27 and 28. While possibly a greater number of new boys than ever before will compete this year a large number of former favorites and champions, among whom are a number of returned boys, have signified their intention of entering. Entry blanks will be issued to the different clubs by Secretary W. J. Smith early next week.

PROSPECTS ARE BRIGHT FOR KNOTT'S LEAGUE

Hamilton, April 12.—It is likely that before another week passes something definite will be announced regarding the organization of the Canadian League. Knotty Leo will go to London next Monday to look over the situation there and will visit St. Thomas, Kitchener and Guelph and Brantford before coming to Hamilton. Leo has a representative organization of the situation in Lockport and Niagara Falls, and thinks that the American cities are ready for professional ball. London, St. Thomas and Brantford are anxious to see the league revived, and it is thought that with the daylight saving in force evening games could be played. Hamilton would not have to go far from home to muster a strong team as there are a couple of local boys ready for professional company, and it is said that several men who played in the defunct Three-I League are employed in an east end factory.

MUNITIONS SHIPPED FOR USE IN IRELAND

London, April 12.—John Dillon, Irish Nationalist leader, in the house of commons yesterday said he understood that motor cars, machine guns and tanks already had been shipped from the front toward Ireland. Mr. Dillon pleaded strongly against what he termed the government "guiltless methods."

GERMANS DRIVEN OUT OF CAPTURED GROUND

London, April 12.—German troops made a determined attack along the Messines Ridge and succeeded in gaining some ground, says a Reuter despatch from the British army headquarters in France and Belgium, but the British once again drove them out by a counter-attack early this morning.

BEAUTY CHATS

Betty—Nothing will kill hairs on the face permanently except the electric needle. There are depilatories that remove hair, but only to the surface of the skin; the hairs grow in at once. Under the arm, or on the leg, this does not matter; but on the face the hairs are quite apt to grow in coarser than before. If you cannot get electric needle treatments pull out the hairs with tweezers, and touch each place, as soon as you've pulled the hair, with a bit of peroxide of hydrogen. This serves the double purpose of making the spot antiseptic, and making the new hairs blonder when they come in. Keep the hairs bleached to make them less noticeable.

R. R. G.—Get a good-hair tonic and use it faithfully, even if you think you see no improvement for a month. Shampoo the hair once in three weeks, using coconut oil soap.

R. V. C.—One way to be a graceful dancer is to dance and dance and dance, for the exercise itself makes you light and graceful. Swimming makes you graceful, too. In months, a sort of gymnastic exercise will do this.

J. B.—The address you want is the Hudson Terminal, 20 Church St., New York. Ask for the employment bureau; if it is not there, any official can direct you to the proper place.

Agnes S.—Reduce by exercising and dieting. For the diet, do not eat pork, bacon, ham, sugar, candy, pies, butter, milk or cream; don't eat between meals; don't eat bananas or

nuts or oils. You should reduce about two pounds a week.

Patsy—Mineral dyes and cosmetics are mostly harmful; vegetable ones are usually all right. This is a general classification. In your case, sugar and sulphur will restore the hair to its original brown, without hurting the hair at all.

Miss M. V. W.—Preparations to make the hair curly are rarely satisfactory. I had a couple of formulas, but decided not to use them. The best way to curl the hair is to roll it up on kid curlers, which do not break or tear the hair.

Alice F.—Wearing high laced shoes tends to reduce the ankle, especially if the shoes are snugly laced. I suppose you wear them that way, however. Then, massaging the ankles vigorously will reduce the flesh on it. Ankle exercises will make the ankle more shapely while any regular exercise will help. Walking and swimming are both to be recommended.

Unknown—Use lemon juice, full strength, on the skin; wash off when it stings. This is excellent for bleaching mild freckles.

Alice—Castor oil will darken the lashes and brows slightly—more a brown than a red tinge—which will go well with her bright hair. I cannot tell you correct weight without knowing your height, as well as your age.

CENTRAL COMMITTEE FORMED.

Auxiliaries Will Have New Body to Help Soldiers' Work.

In response to the invitation issued thru the daily press, a large gathering of relatives and friends of returned soldiers met in the school-room of the Elm Street Methodist Church yesterday afternoon, Mrs. V. Henderson in the chair.

At the opening of the meeting, a good deal of vagueness existed as to the purpose of the call, but the chairman explained that it was due to the feeling which existed that the men in the hospitals were being visited, that there was not enough being done to put them in touch with the homes and the persons whom they would find congenial. A good deal of discussion took place as to the exact things in view to be done, and among other plans the one of opening homes to the men without distinction of rank, but wherever it might be available, and to the benefit of the soldier.

The chairman explained that at a recent meeting of presidents of auxiliaries, it had been thought that a central committee to which auxiliaries might generally look for assistance had been proposed. It was moved by

Mrs. John Saul that a central committee be appointed to consist of the president and two other members of each auxiliary or society representing a military unit. This was carried, together with the motion that the name of the new committee should be left to be decided upon later by the executive. A fee of two dollars annually will be paid from the funds of each auxiliary to meet any expenses that may accrue to the new organization.

HANGARD ENTERED BUT IS REGAINED

French Troops Withstand Heavy Attacks by Fresh Germans.

PRISONERS CAPTURED

Americans Took Germans Belonging to Six Different Units.

Paris, April 12.—German forces launched heavy attacks this morning against the French in the Hangard-en-Santerre sector. The fighting continued throughout the day. Several attacks ended in failure, but finally fresh German troops penetrated Hangard, although the western section of the village was regained by the French, according to the war office announcement tonight.

American and French troops, fighting together, repelled a German attack in the prominent forest. The Americans captured numerous prisoners.

The text of the statement says: "After an intense artillery preparation, the Germans this morning attacked our lines on the front of Hangard-en-Santerre-Hourges. Violent fighting ensued, which lasted all day. In front of Hourges the enemy was not able to advance, despite his efforts. After fruitless attacks, carried out without cessation by fresh German troops, the enemy penetrated Hangard. Counter-attacks launched by us regained the western part of the village, where the fighting continues with stubbornness.

Rheims BombarDED. "In the Noyon sector the artillery action was quite marked. The Germans bombarded Rheims, several fires breaking out, particularly around the cathedral.

"In the Apremont Forest, the enemy delivered against our positions in the Reule Wood a powerful attack, gaining a foothold in our advanced elements. A spirited counter-attack by the French and American troops, acting together, immediately drove them out. Twenty-two prisoners belonging to six different units were taken by the Americans.

"On April 11 our pursuit airplanes engaged in numerous combats, in the course of which two German airplanes and a captive balloon were brought down. Twelve other German machines were seriously damaged, and fell within their own lines. The same day our squadrons dropped 15,000 kilos of projectiles on the railway station at St. Quentin, depots and aviation grounds north of Montdidier. A violent fire destroyed hangars at Champenay and an explosion was noted in the St. Quentin station.

"It is confirmed that an airplane and captive balloon of the enemy were destroyed on March 23 and two airplanes on March 31."

FIGHTING GETS LIVELY UPON ITALIAN FRONT

Rome, April 12.—Lively fighting along the most of the Italian front is reported in the official statement issued by the war office, which reads: "Lively artillery actions took place in the Lagarina valley on the Asiago plateau and in the Montello area. Our batteries carried out effective bombardments of hostile working parties at Pont di Plave, Sandona and Revoldo.

"On the mountainous front our reconnoitering parties entered the enemy's lines and brought back a few prisoners. The enemy attempted to surprise one of our advance positions, but was promptly repulsed."

LOSSES TOO HEAVY TO SUIT THE ENEMY

German High Command Experiences Some Disquietude Over Casualties.

NOW IN BAD POSITION

Must Make Further Efforts to Break Thru Allied Line.

With the French Army in France, April 12.—Two strong enemy attacks last night and this morning in the vicinity of Noyon, which were repulsed easily by the French, give rise to the question whether the Germans are about to make another attack on their southern flank. It is quite evident that the German high command is beginning to experience some disquietude over the loss of so many men and the dislocation of so many divisions which has not given the result expected.

Already considerably over 100 German divisions have been thrown into the fight, and over 70 divisions have since been withdrawn to fill up the gaps in the ranks. When it is remembered that the Germans hitherto have not taken a division out of the fighting line until it has suffered a minimum of 2,500 casualties, some idea may be obtained of the enormous extent of their losses.

The total strength of a German division on this front is 13,570 men of whom 3,400 are infantry, machine gunners and cyclists and the remainder are artillerymen, engineers, ambulance attendants, transport workers and a squadron of cavalry.

It is believed certain that the Germans in order to satisfy the public, to whom absolute victory has been promised, will be compelled to make further efforts before abandoning their attempt to break thru the allied lines. Otherwise they would be in a bad position to explain the loss of so many men in an abortive offensive.

OFFENSIVE BY TURKS OPENS IN PALESTINE

Advanced British Positions Occupied, But Lost Again Thru Counter-Attacks.

London, April 12.—An official statement announcing a Turkish offensive in Palestine follows: "On the morning of April 10, after a short bombardment, the enemy assumed the offensive against the coastal sector of our front. Fighting lasted throughout the day.

"Turco-German troops who penetrated our advanced positions in the direction of Beirubin and El Kefr, were ejected by counter-attacks. Our lines were advanced at several points. Substantial losses were inflicted on the enemy and a few prisoners, both Turkish and German, were taken.

"On April 11, a Turkish attack directed against our positions on the east bank of the Jordan, in the vicinity of El Ghorniyeh, broke down with heavy losses under our artillery fire. Our mounted troops pursued the retreating enemy within a short distance of Shunet Nimrin.

"An attack, directed against our positions astride the Jericho-Nabulus road, west of the River Jordan, also was repulsed."

JOHN McMARTIN, M.P., DEAD

Montreal, April 12.—John McMartin, M.P. for Ontario, died tonight shortly after midnight at his residence, 7 Redpath crescent, Montreal. Mr. McMartin, who was a Liberal, and the district elector of having been the only man selected in Ontario by acclamation in the last general election. The late Mr. McMartin was known chiefly as a member of the celebrated Hollinger mining group.

TORTURED BY RHEUMATISM

"Fruit-a-tives" Brought Quick and Permanent Relief.

MR. P. H. McHUGH. 103 Church Street, Montreal. Dec. 10, 1917.

"I was a great sufferer from Rheumatism for over 16 years, I consulted specialists, took medicines, used lotions; but nothing did me good.

"Then, I began to use 'Fruit-a-tives'; and in 16 days, the pain was easier and the Rheumatism was better. Gradually, 'Fruit-a-tives' overcame my Rheumatism; and now, for five years, I have had no return of the trouble. Also, I had severe Eczema and Constipation, and 'Fruit-a-tives' relieved me of these complaints; and gave me a good appetite; and in every way restored me to health."

P. H. McHUGH. 50c a box, 6 for \$2.50, trial size 25c. At dealers or sent post paid on receipt of price by Fruit-a-tives Limited, Ottawa, Ont.

BRITISH CAPTIVES FOULY TREATED

Germans Enslave Prisoners, Subjecting Them to Untold Cruelties.

London, April 12.—How British prisoners of war in Germany are enslaved, starved and subjected to untold cruelties is related in an official report of a government committee made public today. The detention and employment of non-commissioned officers and men captured on the western front, says the report, "have brought on these prisoners an amount of unjustifiable suffering for which it would be hard to find a parallel in history."

The report is based on an accumulation of evidence, and shows that prisoners have been employed constantly under shell fire and that many have been killed by British guns; that they have been kicked and beaten, denied clothing and adequate shelter; have often been shot, and that deaths from starvation and overwork have been constant.

French prisoners have been subjected to the same treatment. Some of the prisoners received neither letters nor parcels for eight or nine months after their capture. Last November there were in the Limburg station between 18,000 and 20,000 under-livered parcels for British prisoners.

IRISH MINORITY STILL WANT MORE

Belief Expressed That the Nationalists Will Support Suggested Measure.

SINN FEINERS ALOOF

Convention Had No Sure Means of Ascertaining Public Opinion.

London, April 12.—Nationalist members of the convention, including Archbishop Harty and Bishops O'Donnell (diocese of Raphoe) and Macfory and Joseph Devlin, signed a minority report dissenting from certain recommendations of the majority. They say: "Except for some important political and labor abstentions, the convention worthily reflected almost every phase and interest and class in the varied life of Ireland. But there have been no sure means of knowing how far it exhibited the mind and will of Ireland at the present time, nor any guarantee that its decisions, independently of the suggestions made by the government, would take effect in law. The Sinn Fein organization stood aloof altogether."

GERMANS CAPTURE MERVILLE VILLAGE

Enemy Made Progress Up Lys Valley Under Cover of Night.

London, April 12.—The war office reports: "Severe and continuous fighting took place last night in the neighborhood of Merville and Neu Berquin, in both of which the enemy is continuing his pressure and has made progress. Merville was captured by the enemy during the night."

"Attacks made by the enemy yesterday in the neighborhood of Ploegsteert succeeded in driving us back to the neighborhood of Neuve Eglise to new positions."

"On the morning of the 12th, the northern battlement the situation is substantially unchanged. A part of our positions into which the enemy forced his way north of Festubert was regained by a counter-attack. On the front between Lonne and the Lys River heavy fighting, in which the attacks have been repulsed. Fighting is continuing on the whole front north of the Somme as far as Hellebeke.

"South of Arras strong local attacks were made by the enemy yesterday against our positions in the neighborhood of Merville, Buis, and were repulsed in each case."

"Further north the enemy succeeded, after prolonged fighting, in entering one of our positions near Ploegsteert, but he at once was driven out and the post re-occupied. The hostile artillery has shown increased activity astride the River Somme."

BIG ARTILLERY FIGHT PROCEEDS THRU NIGHT

Paris, April 12.—The war office announces today: "The artillery battle became rather violent during the night in the region of Hangard-en-Santerre. French patrols developed activity in the sector between Noyon and Canny-sur-Matz. The French took a number of prisoners."

"Spirited bombardments were carried on in the regions of the Oise Canal and the Forest of Parroy. The French successfully repulsed the German lines near Chemnitz, north of the Ailette, and west of Butte de Meunil bringing back prisoners."

"On the remainder of the front the night was calm."

ACREAGE FOR YEAR GREATLY INCREASED

Calgary, April 12.—Figures for acreage for this year's crop given out by the United Farmers of Alberta, show a fifty per cent. increase in fall plowing for Alberta, a total acreage of 3,000,000 in wheat alone for the province, and a total acreage of 6,000,000 in Saskatchewan prior to the beginning of spring farm work.

There is an increase in new breaking for this year's crop in Alberta of 250,000 acres. The Saskatchewan summer fallow totals 3,750,000 acres, or a million acres greater than the highest figure for any years previously.

TURNED BACK AT BORDER

Eight Delegates to Bible Students' Conference Rejected by U. S.

Bellingham, Wn., April 12.—Eight delegates from Vancouver and Victoria to the northwestern conference of the International Bible Students' Association in this city were refused admittance to the United States from Canada today by the immigration authorities. Acting under orders from the department of justice, the authorities at Belain were notified by C. L. Reilme, assistant attorney-general of Seattle, to turn the delegates back at the border.

Why Potatoes are \$1.90 a Bag in Ontario while they are Rotting in Prince Edward Island

(An Actual Conversation Between Neighbors)

Said a citizen recently, "I don't see why potatoes are \$1.90 a bag in Ontario while they are rotting in Prince Edward Island." His neighbor replied: "The reason is simple. There are no freight cars available to bring potatoes from that market to this. The only way to beat the price, is to grow your own, the same as my wife and I did."

"I don't want to rub it in," he continued, "or say I told you so, but you and I could have equal sized gardens (50 ft. deep by 40 ft. wide). They are right next to each other, so it is fair to assume the soil is equally workable."

"We both have a fair amount of spare time, yet I will recall that last spring you had a lot of quiet fun with me when I was plugging away in the garden getting the ground ready to put in vegetables."

"What has been the result?" "By a little study, and a little work, and a disposition to laugh at our mistakes and forget our disappointments, the wife and I took off that patch all the salad vegetables we needed during the summer, and we were able to put into the cellar enough potatoes, carrots, beets, onions and parsnips to last us until the end of March. Besides which, the wife made pickles and canned tomatoes and corn to last us even longer."

"We made mistakes of course, and we didn't get all we expected out of the ground, but we learned a whole lot, and we feel certain that this year we shall get better results."

"I admit that if you charged up the time we both spent on the job, you might argue that we didn't make a profit, but if we hadn't been working around the garden we should have been loafing anyhow; at any rate we have not yet had to pay \$1.90 a bag for potatoes, or buy any other vegetables."

This conversation actually took place. One of the parties to it wrote this account of it. Not the man who did the cultivating, but the man who has been convinced by his neighbor that it will be well worth his while to grow vegetables in his garden this year.

The Organization of Resources Committee does not need to harp very much upon the necessity for every man and woman who can, to utilize every piece of ground available to them for growing vegetables.

The farmers of Ontario have been urged to grow more wheat, and to produce more abundantly of the farm products that can best be sent overseas. The people in villages, towns and cities, therefore, are asked to grow food to feed themselves as far as possible, so that overseas supplies may not be drawn on unless absolutely necessary.

We particularly urge you to grow beans, peas, onions, carrots, parsnips, beets, cabbages and potatoes if you have room. Never mind so much about radishes, lettuce, tomatoes and salad vegetables.

NEW BANKRUPTCY ACT BEFORE COMMITTEE

Decides That Various Business Interests in Dominion Be Notified.

Ottawa, April 12.—At the inaugural meeting of the special committee of the house appointed to consider the new bankruptcy act introduced by S. W. Jacobs (George Edgars, Carrier), it was decided, in view of the discussion the bill would in all probability cause throughout the country, to notify the various business interests. Those to be notified include the provincial governments, bar associations, boards of trade, retail and manufacturers' associations, and the agricultural interests.

SMALL PERCENTAGE OF DRAFTS NEEDED

London, April 12 (via Reuter's Ottawa Agency).—In the house of commons last night Sir Auckland Geddes intimated that only seven per cent of the men affected under the new manpower would be required this year, and the remaining 93 per cent would remain in civil life. If three or four years were cut off the same number of men would be taken from a smaller block and be less fit physically on an average.

Wet Umbrellas

THE green cord that connects your desk telephone to the bell box is an important part of telephone equipment.

There are many ways in which this cord can be so injured as to impair your service.

A wet umbrella with its folds touching this telephone cord will cut off your service. In one city recently, following a heavy rain, ninety-six telephones were put out of order through wet umbrellas. A carelessly handled glass of water, an overflowing ink well, rain from an open window—any one of a dozen such causes may cut off your telephone service.

Please practice telephone economy by protecting the telephone cord and all interior wiring from moisture, and by the careful handling of all your telephone equipment.

Hints for Back-Yarders Vacant Lots Cultivation

START RIGHT NOW IN YOUR GARDENS Get Tools and Seeds and Prepare Your Plot for the Crop. DONT GO TOO STRONG Plant Good Old Standard Vegetables That You Can Use.

BY ERNEST B. ROBERTS. A new duty has come before the Canada Food Board. It may be national in its scope, but it is relentlessly personal in its responsibility. It is to shoulder a greater share of war's burden by growing more food.

Production in greater and still greater quantities must be the aim of the war. The war is not a mere matter of money. It is a matter of life and death. It is a matter of the human race's survival.

More, this is a paying proposition. Government checks are returned when the usual building lot, 1,000 square feet in area, the net returns average \$25.

Join a Garden Club. But one thing from the first year man should cultivate besides his land: that is the spirit of community effort. He should join one of the local gardening or vacant lot associations.

After seed is harvested it must be kept separate from any other flax seed, then shipped to Imperial Government stores, Montreal or New York.

For all quantities of No. 1 flax seed over original amount received, growers will be paid \$4.50 bushel, free on board cars, less freight to Montreal or New York; lower grades accepted at fair difference.

FARMING AND AMATEUR GARDENING

BY EATING MORE FRUIT, WHEAT WILL BE SAVED. There is no better way to save wheat than to eat fruit. Fruit is so delicious that it is good enough to eat alone. Berries are so good that if bread is wanted with them the berries will make any kind of bread taste good—corn bread, rye bread or any Dutch hole of the "push" type.

Some time may be gained in raising the first crop by starting the seed of an extra-early variety in the hotbed early in March. The fruit makes good sauce and jelly. The berries are sold in the markets in Canada. Elderberries are used for making what is called elderberry wine; the flowers are dried and used for making "tea."

When beets are grown in the small home garden to supply the needs of a family, the best variety to grow is the one that does not occupy much space; but a fresh sowing should be made every two weeks.

TRADING NARROWS IN LOCAL MARKET

Buying of Preferred Shares and Investment Issues Chief Feature.

Altho the tone of Wall street yesterday was distinctly better, influenced by somewhat more reassuring advices from the western front, the Toronto market showed no quickening tendency. Dealings fell to the lowest total of the week, and a disposition to limit purchases to preferred stocks and issues of the purely investment class, such as bank shares, was marked in yesterday's transactions. Steel of Canada was easier, a few shares coming out at 58, or half a point below Thursday's closing. Canadian General Electric also weakened, selling at 102, and National Steel Car, in which the previous sale had been at 9, was marketed at 8. Two small lots of Brazilian sold at 35 1/2, an apparent advance of 1/2, but the gain was a nominal one, the stock being on offer later at 35 1/2 with bid. Cement preferred was at 92, and Steamships preferred at 75, was unchanged. Imperial Bank shares ruled at 186, at which level the minimum price, at which level the previous sale had been made, while Bank of Commerce and Dominion Bank remained at 140 and 130, respectively. War loans were again neglected, but steady. The day's transactions: Shares, 292; War loans, \$1200.

CIVIC POWER STRONG IN MONTREAL MARKET

Montreal, April 12.—Civic Power reached a new high for the movement, and the year, on the minimum price, being unchanged at 75 1/2, it went to 77 1/2. The closing bid was 77 1/2, and the market was at a half-point down, to 17 1/2, but recovered it, Textile sold off to 65, a loss of half a point.

TOPE IS CHEERFUL IN LONDON MARKET

London, April 12.—While there was little disposition to do business over the week-end, the stock market today maintained a cheerful tone. Consols improved and the war loan and other investment stocks were firmly maintained on light buying. Tin mines continued in favor, and Spanish bonds were the strongest features on the low exchange rate. Shipping shares were at a half-point down, to 17 1/2, but recovered it, Textile sold off to 65, a loss of half a point.

BANK OF GERMANY

Berlin, via London, April 12.—The statement of the Imperial Bank of Germany for the week ending April 6, shows the following changes: Cash and bullion increased 629,000 marks. Gold increased 197,000 marks. Treasury notes decreased 17,000,000 marks. Bank of other currencies increased 2,085,000 marks. Bills discounted advanced 1,831,500,000 marks. Advances decreased 479,000 marks. Investments increased 821,000 marks. Other securities increased 40,204,000 marks. Notes circulation decreased 40,761,000 marks. Deposits decreased 1,454,666,000 marks. Total gold holdings 2,477,721,000 marks.

Canadian Railway Earnings Show Material Improvement

Montreal, April 12.—Traffic earnings of the three principal Canadian railroads for the first week in April aggregated \$1,256,871, an increase of 10.2 per cent. over the corresponding week a year ago of \$1,142,923 or 9.9 per cent. The increase for the last week in March was 6.6 per cent. for the first week in March 1917, and for the first week in February 2.3.

Alien Enemy Plot Suspected In Decline of Liberty Four

New York, April 12.—New York Stock Exchange officials have sent out a questionnaire to members asking details of transactions in Liberty Bonds and second four per cent bonds on April 2, 3, 4 and 5. Reports have been current that the decline in the price of these securities was due to the action of an enemy or speculative short-selling.

No More Time Extensions For Work on Mining Claims

J. J. St. Paul, president of the Northern Prospectors' Association, writes from South Porcupine as follows: "The Northern Prospectors' Association in receipt of a letter from the minister of lands, forests and mines to the effect that no more extensions of time will be granted for the permitting of assessment work upon mining claims. The association wishes to notify all its members as well as other claim holders of this ruling."

BIG BREAK IN COTTON

New York, April 12.—A break in the cotton market here this afternoon brought prices down from 37 to 35 1/2, or more than 1/2 a bale, under the heavy closing. July contracts sold as low as 35 1/2, and August 35 1/2. The decline presents a drop of approximately 1 1/2 a bale under the high mark of the season, and heavy southern selling, coupled with disquieting war news, were assigned reasons for the break. The continued decline from an earlier high of 37 1/2 contributed to improved crop prospects and decreased spot demand.

KIRKLAND STOCKS MARKET FEATURE

Elliott, Lake Shore and Kirkland Lake Work to Higher Levels.

Bar silver closed 1/4 lower in London yesterday at 46 1/2 and unchanged in New York at 93 1/2. Issues of the Kirkland group provided the outstanding feature of the local mining market yesterday. It is stated that speculative interest in the north is being diverted to these stocks, following the outcome of shifting from older camps to newer fields in which larger possibilities for exploitation are opened up. Elliott-Kirkland followed up Thursday's gain by an advance of 4 points to 39, the bid on Lake Shore was raised 2 points to 4 and Kirkland Lake rose 2 1/2, against 30 asked and 29 bid on Thursday. In the case of the last-named the reference to property in the annual report of the Beaver Company were of a sort to inspire optimism, while the strength of Elliott-Kirkland Lake Shore is in recognition of important recent developments on those properties. Operations in the Kirkland district to date have been remarkably fruitful, as summed up in the statement that not only has the output failed to show weakness, but the output of extraction is higher than in the previous period, but this has been 3 1/2 percent higher for greater richness, and the future of the camp seems to be definitely assured. Operations continued to be a factor of activity, 24,000 shares changing hands at 10 1/2 to 10. Dome Lake 3 1/2 percent higher at 3 1/2, were firmer. Reactionary issues included Teck-Hughes, of 6 points at 51. Porcupine Crown at 15 1/2, a low record, and Newray, down a point at 19.

CIVIC POWER STRONG IN MONTREAL MARKET

Montreal, April 12.—Civic Power reached a new high for the movement, and the year, on the minimum price, being unchanged at 75 1/2, it went to 77 1/2. The closing bid was 77 1/2, and the market was at a half-point down, to 17 1/2, but recovered it, Textile sold off to 65, a loss of half a point.

TOPE IS CHEERFUL IN LONDON MARKET

London, April 12.—While there was little disposition to do business over the week-end, the stock market today maintained a cheerful tone. Consols improved and the war loan and other investment stocks were firmly maintained on light buying. Tin mines continued in favor, and Spanish bonds were the strongest features on the low exchange rate. Shipping shares were at a half-point down, to 17 1/2, but recovered it, Textile sold off to 65, a loss of half a point.

BANK OF GERMANY

Berlin, via London, April 12.—The statement of the Imperial Bank of Germany for the week ending April 6, shows the following changes: Cash and bullion increased 629,000 marks. Gold increased 197,000 marks. Treasury notes decreased 17,000,000 marks. Bank of other currencies increased 2,085,000 marks. Bills discounted advanced 1,831,500,000 marks. Advances decreased 479,000 marks. Investments increased 821,000 marks. Other securities increased 40,204,000 marks. Notes circulation decreased 40,761,000 marks. Deposits decreased 1,454,666,000 marks. Total gold holdings 2,477,721,000 marks.

YOUR CLOTHES COUNT

The blow of the blacksmith's hammer and the touch of the artist's brush both make impressions.

Don't make the mistake of thinking only sledge-hammer blows count. The subtle impression of suitable attire---correct dress, well-fitting clothes---is something you cannot afford to overlook.

Take no chances with clothing which has no reputation back of it. The Simpson Men's Store depends upon satisfied customers. So far as clothes count, Simpson clothing cannot make an unfavorable impression.
