## GOLD RUSH IS ON AT CENTREVILLE

Result of Assays Shows Fabulous  
Wealth if Quantity Fields Out  
Many Claims are Staked  
and Real Boom is On

Quartz bearing pure gold to the value of \$1500 to the ton and silver worth \$50.25 to the ton is the amazing result of a recent assay of the Centreville gold mine product. As a result excitement is high and there is likely to be a gold rush unequalled in eastern Canada. An Observer correspondent has just visited the scene and writes:

"Some three years ago, Charles Smith of Florenceville, who has had some mining experience in the west while fishing in a small brook near Centreville, noticed some bright particles in a slab of rock lying in the edge of the brook. This rock had been detached from the ledge above by the action of the frost. Upon his next visit he broke off some pieces from the ledge with an axe, and after returning home he showed the specimens to his friends, who finally concluded to have them assayed."

"Your correspondent personally copied from the genuine reports signed by Hilton Hersey of Montreal, and contained in the original envelope, marked Montreal, the following statement of assays:

No. 1—Gold, 22.10 per ton; value \$442 per ton; silver 8 oz per ton; value \$5.44 per ton.

No. 2—Gold, 10 per ton; value \$20 per ton; silver 1 oz per ton; value \$1.25 per ton.

No. 3—Gold, 4.7 per ton; value \$94 per ton; silver 1.1 oz per ton; value \$13.75 per ton.

No. 4—Gold, 75.25 per ton; value \$1505 per ton; silver 7.5 oz per ton; value \$93.75 per ton.

"Needless to say the rush is now on and the year '23 has nothing on the stampede. Some twelve claims, 400 acres have already been surveyed, staked and allotted by the government."

## HARTLAND SCHOOL

Last week I gave you the names of the teaching staff for the school year beginning July, 1921. The annual meeting had re-elected W. D. Keith, trustee, E. C. Morgan as senior trustee became chairman, with C. E. Rideout to complete the Board of Trustees. Whereas \$2500 had been voted July, 1921, and \$2500 for 1922 it was reduced to \$1500, he voted in July, 1922, further increased by a vote of \$2000 more Dec. 12, 1921. The reasons, briefly, for the rapid increases in assessment were these: An increase in the number of our teachers and provision for more room and equipment, but chiefly because the teachers of the province had had got a business-like way and had got a law passed making compulsory a very substantial increase in salaries. Our expense in fitting up a class room out of the science room had been light, but the board had now enclosed and equipped the southern end of the third storey as a department to contain Grades 5 and 6. The \$2000 was voted to cover the cost of desks, material, seats and desks, blackboards, etc., as well as extra salary for a better teacher than had been figured on at first. Miss Clark wished to make a success of the high school grades so grade 8 was removed from her department and put with grade 6 under the care of another superior teacher. These grades as well as 5 and 7 had to be thus placed in the two departments so as to give the teachers each about the same number of pupils. But in spite of all this we found that by January, 1922, Mrs. Anna Nixon's department, Grades 1 and 2 had well up to 60 pupils enrolled. There was no class room attached to this department to give relief by way of an assistant. Nothing could be done in the present building, but at up the old science room again and open a new department with a new teacher. However, at the annual meeting, July 10, 1922, C. B. Nixon was elected to fill out W. D. Keith's term and Amos Plummer in place of E. C. Morgan, whose term had expired, C. E. Rideout now being chairman. The vote was \$5000.

The discussion of a new school building had been clearly conducted at the annual meeting, July 1921, by passing a motion to the effect that the trustees were to gather all information possible relating thereto and submit the same to a meeting when called upon to do so by request in writing signed by 15 ratepayers. At the July, 1922, annual meeting it was clear to all that something must be done toward providing more and better accommodation, so the new Board was instructed to submit plans to another meeting within three weeks. Three plans were brought forward: 1—To set up an other room on the third storey of the present building. 2—Build an annex at the rear. 3—Buy the Elisha Shaw house and lot adjoining the school lot. The attendance at all our school meetings since 1920 has been large and interest growing keen, particularly at this last meeting which was held in the evening. Discussion was lively on building matters after the auditors report had been made showing everything correct with a good balance on hand. The trustees proposition did not meet approval but in the midst of the excitement A. W. Kyle begged leave to discuss plans for a new building of 7 class rooms, an assembly hall that could be divided up into three more rooms as required, basement with furnace room and boys and girls play rooms and closets. This seemed to meet the popular view but the location provided another tug of war, ending with the decision to build on the

old school lot instead of on the school garden and base ball lot. A \$25,000 bond issue was voted and trustees were to get on with plans and estimates. Meantime a room had to be fitted up in the third storey for Grade 2 and Mrs. Lily Leakey was engaged to take the Grade 1, making six teachers for duty for the school year, 1922-23. Although earnestly pressed to remain Gage, Montgomery resigned, his place being taken by Miss Margaret Palmer, Grades 5 and 6, and to the regret of many—one party said he would have paid \$25 out of his own pocket to have had her remain—it is a sad thing that we do so seldom get our bouquets until dead or gone. Miss Jane McBeath also resigned, her department being assigned to Mrs. Myrtle DeGross also superior class, with Grades 7 and 8.

I omitted to state that when the new rooms were being prepared a fire escape had been built at the rear for the second and third storeys. Fire drill in regular and whole enrollment of about 220 pupils can be got out in about one minute. Electric bells have been put in all the rooms so that the fire signal or any other calls can be promptly made. New teachers desks, a fine globe and dictionary, maps, blackboards, etc. have been provided as well as the Book of Knowledge, 20 volumes, for the library. Interest in play has been encouraged by the teachers and principal. Money has been collected by teachers and pupils at various times. It was really astonishing how well the people gave. Teachers' ball organized and equipped, swings put up, teeters and other games provided for. All these are sadly hampered by lack of room.

So here we are at present with two more rooms much overcrowded, Miss Palmer's and Miss Kingston's. To get good service we ought to have an other room and teacher at the beginning of next term. Certainly we should have seven rooms and seven teachers next fall. We have now no room for manual work, chemistry or domestic science.

I hope to send a number of letters in this issue of the Observer or the next anyway on school matters, particularly on location of new building.

My next week's letter will be on this and other much discussed issues.

J. STIRLING KING, Sec.

## BIG IMPROVEMENT IN U. B. CHURCH

The Extensions and Improvements  
Completed at a Cost of \$7,500  
and Dedication Dec. 17

The United Baptists of Hartland are planning on making Sunday, Dec. 17, a red-letter day in the history of their church. The extension is costing \$7,500 and the remodeled church will seat comfortably about 500 and in an emergency can easily accommodate about 600 people. There will be 17 class rooms, three cloak rooms, two flush closets and one wash room. Two heating plants, new baptistry, new choir room, enlarged Sunday school auditorium are extras added at the rear. The building has been repainted within and without and the Baptists are proud of the fact that through industry and sacrifice of the church as a body they now have an up-to-date place of worship worth from \$22,000 to \$25,000 with a very small indebtedness which they plan on liquidating within about two years. They are confidently looking forward, by the Grace of God, to greater strides in the future.

The outlook of the Sunday school was the main factor which caused the expansion. The school is divided into two separate schools and under the enthusiastic leadership of Superintendents, C. E. Rideout, senior, and R. L. York, junior, and their staff of efficient teachers and officers are looking with confidence to the future.

The welfare and training of the young people is the biggest and grandest problem to be solved by residents of Hartland today. The school maintains a cradle roll, home department, and mission band. Further details will appear in the next issue of the Observer, together with a strong list of speakers who cannot help but make Sunday, Dec. 17 a success.

## PRESENTATION TO MRS. SIPPPELL

On Wednesday evening at the close of the prayer meeting about twenty members of the United Baptist Women's Missionary Society met at the home of Mrs. L. E. McFarland in honor of their president, Mrs. E. A. Sipppeil, who is leaving Hartland with her husband to enter a larger service in the Kingdom. Miss A. H. Kestbrook, in behalf of the society, presented Mrs. Sipppeil with an address and a surmount of pearls brooch, as a small token of their appreciation of her faithful work in the cause of missions during the last four and one half years. Mrs. Sipppeil was totally surprised, but replied expressing her appreciation of the kind words and the beautiful gift. Refreshments were served, a few parting songs were sung and the company dispersed with hearty best wishes for Mrs. Sipppeil in her new field of labor in the Master's vineyard.

## OBITUARY A. SHAW

## BIG OPERATIONS AT JUNIPER

Fleming-Gibson Co., Ltd., Getting Four  
Mills Ready for Operations—  
Nearly 500 Men Employed

Out at Juniper at the head of the Southwest Miramichi, on the C. N. R., is the greatest industry in Carleton county today, and probably at no other time in the history of the county was there so active an enterprise. This is the lumber operation of Fleming-Gibson Co., Ltd., of which J. K. Fleming is now president and general manager, while his sons, Weldon and Hugh John are vice-president and secretary-treasurer, respectively. There are 80 or 90 pairs of horses and about 400 men at work in the woods getting out the immense supply of logs needed for the four big mills that are now about ready to start after a complete overhauling and the replacing of new machinery where needed. One mill is equipped with the largest engine in the county, having a capacity of 300 horse-power.

Hundreds of men will be employed throughout the year, and the industry, besides giving employment to a great number directly, affords a fine market for the farms of Foreston and Beaufort and Knowlesville, which is a splendid thing for the owners, who have no long lived resource from a ready market. Flour is bought to supply the men by the carload, cattle are sent in droves to furnish meat, great quantities of hay and oats are required for the horses.

Soon as the mills are running full blast The Observer will send a staff representative to look the plant over and give it and its energetic promoters the publicity that is deserving.

## T. W. CALDWELL, M.P. HERE NEXT WEEK

Will Address a General Public Meeting Giving an Account of His Stewardship. All Should Attend

One week from today, at 2.30 on Thursday afternoon, on Dec. 14, at the Star Theatre, Hartland, Thomas W. Caldwell, M.P., will address a public meeting of farmers and any others interested enough to attend. Mr. Caldwell has been very active in the interests of his constituency and the province in general, and has an important message for the people. None should fail to hear him. He is only recently returned from Winnipeg where he was in session with the western farmers, and since his return he has been working hard to get government aid for the farmers that so greatly need financial assistance on the security of their farms at this particular time.

## WINDSOR MAN FINED; HE MADE WHISKY

Yesterday before Police Magistrate Comben of Woodstock Thomas Morgan of Windsor pleaded guilty to distilling whisky on a charge laid by officers of the Department of Inland Revenue. He was fined \$200 and costs, and came across with the coin. His place was raided by Officers Myers and Leighton about two weeks ago and sufficient evidence of illicit distilling was found to warrant his arrest. It is said that while Morgan's premises were the situation of the still he was not himself the principal, that the real miscreants have so far got free.

If you have got the CASH we have GOT THE GOODS; and if we come together there will be no trouble about doing business.

On either hand here you find a few samples only of what we can offer.

We want you to remember that everything in the store in the way of

Christmas groceries are as usual a specialty with us. We have everything you can possibly require for holiday cooking but we warn you that the trend of prices for Groceries is upward therefore the early buyers get the most for their money.

We want to see all our old friends this season and in addition we want to make new friends, especially among those living at a distance.

### Lakeville Leaflets

The last crowd of hunters returned on Monday—one moose and four deer this time. Wallace Cheney, Dr. Wright, Hanford and Marshal Tracey were the lucky lot.

Miss Bell and Miss Fern Anderson spent the week with their aunt, Mrs. H. Tracey.

Mrs. Martha Quint (Garrison) has been visiting Mrs. H. T. Jones and Mrs. Wilson.

Miss Jarvis of St. John spoke on the Red Cross work to a well filled hall on Friday night. Rev. Malcolm Orchard was the speaker at the Baptist church on Thursday night. If any were not inspired to greater missionary effort, they were certainly educated, as the speaker gave facts and figures that should cause the most delirious to take notice.

Miss Agatha Slipp, Secretary of the W. M. A. S., spoke here on the Women's part of the missionary enterprise. All were highly pleased as she presented the work of the different societies.

Miss Foster left on Saturday to visit her daughter in Toronto.

Quite a lot of produce is being loaded at the Valley station here. Wm. Armstrong went to Bangor on Saturday with poultry. The prices were about the same as last year. Several sold turkeys as high as \$7 and \$8 each. Better stop raising potatoes and try the turkey business, Mr. Farmer.

Mr. and Mrs. Harry Helms spent Sunday at J. T. Williams.

Mr. Stairs of Mars Hill was visiting Mrs. Fannie Fowler on Sunday.

Wm. Amies kept busy in the grist mill these days.

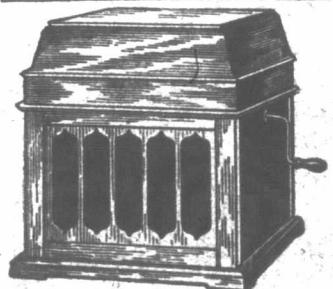

Mr. and Mrs. James Kilpatrick were visitors at W. W. Wilson's on Monday.

The kiddies are worrying because Santa Clause is only driving one reindeer this season as his load wont require the usual span.

### Hartland Cadets Still Receiving Praise for Their Competent Shooting

Cadets Fred Dickinson, aged 13, and J. Arthur Rigby aged 14, have just received from Henry Birks & Sons the silver medals, of which each won one for having the highest score in their team-firing in the outdoor miniature rifle competitions during the past summer, and also making an average of over 80 per cent of all their scores in the different series. The medals were awarded by the Canadian Rifle League. These boys were members of the team that won the B. S. A. Martini Rifle of Eastern Canada.

G. W. Montgomery wishes to announce to all cadets and boys who wish to join the cadets that there are a number of shooting competitions they may enter. Entry fee, 30 cents for those under 16; all others \$1.10. Guns and ammunition free for scoring targets.

H. H. Hatfield was in St. John this week. Angus Scott of Meductic, spent the week-end in town with friends.

G. W. Foster, of the bank staff, returned on Monday from St. John. The many friends of Mayor Kelley will be sorry to learn of his illness.

R. W. Laskey has moved from the Hagerman building to the H. A. Simpson house.

Mrs. W. P. Cogswell of Fort Fairfield, was visiting friends here over the week-end.

December 1 was well observed by everybody turning out to the right and no accidents have so far happened.

Miss Elizabeth Gifford who has been chief of the millinery department of Keith & Plummer left on Tuesday for her home at Haxton.

Miss Elsie Riddout, a nurse-in-training at Presque Isle Hospital, is home for a few weeks. Two weeks ago she was operated on for appendicitis.

H. M. Berrie, a former principal of Hartland school, now an employee of the C. N. R., was a guest of his father-in-law, Andrew Alton, yesterday and today.

Mrs. Haigh, mother of the rector, has been quite seriously ill that is able to be about again. Mrs. Charles Sykes is quite ill at the home of her daughter, Mrs. W. P. Haigh.

F. E. Sayre's lat mill is starting operations this week and in a short time the mill of Hatfield & Co. Ltd., situated at the wood-working plant will be ready for operation.

There will be no service at Holy Trinity on Sunday but the Rector will preach at Beaufort at 10.30 a.m. Glasville at 2.30 p.m. Sunday School at Hartland as usual at 12 o'clock.

Last evening a number of the girl friends of Mrs. Joe Riddout met at her home at Beaufort and presented her with a beautiful Indian blanket as a tangible expression of affection on the event of her recent marriage.

To guard against danger from fire a system of electric bells has been installed in the school house. Four rings of the bell indicate a fire and another code of signals is used for interdepartment communication. Each room and corridor has been placarded warning children against bringing matches to school.

Rev. Z. L. Fash of Fredericton was called to the pastorate of the Hartland United Baptist Church will come here but has accepted a call to Red Deer, Alberta. Mrs. Fash has donated to the Hartland church a miniature organ with solid walnut case for use in the beginner's class of the Sunday School.

Mrs. Lela Noyes entertained several of her lady friends last Thursday evening at a thimble party. Those present were Miss Kathleen Kennedy, Miss Vera Ewing, Miss Clara Hagerman, Miss Quennie Britton and Miss Palmer. After a pleasant evening, refreshments were passed.

On Tuesday Mrs. W. G. McCollum left for Boston Creek in Northern Ontario to take to their home the three children of Mr. and Mrs. Moses McCollum who have been here since early in the summer. The children have been living with their aunt, Mrs. J. P. Murdoch and with Mrs. W. G. McCollum while their mother was suffering a protracted period of ill health in a hospital. She is now recovered and the little family will be happily reunited for Christmas.

In renewing his subscription for the Observer Dr. Z. B. Kent, M. D., of Watfield, Vt., says, "My mother, Mrs. Benjamin Kent, still retains an immense interest in Hartland and vicinity. The writer was born a little over a third of a century ago at East Coldstream moving to Maine nearly twenty-five years ago. I presume I might be termed a real Yankee by this time but I still retain my respect and love for the land of my birth and an ever increasing longing each year to return."

G. F. Seely expects daily a new twenty-five horse power engine to put the pump in his power plant. At the present time his plant is operated a good deal like Mark Twain's steamboat which had a fifteen horse power engine and a seventy-five horse power whistle and which stopped every time he blew the whistle. The electric plant at Seely's is operated by a ten-horse-power engine with a dynamo requiring fully twenty-five horse power, so the present service is not just what the town needs and therefore at the present time it does not come in for a very high order of appreciation. But very soon now there will be electric current for all needs and it should come into more general use with the improved service.

Annie, daughter of James Plummer, is ill of pneumonia.

On Sunday Rev. H. V. Bragdon will preach at Carleton at 10.30 a.m. and at 7 p.m.

On Monday evening after the routine business of Brighton Lodge, K. of P., the members enjoyed a smoker and had a pleasant evening of it.

Miss Nora Donkin left on Tuesday for Winnipeg enroute for Moose, Manitoba, for a prolonged visit with her uncle and aunt, Mr. and Mrs. J. A. Donkin.

Mrs. William McCoschie of Bellefleur and Arthur Vanwart of St. John were recent guests of Mrs. H. E. Adams. Mrs. McCoschie is a sister of Mrs. Adams.

Pay your taxes and save trouble for yourself and us. Don't forget that I am under orders to collect everything. So pay before December 25. Frank Hagerman, Collector for Brighton. 26-2.

After a more open fall than most people can remember, with most excellent results, snow has come and business is improved thereby. Lumbering operators have been waiting snow and now the lat wood will commence to move and the business life of the community is in for immediate improvement.

The C. of B. sewing circle met last week at the home of Mrs. George McGoldrick. Good progress was made in making articles for their coming sale. Dainty refreshments were served. The circle met this week with Mrs. Teddie.

Miss Annie Kingston, who was called to attend the funeral of her grandmother, returned on Saturday to continue her teaching duties.

A glance over the pages of The Observer will reveal the fact that Carleton county merchants are prepared to supply all the mercantile needs of the people and there is absolutely no need or excuse to send money to Toronto. The home merchant, who buys your eggs, butter and poultry, has at once variety, quality and the right price. Your own particular interests should impel you to buy at home. It is the soundest business policy that is.

The ladies of the Church of England have again changed the date of their sale and have definitely decided that it shall be held on the evening of Saturday, December 16. These ladies are famous for their fine suppers and their annual Christmas sale always presents an excellent opportunity for the purchase of suitable Christmas gifts.

The event which will be held in the K. of P. hall, is to be one of great interest and it is needless to say that a good crowd will attend.

On Friday evening J. W. Montgomery entertained a party of friends at progressive forty-fives. A most enjoyable evening was spent during the course of which chicken sandwiches and other tasty viands made most gratifying refreshments. The guests included R. A. Hall, A. B. Curtis, O. A. Hovey, A. A. Noyes, W. E. Thornton, Wm. McPherson, Douglas Britton, Harry Large, Charley Sykes, G. M. McLeod, W. P. Haigh, W. B. Ward, A. W. Shaw, Gordon McBurney, E. W. Laskey, J. W. The ice in the river in places where the current is slowest has frozen over from shore to shore which is most unusual in the Upper St. John. About 14 years ago the river closed in like manner and the winter that followed was a pleasant one. Of course the usual manner in which the river closes is by ice but this year the water is exceptionally low.

A number of the farmers of Knowlsville have clubbed together and are backing Fred Curry, who is building a saw mill at that place. Considerable excitement was caused on Friday when they endeavored to haul the boiler from the station. It weighs eight tons and after pulling it a short distance with nine pairs of horses, they left it to await more snow.

On Sunday Rev. A. P. Gouthey, preacher, author and evangelist of Seattle, opened a two weeks campaign at the Reformed Baptist Church. On Sunday the building was filled to overflowing and the earnest speaker gained a great hold upon his hearers. Last succeeding evening the interest has grown deeper and a great deal of good is likely to result from the effort. Until December 17 there will be service every evening and three times on Sunday. A few years ago Mr. Gouthey conducted a campaign here at which he was accompanied by his wife, a sweet singer and they had with them their little child which friends will regret to learn has died in the meantime.

Sold by Estey & Curtis, Hartland, Wiley Drug Co., Grand Falls, Stevens Bros., Centreville.

The simple fact is this: there is nothing quite so good for pains and aches as Templeton's Rheumatic Capsules. The medicinal power they contain is absorbed by the blood and so carried to the seat of the pain. T.R.C.'s contain no habit-forming drugs. Their action is to remove the cause of the pain.

Using T.R.C.'s is not an experiment; many thousands of Canadians have proved the effectiveness of T.R.C.'s. The best test you can make is to get a dollar box from your druggist, or for free sample write J. G. Templeton & Co., Toronto. A postal card will bring it.

## "Nearly Lost Baby With Croup"

Has Depended on Dr. Chase's Medicines for 25 Years

This letter from Mrs. Thompson gives you some idea of why so many thousands of people depend on Dr. Chase in the hour of sickness.

Dr. Chase's Syrup of Linseed and Turpentine has a permanent place in the great majority of Canadian homes because it is the most certain relief from Croup, Bronchitis, Whooping Cough and Asthma.

Mrs. Alex. Thompson, Whila, Alta., writes:—"When my first baby was born, I think she would have died from croup before we could reach a doctor, if it had not been for a neighbor who had a bottle of Dr. Chase's Linseed and Turpentine in the house. This relieved her almost immediately. That was 21 years ago, and Dr. Chase's Medicines have been friends of ours ever since."

#### Asthma

Mr. Thomas Bond, Sheldrake, North Shore, Que., writes:—"I suffered for years with asthma, sometimes being unable to lie in bed, but after a treatment of Dr. Chase's Linseed and Turpentine, I am now quite well and thank this medicine for restoring me."

### P. B. HISTORY TOLD BY M. L. HAYWARD

Primitive Baptists Founded by Rev. George W. Orser—Paper on This Denomination Read at Meeting of New Brunswick Historical Society

(St. John Telegraph)

A very interesting paper on the life of Rev. George W. Orser, founder of the Primitive Baptists, a denomination which originated in 1874 in New Brunswick and which now has a membership of 2,500, has thirty-seven church buildings, ten ordained ministers and five licentiates, was read last evening at the meeting of the New Brunswick Historical Society held in the society's rooms, in the Market Building, with Rev. William Armstrong, the president, in the chair. The paper was prepared by M. L. Hayward of Hartland, and in his absence was read by George Henderson.

Mr. Hayward's paper referred to the fact that New Brunswick has no dearth of creeds and sects, but only one church was native to the soil. Rev. G. W. Orser, the founder of the native denomination had been the son of William Orser, of New York, a Loyalist of Dutch extraction and his wife Mary Blake, the first white female born in New Brunswick. William Orser was the first settler on the site which is now Hartland. George Orser was born on June 27, 1813. At the age of fifteen he was converted and did some preaching about that time. He married Miss Abigail Shaw when he was twenty. His wife was

the daughter of a minister of the Free Christian Baptist church and when a revival was conducted in Carleton county, in 1843, he again took up his ministry and was ordained by four of the prominent ministers of the Free Christian Baptist church. He was a gifted preacher, a natural orator, a keen debater, possessed of a determined will but unassuming to those who were not so highly endowed; of a kindly disposition. He disagreed with the majority of those assembled at a Free Christian Baptist conference and was dismissed from the denomination. He held out for the free preaching of the gospel and no stated salary for ministers, which the rest of the conference did not agree to do. He was self educated and like the other ministers of the sect, who have followed him, he obtained his living by farming. His following gradually grew and spread in Carleton county, Victoria county, north York county, and in parts of Nova Scotia and Maine. Two nephews and a son, all Orsers, were preachers of the same sect also. The sect was known as the Free Baptists until it was endeavored to secure its incorporation under the name and the Free Christian Baptists presented a counter bill asking for the change of their name to Free Baptists. This bill passed and the Orsers then chose the name of Primitive Baptists and under that name were incorporated in 1898, thirteen years after the death of the founder.

A hearty vote of thanks was extended to Mr. Hayward for his very valuable paper on the motion of Hon. J. R. Armstrong, seconded by Timothy O'Brien. Rev. W. O. Morse spoke of his knowledge of some of the ministers mentioned in the paper, but said he believed very little was known concerning the sect. Sheriff Wilson spoke of his boyhood recollections of the Primitive Baptists in Carleton county.

NEW BRUNSWICK SEED POTATOES WIN AT THE "ROYAL"

Amid the array of exhibits at the "Royal Winter Fair" at Exhibition Park, Toronto representing the choicest staples in agricultural produce of every province of Canada the contribution of seed potatoes from growers in the Province of New Brunswick was a tribute to the quality of the Green Mountain and Irish Cobbler varieties as these are offered to the seed potato trade.

New Brunswick potato growers upheld the reputation of the Province against all-comers as a country where vigorous growing, disease-free, uniform and typical stock of these well known varieties grow to perfection.

In competition, for the first time, with Ontario growers who heretofore won "firsts" at the Canadian National, the Guelph and Ottawa Winter Fairs the New Brunswick exhibitors won all the prizes in the class for the No. 1 Certified Green Mountain variety, as well as first and second in the class for commercial quantities of any variety. This recognition of the merit of the New Brunswick grown seed potato ought to prove an aid in the finding of a market for hundreds of acres of excellent seed still in the hands of growers.

The exhibits of potatoes, which were forwarded by the Provincial Department of Agriculture, can be said to be truly representative of New Brunswick grown stock as the samples were gathered from growers of different counties whose fields had stood high in the Standing Crops Competitions.

The Division of Botany of the Dominion Experimental Farms has inspected and graded as Extra No. 1 certified seed in this province approximately 400 acres of the Irish Cobbler variety and 800 acres of the Green Mountain variety of which the exhibition material is representative.

The names of New Brunswick prize-winners are as follows:

Green Mountain Variety, Certified - J. C. Cook, Charlo, Restigouche county, first; Thomas Connelly, Little Shemogue, Westmorland county, second; August Dalgle, Baker Brook, Madawaska county, third; Reuben Hoben, Oromocto, Sunbury county, county, fourth; Imperial Products Co., Woodstock, Carleton county, fifth; David Hamilton, Upper Charlo, Restigouche county, sixth; Spafford Mazer, Millville, York county, seventh; W. ## LOCAL AND PERSONAL ITEMS

Miss Florence Alice McIntock, youngest daughter of Mr. and Mrs. G. E. McIntock of Dufur, was united in marriage on the 19th inst., at the parental home to Charles Robertson Thomson of Portland, Rev. E. B. Lockhart officiating. The groom is a prominent garage owner in the Rose City and a close friend of Dr. Samuel B. McIntock, brother of the bride. The following Portlanders came up for the occasion, Mr. and Mrs. Thomson, parents of the groom, Mr. and Mrs. Robert Oliver and sons, Mr. and Mrs. M. A. Howard and son, Dr. and Mrs. Randall White, Dr. Samuel B. McIntock and Miss Katherine Johnson. Other members of the wedding party from Dufur were Mr. and Mrs. G. D. Brodie, Mr. and Mrs. H. E. Carleton, Mr. and Mrs. G. W. Johnston, J. C. Johnston, Rev. and Mrs. Lockhart and Mrs. Owen Jones. The bride is a graduate nurse of the Good Samaritan Hospital of Portland and the groom is a graduate of University of Oregon. Following the ceremony at 1:30, a very dainty arranged dinner was served and late in the afternoon the guests from Portland with the bride and groom left for the Rose City down the river where Mr. and Mrs. Thomson will reside. (Dufur Dispatch). Mrs. Thomson is a sister of Dr. E. R. McIntock of Centreville and spent her early childhood days here, going to Oregon with her parents about ten years ago.

Wanted: Some person to yard, saw, and pile a small quantity of peeled pulpwood on the farm a few years ago occupied by Rennie O. Rockwell, and to haul this pulpwood with about 10 or 12 cords already sawed and piled to Centreville. Will pay the usual price for yarding, sawing and piling and a price agreed upon for hauling per cord. In getting this pulp there might be some down wood that could easily be sawed and piled for fuel, for which arrangements could be made. Louis E. Young, Woodstock, N. B. 241.

A Pioneer production "Midnight Gambols" held the boards on Wednesday evening, with Marie Doro in the stellar role, supported by Godfrey Tearle and other well known artists. The piece had to do with a young girl born with a stigma of crime, inherited from a crooked father. The many trying scenes which this dual personality got her into are she was cured by a most startling episode made a most interesting picture. For the information of picture goers, they should take careful note of the fact that the management has seen fit to change the Wednesday night show to Tuesday evening, which make Tuesdays and Saturdays from henceforth the show nights of the week. On Saturday night we all heartily enjoyed the performance of Shirley Mason in "Little Miss Smiles", a comedy drama with some quaint characters typifying those found on the east side. She was ably supported by Gaston Glass of "Humoresque" fame, the pictures in fact running along similar lines and portraying similar characters. A Multi and Jeff romance completed the bill. Advertising at the bottom of this page gives us the cue for this week's programs.
