

INDICATIONS ARE FOR GREATER N. B. TOURIST TRAFFIC THIS YEAR

More Than Four Times as Many Road Maps Than Last Year Requested.

The present indications are that the tourist traffic to and through New Brunswick this year will exceed that of any year on record so far; so J. C. Chaston, secretary of the N. B. Automobile Association, said today.

One evidence of the increasing popularity of New Brunswick as a tourist paradise was the fact that, while the number of road maps sent out by Mr. Berrie to the first of May last year totalled only 880, during the same period this spring 3,760 were asked for and mailed; in the last fifteen days between May 1 and 15 last year, only 75 were called for.

STUDENT HURT AT CELEBRATION

H. G. Rogers, of Woodstock, Severely Injured in Fredericton.

One of the members of the U. N. B. graduating class will not be able to enjoy his liberty of study for a time on account of the injury which he sustained during the customary firing of salutes by the graduating class in Fredericton, but it is believed the injuries, while painful, are serious.

STENOGRAPHER'S ERROR COSTS \$10

Minimum Fine Against a Collection Agency in Stamp Case.

A clerk's oversight cost the Merchants' Credit Corporation, Ltd. \$10 in the police court this morning when a fine of that amount was imposed on the concern for violation of the stamp tax act. The information was laid by William Abell, who said that on February 29 he received from the defendants a receipt for \$60 with no stamp attached.

GOOD THINGS COMING TO THE THEATRES OF ST. JOHN

"WHY SHE LOVED HIM." Perhaps not in the history of local amateur theatricals has so much interest been manifested as in that of the forthcoming production of this big four-act spectacular musical comedy drama entitled "Why She Loved Him," with over 800 of St. John's most popular young ladies, gentlemen and children in the cast, which will be produced at the Opera House for five nights and a matinee, beginning with a matinee Monday afternoon, May 26.

GETS READY TO RESTORE COURT HOUSE

Garnet W. Wilson, who was chosen by the Executive Committee of the Reconstruction of the old court house, announced this morning that he had made an inspection of the building in company with Commissioner Wigmore, warden of the county, and would at once begin work on the preliminary sketch plans for the building's renovation.

A Good Fit—and You Feel Fit

A suit may be ever so stylishly cut. If it does not fit its style is naught and the wearer's comfort is lost.

We lay particular stress upon the fit. We know how comfortably a snug, close-fitting collar feels and how proud is a man with a good-fitting, easy hanging suit.

And so—we fit you perfectly. Suits—\$25 to \$50. Sport Suits—\$25 up. Sports Suits with extra knickers—\$35 and \$38. New patterns in Topcoats—\$20 to \$40.

Forward the new Sandals! Egyptian, Hollywood and "Tut" All lined completely in Kid, all coming nicely up the side of the foot, all varying the cut-out whim.

A price-style-comfort-value beyond all is the Egyptian with its cut-out vamp. In Patent, \$4.75. In other effects, \$5.85, \$6.95 and Gray Suede, \$7.25. Covered heels and widths as well as sizes.

The Hollywood notion of narrow strapping and cut-outs in Gray and Suede, \$4.95. Fawn Elk "Tut" with many tiny cut-outs, \$4.95. Also in Air-crete and Gray Suede and Patent up to \$8.50.

GIVE SUPPER FOR RECTOR AND WIFE

Trinity Badminton Club entertained at a supper in honor of Rev. Canon and Mrs. R. A. Armstrong last evening at the church hall. There were about 60 guests, of whom seven were the vestrymen and Bert Coupe, who were specially invited. Addresses were given by Canon Armstrong and Vestrymen J. H. Northrup, George D. Ellis and Horace A. Porter. Walter L.

Dixon, president, was in the chair. He spoke a few words of praise for the work of the club and of the encouragement it had received from Rev. Canon and Mrs. Armstrong. On behalf of the club members he presented them a handsome silver flower basket. Misses Elsie Henderson, Mary Ellis, Viola Seeds, Nan Porteous, Marjorie Northrup and Marjorie Johnson were the assistants in serving. Those looking after the refreshments were Miss Eleanor Gale, convener; Miss Georgie

Seeds, Miss Helen Dixon and Miss Dora Jones. The other vestrymen present were Alexander McMillan, D. S. O. H. R. Sturdee and Carl G. Fraser. Great praise was given the club for its enterprise by all the speakers. Tributes to Rev. Canon and Mrs. Armstrong were voted by all. Canon Armstrong spoke feelingly of his association with the club and thanked them on behalf of himself and Mrs. Armstrong. A general social time concluded the evening's enjoyment.

Food That Supplies Muscular Nourishment

THE man whose nerves and muscles respond with precision is the man who, above all else, eats foods which supply energy and muscle nourishment.

Grape-Nuts is a highly-nourishing food. It contains phosphorus and iron—body builders, energy producers. Highly concentrated owing to long, slow baking. Easily digested.

Crisp, crunchy, wonderfully delicious and satisfying! It is economical—only four heaping teaspoonfuls needed for a serving. There are many helpings in each package. Eat Grape-Nuts. Build your body—build health and strength right into it. Serve with milk or cream and perhaps a little sugar. Order Grape-Nuts with your other groceries. All grocers have it.

ST. JOHN, N. B., MAY 16, 1924.

THE BUDGET VOTE

Whatever the people of Canada may think about the Mackenzie King budget, there is no longer any doubt about what their representatives in the Commons think about it.

The defections from the Liberal ranks were by no means as great as some of the oratorical thunder and lightning during the long budget debate led some people to expect.

The majority against the Woodsworth amendment, the motion of the Labor Member for Centre Winnipeg calling for an immediate and substantial reduction in the tariff on the necessities of life, which some thought would be embarrassing, was whistled down the wind by a vote of 204 to sixteen.

The resignation of Walter Mitchell, the stand of Mr. Marler, and the significant silence of Sir Lomer Gouin suggest, of course, a growing movement against the Government in Montreal and its tributary territory, but some time must elapse before the weight of that movement can be measured.

The Prime Minister's speech contains the intimation that no appeal to the country in the near future is contemplated. When the general election does come the fiscal issue is likely to be the dividing line to a greater extent than at any time since 1911.

AN ENCOURAGING VIEW.

Much that was said by Professor Cunningham of Harvard at the University closing in discussing the Canadian and American transportation problem, had a direct and important bearing upon general business conditions.

He believes Sir Henry Thornton is making encouraging progress with the Canadian National system, and that there is no injurious political interference the results will be good. In short, he thinks the C. N. R. justifies public confidence in the character of its management, and that the outlook for the future is promising.

THE CURE FOR JURIES?

A murder trial has been going on for a week or so in Providence, R. I., and a sympathetic judge has had a radio receiving set installed for the entertainment of the jurymen when they are locked up for the night.

ous failure of the nation to succeed in convicting any reasonable proportion of its murderers and gunmen, and Judge Jerome Hahn, who presides at the Providence trial, is no doubt hopeful of a beneficial revolution by the radio innovation.

It may spread. Weary jurymen must relax. They cannot be expected to tax their brains too greatly or too steadily over a mere murder. Nor should their hours of confinement offer no better occupation than the exchange of commonplace. They are likely to get tired of one another, and might even resort to violence and swell a crime record that is already the despair of American jurists and analytic public men who insist upon comparing their own country's murder industry with the trifling activities of Great Britain in that line.

But the nature of the entertainment or instruction to be fed to locked-up jurymen by radio should be carefully supervised by the court, even though the judge's taste in these matters might be a world away from the differing tastes of the twelve good men and true. They should neither be soothed nor savaged too much. They should not hear anything to harden their hearts or to incline them over-much toward leniency.

There are already a thousand and one points which counsel for the defence may raise to the advantage of his client and perhaps presently we shall hear in one place a plea for a new trial on the ground that the jury was unduly influenced by the radio performance, and in another quarter the contention that the prisoner was condemned by a jury which was denied any sort of jury, or so became ill-disposed toward all mankind, the luckless prisoner in particular.

In short the treatment of Juries in a homicidal and litigious country is a ticklish matter. Still, as murders grow and convictions diminish, our neighbors, above any folk in the world, seem warranted in experimenting.

LEARNING THE LESSON

Both before and after the war the United States listened much to the school of isolation, to public men who said the Americans were commercially and politically independent of Europe and could get along best by allowing Europe to stew in its own juice.

That is one of President Coolidge's reasons for recommending American participation in a loan to Germany under the Dawes plan. He sees, and says, that European reconstruction and tranquility will be a help to the United States, while if they are lacking his country will suffer loss and prolonged business disturbance.

BID OF MONTREAL FIRM IS ACCEPTED

Montreal, May 15.—Official announcement was made today that the British Government, through the Surplus Stores and Liquidation department, London, had accepted the tender of the Montreal firm of Hope E. Scott and Company, Limited, on approximately 47,000 tons of un assembled freight car materials for the Russian Government manufactured during the war by Canadian car builders, including the Canadian Car and Foundry Company, and the Eastern Car Company.

Press Comment

BUT SCHOOL ATTENDANCE IS COMPULSORY

The Toronto Star says that "it is much better to teach ethics in the public schools than rely upon doing it in the prisons." And the worst of it is that so many of those who require this ethical teaching don't get into the prisons.

(Dr. Clarence C. Rice in the Mentor, New York.) Mark Twain was never ill—just cold. I would take his temperature, occasionally, but he generally insisted that it was only a bluff and that the thermometer was put in his mouth to keep him from talking.

PLENTY OF EXPERIENCE

The Belfast Northern Whig says that Sir Robert Borden has been requested by the British Government to act as chairman of the Irish Boundary Commission. Sir Robert once headed a Union Government, of which Conservatives were represented by Mr. McEghen, Liberals by Fighting Frank Carvell and Progressives by Mr. Crehan. Very likely he had to settle disputes about the tariff and other contentious matters which were never attempted to make the North and South of Ireland agree.

Sir Robert was also a war Premier, and, no doubt, had experience in adjusting differences that arose between the Allies. Since the war he has given his time and energy to the League of Nations, which has had to deal with disputed boundaries and other international differences. In politics he has been at different times a Liberal, a Conservative and a Unionist. He ought to make the Irishmen agree, if anybody can.

TELEPHONE FOLKS AT ANNUAL DINNER

Service First Club Hears Words of Praise From Hon. F. B. Black.

After a season full of social activities the Service First Club of the New Brunswick Telephone Company, Ltd., catered at a banquet at Pythian Castle last evening from 7:30 to 9 o'clock.

The employees were given an opportunity of inviting lady or gentleman friends for the dancing, which began at 10 o'clock in the large assembly hall.

Included in the guests at the banquet were the wives of the married men of the company.

Senator Black said the club showed by its spirit of good fellowship and the splendid attendance of the members that its members were interested in the community idea.

ONE NEW NAME IN OFFICERS CHOSEN

Good Reports are Presented at Centenary Sunday School Annual.

The annual meeting of the Centenary Sunday school was held last evening with a fine attendance and reports of the most successful year in its existence and record attendance in the increased membership, which numbered 350, not counting the home department and the cradle roll.

W. Grant Smith, superintendent, stated that the classes were fully manned with teachers and officers, numbering 44.

H. A. Lynam, treasurer, reported \$1,200 raised for all purposes.

Arthur Laskey, secretary, Percy Spear and James Dinmore, assistant secretaries, were all heard in reports.

ACID STOMACH IS DANGEROUS

Suffers From Indigestion or Stomach Trouble CUT THIS OUT

"Stomach trouble, dyspepsia, indigestion, sourness, gas, heartburn, food fermentation, etc., are caused nine times in ten by chronic acid stomach," says a well known authority.

Burning hydrochloric acid develops in the stomach at an alarming rate. The acid irritates and inflames the delicate stomach lining and often leads to gastritis accompanied by dangerous stomach ulcers.

Instead, neutralize or sweeten your acid stomach after meals with a little hot water and Bisurated Magnesia and not only will the pain vanish but your meals will digest naturally.

PRESIDENT VETOS VETS' BONUS BILL

Washington, May 15—President Coolidge has vetoed the Soldiers' Bonus Bill passed at this session of the United States Congress.

On the heels of his disapproval of the Bureau Pension Bill, because he felt it would be an undue strain on the treasury, the President sent back, for the same reason, the compensation measure, which would give free life insurance policies to Great War Veterans.

Mrs. George Scarborough was a charming hostess at a bridge of four tables on Wednesday evening at her residence, Carmarthen streets. Mrs. Stanley B. Smith, her sister, and Mrs. Ralph Robertson assisted in serving the guests at the supper hour. The bridge winners were Mrs. C. B. Allan, Mrs. Berrie, Mrs. Fred de Forest and Mrs. Cyrus Shumway.

Miss Olive Golding, daughter of Mr. and Mrs. Walter H. Golding, was made the recipient of a shower of handkerchiefs and ribbon novelties last evening, when Miss Margaret McKinney was the hostess at her home, 166 1/2 Sydney street, for about 20 young friends. The presentation was made by the cousin of the hostess, Miss Constance McKinney, who was prettily dressed in a flame colored frock and carried the mystery bouquet, in which were concealed the pretty novelties. Others were attached in dainty parcels to the colored ribbons which hung from the bouquet. Miss Golding was delighted with the manner of presentation and thanked her friends happily. Spring flowers were arranged artistically about the rooms, which glowed with bright lights. The guests were Miss Golding, Mrs. Reginald G. March, Miss Gladys Wheelpley, Mrs. Ronald Stammers, Mrs. A. Was skeptical of Kellogg's Bran until it gave him back his health

Naturally Mr. Carter—whose letter follows—was skeptical. He had tried practically everything for the relief of constipation. All had failed. But Kellogg's Bran brought him permanent relief, just as it has done for thousands of others. Read his letter:

Dear Sirs: I am 43 years old, and have been for years a great sufferer from constipation. I had to resign a clerical position because of rashes of blood to my head, some of which caused me to fall to the ground. I took an outdoor laboring job and tried for the first time, skeptically I admit, your Krumbled Bran. The result has been wonderful. I began to be normal after I had been on the Bran about three days. No more rashes, no more dizziness. Dr. So-and-so's Pills, Epsom salts by the ton, etc., ad infinitum! You have

the most wonderful product for constipation I have ever seen or tried. Yours very gratefully,
L. T. Carter.
(Address on Request.)

Kellogg's Bran, cooked and krumbled, does not irritate the intestines like drugs and pills. It acts exactly as nature acts. Eaten regularly, it is guaranteed to relieve permanently the most chronic case of constipation, or your grocer will return your money. You will like the exclusive, nut-like flavor of Kellogg's Bran, cooked and krumbled. Eat two tablespoonfuls daily—in chronic cases with every meal. Eat it with milk or cream and in the recipes on every package. Sold by all grocers. Made in Toronto, Canada.

EXMOUTH W. M. S. ELECTS OFFICERS

At the recent annual meeting of the W. M. S. of the Exmouth street Methodist church, the following officers were elected: President, Mrs. M. Bonnell; vice-presidents, first, Mrs. C. L. Bustin; second, Mrs. J. Campbell; treasurer, Mrs. R. Hopkins; recording secretary, Mrs. W. A. Shaw; corresponding secretary, Mrs. J. Scott; superintendent of Christian stewardship, Mrs. H. H. Lawson; superintendent of mite boxes, Mrs. J. J. Beattie; superintendent of Little Light Bearers, Mrs. W. Case.

The reports were exceptionally gratifying. Total receipts were \$340.88, including Easter offerings, \$71.40; mite boxes, \$69.24; talent money, \$31.60. The Birthday box yielded \$25, which was sufficient money to confer a life membership.

Mrs. George Straight, strangers' secretary, told of having made 77 home calls, 30 calls at the Municipal Home, and with the assistance of Mrs. J. Scott, 140 visits to the hospital, taking special delicacies for the patients each week.

At the close of the meeting refreshments were served and the members enjoyed a pleasant social hour.

LADIES' AID MEETS.
The Ladies' Aid of the Carleton Methodist church met this week and engaged in quilting. Those present were Mrs. J. Sharpe, Mrs. W. H. Rowley, Mrs. F. J. Burpee, Mrs. F. T. Bennett, Mrs. George Kirkpatrick, Mrs. Charles Carson, Mrs. S. Nichols, Mrs. W. D. Williams, Mrs. William Haslam, Miss Emma Parks, Mrs. J. Adams, Mrs. W. Watson and others.

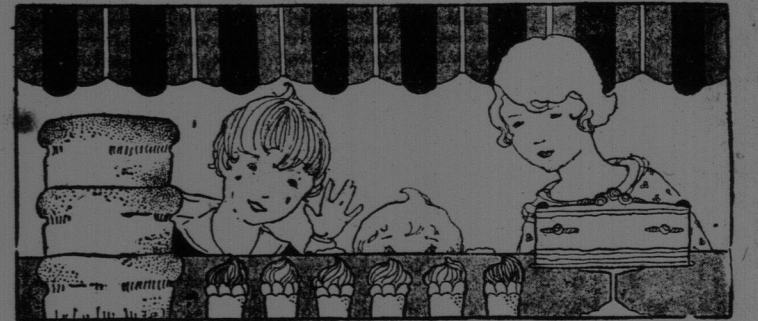

"It's going to wear my georgette. It's just back from the cleaner's and looks like new—just like a new dress, and besides, it's the one I've always liked so much!"

THE real reason that her Harper's georgette looks so well is that it was cleaned by our new Bowser Clarifier, the new machine we've just installed. The secret of its work is that it purifies the cleaning fluid of all dirt and grime instantly—the dirt is taken out of the fluid as fast as it is washed out of the clothes. It's much the best machine for dry cleaning—even superior to the very excellent machinery we've always had. It cleans clothes cleaner, better, quicker.

RECITAL GIVEN BY PIANOFORTE PUPILS

Miss Maisie Hamilton gave an interesting exhibition of the work of her beginners' music class of 34 pupils last evening in the Y. W. C. A. recreation hall to a good audience of parents of the pupils and friends. The money raised by her efforts was given to the Y. W. C. A. to aid in its work and its plan for expansion. Miss Hamilton was presented a beautiful bouquet of spring flowers by the Hebrew children of her large class and a nice large box of chocolates by the other children. The children played the piano in a manner that was creditable to their teacher. The programme was varied by recitations and several solos. Those singing were Vera Brown, Evelyn Dryden, Annie Hurwitz and Francis Hamilton. Those reciting were Gladys Brown, Frances Hamilton and Hazel Brown. Those taking part in the piano playing were:

The name tells the quality

ing and other entertainment were as follows, the programme having also several duets and one trio, all of which were well executed.

Annie Wilson, Ida Levine, Ada Holtzman, Maud McKay, Vera Brown, Marjorie Breen, Mildred Clifford, Tennyson Brown, Fannie Gordon, Hazel Baig, Mary Gordon, Annie Metalar, George McKay, Margaret Hamilton, Celia Carleton, Hazel Thompson, Gladys Brown, Dolly Urang, Celia Jacobson, Madeline Howell, Frances Hamilton, George McKay, Rosie Bloom, Dorothea Marshall,

Drink Good Oranges and Get All the Juice

The best way to eat good oranges is to drink the juice. A good orange is juicy enough to drink.

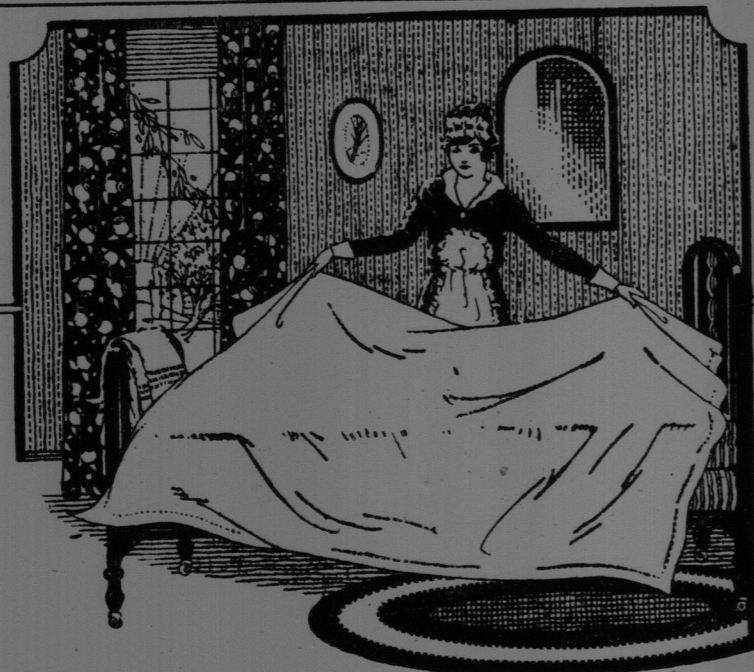

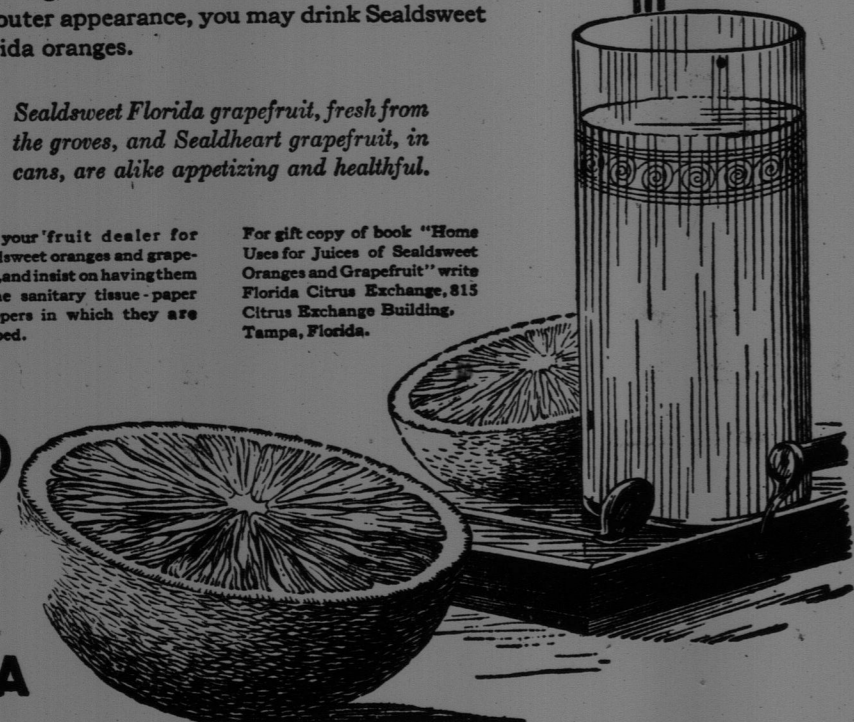

Sealdsweet Florida Oranges

As they are always filled to overflowing with sparkling, sweet, full-flavored juice, whatever the outer appearance, you may drink Sealdsweet Florida oranges.

Sealdsweet Florida grapefruit, fresh from the groves, and Sealdheart grapefruit, in cans, are alike appetizing and healthful.

Ask your fruit dealer for Sealdsweet oranges and grapefruit, and insist on having them in the sanitary tissue-paper wrappers in which they are shipped.

For gift copy of book "Home Uses for Juices of Sealdsweet Oranges and Grapefruit" write Florida Citrus Exchange, 815 Citrus Exchange Building, Tampa, Florida.

Snowy Bed Linen—fragrantly clean

Clothes washed with Sunlight Soap are naturally cleansed, not chemically cleaned. The pure Sunlight lather goes through and through the clothes, loosening dirt and restoring each thread to a natural state of cleanliness.

HOW sweet and wholesome is that welcome sense of fragrance which comes from well washed linen. How refreshing it is to lie between clean sheets, to rest one's head on a snow-white pillow case; to breathe deeply in an atmosphere of purity; to feel and to know that the things around you are absolutely clean.

To bring about this refreshing sense in the mind of guest or family is a triumph well worth the attention of any housewife. It is best accomplished by using Sunlight Soap.

To get bed clothes snowy white it is not necessary to boil them or rub holes on the wash board. The sure power of Sunlight Soap itself extracts every trace of soil while the things are soaking. In the rinse it all comes away—all the dirt and every particle of soapy matter, leaving not gray-whiteness, nor yellow-whiteness, but snowy white purity and cleanliness.

**ST. JOHN MEMBER
PLEADS FOR EAST**

**Dr. Baxter Says He Would
Desert Government if
Justice Refused.**

Ottawa, May 15—Hon. Dr. J. B. M. Baxter, in speaking on the budget tonight, made a flat declaration that he would not remain a member of the Meighen Government when it assumed office, which he expected would be soon, unless Maritime rights were recognized and Maritime ambitions met.

"The Conservative party," he said, "stands back of the responsible requests of the Maritime Provinces. If I thought otherwise, I would part company with it. After there is an election, there will be another government. I might expect to be included in that Government, but will not enter it, unless I am assured of justice to the Maritime Provinces, and if, after assuming office, I find I was mistaken in my party, I will go into opposition."

Criticizes Nova Scotians.

This, he contended, was different from the attitude of the "Solid Sixteen" from Nova Scotia, only one member of which, Hance Logan, had made any attempt to stand up for the rights of the Maritimes, and he could hardly get a hearing from his own friends when he was speaking. He criticized the speech of the Prime Minister, and belittled the tariff reductions which had been of no advantage to the Maritime Provinces. He admitted that there had been an increase in trade, but said it would have been much greater if the people had been assured of reasonable stability in financial policy.

The sales tax exemptions had not been applied equitably. Why were canned vegetables exempt from it and sardines and other canned fish subject to a five per cent. tax. The Government should have taken the whole \$4,000,000 reduction they claimed, off the sales tax if they felt they could make reductions. East and west should get together, he said.

The solutions for the troubles of the West was reduced transportation. The East was willing to make sacrifices and had done so in connection with the Crows Nest rates and was paying daily for it. It was only fair that the West should now make in some way possible the development of the natural resources of the East. The East was going to stay in Confederation but was going to keep at the question of equal rights until some impression was made on this "parliament" as the West has done in connection with its troubles.

Wouldn't You be Proud of a Floor like this?

The beautiful and the practical are happily combined in Dominion Linoleum. Its charming colors and patterns please the most fastidious taste. Its labor-saving features and sturdy indifference to hard usage appeal from the viewpoint of common sense and economy. There's little wonder then, that Dominion Linoleum floor coverings are so popular, little wonder that housewives everywhere take such a pride in them.

Think of the hours of tiresome beating and sweeping you can save in your own home by adopting Dominion Linoleum floors. Think of the cheerful brightness of their unbroken surface—waterproof, germproof and sanitary. Then make up your mind to have them.

DOMINION LINOLEUM

is made in widths sufficient to cover any ordinary room, without crack or seam and comes in many suitable designs for living room, dining room, bedroom, kitchen or bathroom.

Dominion Linoleum Rugs

are preferred by many. They possess all the practical features of Dominion Linoleum and lie flat on the floor without fastening. EARTH SURFACE
IS BUT SCRATCHED

Study of Mines of World is Made—Brazil Has the Deepest.

Washington, May 16.—(By Canadian Press)—A recent study by the Interior Department's Bureau of Mines of the depth of mines throughout the world indicates that man has penetrated but little below the surface of the earth. The deepest mines are insignificant in measurement when compared with airplane altitude records.

One of the facts revealed by the study was that man in most of his mining operations, even for precious metals, is just scratching the surface or going under the skin of old mother earth.

Dr. Thomas T. Reed, acting assistant director of the Bureau of Mines, says it is axiomatic that old mines are not very deep and that deep mines are not very old.

The oldest mines in the world of which there is any certain record are the copper and turquoise mines of the Sinai Peninsula, which were worked by the Egyptians as early as 3700 B. C., but these have been so sunken that what would now be considered even moderate depths.

The silver-lead mines of Mount Laurion, in Greece, are very old, but as the mineral occurs along the contact between approximately horizontal limestones and slates, it is hardly possible to speak of the mines as having any depth at all, except in the sense that a tunnel has depth beneath the top of the mountain it pierces. The Phoenicians probably began to work the tin mines of Spain and Cornwall as early as 1500 B. C. Although tin mining in Cornwall was being carried on continuously until modern times the Dolcoath workings, the deepest, were not sunk further than 2,300 feet, as the cost of tin produced from such depth was too great to compete with that from surface workings in Malaysia.

The various other old mines in Europe are not very deep. The Sullitelma mine in Norway has an inclined shaft 3,700 feet deep and is of particular interest because it is the only deep mine north of the Arctic Circle. It was opened in 1857. Generally speaking, the deepest mines of Europe are coal mines. Coal mine shafts in Great Britain are as much as 3,500 feet deep, while many of the coal mine shafts in Belgium and France are more than 3,000 feet deep and several shafts are now being sunk which will go to a depth of 4,000 feet.

Most of the mines of South America might more accurately be called high rather than deep. The Braden mine in Chile, one of the big copper mines opened in recent times, is entered at the bottom and worked up. The copper mines at Cerro de Pasco in Peru (started as a silver mine in 1830) are only about 1,000 feet deep, though they are at an elevation of 14,000 feet above the sea level.

There are some small mines in South America at even greater elevations than this, but the only really deep mine in South America is the St. John del Rey mine in Brazil, which is the deepest mine in the world. Its workings extend to a depth of 6,726 feet vertically between the top of the main shaft. This depth is reached by a series of connected shafts like a flight of stairs. This is a gold mine which was started in 1834, and the region in which it is situated is the oldest mining region in the new world, gold having been continuously mined there for more than 200 years.

The gold mines of the Transvaal take second highest rank for depth. The Village Deep workings extend to a depth of 6,263 feet and there are so many mines of which the workings are more than 4,000 feet deep that it would make too long a list to mention them. The City Deep has made plans to work to a depth of 7,000 feet. In the Kolar gold field of India the Champion Reef Gold Mines, Ltd. has a number of deep shafts, two of them being 6,091 and 6,094 feet deep respectively. The mining operations in this region are mostly at a depth of 4,000 feet or more.

Australia has many mines, and some of them are quite deep, the Victoria Consolidated, at Bendigo, being more than 4,600 feet deep and the New Chum is more than 4,100 feet deep. At Kalgoorlie, in western Australia, there are several mines from 2,000 to more than 3,000 feet deep. The deepest mine workings in the United States are those of the Calumet and Hecla Consolidated, in Michigan. The copper deposits are inclined, and the deepest workings are 2,800 feet vertically below the surface. The deepest vertical shaft is the Tamarack No. 5, 5,309 feet deep; the Red Jacket vertical shaft is 4,900 feet deep. There are several inclined shafts in this district which are more than 8,000 feet long, but vertically they are so deep as those mentioned.

The deepest workings of the Calumet and Hecla represent the nearest approach man has made to the center of the earth, since they are about 4,600 feet below sea level.

ZAM-BUK
THE MAGICAL SKIN BALM.

LIKE the lost precious balms of ancient Rome, Zam-Buk is of rare herbal origin. These herbal extracts endow it with a special power over the human skin. Zam-Buk is a concentrated healer, soother, antiseptic, and germicide. Its pure and powerful herbal essences swiftly take pain and inflammation out of a Cut, Scald or Burn, and heal any sore place nearly. Owing to its extraordinary refinement, Zam-Buk soaks through the tissues below the upper skin, and draws out disease. It is ideal for Eczema, Salt-Rheum, Ring-worm, Scalp Sores, Leg Ulcers, painful Swellings, Poisoned Wounds, and for Piles.

Zam-Buk's wonderful success is mainly due to its ingenuity in destroying all harmful germs, and replacing diseased and damaged tissue with fine new healthy skin.

EXMOUTH STREET MEMBERS DINED

Sunday School Reports are Encouraging—Officers are Elected.

The sixty-fifth annual meeting of the board of management of the Exmouth street Sunday school was held in the church parlors last evening with Rev. H. E. Thomas in the chair. Prior to the business affairs of the meeting being taken up, the 45 members who were present sat down to a bounteous supper served by the Women's Bible Class under the direction of the committee of which Mrs. F. Andrews was convener.

The reports of the year were encouraging. The treasurer announced that during the year the offering of the school amounted to \$720.11 of which \$230 were donated to missions and the remainder to the expenses of the church and Sunday school. The school enrollment showed a membership of 354 and the average attendance was 176.

The officers of the Sunday school were elected for the ensuing year as follows: Superintendent, Ernest Thomas—this will be Mr. Thomas' fifteenth year as superintendent of the Sunday school; assistant superintendent, F. N. Myles; honorary superintendent, James Myles; secretary, W. L. Beville; assistant secretary, W. C. Fanjoy; periodical secretary, R. Ruddock; missionary secretary, Miss Greta Love; treasurer, J. Walter Thomas; home department committee, Mrs. George Drake and Mrs. C. G. Cosman; cradle roll committee, Mrs. L. Hastings and Mrs. Fred Hastings; C. G. I. T. supt., Miss Dorothy Carr; R. B. I. A. supt., Miss Edna Crump; Tuxis and Trail Ranger generalist, F. M. Myles, F. J. Withers and W. R. Lawton.

William B. Marter, who has officiated as secretary of the Sunday school for the last 31 years, was presented an address.

The guest of the evening was Rev. E. E. Styles, who is to become pastor of the church in July.

As this was the last meeting that Rev. H. E. Thomas would attend as chairman of the board mention was made of the fine work accomplished by him in connection with the Sunday school and regret expressed at his departure.

Don't Squeeze Black-Heads—Dissolve Them

Squeezing and pinching out blackheads make the pores large and cause irritation. Blackheads are caused by accumulations of dirt and dirt on the skin, and there is only one safe and sure way and one that never fails to get rid of them—a simple way—that is to dissolve them. Just get from any drug store about two ounces of peroxide powder—sprinkle a little on a hot, wet cloth—rub over the blackheads briskly for a few seconds—wash off, and you'll be surprised to see that every blackhead has disappeared, and the skin will be left soft and the pores in their natural condition.

quarter of the globe are symbols of the greatness of Canada. In this final word concerning the transportation situation in Canada, may I repeat that the present promising state of affairs can maintain and develop favorably only if the present enlightened attitude of the people and the Government continues. If that attitude changes, if sectional differences or political expediency are allowed to interfere with the business management of the Canadian National, or to cripple the Canadian Pacific, the ultimate effect will be more than disappointing. It will be humiliating. My hope is that the present enlightened attitude will continue, and that Canada's experience with her railroads in the promising years before us will prove to be a conspicuous exception to the generalization, heretofore true, that nationalization has never been and cannot be successful under a democratic form of government.

WALL ST. TONE AT OPENING FIRM

Coolidge's Veto of Soldier Bill Has Effect on the Market.

New York, N. Y., May 16.—Stock prices displayed a firm tone at the opening of today's market. President Coolidge's veto of the Soldier Bonus bill apparently encouraged a resumption of operations for the rise in several railroad, oil, chemical and equipment shares. Heaviness was again noted, however, in the motor group.

Montreal Market.

Montreal, May 16.—Extreme dullness marked the first hour's trading on the Montreal stock exchange this morning. The price tendency was irregular. Smelters, B. C. Fishing and Laurentide were the only issues to appear in board lot quantity. The first named was unchanged at 42. B. C. Fishing suffered an overnight loss of 1 1/2 to the new low of 8, while Laurentide registered an advance of three-quarters to 86 1/2.

N. Y. Morning Stock Letter

New York, May 16.—News has taken a more favorable turn for the time being, and with the market largely over-

stocks should have a good rally from the present level. The high reserve ratio and easy money, the very encouraging movement of freight, as evidenced by the car-loading figures yesterday, and the better feeling in the steel and iron trade as shown by the larger pig iron inquiries and the firming of the steel scrap market, are all constructive factors in the present situation.

A few stocks have declined since then, but the industrial average shows but a very slight change from the level of the middle of April, and the rail average is higher, if anything. The car-loading figures show that consumption of goods is still at a very high level, and with very few exceptions all the trade reviews indicate that the recent months has resulted in very low stocks on the shelves of middlemen and actual consumers. The situation is such that a decided veto of the Bonus Bill now centres speculative opinion on Congress. There is little doubt but that action on the Bonus Bill in the Senate will affect the market one way or another and at the present time it is extremely doubtful which way the vote will go.

However, for the time being the market is distinctly overvalued and stocks bought at these levels for a turn should show a profit in the next few days.

Brokers' Opinions

New York, May 16.—Rachet—"Outlook for an early sustained upward swing is encouraging. From a technical standpoint the market appears very much overvalued, particularly the popular leading issues, and we are inclined to look for a sharp rally."

Hornblower & Weeks—"Nothing has happened, nor is likely to happen to change the evidence that has already come to light concerning the start of a broad upswing during the last six months of the year, which would be based on renewed confidence in the business situation and subsequent revival of trade."

Tobey & Kirk—"Quotations are approaching levels at which improved buying may be expected, and this factor will eventually turn the market."

Hutton & Co.—"With adjournment of Congress June 7th, the general expectation is that the market will continue dull throughout this week."

Josephthal & Co.—"While rails con-

Opens School For One Family

Seattle, May 16.—Uncle Sam has opened a school to give an education to one family of 18 boys and girls, the largest in Alaska, according to Jonathan Wagner, chief of the Alaska division of the United States Bureau of Education, who stopped in Seattle en route to his headquarters in the northern territory.

"Nikaly, Indian chief of the Knik tribe of Central Alaska, heads the largest family in the territory," declared Mr. Wagner. "Owing to a government ruling a school must be provided where there are 15 or more persons in one district."

"Several years ago Nikaly and his family, which was slightly smaller in number then, settled near the Matanuska coal fields. No natives had previously located in that district. But when Nikaly's family increased to 15 the government was compelled to establish a school for the chief's benefit."

They Meant Business

A man slipped on a banana peel and executed a very funny fall, not being hurt, as it turned out, but having his dignity somewhat ruffled. When he recovered a moment later a friend was holding his hat and a number of people had formed a circle.

"What do these idlers want?" he snarled.

"They are not idlers," explained his friend, soothingly. "Here's a doctor who wants to look you over, a lawyer ready to bring suit for you and a producer of comic films who would like to sign you up."

Black Gloves.

Very long black kid gloves, reaching nearly to the shoulder, are worn in Paris with sleeveless frocks. They are featured only by a few of the houses, most women preferring to follow the conventional fall of going sleeveless.

More Than a Billion Dollars—Shot. BASED upon actual thickness of seams, 1 foot and over, at a depth of 4,000 feet or less, in an area of 174 square miles, the Canada Year Book 1922-23 gives the actual coal resources of Nova Scotia as over two billion metric tons with probable reserves of approximately seven billions, at greater depths. Canada's total coal consumption in 1923 was 34,044,000 metric tons. So if only one billion of the two billions actual, and seven billions probable, were mineable, Nova Scotia could supply all Canada at present rate of consumption with coal for the next thirty years, while she could supply Ontario and Quebec for the next half century if they used nothing but Nova Scotia coal. And this would be only about one-tenth of the actual and probable reserves of the province, estimated by Government surveys at 9,718,000,000 tons. Yet in thirteen years, 1912-24, Canada paid the United States coal producers and railways over one billion dollars for coal, and this rate of importation is increasing year by year. And 95 per cent of that billion dollars went out of Ontario and Quebec, because Ontario uses American coal almost exclusively, and Quebec uses about 5,000,000 tons annually. Think what that billion dollars could have done in building up Canada's business, industry, homes, transportation—the thousands of miners and mine workmen it could have supported, the millions in food, clothing, shoes, furniture, homes, they would have bought from Canadian manufacturers, who in turn would have employed many more thousands of hands. That billion which Ontario and Quebec fed to the mines in Pennsylvania and United States railways would have meant assured prosperity to practically every industry in Ontario and Quebec. Then why do Ontario and Quebec do it? You will find the answer to that question in a booklet we have prepared on "Coal, The Big Factor in Canadian Economics." NOTED HORSE IS SOLD IN CHICAGO

Huguenot, Chestnut Gelding Saddler, Goes to Californian for \$4,000.

Chicago, May 16.—Huguenot, the three-gaited chestnut gelding saddler, 14 1/2 hands, which was the feature of the string of 16 head from the stables of John P. Crozer of Upland, Pa., brought \$4,000 at the seven-second auction of the Chicago Horse Sale Company in the International Amphitheatre, Union Stock Yards here, today.

Other saddle horses from the Crozer chain attracted high prices. In a letter to the company, Mr. Crozer, who is retiring from the horse showing, announced that Bohemian Actress, the champion for whom he paid the record price of \$12,000, would not be sold, but pensioned to pass her life on his farm.

Sir John, the three-gaited brown gelding, 16 hands, was sold for \$3,800 to A. D. Williams of Buffalo, N. Y. R. E. Moreland of Lexington, Ky., who represented Mr. Crozer at the sale, refused to let the 13 1/2 hands grey gelding, Silver Crest, go for less than \$1,800, and bought him for his own account.

The entire string of horses, George A. Bain of New York, auctioneer, realized an average of \$811.

After the sale Mr. Moreland declared himself satisfied with the results. "There were one or two disappointments," he said to a representative of The Christian Science Monitor, "but on the whole we did well. The horses were worth much more than we got—nobody owns any better horses than these—but the public here is not educated to paying such prices."

Elmay, a five-gaited chestnut gelding saddler, 15 1/2 hands high, was sold by E. D. Moore of Chicago to Lew Somers, also of Chicago, for \$1,200. Some lesser Crozer horses which brought fair prices were Silver Screen, grey gelding, 16 hands, \$600, to A. C. Thompson of Chicago, for \$1,200; chestnut mare, 15 1/2 hands, \$600, to Hugh O'Neal of Chicago, and Sunshine Cheer, dark bay stallion, 15 1/2 hands, \$500, to W. S. Conning of Chicago.

Bidding was lively all day and evening. C. R. Malmberg, secretary-treasurer, announced that the average price paid was \$200, more than double the rate of a year ago.

Louisville, Ky., May 16.—The golden anniversary of the Kentucky Derby will be celebrated this year when this historic race is run at Churchill Downs, Louisville, May 17.

Greatest Three Year Old Horses in America Will Meet in the Famous Kentucky Derby

Three early spring favorites to win the Kentucky Derby: Wise Counsellor, Hope of the West (at the top); Sarazen, Unbeaten in 1923 (in the middle) and Fleet St. James (at the bottom).

There have been more long shots down the line of fifty derbies than there have been favorites across the line.

Sarazen, recognized by some critics as last year's two-year-old champion, was the favorite in the winter books at almost prohibitive prices, but since the start of the metropolitan season, Mrs. W. K. Vanderbilt's prize youngster has given away to St. James, the pride of the George D. Widener stable.

It was this St. James youngster that humbled and humiliated the great Zev on the opening day of the Jamaica season by beating the king of 1923 by five or six lengths and finishing with a laugh. St. James had a very strong following during the winter and his victory over the big money winner of the Sinclair stable turned him into the big Derby favorite.

Many of the critics favor St. James over Sarazen, because he is stronger and is figured to do better under 126 pounds than the frail Sarazen.

Black Gold, Mrs. R. H. Hood's entry, winner of the Louisiana Derby, has quite a following in the east and so have E. R. Bradley's Beau Butler, Walter Jefford's Diogenes, Guy Bedwell's Senator Norris and the E. F. Simms filly, Happy Thoughts.

Western money, which found its confidence so greatly rewarded last year by its bet on Sarazen, will go down house and lot on Wise Counsellor, the boast of the Fred Burton stable. Many eastern critics, reading of the form shown by Wise Counsellor in training figure that he and St. James have the race between them.

The Ranocosa stable, whose colors were flashed first under the wire last year on the sensational Zev, will depend this year upon Mad Play and Stanwik. Sam Hildreth, trainer for the stable, has been inviting all the attention to Stanwik, but it is understood that he has done most of his work with Mad Play and that he is figuring on making a killing in the race with the stable-mate of the illustrious 1923 winner.

Track conditions are so vital a factor in the race and there is so much attached to the breaks that may happen during the race, that it is hazardous to risk much on any youngster that goes to the barrier.

OLYMPICS DEFEAT RED WINGS. On the King George diamond last evening the Olympics defeated the Red Wings by a score of 6 to 5. The latter team was in the lead until the last inning when the Olympics staged a batting rally. Foshay and Lunney formed the battery for the winners, and Gray and Logan for the losers.

BELMONT'S FREAK. St. Illiber, a four-year-old French horse, training at Belmont, is described as being the most unimpressive looking horse in appearances ever seen at the track, and the most impressive looking when it comes to speed.

ST. LOUIS TEAM COMMANDS NOTICE

Sisler Making it Strong Contender—Babe's Homer is Lone Hit.

New York, N. Y., May 16.—George Sisler's personality plus a concentrated batting attack and a confidence not to be denied are molding the St. Louis Browns into a strong pennant contender in the American League.

A youthful southern twirler, Ernest Wiggard, fresh from Alabama University, pitched the Browns to within half a game of the Yankees yesterday, winning two to one. Babe Ruth accounted for the one Yankee when he hit his ninth homer. The Browns chalked up their two runs by the home run route. Sisler and Williams producing the blows.

The Red Sox lost ground when the White Sox defeated them 4 to 2. Detroit and Cleveland gained respective 12-6 and 6-4 victories at the expense of Philadelphia and Washington.

The Chicago Cubs scattered the Giant crabs 6 to 4. Cincinnati continued to hold its scanty lead despite a 4 to 0 defeat at the hands of the Boston Braves.

The Brooklyn Dodgers subdued the Cardinals 6 to 3 while the Pirates defeated the Phillies, 4 to 3.

MUST BE CONTENT WITHOUT SANCTION

Amateur Officials Explain Position to South End League Men.

The four teams which will play baseball on the South End diamond this season must be content without a sanction to play senior ball. This, practically, is the outcome of a conference yesterday afternoon between Messrs. Lingley, Tapley, Hatfield, Frost and Belding, representing the South End Improvement League, and A. W. Covey, president of the Maritime branch of the A. A. U. of Canada, and Frank White, president of the City Baseball League, the senior amateur outfit in the city.

Mr. Covey said the South End league could have an industrial sanction. This would not entitle the winning team to compete in the provincial senior championships, but it could challenge any amateur team for a series.

The discussion was barred on in a friendly spirit, and the South End delegates will now report back, and confer with the four ball teams.

SELECTING 3 OF U. S. BEAUTIES

Selecting the fifteen most beautiful women in America is not an easy task, according to Professor Ernest Linnekamp, famous artist, who has been commissioned by the Analtika Art Studios of Switzerland to paint the finest beauties of the United States.

Professor Linnekamp has been spending several weeks in Hollywood looking over the fair picture players as prospects in the search. He has found only three whose distinctive beauty entitles them to a place in his hall of fame. They are Mary Phillip, Claire Windsor and Claire de Lorez, the artist said.

Miss Phillip is the "dainty, demure type," Miss Windsor "stately, impressive beauty," while Miss De Lorez, a newcomer in picture-land, has "pulsitive plus personality which simply captivates," the artist declared.

Ball Problems

By Billy Evans

Questions: 1. Is it possible to make a substitution for a base runner, and still have the original player remain in the game? 2. In case of rain or muddy field, who is the sole judge as to whether or not the game should be started? 3. In case a game is stopped by the umpire, because of rain, is there any time limit as to when the game can be resumed? Answers:

1. Only by consent of the captain of the other team. 2. The manager or captain of the home team is the sole judge as to the fitness of the field for starting play. After play once starts, it is entirely up to umpire during the rest of the game. 3. The time limit for many years was 30 minutes. Now under the new ruling the umpire can wait as long as he sees fit.

DEMPESEY WILL'S A FEATURE CARD

Estimated That This Bout Will Attract a Record Crowd.

(By Henry L. Farrell.) New York, May 16.—(United Press.)—With any number of good cases from the past to quote as supporting facts, it is safe to assume that there will be as many spectators at the Dempsey-Will's heavyweight fight as there are seats in Tom Rickard's Jersey City arena.

Before the two heavyweights get into the ring you will hear it said and see it printed many times that Will has a chance, that he is a soft opponent and that the spectators will be home for a late supper. But anything said or printed that is uncomplimentary to Will's will not keep the customers away from the arena.

To spend their money, boxing enthusiasts do not have to be given a guarantee that both fighters in any match are evenly matched or they do not have to be assured that the meeting will be a real contest.

As was said many times in the past, Tex Rickard and other leading promoters depend for the support of their pugilistic ventures largely upon the "I was there when" class of customers. Added to the regular run of boxing bugs, who will go to see the heavyweight champion in any fight, there are thousands and thousands of normally interested or disinterested persons who will pay big money for the privilege of saying to their posteriors: "I was there when Jack Dempsey did so-and-so."

There are thousands of persons who would pay \$100 now if they could say to their friends: "I saw Jack Dempsey when he was knocked clear out of the ring by that Firpo fellow."

When Jack Dempsey and Georges Carpentier met four years ago in the same ring where Dempsey and Will's are to meet, \$6,000 spectators paid more than a million and a half dollars to see the contest. For weeks before the day of the fight, writers, whose judgment should have been accepted as at least competent by experience, wrote that Carpentier didn't have a chance. The Frenchman's record was not impressive enough for anyone to think that he had a real chance to keep his frail body standing erect very long under devastating blows of the greatest body puncher boxing ever has known.

The contest was short, but there was no grumbling of dissatisfaction, no feeling that a master promoter and showman had made suckers out of an innocent public. The thousands that saw the fight left the arena talking in choruses of the blow that landed on Dempsey's jaw and shook the great champion to his heels.

When Lou Firpo, a green and inexperienced foreigner, with nothing but size and a ferocious look as assets, was rushed into a fight with Dempsey with a speed that was a record, the public was warned that Firpo didn't have a chance. Writers, whose salary is dependent upon the accuracy with which they can forecast the moments when he was on his feet he gave the crowd a number of thrills that could not have been excelled in the old Roman arena. Firpo floored the great champion twice and once he smashed him between the ropes clear out of the ring.

The fortunate fans who saw that fight are still talking about it. They felt no animosity toward Rickard for throwing the fight. It was called a set-up into the ring with a great champion. They remembered only that for three minutes they saw the heavyweight crown hanging from a dizzy moment when he was on his feet he gave the crowd a number of thrills that could not have been excelled in the old Roman arena. Firpo floored the great champion twice and once he smashed him between the ropes clear out of the ring.

Even if expert opinion may be unmanous toward Will, his own record in his record that would concede him a chance for the title and if he writes do predict his finish in a few rounds, the attendance at the contest would be a Will's is a card, regardless of the light esteem in which he has been held by the critics. He is big, he is strong, he can punch, and he has never had a chance to beat Dempsey. They say that Will is none too stout-hearted, but the same experts who point out his lack of gameness were the critics who said that Tom Gibbons was timid and would not have a chance with Dempsey.

With a chance to tune up on several preparatory bouts, Will has a chance to be in better fighting fettle than the champion. Dempsey is so constituted that he has to have a lot of work to keep on edge and will not get that work on a motion picture lot.

Dempsey was not in shape when he met Gibbons. The penalty for remaining away from his profession so long was a blotch on his record where, after the date of his championship winning contest, no fighter had appeared as staying the limit with him.

Against Firpo the champion was in superb condition. It was not his training routine that brought him around into shape. It was his contest against Gibbons in Shelby that got the mechanism of his fighting machine functioning perfectly. SETS NEW MARK IN BOWLING TOURNEY. SAMOAN CHIEFTAINS REHEARSE THEIR OWN FUNERAL OBSEQUIES

Appoint Successor and Then Listen to Lamentations of Friends.

Pago Pago, American Samoa, April 16.—(By Mail to Associated Press).—Samoans of rank often hold rehearsals of their own funeral obsequies. Many chiefs have built their scutches, to be certain of a comfortable and becoming resting place.

When a Samoan chief desires to review his funeral rites, he announces his

intention to his family. He first selects and appoints his successor in title, and assures himself that after his death there will be no opposition to the new chief from members of the family. Preparations for the death ceremonies then are made. The retiring chief goes through a figurative death, looking on at the funeral mourning and feasting.

A few years ago a leading orator named Mago decided it was time to die, and attending a rehearsal of his funeral. He still lives, walking about with a stately air and looking hearty for an old man. He spends most of his time reading his Bible and attending church services. He refuses to take part in affairs of a temporal nature connected with his family or village. He is a veritable example of a "living corpse."

The Samoans show great reverence for their dead. The ceremonies attending the death of even a person of low rank are elaborate and expensive to the family of the deceased.

In the days before the introduction of Christianity, in 1830, and for many years afterward, when the Samoans worshipped their tutelary gods, there was greater funeral ostentation than at present. Members of the family held vigil over the body, fasting in silence for several days. The body was wrapped in many folds of native tappa cloth, and to relieve any cadaverous appearance the face was tinged with tumeric. Outside the house, all the night before the funeral, there was lamentation and gashing of bodies with knives and stones, while the people

Was Constipated For Several Years

If you have suffered from constipation for years, tried all kinds of remedies without getting relief, if you have been subject to all the miseries associated with constipation, wouldn't you consider it a blessing to be able to keep the bowels regular and in a good healthy condition and prevent disease getting a foothold on your system?

Milburn's Laxa-Liver Pills are indicated just for this purpose; their regular use relieving the worst cases of constipation.

Mr. M. Hedican, Sudbury, Ont., writes: "I have been troubled with constipation for several years. I began to use Milburn's Laxa-Liver Pills and find them to be the best remedy I have ever used for regulating the bowels and liver. I always keep them now and recommend them highly."

Milburn's Laxa-Liver Pills are 25c. a vial at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

HOPES TO MAKE OLYMPIC TEAM

Any way, Chaliapin had never seen some of the favorite old Chaplin pictures, like "Shoulder Arms," "A Dog's Life," and "The Kid." So Charlie agreed to run them for him.

They sat together in the little dark projection room and so pleased was the great Russian that he burst into song and sang with gusto and delight all the way through the many reels—sang anything and everything which came to his mind. When it was over he thanked Mr. Chaplin for the entertainment.

"You had been so kind for to show me these pictures," he said.

"And you've been very kind to give me such a wonderful concert," said Charlie, and they parted with mutual smiles of admiration.

NEW COMPANY STARTS.

Hobart Henley, who recently signed a long-term contract with Louis B. Mayer, will be the first director to start production under the gigantic merger of the Metro-Goldwyn-Mayer companies.

The noted director will film "Free Love," an original story by Benjamin Glazer.

Eleanor Boardman, who has just finished work in King Vidor's "Mary and Max," will play the leading feminine role opposite Conrad Nagel.

Adolphe Menjou will play a similar type part in Henley's picture which won him fame in "A Woman of Paris" and "The Marriage Circle."

NEWS NOTES GATHERED FROM WORLD OF STAGE AND SCREEN

FROM BUSINESS TO STAGE

Ambrose Wyrick, a successful Chicago business man, has decided to jump from a commercial career to the stage. This because business friends told him he had an exceptional voice and advised the change.

He will be one of the principal entertainers at the Republican convention in Cleveland and will follow that with an entertainment for Mrs. Calver Coolidge, when the president's wife holds a reception for the club women of Illinois at the White House.

When Chaliapin, the famous Russian baritone, visited Los Angeles on a concert tour recently, he went out to Charlie Chaplin's studio.

Every famous person who comes to town shows up sooner or later at the Chaplin studio, and Charlie immediately stops work because he is so horribly self-conscious he can't work in front of them.

CHILD ACTRESS IS CLEVER

Louise Borders is not only one of the screens most beautiful blonde kiddies but is a mental wonder as well. While but just past five years of age she can readily spell many words, add and counts and is beginning to read music and play the piano.

At a recent banquet given by the Eastern Star (L. A.) she gave a reading and demonstrated mental work which was pronounced by the guests to be a marvel.

VALENTINO RETURNS.

"Monsieur Beaucaire," marking the return to the screen of Rudolph Valentino, will soon be released. This picture was directed by Sidney Olcott at Paramount's Long Island studio with Bebe Daniels, Lois Wilson, Doris Kenyon, Lowell Sherman and others.

TO SCREEN "PETER PAN."

"Peter Pan," Barrie's immortal fantasy, will at last reach the screen. The picture will be produced by Paramount picture and will probably be this summer and will probably be released during Christmas Week. It will be produced by Herbert Brenon and the producers are now canvassing the entire theatrical world for the player to fill the role originally created by Maud Adams on the stage.

Mooney, of the Shamrock Club and W. J. Vaughan, of the Fredericton Club.

Thomas Morrissey, Fred Mahoney and William Riley, St. John; Frank Hughes, Fred McLean and T. Donovan, Fredericton; R. Algie, C. Hicks and F. Dayton, Moncton, were appointed official umpires for the League.

The schedule was drawn up after considerable discussion and will extend over a period of 15 weeks, giving each team 48 home games and 48 out-of-town games. Each team will have two holiday games at home and two out of town. The holidays considered were May 24, June 8, July 1 and Labor Day.

As it was necessary to make considerable revision only the schedule for the first week was finally settled, as follows:

Saturday, May 24.—Shamrocks vs. G. W. V. A. in St. John; Fredericton vs. Moncton at Moncton.

Monday, May 26.—G. W. V. A. vs. Fredericton at Fredericton.

NO DELEGATION TO OTTAWA JUST YET

Port Committee Will Send Letter—Encouraged Over the Outlook.

At the meeting of the "port committee" held this morning in the office of Mayor Potts it was decided to send a letter embodying the claims of this port to consideration and just what the committee felt it was in justice entitled to before sending any delegation to Ottawa to personally press the matter. The members of the committee expressed themselves as much encouraged over the outlook for more business for the port.

Mayor Potts presided and there were present in addition, F. M. Ross, L. V. Lingley, Hon. W. E. Foster, A. P. Paterson, Commissioner Bullock and H. C. Schofield.

The committee discussed the matter of sending a delegation or writing communications and it was finally decided that before any delegates were sent the matter would first be taken up by correspondence with the C. N. R. officials and the government.

The committee are engaged in gathering information from shipping and other interests on the best way of approaching the situation and tabulating the information gathered up for presentation of their case for a just share of the Canadian trade.

From the information which has already been gathered the committee feels much encouraged over the prospect of being able to present a strong case and from reports received, it was said today, they believe that the request for more trade will receive a sympathetic hearing from the officials of the C. N. R. when it is presented.

OLYMPIC COACH IS HERE TODAY

Capt. J. R. Cornelius Has Locals and Others at Rothesay.

Maritime Olympic track and field aspirants assembled this afternoon at Rothesay and came under the experienced eye of Captain J. R. Cornelius, head coach of the Canadian Olympic team, who arrived in the city this afternoon from Hamilton. Included among those who went through brief workouts for the head coach were "Billy" Maynes, St. John's promising quarter miler, Malcolm, of St. John, shot putter, Frank Campbell of St. John, Erin Smith of the Dominion Olympic club, and Timothy of Halifax, sprinters. Others are expected tomorrow.

Claiming no record-breaking performers but quietly confident of making an creditable showing for Canada as in previous years at the Olympic games, Captain Cornelius conversed with a Times-Star reporter on his arrival this afternoon at the Dominion Olympic club. He said that he has some very promising material but whether of Olympic calibre remains to be seen," he said. He spoke very favorably of Maynes' showing at the Dominion championships at Halifax last fall.

Francis and Pickard of Hamilton, both of whom were developed under Captain Cornelius for the pole vault, are performing in excellent style this year. He says they are doing around the 12-foot mark and better. When mention was made of the pole vault performance in putting the 12-pound shot 47 feet on his second try of the season, the head coach remarked it was "good work." He added that a High School boy from Hamilton in a dual meet last Saturday with the Buffalo High School heaved the shot the same distance. Malcolm's ability, he said, to handle the 16-pound shot which is the Olympic weight, will be tested this afternoon.

Captain Cornelius will remain here coaching the athletes at Rothesay until Sunday. He then will leave for Montreal where he will remain for three days looking over Quebec material. On May 24, he is scheduled to attend the interscholastic games at Toronto. He is to be in Winnipeg for the western trials from May 31 to June 4. On June 7, he will be at the Ontario trials in Toronto and from June 8 to 20, he will be at the Montreal camp.

He was met on his arrival here by A. W. Covey, president, and A. C. Millie, of Halifax, vice president, of the M. P. B. A. U. of C. Mr. Millie returned this afternoon to Halifax. Johnny Dee, Wanderers A. A. A. trainer, of Halifax, is at Rothesay to take charge of the training schedule mapped out by Captain Cornelius.

MAINE DERAILMENT MAKES TRAINS LATE

Freight Blocks Rock Cut, and St. John Bound Trains Detour.

As a result of a derailment of a westbound freight train near Woodward, Me., the Montreal passenger trains No. 40 and 16 were late arriving in the city today. The derailment took place in a rock cut and as it was impossible to get around the wreck a long detour had to be made. No. 40, which was due in the city this morning at 6:15 o'clock did not arrive until 1:10, and No. 16 due at 1:30 was reported running two hours late. A report received at local headquarters of the C. P. R. this morning said that the number of cars had been derailed, but none was injured. J. W. Woodman, general superintendent of the C. P. R. New Brunswick district, left this morning for the scene of the wreck.

CITY PUBLIC WORKS.

Among the operations which the public works department have planned for the immediate future is the macadamizing of Union street, from Prince William to Dock, and Douglas avenue, from the end of the permanent paving to the highway bridge, it was said by Commissioner Frink this morning. Another job which will be undertaken soon is the renewal of the steps on Victoria street, West St. John.

"SCOTTY" AWAY TOMORROW.

"Scotty" Sterling expects to leave tomorrow night to join the professional baseball team at Montpelier, Vt., in the Canadian League, preceded over by Joe Page. The league opening will take place within a few weeks, and the team manager has asked Sterling to come along at once and work out. A report from Fredericton has it that "Dauber" Paynter, pitcher last year with the capital outfit, will not figure on the Fredericton lineup this year, but will try his luck with a club in Maine this season.

THE FRESHET.

It is reported at Indiantown today that the water in the St. John river has risen a few inches as a result of recent rains. The water is still over all of the wharves, but aside from inconvenience it is not interfering with the handling of passengers or freight on the steamers. As high tides are predicted in the harbor around the first of the week it is expected that the water in the river will come up considerably, but it is not anticipated that it will be anywhere near the height of the freshet last spring.

AT THE DRY DOCK.

Repairs on the Norwegian steamer M. H. Kongshavn will be completed by Monday of next week, it was announced this morning at the dry dock. The steamer, however, will remain at East St. John for about two weeks before sailing to her home port, Haugesund, Norway, in order to complete her crew for the ocean voyage. The four-masted schooner Susan B. Cameron will be hauled off the marine slipway tomorrow morning and will proceed to the Charlotte street extension wharf to load general cargo for Barbadoes.

CONFUSION OVER TAG DAY IS ENDED

Tomorrow Will be for the Benefit of Boy Scouts in St. John.

The Boy Scouts' Association will hold a tag day tomorrow and the Salvation Army will have one on June 7. Some confusion over the dates was caused this morning by an advertisement issued from the Canadian Headquarters of the Army which stated their tag day was tomorrow.

This advertisement applies to the rest of Canada but not to St. John, where the date for their appeal was fixed upon as June 7. Major Burrows when questioned about the matter this morning stated this advertisement had appeared without his knowledge, as being issued from Toronto, and he expressed the hope that it would not in any way interfere with the success of the Scouts' tag day.

The situation brought out rather vividly the value of advertising, for the Telegraph-Journal had not long been opened in homes or offices until the many interested in the Scout appeal of tomorrow were telephoning about the matter. The Scout Association executive was hurriedly gathered together. His Worship Mayor Potts was communicated with and it was found that the tag day permits for this year were issued under the former regime at City Hall.

When they were informed that it was not the intention of the Army to hold their tag day until June 7 they were a much relieved executive and they were able to resume the normal duties of life with their minds at peace.

Not only were the executive concerned about the matter, but many friends of the Scouts called up The Times to know if there were to be two tag days tomorrow and all were much pleased to learn that the announcement of the Salvation Army "tag" was a mistake.

GIVES UP POST IN "PRO" LEAGUE

Harold Ellis Finds Appointment Affects His Office With Amateurs.

Harold Ellis, who was appointed vice-president of the New Brunswick professional baseball league at their meeting last evening, announced to The Times this morning that he would not be able to accept the position. He explained that he had accepted the nomination in good faith and only this morning learned that if he was associated with a professional club he would be barred from holding office in any amateur organization. As he is president of the St. John Amateur Athletic Association he decided to withdraw from the professional club. He interviewed President A. W. Covey, of the Maritime branch of the A. A. U. of C. this morning, and was assured that if he resigned his amateur status would not be impaired.

Mrs. Chipman was formerly Miss Starr of Starr's Point, N. S. and is survived by her husband, one son, Dr. L. Dev. Chipman of this city; three daughters, Mrs. Howard Graham of Springhill, N. S.; Mrs. Joseph Small of Winnipeg, and Miss Margaret, at home; one brother, C. R. H. Starr of Wolfville, and one sister, Mrs. Pattullo of Toronto.

THE PLAYGROUNDS

Commissioner Frink said this morning that he had received a request from the Playgrounds Association to have the Allison grounds, Rockwood Park, seeded down with grass and material for this work had been ordered. It was the intention first to harrow the entire field, then seed it down and roll it, and it was hoped by fall to have a good sod on the grounds. It was also the intention to have the west side playgrounds dis-harrowed and seeded down this spring.

As Hiram Sees It

"Well, sir," said Mr. Hiram Hornbloom to The Times reporter, "I had a talk today with that Col. Innes, that's working for the Maritime Development Association. Say—it was fine. Now there's a feller that thinks these here provinces is all right. He's a Bluenose. When I got done talkin' to him I felt like goin' back to the Settlement an' h'istin' the flag. He says they ain't got no notion of makin' everybody rich over night—but they do say we haint got no call to crawl into a hole an' starve to death. Now I don't know how far they'll git with their plans—but just to know they're wakin' people up an' talkin' about the good times ahead—instid' o' sheddin' tears over what is an' has been—makes a feller sorta feel he'd like to travel in that kind o' company. Why he made me wish I was forty year younger—so I could see these here provinces when they git into their stride. He did so—By Hen!"
