AUSTRALIA PROSPERS

New Cabinet Members.—Sketch of the Premier.

Melbourne, April 28.—The Commonwealth Socialist cabinet is arranged as follows—Premier and treasurer, Fisher; Attorney-General, Hughes; external affairs, Bathcote; defence, Pearce; postmaster general, Thomas; trade and customs, Tudor; home affairs, O'Malley; vice-president of the executive council, McGregor; honorary ministers, Fraser and Findlay.

Hon. Andrew Fisher, who has become Australian Premier for the second time, is a Scotsman, having been born at Kilmarnock in 1862. When twenty-three years of age he emigrated to Queensland, where he worked on a number of years as a gold digger and prospector. In 1883 he entered the Queensland Parliament, and six years later became Minister of Railways in the Dawson Ministry. In 1901 he was elected to the first Commonwealth Parliament, and with the formation of the first Labor Ministry under Mr. Weston in April, 1904, became for a second time Minister, taking the portfolio of Trade and Customs. The Ministry was of short duration, and on the resignation by Mr. Watson in October, 1907, of the post of leader of the Labor party, Mr. Fisher was elected to succeed him. Mr. Fisher came into power again in November, 1908, following the defeat of the Deakin Government, but was defeated by a Liberal-conservative fusion in May, 1909.

TRADE

The reports of the Commonwealth for March, were \$4,907,000, an increase of \$253,000 over March, 1909. The exports were \$3,255,000, an increase of \$382,000.

A BIG WASHOUT

Campbellton, N. B., April 27.—A serious washout has occurred on the International Railway at a place called Grog Brook, about 25 miles from here. Nearly half a mile of track has been washed away by the unusually high freshet caused by the recent heavy rains.

TIMBER LIMITS AND MILL SOLD

Rexton, N. B., April 25.—The Swedish Lumber Company, who have for the past few years been doing extensive lumber business in this province, have purchased from Curran Bros., their large band sawmill here, their lumber lands in this county, and all the sawn lumber at the mill. Negotiations have been going on for some months, but have just now been completed. The Swedish company last year bought a large area of lumber land in the vicinity of Kent Junction.

FOR RHEUMATISM it is not necessary to go to Hot Springs. Just use "The D. & L." Menthol Plaster and results will be satisfactory. 25c. at druggists. Eavis & Lawrence Co., manufacturers.

PEACE RESTORED AT SYDNEY, C. B.

The Men Agree Unanimously To Resume Work So the Big Strike is Over.

Sydney, April 28.—Yesterday afternoon and evening the members of the U. M. W. resident at the various mines of the Dominion Coal Co. met in their Locals and decided by unanimous vote to bring the strike to an end. The news that the long struggle is ended and that peace has been restored will cause general rejoicing. Hardship and suffering and financial loss are the inseparable accompaniments of unfortunate conflicts of this nature, but there is nothing to be gained by recounting these things in detail or in reviewing the wrongs and wrongs of either side. The great outstanding fact is that the strike is over and, therefore, gladness fills the hearts of a multitude of people. All will unite in the earnest hope that the industrial harmony now begun may not be disturbed for many a long day to come.

Glouce Bay, April 28.—The great colliery strike is over. All the bitter wranglings and fierce internecine strife which camped along the trail of the great labor war is at an end. The men will return to work at the earliest opportunity, and in the joy of work the past will soon be forgotten. The three great contenders in the recent battle—the Dominion Coal Company, the United Mine Workers of America, and members of the Provincial Workmen's Association will join hands in all good fellowship, and in a few short weeks nothing will live but a hazy memory of a cloudy past that cannot be too soon forgotten.

INTENSE INTEREST TAKEN

The strike is over! Late this afternoon and far into the night excited and eager throngs moved about the windswept and snow splashed streets of the colliery towns, counting over the events of the day, discussing animatedly this latest phase and unexpected turn of affairs. A heavy veil appeared to be lifted from the very souls of the people, and if there was a single individual who was not perfectly satisfied with the turn affairs had taken, your correspondent did not run across him.

THE GOOD NEWS

About four o'clock this afternoon word was passed about Glouce Bay that the U. M. W. officials had decided to call the strike off, and that just as soon as they felt like it, members of that organization could apply for work at the different collieries. Immediately there was a ripple of excitement discernible and little knots of miners began to congregate at the street corners to discuss the latest move on the labor board.

GOING BACK TO WORK

The writer was not an eye witness of the following incident, but has it on good authority that before five o'clock this afternoon upwards of one hundred U. M. W. men had applied for their old positions at Calcedonia mine. The applicants for work were greeted kindly by the manager of that pit and told that up-to-date he had no official instructions to take on any more men, but he had no doubt if they applied at headquarters, places would be found for them. My informant also said that similar requests for work were made at nearly all the other collieries.

It is estimated that there are at present between 1500 and 2000 United Mine Workers out of work, and it will take some time before they can all be suitably placed.

THE FACT IS ENOUGH

The strike is ended! That is the cry which goes ringing through the streets of the coal towns tonight, and a prayer of thankfulness wells up from the hearts of the people that the great labor war has ended. Particularly do the women and children join in offering up blessings on this occasion, as on their shoulders rested the greater weight of the burden and sorrow which followed in the wake of the labor difficulty.

It is immaterial who brought the trouble to a close the fact remains that the strike has ended and therein lies cause for general rejoicing. For nine months the great fight for supremacy has been waged and now that it has finished it is the unanimous wish that the past be buried in deepest oblivion.

WHAT A U. M. W. OFFICIAL SAYS

Discussing the situation with Mr. Hargrove he said that "the considered settlement a fair one and accepted by the locals of the U. M. W. Briefly, it stands that the strikers will be taken back and no discrimination will be made against any miner on account of the strike or because he belongs to the union. The Company will receive committees of the men and any dispute or grievance will be heard, if necessary, by the manager. The Company will not recognize the U. M. W. A. as such, and no dues will be collected by the Company for the union. The available houses will be given to the men and some equitable and perhaps generous settlement of arrears of rent will be made."

CONFIDENCE IN MR. McDOUGALL

The officials of the U. M. W. express the fullest confidence in the present management. For three months matters have been slowly broadening down to a point where agreeable and friendly discussion of the situation was possible. Everyone seems to have the utmost confidence in Mr. D. H. McDougall, and he is spoken of by the officials of the U. M. W. as a perfect gentleman. Under such conditions the way appears open for the termination of the strike in a way that will not leave any root of bitterness to foster and ferment future trouble.

WHAT THE STRIKE COST

Mr. Hargrove further said: "Roughly speaking the U. M. W. have spent about \$700,000 in the strike which estimate does not include many incidental outlays. The union has provided food, clothing, houses, medicine, and to a large extent, fuel for the strikers."

OPINION OF BUSINESS MEN

Some of the business men of Glouce Bay say that business has been good during the whole of the strike period. One man said that he considered this a boom year in business in Glouce Bay.

The U. M. W. officials will leave next week and matters will then settle into the old routine.

COLONIAL STOCK COMPANY COMING

Will Appear in Newcastle Opera House All Next Week.

Leah Kleeschna, the great melodrama, was presented by the Colonial Stock Company to a large and fashionable audience in the Opera House last night. Leah Kleeschna, is the play that Mrs. Fiske has made famous in New York, London and other places. There are five acts and from the rise to the fall of the curtain everyone of these is intensely dramatic and strikingly thrilling. The whole cast of the Colonial Stock Co. seventeen people were required to put on the play and the scenery and stage settings and costumes were all in harmony, at times the effect was very beautiful. This company have given many performances in Charlottetown and have had the satisfaction of breaking the record in regard to audiences at our theatre. They have never presented a greater play than a more excellently acted one than that of Leah Kleeschna.

to the larger cities and it is not to be wondered at that the Colonial Stock Co. draw such splendid houses in all the parts of the Maritime Province and elsewhere that they visit. Mr. Hartman's announcement before the curtain that, by request and in view of the very kindly manner in which the Company had been received in Charlottetown, they have decided to stay another week, was greeted with rounds of applause. They have met with abundant success here as elsewhere and it must be admitted that their performances deserve it.—Charlottetown Patriot. The Colonial Stock Company is booked to appear in the Campbellton Opera House for one week commencing May 9th. No doubt they will get bumper houses, as this is without a doubt one of the best repertoire companies that the people of Newcastle have had the pleasure of hearing.

BIG TIMBER DEAL IN NEWFOUNDLAND

Americans Secure Vast Tract—Nearly 9,000,000 Acres of Spruce Lands Taken Over—Estimated to Have 50,000,000 Cords of Pulpwood Standing.

Bangor, Me., April 27.—Details of the Anglo-American Development Company's recent deal in Labrador timber lands were made public here today by Chas. D. Stanford and R. H. Wing, of Bangor, who are members of the syndicate that has acquired the rights obtained by the Anglo-American Company from the Newfoundland government. The tract comprises 13,853 square miles, or 8,865,000 acres, densely covered with spruce, the present stand being estimated conservatively at thirty billion feet, equal to 50,000,000 cords of pulpwood.

For the right to cut over this territory for the period of fifty years, with the privilege of forty-nine years' renewal, the Anglo-American Company, organized last August at St. John's Nfld., contracted to pay to the Newfoundland government a rental amounting to \$4 per square mile for the first year and \$2 per square mile for each subsequent year, and the syndicate which has taken over the lease has just paid the first year's rental amounting to \$65,412. The syndicate composed of twenty-four New York capitalists and Messrs. Stanford and Wing, of Bangor, will develop the tract as soon as surveys can be made and water powers improved, the purpose being to manufacture the timber into pulp, as the export of pulpwood is prohibited. The tract acquired is about equal in extent to the state of Massachusetts, or to the entire area of Maine's timber lands, and the supply of timber thereon is practically inexhaustible.

YOU WON'T KNOW THE PEACE

St. John Exhibition Grounds to be Transformed for Dominion Exhibition

Visitors to St. John at Exhibitions in past years are quite familiar with the general aspect of the Fair grounds—the buildings and general surroundings—but this year when Canada's National Exposition, the Dominion Fair, takes place from September 5th to 15th, the conditions both outdoors and indoors, will be so greatly changed that former visitors will think they have arrived at a new place. Heretofore the open area between buildings has been exposed to the sea breezes of the Bay of Fundy, which at night, particularly, has frequently proved an uncomfortable condition; but heretofore the new Horticultural building, immense Grand Stand and Pike structures will close in the exposed side of the field, converting the grounds into a court or enclosure. The new Horticultural building, to be 150 feet long by 60 feet wide, and 3 stories in height, is planned to adjoin the wing of the Main Industrial building, running in an easterly direction towards Courtenay Bay. The new Grand Stand, to be 208 feet by 40 feet deep, with accommodations for 1,750 people, is to be situated in the south east corner of the area, nearly directly opposite the old Grand Stand, which has been torn down by the Dominion military authority to make room for an

CHINESE PRINCE IN WASHINGTON

Chief of Staff of Chinese Army is Studying Military Methods

Washington, April 28.—His Imperial Highness Prince Asat To, brother of the Prince Regent of China, chief of staff of the Chinese army and uncle of the Chinese Emperor, who is making a tour of the world on a mission of vital importance to the future of the Chinese Empire, arrived in Washington today. A troop of cavalry and Chandler Halo, assistant secretary of state, representing the state department, and Capt. Butt, the president's aide, representing President Taft, took the Prince in charge. During his stay in Washington until Saturday night, functions in his honor will be numerous. Ten officers of the Chinese army accompany the Prince. They are making a study of military methods in Europe and America. Saturday night the Chinese minister will give a dinner and Sunday morning the Imperial party will leave for New York. They leave for England on May 5.

FEATHERWEIGHT

San Francisco, April 27.—It was agreed last night by Charley Harvey, representing Jim Driscoll and Ben Selig, acting for Abe Attell, that the two little fighters who are to battle for the featherweight championship at Cofroth's arena in Colma. They will weigh in at 126 pounds. Four hours before the fight. This is the recognized featherweight limit in England.

JEFFRIES BOXED SIX FAST ROUNDS

Ben Lomond, Calif., April 27.—Jim Jeffries, after the light training of the past two days, has resumed his work with eagerness. Accompanied by Bob Armstrong, Farmer Burns and Joe Choynski, he started at dawn yesterday on ten miles of regular road work between the big trees and Ben Lomond, Billy Papke going over part of the run. Jeffries got into light costume in the gymnasium and worked with the chest weights, medicine ball and skipping the rope. His program for the afternoon included five or six rounds of fast sparring with Sam Berger, Armstrong and Choynski.

BABY CRIED CONTINUALLY.

Mrs. Eugene Gagnon, L'Islet Station, Que., says: "I believe Baby's Own Tablets the best medicine in the world for little ones. I have given them to my baby for colic, constipation and sometimes for breaking up a fever, and I have never known them to fail in giving prompt relief. Before I began the use of the Tablets my baby was very thin and cried continually. Since then she has grown splendidly and is plump and healthy. I also gave the Tablets to my four years old child who suffered frequently from convulsions and they made a permanent cure. When I have Baby's Own Tablets in the house I feel safe, and I advise other mothers also to keep them on hand." Sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Friday, Calvin Austin 7 p. m. direct.
Saturday, Gov. Dingley, 7 p. m. direct.

Connection will be made here with the railways and steamship lines for all points in New Brunswick, Nova Scotia, P. E. Island and Newfoundland.

This will be the best service ever given between St. John and Boston and the steamship people anticipate a much bigger traffic than in any previous year.

AYLESWORTH'S REMOVAL ASKED

Brotherhood of Ralph Connor's Church Protests Against Release of Traffickers in Obscene Pictures

Winnipeg, April 25—The brotherhood of St. Stephen's church, of which Rev. C. W. Gordon (Ralph Connor) is pastor, decided at a meeting yesterday afternoon to wire to Sir Wilfrid Laurier, protesting against the release from Ontario Central prison of King and Skilt, who were charged with trafficking in obscene pictures and immoral books. The brotherhood also voted in favor of asking Sir Wilfrid to remove Hon. A. B. Aylesworth from office. The matter was referred to by Dr. Gordon in his morning sermon, when he severely condemned the action of Mr. Aylesworth, and in the afternoon it was again brought up by Dr. Gordon, when it was decided to wire the premier.

ONTARIO MURDER TRIAL MAY PROVIDE BIG SENSATION

Fenton Mystery at Hamilton is Engaging Attention of Many Experts

BLOODY PRINTS OF MAN'S FINGERS

They Were Found on the Barn Door And Are Taken to be Very Important

Hamilton, Ont., April 28—Interesting developments are promised tomorrow night when the coroner's jury begins probing the Elijah Fenton mystery. The police promise to spring a sensation. It is possible that the finger print expert in charge of the Dominion Bureau at Ottawa will be called upon to examine the bloody finger prints on the barn door. The jurors attach the greatest importance to these. It was these marks more than anything else that convinced them that murder had been committed. Dr. Green's explanation that possibly he made them after handling the body, although he would not be sure, leaves the question of how the marks came there open. If Dr. Green did not cause them old Fenton's slayer must have. Dr. Edgar, who had charge of the autopsy, is a medical expert who has figured in several notable cases, including the Barton murder mystery, the trial of Mrs. Mattie Perkins at Cayuga, and the Kinrade case.

Amatite ROOFING

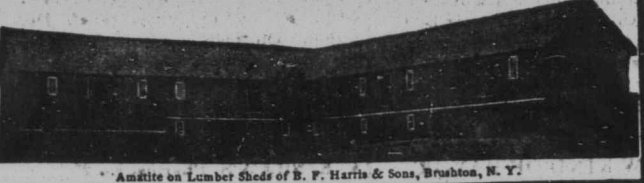

A Frank Statement
 HOW many manufacturers of ready roofing will tell you frankly how their goods are made? They will talk about "secret formulas," "special waterproofing compounds," etc.—all nonsense. They don't tell you what the goods are made of because they don't dare.

From the start we have never hesitated to tell the buying public just what Amatite is made of and just what it will do.

How Amatite is Made
 Amatite is made of two layers of Coal Tar Pitch—the greatest waterproofing material known. Alternating with these two layers of pitch are two layers of coal-tar-saturated wool felt to give it tensile strength.

On top of these four layers is a real mineral surface—five layers of protection. The mineral surface is permanent, fireproof, and absolutely requires no painting.

It Needs No Painting
 Roofings that require painting are a worry and an expense. Every year or two you have to climb up and give them a coating with some special compound sold by the manufacturers, or you are pretty sure to have a leaky roof.

SHOT KING TO COVER BURGLARY

Pittsburg, Pa., April 27—Bobt. King, one of the men shot by the robbers of the Victor Bank, McKees Rocks, and who says that he knows both of the robber murderers, and that he was shot by them to prevent him from revealing their identity, is locked up in the north side central police station, while his story is being investigated. King was picked up on the street early today weak and emaciated, having been discharged from the Ohio Valley hospital at McKees Rocks last night, after recovering from a wound in the groin. He says one of the robbers is named Brown, and that he was approached a month ago with the plan to rob the bank. Immediately after the robbery, according to King, as Brown was fleeing he saw and shot at him to prevent revealing any knowledge of the plot. King says if he was shown pictures he could pick the men who are implicated in the robbery.

SIXTEEN-YEAR-OLD GIRL FIREBUG

NewPort, R. I., April 26—Anna Fox, a pretty sixteen-year-old girl, confessed to the local police to-night that she is the "fire bug" who, by setting three fires in almost as many days, has terrorized the household of George W. Ritchie, in this city. The girl, who was employed as a maid in the Ritchie house, explained her attempts at arson by saying, the police assert, that she was subject to violent nervous attacks, during which she experienced an irresistible desire to put something aflame.

TORONTO MAN'S HOODOO DAY

Toronto, April 27—Released in 1906 after serving nine years of a twenty year sentence for man slaughter of his wife, Samuel Powatt was this morning before Magistrate Denison in the police court, for committing a brutal assault on his second wife, with the prospect of having his parole repealed. Should he be convicted of this last assault, he will have to serve the remainder of his sentence which will mean a further seven years.

May fourth has been Samuel Rowatt's fatal day. The fatal assault was committed on May 3, 1897. His first wife died as the result on May 4th, 1898. He was released from Kingston Penitentiary on May 4th, 1906. He married his present wife on May 4th a year ago, and will come up for sentence on May 4th next.

RACING MAN DEAD

New York, April 27—Jack Hathaway, once widely known as a racing man, book maker, and pool room proprietor, is dead here. He shot himself last evening in the temple in a Brooklyn saloon. Ever since the restrictions on betting in this state he has been despondent. He was 50 years old.

BRAZIL SENATE APPROVES TREATY

Rio Janeiro, April 27—The Brazilian senate has approved by a unanimous vote, the treaty signed by Brazil and Uruguay in October last by which Brazil cedes to Uruguay a part of the waters and the Island of Lake Mirim and of the Jaguarao River.

The chamber of deputies had already approved this treaty. Uruguay is accorded free navigation for merchant and war vessels between the lake and the ocean by the Brazilian waters of Samgonaolo and the Rio Grande. These concessions have been made voluntarily by Brazil without any compensation whatever.

WOLTER GOES TO CHAIR JUNE 26

New York, April 27—Albert W. Wolter, convicted of the murder of little Ruth Wheeler, was sentenced today by Judge Foster in general sessions to die in the electric chair in Sing Sing Prison some time during the week beginning June 6. The condemned man displayed a languid interest in the court proceedings.

FATAL ACCIDENT NEAR CAMPBELLTON

Young Man Repairing Machinery Gets Caught in Shaft and Instantly Killed.

Campbellton, N. B., April 27—Last evening Adolore Normand, of Listel, near Quebec, was fatally injured at Rumond & Co.'s mill, about seventeen miles from Campbellton on the Intercolonial Railway.

Normand after the work of the day was done, was doing some repair work about the driving belts, the engine was running slowly and he was pulling on a large leather belt when he was caught and carried around the shaft, being instantly killed. A yellow workman named Couillard was injured in trying to release Normand, but not very seriously. Word was sent out by telephone, and a special train with Dr. Pinault on board, went out to the scene of the accident. The body was brought out and forwarded to the young man's home.

International Paper Company Chartered Two Steamers to Carry Raw Material from Chatham, N. B.

Boston, April 27—The International Paper Company has chartered two steamers to be used in the pulp carrying business. The steamer Fram will load at Chatham, N. B., and will unload at Portland with the first cargo May 8. The other steamer is the Skogstadt.

The company will not be affected by the order prohibiting the exporting of pulpwood cut on crown lands in Quebec, as the area from which the pulpwood is cut is all in New Brunswick.

THE LAST RESORT

When all else failed, the Doctors said, "try Fruit-a-tives" And "Fruit-a-tives" cured Mrs. Cadieux

PLANTAGENET, ONT., JANUARY 31st, 1910.
 "About March 1st 1909, I was taken deathly sick with Stomach Trouble, Backache and General Breakdown. I failed from 125 pounds down to 80 pounds, was confined to bed for eight weeks, and was unable to eat or keep anything on my stomach, vomiting nearly all the time. I expected to die, and took many remedies as well as employing different physicians. The doctors said they could do nothing for me and, as a last resort, one of the doctors told me "to try Fruit-a-tives—if they would not cure me, nothing would".

Mrs. LAURENT CADIEUX

My husband bought "Fruit-a-tives" from Mr. Arthur Roleau, merchant of Plantagenet, and I started taking them at once, and inside of ten days, I was able to leave my bed. My stomach got strong and I could eat and retain my food. I gained rapidly and soon had my usual good health back again, and today I weigh as much as ever, 125 pounds."

Mrs. LAURENT CADIEUX.
 Even the doctors are recommending "Fruit-a-tives". They realize now that these wonderful fruit juice tablets will positively cure all Stomach Troubles, Indigestion, Dyspepsia, and they are using "Fruit-a-tives" in their practice.

Few people realize the great importance of keeping the blood pure. Impure blood is the chief cause of Stomach Trouble, because it is from the blood that the stomach obtains the fluid which digests food. When the blood is laden with impurities, the dissolving fluid (or Gastric Juice) will be impure. These impurities may come from a congested liver, from Constipation, from weak kidneys, from an inactive skin, or from all four. Naturally, the ordinary "digestive powders" and "pepsin tablets" will not cure the trouble, because they only help to dissolve the food—they do not get to the seat of the trouble. "Fruit-a-tives" is the greatest remedy ever discovered for all forms of Indigestion, Dyspepsia and other Stomach Disorders, because "Fruit-a-tives" is unequalled as a blood-purifying medicine. "Fruit-a-tives" acts directly on the liver, regulates the bowels, strengthens the kidneys, stimulates the skin, and thus rids the whole system of all impurities. "Fruit-a-tives" will positively cure you of any kind of Indigestion. "Fruit-a-tives" is sold by all dealers at 50c a box, 6 for \$2.50 or trial size, 25c. If you are unable to obtain "Fruit-a-tives" conveniently, do not accept substitutes but send to "Fruit-a-tives" Limited, Ottawa and the regular size packages will be mailed you, postpaid, on receipt of price.

Here's the Truth, Madam, About Brown Breads

A prejudice, is an imaginary truth surrounded by falsehood. Which reminds you of the Brown Bread prejudice, the Whole Wheat idea and the Food Fads.

If, Madam, you will kindly introduce us to the brilliant individual who started the fallacy that Brown Breads is sounder, more substantial, more sustaining than White Bread made, say from FIVE ROSES flour, we will gladly undertake to put him right. For, you see, we deny the allegation and, if necessary, would face the—"allegator".

This is the how of it, Madam. Brown or "Graham" Bread is made from Graham Flour. Which, of course, is just common flour with the Bran added—lots of it, from 25 to 100 per cent, maybe.

New, Bran is nothing but the woody fibrous husks of the wheat berry which are utterly indigestible in the human food tube, and therefore absolutely useless as nutrients. Might as well eat an orange plus the skin, a banana plus the peel, a cocconut plus the shell.

So that, Madam, if YOUR brown bread contains 25 to 80 per cent. Bran, worse than useless as food, it's a very costly fad. Aren't you paying too much for your whistie?

Then think that white bread made from FIVE ROSES flour contains no waste at all, being 100 per cent. pure nutrition.

Moreover, the sharp, horny particles in bran-charged flour (Graham) tend to irritate the alimentary tract. A few attempts to eat brown bread three times daily with "nutritional" bran very quickly resulted in setting up a diarrhoea with well-marked disturbance of the stomach. This was one of the many valuable "contributions to science of Sir Lauder Brunton who established the fact of this cumulative irritating effect and even gave to the resultant "irritation" the name of "BROWN BREAD GASTRITIS".

This, Madam, lest you lend too ready an ear to calumnies against White Flour.

For we make FIVE ROSES, and from it YOU can make bread infinitely more substantial, sounder, tastier, more nourishing, more digestible and healthful than the very best of brown or whole wheat breads.

Ay, Madam, and infinitely cheaper for it's impossible to purify the low-grade flour and bran in brown bread like we clean FIVE ROSES. Our word is truth.

NEWCASTLE, N. B., MAY 3, 1910

the height of human ambition and happiness is reached for them, when the old father and mother, occupying the seats of honour in the church, are the first to receive the sacrament at the hands of the child whom they have given to God, when he celebrates his first mass.

In no family are the ties of filial attachment stronger than in that of the habitant, and not alone in the case of patriarchal times perpetuated. One of the most touching customs of some old Canadian families is that observed on New Year's Day, the great social festival of the French-Canadians, known as La Benediction Paternelle—the father's blessing of his children.

Another record of earlier date tells of Pierre Boucher, who was Governor of Three Rivers in 1653, the father of fifteen children. He died in 1717 at the age of ninety-five, blessing on New Year's Day the kneeling group of sons and daughters, all listening to the words of wisdom and kindness falling from his venerable lips.

Despite the cares and the responsibilities of maternity, there are few more active, more helpful or more light-hearted companions than the habitant wife or mother. "La Belle Canadienne," they call her, and how well she deserves the compliment! How attractive she is, all those who have travelled in the Province of Quebec know, and those who have not, should come and see.

The habitant is prouder of his large family of children than of any other of his worldly possessions. The poorer he is, the more delighted he appears to be with them. And the more numerous his family, the greater number of willing workers there are upon the farm.

There is no problem of increased cost of food if you eat more Quaker Oats. An ideal food; delicious; appetizing; strengthening. Compared with other foods Quaker Oats costs almost nothing and yet it builds the best.

ECZEMA IS CAUSED BY IMPURE BLOOD

It is Banished by Dr. Williams' Pink Pills Because They Make Good Blood.

Ask any doctor and he will tell you that eczema is caused by impurities in the blood; that nothing can cure it that does not reach the blood—that outward applications are worthless. That is the reason why Dr. Williams' Pink Pills have always proved so successful—they act on the blood, and in acting on the blood they banish those eruptions and pimples, relieve the irritation and itching and give perfect health. They have cured thousands of cases where poor blood has resulted in disease. Among those they have cured is Mrs. James Wilkins, Aylmer, Ont., who says: "I suffered a good deal with eczema and did not get anything to help me until I took Dr. Williams' Pink Pills. These freed my blood of all impurities and gave me speedy relief. I am, therefore, naturally very enthusiastic in praise of these pills."

A medicine that can make rich, red blood will cure anaemia, rheumatism, eczema, neuralgia, indigestion, heart palpitation, the ills of girlhood and of womanhood and a host of other troubles—simply because these troubles are the result of bad blood—that is why they always cure the above troubles and bring the glow of health to pale cheeks. Sold by all medicine dealers or direct at 50 cents a box or six boxes for \$2.50, from The Dr. Williams' Medicine Co., Brockville, Ont.

Editor's Mail

Letter From Ald. Butler.

Dear Sir:—I see that my enemy "Voter" is still keeping in the fight about my qualification as an Alderman. This lineal descendant of the false thing that moved on its belly in the garden of Eden, has no longer any answer to offer to my argument, as to my legal status in the town; and is therefore compelled to content his ill concealed chagrin with hissing over his forked tongue the fumes of a vile slander, that he dare not articulate, which for the third time he has put in press in the several newspapers which have allowed him space.

The same thing talks about the Pharisee of old. I don't teach Sunday school, but the human shape of animal constitution and serpent soul, who does so part of the first day and spends the balance of it in conjuring up slanders, using what legal ability he has in keeping clear of prosecution should be the last to talk of Pharisee or Pulpitman. I hope the little children who come under his teaching will not imbibe the spirit of his teacher.

This species of life in human shape, a Uglia Heap at heart, without his brains, gives out his vile insinuations, while wiggling away to hide his venomous head from the heat of virtue and justice. The auxiliary of Mr. "Voter," (if not the same, changing his skin in season, in accordance with the nature of his kind,) is a more decent liar. He at least says what he intends to say, whether he believes it or not, and one may contradict, or if a libel, may prosecute.

I presume he will concede that since I have survived the "deluge" I must have been embarked in the Ark of righteousness. This fellow "Townsmen" says I reside four miles outside the town limit. Please tell him to look up the geography of his parish. He's wrong, even on his own contentions; but by all logical reasoning and legal interpretation, my property is in the town of Newcastle.

This expert on medical jurisprudence places me on the imbecile list; but after carrying round a protest which he was ashamed or afraid to sign, died the death of all weaklings, who seek to accomplish something that neither law nor justice justifies; and the fact that even the offered bribe of ten dollars for a man to protest would not draw one high or low who would be a party to a protest against me, is sufficient evidence of my qualification and the town's confidence.

I cannot understand why my position as a candidate for Alderman, by the people's vote, so much worries a certain class of individuals in our town. My good friend "Townsmen" cannot understand how a man can do anything for the public good unless he is paid for it; and borrows the brains of the poet philosopher Young to picture the acrony of this fellow Butler. I am sorry if my patriotism has deprived a hungry Lawyer of something he did not know how to earn; but the deed is done. I can't help him out now. My word is my bond, and if I can keep it I will, and I think I can.

This comat wanderer of the literary heaven, without name, thinks it an oddity that I should dislike the anonymous writer. I may be an oddity, but all the world loves the man who says what he believes and

believes what he says; and dislikes the coward, who has not the courage of his convictions near the mainline, to show his grey nose outside the hole where he nibbles his slanders and other crumb.

Yours respectfully, T. W. BUTLER. DEATH OR LUNACY seemed the only alternative for a well-known and highly respected lady of Wingham, Ont., who had travelled over two continents in a vain search for a cure for nervous debility and dyspepsia. A friend recommended South American Nervine. One bottle helped, six bottles cured, and her own written testimony closes with these words: "It has saved my life." Sold by A. E. SHAW'S Pharmacy.—20

NEW KIND OF MAYOR. Emil Seidel, the recently elected Socialist Mayor of Milwaukee, will carry out his principles in his own business. During his period of office he will retire from his position of secretary-treasurer and chief stockholder in the Milwaukee Pattern and Manufacturing Company, and allow the business to be conducted for him by his employees, who will share in the profits from the time they take charge until he returns from official duties to take up his private interests again.

HEART RELIEF IN HALF AN HOUR.—A lady in New York State, writing of her cure by Dr. Agnew's Cure for the Heart, says:—I feel like one back from the dead, so great was my suffering from heart trouble and so almost miraculous my recovery through the agency of this powerful treatment. I owe my life to it. Sold by A. E. SHAW'S Pharmacy.—19

DIED AT THE AGE OF 105. Montreal, April 29.—Mr. Pierre Forget, the oldest man in Montreal and probably in the province, died today at the age of 105 years. He lived for many years with relatives in Rue Eglise Lafontaine Park and leaves many relatives in the city. He was born at St. Jean-sur-Richelieu and took part in the rebellion of 1837.

EYES AND NOSE RAN WATER.—C. G. Archer, of Brewer, Maine, says: "I have had catarrh for several years. Water would run from my eyes and nose for days at a time. About four months ago I was induced to try Dr. Agnew's Catarrhal Powder, and since using the wonderful remedy I have not had an attack. It relieves in ten minutes. 50 cents. Sold by A. E. Congress is about passing a bill to make tipping a crime, subject to a fine of not more than \$50 for each offence. The Quebec legislature should pass a bill along the same line, with respect to Montreal hotels. A VETERAN'S STORY.—George Lewis of Shamokin, Pa., writes: "I am eighty years of age, I have been troubled with Catarrh for fifty years, and in my time have used a great many catarrh cures, but never had any relief until I used Dr. Agnew's Catarrhal Powder. One box cured me completely." 50 cents. Sold by A. E. SHAW'S Pharmacy.—25

Traffic on the International Rail way has been interrupted by several small accidents along the line, where it runs near Gros Brook. For some miles the International Railway follows closely this brook, in many places the river has been walled up to afford a roadbed. This week the water in the stream rose to unheard of heights, and overwashed its banks. The drives diverge also passed, and this backed up the water, causing the damage. Manager Anderson informed the Graphic that the damage was not serious and that traffic would be resumed in two or three days.

PILES CURED IN 3 TO 6 NIGHTS.—One application gives relief. Dr. Agnew's Ointment is a boon for Itching Piles, or Blind, Bleeding Piles. It relieves quickly and permanently. It skin eruptions it stands without a rival. Thousands of testimonials if you want evidence. 35 cents. Sold by A. E. SHAW'S Pharmacy.—23

SEALED TENDERS addressed to the undersigned, and endorsed "Tender for Construction of Wharf at Shediac, N. B.," will be received at this office until 5:00 P.M. on Thursday, May 26, 1910, for the construction of a wharf at Shediac, Westmorland County, N. B. Plans, specifications and forms of contract can be seen and forms of tender obtained at this Department, at the office of E. T. P. Shewen, Esq., District Engineer, St. John, N. B., Geoffrey Street, Esq., District Engineer, Chatham, N. B., and on application to the Postmaster at Shediac, N. B. Persons tendering are notified that tenders will not be considered unless made on the printed forms supplied, and signed with their actual signatures, with their occupations and places of residence. In the case of firms, the actual signature, the nature of the occupation and place of residence of each member of the firm must be given. Each tender must be accompanied by an accepted cheque on a chartered bank, made payable to the order of the Honourable the Minister of Public Works, for the sum of two thousand one hundred dollars (\$2,100.00). The cheque will be forfeited if the person tendering declines to enter into a contract when called upon to do so, or fails to complete the work contracted for. If the tender is not accepted the cheque will be returned. The Department does not bind itself to accept the lowest or any tender.

By Order, NAPOLEON TESSIER, Secretary, Department of Public Works, Ottawa, April 28, 1910. Newspapers will not be paid for this advertisement if they insert it without authority from the Department, May 4, 1910.

Impossible to be Well
 It is impossible to be well, simply impossible, if the bowels are constipated. You must pay attention to the laws of nature, or suffer the consequences. Undigested material, waste products, poisonous substances, must be removed from the body at least once each day, or there will be trouble. A sluggish liver is responsible for an immense amount of suffering and serious disease. Ask your doctor about Ayer's Pills. He knows why they act directly on the liver. Trust him. *K.C. WANTED
 Wanted, bright intelligent, and energetic lad from 8 to 13 years old to work after school on Thursdays, and Fridays, and on Saturdays. The work will not interfere with school duties. Good pay for short hours. Mail your application today, to the Saturday Evening Post, 12 Front St. E., Toronto. April 19, 21.

THURSDAY NIGHT
 One of the season's big dramatic successes is "Along the Kennebec", which will be seen here Thursday night. The scenery for this production is said to surpass anything in the repertoire ever carried by a rural production, as every scene and picture is staged with special scenery, and fine music is furnished by the company's own band.

ECLIPSES
 There will be an eclipse of the sun on May 8th, and of the moon on the 28th May. The sun's eclipse will be total in Australia. The moon's eclipse in May will be visible here. The second eclipse of the sun will occur on Nov. 1st, and will be invisible here. The moon's eclipse will be on Nov. 16th.

 Mr. John Whalen, proprietor of Hotel Miramichi, is visiting friends in Bathurst.

A. P. G. McKenzie of Campbellton, visited his father-in-law, Postmaster Jas. M. Troy on Saturday.
 Wm. and George MacKay, the Newcastle guides who recently went to Prince Rupert, B. C., have returned home.

Rev. William Fowler of Musquodoboit, N. S., spent Wednesday in town, guest of his brother-in-law, Dr. F. L. Pedolin, and his sister, Miss Lily Fowler. Rev. Mr. Fowler was returning from Ottawa where he had been attending the funeral of his brother Zachary Fowler, of O'Brien & Fowler.

Wm. Currie, M. P. P., of Campbellton, and family, left last week for Vancouver, where they will reside in future. Mr. Currie was presented with an address and a gold headed cane beautifully engraved, by the trustees and other bodies of the Presbyterian church before leaving.

THE HAPPY HOUR
 Next Saturday night the manager of the Opera House will give away a hamper to the lucky ticket holder. Last week Mr. Walter McKenzie secured the hamper, he being the lucky ticket holder. Friday night will be Amateur night and special music will be provided.

NEXT WEEK
 The Colonial Stock Co. will put on a whole week's enjoyment in the Opera House next week. Newspapers from the different places in which this fine company has been performing, speak in the highest praise of this excellent company. The theatre goers of Newcastle appreciate a good company and no doubt the Colonial Stock Company will be greeted with crowded houses.

THE THIRD SEASON
 "Along the Kennebec", a New England comedy, with a fine band, comes to Newcastle next Thursday evening. The piece is now in its third successful season and has met with popular approval wherever presented, and has been used as a text by two ministers in their sermons. The play is full of comedy bits. It is comedy that a girl or woman can laugh at and not blush at the same time. The burlesque duel scene in the third act between Zeke Disher and Bunick Tubbs is said to be one scream from start to finish and five other comedy characters keep the audience in a happy frame of mind. All special scenery is carried for the production, and it is said to be a scenic production from first act to last. Some pleasing singing and character specialties are introduced during the action of the piece, and "Along the Kennebec" sends its audience home feeling pleased and satisfied that "Along the Kennebec" had been in town.

The light in the Newcastle lighthouse is to be improved by the substitution of a sixth order dioptric illuminating apparatus for the catoptric apparatus heretofore used.

For making fine, rich, or plain food, equally valuable and saving.

The Agony OF PILES

ONLY those who suffer from piles know the misery it brings! It robs life of its pleasure, steals the brightness from existence, and substitutes days of dull pain and moments of acute agony. Most so called "remedies" give ease only for a time, and then back comes the trouble and pain and misery! Zam-Buk cures Piles! And cures permanently. Proof of this lies all around you. Women and men in all stations of life have proved it—possibly some of your friends! Let it cure you!

Mrs. Wm. Hughes, of 253, Hochelaga St., Hochelaga, Montreal, says:—"I was a sufferer for years from blind, itching, protruding piles. The agony I suffered no one knows. Remedy after remedy proved useless. Day followed day and there was no relief for me—pain, loss of strength, dulness, misery, this was my experience until Zam-Buk was introduced. I know now that there is nothing on this earth like it! It cured me of piles, and once cured, I have had no return of the evil. I would like all women who suffer as I did to know that Zam-Buk will cure them!

Being a specific for piles Zam-Buk cures hemorrhoids, blood poisoning, cracked or chapped hands, itching cuts, burns, bruises, scaly sores, ringworm, bad feet, frost bite, cold sores, and all skin injuries and diseases. All druggists and stores sell at 50¢ a box, or from Zam-Buk Co., Toronto for price.

A SPEED CURE

Kentville, N. S., Jan. 1st, 1910 Messrs. C. Gates, Son & Co. This is to inform you that I have been a sufferer for the last fourteen years from Kidney and Stomach trouble, brought on by severe colds, having been laid up every winter during that time. Last year I was laid up seven months so that I could not go out of the house, Dropsy set in and my stomach swelled so that I was six inches larger than my usual size, had two doctors in attendance but I grew worse and they were going to tap me. My friends despaired of my life. At this time I was recommended to use **GATES' LIFE OF MAN BITTERS and INVIGORATING SYRUP** and in one week after commencing their use my size was reduced two inches, and in four weeks was reduced to usual size so that I went to work in my mills, and have been able to continue it ever since. By continuing the use of your BITTERS and SYRUP I hope to get a cure of the kidney and stomach trouble so far as it is possible as it always helps me when I take it. You may make these truths known for the benefit of sufferers. Yours very gratefully, **JOHN W. MARGESON.**

HEIRS BATTLE FOR FIFTEEN MILLIONS

Fight for the Hammersly-Mason Fortune will be Resumed in New York Shortly—Prominent Families Interested—Whole Fight Encircled about two Small Boys.

New York, April 27—The Times today says: The controversy over the peculiar will of Louis C. Hammersly, which aroused interest in this country and Europe more than 25 years ago on account of the prominence of the persons involved and the fight over the Hammersly-Mason fortune of \$7,000,000, which has now increased to approximately \$15,000,000, will presently occupy once more the centre of the legal stage in this city. In answer to the suit brought last fall by the executors of the late Duchess of Marlborough on behalf of her own son, William De La Poe Beresford, for an accounting of certain large sums, the house of Hammersly, together with nearly 200 members of the house of Mason will oppose the action by appearing as defendants in a suit which will test the validity of the Hammersly will on entirely new grounds. The answer of the defendants setting forth the grounds upon which the claim of the Mason family was made is now ready for presentation to the court. The claimants represent some of the best known social families in this city. An unusual and most storybook phase of the renewed contest is that the central figures are two young lads, little William Beresford, a delicate English boy, born late in life to Lily, Duchess of Marlborough, who began life in Troy, N. Y., as Lillian Warren Price and Louis Gordon Hammersly, the boy who was brought up with sister by a nurse in the Hammersly mansion at 80th street and Fifth Ave. Around these lads is to be fought a battle for wealth which has been simmering since January 17th 1909, when the Duchess of Marlborough died at Dorkin, Surrey, England, and with the end of a career of amazing intrigue, cleverness and variety, gave the signal for the re-opening of the famous will case.

MONCTON EXCITED TODAY BY ATTEMPTS OF MAN TO SUICIDE

Newfoundlander Wanted to Jump out of Window and Finally Succeeded After Being Foiled Several Times by Fellow Boarders.

Moncton, April 27—Being in a demented condition and in the belief that he would be better dead than alive, Michael Broderick attempted to end his life early this morning by jumping from the third story window of his boarding house on Main St. As it was, the man fell to the ground and sustained serious injuries about the body and head, and also had a cut behind his right ear. He retired as usual last night, and early this morning Mrs. Denmore heard a noise, and on investigation found the man trying to

HALIFAX WOMAN DEAD AGED 101

Mrs. McCully Saw Chesapeake and Shannon in Halifax After Great Sea Fight

London, Ont., April 25—Mrs. Sarah McCully, died here this afternoon at the residence of her grandson, Ralph McCully. Mrs. McCully was born in Halifax in 1809, and celebrated her 101st birthday last February. She could remember when four years old, seeing the Chesapeake towed into Halifax harbor by the Shannon, and seeing the decks covered with dead and lying men. As a young woman she taught Sir Charles Tupper in Sunday School "And rascal he was, too," she said. In 1833 she moved to Port Stanley with her husband, and together they went into an unbroken forest, and made a home for themselves.

A GOOD STOMACH

Means Good Health, Cheerfulness, Ambition, Persistency and Success.

Mi-o-na will cure your dyspepsia or any other stomach trouble by building up the flabby walls and making the stomach so strong that it will digest food without pepsin or other artificial aid. In other words Mi-o-na cures dyspepsia by removing the cause. T. J. Durick is the agent for Mi-o-na in Newcastle and he says to every reader of The Union Advocate whose stomach is weak, who has indigestion or dyspepsia, that Mi-o-na is guaranteed to cure or money back. The price is only 50 cents a large box, and one box is all you need to prove that you are on the right road to health and happiness. Mr. Geo. Linder of corner Mill and Park Streets, Elmira, Ont. says: "For about ten years I have been severely troubled with stomach trouble and indigestion so bad that I could not retain my food after eating. I could not eat meat, or scarcely anything and had headaches and constipation. I secured a package of Mi-o-na with the result that now after having taken two boxes I am entirely cured and can eat anything, digest perfectly and am feeling fine. Mi-o-na also overcome my constipation. I am only too glad to publicly endorse and recommend Mi-o-na."

Delicious Doughnuts

Good doughnuts are good food. Made from the right flour they are not only a delicious treat but the combination of right flour with fat is distinctly nourishing. You see I put special emphasis on right flour. For it is very important. It means the difference between light, flaky, crumbly doughnuts that melt in your mouth and are easy to digest, and tough, rubbery greasy wads of dough, heavy, soggy, indigestible. Try making doughnuts from

"Royal Household" Flour

Notice how rich, soft, and flaky they are. And the reason is that "ROYAL HOUSEHOLD" being richer in high quality gluten than ordinary flour resists the absorption of too much fat in cooking. It doesn't get rubbery, makes a lighter dough, absorbs just enough of the fat for nourishment, but not enough for indigestion. The absolute uniformity of "Royal Household" enables you to get the same splendid results every time both in Bread and Pastry. Try "Royal Household". Find out for yourself. All grocers sell it or can get it on short notice.

CANADIAN FOUND GUILTY OF MURDER

Declared Either "Directly or Indirectly" Responsible for Wife's Death.

Detroit, Mich., April 27.—After a coroner's jury announced yesterday that it held Arthur J. Best, a young tinsmith, of Comber, Ont., "directly or indirectly" responsible for the death of his wife, who was drowned in the Detroit river here on March 12, prosecuting attorney Van Zile ordered the arrest of the husband. Detectives are searching Ontario to locate Best who was released by the Detroit police before his wife's body was found. Mrs. Best was seen floating past the foot of Woodward Ave. on a cake of ice, but slipped into the river before the dockmen roused by her cries for help could reach her.

AYLESWORTH HAS REFUSED TO QUIT

Ottawa, Ont., April 27.—A new development has occurred to vex the government. The net result of the Toronto Globe's incursion into the cabinet situation is that Mr. Aylesworth has made up his mind to stay in the political game instead of retiring. The Minister of Justice has been anxious to retire, his political career having been far from satisfactory and his increasing deafness making parliamentary work difficult and irksome. His early departure from politics was fully expected.

BABY BARGAINS WITH A BURGLAR

Agrees to Keep Quiet While he Ran Sacks House if he Gives her an Electric Light.

Newburg, N. Y., April 28.—The little daughter of Mr. and Mrs. John S. Cuslee of New Windsor awoke last night to find a masked man, with an electric search light, in his hand, picking jewelry from a dressing table.

"Hello, mister," said the little girl.

"I'm a burglar," said the man in a whisper, "but I never bother good little girls."

"Do you hurt little girls' fathers and mothers?"

"Not if the little girls don't cry. If you don't make a bit of noise I'll buy you a lot of nice things tomorrow. I'll get you a big doll with eyes that open and shut."

"That isn't much, said the little girl.

"Well, said the burglar, I'll buy you a pretty electric light like this one."

All right then, said the little girl, I won't make a noise.

She kept her word and that is why the burglar was able to get away with \$300 worth of jewelry. When the child's parents awoke to find the house had been robbed their daughter said that was not news to her.

I told the man I'd be still, she said, and he said he wouldn't hurt you and he didn't. I'll let you see my electric light when he sends it today.

CHILD SUFFERS TERRIBLE DEATH

BEER FLOWED ALONG STREETS

Mammoth Plant Of a St. Louis Brewery Destroyed by Fire.

St. Louis, April 27.—Fire of unknown origin caused a loss estimated at \$530,000 in the mammoth plant of the Anheuser Busch Brewing Association, early today, and for a time threatened the entire establishment with destruction. Five hundred thousand bottles of beer were destroyed and millions of burning corks made such a dense smoke that the firemen fought the flames in a black snudge. The streets at the plant flowed with beer for more than an hour and smoking corks bobbing up and down in the stream gave the streets a strange appearance. The bottling and storage houses were completely destroyed, entailing a loss of \$500,000. Valuable paintings and furniture stored in the buildings by E. A. Faust, vice-president of the company, were destroyed with a loss of \$30,000.

After Sept. 1st, 1910, There Will Be No More Coupons In My Tea

I'm going to cut out the alphabet coupons that I have been giving away with every pound of Union Blend Tea. I simply cannot afford to continue giving away a premium with Union Blend—not and give the tea-quality I want to give. And, after all, it's the tea business—not the premium business—that I'm in. When it comes to a choice of either cutting out the coupons or lowering the quality—well, just as I tell you, the coupons have to go. But I don't want to do anything unfair; I want every household that has coupons, to get them in and get value for them. Therefore, I'm telling you to

Complete Your Alphabet NOW!

GET all your letters together and get them in to me. Whether it's a five dollar or a one dollar prize you're saving for—get your alphabet finished—realize on it.

I want to be perfectly fair in this matter—I'm giving you until Sept. 1st—surely time enough.

I'll admit that this alphabet plan has been a big success; it has been the means of introducing Union Blend into thousands of homes. But I don't believe it has kept Union Blend in a single household, for it couldn't; nothing but tea-quality could make—does make—a woman continue to buy my tea.

And they do continue to buy it—because it's quality is the very best. Therefore, I think you'll understand why I cannot afford to reduce that quality. It's the heart and soul of my business—tea-quality. Sell poorer tea? No, indeed! Am I not right?

Remember I'm giving you right up till 12 o'clock noon on Sept. 1st, 1910. Every complete alphabet received up to that hour on that date will be paid for in full. After that the plan will be dropped.

Get busy—complete YOUR alphabet.

BOARD OF TRADE

The Board of Trade held its regular monthly meeting last night. There were 28 present. F. L. Graham of the Bank of N. S. and Rev. S. J. MacArthur were admitted to membership and Jas. M. Troy and John Robinson, Jr., former members, rejoined.

Committee to revise bye-laws, through their chairman, Rev. P. W. Dixon, reported complete revision, which was adopted. Henceforth any resident of the County is eligible for membership.

Letter was read from A. W. Campbell of I. R. C. management saying that extra charge for shunting cars from station here to deep water terminus could not be removed. On motion Ald. Butler and Mayor McMurdo the Committee were again directed to press the demand for abolition of the charge or for better facilities at the station.

Copy of Bourinot's Parliamentary Procedure had been ordered at \$3.15, but larger volume had come, at \$9.00. Secretary McCurdy had paid the difference, for which he received a vote of thanks.

T. W. Butler reported that County Council had been in favor of exempting, perhaps bonusing, D. J. Buckley's mill if it should be for flour, but not for lumber merely. Matter had been held over till January session. He had since been given to understand that Buckley, unable to make sure of renewal provincial subsidy, had sold the machinery for flour mill to Buctouche parties. With Hon. D. Morrison and J. D. Creaghan, he protested against subsidized machinery being removed from County or allowed to be dormant. Mr. Creaghan understood that Hon. John Morrissy had promised to renew subsidy whenever mill should be ready to grind.

John Clark, J. D. Creaghan and D. Morrison were appointed a committee to interview Buckley and the government in the matter.

It was decided to again ask W. S. Loggie, M. P., to ask Dominion govt. to light the draw in the N. W. bridge.

Question of the miserable service by the one mixed train on Blackville Derby Jct., branch I. R. C., was discussed. In spite of the great and increasing volume of business done at Millerton and Lower Derby pulp mill, there is but one train each way per day which often makes no more than an average of five miles per hour lost

in shunting passengers having to wait. Complaint was also made about bad behavior of certain parties who got liquor in Newcastle and raised disturbance in cars on their return to Millerton.

The President and Secretary were appointed a committee to lay matter of better service before proper authorities.

Adjourned.

ALONG THE KENNEBEC
"Along the Kennebec," a New England comedy drama, now in its third successful season, will be produced at the Opera House Thursday evening May 5th. The play is moulded along the same idea as "The Old Homestead," "Shore Acres," and "York State Folks," and deals entirely with country life. Plays of this nature are deservedly popular, inasmuch as they are clean and wholesome and leaves a good taste in the mouth. They usually illustrate some good moral principle without descending to the oftentimes morbid sensationalism of the melodrama. "Along the Kennebec" is said to have met with great favor wherever produced. All special scenery is carried for the production and a fine band.
