GEN. WRANGEL'S ARMY BEATEN AND IN FULL RETREAT

Financial Situation Arising From the Sugar Crash Causes Concern

FORTUNES VANISH IN COLLAPSE OF BIG SUGAR BOOM

While Montrealers Are Hard-est Hit, Some Toronto Speculators Have Suffered Severe Losses—Financial and Banking Situation is Creating Widespread Interest—Alluring Stories Were Spread During Great Bull Campaign in Sugar Shares.

The financial and banking situation in Canada arising out of the adventures of the sugar refiners in raw sugars and the spectacular drop in the value of shares in the Atlantic Sugar Co. has created widespread interest, both as a matter of fact, the most money at stake and the greatest number of individuals and firms affected is undoubtedly in Montreal, from which place most of the refiners are managed.

Quite a lot of wealthy Toronto investors have made serious losses in Atlantic Sugar shares, some of them for as much as half a million dollars, and others for what is described as more than half their entire net worth. Some of these men say that they would now like to know whether directors of the Atlantic Company were the sellers of the big blocks of shares, which must have been transferred to the public. One friend of the directors, however, says that every one on the board was blind about the serious losses, but that refined sugar would bring twenty-five cents a pound retail until July 15th, next at least, and that big dividends would be paid to all who held on through to Atlantic.

Great Expectations.

A story that was circulated thru the brokerage houses and supposed to be authentic was that the directors had planned to convert the common stock into three-for-one and to pay a dividend of at least seven per cent. on the inflated stock, and that even then the company would be better off. As in earnest of the prosperity of the company, the directors declared a ten per cent. dividend on the common shares and paid 25 per cent. of arrears on dividends on the preferred shares. Perhaps the wisest shareholders will be (Continued on Page 2, Column 4).

SIX LITTLE TOTS TRODDEN TO DEATH IN THEATRE PANIC

Smoke From Paper-Clogged Flue Seeped Into New York Movie House.

CROWD OF CHILDREN

New York, Nov. 14.—A paper-clogged furnace flue, which caused smoke to fill the Catharine Theatre, a motion picture house in the east side Italian quarter, raised a cry of "fire" late today, and in the ensuing panic six little tots, between the ages of 3 to 10 years, were trampled to death. Twelve others were seriously injured.

The little theatre was crowded to capacity. Children filled most of the 300 seats, for the hero of the picture was an Italian lad, who rose from humble surroundings like theirs to riches and fame. The youngsters were absorbed in the progress of the screen hero, Pietro, who was protecting his father from thieves, when smoke began to seep thru the cracks of the theatre floor.

"My God! It's a fire." This shout came from an elderly woman, who gathered a little one under her arm and ran for the nearest exit. Immediately loud wails, children (Continued on Page 4, Column 2).

Military Notify Irish Volunteers

Dublin, Nov. 14.—The military today raided about fifty dwelling houses of Irish volunteers, notified the occupants that the authorities had full particulars of their association with the Republican army and intimated that they would be arrested unless they ceased association with that body.

The weekly summary of events published by the Irish Constabulary in the current issue, declared that the indisputable source of all crimes in Ireland is the assassin describing himself as the Irish Republican.

"This game of assassins," continues this statement, "must be stamped out at any cost. But for the unhappy people of Ireland, the victims of this appalling scourge, every consideration must be shown. The Royal Irish Constabulary must put out the murder gang. It is war to the death."

STEAMER WRECKED WITH 93 OF CREW IN LAKE SUPERIOR

Captain and Part of Crew Taken Off by Another Vessel.

SOME LEFT ON BOARD

Soo, Mich., Nov. 14.—The Becker Line steamer Francis J. Widlar, with a crew of 93, is wrecked on Pancake shoals, ten miles northeast of Whitefish Bay and Captain Arthur Forbes, of Ashtabula, Ohio, in command of the vessel, has been taken aboard the steamer Livingston, due to reach here tomorrow forenoon, according to a wireless message from Capt. Forbes to the Canadian Soo wireless station late tonight.

Captain Forbes, in his message, asked an attempt be made to take off the remainder of his crew from the Widlar. It is assumed here that a part of the crew was taken aboard the steamer Livingston with Capt. Forbes. The Widlar is a complete wreck, according to Captain Forbes' message.

Captain William Mesler of the steamer John Erickson, which arrived here Saturday after battling her way thru a severe storm, reported that he saw the vessel, but he said the Widlar drifting toward Pancake shoals before the gale. At the height of the storm the vessel's lights disappeared.

The unidentified steamer, according to Captain Mesler, passed his vessel as he was taking shelter near the treacherous shoals. His ship lay in wait for hours afterwards, but he saw no further signs of the other vessel. Captain Mesler added, he believed it would have been impossible for a "fishbone" steamer to weather the storm. His own vessel, he said, was turned about completely several times and once was believed to be at the mercy of the gale, which, he said, was one of the most furious he had ever experienced on Lake Superior.

A boat with Becker Line markings and believed to have been the Widlar, was sighted yesterday, blowing out off the course toward Pancake shoals, about ten miles northeast of Whitefish Bay.

To Call on Life Savers.

A wireless message was received here tonight, stating that the tug Iowa sent today to Pancake shoals in search of the Widlar, lay alongside the Livingston, after Captain Forbes had been taken on board Captain Root of the Great Lakes Towing Co. office here has instructed the tug to proceed at once to Whitefish Point (Continued on Page 2, Column 6).

WRANGEL'S FORCES FLEE IN DISORDER WILL LOSE CRIMEA

Bolsheviks Admit 30,000 Men Killed

Constantinople, Nov. 14.—The fighting at Perekop was of the most desperate character. The Bolsheviks, according to latest advices, admit they had 30,000 men killed. They claim to have taken 40,000 prisoners. They owe their success largely to the use of poison gas.

It is stated that at the request of the French representative attached to Wrangel's headquarters the Bolsheviks have granted eight days for evacuation of Crimea.

Constantinople, Nov. 14.—The resistance of Gen. Wrangel's army in the Crimea has been broken and his troops are fleeing in utter confusion after fighting heroically on the Mesopotamian front. Headquarters here of Gen. Wrangel confirm reports that his "white" army cannot hold the Crimea.

The allied authorities here are questioning all available buildings along the Bosphorus and the shelters and barracks on Princes' Islands in the Sea of Marmora to house refugees expected to arrive from the Crimea.

Premier Krivoschin of Gen. Wrangel's government, arrived here yesterday to arrange for the transport of women, children and wounded from the Crimea. He said the possibility of a general evacuation of the Crimea could not be excluded and that everything was being done to save the remnants of Gen. Wrangel's army. "Evacuation will be extremely difficult," Premier Krivoschin declared, "but we have opened purpuraries to establish conditions regarding evacuation."

"The situation is extremely grave," Krivoschin said, "and Gen. Wrangel's troops are inferior in number to the Bolsheviks and his losses have been enormous. Premier Krivoschin stated that Gen. Wrangel's troops are exhausted, having repelled twenty-two attacks in the past few days. "The Bolshevik artillery has been terribly destructive," he added.

Attacked En Masse.

The Bolsheviks, according to Premier Krivoschin, take no heed of losses, three or four columns attacking an enemy being concentrated but fresh troops constantly are brought up. Nearly all General Wrangel's divisional and regimental commanders have been killed or wounded, the present loss of General Wrangel on the Isthmus of Perekop, according to the best reports obtainable here, by concentrating twenty divisions against three divisions of the white army. Wrangel's men, also greatly outnumbered, withstood twenty-two assaults before Perekop, but finally were beaten.

The commanders of most of Wrangel's units were killed, and the losses in men also were very large. "The success of the Bolsheviks is attributed largely to the excellence of his high command, which is said to be directed by a foreigner.

The evacuation of the Crimea, which began Thursday, is continuing under great difficulties. It is a problem how the refugees can be cared for in Constantinople as this city already is over-populated.

A mob in Sebastopol has pillaged the American Red Cross stocks.

The United States has ordered boat destroyers at Sebastopol are evacuating officers and their families. The United States destroyer Humphreys has gone (Continued on Page 2, Column 4).

SEVERAL PERSONS ARE INJURED IN MOTOR MISHAPS

Drivers of Two Cars Held on Charges of Criminal Negligence.

AUTO STRIKES BUGGY

William Payne, 373 Berkeley street, was injured about the head at 11:45 o'clock on Sunday morning in a collision between two motor cars at Gerrard street and Logan avenue. Ralph Payne, 373 Berkeley street, and Ered Jackson, 207 Jarvis street, the drivers of the two autos, were arrested by Detectives Windsor and Walsh on charges of criminal negligence. Both cars, according to the police, were travelling at a "terrific" rate of speed and were badly smashed by the impact.

Payne, the police allege, was travelling east on Gerrard street when at Logan avenue he struck the buggy. The other auto driven by Jackson, the force of the impact upsetting his own car. Payne escaped unscathed, his brother, William, who was with him, was not so fortunate. Jackson also escaped being hurt.

Dr. Cascarden, 235 East Dundas street, who was passing in his auto at the time, rendered first aid to the buggy driver after which he was taken to his home. The two detectives, who were also passing in the auto at the time, placed the two drivers under arrest.

Motor Car Hits Buggy.

Three persons, one of whom had a narrow escape from death, were injured yesterday afternoon when the biggy struck by an auto while riding was struck by an auto.

WILD WEST PERFORMANCE ON BLOOR STREET HAS W. A. BUCK AS VICTIM.

W. A. Buck, aged 45, of 30 Walmer road, was admitted to the General Hospital shortly after 1 o'clock on Sunday morning with a bullet wound in his right side near the armpit. The wound, it is said, by the police, was caused by a revolver in the hands of an auto thief. Buck had an X-ray taken, which disclosed the fact that the bullet had lodged in the muscle of his arm, after which he proceeded to his home. The wound is said to be of a minor nature.

Buck was walking on Walmer road when at Bloor street he saw two autos proceeding west along Bloor street. Just as the leading auto reached the Walmer road intersection one of the occupants in the foremost car fired two shots in rapid succession in the general direction of the car following. Both bullets flew wide of their mark, a mark in Buck.

He proceeded to the office of Dr. Rolph, 13 Madison avenue, where his wound was attended to, after which he was taken to the hospital.

Later in the morning A. B. Fuller, 17 Brunswick avenue, and L. H. Wilson, 11 Sumner Court, Apartments, made their appearance at No. 11 police station and declared that they were the occupants of the second auto. They explained that the auto they were pursuing they believed to be stolen because of the reckless manner in which it was driven and took up the chase with a view to securing the number.

LEAGUE DELEGATES PREPARE TO OPEN SESSIONS TODAY

Expect to Fix System of Armament and Economic Blockade.

CONFERENCES ARE HELD

Geneva, Nov. 14.—The League of Nations Assembly will begin work here, supported by the prayers of all Geneva. Special services were held in all the churches today and were largely attended by the delegations. The British delegation numbers one hundred. Canada is represented by Sir George Foster, Hon. N. W. Spence and Hon. C. J. Doherty.

The representatives of Great Britain and her dominions, went to Holy Trinity Church, where George H. Baines read the first part of the service and Lord Robert Cecil the second part. The Bishop of Worcester, who came to Geneva expressly for the occasion, presided at the service. Christ was the mediator of the idea of good international fellowship.

The principal delegations held conferences during the day. The British with the Dominion representatives continued talks begun in London on the policy to be followed on the floor of the assembly and it is hoped the league circles that these preliminary conferences will diminish the chances of friction which it is desired to avoid in this first meeting.

The leading delegations will go into the sessions with a well-defined policy and surprises can come only from the smaller states, whose delegations are expected to exercise care not to assume the responsibility of provoking a conflict.

Name Financial Commission.

The council of the league this afternoon named a financial commission composed of ten delegates, (Continued on Page 2, Column 1).

CAR BANDIT ROBS IN BROAD DAYLIGHT

Takes Over Twenty Thousand Dollars From Official in Vancouver Street.

Vancouver, B.C., Nov. 14.—In broad daylight an automobile bandit wrested a grip containing \$20,000 cash and a check for \$1,000 from M. Blakeway, the Imperial Oil Co. accountant, on Hastings street, and escaped in an automobile on Saturday.

Seattle, Wash., Nov. 14.—Automobile bandits, who on Saturday robbed S. M. Blakeway of the Imperial Oil Co. Company, in Vancouver, of \$21,000 in cash and a check for \$1,000, are being declared by federal agents here to have been the property of J. A. Radman, former Seattle man, who, according to local authorities, has been a fugitive from the city for more than a month following a raid by the prohibition agents on a local office building.

SOVIET COMPLAINS OF BRITAIN'S DELAY

Hint Unless Trade Negotiations Concluded Delegation Will Withdraw.

London, Nov. 14.—The latest note sent by M. Tschibebich, the Russian Bolshevik foreign minister, to Lord Curzon, the British foreign minister, complains according to The Daily Herald, Labor organ, of the continual procrastination on the part of the British government in the negotiations for the resumption of trade relations, and asks for immediate assumption and the swift conclusion of the negotiations.

The Herald adds that behind the firm courtesy of the note is a clear hint that unless something is done the Russian delegation will be withdrawn. The Herald asserts that the agreement is supported by Premier Lloyd George, and Austen Chamberlain, chancellor of the exchequer, but is bitterly opposed by Earl Curzon, Walter Hume Long and Winston Spencer Churchill, and that whichever way the decision goes there will be some resignations from the ministry.

SPRACKLIN IS FIRM IN DENYING STORY OF HIS RETIREMENT

Preaches to 1,600 People at Exeter—Declares He Shot in Self-Defence.

SPEED BOAT BURNED

Exeter, Ont., Nov. 14.—(By Canadian Press)—Rev. J. Q. L. Spracklin preached to congregations which taxed the capacity of Main Street Methodist Church this morning and the James Street Church tonight.

Referring briefly to the shooting of Beverly Trypnie, he declared that he did it in self-defence. No one, he said, could appreciate the strain he had been under during the last five months, not only in connection with his work, but on account of open threats made regarding his life and numerous letters of the same nature. Hundreds of persons from miles around gathered for the purpose of seeing and hearing the fighting parson.

Denies Retiring Story.

Questioned as to rumors from Windsor that he was about to retire owing to ill-health he laughed heartily and said: "Do I sound like it? I have just preached to 1,600 people to-day and I am not planning anything like that, just taking a few days off to rest up and give my wife a change, as she has been somewhat upset."

Speed Boat Burns.

When told that his former boat, Leopold IV, had been burned today, he expressed surprise, altho he pointed out one may expect anything to happen when one is dealing with those in the rum traffic.

CONSTANTINE'S FATE HANGS IN BALANCE

Greek Elections Held, With Probability of Venizelos' Return to Power.

OPPONENT A TRAITOR

Athens, Nov. 14.—General elections were held throughout Greece today and the outcome is expected to hinge on the question of whether former King Constantine shall come back to the throne again or remain in exile in Switzerland.

Demetrius Gounaris, former premier and leader of the opposition, who was the opponent of Premier Venizelos in the halting, was the candidate of the elements desiring the return of Constantine. M. Venizelos, on the other hand, is unalterably opposed to the return of the fallen monarch.

A bitter campaign has been waged by both sides, as no matter which side carries the election, trouble is feared. Claims of certain victory were made by both the Venizelists and the Royalists, with indications that M. Venizelos would poll a big majority in the new provinces of Macedonia, and Thrace and the islands, but that Old Greece would witness a fierce struggle.

Gounaris made preparations for flight in case the elections went against him, having requested passports to Italy on Friday last. Killed during the war on the charge of high treason he was appointed, with the approval of M. Venizelos, as French ambassador to Great Britain. (Continued on Page 4, Column 4).

MEIGHEN CLEAR-CUT IN TARIFF'S DEFENCE

Speaks in Regina Stadium—Not to Deviate From Protection Principle.

SOME INTERRUPTIONS

Regina, Sask., Nov. 14.—(By Canadian Press)—Hon. Arthur Meighen and Hon. J. A. Calder contested their political tour of Saskatchewan by a meeting held in the Regina Stadium on Saturday night, which was attended by an estimated crowd of more than three thousand people. The prime minister and the minister of immigration were given, for the most part, an attentive hearing, interspersed at intervals with noisy interruptions which decreased in volume as the speakers proceeded. Mr. Meighen spoke for an hour and fifty minutes, dealing principally with the tariff, since, he said, was "where the government's tariff stand most was challenged." The government, he said, intended to follow the protection principle as had all Canadian governments for 43 years.

Gen. Ross Presides.

General Alex. Ross, chairman of the meeting, said the prime minister was a statesman who had introduced something new into Canadian politics by advocating the same policy in the west as in the east. He had, he said, been inclined to meet the question of providing a safe and stable government without much regard for party affiliations.

The prime minister said his opponents had gone back "into the recesses of history and had evolved the tariff issue, which the government was (Continued on Page 2, Column 5).

KANSAS MILLERS MUST GIVE REASON CITED BEFORE COURT ON CHARGE OF ILLEGALLY CURTAILING PRODUCTION.

Topoka, Kas., Nov. 14.—The first hearing before the Kansas court of industrial relations at which employers are cited on a charge of violating the provisions of the court, prohibiting curtailment of production in an industry essential to public welfare, "to affect prices," is set for tomorrow, when heads of seven Topoka flour milling concerns are to appear as defendants.

An announcement is made by the millers that their defence will be a denial of the court's charge and a contention that it has been found necessary to curtail production "for sound business reasons," and not to affect prices; that the demand for flour has fallen off because the northwestern millers are able to manufacture flour from wheat cheaper with wheat purchased in Canada, than they can with Kansas wheat and therefore can place the flour on the market a dollar a barrel cheaper than the Kansas millers' product.

Another reason, the millers assert, is the recent revision order by the United States shipping board, cutting the export duty on wheat from 25 cents to 5 cents a hundred, thus, they say, enabling European millers to buy wheat in the United States and from it manufacture flour which they can market at a price lower than U.S. flour can be marketed abroad, the export duty on flour having been left intact by the shipping board. The millers generally admit they have reduced their forces materially and that some plants have closed down temporarily.

The case is attracting wide attention both in the ranks of employers and employees.

D'ANNUNZIO MAKES FURTHER ROUBLE

In Revolt Against New Treaty and Has Seized Two Islands.

FOLLOWERS DISAGREE

Trieste, Nov. 14.—D'Annunzio's warships have left Fiume for an unknown destination, most probably Delmatis. The insurgent leader is in open revolt against the Italo-Yugoslav agreement. He has seized the islands of Veglia and Arbe, which lie a short distance from Fiume.

London, Nov. 14.—D'Annunzio has occupied Castua, to the west of Fiume, but has met with some resistance from the Slav population, the Milan correspondent of The London Times says. Another buccannier expedition left Fiume Friday and landed at Sebenico. A band of Fiume ruffians invaded the suburb of Spassak, destroying all the Slav shops.

"All this meets with popular disapproval," the correspondent adds, "as Italy accepted favorable terms in the settlement."

The Milan newspapers emphatically disapprove of D'Annunzio's action, according to the same correspondent. Even Mussolini, editor of Popolo d'Italia, D'Annunzio's lieutenant, doubts the poet's wisdom.

Secolo in a strong article says: "D'Annunzio has passed all limits," and asks: "What will the world think of us?"

The Corrier Della Sera describes the poet's action as desperate and foolish and says that he is putting himself effectively in conflict with Italy and potentially with Jugoslavia.

LEAGUE DELEGATES TO OPEN SESSIONS

(Continued From Page 1.)

cluding Basil Bristow of Great Britain. The commission was named chiefly to carry out the recommendations of the financial conference at Brussels. It is not yet determined whether it will proceed to the organization of an international credits institution, or whether it will continue to study the question, leaving the actual organization to the new international conference to be held next year. Most of the members of the commission were delegates at the Brussels conference.

Six members of the economic commission were named, including Llewellyn Smith, Great Britain. Six places were left open.

Ignace Jan Paderewski, the former Polish premier, sat with the commission during the discussion of the Polish-Lithuanian question, while representatives of Danzig were present when the organization of the free city was discussed.

The guarantee of the rights of minorities in the Balkans also came up for discussion by the council. Arthur J. Bulfinch, who is not expected to join the British delegation until next week, was replaced on the council by H. A. L. Fisher. The latest arrivals today completed the council, and other delegations and well the foreign press representatives to over two hundred, of which a score are Germans and several are Japanese and Chinese.

The delegates are very busy in their forecasts of the work of the assembly generally, saying it cannot be expected that anything will be accomplished that will make a brilliant showing to the general public, as only after a lapse of considerable time can the effects of the deliberations be felt. They hope, however, to fix definitely a system of international economic blockade so as to make it an effective arm against aggressive nations.

The attitude toward the United States is that the League of Nations must go on whether the United States comes in or not, but that it must be developed in a way that will not close the door for entry when means are found to make that possible.

Question of Danzig. During the proceedings of the council M. Paderewski reminded the members that it was the intention of the peace conference unmistakably to give Poland free access to the sea, but recently, at a time when the balance of Danzig was hanging in the balance, the Danzig authorities held up in the port munitions destined for Poland. He demanded that the city be so organized that Poland could count upon which the treaties entitled her.

Burgomaster. Sir John D'Almeida, representing the intention of the treaty was to make Danzig autonomous; nothing less would satisfy. The council asked M. Paderewski and Herr Salm to send written statements of their position for consideration at the next meeting of the council, which will probably be held on Thursday.

The assembly meeting tomorrow which is regarded by the delegates as the real beginning of the league, will open with an address of welcome by President Motta of Switzerland. Routine work, organization and the report of the council of the league probably will take up the entire day, if not two days. An important item of the agenda, amendments to the covenant of the league, will be reached Tuesday or Wednesday.

Only Personal Expression. George Nicol Barnes, one of the British delegates to the assembly, informed The Associated Press today that the declaration made by him recently in company with the Earl of Selbourne and Viscount Grey in favor of the immediate admission of Germany to the league was an entire personal expression and that the British delegation was not committed on the question. Mr. Barnes could not say whether any member of the British delegation would bring the matter up before the assembly.

It is learned from British sources that there is a strong probability of Premier Lloyd George coming to Geneva during the sittings. It is expected here that the British premier comes, either President Millerand of France, or Premier Leygues will be here at the same time.

STUBBORN WITNESS SOUGHT BY WARRANT

Coroner's Department States H. S. Barnes Persistently Ignored Subpoenas.

The city coroner's department reports the securing of a warrant for the detention of H. G. Barnes, a prominent resident of Barnesville, Ontario, and who is considered by court authorities to have persistently ignored subpoenas to testify at the inquest into the death of Harry Rossiter, killed by a motor in September last on the Hamilton Highway.

Barnes, who is believed to be at present in New York state, is regarded as a suspect in connection with the fatality. His failure to appear before the coroner's inquest, Friday night last, necessitated another enlargement of the inquest to December 10.

TEXTILE INDUSTRIES LIKE PRESENT TARIFF

Federal Commission, Sitting at Three Rivers, Hears Argument by Firms.

Three Rivers, Que., Nov. 14.—(Can. Press)—A carefully prepared list of reasons why the people of Three Rivers asked that the tariff be left where it is, especially as regards the textile industries, were laid before the tariff commission at its session here Saturday by the Three Rivers Board of Trade, the Wabasso Cotton Co., the Shawinigan Cotton Co., and by representatives of the employes of these firms.

The City of Three Rivers itself was stated to be the best argument in favor of reasonable protection, having expanded since 1910 from a town of 14,000 inhabitants to one of 25,000.

Sir Henry Duxton and the other members of the tariff commission went on to Ottawa on Saturday and will re-open the commission in Montreal tomorrow morning.

Turk National Assembly Has Adopted Bolshevism

Paris, Nov. 14.—A Havas Agency despatch from Constantinople, dated Thursday, says the Nationalist assembly Angora has adopted bolshevism, and proclaimed Mustafa Kemal, the Nationalist leader, as the people's commissariat. The military council at Ankara is declared to have decided to transfer the Nationalist forces to the Smyrna front when the operations in Armenia are concluded.

Late Greek King's Marriage Has Been Declared Valid

Athens, Nov. 14.—The late King Alexander's marriage with Aspasia Manos has been declared valid by the court here which dismissed the opposition of former King Constantine and ordered the seals on the apartments of the late monarch broken.

Madame Manos will inherit Alexander's personal property.

Italian Chamber Expresses Its Sympathy With Ireland

London, Nov. 14.—The Central News' Rome correspondent says today that Deputy Maury introduced a motion of sympathy with Ireland in the Italian Chamber of Deputies, which was supported by all the Catholic deputies. The motion read:

"The Italian chamber expresses its sympathy with Ireland in her struggle for self-determination and national emancipation, and wishes her noble people a future blessed with freedom, prosperity and peace."

Barge Sinks in Lake Erie But Crew Is Saved by Tug

Detroit, Mich., Nov. 14.—The wooden barge John Eddy, in tow of the tug Custodian, sprung leak off Middle Island in Lake Erie early last night and sank.

The crew of seven, one of them a woman, was taken off the barge by the Custodian. The tug Custodian, out of Cleveland, was towing the barge Iron Cliff. The crew of the John Eddy was brought to Detroit this morning.

GERMAN EX-MINISTER DEAD.

London, Nov. 14.—A despatch to The London Times from Berlin, says Baron von Bieberstein, former foreign minister of one of the German states, is dead at Freiburg.

BIG THEFT OF FOXES.

Charlottetown, P.E.I., Nov. 13.—Fourteen foxes, valued at \$10,000, and the pile of the ranch, were stolen from the Imperial Black Fox Company's ranch near Montagu Saturday.

FISHING BOATS BLOWN ASHORE

St. John's, Nov. 14.—Word was received last night that four fishing vessels returning from the Labrador coast had been blown ashore at Engle, on the east coast of Newfoundland, where they had sought refuge. The crews reached shore safely.

Ballantyne Predicts Government Will Secure at Least Twenty-Five Seats.

ONLY ONE OPPONENT

Montreal, Nov. 14.—(By Canadian Press)—Speaking on Saturday night here at the monthly meeting of "L'Idée Liberal-Conservatrice," Hon. C. C. Ballantyne, minister of marine and fisheries, outlined the policies of the United Farmers' party, under the leadership of Hon. T. A. Crerar; and also those of the Liberal party, under the leadership of Hon. W. L. Mackenzie King, showing that both were closely connected and that both were united in the declared purpose of overthrowing the present government. He pointed out that if that were done, the result could not fall to be the placing of the government in the hands of the Farmer party, with the backing of a Liberal minority, since the party of Mr. King had no hope of succeeding alone. This again must necessarily, he said, result in a policy of free trade and an immense increase in the amount of the British preference.

WRANGLER'S FORCES FLEE IN DISORDER

Many Officers Killed. Paris, Nov. 14.—The Russian army, shortly beaten, is continuing to retreat southward, according to information received by the French government office today, pursued by a well-organized Bolshevik army of 25 divisions, led by Wrangel, and capturing towns, towns and many of his officers have been killed.

The evacuation of Sebastopol by civilians and foreigners is under way, according to foreign office advice, but the numbers of those who have fled are still in Sebastopol last night, since the Bolsheviks were reported to be occupying Simferopol and capturing many prisoners and large quantities of materials.

IMPORTANT DECISION IN INCOME TAX CASE

Ruling by Judge Gunn That No Magistrate Has Jurisdiction to Be Far-Reaching.

Ottawa, Nov. 14.—Judge Gunn rendered his decision in county court Saturday in the appeal brought by Dr. Gordon Booth against a conviction registered against him last October in police court, whereby he was found guilty of having made false income tax returns to the Dominion Income Tax Department, for the years 1917, 1918 and 1919, and was condemned to pay \$1,000.

Judge Gunn quashed the conviction on the grounds that no justice of the peace or magistrate has jurisdiction to try cases arising in the income tax department. The decision will no doubt have a far-reaching effect in future prosecutions.

DEMOCRACY NEEDS HIGH CITIZEN TYPE

Dr. Herridge Stresses Spiritual Foundation of Social Reform.

The necessity of a regeneration of spirit as a prelude to social reform was stressed by Rev. W. T. Herridge, who discussed "Democracy" in a sermon preached last evening in St. Andrew's Church. Greed, not altruism, the preacher implied, was the motive in many schemes of economic redistribution at present being tried under the caption of democracy.

"But," Dr. Herridge stated, "the Bolshevik of today may be even a blessing in disguise, for it is the rebirth of honest endeavor along lines that are Christian."

In expounding the meaning of this statement, the preacher pointed out that the basis of the sentiment against Bolshevism lay largely in the awakening of individual consciences. Certain classes, with any proposal for the distribution of wealth, were led to mentally question their title to the portion which they enjoyed. Were the issue of conscience then to be faced honestly, Dr. Herridge could not but question the rebirth of honest endeavor along lines that are Christian.

Would that all my people might become prophets, he said, the Old Testament text upon which the preacher then based his discourse upon the conditions upon which a successful democracy must rest. From its very character, he stated, a democracy required a high type of citizen body and no higher ideal could be found than that of the Old Testament writer, that all citizens might demonstrate the word of God.

This ideal, he continued, was not impossible of attainment in a large measure. The Hebrew nation had been uniformly God-fearing, as testified by the appearance from divers classes of a Sampson, a David, a Solomon, and finally, from the humble artisan class, a Christ.

This "God-intoxication," Dr. Herridge maintained in his concluding remarks, might become characteristic by the present age. When it becomes prevalent then schemes of social reform would not seek to drink the highest to the level of masses, but to raise the masses to the higher level. Heaven would contain a more tangible promise for the average man, and the contentment which mere outward circumstance can but little influence would be common human lot.

SEVERAL PERSONS ACCIDENT VICTIMS

(Continued From Page 1.)

A motor car driven by Joseph Harris, 123 West Queen street, at College street and Augusta avenue.

Fred Williams, aged 46, of 224 Clinton street, was severely injured by a motor car driven by Joseph Harris, 123 West Queen street, at College street and Augusta avenue.

The injured were taken to the Ellis undertaking parlors, 224 College street, and Dr. Green 55 Lillian street was called in. Williams was then taken to the Western Hospital, but the other two were taken to the St. Michael's Hospital.

According to the police Harris was driving his auto 15 feet in the rear of the motor car on College street. At the Augusta street intersection the horse and buggy driven by Williams crossed in front of the motor car from the north to the south side of the street. Harris, it is said, was unable to apply the brakes in time to avoid the accident because of the sudden appearance of the other vehicle.

Fractures Skull. When he fell to the pavement from the rear vestibule of a Bathurst street car, along with his sister, arriving at the intersection of the two main streets of Lakefield, Ont., living at 1760 West Hurontario street, received a fracture of the skull. He was taken to the Western Hospital in the police ambulance. His condition is said to be critical.

According to the police, Brown was riding on a north-bound national street car, along with his sister. Arriving at the intersection of the two main streets of Lakefield, Ont., living at 1760 West Hurontario street, received a fracture of the skull. He was taken to the Western Hospital in the police ambulance. His condition is said to be critical.

When he alighted from a Metropolitan street car at St. James' corner, allegedly before the car stopped, John Evans of the above address received slight injuries to the head when he was thrown to St. Michael's Hospital.

ready to meet. To take account of the needs of industry, was," he said, "the phraseology used by those who believed in protection, but did not want to use the word. The government would adhere to the protective principle."

"If it gets a chance," called someone. "We will find," replied Mr. Meighen, that the loud noises of the few are a long way from the real verdict of the Canadian people."

Mr. Meighen stated that the government would collect about \$180,000,000 in direct taxation. During the day the prime minister met the executive committee of the Manufacturers' Life Insurance Company, and assured them that, with the exception of the cash gratuity question, the whole subject of soldiers' aid was open. The executive committee of the Manufacturers' Life Insurance Company presented a request for an extension of soldiers' insurance to \$10,000, an enlarged housing scheme operated by the soldiers' settlement board, and for the provision for relief in the event of unemployment. Consideration was promised. A deputation from the Manufacturers' Life Insurance Company was also present.

The prime minister and Mr. Calder leave Winnipeg for the east on Tuesday. It is understood that Mr. Meighen has not decided to hold a meeting in East Elgin, but the question may be still open.

FIND TWO ACTRESSES DEAD IN CHICAGO PARK

Chicago, Nov. 14.—The bodies of two women were found today in Grant Park, after the police had received an anonymous telephone call telling where the bodies were. They were identified by two electricians from a local theatrical company as Miss Marie Ramey, 27 years of age, and Miss Lillian Thompson, 22, both actresses. The bodies showed bruises, but the coroner's physician announced that death had been due to wood alcohol poisoning and exposure.

DARING ROBBERY OF GUELPH STORE

Men's Furnishing Shop Is Looted of Five Thousand Dollars' Worth of Goods.

Guelph, Ont., Nov. 14.—(Special)—Unknown robbers broke open the men's furnishing store of G. B. Ryan & Co. at an early hour this morning, and got away with clothing and furnishings to the amount of \$5,000. Entrance was gained to the store through the front door, a jimmy being used to pry open the lock. There were over 100 suits, 30 overcoats, and shirts, ties, caps, sweaters, and gloves taken.

The police say that the door was tried at 4:20 a.m. and everything was found all right and it is supposed that the robbery took place after that hour. A citizen noticed the door ajar as he was passing at 7:30 o'clock. The police have been placed on duty to the identity of the robbers.

Garage Also Victim. Glinch Bros' garage at Hespeler was also burglarized during the night and 7 new auto tires taken, three of them were found on the roadside between Hespeler and Guelph, but there is no trace of the others.

UNVEIL MEMORIAL TO HEROES OF WAR

Pathetic Scenes Characterize Impressive Ceremony at St. Anne's Church.

Women collapsed and men and children cried as the national flag fell from a beautiful stained glass window and bronze tablet during a very impressive memorial service held at St. Anne's Church yesterday morning in memory of the soldier dead of the war and congregation.

The service, opened with an organ solo, Chopin's "March Funerary," which was splendidly rendered, and followed by the hymn, "Oh God, Our Help in Ages Past."

The unveiling of the window and tablet was performed by two returned men, Lieut. E. C. Miller and C. H. Hare, and as the flags fell, Canon Skey commenced to slowly read out the names of the 42 officers and men of the congregation who remained behind in Flanders.

As the preacher read out the names of the 42 officers and men of the congregation who remained behind in Flanders, the sobs of weeping were plainly heard, and several men and women, including one lady chorister, had to be gently led from the church.

The church was packed to suffocation when Canon Skey, in opening his address, said the keynote of the service ought not to be of grief, but of hope and unity. He mentioned the great event which had taken place in London on Armistice Day, when a private soldier had been buried in Westminster Abbey, which was, he urged, a sign of the triumph of true democracy.

These men, he asserted, had fought and died for their ideal of life and Christianity.

Recent remarks made by Henri Bourassa, when addressing a meeting at Ottawa, were brought to the attention of the executive committee of the Ontario Provincial Command of the G.W.V.A., held in the Kent Building, Saturday, and a strongly worded resolution was passed, and a representative of the speaker, who drew up the terms of the peace, and objecting to his remarks regarding the British Empire, Bourassa stated that the "speculations" were "baffling" and intimated that the British government was apparently endeavoring to stir up war between two friendly nations.

After carefully reviewing the plans for dealing with unemployment, the committee instructed the secretary to continue to press for action about the time laid down at the July meeting, when the committee recommended the extension of federal assistance to veterans in accordance with length, place and duration of service, and suggested the institution of the \$100,000 remainder of the federal emergency appropriation of \$100,000 to lessen the needs of veterans during the winter of 1921.

Thru C. G. MacNeil, Dominion secretary, suggestions for dealing with the unemployment problem were made to the employment service council of Canada, and further recommendations have been made to the federal government in Ontario, which may result in the early formation of advisory councils of representatives of employers, employees, labor organizations, governmental departments, and the organized veterans in an effort to meet the needs of unemployed men.

Overcome Labor Shortage. Reports presented by the members prove that the need was great in the larger centres of population. Members of the executive committee, familiar with conditions in the northern sections of the province, stated that the recent labor shortage had been largely overcome as a result of steady flow of labor from the west and surplus labor discharged from industrial concerns in the older portions of the province and in American border towns.

As regards the outlook for the coming winter was such as to call for the greatest effort of the organization in securing employment for its members and comrades.

Reports were presented from many branches that the loss of membership which took place about two months ago has been offset by an accession of new members and the return of many of those who had been away during the storm of criticism of the G.W.V.A. which marked the winter of 1919-20. Plans for consolidating the ranks, being made, were discussed and the executive voted the future of the organization with the greatest possible degree of confidence. They realize that the cessation of abnormal activities has passed and adopted some plans for further reducing the overhead expenses of the provincial command in order that its resources might be conserved for the purposes which might be conserved at the highest possible degree of efficiency with economy.
