EXPERTS GO INTO RUSSIAN QUESTION

Soviet Delegates to Join Them This Afternoon.

Understood Russia is Willing to Acknowledge Pre-war Debts and Cancel Claims Against Allies if Latter will Do Same With Russian War Debts.

(Canadian Press) Genoa, April 15—Financial and economic experts of Great Britain, France, Italy, and Belgium gathered today to continue discussions begun yesterday of the condition under which the rehabilitation of Russia will be undertaken. They were to be joined by the principal delegates of the four inviting powers and Soviet Russia in the afternoon.

The discussions were started yesterday at an informal meeting of the more important delegates in the villa of Lloyd George, British premier, the basis of this being the report prepared by the allied experts in London, copies of which were handed to the Russians earlier in the week.

The Soviet delegates were to have made their reply to the report today, but this has been postponed indefinitely and probably will be based on the understanding reached at the present series of conferences.

It is understood that the Soviet delegates have expressed willingness to acknowledge Russia's pre-war debts and to cancel their claims against the allies if the allies will do likewise with Russia's war debts.

Yesterday's informal meeting really marked the introduction of a steering committee, and is in line with the efforts of Lloyd George and other leaders to speed the work of the conference.

One month has been set as the time limit in which the diplomats generally expect it will be known whether the conference can achieve its purpose. Lloyd George expects to leave on April 27, and is making every effort to have the big decisions arranged before then.

Although the conference worked uninterrupted through Good Friday, it was announced today there would be no meetings of commissions on Easter Sunday.

CROWD GATHERS TO HISS SEMENOFF

New York's Lower East Side Has Memory or Tradition of Cossack Cruelties.

New York, April 15—General Semenov, of the Cossacks, was still in Ludlow street jail last night waiting for a 25,000 bail. Outside the jail, a crowd of the street, perched on railings, leaning from windows, even sitting on edges of roofs, were thousands who waited for him, not to cheer, but to hiss and "boo" the leader of the Cossacks.

Most of the thousands who walked about the jail during the day knew the names of the Cossacks. Most of them were men and women of Russian descent, who live in the thickly settled districts of the lower east side. If they did not know themselves what the hard riding Cossack can do, they had been told by their fathers or mothers, who had fled from Russian massacres, and they have no love for Semenov.

A new effort to release the Cossack will be made today. It will be through habeas corpus. If it fails, there is nothing the attorneys can do, they say, but await the end of the hearing in which the Yurovets Home and Foreign Trading Co. is seeking to get information on Semenov's property.

The general wants to sail for Europe next week, but his attorneys say he probably will not.

IT WAS NOT A CASE OF MURDER

Ottawa, April 15—Dr. Wilfred Delorme made an examination of the body of Joseph Racine, at Gauthier's Morgue, Hill, last night, and said positively that the fracture, which is apparent upon the skull, was not caused by a blow administered through a human agency. He was emphatic in his statement that the smashing of the skull was due to friction between the body and submerged logs beneath the waters of Leamy Lake, where the corpse was discovered.

Racine, a notary public, was missing since November 5, 1920.

ANNIVERSARY OF LOSS OF TITANIC

Hull, N. S., April 15—Ten years ago this morning, 1,601 lives were lost with the sinking of the White Star liner Titanic off the Grand Banks of Newfoundland.

Should any steamer pass there today and follow custom, music will be heard from her, even as the strains of "Nearer My God To Thee" broke the April morning air in 1912, and a group of bandmen soothed their companions into eternity.

It has been the custom of passing steamers to observe the memory of the Titanic disaster with music and flowers, if they pass by the scene on its anniversary.

MATE OF LEWIS BROS. IS TAKEN TO NASSAU

Further Proceedings on the Charge of Murder of Capt. H. Chute.

Keywest, Fla., April 15—Vernon Brackley, mate of the British schooner Lewis Bros., recently turned over to the jurisdiction of the British authorities to stand trial for the alleged murder of Captain H. Chute, at sea, was taken to Nassau yesterday with five other members of the crew.

Two of them, Giuseppe Amore and Charles Carter, are charged with being accessories, and the other three are wanted as material witnesses. Brackley is an American citizen. His alleged victim was a British subject, but a resident of Mobile, Ala.

THE JAPS IN KOREA

Traveler Tells Ottawa Y. M. C. A. About Conditions.

Ottawa, April 15—A meeting of the Board of Directors of the Y. M. C. A. last night, J. A. MacFady, vice-president of the American Y. M. C. A., gave a talk on his recent five months tour of Japan, Korea and China, and threw some further light on the conduct of some of the Japanese in Korea. He said the Koreans were no better than the Germans in pre-war days. He was told while there of one young Korean who could have six bayonet wounds for having uttered the cry "Long live Korea."

Mr. MacFady declared that so far as Japanese students in college were concerned, they were strongly opposed to the militaristic spirit being manifested in certain quarters and if a vote were taken among these students they would demonstrate emphatically against it.

Touching on China's resources, he said their resources in coal, iron and steel were such that, before the war, despite the fact that they had to ship 600 miles from a river and across the Pacific ocean, the Chinese were able to deliver steel ingots in Pittsburgh in competition with those produced in that city.

WORD OF ADVICE TO THE ELECTORS

All persons disfranchised on account of names being struck off the list and who really had their taxes paid and were entitled to vote, should take their tax receipts to the chamberlain's office, where they will receive certificates to present to the common clerk, who in turn will give them an order on the returning officer enabling them to vote. This should be done immediately.

The electors should pay attention to any statement that either the majority candidates will retire. The commission act requires, and properly so, that any candidate who has accepted a nomination must permit his name to go on each ballot until eliminated by the electorate.

The way to secure the strongest mandate is to roll up as large a majority on the 24th.

POLICE COURT

Three men appeared before the magistrate this morning on charges of drunkenness. They were warned that they were liable to fines of \$200 each and told they could spend Easter in jail.

Pedro Meyesto appeared again on a charge of vagrancy. He was remanded until it could be found out whether or not he could be deported.

Rene E. Barbin pleaded guilty to a charge of being drunk but not guilty of assaulting Arthur Wood in the latter's shop in Waterloo street. Mr. Wood said that the accused asked in Dutch or German for a package of cigarettes and a box of matches, paying for them out of a \$10 bill. He received his change and then refused to leave the shop when told to do so. The witness attempted to put him out and the defendant broke his glasses and tore his vest, the damage amounting to \$7.

Barbin said that he was counting his change to three women who were in the shop when the proprietor told him to leave. He said he would when he had finished counting the money but this did not seem to satisfy Wood who attempted to put him out. In the tussle the complainant's glasses were broken and his clothes torn. The police were then called. He was remanded.

FOUNDER OF CHINA MISSION COLLEGE IS IN THE CITY

Father Fraser, When He Began Work in China, Had a Parish Including Three Cities, 1,000 Towns and Villages.

Rev. J. M. Fraser, founder and head of the China Mission College at Almonte, Ontario, whose young men are educated for the priesthood for missionary work in China is a visitor at the Bishop's Palace. He is in St. John in the interests of the China missions.

Father Fraser has spent fifteen years of his life in China, working for the conversion of the Chinese. His first parish in China included three cities, one of them with a population of 100,000 or more, besides about 1,000 towns and villages. When Father Fraser began his labors in that parish there was nothing but a chapel in it. With a native Chinese curate to help him he founded a school secured a schoolmaster and within about two years there were about 100 boys and 100 girls in the school. Later he established a boarding school for girls of the native Chinese sisters were in charge.

Father Fraser in the course of his priestly labors had to travel much over his far flung parishes as there were no railways. He made these journeys in a chair to which was attached two long poles by means of which two natives carried the chair on their shoulders. These native chair carriers, Father Fraser said, could make as much as thirty miles a day carrying a man and his baggage, weighing about 200 pounds.

In six years Father Fraser had established six churches in his parish and filled them with large and pious congregations who had been transformed from pagans to Christians who knew their religion well.

Superstition was intimately interwoven in his far flung parishes. The Chinese, Father Fraser said, and the lack of capital were obstructing their progress. As a case in point he instanced the building of a bridge over a river so low that a steamer which piled on the river was unable to pass beneath the bridge. Yet the people in an adjacent town would not permit the bridge to be raised higher because they said it would then block off the wind of good fortune from their town and it would be visited by fire or some other disaster.

The Chinese needed capital but they were rather chary of accepting foreign capital any more for in the past it usually happened that a demand for some concession always went along with the offer. It was not the concession so much that the Chinese objected to, but it often happened that the money advanced was never put into the enterprise for which it was meant. The people of the country then had to pay for the loan advanced.

There were many rich mines in China, Father said, but here again the superstition of the people would not allow of their being worked for, so soon as any project to open the mines was suggested, they raised strenuous objections on the ground that their ancestors would be disturbed in their graves. The Chinese believed that if their ancestors were not at rest they themselves would be unhappy and unfortunate.

Father Fraser said that the Chinese had no idea or wish to harm any other country or invade it. There was no danger from a Yellow Peril so far as usually happened that a demand for some concession always went along with the offer. It was not the concession so much that the Chinese objected to, but it often happened that the money advanced was never put into the enterprise for which it was meant. The people of the country then had to pay for the loan advanced.

As Hiram Sees It

"Hiram," said the Times reporter to Mr. Hiram Hornbeam, "we are still the creatures of primitive instincts. I gave up two evenings this week to the boxing bouts, and discovered that on such occasions I was in a great crowd who were out for the same reason. The curious thing about it was that though a man of peace I seemed to develop a thirst for hard knocks, and wanted to see the contestants go at it, hammer and tongs."

So apparent is it in cooler moments I am glad nobody was knocked down, and nobody was hurt, but at the ring-side I had a great deal of fun. The primitive man sat in my seat, and my other and more peaceful self was somewhere else. I began to understand why so many other men were there. It was a case of aversion or reversion to a former state.

"I hadn't got nothin' agin' bond," said Hiram. "It's good exercise. But I hadn't had no patting love for it since I got into a scrap one time with a bigger feller at school, that landed me in the hospital with my nose. I ain't scared—but this was the only nose I had—and I been takin' care of it ever since—yes, sir."

THEY ALL MOURN FOR "POP" ANSON

New York, April 15—The passing of "Pop" Anson, grand old man of baseball, was mourned today by an army of his friends in New York. John McGraw and Hugh Jennings of the Giants, Wilbert Robinson of the Brooklyn club, and their players were told of Captain Anson's death after the game yesterday at the Polo Grounds. All were deeply grieved.

Sport writers and a great number of other persons who knew, admired and loved Captain Anson, recalled his presence at the last world's series. He was one of the liveliest spectators, enjoying himself by poking fun and swapping stories with other old timers. Scores of messages of condolences and sympathy have been sent to Captain Anson's family from New York.

Captain Anson made two trips abroad as a baseball player. In 1876 he was a member of the U. S. team that toured England playing baseball and cricket. The players knew little or nothing of the game, but their terrific hitting offset their other playing defects and they had unexpected success. In 1888 Anson toured the world with the National League players' party, which included John K. Tener, then a pitcher of the Chicago White Sox; A. O. Spalding, John M. Ward, Ed Hanlon and other noted players.

In his twenty-two years of his diamond career with the Chicago Club, Anson played in 2,250 games, knocking out 3,013 hits and scoring 1,635 runs in 8,647 times at bat, giving him a grand batting average of .337, one of the greatest long distance records in baseball history.

The Mississippi Is Out of Bounds

Cultivated Land Eleven Feet Under Water.

Thousands of Acres of Country Inundated and Great Crop Damage Feared—Soldiers to Aid of Flood Sufferers.

Cafo, Ills., April 15.—The levee at Grand Tower broke this morning, and the swollen Mississippi spread over 5,000 acres of cultivated land. The water is eleven feet deep in some places. All residents are believed to have reached high ground.

Cafo, Ills., April 15.—Loss of more than \$1,000,000 worth of crop is feared by farmers residing in four draining districts north of Cafo as a result of flood waters of the Mississippi river. An area of approximately 75,000 acres is being inundated, and all families in the district have left their homes for higher ground.

St. Louis, April 15.—Instructions to make provisions for relief of flood sufferers in territory south of St. Louis have been received at Jefferson Barracks from the war department.

Colonel Yates declared that soldiers would be kept in readiness to lend assistance to persons in the flooded districts, and that tentage and rations would be provided.

THE CONNECTICUT RIVER VERY HIGH

One Life is Lost—Great Areas Flooded—Cattle on Verandas of Farm Houses.

Hartford, Conn., April 15.—The swollen waters of the Connecticut River reached 21.2 foot mark here last night but yesterday morning before the freshet had reached its maximum and that the river would start to recede today.

The flood waters claimed one victim yesterday when Edith Anderson, aged fifteen, was drowned. She was paddling in a canoe and it upset.

Large areas of land are flooded in East Hartford, Windsor, Wethersfield, Glassbury and South Windsor. Row boats were in use in Commerce street, this city, as well as the low sections of the town along the river. It was possible to row a boat to the Congregational church in South Windsor.

Some farmers had their cattle on the verandas of their homes the floors of their barns being flooded.

The lower pier of the Hartford-New York Transportation Co. here is submerged. River records here show the present height of the water has been exceeded only twice in the last thirty-five years.

Northampton, Mass., April 15.—Undermined by the high water which covered the low lands, concrete retaining wall 300 feet long and ten feet high, fell into the Mill River late yesterday. So far as is known no serious damage was caused.

THRILLING TIME FOR TWO YOUNG ST JOHN MEN

Eric Thomson and Donald Skinner Have Exciting Experience in Airplane.

There comes to A. O. Skinner word of a thrilling experience which Mr. and Mrs. Percy W. Thomson, their son, Eric Thomson, and Donald Skinner had while on their trip in Europe.

The scene of the adventure was the air route between Paris and London. They were on one of the regular passenger service planes, flying between those points. The party had entered the plane in readiness for their flight across the English Channel, and had been in the air for about half an hour when trouble was experienced. The engine of the big flying machine showed symptoms of trouble, so they put back to the shore, where repairs were made. Mr. and Mrs. Thomson and Donald Skinner decided they would see the trip through and were among the passengers when the machine made her second start on the cross-channel flight.

As they neared the coast of France the engine of the plane stopped dead at a height of 2,500 feet, and the plane itself caught fire. Mr. Thomson had moved from his place to the one formerly occupied by his mother, thereby probably saving his life, as the propeller became loosened and was hurled through the floor of the car in which the passengers were, just at the point where he had been sitting before the stop. The pilot started a nose dive and managed to bring the plane to ground at a field where they ran for some distance and finally came to a stop with the airship practically demolished but all on board unharmed. It is considered that they were fortunate in coming through this experience with nothing worse than a few bumps and the pilot deserved commendation for the way in which he pulled them through.

PRESIDENT OF AMES HOLDEN M'CREADY DEAD

Montreal, April 15.—T. H. Rieder, president of the Ames Holden M'Creedy Boat and Shoe Mfg. Co., died at his home here this morning. Mr. Rieder had been ill for the last ten days.

Mr. Rieder was in St. John and Halifax on a business trip about ten days ago, and those who saw him say they appeared to be in the best of health at that time.

THE LUNENBURG FISHERMEN REPORT SATISFACTORY CATCH

Lunenburg, N. S., April 15.—About twenty-five Lunenburg bankers have returned after their spring fishing trip and report catches ranging from 600 to 1,000 quintals, considered good for this time of the year. The rest of the fleet are expected in port soon and will make ready for their second trip to the banks.

HAS DECLINED THE RESOURCES TERMS

Saskatchewan Premier Replies to Hon. Mr. King.

"Ignoring the Transactions of the Past" Not Satisfactory to Western Province—The Whole Question Likely to Come Up in Commons.

(Canadian Press.) Regina, April 15.—Saskatchewan has officially declined to accept Hon. W. L. Mackenzie King's offer to return the natural resources to the province on the basis of "ignoring the transactions of the past." This was announced yesterday by Premier Dunning.

With reference to an alternative suggestion that an accounting be made by an independent tribunal, he declared this would be acceptable, provided the accounting took into consideration compensation for all lands alienated for the advantage of the dominion as a whole. Even then, he says, the amount to be paid as an annual subsidy could be agreed upon on broad general principles.

The premier is to leave for the east today to take up this question with the federal government, along with traffic reductions, freight rates and railway extensions.

Mr. Dunning, in his reply to Premier King, says:—"Your intimation that the prairie provinces so severely expect to obtain the resources which remain and, at the same time, retain the subsidy which at the present time is paid in lieu of lands, would be fair if these provinces could today be given all the resources within their respective boundaries. This, however, cannot be done and the contention of the government of Saskatchewan is that this province should be put in possession and control of the unalienated resources, and, in addition, should be paid compensation for the resources which have been alienated for the general advantages of Canada."

At Ottawa. Ottawa, April 15.—The decision of the Saskatchewan government to demand the return of the natural resources of the province on the terms offered by the federal government will not be further dealt with here until Monday at the earliest.

The premier and many of the cabinet are out of town for the holiday, and it is not expected that council will meet until the first of the week. It is likely that the matter of the return of the natural resources to the three prairie provinces will be taken up in the House of Commons. There is already a resolution on the order paper asking for the production of all letters and documents in connection with the problem.

THIRD WEEK OF COAL TROUBLE

Injunctions Granted in Western Virginia—Stormy Time in Oklahoma.

Hazleton, Pa., April 15.—The third week of the anthracite coal mine suspension started today with unbroken ranks among the men, and no efforts on the part of any company to resume, according to statements given out at headquarters of the union. The streets of the large anthracite centres in this district were alive with idle miners today.

Charleston, W. Va., April 15.—Judge George W. McClintock, of the U. S. district court, yesterday issued two temporary restraining orders on officials and members of the U. M. W. of America, in the New River fields and in sections of the Kanawha and Fayette counties.

The injunctions prohibited mass meetings in the fields affected, and any action by union organizers which might cause miners to leave the employ of the companies at whose operations they were engaged.

Cow Gate, Okla., April 15.—Tumultuous scenes were enacted here last night when John Wilkinson, president of District No. 21, United Mine Workers of America, and Alexander Howat, deposed Kansas miners' president, addressed rival meetings of miners.

NOTED ARRAY AT MONTREAL TRADE BOARD BANQUET

Montreal, April 14.—The local board of trade will hold its centenary anniversary banquet here on April 28. The British Board of Trade will be officially represented, and among those present will be the governor-general, Premier King, Hon. Dr. J. H. King, Hon. A. B. Robb, Hon. A. B. Copp, Hon. Kaouk Dandurand, Hon. T. A. Low and Hon. John E. Sinclair. Premier Taschereau, of Quebec, and it is hoped also Rt. Hon. Sir Charles Fitzpatrick, lieutenant-governor, will be present, and Hon. Jacob Nolin, provincial treasurer.

Other leaders in public life who will attend are E. W. Beatty, president of the C. P. R., and General Sir Arthur Currie, principal of McGill University.

SOME OFFENDERS.

Regardless of the fact that the roads are not yet open for automobile traffic there were many offenders yesterday, so W. H. McQuade, provincial tax inspector, said today. He said that there were some who pleaded ignorance, but he wished it understood that the obeying the restriction would be prosecuted.

LONG DISTANCE CONTEST OVER THE TARIFF BILL

Washington, April 15.—The forthcoming tariff bill fight in the senate promises to resolve itself into an endurance contest. With many thousands of rates and hundreds of amendments to be considered, those in charge of the measure estimate that at best it will take close to two months of steady work to put the bill through. Whether or not a final vote can be taken at that time, they say, may depend upon the determination of whether the Democrats, aided by some Republicans, press their fight.

BANDIT HOLDS UP SYNAGOGUE

Gunman Plunders Helpless Victims at Point of Revolver.

Detroit, Mich., April 15—In the synagogue of the congregation Shaarey Zedek in the sanctum of the church dignitaries, a masked gunman held up six members of the Board of Directors and robbed them of approximately \$300. The thief escaped in an automobile.

The hold-up man plunders his victims while from the basement of the synagogue penetrated the sound of music and voices of a score of young people who were enjoying an evening's recreation. He faltered only when one of the victims pleaded for the return of a gold watch of sentimental value.

Mercereau and J. L. Stewart; for aldermen, K. Loggie, R. T. Walsh, D. Gibbs, F. M. Tweedie, T. Donovan, Charles Reimsboro, W. Whalen, D. Sproul, T. Lawford and A. Maher.

Newcastle, April 14—Nominations for the town council closed today and there being no opposition the candidates will be in unopposed, as follows: Mayor, C. E. Fish; aldermen, H. D. Atkinson, Edward Dalton, A. H. Mackay and F. C. McGrath, M. D. W. L. Durick retired from the council.

COURTS BLAMED FOR CRIME

More Criminals Freed in Chicago Than Are Sent to Prison. Chicago, April 15—Courts are one of the most important factors in the suppression of crime, Henry Barret Chamberlain, director of the Chicago Crime Commission, told the committee on Law Enforcement of the American Bar Association. He dealt principally with conditions in Chicago.

"Mansons are losing their respect for courts," he said. "This is because they hold the bench responsible for the cases which they believe it is expected to correct. In Chicago they know that year less than one out of four of defendants tried for murder in Cook county are convicted and of the 6,723 defendants actually tried in the criminal courts for felony that only 1,074 paid a penalty. They know that during the one period 388 prisoners were released on the state penitentiary on parole.

"The net result shows that 757 convicted of crime were sent to the penitentiary last year. Cook county had that during the same period 998 obtained their freedom in the county by their probation or parole. In other words, the operations of Chicago's legal machinery, controlled by the bench and jury, placed on the streets of Chicago 238 more criminals than the same machinery sent to prison last year. Knowledge of this fact brings dismay to responsible citizens and rejoicing to the hearts of the crooks."

Mr. Chamberlain declared "part of the trouble is the namby-pamby, sickeningly sentimentalism for outlaws convicted of crime."

GORE FOUNDS UNIVERSITY

Plan is to Make the Institution a Centre of Oriental Culture. Calcutta, April 15—Sir Rabinndranath Tagore, Indian philosopher and poet, who recently returned to his motherland from Europe, has established at Shantiniketan, in the Province of Bengal, a university which promises to become one of the leading centres of Oriental culture. The name of the institution is 'Visva-Bharati Parishad, and among its objects are to bring together the various cultured cultures of the East and provide for the exchange of knowledge between the East and the West.

In the memorandum of association, provisionally adopted, Tagore is named as the Adhishata, Acharya (founder-president), to hold office for life or until retirement. The new university has the support of a large body of educated Indians.

EXECUTIVE MEETING.

The executive of the Women's Canadian Club met on Thursday afternoon at the residence of the president, Mrs. W. Edmond Raymond, Germain street, and transacted considerable routine business. Mrs. L. E. D. Tilley, honorary president of the club, was present and warmly welcomed on her return from her European trip. Arrangements were completed for the luncheon to be tendered Miss Helen Mowatt, of St. Andrews, next month. Mrs. Raymond will leave next week for Baltimore and will carry greetings from the St. John Women's Canadian Club to the Pan-American conference of women voters.

BODY OF INFANT FOUND IN PARCEL

Was Left in Check Room of G. T. R. Depot at Hamilton.

Hamilton, Ont., April 13—A bulky parcel, checked at the Stuart street depot of the Grand Trunk on April 1 and not called for, so aroused the suspicions of the check-room supervisor one day this week that he summoned the stationmaster. When the parcel was opened the dead body of a twelve-pound infant boy was discovered. Life had been extinct for more than a week.

There were no marks of identification on the parcel. Coroner Dr. McIlwraith was notified and the body removed to the City Morgue. It is not thought that an inquiry will be held.

WOMEN ON GERMAN BENCH

All Branches of Legal Profession Now Open to Them.

Berlin, April 15—The Reichsrat, or Imperial Council adopted a bill admitting women to all branches of the legal profession, including judgeships and the bar generally, and also to the posts of public prosecutor, attorney and notary public. Against objections, both psychological and medical, raised in committee against women, the view prevailed that during the war they had shown capabilities entitling them to equal professional competition with men. A Bavarian member, Herr Von Freger, declared that his Government viewed the admission of women into the legal profession as an extremely risky proceeding, and said that the measure, one adopted, would be irrevocable. Therefore he voted against the proposition.

BODY OF AGED FARMER IS FOUND IN RIVER

COLLEGE AMALGAMATION?

Halifax, April 15—The Evening Mail published a despatch under a New York date line yesterday to the effect that the amalgamation of the various colleges of the maritime provinces at Halifax was consummated at a meeting of representatives of the colleges to be held in New York. This is denied, however, by officials of Dalhousie University.

BETTER THAN HARD COAL

Soft coal so free from soot that it does not make whisks on stove covers or pipe and does not mat or cake when burning, is far better than Hard Coal for general household use. Quicker to light, takes less to make a fire, cheaper in price and can also be used for open fires and small heating stoves. Such a coal is Broad Cove soft coal. The main thing is to insist on getting the genuine article. No other soft coal burns just like Broad Cove. You will know it by the above characteristics.

LOCAL NEWS

A rummage sale was held in the Syrian Hall, Prince Edward street, Thursday afternoon, under the auspices of the Loyalist Chapter, I. O. O. E., the proceeds of the sale to go to the chapter funds.

False alarms are not uncommon occurrences in this city, but the firemen were up against a brand new one yesterday morning at 3:10 o'clock when they were called out by a false still alarm. The still alarm came in the form of a telephone message and brought the firemen to 29 Prince Edward street, where they searched the entire premises but found no trace of fire.

About thirty children of the Wellington How Free Kindergarten enjoyed a treat of cake, milk, oranges, Easter bunnies and other good things in their rooms at the G. W. V. A. hall on Thursday morning. This Easter treat is given each year by Mrs. A. B. Gilmour in memory of her son, Lieut. Clair Gilmour who was killed serving with the Flying Corps in France. Miss L. Estey and Miss E. Stanley were the teachers in charge.

A successful supper was held on Thursday evening by the members of Roxborough I. O. O. E. A. in the Prentice Boys' Hall, West Side. Mrs. H. V. Curry was general convener with Mrs. A. Hatfield and Mrs. George Magee, assisted by Mrs. James Donner, Mrs. Allan Melvin, Mrs. E. Irvine, Mrs. McCallum, Mrs. Harold Dea, Mrs. C. Coony and Mrs. Edwards. The fancy table was presided over by Mrs. B. Nice and Mrs. Evans. Mrs. Joseph Taylor was in charge of the tickets at the door.

Use the Want Ad. Way

Hot Cross Buns, One a Penny, Two a Penny, Hot Cross Buns.

Sang the baker on his rounds in Olde Merrie England, so his customers would know his wares.

Today the baker tells you of his wares by the modern way, through the newspapers. Then you use another wonderful invention of today—the telephone—to bring the baker's delicious wares to you.

This quaint old baker sang his ditty once a year. It was a sign of joy to young and old—for it was Easter and Hot Cross Bun time.

You and the kiddies are anticipating a feast of these hot buns, spicy and sweet, Good! Friday morn—and you want the best.

This year we have excelled ourselves. Our Hot Cross Buns are as delicately fine as the richest cake, wholesome, full of nourishment and so good you and the kiddies are bound to say: "Ummm ummmm More."

NOW FOR THE FINAL. The citizens who voted on April 10 for civic distribution of hydro must be on their guard against any new proposal or propaganda that would mean more delay and might give the New Brunswick Power Company an opportunity to defeat the popular will as expressed in the primary elections.

THE FORESTS. The gift of one hundred million seeds of the Douglas fir, by President C. L. Pack, of the American Forestry Association, to the forestry departments of Great Britain and France, had a double purpose.

Before this gift was made, an experiment with Douglas fir seeds had been made, and seeds planted since the war have grown to seedlings in England, Ireland, Scotland and France.

With the opening of navigation on the river, visions of green fields and woods and smiling waters will come to those who spend a portion of the summer along the shores of that noble stream.

WHAT THE GENOA CONFERENCE HAS TO ACCOMPLISH

The Genoa conference, the first official gathering of the nations which were belligerents in the European war, together with the neutrals, has as its basis the resolution of the Allied conference at Cannes of January 6.

(1) The best methods for executing the resolution of Cannes. (2) Establishment of European relations on a solid basis of peace.

(3) Financial questions. This involves questions of currency control and stabilization, central banks, public finance in connection with reconstruction, etc.

(4) General economic readjustments. This involves facilitation of existing treaties, or cancellation of debts, such as that of Imperial Russia.

(5) Transportation. The question of recognition of Soviet Russia or of establishment of commercial relations is regarded as a central issue of the conference.

(6) A complete list of the nations and states represented, with the number of their delegates follows: South Africa, four.

Albania, four. Austria, six. Australia, fourteen. Belgium, fourteen.

Bulgaria, fifteen. Canada, two. Czechoslovakia, thirty. Denmark, ten.

Estonia, twenty-five. Finland, seven. France, eighty. Germany, eighty.

Great Britain, one hundred and twenty-eight. Greece, twenty-two. Ireland, four hundred.

Italy, four hundred. Latvia, six. Lithuania, seven.

Luxembourg, four. Norway, eight. New Zealand, sixteen. Holland, sixteen.

Poland, forty. Portugal, nine. Rumania, twenty-two. Russia, twelve.

Sweden, ten. Switzerland, eight. Hungary, seven.

STRAW HATS AND BATHING SUITS AT NEW YORK RESORTS. (New York Times) The official thermometer on the Whitehall Building at the Battery registered 82 degrees at 4 o'clock Monday afternoon, making it the hottest April 10 on record in New York City.

The weather so far this month has been a vigorous continuation of a hot spell which has now lasted more than twenty-one months.

The last 660 days have averaged more than 2 degrees warmer than the normal temperature of New York, and from the standpoint of weather, at least, these twenty-one months have been nearly the driest in the city's history.

Eighteen of these months have shown normal temperature. Last January was one degree and a fraction below normal, and so were last August and December. February and March, however, have been nearly four degrees each above normal.

The mean temperature last month was 41.3, against a normal 37.5, and the temperature for February was 41.3, against a normal 37.5.

January's temperature however, was 29 degrees against a normal 30.2. This apparently was an accident due to the number of storm centres which passed south of New York that month.

Accidents of temperature in the city are regulated largely by the route taken by the storm centres or low pressure areas. Those which pass out to sea from the north through this region end those which pass north of the city bring the warm air from the south whirling after them.

The total surplus temperature last year was 1,046 degrees and for the twenty-one months period about 1,400. There have been hotter April days than yesterday. It was 91 on April 27, 1915.

Here are some sayings which illustrate the wisdom of the philosopher East: (1) The dogs bark, but the caravan travels on. (2) Asked which he liked best, the uphill or the downhill track, the Camel replied: "Allah's curse on them both!" (3) It is not by crying "Honey" that sweetness cometh into the mouth. (4) The soles of the feet heal, but not the spirit of the man who was bastinadoed. (5) All wood burns in silence, save thorns; for the thorns being swiftly consumed, desist not from crying out: "We are wood!" (6) Haste is from Satan, but Leisure from Allah. (7) Love is a worthy gift for the Sultan, but only the beggar can be sure it was given. (8) Say not what is pleasant but untrue, nor what is true but unpleasant. (9) Believe everything rather than nothing at all. (10) Trust in God, but tether your camel. (11) The east wind comes out of a snake's mouth. RECENT WEDDINGS

McGee-Horsnell.
The wedding of Miss Gladys Elizabeth, daughter of Mr. and Mrs. Charles Horsnell, of St. Andrews, to Hazel Chester McGee, son of Mr. and Mrs. Zaccus McGee, of Back Bay, N. B., took place on Wednesday afternoon in All Saints' Episcopal church, St. Andrews. Rev. E. B. Hooper officiated at the ceremony. Miss Edna Horsnell, a sister of the bride, was bridesmaid, and Frank A. Grimmer supported the groom. Mr. and Mrs. McGee left on a wedding trip to St. John and other places. They will reside in St. Andrews.

RECENT DEATHS

William J. Duffey.
The death of William J. Duffey, son of Bridget and the late William J. Duffey, occurred at the St. John Infirmary on Thursday, April 13, and will be heard of with regret by many friends. Mr. Duffey, who had been in the employ of H. Dolan, was a resident of Brookville. He leaves to mourn, his mother, five brothers, James, Patrick, Edward and Andrew, of this city, and Bartholomew, of New York, and one sister, Mrs. Thomas O'Brien, of Fairville.

Miss F. Eugenia Holt.

The many friends and acquaintances of Miss F. Eugenia Holt will regret to learn of her death, which occurred early on Thursday afternoon after a long illness. Miss Holt was born in St. George twenty-five years ago, the daughter of F. W. Holt, C. E., and Mary C. Holt. The family came to St. John fifteen years ago or more and reside at 88 Cranston avenue. Miss Eugenia was a member of Trinity church parish and was connected with the activities there for several years. She was a popular young woman and made many friends in the parish and outside of it. She is survived by her parents and by a sister and a brother. The brother is W. D. Holt and the sister is Miss Bessie Holt, of Newark (N. J.).

James W. Gibbs.

James W. Gibbs, aged twenty-five, son of Walter Gibbs, Montreal, and other of Frederick H. Gibbs, assistant vice-president of the Atlantic Air Refineries corporation at the Montreal headquarters, died at the Infirmary yesterday afternoon at 1 o'clock after a week's struggle against double-pneumonia with complications. ernment Merchant Marine and while his home was in Montreal he was a familiar and likable figure in local business, social and sporting circles for the past two winterport seasons. Miss Mabel Gibbs, who with her brother hurried to the city several days ago, is at the Royal.

Mr. Gibbs became ill about ten days ago. Because of the special nature of his attack efforts were doubled from the very start to check the malady. Deceased will be kindly remembered by St. John people for his genial personality, gentlemanly bearing and participation in the social activities of the wintertime. With his fellow Montrealers, who come here to work in transportation circles, he was deservedly popular. In local hockey he was an enthusiastic player, having a place on the St. John team.

During the war the late Mr. Gibbs went overseas with the Royal Canadian Horse Artillery out of Montreal, being a sergeant in that arm of the service. In his home city he enjoyed a wide and cordial acquaintanceship and quite naturally

numerous circles of lifelong friends. His demise cast a special gloom yesterday over the groups in which Mr. Gibbs mingled. The body will be at the Brehan mortuary, Main street, this afternoon previous to removal by evening train to Montreal.

Mrs. Ellen Stone.

The many friends of Mrs. Ellen Stone will learn with regret of her death which occurred yesterday at the residence of her daughter, 18 Delhi street. She was the widow of William Stone and was in the eighty-third year of her age. She is survived by three sons and three daughters. The funeral will take place from her late residence on Monday afternoon at 2:30 o'clock.

Springtime Frocks, Wraps and Suits Interpret the Spirit of the New Season

Probably there is still one or another of these garments still waiting in your spring and summer wardrobe. We would like to have you come in and look over the latest arrivals in our fashion sections.

There are Wraps and Coats in Tricotines, Polo Cloths and Tweeds—styles for sports wear or dressy occasions, and every one a splendid example of what a coat or wrap really should be. You may choose from such colors as tan, sand, fawn, grey, navy and others.

In suits you will find Navy Tricotines or Fine Serges with youthful box coats or slightly fitted backs; plain or embroidered. Then there are Tweeds made with big pockets and belts in fashionable mixtures and sport shades. Plenty of models among these suits, especially designed for women of larger build.

Frocks offer a wide assortment of styles and fabrics. Bright colors are considered unusually smart and feature such shades as periwinkle blue, Princess Mary blue, Canna, Orchid, etc. For those who prefer the darker shades there are navy blues, browns and other conservative colors. Frocks with capes or fancy sleeves are especially attractive and are showing in several effective models.

Canton Crepe, Crepe Knit, Eponge, Taffeta and Fine Woolen Fabrics are all in popular demand for frocks such as mentioned.

(Costume Dept., second floor.)

First Aid to the Home Sewer

The first and most important thing to do when you decide to make some garments this spring is to select a good pattern—one that you can depend upon.

Ladies' Home Journal Patterns will be found just what you want. They are easily managed and represent a splendid variety of the season's best and most distinctive styles. May numbers are now showing.

The Summer Home Book of Fashion is now on our counters and contains a very interesting and instructive double page of bride's wear. Also a page of attractive graduation and confirmation dresses. Of course there are all manner of sports clothes too, and some exceptionally smart frocks (including bloomer dresses) for small girls.

Ask for free copy of "Good Dressing."

KEEP FIT
Never let your system get run down -- keep fit all the time

As long as you keep yourself strong and healthy, it is almost impossible to contract colds and other contagious diseases.

Don't wait until your system becomes weakened, but immediately you notice you are not feeling up to the mark, start fortifying your system against disease by taking Carnol.

These remarks apply specially to children who do not realize the importance of taking proper care of themselves.

The peculiar feature about Carnol is that, while it is a preparation containing cod liver oil, it has a delicious taste.

Carnol is the ideal preparation for all run down conditions. It is an excellent remedy for anemia, consumption and all diseases of a wasting nature, due to impaired nutrition, poor and insufficient blood supply. Carnol provides food for the nerves and food for the body. It increases weight and builds up the whole system.

Carnol is of special value in the treatment of all nervous conditions marked by depression of the vital forces and usually caused by prolonged mental strain, overwork, nervous prostration.

Carnol has proven an excellent remedy in Rickets, that common disease of ill-nourished children, and in other ailments.

Carnol is composed of that wonderful nerve tonic—glycerophosphate salts. This is commonly known the world over as "The Blood Salt." It is the best blood builder and nerve invigorator yet discovered. Carnol also contains the soluble nutritive properties of fresh beef which stimulates and nourishes the system.

In addition, there is cod livers' extract with all the annoying, bad-tasting elements removed.

Carnol is sold by your druggist, and if you can conscientiously say after you have tried it, that it hasn't done you any good, return the empty bottle to him and he will refund your money.

THE COLLEGE AND THE HIGH SCHOOL

James M. Wood, president of Stephens Junior college, Missouri, delivered a striking address a few weeks ago before the National Association of Junior colleges held at Memphis, Tenn.

"The greatest anomalies in the field of educational administration today are the American college and its off-spring, the American high school...

The high school itself does not represent local community needs. It is an off-spring of the college and fundamentally its courses are the same.

There are forces at work, however, that will shortly compel the college either to vacate or to enter the primary field. It cannot much longer occupy both.

Probably the most potent of these is the financial situation that confronts American education, both public and private.

NOT MUCH CHANGE FOR COMPLETE REST

Lloyd George on "Holiday" in Wales, Finds it Hard to Escape—Swaps Yarns with Father's Cronies.

Cricieth, Wales, March 27.—(Associated Press, by Mail)—Premier Lloyd George is never so happy as when swapping stories about his boyhood days with old cronies of his native Wales.

During his last visit here he gave a tea party to 19 ancient who were his father's pupils at Troedyrall school more than 60 years ago.

The "old boys" told their host many stories of his father he had never heard before, and all were in the best of spirits.

Getting up late in the morning, working in the garden, and listening to Welsh music are his chief pleasures during his visits, and when the weather is threatening he sits on his covered balcony.

"They say," he remarked on his last visit, "that I must go back to school in a few days. They say I am playing truant. Yet they all followed me, including the newspapers. I wish they would leave me alone for at least a fortnight; it would be better for them, and certainly better for me."

THOUGHT ROBBERS WERE IN HER HOME

Optical Illusion Caused by a Reflection of Light From Woman Fright.

The reflection of a light in a corner window of a grocery shop led to the belief that burglars were looting a home on St. Omer street, Montreal, and police investigating the affair had to do much sleuthing before they discovered the right angle in the affair.

Returning home she saw through the corner window of a grocery shop at the corner of St. Omer and Stephen streets, what she believed to be persons moving in an upper room of her house at 10 St. Omer street.

She immediately turned and rushing in the direction of the police station notified Lieut. Collins of what she had seen. Four men were immediately dispatched in a motorcycle to the spot, but after investigation found that no one was in the house, nor that any of the openings had been forced.

Turning the corner of the street they saw the moving figures through the shop window, and started back when the figures suddenly disappeared as the light appeared to go out.

Various forms of female weakness many times make work almost impossible...

LOST CAP TRAPS ROBBER.

Youth Caught With Booty of Three Cimes.

Mrs. Dora Simpson was aroused before dawn to find a youth ransacking her apartment on the ground floor of 238 Hart street, Brooklyn.

She pursued the robber to the hallway, but he escaped with a \$250 pearl necklace and other jewelry, after leaving his cap behind.

Mrs. Simpson turned the cap over to the police. They learned that a dealer, J. Sumner, had sold the cap last Saturday to Joseph Metz, seventeen years old, 20 Summer avenue.

Detectives arrested him at his home and said he had stolen the cap from the apartment of Mrs. Ann Lewis, 193 Summer avenue, and eight days later got \$1,000 loot in another apartment in that house.

The detective reported the recovery of the jewelry obtained in the three robberies.

FIFTEEN BOILS ON NECK AT ONE TIME

Any one who has suffered from boils can sympathize with poor old Joe. There was no Burdock Blood Bitters in those days, and had to suffer.

Boils are simply evidences of the blood within coming to the surface and just when you get rid of one, another seems ready to take its place and prolong your misery.

All the poulticing and lancing you may do will not stop more coming. What you have to do is take BURDOCK BLOOD BITTERS and the blood will be cleaned of all its impurities, and then every boil will disappear.

Mr. Roy McSwain, High Bank, P. E. I., writes—"I was troubled with boils for some time, and had as many as fifteen on my neck at once. After taking one bottle of Burdock Blood Bitters I commenced to get better, and after I had taken two bottles I was relieved of them, and I feel much better. I think B. B. B. is a grand blood medicine, and can be recommended highly."

For the past forty-five years B. B. B. has been manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

A Former Hospital Physician Says: "This is my favorite prescription for WEAK, THIN, NERVOUS, RUN-DOWN FOLKS."

"It often increases Strength, Energy and Vigor, and helps put on good firm flesh in two weeks' time."

The report of the Medical Research Committee shows that if your food lacks one single mysterious food factor called Vitamins, you not only become emaciated, under-nourished, nervous and all-in but you may actually develop serious disease.

By helping to create millions of new red blood cells, Nuxated Iron taken after meals unquestionably increases the power of the body to transform lifeless food matter into living cells, flesh, muscle and tissue, and Vitamins taken before meals mix with your food and act as a powerful nutrition substance.

You may obtain genuine Nuxated Iron Tablets, made from the original formula of Dr. Casarin of the Faculty of Medicine of Paris, from any good druggist. The principal ingredients of these tablets are the direct result of years of scientific study and research by biochemists and chemists, and they must be combined with so-called Vitamins mixed largely with drugs.

To prove to you the superiority of the Genuine Nuxated Iron Tablets, pure and unadulterated, over Vitamins tablets mixed with drugs, your druggist will give you a REGULATED DOLLAR PACKAGE ABSOLUTELY FREE with your purchase of a bottle of Nuxated Iron Tablets, and if you do not obtain all and even greater benefits than you expect from their use the manufacturer will promptly refund your money.

IMPORTANT: We recommend that you strength, energy, physical and mental vigor, we recommend that you take Nuxated Iron only.

Feeling Drowsy Eh?

Got that tired feeling which makes you want to sleep all the time? You're run down and must take DR. WILSON'S HERBINE BITTERS

The natural remedy for all common ills which so many people here have this time of the year. The tonic is made from the curative principles of Dandelion, Mandrake, Burdock and other medicinal herbs, which make it quite harmless.

MONUMENT OVER WESLEY'S GRAVE CRUMBLES IN RUIN

Surface of Stonework Scared and Defaced and Foundation is Falling to Pieces—Renovation Fund Opened.
London, April 15.—A forlorn and decaying object is the monument over the grave of John Wesley, the founder of Methodism. The little graveyard where Wesley was buried is behind the famous chapel in the City Road, and is visited by thousands of pilgrims. The turf in this place of burial is meagre and impoverished, and the asphalt paths are cracked.
The monument itself is in a very serious state of disrepair. With its long inscriptions telling of the life and labors of the evangelist, it is blackened with soot. The surface of the stonework is scarred and defaced, and the foundations are falling to pieces. It is well known that the atmosphere of London corrodes certain kinds of stone, and this one shows the atmospheric effect in pronounced deterioration. The atmosphere has bitten deep into the surface of the plinth of the memorial, and honey-combed it with ruts and fissures.
The memory of John Wesley deserves something other than this crumbling monument in a decaying wilderness. Nearly two years ago the First London District Synod passed a resolution drawing the attention of the trustees of Wesley's chapel to the unimproved condition of Wesley's burial ground, and urgently requesting that "an appeal be made to the Methodist people for funds to put the historic site in a state worthy of its traditional importance."
A renovation fund has now been opened, and £10,000 is asked for. It is estimated that this amount will be required to defray the cost of repairing the chapel and the churchyard with its memorials.

LONDON LOSES 23,000 UMBRELLAS EVERY 12 MONTHS

Articles Handed to Police Revert to Finder After Three Months—Live Bear Amongst the "Lost."

London, April 15.—(By Canadian Press)—Scotland Yard, naturally, is a clearing house for lost articles, and in a city of this size it may easily be surmised that the lost article feature of the metropolitan policeman's business is somewhat extensive. However, it is not the large number of things lost that is of special interest, but the apparent indifference of many of the owners as to whether they ever get them back or not.

Everything found in a public vehicle and not claimed within three months is returned to the driver who handed it in. If, on a final appeal by the police, just before the three months expire, the owner is not forthcoming, if the goods are claimed, the driver gets 12 1/2 per cent. of the value thereof, except as to jewelry, upon which he gets fifteen per cent. up to the value of £10, after which the percentage dwindles down.

Among the lost articles which have been in the cupboards of the police for almost three months are an ostrich plume fan and a beautiful fur stole, worth £100. These are certainly worth

COULDN'T DO HOUSEWORK HEART WAS SO BAD

Many women get weak and run down and unable to look after their household duties owing to the heart action becoming impaired of the nervous system. Nature intended women to be strong, healthy and happy instead of sick and wretched. But how can a woman be strong and healthy when day in and day out she has to go through the same routine of work, sweeping, dusting, cooking, washing, etc. Is it any wonder that the heart becomes affected and she gets irritable and nervous, has hot flushes, faint spells and disas spells, smothering and sinking spells and can't sleep at night.

Ford Runs 57 Miles On Gallon of Gasoline

A new automatic Vaporizer and De-carbonizer, which in actual test has increased the power and mileage of Fords from 25 to 50 per cent and at the same time removed every particle of carbon from the cylinders, is the proud achievement of John A. Stransky, 83 South Main street, Pukwana, South Dakota. A remarkable feature of this simple and inexpensive device is that its action is governed entirely by the motor. It is shipped between the carburetor and intake manifold and can be installed by anyone in five minutes without drilling or tapping.

With it attached, Ford cars have made from 40 to 57 miles on one gallon of gasoline. Mr. Stransky wants to place a few of these devices on cars in this territory and has a very liberal offer to make to anyone who is able to handle the business, which is sure to be created wherever this marvelous little device is demonstrated. If you want to try one entirely at his risk send him your name and address today.

COLLEGE FACULTIES TO RULE ATHLETICS

Coaches to be Members of the Board with Status and Duties of Professor—Presidents Decide Issue.

Springfield, Mass., April 15.—A definite move for reform in the control of college athletics was made here at a meeting of the presidents of the eleven New England and New York colleges when a motion was adopted to form an association of college presidents to take wider consideration of the best interests of athletics. It was voted to recommend to the faculties and trustees of the institutions participating that all coaches, beginning with the fall of 1923, be appointed in the same way as members of the faculty.

passed it was decided to form an association of presidents. Presidents Melkjohn, Ogilby and Kenneth C. M. Sills of Bowdoin were appointed an executive committee to arrange future meetings. Besides those named there were present Arthur J. Roberts, Colby; Frederick C. Ferry, Hamilton; Paul D. Moody, Middlebury; John A. Cousins, Tufts; Guy W. Bailey, Vermont; William A. Shanklin, Wesleyan; Harry A. Garfield, Williams; and Chancellor Charles A. Richmond of Union. The motion embodying the recommendation was as follows:

"That, recognizing that intercollegiate athletics are at present a part of the work of the Department of Physical Education, we recommend to our respective faculties and trustees that, beginning with the fall of 1923, all coaches be appointed in the same way as are members of the faculty and other officers of the institution.

"That, we further recommend that as soon as it is practicable, and if possible by the fall of 1923, the present system of seasonal coaches be replaced by coaches who are members of the faculty as defined by the following terms: They shall be paid by the college and only by the college; They shall be in readiness throughout the year; They shall have other duties in the physical department, or in some other department in addition to their coaching; They shall be paid at the same rate as other members of the faculty; They shall have the same permanence of appointment as other members of the faculty; They shall be selected in the same way as other members of the faculty.

This plan, if adopted, will mean placing the control of athletics and coaching entirely in the hands of the colleges themselves and will deprive alumni councils of the power they now exercise in college athletics.

WEALTHY DETROITER LOSES HIS LIQUOR

Kingsville, April 15.—Founding a hole 13 inches in diameter through the brick wall of a specially constructed vault in the basement, robbers carried off liquor valued at approximately \$6,000 from the summer-home of George Marentay, one mile east of Kingsville. The house was unoccupied, but a caretaker with his family living in a small building in the rear, told Chief James W. Brown of the Kingsville police that he had heard no unusual noises during the night. The caretaker discovered the robbery at 6 o'clock, and notified the authorities.

He Is Satisfied With the Results THAT'S WHY HE PRAISES DODD'S KIDNEY PILLS.

Quebec Man Who Suffered from Bright's Disease, Diabetes and Backache Gave a Thorough Trial to Dodd's Kidney Pills.

St. Prosper, Dorchester Co., Que., April 11.—(Special)—Mr. Joseph Larochelle, well known and highly respected here, is telling all his friends of the satisfaction he got from the use of Dodd's Kidney Pills. "I suffered for many years from Bright's disease, diabetes, backache and headache," Mr. Larochelle states. "I took from 10 to 15 boxes of Dodd's Kidney Pills. I can tell you I am satisfied with the results. I advise all who use Dodd's Kidney Pills to take enough to make them well."

THE LEVIATHAN IS NOW THE PRESIDENT HARDING

Washington, April 15.—The steamer Leviathan, now being reconditioned by the Shipping Board at the Newport News Shipbuilding and Dry Dock plant, has been renamed the President Harding. This name was selected among the presidents, Mr. Lasker said, at the urging of Commissioners Thompson and Chamberlain, Democratic members of the board, who said the Leviathan, the queen of the seas, should be named after the one "who had done more than any other man" to uphold the American merchant marine.

GOOD FRIDAY IN THE CHURCHES

Good Friday was quietly observed in the city yesterday. Services in city churches were largely attended. In the Cathedral a presanctified mass was celebrated at ten o'clock by His Lordship Bishop LeBlanc, assisted by Rev. Miles Howland as high priest, Rev. William M. Duke as deacon, and Rev. H. G. Ramage as sub-deacon. The passion was sung by Rev. A. P. Allen, Rev. H. Coughlan and Rev. Raymond McCarthy. Rev. Father Fraser of Almont, Ont., and Rev. Father Casgrain were in the sanctuary. In the afternoon at three o'clock the way of the cross was made in public, Rev. Raymond McCarthy and Rev. H. G. Ramage officiating. In the evening tenebrae service was conducted and a sermon preached by Rev. Simon Oram.

THE METHODIST CONGREGATIONS IN THE CITY UNITE TO ATTEND A SERVICE IN CENTENARY CHURCH YESTERDAY MORNING

Following the usual custom on Good Friday, there were a very large congregation and the service was deeply inspirational. It was the last of a series of services conducted by Rev. R. G. Full of the Lenten season. The last scenes in the earthly life of Jesus had formed the subject of the addresses at the special service, and Mr. Full's sermon yesterday had for its theme "The sworn testimony of Jesus." The solo, "He was despised," was beautifully rendered by Miss Blenda Thompson. A special collection was taken for the Russian famine relief fund and more than \$150 was contributed.

THE SACRED CANTATA "THE DARKEST HOUR"

The sacred cantata, "The Darkest Hour," by Harold Moore, was sung in Trinity church last night and a congregation that filled the church was greatly appreciative of the splendid rendering given. The choir was trained and directed by the organist, James Ford, and the very beautiful and impressive sacred music was most sympathetically interpreted.

PRESIDENT AGAINST TOO GREAT CUT IN NAVY PERSONNEL

Sackville Captain and Wife Rescued, Ship Lost

Well Known Four Masted Schooner Cumberland Queen Meets With Disaster Off Cape Hatteras—Those on Board Take to Boats and Are Saved By the Steamship Baltic—Craft Cost \$100,000—No Insurance.

Word has been received here that the four-masted schooner Cumberland Queen, which sailed last week from Turks Island for New York with a cargo of 2000 lbs. of fish, had been lost at sea. A message said that the captain's wife and crew had been picked up adrift in a boat off Cape Hatteras by the steamer Baltic and would be landed in Charleston (S. C.). The owners are awaiting further particulars. The message came from the captain of the steamer to the owners. The Cumberland Queen was built at Diligent River (N. S.) in 1919, was 634 tons register and was a splendidly built and equipped vessel. She cost when

new about \$100,000. She was commanded by Capt. Leonard C. Tower, of Sackville, and was owned by J. Newton Fugisley, of Parrsboro, Charles Robinson, of Diligent River, and others. There was no insurance on the vessel or freight.

Captain Tower commanded the four-masted schooner L. C. Tower, which was torpedoed by the Germans on her maiden trip. He is well known in St. John, and a host of friends will keenly regret to hear of his misfortune. The Cumberland Queen has been here and is known to people along the waterfront.

A Canadian Press despatch last night from Charleston (S. C.), said: "Captain N. C. Tower, his wife and members of the crew of the British schooner Cumberland Queen bound from Turks Island for New York with salt, were brought here last night by a tug after being rescued off Cape Hatteras on Wednesday by the tanker Baltic. The Cumberland Queen went on a shoal in a gale and began to settle. No lives were lost."

Word was received here yesterday that the four-masted schooner Cumberland Queen, 634 tons register, was abandoned after she had run on a shoal while bound from Turks Island to New York. Captain Leonard C. Tower of Sackville, his wife and members of the crew were picked up adrift in a boat off Cape Hatteras by the S. S. Baltic and were landed at Charleston, S. C. The schooner was built in 1919 and cost about \$100,000. Neither the vessel or cargo were insured.

THE BUDGET

(Canadian Press Despatch.) Ottawa, April 14—Just what date Hon. W. S. Fielding, minister of finance, will choose to deliver his budget speech is still a matter of conjecture, but a statement issued from the office of the minister this afternoon advises all those wishing to make representations in relation to the tariff to do so at once. Mr. Fielding, while declining to make any statement of the date for the delivery of the speech, says he will be unable to make appointments or receive deputations in relation to the tariff after Saturday, April 22, the end of the coming week.

PALE SPIRITLESS CHILDREN NEED MORE VITAMINES

GIVE THEM PURITY "HIGH VITAMINE" ICE CREAM

Children that are not fat, rosy and full of energy are lacking in proper nourishment. They need more high vitamines foods, like PURITY HEATHIZED ICE CREAM.

Foods that are exposed to the air lose vitamines. This has been scientifically demonstrated. Heathization protects vitamines. Ice Cream made with air cannot be as rich in vitamines as ice cream made by the Heath method, without air.

So PURITY HEATHIZED ICE CREAM is known as the "High Vitamine" ice cream. Watch the health of your children and if you note that they lack energy, seem low in vitality, don't grow fast enough, or show lack of interest in outdoor play and schooling, you'll know that they are not getting enough vitamines in their food.

Give them PURITY HEATHIZED ICE CREAM as often as they want it.

International for **Heavy-Duty Work**

MOTOR TRUCKS

Heavy "Duty" is right. The duties of a motor truck in every-day service for the average busy concern are "heavy" to say the least. Heavy loads, hard pulls, fast work—demand real, true "bone-and-muscle" construction.

This is one reason why a nationally known concern has upwards of 300 International Motor Trucks in city and country service where road conditions are exceptionally severe.

International Motor Trucks are built as strong as expert mechanics can accomplish, using the highest grade of material obtainable. Further—each truck is watched and inspected by International road engineers at regular intervals—as long as you own it.

This is a combination that means cheaper hauling for you, in your business. Let us demonstrate at your own work.

HON. CHARLES J. OSMAN PASSES AWAY, AGED 71

Hillsboro, April 14.—The people of Albert county, were shocked today to learn of the death last night of the Hon. Charles Joseph Osman, formerly speaker of the legislature and for many years one of the Liberal leaders of New Brunswick. Mr. Osman had been in failing health for about a year, and during the week previous to his death his condition had been serious. The end came at his home here at 10.30 o'clock on Thursday evening.

Mr. Osman was general manager of the Albert Manufacturing Co., operators of plaster rock quarries and of the big plaster mills in Hillsboro. He was born of English parents on April 15, 1851, and was educated in commercial and college schools in Cheshurst, Hertfordshire. For several years he was an active member of the Albert county council, and took an interest in politics when a young man. He was first elected to the legislature on January 23, 1897, to fill the vacancy caused by the resignation of Dr. Lewis, who was elected to the House of Commons for Albert. He was re-elected in the general elections of 1899 and in the general elections of 1903. He was a consistent supporter of the Liberal administration at Fredericton. During his last term at Fredericton he was speaker of the legislature. In the general elections of 1908 Mr. Osman was defeated with most of the members of his party. He continued to take a lively interest in politics and attended many conventions, at which his counsel and advice were always considered sound and of material assistance to the other party leaders and to the organizers. He was known personally by the majority of the residents of every village in the county and was generally popular. His benefactions were many. In Hillsboro St. Mary's Anglican church owes much of its present strength materially to Mr. Osman, who was long a member of the vestry and a warden. He had also been a delegate to the synod.

Mr. Osman is survived by his wife, who was Miss Laura E. Tomkins of Hillsboro, daughter of the former head of the Albert Manufacturing Co., and a son, Conrad J. Osman, also of this town.

His many friends throughout the country learned of his death with the most profound sorrow and regret. Although it was known that he had been in impaired health for some time his death came as a great shock to the residents of Albert where he was widely known and esteemed as a public man, a valued citizen and a sincere and kindly friend. As the manager of one of the largest industries of the province he had dealings with hundreds of his residents and throughout the many years of mutual intercourse he held the highest respect of all for fair and honorable dealings. His death removes from the county activities one of its most prominent citizens and his loss to the business, political and social life of the community will be heavy. The Anglican church of which he was a devoted member and beneficent supporter will also feel his death very keenly.

Hon. Mr. Osman was the leader of many a hard fought campaign. Generally successful, his few defeats at the polls always found him cheerful and kindly disposed towards his opponents and he easily held the respect and friendship of both his supporters and those who opposed him. His genial and kindly manner, bright intellect and gentlemanly instincts of marked degree made him an entertaining and popular member in any company and his ability as a platform speaker was recognized by all gatherings.

The many circles of action in which he played a prominent and worthy part will miss him and he will long be held in kindly memory. Friends in all sections will extend sincere sympathy to the bereaved wife and son.

The funeral will take place from his late home at three o'clock on Sunday

Buildings in Dublin and Sligo Taken

Dublin, April 14.—Early this morning the biggest coup yet effected by the anti-treaty party was carried out. Some 300 armed men, marching in two forces seized the Four Courts building, formerly the seal of the national court of justice and the Four Courts hotel nearby. No opposition was encountered. Two or three constables on duty were arrested, but were liberated later.

No Revolution.

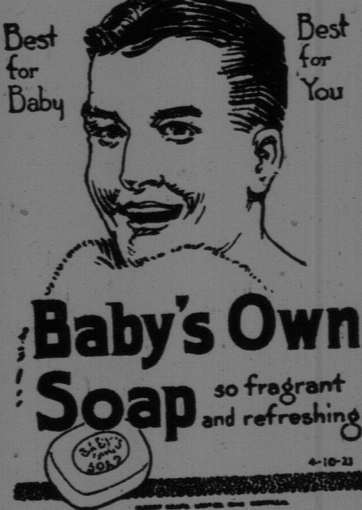

Commandant O'Connor reiterated tonight his assurance that there would be no revolution; that the only reason for the seizures was that the Rutland Square premises were too small for headquarters. Four hundred men occupied the seized buildings tonight, many of them having arrived in the course of the day from the country districts in cars and lorries.

Disorders in Belfast.

Belfast, April 14.—Owing to disorders last night and early today, the curfew hour has been advanced from 5 to 6 a.m. A large body of Sinn Féin entered the post office at Sligo today and took possession of all departments of the office in the name of the Irish Republican army.

Early this morning, a strong party of Free Staters arrived at Sligo in an armoured car and took possession of the county jail. Later anti-Republican troops took over the Victoria Hotel, which was

Ten Million Starving Children Knock at our Door

You wouldn't—you couldn't—refuse to feed a starving child, standing at your door. You wouldn't ask—you wouldn't care—about race or nationality.

Ten million starving Russian children knock at our door, crying for food. They are the unconscious victims of the most terrible famine in world history; and, as Mr. Lloyd George says: "This is so appalling a disaster that it ought to sweep every prejudice out of one's mind and only appeal to one emotion—pity and human sympathy."

It is not a case of Russia, or Soviet Government, or Bolsheviki. It is the plea, in the name of humanity, for ten million helpless little children who will inevitably die in the slow agonies of starvation unless we feed them.

Will you heed this knock on the door? 25c will feed a child for a week. \$1.00 will ensure sufficient food for one child for a month. \$500.00 will establish a kitchen and feed 100 children until the next harvest. Cheques and money orders may be forwarded through your bank or local committee, or sent direct to Sir George Burn, Treasurer, Save the Children Fund, Elgin Building, Ottawa.

on the case. The Sussex contention, according to Mr. Covey, is that, at the expiration of the regular playing time of the game, the score was tied and two Abegweits were in the penalty box with some time left to serve. On the resumption of play for an overtime period they contend, the referee allowed the two players to go on the ice immediately. Sussex claims that these players should have served their full time in the penalty box.

To-day's Dunlop price for a 30 x 3 1/2 Improved "Traction" Casing (Fabric) is \$16.50. Never in the whole history of rubber manufacturing did a tire boast as many merits.

In 1911 you had to pay \$35.25 for a 30 x 3 1/2 "Traction" (Fabric) that could not hope to compare in cost-per-mile to you with today's "Dunlop."

When you buy a 1922 Dunlop Improved 30 x 3 1/2 "Traction" (Fabric) tire you are buying a very superior article. Our dealer sells you a full size 3 1/2-inch tire—

- With an extra thick tread;
- With heavier side walls and side bars;
- With heavy connected centre bars;
- With more rubber cushion between the plies of fabric;
- With non-skid features that cannot be surpassed;
- With the highest-priced, long staple, combed Egyptian Cotton.

This new "Dunlop" has made a tremendous hit. Before you buy your next tire, ask the dealer to show you this Master Mileage-Maker.

It makes no difference what size tire you use, or what tread you prefer, Dunlop prices are at rock-bottom to-day and Dunlop Quality at Top Form.

What motorist is there who would invest a dollar in one of the many shoddy-built, low-mileage tires, when he can obtain Dunlop "Double-Life," "High-Mileage" Tires for such a small original outlay?

MEMORIAL OF ST. PETER'S Y. M. A. MEN WHO DIED IN WAR

Golden Chalice to be Used for First Time Tomorrow—Society Members to Attend.

A memorial ceremony will take place in St. Peter's church tomorrow, in memory of the members of St. Peter's Y. M. A. who were killed during the war. Some time ago members of the Y. M. A. raised a fund to secure a memorial tablet, but later decided to secure a golden chalice instead. This was secured by Rev. William Hogan, C.S.R., rector of St. Peter's church, and is reported to be the most magnificent in Canada. It is set with diamonds and other jewels and has figures of Christ and saints burnt into a section of the stand. The chalice is of beaten gold and stands about fourteen inches high. On the bottom is inscribed, "In memory of St. Peter's Y. M. A. members who were killed during the war, 1914-1918." The chalice was consecrated by His Lordship Bishop LeBlanc and will be used for the first time tomorrow morning at a solemn high mass, which will be celebrated by Rev. Father Hogan at 10.30 o'clock. The members of St. Peter's Y. M. A., past and present, are to assemble in their hall and walk in a body to the church, where a section will be reserved for them. The choir has prepared a special programme of sacred music and will be augmented by members of St. Peter's orchestra. In the evening there will be solemn benediction and a special sermon preached by Rev. Father Hogan.

GARDENS UNDER NEW CONTROL

Mr. and Mrs. Davidson Will Assume Management of the Venetian Gardens Next Week. The very many who have become intimately associated with Mr. and Mrs. Gilbert Davidson during the last five years in their highly successful direction of the Studio will be pleased to learn that this popular couple will next week assume the management of the Venetian Gardens and merge with their Studio interests, operating both henceforth as a unit. Mr. and Mrs. Davidson announce that next week, and until further announcement, the Gardens will be open Monday, Wednesday and Saturday evenings. But at all other times this splendid auditorium will be available, both afternoons and evenings, for private parties, dances, receptions, bridge parties, or any purpose of a social nature. Mr. Davidson promises an orchestra which will be satisfactory in every detail, and those attending next week will be able to judge whether he is right.

WARSHIPS TAKE UP STATION IN LOUGH SWILLY

Belfast, April 15.—Two British warships have arrived in Lough Swilly, County Donegal, northwest of Londonderry. It was learned this afternoon that the British warships into the waters of County Donegal, Ireland, announced in Belfast advices today, is interpreted here as a precautionary measure, in view of the tense situation in Ireland.

Those present included A. S. McFarlane, Fredericton, secretary; G. Harrison, Chatham; Miss Essie Ferguson, Richibucto; Dr. G. J. Oulton and Amos O'Brien, Moncton; C. T. Wetmore, Rothesay; W. J. Myles, St. John; C. D. Dickson, Chipman; Miss Eta Dewolf, St. Stephen; Miss Bessie M. Fraser, Grand Falls; Miss Regina Martin, Edmundston; W. M. Burns, Fredericton.

REPORT ON THE SCHEDULE OF SALARIES FOR THE COMING YEAR WAS UNDERTAKEN BUT THERE WILL BE LITTLE CHANGE FROM THE LAST YEAR.

In Kent and the counties on the north shore, there is to be a slight reduction in the salaries for graded schools because the people there have been hard hit by the depression in the lumber business. In the schools in all parts of the province the minimum salary will be the same as established by the government in 1920. This is about \$50 less than the minimum of the teachers' association. The full schedule has not yet been announced but it has been said that in general the salaries will remain about the same. The annual meeting of the teachers' association will be held in St. John during the last three days in June along with the provincial institute.

HALIFAX BOXER DISSATISFIED WITH ST. JOHN DECISION

Halifax, N. S., April 15.—Roy Chisholm and Edward Healey, representing St. Mary's Club, will leave for Boston today to compete in the national amateur championships next week. Chisholm is entered in the 128 pound class, and Healey will be after the 135 pound title. Healey, who lost the maritima title which he held for three years, after an extra round in the St. John meet, returned to Halifax yesterday and informed the Herald that he was the victim of a poor decision. He says: "I cannot understand why an extra round was ordered in my bout against Hogan. I knocked him down four times and there is not one mark on my face, while he looked like a wreck after the bout."

IN WALL STREET

New York, April 15.—Accumulation of buying orders over the Good Friday recess effected many substantial advances to the recent advances of prices at the opening of today's market. Studebaker led at a gain of 1 1/4 points. Bethlehem, Pan-American Petroleum, Pacific Oil, Texas Company, General Electric and American Sugar scored one point advance. Standard Oil issues made additional gains on the higher prices quoted for products in the Kentucky district.

WILL MEET IN MONCTON THIS YEAR

Baptist Missionary Union to Hold Annual Convention in Railway Town—Executive Meeting Yesterday.

The United Baptist Women's Missionary Union of the maritime provinces has accepted the invitation of the Moncton churches to hold its annual convention in Moncton this year, and the date of the convention is to be fixed for the latter part of August, the exact day to be subject to the approval of the Moncton B. W. M. U. was in quarterly session in the Germain street Baptist Institute on Thursday evening and Friday morning and afternoon and transacted much business.

Mrs. W. G. Clark, of Fredericton, the president, was in the chair. Others present were vice-president, Mrs. W. E. McIntyre; secretaries, Miss Clara Fullerton and Miss Hume; treasurer, Mrs. G. B. Smith, of Amherst; provincial secretary for Nova Scotia, Mrs. C. M. MacLaren, of Middleton; for Prince Edward Island, Miss Isabelle Glidden, of Summerside; and for New Brunswick, Miss Augusta Slipp, of Fredericton; members, Mrs. C. W. Covey, Lewisville; Mrs. Steves, Moncton; Mrs. J. A. Freese, and Mrs. N. H. Ercleigh, Sussex; Mrs. C. W. Kierstead, Fredericton; Mrs. C. H. Martell, Wolfville; Mrs. F. H. Beales, Bedford (N. S.); Mrs. Jones, of Charlottetown, and the following St. John members—Mrs. C. T.

Clark, Mrs. Ross, Mrs. David Hutchinson, Mrs. J. R. VanWart, Miss VanWart, Mrs. N. C. Scott, Mrs. Burke, Mrs. G. D. Hudson, Mrs. George Dishart, Mrs. E. M. Sippel, Miss Hazen Clark, Mrs. J. J. Gillis and Miss Alice E. Estey.

The reports of the various secretaries and officers were very satisfactory. The treasurer reported \$9,000 had been received during the last quarter. The convention date had been changed from October to August and the invitation received from the Baptist W. M. societies of Moncton and the neighborhood, the First church and the Highfield street church in Moncton, and the churches of Lewisville and Sunny Brae to hold the convention in Moncton was accepted. These churches will be the hostesses for the convention, and the delegates will be received on the Harvard plan. Provisional dates were named and these, if accepted, will provide for an over-Sunday session. The four lady missionaries on furlough, Dr. Zella Clark, Miss Martha Clark, Miss Mabel Archibald and Miss Cora Elliot, were to have charge of the Sunday programme, and it was hoped that some male missionaries would also be present, and the general secretary, Rev. Mr. Stillwell, or his assistant, Rev. Mr. Orchard, be able to assist in the programme.

Interesting reports from the missionaries in the field were received. Miss Flora Clark had received a private gift of \$2,150, a legacy from a friend in New Brunswick, to be used in her work in the mission field, and she wrote she had decided to devote the money to the building of an orphanage, where native children might be reared and educated. The executive passed a resolution of appreciation of this gift which was to be sent to the brother of the giver, Mr. Ayer, of Fawcett's Hill, Westmorland county.

The meeting appointed Mrs. F. H. Beales, of Bedford (N. S.) as the editor of "Tidings," succeeding Mrs. W. J. Manning, of Wolfville, whose death had occurred a short while previously. Mrs. Beales is a graduate of Acadia University and a writer of more than ordinary ability.

A resolution of appreciation of the late Mrs. J. W. Manning's work for the union and of her devoted life as one of its charter members, as well as an expression of deep regret at her death, was passed at the meeting and placed on the minutes. A copy will be sent to Dr. Manning, the bereaved husband. Mrs. Manning had been for fifty years a member of the U. B. W. M. U. and was for seventeen years president of the U. B. W. M. U., and for eleven years editor of "Tidings."

The attention of the executive has-

ing been called to the recent pronouncement of Premier Foster on the temperance question, the matter was warmly discussed. Strong expressions of dissent were voiced by members, and a committee was appointed to present the views of the union and give them publicly. Some of the out-of-town delegates left the city on Friday night for their homes and the remainder leave this morning.

(Continued from page 1.) for a like figure, and those transactions started the sporting world. It took a star to get \$5,000 in those days, and most of the help got much less. Speaking of pitchers, Anson picked the

three kings of yesterday in this order: First, Charles Radbourne; second, John Clarkson; third, Amos Rusie. The corresponding three of recent times he picked at Mathewson, Walter Johnson and Alexander. Since quitting baseball, Anson had been city clerk of Chicago, running 299 votes ahead of Edward F. Dunne, who was elected mayor—the Dunne who afterward became governor of Illinois.

Then he conducted a big billiard and bowling establishment, with forty-two tables and eleven alleys. During the last few years he had made good in vaudeville and seeing lots of places off the big league circuit. Anson leaves two daughters, who were with him when he appeared on the stage here.

LEGISLATURE
IS PROROGUED

Considerable Discussion on
Bill to Amend Workmen's
Compensation Act After
Which It Was Withdrawn
For Time Being — Other
Bills Dealt With.

Fredericton, April 13—After lasting for a day, the second session of the eighth legislature of the province was brought to a close here this evening when the house was prorogued by His Honor Lieutenant-Governor Pugsby.

His Honor's Address.
The lieutenant-governor, accompanied by his official secretary, R. S. Barker, and Lieut.-Col. Osborne, A.D.C., arrived at the house about 9 o'clock, and after having associated to legislation passed, addressed the members as follows:

Mr. Speaker and Gentlemen of the Legislative Assembly:
"I thank you for the earnest attention which you have given to the general business of the session as well as to the many important matters which I have from time to time, submitted to you."
"Important acts affecting the business, industrial and social life of the province, have been submitted to you for consideration, and I am pleased to direct special attention to the acts providing pensions or disability allowances to the public school teachers and officials; incorporation of associations for co-operative marketing; to the women's institutes and the re-organization of the Maritime Farmers' Co-operative Co., which affects so many of our agricultural people; the consolidation of the public schools; for the amendment of highway and motor vehicle laws; for the provision of permanent bridges; for extension construction of the hydro-electric transmission lines from St. John to the coast; for the amendments to the public health act, giving the municipal councils a larger voice in the appointments of boards of health; for important amendments improving the protection of crown lands from forest fires and affecting many other matters of public and private interest in which the people of the province are greatly concerned."
"I thank you for the provision which you have made for the important public services of the province, and in now re-

lieving you from further attendance upon your legislative duties, I desire to extend to all of you my earnest wish for your individual prosperity and happiness."
The clerk then announced that the house would stand prorogued until Thursday, May 11.

It was decided to withdraw the bill, re the Workmen's Compensation Act but upon strong representations by Mr. Morrissey and Mr. Martin of Northumberland the section providing that orphans should receive \$18 a month instead of \$7.50 a month and the section providing that workmen who were employed in the province but who happened to be sent out of the province on work for their employer would be protected, it was declared.
The committee next considered the bill to amend the rates and taxes act, and agreed to it.
The bill to amend the game act was next taken up and agreed to after some discussion.

A bill relating to the New Brunswick Barristers' Society also was agreed to after the first section was struck out.
The bill to amend the act relating to the police commission of the city of Fredericton and the bill relating to the Restigouche and Bay Chaleur Soldiers' Memorial Hospital were agreed to as amended.

On the committee arising Mr. Smith, Mr. Albert, asked regarding an investigation concerning mining rights. Hon. Mr. Robinson, after explaining the situation, said that he was willing that an investigation should be held at any time.
The report of the committee on agriculture was presented by Mr. Wetmore.
The house went into committee and agreed on the bill respecting sewers and marshlands.

Mr. Veniot's Reply.
When the house resumed at 8.30 o'clock Hon. Mr. Veniot rose to a question of privilege and in a short but vigorous speech replied to a letter which appeared in the press and was written by John D. Palmer. Mr. Veniot produced facts and figures which upheld the position he had taken in regard to Mr. Palmer and the Valley Railway.
At this stage he honor the lieutenant-governor entered the chamber and assenting to the remaining bills passed during the session, was pleased to prorogue the session.

ADRIAN C. ANSON,
GREAT BASEBALL
FIGURE, IS DEAD

(Canadian Press Despatch)
Chicago, April 14—Adrian C. Anson, for more than half a century one of the notable figures of baseball, died here today after a week's illness and just two days before his seventieth birthday. The death of "Pop" Anson, as he was called by the thousands of baseball followers who have known him as one of the legendary heroes of the national sport, came suddenly after it was believed he was well on the road to recovery following an operation last Monday. He had been stricken on the street Sunday with internal trouble.

Was in St. John Last Year.
Adrian C. "Pop" Anson, famous heavy hitting first baseman of the old Chicago National League club, appeared in a baseball sketch at the St. John Opera House in February, 1921. He was a big figure in the national pastime before most of the present day players were born, and was one of the best known and most famous players for more than a quarter of a century.
Anson was named for two towns—Adrian, where his father was born, and Constantine, his mother's native place. He was born in Marshalltown, Iowa, on April 16, 1852, and began playing ball as

a professional on the Rockford (Ill.) team of the old National Association in 1871. Ross Barnes and A. G. Spalding also were members of this outfit, which was called the Forest Citys. After one year in Rockford, Anson went to the Philadelphia Athletics, also of the National Association, where he remained four years, or until 1876, when the National Association became the National League. In 1874 he went to Europe with the Boston team, of which Harry and George Wright were members. From 1876 to the close of his baseball career in 1897 he was with Chicago, playing third base the first year and occasionally going behind the bat, making twenty-seven consecutive years at the game since first he put the uniform on. In 1877 he went to first base and remained in that position to the end of his playing days. Old-timers remember that any

ball that was hit or thrown anywhere in the general direction of Pop usually stopped with a conclusive thud in his mitt, and as for hitting—well, an average of .337 for his entire career of twenty-seven years isn't so slouchy.

FATHER HELD FOR
BEATING A GIRL

Moncton, April 14—Earle Ashe, a farmer of Palms Junction, was yesterday committed for trial by Police Magistrate Steeves on the charge of beating and inflicting bodily injury on his eleven-year-old daughter. The case was brought by the S. P. C. A. The little girl is in the hospital.

On Buying Curtains

Remember LUX is at your service—it's pure, bubbly suds make colours bright and clear, and the daintiest fabrics clean and fresh as when new.
The thin, satin-like flakes of Lux, manufactured by our own exclusive process, dissolve instantly into a rich lather as harmless to fine fabrics as pure water itself.

LUX

For Silk and coloured curtains—

Whisk a tablespoonful of LUX to a lather in half a bowlful of very hot water; then add cold water till lukewarm. Swirl the curtains about—work quickly—press the rich suds through and through the curtains but never rub. Rinse in three lukewarm waters. If you can, roll in a towel to dry. Or, dry in the shade.

For white curtains—not silk—soak for an hour in cold water. Then wash in the same way, using hot suds. Rinse in three hot waters and dry in the sun.

Lux stands supreme. It is sold only in sealed packets—dust-proof!

Your Employees
AND DEPENDENTS

A Message to Employers

Group Insurance is an investment in human nature that pays—

It protects your employees and their dependents—

—bringing each home into closer touch with your business—

—relieving the distress of widow and orphans, free from the stigma of charity—

—and developing better interest and co-operation as employees see the benefits paid to their fellow-workers.

THEIR HOMES
AND DEPENDENTS

The employee who knows that his firm is protecting his family from distress in the event of his death or disability has a load lifted off his mind.

He feels more like planning ways of doing his work better, of suggesting ideas for improving the output or the product—and so increasing his own earnings by cheerful co-operation with the management.

He has some of the load lifted off his purse too, so that his wages go farther for his regular expenses.

Our suggestion is that you buy Life Insurance, wholesale, for your employees, at group rates which are very low, and thus drive away the spectre of want from the widow and children—through Canada Life Group Insurance, which many, many times will be found to be

Their Only Protection

And not merely the only protection—but with many, the only possible life insurance with total and permanent disability benefits—because Group Insurance is obtainable without medical examination of the individual.

Thus there is created a strong tie of sentiment and interest between the employee, his family and the Business he works for.

Considering its low cost and its far-reaching effects, Group Insurance is one of the cheapest and greatest benefits that any business can have bestowed on it today.

We know all this to be true from the evidence of how Group Insurance works out with hundreds of firms all over North America.

It is indeed "a dividend-paying investment in humanity."

QUEBEC'S BIG OUTLET OF MAPLE PRODUCTS

According to the Department of Agriculture of the Province of Quebec, 25,000,000 pounds of maple sugar will be produced this year in that province, compared with 25,000,000 pounds last year and 31,000,000 in the record year of 1919. The quality of the syrup is said to be above average, while the best yield will be in the Eastern Townships. The output of the province represents nine-tenths of the Canadian production and one-half that of the whole world.

AGRICULTURE BRIGHTENS.

(Toronto Globe).

It is safe to make the assertion that at no period since the after-war break began has there been such a bright outlook for agriculture in Canada as now.

The recent snowfall in Ontario has been almost equal in value to a "ten million dollar rain" coming at a critical stage in June. It has given protection where protection was most urgently needed, to wheat and clover, and the subsequent melting of the snow has provided moisture for the plant roots that was almost badly needed. Barring unfavorable developments later on, fall-sown crops in this province should do well.

The unusual amount of growing in the prairie is warranted in counting on a reasonably early spring, justifying the hope of an early favorable outlook from spring seedings. In the western provinces it also looks like the turn of the tide. The period of drought from which Alberta has suffered has been one of unprecedented length, and if the law of average means anything, farmers on the prairies are warranted in counting on a year or two of plentiful moisture and liberal harvest.

In live stock the outlook is also encouraging. Despite the partial crop failure in Ontario last year, feeders here have come through the winter fairly well. In the west, where feed was more plentiful in the mixed farming areas, stockmen have experienced still less trouble. Prices of animals and animal products have, too, held up better than expected, and the general market outlook in these lines is brighter than seemed possible last autumn.

A survey of the entire field affords ground for hope that Canadian agriculture will this year enjoy a moderate degree of prosperity at all events, and prosperous conditions on the land assure prosperity everywhere.

Prince Will Visit Noted Jap Shrine

Tokio, April 14—A visit to Japan's magnificent memorial building and park, dedicated to her beloved Emperor Meiji, is included in the programme to be followed by the Prince of Wales during the week he will spend in Tokio as guest of Prince Regent Hirohito and the imperial government.

Although Emperor Meiji died just a decade ago, his mausoleum and the beautiful four-mile park surrounding it has taken a place in the hearts of the Japanese that is not rivalled by the reverence America holds for her Arlington cemetery or England for her Westminster Abbey.

This may be traced to the fact that the Meiji shrine, unlike the national memorials of most other countries, is a product of the present generation. The millions of yen to construct it were raised by popular subscription and the tremendous amount of labor entailed was given by the young men of the nation.

The buildings are of pure Shinto architecture. The massive pillars and cross beams of the Torii, at the entrance to the shrine, were cut in the Arisan mountains of Formosa and brought to Tokio.

Scores of giant trees, gnarled and twisted by centuries, were taken bodily, with tons of their native earth, from the high road between Kamakura and Kyoto and transplanted in Meiji Park. Volunteer workers and freely given funds accomplished this almost Herculean task.

Although the park was first opened to the public less than a year ago, millions of pilgrims from all parts of the empire have come here to pay their tribute of homage and respect.

BRIDES FOR WALES AND BROTHER?

Toronto, April 13—A London cable to the Mail and Empire says:

Soon after the return of the Prince of Wales from India and Japan, his betrothal to Lady Mary Cambridge will be officially announced, according to reliable information today. About the same time announcement of the engagement of the Duke of York to Lady Rachel Cavendish will be made.

In view of the fact that the royal family never publicly discusses reports referring to it, it is impossible to obtain confirmation of the news from them. Lady Mary Cambridge is a first cousin of the prince. She is the elder daughter of the Marquis of Cambridge, who is Queen Mary's brother. She was born in 1897. Lady Rachel Cavendish is the fourth daughter of the Duke of Devonshire, former governor general of Canada.

SEMENOFF JAILED. New York, April 14—General Gregori Semenov, ataman of the Cossacks, is locked up in Ludlow street jail after a day of frantic effort by several lawyers to get a bondsman who would give \$25,000 bail to Sheriff Nagle. Semenov was arrested last week on a civil warrant and freed in bail, but his original bondsman refused to continue as surety. The general gave himself up to Sheriff Nagle in the latter's office.

Advertisement for The Literary Digest. Text: The Greatest Strike In History. As spring comes slowly up the way, over half a million men, accustomed to spend their days mining coal far underground, are out in the sunshine in their little gardens with their children digging up the soil and planting vegetables, while seedsmen in coal towns report a record business. Coal operators, as their mines are not working, have gone to join their families and play golf at Pinehurst or Hot Springs. Government officials blandly tell us that there is nothing in the coal strike situation to call for Federal intervention, the Secretary of the Treasury perceiving no harm to business in the first weeks. But, perhaps, the great consuming public must be alarmed, anxious, frantic, in the face of the greatest strike in history, with all the anthracite and most of the soft coal mines shut down, with 600,000 striking miners added to the ranks of the unemployed. Quite the contrary, for, to judge from editorial comment, the public views the coal strike calmly. As one writer puts it, "the public sits as a bored spectator until its bins are empty or its pockets." It is to be remembered that the strike which began on April 1st is a double-header. Anthracite and soft coal miners are striking together for strategic reasons, but with different ends in view and under different circumstances. The hard coal miners call for a 20 per cent. wage increase and their representatives are now in conference with the anthracite operators. The soft coal miners call for the retention of their present wages in the face of the operators' demand for reduction; but the bituminous operators have been unwilling to meet the representatives of the workers in a joint conference to decide on a basic wage-scale. When the strike was called on April 1st some 580,000 union workers, more than 400,000 in the soft coal fields, and an undetermined number of non-union men responded. For all the particulars—the underlying causes, the situation as it now stands, and the prospects for settlement of this great industrial upheaval—you should read THE LITERARY DIGEST this week, April 15th. Maritime Religious Education Council

Mankind is just beginning to realize the great character building value of athletics.

So many people in the past have looked upon them as purely a means of recreation and physical development, well meaning as that is.

Far too long have we failed to see that lessons in character formation are gained for the most part, not from books, but in the activities and associations of the play hour.

Where opportunity is not provided for wholesome play, the budding criminal is developing. There also the unsocial being gets his start.

All should recognize the three great theories of play, viz.: That it is a practice in future lines of conduct, that affords opportunity for the discharge of surplus energy, and also provides the means for relaxation.

With these thoughts in mind, the national boys' work board of the Religious Education Council of Canada has arranged an annual athletic competition between the various Tuxis Squares and Trail Rangers' camps. This year the meet takes place on April 22-23.

The meet is so arranged that it will encourage larger participation in athletics by the average boy and at the same time give the exceptionally brilliant athletic fellow credit for his performance.

The boys are divided into five classes, according to age and weight. Scoring tables are provided so that the work of boys in the different classes are balanced.

This system of handicapping allows Trail Rangers and Tuxis Boys of various sizes and ages to compete fairly one with the other.

The competition score for a group is obtained by taking the total of the individual scores of the competitors and dividing it by the number of boys that are physically able to compete in that group.

Thus every boy, regardless of how poor a showing he may make in any event, scores something for his camp or square.

Any Trail Ranger camp or Tuxis Square which is a duly registered group may compete. Only boys who have attended five Sunday and five mid-week meetings from March 1 can enter.

The contest is carried out in each individual centre during the dates mentioned. The results are then tabulated and must reach the St. John office by May 1. These results decide the provincial competition and are then forwarded to Toronto, where the national competition is decided.

A very fine shield is provided for the group securing the highest score rationally. In New Brunswick there is in addition to the national shield, one for Tuxis Boys and one for Trail Rangers awarded to the winning groups provincially.

The competition includes the following events for Trail Rangers—One potato race, floor push, three potato race, standing broad jump, running high jump. For Tuxis Boys, besides the two jumps, there is the three and five potato race and the eight pound shot put.

A report reaching the maritime office from Sydney tells of the splendid work being done by the Tuxis Squares of the United Baptist church. Six of the boys are already church members, and on Easter Sunday three others are to be baptized.

This is only one instance of how the Tuxis programme links the boy up with his church, by emphasizing the religious aspect of life in a very definite way.

It is also worthy of note that during the boys' conferences of this year, 133 boys made decisions for church membership. Programmes that lack this devotional touch, fall in this the greatest and most important phase of life. The Tuxis and Trail Rangers' programme stands out above all others in this particular. Churches are realizing this more and more, and an ever-increasing number are adopting it, not merely because it is the official programme of all Protestant churches in boys' work, but because it brings results in Canadian Christian citizenship in a most telling way.

MORE COAL MEN JOIN BIG STRIKE

Indianapolis, Ind., April 14—With the end today of the second week of the general suspension of work in the coal industry interest at union headquarters here was centered in the progress of enlisting more non-union workers in the walkout. The total of 665,000 idle miners, claimed by the union, showed a gain of more than 26,000 during the week, and the opinion in union circles was that the strike had not yet reached its peak strength.

BIG ENGLISH RACES IN EASTER WEEK

London, April 14—The flat racing season in England starts on its fifth week on Easter Monday and increases activity in racing circles will then be noted. On Monday racing will be carried on at three tracks—Kempton Park (Easter meeting); Birmingham (Easter meeting), and at Newcastle Gosforth Park. Epsom Park will open a two-day spring meeting on Tuesday.

Three of the more important of the spring races are scheduled for the coming week. On Monday the Queen's prize is the feature event at Kempton Park. This race, a handicap for a plate of 1,000 sovereigns, for three-year-olds and up, will be run over the mile and one-half course. Included in the forty-six horses nominated for this event was his majesty's four-year-old Baywood. Lord Derby's entry included Harrier, Crevasse, Stanislaus and Glorioso. Harrier was placed at the head of the weights with 126 pounds. P. F.

POWER BILL PASSES HOUSE WITH SOME FURTHER CHANGES

Six Months Period Relating to Possible Offer of Company to Sell to City Extended to Twelve, and Actual Cash Value Changed to Read Cash Value as a Going Concern—Hon. Mr. Foster Replies to Some Misleading Statements in House.

Fredericton, April 14—The St. John Power bill, as amended by the Corporations Committee of the Legislature passed the House yesterday afternoon with slight changes in the third section. The bill as reported by the Corporations Committee named a period of six months within which if the N. B. Power Company offered to sell to the city all its property at a price to be determined by arbitration, it would be lawful for the common council of the city of St. John, by by-law, to accept such offer and to enter into such agreement

with the said N. B. Power Company, as may be deemed necessary to give effect thereto, and to provide for arbitration as to the actual cash value of the said systems and property, etc. The bill as finally adopted by the House extends the "six months" to "twelve months," contains the words "if they see fit" after the word "St. John" where the reported bill read: "May be lawful for the Common Council of the City of St. John, by-law, to accept such offer," etc. and also contains the words "as a going concern" after the word "property" in

that portion of the reported bill which read: "And to provide for arbitration as to the actual cash value of the said systems and property," etc. Otherwise the bill was adopted as amended by the Corporations Committee.

Brief Discussion.
Mr. Richards said that he was somewhat struck by the words used in parts of the bill, particularly the words "without any good or valid reason doubts have been raised" which seemed to imply that the section was unnecessary although the section proceeded to state that it is desirable to remove such doubts. The phrase seemed rather peculiar. He was not a member of the Corporations Committee and had not had an opportunity of discussing the bill. The views he was giving were his own but he believed he expressed the views of a large number of members of the House when he stated that he was not in sympathy with the principle of the bill. He did not believe it to be at all correct. The bill had been thoroughly discussed before the Corporations Committee and it was his opinion that the committee made an earnest effort to reach something which would meet the situation. It did not seem to him that the bill set forth a general principle, and he believed that an act of this character might well be general in its scope. The difficulty was that it was specific and dealt with but one case. Because one company engaged in the development of electrical current seemed to be singled

out criticism arose. The bill necessarily was calculated to prejudice the rights of that company and those who had invested in its stock were prejudiced to a considerable extent. He realized the in-

terests of the City of St. John and interests of its citizens but felt that some means other than those incorporated in the bill could have been taken to safeguard them.

Hon. Mr. Veniot, speaking to a section providing for the sale by the company to the city, said that he considered six months hardly sufficient time and moved that the period be twelve months, also that the words "as a going concern" be inserted.

Mr. Flewelling said he had intended to speak on this bill at considerable length but circumstances indicated that that would be wasted time. However he wished to go on record as opposing the principle of the bill. It was legislation such as would rebound upon the province. He could use the very words of the Premier in his introduction of the hydro-electric bill in 1920 to show that the expressed purpose was not to enter into competition with existing electrical development. By the passage of this act the New Brunswick Power Company was being utterly ruined. It was being forced to operate a gas plant and a street railway which were known to be unproductive. It was not fair to the New Brunswick Power Company and it was not fair to the investors. He was absolutely opposed to the bill.

Hon. Mr. Foster said that he had no intention of entering into a debate on the matter or of following up what hon. members had just said. He wished to say that the Province of New Brunswick was not entering into competition with the New Brunswick Power Company. It was making arrangements to sell electric current to the City of St. John the same as to any other municipality.

The bill was then agreed to as amended.

Mayor Schofield, on being asked last evening regarding the city's bill before the house at Fredericton, gave out the following: "The bill had been most ably presented by Colonel Harrison, the acting recorder, and the bill, as finally passed, gave the city the whip hand in the situation and established the right of the city to enter into competition with the Power company, and also the right to take them over should the taxpayers so desire, should the company not live up to its obligations to carry on. He was very glad the city had succeeded, as it put them in a strong position to carry on negotiations with the hydro, having also control over the Power company, and yet so long as that company carried on alright their securities were not affected. It also cleared the way for a plebiscite to be held if the council so desired.

The government were practically unanimous, and it was clearly in the interests of the city, and he felt the council were now in a strong position to negotiate further."

LODGE GIVES ENTERTAINMENT.
The Sapphire Rebekah Lodge, No. 37, I. O. O. F., held an open night for their friends at Oddfellows' Hall in Simonds street on Thursday evening. The affair was largely attended and all present carried an enjoyable evening. The programme opened with an address of welcome by Noble Grand, Mistress Mrs.

George F. Hart, who presided at the meeting. She also thanked all who participated in the entertainment. The programme was thoroughly appreciated by the audience as the performers had to respond to several encores. Towards the close of the evening dainty refreshments were served. The entertainment marked the close of the winter's activity of the lodge which certainly has been pleasing to all the members. Those taking part

in the programme were as follows: M. E. Eachern brothers; Miss J. Stanton, Miss E. Mills, James Mills, Frank Stanton, M. D. Brown, Miss Greta McMahon, John Salmon, Gibson quartette, John Fitzpatrick, Miss Hilda Williams, Miss Keirstead, W. C. Parker, Joseph Murdoch, Charles Ledford and Ray Colwell.

LIGHT-SIX
Five-passenger, 40-horsepower, 112-inch wheelbase, Non-skid Cord Tires, front and rear wheels.

THE Studebaker LIGHT-SIX will appeal to every buyer who wants a low-priced car that will be satisfactory in performance, appearance, comfort and endurance. And in addition to its recognized superiority in these essentials, the LIGHT-SIX carries refinements found only on more expensive cars. The LIGHT-SIX is equipped with cowl ventilator operated from the instrument board; cowl parking lights; inside and outside door handles and large rectangular plate-glass window in rear curtain. A thief-proof transmission lock, which reduces the rate of insurance on LIGHT-SIX owners 15 to 20 per cent, and cord tires are also standard equipment. Long, semi-elliptic springs (50-inch in rear; 36-inch in front) and soft, genuine leather upholstered cushions, nine inches deep, provide unusual comfort. Its 40-horsepower motor delivers ample power for the hard pull. And vibration is practically eliminated by Studebaker's method of machining the crankshaft and connecting rods. The intrinsic value of the LIGHT-SIX is unmatched at anywhere near the price because Studebaker does not skimp on materials or workmanship but uses the best. It is built complete by Studebaker in its own Canadian factories, making possible its low price of \$1495, f. o. b. Walkerville, Ont. Studebaker has been building quality vehicles and selling them at fair prices for nearly three-quarters of a century and is the largest builder of six-cylinder cars in the world.

B. GRADUATES AT TRURO COLLEGE

Truro, N. S., April 14—The closing exercises of the Nova Scotia College of Agriculture were held yesterday afternoon and largely attended. The speakers were Lieutenant-Governor Grant and Dr. Melville Cumming, secretary for agriculture and principal of the college, who presided.

The governor's address was a happy combination of wit, common sense and good advice, and was much appreciated by the students. Although the college is for Nova Scotia it is a maritime institution in respect to attendance, many students coming from New Brunswick and Prince Edward Island. There were twenty-seven graduates this year, an average number. Of these eleven were from New Brunswick, two from Prince Edward Island and fourteen from Nova Scotia. The diplomas and prizes were presented by Lieutenant-Governor Grant.

The governor-general's medal was won by Lewis T. Lowther, of Kensington (P. I.), and the Prince Edward Island seed judging cup by Aubrey H. McAndrews, of St. John.

The book prizes donated by E. H. Cox, of Massachusetts, for highest and second highest standing junior year in feeding

GAGETOWN MAN SERIOUSLY HURT

Gagetown, April 14—While working on a lumber pile at Queenstown several days ago Gilbert Cameron, brother of Fred W. Cameron, a local lumberman, with whom he was working, fell from the pile and fractured his skull. Fortunately medical assistance was easily obtained, as the lumber piles are near the Valley Railway and the morning express was just drawing up at Queenstown. Dr. W. M. Jenkins was on the train, which was held a few minutes until assistance could be rendered to the unfortunate young man. He is now recovering.

ANOTHER MYSTERY STIRS ONTARIO

Body of Joseph Racine, Son of Former Member of Legislature, Found in Lake.

(Canadian Press Despatch.)
Ottawa, April 14—A badly decomposed body, practically nude, and believed to be that of Joseph Racine, thirty-nine, notary public, a former resident of Casselman (Ont.), and a son of the late Dame Racine, former member of the Ontario legislature, was found late yesterday in Leamy's lake by rivermen who were superintending the movement to the river of a log boom. Racine mysteriously disappeared on November 5, 1920, and notwithstanding a diligent search by private detectives and police authorities, his whereabouts or fate have remained unknown. The body, according to the police, while otherwise in a state of good preservation, disclosed the fact that the head had been battered in by some blunt instrument, and the belief is expressed that Racine had been murdered and his body thrown into the lake.

Racine's disappearance, coming just before that of Ambrose J. Small, millionaire theatrical owner of Toronto, created quite a sensation in eastern Canada, where he occupied a prominent position.

ST. JOHN BOXERS WON THE HONORS

All But Two Maritime Province Titles Now are Held Here—Exhibition by New Englanders.

One semi-final, five finals and four exhibition no-decision bouts comprised the programme for the final card at the maritime amateur boxing championships in the Armory on Thursday evening under the auspices of the Garrison Athletic Association.

100 Pound Class. The concluding argument in this class was furnished by A. Ricketta, G. A. C., and Harold Britt, Y. M. C. I.

108 Pound Class. Long range bombardment featured the final in this class between L. Britt, Y. M. C. I., and Ralph Summers, also of the Y. M. C. I.

115 Pound Class. The winner of this title was a youngster who has improved greatly since who has a "long reach." St. John river, he has a "long reach."

118 Pound Class. To clear the decks for the final scrap in this section a preliminary was staged between Stanley Belding, G. A. C., and Roy Stewart, Y. M. C. I.

158 Pound Class. "Sandy" Naylor, Halifax Y. M. C. A., thought he had this all to himself, but a fellow citizen by name of "Batling" O'Grady, who was former New England champion, moved up one section, giving away several pounds but scrapping so lustily that "Sandy" withdrew at the opening of the third round.

Special Bout. In the 130 pound open, Bobby Wynes, G. A. C., amused the crowd in a freak bout with Heath, G. A. C. In a special 135 pound bout Roy Joyce, G. A. C., was far too much for A. Murphy, who was attached, and the bout was stopped in the second round.

Sordillo vs. McGorman. The maritime 145 pound champion, E. McGorman, was completely outclassed by the Italian, who was former New England champion. Sordillo is a well-developed youngster and when he started after McGorman toward the close of the first round he had the local boxer groggy. He cased up but his superiority was undoubted.

Hogan vs. Poppy. "Al" Hogan, maritime 135 pound champion, appeared in a three round no-decision bout with Harry Poppy, Bostonian. The first round had hardly seen the men started when the bell rang. In the second round Poppy's left bothered Hogan. Poppy tried rushing Hogan by sagging on the ropes and on the rebound attempting to penetrate the local boy's guard. He met a stonewall, however, as Hogan did not give way an inch, and a stiff fight began to make Poppy think twice about this stunt. In the third round he sagged the ropes, but changed his mind about the rush. He clipped Hogan often but his blows lacked steam and at the end Hogan was as fresh as paint, while Poppy was blowing.

Chisholm vs. Sawyer. The Bostonian with the Mark Twain name carried a wicked left hook. Chisholm will say so. In the first round Sawyer led off with a left swing that had Roy pained. There was considerable infighting and plenty of clinching. The visitor from across the border weighed three pounds over the limit, so to counterbalance this, Chisholm hung on in the clinches and got his second wind. He had just recovered from the effects of several left hooks when the bell rang. In the second round the hard-hitting Halifax youngster ducked that left hook cleverly and countered with a stiff right that laid Sawyer up against the ropes. The crowd cheered as the left hook sailed over Chisholm's head several times. The third round was a duplicate of the second with Chisholm slugging blow for blow with Sawyer and having the shade, if any. The crowd gave them a magnificent hand when the final gong rang. It was a real scrap.

CONVICT MOVIE ATTRACT. Ran Auto While Drunk, Says Policeman—She Denies It. Miss Helen Neary McCloskey, twenty years old, who said she was a motion picture actress and lived at 132 West Seventy-second street, New York, was convicted of operating her automobile in West End avenue on Nov. 12 last while intoxicated. Justices Murphy, McInerney and Herrnan paroled her in the custody of her counsel, Thomas A. McGrath, until she is arraigned for sentence on April 21.

Motorcycle Policeman Weinstein testified that the actress drove at a fast pace past Eighty-second street, kept tooting her horn and refused to open the door at his command. She also used vile language to him, he added. He said an ambulance surgeon called to the station said she was intoxicated. Miss McCloskey said she never drank intoxicants and denied that she used the language the policeman attributed to her. It developed that she failed to appear in special sessions for trial on April 8 and her bail of \$500 was forfeited.

John McCormack, who has been dangerously ill with an affliction of the throat, will have to undergo another operation. His doctor says he has passed the crisis, but it will be many months before he will be able to sing again. McCormack lost twenty pounds in weight since his sickness commenced.

HEAVIER BAIL IN FRAUD CASE. Man Accused of Swindling Foreigners Cries, "I'll Die in Jail!" New York, April 15—Denounced as an "international thief" by Assistant District Attorney Louis Goldstein of Brooklyn, Max Pekowsky pleaded not guilty to grand larceny and was held in \$20,000 bail for trial on May 8 before Judge Taylor in the County Court, Brooklyn.

Pekowsky posed as a chiropractor under the name of "Dr. Parker." Mr. Goldstein said, and fraudulently wore the uniform of a captain in the United States Army. The prosecuting attorney asked that Pekowsky's bail be increased from \$2,500 to \$25,000.

When Pekowsky heard the amount of the bail imposed he shouted, "I'll die in jail!" But he fell fast asleep in the prisoners' pen while awaiting removal to the Raymond street jail. "This man has been robbing foreigners under promises of bringing their relatives from the other side," Mr. Goldstein told the court, "and he never kept his promises." He said that Pekowsky, disguised as an American Army Captain, had gone to Europe and made \$50,000 by promising foreigners that he could get their relatives into this country and others who wanted to come here, despite the immigration laws.

What You Owe to Advertisers You owe to advertisers in daily newspapers almost everything that has made living more comfortable and healthy. Daily Newspaper Advertisers of foodstuffs give you clean foods, just weights and fixed prices for the things you buy to eat. Daily Newspaper Advertisers gave you better houses, modern bathrooms, hardwood floors, electric lights, gas and electric ranges. Daily Newspaper Advertisers gave you better clothes to wear by educating the public to the value of good clothes and their economy. Daily Newspaper Advertisers made your housework easier by giving you quick-cleaning fluids, furniture polishes, floor machines, vacuum cleaners, carpet sweepers, aluminum cooking utensils, clothes dryers, sewing machines, gas and electric irons. Daily Newspaper Advertising made it possible for you to retain the beauty nature endowed you with by suggesting emollients, toilet preparations, shaving creams, safety razors, etc.

The pioneers in all these things were the firms who made them and advertised them. They led the way. It is for this reason that you should always buy advertised goods. These goods have raised your standard of comfort and living and the manufacturers of them command admiration for their courage and foresight. Dollar for dollar, the advertised article is always better value. The reason is that when an article is advertised, production of it is invariably greater. Therefore, the manufacturer has a larger output and a lower cost of production; hence the greater value for the money. Further, the advertised article generally has superior merit and greater refinements about it. If it were not so, it would not be advertised. Buy advertised goods, and buy them from the local store that advertises. Issued by Canadian Daily Newspapers Association, Head Office, Toronto.

ATHLETIC.
Disinfecting University Athletics.
(N. Y. Evening Post.)
In the Middle West it is a flagrant cropping of professionalism—of play for money—the discovery of which several months ago has led to a searching scrutiny of Western Conference athletics. In the inquiry at Princeton which has just cost that university three captains there is, fortunately, no case of such gravity involved. The athletics declared ineligible have violated agreement of Harvard, Yale, and Princeton that no team member shall receive support from those on whom he is not naturally dependent unless this support is approved by the university committee on eligibility. The object is to insure that no one is helped through college simply because such a rule is subject to so many forms of evasion, it must be sustained with jealous rigidity. It must be made certain that the athlete is not getting a subsidy in the form of excessive remuneration for summer tuition, or by signing notes which he never expects to pay, or in some other tricky manner.

However much or little the athletes were at fault, it is clear that the alumni are seriously to blame. A Princeton publication charges them with operating "a system of loan funding" unknown to the authorities and against their wishes. Knowing the rule, knowing why it was passed, they have been betrayed by their excessive zeal. This is but one more evidence that the vicious overemphasis in college athletics upon big teams, big coaches, big stadiums, big games, and victory at all costs is mainly attributable to misguided alumni enthusiasm. College faculties have long murmured and university presidents have lately spoken out emphatically; the malleable undergraduate body can be made to change its attitude in a few years. It is the annual whoop-it-up, sis-boom-ah effervescence among alumni that chiefly needs to be tamed, and alumni associations should be taking the task in hand.

SAYS NEW YORK IS IN DANGER FROM SMALLPOX

Albany, N. Y., April 15—The state department of health renews its recent warning that New York is in danger of invasion by small-pox so Dr. H. M. Briggs, commissioner of health, said yesterday in commenting on reports from the Canadian border and from Connecticut. Five cases recently have been reported from one town in St. Lawrence county, New York, it was said, while in Connecticut there have been 230 cases since the first of the year. The only safeguard for the individual and the community, it was said at the department of health was vaccination.

INTERNAL UNREST GROWS IN JAPAN

Suffrage Defeat and Failure to Use Navy Savings for People are Causes.

(Foreign Correspondence of The N. Y. Evening Post.)

Tokio, March 16—As the session of the Diet is nearing completion and it is becoming increasingly plain that none of the wishes of the people at large will be satisfied, resentment against the government is becoming stronger. For a number of months preceding the long neglected local issues have come to the fore. In the press particularly the vituperation formerly directed against the United States and China is now aimed at the government, with the difference that in the later case the newspapers are virtually unanimous. The main causes for the popular dissatisfaction with the government are all indicative of the steadily increasing growth of liberalism. They are the demand for universal manhood suffrage, objection to the proposed measures for control of so-called "dangerous thoughts," and resentment of the fact that there will be no reduction of taxes nor application to peaceful purposes of funds formerly destined for naval construction. It is becoming increasingly plain that what will be saved from capital ship construction and from any reduction of the size of the army will be applied to other naval and military expenditures. Japan today may be linked to a huge steam boiler where the pressure within is constantly becoming stronger and stronger, eager to find an outlet, with the government resolutely clamping down the safety valve. The universal suffrage bill having been defeated by the overwhelming majority of the government party in the Diet, the

only force on which the government may rely and of which it is taking reluctant advantage, popular interest is now concentrating on a bill for the suppression of "dangerous thoughts" which the Administration is trying to force through. As a matter of fact, the masses of the people are quite willing that "dangerous thoughts"—that is, Communism, Marxism, Socialism, and the like—should be suppressed, most of them being still so steeped in the old feudal ideas that radicalism is either uninteresting or repugnant to them, being advocated mainly by factory laborers and students and professors. Their enthusiasm is mainly an evidence of their desire for some change from the force of capitalism now dominant.

On the other hand, the people generally resent the form of the bill, which is so vague that it will make it possible for the police to clap into jail any one whom they wish to put out of the way, the definition of what "dangerous thoughts" are being left entirely to their judgment. It is felt that passage of the bill will give the authorities entirely too dangerous a weapon, which they may use ruthlessly and unfairly. The entire press, the opposition parties, and even many members of the House of Peers are bitter against the government. The situation has now become a constant series of contests between the dissatisfied factions and the police. Meetings are held at various places, which are invariably attended by large forces of officers, some of whom are accused of provocative action.

There is much that is amusing on the surface at these meetings, but the situation seems fraught with danger. It is quite common for speakers to stand on the platform and praise the assassin of Premier Hara, though the inevitable consequence is that they are immediately seized by the police. Others lead the murdered Mr. Yasuda, the richest man in Japan, who was killed recently, and suffer a similar fate to that of the admirers of Hara's assassin. At a large meeting at the Sunno Temple grounds the agitators climbed trees when the police charged and an aerial battle took place when the officers climbed other trees and pulled them from the high branches. Many of the meetings are attended by thousands of persons, and police charges, a few brass heads, and numerous arrests have become common incidents.

There can be no doubt, however, that most of those who attend these meetings are persons with no decided or well-formed political views or ideas. Many attend for the sake of excitement while others, probably the majority, wish by their presence to express the resentment which they feel at the existing order of affairs, the constantly increasing difficulty of living, high prices, unemployment, poverty of laborers, and wage reductions, while many companies continue to pay dividends running from 20 to 70 per cent. The cry against the government is unconsciously directed against the plutocracy. The dissatisfaction is at its basic economic rather than political, except in so far as it is felt that government is synonymous with plutocracy.

This economic dissatisfaction is gradually crystallizing and taking political form. The Socialist and other agitators and the number of persons, especially laborers, who insist that only by revolution can present conditions be overthrown are increasing. A few days ago police arrested a certain Ilmor and found in his possession over 10,000 yen and documents, claiming to make it clear that he was working in connection with the Far Eastern section of the Communist propaganda bureau of Moscow. The authorities can think of no weapon except the club, so they insist on passage of the drastic bill against "dangerous thoughts." In the meantime, the people are becoming more sullen and the gulf between the masses and the classes is steadily widening.

SHELL-SHOCK CAMPAIGN RESULTS IN NEAR TRAGEDY

(Special Cable to The Mail and Empire) London, April 9.—What was intended as a triumphant finale to Dr. Cone's sensational auto-suggestion campaign in England resulted in a near-tragedy in a special neurological hospital for soldiers at Tooting, just outside of London. Lady Beatty, who is responsible in a great measure for Cone's presence in England, introduced the famous expert to patients but was forced to flee from the lecture room when shell-shocked soldiers were plunged into hysterics. Writings and shrieking the soldiers flung themselves on the floor, the doctors and nurses being unable to pacify them. The tragic outcome followed. Cone's treatment of one patient who declared himself cured of severe headaches, John Withers, a soldier suffering from bodily tremors was the next patient. Suddenly while Cone was passing his hands over the soldier's body, Withers suddenly gave piercing shrieks, writhed and twisted himself like a contortionist, and threw himself on the floor. The effect on the rest of the patients was instantaneous. Many after man groaned and shrieked, gripped with uncontrollable hysteria. A witness said: "The scene was indescribably hellish." Lady Beatty, standing near Withers,

MEETING RE THE ASSIGNMENT OF SWIM AND STORER

Fredericton, April 14.—A meeting of the Credit Mens Trust Association of Canada was held on Thursday afternoon in the board of trade rooms in this city to consider the assignment recently made to the association by Frank D. Swim, former M. P. F., and Alexander Storer, lumberman of Doaktown. The trustees were authorized to sell, with the approval of the inspectors who were appointed, Messrs MacKay, Newcastle, MacKay and Cummings of Doaktown—any or all of the property of the debtors after the inspectors had looked carefully into the value of the different portions.

A statement of the affairs of Messrs. Swim and Storer was made by Mr. Whelpley, the assignee, and an explanation of the assets and liabilities given. The liabilities of the Southampton Lumber Company to the Royal Bank of Canada have been guaranteed by the two debtors, who carried on the lumbering business under this name.

Letters testamentary have been granted in the estate of the late John Kennedy of Kirkland, parish of North Lakes, York county, to his son, William W. Kennedy, and J. Wesley Kennedy, his nephew, as executors. The estate consists of \$4,650 real estate and \$14,000 personal property. He leaves \$1,500 to each of his four sons, Thomas J., William, Ernest and David, \$2,000 to his daughter Susan and \$1,000 to each of his other daughters, Ida and Laura, and \$500 to the trustees of the Presbyterian church at Kirkland. The residue of the estate is divided share and share alike amongst his seven children, thus increasing the amounts bequeathed to them by \$4,900. His wife had been provided with an annual income of \$1,500 before his death.

In the King vs. the Honorable J. H. Barry ex parte H. D. Lindsay, which was begun Wednesday afternoon in the appeal court, P. J. Hughes is showing cause against a rule nisi to quash a conviction made by Judge Barry in chambers on an appeal from a judgment of Police Magistrate Limerick of Fredericton dismissing a charge against Lindsay for having liquor in his possession contrary to the liquor license act of 1916. J. J. F. Winslow is supporting the rule.

P. J. Hughes entered a preliminary objection to the case being heard, saying that certiorari did not lie against a judge of the supreme court. J. J. F. Winslow argued contra and the court considers.

Mr. Hughes argued in support of the judgment of Judge Barry that it was not sufficient to say that Lindsay was taking liquor into the State of Maine to constitute a defence to the charge of having liquor in his possession—but he must further show that he had acquired the liquor from persons entitled to export.

Last evening the court adjourned for the Easter holidays.

ANOTHER MONTREAL MYSTERY.

Montreal, April 14.—What is thought to be an aftermath of the murder of Vincenzo Trescolli, who was killed in his restaurant in the east end of the city on January 5 last, occurred last night when Stanley Smith, who was a witness in the Trescolli case, was stabbed slightly, on St. Catherine street west, the city's most crowded thoroughfare, by a man so far unaccounted for.

LETTER CARRIER SHOT LEANING OUT WINDOW

New York, April 15.—James Horace, 33 years old, a letter carrier, was shot in the arm and stomach as he leaned out of the front window of his apartment, on the first floor of 525 West Fifth street to watch the boys playing ball in the street. The shooting was a mystery to Horace and his wife, who was in the apartment at the time. Detectives were unable to find any one in the vicinity who saw the shots fired.

The police theory is that the shots were fired by a gangster on the roof of a building across the street. The gunman is supposed to have laid in wait on the rooftop until the man he was after appeared in the street. When he fired his shots are believed to have gone wild, between Tenth and Eleventh Avenues. The "Gopher Gang" frequents the vicinity.

When Mrs. Horace heard her husband cry that he had been shot, she ran from another room and saw him lying on the floor. She called Patrolman Donnellan from the street. Donnellan summoned an ambulance, and the letter carrier was taken to Bellevue Hospital. His condition was serious. It was impossible to tell whether he had been shot twice, or whether one bullet had passed through his left forearm and then penetrated his abdomen. Horace is attached to Station G on West Fifty-first street.

Blackheads indicate your cleansing method is wrong

BLACKHEADS indicate that the method you are using is not the right method of cleansing for your type of skin. A skin specialist would tell you that blackheads are caused by excessive oil collecting dirt in the pores of your skin.

To do away with the cause of blackheads and free your skin from this disfiguring trouble, use the following simple treatment:

APPLY hot cloths to the face until the skin is reddened. Then with a rough washcloth work up a heavy lather of Woodbury's Facial Soap and rub it into the pores thoroughly, always with an upward and outward motion. Rinse with clear, hot water, then with cold—the colder the better.

If possible, rub your face for thirty seconds with a piece of ice. Dry carefully. To remove blackheads already formed, substitute a flesh brush for the washcloth in this treatment. Then protect the fingers with a handkerchief and press out the blackheads.

GET a cake of Woodbury's today, at any drug store or toilet goods counter, and begin this treatment tonight. You will be astonished to see how quickly your skin will improve in clearness. She could eat anything—without indigestion or sleeplessness. FOR a long time she had been troubled with gas after her evening meal. The distress was most painful after eating potatoes or other starchy foods, of which she was very fond. Then she started taking two cakes of Fleischmann's Yeast every night between her evening meal and bedtime. She poured about a half cup of boiling hot water over the yeast cakes, stirred them thoroughly, added a little cold water and drank. She found she could eat anything and sleep splendidly afterward. Thousands of men and women are finding that Fleischmann's Yeast corrects stomach and intestinal troubles. It promotes the flow of bile and pancreatic juice. It is rich in the appetite-stimulating vitamin, so that appetite is always kept normal and you are protected from indigestion. Add 2 to 3 cakes of Fleischmann's Yeast to your daily diet. You will find that your whole digestive system is greatly benefited. Place a standing order with your grocer. He will deliver it regularly.

Blackheads indicate your cleansing method is wrong. BLACKHEADS indicate that the method you are using is not the right method of cleansing for your type of skin. A skin specialist would tell you that blackheads are caused by excessive oil collecting dirt in the pores of your skin. To do away with the cause of blackheads and free your skin from this disfiguring trouble, use the following simple treatment: APPLY hot cloths to the face until the skin is reddened. Then with a rough washcloth work up a heavy lather of Woodbury's Facial Soap and rub it into the pores thoroughly, always with an upward and outward motion. Rinse with clear, hot water, then with cold—the colder the better. If possible, rub your face for thirty seconds with a piece of ice. Dry carefully. To remove blackheads already formed, substitute a flesh brush for the washcloth in this treatment. Then protect the fingers with a handkerchief and press out the blackheads.
