OFFICE OF THE GOVERNOR GENERAL'S SECRETARY, CANADA

OTTAWA, 21st September, 1951.

Sir,—I have the honour to inform you that His Excellency the Governor General will arrive at the main entrance of the Houses of Parliament at 3 p.m. on Tuesday, October 9th, 1951, and when it has been signified that all is in readiness, will proceed to the Senate Chamber to open the Fifth Session of the Twenty-first Parliament of Canada.

I have the honour to be,

Sir,

Your obedient servant,

H. F. G. LETSON,
Secretary to the Governor General.

The Honourable
The Speaker of the Senate,
Ottawa.

Ordered, That the same do lie on the Table.

The Senate adjourned during pleasure.

After a while, His Excellency the Governor General having come, and being seated on the Throne,—

The Honourable the Speaker commanded the Gentleman Usher of the Black Rod to proceed to the House of Commons and acquaint that House that,—

It is His Excellency the Governor General's pleasure that they attend him immediately in the Senate Chamber.

The House of Commons being come,

His Excellency the Governor General was pleased to open the Session by a Gracious Speech to both Houses, as follows:—

Honourable Members of the Senate:

Members of the House of Commons:

As you resume your labours, our country is being honoured by the visit of Their Royal Highnesses the Princess Elizabeth and the Duke of Edinburgh.

The public satisfaction at the speedy recovery of His Majesty the King which made possible the resumption of plans for the visit is heartening evidence of the deep attachment of the Canadian people to the Crown.

The primary reason for summoning you for a second session in the present year is to invite your consideration of a measure to provide increased security for our older citizens through payment of pensions, without a means test and as a matter of right, to all Canadians with appropriate residence qualifications who are over the age of seventy years, and to establish a fund made up of special contributions levied for that purpose.

Registration of all persons seventy years of age and over has been successfully undertaken, and administrative preparations have already been well advanced to ensure, once the necessary legislation has been approved, the prompt payment from January 1952 of pensions to all eligible persons. In the first year of its operation, it is estimated that more than seven hundred thousand persons will be eligible.

This measure for the well-being of our senior citizens is designed to complete the programme of old age security announced by my government at the session earlier in this present year when legislation was enacted to provide for a federal contribution to assistance to persons between the ages of sixty-five and seventy.

Our national effort to provide for the security of our country in co-operation with other peace-loving nations continues to receive the constant attention of my Ministers.

Full support is being given to the Canadian forces in Korea where they are giving distinguished service in the United Nations' action to defeat aggression.

The North Atlantic nations are steadily increasing their combined strength in their determined effort to maintain peace by providing an effective deterrent to aggression in Europe. To this end an integrated force is being established under the command of General Eisenhower.

The plans for the despatch to Europe of elements of the army and air force destined to form a part of the integrated force were announced at the last session. The measures which the government proposes at this time in furtherance of these plans will be communicated to you without delay.

You will be asked to approve the ratification of a protocol to enable an invitation to be extended to Greece and Turkey to join the North Atlantic Alliance; and to consider a Bill relating to the Canadian Forces.

The concern of our people over the rising cost of living resulting from international and domestic inflationary pressures is fully shared by the government. Every measure will be taken which my Ministers believe will be effective in counteracting inflation without impairing our free institutions. The anti-inflationary measures already in force have checked the upward trend of prices of goods and services affected by their operation.

The government has received an interim report from the Committee studying the Combines legislation recommending that suppliers of goods should be prohibited from requiring or inducing distributors to resell such goods at fixed or minimum resale prices. You will be asked to consider legislation arising out of the Committee's interim report.

My Prime Minister has conferred recently with the President of the United States on the vital importance to the security and economies of both countries of proceeding as rapidly as possible with both the seaway and the power phases of the St. Lawrence project.

The President stated he would support Canadian action to construct the seaway as second best if an early commencement of the joint development does not prove possible. Terms have been arranged with the government of Ontario for the participation of the Ontario Hydro-Electric Power Commission with the appropriate Federal or State authority in the United States for the power development in the international section of the St. Lawrence, and with respect to the division of costs between power and navigation. You will be asked to enact legislation to provide for an appropriate agency of the federal government to deal with the construction of the St. Lawrence Seaway. The proposed agency would be empowered to proceed either with the Canadian share of an international undertaking or a solely Canadian development, as soon as satisfactory international arrangements can be made for the power phases of the project in both countries.

The Commission to consider whether the economic and social returns to the Canadian people on the investment in the proposed South Saskatchewan River project would be commensurate with the cost has been appointed and is pursuing its studies.

The government has decided to proceed with the construction of a causeway to bridge the Straits of Canso for rail and road traffic as recommended by the Board of Engineers, and the government of Nova Scotia has agreed to contribute a portion of the cost.

Pursuant to the recommendations of the Royal Commission on Transportation, amendments will be introduced to the Railway Act, the Canadian National-Canadian Pacific Act and the Maritime Freight Rates Act. The amendment to the Railway Act will include the provision recommended by the Commission for maintenance by the nation of the link in Northern Ontario between Eastern and Western Canada.

My Ministers will submit a Bill embodying recommendations for legislation on radio broadcasting and television of the Royal Commission on National Development in the Arts, Letters and Sciences, including provision for the financing of the Canadian Broadcasting Corporation.

You will be asked to consider certain proposed amendments to the Dominion Elections Act.

Bills will be introduced regarding the Agricultural Products Board, Canada Land Surveys, and the United Kingdom Financial Agreement.

Amendments will be submitted to the legislation respecting the National Gallery of Canada, the Government Annuities Act, the Public Works Act, the Civil Service Act and the Public Printing and Stationery Act.

Members of the House of Commons:

The government will recommend the immediate establishment of the Committee on Public Accounts and will ask you to refer for its consideration the Bill respecting Financial Administration which will be introduced without delay.

*Honourable Members of the Senate:**Members of the House of Commons:*

May Divine Providence bless your deliberations.

The Commons withdrew.

His Excellency the Governor General was pleased to retire.

H. ARMSTRONG,
Examiner of Petitions for Private Bills.

Ordered, That the same do lie on the Table.

The Honourable Senator Beaubien from the Joint Committee of the Senate and the House of Commons on Combines Legislation, presented the following Report:—

FRIDAY, 7th December, 1951.

The Joint Committee of the Senate and the House of Commons on Combines Legislation beg leave to present the following as its

SECOND AND FINAL REPORT

Your Committee, having considered in accordance with the terms of reference the Interim Report on Resale Price Maintenance of the Committee appointed to study the Combines Legislation, recommends to the Senate and House of Commons that a Bill along the lines of the proposed bill hereto annexed be introduced to carry into effect the recommendations of the said Report.

Certain groups appearing before the Committee have expressed the view that one of the consequences of prohibiting resale price maintenance will be to enable large and powerful retailing interests to engage in a policy of selling goods at unreasonably low prices for the purpose of destroying the independent retailer. This Committee does not think that under present conditions there is any substantial likelihood of such policies being engaged in but would recommend to the Government, in the event of such policies being practised, the vigorous enforcement of Section 498A of the Criminal Code which reads as follows:

“Every person engaged in trade or commerce or industry is guilty of an indictable offence and liable to a penalty not exceeding \$1,000.00 or to 1 month’s imprisonment, or, if a corporation, not exceeding \$5,000.00 who

- (a) is a party or privy to, or assists in, any transaction of sale which discriminates, to his knowledge, against competitors of the purchaser in that any discount, rebate or allowance is granted to the purchaser over and above any discount, rebate or allowance available at the time of such transaction to the aforesaid competitors in respect of a sale of goods of like quality and quantity;

The provisions of this paragraph shall not, however, prevent a co-operative society returning to producers or consumers, or a co-operative wholesale society returning to its constituent retail members, the whole or any part of the net surplus made in its trading operations in proportion to purchases made from or sales to the society;

- (b) engages in a policy of selling goods in any area of Canada at prices lower than those exacted by such seller elsewhere in Canada, for the purpose of destroying competition or eliminating a competitor in such part of Canada;
- (c) engages in a policy of selling goods at prices unreasonably low for the purpose of destroying competition or eliminating a competitor, 1935, c. 56, s. 9.”

Your Committee is of the view that if other types of predatory price cutting, the possibility and the nature of which cannot at the present time be foreseen, take place, the Government should then consider placing before Parliament

further amendments of the Combines Investigation Act or the Criminal Code prohibiting such other types of predatory price cutting and providing adequate penalties for them.

A copy of the minutes of proceedings and evidence of the Committee is appended.

All which is respectfully submitted.

A. L. BEAUBIEN,
Joint Chairman.

Honourable Members of the Senate:

Members of the House of Commons:

The people of Canada have been deeply gratified by the rapid and steady recovery of the King’s health. The transcontinental tour of Their Royal Highnesses, the Princess Elizabeth and the Duke of Edinburgh, was the occasion for a universal and heartfelt manifestation of the attachment of the Canadian people to the Crown and the Royal Family.

Throughout the session, My Ministers have continued to give constant attention to the policy of seeking the security of our country in co-operation with other peace-loving peoples through the establishment of real and lasting peace.

To resist aggression there and to discourage aggression elsewhere, armed forces of our country, combined with United Nations’ contingents from other countries, are performing their duties in Korea with valour and distinction. Meanwhile, negotiations to bring about a cease-fire have been undertaken and are continuing.

Elements of the Army and Air Force have been despatched to Europe to form part of the integrated force under the command of General Eisenhower.

In furtherance of our international policies, certain of My Ministers have been absent from Canada for sessions of the General Assembly and other organs of the United Nations, for meetings of the Council and other organs of the North Atlantic Treaty Organization; and for the negotiation of a Pacific Fisheries Treaty with the United States and Japan.

You have approved a protocol which provides for the extending of an invitation to Greece and Turkey to join the North Atlantic Alliance.

You have enacted legislation to implement agreements between the parties to the North Atlantic Treaty regarding the status of their forces. You also enacted a measure respecting the Canadian Forces.

The Pension Act has been amended to provide for substantial increases in the rates of pension for disabled veterans and widows of veterans and for their dependents.

In response to the main purpose for which you were summoned to the present session, you have enacted a measure to provide for the payment, from January 1, 1952, of pensions as a matter of right and without a means test to all Canadians with appropriate residence qualifications who have attained the age of seventy years.

You have given your approval to a measure to prohibit persons engaged in manufacturing, buying or selling articles or commodities from fixing specific or minimum resale prices.

You have authorized the creation of a corporation to be known as "The St. Lawrence Seaway Authority" for the purpose of constructing, operating and maintaining, either alone or in co-operation with the United States, a deep waterway between Montreal and Lake Erie.

You have also approved an agreement between the government of Canada and the government of the province of Ontario with respect to the development by Ontario, concurrently with an appropriate authority in the United States, of hydro-electric power in the international rapids section of the St. Lawrence River.

The Railway Act, the Canadian National-Canadian Pacific Act and the Maritime Freight Rates Act have been amended in general conformity with the recommendations of the Royal Commission on Transportation.

You have made legislative provision for a limited guarantee of short term bank credit to grain producers in the Prairie Provinces, in order to meet temporary financial difficulties resulting from inclement weather during the harvest season.

You have passed legislation embodying recommendations of the Royal Commission on National Development in the Arts, Letters and Sciences with respect to radio broadcasting. You have also revised the legislation respecting the National Gallery of Canada along the lines of the recommendations of the Commission. My government is continuing to give careful consideration to other recommendations in the Commission's Report.

You enacted measures respecting the Agricultural Products Board, Canada Land Surveys, the Revised Statutes of Canada and the International Convention for the Regulation of Whaling.

Amendments have been made to the Dominion Elections Act; the Judges Act, 1946; the Exchequer Court Act; the Supreme Court Act; the Public Printing and Stationery Act; the Bills of Exchange Act; the Canada-United States of America Tax Convention Acts of 1943 and 1944; the Civil Service Act; the Toronto Harbour Commissioners Act; and the North Fraser Harbour Commissioners Act.

You enacted a measure providing for the financial administration of the government of Canada, the audit of the public accounts and the financial control of crown corporations.

Honourable Members of the Senate:

Members of the House of Commons:

May Divine Providence continue its blessings upon our nation and upon the efforts of peace-loving peoples to establish the rule of law in the relations between nations.

The Honourable the Speaker of the Senate then said:—

Honourable Members of the Senate:

Members of the House of Commons:

It is the will and pleasure of the Right Honourable the Deputy Governor General that this Parliament be prorogued until Thursday, the seventh day of February next, to be here holden; and this Parliament is accordingly prorogued until the seventh day of February next.
