ANGLICAN DIOCESE IN JAPAN

Decision Made at Canadian Synod Meeting Yesterday—The Indian Question Taken up

London, Ont., Sept. 9.—The formal decision to establish a diocese of the Canadian Anglican church in Japan was made yesterday at the general synod meeting. The motion was put to both the house of bishops and the house of representatives, sitting together as the board of missions, and was passed unanimously.

It was missionary day at the synod and the presentation of the board of management of the mission society of the church to the board missions occupied the day in its entirety. Both morning and afternoon sessions, which were presided over by the primate, were occupied by the reading of this comprehensive report by Canon Gould, of Toronto, the general missionary secretary.

The Indian, his past and present and his future, occupied much of the debate of the afternoon, a debate that culminated in a memorial being drafted for the presentation to the dominion and provincial governments, that in the opinion of the general synod, the Indians might profitably be employed in the conservation of natural resources of the country.

Archdeacon Robinson of Moose Factory, who introduced the resolution to the house, started the debate on the Indian question. There should be a change in the educational system in handling the Indian children of Canada, he declared, for to keep them up in schools was the equivalent of condemning them to the underlife. Their natures demanded something different.

Outdoor occupation, such as fire ranging and kindred pursuits, were further suggested as his life work. His physical constitution demanded work of this nature, not the confining restricted life of factory or shop.

G. B. Nicholson of Chapeau, Ont., said the extension of railways throughout the northwest country was slowly driving the Indian out of his present sphere of life, and that unless something was done in order that the Indian might be made use of the problem would become a serious one. He suggested that the matter be taken up with the government.

This was the idea of many of the delegates, and in addition to the resolution to memorialize the government, a second was passed appointing Archdeacon Robinson of Moose Factory, and the bishop of Mackenzie, Moosonee, Keewatin, Algonia, Saskatchewan, Qu'Appelle, Athabasca, Yukon and Kootenay a committee to investigate the secular, religious and educational welfare of the Indian people, and the application of the funds from the sale of reserves.

LABOR CANDIDATE COMES OUT STRONGLY FOR RECIPROCITY

James Richards, the Labor candidate in East Toronto, has issued a statement explaining his platform. He says: "The matter of reciprocity is one that should never have been made a party question. Believing that it is in the interests of Canada to have freer trade relations with our neighbors, I am prepared, if elected to the House of Commons, to support the present reciprocity agreement with the United States providing for freer interchange of natural products."

GERMANY MAY HAVE TO RESORT TO A SPECIAL TARIFF

Berlin, Sept. 9.—(Canadian Press)—Continued uncertainty of belief as to the outcome of the prolonged Franco-German conversations, added to bad crop prospects and the weakness of Wall street, has caused considerable depression on the bourse. There is an increased number of runs on saving banks in various cities of Germany, notably in Königsberg.

The Berlin chamber of commerce in view of the high price of food stuffs, will petition the government to supply the third special tariff on grain, fodder, etc., so as to check the export of grain. The merchant's guild of Berlin is moving to secure the importation of food stuffs from America and Argentina.

Jackson, Mich., Sept. 9.—Dr. Joseph F. Sullivan, a veterinary surgeon, whose wife was found dead in bed at the family home here, has been arraigned on charge of murder.

HOW \$700,000 WILL BE SAVED TO CANADIAN HOUSEWIFE

A Brief List of Articles Used in Any Home Shows Large Taxes Now Being Levied on Food of Canadian Workers—How Reciprocity Will Help

(Toronto Star).

Every housewife should welcome reciprocity. It will mean cheaper food for her family. For instance, there is the potato. During a portion of the year the Canadian article is not on the market. The Dominion must get its supply from the States. And in a single year the duties on potatoes coming into Canada amount to over \$45,000, with \$3,750 additional on sweet potatoes and yams. Under reciprocity, potatoes and yams will come in free.

Canada imports yearly from the States \$20,000 worth of dead poultry, and the duties collected amount to over \$10,500. That sum will not have to be paid when the reciprocity agreement is ratified. It puts dead poultry on the free list. Cabbages, onions, tomatoes, and other vegetables come in yearly from the States to the extent of over \$600,000 worth. Every housewife knows that there are seasons of the year when these have to be imported, because the Canadian article is not on the market. The yearly duties on these U. S. products coming into Canada amount to nearly \$200,000. But these duties will not have to be paid after reciprocity in natural products becomes law.

The same thing is true of apples, cherries, peaches, berries, grapes, cranberries, plums, currants, quinces, pears, and other fresh fruits. Housewives may not realize that Canada imports over \$1,200,000 worth of these from the States in a single year, but it is so. The duties on them amount to about \$240,000 per annum, but the reciprocity agreement places them on the free list. Then there's the melon. Three cents a piece must now be paid on all imported from the States. That duty also vanishes under reciprocity, a saving of \$22,000.

Dried fruits are brought in from across the line to the extent of nearly 4,000,000 pounds per year. The duty paid on them amounts to \$80,000. This \$80,000 is absolutely remitted by the agreement. Of eggs, Canada brings in the huge total of nine million per year. The duty on them is three cents per dozen. This three cents per dozen is stricken off by the reciprocity agreement, a saving of over \$22,000.

These are but a few of the things which reciprocity will bring to the Canadian housewife. The duty which is now paid. But these few items alone represent a remission in duties amounting to the sum of nearly \$700,000. Does the housewife wish this levy to continue? Will the man who has to foot the bills vote against an agreement which will make food cheaper?

REFUSED TO INCORPORATE "HELL" AS A COMPANY

Albany, N. Y., Sept. 8.—(Canadian Press)—The secretary of state has refused to incorporate "Hell" as a company. The New York city law firm recently forwarded a certificate of incorporation with that name for a proposed concern to conduct cafes and restaurants. The secretary returned the papers with a letter in which he said: "While the statute with reference thereto does not specifically prohibit the use of such a name, in my opinion it would be against public policy to permit it."

CHEERING WORD FROM MISSIONARY IN CHINA

Toronto, Ont., Sept. 9.—All well here and at all our stations, for which we are all grateful, there are no disturbing rumors amounting to anything in West China. We trust to get through the summer safely," was the cable received by Rev. E. T. Shore, secretary of the Methodist Foreign Mission Board yesterday from Dr. K. H. Bourassa who has charge of the Methodist missionaries in China.

SASKATOON MILL BOILER EXPLODES, ONE MAN KILLED

Saskatoon, Sask., Sept. 9.—A fatal boiler explosion occurred yesterday morning at the Saskatoon Lumber Company's mill in Avenue M south. The victim was night watchman named Stanley Morley. He came to Saskatoon from Ontario and was of English descent.

OTTAWA POLICEMAN STABBED

Ottawa, Sept. 9.—Stephen Downey an officer of the local police force was stabbed, but not dangerously wounded in a scuffle with an ex-convict, Sidney Goodwin who he was endeavoring to arrest. Downey was conducting his man to a telephone to summon the patrol wagon when Goodwin drew a knife and lunged at him. The policeman held on to his assailant until help arrived.

ECHOES OF THE GREAT CAMPAIGN

IS TRYING INTIMIDATION

The president of the Canada Sugar Refining Co., is trying to persuade the employees of the company with the false threat of reciprocity will lead to free trade in manufactures and destroy the industries of Canada.

THE FAVORABLE NATIONS

As to the talk about opening our markets to twelve other countries under the most favored nations' treaties of Great Britain, Mr. Henry Laurier in a recent speech declared that Canada had nothing to fear from this, these countries being obscure states from whom we had nothing to fear, while a practical agreement had been made with Great Britain for the sharing of such treaties if they interfered with Canada.

A LUMBERMAN'S VIEWS.

Peter Lund, of Warner, B. C., has come out strongly for reciprocity. This well-known lumberman has made the following declaration: "Although I have been a supporter in the past of the Conservative Party in the Province of British Columbia, I cannot at this time consistently support this party."

"We, who have cast our lot in the far north, in a cold, rugged, and, in many instances, desolate country, should not sit upon having and enjoying all the luxuries and comforts of the commodities that are produced in the sunny south, and they should be available, not only in the homes of the wealthy, but also should be in evidence on the table of every citizen of Canada and that of his family. These commodities should be obtained at the actual cost of production, transportation, and distribution, plus a reasonable profit on these operations, and nothing more."

(S. W. W. PICKUP'S MANIFESTO)

The important interests of the farmer, the fruit-grower, the fisherman and the lumberman have been carefully guarded. No such opportunity has ever before come to them whereby they could secure such a large and valuable market for the disposal of their produce. It will add to the value of the farmer's hay; it will make profitable the growing of the grain and the early varieties of apples and the value of the fruit in the market has already been found to some extent in the United States; it will give to the lumberman a new and stable price for his catch and save him hundreds of thousands of dollars that will go into his pocket instead of into the treasury of the United States; and it will increase the value of the lumberman's lands in all parts of the province.

ALL WILL RECEIVE BENEFIT

The Hon. Mr. Graham in a recent speech discussed the reciprocity question, arguing that it would increase the prices of farm products and other luxuries, bringing in many fruits and other luxuries at prices which would place them within the reach of all, while it would not increase the cost of living.

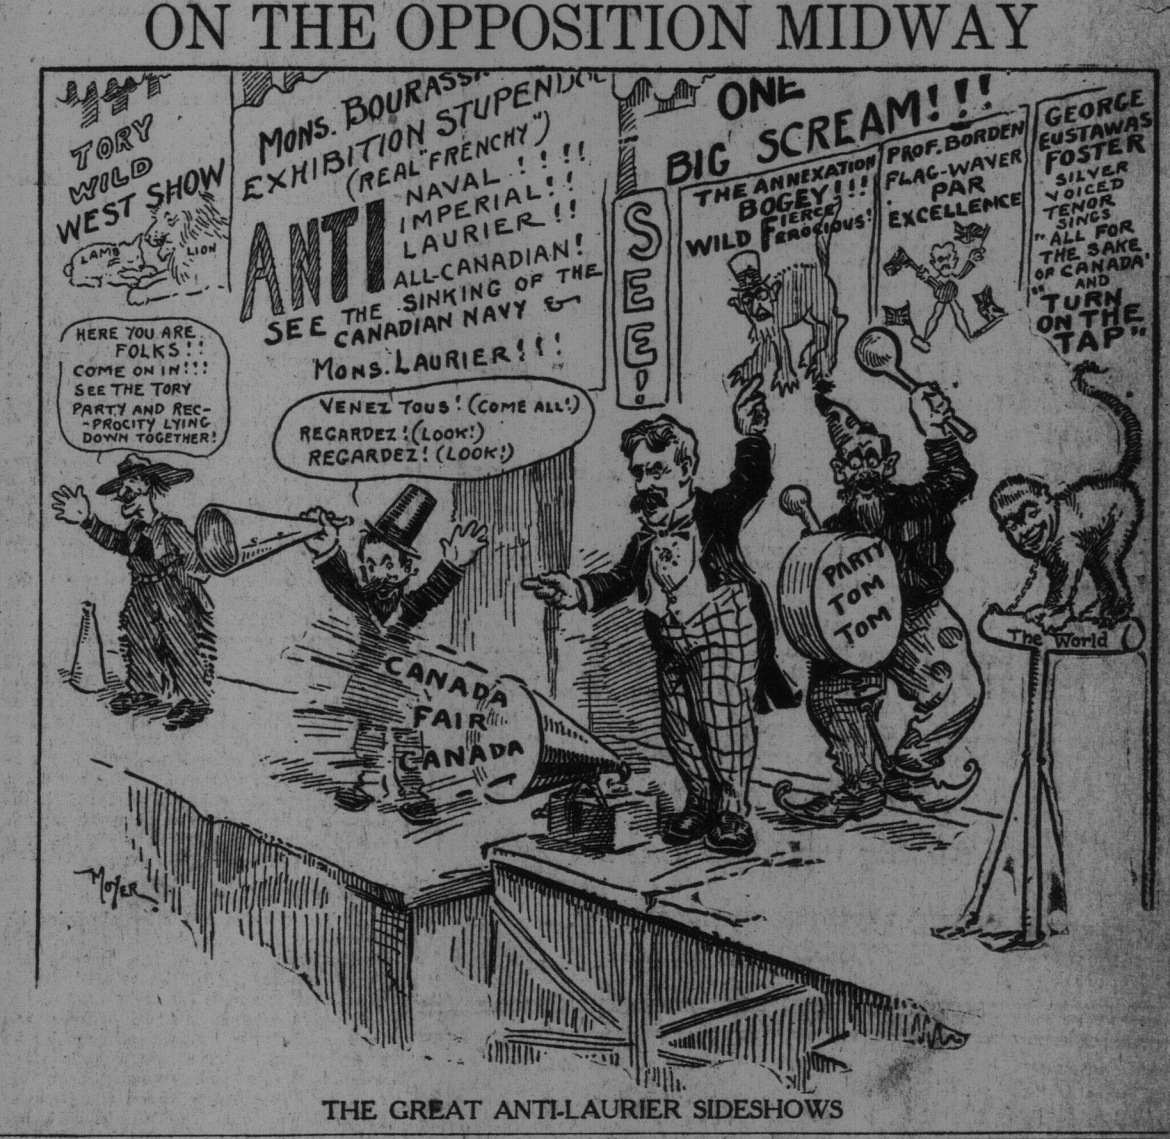

As to wheat, Mr. Graham said that Canada now produced wheat in excess of the whole of the British Islands, and would look to further markets, which would be furnished by the United States, which would soon become a wheat importing country.

In the same way reciprocity would keep the farmers from being "squeezed" at both ends of the hog with their pork products by freeing them from trade domination, which kept the price to the farmer down and that to the consumer up, while the price of cheese, horses and other farm products would go up without increasing the cost to consumers in Canada.

VAN HORN'S FEAR.

(Montreal Witness)

For inconsequence we have not seen the argument of Sir William Van Horne at St. Andrews against reciprocity. Sir William announced his sublime contempt for those who would consider a few cents on their hay, potatoes and turnips when their country was in danger. As to the danger to the country, when a man like Sir William Van Horne, who has such a horror of union with that country, he needs have little fear of the rest of the coming overgrownness. His statement that the agreement destroys our fiscal independence, made no doubt out of course.

WITCH HAZEL IS TOWED HERE TO BE REPAIRED

The American three-master Witch Hazel, Captain J. F. Britt, arrived in port last night in tow of the tug Lillie, from Mississippiport, Me., where she had been ashore. The vessel left here on August 25 with lumber for Bangor, Me., but springing a leak in a gale and had to be beached. It was a trying ordeal to which Captain Britt and his crew were subjected, and it was only after hours of the pumps that they obtained relief by running their vessel on the mud.

On Friday last, when about sixty miles southwest of Mount Desert Rock, Maine, the Witch Hazel ran into the gale and labored in heavy seas. It was not till the following morning, however, that she commenced to leak, and it was necessary to keep constantly at the pumps. After being all night the vessel was finally gotten into Machiasport. Other than the leak in the hull, it is not damaged. It will be necessary to discharge her to insure.

SOLD GOVERNMENT SECRETS; GOES TO PENAL SERVITUDE

St. Petersburg, Sept. 9.—A military court at a private sitting yesterday tried and sentenced to eight years penal servitude and a loss of his rights Captain Postnikoff, of the general staff, for having sold to the Japanese government secret documents to agents of three powers.

As a result of the conviction of Captain Postnikoff the government has closed the Espionage League which it declared to be a convenient screen for international spies.

PROSPEROUS CANADA

Ottawa, Sept. 9.—Canada's trade continues to expand, as shown by the financial statement for August just issued by the finance department. The account for the five months above revenue receipts of \$22,000,016, an increase of no less than \$5,295,246, as compared with the corresponding five months of the previous fiscal year.

Boston, Sept. 8.—Three men charged with manslaughter in connection with the death of Lieut. Wm. A. Whittier of the Revenue Cutter "Androscoquin" recently were discharged in the Municipal Court yesterday.

What British M. P's Say About It

Three members of the British parliament, Mr. Hamar Greenwood, Mr. I. Allan Baker and Sir Henry Davies, were interviewed in Montreal on Wednesday, and all were in favor of reciprocity and ridiculed the idea that there was an imperial danger in it. Mr. Greenwood, speaking of Bourassa, said: "The policy of Mr. Bourassa and Mr. Monk means the break-up of the British Empire, and I for one hope the people of Quebec will not support them."

BORDEN AND BOURASSA, OR LAURIER AND LOYALTY---WHICH

We Hoe Our Own Row

Canada cannot withdraw from a trade agreement with the United States, once formed, say the anti-Reciprocity shouters. But Canada is just now withdrawing from a fisheries treaty with the States that has not proved satisfactory. We tried it for two years and a little over; it doesn't suit us; so we call the deal off. And we will do exactly the same with the Reciprocity pact if it doesn't suit us.

THE TIMES' NEW REPORTER

AMONG THE PATRIOTS

After the Exalted Patriot had wiped his feet three times on the stars and stripes and mounted his throne at Patriot's Hall last evening, he announced that as soon as the government was defeated the transportation companies would be forbidden to land Yankees in St. John. Hotel registers would be searched and fines imposed if any Yankees were entertained there. Backboard drivers and coachmen would be compelled to disclose their nationality. Any storekeeper selling goods to a Yankee would be forced into liquidation. The motto "Canada for the Canadians" would be strung all along the borders, with warnings to trespassers. There would be a larger annual expenditure on the militia, and permanent camps would be established all along the border to shoot Yankee buyers and Yankee tourists on sight.

"Hold on there!" shouted a backbencher in the House government. "The House just given Kermit Roosevelt and a bunch of other Yankees a special permit and license to go into the woods and shoot all the big game they want before the season opens and the rest of us get a chance?"

"Put that man out," said the Exalted Patriot. "He is a traitor." In reply to an enquiry, the Exalted Patriot said that Sir William Van Horne, when he was an American citizen, was a dishonest wretch, and a menace to Canada; but since he had come to this country he had changed his mind. He had uttered just given Kermit Roosevelt and a bunch of other Yankees a special permit and license to go into the woods and shoot all the big game they want before the season opens and the rest of us get a chance?"

St. John Conservatives What Do You Say to This?

The red is for Prevost, the blue is for Nantel, our Conservative ally, and the white is for Henri Bourassa, our beloved leader! That was the cry of the Bourassa-Borden spokesman at St. Jerome on Thursday last week as he waved on high the tricolor of France. "This," he shouted, "is the flag we are going to place on high on the 21st of September." He was applauded loudly when he declared: "We will never be ready to give our families to be used as targets in defense of England."

These are the outspoken views of Hon. Jean Prevost, the authorized spokesman of Bourassa, and the confessed "ally" of Nantel, the Conservative candidate. This is the programme of the men with whom Mr. E. L. Borden has been cooped into a political alliance. Is this the policy of the Conservatives of English-speaking Canada?

The Nationalist-Conservative nominee in Two Mountains, a lieutenant of Bourassa, proclaimed the Nationalist policy when he said: "The real object of England in forcing a navy upon us was not to have our ships or our money, but to have the blood of the French-Canadians. The French in this town had once to fight for their rights against England. We are not going to fight England's battles. If you men are wise you will elect men whose ideas are not to please England." The man whom he commended for election was Mr. Nantel, the "Conservative ally" approved by Prevost, Bourassa, and Borden.

Again we ask if this accepted by the Conservatives of English-speaking Canada as a policy which loyal citizens should be asked to support?

And this attitude of the French Nationalists is adopted by the straight English-speaking Conservatives of Montreal and the English-speaking Conservatives of Quebec, the regular Conservative candidate for Missisquoi: "If I am elected I will give my word and my vote—I declare it emphatically in advance—to obtain the repeal of the naval bill. I will not support any Prime Minister, whether Mr. Borden or anybody else, who will not repeal this bill in its entirety."

The man who so declared himself is endorsed by Mr. Borden. One cannot but ask if this endorsed by the party leader, represents the view of loyal Conservatives in English-speaking Canada.

Another Conservative candidate in Quebec, Mr. James Davidson, a wealthy manufacturer of Montreal and high protegee of the Nationalist, published in French, declares himself in these terms: "If I am elected I shall work, more over, so that the rights and prerogatives of the French-Canadian and Catholic minorities of the country be recognized and respected—separate schools, recognition of the French language, etc., etc." He, too, pronounces against the Canadian naval policy.

That Dr. Piquet and Mr. Davidson are endorsed by Mr. Borden is proved by the fact that he sat on platforms with both these candidates, endorsed them, and urged their election. Are these the men to whom the loyal and honest-minded Conservatives of English-speaking Canada must commit the keeping of their party and the honor of their country?

Day by day the net is being gathered close about Mr. Borden. His consent to the treason and the nationalist manifestations of the Nationalist and of the "Conservative allies" of the Nationalists throughout Quebec has involved him in their condemnation. Goaded on by his followers, eager for office, he has quite plainly cast everything, his party honor and his country's highest welfare, into the same pot with the men who were the tricolor of France and call for "an autonomous French State" on the banks of the St. Lawrence. That is Mr. Borden's political condemnation. (Toronto Globe.)

Nova Scotia Worse Than Mad To Vote Against Reciprocity

"Yes, it is quite true that I am in favor of reciprocity, and I am going to support the Liberal candidate in this election. I have at least three good reasons. The first is that this offer of free trade in natural products with the United States brings to Nova Scotia the best chance it has had for its life, since we entered Confederation. Secondly, I believe that reciprocity will insure new life into Halifax and will rescue this old city from the rut into which it has fallen. Thirdly: I am supporting reciprocity because it was the policy of Sir John Macdonald and the policy of the Conservative party from the days of the old Reciprocity Treaty down to the day on which Mr. Fielding's agreement was announced in parliament.

The speaker was one of the most prominent business men of Halifax, and identified actively all his life with the Conservative party. In fact, there are few men in Nova Scotia who have had closer connection with the Conservative party in this city and province than the gentleman quoted. He was quite free and frank in expressing his views, but for personal reasons he did not care to have his name made public.

"Give us reciprocity and the trade of Halifax will be enormously stimulated. It will expand along lines which few men of the present generation ever thought possible. Especially will this be so in our shipping. And the benefits will extend not only to the business men but the workmen, to the producers and to all classes of the community."

He has no hesitation in saying that Nova Scotia would be worse than mad to vote against reciprocity. We have the bill at our feet as the present moment, and if reciprocity goes through, as I hope and believe it will, I am just as sure as we are sitting here that two years from now there will not be a halter's dozen in Nova Scotia who will be playing a voice against it. The contrary "speeches" will be so widespread that all will be congratulating themselves upon their wisdom in accepting it.

"FROM THE POINT OF VIEW OF A HALIFAX BUSINESS MAN AND OF A NOVA SCOTIAN, I KNOW OF NOTHING IN MY TIME WHICH HAS PROMISED SO MUCH FOR THE FUTURE UPRISING AND PROSPERITY OF THIS CITY, IT IS AN OPPORTUNITY THAT WE MAY NEVER HAVE AGAIN. RECIPROCITY IS THE BEST THING ANY POLITICIAN, GRIT OR TORY, HAS EVER OFFERED NOVA SCOTIA."

THE DOG SHOW

Entries for the dog show, which will open on the 20th instant, will close positively on Tuesday, the 19th. Interested exhibitors are reminded that every day a great number leave their entries too late, and are disappointed at the last minute. This should not occur this year. Entries should not be withheld, but should be sent in at once to the secretary, Mr. M. Lellan, registry office, or to T. McCullough, 83 British street.

With green, Norwich, limit, open, local and veteran classes in all breeds, all parts of the game are covered, and everyone has an equal chance of winning. Prizes are offered in all breeds. Local dogs have their own classes, and are not compelled to compete with imported dogs. Classes that have never been shown have their green and novice classes, where no former prizes win and no experience is required. Winners at earlier shows enter in limit and open classes, and the veteran class for dogs five years and over. The good old timers have a chance of again meeting competition on equal footing. No young dogs will be in this class.

The addition of prizes in all breeds, and diploma cards in all classes is another thing that is being favorably commented upon, and on the whole, the show is expected to be the best yet held in the maritime provinces.

SUGAR NOW 88.
The price of sugar is now higher than it has been for fifteen years and a local wholesaler yesterday. The prediction made some time ago that before long 88 sugar would be on the market, has come true. An advance of ten cents was made early this week, and another twenty cents increase brought the price to 88. The highest asked in fifteen years in St. John was in 1889 when the figure was 85. In sympathy with sugar, molasses has also gone higher, and another cent increase was made this week.

STEWARDESS OF SINCENNES DIED TODAY

A telephone message this morning from Cole's Island brought the sad news that a second victim had succumbed to the flames in the fire of yesterday morning aboard the steamer Sincennes. Mrs. Sammie Crawford, the stewardess, died early this morning. She is survived by her husband, two sons, and a brother. The body will be interred at Cole's Island.

Jarvis Purdy in a motor boat was on his way to the city with the body of Samuel Frankcombe who was burned in the fire. A stop will be made at Brown's Plate, where interment will take place.

LAST MINUTE WORDS FROM MANY PLACES

Cornwall, Ont., Sept. 9.—Word has been received from Massena Springs, N. Y., that Fred Ashley killed himself with a revolver on the farm of his brother Levi after an unsuccessful attempt to murder the latter and his wife as well as his own son. He had been drinking.

New York, N. Y., Sept. 9.—The grand jury indicted Costabile, suspected "Black Hand" leader, for violation of the "dangerous weapons" law. His trial probably will begin next Thursday.

Gary, Ind., Sept. 8.—Thomas E. Krotts, Mayor of Gary, and Walter Gibson, County sheriff, were arrested yesterday by deputy sheriffs on charges of accepting and soliciting bribes in a hearing franchise. Mayor Krotts was arrested in the city hall just after T. B. Dean, who signed the affidavit, came from the executive office with the hearing franchise in his pocket. Dean alleges he paid the mayor \$5,000.

Nahant, Mass., Sept. 9.—(Canadian Press)—Dr. Thomas Dwight, one of the foremost anatomists in America, and successor of Dr. Oliver Wendell Holmes, on the panama professorship at Harvard University, died here last night, after a long and serious illness. Dr. Dwight was born in Boston sixty-eight years ago.

New York, Sept. 9.—The local theatrical promoter who brought Beulah Buford to this city to exploit her on the stage, has abandoned the idea. "I've made up my mind to pass the girl up," he said. The Buford girl posed for a picture yesterday afternoon, but no movie pictures of her will be exhibited in the United States if the national board of censorship can prevent it.

Toronto, Ont., Sept. 9.—Two sleeping cars, new type, will be placed on the North Toronto-Montreal Canadian Pacific Railway train and if they prove popular, more will be ordered. The feature of them is a large observation room, with eight seats, occupying the whole rear portion of the body, and which opens upon a spacious raised platform, with further seating accommodation.

MAKE IT OVERWHELMING

Because of the extraordinary character of the campaign that is being carried on by the Conservatives, who practically accuse them of disloyalty, though the Conservative leader himself has a tacit understanding with Henri Bourassa, the Liberals should put forth their greatest efforts to win an overwhelming victory.

Think of the condition to which Canada would be reduced if Bourassa and his Nationalists held the balance of power at Ottawa. That would be the state of affairs if the government were defeated.

To ensure a great victory a supreme effort should be made to perfect a more effective organization than the party has ever had, even when it swept the province in 1908. We want all the New Brunswick seats this time, and a perfect organization means greater success.

The time is short. There are but nine working days. Despite all that has been done, there is still, no doubt, as a result of Conservative misrepresentation, a certain lack of clear knowledge of the trade agreement, and its effect. The educational campaign must be continued and a vigorous personal canvass carried on by the Liberal workers. The opposition are alert, active, and certainly not less scrupulous. They are making insidious attacks, and are clouding the real issue. They hope to gain strength by false appeals to the well-known loyalty of the people. They should be taught such a lesson on the 21st as will prevent them in future from dragging the flag by dragging it into a political campaign for partisan purposes.

TO THE YOUNG MEN

The young men who have to choose which of the two parties he will support in this campaign should have little difficulty in arriving at a decision. It is a choice between the Liberal party, with boundless faith in Canada, going forward along lines of policy which will lead to greater progress and prosperity, and the weak and hesitating Conservative party, which cries out to "Let well enough alone."

Surely the latter cannot appeal to the strong, vigorous, hopeful and self-reliant young manhood of a country which possesses such unbounded resources, and has made such remarkable progress during the fifteen years of Liberal rule.

Of what are the Conservative leaders afraid? Their fears are a reflection upon themselves, and upon the ability and capacity of the Canadian people. All that the trade agreement with the United States provides for is the removal of some restrictions from a trade which is already enormous. Just that and nothing more. It no more threatens the fiscal independence or autonomy of Canada than does our trade agreement with Germany or France. We have spent very large sums seeking new markets far off—why not gladly accept that which is at our door?

That which ought to appeal also to the young man is the fact that by entering upon more friendly relations with the United States we are pursuing the very policy which the mother country most desires; for King George has just signed with the United States government an arbitration treaty designed to bring Britain and the United States into closer sympathy. The St. John young man is naturally interested in the welfare of his home city, and in the plans projected by the government there is the assurance of development and progress at this port, as justify the most optimistic views of the future. In the years of Conservative rule, as Dr. Alward has clearly shown, government neglect of St. John roused universal resentment. Hon. Dr. Pugsley and the present government have changed all that, and the next few years will witness a great transformation of the water-front, just as the last four years have seen \$2,000,000 spent in the harbor.

The young man who gives thought to the conditions of today realizes that the maritime provinces have not shared as they should in the growth of Canada, because of the constant rush to the west. He will give a new impulse to the natural industries of these provinces, the coasting trade, and bring back who have gone away to other fields.

No young man who takes thought of the future of his country can view without alarm the campaign of sedition that is being carried on by a wing of the opposition party in the province of Quebec. Men who wave the tri-color, denounce British connection, and dream of a French republic on the St. Lawrence are bad enough, but when one of the great political parties accepts their aid and does not denounce their seditious utterances, the situation becomes far more serious and more dangerous to the welfare of the country. An alliance between self-styled imperialists and bitter anti-imperialists bodes ill for the country, and should be utterly condemned. The Liberal government, which sent troops to South Africa, granted the British preference, and established a navy, to the Canadian in time of peace and imperial in time of war, should never be defeated at the call of such leaders as Borden and Bourassa.

The result of the elections of Sept. 21st is not in doubt. The government will be sustained. It has the sympathy and support of the Canadian people.

THE CASE FAIRLY STATED

For what purpose does a farmer raise surplus crops?

In order that he may market them at as large a margin of profit as possible.

Why does the lumberman convert trees into merchantable lumber?

To sell the latter and gain for himself a competence.

Why does a fisherman brave the perils of the deep?

To get fish for the market and thereby secure money for himself and family.

Recognising the fact that these producers must have markets, the Canadian government has spent very large sums of money in an effort to secure them.

The wider his choice of free markets, the better chance the producer has to make a profit, and the greater certainty he has that he can always dispose of his surplus.

If he has a restricted market he must suffer when there is even a slight over-production. More and better markets mean greater enterprise in every line of production.

The trade agreement with the United States provides a larger free market for the farmer, the lumberman and fisherman. That country has offered us at our doors what we have been spending much money to get in distant regions.

Why are we asked to reject it? Just because it is so near. If it were thousands of miles away, there would be no objection from these Conservative orators.

Moreover, it is offered by people of the same race and speech as ourselves. That seems a fatal objection. If they were German or French, especially French, the agreement might be tolerable. But an insane prejudice against the American people must be kept alive by the Conservatives at any cost.

Mr. Sifton has been here and Sir William Van Horne is coming. Bourassa next?

If rank verse would win an election the Conservatives might have some hope.

The Conservatives continue to assert that they will win. Which means, if it means anything, that Mr. Bourassa will win. But they are wrong.

Read in today's Times what the Montreal Star said in 1908 about Mr. Borden, Mr. Foster and Mr. Fowler. It is still Mr. Borden, Mr. Foster, and Mr. Fowler, plus Mr. Bourassa.

The Liberals who were so warmly thanked by Mr. Hazen for placing him in power are now traitors and annexationists—are they? How quickly Mr. Hazen forgot about it.

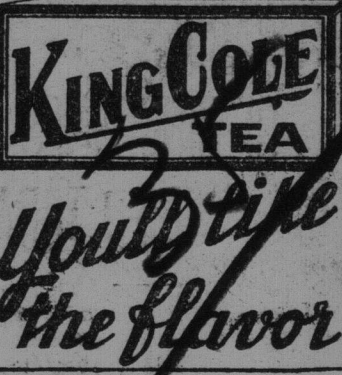

The Standard says that Sir William Van Horne will speak in St. John. The run of millionaires is large this fall. Sir William's interest in St. John is coincident with his fear that his financial interests may be affected by reciprocity.

Dr. Daniel is reported to have said last night in Carleton that the position of Mr. Bourassa on the navy is more manly and outspoken than that of Sir Wilfrid Laurier. These Conservative orators all prefer Bourassa to Laurier. And yet they profess to be loyal.

"HERE IS THE FUNNEL THROUGH WHICH THE TRADE OF CANADA MUST POUR. WHETHER LIBERALS OR CONSERVATIVES ARE RETURNED TO POWER EVERYTHING NECESSARY TO HANDLE THE TRADE AT ST. JOHN WILL BE DONE."—H. A. Powell at Queen's Rink.

NO DOUBT ABOUT THIS

"Even if England did decide to give us a preference and tax her people's food, what would she ask in return? A preference upon her manufactures. Then indeed would you see the Tories and the manufacturers hold up their hands in holy horror."—Hugh Guthrie.

THE HOUSE OF THE YEARS

Life's room, in childhood, seems a boundless place,
Full of strange corners and adventurous space;

Youth finds it wider yet, a home of dreams
With shining casements lit by rainbow gleams;

While ripen years bring firelight on the hearth,
Content and welcome, love and work and mirth;

Until the walls draw nearer and more near,
And age beholds them suddenly and clear.

How small the room! and how each thing recalls
Some memory that breathes within the walls—

Here joy stood smiling, garlanded with flowers,
Here sorrow sat through long and intimate hours;

The mirror's depth glimpses with a shadowy host
That waver, melt and in the dusk are lost;

The fire burns low, and quivers on the floor,
Yet, as an unseen hand sets wide the door,
Lo! through its arch, as to the child, appears
The beckoning vision of immortal years.

CITIZENRY

Alex. Milne

Alex. Milne, of the firm of Milne, Coutts & Co., granite workers, died suddenly of mortification at his home in St. George on Wednesday. He was about 58 years of age, and is survived by his wife, one son, and a daughter, Mrs. Mesereau, of St. George.

George N. Kilnap

The Boston Globe in referring to the death of George N. Kilnap there last week says that he was formerly a St. John man, who went to Boston when nineteen years of age. He learned the printing trade and seven years ago started business for himself, and became a well known Charles Town business man. Surviving him are his wife, one son, his parents, three sisters and one brother. He served his time with George A. Knoll of this city. His wife was a daughter of Robert Dudge of St. John.

Eczema Always Burning and Itching

Lead Box of Cuticura Ointment and It Completely Disappeared.

"I have suffered from eczema for two years. The trouble began in one of my arms, and it always was hot, at the time, burning and itching. The first I did was to use Cuticura ointment, and it did not do much good. I then used Cuticura soap and ointment, and after having used one box, my eczema completely disappeared. The Cuticura Ointment should be kept in every home." (Signed) C. O'Leary, Marquette, Que., Jan. 14, 1911.

A Generation of Success

For more than a generation Cuticura Soap and Cuticura Ointment have afforded the poetical and most economical treatment for itching, burning, scaly and bleeding skin and all humors, of young and old. A single et is often sufficient. Sold by druggists and dealers everywhere. For a liberal sample of Cuticura Soap and Ointment, post-free with 22¢, book on skin eruptions, send to Waterbury & Rising, Ltd., 79 King Street, St. John, N. B.

CAMPAIGN NOTES IN NEW BRUNSWICK

Moncton, N. B., Sept. 8.—Despite the fact that both parties in this county consider it only a matter of the size of the majority, with Hon. Mr. Emmerson, the Liberal candidate, the Liberals of Moncton are leaving no stone unturned in their efforts to give him the majority of the county, and with this end in view, rallies will be held every night from now on in the Liberal club rooms here.

Fredericton, N. B., Sept. 8.—With election day less than a fortnight away, the campaign in favor of reciprocity is being carried on with renewed energy. Those in a position to know, say that the election results will show a surprisingly large number of electors of the county in favor of better trade relations with the United States.

St. Andrews, N. B., Sept. 7.—It was whispered on the street today that the Conservative candidate in Charlottetown, Mr. Turner from Grand Manan, served notice on his late colleagues of the local house that they must get out and do "something" or he would retire from the field.

"This is a party fight," Mr. Hart is reported to have said, "and it is not fair to put the whole burden on me."

A merry war is on in the ranks of the Tory party in Charlottetown. Prominent supporters of the local representatives have served notice on their leaders that the question of reciprocity means too much in this county to be endangered and it would be well for them not to take too active a stand against Mr. Todd.

Senator King, who has been assisting Col. McLean in his campaign in St. John and Queens, was a passenger to the city on the Boston express last evening. The outlook in those counties, he said, was never so bright and he felt sure that Col. McLean would be elected with a substantial majority. In company with Mr. King, he had been at a meeting at Armstrong's Corner last evening.

Hartland, N. B., Sept. 8.—The meeting in the interests of F. B. Carvell, held on Thursday evening in Charlottetown, was attended by 600 people, the largest number ever known to gather in the hall. Frank Hagerman was chairman, Mr. B. G. P. P. E. B. Carvell, and R. N. Shaw, a former strong Conservative, were the speakers.

Waterloo, Queens County, Sept. 8.—That Col. H. H. McLean will be a member of the next parliament again next session, being given a fine majority on Sept. 21, is the verdict of even Conservatives, in the face of the fact that the same will be true throughout his constituency. Absurd campaign stories are being distributed by the Conservative party, and among other things was a charge that Hon. P. Farris and Duncan Farris, two ardent Liberals, had withdrawn their support from their party. This they have strongly denied.

ENGINEER TELLS OF THE FATAL FIRE ON THE SINCENNES

The condition of Mrs. Samuel Crawford, stewardess on the burned steamer Sincennes at Cole's Island, is said to be very serious and her recovery is looked upon as doubtful. A professional nurse is in attendance, having arrived with James Purdy and F. McMillan in the latter's motor boat last night. Yesterday an inquest was held into the death of Samuel Crawford, the cook, and his death was said to be due to fire of unknown origin.

Engineer Williams returned to the city last evening, and told of the fire. He was awakened a little after 1 o'clock, he said, by the noise of burning wood, and was amazed to see flames leaping from the port side of the ship. He jumped from his bed and shouted an alarm to the others, most of whom were still asleep. Mrs. Crawford was in the stateroom near his, and he shouted to her that the boat was on fire.

He then went below decks and spread the alarm to the deckhands, who, however, were then scrambling to safety. He was told that the cook was missing, but when he went to look for him, although he cried out loudly, there was no response. It is thought that he had been smothered before this.

Captain Mabey was awakened by Miss May Prector, assistant in the dining room, and he jumped below to where she was calling out. He pulled her through her stateroom window to the deck and set her ashore, and after this timely rescue made in getting a little of his personal effects. A mill crew employed by Alfred West, but assistance in extinguishing the fire, although it was tedious work. The people of Cole's Island treated the crew very hospitably.

FAKINE RIOTS SPREAD; A BAPTIST STATION ATTACKED

Shanghai, Sept. 9.—The fakine riots at Changou are spreading and the Anglican Baptist chapel near Quinsan has been sacked by a band of marauders from Secian. With large areas under water the wretched populace is desperate in the face of prospective starvation.

In the Shanghai market the visible supply of rice will last for about ten days.

JUST THINK IT OVER

The only difference between the R. L. Borden of today and the R. L. Borden of the campaign of 1908 is that then Mr. Borden had Foster and Fowler, while today he has Foster and Fowler—and Bourassa.

Very well. Let us glance at some exceedingly frank and spirited advice given to Mr. Borden in 1908, during the Federal campaign, by the Montreal Star which is now offering so much advice to the people of the Maritime Provinces. Speaking of Mr. Borden in an editorial on Oct. 24, 1908, the Star said:

"If he is called upon to form a ministry, he cannot afford to give Mr. Foster a seat in it. Especially ought Mr. Foster to be kept outside that high position of trust, the department of finance. He has utilized one position of trust for private profit, and it would be criminal folly to permit him to enter another where his trust funds are counted by the five hundred millions."

MORE HOT SHOT FOR FOWLER

In an editorial on that same day the Star said:

"Mr. Borden should not call to his councils a man like Mr. Fowler, who did not think it a breach of trust to put himself under the heaviest obligations to two of our greatest railway magnates when he was a member of the Parliament which must adjudge between the demands of these railways and the interests of the people."

FOSTER AND SIFTON

Again, on Oct. 22, the Star said editorially: "Mr. Foster is himself one of the chief issues of the campaign, and his presence

ignites all the inflammable materials that may be present. Both parties know that if they can rivet attention upon such champions of the other side as Sifton and Foster, they are bound to make votes for their own candidates.

"Both these men may survive in their own constituencies. Party feeling is strong. But their presence in this campaign is costing their respective parties scores of votes in every constituency throughout the country, for both have reputations calculated to kill their political friends at three thousand miles."

ONCE MORE

In an editorial advising leaders to select clean lieutenants, the Montreal Star, on Oct. 21, 1908 said:

"If Mr. Borden would definitely announce a similar intention on his part he would greatly strengthen his position with those who are today apprehensive as to the Borden ministry would be weighted with such mistakes as Foster in the finance department, Hughes in the militia department and Fowler as minister from New Brunswick."

On Oct. 19, the Star said:

"Then, Mr. Borden promises 'honest administration of our public revenues.' How is this to be accomplished? By making Foster minister of finance? By making Borden minister of militia? By making Hughes minister of militia? By appointing Fowler and Lefurgey to deal with the railway magnates? It is useless to talk to the people of giving them a more honest administration if the work of that administration is to be left in such hands as these."

REMEMBER THAT MR. FOSTER TODAY IS THE SAME MAN HE WAS IN 1908.
REMEMBER THAT MR. FOWLER TODAY IS THE SAME MAN HE WAS IN THE LAST CAMPAIGN.
REMEMBER THAT MR. BORDEN TODAY IS THE SAME MR. BORDEN HE WAS IN 1908, EXCEPT THAT, IN ADDITION TO FOSTER AND FOWLER, HE NOW HAS BOURASSA.

BIG MAJORITY FOR LOWELL IS ASSURED

Tremendous Enthusiasm at Rally Held in Fairville Last Night—Rousing Meeting in South End—It Means Triumph for Both Liberal Candidates

That Mr. Lowell's majority will be very large was the impression that was forced upon the minds of those who were present at the Fairville rally, last night, and saw the splendid demonstration of cheering and enthusiasm which marked the rally. The hall was filled to its utmost capacity and many who were unable to take part in the demonstration were seen to enter the hall in order to witness the rally. Every member of Mr. Lowell's name was heard for cheer and applause, and the members of the meeting were greeted with the certainty of victory. Mr. Borden, Mr. P., was heard in one of the best speeches of the campaign. He called the opposition without gloves, using up their false and contradictory promises, pointing out the weakness in position which made it necessary for them to seek votes by appeals to the voters of their followers and by endeavoring to breed suspicion and distrust among the people of Canada. He appealed to his own unparalled demonstration of cheering and enthusiasm which marked the rally. Every member of Mr. Lowell's name was heard for cheer and applause, and the members of the meeting were greeted with the certainty of victory.

navy was being used as an issue; here in the maritime provinces the issue was based on the idea of whether reciprocity would be for the best interests of Canada. He explained the object of having this reciprocity treaty in 1908, both parties had agreed to give up the tariff on goods from the United States. At the present time the people of Canada were buying from the United States \$23,000,000 worth of goods while selling to them only \$219,000,000 worth per year. This means that Canada is sending a much larger amount of money into the United States than she gets back. Reciprocity will help to make this balance on the other side by giving Canada a chance to send more of its natural products to the markets of the United States.

"Last year," said the speaker, "a great amount of lumber was shipped to the United States, and as the duty on certain kinds of lumber is \$1.25 per thousand feet of lumber in this article alone will leave a great amount of money in Canada which would otherwise be used for the support of the government of the United States. The duty on fish and other products of the States amounts to half a million dollars; on hay there is another half million paid; on hay, lumber and fish we are paying three millions of dollars into the treasury of the United States. With the reciprocity treaty in 1908, both parties had agreed to give up the tariff on goods from the United States. At the present time the people of Canada were buying from the United States \$23,000,000 worth of goods while selling to them only \$219,000,000 worth per year. This means that Canada is sending a much larger amount of money into the United States than she gets back. Reciprocity will help to make this balance on the other side by giving Canada a chance to send more of its natural products to the markets of the United States."

"The extension of the I.C.R. to Montreal and the building of the Grand Trunk Pacific met with the same opposition and prejudice. So far as I am concerned the measure had been introduced by Mr. Borden and opposed by Sir Wilfrid Laurier. I would have voted for it just the same, so firm am I convinced of its success."

Mr. Copp in Great Form

As Chairman Anderson introduced Mr. Copp, the speaker received with vigorous applause. It was some minutes before Mr. Copp could make himself heard and when he did, he thanked the audience for their enthusiasm and hoped that it would carry over to Mr. Lowell, their next member at Ottawa. (Applause and cheers.) "It is not necessary for me to speak for Mr. Lowell," said Mr. Copp. "His interests are yours and his whole life is wrapped up in the city and county of St. John." (Prolonged cheers and applause.) "Our friends are going about the country and their press is predicting all kinds of things. 'They are strong on predictions.'"

"T" Humphreys' Seventy-Seven Breaks up Grip and COLDS

A cold is caused by a sudden check in the circulation of the blood; you know what a gone feeling of stiffness and weakness, before the morning, cough or sore throat, is.

The immediate use of "Seventy-Seven" at this first feeling, restores the blood circulation, starts the blood coursing through the veins and breaks up the cold.

To obtain the best results a vial must be kept handy. This is easy as it fits the vest pocket. All dealers sell "Seventy-Seven." Humphreys' Homeo. Medicine Co., Cor. William and Ann Streets, New York.

Where Will the Majority of St. John Electors Be Forty Years Hence---The Time Set by Dr. Daniel For the Commencement of the Courtenay Bay Terminals, Etc.?

THE ENFRANCHISED MANHOOD OF ST. JOHN HAS NO REASON WHATEVER TO FEEL PROUD OF THE STEWARDSHIP OF ITS LATE CONSERVATIVE REPRESENTATIVE DR. J. W. DANIEL. This gentleman appears to have little or no faith whatever in the natural inclinations of this Port as a terminal. As a sort of compromise he assumes it will take at least forty years—over a generation—to develop the plans made by the Department of Public Works and transportation corporations and now in process of being carried out. He has openly opposed the Minister who has been assisting St. John to a better share, when a hearty non-partisan co-operation would have been an evidence of good faith to his constituents, furthermore an evidence of that spirit—Home before Party—which invariably finds an appreciation in the hearts of true citizens. Dr. Daniel would today be politically much stronger had he stuck up for St. John instead of endeavoring to retard her progress. Despite the late Conservative member's direful prediction about his own constituency, the development of this Port will go on apace and it is the firm belief of the sensible electorate—many of them strong Conservatives, men of good judgment and true citizenship—that the Liberal Government's programme as regards St. John harbors will be proceeded with as already announced. Big British firms say so, government officials say so. Who knows best?

SOUTH END MEETING

The St. James street meeting was one of the most enthusiastic ever held in this part of the city.

W. J. Mahoney in Able Speech
W. J. Mahoney, the first speaker, was accorded a fine reception. In opening he paid a great compliment to James Lowell, the candidate for the city and county, and said that since Mr. Lowell was a man of the common people he was deserving of their united support. His record in the local legislature he said, was one of which he might well feel proud and he was sure that the city of St. John could not choose a better fitted man to help the minister of public works carry on his great work of development at this port. Turning to the question of reciprocity, he went into the history of it very fully and showed how the attainment of it had been the goal of all great Canadian statesmen. Taking up the disability cry raised by the Conservatives, he pointed out the inconsistency of it by showing the enormous extent of trade being carried on between the two countries at present. The Conservatives themselves are doing business with the United States. The men that worked on the farms, in the woods, in the mines and out on the sea, and the consumers, were the ones who were going to reap the benefits. This, the great trusts and monopolies realized, and, using the Conservatives for their machinery, they were doing everything in their power to rob the people of these benefits. As they were today, the trusts are always the enemy of the workmen. To him he could see nothing but a victory for the workmen. (Cries of hear, hear, and great applause.)

When reciprocity went into effect he did not look for greater prices for farm products. What he did look for, and what he was sure would come, would be a greater and a steadier market. Mr. Lowell next told of the evils which would inevitably follow the repeal of the tariff. He said that the only salvation for the lumbermen now was the construction of the present reciprocity treaty. He told how in the event of the trade agreement not being endorsed, the firm of Stetson, Cutler & Co., who at present pay \$140,000 in wages, would have to remove their mills from St. John. In reply to the question of the duty on lumber, he said that the duty on lumber was a great burden on the lumbermen and that the only way to get rid of it was to have a free trade agreement. (Cries of hear, hear, and great applause.)

Mr. Lowell's Great Reception.
The announcement by the chairman that James Lowell would be the next speaker was the occasion for a great outburst of applause. The audience arose and cheered him again and again, and, in fact, so continued the cheering that it was several minutes before he could make himself heard. He said that it was a source of great pleasure to him to have an opportunity of addressing the electorate of Lower Cove. In coming before them, notwithstanding the fact that on the night of the Borden parade a conspicuous banner read "What has Lowell done for St. John?" he did not feel that he was in a position to do much for St. John. (Great applause.)

The Conservatives had a chance to do something for St. John and did they do anything? Cries of "No, no." What a sorry contrast eighteen years of Conservative rule makes with fifteen years of Liberal rule! (Cheers.)

Up to six months ago, Mr. Lowell said, the electors were cognizant of this fact, but they have since then been misled by the Conservatives and their agents. Sir Wilfrid Laurier and his party would be returned to power with one of the greatest of the electors, Sir Wilfrid Laurier, then the Liberal campaign being put up by the Tories was strikingly demonstrated last Tuesday night when Mr. Lowell was held forth on the houseless cause, in the Queen's park. While Mr. Borden was trying to make his hearers on the outside of the hall believe that reciprocity meant ruin for the farmers, Mr. Lowell was telling an audience on the outside that it would be the consumers who would suffer. (Cheers.)

In reply to the insinuation of the opposition, that the minister of public works had no authority to promise that the work of development in Courtenay Bay would be carried out, he said that, as a lawyer, he knew that the advertisements calling for tenders for the work could not have been issued without the authority of an order-in-council. As further evidence of the sincerity of the tenderers he told of conversations which he had had with several business men of this city who had been approached by their agents and representatives, who were in the habit of gathering data on which to base their tenders. One of these men had told him that if he secured the order which he desired it would mean that he would have to increase the number of men on his rolls from eighty to five hundred. (A weak and foolish argument.)

Dr. Alward showed clearly the weakness of the argument that the transcontinental trade would be diverted from St. John as a result of reciprocity. He said that Mr. Sifton had been put forward as an exponent of that theory, and as an exponent of reciprocity, and he dismissed Mr. Sifton with a quotation from Sir Charles Tupper to the effect that "there is not a constituency from Sydney to Victoria that would disagree itself by electing such a man as Sifton," adding "And that is the man that the Conservatives are now cheering." (Prolonged cheering.)

Dr. Alward showed that he had given the subject the most careful and conscientious study, and his remarks readily exposed the weakness of the arguments advanced in opposition to it. He showed that the trade agreement would result in the greatest good to the greatest number of the inhabitants of Canada, the only test by which the value of a Canadian policy can be measured. (Applause.)

At the close of his speech, Dr. Alward was again vigorously applauded, and the meeting was concluded with rousing cheers for the King, the Liberal candidates and Sir Wilfrid Laurier.

The best answer to the Tory assertion that the New Brunswick farmer does not take advantage of his opportunities is found in Aroostook Co., Maine. The New Brunswick farmers who went there and got access to the larger market at once began to make money, and today they travel in automobiles. Give our farmers at home the same chance and watch them grow.

Dr. Alward's Rousing Speech.
Fired by his enthusiasm for the welfare of the port of St. John and the doctrine of reciprocity, which he has always been a consistent believer, Dr. Alward gave a rousing speech. When introduced by the chairman, he was greeted with hearty cheers that showed how sincerely his independent and manly attitude in this campaign is appreciated by the electors.

Women's Secrets

There is one man in the United States who has perhaps heard more women's secrets than any other man or woman in the country. These secrets are not secrets of guilt or shame, but the secrets of suffering, and they have been confided to Dr. R. V. Pierce in the hope and expectation of advice and help. That few of these women have been disappointed in their expectations is proved by the fact that sixty-eight per cent. of all women treated by Dr. Pierce have been absolutely and altogether cured. Such a record would be remarkable if the cases treated were numbered by hundreds only, but when that record applies to the treatment of more than half-a-million women, in a practice of over 40 years, it is phenomenal, and entitles Dr. Pierce to the gratitude accorded him by women, as the first of specialists in the treatment of women's diseases.

Every sick woman may consult Dr. Pierce by letter, absolutely without charge. All replies are mailed, sealed in perfectly plain envelopes, without any printing or advertising whatever, upon them. Traitors to Flag and King

This is to be a "flag election." Very well, have it so. We shall not mince words. The man who endeavors in Canada to arouse prejudice and stir up hatred against the people of the United States is a traitor to his King.

King George and his ministers seize every opportunity to make more friendly the relations between Great Britain and the United States. That was Queen Victoria's policy, it was King Edward's policy, and it is the policy of King George. It is the policy of wisdom, but it is also the cry of the blood.

Who in Canada dares to resist it and yet call himself loyal to his King? That man is a traitor who seeks to undo what the King and his advisers seek to accomplish. Place the shame where it belongs. King George has so high a regard for the friendship and so great reliance in the good faith of the American People that he has signed with their government the most sweeping arbitration treaty ever adopted by two great nations. In the event of European complications, which would involve Canada along with Britain, the friendship of the United States would be a bulwark of infinite value. By adopting the trade agreement Canada will make relations more friendly and so strengthen the international position of the British Empire. Who, then, are the real traitors to their flag and King?

CANNED TOMATOES DOUBLE PRICE THIS YEAR: THE REASON

Ontario Fruit Grower Sets it Out Plainly and Shows That Reciprocity Would Have Made it All Right

"Last year the Canadian canners paid us throughout the length and breadth of the Niagara district 25 cents a bushel for a 60 pound bushel of Canadian-grown tomatoes. I myself only contracted for half an acre. They paid us 25 cents a bushel, nobody would grow them. They got a short pack. They didn't get a tenth of what they ought to get. Only the poorest growers in the district grew them. They didn't know the profit or loss.

"They paid us 25 cents a bushel and they didn't get enough, and the entire Canadian pack was consumed and eaten in this country by Christmas, and from Christmas to now we have been using and buying nothing but American tomatoes, brought over here in American cans and Canadian labels put on them. And the American growers that grew them got thirty cents a bushel, a price that had been refused us. The American factory at the falls pays 25 per cent. better wages than the Canadian packing house employs gets, and an American can manufacturer made the cans. Our manufacturers didn't. Here is where it affects the manufacturer of the American can. We have a factory in the city of Niagara Falls, a branch of the Sanitary Can Company, which employs a lot of labor. But they were robbed of their share of the Canadian market because the tomatoes were not grown in this country. The Canadian manufacturer lost the making of the cans, and the only thing we got in this country was Canadian labels to put on the American tomatoes.

"If Canadian canners had to pay double for their canned tomatoes simply because we didn't have reciprocity. That is how a high tariff wall affects a country."—From a speech by Thomas Stokes, a fruit grower of the township of Stamford.

Death in the Teeth

It has been settled by scientists beyond a doubt that typhoid fever germs and germs which produce diphtheria and various throat and stomach troubles come in many instances from decayed teeth and from teeth that are not brushed and kept clean. What a useless state of affairs!

"ALL BOSH," SAYS TAFT

In view of the frequent assertions of the anti-reciprocity press that President Taft is trying to trap Canada into annexation, the following extract from the President's speech before the American Newspaper Publishers' Association in New York on April 27 is of interest:

"As between Canada and the United States the trade and the mutual benefit from the trade agreement will increase. It is amusing, and I am not sure that it has not some elements of consolation to it, to find that all the buncombe and all the exaggerated talk and misrepresentation in politics and all the political ghosts are not confined to our own country, and that there has entered into the discussion in Canada, as a reason for defeating the adoption of this contract by the Canadian Parliament, a fear that we desire to annex the Dominion; and the dreams of Americans with irresponsible imaginations, who like to talk of the starry flag floating from Panama to the Pole, are exhibited by the opponents of the Canadian treaty in Canada as the declaration of a real policy by this country, and as an announcement of our purpose to push control over our neighbor of the north. I am not an anti-imperialist, but I have had considerable experience in the countries over which we have assumed temporary control. I do not know when that control will end, but I do know that, in respect to those countries we have taken over heavy duties and obligations, the weight of which ought to destroy any temptation to further the acquisition of territory. The talk of annexation is bosh. Everyone knowing anything about it realizes that it is bosh."

DISLOYAL TO TRADE WITH AMERICANS EXCEPT IN IRON ORE

J. J. Drummond Shipping His Product to the States, But Others Mustn't

Canadian Magnate Tells Bathurst Audience What a Bad Thing Reciprocity Will Be for Them.

Bathurst, Sept. 7.—J. J. Drummond, a member of the Canadian Iron Corporation, owners of the iron mines in the vicinity of Bathurst, addressed a meeting in the Conservative hall here last week and condemned the reciprocity pact, and charged the Liberals with being disloyal. At the very time, this company was shipping a cargo of 5,000 tons of iron ore from their mines to Pennsylvania, and are now preparing to ship 20,000 tons more to the same market. They are now doing themselves what they wish to prevent the farmers and fishermen of this county doing. If it is disloyal for the latter to ship their natural products to the United States, why is it not disloyal for the Drummonds?

These people sought and obtained a bonus of \$25,000 from Gloucester Municipal Council to enable them to bring their railway from the iron mines to Bathurst harbor, and the government is now dredging Bathurst harbor for them to enable them to ship iron ore to American markets. Why cannot our farmers, fishermen and lumbermen have the same privilege without being disloyal?

These same very loyal (?) people, the Drummonds, have bought about \$100,000 worth of machinery within a month in the United States. Why, if they are so loyal, not buy machinery in Canada?

How very inconsistent the opponents of reciprocity are, can be seen by the action of the above company. This is a fair sample of their way of doing things. Everything for the big trusts and nothing for the farmers, fishermen and lumbermen.

MAN MILLINER OF FIFTH AVENUE GOES TO THE WALL

Society Women and Actresses Did Not Pay Bills and he Was Better as Artist Than Business Man

(New York American)

Hermann Patrick Tappe, the socially brilliant milliner, who married Mrs. Ada Jaffray McVickar, has gone into bankruptcy, partly because he put "art" in his work and partly because his fashionable clientele of society women and famous actresses didn't pay their bills.

His list of debtors reads like a collaboration effort by the authors of the Social Register and Who's Who on the Stage. It includes the names of many of the most famous actresses and actresses of the Four Hundred, who have adorned and been adorned in Tappe's unique conservatory hats and gowns at Fifth street and Fifth Avenue, have failed in some instances to return the gorgeous but somewhat necessary checks.

Actresses Fail to Pay

Lovely actresses, who have gone into raptures over the stage effects of the little foreign-looking shops, have not gone into their bank accounts to support it. And thus the real love of the social Mr. Tappe—his adored art of making handsome woman handiwork and lovely women acceptable—has gone the way of his other romances—his ardent but brief married life with the beautiful, though elderly Mrs. McVickar.

"I found out that I could not make millinery for millionaires and make money too," sighed the still youthful Mr. Tappe yesterday. "But I blame myself. I paid too much attention to art, too little to bookkeeping. It has cost me \$187,000, but it has been a tremendously useful and interesting experience."

"One trouble has been that when I wanted an effect, I got it without thinking of the cost. And then, I knew most of my fashionable customers socially, that I could not make rude demands for money due."

"It is a shock for me to have to give up my work temporarily. It was a shock to me to learn that I was what you call a bankrupt. I did not know it until I returned from Paris, where I had been busy buying winter's stock."

"Of course had I been able to call in all my countless little debts owing me, I might not have been embarrassed, but how can one do such charming women?"

"My customers have been among the most artistic women of society and the most temperamental women of the stage. They demanded always the highest expression of the art of millinery, and I think I may say that if I failed in money making, I succeeded from the aesthetic viewpoint."

"I am still young, I shall get a business manager and begin again. Many of my customers have called me up and have offered to back me up in a new enterprise."

Mr. Tappe denied that his wife, from whom he had separated two years after their marriage in 1907, had brought him the money with which to conduct his business.

Says Wife Was Not Rich

"As a matter of fact, she was not rich," said he. "But she was a wonderfully interesting. She was a marvelous looking woman—like a grand woman of the Louis XIV. period. She appealed to me because of her artistic appreciation and temperament. Her money—which was practically none—had nothing to do with our marriage."

"Neither had the idea of money anything to do with my business. I adored it because it was art—creative art. I would rather lose money than debauch my art."

The Tappe shop has been a distinct feature in commercial Fifth Avenue. It was filled with rare old French prints with the styles of the great periods of French history and some of his late work by debutantes and youthful matrons in Fifth Avenue have been reproductions of these prints. He is proud of the wonderful little French garden which he has crowded in between the dull grey walls of the Knox building next door, and the building at No. 4 West Fortieth street, where his shop is. This he converted into a little "Trianon," by covering the crude walls with green lichenwork, upon which ramblers and green climb. There at a clock of a hot afternoon his customers can sit in big French wicker chairs and refresh themselves with a cup of tea while "madame"

Corns Ended or Your Money Back

Your druggist pays your money back if Blue-jay corn plasters don't remove the corn. This little plaster is attached in a jiffy, and the pain of the corn ends at once. Then a bit of soft B & B was gently loosened the corn. In two days the corn comes out.

No pain, no soreness, no inconvenience. And the corn comes out. No more doctoring at all.

It is folly to have corns. Faring them is risky. Nursing them is fruitless. Corns should be removed. This simple method which we have invented is used by millions of people. Go get a package now.

IN "COPPER" BUSINESS.

The wife of a wealthy business man of Chicago was the daughter of a policeman. As they grew rich, both she and her husband concealed the fact as much as possible, for the sake of their social prestige.

At a luncheon several society women of high position had been talking about their families.

"What was your father's business, Mrs. D.?"

"My father was in the copper business," she said with cool emphasis. "Tit Bits."

Grand Garden Suburb may cover the United Kingdom and cross the Atlantic.

Many Montreals, too, are led to visit this pattern suburb by the fact that Rev. E. Boucher, the clergyman of the church within the grounds, paid a long visit to the late Rev. Edmund Wood of St. John the Evangelist, where his personality and eloquence made him a host of friends.

"London would not be the irregular one if the ideas of the garden suburb promoters had been available in its infant stage of growth," said a Canadian who passed several visits, "and herein lies the lesson for Canada."

Soak old flour sacks in brack water overnight to remove the printer and then boil for half an hour in soapy water, and they will make excellent washclothes for dishes.

THE BEST REMEDY

For Women—Lydia E. Pinkham's Vegetable Compound

Belleville, Ont.—"I was so weak and worn out from a female weakness that I concluded to try Lydia E. Pinkham's Vegetable Compound. I took several bottles of it, and I gained strength so rapidly that it seemed to me I could do as good a day's work as I ever did. I sincerely bless the day that I made up my mind to take your medicine for female weakness, and I am exceedingly grateful to you for your kind letter. I have your permission to publish this in the name of Mrs. Lydia E. Pinkham's Vegetable Compound, Belleville, Ontario, Canada."

Women everywhere should remember that the best remedy for female weakness and all its attendant troubles is Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs. For 30 years it has been curing women from the worst forms of female illness—inflammation, irregularities, displacements, fibroid tumors, irregularities, periodic pains, backache, and nervous prostration. If you want special advice write for it to Mrs. Pinkham, Lynn, Mass. It is free and always helpful.

WALL STREET BROKERS FAIL; PARTNER MISSING

L. B. Wilson Charges B. M. Ferguson With Being Responsible for the Failure.

New York, Sept. 8.—The failure of L. B. Wilson & Co., Wall street brokers, was announced this afternoon at the Consolidated Stock Exchange. News of the impending failure caused the circulation of sensational reports that a large sum had been stolen from a well known firm of bankers.

L. B. Wilson, head of the firm, declared today that his financial embarrassment is due entirely to his partner, B. M. Ferguson, who disappeared a few days ago. Besides being under heavy indebtedness to the firm, Mr. Wilson charges Ferguson had falsified the customers' accounts. A general assignment for the benefit of creditors has been made.

There is more catarrh in this section of the country than in any other. It is a disease, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, proved that it was constitutional. Science has proven it to be constitutional disease, and now cures it from its source. Dr. F. J. Cheney & Co., Toledo, Ohio, have discovered a cure for it. Sold by Druggists, 75c. A SAFE ANSWER.

A witness in a Provincetown, Mass., court had the reputation of never expressing an opinion on any subject. No matter who asked him, or what was asked, it seemed impossible for him to give a direct reply. The lawyer tired himself out trying to get the witness to give an opinion as to the moral character of the defendant in the case on trial, and giving up in despair, appealed to the court. The judge regarded the witness sternly and in a severe tone inquired:

"Witness, do you believe that the defendant is a good man or a bad man? Answer me straight."

"Judge," said the old man, earnestly, "sometimes I think he is an sometimes I think he isn't, but I've never been able to make up my mind on it."—Chicago Record-Herald.

WINNING THE GEORGE CUP

Vivia H., of the Royal Canadian Yacht Club, defender of the George Cup, in the international race on Lake Ontario, finishing first in the final race for the cup, she beat the Kathleen, of Kingston, by a mile, and the Watertown, of New York, by a mile and a quarter, in the final race, which gave her two wins out of three. The Watertown won one.

PERSONAL AND SOCIAL NEWS OF THE WEEK IN ST. JOHN

Although last week was not surprising by any day, every day something of an informal nature was going on in society.

The spirit of unrest, which hostesses possess at this season of the year, is felt both in town and country. As the season of the ranks are visibly thinning and before another ten days has gone by city houses will have taken on their winter appearance. Much of the social apathy is attributed to the coming elections, which take place on the 21st of this month.

About eighteen ladies enjoyed an unusually pleasant afternoon on the golf links on Thursday. Matches were played, approaching and putting, for which prizes were awarded, the winners being Miss Barker, Miss McGivern, Miss Bertha MacLaren, Miss Edith Skinner and Mrs. W. H. Harrison. Tea was afterwards served on the veranda of the club house. At Woodstock last week, the gentlemen golfers from St. John were the losers in the home team. They have their defeat with fortitude inasmuch as they received such delightful hospitality at the hands of the victors.

Luncheon was served, the visitors being waited upon by the lady members of the club. It was a very hand-some and enjoyable function. At the St. John links next Thursday afternoon, tea will be served by a committee of ladies. On the tennis courts on Thursday the weekly tea was in charge of Miss Mary MacLaren, Mrs. Blaylock and Miss Barnes. The mixed tournament prizes were won by Miss Jean Trueman and Mr. Lewis.

Outdoor sports of a more strenuous nature than golf or tennis will occupy the minds of the sportsmen in the near future. Some of the prominent people about to hunt little and big game in this province in the near future are Baron Plesner, Austrian Hungarian embassy, Washington and London, commander Austrian army, who will visit with him, W. Douglas Clinch, and who will later be joined by Count Giovanni Marchetti, Bologna, Italy, and Baron Plesner. Other parties coming are Messrs. Bower, Wilding, Vessey and Dunlopberg from London.

On Friday afternoon Mrs. J. Morris Robinson, Queen Square, entertained at bridge for Mrs. H. Beverley Robinson, of Montreal. Among those present were Mrs. J. Douglas Hazen, Mrs. F. E. Sayre, Mrs. Busby, Mrs. Leonard Tilley, Mrs. John M. Robinson, Mrs. George K. McLeod, Mrs. Eason, Mrs. Simon Jones, Mrs. Walter Foster, Mrs. Louis Barker, Mrs. Alexander Fowler, Mrs. Harold C. Schofield, Mrs. William Vassie, Mrs. W. Henry Harrison, Miss Ada Bayard. H. Beverley Robinson wrote a very beautiful lace and embroidered gown over apricot satin.

Several young ladies at Duck Cove gave a pleasant informal dance on Thursday evening at Mr. George Blair's cottage, which was kindly loaned for the occasion. Automobiles and carriages conveyed the young people from the city to their destination. Among those present were Miss Norah Robinson, Miss Vivien Barnes, Miss Jennetta Bridges, Miss Jean White, Miss Lillie Raymond, Miss Alice Green, Miss Kit Schofield, Miss Del. McVeeney, Miss Dorothy Elizard, Miss Edith Young, Miss Eileen Taylor, Miss Patricia Young, Miss Ethel Rennie, Miss Helen Blanchette and Miss Betty Young. Mrs. Timmerman and Mrs. W. Avery, who acted as chaperones. The gentlemen were Mr. Percy McAvity, Mr. Reginald Schofield, Mr. Hazen Barnaby, Mr. Walter Emerson, Mr. Stanley Bridges, Mr. J. Puzley, Mr. K. Raymond, Mr. Arthur Dick, Mr. Gordon Taylor, Mr. Wallace Alward, Mr. George Blair, Mr. Tom Blair, Dr. T. Walker.

At the Cathedral of the Immaculate Conception on Tuesday morning, the marriage was solemnized of Miss Mary M. Green, daughter of Mr. Edward F. Green, Pitt street, and Mr. Claude Foster Cassidy, of this city. Nuptial mass was celebrated at 9 o'clock by the rector of the Cathedral, Rev. Arthur W. Meahan, the ceremony taking place with the choired girls. The bride was attractively gowned in a tan cloth traveling costume, and wore a large picture hat of black velvet and gold trim-trimmed with ostrich plumes. She carried a beautiful bouquet of bride roses and lilies of the valley. She wore the groom's gift, a handsome gold necklace, with gold and turquoise pendant. Her sister, Miss Katherine Green, was charmingly gowned in white lace over Helen pink silk, champagne hat with eunil plumes, bouquet of pink roses. The mother of the bride, Mrs. Edward Green, was gowned in black

Fraser, who have been visiting in Halifax, returned home on Wednesday.

Mr. Carr Flood is spending some weeks in Moncton. Dr. Thomas Walker and Mr. Francis Walker have returned to the city from England. Bishop Casey returned to the city on Thursday from Quebec and St. John's, where he had been conducting confirmation services. Mr. C. W. Helleman and family have returned to the city after a visit of four weeks to points in Nova Scotia and P. E. Island.

Mrs. J. Boyle Travers-Lancaster Heights, is in Charlottetown visiting her sister, Mrs. McCready. Mrs. T. M. McCreedy and daughter, Miss Darrell, of Montreal, who have been in the city for some weeks, left for home last Thursday. Major Ogilvie was in the city from Halifax this week to inspect the 3rd N. B. Regiment Heavy Artillery. Mr. and Mrs. George MacLaren, Colburn street, are rejoicing in a visit from the stock last Saturday morning—a boy. Dr. and Mrs. Blanchard are the guests of their daughter, Mrs. Mahon. Major J. R. Forbes, of Halifax, was in the city last week to visit his father, Judge Wedderburn, at Hampton Village, has returned to Toronto. Miss Wedderburn has also returned to resume her duties as hospital nurse.

About sixty members enjoyed the last meeting of the season of the Natural History Society, which was held at Manawagonish beach on Saturday afternoon. Dr. Gates, of London (Eng.), and Dr. Major Stopped addressed the meeting. Refreshments were served by Mrs. Wm. McIntosh, Mrs. Desbroux and Mrs. Arthur Coster. Mr. A. Gordon Leavitt supervised the arrangements.

The engagement has been announced of Miss Lilian Hatchford, of Amherst (N. S.), to Mr. Frank Worrell, of Amherst (N. S.), son of Bishop Worrell, of Halifax.

Miss Arra Drury, who was in London during the coronation ceremonies, the guest of her sister, Lady Aitken, has returned home to Halifax. Hon. W. S. Fielding was in St. John on Sunday to meet Mrs. Fielding and their daughters, Miss Vella and Miss Edith, who landed at Quebec last week on their return from England. They left again by private car on Sunday evening.

The Marchioness of Dornoch and son, the Marquis of Dornoch, are expected in Halifax this month to visit friends. Mrs. Stevenson, state president of the Massachusetts W. C. T. U., was the guest of Mrs. C. H. Deane this week. Miss Ella J. Smith, daughter of Mr. J.

The Curzon system, besides giving you the privilege of wearing English-made and London Fashion clothing, enables you to buy at less than half the usual cost. The Curzon service is practically controlled under one roof—that is the reason for its huge success.

No matter what part of the Dominion you live in, you can nowadays be well and stylishly dressed in suits fashioned to your taste and needs, in either London, New York, or any other style. Distance is now no deterrent, for the fast lines of the Curzon system, and Curzon Bros. have annihilated it. Until the great London Tailors—Curzon Bros.—studied the needs of the dwellers in the Colonies, Canadians had to be satisfied with suits of inferior quality, ill-fitted cut, and inelegant finish, yet which nevertheless were sold at high prices. Now, owing to Curzon Bros.' enterprise and modern system, it is possible to obtain the latest London materials, cut and finished in London or New York style, and all this at the lowest London prices and direct from the Capital of the World. No matter where you are, these advantages are yours for the asking, for a post card or letter addressed to Curzon Bros., Distributing Agents for Canada, as below, will bring to your door the choicest possible assortment of newest patterns, a descriptive booklet of the latest styles, and every particular and detail you require. Why, then, pay high prices for unsatisfactory suits when leading measure-to-measure tailors can satisfy your requirement just as well as though you lived in or near London?

JOURNEYED 4,500 MILES ON NORTHWEST INLAND WATERS

Vastness of Canada Emphasized by Indian Commissioner's Trip; Sailed 1,300 Miles on Mackenzie River.

Ottawa, Sept. 8.—A journey of 4,500 miles on the inland waters of Canada's great northwest gives an idea of the vastness of the Dominion. Such a journey has just been completed by the commissioners of the Indian department and his party. They started early last spring from Edmonton, the journey from there being as follows:

Edmonton to Athabasca landing, to McMurray, 250 miles on scows, 90 miles of this distance being rapid; to Lake Athabasca, 100 miles by paddle steamer; to east end of Lake Athabasca (Fond Du Lac), 185 miles; back to west end of the Chipewyan, 185 miles; to Smith Landing, 90 miles; to Port Smith, 16 miles; thence to Fort Macleod on the Mackenzie Delta, 1,300 miles.

These distances were duplicated on the return journey. The long trip down the Mackenzie River was made on one of the Hudson Bay Company's steamers. In the whole 1,300 miles there is but one rapid. The Indians visited were in good condition. They had had a good food season and were prosperous and contented. The department party consisted of N. A. Conroy, Ottawa, Commissioner L. Lamontagne, Ottawa, and Dr. A. L. McDonald, of Alexandria (Ont.).

LIBERAL SWEEP OF THE NORTH SHORE CERTAIN

Hon. Mr. Pugsley Speaks at Stirring Meeting in Campbellton—Wm. Murray Gives up Idea of Running—Minister Predicts Great Victory For Laurier Government

Campbellton, N.B., Sept. 8.—Restigouche voters from far and near, lined up for Reid and reciprocity, in a magnificent meeting in the Opera House, addressed by Hon. William Pugsley, minister of public works, and hailed tonight as the "Friend of Campbellton."

Probably 3,000 were jammed into the building, and listened patiently to the speeches of the evening.

Dr. Pugsley's speech was particularly strong on the reciprocity issue, which is expected to play an important part in this section of the province.

All doubts of Mr. Reid's success were swept away by the announcement made by Hon. Dr. Pugsley just before the meeting closed, that William Murray, who had been announced as an independent Liberal candidate, out of loyalty to Sir Wilfrid Laurier, and a desire to have the issue of reciprocity put squarely before the electors, had definitely decided not to enter the contest. This was received with loud applause, and was a fitting climax to a great meeting.

Mr. Montgomery will run 500 votes he said that received by Mr. Reid, and will not have a ghost of a chance in a straight party fight, which he now fears.

A stranger at the meeting would have fancied himself in a city audience rather than at a gathering in a town which, little more than a year ago was a heap of smoking ruins. Dimock's new Opera House with graded floors and brightly lighted stage, was crowded to the doors. The aisles and entrance were packed with men anxious to hear Dr. Pugsley's message. The orchestra furnished entrancing music, and all the arrangements were most complete.

Draped over the stage was the legend, "Welcome to Pugsley, friend of Campbellton," and another motto conspicuously displayed was "Reid, Reciprocity and Prosperity."

Flugs were used with good effect in decorating the platform. In the audience were many out of town voters, and 300 people came by train from Dalhousie alone to hear the minister, a significant fact considering that Dalhousie is the home town of the opposition candidate.

When Dr. Pugsley and Mr. Reid came on the platform there were hearty cheers and enthusiasm was manifest throughout the meeting. Ex-Mayor D. Murray acted as chairman and referred in the highest terms to Dr. Pugsley and Mr. Reid. He spoke of the minister's last visit to Campbellton, and as a result the sum of \$75,000 was drawn in interest-free loans to the credit of the town. The chairman also referred to Mr. Reid's practical letter of condolence, the extension of the Chaleur railway will also result in additional traffic for the International.

In order that the fruits of this trade should be fully realized the federal government had placed in the estimates a sum for assisting in building a new highway bridge across the Restigouche to Campbellton to Mission Point, and is now considering an application to have the grant largely increased.

Appropriations have also been made for a new wharf and for dredging at Campbellton, while the people of the fire-stricken town have not forgotten the generous federal grant of \$75,000 to aid the town in being erected.

A breakwater is being built at Dalhousie and dredging done in the harbor, while Chaleur has been given a public wharf.

Dredging by a government dredge in Bathurst harbor is for a two-fold purpose, to enable the larger steamers to load at the wharves without lightering and to facilitate the shipment of the Drummond iron ore.

Two contract dredges are at work on the Miramichi in the Horse Shoe Lump and Grand Downs shoals, putting down a deep water channel to allow the largest vessels to come up at low tide.

Further up important work is also being done in dredging at the wharves and a new wharf is also being provided at Chatham.

This is a part of the work of diversion of the I. C. R. branch in close to the water front which will result in the improvement of facilities for interchange of the traffic between ship and rail.

Altogether the North Shore counties have been well served by their representatives and nearly all the people in this land of lumber with waters full of fish being in favor of reciprocity there is no question but that James Reid, W. S. Logie and O. Turgeon will go back with large increased majorities on Sept. 21.

Hon. Dr. Pugsley will go to Kent county tomorrow, speaking in the afternoon at St. John's and at Reston in the evening.

SPORT NEWS OF A DAY; HOME AND ABROAD

Baseball

Marathons Won.

The Marathons defeated the St. Stephen team 5 to 1 in their game on the Marathons grounds yesterday afternoon. Tarball pitched for the Marathons and Dinmore for the visitors. Eight hits were made off each pitcher. The teams will play again this afternoon, beginning at 3 o'clock. Urquhart will likely pitch for the Marathons and either Callahan or Winter for the locals.

The Big League

National league results yesterday were: Chicago 3, Cincinnati 2; Brooklyn 2, New York 1; Boston 3, Philadelphia 1; American League—Cleveland 2, St. Louis 1; Chicago 9, Detroit 3; Washington 1, New York 2; Boston 1, Philadelphia 4.

Eastern League—Rochester 0, Toronto 8; Montreal 2, Buffalo 8; Baltimore 7, Jersey City 2.

Challenge Accepted

The Globe baseball team has accepted the challenge of the intercollegiate team to play a match on the Barrack Square this afternoon, beginning at 3 o'clock. Since their last game the boys have grown in strength and their team will endeavor to show their opponents a few things in the line of the ball game. The Globe team will be on the mound for the Times artists and Hanson for the Globe. Seating accommodations have been made for about 3,000 (more or less) fans and fanses. No admittance will be charged but spectators are requested to bring any refreshments from the clubhouse for the players.

Diamond Spangles

Larry McLean says that every time Clark Griffith puts a fine on him, President Garry Herrmann of the Reds remits. Scout Al. Maul of the Athletics club, after a 5,000-mile trip to California and back, says he saw to players fast enough for the world's champions.

Sherwood Magee's grand work since being restored to good standing by President Lynch is an idea of the great loss the Phillies suffered during the championship game's absence from the lineup for 30 days.

Connie Mack says he wouldn't pay \$22,000 for a whole league. That's a round about way of taking a slam at Lefty Russell, who cost Connie \$12,000.

Lede, scout for the St. Louis Browns, comes to bat with some advice to mothers. He says: "See that your boys are born left-handed. Southpaws are in great demand these days."

The Pittsburgh players say that Marquand is the equal of Babe Waddell and will be given a greater left-hander next year.

Lanky George McConnell, now of the Rochester Hustlers, but who will be with the Highlanders next season, still travels a whitewind pace for John Gansel. It has been George's great pitching that has kept the Rochesterers in this season.

Billie Evans of the American league does not agree with Hank O'Day of the National staff that one man is enough to umpire any game. "I agree," says Evans, "and if they don't get them they yell and yell. One umpire can't handle a game fairly, no matter how fair he is and no matter how hard he tries."

It would not be a surprise to many Jersey City fans if it should be announced during the coming winter that Jersey City would become the farm of the Boston American League Club. John I. Tanton is said to have bought a large interest in the Skeeters.

Silk O'Loughlin, umpire, says more hits are made on bad balls than good.

Silk has seen thousands of hits made, and says a bad majority were on balls that were too far out, too close or too high or too low to be strikes.

Washington equaled the American League record for hits this season, when twenty-one were driven out by McAlena men recently in Detroit. In the National League the high mark is twenty-three, held by the Reds.

Fing Dolle has received more presents from his admirers this season than any recruit in organized baseball. Some of these gifts have been of money variety but Fing is a good-natured chap. Every joke's a boost, the fence buster says.

Pitcher of the White Sox, San Francisco brother of George Wilcox of the New York Giants, has been signed by the London club, league team. He is only seventeen years old, but while working for "Fring" recently he pitched a no-hit, no-run game, the only one of the season.

The first time Sherwood Magee of the Phillies saw Hank Wagner in action he was a lot on bad balls than good. He was in a lot of trouble to watch the Pittsburghers play exhibition game with the Warren (Pa.) club. The Pirates then were under the management of Connie Mack, but Wagner played with the Warren team. Another member of the same Warren team was Claude Ritchey.

The Turf

Death of King Arion.

Halifax, N. S., Sept. 8.—The valuable stallion King Arion 2:17 3/4 which was taken ill after the second heat of the free-for-all trot at the exhibition races on Thursday afternoon died this morning. After the heat he was seized with stomach trouble.

A post mortem was made and it was found that he died of degeneration of the mucous membranes of the digestive organs, accompanied by uric acid poisoning of the stomach and bowels. King Arion was one of the most valuable stallions in the province. He was imported by H. C. Jewett of Fredericton. He held the stallion record for the province, 2:17 3/4, made by him in Fredericton last year.

Jerry Gains In Town

Jerry Gains the Boston middleweight, better known as the Boston Market Champion, has arrived in St. John from Bangor, Me. In the Maine town on Tuesday he boxed a six round draw with Tom (One Man) McCuskey. Speaking of the bout the Irish boxer says that McCuskey is a big strong fighter and another "White man's hope." He says that he was at the time of the fight, but he will return to Boston on Monday. Gains is a native of this city having left here about sixteen years ago. He has not been here

TORTURED FOR THIRTY-FIVE YEARS

"I Really Could Not Live Without Fruit-a-tives"

Penshurst, Jan. 29th, 1910.

"For thirty-five years (and I am now a man over seventy), I have been a terrible sufferer from constipation. No matter what remedy or physician I employed, the result was always the same—impossible to get a cure. About two years ago I read about 'Fruit-a-tives' and I decided to try them. I have used them ever since. They are the first and only medicine that suited my case. If it were not for 'Fruit-a-tives' I am not sure that I could live."

JAMES PROBERT.

The greatest remedy for the world for all forms of Indigestion and Dyspepsia is "Fruit-a-tives." Doctors as well as hundreds of people proclaim "Fruit-a-tives" cures all stomach troubles because it makes the liver active, strengthens the kidneys, purifies the blood and keeps the stomach sweet and clean. "Fruit-a-tives" is the only remedy made of fruit juices.

25c. a box, 6 for \$2.50, or trial size, 25c. At all dealers, or sent on receipt of price by Fruit-a-tives Limited, Ottawa.

since said laughingly: "I hardly knew the town."

Tennis

Collegiate Championship.

Philadelphia, Pa., Sept. 8.—In the semi-final round of the intercollegiate tennis championship, E. H. Whitney, of Harvard, defeated J. J. Armstrong of Minnesota 6:1, 6:4, 6:3. In the other semi-final match, A. H. Mann, of Yale, defeated J. L. Cole, Yale, 4:6, 6:3. Mann and Whitney will meet in the final tomorrow for the championship.

International Match.

New York, N. Y., Sept. 8.—Lucky tennis players of the British Isles and Americans international cup teams will meet tomorrow in the first of the international games for the right to challenge the Australian holders of the Davis Cup, emblematic of the world's tennis championship.

William A. Larned, the seven times holder of the American singles honor will meet at Detroit, Mich., tomorrow, the team, while Maurice T. McLaughlin, of California, will meet A. H. Love of the British challengers.

FAMOUS BEAUTIES NEVER GET FAT

Woman-kind wonders why famous beauties grow old, but do not grow fat. They live as silent ease, and their porcelain flesh pots. The wine, that puts out obscure mortals, flows not liberally down their slender throats. Yet their life-long lack does not thicken their limbs nor double their chins. What is the secret of the long-lived gracefulness of the ladies?

One-half ounce Marmala, 34-c. Pl. Ex. Casarsa Aromatic. Prescriptions, long-famous, the most reliable pharmacists of the world, is their secret, but which is only recently penetrated to the masses. The hot polio of woman-kind, the Marmala Prescription, which can be had with all night any druggist, fashionable and ordinary, or the Marmala Co., 1179 Farmer Bldg., Detroit, Mich., in large cases for seventy-five cents.

With this tablet any woman can reduce, by losing a pound a day, in a few weeks, take off fat (where it shows most) on chin, abdomen, hips, etc., without need for exercising, fable restraint, fear of wrinkles, or the slightest physical harm or uneasiness.

Stop Taking Drugs They Are Poisonous to Your Stomach, Nerves and Vitals

Ever since you can remember you have understood that the foundation of a pain outside was to take something inside. That is the foundation of our Canadian drug habit. You have seen you have depended on drugs to kill pain. It never occurred to you that the drug was also killing the nerves of the stomach and overtaxing the heart. That is the reason for your stomach trouble. You have ruined your stomach with strong drugs and weakened your heart with heart action by driving it beyond its strength with strong stimulants.

You can put on extra fire and draft in the furnace and drive up an engine at top speed without hurting the engine, but you can't do that with your heart because it is a man of iron.

You don't realize that until you heart refuses to be forced any more that it is the time when drugs, which used to do the work right away, don't seem to have any more effect and you are forced to realize your health is gone.

Every time you take a drug to force the stomach, liver, kidneys or heart you hurt them—you actually lessen their natural vitality—and taking another, because they are weakened by each dose, and anyone can see that in time, by steady dosing, you will have no natural action of any of these organs. From that time on your existence will depend upon forced stimulation, and when that fails you are gone.

Electricity is a relief from the old habit—the drug habit. It does by natural means what you expect drugs to do by unnatural means. It gives strength to your body, and when your body has its natural strength there can't be any trouble, can't be any pain, because there is no pain in a perfectly healthy body. The exhilarating sensation of health, the sense of burn, and I have perfected it with the regulating device that makes the current mild or strong at will.

My Electric Belt does wonders in a few applications. It arouses all

the dormant energies, develops muscular and nerve life, and restores the feeling of youth, courage and vigor. It makes perfect men of the weakest, puniest specimens of half-men.

Dr. McLaughlin:

Dear Sir,—I have worn your Belt for thirty days, and I am feeling like a new man. I have lost my stomach trouble, my appetite has improved wonderfully, and I feel like a new man. I feel like a new man. I feel like a new man.

What May Happen if The Tories Have Their Way

Ottawa, March 3, 1913--In the House today Dr. Daniel of St. John directed the attention of the government to a London cable stating that war with Germany might be declared at any moment. The member for St. John asked if the government had received any communications from the British authorities, and what course this government would pursue if war was declared.

Premier Bourassa reminded the member for St. John that the well-known policy of the government was to avoid European entanglements. This country had not been consulted in regard to the dispute between England and Germany, and Canada would not provide food for cannon or targets for bullets in any such war. If England wished to fight, Canadians were not responsible. When the Laurier government was defeated its naval policy was abandoned, and since the resignation of Mr. Borden and his own acceptance of the premiership the whole aim of his government had been to reverse the imperialistic jingo policy of Sir Wilfrid Laurier.

Dr. Daniel said he feared that his constituents would be disturbed by the reports from London, as the elections in 1911 had been run on the loyalty cry. "So much the worse for loyalty," said Premier Bourassa.

LOCAL NEWS

SIX DEATHS.
The board of health report but six deaths for the week, as follows:--Senility, phthisis, meningitis, heart disease, pulmonary aedema, epithelioma of the mouth, one each.

THE LATE J. FRED SHAW.
The members of No. 1 Salvage Corps and Fire Police will meet in their rooms in Union street tomorrow night at 8.30 o'clock to attend the funeral of their late Captain, J. Fred Shaw, who died this morning.

A NEW POSITION.
Sussex Record--G. W. Hoyt, who has been in the employ of W. H. Thorne & Co., St. John, for a number of years, is now a resident of Sussex. Mr. Hoyt has accepted a position with the Sussex Mercantile Company. He will enter upon his new duties at once.

TWO-HEADED CALF.
Sussex Record--F. W. Wallace has a decided curiosity in the shape of a double-headed calf. The features on both heads are very well marked and developed. The strange freak of nature was given to Mr. Wallace by Councillor Harry De Forest, of Waterford. The freak will be preserved in alcohol and kept.

A PRESENTATION.
On evening his connection with the firm of F. O. Dykeman & Co., where he has been employed for about seven years, Bayard Francis, of North Cove, Queens county, was remembered last evening when his fellow employees presented to him a handsome gold watch and chain. The presentation was made by B. W. Wilson, and Mr. Francis made a brief reply of thanks.

DEATH OF YOUNG MAN.
A large circle of friends is expected to learn of the death of Edith Welsh, a young man well known about Indinatown. He died last evening at Belyea's Cove, Queens county. He was entering his nineteenth year. He had always been a favorite with his companions at school and work. A few weeks ago he went to Belyea's Cove as he was not in the best of health, and word of his death was received in the city last evening. His parents are dead and he had resided for some time with Mr. and Mrs. Foster, Victoria street. The body will probably be brought here for burial.

GEORGE DUNCAN DEAD AT AGE OF 90 YEARS

After having attained the great age of ninety years, George Duncan, who has resided for years in Hardinville, St. John county, where he was respected as a well known and prosperous farmer passed away at the home of his son, John H. Duncan, 21 Sydney street, last night. Death was due to heart trouble.

Mr. Duncan, although farming for many years, has latterly lived in the city. He is survived by his wife, and four sons. Besides John H., the sons are George, of Nevada, Caleb of Montana and Robert of California. Burial will take place from his son's residence, 21 Sydney street, on Monday next at 9.30 a. m. interment to be made at Loch Lomond.

FUNERALS

The funeral of John J. Casey was held from his late home, 193 St. James street, West End, this morning at 8.30 o'clock, the Church of the Assumption where requiem high mass was celebrated by Rev. J. J. O'Donovan. The pall bearers were J. Louis Slattery, Harry McDermott, Joseph Murphy, Joseph O'Brien, Harry Driscoll and William M. Ryan. Interment was in the Catholic cemetery, Sand Cove. The funeral was attended by many and in the lengthy cortege was a delegation of former fellow students of Mr. Casey at St. Joseph's University. There was a very large number of beautiful floral tributes.

The funeral of Charles McManus will take place this afternoon at 2.30 o'clock from his late residence in Hanover street. The body will be taken to the Cathedral, where funeral services will be conducted. Interment will be in the New Catholic cemetery.

The body of Mrs. Margaret Harris, who died on Thursday was laid to rest this morning. The funeral was at 8.30 o'clock from the home of her son-in-law, James Harris, 12 Adelaide street.

The funeral of Mrs. Jean Miller will take place this afternoon at 2.30 o'clock from her late home in Randolph.

LIBERAL ELECTORS

The Liberal electors of the various wards will meet in their respective ward rooms for regular work each night until Sept. 24.

RECIPROcity TO BE THE GREATEST HELP TO OUR PEOPLE IMAGINABLE

Read the Views of Mr. Mitchell After Forty Years Experience in Business Here

"Reciprocity in my opinion is going to be the greatest help to this country and to the people imaginable. Leaving party politics out of the question and introducing only the question of countries, I think the people of Canada would be very foolish to turn down this agreement, which is certainly for their own welfare."

This is the way in which George Mitchell, a retired baker and grocer of this city, has expressed his sentiments in regard to the reciprocity agreement between Canada and the United States. "It is not only going to be a benefit to the farmers, but to the consumers and in fact to almost everyone. I have been in business in St. John for about forty years, and I have considered the situation very carefully, and I think I know whereof I speak. I have found that the farmers of this country have always been afraid to raise more crops, for the simple reason that they were sure of getting a sale for them, but with the greatly increased markets under reciprocity I think you will find the farmers doubling their output and times will be considerably better."

In my business I have had considerable dealings with the farmers, buying eggs, butter, etc., and have had plenty chance to state the question from their standpoint.

THREE ARRESTED

Junk Thief From Old Ferry Charged--One of the Prisoners Escapes

Suspected of the theft of cart loads of junk, three West End men, Lester Campbell, George Wiley and "Richard" McCausland, have been placed under arrest by the West End police. The former, however, who was taken into custody last night, was but a brief moment in the lock up for he succeeded in making his escape and an axe is also missing. For some time one of the old ferry men, purchased by F. S. Walker, has been quietly stripped, first in small quantities, then on a large scale. Some cart loads were finally taken away and disposed of to a junk dealer. Finally the police were notified and suspicion fell upon the three men arrested.

Much of the stuff has been recovered, though some of it had been disposed of again by the purchaser. Wiley and McCausland were arrested this morning. The two prisoners were before Judge Ritchie in the police court this morning and were remanded until Monday morning. An effort will be made in the meantime to secure Campbell. Both Wiley and McCausland pleaded not guilty to the charge.

NEW CATHOLIC PARISH

(New Freeman)
His Lordship the Bishop is establishing a new parish in Kent County. The parochial residence will be connected with the Church of St. Timothy, Adamsville, and will include the four villages within from four to seven miles around it, and the surrounding portion of St. Norbert. The new pastor will be the Rev. John Gaudet, some time assistant to Father Legere at St. Paul.

POLICE COURT MATTERS

In the police court this morning Gilbert Lauchner and John McInerney were each fined \$8 or two months in jail with hard labor.

Policemen Spottisfide, Silas Perry and Acting Sergt. Rose raided a house in Sheffield street last night and the principals were all before the court this morning. Margaret Sullivan was charged with being proprietress of the house and Lucy Barrett, colored, John McKinnon and John Grant, both white, were charged with being inmates. With the exception of Grant all pleaded not guilty and the case was adjourned until Monday.

Arthur Love was fined \$2 for going beyond the stand allotted to coachmen at the Union depot.

LIBERAL HEADQUARTERS

Offices have been opened as Liberal headquarters at 21 and 23 Carterbury street, over Geo. E. Day's, for general information, names on voters' lists, etc.; telephone Main 1603.
