REVENUE OF PROVINCE DOUBLED IN TEN YEARS A BIG CASH BALANCE

Provincial Treasurer Shows Successful Financing in His Budget - Railway Construction Has Absorbed Two Millions of Cash Assets.

LOAN WILL BE FLOATED WHEN MONEY IS EASIER
Hon. A. J. Matheson, provincial treasurer, made his budget, statement in the legislature yesterday afternoon.

The impression generally left was that the government finances were in exceptionally good condition. It was shown that while the cash balances at Dec. 31 were \$1,774,084, if payments for the T. & N.O. Railway had been made out of borrowed money instead of out of current revenue, the cash on hand would have reached a total of \$4,411,000.

Ontario may have a nickel smelter
Rumored That Government Intend to Refine Nickel Ores.

Col. Matheson referred to the increased subsidy from the Dominion government in 1907, when extra timber dues amounted to \$1,614,000, with the revenue of 1907, when extra mining receipts from Kerr Lake amounted to \$2,000,000. The result was to show an increased ordinary revenue of \$4,000,000. The increase he attributed to a better system of collection.

CHANGING FREIGHT RATES.
LONDON, March 18.—(Special.)—The G. T. P. R. have decided to operate their thru grain trains via Clinton and London instead of thru Stratford. The new route is said to afford easier grades.

FOSTER KEEPS ON MICROCKING SCANDALS

Gives the Government Advice --- Ridicules Budget--Sees Millions in the Scenery.

OTTAWA, March 18.—(Special.)—Hon. George E. Foster gave the government the benefit of his advice for two and a half hours this afternoon. This, added to his two and a half hours on Tuesday, constitutes his contribution to the budget debate.

Believes his advice, the North Toronto member held up to ridicule the prime minister and his chief supporters for abandoning the platform of 1894 after they had used it to climb into office.

QUEBEC HAS SURPLUS.
Treasurer Delivers Budget Speech in Legislature.

QUEBEC, March 18.—(Special.)—Treasurer Weir delivered his budget speech this afternoon. He said it was chiefly due to the courage and persistence of Premier Gouin that the Dominion subsidy had been increased during the past year by close upon six hundred thousand dollars, but that there would be no further increase until the next decennial census.

FRONT STREET FIRE.
Quick Work Heads Off a Serious-Looking Blaze.

PLEASURE PARK AT FALLS.
NIAGARA FALLS, Ont., March 18.—That this city will have one of the finest illuminated amusement parks here this summer, unsurpassed by any in the larger cities, and which will be an attraction for thousands from miles around, is an assured fact.

HIS ONLY TO FEED

KEEPER FIELDING: We've got to get more hay, boss. Can't own an elephant, y' know, without feedin' him.
JACK CANUCK: Trouble is, I'm feeding an elephant that another fellow owns.

TRADES COUNCIL OBJECT TO MR. McNAUGHT'S BILL FIXING BREAD WEIGHTS

Believe That Inspection at the Factory Will Not Help the Consumer.
That W. K. McNaught's bill to fix the weight of bread by statute was not in the interest of the consumer but of the bread manufacturer was the decision arrived at by the District Trades and Labor Council last night.

MARINE MEN ARE RAISED BY PROPOSAL

Plan, They Say, to Place Canadian Merchant Marine at Mercy of One Company.

Capt. James B. Foote, superintendent of the Canadian Lake and Ocean Navigation Co., has voiced the attitude of the shipping interests of this country with respect to the proposal to place a duty on repairs made to Canadian vessels in United States shipyards and drydocks.

To The World yesterday Capt. Foote made the position of the vessel owners clear. "We do not agree with the principle of developing Canadian shipbuilding. What we do assert is that it is impracticable at present and will simply place the whole Canadian lake marine for some years at the mercy of one company—the Collingwood Shipbuilding Company—in whose behalf this measure seems to have been conceived.

Benefit Few; Injure Many.
"Conceding that the dock and facilities at Collingwood are good and compare favorably with the shipyards at Buffalo, Cleveland, Lorain, Toledo, Detroit and St. Louis, it does not follow that a tariff on repairs should be at this time imposed. There is but one drydock of moment in Canada on the great lakes, and until such times as a dock at Kingston, one in the vicinity of Port Colborne and two in the vicinity of the St. Clair River should be in a position to expeditiously repair galleys and complete vessels, no duty should be imposed on repairs.

Thomas Long, vice-president of the Collingwood Shipbuilding Co., recently stated in a letter that there were not sufficient vessels of Canadian registration to move the business of this country. Mr. Long's point of view, as an officer of a large, splendidly equipped and enterprising company, is easily understood. Capt. Foote, however, says:

"It is ridiculous to contend that we have not enough ships to take care of business as it may offer. For example, on March 15 there was about 10,000 bushels of grain in storage at Port William and a list of sixty British registered metal ships of the highest class, whose aggregate capacity at one time exceeds 6,000,000 bushels. Conceiving that all of this grain was ready for shipment within ten days of the opening of navigation, the above mentioned sixty ships would move 75 per cent. of what is now in storage to Georgian Bay ports, in one round trip, consuming about eight days' time, and there would not begin to be enough grain to go around the feet for a second cargo."

THE DUTY ON REPAIRS.
Reverting again to the matter of repairs, Capt. Foote said:

Following these directions Detectives Newton and Wallace came upon three gold rings and a gold bracelet wrapped in a handkerchief.
The jewelry was the balance of that taken from the home of Dr. Eleanor F. Lucas, 121 Dunn-avenue, by Samuel Hertz, now on remand at the Jail, charged with theft of a pearl sunburst from the same place.
Setting forth the direction by which the "plant" was located.

**We're After Your Trade**

with as fine a line of Boys' Clothing as ever shown by any single house in Canada. Years of hard work and study have taught us many things about Boys' Clothes that other houses (yet in their infancy) have to learn. Our exclusive ideas and patterns are appealing strongly to lovers of the beautiful in Boys' Clothing.

**"COME ON IN" with the boys.**

**OAK HALL CLOTHIERS,**  
Right Opposite the Chimes, King St. E.  
J. COOMERS, Manager.

**SWINE THEY SHOUTED AT REPORTERS IN GALLERY**

Exciting Scene in Reichstag in Berlin—Uproar Following Speech on Administration.

BERLIN, March 19.—There was an uproar in the reichstag to-day during the debate on the colonial budget. Herr Erbsberger, Centre, made a speech in which he referred to the government's treatment of negroes in the colonies, and he made use of the phrase, "a negro also has an immortal soul."

As the speaker paused after this remark, jeering expressions were heard from the galleries, which appeared to come from the division set apart for the press.

The entire Centre party at once rose to its feet in indignation and Herr Broebek, the Centre leader, pointed to the journalistic tribunal, and shouted the word "Swine!" This resulted in a general uproar, whereupon the president rang his bell, and threatened to clear the galleries of the press met and passed a resolution of protest, which was read to the house by Heinrich P. Muller, member from Meiningen. This closed the incident.

**Do Not Miss It.**

At the advent of spring interest again centres in the motor car and the excellent display of these vehicles in the St. Lawrence Arena presages the popularity of the useful vehicle during the coming season.

The Sunday World, keen in responding to the changes in the illustrated section the most elaborate and complete series of views ever published by any newspaper depicting the various uses to which the motor-driven vehicles are applied, together with beautiful views and interesting scenes in this now very necessary means of locomotion is employed. There are views of the first automobile meet in Toronto, together with many of the first machines, contrasted with the powerful and graceful cars used at the present date.

The Sunday World will print the great view of the new Grand Trunk Railway million and a half dollar hotel and the two million dollar station which they propose erecting in Ottawa.

There is a picture of the men who made up the rescue party in the recent colliery disaster at Hampstead, near Birmingham. These men are all equipped with an oxygen apparatus in order to prosecute their search without being over-come by the deadly fumes, the result of the mine fire.

There are some really beautiful bits of scenery represented—a fountain transformed into a monument of ice, views taken during the winter at the island; Pickering, Ont., and many other points. Lovers of the feline will be interested in the picture of a beautiful specimen which appears in this week's issue.

Every member of the Fraternal Order of Elks should see the group of officers of No. 2 Lodge, Toronto. Lifelike and emblematic of the man is the portrait pose of Ontario's energetic and forceful secretary and the Hon. W. J. Hanna. A picture that will convey more than columns of prose in convincing people that Toronto is no mean manufacturing centre is the view of the new ice-breaker "Charles Lyon," which was recently finished at the shipyards of the Police Iron Works and which has demonstrated its practicability in breaking the ice between the city and the island, trend and arrives at conclusions that will cause much comment and possible controversy.

An article by an eminent American writer on what America's attitude towards Great Britain should be and giving many reasons why she should not be sought as an ally, will give food for thought to Canadians generally.

The Sunday World is for sale by all newsdealers and newsboys and on all railway trains.

**Hamilton Happenings**

**G. N. SMITH MAKES HARSH ATTACK ON ADAM BECK**

Hamilton Liberals Forced to Sit Thru an Amazing Harangue—General City News.

HAMILTON, March 19.—(Special).—C. N. Smith, M.L.A., made a sharp attack on Hon. Adam Beck and his power scheme in the course of an address this evening before the Liberal Club.

"Beck," he said, "had been talking power for four years, but had not delivered one horse power yet, and I venture to say he never will. The government has spent \$70,000 on this fair scheme, and nothing will ever come of it."

Mr. Smith went on to say that the government had treated the people like a lot of children. It had its chance two months ago and failed to deliver the goods.

While Mr. Beck was not much good on the power question he was good on exhibiting his horses in London. He spoke of his horses in London and Mr. Beck was several times as good on the horse question as he was on the power question.

Mr. Smith said while the Dominion Government could not own railways the Ontario government should build railways to develop the pulp and lumber industries. It should take hold of the Algoma Central and continue it to Hudson Bay and make a connection with the Grand Trunk Pacific.

Speaking of Hon. A. G. MacKay, he said: "He is the greatest statesman Ontario ever produced, not forgetting even Sir Oliver Mowat."

Daniel Reid, M.L.A., and others spoke. Calvin Day, the president of the club, was in the chair.

**CONDITIONS IN KENORA DISCUSSED BY EXPERT**

W. Saunders writes from Kenora to the World as follows:

The elections are now beginning to interest the people and facts and Conservatives may be seen, active, observant and watching on behalf of their respective parties. The result of the latter in the town has been weakened considerably by graft and craft making. His appearance in Kenora, the administration of the same being the lights of the party for the Conservatives, and which would them closer together, it will be necessary to strike a water power, as per the recent decision in the court of appeal, exemplifies what the town has been up against for the past four years. Interested parties springing the development scheme upon the electorate, who have listened to advice which has since turned out "rotten." Apart from the scheme, the construction has cost the town an excessive amount of money, which could have been used in other ways.

The loss of the water power, as per the recent decision in the court of appeal, exemplifies what the town has been up against for the past four years. Interested parties springing the development scheme upon the electorate, who have listened to advice which has since turned out "rotten." Apart from the scheme, the construction has cost the town an excessive amount of money, which could have been used in other ways.

**NEGOTIATIONS ARE OFF**

Negotiations between the city and the street railway have been virtually declared off. The company has rejected the city's offer, and the aldermen will not entertain the company's offer. Mayor Stewart figures that under the company's proposition the city would be making a concession of \$500,000, or about as much as he thinks the system is worth.

An application to wind up the Jackson-Tilden Typewriter Company will be made at Osgoode Hall next Monday. The directors are: J. H. Tilden, Hamilton; J. M. Douglas, K.C., Toronto; and T. Rolph, Chgo. Rolph is the president of the company in the chair.

The following officers were elected to-day by the Women's Home Missionary Society in connection with the Presbyterian Church:

Lady Mortimer Clark, hon. president.  
Mrs. A. L. MacFadyen, president.  
Mrs. J. B. Cochrane, Mrs. John Somerville, Mrs. John Davidson, Mrs. J. A. Patterson and Lady Taylor, vice-presidents.  
Mrs. H. M. Kipp, corresponding secretary.  
Mrs. Frank E. Brown, associate.  
Mrs. W. B. Hendry, recording secretary.  
Miss Helen Macdonald, treasurer.  
Mrs. George Anderson, secretary of supply.  
Mrs. J. A. Macdonald, secretary of organization, auxiliary and mission bands.  
Mrs. H. A. A. Kennedy, associate.  
Mrs. Hugh Gunn, literary secretary.  
Mrs. McCurdy, editor Pioneer.  
Miss Annie L. Burns, secretary Pioneer.

**Child Was Murdered.**

The autopsy performed on the body of the babe found on the beach, and that the child lived after birth, and that it was probably alive when placed on the bay, about last Tuesday.

Fred Paige, who is promoting the new International Baseball League, announces that it will be composed of Hamilton, London, Guelph and Niagara Falls.

In the suit brought by Mrs. Stridy against Thomas and Annie Hannah over the will of George Dobson of Seneca, Chief Justice Meredith gave judgment in favor of the defendants, dismissing the suit.

**Damage Action Dismissed.**  
Chief Justice Meredith closed the non-jury sittings of the high court this afternoon. The last case was a suit brought by James E. Carson against the Reid Wrecking Co. for \$2000 damages for alleged breach of contract in connection with the steamer Tempest. The action was dismissed.

**R. T. of T. Officers.**  
The Dominion Council, R. T. of T., finished its business this evening. It placed itself on record against the three-fifths clause, and as favoring a bare majority in local option bylaws. The council adopted the term insurance.

This evening the following officers were elected: Ald. James Hales, Dominion vice-councillor, Toronto; Rev. R. Burns, Dominion chaplain, Tweed; Dr. C. V. Emery, Dominion secretary, Hamilton; A. C. Neff, Toronto, Dominion auditor; Dr. B. E. McKenzie, medical director, Toronto; George H. Lees, Hamilton; Rev. W. Kettlewell, Toronto; Rev. W. P. Fletcher, Drayton; Rev. W. J. J. Armstrong, Toronto; Junction; L. C. Peake, Toronto; B. F. Harvey, Toronto, board of directors.

**Suffered From Heart and Nerve Troubles**

FOR THE Last Ten Years.

The heart has supplied to two sets of nerves, one set which quickens, the other which slows its action. The proper action of these nerves, so important to the well-being of the heart, depends upon the general condition of the nervous system. If there be nerve disturbance of any kind it is bound to produce all the various phenomena of heart derangement.

Knowing the intricate structure of the heart, and being aware how diseases of the nerves affect the heart, we have combined in Milburn's Heart and Nerve Pills a treatment that will cure all forms of nervous disorders as well as act on the heart itself, and the principal persons interested in curing so many cases of heart trouble which have defied all other treatment.

Mrs. John Riley, Douro, Ont., writes: "I have been a great sufferer from heart and nerve troubles for the last ten years. After trying many remedies and doctoring for two years, without the least benefit, I decided to give Milburn's Heart and Nerve Pills a trial. I am thankful to say that after using nine boxes, I am entirely cured, and would recommend them to all sufferers."

Price 50c. per box or three for \$1.25, at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

**MUNICIPALITIES FAVOR MONOPOLY IN TELEPHONES**

Unexpected Opposition Develops to Phil Bowyer's Bill—Sub-Committee to Report.

At the request of several of the municipalities, the municipal committee of the legislature yesterday decided to re-open the issues concerned in the bill of P. H. Bowyer (East Kent), to prohibit the granting of exclusive telephone franchises. A sub-committee was appointed to report, being Messrs. Bowyer (East Kent), Preston (Brant), McDougall (Ontario), Sutherland (North Oxford) and Patterson (Waterloo), with Hon. Adam Beck added by request. Hon. Mr. Hanna, as chairman of the committee, opined that no municipality should be privileged to give a franchise that would exclude competitors with other companies, and it had been thought that there were no interests outside of the company's which would oppose such a measure. "It simply means," said Mr. Bowyer, "that the cities are selling their principles to the Bell Telephone Co. for a mess of pottage." He believed, however, that the citizens favored the bill. City Solicitor Doherty of St. Thomas said 35 cities and towns were interested, all receiving a benefit from their franchises, which would be cut off. "We want poles and wires taken from our streets, and it is our only way of getting concessions from the Bell Co.," he said. "If it is the intention to give municipalities a fair show, that could be done by compelling connections with the Bell Co. "But we have no power to do that."

**World Pattern Department**

A DAINTY TUCKED BLOUSE—6137

Any of the light-weight materials suitable for tucking will make up nicely after this design. The tucks across the front give long lines and a becoming amount of fullness that is very attractive. Mandarin sleeve bands also tuck and add a note of style to the mode, and give width to the figure. Taffeta, louisine, batiste, linen and pongee are all suggested for reproduction. For 25 inches bust measure 3 1/2 yards of 36-inch material will be required.  
 Ladies' Tucked Blouse, No. 6137. Sizes for 32, 34, 36, 38, 40 and 42 inches bust measure.  
 A pattern of this illustration will be mailed to any address on the receipt of 10 cents in silver.

**SMELTING SYNDICATE TO NEGOTIATE AGAIN**

Ashbridge's Marsh May Yet Become Like Pittsburgh—Estimates Cut Down.

Industries Commissioner Thompson says he has been informed by W. H. Moore of the Canadian Northern that the syndicate being promoted by MacKenzie and Mann for the establishing of a huge smelting industry in Ashbridge's marsh will soon resume negotiations with the city. Mr. Thompson will report to the board to-day on the application of J. W. Young for a lease of marsh land on which to establish a tallow rendering enterprise. Mr. Young wants a block on the Simcoe-road, frontage 200 feet and depth 275 feet, between the British American Oil Co. and the Don foundry. The 1908 tax rate will not exceed that of last year, namely, 18 1/2 mills, so the mayor says. The board of control, with Commissioner Harris, went over the property estimates yesterday afternoon, and succeeded in trimming off about \$5000. The estimates of the department now exceed those of 1907 by about \$10,000. The controllers reduced the estimate of decorating the city hall from \$2000 to \$3000, struck off \$1000 from the requested appropriation for painting, and \$1000 from the item for illuminating pictures. The estimates for the commissioner of industries have been reduced from \$10,300 to \$9500. The request that the district known as Earlsfoot be left out of the area to be annexed by the city is made by S. K. Coorell, president of the North Dovercourt Ratepayers' Association. G. V. Burgess, 92 Wilcox-street, has been given the exclusive privilege of selling refreshments at Island Park for 1908, 1909 and 1910. His tender is \$175. J. J. B. Atkinson, 121 Tyndall-avenue, has the privilege for conducting Turner's Baths at Hanlan's point for the next five years for \$355. There are 2146 applicants for civil work at the western labor bureau, and 905 at the east end bureau. Since the beginning of the month 1261 men have been given employment.

**DEATHS IN THE CITY.**

Deaths registered at the city hall yesterday were:  
 Joseph Godfrey, 84 years, concussion of brain.  
 Clara E. Peart, 40 years, pernicious anaemia.  
 William Henry, 60 years, cancer of stomach.  
 —Wilson, still-born.  
 Mary Miller, 81 years, cancer of stomach.  
 Isabella Dickson, 78 years, myocarditis.  
 James Wilson, 97 years, pyaemia.  
 Oscar Kowunani, 26 years, nephritis.  
**McMaster Graduate's Success.**  
 A. G. Newcombe, B.A., a graduate of McMaster University of the class of 1900, has been appointed principal of the Calgary Collegiate Institute. After graduation Mr. Newcombe acted as classical master in Deseronto High School and St. Mary's Collegiate Institute and during the last five years was registrar of McMaster University, which position he resigned last August to accept an appointment to the staff of the Calgary school.

**Personal**

The annual meeting of the Rosedale Ladies' Golf Club will be held in St. George's Hall this morning at 11 o'clock.  
 At a special meeting of the ladies interested in the Fair of All Nations it was decided to postpone the event till November, owing to a number of other attractions that have already been arranged for May.  
 Mrs. E. R. C. Clarkson, 71 Avenue-road, will not receive on Friday nor again this season.  
 The post-nuptial reception of Mrs. Louis Seeliger (nee Corine Watson) was held at her residence in Ulster-street. The house was profusely decorated with American beauty roses, while Glionna's orchestra discoursed sweet strains behind a bank of palms. Mrs. Seeliger received her guests beneath an arch of smilax and looked as radiant as a queen. Among the numerous guests were the following: Miss M. Beatty, Mrs. Mase Taylor, Miss Edith Hamilton, Miss Dell Clayton, Miss Minnie Gallagher, Miss Gertrude Lloyd, all of Hamilton; Miss Wishart of Toronto; Miss Jennings, Miss J. Marryat, Mrs. M. Clarke; Mrs. Seeliger will receive on the first and third Thursdays.  
 Mrs. Wallace MacLaren will not receive any more this season on account of bereavement.  
 Mrs. M. J. Quinn of 461 Dovercourt-road will receive to-day for the last time this season.  
 Mrs. J. C. Miller, 481 Jarvis-street will receive on Monday for the last time this season.  
 Mrs. Alfred Burton, 114 Bedford-road, will receive to-day and not again this season.  
 Mrs. E. Ralph Hooper of Bloor-street will not receive to-day, or again this season.  
 Mrs. Sheerin, 41 Howland-avenue will receive to-day, and not again this season.  
 Mrs. Marshall Brown of 71 Prince-Arthur-avenue will receive this afternoon.  
 Mrs. R. J. Copeland, Walmer-road, will receive to-day.  
 Mrs. Joseph Mowat of West-Roxborough-street will not receive again this season.  
 Mrs. Jack Davy of North Huron-street will receive to-day, and not again this season.  
 Mrs. Arthur Dennis, 126 Walmer-road, will receive to-day, and not again this season.  
 Mrs. James MacKenzie, Balmoral-avenue, will receive to-day for the last time this season.  
 Mrs. L. Duncan, 54 Brunswick-avenue, will not receive to-day.  
 Mrs. F. W. Thompson of 621 Huron-street will not receive Friday or again this season.  
 His Lordship Bishop Richardson of Fredericton, N.B., who has been visiting this week in Toronto, a guest of Canon Welch, will not be heard in the city pulpits this coming Sunday, as he returns to his home this evening.  
 P. G. Walker and George Roblin, two visitors from Dublin, in the Emerald Isle, are visiting here, and will undoubtedly develop into bigamy proceedings.

**Danderine**

**GREW MISS GARROLL'S HAIR AND WE CAN PROVE IT**

**Beautiful Hair at Small Cost**  
**WITHIN** the last decade great and rapid strides have been made in the medical profession. Many diseases that were considered incurable fifteen years ago are now cured in a few days, and in many cases prevented altogether. The scientists of late years have been searching for the reason and the cause of disease, fully realizing that the actual and true cause must be ascertained before the remedy can be created. Hair troubles, like many other diseases, have been wrongly diagnosed and altogether misunderstood. The hair itself is not the thing to be treated, for the reason that it is simply a product of the scalp, and wholly dependent upon its action. The scalp is the very soil in which the hair is produced, nurtured and grown, and if alone should receive the attention it results are to be expected. It would do no earthly good to treat the stem of a plant with a view of making it grow and become more beautiful—the soil in which the plant grows must be attended to. Therefore, the scalp should receive the attention if more beautiful.  
 Danderine is a hair restorer, and it is the only one that will give you the hair you want, and it is the only one that will give you the hair you want, and it is the only one that will give you the hair you want.  
 Danderine is a hair restorer, and it is the only one that will give you the hair you want, and it is the only one that will give you the hair you want, and it is the only one that will give you the hair you want.  
 Danderine is a hair restorer, and it is the only one that will give you the hair you want, and it is the only one that will give you the hair you want, and it is the only one that will give you the hair you want.

**MISS J. CARROLL, 2307 Irving Ave., Chicago, says: "My hair would not reach to my waist when I began using Danderine and it is now more than four feet long."**

**DR. RINE CO. U.S.A.**

**HE GOT RELIGION.**

When Philip Lowe Confessed to Starting Fires.  
**CORNWALL,** March 19.—(Special.)—Yesterday forenoon Philip Kanrod Lowe, aged about 20 years, son of J. W. Lowe, merchant, Finch Village, called at the residence of F. D. McNaughton, J.P., private interview, confessed that he had lighted the blaze which nearly completed the destruction of the Village of Finch on May 14, 1907.  
 It will be remembered that Finch, a thriving village at the junction of the C.P.R. and O. & N.Y. Railway, was private wiped out of existence by two fires. The first occurred on the afternoon of May 13, and the second broke out about 11 p.m. on May 14.  
 The second fire started in J. W. Lowe's store, and the son acknowledges lighting it by spilling coal oil on a lot of boxes and paper bags in a storeroom, and setting the lot afire with a match. He also acknowledges setting fire upstairs in one of the houses from which the furniture was being carried on the first day. This was at the inception of the first fire. His idea in doing this was that it might spread to the store, and thus ruin him, and by destroying it, help his father.  
 A feeling of despondency, he says, led to the second crime, which resulted in a \$50,000 conflagration. The young man has been attending religious revivals this winter, and says that he has made up his mind to take his punishment here rather than in another world. He came to Cornwall along with his father and Reve McNaughton, and after the country attorney James Dingwall, had heard the tale, he charged him with incendiarism.  
 Lowe appeared before A. McNaughton, J.P., here to-night, and after the evidence of Reve McNaughton, he stated that the confession was entirely voluntary, as the result of the light God gave him.

PARTY REORGANIZATION IN BRITAIN.

Undoubtedly the most conspicuous feature in the political arena today—and it is not confined to any one democracy—is the marked disintegration of the old party systems.

As was natural, the Liberal Party in Great Britain has suffered most from the disintegrating force that springs from the victory of democracy.

LET ONTARIO DO IT WELL. The federation of Canada is working out all right, and slowly but surely the process of unification from Atlantic to Pacific goes on.

FAIR WORDS TO SMALL BANKS.

In a recent speech in the house of commons R. A. Fringle, M.P., had some fair words to say of the small banks.

PARENTAL RESPONSIBILITY.

Rev. Canon Welch, at St. James' Cathedral yesterday, on "The Fifth Commandment": "It is easy to talk of the way in which the younger generation seems to

turned historic loyalty. While the situation in Canada offers many points of variance from that of Britain, it must be admitted that the parties as now constituted represent no real difference of political principle.

At the present moment the city council is promoting a private bill in the legislature for the purpose, among others, of obtaining authority to construct the proposed Bloor-street viaduct.

BLOOR STREET VIADUCT.

At the present moment the city council is promoting a private bill in the legislature for the purpose, among others, of obtaining authority to construct the proposed Bloor-street viaduct.

LET ONTARIO DO IT WELL.

The federation of Canada is working out all right, and slowly but surely the process of unification from Atlantic to Pacific goes on.

FAIR WORDS TO SMALL BANKS.

In a recent speech in the house of commons R. A. Fringle, M.P., had some fair words to say of the small banks.

PARENTAL RESPONSIBILITY.

Rev. Canon Welch, at St. James' Cathedral yesterday, on "The Fifth Commandment": "It is easy to talk of the way in which the younger generation seems to

be throwing old restraints to the winds, to lament gravely the decay in manners and corruption of morals, and God knows there is great room for improvement in these respects, but one of the greatest needs of this age is a largely increased sense of parental responsibility.

"Don allow yourselves to become so engrossed in business, politics, and other pursuits, that they have no time left for home duties, especially in regard to their children, and then wonder themselves with the thought that this is the mother's duty. This is a fatal mistake.

AT OSGOODE HALL

ANNOUNCEMENTS FOR TO-DAY.

Master's Chambers. Cartwright, master, at 11 a.m. Judges' Chambers. The Hon. Mr. Justice Riddell at 10 a.m.

THREE MORE VICTIMS OF DYNAMITE EXPLOSION

Were Thawing Dynamite on Railway Construction North of Hawke—Man Killed by Train.

ONTARIO LABOR BUREAU HAS HAD A BUSY YEAR

The eighth annual report of the bureau of labor, covering the operations of 1907, was issued yesterday and reflects great credit on John Armstrong, the secretary of the bureau, who has amassed in the 280 pages a quantity of information and statistics, valuable alike to man and employer.

A DANGEROUS CROSSING.

Grand Trunk Railway Takes Steps to Protect It.

INGERSOLL, March 19.—(Special.)

The railway commissioners to-day listened to a mass of strong evidence regarding the unsafe condition of the Thames-street crossing of the Grand Trunk Railway, the scene of several fatal accidents in the past few years.

Here is a good recipe for Coughs, Colds and La Grippe. It has been found to be simple, cheap and effective, and can be procured at any drug store.

Were Thawing Dynamite on Railway Construction North of Hawke—Man Killed by Train.

KENORA, Ont., March 19.—(Special.)—Another fatal dynamite accident occurred yesterday morning at Thompson-Egan's, Camp 2 north of Hawke. It is reported that two foremen named Hill and Anderson, and another named in charge of the powder house and were thawing dynamite, when the door opening let in a cold blast which drove gases on to the men, causing the explosion and killing three. The bodies shockingly mangled, were brought into town and await an inquest.

THE TRADERS BANK OF CANADA

DIVIDEND NO. 48. Notice is hereby given that a dividend of one and three-quarters per cent. upon the paid-up capital stock of the Bank has been declared for the current quarter, being at the rate of seven per cent. per annum, and that the same will be payable at the Bank and its Branches on and after the first day of April next.

Toronto, Feb. 21, 1908. STUART STRATHY, General Manager.

Vertical advertisements on the right edge of the page, including 'The new Jackets in combries', 'Ladies', 'Childr', 'Milline', 'Hands Dress', 'Suit M', 'Wash', 'FIELDI', 'ST. JOH', 'LONDON', 'The Ne', 'Lunch Tea Room', 'Special', 'thil 2', 'YONGE'.

FRIDAY

JOHN CATTO & SON

Ladies' Jackets

The new spring stock of Ladies' Jackets is all at hand. The exhibit comprises many smart and dainty garments, good style and good value being outstanding features.

Ladies' Suits

A splendid collection of natty styles, good materials, latest mode, extra workmanship, from \$15.00 to \$50.00.

Children's Coats

Just opened, a fine lot of Children's Smart Reefers and Coats, in plain cloths, serges and chevrons, in blues, fawns, reds, and all sizes. Special value, \$2.00, \$4.00, \$5.00 to \$10.00.

Millinery

A visit to our Millinery Showrooms brings you into touch with the world's foremost milliners. With many our own designs and modifications are more pleasing than the extreme imported models. Whatever the want may be in the line of Millinery, we can fill it. Our system of avoiding the too frequent reproduction of a model guards against commonness. ORDER FOR EASTER NOW.

Handsome Dress Fabrics

The possibilities presented to tasteless dressers by our stock of Dress Fabrics are, practically unbounded. Here is gathered every demanded weave, shade and combination of color tone that can possibly be conceived. A feature of this stock which strongly appeals to many is the variety of SINGLE WEAVE LENGTHS and COSTUME PATTERNS, which can be seen nowhere else in Canada.

Suit Making

Is now one of our most successful departments. Every kind of gown undertaken with full assurance of satisfaction. MAIL-ORDER costume-making a feature.

Handkerchief Snap

We have received a large lot of Ladies' Pure Irish Linen Initial Handkerchiefs, hemstitched, which unfortunately were packed by manufacturer without being laundered. Had this been done they would bring perhaps 50 per cent more, but as they are here we must get them out. Every initial (A, B, C, D, E, F, G, H, I, J, K, L, M, N, O, P, Q, R, S, T, U, V, W, X, Y, Z) represented in the lot. Great value, \$1.25 dozen. Not less than half dozen sold of any one initial. Half dozen, 65c.

Washable Fabrics

A big spread of the very best of household Fabrics, not only nice appearing but reliable in points of wear and colors. Some of the smartest things shown for many seasons are in this spring's stock. COME EARLY and get best choice. Gingham, Zephyr, Chambray, Mullins, Delaines, Challies, Velvets and Printed Cambrics.

Regular in and flavor.

FIELDING'S ANCHOR DID IT.

Ripped Hole in Steamer Manchester

Shipper.

ST. JOHN, N.B., March 19.—(Special.)

The Manchester Line steamer Manchester

Shipper, which arrived last

night, being coming into the harbor

struck an object in the channel,

knocking a hole and causing her to

leak badly.

It is thought the object was one of

the anchors put out by the dredge W.

Fielding, working there. The vessel

THE WEATHER

METEOROLOGICAL OFFICE, Toronto, March 19.—The depression mentioned last evening has continued its rapid north-

easterly movement, and a snow storm

southwest of Nova Scotia. Light snow-

falls have occurred to-day from the Ot-

tawa Valley to the maritime provinces

but elsewhere the weather has been gen-

erally fair and in the prairie provinces

there has been a change to milder

weather.

Minimum and maximum temperatures:

Dawson, 4 below—23; Atlin, 23—38; Victoria,

3—9; Vancouver, 2—8; Kamloops, 2—4;

Edmonton, 16—42; Battleford, 4—28; Cal-

gary, 10—44; Regina, 2—26; Winnipeg, 14

below—24; Fort Arthur, 2 below—30; Parry

Sound, 14—32; Toronto, 24—32; Ottawa, 22

—32; Montreal, 22—30; Quebec, 20—27; St.

John, 2—30; Halifax, 20—28.

Probabilities.

Lower lakes and Georgian Bay—

Westerly winds; fair and moderately

cold; Saturday, milder.

Ottawa, Upper St. Lawrence, Lower St.

Lawrence and Gulf—Fair and cold.

Maritime—Fresh to strong northwesterly

winds; fair and cold.

Superior—Milder with snow flurries.

Manitoba—Fair and milder.

Manitowagan and Alberta—Fair and

mild.

WILL FIX UP THE SCHOOL

SO THE BOARD DECIDE

One of Senior Grades at York St.

Will Be Distributed—No

Medical Talks.

Whether or not an institution of

learning in the location of York-street

school was worth spending \$3000 on

in order that it be made sanitary and

a safe place for children in case of

fire was the subject of much debate

in the board of education meeting last

night. The final decision was that this

school would be assured of good at-

tendance for at least another three

years and the property was worth

holding on the speculation that it

would, in the future, be of great

value. The third floor will be aban-

doned for classroom purposes, and

one of the senior grades will be dis-

tributed to the building connected with

the Ogden and to Victoria-street

schools. The Penny Savings Bank

will not be molested.

The board of education decided to dis-

continue the proposal of destroying

the waste paper in each school every

day as a safeguard against fire, re-

ferred the matter back to the finance

committee for further consideration.

All other recommendations of the

property committee bearing upon fire

protection were carried unanimously.

Upon being urged to withdraw his

motion for the appointment of a male

and female physician to address pup-

ils of both sexes over 12 years of

age on physical and moral well being,

Dr. Hunter acquiesced. The motion

was carried by a vote of 10 to 2.

By a vote of 6 to 3 a clause will

be inserted in the bylaws prohibiting

females over 30 years of age (new

applicants) being engaged in teach-

SOFT SPORTSMEN'S SHOW

Market Arena is Being Transformed

and Splendid Exhibition

is Assured.

Toronto is to have the largest auto-

mobile, motor-boat and sportsman's exhibi-

tion held in America, outside of those

which take place in New York, Chicago

and Boston. The exhibition, which is in

scope national, will open at St. Lawrence

Arena at 10 a.m. Saturday, and continue

till the following Saturday, closing each

night at 11 o'clock. Marsavon's Orches-

tra will be in attendance afternoons and

evenings.

The World yesterday found R. M. Jar-

vis, manager of the show, explaining to

the board of education the purpose of the

show is to "boost" the industry by showing

the construction of automobiles, motor-boats and

accessories, and incidentally to help pro-

motivate the public to purchase auto-

mobiles in a couple of hours, when it would

be the same under ordinary conditions.

"The success of the show is already guar-

anteed by the quality of the manage-

ment, by the firms exhibiting, and by the

FOSTER KEEPS ON

Continued From Page 1.

cepted the Cobden medal and gave a

performance of 25 per cent at the

same time declaring that he

did not wish the mother country to

abandon free trade. This preference

in a policy of loyalty was increased to 25

per cent, but recently it had been re-

duced by giving favorable terms to

France. Dir. Sir Wilfrid root out pro-

tection. He maintained a duty of 29

per cent against products of foreign

countries, and came back from Wash-

ington declaring that we did not want

reciprocity with the United States.

We had sacrificed some of the import-

ant industries of the country by mak-

ing trade treaty with France.

Prices Highest in Years.

Scanning trade returns he averred

that information given was fictitious.

In 1899 the price of commodities was

the highest in years; in 1896 they were

lowest than for a long period, and in

1907 they had gone back to a higher

figure than they were in 1897. For

instance, a bushel of wheat cost 55

cents in 1896, while in 1907 the same

volume of wheat brought 75 cents.

There was not any more business de-

velopment or activity in turning over

thirty million bushels of wheat, but

the bush had increased to 40 million

the figure. The trade of Canada in 1896

amounted to two hundred and thirty-

five million. Applying values of 1896

to the trade of 1907 the total was

almost the same, the difference being

due to a world-wide rise in value.

Between 1896 and 1907 the grain in-

ports alone was \$4,700,000 for the same

amount exported in each year.

"So many millions more in the

pockets of the people," put in Hon.

# THE NEW HATS

After all, it's the style of a hat that off proclaims the cultured taste of the wearer.

Just now the proper thing is the narrow flat-brim Derby with the high crown. New York has decided that it's quite right and dresy — though it was Old England that gave Gotham "the block."

We have received our complete stock of Spring Hats, including those by Henry Heath, and Melville of London, Eng., and Dunlap of New York, for whom we are sole Canadian agents. Also new designs by Tress, Christy, Glynn, and our own Dineen Special.

- Derby Hats ..... \$2.50 to \$5.00
- Soft Hats ..... \$2.00 to \$6.00
- Silk Hats ..... \$5.00 to \$8.00

**The W. & D. Dineen Co., Limited**  
Corner Yonge and Temperance Streets, Toronto.

## York County and Suburbs

World subscribers in Toronto Junction are requested to register complaints of carelessness or late delivery at The World Branch Office, 22 Dundas-street East, Toronto Junction, or The World Office, Yonge-street, Toronto. Intending advertisers may also transact business at the Junction Office.

### AWARDS IN DAIRY FARMS ARE GIVEN THE WINNERS

Big Gathering at Thornhill, Where Minister of Agriculture Presides—County Notes.

THORNHILL, March 19.—(Special).—Hon. Mr. Monteth, minister of agriculture, was an ideal chairman and the master of the banquet held in the village hall here to-night, when the awards in the dairy competitions inaugurated by the Canadian Dairyman were handed out to the fortunate winners.

**Those Who Were There.**  
The gathering, numbering nearly 100 of the leading dairy farmers within a radius of 30 miles of Toronto, was composed among others of Mr. A. Ormerod, Andrew Russell, Reeve George S. Henry, J. A. Dargavel, M.L.A., John Monteth, W. H. Pugsley, W. C. Ormerod, David Laird, David Duncan, C. Watson, D. James, A. J. Reynolds, H. McCowan, M.L.A., John Schuchman, M. Lovelass, F. Jacques, W. H. Cluett, W. Carson, Stewart Wilcox, Levi Grubbe, H. B. Cowan, Canadian Dairyman; J. G. Cornhill, George McKenzie, J. G. Paterson, W. Dean, D. J. McCreary, Thomas Hartley, and many others.

The menu provided by Miss Host Hughes was all that could be desired, and reflected the highest credit on the fair ladies charged with providing the repast.

**Toast List Was Lengthy.**  
Following the usual loyal and patriotic toasts, that of the "Ontario Legislature" was responded to by A. Ormerod, in which the minister for East York pointed out the progressive nature of the work carried out by the Hon. Mr. Monteth along with the Hon. Mr. Hefferdell. He referred to the increased grant to dairies, the establishment of field competitions, in which last year more than 100 farmers were engaged, involving some 3000 acres. The department had also made substantial grants to the poultry societies, while in the line of general agriculture a resolution was passed appointing a committee to draw up a constitution and bylaws, to be submitted at another meeting to be held in two weeks.

**G.T.P. ISSUE FAILED.**  
LONDON, March 19.—(C.A.P. Cable).—It is reported that the Grand Trunk Pacific issue has completely failed.

**Hotel Managers Resign.**  
VANCOUVER, March 19.—(Special).—F. M. Cumming, manager of the Hotel Vancouver, has resigned to become general manager of the Hotel system in California. He will leave to-morrow for San Francisco.

**Death of A. Donly.**  
SIMCOE, March 19.—A Donly, registrar of deeds for Norfolk County, died of pneumonia, after a protracted and painful illness.

### R. L. DRURY'S MISSION.

Has No Instructions to Denounce Japanese Treaty.

OTTAWA, March 19.—(Special).—Mr. Lemieux was asked to-night for a statement regarding a despatch from Vancouver that R. L. Drury had gone to Tokyo with instructions to denounce the treaty if Japan is found to be violating the Lemieux understanding. The minister said there was no truth in the statement. Drury has gone to Japan as part of the arrangement with the mikado's government, to see how the arrangement is working out and to keep track of immigration to Canada. He has no other instructions.

**Agostie Atherton Arrested.**  
ST. LOUIS, March 19.—(Special).—Rev. Albert Atherton of St. Thomas, Ont., who styles himself "The Thirtieth Apostle," ordained with power to cast out devils and other evil spirits by the laying on of hands, was arraigned in police court to-day, on charges preferred by Nellie Steichen, 14 years old.

The case was continued until March 26, to give the apostle time to raise funds to pay his attorney's fees.

**Druggist Heavily Fined.**  
ST. CATHARINES, March 19.—Omar Johnson was fined \$100 for filling a prescription in his drug store at Thorold. He is not a graduate of the Ontario School of Pharmacy, and filled a prescription for Miss Grant, daughter of Inspector Grant of the O.S.P.

### REAL ESTATE ASSOCIATION.

Dealers Hold a Meeting and Decide to Organize.

The organizing of an association was determined upon at a meeting of representative real estate men held in the Mall Building last night. A. D. Strathairn presided.

It was agreed that an organization of the kind proposed would tend toward the stability of the real estate business in Toronto and would, at the same time, be a benefit to citizens in general. A resolution was passed appointing a committee to draw up a constitution and bylaws, to be submitted at another meeting to be held in two weeks.

**Those Who Won.**  
R. A. Dargavel, M.L.A., on behalf of the Canadian Dairyman, presented to George McKenzie of Thornhill, the winner of the first prize of \$100, which was accepted by the latter suitably and modestly replied. Mr. McKenzie farm, located about a mile south of this village, covers 100 acres in a fine situation and is a model of neatness.

David Duncan of Don, the well-known dairyman, was successful in winning the second prize of \$75, which was presented by Mr. Shapely of Brantford.

Mr. Duncan replied briefly but happily, and was loudly cheered. The other winners were D. J. McCulloch of Vaughan, with a purse of \$50, presented by H. C. Taylor, J. G. Paterson of the Canadian Dairyman. The latter briefly outlined the purpose and aim of the competition.

M. R. Lovelass of Agincourt was the winner of the fourth prize, of \$30, the presentation of which was made by A. Stewart Gordon, manager of the Canadian Pacific Railway Express Hotel, Victoria, has also resigned.

A special prize of \$25, donated by the City Dairy Co. was awarded to J. McCulloch, and a second prize, of \$15, to Thomas Hartley for clean and modern methods of dealing with dairy matters.

### TORONTO JUNCTION.

Looks Like Lacrosse Will Boom This Season Again.

TORONTO JUNCTION, March 19.—With the memory of last year's victories stirring them on to expectations of gaining fresh laurels, the Junior C.L.A. Shamrocks met to-night in the town hall and reorganized for the coming season. They will enter a team to defend the championship, which they won last year. These officers were elected: Hon. president, Mayor Baird; hon. vice-president, J. C. Smith; patrons, Senator Campbell, Dr. Forbes, Godfrey, M.L.A., W. F. Maclean, M.P.; R. L. McCormack, J. McEachern; president, W. J. Dalton (re-elected); vice-presidents, Charles W. Buchanan; second vice-president, Dick Bond; third vice-president, W. J. Irwin; secretary-treasurer, Charles W. Buchanan; delegates to C.L.A., F. C. Waghorne, E. B. Wright.

According to a despatch from Ottawa to-day, the Canadian branch of the British Olympic committee has practically decided that the lacrosse team which is to be sent to the Olympic games in England this fall shall be picked from all parts of the country. This is somewhat disappointing to Junction people, as hopes were high in local lacrosse circles that the Shamrocks would stand a good chance of representing Canada at these famous English games.

**Riley Will Recover.**  
James Sullivan, John Riley and Michael Martin, who were captured on Wednesday morning by the local police, will be brought before Police Magistrate Ellis on the 24th inst. If Sullivan is unable to leave the hospital on that date the case will be remanded, so that the case of all three can be tried at the same time. There is not much doubt now that Sullivan will recover. "Resting quietly" was the reply from Grace Hospital

### THE TORONTO WORLD

when his condition was enquired after at midnight to-night. The police are now in possession of evidence that may connect the three men with the thefts at Mrs. Louisa Lee's house, 300 Bloor-street, last Sunday morning. The stolen contents of that house have been committed recently.

Chief of Police Flintoff has in his possession a silver watch with letters attached, which was found two or three weeks ago. The appearance of the chain would indicate that it had been clipped, and the watch stolen and afterwards lost by accident.

**Golf Club Meet.**  
"The coming season to be the best ever" was the watchword of the Hunter Golf Club at their annual meeting to-night. Many new members have been added and prospect are very bright for this, the third season of the club's existence. These officers were elected: President, A. Gilchrist; vice-president, Walter Caldwell; secretary-treasurer, J. R. Massey; captain, Rev. Dr. Pidgeon; executive, Harry Eaton, W. E. Black, Charles Gordon, Howard Teasdale; greens committee, the president, vice-president, secretary, treasurer and captain, also Harry Vander Hart, Bert Baby and Wilfrid Archer. The club's links are on garrison common at the head of the Bloor-street.

Speaking to-day with regard to the annexation of city suburbs, Mayor Oliver said: "Toronto Junction bonds are not worth more than 55 or 60 cents, and the only condition on which I would be willing to annex the Junction would be to get them at that price. We are not going to pay the bondholders a bonus of 40 per cent for the sake of taking in the Junction."

Town Clerk Conron has returned home after an absence of several days at a temperance convention in Hamilton.

The Royal Templars will hold two gospel temperance meetings in Joy's Wonderland Theatre on Sunday, April 1, at 11 a.m. and 8.15 p.m. The afternoon meeting will be addressed by Aid. J. Graham of Toronto. Mr. Herbert Boynton, bass soloist of Broadway Tabernacle, will sing several selections. Councilor Frank Whistler will preside. In the evening C. F. Carter, a fluent speaker, will address the meeting.

Left-Fox terrier dog, black, tan and white. Anyone detaining the dog after this ad. appears will be prosecuted. 187 Davenport-road, on Dundas-street, a bag of horse nails. Owner may have same by calling at 137 Clendennan-avenue after 6 o'clock.

With the object of furthering good music and making the time spent worth while to the members, a club has been formed, as shown. First has been named immediately for new orchestra in the Junction. Splendid inducements to good players. Ladies preferred. For full particulars apply Dr. F. P. P. P. secretary Toronto Junction Orchestra Club, 24 Conduit-street, Toronto, Ont.

**CALLED ON MR. HARRIS.**  
Commissioner Holds Out No Hope to County Farmers re Stabling.

Deputy-Reeve Grubbe of Etobicoke Township was a visitor to the city hall yesterday on matters connected with the much vexed question of better accommodation in the vicinity of the St. Lawrence Market. Mr. Grubbe had a short interview with Mr. Harris, who urged him to consider the matter from the standpoint of a city enterprise, and urged that the latter great square, near the City Hall, be leased to some private individual, who might be able to provide the necessary stables for the farmers.

It was pointed out to the commissioner that the present arrangement, near the St. Lawrence Market, on which modern, well-lighted, up-to-date stables might be built, bringing in a handsome revenue to the city and immensely benefiting the farmers.

Commissioner Harris expressed sympathy with the desire for better accommodation, but pointed out that the erection of the St. Lawrence Market had never been a profitable investment. He held out no hope that the city would take any action along the lines proposed.

Mr. Sheard, when approached some time ago along the lines of securing more sanitary stabling, stated that he could examine, and if deemed necessary, order the closing of some of the present places, but this, if carried into effect, would be a serious matter for many of the vacant lots. The value of not less than \$100 per lot, except in justifiable cases, is being generally applied this year.

**EARLSCOURT.**  
Relief Committee Have Hold of Right Idea Here.

EARLSCOURT, March 19.—The relief committee for this district is endeavoring to rent vacant properties, which will be apportioned to poor families to grow their own vegetables. These vacant properties, which would not become so severe as it has been this past winter.

**CALL FOR HICKORY.**  
Automobile and carriage manufacturers, along with the men of the allied vehicle industries, are giving serious consideration to the question of the future supply of hickory timber. This wood, which is one of the most important of all woods, since no satisfactory substitute for it has been found, plays a more important part among the commercial timbers than many people realize.

For automobile and carriage wheels, where strength, toughness and resiliency are essential qualities, no other wood has been found in this country that will take the place of hickory. Manufacturers say that no steel or wire spoke has yet been found that will withstand the wear and tear of the hickory spoke and for this reason the welfare of the vehicle industry seems dependent on the conservation of the hickory supply.

Three of the largest associations of hickory users in the country have completed a series of cooperative tests with the United States

forest service and the trade considers the results highly important. The tests covered a close study of the properties of different woods used in vehicles and implements, supplemented by mechanical tests to ascertain the relative strength of different woods and different forms of construction and to test the accuracy of the present system of grading. In a report of the tests the fact is brought out that there is an error of over 50 per cent in the grading of vehicle stock, due largely to the prejudice of the manufacturers against the use of red hickory. It is shown that in clear stock, weight for weight, the red hickory is as strong as the white.

By bringing this fact to the attention of the manufacturers it is hoped that much of the hickory which was formerly left as waste in the woods will be utilized by the trade and thus produce the rapidly disappearing supply of hickory. The supply of good hickory in the United States is known to be very limited. The cut last year for lumber was a little less than 150 million feet, and it is estimated that an even greater amount was used for automobile and carriage wheels, axle caps, gears, axles, poles, single trees and neck yokes, and it is figured that at the present rate of cutting the supply will last about 15 years. Reports are made from time to time of the discovery of suitable substitutes for hickory in foreign countries. The two woods which come nearest to having the quality of the hickory seem to be one of the eucalyptus and the crowfoot elm, both of Australia. Only time will tell whether these woods will prove satisfactory substitutes.

**A LIVE SUBJECT.**  
There is certainly some truth in the old saying "that it is never safe to shout till you are out of the woods," and many folks were thinking that praise was being heaped on the board of agriculture officials rather too quickly for their prompt action in connection with the outbreak of foot-and-mouth disease in the Edinburgh district. The insidious character of the disease gave some expression of fear that the germs would be lurking elsewhere in the vicinity, and another outbreak was eventually discovered. To trace the cause of the more recent outbreak so far has been beyond the powers of the officials, but it is to be hoped that they will not altogether fail in their investigations. The action which has been taken by the board of agriculture in placing restrictions on the importation of hay and straw from countries in which foot-and-mouth disease exists, has caused widespread satisfaction. This step was certainly not taken a day too soon, indeed, many have advocated such a course of things for a number of years, and it is well to note that the government realize the danger of the importation of it. Packing material, however, is not to be excluded, and we think it taken to have been better had the president gone the whole hog, as occasionally that packing material, after being used, finds its way into a byre as bedding. While the board have taken this important step, we do not think that the stock owners in this country should content themselves with every reasonable precaution has been adopted against the introduction of the infection. In addition to hay and straw,

25 Toronto St., Toronto, Ontario.

there are other articles, such as hides by which the disease might be easily imported, and attention should be given to these likewise. The country is now again plunged into the uncertainty as to when and where the next outbreak may be traced, but it is to be hoped that we have now heard the last of it. It is seriously spolling the trade of the annual bull sales, as the restrictions imposed prevent buyers from Ireland and also from foreign countries from purchasing Ayrshire Post.

**CONNIE SAID "LIAR."**

OTTAWA, March 19.—(Special).—When Mr. Henderson of Halton referred to Mr. Connie to-day as representative of the Great Lakes Dredging Co., Mr. Connie called him a coward and a liar.

"Ignorance of decency made him use such words," said Mr. Henderson.
