

AT THE DUCHESS OF CONNAUGHT HOSPITAL.

REV. MR. JEAKINS GAVE A DELIGHTFUL ADDRESS ON "BRANTFORD TO YPRES"

Chaplain of the 58th Battalion Relates Many Inspiring and Also Amusing Incidents—Earnest Appeal to Keep up Comforts For Boys at the Front

Victoria Hall was crowded to the doors last night when Capt. Jeakins, pastor of St. Paul's Church, who went to the front as Chaplain of the 58th Battalion, gave an address, "Brantford to Ypres."

Mr. W. F. Cocksitt, M.P., occupied the chair in a very happy manner and in a stirring opening address, briefly dwelt upon some phases of the war. He spoke of Rev. Mr. Jeakins as a minister who was a militant not alone in the cause of the Master, but also on behalf of Empire. He had already done his "bit" and had signified his desire to go back and do more. All classes of citizens were deservedly proud of the rev. gentleman.

Rev. Mr. Jeakins on stepping forward, was greeted with long sustained applause. He spoke without notes and his address was not in any sense of the conventional lecture type. It partook of the conversational tone and was throughout, most entertaining and delightful.

The speaker first of all referred to the experiences of anyone going to the front as wonderful and vast—beyond the power of tongue to adequately portray. All Canadians should feel a thrill of pride in what their men folk were accomplishing for the cause of Empire, righteousness and God. The 58th Battalion had arrived at Plymouth on Dec. 1st, last and after three months at Brantford Camp, departed on Feb. 20th for France. The order to leave had been slated for 3 o'clock in the morning. It was characteristic of the military powers that there were no time limits, men marched all night or got up at unearthly hours just as they were told. They were landed at a British port on the South coast—he could not recall the name—then they were left on little packet boats to cross the channel, which was very stormy. One boat could have been overturned, but that in the case of submarine, or other disaster, the whole regiment would not perish. He ventured the opinion that 99 per cent. of officers and men were bitterly cold as there were no fires, or any other heating. For himself, he decided to attempt to rest on the top deck. The two waves dashing over him, led to a change of mind. After landing at Havre they were told to march three miles to billets. The weather was raw, and the route a snow storm was encountered from the east. On arrival they saw tents. Tents, in that weather! However matters at the front were not matters of a joke and a smile, and the boys said to each other, "Well, you would come!" (Laughter). They stayed there 24 hours and then back to the station again. There took train, or more properly speaking a conveyance. The men, to the number of fifteen or twenty, were packed in box cars, and the officers

(who were even worse off) occupied second class coaches, with the windows broken. They were on the train twenty-four hours, with little to eat. They had been told of refreshment stations, but all he saw in this regard was water tanks. (Laughter). It was bitterly cold, with sleeping accommodation nil. L'etout, Pearce slept in the parcel rack over his, Jeakins, head and he was afraid he would come down any minute. (Laughter). On arrival at their destination they had to march two miles and he (the speaker) felt twice from sheer exhaustion, as the train ride had been most trying. When they rested the men sat right down in the mud. Finally they reached their billet, a farm house.

The buildings are centered round a place for refuse and pigs and cattle are next to the dwellings. The farmer was aroused and the men placed in the barn where they had straw and straw always very comfortable while the officers were in the house, sleeping on a tiled floor. Talking of sleeping anywhere, he saw a member of the 58th in that audience, whom he once found sleeping in some straw in a divided pig pen, with hogs on the other side of the partition. (Laughter). One of the duties he undertook as chaplain, was to keep the trinkets of the men, which he became a walking jewelry store. One canny soldier asked him once what about his watch, if he, Jeakins, became killed or taken prisoner. (Laughter). The 58th finally got into trenches for training purposes; here the first fatality happened. A man got separated from his patrol, and a sentry shot him dead, thinking when he saw him returning alone that he was a German. Such unfortunate incidents were inseparable from war time.

Ypres Reached

Finally they reached Ypres, nicknamed by the Germans "Wipers." By the bye, at the ruined station, on the sign board, the spelling was "Yper." Just behind Ypres they were reviewed by Sir Douglas Haig. It was a terrible spot partially surrounded by Germans, even at the rear. Battalions were in the trenches for four days and then they were ordered to march for four days, and so on. Ypres was in ruins, although it was a beautiful city. The villages around were also destroyed, although churches still stood in "sit-out" protest, upward pointing.

Charlie Chaplin Popular

While in the rest billets, the men played outdoor games with cups often from the east. There were the tents, in that weather! However matters at the front were not matters of a joke and a smile, and the boys said to each other, "Well, you would come!" (Laughter). They stayed there 24 hours and then back to the station again. There took train, or more properly speaking a conveyance. The men, to the number of fifteen or twenty, were packed in box cars, and the officers

RUSSIANS FIGURE IN FIGHTING OF THE MOST VIOLENT NATURE

Have Repulsed Austrian Attacks, and Taken Strong Positions in Galacia—Most Violent Attacks of the Whole War, Says Reports

By Courier Leased Wire.

Petrograd, Oct. 6, via London.—Russian troops have made headway on the Galacia front, in their campaign for Lemberg, according to today's war announcement, capturing Austro-German positions in the district south of Brzezany, southeast of the Galician capital. Counter attacks are holding up the Russian offensive along the line to the north.

London, Oct. 6.—The Russian attacks on the Eastern front are more violent than any known since the start of the war, according to Copenhagen dispatches to the Exchange Telegraph Company, quoting the

eastern correspondent of the Berlin Lokal Anzeiger. The despatch says that near Karytricia and Zubilno, Russian infantry have attacked German lines for the last thirty-six hours without cessation. This assault was on a front of fifty kilometers, and the cannonade continued all night. German officers, who participated in the battle on the western front are quoted as saying that the Russian bombardment was now as violent as that on the Somme. The Russians are using thousands of cannon, and in a few days the Germans fired 60,000 shells on a very small front.

Casualties Still Heavy

Pte. Arthur Butler

Seriously wounded, Pte. Arthur Butler, of the 17th battalion, lies at present in Victoria Hospital, Netley. Such was the information received yesterday by his family here. Pte. Butler enlisted in Brantford in the early spring of 1915, going overseas with the 36th reserve battalion and being later drafted to the 19th, having been at the front with that unit for nearly a year now. Previous to enlistment, Pte. Butler had seen three years service in the Dufferin Rifles. He was employed at the Verity Plow Company, and resided at 58 Park avenue.

Corp. James Dockray

One of a patriotic family, Corporal James Dockray, of the 4th battalion, has sustained a second wound while in the trenches, and is at present an inmate of No. 22 general hospital in the Dufferin Rifles, enlisted as a private in the first active service squad of the Dufferin Rifles, and became attached to the 4th Battalion. He received his first wound in the battle of Langemarck, shortly after the first Canadian contingent reached the front. Three brothers are also at the front, one being a company sergeant-major of the 4th battalion.

PUSHING FORWARD.

By Courier Leased Wire.

London, Oct. 6, 12.30 p.m.—The British last night pushed forward their line northeast of Eaucourt L'Abbaye, on the Somme front, it was announced officially to-day. During the night there was considerable artillery activity on our front south of the Ancre, the statement says. "We advanced our position northeast of Eaucourt L'Abbaye."

"Gas was discharged by us east of Loos and east of Armentieres. Three raiding parties successfully entered the enemy trenches in the Loos area and two south of Arras."

Sergt. Speechley Killed in Action

Word received here to-day by his family, residing at 11 Spring St., that the sergeant, Sergeant Speechley, of the 19th battalion, had made the supreme sacrifice of his life in the recent fighting. Sergt. Speechley was an Englishman of long military experience, having served for three years in the Dufferin Rifles and six years in the second volunteer battalion of the Lincoln regiment. He was employed as a wicker-worker, and resided with his family at the above address. He was very prominent in football circles, and was President of the Brantford Football League. In various other directions he was also most active, and in all that he did, was universally voted a "fine fellow." Big hearted, a true friend to all, and an excellent citizen, his loss will be deeply deplored by countless friends. Sincere sympathy to the bereaved will be generally extended.

Pte. E. Barker.

Pte. E. Barker, of Paris, was reported in the official casualty list morning among the wounded.

Wellington St. Church Concert

One of the best entertainments ever given in Wellington St. Church was the concert given last evening under the auspices of the ladies' societies of the church. A large audience was present, and they were very appreciative of the efforts of the artists who were Miss Pearl O'Neil, pianist of Toronto, who is well known in this city; Mrs. Frank Leeming, one of Brantford's leading singers and the very popular soloist of Wellington St. church, and Mr. Thomas Darwin, A. T. C. M., organist of the church, who acted as organist, pianist and accompanist.

It is needless to single out any particular number of the program. All were exceedingly well rendered and heartily applauded.

Miss O'Neil's selections displayed every shade of emotion. Her readings were inimitable. Encores were demanded and graciously responded to.

Each appearance of Mrs. Leeming was very warmly greeted, and, as is usual, she brought down the house with her charming selections. This popular singer was never in better voice.

The work of Mr. Thomas Darwin, though rather strenuous, was of his usual high order. In each capacity, he was equally at home. Perhaps his best work on the program was his piano solo, "Valse in E" (Moszkowski), which was very brilliantly rendered.

The chairman of the evening was the pastor, Rev. Dr. Geo. W. Henderson, and he fulfilled his duties to the evident satisfaction of all present.

300 Prisoners Were Taken

By Courier Leased Wire.

Petrograd, Oct. 6, via London.—Russian troops are continuing their offensive against the German and Bulgarian forces in Dobrudja, says the official statement issued to-day by the Russian war office, and took 300 prisoners yesterday. The text of the announcement follows: "Our offensive continues. We captured here about 300 prisoners."

RETREATING.

TOMORROW NIGHT AT EIGHT O'CLOCK ENDS LARGEST AND BEST VOTE OFFER OF CONTEST

Your Last Chance to Get as Many Votes For a Subscription; Candidates Will Make Big Mistake by Holding Back Subscriptions as Votes Will Decrease

To-morrow night at 8 o'clock ends the "Booster Period."

Have you got all your promised subscriptions turned into cash? If not you had better get busy right now. Do not wait until the last minute, because if you do the chance is that you will in all probability find the people out and your last chance to get as many votes will be gone.

Do Not Hold Subscriptions

One candidate was in the office this morning and was telling the contest manager that a number of her friends were holding their subscriptions to give her at a later date. They told her that she would get more votes for them later on in the contest, but such is not the case. The vote schedule was published, showing that there will be a decrease in the vote on subscriptions each week until the close of the contest.

The contest manager wishes to inform those people that they are making a grave mistake in holding back their subscriptions as we positively

guarantee that the votes will decrease each week after Saturday night, the 7th. At no time during the remainder of the contest will the votes be as large for a subscription. Moral—Make hay while the sun shines, and get subscriptions while the votes are large.

Still Time for New Entries

There is still time for new candidates to enter their names or those of a friend. Owing to the very warm weather the other candidates have not been able to get out in the country very much, anyone entering now has just as good a chance to win the grand prize touring car as those who have been in the race from the start, profiting they use a little energy. Even if one does not win the grand prize, there are many other beautiful prizes and then again if one falls to win any one of these prizes, they will be paid ten per cent. of all business that is turned in by the candidate. A square deal to all—no favorites in this contest.

An Appeal For the 215th

A last call is issued to the women of Brant County for co-operation in the task of providing a dinner for the men of the 215th battalion at Niagara camp on Monday. In addition to the chickens and pies requested, monetary donations will also be accepted to-morrow at the local recruiting office, and also gifts of cigarettes and tobacco for the men. No contributions can be too small, or none too large.

Great Activity

By Courier Leased Wire.

Paris, Oct. 6, 1.05 p.m.—The War Office reports great activity on the part of the artillery on the Verdun front. The Germans ate shellings Poivre Hill, east of the Meuse and north of Verdun. On the Somme front the artillery was active during the night.

Urgent Need For More School Accommodation

Board of Education Decides That Additional Accommodation for Both Public Schools and Collegiate Must be obtained at Once.

Other Matters of Interest—Progress of Children's Choir—Shower Bath Required at Collegiate.

The vital and urgent need of more ample school accommodation throughout the whole of the city was evidenced once more last evening when the matter received the attention of the Board of Education for an hour at their regular meeting. The unanimous opinion of the entire board was that no delay must be encountered in the bettering of these conditions, and that a campaign must be commenced at once in order to educate the public as to the action projected.

The question of school accommodation was broached only incidentally, at a moment when the business of the board was believed to be about done for the evening. The question of admission of non-resident pupils into the schools of the city was then raised by Mr. H. H. Powell, and information furnished by Inspector Kimer served to reveal the over-crowded condition of practically all the schools of the city, in some cases it having already been necessary to obtain temporary accommodation in empty stores and offices, which had been done recently in the case of King Edward School. The discussion followed this revelation of the condition of the city's schools, and it was the verdict of the Board in general, voiced strongly by Dr. Marquis, that immediate action be taken to obtain suitable and permanent accommodation for the pupils of the city, thus obviating the use of temporary quarters and the cause of much inconvenience to all concerned. It was decided that the need of further school accommodation be impressed most vigorously upon the public, that they might be brought to realize the existing need, and to favor any means being used to remedy it.

The question of admitting non-resident pupils to the city schools was left to the judgment of the chairman of the board and the chairman of the management committee, they having power to decide in any individual case, though few exceptions will be made to the general rule.

NEWS FROM SIMCOE

Debate Over Question of Raising Telephone Fees There.

OTHER ITEMS OF INTEREST.

(From our own correspondent) Simcoe, Oct. 6.—A. B. Ingram, vice-chairman, H. N. Kittson, F. Dagher, and Wm. C. Coe, acting secretary, were the members of the Ontario Railway Board which to-day heard an application here, presented by President Fred W. Hicks and Chas. E. Saxton, secretary of the Port Rowan and Rural Telephone Co., for permission to raise the subscribers fee. There was no opposition. The applicants argued that the company desired to operate at cost of service, but that the system of late years was requiring repairs which could not be kept up out of present receipts. There are 156 subscribers, who purchase their own phones and undertake to keep them in repair. Heretofore the annual levy has been \$4.00 and it is desired to raise this to \$5.00. The commission waived a decision, pending the receipt of information which the applicants failed to bring with them to the sitting.

head and killed outright. The buggy was not overturned. The Rebecca degree, gave a hot dinner to over one hundred of the soldiers and their friends in the I.O.O.F. Late last evening, at six o'clock, after the full course was served, all of the soldiers present, about fifty, were given each two pairs of socks and a few pairs were left. Bro. Henry Johnson addressed the men in khaki briefly and appropriately. Ptes. Downs and Dickson took care of the soldiers' end of the oratory. Prominent among the ladies were Mrs. Oscar Brady, P.N.G., Mrs. Sidway, N.G., Mrs. Davis, V.G. and Mrs. Robt. Mead, president of the knitting club.

REV. MR. JEAKINS

(Continued from page 1)

The Mails Mails from the front were sent from Southampton to a point in France. They were then sorted, according to divisions and sent to the rail head—the last point reached by train. From these motor busses took them to divisional headquarters, when they were re-sorted. Then transport men took them to the trenches. He might here remark that the front line trenches were the safest places. The danger was in the going and the coming to them. Of the courage of the transport men going along marked and exposed places, frequently shelled, he could not say so much.

Helped the Censor He had helped to censor many letters. They all breathed a wonderful spirit. Tommy was a splendid story teller. Men who were "in the depths" from sickness or wounds, would instantly say "I am wounded and sick in the hospital." (Laughter). They all knew how people at home always wanted souvenirs. Well, one man evidently bothered with such importunities, wrote: "The only souvenir of this war I hope to bring home is my own bald head." (Laughter).

Gas and Taubes Worse than the shells or anything else was one experience the 58th had of a German gas. The only thing to do was to drop flat, preferably behind some projecting ground. The speaker described what happened on the occasion of a gas alarm. At the same time he put on his gas helmet and looked like a chief of the Ku Klux Klan. Breathing is through an inner tube. The gas could only be floated under favorable weather conditions, and contributed a yellow cloud which kept low and trickled into the trenches. He had his gas watch, ring and was safe under the helmet. Then there was the tear gas, which could not be smelt, and caused the eyes to water profusely. It was impossible to see, and the victim could be easily bypassed. Mr. Jenkins put on the special goggles by which this devilment is checked.

The Rations Mr. Jenkins put on his active service kit, explaining the various portions of it. One little bag contained what is known as "iron rations." They are to be used only in emergency. The rations contained took out the contents. Bully beef, hard tack, which he dropped on the floor with a resounding noise, a small canister with tea and sugar, and so on. The contents would not seem inviting to them, but they were more than welcome in times of need.

In General The speaker referred to the omnipresent rat. He exhibited a map, taken from overhead of German trenches, and asked with such mazes everywhere, why anyone should question the rate of the British advance. He described how, by telephone, shell from miles away, and said that the British trenches had names such as "Regent St.," "The Strand," "Hell-fire Corner," "Shrapnel Corner." He related how a Captain in command of a company had experienced a dangerous and thrilling adventure at the latter spot. He also related touching incidents of a chaplain's work among the wounded and dying—the hardest work of all, for chaplains had no excitement or action. He likewise told of how the men liked to be prayed with and addressed.

An Appeal "I can tell you that the brave boys at the front need all the comfort and the strength that you can send them. Don't weary of doing that. I am sorry to notice a little less of enthusiasm on the part of the general public in this regard. Don't abate what you can do one jot. I held seven services on Sunday, and then what? Don't be shocked. Went with the boys at 4.30 and joined in a game of football or something else. Healthy recreation is needed there, even on Sundays. Then as to smoking. There are many non-smokers in this audience, but don't attempt to deny the boys the comfort of the weed. It is in the open air, and doesn't hurt them."

As he resumed his seat, the rev. gentleman was again greeted with thunderous applause. The general consensus of opinion was that it was one of the finest addresses ever heard in this city.

The second half of the program consisted of a number of splendid screen views, which Mr. Jenkins explained in detail. Pictures of the officers of the 58th were all loudly applauded, especially that of Lt.-Col. Gen. and the late Major Bal-lachey, who fell at the front.

During the evening, Mr. Stonehouse rendered a violin selection, and Miss Hurley and Miss Senn very fine vocal numbers. Proceedings closed with a very hearty vote of thanks to Mr. Jenkins.

work be laid over until next year. He consented to forego the usual donation of \$25 from the board, the money might be devoted to the installation of the baths, the remaining expenses, if any, being borne by the board.
The question of obtaining another teacher for King Edward school was introduced by Inspector Kilmer, who suggested a Mr. Henry, who recently resigned from the Echo Place school. Discussion followed as to the advisability of employing a male teacher, and it was decided to engage him provided his credentials were satisfactory and that he was ineligible for active service; otherwise to secure a girl teacher in his place.
The board decided to petition the Department of Education for Ontario that Mr. T. Bingle, until recently principal of the King George school, and now in the 125th battalion, be granted a first class certificate under the same terms as pupils enlisting from the High Schools of the Province. Mr. Bingle has already written upon behalf of his examination, and was making every effort to obtain the certificate, but in the hour of need he enlisted for active service, and it was felt by the board that an injustice was done in not granting his certificate. The board also recommended to the department the advisability of granting certificates to pupils engaged in munition work, as well as to those enlisted or working upon farms.
Comment was made upon the criticism made recently by Inspector Leach upon the appointments of the domestic science class room at the Y. W. C. A., and the general opinion of the board was felt to be that the criticism was unjust, and that the class room in question compared favorably with those in use in other cities, everything being neat, clean and serviceable.
The members of the board received invitations to attend the Collegiate field day, held to-day, the teachers' convention held next week, and consent to be given soon under the auspices of the public school cadets.
Principal Burt of the Collegiate Institute stated that the teachers of that school were desirous of visiting Hamilton on Friday of next week in place of London, as decided by the Teachers' Institute. The board considered that the vote of the majority should prevail, and that all should visit the London schools.

Messrs. Dr. Britton and Clifford Higgins, on behalf of the Church Choir, waited upon the board, requesting the use of a room in two of the city schools weekly for the purpose of rehearsing the children's choir now being trained with very good results. Their request was granted by unanimous vote.
In reply to queries received from certain of the city's male teachers for the increase in salary due them under the new schedule, it was most clearly explained by Secretary A. K. Bunnell that the schedule did not go into effect until Jan. 1 of next year, and that no increases were to be granted until then.
Dr. Elliott introduced a proposal that a shower bath be installed in the Collegiate Institute for the use of the athletes of that school. The project was favored by the entire board, but on account of the expense involved, it was advocated by Mr. W. H. Lane, chairman of the buildings and grounds committee, that the

Music and Drama

Large audiences were again the order of the day at the Colonial theatre, both afternoon and evening yesterday, when the Ed. Andrews Musical Comedy Company once more delighted all with the brilliance of their performance in the line of musical comedy. The serial motion picture, "Grand" was also prominent among the feature attractions of the show, the interest of all in this picture deepening as it nears its close.
To-night, the Andrews Musical Comedy Company present an entire change of program, with new scenery, songs, music and wardrobes, in the mirth provoking comedy skit, "Puddles' Troubles."
At the Grand
No actor who visits Canada is more popular than Albert Brown, one of the cleverest living exponents of English roles, and local playgoers will learn with delight that he will be seen at the Grand Opera House. Mr. Brown is this evening presenting "The Black Feather," a sensational comedy from the pen of W. A. Tremayne of Montreal, who wrote several of the leading successes of Robert Mantel and Robert Hillard in their hey-day as stars. It deals with war diplomacy and is founded on an incident which occurred in London during the Serbian crisis that immediately preceded the present war. It is rich in humor, suspense and surprises. Its story is entirely different from that of "The White Feather," in which Mr. Brown so delighted the public last year, but perpetuates the character of the young British secret service man which he created. As one leading newspaper has said: "If you love the drama, don't fail to see 'The Black Feather,' one of the cleverest comedies ever seen in Canada."

THE SITUATION.

The allied forces are sweeping along the whole of the Macedonian front. The Serbians are now only eight miles from Monastir and the British and the French are also pressing well ahead. The fall of the place named cannot now be long delayed and, in fact, the German authorities are preparing the people for the news.

On the Somme front the Huns have evidently received new supplies of ammunition and their artillery fire is becoming heavier. They are launching numerous fierce counter attacks, but without making either the French or the British forces give ground. General Haig reports that in addition to large quantities of other war material his forces have taken 29 heavy guns and Howitzers, 92 field guns and howitzers, 103 trench artillery pieces and 397 machine guns.

The battle in the Dobruja region still hangs in the balance and reports from Transylvania are conflicting. The total of prisoners taken by all the allies during the past ten weeks is over half a million.

SOLDIERS AFTER THE WAR.
 An officer at the front, during the course of a letter to the editor of this paper, says:—

"I wonder if I shall be any use at my old job if I get home again. As you imagine, soldiering is a very different kind of life to office work. It is in the open, and has lots of variety, and although the discipline is strict, there is lots of freedom and no business worry."

It is safe to say that such a feeling is that of nine-tenths of the men who have put on the khaki. A large proportion have come from the office and the workshop, and from other sedentary lives to find themselves built up into healthy men in God's out-of-doors, with well knit frames, and a buoyancy of spirit and an elasticity of step which have been obliterated in the daily turmoil of the average worker. Without doubt, it is going to be exceedingly hard for them at the end of hostilities, to again "buckle down." The physical joy of living is theirs once more, and it has an afflatus about it which many will be exceedingly loath to forego. To a number the desire will be that of back to the land, and this undoubtedly will be the case with many of the sons of Great Britain, from the mine and factory and the office who have tasted of nature's invigorating draughts.

Canada, without much question, may expect a very large influx of soldiers immigrants when the present strife is ended. This country is much nearer to Old Albion than Australia, for example. This fact proves an undoubted attraction to those who do not wish to go too far from "Home," and yet want to remain under British institutions and the freedom which the grand old Union Jack so gloriously typifies. Besides, there are thousands of English-born in the Canadian ranks who, without question, have spread the news of the many advantages of this Dominion.

To say that men returned from the fighting could be dumped haphazard into the soil producing class, would, of course, be ridiculous. Successful farming calls for a very large amount of adaptability and shrewd common sense, and nothing but failure would await those unfitted for the occupation.

Baron Shaughnessy, President of the Canadian Pacific Railway, in a recent speech advocated "a well established bureau" in connection with the looking after of the tide of immigrants bound to set in, and he wisely depreciated leaving their placing to chance, or steamship agents. Such a bureau, under intelligent direction, could do very much to direct the new comers to channels of employment for which they were most fitted, and in this classification land settlement could certainly be advised to many with beneficial results to themselves and to the country at large. We have millions of acres yet awaiting the hand of the tiller.

Secretary Baker announced that the President would nominate Brigadier-General John J. Pershing, commander of the American expeditionary forces in Mexico, to be a major-general.

NOTES AND COMMENTS.

Fair weather for the Fall shows.

Sir Thomas White, Finance Minister, estimates that Canada will have a revenue for the fiscal year of over \$200,000,000. If so, \$50,000,000 can be applied to the principal outlay on war account. It is said that the Finance Department is considering a bond issue for small investors. The idea is to offer same in denominations from ten dollars up with interest of approximately five per cent. up. A splendid idea. Far too many savings now go into wildcat ventures.

A sixty year old man in the States ran away from home because his father spanked him. There is more than one community which could stand the old gentleman running around loose for a while.

FINANCE COMMITTEE
 The finance committee of the city council held a meeting this afternoon at 4 o'clock.

ON TRAIN.
 Among the incidents mentioned by Rev. Mr. Jenkins in his address last night, was that he had met Mr. Broomfield of his congregation on a train in France, which contained wounded.

GOT TWO DESERTERS
 Sergt-Major Plummer and Prov. Sergt. Murtagh, of the Canadian Mounted Rifles, were in the city yesterday on the lookout for two deserters. With the assistance of M. P. Hodge, of the 215th, they were successful in securing the absentees, and returned with them last evening.

NOTHING DOING
 The sessions of the police court which have been daily dwindling since the enforcement of prohibition this morning reached their lowest ebb, with not a single case in the docket. If for no other reason the new Act is commendable one as a labor saving device, the effects being most beneficial to the bartenders, hotel keepers, policemen and other police officials.

GOT ONE RECRUIT
 Those in charge of the 215th depot on George Street, were taken quite by surprise yesterday when James Draper, 118 Arthur Street, presented himself for enlistment. He was immediately taken to Dr. Palmer, and was successful in passing the examination. The new recruit, who is 22 years of age, and previous to enlistment was a commercial traveller, will report for duty on Wednesday, November 1st. Mr. Pleasant was yesterday canvassed for the Thanksgiving dinner to be given the second Brants, and very good success was reported.

RUSSIAN FLAG.

The great Russian offensive in the "Big 5" campaign is still being vigorously sustained by Grand Duke J. S. Dowling, who continues to maintain the leadership gained yesterday. Dr. Jarvis, who has division No. 2 in charge, is reported a close second.

FOR THE FRONT

Lt. Arthur C. Burt, son of Mr. A. W. Burt, of the Brantford Collegiate Institute, sails next week from New York upon the S.S. Adriatic, for England, there to commence his training in the Royal Flying Corps, in which unit he has obtained a commission as flight lieutenant. Previous to his enlistment, Lieut. Burt was a teacher of manual training in Toronto.

JUDGMENT SOON

In reply to his statement reviewing the interswitching question sent to the Board of Dominion Railway Commissioners, Mayor Bowly has received a very considerate reply from Mr. D'Arcy Scott, the chairman of that body. The Mayor was absent at the time the sitting was held here to discuss the problem, and he therefore immediately upon his return communicated with the commissioners regarding the matter. Mr. Scott has given the assurance that earnest consideration will be given to the question and the judgment forwarded as soon as possible.

AGAINST UNION

Rev. Sagar Geggie, of Parkdale Presbyterian Church, Toronto, spoke in St. Andrew's Church, last evening in opposition to the proposed union of Presbyterian, Methodists and Congregational churches. The school room, which was well filled, was first treated to a delightful program, comprising a duet, by Mr. Anderson and Mrs. Draper; and solos by Mrs. George Chamberlain, and Mrs. Dr. Nichol. At the conclusion of the programme, Mr. Geggie gave a very fair presentation of the subject from the viewpoint of one who was strongly opposed to the proposed union.

He thought that on both sides, sentiment was playing altogether too large a part. The economic argument had also been used much more effectively than the facts would warrant or circumstances justify. The arrangement in the basis of union did not please Mr. Geggie in that, in his opinion, it displayed a tendency to autocracy in church government.

He closed with an appeal to all concerned, to vote without prejudice, having solely in view the advancement of the Kingdom of God.

To the Grave

Infant Pearson
The funeral of Thomas, the infant son of Mr. and Mrs. Thos. Pearson, 65 Winnett Street, took place yesterday afternoon to Mount Hope Cemetery. Rev. D. L. Campbell, of Balfour Street Church officiated at the house and grave.
The beautiful floral tributes were as follows: Sprays, Father and Mother, Auntie and Uncle Cheney, Grandfather, Grandmother and Aunt Violet, Sergt. Banning, Mrs. Holway and Mrs. Saxman.

LIQUOR LAWS ARE OBSERVED HERE

States License Inspector, R. J. Eacrett To-day.

NOTICE TO THE MAGISTRATES. The Information Concerning Liquor Laws Is Confidential.

License Inspector R. J. Eacrett has expressed himself as being desirous of impressing upon the public the fact that anonymous communications concerning infractions of the Ontario Temperance Act will receive no attention from the authorities. Any persons having any legitimate information to convey concerning breaches of the act need have no hesitation in signing their names or revealing their identity, as all communications will be treated as perfectly confidential, and immediate action will be taken with regard to them. Mr. Eacrett is also desirous of calling the attention of the police magistrates and justices of the peace throughout the county to section 195 of the Ontario Temperance Act, which stipulates and provides that any magistrate or justice of the peace making a conviction for an infraction of the Ontario Temperance Act shall forward forthwith to the temperance board a certificate of such conviction, for which they will receive the fee of 50 cents. The Temperance Act states that Mr. Eacrett has, up to the present, been observed most laudably in Brantford and in Brant county. He has visited the majority of the county fairs throughout the county, held during the past three weeks, but has found very little, if any, liquor in evidence anywhere.

Wedding Bells

Campbell-Burch.

A very pretty though quiet wedding took place yesterday afternoon at the residence of Wellington St. Methodist church, when the pastor, Rev. Dr. Henderson united in marriage Miss Louise Burch, daughter of Mr. and Mrs. Burch, of Newport, and Mr. Earl Campbell, son of Mr. and Mrs. Campbell of Onondaga. The young couple left on the 4 p.m. radial for Hamilton and points east, and will take up their residence at 169 Forrest Ave, Hamilton.

A REDUCTION OF \$6,300

Offered by Turbine Equipment Company to Water Commissioners.

If They Make It \$7,000 the Matter Will Be Closed.

A meeting of the Board of Water Commissioners took place yesterday all the members present. A number of communications were filed. Moved by J. W. Bowly, seconded by John Fair, that a main be laid on Wallace street to reach the house of Joseph Whiting, providing the applicants sign contracts in the usual form to pay for the service pipe from the main, and there must be at least four takers before said main is laid. This is not to form a precedent. Carried. Mr. Montgomery opposed this resolution.

\$6,300 Reduction
Moved by John Fair, seconded by Mayor Bowly, that the proposal of the Turbine Equipment Co. dated Sept. 29th, offering a reduction of \$6,300.00 on the contract price of pumps, that same be accepted, provided they make a further allowance of \$700.00 or \$7,000.00 in all, the extra amount to compensate for the deficiency in the performance of the steam turbines or booster pumps, and the expenses otherwise occasioned through their failure to comply with the specifications, and that the above proposed offer must be made by the Turbine Equipment Co. Limited, in writing under the corporate seal of the company, signed by the President, and countersigned by the Secretary on or before the 15th day of October, 1916. Carried.

Mayor Says "Rubbish."

Consulting Engineer, having informed the Board that the loss sustained by using the present pumps during the life of same would be \$10,000, and that he would oppose the acceptance of \$7,000.00 unless Mr. Chipman approved of same. The Chairman objected to the above on the ground that if he made any such statement, it was rubbish. General Matters.

Moved by A. G. Montgomery, seconded by John Fair, that an order be given to the Electro Bleaching Co. of New York for two Automatic Chlorine Gas Apparatus for installation at our Pumping Station and specifications, plans and details be furnished to the satisfaction of the Board. Carried.

Moved by A. G. Montgomery, seconded by John Fair, that an order be given to the Board of Works and the Co-operation of the Water Companies Electric Company to which the property belongs. It was thought that if some move of this kind were made by the board to develop the land, that the Electric Company would maintain it thereafter. It had been reported to Mr. Cockshutt by Mr. Evans that the old boathouse, which was at one time the property of the city, but which being displaced by the construction of the Lake Erie and Northern Rail, way and had floated down the river, was being stopped by a young man just below Onondaga. This man is having some difficulty in retaining possession of his find and was desirous of knowing what legal rights he had in the matter. City Solicitor A. J. Wilkes had been communicated with, and advised the board, that proceedings be taken against the L. E. and N. Ry. to recover damages, and to assume no responsibility for interfering in the question. The matter was accordingly dropped.

It was suggested that the row of trees along the dyke at Agricultural Park be continued to Catherine Street, and that the two abutments along the dyke at this point, and the one at the end of the dam be sodded, rails placed around them, and otherwise made safer and more beautiful. These questions were discussed considerably, but nothing definite done. The advisability of planting vines to relieve the bareness of the cement retaining wall along the L. E. and N. Ry. track, near Northern Rail, was brought up by Mr. E. L. Gould. The board were unanimous in declaring that the need was obvious, and Supt. Waller was instructed to look after this.

Mr. Glover introduced a suggestion for acquiring the vacant lot adjacent to the entrance of Agricultural Park, for the purpose of connecting the adjoining streets with the Park Drive. The members thought, however, that this was not under their jurisdiction as the streets were under the control of the city. The ground had at one time been the property of the city, but had later been sold. However, it was thought best to let the matter rest for the present, but to bring it to the attention of the council at some future date.

Supt. Waller reported that some delays were being occasioned as a result of correspondence relating to the administration of the parks being addressed to City Treasurer A. K. Bunnell. All such communications should be sent to Mr. J. C. Waller, 243 Brant Avenue. A plea was made for the business of the evening the meeting was adjourned.

TREES FOR THE CANAL BANK

Are Decided Upon by Parks Board in Order to Beautify City.

Other Business Transacted at Routine Session.

A meeting of the Board of Parks Commissioners was held last night in the City Hall with Messrs. Frank Cockshutt, E. L. Gould, Wm. Glover and J. C. Waller in attendance. Little business of importance was transacted, routine matters engaging most of the time.

The minutes of the previous meeting were read and confirmed and the accounts were also submitted, amounting in all to \$469.60 which were ordered to be paid.

The most important matter before the consideration of the board was that of beautifying the entrances to the city, with the canal and the triangular plot at the junction of West and Clarence Streets, particularly at the corner. With regard to the canal, it was decided following a motion sponsored by Mr. Frank Cockshutt and seconded by Mr. E. L. Gould that the south bank of the canal from the head-gates to the present station be planted with trees and that shrubs be placed at the southern end of Victoria Bridge. This will be done subject to the approval of the Board of Works and the Co-operation of the Water Companies Electric Company to which the property belongs. It was thought that if some move of this kind were made by the board to develop the land, that the Electric Company would maintain it thereafter. It had been reported to Mr. Cockshutt by Mr. Evans that the old boathouse, which was at one time the property of the city, but which being displaced by the construction of the Lake Erie and Northern Rail, way and had floated down the river, was being stopped by a young man just below Onondaga. PRESENTATION TO MISS VAN NORMAN

Retiring Secretary of I. O. D. E., Given Handsome Tray.

The Christmas comfort shower of the Brant Chapter of the Daughters of the Empire was held yesterday afternoon, in the rooms of the Conservatory of Music, which had been kindly given for the occasion, by Mrs. Andrews.

Most generous donations were received from the citizens and members of the Chapter, of Chocolates, tissues, candles and money. To the cash donations will be added the proceeds of the afternoon from the tea room, and from the sale of the booklets of epic poems, written for the Brant Battalion, entitled "The Knight and His Lady" and from the pretty cards issued by the Chapter, bearing their crest and the poem. "A Pair of Socks," also the sale of some beautiful fancy work, donated to the Chapter, by Miss Kenyon. Miss Van Norman, for so many years the efficient secretary of the Chapter, was informally presented with a beautiful mahogany tray as a slight appreciation of her services. A pleasing feature of the afternoon was the interesting address given by Col. McCullough, of Hamilton, in behalf of recruiting.

THE PROBS

Toronto, Oct. 6.—A few showers occurred during the night in northern Ontario and in Quebec, but the weather is now fine again throughout the Dominion. The temperature is rising in the western provinces, while from Victoria eastward there is a tendency towards lower temperature.

Forecasts. Moderate northwesterly winds; fine Saturday—Fine and a little cooler.

Paris Maple Leaf Club Meeting

Paris, Oct. 6.—The annual meeting of the Maple Leaf Club was held in their rooms yesterday and was well attended by the members and friends of the Society. The secretary and the treasurer's report was most gratifying, showing the amount of good work that had been done by the members during the past year for our brave soldier boys at the front.

The Secretary's Report. During the year, considerable goods have been sent to the Canadian Red Cross at Toronto, such as surgical night shirts, pyjamas, slings, bandages, hot water bottle covers, wash cloths, handkerchiefs and 1400 yards of gauze made up into compresses, sponges and pads. Considerable donations of cotton, flannel, etc. have been received.

The members have raised funds by having concerts, social evenings, dances, etc. which has helped considerably to buy material, and we still have a balance on hand in the bank. It is hoped that we will have the hearty support of every one again this winter.

A hearty vote of thanks was extended to the Secretary, Miss E. B. Ney, for her excellent report, and also to Miss M. Broomfield, Treasurer.

Treasurer's report for the year ending Sept., 1916: Receipts August, 1915, to Sept., 1916: Donations, \$99.50; social and concerts, \$129.75; fees, \$26; chances on dolls, \$71.35; first aid class, \$35.85; map, 28c. Total \$3,262.73.

Expenditures. August 1915, to Feb., 1916: Printing, \$4; wool and Red Cross supplies, \$74.05; gauze, \$126; first aid books, \$4.31; postage, cartage, etc., \$4.91; lecture (half proceeds) \$16; cotton, thread, etc., \$15.20; sundries, \$31.52. Total \$294.78. Balance in bank, \$362.73.

It was pointed out that the same obtains in the case of the county fair. The committee will await the action of the council.

The four-year-old son of W. E. Kelly was struck above the temple as he stood on the steps at his home, by a stone thrown by a boy wearing a scout hat, who got away at once. The wound necessitated the calling in of a physician. Stone throwing is quite a prevalent practice here.

Mr. Spain in an exhaustive address, well liked, convinced the convention that the ordinary system of working spelling and writing papers was wrong. He instanced a case of a single paper going through the hands of a great many examiners, was marked by some as high as 98, and by others as low as sixty. He advocated the marking of writing by its legibility with the assistance of a stop watch, which system, if adopted, would entirely

change the face of the Canadian examination. He had the entire approval of teachers in his claim that too many words were listed for spelling, most of which were never used, while it is the practice of some examiners to go further still ahead in setting papers. The convention is proving a very interesting one.

BASEBALL FLIES
Some of the New York Giants are very sore over McGraw's untimely remarks, and threaten they will not play under him next season. According to a story from Chicago McGraw is slated to manage the White Sox next year.

Otto Rettig, a pitcher of a semi-professional team in Paterson, N. J., will receive a trial with Giants next season.

If six cents becomes the standard price for a loaf of bread, New York City will spend \$16,000,000 additionally on its annual bread bill. Instead of paying \$45,600,000 every year for bread the city will spend \$61,600,000.

On July 1 of this year there were close to 3,000,000 automobiles in the United States. This total would indicate an automobile for every 35 persons.

The historic governor's palace at Vincennes, Ind., is to be preserved as a historic shrine instead of being torn down to make way for a pumping station.

WHO WILL BE THE HERO THIS YEAR?

World's Series Always Produces One Specially Bright Star.

List of Those Who Have Scintillated in the Past.

Every world's series has its hero. Who's next? It is impossible to pick the man for the part, for the honor falls indiscriminately on the stars and stiffs alike. World's series glory is like a bolt of lightning—you never can tell where it will strike, and it rarely strikes twice in the same place.

Looking back over the great struggles of the past, it would seem that the laurel seeks the brow of the lowly. "Home-Run" Baker was regarded as the weakest link in the Athletic line-up until he made those famous home runs. Gowdy, the star of 1914, was not noticed when he broke loose and hung up the greatest world's series batting average yet recorded, hitting for .545 in four games.

Robe, a very ordinary substitute infielder, was the big hero of the White Sox victory over the Cubs in 1905. Robe never amounted to anything before the series or after. Babe Adams and Joe Bush were just "kid" pitchers on their teams, not even regulars, yet they were the big factors in deciding the championship of the world. Adams won three games for Pittsburgh against the Tigers in the 1903 series. Joe Bush stepped in and beat the Giants at the crucial moment in 1913. It was his first year in the league, too. Olaf Hendrickson, who has never been able to win a regular position on a team, came through in the Boston-Giant series of 1912 that practically won the title for the Bear-town boys. Schang and Bedient are two others who grabbed a bit of glory for themselves while still regarded as "bushers."

though Cobb and Wagner were never able to accomplish very much in the championship tests.

The greatest individual performance in a world's series was undoubtedly put over by Matty in 1905. In this series Big Six shut out the Athletics three times in succession; scores 3 to 0, 2 to 0 and 2 to 0. He won the world's title for the Giants almost single-handed.

Below are the players generally recognized as the "heroes" of the different world's series:

Year.	Player.	Team.
1903	Bill Dinden	Red Sox
1905	Christy Mathewson	Giants
1906	George Hohe	White Sox
1907	Harry Steinfield	Cubs
1908	Chance and Overall	Cubs
1909	"Babe" Adams	Pirates
1910	Coombs and Collins	Athletics
1911	Frank Baker	Athletics
1912	Joe Wood and Matty	Giants
1913	Bush, Baker, Collins	Giants
1914	Gowdy	Athletics
1915	Lewis and Hooper	Red Sox

TO WIN BY THEIR AWKWARDNESS

Wilbert Robinson Is Confident of Victory for His Team.

JOKE CHAMPIONS.

They Have Inexhaustible Supply of Strength to Carry Them On.

New York, Oct. 6.—If your Uncle Wilbert Robinson's noble Flatbush tusslers fail to wallop the Red Sox in the impending world's series, the present speaker is going to be vastly astonished, not to say humiliated and much chagrined.

He expects the Dodgers to win by that main strength and awkwardness which carried them through to a flag in the National League race.

The Brooklyn Dodgers are a good deal like another very notable product of the trans tubine district, Mr. Al. McCoy, the middleweight champion of the world. They are often a most distressing spectacle in their battles, but who knocks 'em out?

They meet handsomer and cleverer and more graceful opponents, and everybody prepares to weep over their sad finish, but at the close of the contest these Al. McCoy's of baseball are still in there, upright, and whanging away.

Folks say they are joke champions, that they do not constitute the best club in the National League. Folks say the same thing in a general way about Al McCoy. None the less Al McCoy is the middleweight title bearer, and he won the title by a knockout. None the less, the Dodgers are the champions of their class, and they gathered their victory by slapping all their opponents.

Last Monday afternoon in Brooklyn, with the championship at stake, the Dodgers stepped out and licked the most sensational baseball club of all time, including a lad who was then being heralded as the greatest

SISTERS THREE

(Continued from Thursday)
Chapter XVII.

That evening General Kildare partook of an al fresco meal—half dinner, half supper—to which the sisters at Sunset Crag persuaded him to stay.

It was an exquisite evening. Allardyce had been sailing in the bay, and she had seen upon the dark reef the figure of the lonely old man, General Kildare.

She had sailed her boat up to the rocks upon which stood. He seemed to her as one who was always waiting, waiting—watching and waiting for a day he might never live to see, for a hope that might never be realized. And the pathos of the secret woe of the lonely man—one who had served his country well and who carried his grief with dignity and self-restraint—went to her heart. She never quite threw off the shadow of it. Daily she gazed over the bay towards that black, serrated reef; and more and more she longed for the power to lighten that heavy load, to find the key which would unlock a plain door, to be the one who should "come out of the east" and bring help where no help had hitherto sufficed. Could it be? Could it be? And Allardyce, as she mused upon these things in the solitude of her sea-girl room, or as she sailed her boat in the bay, sometimes asked if there was not something she might do. What had he meant when he said once in speaking of the past, that had a certain Captain Willoughby lived, perhaps the mystery of the forged cheque might be cleared up? Willoughby? Willoughby? She knew Miss Willoughby who had lost a brother in the war. Was that some clue that could be worked?

Allardyce pondered and pondered the matter often, but could see no way of acting. Yet this might be a link in some chain of destiny slowly forging. That thought occurred again and yet again. The dark reef drew her like a magnet. The old man came to look for her visits as the bright spots in his lonely and sorrowful life. But today she had not landed. She had looked up at him and coaxed him very sweetly.

persuaded to remain. By this time the story of the excitement in the market place that morning had reached even the old man on the reef. His servant had told him the tale; and as the veteran soldier held Gipsy's hand and looked into her eyes she felt that there was a kindred spirit who had known his own moments of dire peril and splendour, and to him she told the tale with a simple graphic directness which went to the old man's heart at once.

"Good girl, good girl—a daughter of soldiers, perhaps one day to be a mother of heroes. My dear, I am proud of Mary Rickard's daughter. The Rickards and the Veres have both given brave men to their country's service; and their spirit runs in the blood."

"Ah, please don't make me too fearfully conceited. Already I feel that my head is swelling visibly, and it is so unbecoming! Besides, really, although I don't like him a bit, it was Mr. Lebrton who really was the hero of the episode. It's an easy sort of thing to pull a gun trigger, and it's not my thing that I happen to be a good shot—that was my father's teaching and training. He couldn't endure bungling. He put me on my mettle. Nothing but good would satisfy him."

It was a strange thing for the lonely and sorrowful old soldier to find himself suddenly a guest at the house he had once known so well, showing him the changes they had made, some of which were rather of the nature of restorations. The western light filled the rooms with rose and gold, and the soft airs from the south came laden with spicy odours from the herb-garden beneath. Then they sat out at their repast, and the General let himself be drawn out about the adventures and campaigns of his younger life, and the

girls listened with eager attention and interest. Now and again allusion would be made to the boy Jim. As a little chap he had been in India with the regiment. He had had his own adventures. He had been the pride and delight of the adoring soldiers. In speaking of his son a new note came into the soldier's voice and softened light into his eyes.

Then suddenly the light would die out, the tale would abruptly cease. A sigh would rise which seemed to tear his very heart-strings. At last General Kildare rose to his feet and said—

"My dear young ladies, I have to thank you for a very pleasant evening, but I feel I am bad company for your youth and happiness and freshness, so I will say 'Good night' and leave you to your rose-coloured dreams. Heaven bless you all, and may darkness and the shadow of grief never touch your bright young lives!"

Allardyce accompanied him down the steep path to his own boat, which had been sailed across by moonlight to fetch him. The bay was very lovely, like a silver floor crinkled with tiny ebony-black ripples. Overhead in the empty sky the moon sailed majestically on her way to the western horizon.

As they neared the little jetty Allardyce laid a soft hand upon his arm.

"General Kildare, may I ask you a question?"

"My dear, of course you may." "It is about—about something you told me once—about Captain Willoughby. You said something—something about a forged cheque. That might have been able to give some information which might have thrown light upon that dark episode. Yes, I did think that, for Jim and young Willoughby were a great deal together just then. I thought the Captain was a bit wild, poor lad, as some of the best of our soldiers are when at home. He made a fine record out yonder and died a soldier's death, but that put a stop to any inquiries that I would have made." "Did you try? Had he no relatives?" "I got into communication with the family lawyer, and he made some inquiries for me. I think there was some clue, but sisters as a rule do not know about their brothers' affairs. Nothing came of it."

"Meat Prices Will Not Come Down"

is the cheerful news from the Department of Agriculture. Meat prices will not worry the man or woman who knows that a Shredded Wheat Biscuit will supply more real body-building nutriment than beefsteak or eggs and at much less cost. Shredded Wheat remains the same price, the same high quality, supplying all the nutriment a man needs for a half-day's work. Two shredded wheat biscuits with peaches and cream or other fruits make a complete, nourishing meal at a cost of not over five cents.

losses at cards, their extravagances, or their friends who lead them into trouble. A brother might be able perhaps to furnish some clue; but a sister—not likely.

"What kind of clue do you mean?" "I don't know."

"Well, my dear, I look at the matter this way. Somebody made that fraudulent change in the cheque, and as I know—thank Heaven—that it was not my Jim, then it must have been some one whom he carelessly passed it over without having noticed what an unsafe one it was. The boy will say nothing—nothing which might make suspicion fall upon any one else. It is like him. But Captain Willoughby might have been able to give us some sort of a clue. That was the hope I held until his death robbed me of it; but, as I say, his sister would not know. And now, my dear child, good night! You bring me help and cheering by your visits and by your sympathy. Some day—when I know—perhaps I may be able to help you. I never let myself quite lose hope. But my poor lad in the convict prison!"

News From Terrace Hill

(From our own correspondent.)

The Anniversary Supper and Concert of the Sydenham Street Methodist Church on Tuesday evening, Oct. 3rd was a great success. Tea was served by the ladies in the church shed and a splendid program of addresses, music and recitations were given in the church. Shortest Week, recited as chairman in an efficient manner. Excellent addresses were given by the Rev. Mr. Baker of Colborne street Church and the Rev. Dr. Henderson. Among the contributors to the program must be mentioned especially the male quartette of the First Baptist Church. Their voices blended perfectly and showed careful training. Also the vocal duets by two little tots, dressed in white. The first song about "Daddy away, fighting in the regiment," struck a responsive chord in many hearts.

The pastor and officers of the church are to be congratulated on a successful anniversary.

Mr. Bowdler, of Grand Street, an old resident, is going to spend the winter with his daughter in West Brantford. Mrs. Underwood of Terrace Hill St. is moving down into the city. She organized a very useful sewing society for the young girls. These two residents will be greatly missed.

The Rev. Mr. Baker is to preach the Educational sermon in the Methodist church here shortly.

A FAREWELL GIFT

To H. R. H. the Duchess of Connaught.

Local Council of Women Decide to Co-operate.

In bidding farewell to H.R.H. the Duchess of Connaught, the women of Canada are eager to give some tangible expression of their appreciation of the unfailing interest Her Royal Highness has been pleased to take in all branches of women's work in Canada, and especially in the patriotic work in which all have been so earnestly engaged during the past two years.

It has been decided that this farewell gift will take the form of a contribution to the Duchess of Connaught's "Prisoners in War Fund" to the Canadian soldiers who fall into the hands of the enemy.

The manner in which this gift will be raised in each province, has been decided by representatives throughout the leading women's societies, under the direction of the wife of the Lieutenant-Governor.

The following letter from Lady Hendrie to Mrs. Livingston, President of the Local Council of Women, explains the plan decided upon for the Province of Ontario.

Government House, Toronto, Sept. 28th, 1916.

Dear Madam:—

I have been asked to place before the women of Ontario the appeal for a contribution to supplement the Duchess of Connaught's "Prisoners of War Fund." Her Royal Highness having graciously approved of the form of farewell gift, rather than a personal gift as had been first suggested to her.

Accordingly a meeting of representatives from the leading Women's Societies with branches throughout the Province was held at the Parliament Buildings, Toronto, to-day, which the proposal was unanimously agreed to; and also that the office of each society should undertake to collect subscriptions from its members, committing to Clarence Pogue Esq., General Manager, Dominion Bank, Toronto, who was appointed Honorary Treasurer.

In order to give every woman the Province an opportunity to participate in this most praiseworthy object sums of money from women connected with any contributing society may be sent direct to the Honorary Treasurer, or deposited with the local Bank on conditions arising should which the whole amount of this supplementary contribution shall not be required for the relief of Prisoners of War. It is understood that Her Royal Highness shall be free to apply such surplus as may deem best for the benefit of Canadian Soldiers.

The subscription list will be closed on the 13th of October next, when Mrs. Arthur Van Ighite, College Street, Toronto, was appointed Hon. Secretary, and all correspondence, but not subscriptions, should be sent to her.

The good accounts from the Fund has been inestimable and feel sure this appeal to the Women of Canada will receive a cordial and prompt response.

Yours very sincerely,
LENA M. HENDRIE
President for the Province of Ontario.

The members of the Local Council of Women ask the women of Brantford in this matter and hope for a splendid response. Contribution may be sent to the president of affiliated society or to Miss Haverstock, 42 Wellington Street, Brantford, the Local Council of Women.

Government House, Toronto, Sept. 28th, 1916.

Dear Madam—
I have been asked to place before the women of Ontario the appeal for a contribution to supplement the Duchess of Connaught's "Prisoners of War Fund." Her Royal Highness having graciously approved of this form of farewell, in war time, rather than a personal gift as had been at first suggested to her.

Accordingly a meeting of representatives from the leading Women's Societies with branches throughout the Province was held at the Parliament Buildings, Toronto, to-day, at which the proposal was unanimously agreed to, and also that the officers of each society should undertake to collect subscriptions from its members, remitting to Clarence Eoghan Esq., General Manager, Dominion Bank, Toronto, who was appointed Honorary Treasurer.

In order to give every woman in the Province an opportunity to participate in this most praiseworthy object sum of money from women not connected with any contributing society may be sent direct to the Honorary Treasurer, or deposited with the local Bank or Post Office.
Should war conditions arise on account of which the whole amount of this supplementary contribution shall not be required for the relief of Prisoners of War, it is understood that Her Royal Highness shall be free to apply such surplus as she may deem best for the benefit of Canadian Soldiers.

The subscription list will be closed on the 13th of October next.
Mrs. Arthur Van Pelt, 238 College Street, Toronto, was appointed Hon. Secretary, and all correspondence, but not subscriptions, should be sent to her.
The good accomplished by this Fund has been inestimable and we feel sure this appeal to the Women of Canada will receive a cordial and prompt response.

Yours very sincerely,
LENA M. HENDRIE,
President for the Province of Ontario.

The members of the Local Council of Women ask the hearty cooperation of all the women of Brantford in this matter and hope for a splendid response. Contributions may be sent to the president of any affiliated society or to Miss Hollinrake, 42 Welling Street, Treasurer of the Local Council of Women.

URIC ACID IN MEAT CLOGS THE KIDNEYS

Take a Glass of Salts If Your Back Hurts or Bladder Botheres you—Drink More Water.

If you must have your meat every day, eat it, but flush your kidneys with salts occasionally, says a noted authority who tells us that meat forms uric acid which almost paralyzes the kidneys in their efforts to expel it from the blood. They become sluggish and weaken, then you suffer with a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, fogginess is coated when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night.

To neutralize these irritating acids, to cleanse the kidneys and flush out the body's urinous waste get four ounces of Jad Salts from any pharmacy here; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate sluggish kidneys, also to neutralize the acids in urine, so it no longer irritates, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure, and makes a delightful effervescent lithia-water drink.

WOMEN'S INSTITUTE.

The Tutela branch of the Women's Institute held their meeting on October 3rd at the home of Mrs. Orlo Fawcett. The meeting opened in the usual manner with the President, Mrs. Hird in the chair. After the business for the day was finished, a most excellent program was given by talented young ladies from the city. Miss Dowling, graduate of the Tines College, Chatham, Miss Widner and Miss C. Montgomery furnished the musical part of the program, giving several selections, both vocal and instrumental, which greatly delighted all present. Mrs. Kirkby gave a most excellent paper on "The Influence of Environment," after which Mrs. A. McFarland of the city gave a most interesting and instructive address on Women's most forcibly how very necessary it is for each and every woman to do their best in order to accomplish the most possible in this most strenuous war time the world has ever known. The call for socks and such like was very great. A hearty vote of thanks was then tendered those who had so kindly taken part, and the meeting closed by singing God Save the King. A dainty lunch was then served by the hostess and the gathering broke up, all having thoroughly enjoyed a very pleasant and profitable time together.

John D. Rockefeller filled his pockets with pennies before he went to church last Sunday in Cleveland, O. Later he distributed one to each of hundreds of children attending the annual Sunday school rally.

Lorenzo Martina stood on the Morris Canal tow path at Paterson, N.J., and pressed a revolver to his temple. The shot only singed his hair. He dived into the canal. A policeman hauled him out.

It is of prime importance to your business that the person answering your telephone be pleasant-voiced, polite, intelligent. A curt, snappy answer results in loss of trade.

It is important, too, that your telephone be answered by an employee who is thoroughly posted on the details of your business. It is annoying to call and be answered by someone who will let you tell him everything you have to say and then inform you that you will have to tell the whole story to someone else.

We suggest that you give this matter of incoming telephone calls your careful attention. Many merchants insist on their most experienced employees answering the telephone.

RUSSIA MAKES DEMAND ON CHINA

Representatives of Outer Mongolia Must Not Sit in Chinese Parliament

By Courier Leased Wire.

Peking, Oct. 6.—(Correspondence of the Associated Press)—Russia's demand that representatives of Outer Mongolia shall not be permitted to sit in the Chinese parliament is an indication that Russia does not intend to slacken the hold which it obtained upon Outer Mongolia through its treaty with China, recognizing the autonomy of Outer Mongolia in so far as domestic affairs are concerned.

With Japan encroaching upon Inner Mongolia, as is indicated by the recent riot at Chenshiatun, and with Russia pressing in on Outer Mongolia, Chinese officials are especially uneasy about the intentions of these two powers, particularly in the light of the recent Russo-Japanese treaty in which the two countries agree not to interfere with each other's "special interest" in the Far East.

Prince Kouacheff, the Russian minister, represented to the foreign office that Outer Mongolia being an autonomous government naturally should not participate in the Chinese parliament, but should have an assembly of its own to direct its own internal affairs.

Chinese officials have, apparently, never conceded the absolute autonomy of Outer Mongolia. The foreign office is unwilling to admit that the members designated to represent Mongolia when parliament was first convened in 1913 should not now take their seats.

Further, the question is raised as to the validity of the Russo-Japanese treaty granting autonomy to Outer Mongolia. Republican leaders say the treaty is not valid, as Yuan Shi-kai negotiated it without the ratification of parliament.

Originally twelve Outer Mongolian senators and fifteen Mongolian representatives were designated to sit in the two houses of parliament. Ten were Chinese, five Manchus and twelve Mongolians.

Russia's absolute control of Outer Mongolia is well known to all persons in official life in the Far East. Trading with the enemy regulations in Outer Mongolia is quite the same as they are in Russia. The Hutuktu of Urga, who is the real ruler of Outer Mongolia, is under absolute Russian domination.

So far Outer Mongolia has not officially stated whether it desires to be represented in the Chinese parliament. However, in view of Russia's control of Outer Mongolian affairs, it is believed that the Hutuktu will decline representation at Peking if he is called upon by Russia to make a decision in the matter.

PERMANENT MUSCULAR STRENGTH cannot exist where there is not blood strength. Young men giving attention to muscular development should bear this in mind. Hood's Sarsaparilla gives blood strength and builds up the whole system.

CHILD'S TONGUE BECOMES COATED IF CONSTIPATED

Children love this "fruit laxative," and nothing else cleanses the tender stomach, liver and bowels so nicely. A child simply will not stop playing to empty the bowels, and result is, they become tightly clogged with waste, liver gets sluggish, stomach sour, then your little one becomes cross, half-sick, feverish, don't eat, sleep or act naturally, breath is bad, system full of cold, has sore throat, stomach-ache or diarrhoea. Listen, Mother! See if tongue is coated, then give a teaspoonful of "California Syrup of Figs," and in a few hours all the constipated waste, sour bile and undigested food passes out of the system, and you have a well, playful child again.

Millions of mothers give "California Syrup of Figs" because it is perfectly harmless; children love it, and it never fails to act on the stomach, liver and bowels. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has full directions for babies, children of all ages, and for grown-ups plainly printed on the bottle. Beware of counterfeits sold here. Get the genuine, made by the "California Fig Syrup Company." Refuse any other kind with contempt.

BIG DEMAND FOR SEATS

Many Turned Away in Boston Owing to the Crowds.

Boston, Oct. 6.—Seekers of reserved seats took on the appearance of bleacher crowds yesterday in the scramble for reservations for the world's series baseball games, which begin here on Saturday. They swarmed about the ticket offices at Fenway Park in lines broken often by the eagerness of some enthusiasts to obtain earlier possession of tickets. Women and staid business men vied with messenger boys and others in their effort to gain prominent places in the line. No actual disorder developed, but the police were called upon to re-form lines, and club employees endeavored, unsuccessfully, to placate disappointed applicants who clamored for answers to their written requests for seats.

In all probability, more persons have been disappointed through failure to receive tickets this year than ever before. The fact that the series opens here, and that the third game will be played on Columbus Day, a holiday, if the schedule is followed, has greatly increased the demand. Hundreds of requests have been refused.

CLUBS COMMANDEERED

London, Oct. 6.—(Associated Press Correspondence)—The National Liberal Club and the Constitutional Club, two of the most widely known London clubs, have been commandeered for war administration purposes. Both buildings are close to the war office, and the ministry of munitions. Like all the clubs of London, these two have suffered such a large decrease in membership through the war that the action of the government will inconvenience only a handful of the older members.

THE RED ADMIRAL

"Hello!" said the opera glass elf one day when Jan felt that he must take a look at his mother's opera glasses. "Hello, Jan!" Now the broken lens had been replaced and the elf was safe inside, but the elf pleaded so hard that Jan let him out. "Look," said the elf and there beside him was a splendid sailor in a cocked hat and red velvet uniform and wings, spread magnificently, who said he was the Red Admiral. The elf stared impudently at Jan. "He thought you might like to see his fleet," he said. Now Jan had made up his mind never, never to venture through that golden opera glass tunnel again. There was always a chance that he'd never get back, but when he felt himself shrinking under the elf's magic glance to the size of a fly and knew he could walk into the opera glass if he chose, the temptation was too great. Jan walked into the opera glass and followed the elf and the Red Admiral to the end of the golden tunnel. Through the fairy forest of daisies, Jan climbed upon the Red Admiral's back, the elf opened the window and off they flew. They flew and they flew until they came to a sea of sunset covered with

Jump from Bed in Morning and Drink Hot Water

Tells why everyone should drink hot water each morning before breakfast.

If you wake up with a bad taste, bad breath and tongue is coated; if your head is dull or aching; if what you eat sours and forms gas and acid in the stomach, or you are bilious, get feeling just right, begin inside bathing. Drink before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it. This will flush the poison and toxins from stomach, liver, kidneys and bowels and cleanse, sweeten and purify the entire alimentary tract. Do your inside bathing immediately upon arising in the morning to wash out of the system all the previous day's poisonous waste, gases and sour bile before putting more food into the stomach.

To feel like young folks feel; like you felt before your blood, nerves and muscles became loaded with body impurities, get from your pharmacist a quarter pound of limestone phosphate which is inexpensive and almost-tasteless, except for a sourish twinge which is not unpleasant.

Just as soap and hot water act on the skin, cleansing, sweetening and freshening, so hot water and limestone phosphate act on the stomach, liver, kidneys and bowels. Men and women who are usually constipated, bilious, headachy or have any stomach disorder should begin this inside bathing before breakfast. They are assured they will become real cranks on the subject shortly.

PARIS BOARD OF EDUCATION MEETING

Report of Business Transacted—Other News from Paris.

(From our own correspondent) Paris, Oct. 4.—Last evening a very pleasant time was spent by the members of Balmoral Rebekah Lodge. After the routine business was done, Miss Marie Byrnes, paper on the recent Grand Lodge meeting she had attended at Chatham, which was much enjoyed by all present. Mrs. Harold Mellor and Miss M. Vickers then favored with solos, and Miss Daisy Folger gave several recitations. A social hour was then spent and dainty refreshments were served before leaving.

Mr. and Mrs. Benj. Morgan, who have been spending their wedding trip at Niagara Falls, have returned to town, and are receiving best wishes and hearty congratulations from their many friends. The young couple were married in Hamilton on Saturday, by Adjutant Burton, the bride being Miss Alice Holbach, only daughter of Mr. and Mrs. Geo. Holbach.

Pte. Leonard B. Kitchen, who has been reported killed, is well known to many in town. He was born in Paris 21 years ago, and was the youngest son of Mrs. Jonas Kitchen. Pte. Kitchen received his early education here, but for the past few years he has been living at Souris, Man., and enlisted with the 90th Mounted Rifles at Winnipeg, last year, in June, 1915. Prior to going overseas in November, Pte. Kitchen had been in town for a few days, saying farewell to his old friends.

At the monthly meeting of the Board of Education held Tuesday evening, the following business was transacted, and those present were Chairman, Mr. O. R. Whitby, Messrs. James R. Inkster, Dr. Dunton, J. W. Hilborn, H. C. O'Neil, R. E. Haire and Thomas Munn.

Mr. Thomas Coss has been appointed caretaker of the High School—salary to be \$400 a year. The sum of \$10.00 has been granted towards the field day sports, which are to be held on Friday. The amount of \$72.66 was ordered.

The beautiful autumn days took many Parisians to the Burford Fair, and among them being our worthy friend, Mr. J. H. Fisher, M.P. His many friends were glad to see him out again, after being confined to his home for a number of weeks. His car was surrounded all the time at the Fair grounds by old friends, who were giving him the glad hand. The evangelistic services which are being held this week at the Paris station Mission are being well attended. On Monday evening the Rev. Mr. Adamson spoke, and last evening Rev. Mr. Nicholson had charge of the services, while Rev. E. B. Williams addressed a large congregation this evening. Tomorrow evening Rev. D. A. Armstrong will preach, and the closing meeting on Friday will be in charge of Rev. Mr. Wells.

To the Grave

Mathias Stratford.
 A large number of friends and relatives attended the last sad rites of the late Mr. Mathias Stratford, which took place from the home of his son-in-law, Mr. John Hutchinson, Thursday afternoon. The very impressive services were conducted by Rev. Mr. Baker of Corborne street Church, assisted by Rev. Dr. Linscott. The Pall bearers were sons and sons-in-law. The many floral tributes showed the high esteem in which deceased was held. A notable incident was that all his children, with thirty-nine grandchildren and six great grand children were able to attend the funeral.

MARSHALL TERAUCHI
 New Premier of Japan, succeeding Count Okuma, who has resigned.

Music and Drama

The Chicago News, in speaking of "A Pair of Queens," the farce by Otto Hauerbach, Seymour Brown and Harry Lewis, which is announced for appearance at the Grand Opera House Tuesday Oct. 10th, said that it was the most laughable, amusing and riotous farce seen in that city in twenty years. Miss Amey Leslie, who has no peer as a dramatic critic in America, is sponsor for this statement, and local playgoers will have an opportunity to prove the truth of her assertion when the piece is given a local presentation. "A Pair of Queens" is the third farce with a title suggesting a game of poker to have won success for H. H. Frazee, the famous New York theatrical producer. The first was "A Pair of Sixes"; then came "A Full House," and now "A Pair of Queens" has broken all the laughter and attendance records established by the two former successes.

At the Brant
 Fully in keeping with the high standard of excellence set by the Brant theatre for all of its performances, is the bill which is showing there for the present week-end, and

which includes two of the most novel and best staged vaudeville numbers seen here for some time in this city. The "Three Chums" present a classy singing and musical offering of the highest class, while the comedy singing and dancing bill of Billy Dines and Dolly serves to introduce one of the cleverest novelty singing numbers ever presented in Brantford. The motion pictures are also of exceptionally good quality. Marie Doro being featured to better advantage than perhaps ever before in her latest production "Common Ground." The eleventh installment of the thrilling serial picture "The Iron Claw," sustains the interest of all throughout.

 Rev. Mr. Vais conducted the afternoon service on Sunday.
 A very sad misfortune occurred on Monday night when the barn belonging to Mr. Walter Ash was burned to the ground. Mr. Ash had not threshed yet, all his grain and hay were consumed by the flames. Miss Mary Ash and their hired man are the only ones home at present, as Mr. Ash is out West.
 Miss Edith Wheeler spent Sunday at Maple Grove.
 A large number from here attended the Burford Fair on Wednesday.

The young ladies Sunday school class met at Miss Eva Campbell's for their last meeting. A very enjoyable afternoon was spent discussing class work, after which a dainty luncheon was served. The meeting closed by a hearty vote of thanks being given to the hostess.
 Mr. George Houlding has been troubled with asthma since his return from the west.
 Master Kilbourne Campbell is the guest of his uncle, Mr. David Campbell.
 The rural school Fair proved a big success to the children on Thursday. Many of them obtaining prizes.
 Miss Eva Campbell was the guest of Miss Florence Tomlinson on Sunday.
 Miss I. Chapin spent Sunday at Newport, the guest of the Misses Wheeler.
 Miss Gladys Smith visited at Mrs. Lyman Chapin's on Wednesday.

NEWS NOTES

A fight to break the will of his mother, Mrs. Catherine L. Morrow, who died in London a year ago, leaving two-thirds of her fortune of \$1,500,000 to the two children of his sister, the Princess de Chimay, and one-third to his own daughter, was begun by Eber R. Ward in Chicago.
 A contract for a great scheme of railroad building in China, which may involve the spending of \$100,000,000 or more, was signed recently by the American International Corporation, the Siemens-Carey Railway and Canal Company and the Chinese Government. Construction is to be financed by Chinese Government bonds to be issued through the American International Corporation.

SIR SAM HUGHES

And Premier Hurst Return from Old Land.

Minister of Militia in Statement Thinks German Spirit Is Broken.

Hullfax, Oct. 6.—Major-General Sir Sam Hughes arrived here yesterday afternoon, and lost no time in hurrying off for Ottawa. He came ashore in the tender at 4:30 o'clock, and immediately motored to North Street station, and at 5 o'clock his special train was on the way. He was accompanied by his military entourage, and by Sir William Mackenzie and D. B. Hanna of the Canadian Northern Railway, both of whom returned from England on the same steamer.

Premier Hearst, who also returned, was met here by Mrs. Hearst and party. He remained here in Halifax, and will leave for Toronto in the Ontario Government private car tomorrow. He declined to be interviewed.

Statement by Sir Sam Hughes before leaving for Ottawa, the Minister of Militia handed out the following statement:

"I am not a prophet, but I can say that the spirit of the German soldier is being broken. The British alone have captured since the first of July, upwards of 2,000 prisoners, with many months' war material. One officer told me that within a very small compass—a few hundred yards of trenches—upwards of 2,000 German dead and several hundred wounded unable to escape covered the ground. Another officer said: 'One regiment of German which was wiped out by the Canadians the other day had been formed only two weeks previously from the remnants of ten crack German regiments, and yet they disappeared.'"

Long Road, but Germans Restless.

"This war will be won by pounding and it is a long road to Berlin. The German people, however, are becoming very restless. I believe before many months a rebellion must break out against Kaiserism throughout the length and breadth of the German Empire."

"The urgent reforms in England, which had planned last spring, have now been carried out. Owing to the great growth in the service, the prolongation of the war and the de-

struction of practical systems, certain changes have been effected, with much saving in cost.

"Co-ordination of Training." In addition to the reforms referred to, the chief are those relating to the securing of more rest for our troops at the front, and at the same time to effect improvements in the training.

"Also with regard to the question of training, the result has been a greater co-ordination of the various departments of the training between Canada and England, and the Secretary of State for War, the Right Hon. David Lloyd George, Sir William Robertson, General Whigham and other leading War Office officials, together with the Commander-in-chief, Sir Douglas Haig, and our own corps, divisional and brigade commanders at the front.

Allies Too Much for Germany

"Britain is stronger on sea now than at the beginning of the war. The Kaiser's submarine's may reach British waters and do some slight damage, but they seldom return home. Her Zeppelins have proven to be vulnerable. I have seen two of them brought down. At the front we have the mastery in Artillery; we have always had it in manhood. The result is that foot by foot, mile by mile, the allied front-plug and doggedness have proved too much for the Imperial Guards. I have been over mile on mile of German fortifications, surpassing in strength any fortress we constructed.

"To-day, however, the allies have to face breech-loading rifles, bombs, machine guns and all classes of artillery firing high explosives, yet everything goes down before the onrush of the soldiers of Britain, of France, of Canada, of Australia, New Zealand, South Africa and Newfoundland. In fact of all the allies, I have seen German dugouts thirty and forty deep, each capable of holding hundreds of men, yet these have been taken for mile upon mile.

Gallant Deeds Second to None

"Such heroism and manhood have never before been experienced. Nothing can keep our boys from the firing line. The full story of the gallant deeds and the successes of Canadians on the front will be made public in detail in due time; but they stand out, as the Right Hon. Lloyd George and all under him state, as second to none, and rivalled only by the historic British Guards.

"The men at the front expect much from the people of Canada. They are giving up their lives and those at home must live up to the noble ideal set by them by the gallant Canadian lads who are fighting for freedom on the soil of France. Canada, must, therefore, continue to do her duty."

TWO AMERICANS ESCAPE

They Rendered Conscience and K of Jailer Cook—the Governor's Out by the Front Wanted For Description of the B

One of the most sensational in the County, occurred this morning J. Y. Brown, and Jailor American desperadoes, incarcerated County of Oxford.

The culprits were taken into Paris for the offence named. Some idea of how desperate the fact that it took four men, two of them American, to get them out of identification purposes.

According to custom, about breakfast to three prisoners, were the horse thieves. Mr. B. the door leading into the corridor after attending to the messenger and the Governor had so, when the two men seized attacked the officials. Mr. C. Co face which sent him flying across the corridor and the Governor was promptly entered upon, ported.

The jail officials are in a state of consternation. The jailer was taken unawares and was unable to put a burly yard desperate opponent. Mr. Cook lost several teeth in the fight.

The principals in the case are thought to be wanted in Philadelphia.

The desperadoes evidently first went into the cook kitchen, but seeing the door was locked, they attacked the jailer, who leads to Governor Brown's residence. It was only a spring lock on this which only took a few moments to break that open. The chances were that they did not know where the door led to, but they took a chance and found themselves in the way of the Governor's house.

Mrs. Brown, upstairs, heard the smashing of the door, and rushed to the head of the stairway was in to see the pair run down the hall and unlock the front door. She rushed downstairs to the phone in the ad to get the police station, and Courier man stated that there was a delay in answering at Central. The men said nothing at all to her. Meanwhile they had gained free air once more and run pell speed along the jail wall were seen to turn the corner, keeping up a record pace.

They were not in prison garb, wore ordinary suits with smart wares.

On questioning Woodstock, Ontario, it is believed that the horse stolen from London. They abandoned the animal and took another from the stable of Mr. W. Briggs, and made off with this outfit.

Chief Pelker, Chief Clerk of the Sheriff's office, stated that two shady characters were asleep on the roof towards Etobicoke, and that they had a horse and rig alongside. He and an auto and took the night. The man, Stewart along with him, they started to apprehend them. The officers had all their might when the occupants of a vehicle gave them a hand, and the culprits were handcuffed and taken to Paris, later on becoming traitors.
