## See Signs of Shortening Of The German Front On Another Part of Line

### British and French Both Make Advance; American Gunners Destroy Whole Ger- man Battalion; Quieter on Rheims- Soissons Front

Paris, Aug. 7.—Indications are that the German high command is about ready with another shortening of the western front on a different sector than that between Soissons and Rheims, according to a Zurich despatch to the Matin, quoting a Berlin despatch to the Badische Presse of Karlsruhe.

This operation, it is added, has in view not only the occupation of more favorable positions, but more particularly the release of a considerable number of divisions.

#### BRITISH ADVANCE LINE

London, Aug. 7.—The British line astride the Clarence River, on the Flanders front, has been advanced a short distance, says today's war office announcement. A few prisoners were taken during the course of the operations.

#### FURTHER FRENCH GAINS

Paris, Aug. 7.—Along the Vesle the French continue to repulse German attacks, especially between Braine and Soissons. The war office announces that 100 prisoners have been captured east of Braine. The Germans today made a local attack against the French position south of Auberive in Champagne. They were repulsed. French troops last night made further gains in the Montdidier region, south of Francourt and southeast of Mesnil-St. Georges (west of Montdidier).

In the course of the fighting near the Vesle the French occupied the station of Ciry-Salsogne, just to the west of the bend in the Vesle where it turns northward to join the Aisne.

#### WIPE OUT HUN BATTALION

With the American Army on the Aisne-Marne front, Aug. 6.—(By the Associated Press)—American machine gunners, protecting a location on the Vesle, west of Fismes, wiped out an entire battalion of German infantry men and machine gunners today. The Germans were getting into position to attack a group of American bridge builders who were approaching the location.

#### WANT ACTION AS TO ALIENS

Toronto Citizens Make Demands  
Following on Recent Disturbances

Toronto, Aug. 7.—Five thousand people gathered in Queen's Park last night in response to an invitation of a citizens' committee to consider the recent disturbances. Several resolutions setting forth a policy the government was asked to follow in dealing with aliens were passed and a committee of citizens, returned soldiers and women was appointed to present resolutions to Mayor Church. The resolutions were:—

"That license hitherto granted to all aliens be withdrawn or otherwise be cancelled for not less than two years after the war.

#### DIAMOND SHOALS LIGHTSHIP GONE

#### U-Boat Shells it and Approaches to Within Half Mile of Shore

Washington, Aug. 7.—The Diamond Shoals lightship off Cape Hatteras, N. C., was shelled and sunk by an enemy submarine late yesterday. The crew reached shore safely.

## GLOOM IN GERMANY DEEPENS

### Newspapers See no Hope—"Black and Dark is the Hour," Says One and Fifth Year Promises Nothing

London, Aug. 7.—The despondent tone of the latest German press comments is emphasized daily in special despatches from Holland. A despatch to the Daily Mail from The Hague today includes an editorial by the Dusseldorf Nachrichten which says that nobody looking into the future can see an end to the war.

"For though it is true that the end might come quickly," it adds, "it could only be an end of terror as in Russia." The Vorwarts, of Berlin, says that events of recent days at last have shattered the illusions created by inspired optimism, that Germany is invincible. It says: "The German people at last realize the colossal gravity of the situation. Let us have courage to admit that so long as the war is not ended it is not won and can be lost."

#### WIND 120 MILES AN HOUR; MEN KILLED; BIG PROPERTY LOSS

Lafayette, La., Aug. 7.—A telephone message received early today from Lake Charles, La., said that the loss in that city from a hurricane last night will exceed \$1,000,000. For fifteen minutes the wind blew 120 miles an hour.

## A WONDERFUL DAY WITH THE CANADIANS

### Our Boys' Celebration of Canada's Birthday "Over There"

ARTICLE No. 4—DOMINION DAY IN FRANCE  
(By Lacey Amy, special correspondent of The Evening Times, with Canadian Forces in France.)  
With Canadian Forces, France, July 2.—Take Dominion Day at Halifax, the grand stand performance at the Toronto Exhibition, a bronch-busting contest in Medicine Hat, a Northern League baseball game in Winnipeg in the days of leisure and money, a hockey match in Montreal, with the Canadians one down but coming strong, and all the circus ever produced between Sydney and Victoria. Squeeze them into a field of ten acres and a space of ten hours. Sprinkle with the pep of 35,000 Canadian fighting men out of the line. Flavor with Royalty and imposing gold braid. Liven with a scattering of nurses who know and love the boys. Add—but paper is short. That inadequate list of ingredients will give some slight conception of the recipe for the Dominion Day sports in the Canadian Corps, impossible of attainment elsewhere in the world, understandable only by Canada.

#### OUR AIRMEN MAKE GERMANS ALONG RHINE SHAKY

Washington, Aug. 7.—Documents captured by British airmen betray the state of excitement which prevails along Germany's Rhineland because of the persistent bombing by the British aviators. They also show that in one case where the Germans reported having successfully shot down a British bomber, the Allied lines they did not come within fifteen miles of the targets they sought.

Washington, Aug. 7.—High temperature records that have marked the limits of heat waves during all the period of official observations in the northwestern quarter of the United States, were broken yesterday. Washington and Baltimore, by weather bureau thermometers, experienced a temperature of 106 degrees, a point not even approached by the mercury since 1881, and not reached there. In Detroit, Mich.; Harrisburg, Pa., and Toledo, Ohio, with temperatures 104, new records were established as also at Scranton, Pa., and Cleveland, which each officially registered 100.

### Rumors of Another Revolt Among Germans

#### SUBMARINES DESTROYED

#### One Report Says More Than 50 Have Disappeared—Kaiser Said to Have Postponed Visit To Fleet Because of Trouble

London, Aug. 7.—Rumors of a revolt by German sailors at Wilhelmshaven in protest against continuation of the submarine war are in circulation, according to a despatch to the Express from Amsterdam. It is reported that propagandists incited sailors about to leave on submarine cruises to attack their own officers and surrender their ships or seek an opportunity to sink them and get themselves interned in neutral harbors. More than fifty submarines are said to have disappeared.

## HUN FLEET TO MAKE AN ATTEMPT?

### Paris Experts Say This is Possible in Conjunction With a Drive Against British Front

Paris, Aug. 7.—Usually well informed observers here insist that Field Marshal Von Hindenburg and General Ludendorff in order to maintain their prestige and stimulate the depressed morale at home, intend to strike a blow against the British front in conjunction with the German fleet. An order issued by the new chief of the German admiralty staff, Admiral Scheer, is said to express the wish of the fleet to attack the British naval forces.

Meanwhile the lull on the Rheims-Soissons front continues. The Germans, it is believed here, are putting their heavy artillery in place and digging themselves in with the intention of defending the positions between the Vesle and the Aisne as long as possible. The Allies have only light forces north of the Vesle and are obliged to await their heavy guns before pressing the offensive if the Allied commanders judge it opportune to push home an attack on that sector.

Marcel Hutin, in the Echo de Paris, says there is no hurry and declares the Allies have proof that the Germans are suffering seriously from the lack of effectives. Some observers believe that the Germans are regrouping their divisions in preparation for a broad offensive rather than an early offensive.

## ALL NIGHT ON SCOW NEAR THE BRINK OF FALLS

### Craft Caught on Niagara Cataract

#### Efforts to Rescue Two Men Had Failed at Midnight—Search- lights Kept Going All Night to Encourage Them

Niagara Falls, N. Y., Aug. 7.—Two workmen were stranded last night on a scow 1,000 feet above the Horseshoe Falls, and in momentary danger of being swept over the brink. The scow was swept down the river late in the afternoon when it broke away from a tug. Within 10,000 feet of the brink and about the same distance off the Canadian shore, the barge swung broadside to the stream and lifted up on a shelving ledge of rock, where it swayed momentarily and then held fast.

The fire departments from both sides of the river were called out and the life saving crew was brought from Youngstown.

Just after dark a line was shot across the wreck and later, with the aid of searchlights, an effort was being made to sever the breeches buoy out to the wreck. The first attempt to send a breeches buoy ended in failure, a little before midnight and it was said a further effort to rescue the men would be abandoned until daylight. Searchlights were kept playing on the wreck all night to encourage the men.

#### THE CASUALTY LISTS

Ottawa, Aug. 7.—Today's list of thirty-four casualties includes eight killed in action; two died of wounds; one died thirteen wounded, six gassed and four ill.

#### Killed in Action— H. V. Davis, Stewincke, N. S. F. J. MacDonald, Truro, N. S.

#### Gassed— W. L. Ashe, Yarmouth, N. S. Washington, Aug. 7.—The United States army casualty list issued early today by the war department contained 579 names.

GOOD THINGS COMING TO THEATRES OF ST. JOHN

"EVERYWOMAN"

SEATS GO ON SALE TOMORROW

Seats will be selling tomorrow for the production of that most remarkable production "Everywoman" which will be at the Imperial Friday and Saturday next week.

Perhaps the greatest scene in this production is the wonderfully realistic reproduction of Broadway at the approach of midnight upon New Year's Eve. Upwards of 100 persons appear en masse. This scene is the best achievement in modern stage craft, and perhaps, never before have expenditures in this behalf been so lavish. "Everywoman" is introduced to delight the eye, the senses and the soul.

Everywoman, portrayed by Paula Shay, seeks love as the greatest treasure life possesses. She leaves her home in her youth and blossoming beauty and goes out into the by-ways of the world as many another woman has done. She seeks love through passion, through wealth, through society, but finds in each case a shoddy pretense, an alloy which mocks her first purpose, and when her soul is bruised upon the rocks of solid ugly facts, she is led by truth, ugly old truth, whom in her youth she despised, to find love at last waiting for her at her hearthstone.

CIVILIZATION IS DELAYED

At the last moment Civilization has disappointed us. It did not arrive today. Instead tonight's programme will be "The Power of Evil" five reels, and a two-reel comedy. Same little prices, five and ten cents. Further word about Civilization tomorrow.

Courage of The Finest Type Below Decks

Would the Zebrage victory have been what it was had her stockhold not been filled with heroes? An old ship, with old boilers, but needing, above all things else, speed, especially on the home run, she was at the mercy of her stockholders and engineers. A bump told them the vindictive had gained the Mole. Not much else was known about the fortunes of the day until home was reached. It is said that when the Engineer Commander entered the boiler room (after the party) and asked the Artificer Engineer what he had to say about his men the reply was what every one of them must have rejoiced to hear: "I am not going to say anything for or against them; but if I was going to H— tomorrow night I would have the same men with me."

ALLIES ADVANCE  
FROM ARCHANGEL

Trotsky Enraged, Threatens  
Death To Many

White Guards Rally to Aid of  
Allied Units Pursuing Bolshevik  
Forces—Appeal to British Labor  
by Russian Social Revolutionists

London, Aug. 7.—Announcement of the landing of Allied troops at Archangel and of further successes for the government wireless message received here. Describing the situation in the north and east, it says:

"At Archangel British and French have landed. They are advancing along the railway. Our staff is at Oleska, 100 miles south of Archangel.

"On the Czech-Slovak front, after the fall of Samara and Ufa, the Czechs have captured Novo Nikolavsk, Ekaterinburg and Simbirsk. On the Don we have retreated to Rovenka. We are sending reinforcements toward Kazan and Simbirsk. Today the Czech-Slovak forces have shelled Kazan."

Trotsky Enraged.  
—Amsterdam, Aug. 7.—Leon Trotsky, Bolshevik war minister, says a Moscow dispatch by way of Berlin, has issued a proclamation denouncing as traitors punishable with death all representatives of the Soviet power who are not ready to fight before having done everything possible for defence. He alludes to the Allied occupation of Archangel and the flight of the local Soviet. Trotsky orders immediate arrest of those members of the Archangel Soviet who can be regarded as deserters and will put them on trial before a revolutionary tribunal.

Kandalaska, Monday, Aug. 5.—(By the Associated Press)—Volunteer detachments of White Guards are giving aid to the Allied units pursuing the Bolshevik forces retreating southward from Archangel.

The new Archangel government has arrested most of the Bolshevik leaders who had not fled. Trotsky orders immediate arrest of those members of the Archangel Soviet who can be regarded as deserters and will put them on trial before a revolutionary tribunal.

Paris, Aug. 7.—(Havas Agency)—M. I. Terestchenko, minister of foreign affairs, in the cabinet of Premier Kerensky, has been assassinated at Pola, according to announcement made by the Hamburg Fremdenblatt.

Appeal to British Labor.  
London, Aug. 6.—The Russian Social revolutionary party, which is opposing the Bolshevik government, has sent a direct appeal to the British Labor party, urging efforts to convene an international Socialist conference. The appeal declares that the Russian revolutionary party is ready to work in union with the European Socialists to re-establish the national power of Russia and to abrogate the "shameful Brest-Litovsk treaty."

London, Aug. 6.—The most sanguinary fighting in the civil turmoil in Russia was for the possession of the town of Jerslav in favor of the Bolsheviks, according to quotations from Moscow newspapers.

Colonel Pidgeon Resigns.  
Ottawa, Aug. 6.—Lieutenant-Colonel D. F. Pidgeon, president of the Ottawa branch of the Great War Veterans' Association tonight resigned from that position, refusing at a largely attended meeting of members of the branch to remain in office.

"I must put the cause of my country before that of the Great War Veterans' Association," stated Colonel Pidgeon who is head of the military department. "My own convictions are that a man in uniform should not hold office in the G. W. V. A. or any other organization."  
"After the scene at the Toronto convention, I believe the adjutant-general's department should prohibit any man in uniform criticizing his superiors. It is the greatest breach of military discipline."

Killed By Motor Truck.  
Quebec, Aug. 6.—George Tremblay, 77 Boulevard Langelier, was killed this evening at Levis, being crushed by a heavy motor truck. The brakes of the truck failed to operate on Cote Du Passage and the occupants of the truck jumped. The owner of the motor, Jules Miller, a contractor, was seriously injured and the others were badly shaken up. Tremblay, who was instantly killed, leaves a wife and one child.

"I Need  
Hardly  
Say

how thankful I was to get out alive, and fully made up my mind that I would write and tell you how useful Dr. Chase's Ointment was," writes a survivor of the Gallipoli Peninsula campaign. "We found that it afforded instant relief from poison from shrubs and bushes, and got to using it for all manner of minor wounds and grazes."

MISS HAMILTON SPEAKS  
ON BURNS AT CHAUTAUQUA

Miss Meddie O. Hamilton, the superintendent of Chautauqua in her very interesting lecture on "Burns," yesterday spoke of Burns' universality. She vindicated the character of Burns in the light of the age in which he lived and said that she loved for Jean Armour and Highland Mary was not to be put down as insincere. She went on to show that Burns was one of the leaders of the modern ideals of world democracy and with numerous quotations from his works bore out the truth of her statements. Her address was very well received.

Miss Hamilton had evidently chosen a subject which was a particularly interesting one to her, and they listened to her address with evident pleasure.

With Fingers!  
Corns Lift Off

Doesn't hurt a bit to lift any corn or callus right off. Try it!

For a few cents you can get a small bottle of the magic drug freeze recently discovered by a Cincinnati man.

Just ask at any drug store for a small bottle of freeze. Apply a few drops upon a tender, itching corn or callus and instantly all soreness disappears and shortly you will find the corn or callus loose that you lift it off with the fingers.

Just think! Not one bit of pain before applying freeze or afterwards. It doesn't even irritate the surrounding skin.

Hard corns, soft corns or corns between the toes, also hardened calluses on bottom of feet, shrivel up and fall off without hurting a particle. It is almost magical.

Ladies! Keep a tiny bottle on the dresser and never let a corn or callus ache twice.

RECENT WEDDINGS  
Budovich-Acker.  
Miss Freda Acker, daughter of Mr. and Mrs. Henry Acker of St. Stephen, and Bernard Budovich of Fredericton were united in marriage on Monday evening in St. Stephen by Rev. Joseph Levine, assisted by Rev. B. L. Amund, both of this city. Three hundred guests from St. John, Fredericton and other parts of the province were in attendance.

OPENING FRENCH HOMES  
TO ALLIED SOLDIERS  
Paris, Aug. 6.—(Havas Agency)—French homes may be opened to soldiers from the Dominions and United States and the French colonies under plans which are now being studied. Civilian and military authorities have the matter in hand, and it is believed that "Franco-Allied Clubs" will be formed so that people unable to open their own homes may meet the Allied soldiers on a social footing.

CITY COUNCIL DOINGS  
To put through the license reduction will require some tall hustling. Meaningful lots of corn will be trumped on the cure is "Putnam's," the old reliable corn extractor that has been curing corns and warts for years. "Putnam's" never fails, 25c. at all dealers.

RED LIGHT WOMEN LEAVE  
(Bangor Commercial).  
Following the announcement by Chief of Police Gilman that disorderly women would get jail sentences if brought into court, twenty of them left town on Sunday for distant places. The government is directly interested in protecting the health of its present and future soldiers by eradicating as far as possible the social evil and this is move in that direction. Those who remain in Bangor will be prosecuted by the authorities, who have been urged to take drastic steps to purge the community of undesirable women.

FOCH A MARSHAL  
Paris, Aug. 6.—(Havas Agency)—The council of ministers has elevated General Ferdinand Foch, commander-in-chief of the Allied forces on the western front to a marshal of France.

Give British Credit for Victory.  
Paris, Aug. 6.—(General P. despatch from Reuters' Limited)—General Mangin, in an inspiring order of the day, warmly eulogizes the work of the English and Scottish troops in the Marne battle and especially the storming of the Ourcq-Aisne watershed.

He says the British arrived when the battle was fiercest, but in conjunction with the French, fought a superior number of the enemy's best divisions, foot by foot, notwithstanding the counter-attacks. General Mangin declares the British were responsible in large measure for the victory gained.

Mrs. Robert Boyer of this city has received a letter from Capt. C. J. Stewart of a New Brunswick battalion extending to her deepest sympathy in the death of her son, Pte. Harold J. Boyer, who was killed in action. He said that during a heavy bombardment on July 22 he was struck by a shell fragment and instantly killed. He paid a glowing tribute to the soldiers' excellent qualities.

Mr. and Mrs. Henry Hoyt of Millville, N. B., announce the engagement of their daughter, Myrtle M. Hoyt, to Edward F. Burton of Pokok. The wedding will take place Wednesday, August 14.

At a session in Campbellton yesterday afternoon, evidence in the matter of charges against Hon. William Currie was concluded.

When the court resumed in the afternoon, Charles McPhoe, of Belledune, took the stand and was examined by Mr. Copp. He said he was a lumber scaler working for J. & A. Culligan. He scaled the lumber in the district covered by Joseph Hachey, government scaler. He did not have anything to do with the lumber March scaler. He kept no records of his work. He could not say if the government scaler Murchie ever went to the woods as he did not know him. He thought in 1916-17 he scaled about three millions feet cut by Culligans, but there might have been some cut after that time.

Witness neither could he tell how much the Belledune mill at which he worked cut per day, but finally decided it was 25,000 feet per day. He worked for three months. He was shipped at the mill but could not say how much lumber was shipped somewhere between 900 and three millions.

Witness knew Hachey, the government scaler, but never had compared his work with him and could not say if they were compared.

To Mr. Copp again witness said he did not know who the government scaler on the Benjamin River district was.

Company's Statement.  
Charles Purves was recalled by Mr. LeBlanc and gave evidence that he had prepared a statement of the total amount of lumber shipped by the Continental Company in the spring of 1917 from logs cut on crown lands.

In a dispute between counsel Mr. LeBlanc said that Colonel Loggie had said that what the department wanted to charge was the amount of the lumber shipped by the company in 1916-17.

Witness gave figures as follows for the Continental Company cut in 1916-17: total cut, 5,610,491 feet, side boards 819,738 feet; the boards deducted leaving 5,290,753 feet; the boards deducted leaving 5,290,753 feet; the boards deducted leaving 5,290,753 feet.

Mr. Baxter witness said that the total number of pieces shown were taken from his record book without deduction or discount. The witness said he supposed they were held up along the banks.

Mr. Baxter then said that their contents, although not shown, he believed were agreed that eight and nine-inch logs would saw their scaled contents and also yield the same amount of lumber.

The company settled with the jobbers according to his estimate as they had done in other years. The jobbers got \$6 to \$8 per thousand.

In answer to Mr. LeBlanc, witness said the company's cut in the woods according to his estimate was 102,000 pieces. It would seem that his woods count might have been wrong.

Halliday, of 244 Paradise Row, was seriously injured yesterday afternoon when he was struck by an automobile driven by William Robinson, day porter of the Royal Hotel. The child was apparently playing near the bridge in Wall street street grocer's in the use of Dr. Chase's Kidney-Liver Pills. This medicine is known in the great majority of homes as the greatest of regulators.

### THE WAR SITUATION.

Today's news tells of a further probable shortening of their western front by the Germans, in order that more favorable conditions for defence may be secured. The rule will work both ways. If this gives the enemy more divisions for concentrated effort it will do the same for the Allies.

The French made some further gains yesterday on the Meuse front and repulsed German attacks in the Champagne region. An American report says that a whole German battalion was wiped out by machine gunners protecting a position on the Vesle.

In northern Russia the Allies are advancing from Archangel, but the Bolsheviks are reported to have defeated the Soviet revolutionists at Jaroslavl, on the Volga. The Soviet government is said to be considering a declaration of war against Japan. The course pursued by the Bolsheviks is everywhere marked by outrage and murder, and the Social Revolutionary party has appealed for an International Socialist conference, declaring that it is ready to co-operate to re-establish the national power of Russia and abrogate the Brest-Litovsk Treaty.

Paris hears that Hindenburg and Ludendorff may strike a blow at the British front, in conjunction with the German fleet, in order to restore their prestige at home. Some French observers, however, believe the regrouping of enemy divisions is for defensive purposes. The British have slightly advanced their line on the Clarence River in Flanders.

The comment of the German press has become very gloomy and despondent. Vorwärts says: "The German people must last realize the colossal gravity of the situation. Let us have courage to admit that as long as the war is not ended it is not won and can be lost." Another paper, the principal North German organ of the majority Socialists, the Duerger Zeitung, of Bremen, says: "Black and dark is the hour. The sacrifices made by the people are immeasurable, and those of the fifth year of the war will be gigantic, but no refreshing breath of freedom and civic equality blows through the oppressive night of our discontent."

Meanwhile in the Allied countries the utmost confidence prevails. Not that an early end of the war is anticipated, but that hereafter the balance will be on the right side, and ultimate victory assured.

A St. John man who was recently in Boston saw a motor car containing an elderly gentleman and lady and some children. Each of them carried a small American flag and a Union Jack. In a down town district he saw newboys with the same emblems in their hats. "Perhaps some would say our neighbors go to extremes, but they are in deadly earnest, and it might be good for us if we followed their example. Both countries have a new and great reason to be proud of their flags, and to look sharply after any citizen who appears lacking in reverence for the emblems of true democracy."

American soldiers and citizens generally are charmed with King George and Queen Mary. Their ideas of royalty in a democratic country were quite different from the reality as they find it in England today. The British monarch is as affable and as friendly as his own president. With broader knowledge of England and the English, the traditional Yankee "hail twister" has disappeared. Anglo-Saxon unity is one of the beneficent results of this war.

A London cable says: "The gain in national efficiency is so great as a result of the war time liquor restrictions that it is certain Great Britain never will return to pre-war conditions in this regard, according to a statement made to the Associated Press today by Lord D'Abernon, chairman of the central board of control, which has to deal with the drink problem."

The German morale may be shaken but there are a lot of Germans to be disposed of on the western front before the Allies can be sure of an uninterrupted advance to the Rhine. That they are being disposed of is true, but there is still heavy fighting ahead of the Allied armies.

The German woman who wanted to know if the king of America was as long as has evidently consorted so long with savages that her mental picture is a world of barbarians. But even an Indian of the old savage days with tomahawk and scalping knife would turn with horror from the deeds of the Hun.

A somewhat serious situation in regard to aliens has developed in Toronto. That the War Veterans appear to be at the bottom of it makes it all the more embarrassing for the authorities.

Eleven Toronto bakeries have had their licenses suspended for seven days for violating the regulations of the Food Board. In the United States they would probably be invited to make a

substantial contribution to the Red Cross or other patriotic cause, in addition to suspension of license.

Bangor Commercial: Some of the leading hotels of New York city have felt the hand of the food administration and have been punished for hoarding sugar. The punishment for one includes a compelled contribution of \$10,000 to war relief work. Others have been forbidden to serve ice cream and some other things for a stated period and have also been compelled to advertise that they have broken the rules of the food administration.

No less than 135 vessels, totalling 681,944 dead weight tons, were launched from United States shipyards in July, and forty-one others of 236,025 dead weight tons were delivered. This is a new record, and justifies all that has been said of the marvellous expansion of the industry in the last year. There is no longer any fear that the submarine can overtake the constant additions to the tonnage of the Allied nations.

It appears to be quite clear that under the former provincial government there existed a system of sealing that deprived the province of much legitimate revenue.

There are rumors of a revolt of German sailors against the continuation of the submarine campaign, and that there has been serious trouble in Wilhelmshaven.

This is the time for those who can do so to pick and preserve wild berries. Both raspberries and blueberries are plentiful, and are easily preserved.

The resumption of work at Courtenay Bay is an assurance that East St. John will become an important industrial centre. It is only a question of time.

### NEWS NOTES ABOUT PROMINENT BAPTISTS

(Maritime Baptist.)  
Rev. J. B. Harvey, after four years of successful service on the Brock's Field, has accepted a call to Chance Harbor, and will begin his work there the first of September.

Rev. H. Y. Payant, pastor of the Milton church, Yarmouth North, has been granted the month of August as a vacation period. He will enjoy the time of rest at his cottage at Greenfield, Queens county. Rev. J. M. Smith, now of Port Rowan, Ont., will supply at Milton.

Rev. G. Whitfield Brooker, pastor of the church at Surrey, Albert county, was the preacher at the Main street church on Sunday. Mr. Brooker came to us from Sherbrooke, Quebec, and is establishing a reputation as a preacher of exceptional ability.

Lieut. Edgar A. Robertson, who was recently compelled to go west on account of his health, is spending the summer in Calgary. We are glad to report that his health is much improved. We have received word of the death of Mrs. T. F. McWilliam, wife of Rev. T. F. McWilliam. The circumstances of this death are peculiarly sad as the husband is now overseas, serving his country and humanity as a combatant.

Rev. I. E. VanWart has resigned as pastor of the Coldstream (Car. Co.) field.

Rev. J. Harry Freda is meeting with continued success in his work as pastor of the Union square Baptist church, Somerville, Mass.

We were greatly disappointed to miss Rev. Johnson L. Miner, now of Philadelphia, who called at the office while the editor was absent. Dr. Miner is spending his vacation in the home of his son, James Miner, a faithful deacon of the Point de Bute church.

Rev. B. H. Nobles has sold his summer cottage at Grand Bay and for the next few months his address will be 91 Elliott Row, St. John.

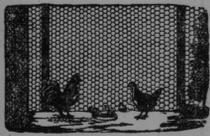

Dr. J. Hinson West, now under appointment as medical missionary to India, is now in St. John, serving for a short time as house surgeon in the General Public Hospital. After completing his course at McGill, Dr. West inaugurated his missionary labors by joining the Grenfell Mission on the Labrador coast, being stationed at the Harrington Hospital. He is now looking forward expectantly to the journey to India next fall.

The deepest sympathy of many in these provinces will go out to Dr. John D. Freeman and wife of Leicester, England, in the new and heavy sorrow which has come to them. We have just received news of the death of their second son, John Starr Freeman, at Los Angeles, Cal., on June 26. Another son, "Billy," died a hero's death upon the fields of France.

The German woman who wanted to know if the king of America was as long as has evidently consorted so long with savages that her mental picture is a world of barbarians. But even an Indian of the old savage days with tomahawk and scalping knife would turn with horror from the deeds of the Hun.

### Thrived Without Wheat.

American Indians thrived and grew tall and muscular without wheat! but we can't tell whether that was what made them red.—St. Louis Globe-Democrat.

### No Miracle Wker.

Don't criticize the editor because he don't get out a splendid paper every week—some weeks there's no ads, no news—no anything don't! would

make the paper interesting, and if the editor had brains enough to make every paper a hummer in spite of such a handicap, he could make big money somewhere else, and wouldn't have to edit a paper in a small town.—Howard (Kan.) Courier.

Profound Solitude.  
Here is an extract from a hotel prospectus in Switzerland: "Veisbach is the favorite place of resort for those who are fond of solitude. Persons in search of it are in fact constantly flocking here from the four quarters of the globe."—The Argonaut.

A squad of recruits was practicing communications down a line of men in open order formation. One message was: "Hard pressed on left; send reinforcements at once." To the amusement of the officer in charge this is how it reached him: "Hard up on left, send three dollars and four cents at once."—Buffalo Commercial.

#### RECENT DEATHS

The death of Mrs. Jane Hicks occurred at the home of her daughter, Mrs. Moses Mitton, Steves' Mountain, on Monday evening. Mrs. Hicks for the last few years had made her home with her daughter, Mrs. J. Cooper, St. John. She was visiting her daughter at Steves' Mountain when she was taken ill.

Mary Genevieve, only daughter of John Sutton, of Moncton, died yesterday morning after an illness of several months.

Anthony McNair of West Galloway, died yesterday morning. He was eighty-three years old. Mr. McNair was a well known farmer of ekin county.

Mrs. Susan Smith, wife of George Smith, of aWerville, Eumbury county, died Saturday at the age of fifty-two years. She is survived by her husband, but no children, and by her mother, Mrs. Catherine Mills and two sisters, Mrs. Edgar Carr of Geary, and Mrs. Ervin Forbes of Rusagornish; four brothers, James Mills of Montana, William of French Lake, Marshal of Fredericton, and Adolphus of French Lake.

Mrs. John Daye of Chipman, Queens county, died at the Victoria Hospital, Fredericton, Sunday evening, at the age of fifty-two years. She is survived by her husband, two daughters and six sons.

The death of Miss Annie C. Chapman occurred Sunday evening at the Moncton City Hospital. She was forty-six years of age and is survived by three brothers, Edmund of Truro, Harry of New Glasgow and Frank with the Engineers, Halifax.

### Food Board Flashes For Feminine Folk

Just to remind the picnickers again—it is not necessary to have a license or permit of any kind in order to have a picnic—

But—no sandwiches between 11.30 and 2.30.

What then? Well, omelettes, for instance. And any housekeeper can think of other things.

As for meat—you have to watch the day you are having your picnic. You can have beef or veal on Sunday, Monday, Tuesday, Thursday and Saturday evenings. And you can have pork at the mid-day meal on Monday and Saturday. That is clear enough, isn't it? For the rest you may have eggs, salad, chicken, fruit and plenty of other things. But remember—no icing on your cake.

#### CANNING DON'TS.

Don't start canning until you have the right appliances.

Don't use old screw-tops. Buy new ones.

Don't use old rubbers. New ones are cheaper than allowing fruit to spoil.

Don't use two-quat pails. Use quart size. Pint size is best for a family of not over five members.

Don't neglect cleanliness—clean person, clean room, clean apparatus, clean work. Cleanliness counts fifty per cent.

Don't plan to can more than three to six jars of fruit or vegetables the first day. Speed up gradually.

Don't assume that the water surrounding the jars will keep boiling without attention to fuel. The right temperature must be maintained for success.

Don't mistake simmering water for boiling water. "It was boiling just a minute ago," doesn't meet the requirement of boiling water at the moment of using.

### COMMON COUNCIL

After considerable discussion at yesterday afternoon's meeting of the common council it was decided that the Mispic dam be repaired. The mayor gave the casting vote. Commissioners Hilyard and McLellan voted yea and Commissioners Bullock and Fisher nay.

W. E. Scully wrote, through his solicitor, in reference to the presence of N. B. Power Company rails on his property, facing Union street, West St. John. The arrangement was only temporary he felt they should be moved. Referred to city solicitor.

"Black Book" a yard square and a sign 10 ft. in public places; 10. By meeting Frank Neaves of Sheriff street claimed damages for a broken water main. To city solicitor.

J. H. Falken, through his solicitor, demanded payment of his account of \$1,418.30 for painting of the Pettigill and McLeod wharves. To the city solicitor.

Tenders for the brick and buildings on the Mispic mill property were opened. E. P. Scully offered \$3,200 and A. Gregory \$2,500. These were turned over to the commissioner with instructions to report back.

Wednesday, Oct. 2, was set as the time limit for water taxes discount.

Repairs of Ashburn bridge by day's work were decided on.

Tenders for tubes for the Ludlow boilers were opened as follows: Union Foundry, 3-inch tubes, 10 feet lengths, 93 cents a foot; Phoenix Foundry, 3-inch tubes, 8x8, \$5.50 each; Estey & Co., 3-inch tubes by 10, 32 cents a foot. The tenders were referred to the commissioner of harbors with power to act, provided the expenditure did not exceed \$500.

The commissioner of public works reported that no action had as yet been taken in the matter of a public playground at Rockwood Park.

The committee of the whole reported for reduction of F. R. Taylor's assessment valuation from \$75,000 to \$5,000; against Mrs. Jennie E. Stetson's appeal on assessment, for payment of Thos. B. Carson's bill of \$604 for piling; authorizing tenders for new floors for No. 1 H. & L. and No. 7 engine houses; referring to the commissioner of finance and the city solicitor the matter of the Consumers' Coal Company use of the Reed's Point wharf. The committee also recommended that the work of driving piles at the west side ferry floats by day's work be discontinued, and that the renewal of old piles, the driving of new piles, the removal of old backers and putting in new backers, bolts, etc., which has been proceeded with since early last spring be completed by tender or otherwise at the discretion of the commissioner; all stock to be supplied by the city, and the cost thereof to be included in next year's estimates, if necessary.

All the recommendations were adopted.

ISSUED BY THE CANADA FOOD BOARD

"If you can't can things, dry them; most fruits and vegetables keep well in this way."

Testing Dam Case. Quebec, Aug. 6.—Is a lumber or other company "damming" a river liable to damages through floods alleged to be caused by said damming? This is the important point of ten actions presently pending in court at Murray Bay against the Bale St. Paul Lumber Company. People who suffered through floods, recently, have filed actions to the aggregate amount of some ten thousand dollars.

A WONDERFUL DAY WITH THE CANADIANS

(Continued from page 1.)

I have never seen a day like it, either in enthusiasm or visible numbers. More people may push through the gates of the Toronto exhibition but the sporting events in front of the grand stand never drew such a crowd, and certainly no event in Canada was ever so completely enjoyed.

Other days in France in the Canadian Corps have set up a record to the time of their occurrence, but the final record must now be unequivocally established. Preparations had been going on for months. A suitable field was taken and turned by eager hands into a sports field fit for Montreal or Toronto or Winnipeg.

Every item of equipment known to the best sports in Canada—and, take it from me, they are all here in France—was there, from a perfect quarter-mile track and championship tennis court to the sacks at the baseball diamond. There was no reason why records should not have been made, except that life in France does not lend itself to uninterrupted training.

From five in the morning all roads led to the Canadian Corps. The Canadian Corps, largely out of the line at the time, was free to indulge its patriotism and love of sports. For forty miles they came in lorries and cars, in ambulances and buses, in private cars and motorcycles, by foot and horse. I rose at seven-thirty to a steady stream of decorated lorries passing my billet, each packed with a singing, laughing, eager bunch of enthusiasts. Whole companies trudged five miles and were there ahead of time. My forty-mile-an-hour race therewards was from beginning to end shrouded in a cloud of dust so thick at times that we were forced to slow down for the fog. Every man and nurse in the Canadian Corps who was unable to attend has earned the right to grouch for a month at least. And every imperial within reach was on hand in all the dialects from Scottish to Cornish, marveling at the spirit of things, struggling to unravel the technique of baseball, almost as eager as the Canadians themselves.

It was a perfect day—Canadian in the last dying cheer of the weary pikers. Most of us were thoroughly baked, browned on both sides, and pretty well done before it was over. But it will remain the One Big Day in the lighter life of the Canadian Corps in France. Before it was under way an hour the line of lorries parked on the side of the road extended far out of sight into the distance, and a field across the road was packed with private cars.

A triumphal arch covered the entrance,

A hand-painted array of imposing proportions

and topped by a large Maple Leaf and a family of leavers. All the tents of a three-ringed circus with side shows were there, including reservations for Royalty, the G. O. C., the committees and judges, cantenors, Red Cross hospitals, a theatre, and so on. A grand stand seating a thousand or two was fronted by two private enclosures reserved for the big-wigs, the nurses and the guests; and all about the course was a natural rise of hillside like the tiers of a gallery.

Exactly at ten the sports began, and throughout the day ran on such schedule as only superb organization could accomplish. The only delay occurred at the end, when the competing baseball teams fought tooth-and-nail to eleven innings before breaking the two-all tie. And, by the way, two all isn't bad baseball for amateurs who have fighting to do between whites. Even the Duke of Connaught, who sat behind the catcher, seemed to consider it a rather absorbing struggle and as for Arthur Currie and Sir Robert Borden and Mr. Rowell—well, they are Canadian.

From that you will see that we were favored by royalty, authority, and dignity of every sort. Shortly after noon the procession entered the grounds, headed by the Duke and Sir Arthur, the former smiling in the happy way that comes so natural to him among Canadians, and Sir Arthur, the competent, big leader who knows his men and knows they know him. Sir Robert and Mr. Rowell were unexpected to the majority and none the less welcome for that. A shell placed in the wrong spot that day would have robbed the Canadian corps of almost all its leaders, and the Canadian people of theirs.

But there was little danger of that. Overhead all day circled a company of fighting machines which would have welcomed the opportunity for fame; and scarcely a gun was audible all day long. Yet a section of the grounds was set aside as a hospital, with sandbag walls that would protect from everything but a direct hit.

The competitors were fought with a keenness unknown to ordinary sports. It was inter-divisional, with the corps troops a fifth section. A revolving scoreboard twenty feet high kept track of events and scores. The gladiators, clad in their divisional colors, white, or green, or French grey, or black, were cheered and urged by their mates with a patriotism that never savored of the disagreeable, but with an earnestness that spurred to the utmost. In addition to the usual athletic track events there were tennis, indoor and outdoor baseball, football, lacrosse, volley ball, mass football

(four balls at once with fifty men a side), boxing, wrestling, a gymnastic exhibition, tilting the bucket, pole walking and a dozen others, from the world have assembled on his chest proclaiming himself the Press, to the Jew of the hunchback and colossal nose, who carried a "Black Boy" in a yard square and a sign declaring himself to be "one of the 47,000."

In the results of the sports there is less to interest in the bigness of the day as an antidote to powder and training. But when Tressider runs only third in a quarter-mile race there is no landing on the track. The boys were to receive, "that was General Currie just came in. He's late. He's late."

The hour of the review was something of a study in psychology. At first as the opening was delayed by the extended baseball game, the waiting thousands were somewhat impatient, but always good-natured. The seats for the officers were backed by ranks of men extending far beyond the possibility of hearing. Chaffing, laughing, gasps at the M. P.'s and A. P. M.—who, by the way, handled the crowd beautifully—seemed to prophesy an interrupted performance. At first not a word of the actors was audible, the soldiers behind demanding that those in front sit down. But as the sun sank behind the canvas tent serving as a care-free soldiers stood or knelt or sat so silent that one might close his eyes and imagine none near but the speaking parts. Laughs broke in freely enough—for instance, when a black-faced comedian announced that he would sing "that old favorite of Sam Hughes, 'I'm feeling fine; I've been drinking Brasso'"—but the chaffing died away.

Over the canvas wall an engine whistled where long lines of Red Cross trains stood. Along the road lorries of singing boys were starting for home. Shilly at attention we stood for the national anthem, and then mingled again in that cloud of dust that covered every road that led to

THE STAR THEATRE

Presents the Emotional THEDA BARA In Alexandre Dumas' Love Drama 'CAMILLE' 8—Gorgeous Reels—8

In the great super-feature, Theda Bara, actress superb, created impersonations that are vivid and real. The scenic effects are startling in their realism. The screen version of "Camille" combines thrills, adventure, romance, great acting and perfect photography.

It has been some time since Theda Bara appeared on our screen, and this film spectacle gives her all the opportunities to display her wonderful genius. In Dumas' great play she again proves to be the greatest vampire of the screen.

A Professor of Economics Said:

"When a man buys a suit, he is looking for the point of maximum economy."

"In other words, he is after the best style and the longest wear at the lowest possible price."

As for ourselves, we aren't much given to theorizing. But we do think our 20th Century Brand ready clothes, at today's prices, touch the maximum economy point.

Gather in Many at Ringside. Philadelphia, Aug. 6.—Jack Britton, a Chicago middleweight, and Soldier Bartfield of New York fought six fast rounds to a draw here tonight at Shibe Park. In the fifth round Britton dropped his opponent to the mat, but he came back strong in the sixth and earned a draw. Before the first bout 300 government agents went through the crowd and arrested about 600 alleged draft evaders.

### LOCAL NEWS

**IS MRS. AKERLEY.**  
The M. W. grand mistress of the Ladies' Grand Orange Benevolent Association is Mrs. G. O. Akerley of St. John, not Miss G. Starkey as was printed yesterday.

**A BABY GIRL.**  
Mr. and Mrs. H. J. Wagner of New York are receiving congratulations on the arrival of a daughter on Aug. 6 at the home of Mrs. Wagner's mother, Mrs. L. Ramsey, 27 Murray street.

**NOW CAPTAIN LLOYD.**  
M. Lloyd of 51 Harrison street has received word that his son, Lieut. R. B. Lloyd, was promoted to be captain. Captain Lloyd went over with the 29th Battalion. Before going overseas he was employed with Scovil Bros.

**NORTH END LEAGUE.**  
Last evening the Beavers defeated the Wolves in a seven inning game on their North End diamond by a score of 6 to 4. The league standing is:

Wolves	W.	L.	P.C.
Beavers	4	2	.667
Curlews	2	2	.500
Comedians	1	8	.111

**IN HONOR OF AIRMAN.**  
At Hampton on Monday evening the Misses Spooner entertained in honor of Flight Lieutenant Hicks, who is going overseas. Among the invited guests were the Misses Faphne Fairweather, Aileen Ottis, Evelyn Chipman, Captain Roy Smith, Lieut. Wicks, Messrs. Fred Chipman, Bryant, Fairweather, Eric Warneford and Ren Smith.

**NORTHERN LIGHTS LAST NIGHT.**  
Northern Lights held full sway towards last midnight and were most interesting to watch across the open stretches. For twenty miles great shafts of light like an army of approaching automobiles shot over the northern sky and skyline, backed by a field of almost white illumination. The night was starry and the whole heavenly effect beautiful, even though it was a reminder of near-by autumn.

**THE FUEL SITUATION.**  
That large quantities of hardwood, which was formerly shipped to the States, are being brought here to relieve the fuel situation was a statement of a local shipping merchant this morning. He said that the hardwood will help no small degree in solving the problem. He further maintained that proper authorities should get busy and see that the full allotment of coal for St. John is forthcoming.

**BERRY MARKET ACING QUEERLY.**  
Berries are none too plentiful in the shops and at the transportation lines but people in the country report large pickings. Raspberries by the crate bring prices ranging from twenty-three to twenty-six cents and blueberries sixteen to eighteen cents. There seems to be a disinclination on the part of some shopkeepers to sell in large lots. Looks as if berrying parties will soon be the order of the day.

**POLICE COURT.**  
Hartley O'Brien and Tony Taxac were taken into custody last evening on a charge of stealing junk from the premises of the old pulp mill, Missep. The junk is valued at \$25. As the witnesses for the prosecution were not present, both men were remanded until Saturday. Edmund S. Ritchie appeared for the defendants.

**WILL WED AT CHIPMAN.**  
Mr. and Mrs. James Pennington, now of Montreal, and formerly of Halifax, announced the engagement of their daughter, Amy Kingsland Pennington, to Captain William G. Harriman of San Francisco, California. Miss Pennington is a gifted writer, a graduate in arts of Dalhousie University and has been connected with The Halifax Jordan company, publishers, in New York city, for several years, and associate editor of The Writer's Bulletin and Literary Review. Her friends in St. John as well as in Halifax will be interested in this announcement.

**NEW BOAT SHAPING UP.**  
The new auxiliary four-master being erected at the D. H. Saker yards, Strait Shore, is now almost completely in frame, only the mainmast being unplaced. The building crew are now a quick-working lot of workmen, thoroughly familiar with the facilities at hand and, although the job has been held up a few days for timber, very satisfactory progress has been made. The late Dornfontein was laid down in October, 1917, and finished on June 11, 1918. So far her successor is ahead of that record of building speed.

**JIM FOSTER BREAKS AN ARM.**  
Little Jim Foster, the two and a half years old son of W. D. Foster, insurance agent, and grandson of Dr. J. H. Prink, broke his right arm while playing at the Cedars on Sunday. A Goshay physician was on the scene in less than an hour, reaching the spot by motor boat, and later a city doctor arrived at the resort for dinner and concurred in the treatment given. The baby was brought to the city and an X-ray photograph of the arm taken in the hospital. The rays disclosed a break in both principal bones but in a child so young this is not serious. Master Foster was a plucky little patient with so much traveling and fixing up and he is now back at the Cedars with his mother and sister having as good a time as his dimpled wee sling arm will allow.

### SCOUTS TRUE TO PRINCIPLE

The Times has received the following: Yesterday afternoon four boys were enjoying a row on the Kennebecasis river just opposite Fair Vale beach when they were met by three scouts of St. Paul's troop of this city who were crossing from their camping grounds on Long Island to Fair Vale. The boys remarked to each other how calm the water was but in a very short time the waves had broken out and in no time they were dashing the boats very roughly. As the scouts had a start they were soon on the shore at Fair Vale but, thinking of the other boys whom they had left across the river, decided they would go out to their aid and these brave scouts risked their own lives to save the lives of others. The boys' boat was almost capsized when the scouts came to their rescue. We certainly congratulate these scouts for their brave act.

### CAPT JOE DONOVAN AND THE U-BOAT SKIPPER

Story of St. John Marine's Double Encounter With German He Knew in Peace Days

I. C. R. Policeman John Collins, the depot guardian, has a good yarn with pronounced local color propoos of the submarine jaunt which the Dornfontein's Swedish sailor says he took after the recent torpedoing. He says that within the week an ex-St. John man home from the States on a visit told him that Capt. Joseph Donovan, formerly of York Point here, who has for years been sailing out of an American port, had twice had his vessel, sunk under him by the Huns. Both sinkings were in British waters. On the occasion of the first attack, the story goes, the submarine commander ordered the ship's captain aboard his U-boat. Captain Donovan clambered aboard and was dumfounded to hear: "Well for heffen's sake is dot you, Donovan?" The sub. commander was an old shipmate.

A few weeks later the ex-St. John man's next ship was torpedoed as well. The rowing past the submarine Captain Donovan thought he recognized the German commander as his former friend, so he shouted: "Is that you, Heine?" The laconic answer came back: "Yaw, Donovan, dot vas me!"

### BRISK DEMAND SINCE BACON BAN RAISED

Some New Matters in Connection With Food Control

Since the food board has raised the ban on bacon there has been a brisk demand with prices ranging from fifty to fifty-six cents. In Montreal the highest qualities bring sixty cents. Roundabout local eating habits, bacon is once more on the bills of fare and with the luscious egg accompaniment proves a luxury de luxe.

In protecting the public against exorbitant prices for flour substitutes the federal authorities have issued a statement as to what retail prices should be considered reasonable, based upon wholesale quotations. The board contends that white corn flour, costing from \$11.50 to \$12.10 a barrel in eastern Canada, should cost about six and three-quarter cents a pound and that rye flour at \$12 a barrel wholesale is worth about seven and a half cents a pound and barley flour at \$11 a barrel about six and three-quarter cents a pound. The Canada Food Board issues serious warning to all dealers against too high prices for flour substitutes and there is penalty for carrying in stock a surplus of white flour out of all proportion with the supply of substitutes. In other words, the substitutes must be plenty and at fair market prices. In Toronto bleached corn flour is selling at \$10.50. Of-course prices are bound to vary with fluctuation in prices of grain.

In the United States on the first of this month a new sugar rationing order went into effect to remain until Jan. 1. This order allows two pounds of sugar a month for every member of a household. This is the English ration, but France allows only one pound and a half and Italy about a pound. The American two-pound limit includes all sugar used on the table and in cooking. So Canadians are not so badly off after all.

### VISIT TO FERNHILL: FURTHER IMPROVEMENTS

The directors of Fernhill Cemetery Company made their official annual inspection of the grounds yesterday afternoon. The lot committee and directors individually take great interest in the cemetery work and have paid numerous visits to the grounds during the spring and summer, but this is the first visit of the season for the directors as a whole. As guests of the president, Colonel Sturdee, they assembled at the Union Club for lunch, after which they motored to the grounds and inspected the chapel and tomb, the naval and military plot, the site of the new lots off Central avenue, saw the young ladies at work and inspected the barns and the grounds generally. The scarcity of labor still continues, but the directors expressed themselves much pleased with the appearance of and various improvements to the grounds. It was decided to raise the gates and roadway at the Marsh road entrance, as the new grade of the Marsh road is full eighteen inches above that of the Fernhill entrance. As the street railway have connected their tracks at this place, it was agreed to take the opportunity of concreting the entrance and the roadways to meet the rise of the hill. This will make a very attractive entrance indeed.

### IN MEMORY AND IN HONOR OF MISS STAMERS

Mrs. David Hudson of Glace Bay, C. B., is visiting her sister, Mrs. B. A. Stammers, at the Stammers cottage, Renforth. It was with Mrs. Hudson that Nursing Sister Anna Stammers of the Llandoverly Castle sacrifice lived for several years prior to her nursing studies in this her home city and memories of the brave girl are fondly cherished in the Nova Scotian town.

Mrs. Hudson says that Rev. Dr. Frank Erb, a former North End boy, now highly successful in the United States, with whom Miss Stammers was associated in Sunday school work in Glace Bay, is writing an appreciation of the nurse and her life's endeavors and ideals for a prominent religious magazine. During the early stages of Rev. Dr. Erb's career Miss Stammers was one of his most dependable assistants, doing especially useful work in the organization and up-building of the primary departments in the Glace Bay Baptist Sunday school. A bed for sick nurses is to be endowed in the Glace Bay hospital by Mrs. Hudson in memory of her niece.
