GIVES HIMSELF UP; CONFESSES THE SHOOTING

Goodwin, who Killed Bertram Galloway after Tea-Table Quarrel, Surrenders After Hard Nights in Open

Danvers, Mass., Nov. 28.—Shivering with the cold, and nearly famished M. Chester Goodwin, for whom the police have been searching since the murder of Bertram W. Galloway, on Friday night, walked into the police station last night and gave himself up. He had been hiding in Topsfield since Friday night, sleeping the first night in a barn. He had had little to eat, for he dared not appear at any house, and he had no money. Saturday night he spent out of doors and the possibility of another such night caused him to decide to give himself up.

Goodwin is 22 years old, and the son of Mrs. Carrie M. Goodwin of Green street, Le. However, he made his home with Bertram W. Galloway, the man he is charged with killing. Both men were employed in the state's extermination works. Friday night at the supper table, Galloway and his wife had some words, which resulted in Goodwin's shooting the woman's part. In the argument, which followed, Goodwin is alleged to have secured a revolver, and killed his friend. He then disappeared.

In a statement made to Chief of Police Joseph Merrill Goodwin admitted that he shot Galloway. He told of the circumstances leading up to the shooting, which were substantially as already published. He said Galloway was in the room with him. On the second time he secured the revolver, and shot.

FIRST POLLINGS IN BRITISH ELECTIONS ON SATURDAY, DEC. 17

Parliament Dissolved Today; The Speech from Throne

LATE KING'S DEATH

Feeling Reference Made by His Royal Son—Brief Mention of Failure of Veto Conference—T. P. O'Connor in Humorous Vein—Election Notes

Times' Special Cable
London, Nov. 28.—In the speech from the throne at the dissolution of parliament today, his majesty said:

"My lords and gentlemen, I address you for the first time under the shadow of a great calamity occasioned by the death of my beloved father. I have received abundant evidence from every part of my dominions that the irreparable loss which has befallen me and my family is deeply lamented by my subjects. Their sympathy has fortified me in my sorrow and I have devoted myself to the duties to which I have been called with the earnest desire to follow my dear father's footsteps.

"My relations with foreign powers continue friendly. I confidently hope that questions connected with the North Atlantic fisheries between Canada and Newfoundland on the one hand and the United States of America on the other, which have been the subject of controversy for nearly a century, have been at last finally settled by the award of the Hague Tribunal. It is a cause of special satisfaction that it has been possible to solve by arbitration problems of such intricate and difficult a nature, and that the award has been received on both sides in a spirit which must tend to increase goodwill."

Referring to the Duke of Connaught's visit to South Africa, the king said "It is my earnest hope that, under the legislation which you provided for the requirements of the year, including increased grants for the navy and additional expenditure for old age pensions, and the removal of the paper disqualification at the close of the present year. I thank you for the arrangements made for the maintenance of the honor and dignity of the crown."

My lords and gentlemen, I regret that the conference which took place with a view to arriving at a settlement of the recurring difficulties between the two houses of parliament has failed to come to an agreement, and that the bill which has passed into law acts dealing with the regency and term of declaration required to be made by the sovereign on accession, I thank you for the zeal with which you carried out your duties. I pray that the blessing of Almighty God may rest upon your labors."

"Tay Pay" is Humorous

The leader says the only quite safe member of the cabinet is the Duke of Devonshire. He will have to fight hard. The Telegraph says that Joe Martin is faced with a difficult position and if the letter goes to the light there is little doubt the seat will be lost to the government.

T. P. O'Connor, speaking at the Trades Union meeting in Canada he said that the seat will be lost to the government. He spoke in a humorous vein and was much cheered.

In Ottawa, a man called Murphy, who he need not tell them was a Hungarian of Italian origin (laughter) presided and beside him was an "Irish servant girl" named Sir W. Laurier (cheers and laughter). Sir Wilfrid Laurier made a speech and gave \$50 (cheers).

Associated Press

London, Nov. 28.—The second parliament in the reign of the late King Edward VII, which met on Feb. 15 last, was dissolved today in pursuance of the programme of the liberal government to go before the country on the question of the brevity of the House of Lords.

TRIBUTE TO GREAT MAN.

The Times new reporter received through the mail this morning a pen and ink portrait of himself that is quite too flattering. He will have it framed, so that the other reporters, when they are disposed to put on airs, may be reminded that there are others. At times they have made the new reporter's life miserable, but however he can turn from their jibes to this picture and feel his bosom swell. All the other reporters are wild with jealousy, and one of them described the portrait as a caricature. It is painful to observe how little some reporters in these degenerate days know about self and art.

A FOOLISH COMPLAINT.

A teatimer writes to protest against the condition of the fountains at the Marlborough Hotel, Douglas Avenue and other places, from which horses drink. He says they are coated with green slime. Apparently this teatimer does not know that cleaning those basins would involve work. Nobody wants work. This is the city of rest.

SHIPWRECKED IN THE BAY; THREE MEN PICKED UP BY STR. MOUNT TEMPLE

Schooner Lone Star Dismasted in Storm and Drifted About When C. P. R. Liner Comes Along—Men Had Hard Time of It

Clinging to what remained above water of their dismantled craft in the Bay of Fundy, Captain Coffell and his crew of two men were taken from their perilous position at an early hour this morning by the C. P. R. steamer Mount Temple from London and Aitoverp and bound for port.

The wreck was sighted about 8.30 of the water with light stumps of her masts standing. As the steamer neared it three men were discerned huddled together on the water covered deck, which was still washed by the heavy swell making it difficult for the unfortunate men to keep from being swept into the sea. A boat was lowered and the shipwrecked men were taken aboard.

It was learned from them that their vessel was the 35-ton schooner Lone Star and Captain Coffell and his men told a tale of suffering, and a desperate fight to keep from going to a watery grave.

The little craft was tossed like a chip in the fury of the storm but Captain Coffell said that had it not been for the vessel struck a submerged wreck, he believed that his chances were fairly good to come through the weather, had as it was. For hours at a time Saturday and Sunday the captain and his companions were practically in the jaws of death, though by exertions they were able to keep the schooner from foundering.

At last when the tempest was at its height they crested into some submerged object and the vessel lifted almost at the same time as her masts went by the board.

The occupants of the Lone Star were left to the mercy of the elements. Waves washed over her and she drifted helplessly to the harbor. Through the night they were driven before the fearful seas, and awaiting every moment to be dashed on a rock or torn from their places. As morning dawned, however, and the storm abated, their hopes were raised though their progress was still precarious on account of the long swell. After being given warm food and a change of clothing the men were put in warm blankets and soon fell into a sound sleep.

The Lone Star is owned by Eaton Brothers of Canning, N. S., and traded between this port and there, and other Nova Scotia ports. The government steamer Stanley left here this morning to search for the derelict.

CHILD FINDS \$6,000 UNDER FIRE PLACE

May Be Package of Traders Bank Bills Lost Some Months Ago

Toronto, Nov. 28.—(Special)—The young son of a West Toronto resident who recently moved into a new house, discovered hidden under the tile grate under the fire place a bundle which contained upwards of \$6,000 new Traders' Bank bills. The money was handed over to the proper authorities. The package is identical with one which was consigned from Ottawa to the Traders' Bank in Toronto and disappeared some months ago.

FARMERS WIN; THEY OWN THE MINERALS

Judgment Given in Case of Importance in Ontario

Toronto, November 27.—The farmers of Kent and Essex own the minerals under their land, and the Canada Company, from whom they purchased their property, must account to the owners for any royalties it has received for gas taken therefrom. Moreover, persons purporting to buy gas or other minerals from the Canada Company must account for the profits to the owners. This sweeping victory of the province in the long-drawn-out and acrimonious struggle, which involved scores of farmers in the southwestern peninsula, is announced by Hon. J. J. Foy, the attorney general, on receipt of the judgment. The farmer expresses keen satisfaction at the result.

The case has a somewhat dramatic history, involving several pitched battles between farmers and agents of the company, pitched battles on more than one occasion, the weapons of warfare, and two deaths in the provincial legislature. The oil and natural gas in Kent county, in the southwestern peninsula, is owned by the Canada Company, a corporation from which many of the owners originally secured their land, stepped in and claimed under an old Crown patent that all mineral rights were vested in it. The company disposed of royalties and rights to operators, whose endeavors to locate their wells were met with militant hostility by the landowners.

ATHENIA HAD IT ROUGH IN THE BAY

Donaldson Liner in After Boisterous Voyage—Fifty-Five Blooded Horses Brought Out By Senator Beth

After a boisterous trip, the big Donaldson liner Athenia, Captain William McNeill, arrived in port today. She anchored off the island at 10.30 last night and came up to No. 1 berth, Sand Point, early this morning. There were 234 passengers—seventy-nine cabin, and 155 steerage. With the exception of twenty-seven who were from Great Britain, she had an excellent class of people. About 100 of her passengers were for the United States, the balance being for the Canadian west.

Among the cabin passengers were Senator Robert Beth, of Bowmanville, Ontario, who brought out fifty-five blooded horses to be shipped from here to Prince Edward Island.

Senator Beth is enthusiastic over the shipment, which he considers an exceptionally fine one. Asked about matters political in Great Britain, he said that he had been too much occupied with other matters to become interested. He sailed on October 15 from Montreal on the White Star liner Megantic.

Captain McNeill said that the steamer met with continuous gales throughout the trip, with huge seas running. It was particularly fierce in the bay on Sunday, in fact about as rough as he had ever seen it during the time he has been coming here.

The officers of the Athenia are—Surgeon Dr. J. E. Brydon, purser, A. H. Wetherston; assist. purser, J. Watt; chief officer, R. M. Burns; chief steward, R. Matheson, stewardess, Mrs. Macintosh.

The following is a list of the cabin passengers—Alexander Allan, Archibald Anderson, Mrs. Andrew, Miss Barr, A. Beath, Mrs. Beath, Hon. Robert Beth, Robert Black, Master Patrick Canning, Charles Dugan, Mrs. Dugan, Miss Catherine Drysdale, Peter Ferguson, David Forbes, Mrs. Forbes, Miss Joan Forbes, Miss Isabella Forbes, Miss Margaret Forbes, Miss Minnie Forbes, Andrew Francis, Andrew Francis, Jr., Mrs. Gibson, Master George Gibson, Master Swanton Gibson, John Hamilton, James Harper, Miss Mary Hodge, Wm. ADVANCE RATES TO PACIFIC

Transcontinental Railroad Officials in States Confer in Chicago

INCREASE IS LARGE

Chicago, Nov. 28.—Transcontinental railroad officials in session in Chicago are planning an advance in freight rates between Chicago, New York, Boston and other eastern points of the Pacific coast. The advance contemplates an increase amounting to 25 and 35 per cent, according to the Tribune today.

A plan contemplated will increase the rate between Chicago and the Pacific coast but also will cut down materially advantage over Chicago which New York and Atlantic seaboard shippers have enjoyed in the past. The rates from Chicago and New York to the coast heretofore have been the same. Under the proposed schedule, not yet endorsed by the Inter-State Commerce Commission, the rate from Chicago to the Pacific is raised fifty cents a hundred pounds but New York has \$1 added to the tariff.

The transcontinental lines are now in conference over their proposed through schedule increases. In their effort to seek shelter under the amendment to the long and short haul clause of the interstate commerce law, effective February 17, the railroads seek this increase in alternative. They say they do not want to be forced by the government to reduce their rates on intermediate points in the west, which in some cases are higher than the existing through rate to the coast.

A tentative schedule of rates now under consideration advances the first class rate from New York to Pacific coast cities from \$3 to \$4 per 100 pounds, with corresponding increases on the lower five numbered and five lettered classes. The rate to intermediate points are to be graded by the first class rate from Chicago to the Pacific coast would be approximately \$3.50 instead of \$3 as at present.

SUPPOSED TRUNK MURDER VICTIM ALIVE THREE YEARS AFTER DATE OF THE CRIME

New York, Nov. 28.—A new turn was given the trunk murder mystery today by statements of witnesses who declared that Albert Callier, the supposed victim, was seen alive in 1935, three years after the crime was supposed to have been committed.

The trunk containing a body, recently found in a tenement basement, is declared to have been left in 1932, by Wm. Lewis, a waiter, for whom a widespread search is now progressing. Callier, a French artist, who was a close friend of Lewis, disappeared in 1902 and until now no one has reported having seen him since. The authorities today, however, are in communication with two persons who declare that they saw Callier in this city in 1935.

The Telegraph bowlers went down to defeat on Black's alleys Saturday afternoon at the hands of the Brock & Patterson team. The scores were away off, and could only get in the 400 class in one string. The Brock & Patterson team had the highest single string for the match, 428. The following are the scores of the match:

Why the Johnson-Jeanette Bout is Off.
Here is why Jack Johnson will not box Jeanette in Paris, according to the latest information: Johnson demands a guarantee of \$25,000 or 40 per cent. of the gate receipts, and 50 per cent. of the moving picture receipts. Johnson demands the right to name the referee. Then Johnson wants \$10,000 in the First National Bank of Chicago as a guarantee for the fight. There are a few more things. Johnson wants, but Dan McKeeth, who was promoting the bout, has called it off.

IN CHAPEL GROVE
Calm abated the dead in Chapel Grove. When flood's fair summer's tide,
And Robin hoars his treasure throves
Of life's high-summering pride.

Old Bernard sleeps far from Fermoy,
Nor needs the clangour wild,
The dead may dream and live,
And a fair Blackwater child.

There are few diseases that cause more acute suffering than Kidney Trouble, and Mr. P. A. Thomas, of Sydney, Ont., is one of those who know it. He writes:
"Over three years I suffered from kidney disease. First I thought I had sprained my back, but the pain would catch the same place, and it would be impossible to get my feet straight myself up for several days. A dull ache across the kidneys was always present, my urine was thick and cloudy, and passing it caused a burning, scalding pain. Tried many remedies, but I was advised to try Doan's Kidney Pills, as they cured my wife years before. A few boxes affected a complete cure. I now enjoy the blessings of good health, which is due to this remedy."

Don't neglect kidney trouble--it's too dangerous as well as too painful. That old, reliable family remedy, Dr. Morse's Indian Root Pills, has cured Dr. Morse's Indian Root Pills, has cured thousands of cases of kidney trouble, and will cure you. It is equally effective in curing constipation and its attendant evils, biliousness, indigestion and sick headaches, and in purifying the blood. 25c a box at your druggist's.

WILL RELIEVE ANY UPSET STOMACH IN ABOUT FIVE MINUTES

Distress from Indigestion, Stomach-Gas, Heartburn or Headache goes after taking a little Diapepsin.
If you had some Diapepsin handy and would take a little now your stomach distress or indigestion would vanish in five minutes and you would feel fine.
This harmless preparation will digest anything you eat and overcome a sour, out-of-order stomach before you realize it. If your meals don't tempt you, or what little you do eat seems to fill you, or if you have heart-burn, that is a sign of indigestion.

MONTH WILL SEE NAVY AND DOCKS CONTRACT CLOSE

Definite Announcement Expected Very Soon from Ottawa--Transaction is Complicated One.
(Montreal Herald).
Ottawa, Ont., Nov. 28--Tenders for the construction of the cruisers and destroyers for the new Canadian navy will be in the hands of the government before the end of the year, and a contract will probably have been made with a building firm. The transaction is rather more complicated than the mere calling for tenders on the construction of a ship. In this case a great dockyard in Canada. There are said to be four firms in Great Britain who are willing to establish themselves in Canada and they will to some extent compete with each other for the aid which the Canadian government will give in the form of premiums on the price of construction in Canada, or in drydock subsidy, or both.

CANADA

(By H. L. Spencer.)
Fair land of mountain, lake and stream,
Of forests green through all the year;
Of valleys that Arcadian seem;
Of homes that love and plenty cheer.
No other land could be so dear.

And doubly best is he who here
Contented lives—contented dies.

GOLDEN WEDDING OBSERVED

Two St. John Couples Today Receiving Congratulations on Fifty Years of Married Life

Fifty years ago today, on November 28, 1860, Mr. and Mrs. George E. Fairweather were married in this city. Today both are enjoying good health and are receiving the congratulations of their friends, coupled with the wish that they may have many more happy years to come.

Mrs. Fairweather was Miss Emma Titus, a daughter of Richard Titus, lumber merchant and ship-owner, and the wedding took place at her home in the presence of the immediate relatives of the bride and groom.

Two sons and four daughters blessed the union. One son, Edgar H., is associated with his father in the insurance business, and the other—Walter, died at the age of twenty-six years. Two daughters died in infancy and two—Misses Grace Lang and Carrie reside with their parents.

Mr. Fairweather started in business with his father and afterwards was deputy common clerk of the city for a number of years. During the latter part of his term as a city official he studied law and on passing his examination and being admitted to the bar, entered into partnership with his brother—Arthur, under the firm name of A. C. and G. E. Fairweather. After some years the partnership was dissolved and Mr. Fairweather started for himself in the insurance and legal business.

Mr. Fairweather has been very successful. He has been a prominent part in many charitable and social organizations which have had for their object the betterment of conditions in St. John and of its people.

Mr. and Mrs. W. H. Colwell, of 89 Paradise Row are today celebrating the 50th anniversary of their wedding. Besides most of the members of their own family who are present, several of their grandchildren as well as their friends, offer their congratulations on the auspicious occasion, wishing them more years of happiness together. Mr. and Mrs. Colwell were married in Carleton fifty years ago and have lived here all their lives. Mrs. Colwell was Miss Brittain. Mr. Colwell was for many years engaged in mercantile life. He has long been a member of the congregation of German street Baptist church and for years has been a deacon.

It is regretted that one of the daughters, Miss Elizabeth Colwell, of Porto Rico, will be unable to be present. Other members of the family who are now in the city are: Mrs. W. C. Vincent, of Muskego; Mrs. T. C. Reed, of Bridgewater; Mrs. S. J. Miss Annie Colwell, of Boston; and Mr. and Mrs. Robert B. Colwell, of Halifax, and the Misses Emma and Nettie, of this city.

A DOUBLE WEDDING

Two blushing brides and their two chosen partners, with a party of some ten friends called at the home of Rev. D. Hutchinson, of Main street Baptist church on Saturday afternoon and two marriages were solemnized.

The couples were Charles Edward Titus, of England, and Miss Maud King, of Fredericton, and Fred Macaulay of Debert, N. S., and Miss Annie Sharpe, of Amherst. The former were attended by S. J. Leighton and Mrs. Charles Bell, and at the second wedding Miss Margaret Bell was bridesmaid and Fred George Davis groomsmen.

They did not enlighten the minister as to any romance that might attach to the double wedding, but they all came together and all left together, but showers of rice and confetti marked their going.

IS YOUR HOUSE WARM ENOUGH THIS WINTER? IF NOT, MAKE IT SO

You can certainly make your house warm enough if you have the right kind of heaters and have them placed in the most desirable places in your house. If you want to get the most out of a heater you want one that you can burn wood as well as coal, one that you can get a quick heat when you need it. THE GLENWOOD OAK HEATERS are made in two sizes and having no linings except the pot that holds the fire you get the full benefit of the heat. The pot burning made small at the bottom and large at the top sends the heat back to the floor thus giving you all the benefit of the heat. We are selling a large quantity of these Heaters this year. They are made in St. John along with our Glenwood Ranges. Come and see these Glenwood Oaks.
