RAID BY RUSSIANS ON AUSTRIAN STAFF

Large Russian Aeroplane Reported to Have Dropped Thirty Bombs.

PARIS, Feb. 20, 5.20 p.m.—L'Information prints a despatch from Basel, Switzerland, giving Vienna newspapers as authority for the statement that a large Russian aeroplane, carrying four aviators yesterday dropped 30 bombs on Austrian staff headquarters.

WAR SUMMARY: Today's Events Reviewed

NOT only do the Russians expect shortly to capture Trebizond, the important Turkish port on the Black Sea, but they expect to cut the Bagdad railway, which is one day's march south of Diarbekr, on which their columns are converging from Mush, and they also expect to cut off the retreat of the entire Turkish army on the Caucasus, having already set a trap for it, which they are about to spring.

The Russians are following up their victory of Erzerum by a rapid advance on both their right and left flanks. Their extreme right has reached a point not far from Trebizond, with the Turks retreating before it along the shores of the Black Sea, and their fleet is giving first rate assistance by breaking down the Turkish bridges in the rear and dropping shells in the Turkish ranks.

It looks from the latest news as if Turkey has suffered the destruction of about 300,000 of her 1,000,000 soldiers by the rapid advance of the Russians, for the few Turks who will be able to get away will be so demoralized that they will be unable to fight again in this war.

In their operations, destined to complete their victory at Erzerum, the Russians have succeeded in capturing the remnants of the 34th

MUSH ALSO CAPTURED

Muscovite Left Wing Sets Out to Cut Bagdad Railway.

PETROGAD, Feb. 20, 2.25 p.m.—(Via London)—The Russians are pressing the advantage gained at Erzerum on both flanks. On the right, along the Black Sea coast by the co-operation of the sea and land forces they are driving the Turks from one position after another to the east of Trebizond and it is expected that active operations against that important seaport will not be long deferred.

In the last two days the Russians have occupied Wido (Widge) and pressed forward to 10 miles westward. The fleet has destroyed in succession several shore batteries which might have been of assistance to the Turks and by keeping well in advance of the land forces and by destroying bridges over several streams in the path of the retreating Turks it has rendered their retreat more difficult.

On the other hand the ships have spread confusion in the rear of the Turks by dropping shells among them. To Cut Bagdad Railway.

On the left flank the occupied Mush and Achlat, the latter on the north shore of Lake Urmia, from Mush, 60 miles over mountain roads, they fought several battles and occupied Mush by storm.

The Turks fled southward toward Diarbekr, the next objective of the Russian army. Once in possession of Diarbekr it is only a day's march to the railway, the last remaining communication into Syria.

The rapid Russian offensive beyond Erzerum, it is believed here, has been the result of the retreat of the Turkish corps operating along the Black Sea coast and of those troops which were active in the

BIG LOSS CAUSED BY SUNDAY NIGHT FIRE

Two Hundred Thousand Dollars' Damage Done to Rennie's, Seed Merchants.

DEFECTIVE WIRING ORIGIN

Started in Top Floor of East Adelaide Street Building and Destroyed Stock.

Fire believed to be due to defective wiring broke out last night on the top floor of the three-story warehouse at the corner of Adelaide and Jarvis streets occupied and owned by Rennie and Company, seed merchants, doing damage amounting to \$200,000 to building and contents.

The fire was discovered by Joseph Lewis, caretaker of the building. He was in the basement at the time tending the furnace. Detecting something burning, he went to the main floor to investigate, and was almost overcome by the dense smoke which filled the place. In running to give the alarm, he was struck on the wrist by a piece of glass from a window above, gashing it so badly as to need medical attention.

The alarm was sent in to headquarters from Macfarlane's Hotel, across the road, at 5.55. The blaze started at the southeast corner of the building, which was a store of flammable material. From the rear of the structure the smoke poured in volumes handicapping the firemen considerably. A capping the firemen considerably. A capping the firemen considerably. MILLION MEN ENGAGED IN WORKING FOR NAVY

Personnel of Fleet Now Numbers Three Hundred and Twenty Thousand Men.

SOON TO BE INCREASED

Sir Gilbert Parker Receives Information as to People Employed.

LONDON, Feb. 20.—The magnitude of work going on in the navy is shown in a letter from the admiralty to Sir Gilbert Parker, answering his inquiry in the house of commons on the number of people engaged in all branches of the navy and of naval work.

The letter states that the navy proper had 46,000 officers and men when the war broke out, which number has now increased to 320,000 with the authority granted for a further increase to 350,000 officers and men, besides 67,000 naval reservists. There are also 85,000 men engaged in work at the royal dockyards and other naval establishments and several times that number on admiralty work under contract and sub-contract.

Besides these, the letter specifies men engaged in getting coal for the fleet, dockside workers, and civilian crews of colliers, oilers, mine sweepers, supply ships, etc., and in addition men and women engaged in making clothing and preparing food for the fleet.

American Plan to Rehabilitate Industries is Killed by Teuton Treachery.

FOE SEIZING SUPPLIES

Consent Withheld Until All Raw Materials and Manufactures Are Taken.

LONDON, Feb. 20.—The plan of aiding Belgium to feed herself by rehabilitating the industries of the country under control of the American commission for the relief in Belgium has failed, according to a letter written by Sir Edward Grey, the British foreign secretary, to M. Hymans, the Belgian minister here, because the Germans thus far have failed to reply to the request for guarantees that raw materials and manufactures would not be seized by the occupying armies.

The American relief commission some time ago proposed that certain kinds of non-contraband raw materials should be permitted to pass thru the British blockade into Belgium, goods manufactured from them to be re-exported. It was proposed that the balance of trade thus created in favor of Belgium should be invested in food.

The Story of 1915 THE volume of business secured by The Imperial Life Assurance Co. of Canada in 1915 was greater than in any previous year. THE following comparative figures will be very gratifying to policyholders and others interested in the Company's welfare:

FOR LEAP YEAR BABIES The Toronto World, following a Leap Year custom, inaugurated twelve years ago, will again this year present to every baby born in Ontario on Feb. 29, a beautiful silver mug, suitably engraved with the name and date.

With the exception of promotions in the fire department, which have to be approved by the city council, and the recommendation of two city representatives to the annual meeting of the Ontario Good Roads Association, there is practically nothing in the board of control's report to today's meeting of the city council, other than what is given for the information of the members.

Last Leap Year The World awarded silver mugs to 123 babies; eight years ago 81 was the number that qualified for the much-prized piece of silver. There are no entrance fees or other restrictions connected with the award. The only regulations to be observed are:

LAIBACH AIR RAID BY ITALIAN MACHINES... Bombs Dropped on Capital of Carniola Squadron With Great Effect. Special Cable to The Toronto World.

COMPANIES APPEALED... The decision is unique as being perhaps the first time that a railway company was ever condemned for charging too little. It also indicates that the Canadian Northern will have a great deal of trouble in lowering its rates.

NEWS OF SPECIAL INTEREST TO WOMEN

PLAYS, PICTURES AND MUSIC

Tonight at the Alexandra Theatre will inaugurate the second visit, with a period of one month, of Horace Annesley Vachell's far comedy, "The Quinneys," or "The Antique Shop," with its all English company of players from that celebrated British institution, the Haymarket Theatre. It will be presented during the entire week with the usual matinees on Wednesday and Saturday. When presented here last, "The Quinneys" received the unanimous endorsement of the press and public, and was heralded as one of the best comedies ever in Toronto in years. The story of this whimsical romance of antiquaries and gloves is pretty, so well-known hereabouts that a heavy advance sale is already registered.

Grand Opera House

However interesting the story of Harold Bell Wright's novel, "The Winning of Barbara Worth," may have proven, the stage version by William Lynch Roberts and Mark E. Swan, which will be presented at the Grand Opera House this week, will prove far more fascinating. The beautiful love story of Barbara Worth, together with the thrilling incidents and the painstaking portrayals of the absorbingly interesting characters, will appeal to all classes of theatregoers. Those who have not read the book will see a wonderfully interesting play of the west, with the principal character, Barbara Worth, a type of woman that is absolutely new to the stage. During the week at the Grand Opera House Wednesday and Saturday matinees will be given.

Shea's Theatre

This week the headline attraction at Shea's Theatre will be George Nash and Julia Egan with a capable supporting cast in Aaron Hoffman's latest vaudeville sketch "The Unexpected." Mr. Nash is well known in Toronto and in his present vehicle he presents many genuine surprises. Dolly Connolly and Percy Weirich, "The Soprano and the Composer," are a clever pair of artists. Miss Connolly has a pleasing voice while Mr. Weirich is a talented song writer. The charming little comedienne, Miss Payne, will be featured with Joe Newman in a medley of the newest song selections and dances. Miss Payne wears some striking creations during the offering. Kvetta Engel and Johnny Dooley have danced their way into the hearts of Sheagoers. Their new songs are sure to be appreciated. Charles E. Mack will present his laughable comedy sketch, "A Friendly Call," while Holmes and Buchanan new and old favorites have a smart up-to-the-minute offering. The Novellas have an impressive gymnastic offering and with Merian Swets, Canines in a great children's act and the Kineto-graph completes the bill.

The Hippodrome

"Little Hipp," conceded to be the world's most intelligent illibitum elephant, and Napoleon, the wonderful chimpanzee, will headline the bill at the Hippodrome this week. Both animals have been well trained, and present an offering that should provide a host of fun for the kiddies. Sarah Bernhardt will make her initial Hippodrome appearance on the screen in the wonderful dramatic photo-

This week at the Star Theatre the attraction will be the famous Yankee Doodle Girls, headed as a "line" by a 1916 model, 30 girl power laughing machine, breaking the speed limit at every performance.

Such a galaxy of burlesque stars has seldom been gathered together in one company, as a glance at the roster will show. Headed by that popular favorite, Matt Kennedy, includes such other stars as Henry P. Nelson, Harry Hearst, Fred Reese, Ed Rentz, Red Feather, Louis Marshall, Annette Martin, and a Winter Garden chorus of 20 rosettes.

The Theatrical Mechanical Association will hold its annual benefit in the Royal Alexandra Theatre on Friday afternoon, March 3. A special composite orchestra of 50 pieces will provide the musical program, while special acts will be presented from various theatres. As the Toronto Lodge, T.M.A., is a generous giver to all city charities and looks after sick and indigent members of the theatrical profession playing Toronto, whether members of the organization or not, the public should support the benefit generously. The box office opens for the performance on Feb. 29, seats being sold at popular prices.

Paul Wells' Recital

Paul Wells' recital takes place tonight in Forest Hall. The program includes numbers by Chopin, Liszt, Tscharkowski and Paul Wells. There are indications that these will be a large audience, only a few seats being left on sale at Nordheimer's.

Gaiety Theatre

The "Twentieth Century Maids" will be the attraction at the Gaiety Theatre, beginning with a matinee today. No printed or spoken word can add to the interest of the "Twentieth Century Maids" as a new and popular burlesque organization. The show has snap and vim that keeps the audience interested in every moment of the two acts. The musical numbers are varied, and sparkle with melody; the action and speed of the "Twentieth Century Maids" is due to the lightning methods and energetic efforts of Harry Cooper, who heads the cast; Jim Barbour, Julia Kelety, Arthur Young, Charles Sisters, and the Old Town Four. They will be surrounded by a carefully chosen chorus, with elaborate costuming and scenic ensemble.

The Urgent Need of Recruits. Occasionally there comes across the sea from some other quarter a suggestion that the war will soon be over, or that there are enough men to end it without further exertions.

President Wilson Still Humane. President Wilson has hesitated at the last moment before stepping into the trap which German diplomacy had arranged for him.

They are unrepentant, and President Wilson has evidently detected that fact in the representations made to him diplomatically regarding the proposal to sink further submarines.

TRAVELERS' CHEQUES. The public are reminded of the fact that the best way of carrying funds when on a business or holiday trip is by travellers' cheques.

CHEQUE FOR FIREMEN. A. B. Patterson, manager of the Merchants' Bank, East Wellington street, has sent \$100 to Chief Smith for the firemen's benefit fund.

FIRE ON SPADINA AVENUE. Fire starting from an overheated stove caused \$400 damage to the store and dwelling at 453 Spadina avenue, about 10.30 yesterday morning.

Prostrate Belgium, outraged Serbia, Edith Cavell, the Lusitania and other massacres of innocent non-combatants; the murdered millions of Armenia and Poland; all these things, one might think, would move the hardest heart.

or personal pride should be so widespread. We have already spoken of the duty of our women in this matter. We would appeal to them to influence their husbands, where there are no responsibilities to detain them at home.

The brave men who have gone ahead need all the help that can be given them, but the women of the country have greater reason for thankfulness than any others.

The Dawn of Victory!

By William Henry Taylor, author of "Canadian Seasons," Etc. We greet the early morning of the year. Now that cold Winter's death is drawing near; The days have lengthened, and the ruddy morn Shows signs that Victory will crown our brows.

Already in the East the dawn ascends; O'er Eden's site the sword of Flame now lends The Russ and Briton light, to fight their way, By Empire's graves, beneath the Moslem away.

Columbia! Hast thou borne an honored part? Has Mammon placed a mortgage on thy heart? Alas! we fear, if Washington could see, Or those who signed thy Independence,

The biggest burden of this war is borne By Greater Britain, who, the tempest-torn, Calls up all hands, to man the guns and show That they are Neptune's sons when cyclones blow.

SPLENDID VICTORY OF RUSSIANS SIGNIFICANT BUT FIFTEEN RETURNED

Mr. Justice Riddell Says Fall of Erzerum is the Beginning of the End. MASSEY HALL MEETING Disappointing From Recruiting Standpoint—Upholds Sunday Gatherings.

From a direct recruiting standpoint Sunday afternoon's meeting in Massey Hall, held under the auspices of the Toronto Citizens' Recruiting League, was somewhat of a disappointment.

In place of the customary moving pictures and photographs of the retreat from Mons, told the story of what the members of his family have been doing in the great struggle and declared that the younger men would not go the older ones would have to if Canadians wished to preserve for generations yet unborn the great heritage that they possessed.

Beginning of End. "We are distinctly better off than we were a week ago," declared Mr. Justice Riddell, the chairman, in formally opening the meeting.

EXCHANGE IRREGULAR ON LIGHT OPERATIONS

New York Experienced Rises in Metal Shares, War Issues and Sterling Exchange.

FRANCS ALSO HARDENED THEN WENT DOWNGRADING

Advances Continue in Fabricated Steel - Rails Under Moderate Restraint.

NEW YORK, Feb. 20.-The market was irregular again Saturday on a diminishing scale of operations.

Trading was wholly professional, next week's holiday and copper international situation causing traders to hold off.

Metal shares continued to dominate the list. American Smelt and Refining while Utah and Chino scored the highest quotations in their history.

A few special shares, including American Coal Products and Pittsburgh Coal, were preferred.

Some of the early gains underwent substantial reductions in the late afternoon when selling of steel caused the market to weaken.

The sudden strength of sterling was attributed to the recent purchase of \$25,000,000 of U. S. Steel bonds, which probably caused the purchase of bills on London for the same amount.

WHEAT CLOSED HEAVY THIRD SMALL DEMAND

Some Firmness Shown at Opening of Chicago Grain Market.

THEN WENT DOWNGRADING

Sellers Became Bold on Finding Lack of Aggressive Support.

CHICAGO, Feb. 20.-Bears had the advantage in the wheat market Saturday, chiefly owing to the apparent absence of any European buying and as a result of liberal receipts from the west the close was heavy, 1 1/2 to 2 1/2 cts lower, with May at \$1.27 1/2 and July at \$1.22 1/2.

Corn lost 1/4 to 1/2 cts and provisions 2 1/2 to 3 cts.

Altho at the outset wheat showed a little firmness in sympathy with higher quotations at Liverpool, the tendency afterward was almost uniformly down grade.

It was soon discovered that the market here had become bold and made much of the enlargement of receipts in the spring crop belt, especially in the Minnesota and Wisconsin sections.

In this connection the fact was pointed out that Minneapolis prices had gone to a discount under Winnipeg as against a recent premium of 2 1/2 cts.

It was said country dealers in the northwestern states were selling more freely today than they have for some time.

Evidence has been the case of late. Evidence of liquidation by seaboard holders of wheat developed in the last part of the session.

The only export business noted was for wheat to Liverpool, despite the acknowledged smallness of European reserves.

Domestic crop reports were particularly so as to Kansas.

Corn suffered in value owing to the weakness of export and as a result of less bullish than heretofore estimates to the Argentine exportable surplus failed to check the decline.

Provisions made temporary gains, influenced by speculative buying of lard.

But there is A DIFFERENCE IN THE PRICE. See these pieces Today and you will admit that you never saw their equal for the money.

A point worth remembering—There are only eight more days on which you can become a member of the Home Lovers' Club, profiting by sale prices and having your payments spread over the rest of the year.
