UNION MINISTRY IS FACING DEFEAT, SAYS AYLESWORTH

Former Minister of Justice Speaks on Political Situation. ABSURD CAMOUFLAGE

At a meeting of the Liberal executives of Toronto and York ridings held in the Forester Hotel last night to appoint a committee on arrangements for the Liberal field day in August Sir Alan Aylesworth vigorously denounced the late Union government, the present administration and the man who calling themselves Liberals joined forces with their former Conservative opponents.

Committees on sports, entertainment, transportation, finance, press and publicity were appointed and were appointed in connection with the picnic to be held at Hurlan's Point, when Hon. Mackenzie King, the Liberal leader, and other prominent Liberals will speak. Dr. J. H. Cascarden occupied the chair and Frank Regan acted as secretary. Representatives from the women's Liberal clubs were also in attendance.

Before the business of the meeting was taken up Sir Alan Aylesworth addressed the gathering. "Celebrated Liberal," Sir Alan, who was introduced as "that old war horse and celebrated Liberal," said that he was not going to make a speech but as he would make a general political gathering because he felt that all present were friendly to the cause represented by Hon. Mackenzie King, Sir Alan declared that he had no hesitation in endorsing the position held by the Liberal leader, and that because of the part that he had played in the past Mr. King at the head of the party, he was inclined to regard himself as Mr. King's political godfather.

The object of any political party, said Sir Alan, "is success for the principles of that party, and, therefore, there must be co-operation in the task of persuading the majority of the electors that the principles for which that party stands deserve to prevail. I am a member of the Liberal or Reform party; I want them to succeed; I honestly believe that this country should be governed by the Liberal party, and I am in this party to help them succeed."

The first obligation of a member of a political party is faithfulness to the aims of that party. "What would you think," asked Sir Alan, "of a leader (Continued on Page 2, Column 3).

WILD RUSH TO UNLOAD SENDS WHEAT OFF 16c CORN AND OATS SLUMP

Collapse in Chicago Market Chiefly Due to Financial Strain and Fear of Industrial Tie-Up Thru Lack of Coal — Flour Breaks Sharply.

Chicago, July 27.—Price breaks doubled in violence in the wheat market today those of the day before. An extreme loss at one time of 16 cents a bushel was the record today as compared with eight cents last yesterday. Financial strain was again the chief reason ascribed.

Altho from the outset depression was evident among holders of wheat, hope for a rally kept values within something like normal bounds until the final half hour of trading. No relief was then in sight, however, from the necessity for additional funds to meet heavy margin calls and to prevent sacrifice selling. A stampede to unload followed and the close was wild, only 2 cents up from the undermost figures reached. December delivery finishing at \$2.85 to \$2.85 1/2, and March \$2.87.

All the developments of the day had been bearish, especially the crop reports from the northwestern states, the piling up of stocks of wheat in the southwestern states, further lowering of bids by export interest, and increased tension in regard to coal to prevent possible shut-down of big industrial plants.

More Quakes at Los Angeles. Los Angeles, Cal., July 27.—An earthquake lasting about two seconds was felt here at 1:35 o'clock this morning. The shock rattled buildings but no damage was reported. A second shock of about the same intensity was felt at 2:10 p.m.

Fire Destroys Airplanes. Belleville, Ill., July 27.—Fire of undetermined origin at Cottfield, the government aviation station five miles east of Belleville, early tonight, destroyed a hangar, six airplanes and several Liberty motors. The damage is estimated at \$100,000, according to officials.

The Big Drop Begins Six Years After the Great War Began. At last something's started going in the Chicago grain market; wheat, oats, corn, have dropped ten to twenty cents in two days, and may go lower today.

TURKISH LEADER AND WHOLE STAFF TAKEN BY GREEKS

Nationalist Resistance in Thrace Ended With Capture at Adrianople.

CLEANING OUT BANDS

Constantinople, July 27.—Colonel Jafar Tatar, Turkish Nationalist commander at Adrianople, and his entire staff, were captured by the Greeks. Consequently Nationalist resistance in Thrace virtually has ended, as there is no other important Turkish leader there.

Sweeping Thrace clean of Nationalist bands is considered easy for the Greeks, who control all the strategic railway points, having taken Kirk Kilish yesterday. It is expected operation of trains will be resumed within a week.

King Alexander of Greece was given a great demonstration on entering Adrianople yesterday. The city was slightly damaged by shell fire.

CANADIAN NATIONAL TO INCREASE WAGES

Will Accept U. S. Schedule, Minister of Railways Announces at Vancouver.

Vancouver, B.C., July 27.—The Canadian National Lines will accept the schedule of wage increases for railwaymen granted by the American railway board. J. D. Held, minister of railways, formally announced at a banquet given in his honor this afternoon.

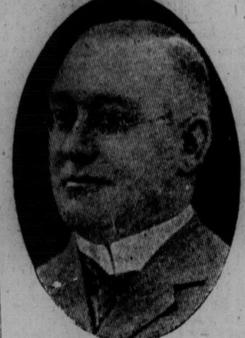

This would mean increasing the railway deficits from \$47,000,000 to \$70,000,000, which must be met by increasing passenger and freight rates," he said.

Should Handpick All Evangelists. Bad Results Sometimes Follow Visit of Professional Revivalist.

Rev. Dr. A. C. Crews, editor of several of the official publications of the Methodist Church, has issued a warning against the employment of "professional evangelists" by Canadian churches. He quotes examples of churches which increase their membership steadily without revivals or evangelists.

Meighen's Reception to Be Non-Partisan. Ottawa, Ont., July 27.—(Special.)—The reception of the prime minister by his constituents in West Hastings Monday next is non-partisan and it is very improbable if he, in his address, will touch at all upon controversial issues.

ONE CONSERVATIVE IN OUTRAGES NEAR CORK

Cork, July 27.—One soldier killed, two conscripts wounded and a court-martial were the results of disturbances in various places in this section in the past 24 hours. The soldier, who was a lance corporal attached to the 1st regiment at Brandon, was shot dead mysteriously this morning.

A SINN FEIN MESSAGE

Dublin, July 27.—Arthur Griffith, founder of the Sinn Fein organization, has asked Edmond de Valera, "president of the Irish republic," to convey the following message from him to former Governor Edward F. Duane of Illinois, who was a member of the United States delegation to Ireland in 1919, and officially represented the citizens of Chicago, in France, when they adopted the Rhineland.

FOR DOMINION HOME RULE. Dublin, July 27.—Discussing solutions of the Irish problem, the President of the Irish Free State today declared that "nothing less than immediate production of a new dominion home rule bill on the fullest and most generous lines will suffice."

MANY GRAVE CHARGES AGAINST A MONTREALER

Montreal, July 27.—Charged with stealing \$40,000 from the Canadian Quilting Company, Limited, David Brulow was committed today in the Enquete court to attend trial at the next sitting of the court of King's Bench. The charge also alleges conspiracy, forgery, making false statements to the Dominion Bank and to Bralstreet's and Durr's. Bail was set at \$41,000. The complainants in the case are Louis Roussel and Company, Limited, a local firm.

TIME TO REGULATE CUTTING OF TIMBER

Quebec, Que., July 27.—In outlining a future policy at a banquet tendered in his honor here tonight, the Hon. H. L. Taché, newly-appointed premier of the Province of Quebec, said in part: "The time has come, it appears to me, to regulate the cutting of timber limits by fixing a maximum of the annual cut to prevent the destruction of the forests, and a minimum to stop speculation, and to assure us a reasonable revenue from the cutting rights."

Military Garrison at Dungloe Without Proper Food for Many Days.

TRAINS HELD UP

Londonderry, Ireland, July 27.—Several hundred Sinn Feiners last night successfully blocked the running of a mixed passenger and goods train thru Letterkenny, because it was carrying a dozen armed soldiers and food for the military barracks at Dungloe.

No actual fighting took place, but the crowd was so hostile that it was decided not to proceed with the train, and the 200 passengers were obliged to sit aboard at the station all night. The soldiers were taken to the police barracks to avoid the crowd.

Conditions quieted after three hours. Meanwhile the troops at Dungloe were in desperate straits for food, the Sinn Fein inhabitants refusing to supply it, and trains with consignments being held up.

The troops have been without proper food for many days.

LIBERALS HAVE BIG LEAD OVER ALL IN NOVA SCOTIA FIGHT

Majority of Seventeen Over Conservative, Labor and Farmer Candidates.

Halifax, N.S., July 27.—As a result of the general provincial election held in Nova Scotia today the Liberal government which has been continuously in power for the past thirty-eight years, and headed by George H. Murray since 1896, was returned with a majority of seventeen in a house of twenty-three members, substantially the same as it received as a result of the election in June, 1916.

The Liberal government secured a seat each in Halifax, King's Lunenburg, Richmond and Queens, and lost three seats in Cape Breton, two in Cumberland and one in Antigonish, and one in Yarmouth, making their net loss two seats. Included in the seats was that of Hon. E. H. Armstrong, commissioner of public works and mines, who was the only member of the government to go down to defeat, altho at a late hour Hon. R. McGregor's seat in Pictou was still placed in the uncertain list.

COMMITTEE TO FIX SOFT COAL PRICE

New York, July 27.—Attorney-General Mitchell Palmer agreed with representatives of the coal industry in the United States at a conference today, to appoint a representative committee, which will fix the maximum price for bituminous coal. It is agreed that individuals and firms exacting profits beyond the fair margin fixed by the committee will be subject to investigation and prosecution under the Lever act.

SOVIET MUST DISCUSS PEACE WITH THE POLES OR CONFERENCE IS OFF

Boulogne, July 27.—Premiers Lloyd George and Millerand determined at their conference here this afternoon, to stand by the original plan for a peace conference with the Russian soviet. They also outlined the details of the financial parts of the coal arrangement with Germany.

Mr. Lloyd George accepted the main M. Millerand's views, and it was decided Great Britain should reply to the soviet demand for an international conference, that it could not take place unless the conditions necessary for present peace with Poland, and that all qualified representatives of Russia and the border states should attend, should Moscow accept these conditions, then M. Millerand will be consulted by Great Britain, and he will lay down the conditions necessary for recognition of the soviet. This attitude is taken to insure Poland not being over-whelmed by facing the Bolshevik alone in the negotiations.

Regarding the advances to Germany agreed upon at Spa in the coal agreement, it was determined that Germany should deliver to the reparations commission by September 1, 1920, German treasury bonds to the value of sixty million gold marks, bearing six per cent interest, and maturing May 1, 1921, which may be sold or used as collateral with or without the allies' endorsement as a means for the reparations commission's resistance upon them.

Without Time Allowance Defeats Shamrock by Thirteen Minutes and Five Seconds—Registers Third Straight Victory—Sir Thomas Lipton Proves Game Loser and is Heartily Cheered by Spectators.

DECLARES THAT THE BEST BOAT WON

Sandy Hook, N.J., July 27.—Defender Resolute gave the challenger, Shamrock IV, the worst drubbing of the 1920 regatta in the final race of the series today, winning by boat, by 13 minutes and 45 seconds—and the America's famous yachting cup remains in the United States.

Overcoming a 40-second lead and the advantage of a windward berth, which Shamrock had taken at the start, the defender held a lead of four minutes and eight seconds in the half-way stage of the race, and crossed the finish line 13 minutes and five seconds ahead. Including her handicap of six minutes and 40 seconds, Resolute won by 19 minutes and 45 seconds.

In capturing the series and retaining possession of the America's trophy, Resolute came from behind after Shamrock had taken two races, and won out by registering three straight victories. Shamrock IV, won the initial race when the defender was forced out by an accident to her rigging, and captured the second in a flog wind, which left Resolute becalmed most of the way. Resolute won the third by her time allowance of seven minutes and one second, running a dead heat with the challenger. Her other two victories were won, boat for boat.

BEST BOAT WON, SAYS SIR THOMAS

Disappointed, But Declares He Has Been Treated With Greatest Fairness.

On Board Steam Yacht Victoria, July 27.—"I am very sorry, but the best boat won," was Sir Thomas Lipton's remark as he watched Resolute cross the line. "We all did our damndest, skipper, designer and crew, and we were beaten fair and square. I have been treated throughout with the greatest fairness and sportsmanship by the people of the United States and I am taking home the very best memories of this contest. I shall wait until next year to give some one else a chance to challenge. Then I shall challenge myself."

"I can truly say that I can find no fault in any shape or form in the way the race has been run or handled," Sir Thomas added. "Take in all the races I have taken part in the United States, I have been treated fair and square by my opponents. I can only hope that I will have better luck next year."

There was no disputing that Sir Thomas was disappointed. He showed it in voice and demeanor. He made no attempt to disguise his feelings. Sir Thomas announced that he would remain in New York for a short while, and then go to Canada. From there his movements are uncertain.

OWNER OF PROPERTY LOOKS FOR PENSION

Lived in Toronto Sixty-Three Years and Has Passed Four Score Mark.

John Leckie, who appeared in the court of revision yesterday against the assessment of his income, said he was over eighty years of age, had lived in Toronto sixty-three years, and thought it was about time he got a pension. He claimed that part of his income was derived from British Columbia, but that he had distributed

ly \$42,000, and was assessed for \$40,000. He was given a reduction of \$25 a foot. H. D. Reid was allowed a reduction of \$5 a foot on his lot at Indian Grove. A. Appleton unsuccessfully appealed against his assessment of \$10,000 on 169 Keele street. He thought he had paid a stiff price for his property, but had to get somewhere to live. Another adjournment was granted in the appeal of the William Davison Co. They have been assessed 60 per cent. on their stores, the same as on their manufacturing plant, and think 25 per cent. sufficient. Robert Magrath 253, Wright avenue, was reduced \$5 a foot and \$300 on the building.

For Encouragement of Sanitary Precautions

The Toronto health department has adopted a new plan for encouraging sanitary precautions in restaurants, butcher shops, pastry shops, groceries, fish and chip stores and fruit stores. Score cards have been printed, and on these is recorded the state of the walls, ceilings, refrigerators, lavatories, garbage cans, etc. Where the score is sufficiently high handsome certificates are issued bearing Dr. Hastings' signature intended for display on the premises for whose cleanliness they vouch. An essential requirement in the securing of these certificates is the protection of fruit, pastry, etc., so that it cannot be sneezed upon or coughed upon by the public.

Hydro-Electric Association Will Not Employ Counsel

The Hydro-Electric Railway Association meets at Ottawa tonight, when Sir Adam Beck will speak. Mayor Church may also attend. His worship stated yesterday that the meeting would be an important one. "Is the association going to engage counsel at the forthcoming investigation?" the mayor was asked. "Not if I have anything to do with it," replied the mayor. "If they do they will have to get another first vice-president."

REACH AGREEMENT ON RAILWAY WAGE DISPUTE

The board of arbitration which was appointed to settle the wage dispute between the Suburban Railway employees and their employers agreed yesterday that the men should have a minimum pay for two hours a day regardless of the length of time worked. The dispute concerns the linemen, operators and other mechanical workers, who ask an hour's pay for a day's work, and extra pay for overtime.

ANOTHER AUTO VICTIM.

In the police court yesterday Charles Fernley was committed for trial on a charge of doing bodily harm to James Douglass. It is alleged that accused knocked down Douglass with his auto and that the auto passed over the head of the victim.

BIG THINGS ARRANGED FOR CONSERVATIVE PICNIC

One of the pleasing features of the Toronto Liberal-Conservative picnic at the Exhibition Place today will be the entertainment of a number of the patients from the Dominion Orthopedic Hospital, Christie street. Arrangements have been made to take about eighty of the boys to the picnic in special cars, leaving the hospital at 2:45 p.m., and to return them in the same way at the end of the fireworks display which will terminate the festivities. The ladies of the Conservative Ward Association's auxiliaries are providing refreshments for the returned men at tables in the horticultural building. The picnic will take place on the lawn in front of the horticultural building, where there will be games of all kinds for all ages during the afternoon from three to six o'clock. Following supper there will be speaking from the band stand, when Senator R. H. Pope will be the principal speaker, supported by Dr. Forbes Godfrey, M.L.A., and others. Mayor Church will deliver the address of welcome. There will be a band concert afternoon and evening from the main band stand, dancing in an enclosure around the fountain on the plaza, and a display of fireworks in front of the grand stand will be the closing feature.

MISSION TO INDIA

Rev. H. E. Stillwell, secretary of the Baptist Mission board, has just received the first report from Dr. E. G. Smith, who went from Toronto a few months ago to resume work as Baptist medical missionary at the Canadian mission station at Coocanda, India. Dr. Smith's report says: "Caste distinctions among converts are being levelled from the beginning. Medical work has been steadily increased. Our in-patients for the quarter numbered 266. We have been crowded at times with 45 patients, where we have only room for 30."

MANY ENTRIES IN FOR VOCAL CONTEST AT "EX."

Judging by the entries that are being received, this year's amateur vocal and instrumental contest at the Canadian National Exhibition under the supervision of the phonograph exhibitors and leading conservatories, will prove a wonderful event for the amateur scholars of Ontario. The awards for the different classes provide for a scholarship of one hundred and fifty dollars for each of the vocal classes, and a scholarship of sixty dollars as a second prize. There will be four classes in the vocal competition for scholars between the ages of eighteen and twenty-five years, soprano, contralto, tenor, and baritone or bass. The fifth and sixth classes will provide silver and bronze medals, presented by the Canadian National Exhibition, one each for the piano class and violin class. This instrumental competition will be open to school children between the ages of twelve and fourteen years. The number of entries that can be received for any one of these six classes is limited, and you are advised to send in your entry as early as possible to Miss Mae Skilling, 54 West Wellington street. All entries will close on August 15. A partial list of the adjudicators who have consented to give their services for this year's competition, is as follows: Dr. A. S. Vogt, Dalton Baker, W. O. Forsyth, Leo Smith, David Dick Slaten, Ernest Sitz, M. M. Stevenson, H. A. Fricker, Albert Ham, A. D. Jordan (London, Ont.), Alberto G. Guerrero, Luigi von Kunitz, Alfred Bruce, Boris Hamboirg, W. H. Hewlett, (Hamilton, Ont.), Richard Tattersall, Frances Coombs. A more complete list of the adjudicators will be given in this paper at a later date. Do not delay in sending in your entry for this year's competition.

URGES PRECAUTIONS AT LIFE-SAVING STATIONS

Mayor Church yesterday wrote the harbor commission calling attention to the fact that another fatal drowning accident had occurred on the waterfront. To the press the mayor stated that greater precautions must be taken and expressed himself as not satisfied with what has been accomplished. "The life-saving crew have been doing good work, but I think they can do still better. The city has provided \$63,000 for life-saving work. Men should be kept on patrol along the shore constantly between Church and York streets." The mayor has advised the harbor commission that he wants to see the two men in charge of the life-saving work.

CHEQUE FRAUD ALLEGED.

BUILDING PERMIT FOR THEATRE

Building permits were issued at the city hall yesterday for the erection by the Famous Players Company of a \$118,000 theatre at the northeast corner of Danforth and Pape avenues. This is the site of the old Franklin residence, which was sold to the theatre interests a few months ago. A foundry to cost nearly \$800,000 will be erected at 2394-2440 Dundas street by the Ginnel Company of Canada, Limited. Other permits issued by the city architect are: T. Pape, detached two-story brick and stucco dwelling, 283 Woodbine avenue, \$2900; G.T.R. addition to roundhouse, East Toronto yard, \$15,000; L. W. Biggar, additions and alterations to 213 Pape avenue, detached dwelling, \$3500; Northern Aluminium Company, addition to factory, 156 Sterling road, \$15,000; and C. Sawdon, detached brick dwelling on Woodycrest avenue, \$3000.

ARNEL LOVE KEPT UNDER OBSERVATION

"Later on I will make a statement, but at present it will do no good to say anything. Love is under observation, and will be for some little time." Such was the brief statement of the attorney-general this morning, when queried regarding the case of Arnel Love, who has confessed to the murder of his mother in December, 1912.

WESTERN CROP REPORTS.

Present reports are very encouraging and indicate a better than average yield throughout the entire west. To meet the demand for harvesters, special rates are in effect via Canadian National Railways, August 9th and 16th, from Toronto to Parry Sound inclusive, and Toronto and east; August 11th and 18th, from Toronto and points south, west and north. Harvester trains will leave Toronto 9:30 p.m. on above dates and carry new comfortable colonist cars of latest design. Special accommodation will be provided for women, and box lunches will be obtainable at moderate prices on train.

For tickets and full particulars enquire at Canadian National-Grand Trunk city passenger office, northwest corner King and Yonge streets, or Union Station, Toronto. RESCUE THREE BOYS. Kingston, July 27.—Sergeant-Major Middleton and Howard Fair made a gallant rescue of three boys from drowning off Point Frederick. Boys were upset in a squall.

BUM RUNNERS WILL NOW HAVE TO DODGE "FIGHTING PARSON"

Minister Will Try to Clear Up the Scandal at Windsor.

LOCAL POLICE BLAMED

Rev. J. O. Spracklin, the "fighting parson" of the Border Cities, has been appointed provincial license inspector, thus giving him greater authority in his efforts to combat the whiskey running and bootlegging epidemic which has broken out in and around Windsor, Ont. Hon. H. C. Nixon, provincial secretary, confirmed the report of this appointment when seen by "The World" yesterday afternoon. "This appointment is certainly a new departure," said Mr. Nixon, "but we had to take drastic measures. Rev. Mr. Spracklin is just the man for the job. We have also increased the number of provincial inspectors from 14 to 20."

In connection with the situation at the Border Cities, Attorney-General Raney issued the following statement yesterday:

"The situation created by the out-law run-runners is difficult, but this is not a sufficient explanation for conditions in certain localities. The fact is that under the stress put upon it, the system has broken down in some of the border counties and is not really effective in others."

"One of the difficulties has been the dual control in the administration of the law. The magistrates, crown attorneys, and provincial police are in the department of the attorney-general whilst the license inspectors and provincial license officials are under the control of the license board, which is in the department of the provincial secretary. Under the statute and the system, as heretofore administered, the crown attorneys and provincial police have not considered themselves charged with special responsibility for the enforcement of the Ontario temperance act, which has been left for the most part to the license board officials, local police, and constables."

A Rap at Constables.
"Another difficulty has been the neglect, and in some cases the refusal in direct violation of the statute and of their oaths of office, of local police and constables to enforce the law. And the neglect has not been confined to local officials. I am satisfied that in some few localities the license inspectors have not made and are not now making an earnest attempt to enforce the law. This last remark does not apply to Windsor."

"Unfortunately some magistrates are disposed to administer the law as though it were a licensing system where the maximum fine permitted by the act amounts to only a fraction of the profits on a given transaction. It is obvious that a fine will be no effective deterrent."

"The system will be changed. Crown attorneys and provincial police officers will be charged with the same responsibility for the enforcement of the Ontario temperance act as for the enforcement of the criminal code, and will be held responsible for non-enforcement and instructed to prosecute under the act local constables or policemen who neglect or refuse to enforce it. Magistrates have been informed that they will be expected to administer the law of last session which gave them the option of imposing imprisonment for first offences. There ought in my view to be no hesitation on the part of magistrates in sending every convicted run-runner to jail for the full term permitted by the statutes."

"THE RIDEAU" FOR OTTAWA VIA CANADIAN PACIFIC.

BIGGS BUYS FOUR CANADIAN TRUCKS

"We bought Canadian trucks this time, and the contracts went to Ontario dealers," said Hon. F. C. Biggs, minister of highways, to "The World" yesterday, in giving the information that his department had purchased four new trucks. Hon. Mr. Biggs had been criticized some time ago for buying American machines and letting the contract go to one dealer. "These trucks are for use on the highways, and are of the 3 1/2-ton, dump-body type," he said. "We bought two National trucks from a Hamilton dealer, and two F.W.D. trucks from a Kitchener dealer. Tenders were advertised for, and seventeen were received."

"Flu" Makes the Hair Come Out

Specialist Offers Simple Home Recipe to Stop Loss of Hair and Make It Grow Again.

People who had the "flu" this past winter and who now find their hair coming out badly, will be interested in the suggestion of a well-known Hair Specialist who says: "Anyone can easily and inexpensively make at home a recipe which, in my opinion, is unequalled for stopping loss of hair and making new hair grow out again thick, glossy and luxuriant."

You get from any druggist 6 oz. of Bay Rum, 2 oz. of Lavona (de Composee) and one-half drachm of Menthol Crystals. Mix together and allow to stand overnight before using. Rub thoroughly into the scalp with the finger tips of a stiff brush.

This prescription is perfectly harmless, acts quickly and neither dries out the hair nor makes it greasy. But ladies using it should be careful not to get it on the face or where hair is not desired.

BRANDS STORY AN "UNMITIGATED LIE"

Premier Drury Explains Leases of New Ontario's Timber Limits.

"An unmitigated lie from start to finish," was the way Premier Drury characterized a newspaper article charging him with irregular dealings in letting the Fort William Pulp & Paper Co. acquire certain timber limits in northern Ontario by private sale, instead of by public tender, as is customary. "There is hardly a word of truth in the whole article," said the premier, "even the letters which were reproduced were immaterial, as they had been written weeks before the deal was put thru."

The premier's statement follows: "It having been represented in the press that the Ontario government has sold to private parties without tender, certain pulpwood areas comprised in the land grant to the Grand Trunk Pacific Railway, I desire to state the facts."

"The area in question was deeded in fee simple by the late government to the Grand Trunk Pacific Railway as part of its land grant. When the Dominion government took over the assets of the Grand Trunk Pacific Railway, it became possessed of the land subject to the reservation of the pulp and minerals to the province. Under the provincial act granting this subsidy, it was stipulated that if the railway were taken over by the Dominion, the province should receive back the value of the lands."

"We have not only claimed that Ontario should receive the value of these lands, but also that the title to the lands should be returned. This claim will go to the courts, and we will have to wait until the legal rights of the province are determined before we will know what our actual position is."

Leased to Dominion.
"Some years ago, the Dominion government leased certain pulp limits on this land to Messrs. Baillenger and McDougall, and it was proposed recently to renew this lease. In view of possible legal complications, the Mead Investment Company asked the provincial government to recognize the lease made by the Dominion government. We were placed in the position of having to give our consent to a transaction practically completed, or by refusing to do so to block the efforts of the Dominion government to have this country developed. If we refused to consent to the transfer, the validity of the lease would not be affected in the slightest degree, and the pulpwood could be removed without reference to the province until the courts decided otherwise."

"Under these circumstances, it was considered advisable to take advantage of the opportunity to attach conditions to the lease which will insure to the advantage of the province. The government stipulated that the lessee would immediately construct a pulp mill at a suitable place, that the rates to be paid for pulpwood would be the rates ordinarily paid under like circumstances, and it reserved all the rights claimed by the province, both in respect of the pulpwood and the lands in question."

WILLS AND BEQUESTS

Mrs. Lucy York receives a life interest in the \$728 estate left by her deceased husband, Squire York of Keswick, Ont. On her death, \$100 is to be paid to the Christian Church, Keswick, while a grandson, Squire Stonehouse, is named residuary legatee.

Under the will of the deceased James Smith Wilcox of Aurora, bequests of \$500 to his grand-daughter, Winnifred Warren, and \$1000 to his son, David Wilcox, are made. The residue goes to another son, James D. Wilcox. Deceased left \$7004.

COMMITTED FOR TRIAL

On a charge of criminal negligence Clifton Kell, a young Cookstown farmer, was in yesterday's police court committed for trial. It is alleged that accused struck down Margaret Conway with his auto and neglected to return to the scene of the accident. Miss Conway had a leg injured and appeared in court with the aid of crutches. Accused was fined \$25 on the lesser charge of running away after the happening of the accident.

HEAVY DAMAGES CLAIMED.

Action has been entered at Osgoode Hall by Fred Gaurveau, 11 Hastings avenue, for \$10,000 damages against

the Canada Metal Company and the W. D. Dineen Company Limited, in respect of injuries sustained by him when a collision occurred between trucks belonging to defendants on Niagara street on July 12.

Plaintiff was riding, it is alleged, along with other children on Dineen's truck at the time of the collision and had his leg and ankle broken.

BIGGS DESIGNATES SIMCOE COUNTY ROAD

Hon. F. C. Biggs, minister of public works, appears to be making steady progress on his good roads scheme. True to his promise made at a meeting at Orillia last week, he yesterday at the parliament buildings did and signed the road map of the Simcoe county highway. This is the highway which is to start at Toronto, proceed up Yonge street and thence to Bradford, Barrie and Orillia.

LEASE MUST BE OBEYED

In the county court, Judge Ward has ordered Reuben Shapiro to install a rope freight elevator in the premises at 25-26 Maria street, according to the terms of the lease between him and the Ideal Phonograph Company. His honor also awards the Ideal Company \$90 damages for delay in carrying out their agreement.

FIRE CHIEFTAINS BURY THE HATCHET

International Convention Continued Harmoniously Yesterday.

Order has arisen out of chaos and yesterday's session of the fire chiefs' convention at Exhibition Park pursued the smooth tenor of its way. Any ill-feeling which may have cropped up feeding the Chief Kenyon over the trouble between Chief Russell of Toronto and Chief Russell of Toronto was dropped and "everything in front was lovely".

Chief Kenyon of New York did not appear, but it was stated that he would remain in Toronto until the close of the convention. Many of the New York delegation were absent too. No reference was made to the late unpleasantry. There is a tendency now to look on that whole episode as being an error of judgment more than anything else.

Healey as President. By the law of precedence, which obtains in the association, Chief John F. Healey of Denver will move up to the presidency. Frank Reynolds, of Australia, who is now second vice-president, will become first vice. That leaves one vacancy—the second vice-presidency—to be filled by election and the honor will in all likelihood go to Chief "Jim" Armstrong of Kingston. His many friends, Canadian and American alike, want to see him get it. Some of his warmest supporters are from the "other side" and have been boasting him since the convention opened. He has been chief at

New Dominion Bank building, which will soon be ready for occupation, at corner of Queen and Bay streets.

SOCIETY

A few days before the wedding Mr. Thompson's friends gave him a dinner at the Mississauga Club and presented him with a silver tea service.

CHIEF JOHN McNARRAY, Kansas City's representative to the big convention now in progress.

Kingston for eleven years; for a year previous was chief at Port Arthur. Previously, from 1897-1908, he was on the Toronto department. Since 1915 he has been secretary of the Dominion Chiefs' Association, which will convene next Tuesday at St. Thomas.

"Too many defects for the fire department are due to the undermining of companies," said Chief Wm. H. Murphy, of Philadelphia, in the course of a paper on the "organization and strength of companies, Full Pay."

"The uppermost thing to keep in mind is to give the best service possible, and the best is none too good." To provide such service is to give speedy action, and have a sufficient number of men, so that the labor will not fall too severely on a few. Chief Murphy urged that the organization strength of companies should be great enough to allow for all absences, and to provide at all times an adequate operating strength. The latter, in an average mercantile district, where there is considerable life hazard, he said, should be as follows:

At nine o'clock quite a "gallery" of delegates watched the testing of the triple combination pumping engines along the water front. A twelve-hour test it is to be for the new machines, and three hours for the standard Ahern-Fox and American La France. Four powerful streams of hissing water shot out a considerable distance into the lake. A suction pump drew in the water which returned in short order via the mouths of coils of hose curled beside each engine.

THE WESTERN CROP.

It is estimated that about 20,000 men will be required to work as farm laborers to assist in harvesting the crops in Manitoba, Saskatchewan and Alberta.

The Canadian Pacific has arranged and is advertising usual special fare of \$15 to Winnipeg, and will run special trains from Toronto, August 9th, 11th, 16th and 18th.

POSTMEN ASK FOR AN EXPLANATION

Express Dissatisfaction With Bonus Granted By Government.

About two hundred letter carriers held an open air meeting in Lombard street last night and protested against the differences in the sums of money being paid for what they understood was back pay, but many considered it was in satisfaction of the permanent appointment bonus granted on April 1, 1919. Some of the men stated that they have received cheques for 10, 20, 30, 40, 50, and 60 on up to \$100, and a reckoning was posted asking for an explanation from the authorities.

seen by The World last evening, Postmaster Lemon stated that all arrears to letter carriers had been paid for the period from April 1, 1919, until March 31 of this year, and that the arrears as from the latter date would be paid in due course. The attention of Mr. Lemon was drawn to the fact that some letter carriers had received neither word nor cash for the period commencing April 1, 1919. The reply given was that there might be some isolated cases, and that those who had apparently been overlooked should communicate with him on the subject, when their cases would receive due attention. He further stated that sums ranging from \$100 down to \$10 had been paid by way of arrears up to the end of March of this year, the amount depending upon classification.

Mr. Lemon was asked about a meeting held by the letter carriers last night, when they had made a protest against the treatment meted out to them by the department, and stated that he had not heard of their deliberations.

One Man Got Fifty Cents.

Mr. Lemon was also asked about cheques which had been issued to letter carriers, which were produced at the meeting held yesterday, one of which was in favor of S. G. Ceater, and calls for the payment of 50 cents. The cheque on the top bears the inscription "Official Salary Cheque" and reads, "Pay to the order of S. G. Ceater, including cost of living bonus (the last four words being impressed with a rubber stamp) the sum of 50 cents, being his salary for the half-month of July 29." This cheque is signed by Mr. Lemon, "Postmaster." Mr. Lemon said that he did not think this cheque had anything whatever to do with the arrears of pay, but he would make investigation and have the matter cleared up.

It is worthy of note that Mr. Lemon yesterday, before the letter carriers had their meeting, had a conference with the grievance committee of the employees of his department. The meeting between Mr. Lemon and the committee had nothing to do with the subject of arrears, and was one of kindred across the table talks which take place from time to time between the postmaster and his staff, when anything crops up which requires consideration.

KNIGHTS OF COLUMBUS PILGRIMAGE TO EUROPE

The Ontario delegation of Knights of Columbus to the supreme convention of the order in New York next week, will consist of State Deputy L. V. O'Connor, Lindsay; District Deputy G. R. Roach, Toronto; State Secretary J. R. Boyd, Windsor; Grand Knight Hugh Hennessy, Hamilton; Grand Knight Basil Lyons, Port Arthur; Grand Knight McCartney, Fort William, and Grand Knight J. L. Duffus, former mayor of Peterboro.

At the close of the New York convention the Knights of Columbus pilgrimage, which District Deputy Roach states will consist of 2,000 members of the order from Canada and the United States, will sail on the steamer La France for Europe. The prime purpose of the pilgrimage, which will enjoy a quasi diplomatic status, is to be present at the unveiling on August 21 of the statue of Lafayette, which the American knights have presented to the French republic. The statue will commemorate the American soldiers who died in France as well as the aid which Lafayette rendered America in her struggle for independence and the restoration of Alsace-Lorraine to France. The statue will be erected at Metz, the birthplace of Lafayette. It will be unveiled by Marshal Poch, and accepted on behalf of France by President Deschanel. The baton which the knights of the order will carry will be presented to him by Supreme Knight Flaherty during the unveiling ceremonies.

The party will also tour Switzerland and Italy. His Holiness Pope Benedict XV. will personally act as host to the knights while in Rome, and for the first time during his pontificate he will celebrate a solemn mass in the Vatican gardens for the visiting pilgrims. A visit will also be paid to the home of Christopher Columbus in Genoa, and to the miraculous shrine at Lourdes. Civic, military and church authorities in the cities they will visit are planning special receptions for the pilgrims, who will be some about 40 days.

Western Farmers Now Want the Wheat Board.

The Grain Growers' Guide condemns the government for not continuing the Canadian wheat board. The Guide says that the purchase of wheat in European countries will be under government control and that, in fairness to the producer and consumer alike, the Dominion government should provide for governmental marketing of the 1920 wheat crop.

The grain growers are accustomed to this sort of treatment by the government and will bear it in mind when the time comes to mark their ballots. This sort of complaint may be good politics, but it is neither frank nor ingenious.

The Canadian wheat board was several times severely attacked on the floor of the house at the last session by certain members from Ontario and British Columbia, and they were at pains to argue that the orator farmers were responsible for its creation.

One reason for this may have been political. The grain growers have always boasted that they could compete at home and abroad without any help or assistance from the government. It was the basis of their attack upon the national policy. They were, therefore, sensitive to the charge that the farmers were asking the government to protect their industry and assist their business, no matter how abnormal world conditions might be.

Now they are seeing their mistake and are trying to put all the blame on the government. The recent slump in prices on the Chicago market will make it difficult for the government to recede from its position and reappoint the wheat board, however necessary such appointment may be.

The Drury Government Responsible.

Whatever disorder prevails on the Ontario side of the Detroit River the Drury government are responsible, both as to racing, as to the illicit sale of liquor and the like.

It will not do to say as some say, let us vote for the referendum in October and that will be the end of illicit sale. Not so. Rather having broken and defied the law as it is today by the illicit handling of liquor, we will break the new law, whatever it may be. We will beat the whiskey from illicit stills. We'll manage to supply the liquor or some substitute. It is not the law that we mind, rather we want an opportunity of beating it. Weak enforcement of any law is our chance!

Men who can make big profit out of illicit sale and who can pay any fines imposed on them—out of their profits—will continue to break the law. Once a man has broken the law he is likely thereafter to be a confirmed law-breaker. We are creating a trade or profession of law-breakers when we fail to enforce our law. That's what the Ontario government is doing today. It's the enforcement of a law with stringent penalties, including imprisonment, that will stop this distasteful business.

Some kind of doped substitute for liquor will soon follow neglect to stop illicit sale. What does Mr. Drury propose to do? Keep the same commission that has made a mess of things under the Healey government? There is a bad state of affairs in

the matter of illicit sale all over New Ontario. Has any member of the government found out anything in his travels up there?

They even say it's good for business to have so much American money coming into Canada for the output of the cellars of the Montreal blenders. Mr. Drury must live up to the duties that go with the job he took, of carrying on the government of Ontario.

When License Commissioner Dingman yesterday excused the non-enforcement of the law by the lack of co-operation on the part of the local police with the government inspectors, he, in substance, told Mr. Drury, as he may learn before he is much older, that if he really wants to enforce the liquor law he may have to establish a provincial police force.

The Peace Treaty and the Presidential Election.

A local contemporary announces that if Senator Harding is elected president, the United States will ratify the peace treaty with the Lodge reservations, and thus enter the League of Nations, and if Governor Cox, Democratic candidate, be elected, "the treaty brought from Versailles will be accepted." This reduces American politics to a delightfully simple equation. The United States is apparently going to sign the peace treaty and enter the League of Nations, no matter whether Harding or Cox be elected, and the whole presidential contest, therefore, hinges around the so-called "reservations."

It is true that a victory for Governor Cox would be construed as an endorsement of President Wilson's policy, but the treaty, even after receiving the approval of the new president, must still run the gamut of the senate. Unless two-thirds of all the senators agree with the president, the treaty becomes so much waste paper. Foreign observers bitterly denounce the president and people of the United States for bad faith, because the senate at Washington did not automatically ratify a treaty agreed to by Mr. Wilson in Paris. Even loose talk of this kind is heard in Canada. Yet when ministers of the crown representing the Laurier government assented to the reciprocity pact at Washington, neither the parliament nor people of Canada felt compelled to ratify. To have accused the Canadian people of bad faith for rejecting the reciprocity treaty of 1911 would have been no more far-fetched than for someone now to accuse the people of the United States of bad faith in questioning or rejecting the peace treaty.

It is claimed that Mr. Wilson at Paris gave everyone to understand that he personally had the power to bind the United States to the terms of any treaty that he might sign. If so he was guilty of fraud which can only be accounted for by assuming that he was suffering from an aggravated case of swelled head. But, even then, his misrepresentations or idle boasting could not change the constitution of the United States or compel the senate and people of the United States to ratify whatever he agreed to. Our own impression is that our neighbors to the south are anxious as far as possible to stand aloof from European entanglements and conflicts.

The Republican platform speaks vaguely of some new kind of a league of nations, but the convention leaders practically capitulated to the extreme demands of Johnson and Borah. In any event domestic questions and economic issues will bulk much larger in this campaign than the peace treaty. Many of the Democratic senators running for re-election as supporters of Governor Cox are strongly opposed to the treaty as it came from Versailles.

On the other hand nearly all the Republican senators who held up the treaty, including Mr. Harding himself, are on record as saying that they favor a league of nations, but with proper reservations. The sentiment in the end will come after the election in a non-partisan way and possibly at the session of congress still to be held before President Wilson's term expires next spring. The election itself is liable to turn on some other issue nearer home.

The Nova Scotia Election.

Incomplete returns at this writing indicate that the Murray government has been returned to power. This was not unexpected after so short a campaign and with no particular issue before the people. Mr. Murray has been in his present position for a quarter of a century and it is fair to assume he has given satisfaction to his people. The interesting feature about the election is the return to the legislature of candidates put in nomination by the Farmers' party and the Labor party, respectively. These new parties have not scored as heavily in Nova Scotia as they did in Manitoba, but they have unmistakably entered the field.

In Cape Breton the Labor party made a clean sweep, electing all its candidates and thus displacing three Liberals and one Conservative in the provincial legislature. The Farmers' party carried few seats, but six months ago it was practically unheard of in the province of Nova Scotia. The Conservative party seems to have made about as poor a showing as it did in Manitoba, and unless later returns are more favorable, it will be merely one of the "groups" in the legislative opposition.

Mr. Murray is a Liberal, but has often been at pains not to tie up his government too closely with the Liberal party in the federal field. Thus in 1911 he was careful to keep the reciprocity issue out of the provincial campaign. His victory yesterday may not as all reflect the Liberal strength in the next Dominion election. On the other hand, the rise of the Labor party and the appearance of the Farmers' party in Nova Scotia may well give concern to both the old parties. New forces have to be reckoned with and new currents sounded. No one can tell how strong these forces may be nor how swiftly these currents may run until we know the result of the next Dominion election.

PRESS DELEGATES ARRIVE AT SYDNEY

Lord Burnham Replies to Many Cordial Expressions of Welcome.

Sydney, N.S., July 27.—The representatives of the newspapers of the British Empire and their ladies reached Sydney this morning on the Canadian Pacific Ocean Steamships Lines boat Victorian. They were greeted by representatives of Canadian newspapers and the civic dignitaries of Sydney. Most of the ladies of the party did not land from the Victorian, but will travel to Quebec on the Lord Burnham, hale, hearty and genial, cordially reciprocated the hearty welcome extended to him and his colleagues.

The program for the day included a visit of inspection to the plant of the Dominion Iron and Steel Corporation and automobile factory, and a tour of the city. Later on the entire body were the guests of the steel company and the city at a luncheon in King's Hall, which was made the occasion of the first formal expressions of mutual welcome and good-will.

A message of welcome awaited the delegation when they set foot in Canada at Sydney this morning for a seven weeks' tour of the Dominion. Sir Arthur Meighen and members of the federal cabinet, the provincial lieutenant-governors and premiers, presidents of boards of trade and mayors, Sir Arthur Currie, Sir Lester B. Pearson, President Beatty of the Canadian Pacific Railway, and scores of prominent men through the Dominion joined in extending welcome to the delegates and appreciation of the significance to imperial unity of the second Imperial Press Conference. Hon. Arthur Meighen, premier of Canada, on behalf of the government of Canada, said:

"I cordially welcome the delegates to the Imperial Press Conference to the Dominion. I invite you to make during your visit an investigation of Canadian resources and conditions as complete as the time at your disposal will permit, and I assure a hospitable greeting and a warm appreciation of the high purpose you have in mind for the people of Canada. The store of information which you will acquire of this country and which through you, people will learn in other parts of the empire cannot fail to be of great advantage to all."

Warm Appreciation. Quinlan, performer, was left undisturbed upon the sheep ranch, whither Emmet Sawyer had followed him. Against Bud Lee's word that he had had a hand at the trouble at the old cabin were the combined oaths of two of the sheep men, that he had been with them at the time.

Hampton's guests, who had planned for a month at the ranch, Stanford and whom Trevors had discharged, it was a joy to see the familiar faces of Sunny Harper, Johnny Hodge, Bing Kelley, Tod Bruce. The alfalfa acreage was extended, a little more than doubling the area for an abundance of dry fodder to be fed with the lush silage during the coming lean months. Bud Lee broke his string of horses, and with Tommy Burke and one other dependable man, began perfecting their education, with an eye turned toward a profitable sale in January.

JUDITH OF BLUE LAKE RANCH

By JACKSON GREGORY.

CHAPTER XVII. "ONCE A FOOL—ALWAYS A FOOL."

Tho, under the surface, life upon Blue Lake ranch was sufficiently tense, the remaining days of June friviled by as bright and bonny as the little meadow-blues flitting with the field flowers.

Since from the very first the ranch had been short-handed, the hours from dawn to dusk were filled with activity. Carson, who, true to Judith's expectations, had brought back some new ones from his few days at the experimental farm—ideas not to be admitted by Clapton, however—bought a hundred young steers from a neighboring overstocked range. In the lower corral, the new milking machines were working smoothly, only a few of the older cows refusing to have anything to do with them.

Tripp had succeeded in locating and getting back some of the men who had worked long under Luke Sanford, and whom Trevors had discharged. It was a joy to see the familiar faces of Sunny Harper, Johnny Hodge, Bing Kelley, Tod Bruce. CUTICURA HEALS RASH ON CHILD. On Body and Face, Red and Itchy, Cried for Hours, Lasted a Year. "A rash started all over my little girl's body, and she had some on her face. It started in a pimple that was full of water, and it got red and itchy. She cried for hours. This trouble lasted a year. Then I started with a free sample of Cuticura Soap, Ointment and Lotion. I bought more, and I used four cakes of soap and three boxes of Ointment which healed her." (Signed) Mrs. Dora Langley, 1032 Gertrude St., Verdun, Que., August 11, 1919.

GIVE NEW COUNCIL TAG DAY FUNDS

Another Suggestion as to Disposition of St. Julien Day Collection.

That the veteran associations were unanimous in the opinion that the \$18,000 of the long-disputed St. Julien's Day tag fund be handed over to the newly-formed Veterans' Reunion Council was the decision arrived at last night at a meeting of the council, presided over by General Williams at military headquarters, College street.

The Original Club representatives announced that all claim to the money had been relinquished by their association, and the injunction granted by the courts withdrawn. Thus, end so far as the ex-service men are concerned, a bitter controversy which has been waged over a period of three years, and General Williams will head a deputation before the board of control this morning to announce that all is now harmony in the ranks of the men on this particular question.

Whole Week of Entertainment. Progress was reported by all the committees arranging for the first reunion on Aug. 28. The committee in charge of the reception and entertainment of the Victoria Cross men recommended that their stay in Toronto be extended from Aug. 27 to Sept. 6, a whole week of entertainment being in prospect, including, it is proposed, a dinner or other function by the lieutenant-governor. The Empire Club will dine the wearers of the great distinction early in the week, and they will also be given a trip to Niagara Falls and a series of receptions.

Domestic Secretary McNeil of the G. W. V. A. will continue the effort to induce the Dominion cabinet to loan two of its private cars to bring the men here. It was suggested that where private means will not permit the men such a prolonged absence from home that employers of V. C. holders throughout the Dominion be induced to give them leave with pay. The same suggestion was made regarding a half holiday for the Toronto ex-service men on August 28, and General Williams will ask the mayor to make an appeal to all Toronto employers of veterans to allow the men their wages for that day.

Comrade Conroy estimated that the men on parade for the reunion would number 15,000, and a suggestion was made that the place of gathering for all but the members of '66 and the older bodies be Queen's Park. The others would gather at Trinity College grounds. General Williams is to lead the parade and the hope was expressed that General Byng would be here to take the salute. In that connection the following cable was sent to the former commander of the Canadian forces: "Congratulations on your appointment as next governor-general. Byng boys congratulate you. First National assemblage of Victoria Cross and ex-service men to be held at Canadian National Exhibition, Toronto, August 28. They desire the honor of giving you welcome to Canada on that occasion. Can you come? Signed for the Byng boys, General Williams, G.O.C., M.D. No. 2."

WEST TORONTO BOWLING COMPETITION. A bowling competition between West Toronto and Kodak Co. of Mount Dennis, held last night on the green of the Kodak Co., resulted as follows: West Toronto... Kodak Co. Rowntree... 16 McDonald... 8 Whitmore... 25 Borland... 4 Walker... 8 Hoyle... 15 Polson... 21 Young... 12

PET STOCK SHOW. Todmorden Poultry, Pet Stock and Back Yard Club Association whose competitive show was judged last night by Prof. George Baldwin, F.R.H.S., proved such a success that the awards were reserved for another meeting in order to give more for those interested to make a thorough examination also. Last year 23 gardens were entered and this year, out of 125 actual membership, there are 83 in competition. Prof. Baldwin has promised to speak on the merits of the show, a list of which can be had from the secretary.

SOLDIER BROTHER WINS. In the county court yesterday Judge Ward gave judgment in favor of Robert John Sharpe for \$51 in the action brought against his sister, Mrs. Kate Brown, for recovery of \$560 military pay assigned by plaintiff to her. He said that he had assigned \$583 assigned pay and received \$322 from defendant. Defendant claimed \$1,000 for board and lodging of plaintiff and claimed for boxes of comforts from defendant while he was overseas. His honor dismissed her claim.

JUSTICE OF PEACE VIOLATOR OF O.T.A. Frederick Foxton, of Sydenham, Had Liquor in Rooming House. Kingston, Ont., July 27.—(Special.)—Frederick Foxton, justice of the peace at Sydenham, was today convicted before Justices of the Peace Hunter and Ruttan of having liquor in a place other than a private residence and was fined \$200 and in default three months in jail. Inspector Wm. McCammon told of the receipt by the defendant of a five-gallon keg of liquor on June 25, and another five-gallon keg on June 25. On July 13 the Foxton residence was searched for liquor and officers found an empty keg and a keg containing two gallons of liquor. The prosecution claimed that the defendant had the liquor unlawfully because there were boarders or roomers in his house at the time the liquor was alleged to have been received, although the search was not made until July 13, some weeks after the boarders or roomers had left. Mr. McCammon, solicitor for Foxton, moved for leave to quash the conviction on the ground that these boarders had liquor in their residence at all or that, supposing he had liquor, that it was in the house before the roomers took their departure.

ENGINE RUNS INTO LOADED TROLLEY

Thirty Passengers Have Narrow Escape East of Humber.

Passengers, said to number about 30, had a narrow escape on the Lakeshore Radial Railway yesterday afternoon when the car on which they were traveling was struck by a locomotive used by the Harbor commission in the construction of the new harbor lands just west of Sunnyside. The mishap occurred at Jane street, where there is a cross track running across the highway into the harbor commission grounds. The westbound radial car from Sunnyside just reached the crossing when the approaching locomotive was observed, and, as it is stated, the motorman had the presence of mind to increase the speed of the car, thus avoiding a collision with the main body of the car, the rear vestibule was struck and literally carried away. Beyond slight shock caused by the fall of the impact, none of the passengers are reported to have received any injury.

Conductor Hope, who was standing in the vestibule, sustained slight injuries but saved himself from more serious hurt by jumping from the vestibule into the car just as the collision took place. The watchman at the crossing is stated to have signalled the driver of the locomotive to stop, but the signal was misunderstood.

CRASH ON HIGHWAY. Studebaker car No. 16709 sustained considerable damage yesterday afternoon in a collision at stop 29, on the Lake Shore road. The car was proceeding west on the right side of the highway, when struck by a car driver and number unknown, which pulled out from behind another car going in the opposite direction. No injuries were sustained by the occupants of either car, but the front part of the Studebaker was smashed.

MIMICO INJURED BY MOTOR. Whilst wheeling along the Lake Shore road yesterday afternoon, a lad named Weston, residing at Lepp Branch, fell off his wheel at stop 13, sustaining injury from a passing auto, assisting his being taken to the hospital. After treatment of his injuries, the boy was able to be removed to his home.

PORT CREDIT AFTERMATH OF BIG MOTOR CAR ACCIDENT. An action cropped up in Port Credit police court yesterday afternoon in connection with the big motor smash which occurred on the Lake Shore highway near Etobicoke Creek late on Sunday night. The accident, which caused considerable damage to three autos, resulted in two separate charges of reckless driving being brought against Robert Bagnall, 150 High Park avenue. The charges were brought by the owners of the other two cars in the mishap, Thomas E. Dove, 27 Coxhill avenue, Toronto, and the commissioner of the proceedings on the case, by mutual agreement of plaintiffs and defendant an adjournment was asked for pending a settlement of the damages by Toronto, and adjournment was granted by Magistrate Gordon, who thought a settlement would be better than a lawsuit. Should the settlement be made, the criminal charges of reckless driving will be dropped. The estimated cost of the damages is \$200.

FOUND STOLEN MOTORS. Two cars stolen from Toronto on Monday night were handed over to their owners at Port Credit yesterday afternoon by County Constable Rudledge. One of the cars, owned by Wm. Shinnick, Confederation Life building, was stolen from the front entrance of the Allen Theatre, while the other, the property of E. R. Hill, was stolen from the rear of that address. Both cars were located near Burnhamthorpe. The thieves, whom it is surmised, were working in conjunction, only escaped by a narrow margin. When located the cars showed indications that the intention of the thieves was to strip them of their fittings, which is being a common custom in connection with the theft of autos. Investigation is being made for the culprits.

EARLS COURT HUMBER HOME DESTROYED BY FIRE.

The residence of J. G. Arnold on the Lakeshore road just west of the Humber, was destroyed by fire at an early hour yesterday morning. The city fire brigade were early on the scene but the outbreak was too far advanced to save the dwelling. Kindly neighbors came to the aid of the homeless family, the members of which had a narrow escape. The amount of damage is not yet certain but is believed to be considerable.

SILVERTHORN METHODISTS HOLD ANNUAL PICNIC

A picnic and garden party in connection with the Silverthorn Methodist Church was held yesterday, in the church grounds at Hilliary and Rosethorn avenues. There was a baby show and races for men and women, followed by a supper in the evening. Many valuable prizes were given away to winners. The picnic wound up with a band concert after supper. Rev. W. H. Oke is the pastor. The Canadian Bank of Commerce branch at Fairbank, north of Earls Court, will be discontinued after the 31st inst. The business of this branch will be transferred to Oakwood and Vaughan road, about a mile east. Mr. H. J. Walton, manager, will be in charge.

The Dominion Bank has a branch at Fairbank, which has been established about a year, and this branch will soon move into its new premises, nearly finished, at the corner of Dufferin street and Eglinton avenue. Walter Scott, a returned man, is the manager.

The Earls Court Poultry and Pet Stock Association has arranged for a picnic to Guelph Agricultural College on Saturday, Aug. 7. The party will travel by special radial cars from Keele and Dundas streets, and a large number of local poultry breeders will make the trip.

Silverthorn residents recently made application to the York Township Council for new culverts on the highway in Silverthorn. The council decided to grant the request, and new culverts have now been placed here, to the great satisfaction of the residents and the ratepayers. Reeve Miller and Deputy Reeve Graham have been passed a vote of thanks for their promptness.

BASEBALL Toronto 7 Rochester 3

COLTS WERE EASY IN FIRST CONTEST

Fielded Miserably Behind Rather Poor Pitching and Leafs Won.

SEVEN TO THREE

Was the Score—Kauff and Onslow Had Home Runs.

Arthur Irwin and his Rochester Colts are with us for a few days. The visitors didn't show much in their dash yesterday.

The outfield work of the Rochester team was so bad Irwin was forced to bench his left fielder in the middle of the game.

The Leafs were also very busy with the ash. Eleven hits and a very bad line of start by the fielders let the Leafs win rather handily.

The outfielders are given the name as poor hitters, but yesterday they had no difficulty in prying off on safeties with Duffy.

The Colts stepped into the offerings like high-class batsmen and only for the poor performance of their own pitchers and miserable support it might have been a different story.

300 Beautiful Silk Frocks, Today \$20.75

Regularly \$35.00 to \$45.00

The most remarkable sale of its kind this season from the standpoints of variety, style or economy. For there are: Rich Silk Foulards—Georgettes—Taffetas—Satin—Tricolettes

The most favored silken frock fabrics of 1920, made into scores of stunning designs—some actually exclusive in line, coloring and finish.

The styles illustrated are a key to the wonderful assortment, and when one thinks of the price of materials, the workmanship entailed in fashioning such original styles—well, 'tis no wonder we think them marvels at today's low price. You will, too.

The Silk Foulards feature dashing prints, mostly in white on navy and other dark colorings—some beautifully combined with georgette.

The Georgettes are in exquisite pastel tones, delicately beaded, in navy, brown, and such dark shades, and in a variety of printed designs on light and dark grounds which beggar description.

The Taffetas are mostly in navy, with some in French blue, sand, gray, brown and black. A host of the season's favored ruffly and lace-trimmed designs.

The Satins are in soft draped effects, alone or combined with georgette.

The Tricolettes are in the ultra-fashionable ivory shade—sports styles. These dresses go on sale today, sharp at 8:30. "A word to the wise"—be here when the gong goes. Sale price 20.75
