PUBLISHERS OF CITY, PROVINCIAL, AND STATE DIRECTORIES AND GAZETTEERS FOR CANADA AND THE UNITED STATES.

HEAD OFFICE FOR CANADA:—

VICTORIA CHAMBERS, TORONTO, ONTARIO.

Entered according to the Act of Parliament of Canada, in the year One Thousand Eight Hundred and Eighty-four, by R. L. POLK & Co., in the Office of the Minister of Agriculture.

INTRODUCTORY.

In presenting this volume of the ONTARIO GAZETTEER, the publishers feel confident that it will meet the wants of the business community, and will be found much more complete and accurate than any of its predecessors. It has been prepared in all cases from original sources of information, collected especially for this work, and great care has been taken to ensure as perfect a degree of accuracy as is possible in works of this nature—no easy task when the many and varied channels from whence the requisite information has to be obtained, and the labour of compiling, comparing and classifying the many thousands of items—are taken into consideration.

It gives a full and complete representation of the mercantile, manufacturing and professional interests of Ontario. It contains an accurate business directory of every city, town and village in the Province, giving a descriptive sketch of each place, showing its location, population, most convenient shipping stations, products that are marketed, stage communications, bonded indebtedness, nearest bank location, express and telegraph offices, newspapers, etc., and other information useful to all classes of business and professional men. The classified portion of the book contains lists of all trades, pursuits and professions in the Province, arranged alphabetically by post offices, with the name and post office address of every person in each line of business.

The next edition of the work will be issued in 1886, when the publishers trust to introduce further items of interest and value. In conclusion we beg to return thanks to those who have so liberally bestowed their patronage on this work, and at the same time to offer our congratulations on the continued steady and rapid increase of the industries, wealth and population of Ontario.

Respectfully,

R. L. POLK & CO,

VICE-PRESIDENTS:

MANAGING DIRECTOR:

WILLIAM MCCABE, ESQ., LL.B., F. I. A.

This Company provides insurance suited to the demands and necessities of the insuring public.

SPECIAL ATTENTION

Is called to the Company's popular plans of insurance, which are meeting with great approval wherever presented.

(1) The Tontine and Semi-Tontine plans combine the advantages of Life Insurance with profitable investment. The insured has the option of withdrawing the reserve and accumulated profits, at the end of the Tontine period, 10, 15 or 20 years selected by himself. By this means the two things most desirable in Life Insurance are combined, viz:

Certainty of Protection in Early Death and Profits in Long Life.

(2) The Commercial Endowment plan yields maximum insurance for minimum outlay and an Endowment at the end of 20 years. This plan places reliable Life Insurance within the reach of all at an estimated cost of about 50 per cent. of the lowest life rates. After admission has been obtained to this class, payments only are required to be made when called for to meet death losses.

(3) The Reduced Endowment plan furnishes full insurance for the period of 10, 15 or 20 years with an Endowment at the end of the time for a low rate of premium.

(4) It issues all the approved forms of policies and annuities. All ordinary policies are non-forfeitable after three annual payments have been made.

(5) Its policies are printed in clear, large type, in plain, simple language and can be easily understood by any person able to read. They are free from the usual onerous conditions so often found in Life Insurance Policies. All policies issued are indisputable after three years from date of issue.

Circulars giving full explanation of the Company's various plans of insurance will be furnished on application.

The Maritime Court is a Superior Court of Record, having, with some exceptions mentioned in the Act, the like rights and remedies in all matters, including cases of Contract and Tort, and proceedings *in rem and in personam*, arising out of or connected with navigation, shipping, trade or commerce, on any river, lake, canal, or inland water, of which the whole or part is in the Province of Ontario, as any existing Vice-Admiralty Court would have if its process extended to the Province of Ontario. The Sittings of the Court and in Chambers are fixed and regulated by the Judge and Surrogate Judges at such times as they shall think fit and necessary for the due administration of justice. *Judge for the whole Province*—Hon. John Boyd. *Registrar*—John Bruce. *Marshal*—William Boyd.

HEIR AND DEVISEE COURT.—Commissioners, the Judges of the Superior Courts, and such other persons as may be appointed by commission under the Great Seal. Their duties are to determine claims to lands in Ontario, for which no patent has issued from the Crown in favour of the proper claimants, whether as heirs, devisees, or assignees. Sittings at Toronto, first Monday in January and July in each year. *Clerk of Commissioners*—W B Heward.

COURTS FOR THE TRIAL OF CONTROVERTED ELECTIONS.—The nature of these courts is sufficiently indicated in their title. In respect to elections for the House of Commons of Canada, the Superior Courts, by one of their Judges appointed in that behalf, are invested with special Jurisdiction for the trial of contested elections, and appeals lie to the Supreme Court at Ottawa. In respect to elections for the Local Legislature of Ontario, the Judges of the Court of Appeal and of the Superior Courts of Law and Equity meet annually in Michaelmas Term and severally select, by a majority of votes, a Judge of their respective Courts to be placed on the rota for the trial of election petitions. In the case of death or the illness of a Judge so chosen, the court of which he is a member meet and elect another Judge. Trials involving corrupt practices are presided over by two Judges, otherwise a single judge presides, and an appeal lies to the Court of Appeal of the Province.

COUNTY COURTS.—Presided over by a resident Judge in each county, assisted in some counties by a Deputy or Junior Judge. Their jurisdiction extends to all personal actions where the debt or damages claimed do not exceed $200; and to all suits relating to debt, covenant or contract, where the amount is ascertained by the acts of the parties or signature of the defendant, to $100; and

to all bail bonds and recognizances of bail given in the County Court, to any amount; but not to cases involving the title to lands, validity of wills, or actions for libel, slander, crim. con., or seduction. An appeal lies to the Court of Appeal of Ontario.

COUNTY COURT SITTINGS AND COURT OF GENERAL SESSIONS.—The County Judge in each county holds a sitting of his Court and a Court of General Sessions in his county semi-annually on the second Tuesday in June and December, except in the county of York, in which county said Court is held four times, commencing on the first Tuesday in December and March, and the second Tuesday in May and September, the latter Courts for the trial of cases of felony and misdemeanor, but treason and capital felonies are exempted from their jurisdiction. The Judge may also, in his discretion, hold additional sittings at such times as may be deemed expedient to expedite business, but only for the trial of issues of fact without a jury.

COUNTY JUDGES' CRIMINAL COURT.—Persons committed to jail for trial, on charge of being guilty of any offence for which they may be tried at a Court of General Sessions *may, with their own consent*, and subject to the provisions of the Act in that behalf, be forthwith tried by the Judge of the County Court and General Sessions without a jury, and if convicted, be sentenced by the said Judge, and the Judge sitting on any such trial for all the purposes thereof, is constituted a Court of Record, and the record in any such case shall be filed among the records of the Court of General Sessions last mentioned.

COURTS OF REVISION.—The County Judges hold annually Courts of final revision of the Assessment Rolls of each Municipality, being in the light of Courts of Appeal from the first Court of Revision held by the Municipality; and also Courts for the Revision of the Voters' Lists, being equivalent to the Courts held by Revising Barristers in England.

INSOLVENT DEBTORS' COURTS.—These Courts, which had reference to traders only, were regulated by the Act known as the "Insolvent Act of 1875," which consolidated and assimilated the practice in Bankruptcy and Insolvency in the several Provinces of the Dominion. The County Judges in the several Counties presided, and official assignees were nominated by the Governor in Council, and were officers of the Court, having jurisdiction in the County or District for which they were appointed, and appeals lay to the Court of Appeal of Ontario. This Statute has now been repealed, and the Courts and Assignees are only continuing to wind up pending cases.

SURROGATE COURTS.—The jurisdiction of these Courts relates to all testamentary matters and causes, and to the granting and revoking of probate of wills, and letters of administration of the effects of deceased persons having estate or effect in Ontario, and all matters arising out of or connected with the grant or revocation of probate or administration, subject to an appeal to the Chancery Division. The County Judges are also Judges of the Surrogate Courts. *Chief Surrogate Clerk at Toronto*—Sir J L Robinson, Bart.

DIVISION COURTS, for the summary disposal of cases by the presiding Judge, being the County Judge or his Deputy, or any Barrister appointed to hold the same; but a jury of five persons may be demanded in certain cases. Their jurisdiction extends to actions of debt or contract where the balance claimed is over $100 and under $200 when the amount is ascertained by the signature of the defendant, subject to an appeal to the Court of Appeal, and to $100 in other cases; but the sums of the account to be gone into cannot exceed $400; injuries or torts to personal chattels amounting to $60, and personal actions to that amount, if not excepted from their jurisdiction; but not to actions for gambling debts, liquors drunk in a tavern, or notes of hand given therefor, ejectment, title to land, &c., or any toll, custom or franchise, will or settlement, malicious prosecution, libel, slander, crim con., seduction or breach of promise, or actions against a J. P. for anything done by him in the execution of his office, if he objects to it. Each Judicial District is divided into Court Divisions, and Courts are held once in two months in each Division, or oftener at the discretion of the Judge. The Divisions are established by the Courts of General Sessions, and in certain cases by the Judges.

BOARD OF COUNTY JUDGES.—*Chairman*—J. R Gowan, late sen. Judge County Simcoe. *Members*—S. J. Jones, County Brant; D J Hughes, County Elgin; James Daniell, Counties Prescott and Russell; and J. S. Sinclair, County Wentworth.

COMMERCIAL LAWS OF ONTARIO.

ACKNOWLEDGMENTS.—See Deeds.

ACTIONS.—In the High Court of Justice and in the County Courts actions are commenced by writ of summons, which is returnable immediately after service. When the action is for a debt or liquidated demand in money, the writ is specially indorsed with particulars of the plaintiff's claim, and upon default of appearance in ten days after service, final judgment may be signed without further proof of claim. Execution may be issued on this judgment at the expiration of eight days from the last day for appearance. If the defendant appears the plaintiff delivers a statement of claim; the defendant within eight days delivers a statement of his defence, set-off or counter claim, and the plaintiff delivers his reply. If the defendant appears and has no defence to the action, the plaintiff may apply for final judgment on notice, after filing an affidavit made by himself, or by any other person who can swear positively to the debt or cause of action, verifying the cause of action and stating that in deponent's belief there is no defence to the action. The court on such an application has power to order immediate judgment.

In the Division Courts the plaintiff enters with the clerk a statement of his claim, and a summons is thereupon issued, and the case tried at the court held on the eleventh day after the service on the defendant, if he resides in the county in which the action is brought, in case none of the defendants reside in the county in which the action is brought, but one of them resides in an adjacent (*i. e.* bordering) county, the case is tried at the court held on the sixteenth day after service, and if none of the defendants reside in the county in which the action is brought, or in an adjoining county, the case is tried at the court held on the twenty-first day after service. If the claim be for any debt or money demand where the particulars of the claim with reasonable certainty and detail are endorsed on or at-

tached to the summons, and it be not contested, judgment may be obtained at the expiration of eight days from the service on the defendant (where the service is required to be ten days before the return), or at the expiration of twelve days from such service (where the service is required to be fifteen or twenty days before the return), and execution may be issued forthwith.

Except in cases of judgments by default of appearance in the High Court and County Courts, execution may be issued forthwith after judgment.

Priorities of judgments are regulated by the time of placing execution in the hands of the sheriff, and not by the time of obtaining the judgments.

Every debt or chose in action arising out of contract is assignable in law by any form of writing, but subject to such conditions or restrictions with respect to the right of transfer as may be contained in the original contract, and the assignee shall sue thereon in his own name. The bonds and debentures of corporations made payable to bearer, may be transferred by delivery, and the transfer vests the property in the holder thereof, and enables him to maintain the action thereon in his own name.

In case of an assignment of a debt arising out of contract and not assignable by delivery, the defendant may avail himself of any defence or set-off arising before notice of the assignment which might have been made to a suit brought by the assignor.

This Act doos not apply to bills of exchange or promissory notes. It is not necessary to bring separate suits against the several parties to a bill or note; they may all be included in one action.

AFFIDAVITS.—Within the Province affidavits may be made before any commissioner appointed by the Superior Courts of law for taking affidavits and recognizance of bail. Voluntary and extra-judicial oaths are prohibited. A statutory declaration may be made attesting facts or accounts, etc. Affidavits to be made in the United States, for use in the courts of Ontario, may be made before a Notary Public, certified under his hand and official seal.

ALIENS.—By various statutory enactments the disabilities formerly imposed upon aliens have been removed, and they can now take, hold, and sell real and personal property as if they were native born citizens. Aliens, although not residents in Ontario, may be sued in its courts if they are served with process. Any person resident in Ontario may be sued in its courts upon a cause of action arising in a foreign country. Any person not resident within the Province, who brings an action in its courts, is bound, upon application being made therefor, to give the opposite party security for the costs which may be incurred in the suit.

APPEALS.—An appeal in certain cases lies from the Queen's Bench, Common Pleas, and Chancery Divisions of the High Court to the Court of Appeal for Ontario. This is the court of last resort within the Province. From this tribunal an appeal in certain cases lies to the Supreme Court of Canada, which holds its sittings at Ottawa, the capital of the Dominion. An appeal also lies from the County Courts to the Court of Appeal.

ARREST.—A writ of *capias ad respondendum* is granted only when a party or plaintiff, being a creditor of, or having a cause of action against, some person liable to arrest, satisfies a judge by affidavit that he has such a cause of action to the amount of one hundred dollars, and also shows that there is good and probable cause for believing that such person, unless he be forthwith apprehended, is about to quit Canada with intent to defraud his creditors generally or the plaintiff in particular.

A married woman is not liable to arrest, and as a general rule one foreigner cannot follow another into this country and arrest him for a debt contracted abroad, where the debtor intends to reside permanently in Canada or to return to the United States. But where the debtor's intention is to pass through Canada to Europe it is said that he may be followed and arrested here.

ASSIGNMENTS.—See Insolvency.

ATTACHMENT.—If any person, resident in Ontario, indebted to any other person, absconds from Ontario with intent to defraud the plaintiff, or to avoid arrest or service, and is at the time of departing possessed of property, etc., he is deemed an absconding debtor, and his property may be taken by a writ of attachment, for which a judge's order must be obtained upon affidavits stating the facts. Other creditors may share in the proceeds of the property seized if they issue their attachments within six months from the date of the first writ.

MARITIME COURT.—By Statute 40 Vict., c. 20, a Court of Maritime Jurisdiction was established in the Province of Ontario, rights and remedies to be as in any existing British vice admiralty court. No right or remedy *in rem* given by the Act only shall be enforced as against any subsequent *bona fide* purchaser or mortgagee of a ship, unless the proceedings for the enforcement thereof be begun within ninety days from the time when the same accrued, and no such right or remedy shall be enforced against any *bona fide* mortgagee under a mortgage duly executed and registered prior to October 1, 1878; nor shall any such right or remedy in respect of claims for towage or for damage by collision be enforced against any *bona fide* mortgage duly executed and registered at an Ontario or Quebec port. The court has no jurisdiction in any prize cause nor in other specified causes involving Imperial interests. There is an appeal to the Supreme court of Canada from all the decisions of the court having the effect of a final order.

CHATTEL MORTGAGES AND BILLS OF SALE.—All sales and mortgages of personal property are void as against creditors and subsequent purchasers or mortgagees in good faith for valuable consideration, if not accompanied by an immediate delivery and an actual and continued change of possession of the goods mortgaged or sold, unless registered in the office of the clerk of the County Court of the County where the mortgagor or vendor resides, within five days from the execution thereof, together with an affidavit of such execution by a subscribing witness, and an affidavit of the mortgagee or purchaser or his

agent, as to the *bona fides* of the mortgage or bill of sale. Within thirty days next preceding the term of one year from the filing of the mortgage, a statement exhibiting the mortgagee's interest in the property and showing the amount still due for principal and interest and all payments on account thereof and on affidavit of the mortgagee (or one of the mortgagee's), or his agent, duly authorized in writing (a copy of which authority is to be filed therewith), that such statement is true and that the mortgage has not been kept on foot for any fraudulent purpose, must be filed in the clerk's office, or the mortgage will be void as against creditors and subsequent purchasers or mortgagees in good faith. Assignments and discharges of chattel mortgages may be registered.

CLAIMS AGAINST ESTATES OF DECEASED PERSONS are enforced by action against the executor or administrator, who is appointed by, or receives his letters probate, or letters of administration from the Surrogate Court of each county. In administering the estate no distinction exists between judgment debts and other debts; all are to be paid *pari-passu*.

CORPORATIONS are created by special charter, by act of Parliament, or under the general laws relating to the incorporation of joint-stock companies by letters patent. Shareholders are in most instances liable only to the amount of their shares, and when these are paid in full, are discharged from further liability, except as to the debts due to the servants of the company. Provision is made for the winding up of joint stock companies by statute 41 Vict, Ont. cap 5.

COURTS, JURISDICTION OF.—The supreme Court of judicature for Ontario, established August 22nd, 1881, consists of two permanent divisions, viz: The High Court of Justice and the Court of Appeal. The High Court of Justice is comprised of three divisions: The Queen's Bench Division. 2. The Chancery Division. 3. The Common Pleas Division. The High Court of Justice is a supreme court of record, and has the jurisdiction, which was formerly vested in or exercised by the Courts of Queen's Bench, Chancery, Common Pleas, Assize, Oyer and Terminer and Gaol Delivery. There is no distinction or difference in the jurisdiction or powers of practice in the several divisions.

By the Ontario Judicature Act, 1881, a fusion of law and equity has been accomplished.

There is a County Court in each county, which is a court of record, and which has jurisdiction 1st. In all personal actions where the debt or damages claimed do not exceed the sum of two hundred dollars; 2nd. In all causes and suits relating to debt, covenant and contract, to the amount of four hundred dollars, where the amount is liquidated or ascertained by the signature of the defendant; 3rd. To any amount in bail bonds given to a Sheriff in any case in a County Court; and 4th. On recognizances of bail taken in a County Court, whatever may be the amount recovered or for which the bail may be liable. But these Courts have no cognizance of any action; 1st. Where the title to land is brought in question; 2nd. In which the validity of any devise, bequest or limitation under any will or settlement is disputed; 3rd. For any libel or slander; 4th. For criminal conversation or seduction; 5th. Any action against a Justice of the Peace for anything done by him in the execution of his office, if he objects thereto.

DIVISION COURTS.—These courts are presided over by the Judge of the County Court of each county. They hold jurisdiction (subject to certain exceptions). 1st. In all personal actions where the debt or damages claimed do not exceed sixty dollars; 2nd. In all claims and demands of debt, account or breach of contract, or covenant, or money demand, where the amount of balance claimed does not exceed one hundred dollars; and 3rd. In all claims for the recovery of a debt or money demand, the amount or balance of which does not exceed two hundred dollars, and the amount or the original amount of the claim is ascertained by the signature of the defendant, or of the person whom, as executor or administrator, the defendant represents.

DEEDS.—The common forms may be used. A short form is provided by statute. They must be under seal (see *mortgages*), and should be in duplicate for the purpose of registration. To convey the fee it is necessary to use the word "heirs." In conveying the estate of a married woman, it is necessary that the husband should be a party to the deed, but no acknowledgement or separate examination of the wife is required.

Proof of deeds, mortgages, etc., for registration is to be made by affidavit on the instrument or securely attached to it, as follows: *Within the Province*, before any commissioner for taking affidavits, before the Registrar of Deeds or his Deputy, or before a Judge of any of the Superior Courts or a County Court. *In Great Britain*, before a judge of the Superior Courts, or of a County Court, or the Mayor or the Chief Magistrate of any City, Borough, or Town Corporate, certified under the common seal of such City, etc., or a Commissioner appointed for taking affidavits in any of the Courts of Record in the Province. *In a British Colony or Possession, (except India,)* before a Judge of a Court of Record, or the Mayor of any City, Borough, or Town Corporate, certified under the common seal, or before any Notary Public certified under his official seal. *In India*, before any Magistrate or Collector certified to have been such under the hand of the Governor of the Possession. *In any Foreign Country*, before the Mayor of any City, Borough, or Town Corporate, certified under the common seal, or before any British Consul or Vice-Consul resident in such country, or before a Judge of a Court of Record or a Notary Public, certified under his official seal.

DESCENT.—Real estate descends to, 1st, lineal descendants and those claiming by or under them *per Stirpes*; 2nd, father; 3rd, mother; and 4th, to collateral relatives, subject to certain rules and regulations prescribed in the Statute.

This law applies only to the estates of persons dying on or after the first day of January, 1852. As to all persons who died before that time, the rules of descent are substantially the same as in England at that date.

Distribution of Personal Estates of Intestates.—The surplus of intestates' estates is, after the expiration of one full year from the death of the intestate, to be distributed in the following manner: one-third shall go to the widow of the intes

tate, and the residue in equal proportions to his children, or, if dead, to their lineal descendants, if there are no children or legal representatives subsisting, then the widow takes a moiety, and the other moiety goes to the next of kindred in equal degree, and their representatives; if no widow, all to children; if neither widow nor children, all to the next of kin in equal degree, and their representatives. But no representation is admitted among collateral further than children of intestates' brothers and sisters. Estates of *femmes covert* dying intestate and without children are left as at common law, *i. e.*, the husband is entitled to the whole; but when she dies leaving husband and children, her separate personal property is distributed in the same proportion as the personal property of a husband is distributed between his wife and children. Degrees of kindred are reckoned according to the computation of the civil law.

EVIDENCE.—No person is disqualified as a witness by reason of interest, as a party or otherwise. The action for breach of promise of marriage seems to be excepted. Husbands and wives of parties are competent and compellable witnesses, except as to communications made during marriage and proceedings consequent on adultery. In suits by or against representatives of a deceased, or by or against a lunatic the evidence of the opposite party must be corroborated.

EXECUTIONS.—*See Judgments.* Writs of *fieri facias* against goods and chattels and against lands may be issued at any time, and bind the debtor's property (with few exceptions) from the time of their delivery to the sheriff. Concurrent writs may be issued in any county. The debtor's goods must be exhausted before resorting to the lands. A writ against lands is returnable in twelve months from its delivery to sheriff, and all sales under it must be advertised for three months in the Official Gazette and a local newspaper. Bank notes, money, and securities for money, shares in banks and incorporated companies, may be seized. The execution debtor may be examined as to his property, and any debts found to be due to him may be garnisheed, except wages and salaries of mechanics under the sum of twenty-five dollars. In the High Court and County Courts executions may issue forthwith on signing judgment, except in the case of judgment by default on a specially indorsed writ, which must be delayed eighteen days from the service of the writ. See *Actions.* In the Division Courts the judge may order immediate execution, or may direct the amount to be paid in such time, not exceeding fifty days, as he may see fit.

EXEMPTIONS.—Beds, bedding, and wearing apparel of the debtor and his family, and a certain quantity of household furniture, provisions, and farm stock and tools, and implements of trade, to the value of sixty dollars, are exempt from seizure under any writ of execution whatever, and the same goods are, after the death of the debtor, exempt from the claims of his creditors. Free Grants and homesteads to actual settlers in the districts of Algoma and Nipissing, and of certain lands between the river Ottawa and the Georgian Bay, are also ex-empt from seizure.

GARNISHMENTS.—See *Executions.*

INSOLVENCY.—By an Act of the Parliament of the Dominion of Canada, which came into force on the first of April, 1880, the Insolvent Acts previously in force were repealed, except as to cases where the estate of an insolvent was vested in an official assignee before the passing of the Act.

INTEREST.—Parties may agree to pay any rate of interest, but in the absence of agreement six per cent. only is recoverable. Banks cannot recover more than seven per cent. See *Mortgages.*

JUDGMENTS.—A judgment is a lien on land only from the time of the delivery to the sheriff of a writ of *fieri facias* against lands; such writ must, until actual seizure of the lands, be renewed every year. Where there are several writs they are to be satisfied in the order in which they are delivered to the sheriff.

Foreign Judgments.—A defendant sued in the courts of Ontario on a foreign judgment of a court to the jurisdiction of which he was subject, cannot set up as a defence thereto any defence which he set up or might have set up to the original action, if he was personally served with process in such original action, or appeared or pleaded therein.

LIENS.—See *Mechanics' Liens* also *Judgments.*

LIMITATIONS.—Actions on contracts, notes, and instruments not under seal, and for arrears of rent, or for interest on money charged on land, must be commenced within six years from the time the cause of action accrues; actions of trespass, assault, battery, wounding and imprisonment, within four years next after the cause of action arose; actions of slander, within two years next after the words spoken. In case of a plaintiff being under the disabilities of infancy, coverture, or lunacy, the time runs from the removal of the disability. No greater time is allowed by reason of a plaintiff's absence from Ontario. In cases in which a married woman can maintain an action in her own name, no further time will be allowed.

Actions to recover money secured by mortgage, judgment, or lien, or otherwise charged upon, or payable out of any land or rent, or any legacy, must be brought within ten years next after a present right to receive the same shall have accrued to some person capable of giving a discharge for the same, unless in the meantime a part payment has been made, or written acknowledgment given, in which case the action must be brought within ten years from the time of the part payment or acknowledgment.

Actions to recover land must be brought within ten years after the right of action accrued to the claimant of the person whose estate he claims. As to lands granted by the Crown of which the grantee has not taken possession, and some other person not claiming under him has taken possession while the land is in a state of nature, the right to bring an action is deemed to accrue at the time when the owner first obtained knowledge of the land being in the actual possession of such other person; but no such action shall be brought after twenty years from the time that possession was taken.

Persons under the disability of infancy, lunacy, or coverture, and their representatives are allowed five years from the termination of their disability or death, notwithstanding the expiring of the

period of ten years in which to bring the action; but no action, etc., shall be brought except within twenty years next after the right of action accrued. And as regards real estate, rent, etc., no further time is allowed to persons absent from the Province.

MARRIED WOMEN.—Every woman married since the fourth day of May, 1859, without any marriage settlement, holds all her property, real and personal, free from the debts and control of her husband. Property received by her from him during marriage is excepted. Women married before the 14th day of May, 1859, are similarly protected as to their real estate not then reduced into the husband's possession. Wife's separate property is liable for debts contracted by her before marriage, and husband's liability therefor is limited to the extent of the interest he may take in the wife's property under the marriage contract.

All wages and personal earnings of a married woman, and all acquisitions therefrom, and all profits of any trade carried on separately from her husband, or derived from her literary, scientific, or artistic skill, are protected from her husband's debts, and are enjoyed by her and disposed of without his consent as fully as if she were a *femme sole*. She may insure her husband's life with his consent, or her own, and the insurance is free from claims of husband's creditors. She may hold stocks, make deposits in savings banks, etc., as if she was sole. She may sue in her own name alone for the recovery of her debts, or the protection of her property, and she may be sued separately from her husband in respect of her separate debts, contracts, or torts, as if she was unmarried. She may bequeath her property by will. She is not liable to arrest. She may convey her real property by deed in which her husband joins, and may appoint an attorney in same manner, and no separate examination is required. Judge may dispense with concurrence of husband when he is a lunatic, or residence not known, or if he is living apart from his wife by consent. A wife is entitled to dower out of all lands (with a few exceptions) of which her husband was seized at and after their marriage in which she did not bar her dower during his lifetime; but a husband can only be tenant by courtesy of such of his wife's lands as she died seized of.

MECHANICS' LIENS.—Every mechanic, machinist, builder, miner, contractor, or other persons doing work on, or furnishing material to be used in constructing any building, etc., at request of the owner, has a lien for the same upon the building, etc., and the land occupied thereby, and usually enjoyed therewith to the extent of the owners' interest. The lien must be registered in the County Registry Office during progress of work, or within one month after completion, and ceases to exist unless proceedings are taken to enforce it within ninety days from completion, in the County or Division Courts, or the Court of Chancery, according to the amount. Mechanics entitled to lien on a chattel for work done may sell the chattel if (after three months) payment is not made.

MORTGAGES must be under seal. A wafer or some other adhesive substance should be used. A mortgage is foreclosed by action in the High Court. Special provision is made for regulating the recovery of interest upon moneys secured by mortgage in certain cases. There is no redemption after the sale or foreclosure under the decree. A mortgage is discharged by the registration, in the Land Registry Office, of a certificate, under the hand of the mortgagee, or his assignee or representative entitled to the money, stating that the mortgage money has been paid. The execution of the certificate for registration is proved in the same manner as that of deeds and mortgages.

NOTES AND BILLS OF EXCHANGE.—The law as to promissory notes and bills of exchange may be said to be the same as that which prevails in England and the United States. Bills and notes which fall due on a legal holiday are payable and must be presented the day after such holiday. The legal holidays are Sundays, New Year's Day, Good Friday, Christmas Day, the birthday of the Sovereign, and special days appointed by proclamation for public holidays, fasting or thanksgiving.

PROOF OF CLAIMS.—A solicitor should be furnished with the Christian names, surnames, and residences of all the proposed plaintiffs and defendants, and with particulars of the claim, if on an open account. If on a judgment, an exemplification of the judgment, under the seal of the Court and hand of the chief judicial officer, is required. Where the plaintiff is resident out of the Province security for costs may be ordered by the Court on the application of the defendant, in which case the bond of two householders in the sum of two hundred dollars must be given, or that amount deposited in court to abide the event of the suit. If the claim is contested it must be proved in the usual way, or by taking the evidence on commission when the witnesses reside abroad.

RECORDING DEEDS, MORTGAGES, ETC.—After the grant from the Crown every instrument affecting land will be adjudged fraudulent and void against any subsequent purchaser or mortgagee for valuable consideration without actual notice, unless registered in the Registry Office of the county where the lands lie, before the registering of the instrument under which such subsequent purchaser or mortgagee may claim.

REDEMPTION.—See *Mortgages*, also *Taxes*.

REPLEVIN.—Whenever any personal property has been wrongly distrained or otherwise wrongly taken or detained, it may be replevied under writ issued, upon the plaintiff giving a bond to the Sheriff in treble the value of the property. In default of appearance the plaintiff may sign final judgment for a nominal sum and costs according to the proper scale of the court in which the action is brought. If the defendant appears, the parties plead to issues and proceed to trial.

STAY OF EXECUTION.—Executions are stayed on appeal to the Court of Appeal from the Superior and County Courts, on satisfactory security being given by the appellant.

SUPPLEMENTARY PROCEEDINGS.—Upon an affidavit showing the return of an execution wholly or partly unsatisfied, a judgment debtor may be examined concerning his property and concerning debts due or owing from third parties to him. These third parties can be proceeded against by process of garnishment.

TAXES.—Lands may be sold for taxes whenever any part of the tax has been due for three years. The sale is made by the County Treasurer in counties, and the High Bailiff in cities. The owner may redeem the property within one year after sale.

No package must exceed 4 lbs. 6 oz. in weight, nor must the size exceed two feet in length, or one foot in width or depth.

Book Packets must be open at *both ends or both sides*, and must not contain any letter or sealed inclosure.

The rate on Book Packets between any two places in Canada, and to Newfoundland and the United States, is 1 cent per 4 oz., which must be prepaid by Stamps.

The rate to Great Britain is 1 cent per 2 oz.

PARCEL POST.

The charge on Parcels by the Parcel post which is limited to places within the Dominion, is 6 cents for every 4 oz., or fraction thereof (with 5 cents additional if Registered). No letter must be inclosed; if any discovered, the amount paid will be forfeited, and the parcel charged at unpaid Letter rates. No parcel must exceed 5 pounds in weight, and must be prepaid by stamps.

Parcels cannot be transmitted by Post to any place beyond the limits of the Dominion of Canada, nor can any parcel be forwarded to British Columbia or Manitoba (except to the City of Winnipeg) *via* the United States, which exceeds in weight the limit of 2 lbs. 3 oz.

Eye glasses and spectacles may be sent by mail when properly put up and prepaid by Parcel Post.

MISCELLANEOUS MATTER.

Miscellaneous matter, described as under, may pass between places in the Dominion of Canada upon prepayment of a rate of 1 cent per 4 oz. The limit of weight is 4 lbs.

Under this head is comprised pamphlets, occasional publications, printed circulars, manuscripts, printer's proof sheets, maps, drawings, engravings, photographs when not on glass, sheet music, printed or written, deeds, insurance policies (but not insurance applications and other papers), &c.

This matter must be done up in covers, open at both ends or sides, or in such manner as to be easily inspected by the Post Office authorities, and must contain no Letter or other communication to serve the purpose of a Letter.

NEWSPAPERS AND PERIODICALS,

Newspapers and periodicals *printed and published in Canada*, and issued not less frequently than once a month from a known office of publication or news agency, and addressed and posted by and from the same for transmission by mail to regular subscribers or news agents in Canada, are sent free; if addressed to Great Britian, or the United States, they may be posted by the same on prepayment of a Rate of one cent for each pound weight in bulk or fraction of a pound; and such newspapers or periodicals are to be put up into packages and delivered into the Post Office

and the postage rate thereon prepaid by the publisher or news agent being the sender thereof, under such regulations as the Postmaster-General may from time to time make.

On all newspapers and periodicals posted in Canada, other than those addressed to regular subscribers or news agents, from office of publication or news agency, including all newspapers and periodicals published less frequently than once a month, the rate will be *one cent per four oz.*, to be invariably prepaid by Postage Stamp.

Newspapers and periodicals weighing less than 1 oz. each may be posted singly, if prepaid by Postage Stamp ½ cent each.

TRANSIENT NEWSPAPERS.

Transient newspapers and periodicals include all newspapers and periodicals posted in Canada, *other than Canada Newspapers sent from the office of publication, and British newspapers posted by news agents for regular subscribers* in Canada. When addressed to any place within the Dominion, Newfoundland or the United States, they must be prepaid the following rates by Postage Stamp:—

If weighing less than 1 oz., half a cent each.

If weighing over 1 oz., one cent per four oz. or fraction of four oz.

Specimen copies of newspapers and periodicals from the office of publication are to be treated as *transient* newspapers or periodicals, the rate upon which is one cent per four oz.

On transient newspapers addressed to the United Kingdom the rate will be one cent per 2 oz.—to be prepaid by Postage Stamp. Canada Newspapers *posted from the Office of Publication* to subscribers in the United Kingdom—if to be sent in the mails forwarded *via* New York or Boston, must be prepaid by Postage Stamp at the transient paper rate of one cent per two oz; but if sent by Canada Packet, such papers may pass as now, on prepayment by the publisher, at the time of posting, of the ordinary domestic rate of one cent per pound. Canadian Periodicals when sent by mail to the United Kingdom or to British Colonies or Foreign Countries (except the United States) are liable to ordinary book packet rates. All packages of newspapers and periodicals prepaid at the bulk rate of 1 cent. per lb. must be stamped "Prepaid by Publisher," at the Post Office where the package is mailed.

PATTERNS OR SAMPLES WITHIN THE DOMINION.

Patterns and Samples of Merchandise and Goods for sale, not exceeding 24 oz. in weight, may be posted in Canada, to be forwarded to any place within the Dominion, on prepayment by Postage Stamp of a rate of 1 cent per 4 oz., under the following regulations:

If such rate be not fully prepaid by the stamps affixed, the packet to be rated with the deficient postage and a fine of 5 cents in addition.

Packages of Samples and Patterns, addressed to any place in Canada, may be registered on affixing thereto a registration stamp of the value of 5 cents in addition to the postage rate, and provided such packet be handed into the Post Office for registration.

Patterns or Samples must be sent in covers open at the ends so as to be easy of examination. Samples, however, of seeds, drugs, &c., which cannot be sent in open covers, may be enclosed in bags of linen or such like material, fastened in such a manner that they may be readily opened; or in bags entirely closed provided that they be transparent, so that the officers of the Post Office may be able to satisfy themselves as to the nature of the contents.

The packet may bear on the *outside* the address of the sender, in addition to the address of the person for whom it may be intended; and also a trade mark or number, and the price of the sample enclosed; *inside*, there must be no enclosure but the samples or patterns themselves. The particulars, however, of the trade marks, numbers, and prices, may be marked on the articles themselves instead of on the outside of the packet, at the option of the sender.

Goods sent for sale or in execution of an order, however small the quantity may be, or any article sent by one private individual to another, which are not actually trade patterns or samples, are not admissable.

THE PATENT CHEESE MACHINERY COMPY.,

BELLEVILLE, ONT.,

Sole Proprietors and Manufacturers of A. H. Brintnell's Mechanical Method of Manufacturing Cheese,

ALSO DEALERS IN

CHEESE FACTORY SUPPLIES

AND DAIRY APPARATUS.

The Co. guarantee that, by the use of the above Machinery, one per cent. more Cheese at least can be made from the same quantity of Milk of an even quality, to be proven by an actual test, made in the presence of each President or owner of each Cheese Factory if required, or no sale.

PRICE $65.00 PER VAT, WHICH INCLUDES SHAFTING AND BELT PULLEY HANGERS, ETC.

Prof. L. B. Arnold Tests the Machinery against the Hand Method for Three Days.

HARFORD ASHLEY, ESQ.
Sec. Patent Cheese Machinery Co.

BELLEVILLE, ONT., *May*, 1882.

DEAR SIR,—For three days in succession I have divided the milk in the weigh-can as it came into the Cheese Factory, near Foxboro, County of Hastings, running half into one vat and half into another, so that the quantity and quality should be exactly alike, in each vat, and treating both in all respects alike, worked one by hand in the most careful manner and the other by "A. H. Brintnell's Patent Machinery" for stirring the curd.

The result was an increase of 12½ lbs. of Green Cheese in three days on 8,038 lbs. of milk, over the same quantity of milk worked by hand, equivalent to a gain of one lb. of Green Cheese on every 656 lbs. of milk worked, or allowing 11 lbs. of milk for one lb. of Green Cheese, equivalent to a gain of one lb. of Green Cheese on every 60 lbs. of Green Cheese made.

I am satisfied the Machinery saves one half the labour of working the curd while in the whey, and does the work better than it can be done by hand, besides increasing the yield of Cheese. It gives me pleasure to say that I am pleased with its operations.

Respectfully, L. B. ARNOLD.

According to the result of Prof. L. B. Arnold's test, as above stated, in a Cheese Factory manufacturing 60,000 lbs. of Cheese, there would be a saving of 1,000 lbs. of Cheese, being a gain of 1 lb. of Cheese on each 60 lbs. made, which estimated at 10 cents per lb., would be equivalent to a saving or gain of $100. On a Factory manufacturing 120,000 lbs. a gain of 2,000 lbs. of Cheese, which at 10c. per lb. would be equal to a gain of $200; quite sufficient to pay for the Machinery in one season.

HAMILTON. The second city in the province in respect to population and business importance, is beautifully situated on the south-west shore of Burlington Bay—one of the safest and most commodious harbours on the lakes—at the extreme western end of Lake Ontario, and occupies a commanding position on a slightly elevated plain, at the foot of what is locally known as the "Mountain," a range of hills that nearly encircle the city, in Barton township, Wentworth County, of which it is the county seat. It is most advantageously placed as regards facilities for communication, having besides the water routes of the lakes, the main line of the G W div of G T Ry running to Suspension Bridge and to Windsor, the Toronto line of the same road, and the N W line of the N & N W Rys, giving access to Lake Erie, the Georgian Bay and the Muskoka and Parry Sound Districts, affording direct transport for its manufactured products to all important points of the railway and steam navigation systems. The offices, workshops, rolling mills and other necessary repair shops of the G W div G T Ry are located here, and give employment to a great number of men, and the city has a large number of manufacturing establishments of various descriptions, the products of which form the staple of her export trade. Hamilton is regularly laid out, with wide and handsome streets, intersecting each other at right angles—King, James, John, York and McNab being the principal business streets. At the crossing of King and James streets, is a small triangular park known as the "Gore," opposite to which is located the Canada Life Assurance Building, the handsomest business structure in the city. On Main street is located the Court House, a fine building erected by the county in 1879, at a cost of $120,000. The Provincial Insane Asylum (originally designed as an inebriate asylum, but never used for that purpose), occupies a splendid site on the Mountain, is one of the finest buildings of that description in the Dominion, has accommodation for 560 patients, and is now being enlarged to take 60 additional. At present 295 female and 256 male patients are under treatment. A magnificent building for the use of the Post Office, Customs and Inland Revenue Departments, is now being erected on King street, by the Dominion Government. The churches are in general handsome specimens of architectural skill, and number 32, viz. 6 Episcopal, 3 Catholic, 7 Presbyterian, 7 Methodist, 2 Baptist, 2 German Lutheran, and one each of Congregational, Plymouth Brethren, Bible Christian, Reformed Episcopal and Hebrew. The school system is very complete, and comprises 13 public schools, with 4,800 pupils, separate schools, with 2,000 pupils, and a Collegiate Institute with 400 pupils, and also a number of private educational establishments, the principal of which is the Wesleyan Ladies' College under the able management of Dr A Burns, which receives pupils from all parts of the Dominion and the United States. There are several good libraries in the city, that of the Hamilton Law Association contains upwards of 1,250 volumes. A new Opera House, seating 1,200 persons, has been recently erected. There are 6 chartered, and one private bank, 2 daily newspapers, the *Times* and the *Spectator*, both of which issue weekly editions; 2 weekly papers, the *Palladium of Labour* and the *Canada Christian Advocate*, and the *British Lion*, the *Ancient Forester*, the *Canada Stock Record* and the *Portfolio* issued monthly, the latter conducted by the pupils of the Wesleyan Ladies' College. The assessed valuation of the real and personal estate is $19,427,000 00, and the bonded indebtedness, $2,404,594 79. The city is lighted with gas, has an excellent water supply, the water being pumped from Lake Ontario, about 9 miles distant, to a large reservoir on the top of the mountain, which gives an ample pressure for fire purposes, without the use of fire engines; and has a good system of drainage, rendering its sanitary condition very satisfactory. It has telephonic communication with the Ontario system, the Bell Telephone Company having their head-quarters here. Secret, Benevolent, Literary, Scientific and Social Societies are all well represented in the city, there being lodges of Masons, Odd Fellows, Foresters, AOUW, K of P, L of H, C F, R A, L O L, and others, and numerous literary, charitable, temperance and religious societies of various denominations. During navigation, daily lines of steamboats and propellors connect Hamilton with all the ports of the great lakes and the river St Lawrence. About 5 miles west of Hamilton is the thriving manufacturing town of Dundas, which is connected with the city by means of the Hamilton and

THE HAMILTON COMMERCIAL COLLEGE

—AND—

SHORTHAND INSTITUTE,

South-West Corner King and James Streets—Over Federal Bank,

HAMILTON, ONTARIO,

Is the best place to secure a practical business education, for the following reasons :

(1st) That the work is practical in every department and is carried on the same as in actual business.

(2nd) That the rates of tuition and cost of books for full business course does not exceed one half of that of other Business Colleges in the Dominion.

(3rd) That it has a lady Principal and ladies are admitted for full course and share all the advantages of the Institution.

(4th) That the City of Hamilton is without doubt one of the healthiest and most picturesque places in the Province.

(5th) That the College was established in 1883, and started on an entirely new system, unlike the old theoretical forms commonly used in Business Colleges.

(6th) That for $50 we will give you a **Teacher's Course**, qualifying you for a teacher in Penmanship, Bookkeeping, Banking and all other branches of business education. This is a rare offer and one of which intending teachers should take advantage.

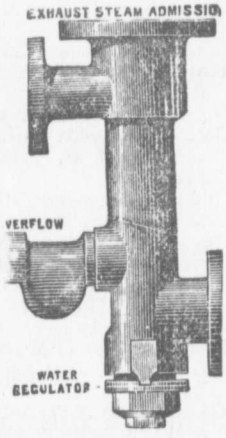
THE



PATENT EXHAUST STEAM INJECTOR,

WORKED BY EXHAUST STEAM ONLY.

The most economical boiler feeder in existence, and at the same time the simplest and most durable. Supersedes both pumps and feed-water heaters, and by condensing the exhaust steam removes the back pressure, and, consequently, increases the power of the engine. Utilizes a power heretofore thrown away. Works automatically at a steam pressure of less than half a pound. The exhaust steam, in passing through the Injector, heats the feed-water to a temperature of 190 degrees, F., thus effecting a saving over any other Injector of from 15 to 25 per cent. in fuel.

Also dealer in Engineers' and Plumbers' Supplies. Sole Manufacturer of the Sheffield Velocipede Hand Cars.

TORONTO, July 27th, 1883.

I have much pleasure in attesting to the ability of the Canadian Reporting and Collecting Association. Their ability to collect accounts in all parts of the globe cannot be better tested than in the satisfactory collecting of an apparently worthless account for me in Portland, Oregon, U. S., another in Hamilton, one in Prince Albert, N.W.T., and various others in different parts of this Continent. Such an association is really a boon to business men both in this Province and the Dominion.

KINGSTON. Is one of the oldest settled portions of Ontario, being the location of the fort constructed by Frontenac, in July, 1673, to command the trade of the St Lawrence and the lakes, and it was long known by his name. This fort stood on the site now occupied by the barracks, and was captured from the French by Gen. Bradstreet, in 1758, the name being changed to Kingston about 1780. In July, 1792, the Government of Upper Canada was organized at Kingston, but the city was not incorporated until 1846. It is now the fifth city of the province in point of population, and is pleasantly situated, in Kingston township, Frontenac County, of which it is the county seat, at the head of the Thousand Islands, on the river St Lawrence—where it issues from Lake Ontario—and on the river Cataraqui, which here falls into the St Lawrence. The Rideau canal also enters the river here, and furnishes direct water communication with Ottawa and the intervening towns on the route. Next to Quebec, Kingston is the most strongly fortified place in Canada. In front of the city lies a beautiful bay, forming a safe and commodious harbour for vessels of the largest draught. Kingston has good wharves and is well adapted for the building of ships and steamboats, having facilities second to none on the Lakes. Opposite the city lie two islands, Garden and Wolfe, and opposite Wolfe Island, on the south shore of the St Lawrence river, is the town of Cape Vincent, in New York State, the terminus of the

Cape Vincent branch of the Rome, Watertown and Ogdensburgh Ry, and steamboats in summer, and stages in winter ply daily to that place in connection with the railway. The G T Ry passes about two miles north of the city and is connected with it by a branch line, and the K & P Ry starting from here, runs northward until it forms a junction with the C P Ry at Renfrew, a distance of 104 miles. In manufacturing, Kingston takes a front rank; locomotives, cars, steam engines, agricultural implements, stoves, pianos, organs, etc, are manufactured here in large quantities. There are also 3 breweries, 3 planing mills, 3 foundries, 3 broom factories, saw and cotton mills, knitting works, chemical works, tanneries, and other manufactories of various descriptions. Kingston contains 16 churches of various denominations, viz, 4 Episcopal, 3 Congregational, 4 Methodist, 3 Presbyterian and 2 Catholic, and has an excellent school system, comprising 8 public schools 33 teachers and 2,200 pupils, separate schools, 3 convents and several colleges, the principal being Queen's College, incorporated by royal charter in 1841, in connection with which is an observatory, and a library containing 14,000 volumes, also the Royal College of Physicians and Surgeons, Ladies' Medical College, Royal Military College of Canada and the Dominion Business College. The public school library contains 3,200 volumes, and the library of the Mechanics' Institute 3,000 volumes. There are several handsome public buildings, the court house, custom house, city hall, post office, banks, hospitals, etc; 3 public halls, viz, Martin's opera house, seating 1,100, city hall, seating 800, and the Victoria hall, seating 700 persons. It has 4 chartered banks besides private enterprises, and 2 daily newspapers, the *British Whig* and the *News*, both of which publish weekly editions, the latter under the title of *Chronicle and News*, and the *Queen's College Journal*, published monthly. Grain, produce, live stock, and the productions of the various manufacturing establishments form the chipments. The assessed valuation of real and personal property is $6,016,505, and the bonded indebtedness $388,866.71. About two miles west of the city is the village of Portsmouth in which is located the Ontario and Quebec Penitentiary and the Rockwood Lunatic Asylum. The city is lighted with gas, has good water works and fire department, and is supplied with a street railway and telephone facilities. Ironstone is found and extensively mined in the northern part of the county, and the opening of the extension of the K & P Ry will increase the yearly output, which is already very large. During navigation steamboats for all parts of the lake system and the river St Lawrence, call daily. Stages run daily to Newboro 30 miles north-east, fare $1.50, and to Napanee, 24 miles west, fare $1.50, and in winter to Cape Vincent, 12 miles south, fare $1.00, twice a week to Sydenham, 18 miles north, fare $1.00, and tri-weekly to Battersea, 16 miles north-east, fare 25 cents, to Gananoque, 17 miles east, fare 25 cents, and to Inverary, 11 miles north, fare 25 cents.
