ST. JOHN, N. B., SEPT. 25, 1901.

GOVERNMENT CHANGES.

Our readers are prepared for the announcement of Sir Louis Davies' appointment to the bench. This change has been awaited and expected ever since the lamented death of Judge King.

RAILWAYS AND THE NOVA SCOTIA CAMPAIGN.

Annapolis county presents a spectacle almost unique in modern politics. One of the candidates for the provincial legislature has issued a card and published an open letter condemning a proposed appropriation in the constituency.

WHAT UNIFORM.

Ottawa despatches say that the South Africa soldiers who refused to appear before the Duke and Duchess of Cornwall in the uniform of the corps to which they belonged, but wore the khaki dress, have the sympathy of the people of the capital.

outlining courses of study which have qualified our students to take and to hold almost every clerical position in St. John worth having, not to mention their successes throughout the length and breadth of Canada and the United States.

Mr. Blair has not made definite announcement of the amount of the Intercolonial deficit for the year ending last June. But the sum to be acknowledged is probably over half a million. We must go back ten years to find such a nominal deficit, while the true shortage is probably as large as the largest since 1878.

THIS TRIAL MAY BE SHORTER.

The indications are that the trial of Colquhoun will not be a long one. The nation will be spared an exhibition such as was given during the long trial of Guitreau for the murder of President Garfield.

ADDED HORRORS.

Two stories circulated after the death of President McKinley should never have been told. The report that the bullets were poisoned seems to have grown out of a statement or suggestion of one of the attendant physicians.

A GOOD BEGINNING.

Professor Goldwin Smith is a man of strong prejudices, and of impracticable dreams. But he is one of the most generous men in Canada. No citizen of Toronto is more ready than he to give time, thought and money to all charities and benevolent purposes which commend themselves to his judgment.

THE HALIFAX EXHIBITION.

The Halifax exhibition does not appear to have gained anything by the absence of a fair in this city. At the opening of the Halifax show the president, Mr. Longley, said that the exhibition had gained nothing in exhibits by the closing of the St. John fair.

LET THE PRISONER GO.

The following despatch, dated Lowell, Sept. 20, appeared in Saturday's Boston Globe:

Inspectors LaFrance and Allen and Patrolman Cawley arrested William Ogilvie this afternoon in a boarding house on Middle street on a warrant from St. John, N. B. The telegram received by Supt. Moffat read:

Arrest William Ogilvie, age 34, height 5 feet 10 inches, dark complexion, smooth face, burgundy and salt blowing at Harwick, Kings county, on Sept. 15, and larceny of \$18 in bills and coin, a check for \$12.25, and a watch, taken from him on Monday. Said man was working in Boston, W. W. Clark, Chief of Police.

Ogilvie says he was working in New Brunswick and returned Monday. He was brought home by New Brunswick officers. He denies the charge.

Chief of Police Clark, when seen by a Sun reporter last night, said he had no information to give the press concerning this occurrence, other than that Ogilvie had been allowed to go by the Lowell police.

A LAURIER PUZZLE.

(Brookville Times.) It will puzzle people to understand why the Laurier government had to order a railway case for the Duke of York from Dayton, Ohio, for use on the international railway in Canada, when the Canadian Pacific Railway Company had a train of its own shops a train of magnificent coaches for the Duke's use on his trip west. There was just as much time to build the car built coach as in the one from Ohio. It is safe to say that the Duke of York would be better pleased to travel in a coach built by his own people. We heartily echo Mr. Tarte's recent utterance: "There is no reason why the sun should shine on our heads every day we need in Canada."

IRISH VISITORS.

LONDON, Sept. 23.—The plans of the Irish delegation which is to sail for the United States have been completed. John Redmond, the Irish parliamentary leader, will be accompanied by the Hon. J. P. O'Donnell and Thomas O'Donnell, members of parliament. They will sail on the White Star line steamer Majestic from Queenstown Oct. 21.

Michael Davitt will join them at New York. Mr. O'Donnell is at present undergoing six months' imprisonment in Kilmahilly jail. He will be released Oct. 21. Mr. O'Donnell will make address in Ottawa.

LIKE OPIUM EATERS.

Coffee Drinkers Become Slaves.

"The experience, suffering, and slavery of some coffee drinkers would be almost an interesting study if it were not 'Confessions of an Opium Eater,' says a Boston man. W. J. Tuson, 331 W. Newton St. 'For twenty years I used coffee at the breakfast table, and incidentally, through the day, I created it as a whiskey drinker long for this morning brewer. I knew perfectly well that it was slowly killing me, but I could not relinquish it. Years ago I suffered from the nervous system was finally alarmed and my general health grew impaired. I had dyspepsia, serious heart difficulty, and insomnia. When I would lie down, I would almost suffocate. My doctor assured me it was due to the action of caffeine (which is the active principle of coffee) on the heart."

I persisted in its use, however, and suffered along just as drunkards do. One day when I was feeling unusually depressed, a friend whom I met, looked me over and said: 'Now, look here, old man, I believe I know exactly what the matter with you. You are a coffee fiend and it's killing you. I want to tell you my experience. I drank coffee and it ruined my nerves, affected my heart, and made me a sorrowful, bilious old man. But I met a friend who had been similarly afflicted. I found a blessed relief and want to tell you about it. Try Postum Food Coffee, a grateful, delicious beverage, full of nourishment, that will satisfy your taste for coffee and feed your nervous system back into health, rather than tear it down as coffee has been doing.' I took my friend's advice, and within a week from that time, my digestion seemed perfect. I slept a sweet, refreshing sleep all night, and my heart quit its quivering and jumping. I have been steadily gaining in health and vitality right along."

There are large quantities of potatoes along the I. C. R. and in other parts, and when these are brought into the local market prices will find their level.

TRIED LINGLEY

On Wednesday afternoon, at the residence of the bride's father, in the village, Miss Ellen Lingley, daughter of George R. Lingley, was united in marriage to R. Teed of St. Stephen by Rev. William Penna of Moncton. The couple were unattended and only immediate friends and relatives witnessed the ceremony. Mr. and Mrs. Teed left for Woodstock, where they will reside. Among the gifts was a Haviland china dinner set, from the firm of A. I. Teed, St. Stephen, and a silver tea service from the groom's parents.

A UNIVERSAL FOOD

Following Nature's Footsteps.
'I have a boy, two years old, weighing forty pounds and in perfect health who has been raised on Grape-Nuts and milk.
This is an ideal food and evidently furnishes the elements necessary for a baby as well as for adults. We have used Grape-Nuts in large quantities and greatly to our advantage.' E. W. Leavitt, Minneapolis, Minn.
One advantage about Grape-Nuts Food is that it is pre-digested in the process of manufacture; that is, the starch contained in the wheat and barley is transformed into grape sugar in exactly the same method as this process is carried out in the human body, that is by the use of moisture and long exposure to moderate warmth, which grows the diastase in the grains and makes the remarkable change from starch to grape-sugar. Therefore, the most delicate stomachs can handle Grape-Nuts and the food is quickly absorbed into the blood and tissue, certain parts of it going directly to building and nourishing the brain and nerve centers of the body. Made at the pure food factories of the Postum Cereal Co., Ltd., Battle Creek, Mich.

ANOTHER CHANGE

The Royal Party's Stay in This City Shortened by Some Hours.

Official Programme as Received by Mayor Daniel Yesterday from Major Maude, the Governor General's Secretary.

The visit of the Duke and Duchess of Cornwall and York will be confined to one afternoon and evening. Yesterday Mayor Daniel received the following letter:
Government House, Ottawa, 19th Sept.
Sir—I am commanded by the Governor General to inform you that His Royal Highness the Duke of Cornwall and York has finally approved the programme for St. John, as follows:
Date 17th October.
Noon—Arrival of royal train. Royal procession to Exhibition building.
12:30—Presentation of addresses.
3 p. m.—Presentation of colors to 62nd Regiment, President of the City of Regina and medals.
6 p. m.—Reception at the Exhibition building. Fireworks.

Their Royal Highnesses will leave St. John at the 10th instant, and whilst at St. John they will reside in their train. It is probable that Their Royal Highnesses will not accompany Their Excellencies to the Exhibition building.
'I have the honor to be, sir, Your obedient servant,
E. S. MAUDE, MAJOR, Governor General's Secretary.

The present plans of the Duke and Duchess are that they will be in Halifax on the 19th of October. It would look as if a day trip will be taken over the I. C. R. from St. John to Halifax. If this is done the visitors will go on board the Ophir, spend the night and make their landing in the morning. Under the programme as arranged the school children's welcome will be one of the features of the noon-day reception at the Exhibition building.

The reception committee in connection with the visit of the Duke and Duchess of Cornwall and York had a session at the City Hall on Saturday night. Mayor Daniel presided, and were present: A. O. Skinner, Geo. Blake, Dr. Thos. Walker, A. N. Rowan, Henry Hilyard, Ald. Armstrong, Ald. Baxter, R. O'Brien, Judge Ritchie, Major Sturdee, W. M. Jarvis and J. M. Macdonald. The programme of the local government respecting the arrangements for the levee.

The matter of keeping the streets clear during the procession was discussed and the mayor stated that the street cars and vehicles would be stopped. He presumed that the militia would be in the position of the arches were awarded as follows:
At corner of King and Germain streets, Edward Bates.
Corner of Mill and Pome streets, James Miller.
Corner of Carmarthen and Broad streets, John Duffy.

No action was taken with regard to the arches at the north and west ends.
The mayor's robe has been forwarded by its manufacturers, Eds & Sons, London, and is expected to arrive in a few days. The garment is the plainest of the designs submitted to his workshop. It will be worn over mourning attire; is dark purple in color and trimmed with dark purple silk and sable fur. An appropriate cape is attached to the robe.
The management of the I. C. R. is to make extensive preparations for the stay of the royal party and train equipment during their visit to this city.

Owing to the great length of the special train carrying the royal visitors it will be necessary to construct a long X at Albert's Island so that the train may be in such a position that the rear car which is occupied by the royal party will be backed up and lie on the track in the space between the west end of Mill street and the station building.
An I. C. R. engineer arrived in the city on Thursday and on Saturday was laying out this X.
A large, spacious platform is to be built over the track at the north end of the train shed at the depot and will be occupied by the royal train which is connected throughout with telephone connections, water, gas and lighting apparatus in such a manner as to make the dissection of the train out of the question.

Material for the decorations is shortly to arrive from Quebec, Montreal and Ottawa. The designs of which are not yet made public, will be also placed to the best advantage.
The royal train will arrive in three sections. The first will be the baggage cars, horse stalls and equipment. The second section will contain the vice-regal party, and the third train will be that of the royal party, consisting of ten cars.

LATER PARTICULARS

Of the Accidental Death of Roland L. Pickle at Springfield, Kings Co.

One of the saddest shooting accidents occurred at Springfield, Kings Co., N. S., which has ever been experienced in the community. On Friday night, while Roland L. Pickle, youngest son of James H. and Maggie Pickle, was returning from a hunting trip, along the road, a short distance above his home, he reached up to some thorn branches, which were growing near the road, with the stock of the gun, which was just being reloaded. He shot and was heard by some neighbors who were near, who hastened as soon as possible to the scene of the accident. He had managed to get down from the place of the accident, but he fell, in a helpless and exhausted condition. His mother was summoned to the scene, but she became extinct shortly after her arrival.

Deceased was a bright, active youth of 15 years of age, beloved not only by those of his home, but by the entire community and all whose privilege it had been to meet him.
Interment took place from his father's home on Sunday afternoon, Sept. 23rd, at 2 o'clock, a. m. He was mourned and friends (there being over one hundred tears in the procession) speak of the high esteem in which he was held and the sympathy and respect shown to the bereaved parents and family. He was buried in the Baptist burying ground at Bellisle Point. Services were conducted by Rev. H. H. Crockett of the Lower Canada Presbytery, at the grave. The interment was assisted by Rev. Mr. Field at the grave and in the Baptist church at the above named place.

A father and mother, seven brothers and a sister, survive. They have the sympathy of the entire community in their bereavement.

A REMOVAL CHANGE

A despatch to the Halifax Herald from Gloucester Bay, says: 'There has been a change in the management of the Dominion Iron & Steel Company and John H. M. Whitney in organizing a steel shipbuilding company; and the Dominion Iron & Steel Company, manager of the Dominion Iron & Steel Company will succeed Mr. Moxham in the management of the steel company, and John Ross, son of James Ross, vice-president of the coal company, will be given the executive position at Gloucester Bay. The steady upward tendency of the price on exchange of the common stock of the coal company under the Ross-Shields management would tend to enhance the reasonableness of such a change. John Ross is a young man not yet in the thirties, a graduate of McGill, and has had considerable experience in business life as engineer of the Birmingham, England, electric street railway.'

SIX MONTHS HOIST

It was thought some days since that there was about to take place an amalgamation of the two ship laborers societies of this city, but this scheme was given a severe set back last night when the members of the Ship Laborers' Society (the new body) gave the proposition a six months' hoist. The meeting was a large one and the decision was reached without any objection being raised. There were about 300 members present.

It was announced at the meeting that this society have secured for the winter season the ships of the Allan, Buchanan, Head and Donaldson lines. This means practically all the winter port business. The society fixed their wages at 30 cents an hour on general cargo. They did not stipulate their charge for working on general cargo. It is likely it will be somewhat in excess of the other charge.

ROBBED A CRIPPLE

Hard-Earned Savings of a Lame Shoemaker at Hampton Stolen—\$462 Taken.

HAMPTON, Kings Co., Sept. 21.—The eulogy pronounced by Justice Hanington at the last sitting of the supreme court on the absence of crime and litigation in Kings County, as evidenced by the lack of cases before the court, has had a severe shock in the fact that a comparatively poor but industrious shoemaker, named Daniel McAllister, who, though a cripple, has managed by thrift to lay away a few hundred dollars, the accumulations of years of effort, has been robbed of everything but his crutch and clothes, by some rascal who has seemingly dogged his footsteps and made himself acquainted with his every movement. McAllister keeps a small cobbler's shop in a building near Brown's Terrace on the Village Road. Two weeks ago he went to St. John to buy stock and during his absence some one who possessed a key which would fit the door of his shop, entered and stole a number of boots which had been left by neighbors for repair.

Detective Ring, a provincial as well as a city officer, was communicated with, but no steps were taken to ferret out the wrong-doer. It would seem that, encouraged by this laxity, the thief or some one of like disposition and tendency, has proceeded to the further outrage of robbing a lame shoemaker. Mr. McAllister had made up his mind to make a change of residence, and on Friday went to the city and drew from the bank his hard earned money, \$462, amounting to \$462, he says, he brought back to Hampton in two rolls, with an elastic band around each, and deposited in a trunk which he locked, and about seven o'clock in the evening came to the station. Returning about 8 o'clock, he found that his place had been again entered, the trunk rifled and his money gone. At noon today he again went to the city to put the case in the hands of the authorities.

Last evening Mr. and Mrs. Robert McCordick of Hampton village, celebrated the twenty-fifth anniversary of their wedding. About fifty guests were present, and all came prepared to add to the worthy couple's material joys, by the presentation of gifts suitable to such an occasion. The party refreshments were provided, and games and whist, music and social intercourse made them fly on winged feet.

Richards, administrator of the estate of the late James A. Richards, for the 21st inst. The large concourse of mourners and friends (there being over one hundred tears in the procession) speak of the high esteem in which he was held and the sympathy and respect shown to the bereaved parents and family. He was buried in the Baptist burying ground at Bellisle Point. Services were conducted by Rev. H. H. Crockett of the Lower Canada Presbytery, at the grave. The interment was assisted by Rev. Mr. Field at the grave and in the Baptist church at the above named place.

A father and mother, seven brothers and a sister, survive. They have the sympathy of the entire community in their bereavement.

ALLAN MAIL SERVICE

There are few more popular vessels in the North Atlantic trade than the Parisian, and her many admirers on this and the Canadian side will be pleased to learn that this favorite liner has, so far, made the best of the season between this country and Montreal. Her last outward run between the two mail stations of Montreal and Rimouski occupied only 6 days 22 hours, which is considered a record. This is an excellent steamer even for a boat which has achieved such a reputation for fast and regular passages. The Parisian is commanded by Captain Wallace, who has held a similar post in Messrs. Allan's employ for many years.—London Eyre and Shipping.

JUST LIKE P. E. ISLAND

(Charlottetown Guardian.)
If report tells truly there is about as much worry and dissatisfaction in St. John over the coming royal visit as there is here on account of the royal visitors not coming this way. St. John had made elaborate preparations for the visit. Among other things the two finest residences in the city, those of Messrs. Simeon Jones and P. S. MacNutt, were taken over at large cost and have been for weeks past in the hands of the decorators, furnishers and plumbers in order that everything might be in palatial order. Just when all was nearly ready, Mayor Daniel returned from Montreal, where he saw the royalties, and he brought word that they will not occupy the residences so sumptuously prepared for them, but will live in the case of their brief stay in the city, which stay has been cut down from twenty-four hours to about fifteen hours. Hence these fears.

WELL KNOWN IN ST. JOHN. During the latter part of the month the marriage will take place in a small city outside of Boston of Mrs. May Eblston, formerly of Public Landing, on the river, and later of this city, to Albert Veazy, who a few months ago severed his connection with the Canadian Drug Co. to accept a position with the firm of Messrs. Leavitt & Carvell, son of the Main street barber; Mark Layton, formerly of Goodville's wholesale fruit store, and Al Simpson. They don't paint a very pretty picture of the much-talked-about harvesting scene. "We had to work from daylight till ten o'clock at night for \$25 a month," one fellow said, "and for feeding us, straight, we hardly got enough to eat!"

LETTER FROM A. R. GLOBE. He Tells How a Boer Woman Shot Two Men.

An interesting letter received by a gentleman in this city from A. R. Globe of the west side, now Q. M. Sergt. of 21st troop, S. A. C., written at Mentie's Farm, Orange River Colony. Among other things says:

"Africa has been rather busy about here lately. Commandant Jacob's command, 600 strong, is in this district. Generals Knox and Baberton came through with three column last week and brought in six hundred women and children, one hundred Boer prisoners, three hundred Boer wagons and about ten thousand head of live stock. One old woman shot two men dead after the Boer men had been captured. The Boer men ran in among the women, when they saw that they were cornered. These two men rode up, thinking everything was clear, when they got it. They were both being brought in almost every day, so it seems just a matter of time.

"A new corps has been formed called the Burgers' Police or Farmer's Guard. They are made up of ex-Boers and are attached to duty to the S. A. C. They are said to have done some good work lately.

"As matters become settled it will be better for the S. A. C., although we have a fairly large number of our country did not seem the same before to me as it does now, and I think I have noticed more about it since coming out this time than ever before."

BUILDING IN MONCTON. Good progress is being made with the various buildings in course of erection in town. The weather conditions have been extremely favorable, scarcely a day being lost for the last two months. The side walls of the P. McSwaney Co. building are completed and the framework of the front is up. The inclosures are that it will present a very handsome appearance. The Summer Co. building has the roof on, and work is now in progress on the roof of the Higgins Co. building. Both these roofs are of sparwood, put on by R. C. Bacon.—Times.

GREAT PRIZE WINNERS. Messrs. Archibald and C. Ashly Harrison of Margerville, who have an exhibit of roots and vegetables at the Halifax exhibition, made almost a clean sweep in their class. Fuller's Black-eyes and captured seventeen prizes, all except three being first.

A LOST APRIL. In this September? In a golden light the golden rain has passed, and sparkling dew is dripping from the trees, each drop dripped through.

With quivering sun threads, shining silver white.

The birds' note ascends in rapturous flight.

From meadow lark that upward flew, And from cleaver birds at dawn is singing, too. As if there were no Autumn and no night.

Is this September? Nay, for on the earth in radiant beauty April trees again, And woe the thorns with white millets and fears.

And so it is Spring has another birth, We have not lost our love's first sweet new life— It was everywhere under the aiso of years.

ST. ANDREWS.

Services in Memory of Rev. Canon Ketchum Conducted by Rev. W. O. Raymond.

(Special to the Sun.) ST. ANDREWS, N. B., Sept. 22.—Rev. W. O. Raymond, rector of St. Mary's, St. John, conducted morning and evening service in All Saints church today. The morning service was a memorial of the late rector, Canon Ketchum. For his sermon, which was historical of the parish and biographical of the late Dr. Ketchum, the preacher selected as his text: "Blessed are the dead, that die in the Lord, for they rest from their labors, and their works do follow them." Mr. Rogers, the choir master of St. Mary's, sang with great taste and feeling the solo, "He giveth His beloved sleep," and at the evening service the solo, "By Jesus' Grave." The accompaniment was played by Miss Clinch, organist of All Saints. The pulpit, lectern, reading desk and choir stalls were draped in black and purple. Rev. Mr. Raymond conducted in St. Ann's chapel, Chamcook, in the afternoon, where Mr. Rogers sang a solo.

GRANT-PANJOY. The residence of the bride's father and mother, Mr. and Mrs. William Panjoy (formerly of St. John), 57 Water street, was the scene of a very interesting event on the evening of Sept. 11, when their daughter, Mabel Ellen, was united in marriage to Joseph Chambers of the same district. The ceremony was performed by the Rev. Mr. McFadden of the Congregational church in the presence of about one hundred guests, most of whom were former residents of St. John. The bride was supported by her cousin, Miss Louise Watters, of St. John. The groomsmen were Charlie Hunter, also a native of New Brunswick, and the bride was attended by a pretty white and blue muslin. The beautiful gifts received by the bride, which were silver candlea, silver scallop, dish, silver tea set, knives, forks and spoons, and a number of other gifts, were all very much appreciated. A YARMOUTH WEDDING. (Telegram, 20th inst.) One of the prettiest weddings of the season, and one which created quite a stir, took place at Holy Trinity church at 7.30 o'clock Wednesday morning.

The church had been very tastefully decorated for the occasion by friends of the bride, and presented a beautiful appearance. The ceremony was performed by Rev. R. D. Bambrick, rector, the edifice being packed to the doors by a very interested congregation.

The bride was Miss Florence M. Johns, only daughter of Thomas W. Johns, cashier of the Bank of Yarmouth, and Blake G. Burrill, eldest son of Wm. Burrill, Milton, was the groom.

The bride entered the church escorted by her father, while the choir sang: "The Voice that Breathed O'er Eden." She wore a handsome dress of white tulle, with a magnificent bouquet of bride roses. Miss Kate Phossant, formerly of St. John, N. B., acted as bridesmaid and wore a rich gown of white pinpoints with white picture hat. Walter Burrill, brother of the groom, officiated as best man. ELEVEN YEARS A CLOSE PRISONER

Story of a Quebec Man's Trial and His Long Unearned Punishment.

His Recent Marvellous Escape by the Aid of Dadd's Kidney Pills—His Gratitude to the Help that Saved Him—Six Boxes Completely Restored Him to Health.

ST. PATRICE, Lottierne, Que., Sept. 20.—(Special)—A sad story of unjust imprisonment is that told by Philippe Boissonneault of this place. His case was more than that of an ordinary prisoner, for his bonds were those of pain and disease. For eleven years he held him, a hopeless victim, chained, tortured, a slave to Kidney Disease.

Who is there in the world that thinks man was intended to suffer, that he merits his fate, that he deserves the afflictions disease put on him? Surely, no one thinks that. We were put here to be happy, to be healthy, and free from pain. Nobody will say that Philippe Boissonneault of St. Patrice deserved his long punishment, and nobody but will rejoice to hear that through the aid of a wonderful medicine—Dodd's Kidney Pills—he has escaped.

Dodd's Kidney Pills, the remedy that proved such a boon, have made a reputation all over the world in curing diseases of the kidneys, bladder, and urinary troubles, Women's Disorders, Dropsy, Nervousness, Rheumatism, Lumbago, Backache, Bladder and Urinary Troubles, and all the ailments that arise from within the scope of Dodd's Kidney Pills, and Dodd's Kidney Pills have testimonials for the cure of all of them. Philippe Boissonneault's case was the common form of Kidney Disease.

"For eleven years I have suffered untold agony with Backache which crippled me as though I were barred and shackled. I have taken all sorts of remedies, nothing doing me any good. I read in Dodd's Almanac what was recommended for the kidneys. I decided to try them and send for six boxes, though without confidence. But today I am completely cured, and thank Dodd's Kidney Pills alone for it."

BIG LUMBER CUT. J. P. Mosher expects to cut 6,000,000 Feet This Winter.

J. P. Mosher, of St. Martins, who is in the city today, will get out about 6,000,000 feet of lumber during the coming season, and will employ about 300 men. He now has two camps at Loch Lomond, and two at St. Martins, and is sending in another. He has a gang mill at St. Martins, and a portable mill now at Treadwell's lake. His cut around upper Loch Lomond will be about 2,000,000 feet, and at St. Martins and Fairfield 4,000,000. He has lately bought the timber on some 800 acres of land near St. Martins and on 800 to 1,000 near the lakes. During the summer he cut at the lakes in his portable mill about 800,000 feet for St. John city and other places. The lumber will be dealt and between one and two of dimension stuff for the United States. Mr. Mosher says the outlook for lumber is much improved.

FRENCH WAR VESSELS. SYDNEY, Sept. 8.—The three French warships, Isley, Destres, and Manche, have been in port here past week, sailed this afternoon. The Destres goes to Quebec to take part in the festivities connected with the reception of the Duke of York. SATURDAY'S AUCTION SALES. Auctioneers Lantulum, Gerow and Burke offered at Chubb's Corner Saturday, but there was not much business doing, and the public sales only lasted a few minutes. Mr. Lantulum was the first to appear, and quite a crowd gathered as he put up the sloop yacht Jubilee. Bids were lively at first, and she was knocked down to John McKelvey at \$75.

Mr. Gerow offered the Dunlop shipyard property, after reading the terms of sale. The first lot, the shipyard itself, only drew bids to the extent of \$2,500, and the whole property was withdrawn.

Mr. Burke announced he had some mining and oil stocks to offer, but did not effect a sale. He offered first, 2,045 shares of Gold King. It was withdrawn at 45 cents. Seven hundred and fifty shares of Bear Gulch were withdrawn at 27 cents. On 125 shares of Union Consolidated Oil stock no bids were made.

WILL LIKEBLY COME. A meeting of the F. B. Island members of the Royal Canadian was held in Lieut. J. A. MacDonalda's office, Charlottetown, Thursday night. The committee of arrangements reported that they had been unable to secure any assistance from the militia department, and advised that a decision be made at once in regard to coming to St. John to receive the medals, as it was necessary to secure accommodation at once. A majority of the boys intimated their intention to pay their own expenses, but it was decided to ask a grant from the citizens to help them on the trip.
