LOCAL WEDDING OF MUCH INTEREST

A wedding of much social interest was solemnized in St. Andrew's Church at 9:30 o'clock Wednesday morning when Miss Annie Fairbank Armstrong, eldest daughter of Mr. and Mrs. Robert H. Armstrong was united in marriage to J. Alexander McLean Bell, M.D.C.M. son of Dr. J.C. Bell of Simcoe, Ont. The ceremony was performed by the rector, Rev. W.J. Bate.

The bride looked charming in a tallor suit of barley polret twill with hat to correspond, and wore the gift of the groom, a beautiful platinum wrist watch. Her bouquet was Ophelia Roses and lilies of the valley. There were no attendants. The church was artistically decorated by girl friends of the bride with pink and white lilacs and carnations. Mrs. Chas. Sargeant presided at the organ.

After the ceremony which was witnessed by a large number of the friends of the young couple, a dainty wedding breakfast was served at the home of the bride's parents where the color scheme of pink and white was carried out in the decorations. Later the happy couple left by motor for Bathurst, where they took the train for a two week's honeymoon trip to upper Canadian cities. On their return they will reside in Newcastle.

The beautiful presents received formed a large and valuable collection, tokens of the popularity and esteem in which both bride and groom are held.

NEW MINISTER IN BLACKVILLE

The Presbyterian congregation of Blackville and Quarryville, vacant since the resignation of Rev. Geo. A. Grant in December last, will soon again have a settled minister. Rev. William Gartshore has accepted their call and will be inducted to the pastorate at a special meeting of the Miramichi Presbytery to be held in St. Andrew's Church, Blackville on Thursday evening. At this meeting the Moderator, Rev. J.H.A. Anderson, will preside and induct; Rev. Roland Davidson has been appointed to preach. Rev. F.W. Thompson to address the minister and Rev. Mr. Girdwood the people.

BASEBALL

Chatham shut out Nelson Tuesday evening by a score of 3-0. The game between Newcastle and Loggieville was postponed as some of the former players are with the 90th Battery at Petawawa Camp. The game scheduled to take place between Chatham and Newcastle on Friday was postponed for the same reason.

Tuesday night's game between Nelson and Chatham was a no hit, no run game for Nelson team, the Chatham nine putting up a remarkable contest. Briggs for Chatham and Thompson and Ward for Nelson were the opposing pitchers. Currie, Johnston and Koss got the runs. Briggs struck out thirteen men.

SEVERAL INJURED IN AUTO COLLISION NEAR CHATHAM

Several were injured when a motor car driven by J. Edward Tighe, labor leader of St. John collided Sunday morning near Chatham with an automobile containing a party of Chatham members of the Masonic Fraternity who were going to Black River to attend a Masonic church service.

Mr. Tighe who was on his way to Nelson to attend a labor meeting was thrown a considerable distance but escaped practically unhurt; two others who accompanied him were rendered unconscious.

Among the occupants of the other car, which was owned and driven by Henry Eddy, slight injuries were sustained by Dr. W.B. Jones, M. Jardine, W.H. Baldwin all of whom were badly shaken up and cut about the face and hands by flying glass. The injured were taken to the Hotel Dieu Hospital in Chatham for treatment.

TO THE CITIZENS OF NEW BRUNSWICK

As the recently elected president of the New Brunswick Tourist and Resources Association, I desire to appeal to you, the citizens of New Brunswick, for your whole-hearted co-operation in promoting the work of this organization. In doing so I wish to submit the following for your sympathetic consideration:

1. The very great importance and wonderful possibilities of the tourist business for New Brunswick.
2. The necessity for a large increase in membership of the association in order to provide funds to carry on an effective advertising campaign in the New England States.
3. The desirability of more and better hotels in order to provide satisfactory accommodation for the tourist and traveller.
4. The great importance of establishing free camping grounds at or near every town and city in New Brunswick.
5. The necessity of extending to every tourist, traveller or motor party all possible courtesies with a view to stimulating and encouraging the tourist business, which in the future should easily surpass any other commercial or industrial enterprise within the province.

If you are interested in the association and wish to do your part to carry on its work, so well begun, please send your membership fee of one dollar to C.B. Allan, secretary-treasurer, St. John, N.B. Ask Mr. Allan for a copy of the new booklet. If you live in the country and are willing to accommodate summer visitors for a few weeks write Mr. Allan giving full particulars.

By complying with these requests and by following the suggestions herein contained you will greatly assist a work of outstanding importance to the province of New Brunswick.

C.C. AVARD,

President of the New Brunswick Tourist and Resources Association.

HOLIDAY

Monday, July 2nd will be observed as a general holiday in commemoration of Dominion Day, which falls this year on Sunday. All places of business will be closed.

BIG PRESS PARTY VISITS NEWCASTLE

Newcastle was honored last Saturday afternoon by a visit from the Canadian Weekly Press Association on their return home from their general annual convention held at Halifax, N.S. There were in the party some 110 men and 90 ladies representing 505 weekly publications from the Pacific to the Atlantic. Their stay here was of short duration but the citizens did all in their power to entertain the visitors and give them all the possible information concerning the Miramichi district, which they later will be able to hand on to their readers as reliable and first hand information to our mutual benefit.

Owing to the brevity of the visit no extensive program could be carried out but the newspaper men were met at the depot by Mayor D.S. Creaghan, who on behalf of the citizens welcomed them to Newcastle. About 50 automobiles which were kindly supplied by the citizens of Newcastle and Chatham were on hand which conveyed the journalists on a short drive to Chatham and other points of interest on the river.

Neat pamphlets, containing a sketch of our town and the Miramichi in general were distributed among the members of the "fourth estate," from which later on they will be able to speak to their readers about the Miramichi "The Heart of Nature's Paradise."

The C.W.N.A., with a wider appeal even than that of the daily press, realized the great opportunities the Miramichi embraced and on their return home will be enthusiastic in moulding public opinion concerning what they heard and saw during their brief visit in our midst.

Next summer the C.W.N.A. will tour the British Isles and part of the continent and hold their annual convention in London according to a decision arrived at, during the final meeting of this year's convention. The party will leave about June 1st and will attend the British Empire Exhibition. The tour will last about eight weeks and will be featured by important newspaper conferences with the English Newspaper Society and the Empire Press Union.

PREMIER'S CAR A BEAUTIFUL ONE

Last Tuesday Mr. R.T. Mawhinney representative of the Vallev Motors, Ltd. Fredericton passed through Newcastle en-route to Bathurst with Hon. P.J. Veniot's new Nash, 5 passenger 6-cylinder Sedan. The automobile is a beautiful one and attracted considerable attention from the citizens here.

WEDDINGS

McKINLEY-CLARK

At the Manse, Millerton, N.B. on Wednesday, June 6th, Miss Hazel Genevieve Clark, eldest daughter of Mrs. Calvin Clark of McKinleyville, was united in marriage to James Perley McKinley of McKinleyville. The ceremony was performed by Rev. W. McN. Matthews of Millerton, Miss Mary Gallan acting as bridesmaid and Mr. John Gordon as groomsman.

2,000 WRITING HIGH SCHOOL ENTRANCE

Candidates for High School entrance commenced writing the examinations Monday 19th inst at approximately sixty stations throughout the province, including all grammar schools and practically all the superior schools.

The total number of applicants for admission, it is estimated exceeds the two thousand mark for the first time.

Last year, the total number of applicants who wrote the papers was 1,913 of whom 1,227 wrote the examinations at grammar schools and 686 at superior schools, 140 failing to pass. In 1921 the total number of candidates was 1,593, the increase for 1922 being 320. Returns for this year's examinations will not be complete before the middle of July when the results will have been forwarded to the Education Office at Fredericton.

CAMP SUSSEX OPENS JUNE 26

The annual training camp at Sussex this year is expected to be bigger than last, and there has been a great deal of enthusiasm displayed. The camp will open on June 26th and will continue until July 4th, with the following units attending: The 8th Princess Louise New Brunswick Hussars, the New Brunswick Dragoons, the 1st Brighton Field Company of the Canadian Engineers, the 7th Cyclist Company the 6th Infantry Brigade including the Carleton Light Infantry, the York Regiment, the North Shore Regiment and the New Brunswick Rangers, and No. 1 Company of the 6th Divisional Train.

In addition to these the St. John Fusiliers will spend the last four days of their training time in the camp from June 29 to July 2. All the units will be at somewhat greater strength than last year. The training will be largely in the nature of a school, at which particular attention will be given to training in tactics. The senior officers of the units will be grouped into senior schools at which lectures will be delivered on tactical matters.

NEGUAC PICNIC JULY 1 AND 2

The Neguac Picnic which is always very popular with residents along the whole river will be held this year on July 1st and 2nd, and the capable committee in charge will have all kinds of amusement to make the picnic the best yet.

Meals will be served on the grounds and refreshments will also be on sale.

APPEAL TO THE PRIVY COUNCIL

Hon. J.P. Byrne, Attorney general says that he has given notice of appeal to the Privy Council of Great Britain from the decision of the Supreme Court of Canada in the case of the Bathurst Lumber Co, which was ordered by the New Brunswick Court to pay \$62,000 assessment to the Workmen's Compensation Board. The supreme court of Canada reversed this verdict by a three to two vote. Justices Duff, Brodeur and Ingletton were in the majority and Justice Migneeault and Anglin dissented.

Church Must Rid Itself, Of Sham Says Meth. Pastor

Toronto, Ont., June 7.—Hypocrisy must go if the church is to win. That fact was stressed by Rev. E. Harold Toye, of Englington church, in his preparatory address to Toronto Methodist Conference to-day. "So long as so-called Christians lift their voices for prohibition and then when the law is about to be enacted stock their own cellars; so long as the Christian landlord collects an illegitimate rent for human beings to dwell in; so long as Christian employers think more of profits than they do about persons, and so long as employees are lazy and indifferent and think more of wages than of their work, just so long will the church fail to attract and convince the masses of the people," he declared.

OTHERS IN THAT CLASS, TOO

The editor of a country paper recently reported that he had received a news item from one of his many painstaking correspondents. The item read to the effect that a bride in the neighborhood had excited considerable comment among neighbors by kneading bread with her gloves on.

The editor, seizing upon the opportunity presented, used the item in his paper, adding as an appendix, "The editor of this paper needs bread with his shoes on, he also needs it with clothes on, but if some of the delinquent subscribers don't pay up pretty soon, he will need bread without a darn thing on."

SAVED FROM AN OPERATION

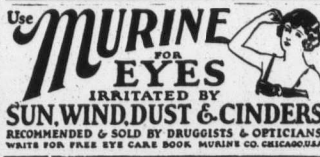

Restored to Health By Taking "Fruit-a-lives"

Made of Fruit Juices and Tonics

The most convincing proof of the true worth of "Fruit-a-lives" as a medicine for women is found in the letters written by them to "Fruit-a-lives". For instance:

"I suffered with all the symptoms of female trouble, pains low down the back and sides, constipation and constant headache. A doctor advised an operation. I started taking "Fruit-a-lives" and this fruit medicine completely relieved me of all my misery."

Mrs. M. J. GORSE, Vancouver, B.C.
50c. a box, 6 for \$2.50, trial size 25c. At all dealers or "Fruit-a-lives" Limited, Ottawa, Ont.

Here and There

Saskatchewan's crop cost \$187,000,000 to produce last year. The proceeds amounted to \$287,000,000.

During the month of April and the first two weeks of May 300 claims were registered in the counties of Temiskaming and Abitibi, the gold fields of the province of Quebec.

"Twenty marriage engagements are among the results of a round-the-world voyage of a C.P.R. liner." Mr. Beatty has a lot to answer for. —Ottawa Journal.

With a population which is over 70 per cent. rural Saskatchewan has a larger automobile registration than any other province. One in every 15 people owns a car.

One of the largest fish caught in the history of Lake Timagimi was recently caught by E. B. Hamlin who, with a small bass hook and light steel rod landed a salmon trout weighing 24 pounds and measuring three feet in length.

In 1920 there were cut in Canada 4,024,826 cords of pulpwood. This would, if piled four feet high and four feet wide, reach in a continuous line over 6,000 miles, or the distance from Vancouver to Halifax, and out over the Atlantic to Queens-town, Ireland.

Trees to the number of 10,000 were distributed among Saskatoon school children by the Parks Officials and Dominion Forestry Branch on the occasion of Arbor Day. Each child received one maple and one ash. Last year only 5,000 trees were distributed.

The Empress of France, of the Canadian Pacific fleet, now on the transatlantic service between Hamburg, Southampton and Cherbourg to Quebec, holds the record for the fastest journey between Quebec and Liverpool, having crossed in 5 days, 22 hours and 38 minutes, just two hours less than the Empress of Britain.

General Sir Arthur Currie will unveil a memorial cairn at Sault Ste. Marie to Etienne Brule and his companion Grenoell, the coureurs de bois, who found the Sault and discovered Lake Superior in 1622. The unveiling will take place August 7th during Discovery Week, when the Ojibways will produce "Hiawatha" on two afternoons.

Notwithstanding that there will be an increase this year in Canadian Pacific steamship traffic on the St. Lawrence, with 17 more sailings than in 1922, Canadian Pacific officials report that ships are being well booked and that according to present indications the 1923 season will show improvement in ocean trade from both Montreal and Quebec.

Whales are reported early and plentiful this season and despatches from Victoria state that conditions surrounding the inauguration of the deep-sea hunt this year are the most promising in more than a decade. The demand for canned whale meat has become so pronounced that the prospective pack of the Victorian whalers is already disposed of. England will be the distributing market for canned whale meat this year.

A replica of an old time Hudson's Bay fort, such as once was the nucleus of the western posts of the great company, and which still exist in the far north, will be erected at the Calgary Exhibition grounds, July 9 to 14, as a part of the big Stampede feature. Special arrangements are also being made to provide a commodious camping ground for the Old Timers who will attend with the old-fashioned chuck wagons and cowboy equipment.

Running on schedule the Canadian Pacific Steamship's liner "Empress of Canada," Captain A. J. Halley, again demonstrated her right to the claim of "Queen of the Pacific." The Canadian vessel left Vancouver twenty-four hours behind the American liner "President McKinley" bound for Yokohama recently. The "Empress of Canada" socked about 3 A.M., and the "President McKinley" arrived at 9 A.M.

BLACKVILLE SAVED BY PUMP

The village of Blackville which was threatened by fire on the Barthelemy River was saved by one of the gasoline fire pumps of the Department of Lands and Mines and 500 feet of hose. These checked the fire before it could run into the village through the dead slash which covered the entire distance. The fire was started by a spark from a house which caught in the barn of the premises burning the building and starting the woods fire.

FOREST FIRE PERIL

Canadians have only Providence to thank for the fact that the outbreak of fires in Northern Ontario, Northern Quebec and in New Brunswick did not make a clean sweep of the forest growths in those districts. No human agency could have brought the relief which came with the providential downpour of rain. But the menace is still with us and will be until the authorities adopt much more drastic means for forest protection than they have yet done and until the public is educated to the point of regarding the forests as real wealth and treating them as such. As things are, fires are likely to recur at any time and wipe out practically all of the timber, our pulp and paper industry now depends upon for its existence except perhaps the very limited wood growing on the farm lots. We must not lose sight of the fact that notwithstanding the appalling losses that Canada has suffered from forest fires in the past, to-day we have the added menace of two hundred million cords of dead, dry woodwork killed trees that are blowing down and piling up, forming an interminable mass of dry kindling tinder merely awaiting a period of drought and the dropping of a match or cigarette stub.

The heavy losses already sustained this season emphasize the necessity for using every available means for conserving our remaining supply of timber, and should cause the Government at Ottawa to stop temporizing with the question of stopping the exploitation of our unmanufactured wood for the benefit of foreign countries. No other country placed as Canada is would permit what amounts to the life blood of her industries to be cut down and shipped out of the country as we are doing. It is encouraging to note, from the discussions which have taken place in Parliament of late that the members, regardless of party, are becoming alive to the situation and have expressed the view that there should be no further delay. It is sincerely to be hoped that the Government, before the session is over will introduce a law which will give the desired relief and thereby postpone if not permanently avoid the crisis that is bound to overtake our wood-using industries if present practices are permitted to go unmolested.

The full flavor of the fruit

Now you can make jam or jelly so easily that you will put up all your favorite fruits throughout the season. By using

CERTO
Reg. Can. (Surejell) Pat. Off.

you reach the "jell" point with only one minute's boiling, thus retaining the full flavor of your fruit. Certo is pectin—the natural jelling substance of fruits. Your jams or jellies will keep perfectly.

Complete Booklet of Recipes with every bottle. If your grocer does not have Certo send his name and 40c and we will send you a bottle.

Douglas Packing Co., Limited, Cobourg, Ont.

Mother Nature's year-round jell maker

How to Make Raspberry or Blackberry Jam

Crush well about 2 quarts ripe berries in separate portions, so that each berry is thoroughly mashed. This allows fruit to quickly absorb sugar during the short boil. Measure 4 level cups (2 lbs.) into large kettle, add 7 level cups (3 lbs.) sugar and mix well. Use hottest fire and boil slightly. Then pour quickly. If in open glasses, peraffin at once. If in jars, seal at once, and invert for 10 minutes to sterilize the tops.

Something to Consider

Who makes the RANGES sold here and did you ever try to find out the REPUTATION of the foundries back of the ranges on sale? Then did you ever consider the KNOWLEDGE the salesman has of a stove or range while he TALKS to you and you are looking over a range? There is nothing so VOID of SENSE as a person talking RANGE who has not grown up in the business.

When you want a RANGE call and let us REASON a bit with you. We have the finest line of RANGES produced in CANADA. Our prices cannot be trimmed—we know the Business and have no substitute for QUALITY.

This is the REASON we have the RANGE business of the entire country.

What Will You Put in the Pot?

When you drink tea every cup should be a delicious refreshment—a distinct pleasure. But this demands good tea in the pot. You cannot possibly get satisfactory results from inferior tea.

Now consider the small cost of a cup of King Cole Tea—a mere fraction of a cent. Surprising isn't it? But its secret is in the rich liquoring King Cole blend which yields so generously in the number of cups to the pound. It makes King Cole the truly cheap tea. From whichever point you view it—economy—quality—or the wise combination of both, King Cole Tea claims your preference.

"You'll Like the Flavor."

Radishes Add Zest To Many A Dish

Radishes are without food value. They are made up of wood fiber, water and an acid flavor. It is this flavor of course for which we eat them. The flavor is just the thing when it is encased within a cool, crisp, pink little radish to add zest to a spring meal.

In France radishes and bread and butter are often served as the first course at a home luncheon and a delicious way of serving them this is. Indeed, with a cup of hot chocolate one could make a complete meal of bread and butter, crushed bread, and sweet fresh curls of butter and radishes.

A lot depends on the way the radishes are prepared for serving. They should of course, be immaculately clean. The skins may be cut back in rose fashion or left uncut. Many persons eat the skins. The radishes, after they are prepared should be chilled thoroughly either in ice water or on the ice.

The stems and leaves should never be allowed to stay long in water for they quickly become unfit to eat.

And the body of the radish should never be allowed to stay out of water long enough to dry. The point is to have them fresh and crisp both as to body and stem.

Radishes make a very good and an even better addition to a vegetable salad of tomatoes, peas, beans or other summer vegetables. The radishes, three or four of them are used on each plate of salad for a garnish. When they form the main stay of the salad they are sliced on lettuce leaves and served with French dressing or with mayonnaise.

Radishes may be sent to the table in a bed of shaved rice or else fresh from the icebox in a dish above your head—which actuates the danger signal—without due

better.

Contrary Minded

It is a serious disadvantage to anyone to acquire a reputation for being contrary-minded. Few persons who are unpopular really glory in their unpopularity, even though some of them make a pretense of doing so. And the contrary-minded person speedily becomes unpopular often to his astonishment and dismay. He does not understand why the faithful performance of his function in life, which is to save people from committing mistakes, should react so unfavorably on his own welfare.

Usually it isn't so much the contrary-minded person's contrariness that people object to as his manner of showing it. Criticism that may be almost wholly destructive may be presented in such a way as to be acceptable—first, if it is asked for, not officiously volunteered, and next if it is expressed in considerate, not in disparaging or sneer-

ing or exultant terms. There seems to be something in the temperament of the contrary-minded person that makes it difficult for him to be tactful in his treatment of the issues that he is constantly encountering. He takes up each one in a spirit of intolerance that is provocative of trouble with those on the other side. Thin-skinned himself, he fails to realize that people who don't agree with him may also be sensitive.

To have a regard for other people's feelings even while pointing out the erroneous workings of their minds should be a guiding principle of those who are contrary-minded. If they would follow it, they would bring other people round to their way of thinking more often than they do. And sometimes that would be desirable, for events do sometimes prove that the contrary-minded were right.

CHEAP AT THE PRICE

Judging from the Berlin comic papers, the German people still find endless food for mirth in the depreciation of their paper money.

For example, in a recent issue of one of the most widely circulated among them, a story is told of an Englishman travelling by train between Wiesbaden and Frankfurt.

With him was his son, a boy of twelve or thereabouts.

Presently the lad's attention was attracted by a notice posted up in a prominent position in their compartment.

"Dad," he asked, "what does that say?"

"It says," replied his father, "that you must not pull that cord above your head—which actuates the danger signal—without due

cause or you will be fined one hundred marks."

Whereupon the lad, after referring to the little card issued to travellers on which is printed a table giving the current rates of exchange, gleefully exclaimed:

"Well, dad, don't you think we might treat ourselves to a penny-worth?"

TIME

Network of airplane is being planned for New England. Proposed schedules show the planes would travel five times as fast as trains, averaging the timetables. Time saving makes the general use of airplanes inevitable, only a matter of time. Think what it will mean for a man to live 50 miles from his work and "make" it in 15 minutes or less.

Nurses To Meet At Woodstock

The annual meeting of the New Brunswick Association of Graduate Nurses will be held in Woodstock, the third Tuesday in September. This was decided at the regular quarterly meeting of the executive held last week at the Nurses' Home with Miss Margaret Murdoch, provincial president, in the chair. There were no out-of-town delegates at the meeting. Eight new members were accepted. The names of the committee for the program of the annual meeting were not forthcoming but it is expected that there will be a good attendance at Woodstock in the fall, where things medical receive earnest attention and where there is a very fine hospital, with a most competent staff.

Pugsley Bars Losses On Probable Profits

Losses of probable profits incurred by Canadians because of the collapse of business projects which went wrong when the Great War broke out, are not a subject for reparations, was the theme of some remarks made by Hon. William Pugsley, Dominion Commissioner, charged with hearing reparation claims.

The case was that of J. T. Armand, a business man of the city, who asks \$50,000 for loss of business and \$20,000 for personal loss incurred through his confinement in an internment camp in Germany at the outbreak of the war.

A claim of \$25,000 by Lady Allan for loss of personal effects in the torpedoing of the Lusitania was heard. The claim was held over since Lady Allan is at present absent in Europe.

WANTED \$28,056.15

The amount of \$6,943.85 towards the MIRAMICHI HOSPITAL EXTENSION and NURSES' HOME DRIVE has already been subscribed. The above mentioned amount is yet required. A VOLUNTARY CONTRIBUTION LIST has been opened and contributions are now being received by the Treasurer, Mr. R. Corry Clark, Newcastle, N. B.

Have You Sent Your Contribution In Yet?

If not, do not delay further, but send it in at once. THINK SERIOUSLY--ACT PROMPTLY--AND GIVE GENEROUSLY. We in Northumberland County cannot help but be interested in this HOSPITAL and the WORK it has been doing in the RELIEF OF SUFFERING and the comfort it has brought to patients who have come from all over the County.

Everyone in This County Who Has the Welfare of Humanity at Heart

will feel the impulse to give generously to this worthy object. It is of utmost importance that the high standards of our Hospitals be maintained and this can be accomplished only by giving the Nurses comfortable quarters.

Let Us Make Our Hospital in Northumberland County

the best that our Sacrifice and earnest effort can produce, so that in the years to come we will have reason to be thankful for the INSTITUTION we have established.

You Have This Opportunity for Duty and Service

CATERPILLARS DELAY TRAIN

The C.N.R. express from Newcastle to Fredericton was delayed one day last week by hordes of caterpillars, which covered the rails for a distance of a mile in the vicinity of Weaver's Siding. As a result the train was delayed forty minutes, progress through the infested area being "slow and greasy."

Picture Fans Have Great Treat Coming
Mary Pickford's New Version of "Tess of the Storm Country" Booked Here

Devotees to the cinema art are going to have the opportunity of seeing "Tess of the Storm Country" again and therein lies a tale of more than passing interest.

In the first place this was the picture in which Mary Pickford scored one of those earlier big screen triumphs, which insured her immortal fame and inspired the populace of the whole country to proclaim her "America's Sweetheart"

That was just eight years ago, for this epochal photoplay had its inning in 1914.

Now in this 1922, in her new "Tess of the Storm Country" a United Artists release, coming to the Opera House Theatre Wednesday and Thursday, Mary Pickford will be seen for a second time as Tess in an elaborated version of Grace Miller White's celebrated story. The "Queen of the Screen" recreated this lovable character before the camera at the Pickford-Fairbanks studio at Hollywood and this notable revival is now being presented internationally.

Although this particular story served to carry Miss Pickford to the foremost ranks of favorites among photoplayers, she had earned her rights to real stardom before its presentation. In fact, she attracted wide attention when she made her debut on the speaking stage at the age of five years. Her first role was that of a little Ted, and she did this so well that at the age of eight she went on the road in "The Little Red School House" and a year later was starred in "The Fatal Wedding" in which she played the part of Jessie, the little mother. Not long afterward she won the honor of originating the part of Betty Warren in "The Warrens of Virginia," a David Belasco production which was this star's first play on New York's Broadway.

To young couples about to start housekeeping at the present time we would say: "Be sure to start with the right brand of tea. A good cup of tea is one of the things that is calculated to make for good cheer in the home, so when you buy your first pound of tea, be sure to get the right brand, MOKSE'S, the kind that has been the choice of your own people for half a century.

PERSONALS

Miss Lyle McCormack is visiting friends in Yougall.

Miss Muriel Bate of Montreal is visiting her parents Rev. W. J. Bate and Mrs. Bate.

John R. Nicholson, B.A.L.B. has entered the office of McDade and Barry.

Mr. Edward Hickey entered the Miramichi Hospital last week suffering with a stroke of paralysis.

Mrs. H.A. MacNeil and Miss Isabel MacNeil of Dalhousie are guests of Mrs. John Copp.

Mrs. Chas. Jewett, (nee Miss Evelyn Williamson) of Kamloops, B.C. is visiting her former home.

Mrs. Fred Crawford of Chatham spent last week in town the guest of her aunt, Mrs. Wm. McGrath.

Mr. Edward Watts, a former C.N.R. conductor and well known here is seriously ill in St. Michael's Hospital, Toronto.

Miss Mary Salome left on Saturday for Portland, Me. where she will enter the State Hospital to complete her course in nursing.

Miss Lou Harley of North Sydney, N.S. was in town last week attending the D-M-Armstrong wedding.

Mrs. L.D. Murray and two children have joined Mr. Murray in Charlottetown, where they will spend the summer.

Mr. and Mrs. S. Pillman and son Lee of Lacombe, Alta. spent several days of last week with friends in town.

Clarence Wright and family are removing from Fort Fairfield, Me. to Newcastle. Mr. Wright will be manager of an automobile station. (Journal)

Mrs. J.S. Fleming and daughter Miss Jessie Fleming left Monday for Vancouver, B.C. where they will spend an extended vacation.

Mr. John S. Johnston was in Halifax last week attending a reunion of the graduates and the closing exercises at the school for the blind.

Mrs. Osborne N. Brown and two children of Sydney, N.S. arrived last Friday to spend the summer with Mrs. Brown's parents Mr. and Mrs. F.H. Gremlay.

Dr. J.B. Champion of O'Leary, P.E.I. and Mrs. A.E. Holland of Albany, P.E.I. brother and sister of Rev. J.B. Champion spent the week end with Mr. and Mrs. Champion, who leave for Maldstone Ont. on Wednesday of this week.

Sheriff Doran and Mrs. Doran were in St. John on Thursday.

Mr. and Mrs. Murdock Wedden returned from New York last week. They spent Sunday in Tracadie attending the Holy Family closing where their three children are studying French and English.

Mrs. Walter De Venne of Roxbury, Mass. who has been spending the past two weeks with her mother Mrs. Annie Wright, will return on Friday accompanied by her little daughter Nan, who has been a student in St. Michael's Academy, Chatham during the past year.

J. Davis of Port Elgin is present in Amherst visiting his daughter and looking up old friends. He leaves this week for Moncton and Newcastle, where other daughters reside. Mr. Davis is 78 years old, and is well known in Newcastle and will be given a hearty reception by his many friends.

LABOR MEETING HELD SUNDAY

A meeting of the Miramichi labor men was held Sunday in the Labor Hall Nelson, N.B. J. S. Martin, M.L.A., occupied the chair in the absence of J.E. Tighe who was injured in an automobile accident in the morning.

The question of shorter hours was discussed and a secret ballot showed that 99 per cent of those present were in favor of an 8 or 9 hour day. It was decided to request the employers of labor to hold a meeting for a discussion of the question.

A meeting will be held in the same hall next Sunday and a boat will be chartered to transport labor men from all points on the river to Nelson.

Thin, Impure Blood

Means a General Weakness and Loss of Health

If people would realize the importance of keeping the blood rich and pure there would be less sickness. The blood is the means through which the nourishment gained from food reaches the different parts of the body. If the blood is impure the nourishment that reaches the nerves, and organs of the body is tainted with poison and disease follows. The blood is also the medium by which the body fights off disease. If the blood is thin and watery the power of resistance to disease is weakened. If you are weak and run down, if your nerves are frayed, if you lack ambition, have no appetite and are short of breath after slight exertion the trouble is almost always due to poor blood. In cases of this kind you should take Dr. Williams' Pink Pills to build up the blood. They help to enrich and purify the blood from first to last dose, and in this way, bring health and strength to weak, run-down people. Mrs. John Timmons, Elwale, Ont., tells of the benefit Dr. Williams' Pink Pills were to her, as follows:—"I became very weak and was hardly able to walk and had to be helped upstairs. I had no appetite and slept poorly at night. I finally went to a doctor who told me the trouble was lack of blood and that my condition was serious. He gave me medicine, which I took faithfully, but did not improve. I was advised to try Dr. Williams' Pink Pills and did so, and after I had taken two or three boxes felt they were helping me. I could eat better, and I slept better. I continued using the pills for some time longer and quite recovered my old-time strength and feel that I have to thank Dr. Williams' Pink Pills that I am not an invalid to-day."

You can get these pills through any dealer in medicine or by mail postpaid, at 50c a box, from the Dr. Williams' Medicine Co., Brockville, Ont.

St. Mary's Academy, Newcastle, are awarded to Miss Anne-Marie Landry, Miss Marie Elizabeth Kirwan and Miss Helen King Munroe.

This Diploma certifies that the above mentioned young ladies have completed with commendable diligence and proficiency the Course of Studies prescribed by this institution, and having passed satisfactory examinations are entitled to the honor of Graduation.

Given at Newcastle, New Brunswick, on this Twentieth day of June in the year of Our Lord, one thousand nine hundred and twenty-three.

OPTOMETRIST

THE HUMAN EYE

is one of the most delicate and wonderful instruments in this world. It is your most valuable possession—do take care of it. We will help you and show you how. It is our profession to measure your eye, to see that you get the most out of it.

\$5000 and Costs

You have your car insured against fire probably perhaps you have not. You figure it costs \$1000. Well, if she burns \$1000 won't jar me much.

Suppose you were to knock out another man of your own financial standing, say \$100,000, and you were requested to pay compensation according to his means.

The result would be serious. A verdict of five or ten thousand and costs is something no individual can afford to have hanging over his head. The Ocean Accident and Guarantee Corp. will assume all responsibility if you see

FREE A 10-Shave Tube

Men who make this test Find quicker, easier shaving

We want you to test a shaving cream which, millions of men will tell you, gives quicker, easier shaves. It cost us 18 months' time—130 experiments—to perfect it.

But the result was a cream in 5 distinct ways better: It softens the toughest beard in one minute—without rubbing in. Multiplies itself 250 times in rich lather.

Lather will last 10 minutes on the face. Strong bubbles hold hairs erect—for easier cutting. Skin is left soft and soothed by lotion-like effect of palm and olive oils.

If PALMOLIVE SHAVING CREAM does all this you will want to know it. If it doesn't—well, we are the losers. Mail coupon for free tube today.

"I Had Terrible Backache From Kidney Disease"

 Mrs. M. A. McNeill, Canaan Sta., N.B., writes:
 "I was troubled for years with terrible backache, resulting from kidney disease. At times in each month I remained in bed, the pain was more than I could stand, and to walk was almost impossible. I used about \$50.00 worth of other medicines, but with little results. Now I am completely better, after using only five boxes of Dr. Chase's Kidney-Liver Pills.

Here and There

Business in Wainwright reserve increase at the rate of about 2,000 each year.
 The output of coal from Canadian mines during January, 1923, amounted to 1,743,000 tons.
 The total wheat production of Canada in 1922 was 399,736,400 bushels of which Saskatchewan produced 250,167,000 bushels.
 The Eskimos give the doctor his fee as soon as he calls. If the patient recovers he keeps it and if not it is returned.
 Heads of large implement and machinery firms in Edmonton and Calgary state that for every acre of corn that was sown in Alberta last year ten will be sown this year.

1923 will be the greatest prospecting year known so far in Northern Canada. The largest rush of prospectors is in the district extending from Swastika for a hundred miles east into the Province of Quebec.

Grain men and others in Calgary already forecast the probable yield of wheat in Alberta this year at something in the neighborhood of 1,000,000 bushels. This estimate is based on the 65,000,000 bushel crop of last year.

The total wheat production in Canada has grown from 16,732,000 in 1912 to 399,736,400 in 1922. The number of elevators in 1922 was 423 and the capacity 3,292,202 bushels. To-day the capacity of 3,324 elevators in Canada is 331,513,120 bushels.

The Canadian Pacific Railway has further reduced the freight rate on horses from Moose Jaw to Montreal or Toronto was \$1.32 1/2 per hundred pounds. The new rate will be \$1.20 1/2 or a saving to the farmer of 9 1/2 per cent.

"The Summers," owned by His Majesty the King, was recently brought to Canada on the Canadian Pacific Steamer "Marburn" and will be kept at the Prince of Wales ranch near Calgary for breeding purposes. This famous five-year-old has a pedigree back to Crme and Galopin, the former sire of Flying Fox and the latter a Derby winner.

It is reported that the head of the textile department of Leeds University, England, has invented a process for the making of artificial wool from cotton waste. The basis of the process is cellulose acetate. The product wears well as wool, it is said, will take the dye of any desired color and is considered a better insulator than natural wool.

During the last fiscal year Canadian exports of tobacco amounted to \$71,991 pounds with a value of \$175,826. Of this value the United Kingdom accounted for \$135,784, the United States \$32,216 and other countries \$34,826. There are 125 tobacco factories in Canada, Quebec and Ontario being the principal producers.

Running on schedule the Canadian Pacific liner "Empress of Canada," Captain A. J. Hailey, again demonstrated her right to the claim of "Queen of the Pacific." The Canadian vessel left Vancouver 24 hours after the American liner "President McKinley" and arrived in Yokohama five hours in the lead.

The British Government is completing at Chatham the largest and most wonderful under-water craft in the world. On the surface she will displace 2,780 tons and when submerged 3,500 tons, this displacement being 1,400 tons greater than that of the largest German submarine. With a twelve-inch gun the new submarine will be able to bombard any object and then quickly disappear under the sea.

SINKS AND DRAINS
 Use a little of Gillett's Lye when the kitchen or bathroom drains are clogged. It works wonders! Use it also for cleaning and disinfecting Closet Bowls; for softening water, making soap cleaning dirty floors and greasy utensils. It has over 500 different uses and a can should be kept handy in every home. Avoid costly and dangerous substitutes. Insist on the genuine.

GILLETT'S 100% PURE FLAKE LYE

NIGHT FLYING BY AVIATORS
 Night-flying by aviators has been brought before the public by the great non-stop flight across the continent by Lieutenants MacReady and Keiley and, through this demonstration of its feasibility general night flying and the delivery of mail during the night may become an accomplished fact before the end of the summer, according to J. O'Malley of Chicago in a recent address before the Chicago Aviation Club.
 A great part of the plans for this epoch making achievement in aviation now rests with the public utility lighting companies or the cities themselves," said Mr. O'Malley. "Guide or beacon lights are necessary for night flying particularly when stops are to be made for a great start has been made in this respect, as well as in the construction of landing fields and probably more work will be done in this direction during the coming summer.
 "The United States Aerial Mail" has developed a plan for flying night mail which seems thoroughly practicable, once the various cities over which the night mail passes agree to maintain the necessary lighting system and emergency landing fields.
 "It is a fact that the whole future success of the aerial mail hinges upon the success of night flying since the time lost by laying over nights would eliminate the saving in time obtained through day flying. "The night flyer is reduced to flying by compass, and no compass has yet been evolved that is sufficiently reliable to be depended on exclusively. Then the question of forced landing is involved. In even of motor failure the flyer is obliged to make a landing. This is sometimes dangerous, although not as much as one might think, since a plane, properly equipped with search lights operated from battery can be guided intelligently when near the ground, although being without power it cannot rise again if the ground is unsuitable for landing.
 "In general, night flying depends upon beacon lights at various points along the route by which the flyer may know his location; emergency landing fields indicated by upward streaming searchlights; planes equipped with searchlights for landing and the cultivation of a night "flying sense."

ECZEMA
 You can get relief from Eczema, Itch, and Skin Irritation, by using the famous "Eczema" ointment. It is the only ointment that will cure Eczema, Itch, and Skin Irritation, and it is the only ointment that is safe for the most sensitive skin. It is the only ointment that is guaranteed to cure Eczema, Itch, and Skin Irritation, and it is the only ointment that is safe for the most sensitive skin. It is the only ointment that is guaranteed to cure Eczema, Itch, and Skin Irritation, and it is the only ointment that is safe for the most sensitive skin.

YOUR DUTY TO YOUR HOME TOWN

What do you owe your town? There is a fact now overlooked by citizens in general, namely that they owe something to the town in which they live.
 The sidewalks you walk on, the streets you drive on, the water in your homes, the light you read by; these, and many other things were obtained by the constructive effort and foresight of others.
 Some of us go, year after year, partaking of the benefits which the town affords, but undertaking none of the responsibilities which it imposes. We are only too free and willing to comment on and criticize the action of others, but when it comes down to taking a hand we are not among the number.
 We allow others to be school trustees, but send children to the schools; we allow others to be Councilors, but eagerly criticize their mistakes; we allow others to join the Board of Trade, and feel free to disparage their activities; we take advantages, but get from under the obligations; and then say to ourselves: "This is a dead town."
 A town composed of critics and drones is bound to be dead, it can not be otherwise. Criticizing alone never brings results; it takes a constructive effort to build anything. Sacrifice a little of your own time for the benefit of the rest of the citizens. It is not actually a sacrifice but a duty which you owe the rest of the public and your self for the advantages you will receive.

RED ROSE TEA "is good tea"
 You should try the **ORANGE PEKOE QUALITY** if you like a tea of the very finest flavor.

ASPIRIN
 UNLESS you see the name "Bayer" on tablets, you are not getting Aspirin at all

 Accept only an "unbroken package" of "Bayer Tablets of Aspirin," which contains directions and dose worked out by physicians during 22 years and proved safe by millions for
 Colds Headache Rheumatism
 Toothache Neuralgia Neuritis
 Earache Lumbago Pain, Pain
 Handy "Bayer" boxes of 12 tablets—Also bottles of 24 and 100—Druggists. Aspirin is the trade mark (registered in Canada) of "Bayer" Manufacture of Monoaceticacid of Salicylicacid. While it is well known that Aspirin means a Bayer manufacture, to assist the public against imitations, the Tablets of Bayer Company will be stamped with their general trade mark, the "Bayer Cross."

IS YOUR MONEY SAFE?
 Hidden in your home it is a temptation to thieves.
 Deposit your money in the bank and rent a **SAFETY DEPOSIT BOX** for your valuable papers, Victory Bonds, etc.
THE ROYAL BANK OF CANADA

Studebaker Light-Six Sedan \$2225

—But You Can't Ride on the Paint!
 Imitation diamonds can be made to look so real and sparkle so brightly that it is difficult to tell them from the genuine.
 But try to sell one and you will find out its real worth in a flash.
 Same with automobiles. Weaknesses of construction in a closed car can be hidden, for a time, with paint and varnish and fancy fittings. But all is not quality that glitters.
 You can't ride on the paint. And when you place such a car in the second hand market, you suffer a heavy depreciation, because it lacked real intrinsic value at the outset. Use will never improve a mediocre product.
 Motor car owners tell us that the trade-in value of any Studebaker car at the end of three or four or five years of useful life is greater than on any other car built today—the percentage of depreciation is the lowest.
 No wonder the Studebaker Light-Six Sedan is the fastest selling quality Sedan in the world!
 The name Studebaker stands for quality, durability, comfort and integrity.
