HENDRIE AND SCOTT FOR THE CONSERVATIVES

Former Unanimous Choice, But Latter Not Altogether Favored—Battlefield Consecrated.

HAMILTON, May 3.—(Special).—The Conservative delegates from East and West Hamilton met Saturday night to nominate candidates for the legislature. Hon. J. S. Hendrie, nominated by George S. Lynch Stanton, K.C., and William Perry, a prominent labor man, was given an ovation and was declared the choice of the convention without any other name being mentioned.

CITY WILL GO AHEAD AND PREPARE A PLAN

Power Contract to Be Signed Today—Estimates of Transmission Cost.

"The next step after the city council ratifies the agreement with the hydro-electric commission to-day will be to prepare for the installation of a distributing plant," said the mayor last night.

The city council was unanimous in voting to apply to the commission for a contract, and as the present form of agreement has been approved by the sellers for the various municipalities interested, there is little reason to anticipate any objection now that negotiations have reached their final stages.

The report submitted contains a schedule giving an estimate of what each municipality will be called upon to pay. In the following table the first set of figures shows the amount of horse-power requested, the second an estimate of the maximum cost of power ready for distribution, the third an estimate of the proportionate part of cost to construct transmission line, transformer stations, etc., and the last an estimate of the proportionate cost of maintenance:

Table with 3 columns: City Name, Horse-power, and Estimated Costs. Includes Toronto, Hamilton, London, Brantford, Guelph, Stratford, N. Hamilton, Woodstock, Berlin, Galt, Kespeeler, St. Mary's, Preston, Waterloo, N. Hamburg.

If the opinion prevalent in financial circles is reflected in a letter issued on Saturday by a well-known local brokerage firm, there is considerable scepticism as to the actual building of a civic distribution plant. The letter says in part:

"Any slight fear that the folly of the erection of a plant to compete with the Toronto Electric Light plant will be persevered in has been dissipated. Of the various plans remaining the one that seems most likely to fill the bill advantageously for both consumer and shareholder is an arrangement between the city and the company of something the same type as that which exists with the Gas Company. That this has been a satisfactory arrangement for the citizens is evidenced by the price of gas and by a service which unjudged authorities from other cities consider excellent. The great uncertainty as to the action of the city had temporarily stopped any demand for Toronto Electric Light shares. This has now begun to revive. On the completion of any such arrangement as is likely to be entered into between the company and the city the stock should make an advance of 20 to 40 points."

"There is no foundation whatever for such a statement," was the mayor's comment. "We are going ahead with our plan and once the contract has been ratified the city will be bound to obtain power from the commission, so that any arrangement of the kind suggested between the city and the company would be out of the question."

E. F. B. Johnston, K.C., says that the Electric Light Co. has entirely dropped negotiations and that in the absence of William Mackenzie from the city no attempt to have the company released from its contract with the Electrical Development Co. is under contemplation.

FEAR AN EARTHQUAKE.

CATANIA, Italy, May 2.—Prof. Riccio, director of the observatory, has ascertained the exact position of the new eruptive mouths of Mount Etna. They are situated 1200 metres east of the observatory.

The eruption proper has almost ceased, but the shocks and the emission of smoke from the central crater continue, and it is feared that a violent earthquake will follow the cessation, similar to the one in 1882.

Political Gossip

H. C. Tomlin, nominated for the legislature in West Toronto by the new Independent Conservative Association, had an executive meeting Saturday night, when he declared himself in the contest for sub-subsidence.

A Windsor special says: At the Liberal convention Saturday, J. McKee, who was regarded as the probable choice, declined to accept the nomination to contest North Essex against Hon. Dr. Bessie, and James Tremblay, clerk of Tilbury North, was chosen, and he asked for a week to consider. He is almost unknown in Windsor, and his chances of election are remote.

H. C. Tomlin, Liberal-Conservative candidate for class B, will open his campaign with a meeting in Sheridan Hall, corner of Dundas-street and Spadina-avenue, Saturday, May 4, 8 p.m. Prominent Conservative orators will take the stump for Mr. Tomlin during the meeting.

Editor World: Apparently there is going to be a plethora of candidates for the local legislature in this city. The Liberal party, in connection with the Conservative party, will have a great race in selecting the nominees at the different conventions.

With labor candidates in each constituency and no doubt Liberal candidates also, it is probable that something for anyone to intelligently figure out what will happen, but it is evident that there must be a consolidation of the Conservative forces in the City of Toronto if they expect to win out in the various divisions, and this can only be brought about by choosing the strongest men in the field. Let the party get together and make its choice unanimous.

A Cornwall special says: Stormont County Conservatives nominated John C. Milligan, a rising young barrister of Cornwall, for the legislature. Others nominated were George Kerr, Farran Point; the sitting member, F. D. McNaughton, Finch; James L. Groves, Cornwall Centre; G. Adams, Wales; A. O. Miller, Avonmore; R. Larmour, Cornwall; and D. H. McDiarmid, Avonmore. All withdrew except Messrs. Milligan and Kerr. The vote stood 111 for Mr. Milligan, 82 for Mr. Kerr. Mr. Milligan is a native of the county and popular with all classes. The Liberals will meet at Newton on Wednesday.

South Wellington Conservatives on Saturday nominated Joseph Dowling, M.L.A., without a ballot being taken, and the same compliment was paid to Herb Lennox, M.L.A., in North York.

Commissioner Henderson of the Yukon Territory is at Vancouver, where he speaks of Rev. John Pringle's crusade on Dawson City immorality as a political move, he having "fallen out" with the government and intended to take the stump in the Conservative interests. Mr. Henderson says for Yukon, is going to retire.

COMPOSES WHILE DRESSING

How Bishop Ingram Prepares His Discourses.

LONDON, May 3.—The Bishop of London, Dr. Winnington Ingram, as perhaps you know already, from the way he hustled when in the United States, believes in the strenuous life. Unlike most clergymen, he does not lock himself in his study to prepare his sermons.

He made this admission after an unusually brilliant oration to a crowded congregation in Parktown, Dorsetshire. All of his sermons, addresses and lectures are composed while dressing.

SOCIOLOGY IN SCHOOLS IS NECESSARY SUBJECT

Rev. Dr. Chown Declares We Are Living in Barbaric, Heathen Times.

"Nowhere in Canada that I know of is a book placed in the hands of a teacher in the matter of teaching moral ethics in the schools," said Dr. S. D. Chown, Methodist secretary of temperance and moral reform work, in the course of a sermon at Sherbourne Street Methodist Church, Sunday morning.

"We must have moral ethics taught in our public schools, and we must have the children taught to regard manhood and womanhood, and the elements of the Lord's Supper, I consider that next to the Bible, and the elements of the Lord's Supper, I am handling the most sacred thing in the world."

"Sociology must be taken up by our universities and colleges, especially theological colleges. Let the students learn to know and read more. What an asset it is for their future work!" Dr. Chown declared. "The Mandarins have taken up the subject and I would like to see them all do the same. The purpose of education is to regard manhood and womanhood, and the heart must be trained as well as the head and hands.

"We are living in barbaric, pagan times, and even the very heathen we are striving to instruct can call shame upon us because of some of the things the people. When will we Anglo-Saxons have enough sense to recognize the evils of the liquor traffic and prohibit it?"

The doctor also touched briefly the manufacture of opium in British Columbia. The deadly drug is being made there in large quantities and is being smuggled into this country in many ways. He has spoken to Sir Wilfrid Laurier of it, who has promised to seriously consider the matter.

Memorial Window Unveiled. Tribute to the Memory of Canon and Mrs. Oser.

DUNDAS, May 3.—The ceremony of unveiling the Oser memorial window in St. James' Anglican Church took place Saturday. There was quite a large congregation, including Mrs. B. Oser, M.P., Mrs. E. B. Oser, Justice Oser, Miss Oser of Toronto; Canon and Mrs. Abbott and Canon Forrester of Hamilton, and Dr. McCrea of Bellmore.

The window, which is of very beautiful design, is the gift of the Oser family, former residents of Dundas. On the right side of the window is the following inscription: "To the Glory of God and to the Blessed Memory of Featherstone Lake Oser, M.A. sometime rector of Holy Trinity Church, born 14th of December, 1805, died 16th of February, 1886; and of Ellen Oser, his wife, born 14th of December, 1804, died 18th of March, 1897. Lord they had been our refuge from one generation to another."

Pan-Anglican Thanksgiving. The following letter has been issued to his people by the Rev. Dr. Pearson of Holy Trinity Parish, in connection with the above:

"The idea is that this is to be a pure thank-offering—above and beyond our usual offerings for our own parish, our own diocese, missions, cathedral funds or anything else. It is a grand thing, and every member of the church—man, woman and child—who possibly have a share in it should be glad of the opportunity. God has blessed us in the Diocese of Toronto for 69 years."

The International Limited. Canada's finest and best train continues to meet with the approval of the wise traveller. Leaving Montreal at every day in the year at 9.00 a.m., it invariably reaches Toronto at 4.30 p.m. (7 1/2 hours), and leaves Toronto at 4.40 p.m. for Detroit and Chicago, where connections are made for St. Paul, Duluth, Winnipeg, the Pacific Coast, etc. Full information at Grand Trunk offices, Toronto, City office northwest corner King and Yonge streets.

DR. ORR BACK. He Promises an Unequaled Display of Art at Next Exhibition.

Dr. J. O. Orr, manager of the Canadian National Exhibition, returned from Europe yesterday. C. A. B. Brown got home on Saturday. George H. Gooderham will not return to town until Thursday or Friday. W. K. George and Mrs. George will not leave England until the middle of the month.

DR. ORR WISHES TO MAKE THE exhibition board the first recipient of his confidence, but that he is in negotiations for a first-class military band and has arranged for an exhibit of pictures from France, Italy and Great Britain he is ready to acknowledge.

Among the other pictures secured is Lady Butler's famous painting, "Scotland Forever," which His Majesty the King has graciously consented to sell. A committee of three is selecting pictures from the Paris salon, while A. G. Temple, director of the Guildhall School of Art, is performing the same duties in England.

DEAD FIRST NIGHT HOME. Wanderer from Canada Wasn't Recognized by Father.

(Canadian Associated Press Cable.) LONDON, May 3.—William Evans, aged 17, was found dead in a barge in the Thames. He reached home the night previous, but his father did not recognize him, having last seen him some ten years ago when he went to Canada. He thought marks on his body coincided and allowed him to sleep in the house, pending corroboration. The deceased possessed a ticket to an opera house in Paris, Ontario, which was due to misadventure.

A Barge in Danger. KINCARDINE, May 3.—About eight o'clock Saturday evening a large tow barge was sighted a short distance north of this harbor displaying signals of distress. There was a stiff westerly gale blowing then and the sea ran very high. Two tugs started out and towed the disabled barge into harbor. The barge turned out to be the S. B. Fomeroy of Detroit, commanded by Capt. H. Fowler. Her tug became disabled Friday night and started back to get another, and the Fomeroy was driven over to this shore.

Empress of Britain's Record Passenger List. LIVERPOOL, May 3.—The C. P. R. Friday night with the largest number of passengers that ever left the British Isles for Canada on one vessel. There are 182 first cabin, 44 second cabin and 254 third class passengers, a total of 480. The Empress is also taking over 1624 sacks of mail matter and 289 parcels post.

Cut Down Shade Trees. An action has been begun by Eliza Jane Taylor of Toronto against Margaret Mackenzie to recover damages for trespass. It is alleged that the defendant wrongfully entered the plaintiff's land, and cut down timber and shade trees, and deposited quantities of dirt and rubbish on the property.

MAY BE A CARDINAL. QUEBEC, May 3.—Further confirmation is declared on excellent authority to have been received from Rome of the report of the coming elevation of Mgr. Begin to the cardinalate.

Corona Starts May 11th. The steamer Corona of the Niagara Navigation Company came down to her Yonge-street berth the other day and is ready for her first trip Monday, May 11. She will leave Toronto at 7.30 a.m. and 2 p.m. for Niagara, Detroit and Queenston, making direct connections for the Falls and Buffalo. There are a few choice seats still open for excursions. Book tickets on sale at ground floor office of the company, Traders' Bank Building.

Brakeman Injured. LONDON, May 3.—Leonard Butler, aged 25, a G. R. brakeman on the G. W. tunnel, missed his footing in climbing on an engine and was run over. He lost his left arm and was otherwise injured.

Debate To-Day. LONDON, May 3.—The debate on the licensing bill in the British house of commons on Monday promises to be a memorable one. Owing to the vast financial and labor interests involved, the measure has attracted widespread interest.

NOTE AND COMMENT

The Pari-Mutuel system of betting will receive its first official jockey club sanction in America tomorrow at Churchill Downs.

Those who have all along contended that the pari-mutuel system of wagering affords the public at least an even break point to the action of the handbook men in wanting to reach an agreement on prices in support of this theory.

As regards the pari-mutuel and the fair prices to be obtained about outside runners in certain events in France each day the pari-mutuel is paid is reproduced in the leading French sporting journal. Here is one set of returns abstracted.

French Derby run May 7, 1906. 10 to 2 Flying Star, 10 to 1 Ed. de Breuille, 10 to 1 M. de Breuille.

A mutuel machine was in operation at Woodbine some years ago, and is said to have been abandoned because of the bookmakers.

The comfort to investors I take little heed of, the mutuel machine is a consideration, but a man can always get on all right with layers and can give a wide berth to arrogant "pinchers."

Of course, at Louisville, the law allows no opposition, and the layers make their own odds. In other words, they get back all the money wagered less 5 per cent.

The Pari-mutuel at the races is next door to the Down-and-out Club. It is a function in the betting limit to 25, which has become such a bugbear by the time of the last race.

With the St. Lawrence Arena show successfully staged, a new function is to be held at the Woodbine, when the horses will be different kind of a function, but of course, than last week, and worth backing.

McDaniel's riding at Jamaica has caused a deal of criticism. The jockey, who has been racing in New Orleans, has all his former cleverness and also his former admirers.

The \$2,500 distributed during the nine days racing at Lexington was won by 165 horses belonging to 68 owners.

President James John McCaffery has completed arrangements for the opening ceremonies at the new island grounds on Tuesday of next week.

There is a new game of baseball called playground ball. It is given encouragement to a prolonged period of playing the game among men who have passed the age of physical condition when they can comfortably handle a hard ball.

In Boston, where the last Marathon was run, they say that the winner is a professional, but notwithstanding the fact, A. U. declares Morrissey must go to Shepherd's Bush because he wears Scott's shoe.

The ancient but still green game of hurling is soon to be included in Toronto's galaxy of sports. Members of the Gaelic Society will play the first time on Saturday with their clubs.

W. A. McNab is C. C. A. Secretary. MONTREAL, May 3.—At the annual meeting of the Canada Canoe Association held here Saturday night.

As the Toronto rest at Baltimore, rain Saturday, church Sunday. Other teams get in two games each—Jersey City takes four from Montreal, remaining four breaking even.

Torontos Rest at Baltimore

Rain Saturday, church Sunday. Other teams get in two games each—Jersey City takes four from Montreal, remaining four breaking even.

The Torontos were in idleness since Friday. It rained in Baltimore on Saturday and there was church to attend on the Sabbath.

Monday's game was a double play-off between Montreal and Buffalo. Montreal won twice, while Montreal, Rochester, Providence and Buffalo won and lost one each.

RESTRICTIONS ON IMMIGRATION.

One of the most remarkable and important of twentieth century happenings is the movement distinctly discernible on the part of countries that have hitherto kept open doors, to restrict immigration and to impose certain requirements on those seeking entrance.

In matters of this kind it is only fair to recognize the different circumstances of Great Britain and the overseas dominions of the empire.

The attitude of the British self-governing states towards immigration is perfectly natural and reasonable.

But if he smashed you and kept mauling, each impact of his fist would find you less able to stand the hammering, and a half dozen jabs would probably knock you down.

Now, advertising is, after all, a matter of hitting the eye of the public. If you allow too great an interval to elapse between insertions of copy the effect of the first advertisement will have worn away by the time you hit again.

THE CLEVELAND TRACTION FIGHT.

More detailed accounts of the Cleveland street railway settlement show more clearly the nature of the arrangement made and its close approximation to straight city ownership and operation.

share. This proposal the council resolved to lay before public meetings held in the various wards, and popular sentiment being manifestly favorable, it was finally accepted.

In a statement issued by the mayor to the people prior to the public meetings he made the position very clear.

With regard to the position of the Municipal Traction Company, which has only a nominal financial interest, Mayor Johnson declared that the car service of Cleveland will become a public service in fact as well as in name.

As already explained, the stockholders in the old companies exchange their stock for that of the new Cleveland Railway Company, receiving dividends limited to 6 per cent, and a premium of 10 per cent, if the stock is redeemed from surplus earnings.

The Cleveland traction campaign reveals how readily and consistently the people are prepared to support a leader who contends for public rights and in whom they have confidence.

Cato's Follow-Up System

By HERBERT KAUFMAN.

If a man lambasted you on the eye and walked away and waited a week before he repeated the performance, he wouldn't hurt you very badly.

But if he smashed you and kept mauling, each impact of his fist would find you less able to stand the hammering, and a half dozen jabs would probably knock you down.

Now, advertising is, after all, a matter of hitting the eye of the public. If you allow too great an interval to elapse between insertions of copy the effect of the first advertisement will have worn away by the time you hit again.

Persistence is the foundation of advertising success. Regularity of insertion is just as important as clever phrasing. The man who hangs on is the man who wins out.

The history of every mercantile success is parallel. The advertiser who does not let a day slip by without having his say is bound to be heard and have his influence felt.

PRESENT-DAY IGNORANCE OF GOSPEL OF CHRIST

Worse To-Day Even Than When the Saviour Was on Earth—Rev. Dr. Gordon's Sermon.

It was Rev. Dr. Gordon, the evangelist, preacher, and "Ralph Connor," the novelist, who addressed a closely-packed congregation of more than 2000 in St. John's Presbyterian Church, Broadview-avenue, yesterday morning.

Dr. Gordon, before he concluded, said that he had not preached the sermon he intended which lay before him. He believed the formal argument and logic and reason of a discourse often made between the preacher and the people's hearts.

"The religion of Jesus Christ is a success." This was the question more earnestly put than at present Japan had sent over to investigate the operation of Christianity, but the missionaries could not see anything superior in it to what they had at home.

"Just what I thought," said No. 2, as he took a more belligerent attitude. "Now, look at me. Do I look cheap? Do I look like a mossback? Aren't my clothes stylish? Aren't they cut right? Don't they fit me? Doesn't the material look like something all right? Tell me, honestly, what you think."

"You look all right; go on," replied No. 1. "Well, I want to tell you that these are ———'s clothes, and the suit cost me \$16.50. How much did you pay for yours?"

"And here's another thing: According to government statistics, the ready-to-wear clothing manufacturers have turned out in the past year twenty million dollars' worth of clothes, \$12,000,000 at factory cost, mind you. Doesn't that show you that more men than ever are wearing ready-to-wear clothing?"

No. 1 stood open-mouthed, and ventured not a word. But the listener could see that he was doing some tall thinking. "Yes," went on No. 2, "and I want to tell you I've given this same tip to more than one of the boys. Why, man alive, you bump into fellows every hour of the day that are wearing ———'s suits and ———'s overcoats, and ———'s hats and shirts and you think they're the product of some fancy dress-house.

And all No. 1 said—but he said it heartily—"By jove, I will—put it there." And the listener said, "Me too."

BECOMING CLOTHES

Girls is nice
Or bum, I guess,
'Cordin' as to
How they dress.

"Becoming clothes of good quality" is the secret of the attractive female. If a woman knows this she can appear well at all times.

It does not mean extensive or expensive clothes, but just good taste in color and design. One is not always able to decide what really would be catchy. A few suggestions help a great deal.

Our showrooms of ladies' millinery are a catalogue of suggestions—suggestions from Paris.

And the good part of it is that these ladies' hats, though ultra stylish and exclusive, are moderately priced—the joke about the spring bonnet is not realized here.

Call and convince yourself.

NORTH YORK CONS. ARE A UNIT ON T. H. LENNOX

Nomination Goes With a Sweep—J. W. Curry in North Toronto

—Suburban News.

NEWMARKET, May 2.—(Special.)—It was not a record crowd in point of attendance which met in the town hall here this afternoon to go thru the formal ceremony of re-nominating T. H. Lennox, M.L.A., in the Conservative interest for North York.

The farmers were in the midst of seeding operations, and the country roads were in bad shape, and added to all this was the knowledge of the fact that this was the only one of the "Hairy" Lennox, M.L.A., would be brought before the meeting served to keep down the crowd. But the town hall held fully 800 delegates, and every one an enthusiastic supporter of Herb. Lennox.

Archie McCallum, ex-reeve of King Township, who gave the invocation, and Hon. A. B. Aylesworth, M.P., for the federal house, was chairman, and seated on the platform among many others were Hon. Col. Pugsley, M.C., McCowan, M.L.A.; T. H. Brunton, Warden Keith, J. H. Lennox, James Wells, Mr. Johnston, Dr. Stevenson, John Hutchings, W. H. Pugsley, Alex. Brodie, Daur Arthur Roche and ex-reeve John B. Moore.

A number of ladies graced the gathering with their presence, and the advent of T. H. Lennox, M.L.A., was the signal for round after round of applause.

A number of local speakers gave short snappy talks, and among others two or three from away back in the Village of Pefferlaw, where "Billy Johnston," ex-reeve and Liberal nominee in this year's election, was in the audience. The reports brought in by these native runners, showing how rosy were the conditions for the Conservative candidate even in Mr. Johnston's bailiwick added fresh enthusiasm.

The candidate spoke for an hour, taking up every pre-emptory promise and declared that every one had been fulfilled or was in process of development. He claimed credit for the extension of the Metropolitan Railway, referred to the license law, which he said was better administered in North York than ever before, while the licensees there had been reduced by six, and defended the educational and school policy of the government he dwelt at length on and referring to the reduction in the price of school readers which had been effected, he said that he was sending out, securing a series of readers and showing them to the crowd, said triumphantly, "There is what you are getting for a price which formerly cost \$1.20." Then the crowd cheered.

Coming down to personal matters the candidate said, "Mr. Johnston will find out that he is not up against any kindergarten school this time. He'll have to take mine." "You'll beat him hands down," said an en- thusiastic supporter, and took up the refrain.

Referring to the abolition of the prison labor system in the Central Prison, Mr. Lennox said that in another year the present system would terminate, and that with the removal of the institution from Toronto, what place is so likely to be chosen as North York.

Hon. Col. Matheson spoke briefly, passing reference was made to the charges regarding Cobalt Lake, and the O'Brien charges.

The course of the government in that matter was based upon the minister, and not a breath of scandal rightly attaches to the transaction through.

The guarantee to the C.N.R. was the only thing that we as the trustees of the people could take to safeguard our interests," said Hon. Mr. Matheson, and time will justify the wisdom of our course.

He paid a high tribute to the worth of T. H. Lennox, M.L.A., and predicted a cabinet position in the not very distant future.

WEST TORONTO

A Number of Important Questions Will Come Up in Council.

WEST TORONTO, May 3.—T. H. Thompson, vice-president of the Conservative Association, has called a meeting of Conservatives in Ward 3, on Tuesday evening, May 5, at 8 o'clock. The meeting, which will be held at 29 Western-avenue, is for the purpose of electing delegates to attend the convention on Saturday, May 10. All Conservatives are invited.

Two baseball games were played Saturday by teams from the Junction league. The Comfort Soap Works team defeated the Davenport Stars by a score of 11 to 5. Mahoney was the umpire. The Bankers won from the West End Recreation Club by the score of 10 to 7. Joyce umpired the game. There are five teams in the league, and a double header is played Saturday afternoon at 3 o'clock. It will be seen that one of the teams gets a holiday each week. The ball grounds are at the corner of Jane and Dundas-streets.

Change of Inspectors.
The inspector of the Dominion-street paving, who has over-looked the paving operations recommended by the committee on Saturday, T. E. Matthews, who has been recommended by the executive committee for the position of works superintendent, will be the new inspector. Mr. Matthews will be engaged permanently.

THE LITERARY SOCIETY OF ROYCE-AYRUE PRESBYTERIAN CHURCH HAVE ELECTED THESE OFFICERS FOR NEXT SEASON:

Hon. President, W. G. Milne; president, R. L. McGregor; vice-president, Miss Blake; secretary, Miss Ethel Taylor; treasurer, Miss Dodson; executive committee, George Breen, Jos. McGregor, Miss Sarah Taylor and Miss Nellie Breen. The society will mark the close of this season's meetings by a social on Monday night, during which the men's oratorical contest will be held.

City Council Meets.
The city council will meet to-morrow evening, and as several important recommendations of the executive committee will be brought forward, a lively session is anticipated. A conspicuous figure with snowy locks, who has been a faithful attendant and a member of the council meetings for several years, will not be in evidence to-morrow evening. His absence no doubt will be much regretted.

The funeral of the late Mr. George, who was found dead on King-street, Toronto, took place on Saturday afternoon from St. James' undertaking parlors to Prospect Cemetery, and was held under the auspices of the Salvation Army.

Increase in Membership.
Communion service was held this morning in Annette-street Methodist Church. There were thirty-two new members received into the fellowship of the church by letter and confirmation. The substance of the Rev. Dr. Hazelwood's sermon to-night was an appeal for the laying aside of party spirit, and for the unity of the church's history. The substance of the Rev. RAPID TRANSIT.

Letter Posted in Belfast, Delivered Here Week Later.

One advantage of the new Cunard steamers is the hastening of the English mail that has resulted. Once or twice with the Campania, and Lucania English letters written on Saturday have been delivered in Toronto on the following Saturday. This occurred in the past week as it has several times recently, and no doubt an eight-day mail service may be regarded as a certainty in the near future. Letters received on Saturday's noon delivery could be answered for Monday morning's mail. This will be delivered in England on Wednesday week, a return of say 19 days from Toronto. The New York mail would, of course, be returned on Saturday, bringing England within two weeks of return post.

An interesting item was dug up by a newspaperman when going over the files of The Belfast News-Letter for 1798, which bears on this. It related the receipt of a reply to a letter post- ed in Norfolk in that year and sent to Newfoundland by the sailing packet of the time, an answer arriving in 22 days. The "E. J. Harland" sailing vessel, lost by collision in 1879, and the sister ship, "G. W. Wolf," from sailing vessels, used to make the run from Belfast Lough to New York in 12 days. The tremendous efforts to cut down these records by steam to the present time under five days is behind the expenditure of brains and money enlisted in the achievement.

The Massey Hall Service.

Massey Hall was well filled last night at the People's Sunday service. Mr. Wilkinson took the first part of the service, giving beautiful views on the teachings of Christ. Rev. Canon Welch stepped on the platform at 8.15 and delivered an address on the "Good Samaritan" and the Parable of the Talents. He spoke very earnestly and eloquently of the duty of giving assistance and encouragement to every man and woman and child needing our service. In the part that man will be held responsible for the use of his talents—that it is not to live a useless life—and will be held responsible for the use of our opportunities.

Mrs. Coult-Bain sang very effectively, "He Wipes the Tear from Every Eye," accompanied by Miss Annie McKay. Mr. Wilkinson announced that he would invite the new boys next Sunday night to service, and the audience to "go out into the lanes" the following week to organize a boys' club for literary and social purposes, including a baseball team.

Assaulted and Robbed at 4 a.m.

ST. CATHARINES, May 3.—(Special.)—High Constable Boyle spent all afternoon searching for two men named Eddy, who are said to have assaulted and robbed Patrick Steep at his home in Merriton early this morning. The men called at the house about 4 o'clock, saying they came to get for chickens they had purchased. Steep, who is an old man, let them in. As he was about to draw a roll of bills from his trouser pocket he received a heavy blow on the head and the men took the money, \$8.

Pres. Ross Justifies Statement.

MONTREAL, May 3.—(Special.)—James Ross justifies his recent statement regarding the negotiations with the Steel Co. was entirely justifiable. Owing to the intervention of William Mackenzie and other friends, the negotiations had proceeded farther than at any time previous, so that it was well that the public should be informed how far the interested parties were apart in the way of a settlement," he said to-day.

Whirlwind in Shafting.

LONDON, May 2.—While working around a shafting in Carmichael's building on concession 10, London Township, William Dinwiddie, a buttermaker, had the sleeve of his coat caught in a set-screw. He was whirled around the shaft several times. His arm was broken.
