DID WELL

A successful brazer was held on Saturday afternoon at the residence of Mr. and Mrs. Fred McIntyre, 43 Havelock street, West End, by six little girls and they raised \$22 to buy blankets for the baby ward in the Protestant Orphan's Home, West Side. The following conducted the sale: Beatrice Bodley, Hilda Bodley, Dorothy Smith, Gertrude Tower and Nellie and Bertha McIntyre.

LINGLEY-BROWNE

At the residence of the officiating clergyman, Rev. Charles B. Appell, daughter of Mr. and Mrs. Frederick W. Brownell, Charles street, Fairville, was united in marriage with Otty D. Lingley, son of Mrs. Alice Lingley, 97 High street. The ceremony was performed by Mr. and Mrs. Lingley left on a short honeymoon trip up river to Camp Wee-Go-Do-Do. The bride was a popular employee of the New Brunswick Telephone Company and the groom, a well known conductor on the street railway. The groom was also a member of the C. E. F., having seen service overseas.

MARTELLO CORNET BAND

Rapid progress is being made in the arranging of decorations for the big fair which is to be held in the Cadogan Curling rink, beginning Saturday evening next, under the auspices of the Martello Cornet band, the "old 20th" of general attractions and by reason of special musical programmes, promises to be unique in its kind. It is recalled that the organization, practically a man, donated the khaki and went overseas. Now, the band is endeavoring to get re-established on a permanent basis and request public co-operation. Its record in peace and war is deserving consideration and it may be that the day will come when it will reward the bandmen's effort to procure new outfits.

**ALBERTA COAL MINERS' STRIKE IS SETTLED**  
(Canadian Press Despatch.)  
Calgary, Oct. 4.—"The strike is now as good as over," was the comment of Senator G. D. Robertson, minister of labor, in referring to the Drumheller strike situation Monday.

This is confirmed by reports from various quarters. Even at the Monarch stronghold in the valley, the greater proportion of the men returned to work this morning.

The actual position at the time of writing is that all the mines with the exception of four of the smaller ones, are now working, most of them with a full crew.

All the mines at Fernie were working Monday, also those at Michel. The same also applies to the mines in the Lethbridge district.

**CHILDREN LOSE LIVES IN FIRE**  
(Canadian Press Despatch.)  
Merrill, Wis., Oct. 4.—Five children of Edward Nelson, ranging in ages from five to fourteen years, were burned to death when fire destroyed Nelson's farm home near here early today.

The children were asleep upstairs. The parents whose bedroom was downstairs escaped. A lantern left burning in an upper bedroom is believed to have caused the fire.

Through lack of attendance, the monthly meeting of the board of trade, which was to have been held last night, was postponed until Oct. 11.

**PRICE OF ADMISSION TO U. S. IS NOW \$5.**  
Washington, Oct. 4.—The price of admission to the United States is among the many things which has gone up since the war. Before the war it was \$1. Now every immigrant must pay \$5. Uncle Sam hopes to collect \$8,000,000 from this source this year. The cost of leaving the United States has increased five fold. Previous to the war a passport cost \$2; now the price is \$10.

**Your Earning Power and Your Need of Sleep**

IT'S a big temptation these days, with so much to be done, to cut down your sleeping time.

But the busier you are, the more you need the perfect relaxation that only good sound sleep can give.

You probably need more sleep—you certainly need better sleep. And this means better beds, better springs, mattresses and pillows.

Far from promoting perfect sleep, the typical wooden bed or ordinary metal bed creaks, rattles and sways, preventing that sound repose which can be had only in a sturdy, noiseless bed.

The ordinary spring sags or humps, and most mattresses and pillows are lumpy, even when they are not unsanitary.

You should know the Simmons noiseless Bed—built for sleep.

Simmons Limited is a pioneer maker of Metal Beds built for sleep—

Maker of those wonderful Simmons Springs, that really do invite the body to lie out flat, every muscle relaxed.

Expert in producing Mattresses built for sleep—soft and luxurious.

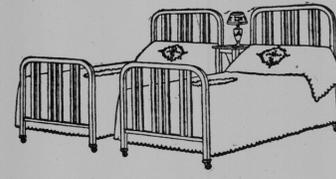

Maker of Pillows that rest the head and neck.

Specialist, too, in Twin Beds—that fine principle of a separate bed for everyone.

Ask the leading merchant in town about Simmons Metal Beds, Brass Beds, Springs, Mattresses, Pillows, Day Beds and Children's Crib.

The most popular sleeping equipment in the stores—and they cost little if any more than the ordinary.

And when you are selecting your Simmons Beds with an eye to their appearance in the room, you will see that Simmons has for the first time established beautiful and authoritative design in Metal Beds.

**The "CHATSWORTH" Design 1901—in Twin Pair**

### PREMIER FOSTER.

Hon. W. E. Foster is appealing for the second time as a candidate for the votes of the people of St. John. What can be said in his favor? The people remember him as a very young man, making his way in a financial institution. Later they saw him at work in a wholesale business establishment and rising to become its head—while still a young man. They have known him as a president of the board of trade, and interested in many matters relating to the progress of the city. His business career has been successful. Because it was also honorable, and because he took an interest in public affairs, there came a time in the history of the political party to which he belonged when the members of that party looked to him for leadership. Not without misgivings he accepted that leadership, and although partisanship denied him the pleasure of representing his native county he was backed by a majority of the electors of the province; and, while still a young man, unfamiliar with the arts of the seasoned politician, he became premier of New Brunswick. Those who believed in his ability and in his honesty have had their faith justified. Mr. Foster is today an outstanding figure in Canada as well as in New Brunswick, for the legislation placed upon the statute books since he became premier has attracted nation-wide attention. And now he is asking the electors of St. John for their verdict upon him as a citizen and as a representative public man. He has devoted himself according to his best judgment to an honest and progressive administration of public affairs. No breath of scandal has touched him. He may have made some political enemies, for that is the fate of every public man who is worth his salt; but those who are more concerned about the public welfare than personal considerations or prejudices will recognize the importance of having at the head of affairs a man who has made good; and who may be trusted to give the best service of which he is capable. The electors of St. John should rally to the support of Premier Foster, for he will still be premier, and not only make him their representative but send him three supporters of his government. And none should rally around him more heartily than the women to whom his government gave the suffrage.

### SUSTAIN THE GOVERNMENT.

If every opposition member were elected they would be a bare majority in the house. Everybody knows they will not all be elected, and their numbers may be very small in the next house. Nobody believes the farmers would think of making a deal with gentlemen who are past masters in that art, even if in two constituencies there are joint tickets. The opposition cannot overcome the hands in the pockets of the constituencies and having only partial tickets in three others. But the electors know the Premier government to be a good one. They must not by their votes or by their indifference make it even possible to have a combination that would bring members of the old opposition party back into power. Support of government candidates in every constituency is the right policy to ensure stable and progressive government for the next legislative term. There are many farmers on government tickets, and they are men of standing in their constituencies. They will be found as anxious to promote the agricultural interests of the province as any other farmers.

It is found in canvassing that a number of voters are not fully informed to the issues, and do not take a lively personal interest in the contest. One of the reasons no doubt is that there is less public speaking than in former years when large auditoriums were available. The best safeguard of democracy is an enlightened and vigorous public sentiment. Every boy and girl should be so trained as to take a lively interest in the duties of citizenship.

The voters in St. John county should not stay out in the cold any longer. A vote for Mr. Bentley and Dr. Curran is a vote to bring the county in line with good government.

If for no other reason the Premier government's hydro-electric policy should assure it another term in office.

### THE ST. JOHN TICKET.

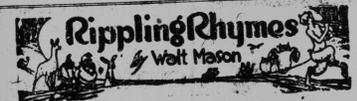

Aside altogether from party politics consider the character of the four men who are the government candidates in St. John, and who if elected will be its representatives in the legislature of the province.  
Hon. W. E. Foster is the head of a great wholesale business establishment, and a man of the highest standing in the business community.  
Hon. W. F. Roberts is a physician of high standing not only in St. John but in Canada at large, and the New Brunswick Health Act has brought him fame in the United States as well.  
Mr. R. T. Hayes, like the premier, is the head of a great wholesale business, and a man of the highest standing in the community, whose fellow citizens honor him by making him mayor during the strenuous period of the war.  
Mr. W. E. Scully is also a capable business man with an honorable record, respected and esteemed by his fellow citizens. He has had experience in civic affairs, and has held representative positions with credit to himself and advantage to the community.  
These four men will do credit to St. John as its representatives, and their nomination has been hailed with satisfaction in other constituencies as an evidence that St. John desires to do its part to make the legislature a body of thoroughly representative men of high motives and of proved business ability.

### THE WOMEN'S VOTE.

Hon. Mr. Baxter said last evening that "it had taken the Premier administration a year longer than the opposition to make up their minds that women should have the vote."  
The truth is that Mr. Baxter and his friends when in power would not give women the franchise, but when in opposition, having learned that the Premier government intended to pass such a measure before the next election, they sprang a vote on the question in the hope of embarrassing the premier. Their little scheme failed, and in due time before the election, the Premier government gave women the franchise which they will exercise next Saturday.  
A better authority on the subject than Mr. Baxter is Mrs. R. D. Hooper. At the meeting in St. Vincent's auditorium last evening she said that the franchise was an evolution which was coming and it was through the Premier administration that it was finally delivered. The opposition had had an opportunity two or three times to grant the franchise to women but had failed to do so.  
"There are two men on the opposition ticket in St. John who were opposed to the measure," she said, "and I heard one of them say so myself."

The manner in which Gov. Cox is forcing the fighting makes the presidential campaign more and more interesting. This was to be a Republican year, and it may be, but there is no walk-over. The Ohio governor is a rare campaigner, and keeps the League of Nations where it ought to be, in the forefront of the fray. Watch for gross misrepresentations of provincial affairs during the next few days. In Northumberland the opposition are predicting a \$400,000 deficit. Hon. C. W. Robinson says there will be a surplus, and he is not a man to make incorrect assertions.  
Hon. P. J. Veniot is represented as rushing to Gloucester to save his seat. Even Mr. Veniot's speed cannot overtake the flight of the imagination of this political correspondent. It may be said, however, that the minister has good roads to travel on.  
The members of the Premier government are men of high standing. They have made a good record. They deserve another legislative term in which to carry out the progressive policies they have inaugurated.  
The news that comes out of Russia is good news for the world. The grip of Bolshevism is weakening. It was and is still a menace to civilization, but it is not based on the principles of true democracy.  
Opposition candidates need not fear anything the supporters of the government may say half as much as they should fear the effect of the record of their party as it is spread upon the records of royal commissions. Let them explain that.  
Rev. H. A. Cody is to be congratulated on the fact that his latest novel is to be filmed. His literary work is appreciated in the United States as well as in Canada.  
If it were possible for Hon. Mr. Baxter to form a government who would be minister of agriculture—Hon. James A. Murray or Mr. Guphill of Grand Harbour?

Of six opposition candidates in St. John city and county there are lawyers. Just to keep the farmers straight—of course.  
As yet the farmers' party are without a provincial leader. How dearly the opposition would love to hand them one.

#### OCTOBER SIGHS.

My heart is sad and sober, and has a convex pain; for all through  
the Autumn fall and splendor; let all your rags be rendered, for Winter  
comes again! I'll hear it in the calling of wild geese overhead, and in the  
ceaseless falling of withered leaves dead; and in the far-off singing of  
birds prepared for winging to lands where tempests sting and don't make  
a man see red. October days are golden, although green things expire;  
her many charms embolden the bard to swat his lyre; but always there  
is sighing, and sad ambivalent crying, and lovely things are dying; in  
and brown attire. The sunshine's pale, weaker, that late was glow-  
ing strong; the evening winds are bleaker, the nights are dark and long;  
and all the signs are hinting that Autumn's mild and gentle, her  
ter will be wint'ry in its rude, frolicsome song. October's mild and gentle,  
has her quiet joys; her smiles are comprehensive and fall on all; but  
boys; but while she's with us, stay, my boys; but while she's with us, stay,  
thoughts are ever straying to Winter's angry noise.

### CANADA—EAST AND WEST

#### Imports Larger; Exports Smaller

#### Statement of Canada's Trade With Various Countries for Twelve Months.

Ottawa, Oct. 4.—Canada's imports of both free and dutiable goods show an increase for the twelve months ended August 1920 over the same period in the two years just previous. Total imports, merchandise—1918, \$909,857,950; 1919, \$872,267,894; 1920, \$1,269,162,864. Duty collected, 1918, \$165,502,162; 1919, \$165,474,448; 1920, \$204,255,854. Canada's exports of merchandise were lower, probably due in large measure to the reduction of war orders. The total Canadian purchases from the United Kingdom during the twelve months ending August 1920, reached \$208,107,122, against \$76,890,228 in the twelve months previous. Purchases from the British West Indies, Cuba and France showed notable increases. Purchases from the United States increased to \$604,115,229, as against \$692,606,978. Exports of Canadian produce show notable increases to British West Indies where the total was \$121,610,615 against \$4,720,616; Newfoundland 1919, \$12,392,297; 1920, \$19,610,062. Exports to the United Kingdom and to France, showed a decrease. The figures for—United Kingdom, 1918, \$475,897,918; 1920, \$305,981,217; France, 1918, \$84,467,090; 1920, \$46,010,975.

## Big Ben

If you'd rise early, just say when  
And leave your call with me—Big Ben.

BIG BEN has something to say to people who like to get up promptly in the morning.

He guarantees to call them on the dot whenever they want, with one prolonged, steady call or with successive gentle rings.

And he guarantees to do it day after day and year after year, if they only have him oiled every year or so.

We have known him since he was that high and we'll vouch for everything he says.

Big Ben stands 7 inches tall, slender, massive, handsome. He rings steadily for five minutes or intermittently for ten. He's pleasing to wind, pleasing to read and pleasing to hear.

#### RECENT WEDDINGS

The marriage of Albert E. Tedford, brother of Rev. A. L. Tedford, formerly pastor of the Tabernacle church in St. John, and Miss Mae Smith, took place yesterday morning at the residence of the officiating clergyman, Rev. J. H. Jenner, 272 Tower street, West St. John. Both bride and groom are residents of Fredericton. After a stay of a few days with friends in St. John they will leave for Fredericton, where they will make their home.

Miss Jeanette Pauline Stiles, daughter of Mrs. Nettie Stiles, Lewisville, was united in marriage yesterday to Earl Belmont Bearey of Dever, Maine. Rev. C. W. Corey performed the ceremony.

A wedding of interest was solemnized in Medford Hillside, Mass., recently when Miss Muriel M. Greene was united in marriage to James Kennedy MacNeill, of this city. Among the out-of-town guests were Mrs. L. G. MacNeill, mother of the groom, and Mr. and Mrs. Price of Moncton. The groom served with the 4th Siege Battery and later as a lieutenant pilot in the Royal Air Force. They will reside in Medford.

#### RECENT DEATHS

Miss Mary Jane Savary, of Plympton (N.S.), died recently, aged eighty-six. She was a sister of the late Judge Savary, of Annapolis Royal, at one time a resident of St. John. The only surviving member of the original family is Mrs. Gardner, another sister, who is nearly one hundred years of age.

Mrs. H. Judson Bishop, of Harvey, Albert County, N. B., died recently after a lengthy illness at the home of her son, Dr. H. A. Bishop in Vancouver. She is survived by three sons, Dr. Bishop, George S. Bishop, manager of McClary Manufacturing Company of this city, and James W. Bishop, of Edmonton, Alta., also one daughter Mrs. H. V. Brewster of Seattle.

E. Tiffin, who died on Saturday at Preston (Ont.), was well known in this province. He was stationed at St. John as C. P. R. general freight agent for a time and at Moncton for several years as general traffic manager of the Canadian Government Railways. In 1909 he was appointed a member of the board of management of the government railways and held that position for several years, in addition to that of general traffic manager. He left Moncton about eight years ago. Latterly he was connected with the general staff of the Canadian National Railways with headquarters at Toronto.

James Alexander Slipp died recently at Fort Fairfield, Me. He was seventy-six years of age and was born in Central Hampstead, Queen's County, N. E. His first wife was Miss Adella Connor of this city. He is survived by his second wife, one son, and two sisters, Mrs. Edward Slipp of this city and Mrs. John Van Wart of Central Hampstead, Toronto.

Very Reverend Thomas Fryc Lewis Evans, D. D., D. C. L., dean of Montreal and rector of St. Stephen's church, Waverack Park, Westmount, died last night after a brief illness, at the age of seventy-five years.

Bishop MacDonnell Dying.  
Cornwall, Oct. 5.—The members of this community and the people throughout the diocese regret that His Lordship Bishop MacDonnell of Alexandria, who is a patient at the Hotel Dieu Hospital, is gradually growing weaker. His lordship received the last rites of the church last week in the presence of several of the priests, after which he imparted his blessing on the kneeling clergymen.

## 22,000 Canadian Men and Women ask you to buy "Made-in-Canada" Shoes

22,000 CANADIANS are engaged exclusively in the manufacture of Boots and Shoes.

EVERY pair of Canadian-made Shoes you buy actually puts money in the pay envelope of this vast army of men and women.

Every pair of imported Shoes you buy reduces Canada's capital stock and puts money in the pockets of foreigners who contribute nothing to our national growth.

CANADIAN-made Shoes, grade for grade, are the equal of the best in the world. The most scientific processes of manufacture are employed.

Canadian workmen are as conscientious and skilled as those of any other country.

SITUATED as we are between the Old World and the New, every authoritative idea of shape and style and fashion is immediately seized and developed.

The price of Canadian-made Shoes is based entirely on actual production costs. It represents 100% of value.

All these, and more, participate in the 50 million dollars which is the yearly value of the Canadian-Made Shoes.

Canada produces footwear of every desirable type, and of standard quality in all grades. When you buy Made in Canada Footwear you are assured, at fair prices always, of the utmost that modern skill can produce in Comfort, Service and Style.

**'PARTNERS OF NIGHT' IMPERIAL'S BIG FILM**

Splendid Goldwyn Attraction at the Imperial—Babe Ruth Picture Engrosses Baseball Fans.

Imperial Theatre was crowded yesterday afternoon and again in the evening with people who know good pictures when they see them. All seemed greatly pleased. The special feature for the present three days of the week is LeRoy Scott's gripping story of New York police circles entitled "Partners of the Night." It is a Goldwyn production and those who have read the yarn in a leading magazine state that it follows the fiction faithfully in every detail. The choice of characters and the setting and staging of the piece intricate and true to the last detail.

It is the story of a renowned detective who is set out to corral a gang of criminals, the leader of whom is alleged to be a woman—a person who poses as a society belle but whose ulterior motive is thieving and burglary. The man of the law meets the girl but does not know she is the arch-conspirator. A love affair springs up. Slowly and closely the dragnet of the law gathers about the coteries of professional thieves. The great climax is reached when the detective is confronted with his own sweetheart in the arresting scene. How the story terminates is a wonder of surprises and satisfaction.

Not second to this splendid feature in interest—at least to a large portion of each household of patrons—was a novelty reel of baseball pictures showing the heat stars of the game of today at the bat and in the pitchers' box. The methods by which they have made themselves famous are laid bare by the new ultra-speed camera, which reduces the swift action of the experts to that slow analyzed motion seen in scientific pictures. Babe Ruth's famous home run "dope" was thus shown and also that of Frits Speaker and several of the noted pitchers. It was a splendid departure in movies and was greatly enjoyed.

The remainder of the programme consisted of the Burton Holmes travelogue and the Tropic of the Day—always a source of much merriment. The same bill is to be on today. Tomorrow there will be new miscellaneous reels but the same big feature. On Thursday "Pollyanna" with Mary Pickford will be the great attraction.

**BEQUESTS MADE BY JACOB H. SCHIFF**

(Canadian Press Despatch.)

Toronto Forecasts Victory For The Foster Government

Two Enthusiastic Meetings of Women Last Night

Addresses by Candidates and Gifted Lady Speakers—Mrs. Hooper and Mrs. Smith Present Plain and Interesting Facts.

A prominent business man of Toronto who has just arrived in St. John said last night that when he left home...

Enthusiastic Meetings

Two enthusiastic government meetings of women voters were held in this city last evening...

At St. Vincent's Auditorium Mrs. A. C. D. Wilson presided, and the speakers were Mrs. Richard Hooper and the candidates for the city, W. E. Scully, Hon. Dr. W. F. Roberts, R. T. Hayes and Premier Foster.

S. W. MacMackin, the contractor of the North End meeting, presided at the Palace Theatre meeting. The speakers were the same with the addition of Mrs. E. Atherton Smith, who was unable to be present at the auditorium.

Mr. Scully spoke of the excellent work of the government in the creation of a Workmen's Compensation Board. He also commended the government work in connection with public health, hygiene development, and the road policy.

Hon. Dr. Roberts referred to vocational training education which he thought taught them in the schools to their future plans. He also said that women's institutes inaugurated and maintained through the department of agriculture, had served to make the home more practical and the Foster government intended to follow this up.

With reference to public health he said that it was the greatest asset of a country. He should be in a few years' consideration. He dealt with the different phases of the health act with special reference to that part affecting children. He predicted the adoption of mothers' pensions. He took a strong stand with reference to prohibition, and traced his connection with temperance from early youth.

Mrs. Richard Hooper, a member of the board of health, referred to the board of the opposition party that it had tried to give the women the franchise, and said that it was an evolution which was coming and that it was through the Foster government that it was finally delivered.

"There are two men on the opposition ticket in St. John who were opposed to the measure," she said, "and I heard one of them say so myself." She dealt in turn with conservation of the natural resources of the province, increase in stampage rates, hydro-electric development, and other good works of the Foster administration, and urged all women to vote for it.

R. T. Hayes referred to his term of office as mayor during the strenuous days of war and to the assistance he had received from the men and women of the city. Of the work of Hon. Dr. Roberts he said that health and education were even more important than hydro-electric development. "We want to preserve our own Canadian children," he said, "and the only way to do so is to follow their career from infancy." Speaking of education he said that teachers were doing a wonderful work and worthy of a better consideration. He spoke of woman suffrage and said that the women were largely responsible for having obtained the vote for themselves, and appealed to them to support the Foster government.

Premier Foster told the ladies that it was a great privilege to address them, and was glad to note that the women were taking a greater interest in public affairs. He drew attention to the weakness of the opposition position and said that for forty-eight seats the Baxter party had nominated but twenty-five candidates and was devoting its time to criticism of the government rather than advancing a definite policy on its own behalf. He said he wanted to go back to Fredericton backed up by Dr. Roberts, Mr. Scully and Mr. Hayes. He said a tribute to Hon. Mr. Magee, a recent addition to the cabinet, who the standard described editorially as one of the soundest business men in the province and one who would strengthen the government. In referring to the Workmen's Compensation Board established by the government, he took occasion to state the good work of James Squires, the labor representative, and promised that so long as he was premier the labor representative should be represented on the board.

spoke to a large audience of men and women voters. F. E. Donison presided. Hon. Mr. Robinson dealt with highway matters, public health act and other matters of vital importance to the people. Hon. Mr. Copp gave an eloquent address praising the Foster government.

COMMON COUNCIL

At the weekly meeting of the common council yesterday, an application from the New Brunswick Telephone Company for permission to erect poles on Clarence, Courtenay and St. David streets was referred back for further consideration.

Commissioner Thornton raised the point that there were too many poles in the city streets, and the great mass of overhead wires made it difficult for the firemen to carry out their work effectively. Permission was given Mr. Frink to buy 190 barrels of cement at \$4.40 a barrel.

Mayor Schofield reminded the council that the matter of taxation on the home of the Victorian Order of Nurses, Carlton street, had been referred to him, and he suggested that exemption from taxation on the building be granted from 1921 onwards.

Mr. Jones questioned the advisability of giving the annual grant of \$200 and the exemption also. Mayor Schofield informed Mr. Jones that the taxation amounted to \$225, so that the city was getting back from the charitable institution more than it gave.

Mayor Schofield notified the council that he might be out of the city for a few days and in that event Mr. Frink would take over his office until he returned.

CANADIAN FUND TO HELP MILLIONS OF HUNGRY IN CHINA

Toronto, Oct. 5.—Representatives of Presbyterian and Anglican churches met here yesterday to consider action with reference to the famine in China, where millions are facing starvation. It was decided to organize a Canadian China relief committee to consider opening of a national relief fund.

In the Royal Victoria College, Montreal, yesterday afternoon, Sir Arthur Currie gave an address to the students in memory of Founders Day.

FIVE MEMBERS OF BRITISH CABINET ARE TO RESIGN

(Canadian Press Despatch.) Montreal, Oct. 4.—A London cable to the Montreal Star says:—The Weekly Dispatch announces that the resignation of five members of the cabinet is probable.

The newspaper names A. J. Balfour, Lord President of the Council; Edward Shortt, Secretary for Home Affairs; Viscount Milner, Secretary for Colonies; Sir Eric Geddes, Minister of Transport; and Lord Inverforth, Minister of Munitions.

ASQUITH'S SOLUTION OF IRISH PROBLEM

(Canadian Press Despatch.) London, Oct. 4.—In a communication printed in the London Times today, Herbert H. Asquith, former prime minister, declares that he is convinced that the bestowal upon Ireland of the status of an autonomous dominion, in the fullest and widest sense, is the only solution of the Irish problem. To accomplish this, says Mr. Asquith, it is necessary to make the Irish people believe that what is offered comes from an honest and also reliable source.

SOME RESOLUTIONS FROM HOUSE REPORT

(From Synoptic Report, New Brunswick Legislature, 1919.)

Moved by Hon. W. E. Foster, Seconded by Hon. J. P. Byrne:

WHEREAS, under and by virtue of two separate commissions directed to James McQueen, Esq., bearing date respectively the thirtieth day of August and the fifth day of September, 1918, and issued under the provisions of Chapter 12 of the Consolidated Statutes, 1906, cited as "The Investigations and Departmental Inquiries Act," directing the said commissioner to investigate and report upon certain matters therein fully set forth and known as the Patriotic Potato Gift, and

WHEREAS, the said commissioner having held said investigation has reported the evidence taken before him and his findings thereon, and the proceedings of such commission to the provincial secretary-treasurer as required by law and the same having been laid upon the table of the house; and

WHEREAS, the said evidence and findings reflect gravely upon certain members of this Legislature namely, James A. Murray and George B. Jones of the county of Kings; J. B. M. Baxter of the county of St. John and B. F. Smith of the county of Carleton; and

WHEREAS, certain of these findings, being more specific than others, it is deemed advisable to quote the words of the report:

FIRST: With regard to B. F. Smith a member for Carleton, with reference to an enquiry in an account filed with the Auditor General in 1915 as follows: "Paid by A. C. Smith & Company on account of B. F. Smith's shortage on out turn of cars in final racking, \$2,447.60."

And B. F. Smith's evidence before the commission with regard to the same as follows: "I did not pay it back and I do not intend to pay it back."

And his further statement on oath touching his speech in the Legislature when referring to this matter in 1916 that he was "placing the matter before the house in as favorable a light as he could."

And his refusal to answer whether his intention was to intimate to the house that he had ever paid this money.

And his remarks to the counsel for the government with regard to his speech "you notice how carefully it is worded."

And the conclusion of the commission on pages 39 and 40 that in supplying the potatoes a preference was given to certain persons among whom was Hon. B. F. Smith, afterwards minister of public works in the late government, and one of the present members for the county of Carleton. "This privilege never should have been granted, was shamefully abused and is one of the chief causes for the loss sustained."

And the finding of the commissioner on page 48 of his printed report: "That the Hon. B. F. Smith was advanced by the late government \$2,875.70 on the purchase of potatoes which the province never received, and the province also paid \$71.85 as interest on his drafts in connection with this potato transaction which he should have paid. He is, therefore, indebted to the province in these two amounts."

SECOND: With regard to the part played by George B. Jones, a member for the county of Kings, in this transaction, and his admission on oath that he received \$61,500 from W. B. Tennant while he was a member of the legislature and that he carried \$88,900 of this amount to the city of Fredericton and delivered the same to Mr. Daggett, the then secretary for agriculture, and that he distributed the balance of the said \$61,500 as he was directed for political purposes.

And the finding of the commissioner on page 42 as follows: "That certain statements made by the said George B. Jones under oath on the Stevens' inquiry were in direct contradiction to those made by him on this inquiry, and the sworn evidence given by him on the Stevens' inquiry that he had no knowledge of what became of the \$40,000 in cash which Mr. Tennant took out of the bank as part of the proceeds of a cheque for \$100,000 was false and untrue."

And a further statement of the commissioner "that both George B. Jones and the Ex-Attorney General Baxter assisted Tennant in accomplishing this (preventing the auditor of the court from making a discovery of the displacement of the \$61,500 from Tennant's funds) and if Tennant's evidence is to be believed, both knew the purpose he had in view when he obtained from them such assistance."

THIRD: With regard to J. B. M. Baxter and his part in the transaction; his admissions that Tennant told him at the time of the Stevens' inquiry that he put up \$61,500 before referred to and that on the 18th of June before the Stevens' inquiry was opened, Tennant obtained from him \$40,000 in cash which, according to the evidence of Tennant, the Ex-Attorney General knew the intention of, and the conclusion of the commissioner on page 37 as follows: "That he is unable to conclude that a reasonable man, as a business proposition would loan \$40,000 and \$20,000 without any security being taken, without any time limit as to its payment; without any understanding as to the payment of interest and without any demand being made for the return of \$40,000 of this loan or any part of it since the 18th day of June, 1917, to the date the evidence was given; and that the loan being made on the day previous to the sitting of the inquiry at which Tennant's books were to be examined was simply a coincidence."

FOURTH: As to the action of the Ex-Premier and Minister of Agriculture, Hon. J. A. Murray, the commissioner states on page 41 of his report that when it became necessary to file with the auditor-general the province some financial statements of this Patriotic Potato transaction, the evidence of Mr. Daggett as well as exhibits 5, 6, 7, 8 and 23 attached to his report enabled him to report how this was done. He then says: "Mr. Daggett, under the instructions of the Hon. J. A. Murray, undertook to make up an account, showing what ought to have been received from the sale of these surplus potatoes. He did prepare such a statement, and delivered it to the auditor-general as showing the true state of affairs. It is in evidence as No. 8. It is a false and untruthful document intended to deceive the auditor-general and which did deceive him."

A further knowledge of the potato transaction by the Ex-Minister of Agriculture is noted by the commissioner in connection with the account of Messrs. A. C. Smith & Company who handled the potatoes for the government. "This account with receipts and vouchers, the commissioner says, were given by H. Colby Sargent, Mr. Atherton, a chartered accountant at the instance of the Hon. J. A. Murray. "This account apparently was afterwards divided by Mr. Daggett, with the assistance of the minister, into two parts. One portion was made up and filed as the foundation of the application for the check for \$8,831.11 to A. C. Smith & Company, hereinafter referred to, as having been cashed by Mr. Daggett, and only part of the proceeds of which went to A. C. Smith & Company. This is in evidence as Exhibit 8. The other portion was made up and filed by Mr. Daggett with the auditor-general, as a representation that A. C. Smith & Company had abandoned a certain portion of their account. This is in evidence as Exhibit 7. Neither Exhibit 6 nor 7, as made were true or correct notwithstanding that Mr. Daggett says that when he was preparing them he was in consultation with the Hon. Mr. Murray."

"That Exhibit 5, a copy of the account filed with the auditor-general by the department of agriculture as a true statement of the account sales and disbursements of potatoes was made up, has no relation to the true conditions and was so made up and filed for the purpose of misleading and deceiving the auditor-general and the people of the province. That brokers' commissions were charged and paid by the province on sales of potatoes never made as appear by the record."

And on page 42: "That the late minister of agriculture, Hon. J. A. Murray, was constantly consulted by his secretary as to the manner and method in which this potato transaction was being carried on and is largely responsible for the loss incurred in connection therewith either through neglect of duty or incapacity."

And on page 43: "That the late minister of agriculture, Hon. J. A. Murray, borrowed from A. C. Smith & Company, contractors with his department during the time the shipping and handling of these potatoes were being carried on, and this loan is so mixed up with the public business of the province, that I am unable to report whether the \$1,500 returned to Smith was this private loan or money which belonged to the province."

And further on page 48 of the printed report: "The Audit Act was wholly ignored; drafts were accepted without legal authority and payments were made without legal permission. In short the financial business of the province was taken out of the hands of the auditor-general and placed under the control of a few individuals so far as the same relates to the purchase and disposition of this patriotic gift, and to a great financial loss to the province."

And because of certain other conclusions and findings in the report not quoted above. THEREFORE RESOLVED, that in view of the evidence and findings of the said commissioner it is the opinion of this house, that the conduct of the said members, being highly reprehensible and calculated to lower the character of the public life of the province, as well as being derogatory to the dignity of the Legislature, merits and receives the censure of this house.

FURTHER RESOLVED, that in the opinion of this house and in the interest of the public life in this province, the members named above should resign their seats in this Legislature.

Mr. Campbell moved, seconded by Mr. Crockett, the following amendment: Strike out all the words after the second recital and substitute therefor the following: AND WHEREAS, the house has heard the statement of the Hon. James A. Murray, in respect of the findings in said report, that the purchase and disposal of the potatoes was attended with neglect of duty or incapacity on the part of the minister of the department of agriculture.

AND WHEREAS, the house has also heard the statements of Mr. George B. Jones and Mr. J. B. M. Baxter as to their connection with the matters contained in said report.

AND WHEREAS, the house is assured that there was no intentional wrongdoing on the part of the minister of said department, or the said Mr. George B. Jones or the said Mr. J. B. M. Baxter, and that no monetary benefit accrued to any of them therefrom.

AND WHEREAS, it appears that improper returns in regard to said transaction were furnished by said department to the auditor-general.

THEREFORE RESOLVED, that this house records its sense of regret that greater care was not exercised in the purchase of the potatoes and deprecates the effort made to suppress the facts and circumstances surrounding the matter instead of the making of a full and candid statement in relation thereto.

Upon the vote being taken on the amendment, the house divided as follows: Yeas—Young, Tilley, Campbell, Potts, Peck, Smith (Albert); Crockett, Pinder, Sutton, Grimmer, Smith (Charlotte); Carson, Dickson, Hunter.—14. Nays—Hon. Mr. Foster, Hon. Mr. Smith, Hon. Mr. Byrne, Hon. Mr. Veniot, Hon. Mr. Murray, Hon. Mr. Tweeddale, Hon. Mr. Robinson, Hon. Mr. Dugal and Messrs. Magee, Burchill, McGrath, Al-lain, Dymart, Le Blanc, Michaud, Leger (West), King, Mesereau, Melanson, Bordage, Robichaud, Leger (Gloucester).—22.

The original resolution was carried by the same vote reversed. Messrs. Baxter, Smith (Carleton), Murray and Jones are again candidates. So are Messrs. Young, Tilley, Campbell, Potts, Peck, Smith (Albert), Pinder, Carson, Dickson and Hunter under Mr. Baxter as leader.

**TRADE IMPROVEMENTS FOR FALL GOODS**

More activity at Ontario Centres - Alberta Ontario Promising  
Winnipeg, Oct. 5. (Canadian Press) - Reports from ten of the principal trade centres of Canada indicate trade looking up and an increased demand for seasonal goods, says the weekly report of Canadian Credit Men's Trust Association.  
Toronto and Ontario advisors report a little more business stirring in general dry goods and in ladies' wear of different kinds. Wholesale hardware trade and kindred lines are fairly good but clothing and boots and shoes are very quiet up to date. Retail trade is only fair.  
Montreal, Quebec and district in proximity report increased demand for reasonable goods. Ladies' wear is busier, wholesale boots and shoes however report improvement, and grocery houses have fair business with very few changes in prices. Collections are fair.

**MILLBANK**  
The Best 15¢ Cigarette

Retail trade is about the average, but many sales are on, which gives a better showing on the surface than in reality. St. John, Halifax and Maritime Provinces report increase in business activity. Retail trade, while active, is not more than last year in volume, although prices are very good. Collections are slow and credits being closely watched. Winnipeg, Manitoba and districts find immediately delivery orders coming in, but retailers hesitating in looking ahead. Retail trade is fairly well up to the average, excepting in ready-made clothing and boots and shoes, both of which trades require hard pushing. Calgary advises say "wonderful harvest and splendid crops" while outlook very promising. Staple food lines active with conservative buying. Collections are fair, and taken altogether there should be a good winter's business.

**HARDWARE**

(Hardware and Metal) Oct. 2. The hardware markets show fewer price changes this week than have been usual of late. In advance the chief feature is probably the new price for poultry netting. There seems to be some indication of which shows a considerable increase in price for next season's looking. With the recent advances on wire and wire products this is hardly a surprise. Other advanced prices are quoted on

bar iron and steel, roofing nails and wrapping papers. Gas engine, cylinder and other lubricating oils have been increased in price. Polishing oils and mops have a higher price. Some lower prices are quoted this week on window glass due partly, it is said, to a weaker tone in the Belgian markets and the arrival of some imports from that country. Hardware and Metal understands, however, that it is very unlikely that supplies of window glass will be available in any large quantity from that source for some time to come. Stocks of wire nails which have been very low for some time are said to be somewhat improved, but the scarcity of large headed roofing nails is still very acute. Very little improvement is noted in supplies of black and galvanized sheets and plates, or of pipe and pipe fittings. Bar iron and steel are also extremely low in stock. Hardware and Metal understands that stocks of some of these are in better shape in some of the mills, but transportation remains the chief difficulty, and no material change in this direction is expected for some time yet. There seems to be some indication of a decline in hardware prices as the primary markets in iron and steel show signs of improvement. Business in country districts is said to be very good and the fall fairs are now

**CATARRHAL DEAFNESS MAY BE OVERCOME**

If you have Catarrhal Deafness or are even just a little hard of hearing or have head noises go to you druggist and get 1 ounce of Farmint (double strength), and add to it 1/2 pint of hot water and a little granulated sugar. Take 1 tablespoonful four times a day. This will often bring quick relief from the distressing head noises. Clogged nostrils should open, breathing become easy and the mucus stop dropping into the throat. It is easy to prepare, costs little and is pleasant to take. Anyone losing hearing or who has Catarrhal Deafness or head noises should give this prescription a trial.

**WHEAT FROM CHINA.**

Chinese wheat for the first time now is reaching the European markets in competition with wheat from Canada and the United States. According to The Amsterdam "Edgmont," the Dutch government, as well as private buyers, is negotiating for the purchase of the Chinese grain, the quality of which is good, but not equal to the best Canadian grades.

**A Gift**  
A 10-Day Tube of Pepsodent is sent to all who ask. See coupon.

**Tobacco Teeth**  
See the change in ten days.  
All statements approved by authorities

Smokers' teeth discolor more than others, usually. But the stains lie in a film, and removing that film removes them. There is now a way to combat this film. Millions of people employ it. Leading dentists everywhere advise it. See how teeth whiten when you use it a few days.

**Film ruins teeth**  
That film on teeth which makes them dingy causes most tooth troubles. It is viscous - you can feel it. It clings to teeth, enters crevices and stays. The old ways of brushing did not end it, so millions found that well-brushed teeth discolored and decayed. It is the film-coat that discolors, not the teeth. Film is the basis of tartar. It holds food substance which ferments and forms acid. It holds the acid in contact with the teeth to cause decay. Millions of germs breed in it. They, with tartar, are the chief cause of pyorrhea. Very few people have escaped these troubles caused by film.

Feels Lost Without It

"We had never used Zam-Buk before but we lost without it now," writes a grateful Ontario mother, Mrs. T. G. Miller, of Winona.

"While at play," she says, "my little two-year-old ladderman up against a cross-cut saw and gashed his forehead badly. As we happened to have a box of Zam-Buk in the house I got it down and applied a dressing to the injury. It speedily soothed away the pain."

"After treating the wound with Zam-Buk twice daily for three days, it healed so well that I was able to leave of the bandages. There's not even a scar now, thanks to Zam-Buk."

"I'm entirely free from dizziness, and never sleep better in my life than I do now. I've already gained ten pounds in weight, and have so much strength and energy that I just feel like doing two men's work."

"I'll tell you, I was in a mighty bad fix before I got Tania, for I was in such a rundown condition I was almost helpless. My stomach went back on me and my appetite became so awfully poor I could scarcely eat a thing. I would eat all up with gas, and had terrible cramps in my stomach that lasted for hours at a time, and hurt me so bad that they nearly drew me double. I had awful spells of dizziness, and

probably because the food you eat isn't giving you enough phosphate, and that is all that is the matter with you. In referring to the above drawback in the make-up of any man or woman, Dr. Joseph D. Harrigan, a brilliant medical specialist formerly visiting specialist North Eastern Dispensary, New York City, says:

"Nearly every druggist dispenses Bitro-Phosphate in the original package and as the cost is little, even since organic phosphate has advanced in price, thousands are availing themselves of the opportunity to increase nerve force, put on weight and grow sturdy and healthy."

COURT ACTION OVER A CHILD

Proceedings Against Man and His Wife—Little One Now in Children's Aid Home.

As a result of visits made to Queenstown last month by S. M. Wetmore of the S. P. C. and Rev. George Scott, agent of the Children's Aid Society, Went-dell Green, a lad of about five years, was brought to the city and placed in the Children's Home, 68 Garden street.

Less than a week after having been placed in the home, the poor boy became languid and finally, in spite of the most careful nursing and medical attention, he was taken down with a high fever.

On Sept. 18 Mr. Wetmore and Rev. Mr. Scott went to Queenstown. The house where the boy lived was about a mile from the railroad station.

On the Saturday following Rev. Mr. Scott returned to Queenstown and brought the boy to St. John. As soon as he was out of the house on the road to the station the boy became quite chatty. It seemed as if a load was lifted off him and he laughed often.

Let Us Face The Facts

THE great majority of families in Canada cannot have the doctor for every ailment or simple injury on account of the expense, or cannot receive his early help because of the distance, even when their means permit.

For nearly three quarters of a century PERRY DAVIS "PAINKILLER" has been a leading household medicine for just these purposes. It is used in nearly every country on the globe by over twenty languages, requiring the printing of directions in every race, requiring the printing of this world wide text of long experience warrants our recommendation that you always have with you when travelling, or on hand when at home, a bottle of "Painkiller" ready for use in emergencies and especially for the purposes noted below.

For acute painful stomach and bowel attacks (summer complaints) take a teaspoonful dose of Perry Davis "Painkiller" in a glass of warm water slightly sweetened, following the other full directions on the wrapper accompanying each bottle.

For sprains, bruises, insect bites and stings, apply the "Painkiller" freely by hand or with a bandage. For Chills resulting from exposure to cold or damp, take a teaspoonful dose of "Painkiller" in a glass of warm water or milk, slightly sweetened, just before retiring.

Worry and Wrinkles. Dependancy is a thing of evil results. Worry produces nothing but wrinkles and wrinkles and wrinkles. Let the reader put a note on her bureau, on her desk, and at the head of her bed, just two words, "Don't Worry"

truly the cause of worry than outside troubles. The nerves are to a woman's body the telegraph system which surely warns her of any trouble in the ideal woman's tonic for such conditions. When a woman complains of backache, dizziness or pain—when everything looks black before her eyes—a dragging feeling, or is troubled with nervousness, she should turn to this "temperance" herbal tonic, known as Dr. Pierce's Favorite Prescription. It can be obtained almost every drug store in the land and the ingredients are printed in plain English on the wrapper.

Worry is the greatest foe to the happiness of any household. An anxious, dependant face, a fretful, complaining voice, will make every one uncomfortable.

Three persons, one of whom was a colored person, charged with drunkenness, pleaded guilty and were fined \$8 each for two months in jail.

NEW INSTRUCTOR AT Y. M. C. I. NAMED. Ernest Stirling is appointed to promote Physical Interests of Young Men.

Ernest Stirling, one of the best marathon runners in eastern Canada, and who still takes a keen interest in all lines of sport, has been appointed physical instructor of the Y. M. C. I., succeeding Joe McNamara of Boston. His appointment was confirmed at a meeting of the board of directors held last evening.

Mr. Stirling is a popular young man and has a host of friends who will wish him success in his new undertaking. He will take over his new duties on next Monday. He has been with Manchester, Robertson & Allison, Ltd., for some time.

Mr. Stirling is one of the best known athletes in the maritime provinces, and has participated in marathons in Moncton, Chatham, Charlottetown, Amherst, Pictou, Windsor, Yarmouth and other places. His first race was in 1908, when he entered a marathon race from Brookville to Scribner's corner. In this, his initial event, he finished third, A. W. Atkinson of Mount Allison University winning the event, and Jerry Stubbs of St. John taking second honors.

What is conceded to be his greatest endurance feat was performed in Halifax in 1908 when he competed against Hans Holmer, who later developed into one of the greatest marathon runners of the world. On that occasion he forced Holmer right to the tape and a new record was hung up in 2 minutes and 28 seconds. The time for the same was true in the third mile event when he drove Holmer to hang up another new record of 15 minutes and 30 seconds, which still holds. That same afternoon he completed the Ross of Halifax in half-mile race which was won by the latter in the remarkable time of 1 minute and 46 seconds.

Mr. Stirling also met Freddie Cameron, who won the Boston Marathon, and was conceded to be a great marathoner. On June 7, 1907 he met Cameron in Amherst in a five mile race, and in addition defeated him by establishing a new maritime record for the distance—25 minutes and 39 seconds.

For years Mr. Stirling held the middle-distance championship of the maritime provinces, namely from one to ten miles, and several times participated in the Halifax Herald race.

In 1908 he went to Winnipeg and competed in the Canadian championships. The mile was won by the title holder, Jack Tait, who broke the tape in 4 minutes and 29 seconds, with Chuck Speer right at his shoulder, Harold Knox just behind and Stirling almost abreast of him. It was a "hot" race, and was conceded to be a great race.

This year Ernie tried a "come back," and despite the fact that he had been out of the game for some years finished second in the Olympic try-outs held at Charlottetown.

He has not only been a great marathon runner, but has figured in basketball, hockey, football, skating, swimming and snowshoeing. He has always manifested a keen interest in sport of all kinds and his appointment is expected to give the physical classes and general athletic activities at the Y. M. C. I. a notable boost.

HOW TO VOTE

In voting on Saturday score out the names of those for whom you do not wish to vote. Do it with black ink or a black lead pencil.

On the city ballot there will be four names to score out, and on the county ballot two names.

Thus, if you are voting the government ticket in the city you will score out all but these names: W. E. Foster, W. F. Roberts, W. E. Scully, R. T. Hayes.

Voters for the government ticket in the county will score out all but the names of: A. F. Bentley, M. L. Curren.

It would be perfectly legal to write a ballot containing the names of the candidates for whom you wished to vote, but it must be on white paper and written in black ink or black lead pencil. No other color will do.

Only one ballot must be cast. In a former election some persons scored out two names on one ballot and two on another, and put in the two ballots. They had to be thrown out.

The simple way is to take a ballot on which are the names you do not wish to vote, and score out those for which you do not wish to vote.

How Mrs. E. Atherton Smith Turned the Tables at St. Andrews.

An interesting story comes from St. Andrews concerning the nomination day proceedings. The opposition was out in force to heckle the government candidates and make it appear that public sentiment was overwhelmingly against the government.

Under ordinary rules the former members should have spoken first, to give an account of their stewardship, but this was reversed to give Dr. Taylor the last word.

It was a woman who got the last word. After the doctor had charged the government with not getting enough stumpage, and had denounced the health act and all the acts of the government, amid the uproarious applause of his followers, Mrs. E. Atherton Smith rose and mildly asked the chairman if she, as a voter for the first time, might ask Dr. Taylor a question.

The request was granted and Mrs. Smith with engaging mildness asked Dr. Taylor what stumpage his government had charged. She finally got him to admit it was \$1.50, as compared with \$5 per year for \$244,000, and this year under the Foster government it will be \$1,500,000 or more.

Dr. Taylor pursuing her quest for information Mrs. Smith blandly inquired if it were not true that the government of what kind of a public health organization was a member did not try to make \$1.50 the rate of stumpage for ten years.

By this time the doctor was in need of a tonic, but Mrs. Smith went on to tell what kind of a public health organization which Leader Baxter of the opposition, when only seven deaths were registered in a year. Truly, she said, the former government of Charlotte must have been healthy.

She went on to tell of the efforts of Hon. Dr. Roberts to locate the chairman and secretary of a health board in Charlotte county as published in a government bluebook only to find that the chairman had died five years and the secretary in the United States for an even longer period.

Under ordinary rules the former members should have spoken first, to give an account of their stewardship, but this was reversed to give Dr. Taylor the last word.

FINE MEETING AT LOCH LOMOND

Mr. Bentley, Doctor Curren and Other Speakers Address Enthusiastic Gathering.

A large and enthusiastic meeting in the interests of the government candidates for St. John county was held last night in the Agricultural Hall, Loch Lomond. Beside the candidates the speakers were William M. Ryan and Leonard A. Conlon. Able addresses were delivered by all the speakers. Mr. Ryan made an able appeal for good citizenship and clean halloting.

Dr. L. M. Curren called up in imagination the representatives of the Foster government on one hand and the representatives of the opposition on the other hand, and questioned each as to what he had done in the past, what he proposed to do in future, and the ground upon which he appealed to the electors for support. He made his audience the jury to decide upon the merits of the answers. This forefetal method was followed by the audience with keenest interest. He exposed the fine rock purchase at Brookville and the quality of the product, and attempted to compare the price per acre of a farm of 116 acres with the purchase of 13 acres of solid farmland close to the railway. He had visited the plant on Monday morning and was able to place before his audience the fullest vindication of Hon. Mr. Tweeddale's plan to furnish cheap lime to the agriculturist. He emphasized how hard up were the opposition for arguments to bolster up a weak cause.

A. F. Bentley followed and received a very fine reception. Although the audience were seated for more than three hours the interest was maintained at the highest pitch.

L. A. Conlon addressed the meeting, and in a few well chosen words gave his reasons for supporting the Foster administration. The meeting closed with the National Anthem and three rousing cheers for Premier Foster and the candidates appealing for support in his interests.
