Another Blow Drives Huns Back

British Gain All Objectives In Drive Near Messines

Push Ahead 500 to 1,000 Yards on Seven Mile Front and Now Occupy Trenches From Which Germans Formerly Fought

London, June 15.—The British struck another blow last night on the front near Messines. The war office announced that they gained all their objectives, advancing south and east of Messines and astride the Ypres-Comines canal.

The British now occupy the former front trenches of the Germans from the River Lys to the River Warnave. As a result of last night's operations and the constant pressure exerted the British have advanced their lines from 500 to 1,000 yards on a front of seven miles.

British Headquarters in France, June 14.—There is nothing like a general advance on any front, but we proceed silently to occupy bits of ground and stretches of trench which have already been evacuated by the enemy. By this creeping we now hold a line of posts more than 2,000 yards in advance of the line we pushed east of Messines.

The German story of a British cavalry charge in this region is untrue, like all other German utterances on the subject of the battle. Cavalry has not engaged and has not attempted to take even the smallest part in the operations. Mounted patrols of half a dozen men or so have in a few cases been usefully employed. But, while the German statement that very few returned is true, it is only true because the same number returned as went.

London, June 14.—The text of the official announcement reads:—Our troops attacked yesterday evening south and east of Messines and astride the Ypres-Comines Canal. The enemy's resistance was quickly overcome and the whole of our objectives were gained in both localities.

We captured more than 150 prisoners, one howitzer, and seven machine guns. As the result of these operations and the constant pressure maintained by our troops since June 7, we now occupy German front trenches from the river Lys to the River Warnave and have advanced our line from 500 to 1,000 yards on the whole front from the river Warnave to Klein Zillebeke, a distance of about seven miles.

We made a successful raid last night north of Lens. Many Germans were killed in hand-to-hand fighting and a few prisoners were taken by us. French Get Them

Paris, June 15.—Reconnoitering parties were sent out by the Germans last night in the Verdun sector at Hill 304 and on the heights of the Meuse. They were caught under the French fire and dispersed. The war office statement follows:—Artillery fighting occurred during the night. In the region of Hurbise and Croixneuf these actions were rather violent. South of Juvincourt brief and severe bombardments were carried out by enemy batteries.

Paris, June 15.—Four French ships of more than 1,600 tons on which the size and three fishing boats were sunk by mines or submarines during the week ending June 14. Six ships were unsuccessfully attacked during the same period, while 1,084 vessels of all nations entered French ports and 1,015 left.

Employees of the C.P.R. are engaged today in clearing the goods in No. 4 warehouse which did not go through the floor when the warehouse collapsed. Later on, when they can get at it, efforts will be made to secure the large number of cases which crashed down to the mud below.

The work of clearing away the debris of the grain conveyor and conveyor tower is being undertaken by Alexander Gray, engineer of the dominion public works department, in charge of the West St. John wharf work. It will be remembered that the conveyors, which were built and operated by the C.P.R., were built and are owned by the dominion government.

Engineer Murdoch said this morning that the date on which the city could undertake repairs to the warehouse depended partly on how long it took the C.P.R. and the government to do their part. He was in hopes that the city would be able to make a start some time next week.

Philadelphia, June 15.—Convinced, according to counsel for the plaintiffs, that organized baseball had entered into no conspiracy to wreck its business, the Baltimore Federal League Club today dropped its \$800,000 anti-trust damage suit against the American and National leagues, the national commission and other defendants. It was announced there was no settlement out of court.

THE VICTIMS INCLUDE 120 LITTLE ONES

Not a Single Soldier Hit in Air Raid

CASUALTIES TOTAL 527

Airships Crossed Channel in Twelve Minutes—One Brought Down Near Shoeburyness Practising Grounds For Heavy Ordnance

London, June 15.—Sir George Cave, home secretary, announced in the House of Commons last evening, that the latest reports of the casualties in Wednesday's air raid showed that 104 persons had been killed and 154 seriously and 260 slightly injured. Altogether, he said, 120 children were killed or injured.

Jamie I. McPherson, parliamentary secretary for the war office, said that the air-raider crashed in the Channel in twelve minutes. He said he understood it to be true that one of them was brought down near Shoeburyness, near which are the practising grounds for heavy ordnance and where there is an extensive artillery barracks.

Lord Derby, secretary of state for war, announced that not a single soldier had been killed or wounded in Wednesday's raid, which had been simply a killing and wounding of civilians, men, women and children, and from the German military viewpoint had absolutely no value whatever.

ATHENS QUIET

No Disorders Follow Departure of Constantine—Supplies Held up Are to be Moved at Once

Athens, June 15, via London.—No disorders followed the departure of former King Constantine and conditions in the city are normal with the exception that the theatres are closed and the bands are silent. The cabinet today submitted its resignation to King Alexander, but this was merely a formality and the ministers will meet later to frame a decree of political amnesty.

No foreign troops have entered Athens and their presence round the city is almost unnoticed. Senator Jonnart, French envoy, has informed the government that freights held up at Salamis will be delivered immediately and that ships bound for Piræus with wheat, maize and coal will be ordered to proceed to their destination with the least possible delay.

London, June 15.—A long series of belated despatches from Athens confirm the reports that the abdication of King Constantine and his departure from the Greek capital were unattended by any serious disturbance. There was much excitement and there were some gatherings of the so-called reservists but no bloodshed or rioting.

WHAT'S TO BE FUTURE OF WINSTON CHURCHILL?

British Weekly, in Close Touch With Lloyd George, Makes Interesting Announcement

London, June 15.—The British Weekly, whose editor is a friend of Premier Lloyd George, and which is supposed to be used sometimes to make desired announcements, says that the position of Colonel Winston Spencer Churchill is a perplexing one. The paper says that the premier wishes to appoint him chairman of the air board, but that the opposition to the appointment is exceedingly strong and that certain prominent politicians refuse to serve with the former head of the admiralty.

Labor And Conscription

Statement by Head of Dominion Trades and Labor Congress—Wealth and Industrial Nationalization First

Ottawa, June 15.—"Until the government gives proof that conscription is, in the words of the prime minister, the only effective measure to preserve the existence of the state and of the institutions and liberties which we enjoy, organized labor has every warrant in seeking its defeat by both the economic and political labor."

Labor's reply to the conscription of man power measure brought down by Sir Robert Borden was so made in a statement issued by J. C. Watters, president of the Dominion Trades and Labor Congress last night and concluded with the sentence quoted.

"If the government is sincere," he also said, "in their determination to conscript power to the cause of the allied and democracy, the conscription of man power will follow and not precede that of wealth, and the nationalization of every industry necessary for the prosecution of the war."

BILL UP ON MONDAY

Ottawa, June 15.—(Montreal Star despatch).—The decks are cleared for action on the conscription bill at the beginning of the week. Since Monday nothing but business of a more or less routine character has engaged the attention of the house. It will be the same thing today. Monday the bill which is the piece de resistance of the session will be presented for the second reading. The debate on the principle of the measure will begin and may be protracted.

THINK COST OF OPERATION IS RATHER HEAVY

Jordan Memorial Accounts Taken up in Fredericton IS \$1,200 A HEAD A YEAR

Matters Explained by C. J. Osman And Suggestions Received—Annual Report of Farm Settlement Board Wanted—Mr. Smith on Cost of Government

Fredericton, N. B., June 15.—The public accounts committee this morning made some progress with the auditor's report. Some criticism was offered that no report of the work of the Farm Settlement Board appeared to be furnished, and while no exception was taken to the accounts the committee was of the opinion that an annual report should be furnished, showing the farms purchased, from whom, price paid and to whom sold. The usefulness of the board was admitted and some of the methods adopted were thought to be open to question.

The Jordan memorial accounts were then taken up. C. J. Osman, one of the commissioners, laid before the committee some very interesting information with regard to the institution. He said that on his appointment as a commissioner he began to fear he had undertaken a serious obligation when he found that the cost of running the institution was something like \$5,000 a head of the inmates as against \$800 a head for receipts and he was strongly of the opinion that it would be inadvisable to adopt some other system of management. It must not be forgotten, however, that the institution was only in its infancy and, like all other similar undertakings, the expenses were proportionately heavier at the outset and he had no doubt whatever that there were great possibilities for the future.

The property was a most valuable one consisting of upwards of 1,200 acres of land besides the buildings and it could readily be understood that such a property could not be turned to its best without considerable initial expenditure. The small accommodation at present available in addition to the chief reasons for the high cost of upkeep. For the same overhead charges twice or more than that number of patients could be taken care of.

At the present time, however, the commissioners had under consideration a proposal from the dominion government which wished to have accommodation for some forty returned soldiers for whom the government was willing to pay \$12 a week each for maintenance and in addition one-half the cost of providing the extra accommodation which would be needed for them. With this large increase the cost of maintenance per capita would be very considerably increased.

HOW NEWSPAPER OUTWITTED THE GERMAN SPIES

Thrilling Stories Told By Editor of the Providence Journal

MONTHS WITH BERNSTORFF

For More Than Year Agent of Paper Was On His Staff—A Girl Outgenerals Von Pappen—New Complexion to Attitude of Quebec

Toronto, June 15.—There was a large gathering in the auditorium of the technical school last night at a Canadian Press Association meeting to hear addresses on the war. The meeting, known as "editorial night," was open to the public. The principal speaker was John R. Rathen, editor of the Providence Journal, who told a remarkable story of the Journal's exposure of German plots.

J. W. Dafoe, of Winnipeg, was outspoken in his criticism of Canada's attitude on the war. It was a lukewarm attitude with the exception of the heroism of the men in the trenches.

Mr. Rathen also told of the deciphering of the elaborate telegraphic code by which important news was despatched to Berlin under the guise of market reports.

By the substitution of a leather bag on one of the railways, an agent secured from Seirich Albert a bundle of papers which showed that Sir Roger Casement's attempt on Ireland was hatched and financed in Germany.

Particularly thrilling was the story of how a girl stenographer of the Journal was sent to the German consulate in order to mark a box of secret documents which was being sent out. The girl sat on the box, and Von Pappen, who was on watch, seated himself beside her and opened a flirtation. The girl coquetishly drew on the box, with a red pencil, two hearts and Von Pappen himself drew an arrow through them. It was by this mark that the authorities at Falmouth were able to pick out the box.

LIQUOR CASE GROWS OUT OF LOCAL STRIKE

Plumbers in Court—Two Fined For Drunkenness; Two \$100 Each For Liquor Law Violation

Two men arrested on drunkenness charge and their statement that they were members of the Plumbers' Union, now on strike, their mission that they had secured the liquor from fellow members of the union; a statement by the court on the part of George E. Blake, magistrate, reading of the law by Police Magistrate Ritchie touching the matter of disorder; a consequent liquor charge against two members of the Plumbers' Union following the admission of the two prisoners, all combined in the police court this morning to make some interesting proceedings.

The two men taken into custody last evening for being intoxicated together in Dorchester street were asked where they got the liquor. One replied that he had secured it from Edward Carlyn, and the other said he had been supplied by Joseph O'Brien. The two named men were sent for by the court.

In explanation the men under arrest said that about ten of the plumbers on strike had got together and sent away for some liquor to Montreal. A case of gin had arrived yesterday.

Edward Carlyn was the first man to come to the court. He admitted that the liquor had arrived consigned to him. The liquor, he said, was as much the other as his. However, he pleaded guilty to the act of handing the liquor to the two under arrest.

While waiting for the other man to come, the magistrate, noticing several plumbers in court, took occasion to remark that yesterday two men had been arrested for interfering with the other while about their work. He said that the plumbers on strike were acting disgracefully. Some time ago his window in Germain street was smashed and damaged more than \$20.

The magistrate said that the guilty one could be placed in Dorchester.

Mr. Blake, counsel, said that he understood there was an organizer in town, but he had never gone to him to even talk over the strike situation. He said he would be coming to him, but he had not done so until the next Monday. If he would have paid them what he was offering he would have been around by the strikers and annoyed. Still another young man who was a plumber and about his work now while proceeding home last evening had been struck on the head with a brick and knocked to the ground. He had to be taken to his home. "This," said Mr. Blake, "is the kind of a way the strikers are getting their rights." He denied having commissioned Chief Simpson to put a man in plain clothes to watch the strikers.

The magistrate read the law on the general conduct of strikers and said that if any one was before him under any of the provisions he would impose the full penalty. He delivered a warning to the plumbers.

J. Bruce, chief organizer, speaking to Times reporter after court, said he did not visit Mr. Blake personally, but had negotiated with the committee representing the master plumbers. "I did not

care they got it. He could appreciate the fact that the patients required every care possible, but comparing the cost of maintenance of the patients at the Provincial Hospital, which was \$147 a head as against \$1,200 in the Jordan Sanitarium it seemed to him there was considerable room for economy.

This opinion appeared to be shared by the other members of the committee.

Mr. Smith said he had no wish unduly to criticize, but he felt that the cost of supplies, everything seemed to be bought with a lavish hand regardless of cost. He thought it would be a good plan when making the next year's contracts for the provincial hospital to include the supplies needed for the sanitarium in them so that the contractors could supply both institutions and a great saving thus be effected.

This suggestion was strongly approved by the committee.

Legislature Expenses

The expenditures in connection with the legislature were then taken up. Mr. Magee remarked that there did not appear to be any room for much change.

Mr. Pinder—"Oh! Yes there is room of it."

Mr. Smith said one change these members wanted was an increase in the sessional indemnity, but personally, he thought that the present was not an opportune time for anything of that kind.

He did think, however, that there should be some change in the form of government, and he strongly favored cutting down the executive to four ministers, who should be paid a good salary and compelled to live in Fredericton, where they would be able to devote all their time to their work. People who had business with the department could not be satisfied with the present arrangement, an expression of opinion which was not contradicted.

The items for printing caused some little discussion, but Mr. Pinder's remarks that "We might just as well pass the item as look at it for all the good that we could get," appeared to appeal to the rest of the committee, and the item passed.

NORTHCLIFFE IN WASHINGTON

Washington, June 15.—Lord Northcliffe, co-ordinating head of all the British war missions in this country, made an official call today on Secretary of State Lansing. He explained that he had been designated by the British war council as the head of all the special British missions with full power to direct their activities, negotiate with American officials and report to the various ministers at home.

Lord Northcliffe is not a successor to Mr. Balfour as he has no purely diplomatic powers and is confining himself entirely to the questions of trade, munitions and shipping. His work will not conflict with the work of the British embassy, but will rather co-ordinate the work that has grown up outside the embassy.

Lord Northcliffe arranged today to see President Wilson soon. His visit here is intended to be brief as he is anxious to return to his headquarters in New York as soon as possible.

\$1,100,000 TO PASTOR.
The Rev. Edward F. Sanderson Inherits Wife's Estate.

New York, June 15.—The will of Mrs. Ethel Eames Sanderson of 125 Remsen street, Brooklyn, who died at her summer home at Stamford, Conn., on May 31, was filed in Brooklyn. The estate, consisting of "not more than \$1,100,000," is left entirely to the Rev. Edward F. Sanderson, the testator's husband, who is also named as executor. The will is dated March, 1914, and states that the testator believes that Dr. Sanderson will make provision for their son, David.

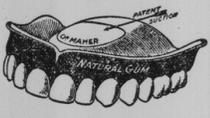

Mrs. Sanderson was the daughter of the late Francis L. Eames, at one time president of the New York Stock Exchange. She was married to Dr. Sanderson on June 29, 1912, while the latter was pastor of the Congregational Church of the Pilgrims, at Henry and Remsen streets. Mrs. Sanderson was born in Brooklyn on April 12, 1877. She died shortly after the birth of a son, Edward, who died only five days after the death of his mother.

SOUTH AFRICAN MISSIONS
Father Cotton delivered a very interesting and instructive lecture last evening before a large number of people in the Mission church, Paradise row, on his work in South Africa. DIVIDEND CUT TO 18 PER CENT.
Traffic Through the Suez Canal Has Dropped 7,500,000 Tons.

London, June 15.—The report of the Suez Canal Company, published in the Times, says: Traffic in 1916 had dropped about seven and a half million tons since 1913, but "thanks to increases in rates the receipts have not fallen in the same proportion." The council proposes to distribute a dividend of 90 francs. This means a dividend of 18 per cent, as shares are 500 francs. The dividend in 1913 was 164, in 1914, 165 francs. General shipping through the canal in 1916 was 3,110 ships of a net tonnage of nearly twelve and a half millions. The proportion of this was purely commercial, 2,240 ships with a tonnage of eight and a half millions, a decrease of 56 per cent, compared with 1913. The report states: "State commerce taking the place of private trade, the decrease in commercial traffic in 1916 was therefore not really so marked as the above figures would lead one to suppose." Of the 400,000 Suez shares the British government in 1875 bought 178,000, which in 1915 were valued at thirty million pounds, or seven and a half times the purchase price.

DRAFT EXEMPTIONS

How the U. S. Government Will Choose the First Contingent From the 10,000,000 Men Who Registered

The fact that practically ten million men of military age registered in one day in the United States is, in the opinion of American newspapers, this country's conclusive answer to all efforts to convince the German people that this is "Wilson's War" and that it is without popular support or approval in the world's greatest Republic. It is also, they add, our answer to "the spies, the conspirators, the demagogues who tried to obstruct the Draft Law." The history of the past several days will be read and studied in Berlin, where it will be recognized, in the opinion of the Springfield Republican, as "a registration not merely of men, but of a national purpose, indorsed, supported and confirmed."

Now that the first step in raising an immense American army has been taken, the question as to who will be exempt from military duty is engrossing public attention. In THE LITERARY DIGEST for June 16th the leading article gives a comprehensive account drawn from the press of the United States of the workings of the draft, and also includes the latest obtainable information as to the government's plan for passing upon the cases of men who have claimed, or will claim, exemption. A Social and Business Asset of Great Value

There is no knowledge of more importance to the busy man or woman of today than accurate information on current events—a correct understanding of what is going on in the world about them, the great movements, social, commercial, and political, that are taking place daily and hourly. Such knowledge means everything to you. It will be a big advantage to you in your business, a valuable asset in society, and will broaden and clarify your view-point in a hundred ways. THE LITERARY DIGEST is the one periodical that enables you to form an impartial opinion upon great world-happenings, because it gives you both sides of all the news and the important questions of the day, quoting without bias from publications of the most diametrically opposing views. It makes no attempt to influence your judgment, but leaves you to form your own estimate. You will find it more than worth while.

THE AMERICAN METHOD.

Conscription of men in the United States is preceded by a period in which they may volunteer. If they do not volunteer in sufficient numbers they are compelled to come, each state providing its quota of men. This has not been generally understood in Canada, and it is therefore worth while to quote an official announcement just published in the State of Maine. It is as follows:

"The war department desires to bring to the attention of the people of the State of Maine the urgent necessity of filling the quota of enlistments for the regular army. For some unaccountable reason voluntary enlistments are not coming in nearly as rapidly as was expected. Maine's quota to fill the regular army to war strength is 1,470. It was estimated that this number would be supplied on or before the first day of June. To date only 470 have been accepted for enlistment. This leaves a balance from the State of Maine of 1,000."

"The war department now urgently appeals to the patriotism, fidelity, and loyalty of the people of the state to respond to the patriotic call of the president at the earliest possible time and supply this deficiency on or before the 30th day of June. To accomplish this, it will be necessary to enlist approximately fifty men per day, and your services and co-operation are urgently requested to keep constantly before the people the seriousness of the situation, and the necessity for immediate action."

"We are engaged in war with a powerful and thoroughly organized enemy. To emerge successfully available man in training without delay. We now have the facilities for training men in the regular army, but not facilities for training the new National army to be called about Sept. 1st. Much valuable time is being lost during the season of the year when training can be most advantageously carried on. Men of military age should understand that getting the time for them to get into training if they desire early promotion and the best jobs that are to be given out."

"It is the present intention of the administration to fill the ranks of the regular army by volunteer enlistments, and those states which supply the smallest number of enlistments of this class will be called upon to furnish the larger quota of enlistments under the Selective Draft Law. The fact should be constantly kept before the public that the delay is dangerous and that they desire to enlist immediately if they desire to select the branches of the service in which they will serve. Enlistment is no bar to volunteer enlistment. After a man has been called out under the Selective Draft Law it is then too late for him to volunteer his services."

"Careful records are being kept in this office showing the number of enlistments for each county in the state. To date only one county has the honor of having filled its quota. Other counties are well filled in this respect. It is believed that the press of the state offers the best and most reliable method of keeping these facts constantly before the public, and urge young men to do their full duty by the nation and the state without waiting to be drafted. Five states in the middle west have already completed their full quota. Other states are rapidly approaching the number required from them. Surely, the people of the State of Maine will not permit this state to be the last."

BAD SOCIAL CONDITIONS.
Twelve persons living in three rooms is not conducive to health or morals. The agent of the Children's Aid Society and the secretary of the Municipal Home are now endeavoring to get conditions improved in one such case. The former has also to deal with another case where ten of a family occupy but three rooms. Only last week the problem of a family of ten living in two rooms was solved by their fitting to Kings County to live, it is said, in an old camp.

The people of St. John do not realize how serious is the congestion or how bad the living conditions in many different sections of the city. The board of health ordered three more houses closed this week. Dr. Melvin is doing a valuable work, but there is always the problem of what is to be done with or for a family which is a crying need. It is impossible to improve social conditions on any large scale until there are better homes available for many families now living under most undesirable conditions. It is also true that some of these families must be taught how to live cleanly and respectably, but the housing question is also urgent. There is need, moreover, of trained social workers to keep constantly in touch with families which need the stimulus of an intelligent and sympathetic supervision; and it is surprising how many of such families there are, where the children, because of parental selfishness or sheer inefficiency, are not getting a fair start in life. Members of organizations have to do with such families are often well-nigh to despair because of the apparent failure of well-meant and continued ef-

fort in certain cases with which they have to deal. Obviously the evils of over-crowding in poor tenements must be removed before any measure of success can be gained.

It must have been with a high degree of satisfaction that Hon. Mr. Dugal made some observations in the legislature this week. He was able to commend the opposition for diligence in seeking information, since a similar diligence on his own part had led to sweeping reform in the government of New Brunswick. Possibly he remembered the gross discourtesy which he was submitted to on that memorable day when he stood practically alone in a hostile house.

Of late the Sir William Macdonald Toronto Globe says:—"Among Canadian multi-millionaires, Sir William Macdonald will always stand high, not merely for the amount of his benefactions, but for their number and their practical character. Directly and indirectly he did much for McGill University, of which he had been chancellor for some time past. His interest in agriculture was shown years ago by his establishment and endowment of the Macdonald Agricultural College on the Ottawa River, and the Macdonald Institute and residence for women students at the Ontario Agricultural College, Guelph. His most outstanding personal characteristics were incurable cynicism and dislike of publicity."

The London Times advises its readers to avoid jumping to rash conclusions about the motives of those persons in Canada who are opposed to conscription. The French-Canadians it says:—"They cling to their traditions and have a rooted objection to compulsion, which they have never hesitated to proclaim and justify on the grounds which they believe to be entirely consistent with real devotion to British connection. It is not too easy for us to see eye to eye with them, but at least we can abstain from rash reproaches, which must necessarily ignore their point of view."

It is not surprising that the murder of women and children in London by German air raiders has revived the desire for reprisals. By their fiendish acts the Germans have stamped themselves with such a brand of infamy as puts them beyond the range of human sympathy or consideration.

It is intimated that the correspondence between Sir Robert Borden and members of the Quebec hierarchy at the time the national registration scheme was brought up would make interesting reading. What assurances did Sir Robert give the hierarchy?

The withdrawal of the Germans from some portions of the British front is said to have created a strategic situation "full of interesting possibilities." It is also announced that the British have regained a marked supremacy in air fighting.

The Standard features the fact that the Manufacturers' Association favors conscription. Small type is good enough, however, for the announcement that the association also declares for the abolition of the patronage system.

As a newspaper the Standard declined to print the evidence of Mr. Cosentino, the report on the Farm Settlement Board, and the letters of Powell, Powell and Foster on the Central Railway affair. Is it a newspaper?

Apparently the Borden government is getting ready for an election. It is pointed out that Hon. Robert Rogers is now free to attend to his specialty as "minister of elections."

In reply to the demand for conscription of wealth Sir Thomas West promises a tax on large incomes next year. Meanwhile there may be an election.

LIGHTER VEIN

"Does Jones, the photographer, do evryone justice?"

"He does more than that; he tempers justice with mercy."

John D. Rockefeller's friends say that he tells this story most frequently: It is the story about the man whose wife had him bluffed and who was obliged to do her bidding. One night he chased him under the bed. He persisted in peeping out from under to see what she was up to.

In harsh tones she bade him quit his peeping. Summoning all the courage at his command, he declared: "So long as I've the spirit of a real man, I'll take a little peep!"—Everybody's.

In Tennessee they tell of a judge, a man well versed in the law but entirely self-educated, who had to contend with the difficulties of orthography all his life. In the old days he lived in Knoxville and for a long time he insisted upon spelling it "Noseville." Finally his friends educated him up to the point of prefixing a K; so thoroughly, in fact, was the lesson learned that, a few years later, when he moved to Nashville, no thing could prevent him from spelling it "Knoxville." Then, some time later, the lawyer moved again, this time to Murfreesboro. On the day that he began to write his first letter from this place he scratched his head in perplexity, and finally exclaimed: "I give it up! How on earth can they spell the name of this place with a K?"

Recently the sergeants of a certain battery in France sat down to an exceptionally fine dinner, the crowning glory of which was a large plum pudding. "Seems mighty hard," remarked the sergeant-major, as he vainly tried to stick his fork in it. "Have you boiled us a cannon ball?" "Where did you get the flour from?" questioned the sergeant-major again, still struggling vainly. "Where from?" the cook retorted. "From Store No. 5, of course." "You did?" roared the quartermaster-sergeant. "Then hang you, you've made the pudding with Portland cement!"

HAVE FRENCH-CANADIANS IN ARMY

Ottawa, June 14.—According to a return tabled in the commons this afternoon by the minister of militia, there were 14,100 French-Canadian soldiers in the total of 212,000 men of the Canadian expeditionary force sent overseas up to the end of April last. The number of native-born Canadians speaking the English language who had gone overseas, is given as 128,245 and the number of British subjects born outside of Canada, French-Canadian in descent, therefore, about twelve per cent. of the native-born Canadians in the Canadian army now overseas. The British-born members of the C. E. F. outnumber the Canadian-born by approximately fifteen thousand. There are no figures available as to the number of speaking English subjects in the Canadian army.

The return show that 5,443 French-Canadians are serving with units organized in Quebec and commanded by officers speaking the French language, while 1,866 French-Canadian soldiers are serving with Quebec battalions commanded by the English-speaking English. The number of French-Canadian soldiers serving in units organized outside the province of Quebec is given as 8,904. These figures, however, do not include the 1,217 French-Canadians in the first contingent. These were all re-attested at Valcartier and their original place of enlistment is not shown on the records.

VANCOUVER OFFICER WAS A HERO OF SEA FIGHT
London, June 15.—A Vancouver officer was a hero of a sea fight announced, in which a drifter engaged five sealiners, destroying two. This was Lieut. H. B. Bell-Ising, a member of a fighting family. One brother was killed, dying in England; another, Capt. Malcolm, holds the D. S. O. and the M. C., and a third, Lieut. A. D., brought down two enemy planes on the front.

WHERE TO LOOK FOR IMMIGRANTS
J. S. Dennis, of C. P. R., Says Canada's Hope for New Population Lies in U.S. and N.W. Europe
J. S. Dennis, assistant to the president of the Canadian Pacific, in a letter to the Toronto Board of Trade, says: "If and when Canada begins to prosecute a vigorous campaign for the attraction of settlers, it is obvious that it can be carried on in the British Isles only incidentally. In the United States, in Northern Europe and certain other European peoples, including Russia, is where it must be most vigorously pushed."
"In the United States alone there are a large number of young men brought up on farms who leave them every year and flock to the cities, because of the impossibility of securing land at a low price. Every effort must be made to intercept these men, and, by placing inducements of Canada before them, to attract them to this country."
"The resumption of immigration is not a question that can be idly dismissed by a wave of the hand. Very big will probably have a permanent effect upon the Canadian nation. It is a common habit, for instance, to deplore the non-habit of a country, individually and collectively, to make immigrant newcomers welcome, especially if immigration is what that country particularly desires. A realization of this, and its putting into practice ends in making the immigrant pleased with his changed surroundings, while the lack of such welcoming spirit tends to keep him hysteric at all."
Hall, Toronto, will stand for and advocate the conscription of men, and of whole nation.—From the Toronto Globe of last Saturday.

EGZEMA ON FACE
Was So Bad Had to Stay in House
All skin diseases such as eczema or salt rheum, itching or burning rashes, eruptions, ulcers, boils, pimples, etc., are all caused by bad blood, and while not usually attended with any fatal results, may sooner or later develop into some serious blood trouble, and the entire system become affected.
Burdock Blood Bitters, that old and well-known remedy, will cleanse the blood of all its impurities, and by this means cure all skin diseases and other blood troubles.
Mrs. Ernest Andrews, Hamilton, Ont., writes: "My face was covered with eczema and was so terribly bad I had to stay in the house. I had ten different doctors but got so tired of their treatment that I went and bought a bottle of Burdock Blood Bitters, and it helped me so I kept on taking it. Now I am cured, and have a lovely skin."

BACKWOODS TRAGEDY.
Elk Lake, Ont., June 15.—A backwoods tragedy occurred west of here a few days ago. An Indian named Neas Twain, with his wife and adopted baby, was traveling the Waboose river. They were crossing the Floodwood just above the High Falls, which have a total drop of about seventy or eighty feet, when a tree on which they were crossing gave way, and the wife and infant were swept over the falls. The baby was killed, and the wife sustained a compound fracture of the leg. Twain managed to rescue his wife and recover the body of the infant, and brought them both to Elk Lake, a seven-days journey. From here the woman was sent to a hospital.
Canada must come first—not Ottawa; the country—not the party; not in the trenches of Flinders alone—in the Canadian Parliament as well. And for Canada's sake, and the world's free-born Canadian Liberals to-night, in Mass.

BRITISH ARMY HORSES
HELP TO FEED PARIS

Paris, June 15.—The British army sends between 400 and 600 horses a week to Paris butchers to be slaughtered and put on sale in the horse meat markets. The French army furnishes a smaller number. The total makes such an important contribution to the feeding of Paris that the horse butchers are using it as an argument against the closing of their establishments two days a week along with the other butchers.

The result, they say, will be that a great many wounded horses that are now killed at the front, then shipped to Paris to be dressed and sold, will be buried on the spot without profit to anyone. Five thousand horses are slaughtered each month at the Vaugrassat stockyards.

WOMAN BY MISTAKE WEDDED TO TWO MEN

Decree in Separation Suit Inadvertently Gave Permission

First Husband Long Away—Second Marriage Will Have to Be Annulled Only in Case He Reappears

(New York Times)

Through the inadvertent but unprecedented action of Supreme Court Justice Delehanty in granting permission to re-marry to the woman plaintiff in a separation suit, Mrs. Anna M. Howard, in the wife of Edward Howard, a vaudeville actor, to whom she was wedded in 1908, and also of Victor Jadowski, who became her husband on May 1 last, Mrs. Howard has had no word from her first husband since about two weeks after her marriage to him, and has not seen him for seven years, and if he fails to appear she will remain the legal wife of Jadowski, but if any evidence is produced that he is still alive the second marriage will be set aside.

The fact that the unusual action of Justice Delehanty had caused embarrassment not only for Mrs. Howard, but for her attorneys, May & Jacobson, became known yesterday, when the lawyers filed an amended decree in the separation case in which Justice Delehanty had struck out the permission to re-marry. Mrs. Howard-Jadowski was advised to apply for the amended decree, which would disturb her present marital status, after Justice Delehanty had sent for her attorney, David May, and had insisted that the plaintiff take this action at once. The original decree, giving permission for Mrs. Howard to re-marry, was filed on Nov. 5 last.

Justice Delehanty, in explaining the case, said yesterday that on the day the Howard case was tried he heard a dozen undefended matrimonial cases, and was compelled to rely on the attorneys and the clerks of the court to see that the decrees were in proper form for signature when they were handed up. He signed the Howard decree when it was presented to him, and heard nothing more about it until a few days ago when a lawyer friend told him that a firm of attorneys felt pleased over a novel decision he had made in their behalf. When told that it was a separation decree giving the plaintiff permission to re-marry, Justice Delehanty said he was astounded. He looked up the papers, and on finding that May & Jacobson were the attorneys he sent for Mr. May.

Justice Delehanty said yesterday that he asked Mr. May upon what authority he had inserted the permission to re-marry, and the lawyer replied that the domestic relations law gave one whose husband or wife had been absent for more than five years the right to re-marry as if the other were dead, and the marriage was binding unless proof was offered subsequently that the missing spouse was alive. The court pointed out that the law referred to had nothing to do with the three in a separation case, and he demanded that action be taken at once to amend the decree.

When notified that the amendment was remanded, Justice Delehanty said he wanted the papers in the case to show that Mrs. Howard had taken her second husband in reliance on the domestic relations law rather than on the improper provision in the separation decree. An affidavit to this effect was then filed by Mrs. Howard-Jadowski, and the court signed the amended decree.

PREDICTS AN ADVANCE IN JOURNALISM

Toronto, June 14.—Delegates to the number of 176 are attending the Canadian Press Association convention here today. President J. G. Elliott, of the Kingston Whig, in his address said he expected journalism to advance with the nation after the war. Much bitterness and party strife would disappear and newer lines of social service be followed, and bigotes, one-sidedness and selfishness be less apparent. Amalgamations, rather than more newspapers, might be expected.

This morning's session was largely taken up with reports on the year. The board of directors will recommend amending the constitution to limit the membership to daily and weekly papers. This would exclude fifty representatives of trade publications. Debate will begin tomorrow. Fees are likely to be raised. There are 850 names on the membership roll, a gain of 200, and forty are overseas. The committee on resolutions is L. H. Dingman, St. Thomas; J. H. Woods, Calgary; F. B. Elliott, Allison; F. G. Dunlop, Toronto; and J. R. Burnett, Charlottetown (P. E. I.).

John G. Rathon, of the Providence Journal, was the guest of the association at lunch.

WILL PUNISH DEALERS WHO SOLD LIQUOR TO SOLDIERS

Hoboken, June 15.—Positive evidence of the sale of liquor to soldiers in uniform has been obtained against six saloon dealers here, who will be punished to the full extent of the law. This is announced by the authorities. The maximum punishment for the crime is \$1,000 fine and a year in jail.

Domination of World's Trade

Now in Hands of Allies as Result of Embargo Clause of New U.S. Espionage Bill

Washington, June 15.—Control of exports was given the government when the senate finally approved the administration espionage bill, with its embargo clause. The measure, now sent to the president for his signature, puts into the hands of the executive a weapon by which it is intended to stop supplies from entering Germany through neutral countries.

Passage of the bill removes to a great extent the necessity of the British blockade, since the United States, originator of most of the exports that reach the neutrals, will be in a position, with the aid of British machinery established during the three years of war, to see that the force of the world for raw supplies, can be required to supply them with just enough food and materials for their own needs.

The measure also gives another powerful weapon to the president, in that it permits him to trade for articles controlled by the Allies, which heretofore have been permitted to come to America only in limited quantities. The United States, with an enormous trade balance in its favor, and largely independent of the rest of the world for raw supplies, can be required to supply them with just enough food and materials for their own needs.

The fair control-over shipping will result. As administered, the act will require licenses for export cargoes, and under this arrangement the government can force neutral ships from harbors where they have sought safety from submarine attack into service to transport cargoes wanted by their home countries. American and Allied shipping, too, can be required to carry cargoes to the destinations the government considers should be supplied for a proper conduct of the war.

All For Alliance

In applying the new law, the government's purpose, aside from preventing supplies from reaching the enemy, will be to conserve all American resources, first to make America effective in the war, and second, to make the Allies effective, and third, to befriend neutrals friendly to the alliance. The power to restrict shipping of American goods, supply is expected to effect a tremendous saving in tonnage by reducing long hauls. For instance, Spain might not be allowed to get American coal, if she could just as well get coal from England.

The enormous mass of figures collected by the Allies in their rationing of Holland and Scandinavia are, of course, available to this government, and they will be supplemented by the independent investigations of American consuls on the spot. It is essential not to allow imports into any country contiguous to Germany, which can in any way be re-exported or used to release native supplies for Germany.

The neutral nations have expressed much concern over America's possible policy, and three of them, Norway, Sweden and Switzerland, have sent special commissions to this country to present their needs and requirements. They also have developed a mass of statistics as to their foreign trade, which they hope will induce this country to be as generous as consistent with her own needs in the furnishing of supplies.

America's final incorporation into the Allied economic strength, with the legislation passed today, gives the alliance the practical trade domination of the whole world outside the German empire. The neutrals are practically helpless without Allied shipping and coal.

RECENT DEATHS

Allen Estey.
Zealand Station, N. B., June 14.—A life long resident of Brewer Mills passed away last Tuesday in the person of Allen Estey. He lived to the good old age of 94 but for the last twenty-five years was a helpless paralytic. A member of the Episcopal church, he was deprived of the privilege of attending worship. Deceased is survived by one son, John, at home, and five sisters—Mrs. Leander Morhouse, Mrs. Peter Christie, Mrs. Lunnin, Mrs. Samuel Hill and Mrs. O'Leary. Two brothers, John and Elias, and one sister, Mrs. Stone, also survive. Services at the house and St. Paul's church on Thursday afternoon were conducted by Rev. M. Paul Maxwell, missionary in charge. Internment was made at St. Paul's burying ground.

Whitman Burt.
Zealand Station, N. B., June 14.—The death occurred at Zealand Station on Tuesday last of Whitman Burt at the advanced age of 78. He was a devout communicant in the Episcopal church. He is survived by two sons, Frank, at home, and Huddy of Bath (Me.). Services at the home and St. Paul's church on Thursday morning were conducted by Rev. M. Paul Maxwell. Internment was made at St. Paul's burying ground.

RECENT WEDDINGS

Smith-Slocum.
This morning, at 6 o'clock at Trinity church the marriage of Miss Hazel E. Slocum, daughter of George W. and the late Marjorie E. Slocum, and Glenn A. Smith, son of Mr. and Mrs. B. Smith, was solemnized.

The ceremony was performed by Rev. R. A. Armstrong. The bride was given away by her father and was becomingly gowned in a cream serge costume with picture hat of white silk straw and georgette crepe and carried a shower bouquet of cream roses. Her travelling suit was of grey with hat to match. Following the ceremony the happy pair left on a short trip through Nova Scotia and on their return they will reside in St. John.

Jewett-Adamson.
Dr. James Edward Jewett, for some years a prominent practicing dentist of Woodstock, but at present a captain in the overseas dental corps, and Miss Agnes Taylor Adamson, of this city, were united in marriage last night at the home of Dunne Webster, Adelaide street, Rev. B. H. Nobles officiating. The bride was attired in white duchesse satin and wore a bridal veil; she carried a bridal bouquet of cream roses. The ceremony was performed in the presence of a few relatives and friends, and following it a dainty supper was served. Today Captain and Mrs. Jewett will leave for the former's summer home at Beulah, where they expect to spend considerable time.

The bride received numerous gifts in silver and cut glass.

TO SEND 1,000 FLIERS A MONTH TO FRANCE

American War Department Adopts Extensive Plan to Wrest Air Supremacy From Germany

Washington, June 15.—The government has completed tentative plans to send 1,000 aviators a month to France, and the first big overseas force of airmen will be ready to embark some time in September.

These men will have received preliminary training in technical schools and on aviation fields before they leave the United States, and, in fact, the majority of those who will go with the first contingent are now hard at work on the rudiments of flying. On arriving in France they have a short period of intensive training under French instructors, and will then start for the battle front.

American manufacturers have promised to supply all of the training planes needed by this country and its allies, and thus make it possible for the French and English to devote all of their energies to turning out the fast and powerful battle planes which will be needed to end the question of the supremacy of the air. It is not unlikely that some of the great

BUSY DAY FOR BAND
OF KILTIES IN BANGOR

Will be There on Next Tuesday
—To Wave Flag on Bunker
Hill on Monday

The Bangor Commercial says: The
Kiltie band of the 23rd Canadian High-
land regiment will not be in Bangor on
Monday, as it has decided to stay in
Boston and take part in a Bunker Hill
day celebration, when the band will wave
the British flag on the historic hill for
the first time since it waded in the world
renowned battle. But the band will
be in Bangor on Tuesday. The band
will leave Boston on Monday night, ar-
riving in Bangor at 5:30 a.m. on Tues-
day. Bright and early the band will
parade the streets between 6 and 7
o'clock. The public safety committee
has obtained the permission of the city
government to erect a tent in West Mar-
ket square for the band as recruiting
headquarters. There will be a speaking
platform in front of the public safety
committee office. At 8:30 a recruiting
meeting will start, with music by the
band. Mayor Woodman will welcome
the Scots and recruiting addresses will
be given by Colonel Guthrie for the
Highlanders, and by representatives of
the army, navy and national guard of
the United States.

A little before 10 o'clock, the Kiltie
band will escort a party of recruits for
the various branches of United States
service, army, navy and guard. After
that a special car will take the High-
landers to Old Town, and lunch will be
eaten there. There will be a concert and
recruiting speeches. On the return trip
a stop will be made at Arona, with
speeches and music.

Arriving in Bangor, a concert will
be given in front of the public safety
committee headquarters and the band will
furnish music at a Red Cross meeting
in City hall. At 4:30 the Kilties will
march through the business section ac-
companied by Co. K of the 2nd reg-
iment and possibly other organizations.
At 5:30 there will be another concert in
front of the public safety committee
headquarters. A supper will be served
for the band in the banquet room of
City hall at 6 o'clock.

At 7:30 a grand recruiting rally and
dance will take place in City hall, with
bagpipe music. After the dance a sleep-
ing car will be ready for them at the
Union station and they will go to bed at
once, leaving Bangor at 3 a.m.

BOASTING GERMAN SAYS
ENGLAND BEATEN
IN NEXT TWO MONTHS

Copenhagen, June 15, via London.—
England is given less than two more
months of life by Herr Von Heyde-
brand, conservative leader in the Reich-
stag. In a speech to his electors he
quoted a German admiral as saying:
"We hope, yes, we are certain—that
in two months at the most the condition
of the English will be such that Great
Britain will be finished."

Herr Von Heydebrand has asked the
admiral whether he believed Germany
could win a complete victory. The ad-
miral's confident reply was used by the
conservative leader to confound "doubt-
ers and lukewarm individuals" found
among the German masses, who are
questioning, in increasing degrees, the po-
litical and military efficiency of ruthless
submarine warfare. Herr Von Heyde-
brand also gave warning against hope
of a separate peace with Russia and a
consequent easy victory over Germany's
other opponents. In this connection he
said he himself formerly had cherished
this hope, but that such a peace would
be possible only if made with a govern-
ment strong enough to control the sit-
uation in the interior and face the con-
sequences of a break between Russia
and her allies. The Russian govern-
ment, he said, was not strong enough
for this.

Unwilling praise of British achieve-
ment was given by Herr Heydebrand.
He referred to the fact that an army of
millions had been put into the field and
said England was like a bulldog which
could not be shaken off after its jaws
had closed. However, he was convinc-
ed that, owing to the submarine, it
would be unnecessary to endure another

Ottawa Government Preparing for Approach of Elections

Ottawa, June 14.—Confronted with the practical certainty of an election by this autumn at the latest, the government forces are endeavoring to trim ship for the coming storm.

In Conservative caucus today it was practically admitted by the government leaders that hope had been abandoned either of an extension of parliament or of any practical or satisfactory union or coalition government.

Efforts are now being concentrated on devising political expedients to lure public support, placate public opinion, and divert the issue from an appeal on the record of what has been done to an appeal on what is promised for the future.

While no definite decision was reached at the caucus today in regard to any immediate solution of the railway problem, it is understood the opinions expressed look to a further shelving of the issue of immediate nationalization raised by the report of Sir Henry Drayton and W. Acworth.

Meanwhile, railway nationalization will probably be made a plank in the party platform for election purposes, and the clamoring needs of the Canadian Northern and Grand Trunk systems for this year will be met by a further hand-out.

This device will not interfere with campaign contributions and can be made plausible by the plea that war responsibilities and commitments demand first consideration and that the parliamentary situation is such as not to give time for the final consideration of the question before dissolution.

New British Air Craft Effective

Canadian Headquarters in France, via London, June 14.—(By STEWART LYON, Special Correspondent of the Canadian Press)—The centre of interest has shifted to the north. Here the official reports record the situation as normal. Our patrols are out nightly, but seldom encounter the enemy.

Our aeroplane ascendancy, which was threatened during the early spring, is now fully assured on this sector, and I understand all along the front, by the use of the British battle triplane and the new scout, which is even faster.

Aviators tell me the enemy now frequently declines an action, even when in greater numbers. The result of our restored supremacy is a growing inaccuracy of the enemy artillery fire, and a lessening of his bombing incursions, which are now hurried and futile.

British Storm Heights and Hold Them

London, June 14.—The report from British headquarters in France, issued to-night, reads:

"We carried out a successful raid this morning on the Arras battlefield east of Monchy-Le-Preux.

"Hostile positions of considerable importance on high ground, known as Infantry Hill, the possession of which had been stubbornly contested by the enemy on a number of occasions, were stormed by our troops on a front of over three-quarters of a mile. The whole of our objectives were gained, and we captured 175 prisoners, including three officers and two machine guns.

"In the air fighting yesterday one German airplane was brought down; three others were driven down out of control. None of our machines is missing."

London, June 14.—Fort Saliff, on the east shore of the Red Sea has been captured by British warships, it was officially announced this evening. The announcement says:

"The commander-in-chief in the East Indies reports that, Tuesday morning, his majesty's ships under his command captured Fort Saliff, after a resistance of three hours.

Use Coconut Oil For Washing Hair

If you want to keep your hair in good condition, be careful what you wash it with.

Don't use prepared shampoos or anything else, that contains too much alkali. This dries the scalp, makes the hair brittle, and is very harmful. Just plain unadulterated coconut oil (which is pure and entirely greaseless), is much better than anything else you can use for shampooing, as this can't possibly injure the hair.

Simply moisten your hair with water and rub it in. One or two teaspoonfuls will make an abundance of rich, creamy lather, and cleanses the hair and scalp thoroughly. The lather rinses out easily, and removes every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves it fine and silky, bright, fluffy and easy to manage.

You can get unadulterated coconut oil at most any drug store. It is very cheap, and a few ounces is enough to last everyone in the family for months.

FRECKLE-FACE

Sun and Wind Bring Out Ugly Spots—How to Remove Easily

Here's a chance, Miss Freckle-face, to try a remedy for freckles with the guarantee of a reliable dealer that it will not cost you a penny unless it removes the freckles; while if it does give you a clear complexion the expense is trifling.

Simply get an ounce of othine—double strength—from any druggist and a few applications should show you how easy it is to rid yourself of the homely freckles and get a beautiful complexion.

Rarely is more than one ounce needed for the worst case.

Be sure to ask the druggist for the double strength othine as this is the prescription sold under guarantee of money back if it fails to remove freckles.

inson's resignation was accepted expressed in the warmest terms their appreciation of all this work done entirely without remuneration.

Mr. Scott's Report.

The following is a summary of Rev. Mr. Scott's report:

Since undertaking the position of agent for the C. A. Society on May 22 last I have investigated twenty-four cases in which sixty-five children were involved. Of these three were placed in the home, Elliott row, for a few days to give the mother an opportunity of taking them to the country. One little girl was allowed to go with her parents from the home they having provided better living conditions. The father of a family in Carleton was summoned to appear before Judge McKeown for allowing his children to grow up without salutary parental control and under circumstances tending to make them lead an idle and dissolute life.

Two cases of non-support, the one involving six and the other eight children were brought to the attention of your agent. In the first of these satisfactory arrangements were made and the second is still pending. One lady, twelve years old, who had not been to school for four years was taken before Judge Ritchie and committed to the Industrial Home at Silver Falls.

Many visits of supervision have been made to homes in which the society had an interest. In many of these conditions have been bettered but in a few instances further action will have to be taken. In one instance I am happy to state I was able to secure for a soldier's wife her separation allowance, assigned pay and patriotic fund allowance money which she had not been receiving before.

One of the things which has impressed itself upon my mind most strongly in visiting among the homes in the poorer districts is the apparently large amount of overcrowding. Dr. Melvin of the board of health, very kindly accompanied me on three of my visits. As a consequence one family was ordered by the landlord at the instance of Dr. Melvin to leave. A house in Carleton, overcrowded and unsanitary, was ordered closed and a flat in the North End, also closed as unfit for habitation.

A pressing need in St. John would seem to be decent flats which could be rented to workmen for about \$10 a month.

"Are you doing anything to make your children proud of you?"

"I am," replied Mr. Bliggins. "All the young people will tell you I am the best dancer in the entire neighborhood."

Children's Aid Agent Reports

Society Receives First Statement From New Official and Pays Tribute to Past Secretary.

At the regular monthly meeting of the Children's Aid Society, held in the home last evening with the president, A. M. Belding, in the chair, it was reported that Rev. George Scott, had been appointed agent of the society and Mr. Scott submitted his first report covering the period since his appointment.

It showed that he had dealt with twenty-four cases, involving sixty-five children. Some of these cases were explained in detail and showed very undesirable conditions. He was also able to report, however, that there was a marked improvement in the conditions in some of the homes under supervision.

The president submitted the following appreciation of the services of Rev. W. R. Robinson, to be incorporated in the minutes of the society:

"From the time C. D. Howard resigned the position of agent in the summer of 1916, until May, 1917, practically the whole burden of the society's work fell upon Mr. Robinson. This involved almost daily visits to the police court; the preparation of cases to be taken before different judges; the preparation of all the papers in connection with these cases; daily visits to homes for purposes of investigation; visits late at night to the police court to have children removed to the home; making out papers of adoption and having children removed to institutions or to foster homes in the country; the restoration of children to parents who had provided the error of their ways and had provided comfortable homes; the settlement of domestic disputes which resulted in reunions and home care of children; and altogether a most exciting daily and nightly service for the promotion of child welfare in the city and also in some parts of the province. "Won't You Try Our New Macaroni?"

We present something distinctively different and infinitely superior in every way—in Catelli's Milk Macaroni. This new Macaroni—so clean and wholesome—so rich in food value—has a clear yellow tinge—a creamy smoothness—unlike any other.

This is because Catelli's Milk Macaroni is made in a great sunlit factory, where purity is paramount—and made of the very hardest wheat Semolina and Milk. Rich in nutriment—it is both a substantial food and a delicacy. Ideal for children, because so easily digested.

Perhaps you do not know the versatility of Macaroni. Let "The Girl at Catelli's" show you more than a hundred different ways of serving Macaroni—some of the recipes of the greatest chefs in the world. We will gladly send you this book—which tells all about Macaroni—its exceptional food value and economy. Write for a copy free from

Amendment Agreed To Beer Shops May Keep Open Until 11.30—Application of Doherty Act is Drapped.

Fredericton, June 14—The house met at 3 o'clock and immediately went into committee with Mr. Lagoe (Westmorland) in the chair, and took up the further consideration of the bill to amend the Intoxicating Liquor Act.

Hon. Mr. Byrne said the bill was last in committee he had had the amendment then suggested added to the bill and had the whole incorporated in a new bill which he proposed to substitute for the original bill.

Hon. Mr. Byrne said the section was specific enough. All persons who sold or kept liquor for sale in the province would be liable for the sale of ice cream, soda water, hop and root beer, etc., to take out a license.

Hon. Mr. Byrne said in his opinion the prohibition of advertising liquor in newspapers, whether that section applied to newspapers published in counties where the Scott Act remains in force, to which counties the prohibition act does not apply.

Hon. Mr. Tvede introduced a bill to facilitate the drainage of farm lands in the town of St. Andrew's to extend their water works system, and agreed to the same with certain amendments.

Hon. Mr. Tvede introduced a bill to reduce the discount rate to two per cent, and add one per cent per month to all taxes not paid within thirty days, net with opposition on the ground that it was too drastic.

Hon. Mr. Foster moved that when the house adjourned it stand adjourned till 2.30 tomorrow.

The house adjourned at 8.30 p. m.

Y.M.C.A. Holds Annual Meeting

Honors Paid to Members Who Died for Empire

Reports Show Progress Satisfactory Increase in All Activities—Directors Elected for Coming Year.

At the fifteenth annual meeting of the St. John Y. M. C. A. held last night in the association building, a most satisfactory increase in practically all activities was reported over last year.

The president, F. A. Dykeman, read a report covering the year's work in part as follows:

"In presenting this report the idea which your board of directors had in mind was to give a general but concise idea of the year's programme, in a manner that could be easily grasped, thus eliminating the necessity of reading the individual committees' reports."

"In view of the conditions facing us at the beginning of the year, we are indeed thankful to God for the success of our association during the year that has just closed. We cannot but feel proud of being an integral part of this great organization of men today, which has faced and is facing the greatest crisis in the history of the world, with a firm hand of leadership which holds the respect and admiration of every land and every nation."

"This has been the thought uppermost in the minds of your directors and secretaries throughout the season and the services of the staff and equipment have been given unselfishly to the end that we might be of the largest possible service."

"We have kept in mind the names and associations of our members who have made the supreme contribution and we have tried to make this institution a living monument to the ideals which they cherished. It is fitting that the names of these men should be placed before this meeting. They are as follows: Gilbert Seely, Frank Armstrong, Hubert Peacock, Gilbert Climo, J. W. Lamont, J. A. M. Haslam, Reginald Peacock, Robert Knowles, Frank R. Fairweather, John Hyslop, W. C. Harper, Lyman Anglin, James M. Hazen, Frederick C. Manning, Frank W. Sidmer."

"Undoubtedly some form of commemorative will be adopted by this association to perpetuate the life and influence of these men. In addition to these, let us also remember the members who are on the firing line at the present time."

"The following programme for the past winter has been carried out during the past winter: Twenty-one free entertainments with attendance of from one hundred to five hundred soldiers were given. Refreshments served in nearly every case. 52,748 sheets of paper and 29,188 envelopes distributed. Seventy-five books in lending library. 5,949 letters given in the local building. Eighty-five League cards. Checker and chess tournaments and baseball games organized. Thousands of magazines given the various units, in the city and on troop trains. In these and many other ways we have endeavored to provide for the men in khaki."

"In the physical sphere of the work, the report continues, much advancement was reported over last year. Mention was made of the swimming classes held last month and which were very successful. The social and religious side of the activities were also discussed in this connection and much credit was given for the great work which has been done this year in the boys department. Speaking of finances, the report continues:

"The books have been audited and the financial statement is before you, showing a balance of \$98.18. In this connection it is not out of place to mention the name of our late chairman, F. C. Smith, who was vitally interested in not only this feature but all features of our work. His passing away was a severe shock to the whole membership. The interest he

BENTS OUT OF VERTICAL

That the bents under the ruins of No. 5 shed at West St. John are now out of the vertical line about two inches was the statement made by The Telegraph last night by City Engineer William Murdoch, following a thorough examination of the ruins yesterday afternoon.

Engineer Murdoch said that the debris prevented him from making an exhaustive examination of the bents above the piling, but that so far as he was able to ascertain they were out about two inches at the angle. He expressed the opinion that the major portion of the work of reconstruction and utilized in the rebuilding of the shed.

The south side of the shed was resting on crib work while on the north side the supports consisted of the bents. As to the extent of the damage to the shed and the possible utilization of the portion still standing, Engineer Murdoch said that in his opinion all that part of the walls remaining intact could be used in the reconstruction of the shed, with the exception of perhaps two panels at the outer edges that were in a damaged condition.

By the same train and on the same days from Moncton there is a good connection at Midway for Fredericton, passengers arriving in the Capital City at 9.45 p. m. Returning passengers can leave Fredericton at 6.40 a. m. and arrive at Moncton at 12.05 noon, Tuesday, Thursday and Saturday—the quickest time between the two cities, Moncton and Fredericton.

S. R. PARSONS NEW PRESIDENT OF C.M.A.

Winnipeg, June 14—S. R. Parsons, of Toronto, was elected president of the Canadian Manufacturers' Association for the ensuing year at the annual convention here today. Other officers elected were: first vice-president, W. J. Bulman, Winnipeg; second vice-president, T. P. Howard, Montreal; treasurer, J. F. Ellis, Toronto.

The delegates passed with enthusiasm a resolution supporting conscription, and also declared for the abolition of the patronage system.

There was considerable discussion of the Canadian railway problem. This was centered on a resolution which recommended the findings of the commission which recently conducted the investigation, and urged on the government, as a matter of present national necessity, that immediate steps be taken to supply the "desperate need" for equipment on some Canadian railways by the government.

SEVEN RECRUITS

Seven more men signed their names to the recruiting roll yesterday making a total of thirty-three enlistments so far this week. The names of yesterday's recruits are: J. W. Payne, P. E. Island; R. W. Farrow, Byron, P. E. Island; R. S. Cunningham, St. John, all for No. 9 Siege Battery; J. W. Bennett, Peteraville, N. B.; and A. G. Pevin, Hibernia, N. B., both for the Machine Gun Draft; Cameron Murdoch, Mahon, C. B.; Forestry Company, and William H. Blackburn, No. 1 Field Ambulance, Casualties.

Ottawa, June 14—Maritime men in the noon official list are: INFANTRY. Died of Wounds. D. E. Littlejohn, St. John (N. B.). Killed in Action. C. H. Bull, Fredericton (N. B.). G. W. Manship, Cape Tormentine (N. B.).

Wounded. INFANTRY. Lieutenant J. T. Downey, St. John (N. B.). W. H. Taber, St. John (N. B.).

Wounded. INFANTRY. L. S. Lincoln, St. John (N. B.). H. L. Lohb, St. John (N. B.). P. J. Coughlan, Bathurst (N. B.).

MOUNTED RIFLES. Wounded. C. Hicks, Midgie Station (N. B.). Killed in Action. Relatives in Apsahqui have received word that Sergeant John Allen Wams made and been killed in action on April 22. He was twenty years of age and had enlisted in the University battalion in Claresholme, Alberta, where his family had moved several years ago from Kings county.

GOLF CLUB OPENING

The Riverside Golf and Country Club opened for the season yesterday afternoon when a large number of members were present and enjoyed a delightful day on the links. Miss Frances Allison of Rothesay won first place in the approaching and putting match, covering the distance in fourteen strokes. Miss Mabel Thomson and Miss Helen Smith tied for second place. Afternoon tea was served to more than sixty people. Mrs. W. L. Bushy received and Mrs. W. E. Foster presided over the tables.

FLAG PRESENTED TO THE Y.W.P.A.

A delegation from St. George's Society consisting of the president, C. W. Hallamore, the historian, Colonel E. T. Sturdee and the past president, F. E. Hanington, visited the rooms of the Y. W. P. A. in Union street last evening and presented to them, on behalf of the society, a handsome silk flag and mahogany pole with an inscription reading, "Y. W. P. A., St. George's Day, 1917."

The presentation was made by Mr. Hallamore and in a short address he stated that it was given as a slight recognition of the efforts of the young ladies of the association in selling flags on St. George's Day.

After the presentation, the regular meeting of the association was held. The treasurer's report showed a balance of \$164.45 in the regular fund, \$117 in \$164.45 in the regular fund, and \$50 was voted to the Great War Veterans' Association.

It was decided to hold a jam supper in September, when each member will bring two quarts of preserves or pickles for hospital use.

The unanimous thanks of the members was voted to the Great War Veterans' Association for the regular meetings of the Y. W. P. A. The meeting was concluded with the singing of the national anthem.

JAPS RESENT U. S. NOTE

Tokio, Tuesday, June 12—(Delayed in transmission)—The question of China, as it exists between the United States and Japan, has been brought sharply to the surface by the note of the American government to China expressing regret over the discussion in that country and the desire that tranquility and political cordination be established. Regarding the future of China, as interwoven intimately with her own, Japan has long held a fundamental policy, the goal of which is to procure recognition by the powers of a special and paramount position for Japan in China.

The impression prevails in Tokio that Great Britain and France, since the outbreak of the war, have tacitly extended a measure of recognition of special privilege to Japan, and the present issue appears to involve the question whether the United States will abandon the prerogative of independent action in China and henceforth consult Japan.

MORNING NEWS OVER THE WIRES

Prince Edward Island is to have a French Canadian premier. Premier C. A. Mathison has been appointed chief justice of the superior court of the province to succeed Sir W. W. Sullivan, recently retired. The new premier will be Hon. A. E. Arsenault, at present member of the provincial government without portfolio. He will also hold the portfolio of attorney-general.

The Kent and Northern railway station and freight department in Richibucto were completely destroyed by fire yesterday afternoon, with all its contents of several thousand dollars worth of freight.

President James Doyle, former sheriff, G. B. Willet, A. H. Jones, Hon. C. W. Robinson and Hugh F. Hamilton, who for years have been directors of the Moncton Hospital, have resigned.

BLACK AS DIRT About the Eyes

Liver Was All Upset and There Was Pain Under the Shoulder-blade—Two Interesting Letters

Toronto, Ont., June 18—So many people suffer from derangements of the liver that we feel sure these difficulty that I recently received, will prove interesting reading and valuable information to many readers of this paper.

Mrs. E. E. Keatley, P. O. Sask. writes:—"I was suffering from liver trouble—had a heavy pain under one shoulder blade as dirt around the eyes, so I concluded to try some of Dr. Chase's Kidney-Liver Pills. I did so, and before I had taken one 25 cent box the pain had left me and I commenced to gain in flesh, and by the time I had taken two boxes I was completely cured and felt like a new person. My trouble was caused by heavy work out-of-doors, and, of course, heavy eating and constipation. I would advise anyone suffering from kidney or liver trouble to give Dr. Chase's Pills a trial."

Mrs. Charles Terry, Tweed, Ont. writes: "Before I was married I was troubled with enlargement of the liver. My liver became so enlarged that you could detect the swellings on either side that I feel sure these difficulty that I could get my clothes on. A friend advised me to get Dr. Chase's Kidney-Liver Pills and take them. I commenced this treatment and used nine boxes which cured me at that time. Then, about two or three years afterward I was troubled again with the swelling, but only on my right side. I secured some more Kidney-Liver Pills, and took them, which finally cured me. I have not been troubled in this way since. I can cheerfully recommend Dr. Chase's Kidney-Liver Pills to anyone having kidney or liver trouble. We have also found Dr. Chase's Liniment and Turpentine excellent for coughs and colds. In fact, any of Dr. Chase's medicines which we have used have been good. Dr. Chase's Kidney-Liver Pills, one pill a dose, 25c. a box, five for \$1.00, at all dealers, or Edmanston, Bates & Co., Limited, Toronto."

THE ASSESSMENT ACT

The fate of the St. John assessment act is still in doubt so far as the city commissioners were aware this morning. Mayor Hayes said that when the city solicitor was asked to frame an amendment to the act in an effort to meet the views of the assessment commission, the common council and the citizens, and this would be submitted to the committee.

PTE. W. M. BRAYLEY BEREAVED

John Brayley, of 68 Millidge avenue, received a telegram this morning from his son, Pte. William M. Brayley, announcing the death of his father, a hospital orderly in New York, after a lingering illness. Private Brayley is a St. John boy, but has been away from the Pacific coast since he was a child. Many friends in this city will sympathize with him in his bereavement.

BACK TO VANCOUVER

Archdeacon Raymond and Mrs. Raymond will leave tonight, after a very delightful visit to old friends, for Vancouver. They will visit their son at Ann Arbor, Mich., and then go by way of Chicago and St. Paul to Honolulu, where they will visit their daughter, Mrs. G. A. Watters, at Grand Bay. The archdeacon's health has greatly improved, but he is advised to spend another year on the Pacific coast. He still hopes to return east to the responsibility of pastoral work. The citizens of St. John will all join in wishing for him a full restoration to vigorous health.

MRS. CHARLES HAMM

The death of Mrs. Jane Hamm, widow of the late Charles Hamm, of Grand Bay, occurred early Thursday morning at the home of her daughter, Mrs. G. A. Watters, at Grand Bay. She is the oldest inhabitant of the community, being in her eighty-ninth year. She was the daughter of the late Caleb Davis of Bellefleur. Four children survive her—Henry Hamm and Mrs. G. A. Watters of Grand Bay; Mrs. Mann and Mrs. Clark of Boston. She also leaves three sisters—Mrs. Dunham of Oregon, Miss Davis and Mrs. Fenjoy of St. John. Two half-brothers, Caleb and William Davis of Petticoat, also survive her. The funeral will be held at the Baptist church at Grand Bay on Saturday afternoon at three o'clock.

ENCOURAGING NEWS COMES FROM CAPTAIN CHURCHILL

Encouraging news has come to the wife of Capt. Randolph Churchill, who was reported wounded. It came in the form of a cable from Captain Churchill himself to Mrs. Churchill, and stated that he was now in hospital in Manchester. Captain Churchill has been on the other side for more than a year. About a month ago he was wounded with a bullet for Nova Scotia battalion, and went direct to the front lines, where he received the wound which enforced his return to an English hospital. All his friends will hope for his speedy recovery. Mrs. Churchill is a daughter of R. E. Armstrong, secretary of the board of trade.

FARM WORK ALL DELAYED

Mr. and Mrs. W. A. Simonds and friends returned to the city last night after an automobile trip to Moncton and home. They left the city on Tuesday and all went well until Anagnos Moncton was reached. From Moncton, however, they found the roads almost like a plowed field and twice they had to have assistance of horses to get them out of the mire. Coming home they traveled by way of Wheaton Settlement and Cornhill road and again had a rough time of it. The heavy farming operations greatly delayed through all the country traveled. A few oats were practically all that had been put in, as backward has been the season. The blessing of a few days of sunshine would make a great difference.

WEDDINGS OF NEAR FUTURE

Friends gathered at the home of Mrs. Tennyson Currie, Lancaster, last evening to honor Miss May Driscoll of Fairville, who is soon to be married. The affair was a complete surprise and took the form of a generous shower of articles likely to come in handy some day not far distant. A general good time was enjoyed by everybody and games and music were enjoyed for several hours. After refreshments were served the guests departed wishing Miss Driscoll a future of the very best things life affords.

A novelty shower was given at the home of Miss Florence Cunningham, 88 City road, last evening in honor of her wedding, which is to take place this month. Friends called and surprised refreshments were presented. Refreshments were enjoyed and all had a general good time.

Friends of Miss Loretta Smith tendered her a novelty shower last evening at the home of her sister, Mrs. Louis J. Bowes, 866 Main street. Miss Smith, who is to be a principal in a nuptial event in the near future, was made the recipient of a large number of beautiful presents. During the evening a musical and literary programme was carried out and refreshments were served. The Gen. Orchestra played several pleasing selections during the evening.

HASTINGS-WITHERS WEDDING.

Exmouth Street Methodist church was the scene of a pretty nuptial event this afternoon when Rev. William Lane united in marriage Miss Jessie Gladys Withers, daughter of Mr. and Mrs. George Withers, of 105 Haven street, and Fredrick Hastings, son of Sergeant A. A. Hastings.

The bride, who was given in marriage by her father, wore a becoming dress of white marquisette with bridal veil and wreath of apple blossoms, and carried a beautiful bouquet of roses and lilies of the valley. She was attended as flower girl, by her little sister, Annie, who wore a pretty dress of white with silk trimmings.

Following the ceremony the bridal party drove to the home of the bride's parents where a dainty luncheon was served. They will leave this evening for Montreal on a honeymoon trip and upon their return will reside at 85 Mount Pleasant. They were the recipients of a large number of handsome presents, including a very pretty set of linings china from the groom's associates in the freight office of the Canadian Government Railway.
