GOD BLESS THE MAN THAT GREW THE WHEAT

Wheat dropped two more cents yesterday, or five cents since Monday morning, and it will go lower tomorrow. And why should it not go down? If you say "the war," the answer is that more wheat has been grown in this year of war than ever before.

And the Canadian farmer is limited to the British market for his export of wheat. The United States keeps us out of the latter market. And we never had so much to sell and so limited a market to sell it in.

But editors and politicians often try to get by important issues by saying "it can't be done," and that is just what we are saying it would have been impossible to arrange for Great Britain to take all of our wheat at a fixed price.

Yesterday the World reporter interviewed Mr. Hedley Shaw of the Maple Leaf Milling Company. Mr. Shaw is not among the wisecracks who say it would be ridiculous for the imperial govern-

**FEMALE COLONEL  
IN MIGHTY MOOD**

McNab of the Guards Con- founds Disturbers by Em- phatic Denials.

**FUNDS ARE QUITE SAFE**

Recruits Propose to Wear Their New Uniforms to Work.

Instead of retarding the growth of the Canadian Women's Home Guard, the recent eruption which took place has served to stimulate recruiting, eighty-five young women telephoning to Miss McNab's residence yesterday signifying their intention of enlisting at the drill tonight. Many officers to help in military training also received yesterday.

Comfortably seated in an easy chair, clothed in mufti, when interviewed by a World-reporter last night, Miss McNab looked none the worse for the strenuous day's work she put in at the city hall tent yesterday. She evidently saw the humor of the situation for, when asked to read the accounts in the evening papers, she laughed heartily.

"What about the statements made at the Red Cross offices?" she was asked. "I have a letter from the society among my papers which I received which is purely auxiliary was commenced," she said. "The latter wishes me all success in my work, and enclosed with it were a large number of postage stamps. No money distributions were made to the Red Cross for the simple reason it was all spent in buying material."

Her Red Cross Work. Miss McNab stated that her work in connection with the material side of the business had been discontinued for a while during the winter. When Major McKinnon had returned from the front, she resumed her work for the soldiers at Exhibition camp. Dr. Margaret Patterson of the Patriotic League had advised her to give up the material side of the work and leave it to those who could do knifing and make bandages, but she would not give up sewing. "But there is no need for me to continue in this connection," she said, good-naturedly. "I am anxious to know anything regarding my Red Cross duties. Dr. Margaret Patterson would be able to give them all the information they require."

At this juncture the colonel of the Guard was called to the telephone, where she was informed that Col. Galloway had refused the statement attributed to him in an evening paper that "the whole matter should be investigated." "Where are the fees which have been received from the 1000 guards?" was the next enquiry.

"First of all let me tell you that I have touched none of the money paid in, and none of it is banked in my name," she said. "Some in the Bank of Montreal and some in the Bank of Toronto. Miss McCully yet holds the Bank of Montreal pass book. Miss McNab declined to talk any further on this matter, but maintained that all the money received had been deposited in either of these banks. "I think it is kindness as the promoter and originator of this movement," she said, "to make public things that would not sound kind to another woman, but would only leave room for further pole-ming."

Uniforms Coming. With reference to the uniforms and the people who are making them, Miss McNab said: "Some of the girls of the guard have been ordering uniforms from the representative of the Peabody Company of Walkerville, who have received orders for fifty to be made similar to the uniforms to be made similar to the uniforms worn by Miss McNab during the past winter and cost \$12 complete. It is given by the Hand Company of Toronto as \$12, but the guards wanted the pay on the installment plan, but were advised to wait until they were ready enough to buy one outright. Miss McNab intimated that she expected the girls would wear their uniforms to bustiness."

Boots, Too. The 12-inch boots which will be worn are supplied by the Robert Simpson Company in lots of 60 at \$4.50 per pair. Miss McNab wishes to make it clear that her statements regarding elating and buying boots for the guard are not on the whole organization. "The person who used the words was Miss McCully," she said.

Great dolzes are promised for tonight at Dundurn Heights when the regiment will drill. The Earlewood Band and Army band will render a musical program. A canteen is the latest innovation there the guards will receive, hours after their manoeuvres. Rifle practices are being arranged for the Kiltie regiment will soon be in shape, and from appearances it would seem that the Canadian Women's Home Guard is held out against the enemy's assaults for some time to come.

**POPE'S HEALTH SUFFERS FROM STRAIN OF WAR**

ROME, via Paris, Aug. 31.—Pope Benedict's anxiety over the war has reached such a point that he is resting and suffers from insomnia. However, he is relentless in his endeavors to mitigate the horrors of the conflict and bring about a situation where his efforts for peace are likely to have some chances of success.

The pontiff only receives a large number of reports, and in the present situation, these reports being of diplomatic, economic, financial and even military character.

**Thin Men and Women**

DO YOU WANT TO GET FAT AND BE STRONG? The trouble with most thin folks who wish to gain weight is that they insist on digesting their stomachs, or stuffing it with greasy foods; rubbing on useless "flesh creams"; or following some foolish physical culture stunt, while the real cause of thinness stays untouched. You cannot get fat until the digestive tract properly assimilates the food you eat. There is a preparation known to reliable druggists almost everywhere, which seemingly embodies the missing elements needed by the digestive organs to help them convert food into rich, arterial blood. This preparation is called Sargol, and much remarkable results are due to its successful use in flesh-building. Sargol, which comes in the form of a small non-injurious tablet, taken at meals and mixed with the digesting food, tends to prepare its fat, flesh and muscle building elements so that the blood can readily accept and carry them to the starved portions of the body. You can readily picture the transformation that additional and previously lacking flesh-making material should bring to your body. Sargol, which comes in each large package, should be taken about using it unless a gain of weight is desired.

**GERMANS ROUTED WEST OF DWINSK**

Russians Deliver Blows, Hurling Enemy Back Forty Miles.

**SLOW WITHDRAWAL**

Reinforcements Diverted by Foe From Serbia to Galician Front.

BY FREDERICK RENNET. PETROGRAD, Aug. 31.—Friedrichstadt continues to be the immediate objective of the Germans. They see in it the key to the Riga and the Dvinsk route, hence their move against Virgallo for the purpose of turning the western position of Friedrichstadt, which, however, is meeting with stubborn resistance. Westward of Dvinsk the Russians are fighting successfully, having thrown the enemy back forty miles. A slow retreat from the Niemen is being continued methodically despite Von Elchorn's attempts by reaching Orany to separate it from Vilna and Grodno. The withdrawal is covered by Grodno, which, although more of a fortified camp than a fortress, serves the purpose sufficiently.

It is now clear that Linsingen's and Pfanner's armies in the region of Bukovina and the Dniester have been greatly strengthened by reinforcements brought along the southern railway of Hungary, which fact in due course has caused a rumor of a contemplated German advance against Serbia. The reinforcements drawn from the various fronts and placed under the command of Gen. Tukhalei awaited the fall of Brest-Litovsk before starting operations. Under cover of Mackensen's army, the latter's deep turning movement, however, was frustrated.

In the region of Sokal, Galicia, Russian aviators threw bombs and exploded a depot of asphyxiating gas reservoirs, killing 27 German officers.

**BIG DYNAMITE TRAIN WAS BLOWN TO BITS**

Disaster Near San Francisco— Campaign of Anarchy Urged.

SAN FRANCISCO, Aug. 31.—A train carrying 7000 pounds of dynamite ran off the track at Pinole, Cal., today and blew up, killing its engineer and fireman and an unidentified laborer. Nothing remained of the train. Nearby powder plants were not damaged. Pinole is on the shore of San Francisco Bay, 16 miles from here.

**APPEAL TO PATRIOTS**

ST. LOUIS, Aug. 31.—Fifty handbills calling on German and Irish "patriots" in America to help end the European war by dynamiting factories and railroads engaged in the manufacture and transportation of war supplies for the allies, were turned over to the postmaster here today by G. A. Hochen, editor of a labor paper. The handbills were wrapped in copies of The Hanover Anzeiger and postmarked at Elmhurst, a small town near Hanover.

Postal authorities here do not take the handbills seriously. The bills were printed in English and signed "The German Committee." They contain pretentious offers of \$1000 to \$10,000 to the "patriot" who will help us annihilate our enemies.

**POLICE NEWS**

Warning for Chauffeurs. Owing to the crowded conditions of the streets during the Exhibition, drivers of autos are warned to be careful in their driving, particularly in regard to the speed limit. This was the advice given out by Squire Ellis in the police court yesterday after he had fined James Toward, a chauffeur, \$50 and costs or seven days in jail, for driving at a high speed on the influence of liquor, on Gerrard street, and colliding with a Parliament street car.

Joseph Warlow, 28 Leaside street, appeared on a similar charge and was fined \$10 and costs. Forfeiture of Stand Trial. Madeline Millen, 204 Clarendon street, and Nellie Howell, 414 Church street, appeared in the police court yesterday on separate charges of telling fortunes.

Evidence was submitted by the morality department to show that the two women had done a thriving business in palmistry, after which Col. Denison decided that they should be sent up for trial by jury, and allowed them out on \$200 bail apiece. Lost Track of Car. The inquest was reopened at the morgue last night into the death of Joseph Venzla, 14 Sumach street, who was killed on the Kingston road, Aug. 15, by an unknown auto. The witnesses called, John Doherty, 80 Bond street, and W. J. Gibson, 3 Ross street, who pursued the car that caused the accident, stated that they lost track of it owing to its high speed and to the congested traffic. Coroner Denary adjourned the inquest until Sept. 15, in the hope that the police would have more substantial evidence. Short Joy Ride. Leaving his car in charge of a boy outside the Exhibition grounds last night, Charles Johnston, 171 East King street, returned to find that the unknown stranger had requisitioned it for a joy ride, and then disappeared after colliding with a car belonging to M. W. Spence, 530 East Front street.

**HOW TO CAN PEACHES**

Directions for Preserved Fruit That is Not Too Sweet.

Many people do not like jams or preserved fruit that is "dead sweet." Men, particularly, would eat more fruit in the winter time if it is hot too sweet, and as it is the most healthful thing they can eat, the following directions should be followed by the careful housewife. "More fruit and less meat" should be the rule in all households, and this year is an especially good one in which to make a start, as both peaches and plums are of excellent canning quality.

The great secret of success in canning fruit is to destroy the yeast germs that cause fermentation. This can only be done by a high degree of heat. When this is accomplished and the jars made perfectly airtight, it is not necessary to use large quantities of sugar. The trouble has been to obtain this result without cooking the fruit until it loses its firmness, becoming soft and flabby. If these directions are followed carefully the result will be fine, firm fruit that is not too sweet and is delicious served with or without cream. It also gives the best fruit for pies and puddings.

**ARABIC'S DESTROYER HAS NOT REPORTED**

Berlin Has Nearly Given Up Hope of Submarine's Return.

**SUB. LONG OVERDUE**

Reports on Operations Usually Received Within Two Weeks.

BERLIN, Aug. 31, via London.—The German admiralty today advanced the suggestion that the submarine which may have torpedoed the steamer Arabic, possibly has foundered or has been sunk by the British. A high official of the admiralty, in again declaring that absolutely no news of the sinking of the Arabic was as yet available, said:

"It would not be lamentable if the submarine should have been lost and we should never learn what happened? Soon after the Arabic sank I said we should in all probability have the report in the next few days. Most of our details by the end of August, or early those which were on the west coast of England at the time have now returned, but none so far knows anything about the Arabic."

Berlin Fears Worst. "It probably will be possible within a very short time—I cannot say precisely how many days—to tell whether our apprehensions regarding the submarine are correct."

This official would not say whether there was a rumor of a contemplated question still were out, nor how long any vessel had been away from its base, but stated suggestively: "They seldom remain out longer than three weeks and we usually get a report on any torpedoing operations in from eight to fourteen days—rarely later than a fortnight after the occurrence."

**BIG LUMBER TRADE IN NEWFOUNDLAND**  
Law Permitting Export of Rough Product Proves Great Stimulus.  
UNIVERSAL DEMAND  
Canadian and U. S. Capital is Attracted to New Field.

OTTAWA, Aug. 31.—Reports received by the trade and commerce department show that in Newfoundland, whose annexation to Canada seems probable in the near future, the lumber trade is experiencing a most remarkable development. This is due to the recent passage of a law permitting the exportation of unseasoned and unmanufactured lumber from Newfoundland and permitting other privileges to lumbermen. Coming just when the want of lumber is being felt throughout the world because of the cutting off of much of the supply from countries now engaged in the war, both Canadian and United States capital has been attracted into the new field by the possibilities of large profits.

Under the old law it was impossible to develop the lumber business of the big island or of Labrador. The law has been suspended for two years in Newfoundland and for ten years in Labrador, but it is confidently predicted that the development of the new industry will be so profitable that a further suspension will be voted.

Big Export Business. Within the last few months thousands of square miles of stumpage have been contracted for, and arrangements made for developing a big export business. British buyers are contracting for pit props and other colliery and building lumber as well as pulpwood. A dozen large cargoes already have been shipped to England and France, and it is estimated that about 6000 men are now engaged in the work of getting out timber.

Indications are that Newfoundland will now begin to take an important place in the lumber business of the world.

A supple brown silk of superb quality is used, a ruffe of which is applied at the skirt hem, giving weight and bouffancy. Long light sleeves which reach well down over the knuckles have a row of tiny bow-tie buttons extending to the elbow. A novel fastening is effected by the placing of silk straps diagonally in a row down the side front. Tiny buttons are shown as fasteners, but the frack in reality clasps with domes beneath the straps. A charmingly designed collar of daintily hatched organdie completes this chic costume, with which bronze boots and a bronze velvet hat are worn.

Scalloped edges are extensively displayed on some of the princess modes, one particularly stunning frack of white velvet having edges bound in rich black corded silk. The sleeves of this model were also scalloped, with little jet buttons at each point. The neck line is squared with an inner netwoe extending into the fashionable high strapped collar.

Record Attendance Fair's Second Day

WAR HAS RESULTE IN UNITY OF BRITISH EMPIRE GREATER THAN EVER EXISTED BEFORE

"It's More Worth While to Be a Canadian Today Than a Year Ago," Said N. W. Rowell, K.C., in a Strong Patriotic Address - Record Crowd Attends for Second Day of Exhibition.

Figures for Empire Day at the Exhibition show that there were more people in attendance by noon than for the entire first day.

It was a joyous, happy, enthusiastic crowd which celebrated Empire Day on the grounds of the Canadian National Exhibition.

There was sufficient breeze to keep the flags flying, but it was warmer than during the first day and the temperature was just right for getting around, visiting the buildings and taking in the sights generally.

Undoubtedly the best number to be seen anywhere at the Exhibition is the Swedish exercise performed by members of the 35th Overseas Battalion in front of the grand stand.

The speaker emphasized the result of the war which has been a greater unity than ever before in the empire.

"In conclusion, let me say that we should also be grateful for the Englishman in which our sons have responded to the call. It is more worth while being a Canadian today than it was before the war.

IT'S CHILDREN'S DAY TODAY

It's Children's Day. Now watch the exhibition from the top. There will not be a corner unoccupied. With a lunch basket in one hand and a school bag in the other, thousands of Toronto's youngsters will start from home early, and the great grounds will become a fair ground.

Children here, there, everywhere they will be in absolute command of the big fair. No child can be fulfilled, no anticipation unrealized, no wish will be in their glory for a whole day.

Everything is ready, Mr. and Mrs. Toronto, to come along. This is your day, and if you don't enjoy it, it's your fault.

It's only five cents today—that's the popular medium of exchange. Five for admission, five for the grand stand and five for the side show.

Greater Unity Than Ever. The speaker emphasized the result of the war which has been a greater unity than ever before in the empire.

"In conclusion, let me say that we should also be grateful for the Englishman in which our sons have responded to the call.

Optimistic for Future. The struggle on the eastern front has not been a failure, but a venture to think that when what it is, the situation today with what it is, and optimism is ground for gratitude and optimism for the future.

CHILDREN'S DAY PROGRAM

8.00 a.m.—Gates open. War trophies on view. 9.00 a.m.—Buildings open. Processes under way. 9.30 a.m.—Model camps, trenches and dug-outs open to public inspection.

1. March—"Billie's Song" Schubert 2. Overture—"Maanuello" Wagner 3. Albert Leaf "The Merry Wanderer" (Solo by Signor De Mitty and Rosal)

Wilhelm's shirt provided a subject for humorous comment. The shirt, which had been used by a soldier in the trenches, was displayed in the exhibition.

Many sights which never fall to the eyes of the ordinary visitor are to be seen in the educational building, ranging from a demonstration of the chlorination of Toronto's lake water to a display of fancy work.

The Toronto public school children and the technical school scholars have submitted a number of examples of their academic activities.

His Royal Highness the Duke of Connaught will review the Boy Scouts on Thursday afternoon at the Exhibition grounds.

For dyspepsia, indigestion, souring of food, gas, and hyperacidity of the stomach (acid stomach). A teaspoonful in a glass of water, three or four times a day, gives INSTANT RELIEF.

EXHIBITION NOTICES

Prisoner of War Has Interesting Needle Work in Women's Building. Engineers Have Tried in Vain to Blow Up Elusive Vessel.

The small edition of the Emden, which has been constructed at the Exhibition grounds in order to depict the horrors facing the fleet at the Dardanelles and in other portions of the war zone, is living up to her name.

There are specimens of work in practically all the departments in the women's exhibit, which when viewed with an acquaintance of their history makes them of infinite interest and rare beauty.

Three large panoramic paintings show the interior of the Emden, which was captured by the British fleet in the Indian Ocean.

The most interesting machinery exhibit at the Exhibition is that of the Tyagar Engine Co., whose headquarters are at the eastern end of the exhibition grounds.

The members of Toronto District W.C.T.U. are not only interested in serving home-like meals in their restaurant at the south end of the grounds, but are also interested in the beautiful waters of Lake Ontario.

The death of Giles Sanders Ramson, aged 83 years, of Indian road, occurred last night. The funeral will take place Thursday afternoon from the residence to Mount Pleasant Cemetery.

Wednesday, Sept. 1. 1. March—"Billie's Song" Schubert 2. Overture—"Maanuello" Wagner 3. Albert Leaf "The Merry Wanderer" (Solo by Signor De Mitty and Rosal)

Wilhelm's shirt provided a subject for humorous comment. The shirt, which had been used by a soldier in the trenches, was displayed in the exhibition.

Many sights which never fall to the eyes of the ordinary visitor are to be seen in the educational building, ranging from a demonstration of the chlorination of Toronto's lake water to a display of fancy work.

The Toronto public school children and the technical school scholars have submitted a number of examples of their academic activities.

His Royal Highness the Duke of Connaught will review the Boy Scouts on Thursday afternoon at the Exhibition grounds.

GOVERNMENT RAILWAYS MAKE FINE SHOWING

New Illuminated Map Shows New Transcontinental National Highway.

For the past few years the big illuminated map shown by the Canadian Government Railways has been an attractive feature of the federal government building.

Until the Quebec bridge is built the connecting link of the Transcontinentals across the St. Lawrence is the car ferry "Leonard," which carries this powerful craft is shown and already it has attracted great attention.

Close study of the human foot and its requirements has resulted in the production of a shoe the "natural tread," which by leading surgeons and orthopedists has been pronounced perfect in every requirement.

In addition to serving the best full course meal for fifty cents on the grounds, Nasmith's are providing an à la carte service at the grill room at the eastern end of the grounds.

A full course dinner of exceptional merit is obtainable at 35 cents at Bird's dining hall, while a special dinner at the restaurant that is meeting with the instant approval of all Exhibition visitors who have patronized this popular dining establishment.

The members of Toronto District W.C.T.U. are not only interested in serving home-like meals in their restaurant at the south end of the grounds, but are also interested in the beautiful waters of Lake Ontario.

Admiral's Excellent Training for Officers

One of the exhibits at the Exhibition camp, situated at the Exhibition grounds, is a model of a transport, fitted out for the entire works of the training of the officers.

Since coming to the Exhibition with the boys in the model one, a number of the officers and their families have been seen at the Exhibition.

WOOD FLOORS FOR TENTS

Special to The Toronto World. KINGSTON, Aug. 31.—Tents at Barriefield Camp are to be provided with wood floors. This will eliminate the greatest trouble at the big camp, as going to the very wet weather all summer the ground has been very wet.

### SOLDIERS IN MODEL CAMP A SPLENDID BODY OF MEN

Admiration of Every Exhibition Visitor Excited by Excellent Physique and Training of Volunteers for Overseas Service.

One of the noticeable features of the exhibition is the model military camp situated to the west of the transportation building, where the infantry detachment of 237 picked men from the 35th Battalion are quartered for the entire two weeks. The inner workings of the camp are most interesting to the uninitiated and are attracting the attention of thousands of visitors.

From reveille at 6 o'clock a.m. until lights out at 10.45 in the evening the soldiers are kept busy with the various duties of camp life. In their fatigue dress, during the day, they have a multitude of tasks to attend to, and when not otherwise engaged are given a chance to have every part of their equipment spick and span.

**Boys Are Happy.** Since coming into camp on Friday, the unit has not had ideal weather, but with the bright sunshine of the last two days things are getting dried and the boys in khaki are more than content. In every detail the camp is a model one, and although they have been under canvas only four days, everything is working smoothly. The medical and sanitary fatigue department have their work fully perfected.

Everything that could be arranged for the comfort of the men has been attended to. All the tents have been equipped with board floors and they are such a protection in time of wet weather, and with pieces of matting the tents are given an appearance that is almost homelike. Blankets are piled neatly and the rifles and other equipment are arranged with an eye to perfect order.

**Trench Digging.** Perhaps the most novel feature and really the most interesting from a military standpoint in the exhibition is trench digging in the space between the camp and the transportation building. Here, on a miniature scale, is shown all the intricacy of trench warfare, with all the precautions taken in their construction which are used in France and Flanders to safeguard the lives of the men who are defending the empire.

Yesterday morning a detachment of 80 men were engaged in perfecting the trenches. Facing each other at a distance of fifty yards are the trenches of the rival forces, with the German position to the north and the British troops holding the southern position. Each afternoon the 35th will sally out of their trenches and make a bayonet attack on the imaginary enemy.

The approach to the firing line from a position in the rear by means of a zig-zag passage, the dug-out which provides refuge from heavy artillery fire, the flank parapet from which to direct fire upon an enemy which has possession of part of the trench and most of the other devices resorted to by trench fighters are all shown on a small scale.

**Signalers Kept Busy.** The signallers are kept busy sending messages thru flag and heliograph and detachments are sent out each day to practice company drill in High Park.

The staff officers are Major R. K. Barker of the headquarters staff, company commander; Lieut. G. Hall of the 4th Battalion as assistant staff officer. Capt. J. S. Campbell is in charge of the company, with Capt. Howard as second in command. Special work is put on each afternoon for the benefit of the spectators who inspect the camp.

**Keep Up Recruiting.** The recruiting work has not been overlooked. The Toronto Recruiting League has created a tent adjoining the camp and will take care of any recruits who offer themselves. Sergt.-Major Charles Field is in charge of the depot and made a good start yesterday by securing several applicants.

The men are not sworn in at the depot but merely sign a form to be kept for examination at the orderly room of the Toronto recruiting depot at the armories. It is expected that a large number of out-of-town visitors will be attracted to the recruiting depot, where information concerning service will be explained to them.

**A Domestic Tale.** And when at last the load was cast where all could form in shape, and each one got a clean spot to which to sit and scrape.

Then kings-around their roy-al board, At-mayed in low-els bright, With crowns of gold and wealth untold.

Light en-vy their de-light, Palmer Cox.

**FOR TENTS.** Tents at Barrack Street are provided with all the big camp comforts. The weather all has been very wet.

### HELPS RED CROSS TO AID SOLDIERS

Generous Contributions Made at Exhibition Booths by Many Visitors.

#### EVERYONE IS WILLING

Idea Seems to Be to "Do Your Bit" and Mission Meets Success.

"I'm an American, so I'm afraid you won't want me," said a nice looking young man whose voice verified the statement, approaching the Canadian Red Cross stand. "But I want to help you—the work is too great not to be allowed a little share in it." The smiling-faced lady presiding plucked a single little blossom into the button-hole of the visitor's lapel, and the square tin box on the stall counter was richer by a contribution that didn't make a noise when pushed thru the slot.

The next well-wisher of the great cause was a "sticker-mouthed" child of seven or eight years, whose parcel of "quaker kisses" explained the sugar-coated feature. With one chubby fist grasping the ledge of the counter the other reached up and deposited "his little mite" in the disguise of four one-cent coins, his good-natured smile leaving no doubt in the mind of the on-looker that it is much more blessed to give than to receive.

Perhaps this child's gift was the inspiration for the kindly old gentleman who stopped to view the fine posters and patriotic decorations which help to make this stand one of the very prettiest in the broad hall section leading into the women's building.

**He Took a Flower.** "I would like one of your flowers, madam," said the gentleman in exchange for which he inserted a five dollar bill in the big box. The flowers are given out all day long to just such a variety of willing helpers. The flowers are all donated and all the proceeds will go direct into the funds of the Red Cross.

A stall working for a different branch of the same great cause is that presided over by Mrs. Hugh Blain, assisted by a bevy of pretty young girls including Misses Audrey Strickland, Mona McClure, and Lucille Hodgins. Here are dispensed an aid of the Canadian Convalescents' Home in Dieppe. Both booths state that they are doing a thriving business.

### TELLING FARMERS ABOUT MARKETING

Purpose of Egg Display in Dairy Building is to Give Instruction.

An interesting display in the dairy building is that of the poultry division of the Dominion Agricultural Department. Two model plans illustrating poultry farms, country stores, depots, wholesale and retail houses and the home of the consumer are carried out exact in every minute detail, and illuminated very effectively. The idea is to illustrate to the public in the most simplified way how can be obtained the best quality for the most reasonable prices. Also, a part of the display is a daily demonstration for testing eggs—the freshest eggs having the least perceptible air space when held between a flame of light and the eye.

**A Big Collection.** A collection of over 6000 dozen eggs will be on view throughout Exhibition, to show the value of the "standard for Canadian eggs," as adopted by the third annual convention of the Canadian Produce Association, held in Guelph in January. Canadian farmers, it is reported, have been losing annually a large sum of money thru the marketing of inferior eggs on the "case count" or "flat rate" system of purchasing, when eggs are bought by number irrespective of quality. Under the new conditions it should not be long before this unfair system is dispensed with altogether, and the more reliable prevails.

One Hundred and Twenty-Nine Passed Yesterday at Central Bureau.

When nearly 100 of the Queen's Own overseas men left Toronto yesterday afternoon to join the 35th Battalion, C.E.F., at Niagara camp, they had an imposing escort and the parade presented a stirring sight as it swung down town to the wharf by way of Queen and Yonge streets.

In addition to being led by the 32nd Highlanders' brass and bugle bands, about 150 of the other Q.O.R. active service men in uniform also helped to swell the parade. J. F. Leash, 48th Highlanders; A. C. Snively, 48th Highlanders; A. Turnbull, 48th; F. C. Armstrong, 31st Highlanders.

Provisional lieutenants who have qualified for rank of lieutenants: E. G. M. Dick, 10th Regt.; H. H. Hunter, 10th Regt.; G. T. Thomson, 18th Regt.; G. E. McLean, 38th Regt.; W. F. Newman, 38th Regt.; Lieut. W. H. Murray, 48th Highlanders.

**Another Big Day.** Overseas recruits accepted and sworn in at the central recruiting depot at the armories totaled 129 yesterday. This makes a total of 315 recruits accepted in the first two days of this week.

In addition to being open daily to receive recruits to the depot at the armories is also open in the evening on Mondays and Fridays. These were about 60 artillerymen, headed by Capt. E. F. Johnston. Both units cheered in passing.

### ORDERED INQUIRY BY COUNTY JUDGE

Hodgson-Meredith. Accusations Will Be Subject of Immediate Probe.

#### NOMINATED SMITH

Council Will Be Asked to Appoint Acting Chief Head of Brigade.

The board of control transacted some real business yesterday. Mayor Church's motion that the Hodgson, Meredith and Maguire charges be investigated before a county judge was adopted by the board, as was his motion that the name of Acting Chief Smith be sent on to council as nominee for the position of fire-fighting chief. The board also passed a resolution that Controller Thompson's motion to recommend that a commission be appointed to govern the fire department did not carry.

The city council will meet on Friday morning at 10 o'clock, and the session promises to be a long one, for besides the recommendations made yesterday, there is plenty of room for debate in the opportunity that council will have to rescind the motion that a fire commissioner be appointed and that a fire-fighting chief be appointed instead.

**Mayor Is Worrying.** The absence of Corporation Counsel Geary, who is soldiering with the Canadian overseas forces, is causing Mayor Church considerable uneasiness these days. When Mr. Geary received leave of absence with full salary it was understood that he was to provide a substitute, but to date no one has been put on the job. The mayor now thinks that a corporation counsel should be put on the job all the time, and he told the board of control so yesterday, suggesting that another man be appointed permanently. Controller O'Neill objected to the city breaking its promise, but the mayor thought that the keeping of promises worked both ways, and thought that if the man appointed by Mr. Geary were not on the job all the time a permanent corporation counsel was not needed and the position should be abolished.

**City Hall Items.** A recommendation has been sent to the board of control by the assessment commissioner that Charles J. Foxley be paid \$18.00 for his property at 32 Vincent street, required in connection with the Terulay street extension. The property is assessed for \$700.

Following a conference with the Ontario Motor League, the property committee will decide as to whether motorists should be allowed to use search lights within the city limits or not.

A request for 800 Exhibition tickets has been made by the Life Underwriters to the board of control. They hold their convention here on Friday of next week.

Unusually signs on the city streets have been attracting the attention of Aid. Roden, and at the property committee yesterday he complained of the policy of the city in allowing the erection of such so long as they complied

### A Fire Chief or a Commission?

It is estimated by the evening press  
 that Acting Chief Smith will be ap-  
 pointed chief of the fire brigade, with  
 full powers, on the recommendation of  
 the board of control, proposed by Con-  
 troller Thompson. Mr. Thompson ex-  
 plains that he has taken the initiative  
 in this matter because there was no  
 other way to break the deadlock. No  
 eligible candidate whom the aldermen  
 would support could be induced to  
 stand the rigors of a city council cam-  
 paign.  
 Probably this is the severest im-  
 pediment of the methods by which  
 city government is carried on in To-  
 ronto that we have had. It is directed  
 against the policy of abuse and scan-  
 dal-hinting with which decent and  
 honorable men are greeted equally  
 with those of a less desirable charac-  
 ter. To outsiders there could be no  
 honorable men in Toronto if all the  
 citizens had to come under the an-  
 tagonism of certain aldermen and of  
 a certain source of civic political in-  
 fluence. This is the explanation why no  
 suitable candidate could be obtained  
 and why Controller Thompson had to  
 break the deadlock by nominating Mr.  
 Smith.

It will be enquired, naturally enough,  
 why Controller Thompson felt it ne-  
 cessary also to propose the appoint-  
 ment of an independent commission,  
 selected by the council and from in-  
 dependent outside bodies like the  
 Manufacturers' Association and the  
 board of trade, if Acting Chief Smith  
 was an entirely competent man for  
 the position and capable of conducting  
 the reorganization, which has not been  
 forgotten by the citizens as having  
 been recommended by the judge after  
 a judicial investigation. It may be  
 thought by some that such a long time  
 has gone past since then that it should  
 all be forgotten and that the aldermen  
 should be prepared to let bygones be  
 bygones. But a judicial recommen-  
 dation and the facts which led to it  
 are not thus easily to be disposed of.

### Reciprocity

Undismayed by the experience of  
 former governments, the Wilson ad-  
 ministration is seeking to negotiate  
 reciprocity treaties with the South  
 American countries. Just now these  
 countries are anxious to make almost  
 any deal with the United States,  
 standing, as they do, in urgent need  
 of capital, which can be secured no-  
 where else. There is talk of estab-  
 lishing an international commerce  
 court and other facilities to promote  
 trade between the Spanish Americas  
 and their big uncle up north. Pres-  
 dent Wilson will stake his political  
 future, and almost the political future  
 of the Democratic party upon the  
 passage of the ship purchase bill, pri-  
 marily designed to establish govern-  
 ment-owned and operated fleets for  
 the pan-American trade.  
 But a reciprocity treaty is a diffi-  
 cult thing to put over. Mr. Taft had  
 some experience in that line, and so  
 did several of his predecessors. Rec-  
 iprocity, hailed as a "handmaid of pro-  
 tection," was tacked on to the Mc-  
 Kinley tariff bill of 1890, and in one  
 form or another appeared in subse-  
 quent tariff revisions, but no practical  
 results were accomplished, and the  
 very word itself disappeared from the  
 statute book in 1910.  
 Theoretically the country with a  
 high tariff has a great advantage in  
 bargaining over the free trade coun-  
 try, because it can give concession for  
 concession. In practical experience,  
 however, the results are quite disap-  
 pointing. The value of our trade  
 treaty with France is sentimental  
 rather than practical, and we have  
 been unable to do much bargaining  
 with our intermediate tariff proposal.  
 A great stride toward getting for-  
 eign trade has been made by the Unit-  
 ed States in the establishing of the  
 federal reserve bank system. Foreign  
 acceptances can now be redeemed  
 with the national bank of issue and  
 rediscount, and the American ex-  
 porter is able to get accommodation  
 at home which formerly he had to  
 seek in London. Other causes  
 may contribute to the expansion of  
 the United States exports to Central  
 and South America.

### BRITISH SHIPPING LOSSES.

LONDON, AUG. 31.—Lloyd's quar-  
 terly report for the period ended Aug.

### WEATHER FAVORS SPEEDY HARVEST

C. N. R. Reports Sixty-Five  
 Per Cent. of Saskatchewan  
 Crops Cut.  
**SMALL STORM DAMAGE**  
 Week-End Will See Greater  
 Portion of Grain Safely  
 Under Cover.

The following telegraphic advices  
 from the departments of agriculture  
 for Saskatchewan and Alberta, an-  
 nouncing steady and rapid progress  
 in harvesting in the west, were re-  
 ceived by officers of the Canadian  
 Northern Railway, at the head office  
 of the company here yesterday:  
 The Alberta statement is as fol-  
 lows:  
 "Southern district: Weather has  
 been ideal for past week; barley all  
 harvested, 50 per cent. of oats, and 10  
 per cent. of wheat; harvesting in full  
 swing this week."  
 "Central district: Local showers,  
 harvesting general; oats reported  
 down badly in two or three localities;  
 prevailing weather good."  
 "Northern district: Heavy wind and  
 electric storm passed over small por-  
 tion of this district, but little damage  
 reported. Cutting in full swing; bump-  
 er crop assured."

That from Saskatchewan reads:  
 "Report issued by department of  
 agriculture today states fully 65 per  
 cent. of the crop is cut. Weather con-  
 ditions have been ideal; slight frost  
 reported but no damage to grain is  
 mentioned, and with a continuance  
 of favorable weather the greater por-  
 tion of the crop will be safely har-  
 vested by the week-end. A yield above  
 the average is anticipated."

### CAPTURE OF GARUA A BLOODLESS AFFAIR

Guns Thundered for Three Hours,  
 Then Germans Surrendered.  
 LONDON, Aug. 31.—The most blood-  
 less battle of the war preceded the  
 capture by French and British troops  
 of the German fortress of Garua, in  
 Kamerun, western Africa.  
 For three hours the allies sent shells  
 crashing against the German posi-  
 tions, according to official reports just  
 received here. The Germans replied  
 with an equally violent cannonade.  
 The German garrison of 27 officers  
 and 270 men finally surrendered. Not  
 a man had been killed or wounded,  
 and the most serious damage was  
 done by a French shell which struck  
 the German magazine. The allies had  
 a single casualty to report.

### COMSTOCK BUILDING TRADED FOR NORTH TORONTO PROPERTY

R. H. Bustard has bought the Com-  
 stock Building, corner Victoria and  
 Lombard streets. The deal was an ex-  
 change for Moore Park and North To-  
 ronto properties, the nominal value  
 being placed upon the latter prop-  
 erty of \$130,000. The frontage is 46  
 feet and the depth 87 feet.

### Muskoka's Ideal Attractions

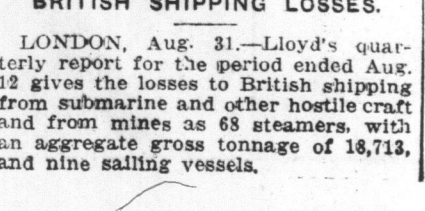

There is not any better time than  
 the present for an outing to the Mus-  
 koka Lakes of the Highlands of On-  
 tario. One thousand feet above sea  
 level, among the hills and forests  
 of the highlands nestle these charming  
 lakes, with all the attractions they  
 afford in just the out-of-the-way  
 place that takes one from the bustle  
 and dust of the city. Hotel accommoda-  
 tion at moderate prices is abundant.  
 Fine steamer service to all points on  
 the lakes. The Grand Trunk Railway  
 system issue week-end tickets from  
 Toronto at reduced fares, good going  
 any Saturday or Sunday and valid  
 to return Monday following date of  
 issue. Trains leave Toronto 2:00 A.M.  
 daily and 12:01 noon daily except Sun-  
 day, making direct connections at  
 Muskoka. What a beautiful getaway  
 the lakes. This is an excellent chance  
 to spend the week-end in this delightful  
 district.

### TWO THOUSAND TURKS SABRED BY RUSSIANS

Petrograd Sums Up Recent Suc-  
 cesses in the Caucasus.  
 PETROGRAD, Aug. 30. Via London,  
 Aug. 31.—The following official state-  
 ment was issued last night at the  
 headquarters of the army of the Cau-  
 casus:  
 "On the entire front there have been  
 only minor engagements and changes.  
 During the recent fighting up to Aug.  
 22 we made prisoners 84 officers and  
 5000 men, while our cavalry, pursu-  
 ing the Turks on the roads to Dontaig,  
 seized over 2000. We also captured 12  
 guns and a quantity of war material."

### ALLIED AVIATORS' FEAT.

Large Aircraft Building at Ghent is  
 Destroyed.  
 AMSTERDAM, Aug. 31.—A telegram  
 received here from Maasbode says  
 that allied aviators destroyed last Sat-  
 urday a large building at Ghent, Bel-  
 gium, used by the Germans for housing  
 aircraft.

### WEATHER FAVORS SPEEDY HARVEST

C. N. R. Reports Sixty-Five  
 Per Cent. of Saskatchewan  
 Crops Cut.  
**SMALL STORM DAMAGE**  
 Week-End Will See Greater  
 Portion of Grain Safely  
 Under Cover.

The following telegraphic advices  
 from the departments of agriculture  
 for Saskatchewan and Alberta, an-  
 nouncing steady and rapid progress  
 in harvesting in the west, were re-  
 ceived by officers of the Canadian  
 Northern Railway, at the head office  
 of the company here yesterday:  
 The Alberta statement is as fol-  
 lows:  
 "Southern district: Weather has  
 been ideal for past week; barley all  
 harvested, 50 per cent. of oats, and 10  
 per cent. of wheat; harvesting in full  
 swing this week."  
 "Central district: Local showers,  
 harvesting general; oats reported  
 down badly in two or three localities;  
 prevailing weather good."  
 "Northern district: Heavy wind and  
 electric storm passed over small por-  
 tion of this district, but little damage  
 reported. Cutting in full swing; bump-  
 er crop assured."

That from Saskatchewan reads:  
 "Report issued by department of  
 agriculture today states fully 65 per  
 cent. of the crop is cut. Weather con-  
 ditions have been ideal; slight frost  
 reported but no damage to grain is  
 mentioned, and with a continuance  
 of favorable weather the greater por-  
 tion of the crop will be safely har-  
 vested by the week-end. A yield above  
 the average is anticipated."

### CAPTURE OF GARUA A BLOODLESS AFFAIR

Guns Thundered for Three Hours,  
 Then Germans Surrendered.  
 LONDON, Aug. 31.—The most blood-  
 less battle of the war preceded the  
 capture by French and British troops  
 of the German fortress of Garua, in  
 Kamerun, western Africa.  
 For three hours the allies sent shells  
 crashing against the German posi-  
 tions, according to official reports just  
 received here. The Germans replied  
 with an equally violent cannonade.  
 The German garrison of 27 officers  
 and 270 men finally surrendered. Not  
 a man had been killed or wounded,  
 and the most serious damage was

### KICKING HORSE SOLD FOR WAR PURPOSES

David McLean Could Not  
 Trust Animal, So It Be-  
 came Remount.

Blind Stallion Bought for Gov-  
 ernment, Exchanged for  
 Cheap Steed.

HALIFAX, N.S., Aug. 31.—Because  
 he could not trust a horse any more,  
 David McLean sold it as a remount,  
 he told the Dominion War Contract  
 Commission this morning. Witness  
 said the horse once "kicked the stuff  
 out of him" when the breeching  
 broke and a load fell on the animal.  
 He let it go to the army buyers for  
 \$145, tho it had cost him \$200 eleven  
 months before. The horse was not an  
 inveterate kicker, and was perfectly  
 sound. It was between 9 and 10 years  
 of age.  
 John Gough, Halifax, produced the  
 account book of his brother, Dr.  
 Gough, the veterinarian, who examined  
 the remounts in this district. It was  
 testified that he gave Dr. Gough \$10  
 after selling a horse as a remount.  
 He claimed this was money owed for  
 surgical services. The account book  
 showed that Myers owed the doctor  
 \$11.10 on April 29, 1914. The last en-  
 try in the book was January 1915.  
 No reference was found in the book  
 to the Myers payment, which he said  
 was made in Halifax.

### No Horses Exchanged.

Mr. Gough, who took the horses to  
 Valcartier, was carefully examined by  
 Mr. Thompson on the rumors that  
 horses bought by the remount agents  
 were exchanged. The witness said the  
 horses were sold to soldiers. He  
 knew of no exchanges and of no case  
 where a horse was stolen.  
 A horse, which Dr. Gough thought  
 was 10 years of age, was sold to  
 Campbell Creighton, Halifax, for \$140.  
 Witness was not sure of the horse's  
 age. He said the horse was two months  
 before he was sold. He said him because  
 he was thru with him. The animal  
 was quite sound.  
 Dr. Thomas Chalmers, official vet-  
 erinary for the remounts bought in  
 Truro and New Glasgow, swore he  
 was appointed by A. De Witt Foster,  
 M.P. for King's County at the time.  
 He received his money by government  
 cheque. The buyers with him  
 were Woodworth and Ince. All the  
 horses he bought were practically  
 sound. He had nothing to do with the  
 exchange of horses. He said the horses  
 were good and would sell for more  
 money. He counterbalanced some cheques.  
 Foster told him it was a matter of form  
 and to enable the buyers to get money  
 to pay for the horses. He felt a little  
 uneasy, as he did not want to have  
 anything to do with money. He re-  
 ceived no money from vendors.  
 Surgeon Gammon, New Glasgow,  
 received an average of \$197 for four  
 horses whose ages varied from 4 to  
 8 years. One horse, which cost him  
 \$250, was taken sick, and he exchange-  
 d a 27 1/2-year-old animal for it. All  
 the horses were sold. He knew of a  
 case where a blind stallion was bought  
 by the remount officers and after-  
 wards exchanged for horses belong-  
 ing to James Dee. This was done with  
 the buyer's permission.

### MANY FALSE REPORTS REGARDING CONTRACTS

Sir George Foster Denies That  
 Canada is Unfairly  
 Treated.

OTTAWA, Aug. 31.—Sir George  
 Foster this morning gave out a mem-  
 orandum denying the conditions of  
 contracts for large quantities of portable  
 houses for army purposes were being  
 placed in the United States, which  
 might be made in Canada. He says  
 this "but one sample of many others  
 which from day to day are started on  
 the round and give very much possi-  
 ble and a good deal of heartburning,  
 and which when followed up are found  
 to be entirely without foundation."  
 "On the other hand, it is necessary  
 to keep in mind that the allied gov-  
 ernments must be allowed to do their  
 own purchasing and give them the pos-  
 sible. The immense amount and ur-  
 gency of delivery of war orders must  
 not be taken into account in com-  
 parison with the capacity for produc-  
 tion and in regard to the amount and  
 need for delivery."

### BROCKVILLE PEOPLE TO HELP RECRUITING

Branch of Eastern Ontario  
 Speakers' Association Organ-  
 ized Yesterday.

Special to The Toronto World.  
 BROCKVILLE, Aug. 31.—For the  
 purpose of promoting recruiting and all  
 sorts of patriotic work in connection  
 with the war, a branch of the Eastern  
 Ontario Speakers' Association was  
 formed in Brockville by Prof. Mulloy  
 of Kingston.  
 A vigorous recruiting campaign is  
 to be opened, starting with addresses  
 before the grand stand during the  
 Brockville Fair, at which the 8th  
 Mounted Rifles from Barrie field camp  
 will be the leading attraction. Prof.  
 Mulloy intimated that on the return  
 of Major-General Sir Sam Hughes a  
 call would be made for 50,000 recruits.  
 This district, he said, is over 2000  
 short in its contribution of men for  
 overseas service.

 Blood Wounded.  
 Canadian Associated Press Cable.  
 LONDON, Aug. 31.—Gunner J. R.  
 Allan, Canadian Field Artillery, has  
 been appointed lieutenant for duty  
 with the Royal Flying Corps.  
 Major H. A. Chisholm, Canadian  
 Medical Service, received the Distin-  
 guished Service Order from the King  
 at Windsor yesterday.  
 Lieut. Blood, Irish Fusiliers, wound-  
 ed at the Dardanelles, is a member of  
 the Canadian Bank of Commerce staff.  
 He was at home in Dublin when the  
 war started and received his com-  
 mission in September.

### NO ELECTION IN SIGHT.

WINNIPEG, Aug. 31.—Hon. Robert  
 Rogers, in an interview, stated he did  
 not know that any general election  
 was planned for next year.  
 Asked about the rumor that he con-  
 templated changing his constituency  
 to Prince Albert, Sask., the minister  
 of public works said there was no  
 foundation for it. He said he would  
 run again in Winnipeg.

 Special to The Toronto World.  
 BELLEVILLE, Ont., Aug. 31.—  
 George Barnum, 52, a well-known  
 farmer residing in the second conces-  
 sion of Thurlow Township, committed  
 suicide this morning by cutting his  
 throat with a razor. The deed was  
 committed in the cow stable and the  
 victim was dead when found by his son.  
 Mental aberration was given as the  
 cause. No inquest was considered  
 necessary.  
 A youth named William Logan of  
 this city was arrested at Kingston to-  
 day for horse stealing. He hired a  
 horse and buggy from a livery of this  
 city yesterday and drove off to King-  
 ston, where the police apprehended him.

 GALT'S CUSTOMS INCREASE.  
 GALT, Ont., Aug. 31.—After a year's  
 war, business in Galt shows improve-  
 ment. The customs returns for Aug-  
 ust, in comparison with those for the  
 same month last year, record an in-  
 crease of over \$15,000, due mostly to  
 the imports for making war munitions.  
 The figures are: August, 1915, \$22,  
 132.05; August, 1914, \$13,058.97; in-  
 crease, \$9,073.08.

BREAD REDUCTION FULLY JUSTIFIED

George Lawrence Says First Day's Business Exceeded Expectations.

TIME WAS OPPORTUNE

Cut in Price to Five Cents Was Long Contemplated.

"Our first day's business under the new prevailing price of five cents for a pound and a half loaf has exceeded our most sanguine expectations, and if it continues at the same rate we will be more than justified in reducing the price of bread," said George Lawrence yesterday when asked regarding the radical step which he had made in the Niagara Falls bakery in Toronto.

Mr. Lawrence stated that the reduction was not for the purpose of eliminating competition, but rather the idea of a 5c loaf had been under his consideration for months, and now that winter was approaching with some signs of stringency, he could not conceive of a more opportune time in which to offer it to the public.

Berry and wife, Calverton, that Mr. Lawrence, one of the keenest judges of good advertising in his business, should see this as a good time to announce his new price for bread—a pound-and-a-half loaf for 5c or a three pound loaf for 10c.

PATRIOTIC COMMITTEE TO APPEAL FOR FUNDS

Sir Herbert Ames Will Set Out for West on New Campaign.

By a Staff Reporter. OTTAWA, Aug. 31.—Owing to the prolongation of the war and the fact that Canada will probably send a great many more men to the front than was at first expected, the patriotic fund committee intended to make a fresh appeal for funds. When the 12 battalions which are to go over to England have departed there will be from 90,000 to 100,000 Canadian troops in "England and France. The patriotic fund has 19,000 families on its list, and the larger proportion of the new recruits have dependants.

During the last three months the surplus of receipts over expenditures was diminished by \$200,000. In July the expenditure was \$250,000 as against receipts of \$200,000.

Sir Herbert Ames, hon. secretary, will set out in a few days for the west to start the new campaign. Meetings will afterwards be held in the east.

### DEMAND FOR CATTLE SHOWS FALLING OFF

Light Shipments Feature of Yesterday's Union Stock Yards Market.

### SHORTAGE OF MILKERS

Good Stockers and Feeders Command Quick Sale at Easy Prices.

The receipts of live stock at the Union Stock Yards on Tuesday were 35 cars, including 543 cattle, 246 calves, 489 hogs, 429 sheep and lambs and 63 cars containing 1187 horses for the allied armies in France.

The light shipment of cattle did not improve the activity of the market a great deal. It was dragged up to noon for only 500 head. There did not seem to be any great demand among the buyers for a firm tendency should the next receipts be light.

In both American and Canadian markets the stocker and feeder business has fallen off to a degree. Many of the stockers that show no breeding are not wanted on this market, and receive only low bids.

Buyers are still short of the best class of milkers and springers, many who buy 20 to 30 a day finding only two or three of suitable qualities. Prices are firm up to \$100.

In the lightest run of sheep and lambs for a few days sheep were steady and lambs strong, with an advance up to \$30 again, while choice hand-picked small lambs brought \$10.

Choice feeders are the steady feature of the market, with a few cents easier than quoted for some time back. Choice feeders are the steady feature of the market.

Choice stockers and feeders are firm at prices of Monday.

Choice butchers' cattle, \$7.75 to \$8.25; good to \$7.25 to \$7.75; medium, \$6.50 to \$7.25; common to \$5.75 to \$6.50.

### PATROL BOAT SANK ARABIC'S DESTROYER

Raider Reported Shelled While Holding Up the Steamer Nicosin.

LIVERPOOL, Aug. 31.—The German submarine which sank the White Star liner Arabic on Aug. 19 was herself sunk by a British patrol boat the day following the sinking of the liner, it became known today.

It is stated that the submarine continued its raiding the day following its attack on the Arabic, when it attacked the Houlder liner Nicosin, and while it was holding up that steamer, a patrol boat suddenly appeared, and

immediately began shelling the submarine. The underwater craft sank immediately, and all its crew perished.

## The September Blanket Sale

**CANADA FIRST**  
**CANADIAN BLANKETS**  
 Have the Premier Place in This Great Sale Which Begins Today With  
**5000 PAIRS**  
**CANADA FIRST**

The enormous demand for blankets by Great Britain and her Allies has made them considerably dearer. Away back before Christmas, before last season's trade was finished even, we were planning this September Sale; when the market was quiet and everybody was holidaying we were buying blankets. The result is that WE HAVE \$25,000 WORTH OF CLEAN, FRESH, PERFECT BLANKETS in our storehouse FOR THIS SEPTEMBER SALE which were bought before the rise in price.

Three of the largest and best blanket mills in Canada sold us their overmakes and balances from last season's trade, at prices which will enable us to sell them for away less than the mills could get for them if they were fortunate owners today.

The Store never offered you such an opportunity for Blanket Savings as it has prepared for this September. Besides blankets we will clear some lines of Flannels and Flannelettes much underpriced, which will give not only the housewife an opportunity to lay in her winter's supply at a saving, but will be most interesting to Red Cross Societies and those working for our soldiers.

**White Unshrinkable Wool Blankets, \$3.95 pair.** Pure long white wool, with a small percentage of cotton, pink or sky borders, 60 x 80 and 64 x 82 inch. Regular \$5 to \$5.25.

**Double Bed "Woolnap" Blankets, on sale Wednesday, pair, \$2.48.** White or gray; soft and warm; bound edges; 72 x 84 inches; pink or sky borders.

**White Saxony Flannelette, on sale Wednesday at 12½c.** Extra heavy, warm, white Saxony flannelette; Canadian make, for winter nightgown; 32 inches wide.

**Flannelette Blankets, pair \$1.19.** Largest Canadian size; white or gray, pink, sky; with or without borders. Double bed size, 70 x 84 inches.

**Double Bed Comforters, \$1.69.** 120 in the lot; reversible. American silkoline coverings; floral design; stitched quilting; 72 x 72 inches. Regular \$2.50 each.

**Bleached Irish Table Damask, on sale Wednesday at 39c.** 62 inches wide; good, heavy, serviceable quality; pretty bordered designs; from the largest Irish mills.

**Wool Blankets, pair \$6.45.** Extra size; finest napping; selected quality; pink or sky borders; 9 lbs.; 70 x 90 inches. On sale regularly at \$8.25 pair.

**Warm Gray Flannel, on sale Wednesday 25c.** Thoroughly scoured and delightfully soft and serviceable; plain or twill, for shirts, etc.; 27 inches wide.

**Ready-made Sheets, on sale Wednesday, pair, \$1.69.** Torn sizes; standard hems; perfectly finished. English sheeting; 70 x 90 inches. 200 pairs only.

**Gray Hudson Bay Blankets, on sale Wednesday at pair, \$9.00.** 3½ points; silver gray; the most durable and warmest blankets possible to manufacture.

**Reversible Down Comforters, on sale Wednesday at \$4.95.** Filled with selected down; printed downproof sateen, with plain frames to match; stitched designs; 70 x 70 inches.

**Double-fold Eiderdown, on sale Wednesday 85c.** Canadian make; for dressing sacques, kimonoes, etc.; plain finish, in sky, cream, gray, cardinal, pink, etc.; 54 inches wide.

Visitors to the city will find our Drapery Department on the 4th Floor one of the leading places of interest in the Store. Most unusual in design and color combinations are the leading productions of British and American mills featured Wednesday. The few items which we have noted below give but a very vague idea of our enormous stock, but a visit to the Department will certainly repay your effort. Decoration of a single room or a whole house. Our staff is at your service to advise you as to the best possible treatment of any style of window or door.
