LONDON. The most important city of Western Ontario, is located at the junction of the north and south branches of the river Thames, in London township, Middlesex County, of which it is the county seat. It has excellent railway facilities, being on the main line G W div G T Ry, and the terminus of the L branch of the G T and of the L & P S and L H & B branches of the G W div of that road. Settled in 1820. After the opening of the railway in 1854 it grew rapidly, and was incorporated as a city in 1855. It is a handsome city with wide and regular streets, and many large and important public buildings and churches of great architectural beauty, and being in the centre of an excellent agricultural district is the seat of an extensive trade in grain, live stock and produce. It is likewise a large manufacturing point, having several agricultural implement works, extensive breweries, car, oil and chemical works, foundries and machine shops, furniture factories, brick and tile works, and other industrial undertakings. It is well supplied with churches, having 33 of the Episcopal, Catholic, Baptist, Christian, Congregational, Methodist, Presbyterian and Latter Day Saint denominations, and contains the Western University, a Collegiate Institute, a central, 8 public and 3 separate schools, a Mechanics' Institute with a library of 3,500 volumes, a good Opera house seating 1,500, a city hall, custom house, post office and other public buildings, several hospitals and asylums, 7 incorporated banks and a number of loan and savings societies, and lodges and courts of the principal secret, benevolent and social societies and clubs. There are 3 daily newspapers, the *Advertiser*, the *Free Press* and the *Telegraph-Herald*, all of whom publish weekly editions. The *Catholic Record* and the *Echo*, published weekly, the *Family Circle*, *Canadian Entomologist*, *Canadian Wheelman*, *Christian Gleaner*, *Farmer's Advocate*, *Home Magazine* and the *Forester's Herald*, published monthly. Grain, live stock, produce, beer and the products of the various manufacturing establishments are shipped. Assessed valuation of real and personal property $11,211,860, bonded indebtedness $1,681,023.47 for railway bonuses, waterworks, etc. The value of the real estate owned by the city is $563,687.12. The city is lighted with gas, has an excellent water supply and a good fire department, telephone facilities, and other requirements of modern progress. Population 20,970, while the suburbs known as London East, West and South have about 10,000 more. Telegraph G N W. Express, American and Canadian. Maily daily. THE WATEROUS ENGINE WORKS CO. (Limited.)

BRANTFORD, CANADA, 6th April, 1883.

Messrs. W. A. Law & Co., Canadian Reporting and Collecting Association, Toronto, Ont.

GENTLEMEN,—We are much obliged for your cheque in full of our collection at Toronto. We continue to find this Association most serviceable both in reports and collections, and can recommend it to anyone requiring either or both departments.

Yours truly,

THE WATEROUS ENGINE WORKS CO.,
C. H. WATEROUS, Jr., Treasurer.

From PATRICK BOYLE, Esq., Publisher and Proprietor of the "*Irish Canadian.*"

Messrs. W. A. Law & Co., Managers Canadian Reporting and Collecting Association, Toronto, Ont.

GENTLEMEN,—I have much pleasure in acknowledging Collections—through your Agency—from the following localities. I am glad to testify to the prompt, efficient, and in every way satisfactory service rendered by your Association, as some of these accounts have been outstanding for many years. I may also add that it is not yet a month since I became a member of your Agency.

Bathhurst, N. B.; Sterling, Ont., near Belleville; Petersville, Ont.; Pembroke, Ont.; Emmett, Que.; Iroquois, Ont.; St. Thomas, Ont.; Nobleton, Ont.; Napanee, Ont. account running for 11 years; Cornwall, Ont.; Brantford, Ont.; Caledonia, Ont.; South Roxton, Que.; Lancaster, Ont.; Fingal, Ont.; Inverary, Que.; Shipka, near Exeter; Hagersville, Ont.; Terrebonne, near Montreal; Dresden, Ont.; Stoneham, Que.; Foxboro' Belleville Agency; Napanee, Ont.; Franktown, Carleton Place Agency; Macton, Ont.; Lowville, Brampton Agency; Mandamin, Que.; Brampton, Ont.; Chesterville, Ont.; Casselton, Dakota Territory, U.S.; St. Anicet, near Joliette, Que., a 12 years account; Hanover, Ont.; Winthrop, Ont.; St. Pierrie de Broughton, Que.; Guelph, Ont., account running for 10 years; Walkerton, Ont.; Hamilton, (2) Ont.; Ottawa, Ont.; Muskegon, Michigan, U.S.; Westerly, Rhode Island; Battleford, N.W.T.; Central City, Nebraska; Youngstown, N. Y.; Colefield, Kansas; Boston, Mass.; Port Henry, N.Y.

Truly yours,

Toronto, June 14, 1881. PATRICK BOYLE,
Pub. of "*Irish Canadian.*"

From R. M. WANZER & Co., Sewing Machine Manufacturers.

To W. A. Law & Co.

DEAR SIRS,—It gives us much pleasure, after three years' experience with your Agency, to assure you of our general satisfaction with the manner of conducting your business, and the prompt attention all the cases placed in the hands of your solicitors have received. We consider your system good; having a first-class connection throughout the Dominion and the United States renders the collection of debts, which are otherwise hard to get at, a comparatively easy matter.

A large proportion of the *cash* which we have received through your Agency has been "found money," as it was of such a character that ordinary means of collection were of little avail.

Our travellers have also obtained valuable information at different times from your solicitors in the towns and cities of Canada, which has been of great service to us, having this advantage—being given by men *who were on the spot*, and knew well whereof they affirmed.

We remain, yours truly,

Hamilton, Ont., Jan. 17th, 1879. R. M. WANZER & Co.

THE MONITOR

No Coal or Wood Stove can do Roasting, Frying, Stewing, Toasting, and Steaming better.

For utility, neatness, durability and safety, there is nothing in the market that approaches this improved Monitor Stove. We mean just what we say and warrant the stove to be as we state.

Bakes Splendidly. No waste of Heat.

The Monitor is unequalled for Baking. One trial will convince the most skeptical. Boils to perfection. No tin to rust, no solder to melt. For heating Flat Irons it has no

equal. The Monitor will burn THREE days without charring the wick or varying in heat.

Is the only Oil Stove made that will burn all grades of Kerosene Oil with Absolute Safety, and is warranted not to explode.

It is no cheap lamp affair, but is made on scientific principles and of the very best material, and therefore commands a higher price than any other. Invaluable to Restaurants.

pension bridge for foot passengers and carriages, with a span of 1,268 feet, extends across the chasm about 500 yards below the Falls. Niagara Falls was settled in 1806 and incorporated in 1856, and is in Stamford township, Welland County, 16 miles northeast of Welland, the county seat. The principal trade of the place is derived from the influx of summer visitors, for whose accommodation there are some magnificent hotels. It contains Episcopal, Presbyterian, Catholic and Methodist churches, 2 public and separate schools with 500 pupils, a Mechanics' Institute with a library of 2,500 volumes, a town hall seating 400, a bank and a weekly newspaper, the *Niagara Falls Review*. The assessed value of the real and personal property is $1,356,870, and the bonded indebtedness $8,700. It is intended to issue debentures to the amount of $17,000 to purchase the water works now in the hands of private persons. The electric light is in use and the town has an efficient paid fire department, and telephone facilities. Stages to Niagara Falls South twice daily, fare 25 cents. Population, 2,800. Telegraph, G N W & C M. Express, American. Mail daily. Distance from Toronto, 83 miles, from Hamilton, 44 miles, and from Detroit, Mich, 226 miles. Walter W Woodruff, postmaster.

OTTAWA. The capital of the Dominion of Canada, is most picturesquely situated on the south shore of the Ottawa river, 87 miles from its confluence with the St Lawrence river, and at the point of junction of the Gatineau and Rideau rivers and the Rideau canal with the Ottawa river. The celebrated Chaudiere Falls on the Ottawa are siutated at the west end of the city, and are spanned by a handsome suspension bridge, erected by the Government at a cost of nearly $67,000, and which unites the provinces of Ontario and Quebec. At the north-east of the city the Rideau river falls into the Ottawa, forming two beautiful cataracts 40 feet in height. The city is in the township of Nepean, Carleton County, of which it is the county seat. It has good railway facilities, being on the C P Ry, and is the western termiuns of the C A and of the St L & O Rys the latter worked by the C P Ry, and by means of the Ottawa river, it has steamboat traffic with all parts of the St Lawrence river and the Great Lakes. The Rideau canal forms a system of inland water communication extending to Kingston on the St Lawrence river. Ottawa was settled in 1827, and was originally called Bytown—from the name of its founder, Colonel By, the superintendent of the construction of the Rideau canal,—was incorporated as a city in 1854, and its name changed to its present, more appropriate one. The Rideau canal divides the city into two portions, known as the Upper and Lower towns, and reaches the Ottawa river by means of eight well constructed stone locks. In 1858 the city was selected by Her Majesty the Queen as the seat of the Government, and the erection of the magnificent Parliament and Departmental buildings was at once commenced, the foundation stone being laid by H.R.H. the Prince of Wales in September, 1860. These buildings, which occupy three sides of a quadrangle, are very extensive, and are handsome specimens of pure Gothic architecture, being the finest examples of that style on the continent, and afford accommodation for both houses—the Senate and the Commons—and for the various Government offices, and were erected at a cost of nearly $4,000,000. Adjacent to the city are several villages, the principal being New Edinburgh and Hull P. Q. Rideau Hall, the official residence of the Governor-General, is situated in the former village, and is a handsome stone structure with 35 acres of well laid out and beautifully shaded grounds attached. The city has wide, regular and uniform streets, and possesses many handsome stone buildings. It contains 22 churches of various denominations, having 5 Catholic 5 Methodist, 4 Episcopal, 3 Presbyterian and one each of Baptist, Congregational, Reformed Episcopal, Lutheran and Catholic Apostolic, has a normal, 2 model, 6 public and 14 separate schools, a collegiate institute and numerous colleges, convents and other private educational establishments and a number of religious and benevolent societies, asylums, orphanages and hospitals. It has several excellent libraries and literary societies, an opera house seating 1,200, St. James' hall seating 600, 9 chartered banks, 3 daily newspapers, the *Citizen* which is also issued as a semi-weekly, the *Free Press* and *Le Canada*, who also issue weekly editions; the *Courier de Hull* and the *Canada Gazette* weekly, and the Dominion *Sanitary Journal*, *L'Album des Families* and the *Universal Penman*, issued monthly. The principal manufacturing interest of the city and the neighboring villages is lumber and millions of feet of sawn boards, square timber, deals, etc, are annually exported to Great Britain, the United States and other places. The assesssed valuation of the real and personal property of the city is $11,093,875, the bonded indebtedness $2,117,849, and the value of the real estate belonging to the city amounts to $299,550, exclusive of the waterworks which are valued at $1,000,000. It is lighted with gas, has an excellent fire department with fire alarm, telegraph, telephone facilities, a street railway, and in fact all the modern requirements of a first-class enterprising city. It has lodges of all the various secret and benevolent societies, several clubs and other social organizations. Excellent steamboat facilities are provided by several companies, and boats run daily to Montreal, Kingston,

SPECIAL REPORTS furnished and COLLECTIONS made in all parts of the Dominion, Great Britain, Russia, China, Australia, United States, West Indies, and South America.

From the ROYAL INSURANCE Co.

MONTREAL, 20th August, 1883.

The Canadian Reporting and Collecting Association.

DEAR SIRS,—Your favor of the 20th inst. is to hand with cheque for Forty-six dollars and forty-nine cents ($46.49) proceeds of claim handed you for collection at Tilbury, Ont., some two weeks ago. We are very much pleased with your promptness in this matter, and will have much pleasure in mentioning you favourably to the business community of this city.

Yours truly,

GAULT, TATLEY & Co.

From the CANADIAN WIRE Co.

QUEEN ST., MONTREAL.

The C. R. & C. Association.

DEAR SIRS,—Thanks for your cheque for our collection at Wyoming, Ont. We have found our subscription to your Association a paying investment, and heartily recommend it to the business community.

Yours truly,

H. R. IVES & Co.

From MORTON, PHILLIPS & BULMER.

375 NOTRE DAME ST., MONTREAL.

The Canadian Reporting and Collecting Association. 1 | 10 | 83.

GENTLEMEN,—We hereby acknowledge receipt of your cheque for $68 in full payment (less commission 10 per cent.) of the claim we passed into your hands for collection on the 27th ult. We have to express our satisfaction at the manner in which this affair was handled, and cordially add our evidence to the recommendations that induced us to become members of your Association. Our book-keeper has instructions to hand you a few more accounts for collection if you will kindly call.

Yours respectfully,

MORTON, PHILLIPS & BULMER.

TORONTO, January 19th, 1882.

Messrs. W. A. Law & Co., Toronto, Ont.

GENTS,—Yours enclosing cheque covering our Hamilton collection is received, also cheque through your Aurora Agency for a Schomberg collection. We are pleased with the working of the Association, and think it well worth the money invested. We can fully recommend it to the trade as a medium of obtaining good information about the value of outstanding debts.

Yours, &c.,

H. A. NELSON & SONS,

Manufacturers and Importers, Montreal and Toronto.

From TEES & Co., OFFICE FURNITURE MANUFACTURERS.

MONTREAL, October 3rd, 1883.

To the C. R. & C. Association.

GENTS,—We have to express our thanks to you for the activity you have shown in effecting the collection of the two accounts we passed into your office last week, as we had made many fruitless efforts to obtain our money, and had given them over as irrecoverable. We shall have much pleasure in recommending you to our business acquaintance.

Yours, &c.,

TEES & Co.

From a leading MEDICAL MAN.

MONTREAL, October 3rd, 1883.

The Canadian Reporting and Collecting Association.

GENTLEMEN,—I am well satisfied with the results of your efforts in collecting several accounts handed to you, two or three weeks ago. Your success has far exceeded my highest expectations, and I shall be glad to recommend your Institution to any one requiring such services. Amount collected $156.40.

I am—Yours truly,

F. BULLER, M.D.

PARRY SOUND. A flourishing village beautifully situated at the mouth of the Seguin river (which furnishes excellent power), and on a spacious and safe harbour, is one of the most important points on the north shore of the Georgian Bay, and is the capital of the vast territorial district of the same name. It is in McDougall township, 64 miles by water north of Collingwood, Simcoe County, with which it has regular daily communication by steamboat during navigation, 24 miles west of Rosseau, at the head of the lake of the same name and 46 north-west of Gravenhurst, the terminus of the M br N & N W Rys, its nearest railway point. Extensive lumbering operations are carried on in the neighbourhood, and several saw mills give employment to large numbers of men, the magnificent land-locked harbour, capable of accomodating vessels of the heaviest tonnage, giving great facilities for the cheap shipment of lumber to all parts of the great lake system. Settled in 1860. The village contains Episcopal, Presbyterian, Methodist and Catholic churches, and 3 public schools, a court house, a registry office, several good hotels and extensive mercantile establishments, and Masonic, Orange, Temperance and Odd Fellows' Lodges. A newspaper, the *North Star*, is published weekly. Several good colonization roads lead from here into the interior, and there is daily communication with Rosseau, Gravenhurst, Bracebrigde (its nearest banking point), McKellar, Dunchurch, etc., fare 5 cents per mile. Population 1,500. Telegraph G N W. Distance from Toronto, with which its banking business is chiefly conducted, 165 miles. Mail daily. J M Ansley, postmaster.

BOARDING SCHOOL

FOR

YOUNG LADIES

CONDUCTED BY THE GREY NUNS,

AND UNDER THE PATRONAGE OF

The Right Rev. N. Z. Lorrain, Bishop of Cythera, and Vicar Apostolic of Pontiac.

This Institution is beautifully situated on one of the most pleasing and salubrious sites in or around the town of Pembroke, and commands a magnificent view of the river and surrounding country.

The Building is large, and every apartment spacious, well ventilated, and heated all through on the hot-water system, thereby giving comfort to the young ladies during the winter season.

The solid system of education conducted in this Establishment cannot be surpassed, as has been amply testified by the progress and pleasing success of its pupils on every occasion.

The course of studies includes a thorough English and French education, with all the useful and ornamental branches suitable for young ladies.

Every care paid to the health and comfort of the pupils, and unremitting attention is given to their intellectual and moral improvement.

The scholastic year commences on the 1st of September and terminates on the 1st of July. It comprises four terms of two months and a half each. The first closes on the 15th of November, the second on the 31st of January, the third on the 15th of April, and the fourth on the 1st of July.

PETROLEA. An incorporated town located on Bear creek, a tributary of the Sydneham river, iu the heart of the oil producing region of Canada. The Petrolea branches of the G W div G T Ry and of the C div M C R R both terminate here. It is in Enniskillen township, Lambton County, 16 miles south-east of Sarnia, the county seat. The oil producing belt, so far as proved, extends from the north-west to the south-east for about 20 miles with a width varying from 1 to 4 miles, and an immense quantity of oil is obtained from this area, of which Petrolea occupies about the centre. The extent of this important industry may be judged from the following figures:

Number of wells pumping oil. . .	3,000.
" engines used.	450.
Approximate number of wells drilled in 1883.	500.
Average cost per well.	$500.
Approximate No of barrels of crude oil produced 1883. . . .	540,000.
Number of hands employed in oil pumping, etc.	2,400.
Number of hands employed in refineries.	300.

Average value of crude oil, $1.00 per barrel.

There are 8 large refineries in the vicinity of the town which produce about 3,000 barrels of refined oil per week. Ample facilities are provided for storing the crude oil by several companies who have storage for upwards of 300,000 barrels in underground tanks. The total amount of capital invested in the oil industry in its various branches is estimated to be but little short of $3,000,000. Petrolea was first settled in 1838, incorporated as a village in 1866 and as a town in 1874. It has several manufacturing industries, including 3 foundries and machine shops, 2 boilerworks, flour, planing and saw mills, etc, and contains Episcopal, Catholic, Methodist, Baptist and Presbyterian churches and high and public schools, 2 banks, a public hall, and 2 weekly newspapers the *Advertiser* and the *Topic*. Petroleum is the chief shipment. Assessed valuation of real and personal property $792,987, bonded indebtedness $30,000. It has a good volunteer fire department with 2 steam and a hand engine. Population, 5,000. Telegraph, G N W. Express American. Mail daily. Distance from Toronto, 160 miles. Patrick Barclay, postmaster.

ISSUED EVERY

FRIDAY MORNING

FROM THE OFFICE OF PUBLICATION

SWIFT'S BLOCK, MAIN ST., PETROLEA.

Special attention paid to the publication of Petroleum and Local News. It gives accurate and reliable reports of the Town, Townships and County Council Meetings; a carefully compiled report of Petroleum developments and Markets at home and abroad, with clippings from reliable Trade Journals on the position and prospects of the Foreign Petroleum Trade.

The care and success with which the Petroleum Department of the TOPIC has been managed has given it an extended circulation among dealers and manufacturers generally, and makes it a specially good advertising medium for those who wish to reach such customers.

The TOPIC is an eight page paper, printed on a fast power press, and is one of the handsomest and best printed papers in Western Ontario.

PICKERING COLLEGE

This College is well known as holding a first place among the educational institutions of the Province. Young people of *both sexes* receive a thorough practical education and at the same time are surrounded by all the moral influences and guarded care of a well conducted Christian home. The staff of teachers is large and thoroughly competent. There are four distinct departments. I. The Preparatory for junior students. II. The Commercial for those wishing a thorough business training. III. The Collegiate for those preparing for matriculation in arts, law, medicine or civil engineering, for primary examinations in dentistry, pharmacy, or civil service, or for any of the examinations for teachers. IV. Music and the fine arts. The fees for board and tuition are moderate. For college announcement and further particulars address

UNSURPASSED AS AN ADVERTISING MEDIUM IN CENTRAL ONTARIO.

THE WEEKLY GUIDE is now, and has been for over half a century past, one of the leading papers of the central part of this Province; also one of the most popular and reliable journals in the country. It is staunch Reform in politics, but fearless in its exposition of corruption among either its friends or foes. By a simple adherence to the truth under all circumstances, and by publishing a paper for their subscribers, rather than for their exchanges, the publishers have succeeded in gaining a large and constantly increasing circulation among the best classes of our people.

PORT PERRY. An incorporated village on Lake Scugog, and on the Whitby div Mid div G T Ry, in Reach township, Ontario County, 18 miles north of Whitby, the county seat. Settled in 1829. It was incorporated in 1872, and has flour, saw, woollen and planing mills and other manufacturing interests, and contains Episcopal, Baptist, Methodist, Presbyterian and Catholic churches, a public school with 550 pupils, a Mechanics' Institute with a library of 1,000 volumes, a bank and 2 weekly newspapers, the *North Ontario Observer* and the *Standard*. On the morning of July 4th, 1884, a very destructive fire broke out in the village, and in a short time completely destroyed the business portion of the place, causing a loss of about $200,000. The work of rebuilding was commenced at once, and the village soon presented an improved appearance, owing to the erection of substantial brick blocks in place of those destroyed. A large business in lumber and wheat is done here. Assessed valuation of real and personal property, $450,000, bonded indebtedness, $47,000. Stage daily to Uxbridge, 12 miles north-west, fare 50 cents. Population, 1,900. Telegraph, G N W. Express, anadian. Mail daily. Distance from Toronto, 51 miles. John W Burnham, postmaster.

ST THOMAS. A thriving city beautifully situated on the banks of Kettle creek (which supplies power), in Yarmouth township, Elgin County, of which it is the county seat. First settled in 1810, it grew very slowly until the construction of the railways enabled it to make such rapid progress that no city in Canada has equalled it. It is an important railway centre, being the principal station in Canada of the C div M C R R and the point of junction of the St C branch, and on the Loop line and L & P S branch of the G W div G T Ry, and the present western terminus of the C V line O div C P Ry. The L & P S branch gives it access to Port Stanley, 9 miles south, a good harbour on Lake Erie whence steamboats run to Cleveland, Ohio, and other lake ports. Incorporated as a village in 1852, it had then a population of 1,300. In 1870 when the construction of the two railways was begun it had only 2,000 inhabitants, in 1876 it had 6,000, and at its incorporation as a city in 1881 it had a population of over 10,000. It has a number of important manufacturing industries including saw, planing, flax and flour mills, foundries, agricultural implement works, breweries, tanneries, oil refinery, brick yards, while the extensive workshops of the M C R R give employment to a large number of men. It contains 13 churches, many of them handsome specimens of architectual construction, viz, Episcopal, Catholic, Baptist, Methodist, Presbyterian, Congregational, Reformed Episcopal and Bible Christian denominations, the Alma Ladies College, a fine building, erected at a cost of $70,000, a Collegiate Institute, model, ward and separate schools with 33 teachers and 2,100 pupils, a free library with 6,000 volumes, a Town hall

THE MUNICIPAL COUNCILLORS' HAND-BOOK.

An Important Book for Municipal Councillors and Officers.

By J. James Kehoe, of Osgoode Hall, Barrister-at-Law, Author of "A Treatise on the Law of Choses in Action."

This Hand-book was written at the suggestion and request of several Municipal Councillors and Officers who felt the want of such a work. It gives in simple and short form those laws which come most frequently into operation, and will be of great assistance to councillors and officers in the performance of their duties.

From the statute and the decisions of courts, the subject matter has been selected and condensed, care being taken to insert the matters that will be most useful. Forms of municipal documents are given, the writer having added besides those given by the statute, others where no forms are given.

The book is written in plain language, avoiding legal phraseology, which would bewilder those not belonging to the legal profession.

It is a book, valuable not only to Councillors and Officers, but to those who wish to be familiar with our municipal system, a system which has justly been considered to be the greatest municipal system known.

The book contains about 200 pages and is bound in cloth.

PRICE, ONE DOLLAR.

Copies sent Free by mail on receipt of price, or C. O. D. by Express,—Express charges on less than six copies to be paid by person to whom sent.

THOROLD, - ONTARIO,

MANUFACTURERS OF HYDRAULIC CEMENT WHICH

RECEIVED THE FIRST PRIZE MEDALS

At the Exhibition, Paris, France, 1855; and at World's Fair, London, England, 1862.

It has been used in the construction of the Victoria Bridge, Montreal; the Suspension Bridge, Niagara Falls; the International Bridge, and on the enlargement of the Welland Canal, and exclusively in the construction of the Ontario & Quebec Railway, and also in the construction of the Canti-lever Bridge, Niagara Falls, 1883, as well as on all important works in the Dominion of Canada, with satisfaction.

QUEBEC, MONTREAL, OTTAWA & OCCIDENTAL RAILWAY.

CHIEF ENGINEER'S OFFICE,
MONTREAL, 31st March, 1881.

John Battle, Esq., Thorold:

DEAR SIR,—I have tested with Ritchie's Testing Machine the tensile strength of six blocks made from the barrel of Thorold Hydraulic Cement which you sent me last summer. The blocks were made of neat cement, and were 1½ inches square at the smallest part. Four of them were kept 23 days in air, and only broke under the following weights: No. 1,420 lbs.; No. 2, 470 lbs; No. 3, 436 lbs.; No 4,420 lbs.; averaging 437 lbs. each, or 194 lbs. per square inch. The remaining two were kept one day in air and forty-seven in water, and broke under the following weights: No. 5,420 lbs.; No. 6,450 lbs., averaging 435 lbs. each, or 193 lbs. per square inch.

Yours truly,
P. A. PETERSON,
Chief Engineer, Quebec, Montreal, Ottawa & Occidental R'y.

THOROLD, 25th March, 1879.

SIR,—I beg to state that, during the past four years, about one million bushels of Thorold Hydraulic Cement have been used in the construction of the Canal Works in my charge. This experience enables me to testify to the excellence of the article, especially when carefully burnt and thoroughly ground in the manner now carried out at your mills.

I am, sir, your obedient servant,
THOMAS MUNRO,
Engineer in charge of the Welland Canal Enlargement.

John Battle, Esq., Cement Mills Thorold, Ont.

Office of McMICKEN, MORTON & CO.,
387 Main Street, WINNIPEG, March 22nd, 1884.

John Battle, Esq.:

SIR,—I have tested bbl. of Thorold Cement and consider it a first-class article, and equally as good as any English brand of Portland Cement.

Yours, etc.,

DERRICK CASTINGS, PLOWS, SCRAPERS, &c.

Our Contractors' Rooter Plow is acknowledged throughout America to be the strongest, best and cheapest plow in use for Canal and Railroad grading. It has been used for several years and has frequently been tested by 8 or 10 large horses in stiff clay, hard pan, cemented gravel and shell rock.

This cut is an illustration of our Horse Power with Boom Hoisting Attachment for Contractors, Quarrymen and Builders. With this machine a horse can raise eight or ten tons and the boom operated at the same time. For building purposes it has no equal.

TORONTO. The second largest city in the Dominion, and the largest city and capital of the Province of Ontario, is beautifully situated on the shore of a spacious bay of Lake Ontario, in latitude 43°, 39′, 4″ north, and longitude 79°, 23′, 2″ west of Greenwich, in York township, York County, of which it is the county seat. The river Don flows into the lake at the eastern part of the city. Toronto has an excellent harbour, accessible to the largest craft navigating the lakes, and which is perfectly sheltered by a long, narrow island which extends for about 5 miles along the front of the city, at a distance of about one and a half miles from the shore, forming a safe anchorage ground. First settled as a trading point by the French, who built a fort here, it was selected as a suitable place for the seat of the Government of Upper Canada, and Governor Simcoe, the then Governor-General, landed here in 1795, when the town was laid out and named York, but on its incorporation as a city in March, 1834, its original name (an Indian one signifying "a place of meeting"), Toronto was restored to it. The city is laid out with great regularity, the streets running north and south and east and west, and intersecting each other at right angles, the principal streets being King, running parallel with the lake shore, and Yonge, extending nearly due north to Lake Simcoe, a distance of 33 miles, and passing through a rich and prosperous agricultural district.

The growth of Toronto may be seen from the following table of its population at various periods, viz:—

1817 - -	1,200	1850 - -	26,000
1826 - -	1,677	1856 - -	45,000
1830 - -	2,860	1861 - -	48,000
1836 - -	9,652	1871 - -	59,000
1842 - -	15,336	1875 - -	74,000
1845 - -	19,706	1881 - -	87,000

while the present population is at least 110,000, several of the suburbs having been recently incorporated with the city, which is growing rapidly in size and architectural beauty, and in all that constitutes a first-class modern city, improvements of every description are being constantly made on all sides.

In addition to its facilities for communication by water, Toronto is the centre of an extensive railway system, the following railways either running through or having one of their termini in the city: The main line of the Grand Trunk Railway, with its Midland, Nipissing and G W divisions; the Credit Valley, the T G & B and the O & Q lines of the Canadian Pacific, and the N line of the N & N W Rys. tion is extensively carried on, and it would be difficult to name any trade that is not followed to a greater or lesser degree, nearly every branch of business being represented. There are about 65 incorporated companies in Toronto, representing a large capital invested in various manufacturing and other enterprises. The city is often called the "Queen City of the West," but the name "City of Churches" would be equally appropriate, there being no less than 106 places of worship now existing, comprising nearly all denominations of Christian sects. In the matter of Education Toronto takes a high rank, having located within its boundaries the following educational establishments: The University of Toronto, Trinity College, Knox College, Wycliffe College, the Baptist College (McMaster Hall), St Michael's College, the Bishop Strachan School for Ladies, The Loretto Abbey, St Joseph's Convent, the Upper Canada College, the Toronto Collegiate Institute, the Royal College of Dental Surgeons, the School of Dentistry, College of Physicians and Surgeons of Ontario, Ontario College of Pharmacy, School of Practical Science, Ontario Veterinary College, Women's Medical College, Toronto School of Medicine, and Trinity Medical School, all first-class in their several appointments.

The schools etc, belonging to the city comprise a Model school with 370 pupils, a Normal school with a library of 5,000 volumes, 22 public schools, the total number of pupils being 13,150, of teachers, 208, and the value of the school property, $426,700, and 16 separate schools, including the various convents. The public buildings connected with the government comprise the Parliament buildings, interesting mainly from their associations (the buildings being old and unfitted for their purpose, it is hoped that new structure worthy of the province will shortly be erected), a valuable library of 18,000 volumes is kept here, the Government house the official residence of the Lieuten-Governor, the Custom house cor Front and Yonge streets and the Post Office building on Adelaide street, both handsome cut stone structures, the Asylum for the Insane, the Central Prison, the Mercer Reformatory, and Osgoode Hall containing the various superior Law Courts of the province, with a magnificent law library of 20,000 volumes, the property of the Law Society of Ontario. There is an interesting Museum attached to the Normal School, containing specimens of school apparatus and furniture, a valuable collection of Dutch, Flemish and Italian paintings, etc. There is also a Magnetic Observatory and Meteorological Office located in the Queen's Park. The principal Civic buildings are the City hall, an old red brick building on Front street, built in 1840 and not suitable to the importance of the Toronto of to-day, an agitation for a new building has been commenced, and it is probable a new one will soon be erected. The Public Free Library, recently established, and containing 35,000 volumes, the Police court and Police headquarters, in Court street, etc. The Canadian Institute, on Richmond street, is an important scientific institution, with a library of 4,000 volumes. The city is well provided with charitable institutions, having a large General Hospital, accommodating 300 patients, a free dispensary, the Girl's Home, the Boy's Home, the Home for Incurables, Infant's Home and Infirmary, the Hospital for sick children, the St Nicholas Institute for boys, the House of Providence, the Notre Dame Institute, etc, etc. The Queen's Park, the Horticultural Gardens, the Island, the Exhibition Park and several other parks of lesser note furnish the citizens of Toronto with ample places for recreation. There is a Grand Opera House seating 1,700, the Pavilion Music Hall seating 2,200, 15 other public halls of various sizes, 7 skating rinks and other places of amusement. There are numerous lodges of Freemasons, Foresters, Odd Fellows, K of P, A O U W, and other secret and benevolent societies, and a large number of Associations and Clubs for social, literary, art, science, music, athletic and other kindred objects. There are 13 banks doing business in the city, and 10 savings' banks, also a number of loan and investment companies. Five daily newspapers are published, and 1 semi-weekly, 22 weekly, 3 bi-weekly, 21 monthly and 4 quarterly papers, and magazines are issued from the presses of the city. The Great North-Western Telegraph Company OF CANADA.

Operating the Lines of the Montreal and Dominion Telegraph Companies.

MILES OF LINE, 34,000. NUMBER OF OFFICES, 2,000.

ERASTUS WIMAN, *President.*

H. P. DWIGHT, *General Manager.*

HEAD OFFICE, - - TORONTO, ONT.

This Company is now working the lines of the Montreal and Dominion Telegraph Companies of Canada. At its commencement the Company's property and operations were confined entirely to the Province of Manitoba, but during the past year its scope and influence have been vastly extended. The ample provisions of the charter of the Company were made available for the purpose of consolidating the conflicting telegraph interests of the Dominion, which, through ruinous competition, had been seriously impaired. The low rate for telegraph tolls which prevailed for the two years previously had so weakened the power of the telegraph companies to pay interest on the capital invested, and at the same time maintain the property in an efficient condition, that the prospects seemed most serious for all persons interested in this kind of investment. An arrangement was, however, effected, by which the rival companies were combined under one management, resulting in the introduction of large economies on the one hand, and the establishment of a uniform rate of 25 cents for telegraph tolls on the other. Investors in telegraph property were thus assured of a fair return for their investment, and the public provided with a more efficient service.

This Company has a close alliance with the Western Union Company, and thus secures for its customers prompt and easy communication with every point on this continent, to which the vast network of wires amounting to 340,000 miles owned by the Western Union Company extends. The various important inventions, secured by patents in most cases, which the Western Union Company now control, have also been placed at the disposal of, and will hereafter be used by this Company.

A new departure, and one of which the public have already shown great appreciation, is the facility granted for sending Money Orders by telegraph between the principal offices in Canada, and also between this country and the whole of the Money Transfer Offices of the Western Union Telegraph Company.

Mr. H. P. Dwight, formerly Western Superintendent of the Montreal Telegraph Co., is the General Manager of the Company.

THE BISHOP STRACHAN SCHOOL,

FOR THE

HIGHER EDUCATION OF YOUNG LADIES

(BOARDERS AND DAY PUPILS),

WYKEHAM HALL,

COLLEGE AVENUE, YONGE STREET, **TORONTO, CANADA.**

INCORPORATED, 1868.

GOVERNING BODY:

The Right Reverend the Lord Bishop of Toronto, President,

AND

A COUNCIL OF CLERGY AND LAITY.

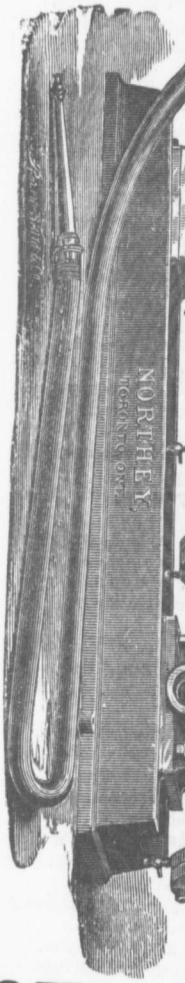
LADY PRINCIPAL, - MISS GRIER.

This Establishment was founded in 1867. Its object is the instruction of young ladies in the various secular branches of a liberal education, and also the inculcation of Christian doctrine, as contained in the Bible and the Book of Common Prayer. The Lady Principal is assisted by an efficient staff of instruction, nineteen in number, and the arrangements for competent teaching in every department, and for the due supervision and moral training of the pupils, as well as for their health and comfort, will be found complete and satisfactory. Wykeham Hall is an extensive and handsome building, surrounded by beautiful and secluded grounds, affording ample scope for exercise and recreation. In the Departments of Music, Drawing and Painting, the best musical talent of the city is engaged. The full course of study is intended to occupy at least six years. The examiners are selected from graduates of the Universities, and candidates are prepared for the examinations in the Trinity College Course of Study for Women, the particulars of which can be given on application. Two young ladies were matriculated at the College in 1884, and highly distinguished themselves. Opportunities are thus given for higher culture in the Languages, in English Literature and Composition, Elocution, Science, the Mathematics, and in Art, for those who are found fitted and desirous for such studies. Simplicity and economy in dress, and moderation in expenditure are enforced. The Religious Instruction is under the charge of the Rev. J. Pearson, a clergyman appointed by the Bishop.

TERMS:

The scholastic year is divided into four Terms of ten weeks each, viz.:—Michaelmas, Christmas, Lent, and Trinity. Michaelmas Term begins on the first Wednesday in September, and ends on the 9th of November. Christmas Term begins on the 10th of November, and ends on the 10th of February, with vacation from the 22nd of December to the 13th of January. Lent Term begins on the 11th of February, and ends on the 21st of April. Trinity Term begins on the 22nd of April, and ends on the 30th of June.

FEES:



The entire fees for the scholastic year, 5th September to 30th June, will be from $204 to $252, including Board, Laundry expenses, all English Subjects, Languages, Class Singing, Drawing and Calisthenics. Fees are payable at the beginning of each Term. Five per cent. will be allowed if the fee for the entire year is paid in advance. From the above a discount is made of 10 per cent. in the case of sisters, and for the daughter of a Clergyman a deduction of 33⅓ per cent, is allowed. The fee (annual) for Music, Instrumental or Vocal, varies from $20 to $72, including (for boarders) one hour's daily use of the Piano. An entrance fee of $12 is charged to Boarders to defray the expense of beds and bed linen, silver, &c. The fees for Music vary according to the requirements of pupils, or the desire of parents for a special teacher. The General Vocal Class is open to those who are competent to learn, without charge. Boarders are entitled to an hour's practice, daily. For each additional hour there is a charge of $2 per term. Painting in Oils or Water Colours, $12 per term. In addition to the Governor General's Silver Medal for General Proficiency, other Prizes are annually awarded.

The Ontario Mutual Life

Began business at the town of Waterloo, Ont., 1870, and met with success from the start.

CORALINE, a recently invented and thoroughly tested valuable patent substitute for bone, now used by us in the manufacture of this Corset, being far superior to Cord, Horn or Whalebone.

The **Coraline** is not affected by Cold, Heat or Perspiration, is more pliable than whalebone, will bear great strain without breaking, adapts itself more readily to the figure, which makes it most comfortable and healthful to the wearer.

Each pair is Stamped with the Patent number, 13181, and also bears the impression of our name, without which none are genuine.

Guelph, May 23, 1883.

To the Canadian Reporting and Collecting Association, Toronto, Ont.

Gentlemen,—Your favor to hand enclosing cheque for ($100) one hundred dollars for which we thank you very much.

Yours truly,

W. BELL & Co.

From the Hellmuth Ladies' College,

London, Ont., July 7th, 1883.

Messrs. W. A. Law & Co., Toronto

Dear Sirs,—We acknowledge with thanks receipt of your cheque for proceeds of collection of our claim of $367.48 (less charges) on a resident of Memphis, Tenn. This we regard as so much "out of the pie" as no amount of pressure we have been able to bring hitherto has resulted in the receipt of a single dollar of it, and viewing this in connection with your very satisfactory collection of an account of a smaller amount at Chatham, Ont., we feel justified in highly recommending your Association for its diligence in prosecuting claims entrusted to it.

Yours, &c., Hellmuth Ladies' College,
Per J. F. Hellmuth, Vice-President.

From Tait, Burch & Co., Toronto,

Toronto, Aug. 8th, 1883.

The Canadian Reporting & Collecting Association, Toronto.

Dear Sirs,—We are in receipt of your cheque, Twenty-eight dollars and 20 cents in settlement of our claim against ——— of Ottawa, as per statement. This account had been standing some time and we could not collect it in the ordinary way. We thank you for promptness displayed, and have much pleasure in reccommending your Association to the Mercantile Community, as the best medium for collecting troublesome accounts. Yours truly, Tait, Burch & Co.

From W. H. Storey & Son, Glove Manufacturers, Acton, Ont.,

Acton, April 9th, 1884.

Messrs. W. A Law & Co., Managers Canadian Reporting & Collecting Association.

Gentlemen,—We beg to acknowledge receipt of your favor of yesterday with statement of accounts and cheque in full of claims mentioned therein as collected by you, less your charges. In returning you our thanks we would express our pleasure at the promptitude and energy you have shown in the collection of these claims. We are very much pleased indeed, and shall not fail to recommend your Association, and send you all the business we have of this character ourselves.

Yours very truly, W. H. Storey & Son.

From Messrs. McNaught & Lowe, Manufacturing Jewellers,

Toronto, April 16th, 1884.

Messrs. W. A. Law & Co., Toronto.

Gentlemen,—We are in receipt of your cheque for our claim collected by you in Elmira, N Y., less your expenses therein, for which please accept thanks. This is found money to us as we never expected to see a cent of it. Hoping you may be as successful with the remainder. We are, yours truly, McNaught & Lowe.

From the Vacuum Oil Co., Rochester, U.S.,

Rochester, N.Y., May 29th, 1884.

Dear Sir,—Your favor of the 27th inst. is received enclosing cheque for $22.12 in payment of account *vs.* ——— for which you have our thanks.

Yours respectfully, C. M. Everest, Treas.

To the Canadian Reporting and Collecting Association.
