There's a Feeling of Security

when dealing at Jamieson's," says a man of experience. Not that all goodness lies in one store, but that shoddiness and unsafe goods are kept out of this one.

Our Tailoring Store is surprising careful dressers just now—delightfully unusual to get suits made to measure from genuine English and Scotch Tweeds and Cheviots at \$16.00 A SUIT.

Of course, this selling will only last until this special lot is ended. A remarkable offering—a saving of probably ten dollars on the usually asked price of such suits.

T. EATON CO. Special Prices in Dress Goods

The fact of the matter is we have most too many Dress Goods on hand, and new goods are waiting to be displayed. Something must give way, so we make a "slash" at prices, and this is what we find for Monday's selling:

- 11 pieces 42 inch Shot Sicilian Dress Goods, in colors grey, purple, sage, myrtle, turquoise and blue combinations, very bright goods, our regular price 40c per yard. On sale Monday morning at... .25
860 yards 44 inch Mohair Figured Dress Goods, in Black only, elegant bright designs and excellent quality, our regular price 35c yard. On sale Monday at... .25
Clearance of 380 yards All Wool 54 inch Columbia Tweeds, remnants of last Monday's sale, good suiting and skirt colors, chiefly in ends of 4 to 8 yards, regular price of these goods would be \$1.00 yard. To clear Monday at... .25
40 inch Fine Black Mohair Lustre, made by the "Sir Titus Salt's" mills at Bradford, their standard quality, to retail at 40c yard. Our price Monday... .25
550 yards 48 inch All Wool French Coating Dress Serge, in colors new blue, navy, brown and blue black, very fine twill and pure soft dress finish, our regular price 75c per yard. On sale Monday at... .50

Bear in mind these are all this season's goods. We need the room more than the goods, so will treat you liberally to help us get it. Hence these reduced prices.

A Rare Opportunity in Carpets.

1628 yards of Heavy Axminster Carpets at \$1.10 to \$1.25 a yard for 75c a yard.

This is important enough to create a sensation among Carpet buyers on Monday. Fine Heavy Axminster Carpet, at a price you'd expect to pay for ordinary Tapestry Carpet. Choice goods every yard of it, and of desirable patterns and colors. If you have the slightest intention of getting a new Carpet this season now is your chance.

1628 yards Heavy Axminster Carpets, in a selection of choice new designs and colorings, ground work in four shades of green, one in lawn, one blue and one Bordeaux, suitable for drawing-rooms, bedrooms, etc., 3/4 borders to match carpet, regular price \$1.10 to \$1.25 per yard. On sale Monday for... .75

If you're wise, you'll make it a point to get here early on Monday morning. Bring the room measurements with you. This will avoid any delays and perhaps save you a disappointment.

There will be other "bargain snaps" on the Second Floor besides the Carpet offering for Monday. We have several interesting money-saving attractions in Furniture, Curtains and Wall Papers. They'll speak for themselves, so we let them tell the story:

Another Snap in Wall Papers.

AFTER THE BATTLE.

One of the lessons of the plebiscite is that prohibition can only be carried in this country by a prohibition party and by that party getting a substantial majority from the electorate. It is idle to talk of the Conservative party of the Liberal party passing a prohibition law, without that party having first obtained a declaration from the people endorsing them as prohibitionists; but as yet prohibition is in the platform of neither the Conservative party nor the Liberal party, though the latter was committed to the plebiscite. And when it comes to this straight issue and prohibition is submitted to the people by a party committed to it, then the people will speak out in no uncertain way. In the vote on Thursday, the Province of Quebec declared against it and the cities and towns declared against it, and it is the height of absurdity for a dominant political party to talk of prohibition, when it knows that if it attempted to pass such a law it will have the cities and towns of the country arrayed against it, as well as the Province of Quebec. Such a party, as we said yesterday, could not live for a day. If the prohibitionists could start a party with that object in view, and if they could carry the country, they might be able to pass the law, provided always that could induce the Senate to vote away the liberties of the people. When one gets down to the hard facts of how laws are made and how the constitutional balance is preserved, one sees how ignorant Mr. Spence and his associates are in matters of Government, and how futile their talkings and their shoutings are. The easiest way out of the difficulty now created is for the politicians of both sides to challenge the prohibitionists to a straight issue, and we advise any Liberal or any Conservative who is bent on prohibition to come out of the ranks where he now is and stake his chances on his favorite plank. The politician who remains in his party and uses prohibition as a question out of which to make capital against his rivals is as dangerous as a mad dog and ought not to be tolerated. The prohibitionists, if they are really in earnest, ought to make a new party, make their platform declaration and go to the people.

THE GOVERNMENT AND THE PLEBISCITE.

The policy of the Government toward the prohibition issue is now apparent. The Government trusted to get out of the plebiscite hole by working the Quebec vote. It was the Province of Quebec that returned the Liberals to power in 1896 and was the same province that was relied upon to get them out of this trouble. If the Government had been sincere with the prohibitionists, Sir Wilfrid Laurier would have insisted on the neutrality of his Cabinet. It was part of the scheme, however, that the Province of Quebec should be used as a catspaw on this occasion to save the Government, and this necessitated interference on the part of the Cabinet Ministers in the plebiscite. It was part of a pre-arranged scheme that Messrs. Tarte, Joly and Geoffroy should do exactly as they did. The Government was taking no chances in giving the prohibitionists the plebiscite. They knew that Quebec could be relied upon, if properly worked, to kill the project. True to the original scheme the Liberal papers are now saying that prohibition is impossible in the face of the adverse vote of Quebec. The temperance people ought to thank the Government for giving them the plebiscite, but they have good reason to hold the Government responsible for interfering in the plebiscite and securing the defeat of prohibition in Quebec. The Government gave the prohibitionists the plebiscite and it also killed prohibition.

THE DRAINAGE LAWS OF ONTARIO

Many of the township municipalities in the western and southern portions of the Province have in past years been involved in litigation and enormous expense, owing to the varied and complex provisions of the Drainage Acts from time to time enacted by the Legislature of Ontario and the amendments thereto. Word now comes from the eastern part of the Province that a township there is in similar difficulty, no less than six High Court suits, being now pending having regard to a water course which is known as "the Caledonia Creek," in which certain improvements were made a few years ago through authority of a bylaw of the Township of Caledonia, in the County of Prescott. Four of the suits mentioned have been brought against the Township of Caledonia, and one of them is now before the Court of Appeal for Ontario. The other two suits are said to be against the adjoining Township of Alfred, but they arise out of the same affair.

Reduced Passenger Rates Coming.

Toronto Telegram: The railways may find that it is easier to restore than to restore them to the old figures. The recent experiment may also demonstrate that there is more to be gained by rates that are cut and people travel than when rates are so high as to be almost prohibitory of traveling. Only by experiment can railway managers judge of the effect of rates. And doubtless it is their policy to experiment until they see at exactly what rates they can earn the greatest profits. At all events, it seems reasonably sure that the old rates, if restored, will never remain the fixture they were once considered to be.

VICTORIAN NURSES IN KLONDIKE.

As Described in a Private Letter From Col. Evans, Commander of Yukon Force, to Countess of Aberdeen.

The following letter, dated Fort Selkirk, Sept. 1, from Col. Evans to the Countess of Aberdeen will be found interesting. Dear Lady Aberdeen—On Tuesday at noon I returned from Dawson, after a two-and-a-half-day's trip—180 miles—against the most severe winter weather yet known in the Yukon.

On returning here I was greeted with the dismal information that the Anglians, on their way to Teslin Lake, to bring down the remainder of my force, had been wrecked on the Hootallana, whose waters are now too low to permit of steamboat navigation. The force, including Nurses Hanna and Payson, and Miss Penton, will thus be compelled to travel 400 miles in snow.

I saw Miss Powell at Dawson. She decided to remain there as soon as she visited the place and found how great was the need for nurses for the winter. I have written Scott with her, but the latter could not be spared from Fort Selkirk at present. I hope the other nurses may arrive before the winter sets in.

Miss Powell is in full charge of the Good Samaritan Hospital—Presbyterian—and is working other feet. This hospital, although not yet completed, is well equipped with patients—nearly all typhoid cases. The hospital consists of two log buildings, about 2000 people, one of the most comfortable in the Yukon, and is built on a bog, ill-drained and difficult to drain. She herself lives in a small tent, and as it freezes now every night, it is poor comfort for her after her day of severe and trying work. I hope they will have a cabin built before the other nurses arrive, but the hospital is at present rather hard up.

House-to-house Nursing. To see and be in Dawson is to realize the value of house-to-house nursing, and but for the hospital authorities I cannot imagine where the nurses would find a home. It is a case of a few men seem to walk the streets, day and night. The street behind the main street is nearly up to one's knees in mud, and the mud and the swamps becomes deeper until the foot of the mountain is reached. The sight at night would more than astonish the staid citizens of London.

I was too busy to run up to the mines and see the creeks being worked, but hope to do this this winter time.

Nobody's Business.

It seems to be nobody's business to look after the sanitary arrangements of the town, which has grown in a year from 500 to 2000 people, one of the greatest mining camps the world has ever seen. It is an impressive sight coming in on the boat, this city of tents and cabins, covering the length of a bog and flats and climbing up the mountain side. Typhoid prevails in the town, and a worse epidemic may break out, but the small army of men who are here, and there are thousands of idle men, who have food, and are not particular whether they work or not.

Found Some Strawberries.

Today, near camp, I picked up a large bunch of ripe strawberries, of good size and great flavor. My men in their spare time pick vast quantities of cranberries, and if we could get an occasional turkey, all would be well.

Most of the buildings are in grand shape, and most of them will be fit to live in by the end of this week.

Surprising Prices.

The prices in Dawson are surprising. A glass of lemonade 50c, a cucumber \$1, slice of watermelon \$1.50, porterhouse steak \$2.50, a chicken \$10, eggs (doubtful) \$2.50 a dozen.

A Great Work.

The work of the Victorian Order in Dawson is a great one, and the opening of a new hospital was providential. Their presence with the force has been valuable, as scattered as it has been for the past three months over a distance of nearly 600 miles. I do not know how we should have managed without them.

Here, Nurse Scott's boys, and not only do they care for the sick, but they realize and appreciate the value of their presence and services. At Dawson, I see Miss Powell at work in an object lesson to the world.

Warm Appreciation.

I trust this letter will reach Your Excellency in time to enable you to convey to the committee of the order the sincere appreciation which myself and all ranks of the Yukon Force feel in regard to services rendered us by the nurses of the order at some time.

Reuben Goldstein Charged With Stealing Clothing Worth \$20,000. New York, Sept. 30.—Reuben Goldstein of Goldstein was arraigned in the Central Police Court this morning on the charge of having stolen clothing valued at about \$20,000 from a number of Hebrew clothing manufacturers on the east side. Goldstein was arrested yesterday in a complaint of Wolf Blume of 41 East Broadway, who alleged that Goldstein substituted a fictitious address for the one given in his application for a passport, and had been in his care, and shipped them to South Bend, Ind. This lot of goods is claimed to be worth about \$4000. Since Goldstein's arrest many additional complaints have been made against him, indicating that the prisoner had been doing defaulting work for some time. Goldstein had a ticket for Chicago in his pocket when he was arrested. There were about 20 Hebrew clothing manufacturers in Central-street court this morning when Goldstein was arraigned. Nearly all of these bewailed the loss of lots of clothing, which they claimed had been stolen from them by the prisoner.

SPANIARDS DISCONTENTED. Insurgents Allowed to Land Again. Madrid, Sept. 30.—The Cabinet has decided to authorize General Rios to grant to the Spaniards the lines of the coast, and to concentrate his forces at Mindanao, as there are 400 men garrisoning the Vizayas.

The Spanish Minister also decided to protest to the Government at Washington against the refusal of the Americans to permit Spanish troops to be sent to the Philippines, while it is claimed, the insurgents are constantly receiving arms and supplies which to attack the other islands, and to pretend to intervene.

The Spanish Cabinet, it is added, will request the Paris commissioners with the intention of the peace negotiations. Finally, it is announced, the Government at Washington has decided to send reinforcements to the Vizayas, and it has ordered several batteries of artillery in Manila, and to send the Philippine Islands in 24 hours.

In addition to this, the Cabinet will request its protests against the insurgents continuing to hold Spanish prisoners in the Philippine Islands. The Government here estimates that there are 20,000 people in Manila who desire to return to Spain.

NON-POLITICAL GOVERNOR.

American Element in Hawaii Pleds a Memorial. San Francisco, Cal., Sept. 30.—The American Element in Hawaii has organized a memorial to the President of the United States, which they are circulating in the Hawaiian Islands. The memorial is addressed to the President, and is signed by the American Element in Hawaii.

Senators Cullom and Morgan and Congressmen Cullom and Morgan, who have been holding a meeting on Nov. 14, which will be attended by Justice Field and probably by President Dole. The meeting is being held at the Hotel Yale, and is being held in the presence of various foreign residents. The American Element in Hawaii, which claims to represent the American element in the islands, presented a memorial requesting that the President should issue a proclamation in favor of a liberal suffrage, the extension of the United States tariff laws and shipping to Hawaii. The memorial asserts that it is for the best interests of the island that the first Governor of Hawaii should be chosen, not by any party or class of residents in Hawaii.

Lunched Friends Before Leaving. Mr. Frank H. Hubbard, the English millionaire brother of the Toronto alderman, entertained a small coterie of friends at luncheon at the Queen's Hotel yesterday at 1 o'clock on the eve of his departure for his home at the Devil's Dyke, County of Kent, England. The party included Mr. Hubbard and a World representative. Mr. Hubbard has lately returned from a successful tour on and near his Fratric Province estates.

Dr. J. M. C. A. Opens Season. The opening reception of the Central Y. M. C. A., held in Association Hall last evening, was well attended, and a very pleasing program was provided. Mr. Frank Yeigh, vice-president of the Association, spoke of the advantages of the business training now provided by the association and the general efficiency of this year's staff. Mr. Thomas McGillivray set forth the benefits to be derived from the gymnasium. Mr. A. L. French of Boston entertained the proceedings of the evening with his excellent mimicry and whistling. The interior of the building has been thoroughly renovated, and every facility provided for a prosperous winter's work. On the 13th inst. Mr. Yeigh will deliver a lecture and exhibit 100 Canadian views. Several prominent speakers have been engaged to deliver lectures during the winter.

pecially needed by Toronto, it seems to me,
is a hotel of the kind which American vis-
itors require. Of its guests, not a few
might afterwards become residents. It is
on our residential attractions, which are
great, more than on any large increase
of our commerce or manufactures that we
shall probably have to rely for the future
prosperity of our city."
Toronto's Greatest Need.
B. E. Walker, who has the slightest
doubt but that the new hotel is the great-
est need of Toronto to-day. I went across
the continent with the British Association
when it was here and afterwards went to
Bristol to join it and while they were
in praise of Toronto, a conversation in-
variably led up to the question: "Why don't
you have a first-class hotel?" I have had
the same question put to me many a time
in New York. The American people are
the most self-indulgent people in the world
and the proposed hotel would be a first-
class magnet to draw them here. The
truth is that this hotel should have been
built long ago, but we shouldn't lose
any time in making up for past errors."

Build Without Delay.
R. J. Fleming, City Assessment Commis-
sioner, "Don't let us talk about this new
hotel, but let us get to work and put it
up without further delay. It is being called
for, not only by the traveling public, but
by the citizens, so there is no excuse for
any policy of delay. From my experience
of Toronto the hotel will have the follow-
ing effect:
(1) Check the declining values of land in
the neighborhood.
(2) Immensely raise the value of all prop-
erty as far as Juris.
(3) Show that things have changed decid-
edly for the better in Toronto.
(4) Cause the increase of investments.
(5) Be another attraction to visitors."
H. S. Strath: "I am delighted with the
idea of the new hotel. We are sadly in
need of a place where one could take a
wealthy visitor for a chat, and at the same
time give him a good impression of Toron-
to. When the hotel is built, wealthy Eng-
lish and Americans will stay here two or
three weeks, instead of a day, and King-
street will have the appearance of a met-
ropolitan city. No business man needs
any argument to convince him that it will
mean money to Toronto."
Boom Retail Trade.
W. G. Wylde: "The proposed hotel can-
not fail to be of very great benefit to To-
ronto. It would do for the city what the
"Windsor" did for Montreal; benefit greatly
all the retail establishments of the city and
be a bankroll of money for the farmers in
the way of butter and all kinds of prod-
uce."
Alex. Manning: "We have fine residences
here, fine public buildings and a fine lot
of houses, but Toronto still lacks a really
good hotel. The proposed hotel on King-
street will pay for the first and be the
best thing that has ever devised for the
east end."

ON THE POLICE SLATS.
Two Alleged Vagrants in Custody
Michael Burns of Detroit was not con-
sidered a suitable personage to be allowed
on race tracks, so the police sent him from
the Woodbine to No. 4 Station yesterday.
He is charged with vagrancy.
George Felix, with no particular place
of abode, is also under arrest for vagrancy.
Detective Forrest executed a warrant
against Henry May of Williamsburg yester-
day, charging him with the theft of some
clothing from Lotie O'Dea, 5 Me-
Cauley-st.

Richard Rowntree Dead.
Merriville, Ont., Sept. 30.—Richard
Rowntree, druggist, was found dead in
his bed this morning. He leaves a widow and
one child. Deceased purchased the drug
business of Dr. M. Church a few weeks
ago, and was but little known in this neigh-
borhood. He was a native of Kent, Eng-
land.

East Buffalo Cattle Market.
East Buffalo, Sept. 30.—Cattle.—In the
absence of sale receipts and a very light
enquiry, the market was nominal. Calves
were in fair supply, moderate demand and
easier. Choice to extra, from \$6.75 to \$8.25
to \$8.75; good to choice, \$6 to \$6.45.
Sheep and Lambs.—With extremely warm
weather, the market was quiet. Choice
market was in a flat, unsatisfactory
position on lambs. Sheep were in com-
paratively good demand, and steady at the
quoted figures. Lambs, choice to
extra, were quoted at \$8 to \$8.30; good
to choice, \$4.75 to \$5; common to fair, \$4
to \$4.75. Sheep, wethers, choice to extra,
\$4.25 to \$4.75; ewes, extra mixed, \$4.25
to \$4.50; wethers, \$4.75 to \$5; feeder
lambs, \$5 to \$5.35.
Hogs.—General market was weak and
lower, there being 70 loads on sale. At the
start there was a demand for good Yorkers
for export, and they sold at \$10.40,
\$11.10, and the basis of the general sales was
\$3.85 to \$4.05; mediums, \$3.95 to \$4; pigs,
\$4.10 to \$3.95; roughs, \$3.85 to \$3.95; grass
Yorkers, \$3.80 to \$3.90. At the close prices
were unsettled.

Forest Fires in Wisconsin.
Milwaukee, Wis., Sept. 30.—Reports re-
ceived at the railroad office in this city
are to the effect that the forest fires in
the northern part of the state were
quenched by a heavy fall of rain last night.
The heaviest loss was suffered at Cumber-
land, where 25 families were rendered
homeless by the flames and a large sawmill
plant valued at \$225,000 was wiped out.
Wires are down in all directions and par-
ticularly in the north. Rain has not yet
been received, but are expected to come in
shortly.
Only one death as far as known has re-
sulted, that of Mrs. Jacob Corson of
Drywood. Two children of Mrs. Corson
were seriously burned while attempting to
rescue their mother.
The pecuniary loss is not expected to
reach over \$1,000,000.

COUNTY AND SUBURBAN
Toronto Junction, Sept. 30.—(Special.)
There were registered with the Police Court
Clerk during the month of September 15
births, 6 deaths and 5 marriages.
John Bell of 112 Argyle-street, Toronto,
was fined \$1 and costs at the Police Court
this morning for discharging firearms in
the town. Since the shooting of Tom Kelly
last Saturday the police are determined to
enforce the bylaw against shooting.
The annual harvest home services will
be held in Victoria Presbyterian Church
on Sunday, Rev. J. A. Macdonald, editor
of the Westminsterian will preach in the
morning and Principal Caven of Knox Col-
lege in the evening.
At the Baptist Church on Sunday morn-
ing, Rev. O. C. S. Wallace, M. A., D. D., of
McMaster University, will preach. Rev. G.
N. Lemmons, B. A., will occupy the
pulpit at night.

North Toronto.
An old resident of the town, in the per-
son of Mrs. John Zeigler, passed away
on Thursday night at the advanced age of
82 years. Deceased, with her husband,
came here over 60 years ago, and was
merry, and resided in Davistville the whole
of that period. The husband of deceased
died about three years ago, and a family
of four, two boys and two girls, were
issue of the marriage. The funeral will
take place on Sunday at 2 p.m. to St.
Basil's Church and thence to St. Michael's
Cemetery. Rev. Father Brennan will con-
duct the service.
Hope Methodist Church will be re-opened
to-morrow and addresses on the occasion,
at 7 p.m., will be made by Rev.
G. Dewey of Aurora.

A meeting of the Finance Committee
was held last night, and the matter
dealt with was to council meeting on
Tuesday night next.
Teddy Darling got a nasty throw from a
buggy he was driving on Colborne's Hill last
evening. The horse got away from him
and, running down the hill, collided with
a wagon. Both shafts of the buggy were
smashed and the horse was held up at the
C.P.R. track.
Harvest home services will be held at
Baptist Church on Sunday morning.
There will be morning, afternoon
and evening services, and Rev. A. Brown-
ing, J. E. Laneley and W. Casson will
preach at each respectively.

East Toronto.
The three cases for infraction of the
licensing law booked to appear
before J. W. Ormerod, J.P., to-day, were
further adjourned until Monday afternoon
at the same time and place.
A large number partook of the very fine
harvest tea prepared by the ladies of the
congregation of St. John's Church, Nor-
west, last night. The services of the
church were very largely attended and
were much appreciated by all present. The
decorations of the church were very hand-
some and will repay any visitors from the
city for the journey.

Weston.
Weston, Sept. 30.—(Special.) The closing
day of the York Township and Weston
Agricultural Society's Fall Fair was crowd-
ed with success, a very large number of
farmers and city visitors being present.
The horse racing was fully in keeping
with that of the opening day, although the
track was heavier and racing not quite so
fast. The events were:
Running race:
Rowntree's Fire Fly..... 1 dr
Jackson's Our Johnny..... 2 1 1
Davies' Mohican..... 1 2 3
Christy's Paperweight..... 3 3 4
Free-for-all race:

Swansea.
The annual harvest home services will
be given Sunday at St. Olave's Church.
The decorations for the occasion will be
very pretty. Miniature wheat sheaves,
in ornate and artistic cases, will pre-
sented by the church members. A full
choral service in the evening.
On Tuesday evening, Oct. 4, an organ
recital and evening will be given at
Miss Lily Bissett's child concert, which
will give a selection from "Holy City." Sev-
eral city friends have promised to assist
in the musical program. A silver collection
will be taken up for the repairs of the
building.
The roads in the vicinity of Swansea are
in good order and the bright cool days
have brought out wheelmen and lady bi-
cyclists by hundreds. The scenery has the
additional charm of autumn tints, as the
various shades of yellow, orange and
golden red. The golfers, too, after a season
of rest, have returned to the links,
and fresh in military exuberance.
The Swansea gardens are a mass of
bloom. The gladioli, dahlias and canna beds
make a magnificent display, well worth a
visit before the frost destroys their beauty.

The Lumber Question.
Editor World: The temperate and able
editorial in the much-discussed timber
question, in the open letter addressed by
Mr. John Waidie to the Ontario Commis-
sioner of Crown Lands, but which ap-
peared in your issue of the 22nd ult., has
admittedly hurt the feelings of some United
States lobbyists, now at Quebec, who are
the correspondent of the Mail and Empire
at that place as a vehicle through which to
vent his disapproval of the letter.
The lobbyist charges that Mr. Waidie
has been grossly misquoting the assump-
tion that formal agreement was reached
in 1890 between Mr. Blaine and Sir John
Macdonald in regard to the timber sched-
ule, and says:
"Why, to my personal knowledge, there
was no such agreement, and that the
McKinley Bill than had Mr. Waidie
mentioned, was never in force, and that
the aspect of an international agreement
to which the United States had agreed
to the timber duty at \$1, but to argue that
it is simply ridiculous."
"It is true that the McKinley Bill put
down the lumber duty to \$1 per 1000 feet,
and that the Dominion Government con-
currently removed the export duty on logs,
as an inducement to Congress to maintain
the lumber duty at \$1; but, to argue that
what was done in 1890, and moreover, that
the Government there of which the Hon. J. G.
Blaine was a leading member, with a view
to securing a modification of the export
duty charged by Canada on sawlogs, this
was successfully accomplished when the
United States Government reduced the
duty on sawn lumber to \$1 per 1000 feet,
and an order-in-Council was passed in Oc-
tober withdrawing the duty on sawlogs."
"This is simply and literally correct, but
the gravamen of the charge against Mr.
Waidie is that he says the Blaine-Macdon-
ald agreement was a treaty.
In view of the foregoing, the word used
is correct enough, and could fairly be used
in an ordinary meaning of the word
"treaty" one of our authorities giving the
meaning of the word to be, "the act of
negotiating for an agreement," also "the
agreement so made," as "We have a treaty
with him."
Mr. Waidie speaks of it as the "Blaine-
Macdonald agreement," and that was the
name Sir John Macdonald represented Canada,
and the Hon. J. G. Blaine the United
States on Wednesday night and de-
cided to close up the old school well and
have a new one dug.
A. S. Soboye, of Weston, and Mr. D. James

Aurora.
Mr. W. A. Hut is building an addition

had better be adopted by himself.
To prove that an agreement was arrived
at, it is only necessary to recall the lead-
ing facts.
On the 12th November, 1888, the export
duty on sawlogs was raised by order-in-
council from \$2 to \$3 per 1000 feet, by the
Dominion Government, and in view of a
probable understanding being reached with
duties on sawn lumber, it was requested
by the same authority from \$3 to \$2 per 1000
feet, until the fall of 1890. That
an agreement had been reached at that
time was given out by Sir John Macdonald
in answer to a question put by the Hon.
Peter White in the Dominion House of
Commons. He said (see Hansard):
"In the event of the United States Con-
gress reducing the import duty on sawn
lumber, the Government will remove the
export duty on pine and spruce logs. I
will take the opportunity of conveying that
decision to the proper quarters."
The import duty was reduced by the
United States to \$1 per 1000 feet, and five
days later on the 15th November, 1890,
the Government of Canada, by order-in-
council, removed the export duty. It was
not until the 15th November, 1890, that
the Dingley Bill, with its unfriendly retaliat-
ory clause, the 1890 agreement was aboli-
shed, and Canadian lumbermen can hardly be
expected to quietly accept of its provisions.
No feeling but that of the most friendly
description has prevailed amongst Cana-
dian lumbermen towards their conferees in
Washington, and towards the United States
generally; but when legislation inimical to
their interests is passed at Washington
they will endeavor to obstruct it in
whatever way suggests itself to their judg-
ment and sense of right.

MILLS TO CONSOLIDATE.
Syndicate Has Options on Several
Milwaukee Plants.
Milwaukee, Wis., Sept. 30.—The Sentinel
to-day says: "Five of the six Milwaukee
four millers have given options on their
plants to a syndicate represented by
Thomas A. McIntyre of New York, accord-
ing to a rumor on 'Change, and the
manager of one of the mills is authority
for the report. The syndicate consists
generally, but when legislation inimical to
their interests is passed at Washington
they will endeavor to obstruct it in
whatever way suggests itself to their judg-
ment and sense of right."

A Correction Made.
Rev. W. W. Weeks of Walmer-road Epis-
talian Church denies having made the state-
ment attributed to him in yesterday's
paper. He was not present at the place
referred to and made no statements
on the anti-prohibitionists. He states fur-
ther that he would never endorse such a
resolution as are credited to him. He says he
does not believe in coercing Quebec and
that he would not endorse Principal Grant
or Golden's speech for the part they took
in the campaign.

For President O. H. L. & S.

Funeral of Historian Kingsford.
Ottawa, Sept. 30.—Mr. William Kings-
ford, the Dominion historian, who died
yesterday, was buried this afternoon in
Beechwood Cemetery. The funeral took
place from deceased's late residence, Pre-
fectorial Building, where services were held by
Rev. Archdeacon Bogert.
Many people attended and the pallbearers
were: Hon. Justice Taschereau, Sir Sand-
ford Fleming, Lieut.-Col. Ross, Major Wick-
steed, A. D. De Celles, Grant Powell.

Declaration Ratified.
Manila, Sept. 30.—The declaration of in-
dependence was ratified at Malolos yester-
day amid great festivities. A review of
the troops was held, speeches were deliv-
ered and the feature was an address by
Aguinaldo. Many foreigners attended the
state banquet which was given in the evening,
but no American officials were present.

DRIVE ON THE FOREIGN DEVILS

That is the Advice of Chueng, the Famous Chinese Rebel.

Their Cruelty, Wickedness, Outrageousness and Tyranny Have Kindled the Anger of the Gods, and Their Shame Cannot Be Washed Out by All the Waters of West River—A Call to Arms.

Vancouver, B.C., Sept. 30.—(Special.)—The following is the proclamation of Chueng, the famous Chinese rebel chief, a very interesting proclamation inasmuch as the Viceroy of Canton has forbidden all newspapers to discuss the rebellion, and from the fact that the rebel chief seems to base his plans for success on the fact that Chinese living inland hate foreigners, and would stoop to any folly to checkmate the plans of the alleged aggressors.

I, Chueng, being appointed by the Almighty to be commander-in-chief of the rebellion issue this proclamation, and the special view to kicking out the barbarians and protecting China.

The barbarians are, as is unknown, the powerful people of Europe, who are aiming at the exercise of their tyrannical powers throughout the whole world.

Depending on their craftiness they try to find prey on the way. Their greedy desire has been to take possession of land everywhere, and to seek out all the richness for the last ten years.

They have done a great injury under the pretence of carrying on trade and have spoiled the people of their wealth. Their cruelty, wickedness, outrageousness and tyranny have kindled the anger of the gods, and cannot be forgiven by heaven or earth.
