MAIL ORDERS

We solicit out of town orders which
receive our personal attention. The
length of time taken to fill orders is
governed very largely by how busy we
are in the department of our factory
in which the particular goods are
made. While we have exceptional
facilities for promptly turning out
goods, it is important to place orders
as far ahead as possible. Orders are
filled by us in the relation in which
they are received, and customers can
always depend on our doing everything
in reason to give prompt dispatch.

BIG COLONIZATION SCHEME BEFORE HOUSE

Bill Introduced at Fredericton to
Give Large Tract of Land to
English Corporation

(Special to Graphic)
Fredericton, Mar. 11th.—In the leg-
islature this afternoon Premier Flem-
ing introduced a bill to provide for
a big colonization scheme in which W.
Leonard Palmer of the London Fin-
ancial News has interested a number
of wealthy Englishmen, who have be-
come incorporated in the Old Country
as the New Brunswick Company, Lim-
ited. The English corporation have
acquired a large tract of land in Sun-
bury and Queens County and the bill
provides that they will have granted
to them 20,000 acres of Crown Lands,
with the Executive Council having
power to increase the amount to 50,
000 acres if desirable, under conditions
which call for the splitting up of the
property into 100 acre lots with 200
families to be settled in a period of
fifteen years, the Company agree to
make expenditures for opening up
roads, providing school houses and
other facilities and to expend not less
than \$1000 per annum in advertising.
In Great Britain there is also pro-
vision for houses and other buildings up
to a certain standard on each lot and
the whole matter was declared by the
Premier to be one which would result
in extensive colonization work of a
sound nature in a central section of
the Province.

COUNCIL HOLD TWO IMPORTANT METINGS

Draft of Legislation Required is
Now Ready and Will be Pre-
sented this Session

The Town Council met on Friday
evening His Worship Mayor Andrew
presiding.
There were present Councillors
Quinn, Alexander, Ellsworth, White
and Ferguson.
The minutes of the previous meet-
ing were read and confirmed.
Communication from the City De-
velopment Exhibition in Toronto, was
laid on the table.
Secretary of Board of Health re-
garding to the communication of the
Dairy Inspector referred to them from
Council. Communication was filed and
accounts amounting to \$29.40 were
ordered paid.
Communication from Jacques Car-
rier committee was ordered filed.
Communication read from White
Drug Co., asking reduction of assess-
ment, was referred to Assessment and
Appeals committees.
Communication from the Secretary
of the Federation of Boards of Trade
regarding Georgian Bay Canal scheme
was laid on the table.
The following reports recommending
payment of accounts were received
and adopted—
Water and Sewerage \$ 55 67
Electric Light 331 50
Fire Protection 15 90
Finance 12 55
Councillor Ellsworth from Assess-
ments and Appeals Committee pre-
sented report recommending that re-
duction of assessment in the cases of
Mrs. A. B. Mowat Morton and A. T.
LeBlanc be not granted.
Councillor White presented the an-
nual report of the Electric Light Com-
mittee which was ordered printed in
the blue book.
Councillor Ferguson presented the
Annual report of the Fire Protection
Committee together with the report
of the Fire Chief for the year, which
was ordered filed and ordered printed
in the blue book.
The notice of the Council was
brought to the fact that numerous
streets especially in the back parts of
the town, were unbroken and the fire
apparatus could not be used on them.
The Street Commissioner was ordered
to have these streets attended to at
once.
The notice of the Fire Protection
Committee was drawn to the old Mur-
ray building on O'Leary street which
constituted a fire menace, and orders
given to notify owners to have it re-
moved.
Councillor Ferguson submitted sche-
dule of rates applicable to the Fire
Brigade but after discussion were
held over.
Council then adjourned.
The Council met again on Tuesday
evening, His Worship Mayor Andrew
presiding. There were present Coun-
cillors Miller, Pinault, Alexander,
Quinn, Ellsworth and Ferguson.
The minutes of Friday's meeting
were read and confirmed.
A communication was read from Mr.
S. M. Moore asking reduction of taxes
and enclosing bill for ground rent of
the property on Roseberry Street.
The request was referred to Assessment
and Appeals Committee, and the bill
for rent to the Public Property and
Streets Committee.
The following reports recommending
payment of accounts were received and
adopted.
Finance \$21.26
Public Property and Streets \$393.68
The Council then resolved itself into
a committee of the whole to draft the
proposed legislation requirements.
Councillor Miller took the chair, and
the Town Solicitor read over the pro-
posed draft of the legislation to be
sought. Besides dealing with the
building by-laws, legislation will be
sought to issue bonds for \$50,000 for
Town Hall and Fire Station, and \$20,
000 for permanent streets and side-
walks. There is also the change asked
for with regard to the appointment of
the deputy Mayor, and with regard to
the assessments, the time for discount
to be extended to 30 days, rates to be
payable within 60 days, and after that
to be charged interest at 5 per cent.
After amendment and additions the
draft was accepted by the Council and
the bill ordered to be prepared.
On reverting back to the order of
business, Councillor Ferguson submit-
ted the schedule of rates proposed to
be paid the Fire Brigade. The amounts
are as follows—
Fire Chief \$100 per annum
3 Lieutenants 60 per annum
Capt. H. & L. Truck 65 per annum
Lieut. H. & L. Truck 45 per annum
9 men 40 per annum
Engineer of Steamer 60 per annum
Fireman of Steamer 40 per annum
A total cost of \$880 per year.
Councillor Ferguson submitted all
the data required by the Council, but
before accepting the report, the Coun-
cil asked that the names of all firemen
who were to go on this list be submit-
ted and also the schedule of rates paid
in Chatham.
Council then adjourned.

CAMPBELLTON ARE THE CHAMPIONS

No Satisfaction Can be Got by
President of League From
Chatham.

The Fredericton Gleaner gives the
following account of a hockey meet-
ing held in that city on Friday:—
The Campbellton hockey team are
champions of the N. B. H. L. and will
be awarded the Star trophy emblem-
atic of the championship.
At a meeting held here yesterday at
which the Campbellton club was repre-
sented by A. A. Gillis, their secretary
and Manager Ray D. Young, President
Staples awarded the championship to
Campbellton after being unable to
come to any suitable agreement with
the Chatham management.
The latter while not being repre-
sented at the meeting were kept in
touch with the business by telephone.
After the league officials had drawn up
an agreement whereby the Campbell-
ton team were to play in Chatham
next Wednesday night, March 11th,
and the return game was to be played
in Campbellton on Friday, March 13th.
Frank Brown, who was suggested as
referee, was agreed upon but G. T. O'-
Brien, with whom the league officials
were talking over the long distance
phone yesterday afternoon, stated
that the Chatham team would not
agree to Campbellton having the pick
of the league for their three imported
men.
President Staples, Secretary Dean
and Mr. Gillis all talked with Mr. O'-
Brien but the last named held fast to
his position regarding the imported play-
ers. Mr. O'Brien said that unless they
could agree on this point Campbellton
could be awarded the championship,
whereupon President Staples made
the award.
We are informed that the reasons
given above are not quite correct.
From the information we have received,
it appears that the league officials
could get no satisfaction from the
management of the Chatham team.
Mr. O'Brien referring the officials to
Fr. Pickett, and Fr. Pickett referring
them to O'Brien. In any case none of
the teams in the league but Campbell-
ton are eligible to hold the cup, as the
Vics were the only team to sign the
articles of membership and pay the \$5
entrance fee.

WHO THE FORD AUTO

That Will be Answered When
the Judges Announce the
Result

The Graphic Auto contest is being
talked about from one end of the Bay
Chaleur country to the other, and al-
ready some are taking an active inter-
est in the contest.
A number of nominations have been
sent in, but there is yet an opportunity
for a hustling candidate at New Carlis-
le, Chandler, Gaspe, Bonaventure,
Dalhousie, Bathurst and other towns.
Campbellton should put two or three
in the field.
There is an opportunity for some
popular young lady to win a car. In
the recent piano contest the young
ladies made successful candidates and
we are sure they could show the young
men a thing or two in getting votes.
The contest will be run in an im-
partial manner. All will be served
alike and no favors will be shown.
The Ford car is already on exhibi-
tion at The Lonsbury Co.'s display
rooms, and is a beauty. The Lons-
bury Co. are the agents for this popu-
lar family car.

RAILWAY WRECK AT OPERA HOUSE

Pictures of the Buctouche and
Moncton Railway Smash
Shown Last Night

The accident which happened on 20th
February, 1914, on the Buctouche and
Moncton Railway, was shown by pic-
ture slides at the Opera House last
night and will be shown again tonight,
for the last time. Every one should
see these pictures, as they give spen-
did views of the wreck which was one
of the worst smash-ups in railroad
history. 6 reels of pictures will be
shown. Mr. Fleming will render two
songs. Come early as the show will
run about two hours. Prices 10c to
all. Doors open at 7 o'clock, show
starts at 7.45. The "What happened
to Mary" pictures are expected to
start next week.

FORMER VANCOUVER PASTOR AT BURBANK

Father Campbell, who was pastor of
St. Patrick's Church in 1910-1911, is
now engaged in pioneer work on the
American side of the boundary line.
He has established a flourishing mis-
sion at Burbank, and has been appoint-
ed parish priest of Burbank and Lan-
kershim. Of his work the "Owenas-
mouth Gazette" writes:
"Rev. Father F. C. P. Campbell of
Burbank was in Owenasmouth last
Tuesday looking over the field, with a
view of establishing a mission of the
Catholic faith. He is now in charge
of a parish at Burbank and Lan-
kershim, and later will aim to establish
missions at Van Nuys and Owen-
mouth. Father Campbell made sever-
al calls among the people, and was
given every encouragement. The mis-
sion at Owenasmouth would include the
territory of Chatham, Calabass,
Topanga and Liberty. He will return
later and give the matter his personal
attention. Father Campbell is a pleas-
ant gentleman to meet, having given
his life work to charity, and through
his years of travel throughout Europe,
Canada and America, he is familiar
with the problem of life which touch
all classes and nationalities.
We wish Father Campbell success in
his new sphere of labor in California.
While in Vancouver the Rev. gentle-
man assisted His Grace, Arch-
bishop McNeill, in the purchase of
several parcels of ground for Church
purposes. Writing to a Vancouver
friend, Father Campbell says: "I have
six missions, and I have had no time
to write you before. The weather here
this winter is ideal, no fruits frozen
yet. There are so many Eastern peo-
ple coming in here to enjoy the sun-
shine and flowers. It is rumored that
the Red Hat is to go to Vancouver,
and who could be more fit for it than
your good Archbishop Casey. I am
glad to see that the foundations laid
by Archbishop McNeill for so many
new churches are progressing so well.
I read the B. C. Western Catholic; it
was good for Christmas."
The rev. gentleman is well known
and remembered in this district, hav-
ing been in the charge of Charlo par-
ish for a considerable time.

Raincoats

In the Spring the old and middle aged as
well as the young man's fancy turns not
lightly on thoughts of—RAINCOATS.
He ponders the question deeply, March
thaws and April showers keep him from
forgetting. He must have a Raincoat and
thinks "Now where will I buy it?"

We answer,
"At FERGUSON'S"

"Why at Ferguson's?"

"Simply because Ferguson's carry the
goods and can supply any demand in the
Raincoat line, not flimsy proofed, thrown
together coats of low grade rubber, but
each of good material sewn, cemented and
strapped in styles that appeal to good taste.
The very newest shades of cloths in plain
Reglan belted and pleated models."

"Prices?" "We've a price for every purse!"

\$5.50, 7.50, 8.50, 10.00, 11.00, 12.50, 13.50, 15.00

We'll fit a few on to show you you how
nicely they hang if you'll drop in to look
'em over.

THE HOME OF GOOD CLOTHES

OPENING OF THE NEW PICTURE HOUSE

Big Crowds Attend the Empress
Theatre on Roseberry Street
Monday Night

The new Opera House on Roseberry
Street leased from Mr. L. T. Joudry
by Messrs. Torrey and Winter of
Moncton was opened on Monday even-
ing. The house which seats over 600
people was crowded at both shows,
many people being turned away. Miss
Nash Synott of Chatham who has many
friends here, has been engaged for the
musical part of the show and Mr. A. L.
Gaudet is manager. The theatre in-
side is very well arranged, the
seats, although a little too close to-
gether, give everyone an opportu-
nity of seeing the pictures, as they are
placed on an acute slope. Two per-
formances are given nightly and an
entire change of program is made on
Mondays, Wednesdays and Fridays.

SOMETHING WHICH IS WORTH GOING TO

The concert and recital which takes
place in the Opera House tomorrow
night, under the auspices of the St.
Andrew's Club, will be one of the most
unique entertainments ever put on
here as a local show.
To begin with, many people do not
care for pipe music for the simple
reason, they have never heard the
pipes played by any of the great pip-
ers, and Major McKenzie Ballie, who
holds countless decorations, is consid-
ered one of the best pipers in the Dom-
inion, so that this item would be well
worth hearing. The club is also to be
congratulated on having the assist-
ance of Miss Irene Currie, who recently
returned from the west for a visit.
Miss Currie won golden opinions in
Vancouver, where she sang at many
important gatherings, and she will be
rejoiced to be welcomed by her friends here.
To complete the program, Mr. A. D.
Fleming, The Male Voice Quartette in
ballads, and negro melodies is sure to
please, while Prof. Dunklespell's Art
Gallery will be most instructive and
amusing. Tickets can now be had,
reserved seats, 50c, unreserved, 35c.

**BIG BLAZE AT THE
INTERNATIONAL STATION**
Last evening an alarm was rung
in from the I. N. R. station, calling the
brigade to a blaze in the oil shed, sit-
uated on the south side of the track.
The brigade were prompt on the scene
and succeeded in extinguishing the
flames, but not before the shed and
contents were totally destroyed. The
loss which will be considerable, is ex-
pected to be recovered.

News to most women!

Oven-tested flour is for sale. Instead of buying ordinary flour you can buy flour whose baking ability has been proven in an oven:

PURITY

A ten pound sample is taken from each shipment of wheat at the mill. This is ground into flour. The flour is baked into bread.

If this flour bakes into bread high in quality and large in quantity we keep the whole shipment of wheat and grind it. Otherwise we sell it.

More bread and better bread from this flour is a certainty!

The P. D. hockey team have arranged a trip to Newport on Thursday, to play the N. P. team on their own ice.

It has been unusually mild for the last few days, and in consequence the roads are very soft.

Miss Julia Chedore, of Gascons, spent a few days with Mrs. Alfred Gillis last week.

Rev. Mr. McLeod conducted a cottage meeting at the home of Mr. A. Young on Saturday evening.

We take pleasure in noting the following additions to the population, to Mr. and Mrs. Edgar Lawrence, a daughter; to Mr. and Mrs. Fergus McPherson, a son.

The above tends to prove the foresight of our school authorities in providing Port Daniel with a large and well-equipped schoolhouse.

Mr. and Mrs. P. O. Vial leave today for Cleveland, Ohio.

SHIGAWAKE

The death occurred on Feb. 26th, of Mrs. William LePrody, who had been ailing for some time. She was interred in the Roman Catholic cemetery, St. Godfroi.

The school question which has again arisen in this place was the cause of Mr. George Young, School Secretary, being sent on Feb. 26th, to Quebec, to hold an interview with the Board of Education. Contributions were made by those who were against "higher education", to defray expenses of the trip.

The friends of Mr. Joseph Hayes are glad to see him out around again. Mr. Claude A. Skene finds his hard work breaking in his young mare, having to keep her tail tied to the breeching.

Mr. James Philip LeGallais is trying to cultivate a mustache. We all wish him the greatest success.

We are glad to hear Mr. Joseph Whyte back with us again, after having spent the winter in Ontario.

NEW RICHMOND

A pretty wedding took place on Feb. 23rd, when Mr. Lawrence Cormier was united in marriage to Miss Victoria Cyr, of New Richmond. The ceremony was performed by Rev. Father Michaud. The bride looked charming in a gown of golden brown satin with hat to match. The young couple were supported by Mr. Stahilis and Xavier Cormier, brothers of the groom. After the ceremony, they drove to the bride's home where a sumptuous dinner was served and then to the groom's home. They received many pretty and useful gifts.

Miss Cecile Casey of St. Jean L'Evangeliste, P. Q., was a guest of Miss Leontine Cormier, last week.

END STOMACH TROUBLE

"Pape's Diapyspa" makes Sick, Sour, Gassy Stomachs surely feel fine in five minutes.

If what you just ate is causing you stomach or like like a lump of lead, refusing to digest or you belch gas and eructate sour, indigested food, or have a feeling of distress, heartburn, fullness, nausea, bad taste in mouth and stomach headache, you can get blessed relief in five minutes by Pape's Diapyspa from any drug store. You'll realize in five minutes how needless it is to suffer from indigestion, dyspepsia or any stomach trouble. It's the quickest, surest stomach doctor in the world. It's wonderful.

BONAVENTURE

Having noticed that Bonaventure items of interest are very rare in your paper, I am prompted to send you the following bits of news which should prove of interest to your subscribers in this locality.

Mr. Preston Taylor has just returned from a month's vacation, having visited Montreal, Toronto, Ottawa, Niagara Falls and Buffalo. He spent a week as the guest of his brother, T. Milton Taylor of Ottawa, formerly of New Richmond.

Messrs. Edwards & McLeane have started mill repairs and are planning on an early start this spring. A number of new machines have been installed which will greatly add to their output. Mr. Jules Guindon, formerly of the Cascapedia Mfg. & Trading Co., will be the company's millwright this year.

Mr. and Mrs. S. B. Bond and son, Tracy, of New Richmond spent a few days last week in Bonaventure as the guest of Mr. Taylor at "The Lodge". Mrs. Thomas O. LeBreton entertained informally in honor of Mrs. Bond, as did also Mrs. George McGrath.

The usual peaceful demeanor of the village was a little disturbed last week when it was reported that liquor was being sold illegally. Investigation proved this to be a mere rumor.

Last Saturday we had no mail service from Matapedia. We do not know why the train did not run but presume it was on account of the heavy wind. The occasional service on the Quebec & Ontario Railway should help the hotel business in Campbellton and Matapedia.

The many friends of Mrs. E. N. LeBlanc will be pleased to hear that she is slowly recovering from her recent illness and is able to be around again. Mr. F. J. Blier of New Carlisle spent a day in Bonaventure last week on business.

Mr. Thomas Stainer, the popular clerk of the Robin, Jones and Whitman store, has taken up walking for a pastime. A week ago he made the long trip from the Company's store to "The Lodge" and return in something over eighteen hours.

Mr. A. B. Gauthier and son made a trip to Campbellton last week on business.

Mr. Ben Buold has taken over the store operated by Mrs. J. E. Levesque, and his many friends wish him every success in his new enterprise.

"Ayer's Sarsaparilla" Changes tendency toward disease to tendency toward health. No alcohol. Sold for 60 years. Ask Your Doctor. Made by J. C. Ayer & Co., Lowell, Mass., U.S.A.

NEWPORT CENTRE

The third carnival of the season was held at the Newport skating rink on Tuesday, the 24th Feb. The many costumes were very pretty. No prizes were given however.

Miss Grenier of Percé, who has been in town a few weeks visiting friends, returned home on Friday.

Mr. Arthur Julien, commercial traveller was in town on the 23rd and 24th February.

Mrs. Joseph Grenier and her little daughter, left Friday for Percé, where they will be the guests of Mrs. Grenier's brother-in-law, Dr. Grenier.

Mr. Thomas Jessop and Miss Muriel Jessop drove down to Chandler on the 27th.

Misses Druce and Ida Lemarquand and Blanche Bouillon were down to the Chandler Opera House Friday last.

Miss Julia Enright returned to Port Daniel on the 20th.

Miss Marguerite Jessop has been confined to her room all week, with a severe cold.

Captain Dakin and Mr. Lanther of the Chandler Opera House were in town on 1st March.

The Port Daniel hockey team who were to play the Newport team Saturday, could not come down because of bad weather. We understand the game will be played on Tuesday, 10th. Hurry up boys!

Mr. Nicholas of Grand River was at Jessop's Hotel on the 26th.

Mr. Marcon, commercial traveller, was in town on unday 8th.

NEW RICHMOND CENTRE

A very pretty wedding took place, on Wednesday evening, March 4th, at the home of Mr. and Mrs. Arthur McWhirter, New Richmond Centre, when their daughter, Clara Jane, was united in marriage to Mr. George Maxwell Barter of Grand Cascapedia. Rev. W. B. MacCallum officiated in the presence of a large number of relatives and intimate friends.

The bride looked very pretty in a gown of pale blue satin, with white overalls, also tulle veil arranged with orange blossoms. Miss Lucy Cole acted as bridesmaid, and Mr. Stanley McWhirter, brother of the bride, as best man.

They were the recipients of many handsome and valuable presents. Mr. and Mrs. Barter left for their home in Grand Cascapedia the following day. All join in wishing them a happy and prosperous journey through life.

Concrete walks need no repairs
THEY are not only best at first but are cheaper in the end than any other kind of walk. They are clean, permanent and safe. There is nothing to become loose nor are they slippery. They improve the general appearance of a house and are a source of great satisfaction to every housewife because they keep children out of the mud, prevent colds from wet feet and prevent dirt from being "tracked in" on floors and carpets. Equally important is the fact that they never wear out and never need repairs.
This free book "What the Farmer can do with Concrete" tells all about concrete walks and how to build them, and a score of other things needed on every farm. Write for it to-day.

N. B. Government Would Stop Their Entry Owing to Powder Scab

Fredericton, N. B., March 3.—The thirty-eighth annual meeting of the Farmers' and Dairy-men's Association of New Brunswick opened last night in the city council chambers with a large attendance. The sessions will continue three times daily, until Friday afternoon when the meeting will close. Demonstrations of various kinds will be given at the exhibition building during mornings and evenings.
A seed fair will be held there on Thursday and Friday.
President W. H. Moore delivered the opening address last night. Mayor Hooper welcomed the visitors on behalf of the city of Fredericton; H. H. Smith responded on behalf of the association; Hon. J. A. Murray, M. P. P., dealt at considerable length with the embargo imposed by the United States on New Brunswick potatoes. The potato growers of Maine found themselves with only the Canadian market available to them. New Brunswick's department of agriculture had opened negotiations with the department at Ottawa, to prevent the Canadian market being flooded by Aroostock potatoes.
Hon. Mr. Murray said he was prepared to recommend to the provincial government that an agricultural school be established in every county of the province if the success of Woodstock agricultural school should warrant it. The federal grant for educational purposes would be available for such use.

AN EXCITING TIME
(From Gloucester Northern Light)
All the excitement at the Court House during the week was not contributed by the notorious Russell-Doir case it appears.
Officer Ramsay locked up a resident of a nearby community on a charge of drunkenness the other day, and as soon as the officers went out of court, the occupant of the town's cell started to celebrate. He broke all the windows he could reach, made kindling wood of the cell's furniture, and made a very nice bonfire of the debris on the cell floor. The smoke poured from the cell all through the prisoner's quarters, where a number of others were confined, and soon the whole place was in an uproar. The cries for help were heard by Policeman Ramsay away up town, and it took him some time to quiet the fears of the thoroughly frightened prisoners. The cause of it all paid \$25.00 for his fun in court next day.

WIRELESS STATION
NEARING COMPLETION
Telegraph Line to be Erected Between Newcastle and Fredericton This Spring
The work on the new wireless station at Newcastle is now nearing completion and all that is needed for the inauguration of the system is the completion of the company's station on the west coast of Ireland. One of the two powerful engines, each of two hundred horsepower, has been erected and has finished a satisfactory 48 hour test. These engines which were manufactured in Italy, were installed under the personal supervision of Mr. Oslander of the Franco-Tosi Co. The Dynamos and other electrical apparatus were installed by Mr. Phael of Berlin, Germany.
Although no messages have been sent as yet from the new station, several have been received in passage from one station to another, mostly from the Glace Bay station. The signal code has been selected as M. U. by telegraph mile and P. M. U. will be the wireless call.
In the early spring a telegraph line will be erected between Newcastle and Fredericton for the sole use of the wireless company and all messages will be sent through the Fredericton office with Newcastle, the head office for Canada.

FOUND GUILTY OF SHOOTING COUSIN

Leonard McGibbon, Age 22, of St. Scholastique, Que., Convicted of Manslaughter

St. Scholastique, Quebec, March 2.—After deliberating only fifteen minutes the jury here today brought in a verdict of manslaughter against Leonard McGibbon, aged 22 years, on trial for the past two weeks for shooting his cousin, John McGibbon, Jr., aged 28. The tragedy, the secret of a seventeen years' feud between the McGibbon families, occurred on the farm of the victim's father near Dalesville Post Office, on August 21st. Mr. Legault, prosecutor, addressing the jury, said the crown would not insist on a verdict of murder, as it seemed probable the deceased fired the first shot.
Mr. De La Ronde pleaded self-defence for his client, and asked for a verdict of either justifiable or excusable homicide.
Upon the verdict being announced, he asked for sentence to be deferred until Wednesday, when he will make a motion for a reserve case.

YOU CAN'T EARN MONEY WHEN YOU'RE LAID UP

There are a lot of people in this town who cannot afford to be sick. Perhaps none of you feel that you can, but certainly some of you can't, for as soon as you are sick, your wages stop and worry and debts begin to pile up. The sensible thing for you to do, as soon as you feel run-down and worn out, no matter what the cause, is to build up strength and health. Make yourself more comfortable and provide against serious sickness.
We don't believe there is any other medicine made that will do as much towards saving your health and thus helping you save your money as Rexall's Olive Oil Emulsion. It is a medicine that gets right to the trouble and relieves you by toning the nerves, enriching the blood, and giving new strength and health to the whole body. It doesn't do this by means of alcohol or habit-forming drugs, because it contains none. Its strength and health-giving power is due to pure Olive Oil and the Hypophosphites, long endorsed by successful physicians, the one for its food value, the other for its tonic value. Here, for the first time, they are combined, and the result is a real nerve, blood and body-building medicine—a real strengthener that we are proud to tell you about. You don't need to hesitate in using it, because if it doesn't do all we say it will and satisfy you in every way, it will cost you nothing. If it doesn't make you strong and well again, come back and get your money. It will be given to you without word or question. Sold only at the more than 7,000 Rexall Stores, and in this town only by us. \$1.00. Thos. Wran, Water Street, Campbellton, N. B.

NEW ORDER OF RAILWAY COMMISSION

I. C. R. Will be up Against it if The Latest Edict Goes Into Effect

(Transcript)
The following Ottawa despatch will be of much interest to I. C. R. engineers in Moncton and elsewhere:
At a meeting attended by the representatives of the principal railway companies of the Dominion, the Railway Commission drew up an order regarding various defects in locomotives. Should no opposition to the order materialize, it will become effective within thirty days.
The order enforces the provision of double windows on locomotives during the winter season, and also prohibits engines leaving terminals for traffic service or being used for terminal service with steam leaks which prevent the engineer from seeing signals. Engines with truck or driving wheels or tender wheels with flanges worn below a certain specified standard, engines with badly worn steel tires or with shelled out or flat spots on wheels must also be put out of commission.
The double windows mentioned above are for the purpose of keeping frost from forming on the glass in the winter and so obstructing the view of the engineer while running ahead.
Apart from the matter of defective and worn tires and flanges, perhaps the most important item in the new order and that which will be most welcome to I. C. R. engineers, is the provision forbidding the use of locomotives which are so badly packed and out of repair that the leakage of steam interferes with the proper observance of fixed signals.
It is a matter of common knowledge that this has been a notorious fault with a very large number of I. C. R. engines during the past two years, although it is stated that most of the engines are not now in such desperate condition as they were some six months ago.
Citizens of Moncton will have no difficulty whatever in recalling reported cases where engines have practically fallen to pieces on the road, and many have personally seen trains pulling out of town, with the front end of the train completely hidden in the thick cloud of steam which poured from the defective connections of the locomotive. The only wonder is that so few accidents have occurred under such conditions.
Sometimes the trains run for short distances on the main line pushing cars ahead of the engine, and it is stated that on some occasions it was almost impossible for the engineer to see the brakeman riding on the foremost car because of the flying steam from the alleged locomotive. With signals obscured in this way, a train might easily run over a person on the track or strike a team at a level crossing while the brakeman's signal was momentarily veiled by the vapor.
Viewed in any light, defective and leaking locomotives are a menace to the general public as well as to the men running them and from all accounts of the I. C. R. will have to haul a big bunch of its hogs in for repairs if any attempt is made to enforce the new order.
The action of the Railway Commission is valuable as giving the men added security in refusing to take out engines which they know to be in poor condition.

SUPREME COURT CASES SETTLED

(From the Gloucester Northern Light)
The Russell-Doir case, which occupied the attention of the Court for four days of last week, was settled by the lawyers just before the jury brought in their verdict. The plaintiff got damages for \$750 together with a release of a mortgage on his son's farm for \$350, and has to pay his own costs. It is said that his lawyers got all the money, and that he was left to sweat out of jail. The defendant was sorry he set off when he found that the jury allowed his opponent only \$400. Verily, a wonderful thing is the law.
The Boucher case was also settled before it came to trial.
The other two cases were put off until the next sitting of the Court.

Large Iceicle Crashes Through Window Near to Prime Ministers Desk

Premier Fleming had a narrow escape from terrible injury or possibly instant death recently. He had seated at his desk in his private discussing departmental matters Col. Loggie, deputy minister of and mines, and during the conversation got up from his chair, walked to the centre of the room, and continued the discussion. With a couple of minutes there was a crash. An immense icicle, with a piece of ice weighing probably a hundred pounds, had broken off from the building and crashed down through the window alongside Premier's desk. Broken glass flew in all directions, and the massive of ice landed in the Premier's office which he had just a few minutes fore vacated. Officials rushed to the office from all parts of the building and things were in an uproar a few minutes as it was feared the Premier had been badly injured or killed. All were happily surprised to find that Hon. Mr. Fleming had only moved away from his desk a few minutes before the crash came and was perfectly safe.

Fredericton, N. B., Mar. 3.—House met at 8:45 p.m. last evening.
Hon. Mr. Fleming said the House would remember that last session legislation was passed under which municipalities were called upon to pay a certain sum per week towards support of all pauper lunatics in Provincial Hospital. Some object had been taken to this legislation, certain of the municipalities, and solutions protesting against the said had been passed by them and afterwards to the government. Under law, as passed last session, the municipalities were asked to pay the sum of one dollar per week for each patient, and as the average cost of a patient's maintenance was three dollars per week, he thought the municipalities were getting off very easily when they were only asked to one-third of it. In Nova Scotia municipalities pay two and one-half dollars a week per patient out of total of three and a half dollars. Quebec there was no provincial hospital, and the government had no intention whatever of making change in the law this session.

PREMIER FLEMING HAS NARROW ESCAPE

Large Iceicle Crashes Through Window Near to Prime Ministers Desk

Premier Fleming had a narrow escape from terrible injury or possibly instant death recently. He had seated at his desk in his private discussing departmental matters Col. Loggie, deputy minister of and mines, and during the conversation got up from his chair, walked to the centre of the room, and continued the discussion. With a couple of minutes there was a crash. An immense icicle, with a piece of ice weighing probably a hundred pounds, had broken off from the building and crashed down through the window alongside Premier's desk. Broken glass flew in all directions, and the massive of ice landed in the Premier's office which he had just a few minutes fore vacated. Officials rushed to the office from all parts of the building and things were in an uproar a few minutes as it was feared the Premier had been badly injured or killed. All were happily surprised to find that Hon. Mr. Fleming had only moved away from his desk a few minutes before the crash came and was perfectly safe.

WORD "IMPORTED"
OFTEN A DELUSION

Stand by the Products of Your Own People—Why Pay More to the Foreigner For What You Can Get at Home

In a comprehensive review of the sheep and wool industry in Canada, which has appeared recently in the "Journal of Commerce" of Montreal, Mr. T. R. Arty of the Dominion Live Stock Branch, Ottawa, emphasises the necessity of Canadian people encouraging the Canadian woolen industry by purchasing Canadian woolen goods.

Effective production and marketing will stand for naught, unless the consumer appreciates the value of the home-grown product. We are all consumers, and, although we may be extremely clever in the prosecution of our own business, yet, as a consumer, we are not infrequently misled in both thought and action. Although we painstakingly study and strive to place the business which brings us our income, on a most efficient plane, we really put little thought upon the economical and judicious expenditure of that income. We usually accept the word of the tradesman without investigation, and we are oftentimes permitting discrepancies to occur in our household expenses which circumspect inquiry would obviate. Too often are we enamored with things manufactured or produced abroad. The word, "imported," casts an enchanting glamor over an object and all too frequently enhances its value in our eyes. It is lamentably true that your tailor will show you a suit and with a disparaging air explain, "It is only domestic, but, ah, here is something imported. Ten dollars more, please." And the average consumer, unless he has a knowledge of textile qualities, takes the imported article, resting under the hallucination that he has something much superior. This pertains to mutton as well. From Australia mutton is being brought into Canada in huge quantities, and many consumers are being deceived into buying it in place of the home-grown article. I asked a lady recently, after she had placed an order in a shop for this class of mutton, why she apparently showed a preference for it. "Why," she replied, "is not Australia a great sheep country?" Truly it is, but the vast majority of the sheep raised there are inherently for wool production and not for mutton. Besides, it has been preserved in cold storage for some months, and this detracts from the flavor of the meat. The Canadian consumer, however, is easily satisfied, for few really know the exquisite taste of good mutton. Let him once live in Great Britain where the first-class article abounds and on his return he will be contented only with the premier quality of properly-fattened Canadian mutton. Canada needs the Australian imports, since we do not produce enough sheep at home to supply our consumption, but we do not wish to displace our home-grown production of which, I candidly state, is marketed in fit condition there is no better in the world. Should the manufacturers, packers and growers combine to establish a well-directed propaganda bearing the slogan, "Canadian grown materials manufactured in Canadian mills for Canadian people," much good would undoubtedly be attained in creating loyalty of our people for domestic goods.

NO MILLS IN WEST

Free Wheat Question Must Be Settled For Milling Development

On his return from Europe early in the year, Colonel Melghe gave an interview to the Montreal papers in which he stated that in his opinion free wheat would be against both the interests of the milling companies and against that of Canada itself, and even against the interests of the farming community. So far as the Lake of the Woods Company is concerned, no action will be taken concerning the new mill spoken of some time ago, until the Government had decided upon its action; and if the agitation in favor of free wheat were successful, the company would take no action until such time as the effect of the new conditions were definitely known.

While Colonel Melghe is guarded in his statements it is a well known fact that all the best informed men in the milling industry in Canada are opposed to the free entry of flour from the United States, and are of the opinion that it will arrest materially, if not stop altogether, the big milling development which has taken place in Western cities such as Regina, Medicine Hat, Calgary, Saskatoon, etc., in the past two years. Naturally every Western community is anxious to secure flour mills, which are indigenous to the country. It would seem evident that the proposal to admit flour free from the United States should be carefully studied before Canada accepts the reciprocity offer contained in the Wilson Tariff Bill.

DALHOUSIE
Dalhousie, N. B., March 11th.—The Dalhousie School girls proved too strong for the Junior School boys in their first hockey match this season, beating them by a score of 4-2, on Saturday afternoon. The boys played one hand and made some fast end to end runs but you could always depend on Miss Violet McKay, the most effective scorer of the fair school ladies to be at the side of the puck when it was in a dangerous position. Miss Jean Simpson, Miss L. Allain and Miss Mary Bateman's defence combined with their brilliant attempts to score was very much admired by those who had the pleasure of being at the rink. The Misses Mattie and Alma Cook and Miss Mable McNeil also helped the girls to victory.

The Referees were Mr. D. Winchester and Mr. E. Spivak.
The line-up of teams were—
Boys: W. Esleiger—Goal, A. Coleman—Point, F. Brown—C. Point, E. Esleiger—R. Wing, E. Poirier—L. Wing, C. McKenzie—Centre, R. Coleman—Rover.
Girls: Miss Mattie Cook—Point, Miss Mable McNeil—Cover Point, Miss Mary Bateman—Centre, Miss L. Allain—L. Wing, Miss Violet McKay—R. Wing, Miss Jean Simpson—Rover.
The funeral of the late Mrs. David Ritchie was held on Friday afternoon at 2.30 p.m. The service at the house was conducted by Rev. Dr. J. Polley, and Rev. R. J. Coleman, assisted by the choir of St. John's Presbyterian and St. Mary's Episcopal churches. The funeral was largely attended. The pall-bearers were Mr. Charles Stewart, Mr. D. McDonald, Mr. C. H. LaBelle, Mr. Peter H. Sheehan, Mr. James Duncan, Mr. Charles Powell. The saw mill owned by Daniel M. Silas, at Eel River Crossing, was destroyed this a.m. by fire. The origin of the fire is unknown. The loss will be in the vicinity of \$3000. Insurance \$1000.

In connection with the new music store opened in town here and referred to in last issue, a formal opening was held on Friday evening last, and the place was crowded with people between the hours of eight and ten o'clock. The programme consisted of selections on the violin, piano, and Victor Victrola.

Mr. Samuel Girvan of Rexton, N. B., was in town on Friday last, to attend the funeral of the late Mrs. David Ritchie.

Mrs. A. G. Asker and Miss Stella Asker of Campbellton, were in town on Sunday, on account of the serious illness of Mrs. James Duncan.

Mrs. Charles McQuarrie left on Monday for a visit to relatives and friends at Plaster Rock and St. John.

Mr. Robert Turner spent Monday in Campbellton.

Mr. Matthew Stewart of St. Onen, was in town on Friday to attend the funeral of the late Mrs. David Ritchie.

Rev. J. E. Purdie of Campbellton, conducted the services at St. Mary's Episcopal church here on Sunday. He was a guest of Rev. R. J. and Mrs. Coleman at the Rectory.

Judge Matheson, Mr. A. T. LeBlanc, and Mr. Alex. McLennan of Campbellton were guests at the Queen recently.

The Dominion Government had sent two electricians from Ottawa, to do the wiring at the Post Office and Custom House here, and in a few days the Dominion Public Building will be lighted by the town in connection with the Post Office it is expected that improvements are to be made shortly looking forward to the making of more space for the general public during the opening of malls.

Mr. and Mrs. Laura Champoux of Campbellton, have been spending a few days in town, the guest of Mr. and Mrs. H. J. Guignard.

Mr. Bernie Troy, who has been spending some time at his home here, returned to Camp recently.

Sunday here. He returned to Amherst, N. S., where he will be employed for the summer.
The Dalhousie Agricultural Society held a meeting to-day in the Court House at which prominent farmers from the Parish attended. They discussed the question of amalgamation with Campbellton and other societies with a view of profiting of advantages offered by the Dominion Government for the improvement of stock. They also considered the question of a local importation of stock. This is a move in the right direction as it is in the improvement of stock that the greatest good can be done with the money subscribed for agricultural purposes. Among the greatest benefits bestowed upon the world by England was in the improvement of all kinds of stock. Mrs. Isaac Boudreau and Mrs. S. LeBlanc of Campbellton were among the visitors to town this week.

PRINTER LOSES
HIS RIGHT HAND
Serious Accident in Printing Office in oncton Last Saturday Morning

A very serious accident occurred in the printing office of L'Evangeline, at the corner of Steadman and Main Streets, Moncton, Saturday morning. A very industrious young man, named Henry Theriault, aged about twenty-one years, who has been in the office a few days since from Farnborough, N. S., had the misfortune to lose his right hand. He was feeding envelopes into a large sized Peerless Platen press. This is a job press, and it prints by the two parts of the press coming together like a vice, thus enabling the paper to receive the impression of the type.

An envelope had slipped down, and, instead of the young man stopping the press, as he should have done, he risked of his hand too far down to snatch the envelope and pull it back, and the press closed before he could withdraw his hand. The hand was severed right completely across, slightly below the wrist. The portion of the hand cut off was actually reduced to a pulp, and driven up against the bed of the press.

Mr. Dan Gillis, foreman, released the man quickly, and summoned Dr. Richard. Mr. Theriault was removed to the hospital, where Saturday afternoon three fingers of the mutilated hand were amputated.

Children are much more likely to contract the contagious diseases when they have colds. Whooping cough, diphtheria, scarlet fever and consumption are diseases that are often contracted when the child has a cold. That is why all medical authorities say beware of colds. For the quick cure of colds you will find nothing better than Chamberlain's Cough Remedy. It can always be depended upon and is pleasant and safe to take. For sale by all dealers.

What Do You Know About It?

That's what a customer asked me recently about a patent medicine I had sold for years, and I was forced to admit that in reality I knew nothing more than what appeared on the label, wrapper and advertising.

Some of the claims made were so extravagant that of course I could not take them seriously, but I concluded I had better find a line of remedies I did know something about.

NOTICE

In the list of defaulters published by authority of the Town Council, the names of Henry Cormier, John F. Vontour for 1913, and Harry Cole for 1912 were inserted in advertent manner, the names not being erased from the list when taxes were paid.

S. H. LINGLEY,
Town Treasurer.

WHAT ABOUT THIS?

Mr. S. H. Lingley was presented on Tuesday with a fine bunch of Rhubarb, grown by Mr. Stewart at Dalhousie. The vegetable was planted early in January, and was firm and of good quality. What do you think of Restigouche now? Strawberries in October, and Rhubarb in March! Some country this.

NEXT WEEK

On account of the special feature picture that are looked for at the Opera House, the doors will be open at 7 o'clock, and the show will start at 7.30. This new arrangement will start on Monday night next, March 16th.

GOES ON AGAIN

The Graphic learns on good authority that the Ocean Limited express will be put back into service again on Sunday, March 22nd, and that train and engineers are about to be notified to make their change of runs accordingly. It is stated that for the present the limited will run coupled with the C. P. R. expresses east of Moncton, on the Moncton-Halifax section, as was the practice two years ago.

AT TIDE HEAD

A concert will be given in the Hall at Tide Head on Monday evening, the 16th inst., at which Pipe Major McKenzie will assist.

FATAL ACCIDENT

Word has been received from Chandler, Gaspe Co., that a young lad by the name of Berthelet, while shovelling snow on the branch railway of the St. Lawrence Pulp Company, on Feb. 26th, was killed by a passing train.

MOST TRAGIC DEATH

A most tragic death took place at Fredericton, Monday night, when newly elected Ald. John Mayor fell down stairs in the Barker House and suffered concussion of the brain. It was a decided shock to his many friends.

TRAINS COLLIDE

A rear-end collision took place about a half mile west of Newcastle station yesterday about noon, when Conductor Doyle's special and the fast freight in charge of Conductor Swetman, both coming slowly into the station, collided, but no serious damage was done.

SERIOUS ASSAULT

Acting Constable Cook, was assaulted this week at the Mission Reservation by three Indians and quite severely injured. His assailants have not been arrested. The Indians are in jail at New Carlisle.

APPOINTED CLERK

Mr. T. H. Whalen has been appointed Clerk of the Peace and also Master of the Supreme Court in Northumberland county, in the place of the late Mr. T. W. Butler. Mr. Alexander Davidson of Derby, has been appointed a Justice of the Peace.

TONIGHT

Uncle Tom's Cabin will be shown at the Opera House to-night in 3 reels, and will also be repeated on Saturday night. This is said to be one of the finest subjects ever shown on a moving picture curtain, and has done a capacity business in all theatres that it has been shown.

A SURPRISE LOAD

Becoming aware that a load of liquor was on the way from Richardsville to town, the Chief warden for his men and climbed on to the back of the sleigh unknown to the driver. When the load arrived at its destination, well, just imagine it for yourself.

THE MEANEST MAN

The meanest man on record is said to be a farmer. He sold his son-in-law one half a cow and then refused to divide the milk, maintaining that he sold only the front half. The buyer was also required to provide the feed for the cow consumed, and compelled to carry water to her three times a day. Recently the cow tossed the old man, and now he is suing his son-in-law for damages.

EVENING CLASSES

Quartermaster Sergeant Warren, R. C. R., will give a Voluntary course of instruction to Officers, U. C. O's and men of the 73rd Regt., residing in Campbellton, commencing with Monday the 16th. These classes will be held in the evening. All those who wish to attend will notify Capt. McKenzie on Lients. LeBlanc or Ferguson.

BIRTH

This game arranged at short notice and played before a small attendance, was more or less of a one sided nature from the start. The Vics pressed early and Durette in quick succession was called on to score from Fraser, McLatchey, Delaney, Matthews and Fowler. Keeping at it, Fraser got No. 1, McLatchey No. 2, and Matthews No. 3, before the end of the first period.

The second period saw a slight adjustment of both teams and was little more than started when Delaney added No. 4. After the face off, Campbell for the visitors worked his way up, but was yards wide in his parting shot. A nice combination run by Delaney and Matthews and Fowler led to Delaney adding No. 5. Towards the end of the period the visitors got their first point through Fowler. You will look in vain, dear reader, for that name in the visitors line up. During a temporary attack on Lavoie, it was the Vics own centre who scored for the visitors, but don't be too severe as he probably feels worse over it than you do.

The last period started with the visitors pressing and Savard was successful in adding No. 2 for the visitors. The bulk of the play was at the visitors end where Delaney added No. 6, followed by Matthews with No. 7. The visitors were outwitted from the start, and seldom got combination going. Durette was a star in goal, while Campbell and Savard and the Astles were occasionally successful in breaking away but were easily held by the Vics defence.

Lavoie was alive in goal and saved in spectacular fashion. Fraser and Fowler fell back to defense in the last period where they had little to do.

Penalties—Matthews 2.5
Delaney 2.2
McLatchey 1.
Savard 2.
Smith 2.

FEELS LIKE A NEW WOMAN

As Lydia E. Pinkham's Vegetable Compound Dispelled Backache, Headaches and Dizziness.

Piqua, Ohio.—"I would be very grateful if I failed to give Lydia E. Pinkham's Vegetable Compound the praise it deserves, for I have taken it at different times and it always relieved me when other medicines failed, and when I bear a woman complain I always recommend it. Last winter I was attacked with a severe case of organic weakness. I had backache, pains in my hips and over my kidneys, headache, dizziness, lassitude, had no energy, limbs ached and I was always tired. I was hardly able to do my housework. I had taken Lydia E. Pinkham's Vegetable Compound on one other occasion, and it had helped me so I took it again and it has built me up, until now I feel like a new woman. You have my hearty consent to use my name and testimonial in any way and I hope it will benefit suffering women."—Mrs. ORFRA TURNER, 431 S. Wayne St., Piqua, Ohio.

Women who are suffering from those distressing ills peculiar to their sex should not doubt the ability of Lydia E. Pinkham's Vegetable Compound to restore their health.

If you want special advice write to Lydia E. Pinkham Medicine Co., (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

INDUCTED AT REXTON

Presbytery Meeting Held March Fourth.—Interesting Service

Rev. A. Lee inducted at Rexton. B. On Wednesday evening, 4th March, the Presbytery of Miramichi met at St. Andrew's Church, Rexton, for the induction of Rev. A. Lee, B. A., into the pastoral charge of Rexton and Richibucto.

Considering the stormy weather and bad roads, a good congregation was present.

Rev. E. Mowatt of Loggieville, moderator of Presbytery, presided. He preached a sermon from Genesis, 32 chap., "Thou shalt no longer be called Jacob but Israel, because as a prince of God, Thou hast power with God and man and hast prevailed."

After the sermon, Rev. J. M. McLean of Chatham explained the steps leading up to the present call, and then Rev. E. Mowatt put the customary or prescribed questions to the minister elect, to which satisfactory answers having been given, Mr. Lee was duly inducted into the pastorate of Rexton and given the right hand of fellowship by the Moderator and ministers present.

Rev. J. M. McLean then in accordance with the time honored custom of the Presbytery, addressed the newly inducted minister. He said among other things, "Exalt your office. Remember you are an Ambassador of Christ. Ever be loyal to the scriptures and live a life of holiness."

Rev. S. J. McArthur next addressed the congregation. He said he would not say anything about their duty of supporting their minister. He knew they would do that. But he wished them to co-operate with their minister in working together for God. The minister can not work alone. They must help, and work with him. They were, he said, to pray for their minister. They were to seek to cultivate such strong Christian characters in their young people, that wherever they went they would be found faithful to their highest ideals.

The vacancy in the Rexton congregation caused by the death of their beloved pastor, the Rev. C. A. Hardy, B. D., has thus been filled by the induction of Rev. A. Lee as his successor. It is specially fitting that Mr. Lee should take up and continue the work of one, in whose labors he truly sympathized, and will on this account, as well as other reasons, prove a worthy successor. Mr. Lee is father-in-law of Rev. C. A. Hardy, so well known for his labors in Tide Head.

TOBIQUE RAILWAY AGAIN TO THE FORE

Company, Organized at Andover And Work is Likely to Start in April

Andover, March 8.—A meeting was held here today, having for its object the organization of the Tobique & Campbellton Railway Company. The construction of the railway will open up a good stretch of country between Plaster Rock and Campbellton, and, if all goes well, it is anticipated that work on the line will be started by the first week of April. The prospects for the success of the venture are said to be most encouraging.

The management of the company consists of James McNair, of Arthurville, president; J. W. Miles, and John S. Stewart, of Andover; F. W. Hechler, of Grand Falls, and J. J. Cody, Samuel Hayden and D. D. Aiton, of Riley Brook.

NORTH TETEGOUCHE

(From the Gloucester Northern Light)

Mr. P. Brennan, accompanied by his daughter, Mrs. Jas. Calnan spent last week in Fredericton. While there, Mr. Brennan attended the Farmer's and Dairyman's Association as a representative of the South Tetegouche Agricultural Society.

Mr. and Mrs. James Carter spent last week the guests of Mrs. E. S. Radcliffe. Mr. Carter having been chosen as a jurymen during the sitting of the March court held in Bathurst.

Mr. Cornelius Coughlan of South Tetegouche spent a few days last week with his brother here.

A number of enterprising farmers met at the home of Mr. John Calnan for the purpose of making arrangements to have the district connected with the New Brunswick Telephone system. We hope in the near future to have the line and many telephones installed. It is to be hoped that the same progressing gentlemen who was instrumental in calling this meeting will also take steps toward getting rural mail delivery, for we don't see why these country districts can't see as well as elsewhere.

The many friends of Mrs. P. Brennan are glad to hear that she is recovering from a serious illness. Her sister, Mrs. Jas. Burris is spending a few weeks with her.

We are all glad to learn that little Miss Jendron who has been very ill, is recovering.

Mrs. J. Cunningham who has been spending the winter with her parents, Mr. and Mrs. Howard, returns to her home in Necadah, Wis., next week.

CIVIC ELECTIONS IN FREDERICTON

Contest in Only Three Wards And Interest Will Centre in the Mayoralty Fight

Fredericton, March 3.—The decks are declared for the civic election and it promises to be a somewhat tamer contest than usual. With the aldermanic contests in only three of the five wards, interest will centre very largely in the mayoralty fight.

In two wards aldermen have been elected by acclamation, S. B. Ebbett and M. L. Stevenson having been returned unopposed in Wellington ward, where Ald. Howard Rogers, retired, while ex-Ald. T. S. Williamson and John Mavor had no opposition in Carleton ward, the present aldermen retiring.

It was expected that there would be no contest in Kings ward either, but last evening George McKnight's papers were filed and there is now a three-cornered fight with Ald. Clark who also decided at the last minute to offer, and John A. Reid as the other candidate.

The closest contest ever held in the City of Fredericton resulted Monday in the election of Ald. Moses Mitchell for mayor over Ald. W. E. Farrell by twelve votes, the former receiving 689 votes and the latter 678 votes. The new city council is composed of the following: Mayor, Moses Mitchell; aldermen, Wellington ward: M. L. Stevenson, S. B. Ebbett; St. Ann's ward, Fred H. Everett, A. B. Ebbett; Carleton ward, John Mavor, T. S. Williamson; Queens ward, W. J. Osborne, J. M. Lemont; Kings ward, George McKnight, John A. Reid.

VITALITY REGAINED KIDNEYS CURED

Health Restored By "Fruit-a-Lives"

HAVERVILLE, Ont., Aug. 26th, 1913.—"About two years ago, I found my health in a very bad state. My kidneys and liver were not doing their work, and I became all run-down. I felt the need of some good remedy, and having seen 'Fruit-a-Lives' advertised, I decided to try them."

Their effect on me was more than satisfactory. Their action was mild and the results all that could have been expected. My liver and kidneys resumed their normal action after I had taken upwards of a dozen boxes, and I regained my old time vitality. Today, I am as well as ever, these tablets have proved the best to the hundreds of men and women who have been cured by taking them. 50c a box, 6 for \$2.50, trial size, 25c. At all dealers or sent on receipt of price by Fruit-a-Lives Limited, Ottawa.

THE NECESSITY OF HOME-TRAINING

It is regrettable, in this century when prosperity is supposed to be at its zenith, in this fair land of ours, to find that home training, or in other words—parental education—has been neglected amongst so many of our fellow-citizens. They claim that such an education belongs to the olden days, when their forefathers, under the yoke of hard-times could not better themselves, and thus were obliged to have recourse to the rudiments of home training. To those I must say, you had better suggest to your "come day go day" theories more logical ideas.

Home to the young is the primary school of all education. It is indispensable to the higher school and college education, since 't is the beginning of ones career in the acquiring of wisdom as laid down to us by the Chief Educator of Mankind.

It is a sad condition, in this era of ours, which goes before and above all institutions of learning, and is the drawing forth, which implies not so much communication of knowledge as found in ordinary school and college education, through the medium of Art, Science and etc., but the establishment of principles of the heart and mind.

The young man or young girl, who has never inhaled the soothing breath of a home training, is like a shipwrecked mariner on some remote shore where uncertainties and dangers meet him every way he turns his vision. The subject of Home-Training to be justly treated, would require time and much writing on the part of the writer, especially to bring before the reader's attention the great necessity or part it plays in life's battle. I will simply give you as briefly as possible a few 'p'ain facts, as suggestions to those who are prone to ignore home training to their families.

Hence, let each and everyone regard home education as a necessity for the future success of their family. Since we are only a wreck in the world without it, and it is there which we should cultivate the field of morals and intellect, and thus give the seed of a good home training in the fertile soil of early life will at the end of life's harvest time reap abundance of honor and success and leave behind them on life's parade, the name of true and ideal citizens.

HON. GEORGE J. CLARKE

ABLE TO BE OUT TO-DAY

TAKES OFF DANDRUFF, HAIR STOPS FALLING

Save your hair! Get a 25 cent bottle of Danderine right now—Also stops itching scalp.

Thin, brittle, colorless and scraggy hair is mute evidence of a neglected scalp of dandruff—that awful scourge.

There is nothing so destructive to the hair as dandruff. It robs the hair of its lustre, its strength and its very life; eventually producing a few-fall-out and itching of the scalp, which if not remedied causes the hair roots to shrink, loosen and die—then the hair falls out fast. A little Danderine tonight—now—any time—will surely save your hair.

Get a 25 cent bottle of Danderine's Dandruff from any drug store. You surely can have beautiful hair and lots of it if you will just try a little Danderine. Save your hair! Try it!

FISHERY CATCH FOR MONTH OF JANUARY

Interesting Information and Statistics are Found in Fishery Department Publication

The Monthly Bulletin of Sea Fishery Statistics for January has just been issued by the Department of Marine and Fisheries. The Bulletin contains much interesting information regarding the fishing industry on the Atlantic coast, several pages being devoted to the Maritime Provinces. In addition comparisons are made with the catches in Newfoundland and Norway and the quantities of fish imported to Great Britain, the United States and Germany. The total pack of canned lobsters on the Atlantic coast from the 15th of November to the end of January, according to the report, was 9,259 cases, while the total shipment in the shell was 13,349 hundred-weight. During the corresponding period last year the pack was 5,418 cases and the shipment 20,208 cwt., indicating, apparently an increasing inclination to pack the succulent molluscs in the local factories rather than to ship them in the manufactured state.

The following statistics are given showing the catch in this province by counties:

St. John County—Lobsters, 85 cwt. landed, value \$1,472. Cod, 200 cwt. landed, value \$500. Haddock, 20 cwt. landed, value \$40. Hake, 30 cwt. landed, value \$40. All used fresh. Value of fish caught, \$2,072.

Westmorland County—Flounders, 150 cwt. landed, value \$800. Smelts, 2,900 cwt. landed, value \$13,400. Tom Cod, 100 cwt. landed, value \$200. All used fresh. Value of all fish landed, \$13,900.

Kent County—Flounders, 75 cwt. landed, value \$37. Smelts, 3,510 cwt. landed, value \$13,400. Tom Cod, 30 cwt. landed, value \$15. All fish used fresh. Value of all fish landed, \$13,482.

Northumberland County—Flounders, 920 cwt. landed, value \$1,870. Smelts, 2,700 cwt. landed, value \$12,600. Tom Cod, 4,950 cwt. landed, value \$3,950. All used fresh. Value of all fish landed, \$15,120.

Gloucester County—Smelts, 2,500 cwt. landed, value \$10,705. Tom Cod, 1,500 cwt. landed, value \$1,200. All used fresh. Value of all fish landed, \$11,905.

Restigouche County—Cod, 150 cwt. landed, value \$300. Flounders, 1,000 cwt. landed, value \$500. Smelts, 2,731 cwt. landed, value \$13,175. All used fresh. Value of all fish caught, \$13,975.

No catch has been reported for Albert county.

The total value of the catch of sea fish in this province was \$125,164; in Nova Scotia, \$327,487, and in British Columbia, \$149,705. In comparison, the value of the catch in the Dominion as a whole as well as in other countries. It is interesting to note that according to the Bulletin, the export of pickled codfish for the year 1913 from Newfoundland was 302,569 cwt., compared with 55,020 in the year 1912, showing that this branch of the business in the ancient colony has practically doubled during the year.

The reproducing point of the new Edison Cylinder Phonograph is a diamond

It was appropriate that when Mr. Edison was seeking the utmost perfection in sound reproduction he should find that this power lay in the diamond. He discovered it in the course of more than 2,500 experiments, always looking toward rarer sweetness, mellow, stronger tone.

He has equipped every new Edison Phonograph with a diamond-point reproducer.

When this minutely important tip rests upon the surface of the indestructible Blue Amberol Record, the better pressure can produce but one tone—wonderfully increased volume combined with rare sweetness. Hear a Blue Amberol at your Edison Dealer's today.

No odds how bad your liver, stomach or bowels; how much your head aches, how miserable you are from constipation, indigestion, biliousness and sluggish bowels—you always get relief with Cascarets. They immediately cleanse and regulate the stomach, remove the sour, fermenting food and foul gases; take the excess bile from the liver and carry off the constipated waste matter and poison from the intestines and bowels. A 10-cent box from your druggist will keep your liver and bowels clean; stomach sweet and head clear for months. They work while you sleep.

HOW TO CURE SQUEAKY SHOES.

A remedy for squeaky shoes is given in the following communication which was sent to a contemporary:

"Squeaky shoes are an abomination, but they may be easily cured. The remedy I apply was given me years ago by an old German cobbler, and it has never failed. Everybody ought to know and use it.

"Take a fairly rough new brick, the newer the better, and rub the soles vigorously from the toes downward, never upward, being careful not to abrade the polished edges. With some sharp instrument, a knife will do, make many transverse and crosswise cuts, not too deep, on the soles. Put water into an old wash boiler to the depth of a little less than the thickness of the soles and set the shoes in it, gently to avoid splashing, and let them stand overnight. In the morning rub the soles energetically twenty minutes with a woollen rag dipped in a mixture made of one part sweet oil, one part kerosene, and one part gasoline. Then take the shoes down cellar and throw them into the furnace."

The Canadian Magazine for March contains an attractive list of contributions, perhaps the most important of which is the full text of a speech delivered by the Honourable Elihu Root to the United States Senate in favour of the British contention regarding the equal imposition of tolls on the Panama Canal. This speech gives a complete review of the negotiations that led to the building of the canal, and as the attitude of the United States Congress is likely to become more than ever a subject for international discussion this contribution to The Canadian should be widely read. There are as well articles by Wilfred Campbell, Mrs. Arthur Murphy, Frank Yeigh, Harold Sande, Mrs. Forsyth Grant, Main John, Wm. O. Gagnier, Phil Ives, Margaret Bell, Lindsay Crawford, Francis A. Carman and others.

You can say good-bye to constipation with a clear conscience if you use Chamberlain's Tablets. Many have been permanently cured by their use. For sale by all dealers.

THE FRONT IN THE HOUSE

Trenchant Criticisms of Dominion

sales by the County by Hon.

Chas. Marcell

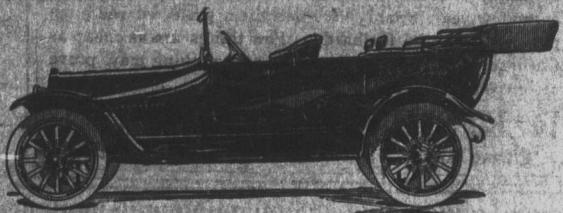

In the House of Commons, last week the matter of dominion for partnership in the Counties of Bonaventure and Gaspé was raised. Regarding the removal of Mr. Arthur Caldwell, New Carleton from the office of assistant inspector of weights and measures, Mr. Marcell, the member for Bonaventure in the course of his remarks said:—

Mr. MARCELL: The minister (Mr. Nantel) is a lawyer, a distinguished member of his profession, and such does he not think it would only have been common justice to have given this man a hearing or an opportunity to meet those who made these charges against him. The Minister, Mr. General (Mr. Pelletier), who has been looked upon as the forerunner of the movement in connection with dominion in my constituency, gave some of those against whom charges were made there a chance to be heard. He even sent certain forms for them to fill out, and he gave them an opportunity of saying something before the axe fell. But in this case no opportunity was given at all. I am sorry that this is so because Mr. Caldwell was one of the best men in the service of the hon. gentleman in that county. Mr. Caldwell, was appointed to replace Mr. Pelletier, father of the present local member for the constituency. Mr. Caldwell had given constant service to the department. I give you my word that I never knew Mr. Caldwell to take the least interest in politics; I never asked him to canvass for me or to give me any assistance whatever. I frankly told the minister that last year, when he spoke to me about the matter, I would not go on the platform and took his official life in his hands. In the case of Caldwell an injustice has been done, because the minister would not give him an opportunity of meeting the charges. I think the feeling of the entire people of the country is to that effect. There is one affidavit, outside of that of Mr. Ross, against whom I have nothing to say. Mr. Mills is a lawyer and he will be able to take the responsibility for what he says. The second affidavit is one to which I wish to call the attention of the minister, because it says that on the 17th of September, 1912, he heard Mr. Caldwell canvassing at the door of the Presbyterian church in favour of the Liberal party. Well, we all know what it is in the country, when people meet at the door of the church they talk about different things, and to charge a man with canvassing, in a case like that, is a very general charge to make. Under all the circumstances, I am sorry for the reputation of the minister that opportunity was not given Mr. Caldwell to meet the charges. So far as the new appointments are concerned, I know nothing of them; except with regard to Mr. Desjardins, of Saybec in the county of Rimouski. I know nothing about Mr. Myles except that he is a strong Conservative. I partitioned, and he passed over the post office to his brother. What I want to call the attention of the minister to, in simple justice, is that if these men have been dismissed because they were active partisans, he should keep his eye upon Mr. John D. Dagnéau, who is the strongest partisan we have in the county of Bonaventure. In the case of John D. Dagnéau, when the time came to appoint him postmaster at Robitaille, I wrote to the Postmaster General and asked that Mr. Quinn, that he is a strong Conservative. I partitioned, and he passed over the post office to his brother. The Sable Lorcha

By Horace Hazleton

"Robert Cameron," I went on, my passion whetted by their indifference, "has been a gentleman of leisure and fortune always. Of all men in the world he is the last to be accused of such a crime as this. A seafaring man! A smuggler of coolies! It is too preposterous even for fiction. And I want to tell you now, Mr. Yip, and you, too, Mr. Chen, that I shall leave no stone unturned to bring to justice those who are guilty of having made this unthinkable mistake. Hitherto I have been unable to get a clue. But what you have said tonight does away with that difficulty. Both of you shall answer, now, to the authorities."

As I spoke I edged toward an electric push-button, at the side of the chimney-piece, and at the last word, I pressed it.

That Checkbeedy, following my instructions, had remained within close call was demonstrated by his prompt appearance.

"Telephone the police station," I commanded, "to send two officers here at once."

CHAPTER XXIII.

A Tattoo Mark.

Though I spoke in my ordinary tone, the visiting Celestials gave no sign that they heard me. I had expected protestation. I should not have been surprised had I been forced to restrain them—to make them prisoners, in fact, until the arrival of the police. But neither of them either moved or spoke, until the silence, in my nervously excited condition, becoming unbearable to me, I demanded:

"By what right, Mr. Yip, do you make the assertion that my friend and my enemy are one?"

With a supercilious arrogance of manner that maddened me to the limit of self-control, he made reply.

"I was coming to that, Mr. Clyde, when you so unfortunately lost your temper. In stating the purpose of our visit I think I informed you that it was two-fold. In the first place, we came to give what you had asked for—information. In the second place, we came to request something from you—assistance. The motive of the threatening letters which Mr. Cameron received, I think I have made clear. For sixteen years my people, the Kinsfolk of the victims of the Sable Lorcha, have searched the world for a den who brought upon them a sorrow beyond any that you of the Occident can understand. To us of the Celestial Empire the tombs of our fathers are very dear. McNish robbed these men not only of life but of decent burial."

"That is all very well," I exclaimed, impatiently, "but can't you see that a terrible mistake has been made? Why under heaven should you fancy that in Mr. Cameron, a gentleman in his fingers, you have found this outlaw McNish? Is it incomprehensible?"

Once more Yip Sing smiled his icy smile and the Vice Consul made as if to speak, but thinking better of it, apparently, maintained his stolid silence.

"You were coming to that," I urged. "The man to whom McNish boasted of his deed was the man who identified him. They had been partners in the Far East in the trade of smuggling coolies. The one, I have no doubt, was no better than the other; yet we believe that our informant was neither directly nor indirectly concerned in the particular piece of brutality of which I have told you. Eventually, he and McNish quarrelled and parted. For some years he lost all trace of him; and then by accident, one day he came upon him, here in America, living in a palace on Long Island Sound and masquerading under a new name."

"A resemblance!" I cried, in a passion of indignation. "A mere resemblance! And on that you and your people conspire to torment and abuse a purely innocent man. Was ever such an outrage heard of! Every one of you shall pay dear for this error."

I might have been the fire wood spluttering on the hearth for all the effect my vehemence had upon that precious pair of Mongolians.

"We understand," the spokesman resumed, "that your friend managed in some way to escape from his captors, and is now in this house."

"Yes," I resumed, hotly. "He's here, more dead than alive unfortunately; but he is coming around slowly and will be quite able to testify when the time comes."

"Mr. Chen Mok," he proceeded, calmly, "has communicated with the State Department at Washington, and the United States authorities are now only waiting our word to put, your good, gentlemanly friend under arrest. Mr. Clyde, for the crime he committed on the high seas, sixteen years ago."

For a moment I stared at them in silent amazement.

"You're both mad," I exploded at length, "both crazy. Do you think for one moment I believe such rot as that? Even if what you say were possible and it isn't—you would have to identify the accused by something better than the mere word of a man who hasn't seen him for years. Of what use would such an identification be against the testimony of Mr. Cameron's lifelong friends?"

"Since you doubt our ability to identify," was Mr. Yip's prompt rejoinder, "I may add that there are two marks of identification, which must, I think, convince even yourself."

I laughed grimly. So that was their game! For nearly a month Cameron had been their prisoner. In that time they had examined, inspected, inventoried him. His scars, moles, birthmarks had been listed, and were now to be used to identify him with a renegade murderer of Chinese coolies.

I told my shut-eyed visitors that their trick was transparent. But they only looked at me with an expression which seemed half pity and half contempt.

"Did you ever observe a tattoo mark on your friend's left forearm?" asked Mr. Chen Mok.

"Never," I answered.

"I am willing to wager something valuable he hasn't a tattoo mark anywhere on his person," I retorted, "and I'll prove it in five minutes."

"We shall be glad to have the proof," said Yip Sing.

Once more I pressed the button at the side of the chimney-piece, and once again Checkbeedy appeared in the doorway.

"You telephoned?" I asked.

"Very good, now send Mr. Bryan to me here, at once." Then turning to Cameron's accusers, I explained: "Mr. Bryan, for whom I have just sent, is carrying my friend. He would naturally know if what you say is true."

To my surprise they made no demur Yip Sing, however, asked that he might be permitted to put to the nurse the necessary questions, and as I was perfectly confident that no incriminating answers could be given, I gave him what the form of catechism, I willingly acceded.

Had I not played tennis and golf with Cameron scores of times on hot summer days when, with shirt sleeves rolled above his elbows, his forearms were bare to view? Could there by any possibility have been a tattoo mark there, and I not have seen it?

Mr. Bryan came quickly, a little puzzled, seemingly, at being called to such an audience. Purposely I kept silence, merely waving an introductory hand toward the two Chinamen.

Yip Sing tactfully explained the situation.

"A question has arisen, Mr. Bryan," he said, with more of suavity in his tone than I had hitherto observed, "whether by any chance your patient has a mark of any character whatever tattooed upon his left forearm. If you have observed such, we shall be glad if you will kindly describe it."

The nurse flung a questioning glance at me, and I nodded reassuringly. I did not wonder that he was surprised at the question.

"Is there, or is there not, such a mark?" the Oriental urged.

"There is; yes, sir."

I think, involuntarily, I started forward. I know that for just a breath I thought my ears had played me a trick. Then, suddenly, there swept back across my memory that expression of Checkbeedy's: "Who between you and me, sir, I don't trust, now."

Could it be possible that Bryan was in the conspiracy? But only for the briefest moment did this doubt away amid the welter of my thoughts. Into its place rolled an amazement that shocked and stunned; that checked me all standing, as it were; for Bryan was smiling, was talking about the mark which he had first noticed he said, on the night of his arrival, and which he had examined more closely on several occasions since.

"It's evidently a representation of some sort of sailing vessel," he explained, "with a curved hull, and a single broad sail. And below it are three letters: D. M. N."

Blindly I clutched the back of a chair with both hands, for a sense of unreality oppressed me, and the room itself became waveringly unsubstantial.

It was not true, of course, this that Bryan was saying. Nothing was true. Nothing was real. It was all a nightmare; and the two glowing yellow masks were horrible dream faces.

"And you have probably noticed a scar—a long, wide scar?"

It was Yip Sing's voice I heard. He was still questioning the nurse. And now Bryan would make another preposterous answer, just as persons always do in dreams. I knew he would. So when he said: "Yes, sir, just between the left shoulder blade and the spinal column. It looks as though it were the mark of a deep and vicious knife slash," I was not in the least surprised.

Checkbeedy brought me back to a realization of time and place. He spoke my name in a half-whisper and I awoke again to realities with a start.

"The officers are here, sir," he informed me, matter-of-factly.

"The officers?" I repeated, and then, memory resurfacing itself, I added: "Oh, yes, of course. Ask them to wait just a moment. Checkbeedy."

Into the room I was hurrying, of facts which I had gathered a vivid memory of. I was in the sick-chamber, and I had raved in

A strange tongue, mingled with words of pidgin-English and a few phrases—incriminating phrases, in the light of tonight's revelation—of vigorous vernacular. If what Bryan had said was true—and for him to lie about a matter as readily demonstrable was hardly to be considered—I must conclude myself beaten at all points. From first to last, then, I had been defending a creature unworthy of defense.

It was difficult to accept this conclusion. Mind and heart alike were arrayed against it. Yet, thinking clearly now, I recognized fully the position in which I had placed myself. I had been willing to swear, to wager, there was no tattoo mark, and the best evidence—my own witness—had proved me wrong. Certainly I could expect no mild judgment from these Asiatics. Honest as I had been, they must believe that I had known, and had meant to deceive them. They probably thought that I had signalled to Bryan to endorse me in my lies, and that the nurse had either misunderstood or openly rebelled.

Before Checkbeedy had reached the door, I recalled him.

"On second thought," I said, "the officers need not wait. Tell them that it was a mistake. I shall not require them."

Turning to Yip Sing and his companion, I added:

"What Mr. Bryan has told you is the greatest surprise to me. Even yet I can scarcely believe it, unless the mark and the scar were obtained with my friend was a prisoner in the hands of your countrymen."

"Tattoo marks and scars show age no less than faces," the merchant replied. "Both of these are years old. Any capable judge of such things will tell you that. Possibly Mr. Bryan is right."

"The scar is not a fresh one," the nurse said. "As to tattoo marks, I have not experienced; but I have seen the mark on Mr. Cameron's arm."

"At the foot of the bed," I said, standing, "while I was waiting for Mr. Bryan's entire story, I saw the mark on Mr. Cameron's arm."

At the foot of the bed, I saw the mark on Mr. Cameron's arm. Evelyn felt the pulse of the patient, and I concluded that he was dying.

PROPOSED \$3,000,000 PULP MILL AT BATHURST

Fifty-Ton Sulphite Mill Will Be Erected.—Expect to be Ready May, 1915.

(Montreal Gazette.)

The Bathurst Lumber Company, of Bathurst, N. B., announce that they have completed plans for the erection of a fifty-ton sulphite pulp mill at Bathurst. Work on this undertaking is to be started at once, organization having been completed, and it is announced that by May 1, 1915, paper makers will be able to purchase for the first time a domestic product of the highest grade cook-bleached mitscherlich sulphite fibre.

The mills will be operated under the name of the Bathurst Pulp & Paper Company, Limited, with a capitalization of \$3,000,000. Mr. Angus McLean, general manager of the Bathurst Lumber Company, will be president of the new company, while A. G. McIntyre, editor of the Pulp and Paper Magazine and superintendent of the Forest Product Laboratories, a recent graduate of McGill University will be the manager.

It is proposed to make a thirty-six hour cook sulphite and bleached electrolytically a grade of paper that is in great demand in the country and heretofore a quality that had to be imported from the United States.

The mill is to be situated on Bathurst Harbor and the Nepisiguit and Tetegouche rivers, which empty here, contributing materially to the economical operation of the plant, which is also favored by the vicinity of adequate transportation advantages and a good labor market. The Bathurst Lumber Company owns 2,800 square miles of limits extending from the plant itself.

CHAPTER OF ACCIDENTS AT NEW CARLISLE

James Thompson of This Place Loses His Home and Effects in Fire

New Carlisle, March 4.—Some days ago, Mr. James Thompson had the misfortune of losing his house and all its contents by fire. Much sympathy is felt and many of the people are showing how sorry they really are, by their contributions towards helping him to build another. We have also learned that Mr. Thompson has had a second trouble by the death of a little child belonging to his son, living at the same place.

Mrs. George Duncan, we are sorry to say has been seriously ill, and we learned underwent an operation on the 28 Feb., which so far has been successful, and Mrs. Duncan is improving as well as can be expected. Mrs. Piggy from Bonaventure and Mishou of this place are attending the case.

The same doctors are attending Mr. Wm. Morrison who has been laid up for about 6 weeks with a sore knee. Mr. Morrison gave his knee a slight cut in the woods and did not think it worth bothering with, as a result has suffered for the past 6 weeks and may prove serious.

We are glad to hear Mrs. John Chisholm is recovering from her recent illness.

Mr. Robert Ross has purchased a gasoline engine and wood cutter, and will likely be at the disposal of any that may require his services.

CONSECRATION OF RT. REV. LOUIS J. O'LEARY, D. D.

(From the Gloucester Northern L.)
At Chatham Cathedral, June 11, His Excellency the Delegate Apostolic will consecrate Rt. Rev. Louis J. O'Leary, Auxiliary Bishop of Chatham. It is a coincidence that Pious X. nominated Dr. O'Leary on the same day—January 29th—as his brother, Dr. Henry O'Leary, the Bishop of Charlottetown, only one year later, and the consecration of both will have been on Corpus Christi.

MEMBERS OF THE PROVIDENT FUND

Messrs. B. A. Bourgeois and W. P. Hutchinson Re-Elected to Board

Messrs. Bliss A. Bourgeois and William P. Hutchinson, of Moncton, are the representatives of the employees of the International and P. E. Island Railways on the Provident Fund Board, they being re-elected. The counting of the ballots was commenced on Monday by tellers H. F. Hamilton, Thos. Sands, William Crockett, Otto Baird and S. C. Charters. The official count could not be learned but the following will be found the unofficial figures:

Bourgeois 3383
Hutchinson 3311
Nairn 2529

It will be seen by the above that a very heavy vote was polled. This is the fifth consecutive time that Mr. Hutchinson has been elected a member of the Board. He is an old employee having been in the I. C. R. service for about twenty-one years and of late, he has been stationed in Moncton, being Chief Train Despatcher.

Postmaster Gillis Has Dismissal Looming in Front of Him—Petition Largely Signed

It is understood that steps are being taken to have Mr. H. Gillis, the postmaster at Tide Head removed. From enquiries we learn that the reason adduced is that the office is not in a suitable place to suit the people of that district. To combat this statement a petition has been in circulation in the settlement and has been signed by almost every person in the settlement, Liberal and Conservative alike, urging the retention of Mr. Gillis, but what may be its ultimate success, one can scarcely conjecture. To the average persons thinking, if the people of a district are satisfied that should and the matter.

Mr. Bourgeois who led the poll, has been in the employ of the People's Railway for about twenty-eight years. He is a Moncton man and has always lived in that city. He has been acting in the capacity of chief clerk to Mr. S. L. Shannon, comptroller for the past seven or eight years.

The L. C. R. have also made some new permanent appointments on the Board to fill the places of Mr. T. C. Burpee, retired, and Mr. D. McDonald, formerly district superintendent of the St. Flavie district, but who is now assistant general passenger agent with headquarters at Montreal. Messrs. S. L. Shannon, I. C. R. comptroller, and H. H. Melanson, general passenger agent, are the new permanent appointments.

The Provident Fund is now composed of the following:—F. P. Gutelius, chairman; S. L. Shannon, H. H. Melanson, W. P. Hutchinson, B. A. Bourgeois and Secretary W. L. Paver.

The net receipts from the national forests of Washington and Oregon in four months amounted to \$115,620, an increase of 17 p.c. over receipts for the same period last year.

PRESENTATION

Monday evening, in the rooms of the Chatham Curling Club, Mr. A. B. SPLENDID PROGRESS ON THE SOUTH SHORE

Big Manufacturing Development in Coast Towns—How Industry Produces Prosperity

The advantages of railway facilities which within recent years have been afforded to the South-western part of Nova Scotia, have contributed substantially to the development which has taken place in the commerce and industry of that section. The greatest development perhaps has been in the pulp and paper industry.

In this, the Macleod Pulp Company, with mills at Milton, on the river Mersey, are very active, as they control the best hydraulic power source in the province. Their product finds a ready market in the United Kingdom, and, as the mills are situated close to tide water, shipping facilities are excellent. During the past few years the Company have endeavored and with considerable success, to turn the pulp into the finished product.

Back of the Macleod Company's mills are the great lakes of Roanoke and other bodies of water only known up to recent years for their splendid sporting possibilities. The Company's water-shed embraces over seven hundred square miles and is fed by four counties. It is estimated that 50,000 horse power can be generated here.

At New Germany, Harmony, Charlottetown and Clyde there are other pulp mills which make large shipments to England and the United States.

The towns all have their own particular industries and are stretching out for more. There is abundant room for the establishment of industries along the South Shore, and now that there is good rail communication with the rest of the province and Canada, there is no reason why this part of the country should not become better known and appreciated in the industrial world. It is close to the American markets; it has excellent water powers; it enjoys good harbors; and has the advantage of the cheapest and best method of transportation—by water; it is an excellent point from which to distribute to home and foreign markets, and its people are progressive, industrious and frugal.

The industrial development in these towns has been of great advantage also to the farmers in the surrounding country. The big pay rolls of the pulp and paper mills are all circulated in the towns in which they are located, and the freeing of this money has provided the farmers with a home market of brisk trade and good prices.
