HATE THE HORSAWELL WILL NOT TELL OF QUARRELS BETWEEN HER PARENTS

MONCTON, N. B., Dec. 7.—(Special)—Evidence of the deep interest in the case of Christopher Horsawell, of Steeves Mountain, charged with the murder of his wife, was shown by the crowd which packed the police court room for the opening of the preliminary examination before Stipendiary Magistrate Jones yesterday. The witness said that on the morning of her mother's death she was standing in the kitchen porch as her mother passed out to the well with two buckets. Witness went back into the house to look for the baby and later her mother not returning...

LOUIS, Dec. 7.—A special to the Republic from Chihuahua says the three Americans, Richardson, Mason and Hare, who were sentenced to be shot yesterday for the murder of two other Americans, Mitchell and Deavers, whose insurance would not consent to this as Labatt had written letters to others. The prisoner therefore goes to jail for nine months.

CHILDREN'S BAZAAR

Bazaar in Aid of Free Kindergarten Opened This Afternoon. A striking example of the energy and enterprise of children and a very practical illustration of just what they can do is evidenced in the Kindergarten Bazaar held at the Church of England Institute this afternoon. The large room just over the book depository has been very prettily decorated by the children themselves, and on the tables which will be in charge of the little ones, are displayed numerous fancy and useful articles that will come in very nicely as Christmas presents.

THE TIMES NEW REPORTER FINANCIAL ITEM. Our esteemed fellow citizen Mr. James Jones reads the paper that the financial stringency was not so acute, and that we were on the verge of money. This is a good news to James Jones, who has been much grieved of late because of the altered demeanour of his favorite banker, who is melancholy and almost forbidding aspect so it upon a naturally open and engaging countenance. It must be stated, however, that further disappointment lay in wait for James Jones. He came down town, went into the bank to look for a consultation of his friends was hurriedly called. Their presence revived him somewhat, and he was able to walk home. He did not pass in his checks. A TERRIBLE GLARE. OTTAWA, Dec. 7.—(Special)—The friends of Dr. Pugsley and Mr. Borden have thus far succeeded in keeping them apart, but it is feared the minister of public works will not submit to restraint much longer. He glares terribly at Mr. Borden. A VALUABLE HINT. Premier Robinson has confided to the Times New Reporter the important information that the New Brunswick elections will take place after the dissolution of the house. The premier was very gracious about and made no attempt at concealment. IMPORTANT ANNOUNCEMENT. The Times new reporter desires to say that he is not yet in the field as a candidate for the city council, but is open to conviction. If an influential delegation should want upon him and make it clear that he ought to be a candidate, he might not be able to refuse. He has no ambitions, other than a desire to meet the wishes of his friends and elevate the tone of the city council. His friends will find him at home almost any evening, and may walk right in.

(Continued.) "I will try," she said, and she walked to the piano which was screwed athwart the deck in front of the polished mahogany sheath of the steel mast.

Excited applause rewarded the song. Fired by example, the dapper French Count approached the piano and asked Elsie if she could play Strauss's "The Blue Danube."

The Frenchman took the merry music seriously, but the lilting melody pleased everybody except "Mr. Wood."

"What a bit of it! He's all right. Won't you give us a song next?"

"No, a bit of it. He's all right. Won't you give us a song next?"

The Evening Times.

ST. JOHN, N. B., DECEMBER 7, 1907.

The St. John Evening Times is published at 27 and 29 Castlereagh street, every evening (Sunday excepted) by the St. John Times Printing and Publishing Co., Ltd.

THE EVENING TIMES, THE DAILY TELEGRAPH. New Brunswick's Independent newspapers. These newspapers advocate: British connection. Honesty in public life. Measures for the material progress and moral advancement of our great Dominion.

WHICH WILL IT BE? Will there be a session and by-elections, or dissolution of the legislature and the general provincial elections?

Perhaps even Premier Robinson could not today answer this question. It may be that he is still taking his bearings and in doubt as to the more prudent course to be pursued.

With the withdrawal of certain strong personalities from the provincial arena during the last few years there is a striking change in the public attitude toward the government. The present is conceded to be a weak government. Premier Robinson was an untried man, and has as yet shown no great gifts of leadership, but rather a hesitancy which makes for the advantage of his opponents.

THE PULP WOOD QUESTION There is food for thought in the statement of Hon. N. M. Jones of Bangor, manager of the Katahdin Pulp and Paper Co. of Lincoln, Maine, in a letter on the subject of free pulp and paper.

Referring to your postal requesting us to state whether we are in favor of or opposed to the repeal of the duty on pulp and paper, we would say, yes, opposed. But if Canada will continue to furnish us with all the wood we need free of duty, why should we not be satisfied with the tariff as it is?

In other words, if Canada put an export duty on pulp wood, or prohibited its export, pulp mills would increase in Canada. Mr. Jones submits the following statement of the annual production of pulp in the United States and Canada as follows:

Table with 2 columns: Product, Tons. Rows include Sulphite, Ground pulp, Soda pulp, Total, and Annual production of pulp in Canada.

The United States consumes annually for: Sulphite, Ground wood, Soda pulp, Total.

Canada consumes annually for: Sulphite, Ground wood, Soda pulp, Total.

Showing that Canada actually uses wood to produce pulp of all kinds about one-sixth the quantity used in this country. On a basis of land producing four cords of wood per acre, the United States consumes the product of 1,176,532 acres.

Commenting on this statement Mr. Jones says: "If our manufacturers were obtaining their entire supply of wood from lands wholly in the United States, we would be using up our territory nearly six times as fast as Canada is using up theirs, but fortunately for us a large proportion of the pulp wood used by us is obtained from Canada, hence we are getting the benefit of their timber, and while we think it but fair that we should reciprocate by giving Canada free pulp and paper, we do not see how we can afford to, if we have got to pay the freight on their wood, and manufacture pulp and paper in competition with them."

Of one hundred other pulp and paper makers in the United States eighty-five supported the position taken by Mr. Jones, and the remainder favor some reduction in the duty on pulp and paper, but are not at all strong in their statements.

DESTITUTE STRANGERS A matter that should engage the attention of the city council and the Associated Charities is that of providing some kind of work by which penniless strangers, who will no doubt appear in considerable numbers in the city before the spring opens, may be given an opportunity to earn a meal or a night's lodging, or a few days' board. There will be many demands upon charitable disposed persons, and they should be protected from the importunities of able-bodied men who, if given the chance, could earn their living for a few days until they found regular employment here or elsewhere.

THE FREE KINDERGARTEN ASSOCIATION OF ST. JOHN is an institution of great value. Whoever has visited the schools conducted under its auspices or has seen the kindergarten work done at the supervised playgrounds in summer does not need to be told of the benefit conferred upon children. Sooner or later the kindergarten must become a part of the public school system. The sooner this course is pursued the better it will be for the educational system in the cities, towns and villages of New Brunswick.

The first week of real winter has been of the most reasonable character. The cold set in with vigor, enough now fell to make fairly good sleighing, and the temperature has not varied greatly for the week. The St. John winter is often marked by such changes of temperature as make it difficult to avoid contracting severe colds or grippe. The universal hope will be that the present season may go soberly and steadily on as it has begun.

Now that ferry traffic is very heavy, both for foot passengers and teams, and will continue so throughout the winter, the ferry committee should make regulations such as may prevent the teams from pushing in among the foot passengers when leaving the ferry steamer. Complaint is made to the Times that at certain hours when the passenger traffic is very heavy there is imminent risk because of the recklessness of drivers of teams.

The commercial depression in the United States is showing itself in the large reductions in the working staff of industrial concerns in many parts of the country. There will be a movement of the unemployed toward Canada. This country is in the better position of the two, and should derive some profit from the favorable comparison.

In a letter to the Times Miss Mabel Peters contributes an interesting summary of the progress made in the political enfranchisement of women. This subject is to be brought to the attention of the New Brunswick legislature. Should women have the franchise? would be an interesting topic for the debating societies.

Perhaps the statement in London journals that there are many unemployed in Canadian cities will not be an unmitigated evil. It may deter some undesirable persons from heading this way. Our great need is settlers with a small amount of capital to take up farming lands.

The fact that there are four hundred more pupils in the schools of St. John than there were a year ago appears to be a clear evidence not only that the transient officer is doing good work but that the population of the city is increasing.

Reports at Annual Meeting Show Successful Year's Work.

The annual meeting of the Free Kindergarten committee was held in the High School building last evening when encouraging reports were presented. D. W. Hamilton, Ph. D., instructor in the Provincial Normal School gave an address and a petition to the board of education asking for the establishment of kindergartens as part of the public school system, was read. The petition after being circulated and signed will be presented to the board.

report, which showed just what work had been done during the year, and hopes for the future. The enrollment in the three schools was now 131, with an average attendance of 35 each. With the \$250 paid by subscription, eight citizens, one church and one institution paying \$25 each aided by the common council's grant of \$500 expenses had been fairly well met. The entertainment given had been a great help.

POLITICAL EQUALITY FOR WOMEN

New Brunswick Legislature to Be Petitioned Again at Next Session.

Sir,—As the St. John Branch of the Canadian Suffrage Association is to again petition the provincial legislature this winter for full parliamentary suffrage for the women of New Brunswick, I thought the accompanying article from the Detroit News-Tribune of Sunday, Dec. 1st, would be of interest to the readers of the Times. The women of Michigan are at the present time petitioning the constitutional convention now in session to have stricken from the constitution the word "male" as a qualification for voting.

LIVELY OBJECT LESSON ON SUFFRAGE QUESTION.

In 1909 America is to have a lively object lesson in the world-wide spread of woman's suffrage, says a remarkable article in Apollon's Magazine. For the first time on this side of the Atlantic, the quinquennial convention of the International Suffrage alliance will meet in New York under the American president, Mrs. Carrie Chapman Catt. At least 11 countries—11, mind you—will report that they give women equal suffrage, every suffrage except parliamentary or municipal suffrage. It may be recapitulated that full suffrage obtains in New Zealand, federated Australia, Finland, and the Isle of Man. Norway, not to be outdone by her neighbor, Finland, lately bestowed parliamentary suffrage on a low tax-paying basis, thus qualifying practically every woman. Every suffrage except parliamentary, moreover, obtains in England, Scotland, Ireland and Wales; and to unmarried women in Sweden. School or municipal suffrage, or both, prevails throughout the provinces of Canada. The latter, it may be mentioned, granted municipal suffrage 45 years ago. Municipal suffrage for married women exists in Iceland. In Russia women householders elect members of the local council. In Italy and France the municipal franchise is adopted for the fair sex. To add cosmopolitan coloring comes the glad tidings of municipal suffrage from Natal, Africa; likewise from Bombay, India.

Catarrh

Whether it is of the nose, throat, stomach, bowels, or more delicate organs, catarrh is always debilitating and should have attention. Eating Carelessly
frequently causes stomach troubles, but careful eating will never right them. When your stomach is out of condition, it needs help that no food can supply. It must be thoroughly cleaned, settled and strengthened. Food never does this.

BEECHAM'S PILLS
are the greatest stomach medicine human skill ever compounded. Don't attempt to cure your stomach by dieting. You will half starve and get little benefit. ANNOUNCEMENT!
I desire to announce that I have secured the agency for the Maritime Provinces for the WHITE STEAMER. This is the car which was, after exhaustive tests, selected by experts for the use of the United States Government for army service and for President Roosevelt.
More than 1200 White Steamers were manufactured and sold in 1906, and almost double that number in 1907, about twice as many large cars as were made by any other company in the world. Though known everywhere as "The Car for Service," the White holds the world's record for the fastest mile on the track, and has easily won the leading hill-climbing and endurance contests of England and America. Send for Bulletin No. 14 telling of the service of WHITE STEAMERS at the Kingston earthquake, at the Pittsburg floods, in Japan, India, the Philippines, etc., and giving much additional information.

WILLET, LINGLEY AND THOMAS HEARD AT THE FIRST SESSION OF THE CIVIC INVESTIGATION
Members of Chamberlain's Staff Tell of Irregularities in the Accounts--They Had Their Suspicions But Could Not Verify Them--Bank Managers Will Be Called Next.

The first session of the investigation under oath into the circumstances surrounding the deficiency in the accounts of the late chamberlain was opened in city hall before the treasury board last evening. David Willet, and Duncan G. Lingley, of the office staff, both swore they had no definite information on which to base their suspicions. Olive Thomas, the auditor who made the snap audit, also gave evidence. There were no sensational developments. The inquiry was adjourned until Tuesday evening. Subpoenas will be served on the manager of the Royal Bank of Canada, the manager of the Bank of Nova Scotia and J. Willard Smith. David Connel will also likely be a witness. Up to the present time he has not been served with a subpoena. Ald. Bullock presided and Ald. Baxter, Kelley, McGoldrick, Vanwart, Lantlam and McIvor were present with the common clerk. Ald. Sprout and Holder also attended the meeting. Only two or three citizens put in an appearance and occupied seats in the committee room. No witness was permitted to hear another's evidence. David Willet, clerk in the chamberlain's office, was first sworn. In reply to Ald. Bullock, he said he had been twenty-eight years in the office under the late chamberlain. Since the union he had been on the books, instead of the cash, and his duties when the chamberlain was not on hand he took the cash. He knew no more concerning Mr. Sandall's default than the fact that the books showed a heavy cash balance and that at the end of the year someone had to account for it. He never knew where the cash went, but he was steady in the amount since January, 1906. Examined by Ald. Baxter, he said he counted the cash at times. It consisted of checks, silver, bills and memoranda. The amount of the cash was in his hands in lumps. He knew it was not cash but did not know that it represented deficiency. There had been memoranda made ever since he had been there but not for more than a few hundred dollars, made up of advances. Five or six years ago all advances total might have been \$1000, all on advances. Pressed for particulars, Mr. Willet said one alderman was in for \$100. Ald. Baxter, referring to the sale of the fisheries on Jan. 1, 1907, asked Mr. Willet if he knew that the chamberlain did not debit the amount (about \$6000) in his book until Feb. 7, and in that case if he thought it was a correct business method. Mr. Willet said he knew the fact. It was far from good business. Ald. Baxter—"That has only one meaning. It was a dishonest way of using the city's funds." Mr. Willet—"I tell you honestly, it was at that time I began to worry." Continuing, Mr. Willet said when he balanced he added the memoranda up in a small book. He had balanced only five or six times in the past year. At the end of the year he did not know of what the memoranda consisted. Some years ago there was a long string of memoranda and they were bulged. "The change did not make much impression on me," he added. "I thought the chamberlain knew what he was doing." Ald. Baxter—"We all agree as to that." In reply to further questions by the alderman, Mr. Willet said the cash book was squared up at the end of the year, but the memoranda somehow came in again in the new year. The balance at the end of each year was made by the chamberlain, Mr. Lingley or himself. He had no knowledge of bonds being taken out of the vaults and used as collateral. The bonds were not checked on any system. Every day people would come in and call the chamberlain aside. He did not know whether on city or private business. He had no knowledge of the chamberlain taking cash from the till. Ald. Baxter—"After the audit had been checked out did you see two checks for \$2000?" Mr. Willet—"Is it necessary after things were in the auditor's hands for me to say what I saw?" Ald. Baxter pressed for an answer and Mr. Willet said he had nothing to tell. Ald. Baxter—"Then have you made a full disclosure?" Mr. Willet—"I've answered all your questions." Ald. Baxter—"Have you any further knowledge of the whole question which you have not given us?" The chairman—"Did you ask Mr. Sandall any questions about the memoranda?" Mr. Willet—"No, because Mr. Lingley asked him." Ald. Kelley said he wanted the checks and the stubs produced. This concluded Mr. Willet's evidence and he left to bring the checks. Duncan G. Lingley, in answer to the chairman, said he had been eighteen years in the office. He had balanced up several times. There was a balance of about \$12,000 early in October. He could not account for it. The chamberlain gave him the figures. He had asked the chamberlain three different times about the balance made up of the memoranda. On the first occasion he was told it was a bond sale, the second time the chamberlain said it was largely made up of advances, order work and duty on pipe. He was satisfied both times. When he asked the third time he was virtually told to mind his own business. Mr. Lingley mentioned that the late Ald. Christie asked him two or three years ago if the case was his right. He had replied that he did not like the way things were done. Subsequently the alderman told him things were all right. Ald. Baxter said that Mr. Thomas was the one that he did not like the way things were done. He wished it made clear that he had not audited Thomas in mind. In reply to Ald. Baxter, Mr. Lingley said Mr. Willet and himself had talked the matter over. They both felt if they were sure anything was wrong it was their duty to report, but the auditor's report gave everything as correct and they considered it relieved them from all obligations. In reply to Ald. McGoldrick, Mr. Lingley said the chamberlain was his boss. He had no idea he was making notes or dealing with money lenders. He really knew nothing to tell. Mr. Lingley added that

he saw by the papers that some of the aldermen were not satisfied with what he had done. He had asked Mr. MacIntyre, who made the special audit, and he had replied without hesitation that there was nothing he (the speaker) could have done unless he was certain. Other gentlemen to whom he had had the question laid agreed that he did all he could do. Ald. Kelley then examined Mr. Lingley some details as to the checks previously referred to. They were drawn to "office" and endorsed by the chamberlain. This concluded Mr. Lingley's evidence. Olive Thomas said he had audited the city accounts for three or four years previous to this year, being associated with the late Joseph A. Magilton. In reply to the chairman, he said Mr. Magilton always called from the cash book in checking. It was impossible to check the cash as the auditor was not appointed until March or April for the revision of the previous year's accounts. He had not known there had been a large cash balance previous to this year. The auditors did not check the debentures on hand and unpaid. The chairman mentioned that no audit was taken on the city's interest account with the Bank of New Brunswick, amounting to \$20,000 last year. Mr. Thomas said if the board wished it he would check the account over. After a few more questions Mr. Thomas' evidence was concluded. As the meeting was on the point of adjourning, Ald. Kelley said he wished as an alderman to thank the members of the police force who rendered such valuable service in ransacking the man who was nearly drowned near the I. C. R. trestle Friday. Dr. Berryman had told him that, but for their knowing how to give first aid, the man would have been dead when he arrived. Ald. McGoldrick added a word of praise for the laboring men who got the man out. The meeting then adjourned until Tuesday. It is understood that J. Willard Smith, who will be one of the sub-poenaed, was approached by a third party who endeavored to negotiate a loan on behalf of Mr. Sandall, but that the matter was brought to a question of the rate of interest. Polly-Jack has proposed at last. Dolly-I thought you said he had no idea of doing so? Polly-He hadn't.

No More Dandruff No More Falling Hair No More Itching Scalp IF YOU USE NEWBRO'S HERPICIDE
An Army Officer's Report.
"For some time past I have been troubled with dandruff, and with hair falling out. My head itched continually while my hair appeared brittle and dead. I tried several remedies without any permanent relief and had about reconciled myself to premature baldness. After using a bottle of your Herpicide, I have been greatly benefited. The hair has stopped falling out, and the itching has ceased and no more dandruff forms in the scalp. My hair is coming in thick and has a fine glossy appearance."

"I beg to state that I have used the bottle of Herpicide that your representative left me and am thoroughly pleased with it. I have since bought two or three bottles for myself and other members of my family and have had the very best of results. I am now prescribing it freely to my patients with full confidence in the result to be obtained. I rarely ever give a testimonial for an advertised remedy, but yours is of such merit that it is only fair that I should do so in this case."

AUTOPSY MADE ON BODY OF MRS. HORSMAN BY SIX DOCTORS

Dr. G. A. B. Addy Present To Represent the Government—Description of Well Where Woman's Body Was Found.

THE HORSMAN HOUSE AT STEEVES MOUNTAIN.

Salisbury, N. B., Dec. 6.—An autopsy on the body of the late Mrs. Horsman was made here this evening. Six doctors were in attendance: Drs. G. A. B. Addy, St. John; McDonald, Pettitcodic; Myers and MacNaughton, Moncton; King and Jones, Salisbury.

K. A. Reilly, counsel for Horsman, arrived here from Moncton this evening, and with Doctor Jones, attended the autopsy in the interests of his client. The body, this morning, was in a well preserved state and was viewed by many of the villagers, including school children. Those who knew the woman in life re-

marked that her features looked very natural.

The body, which was placed in a sample room here after being exhumed at Boundary Creek on Thursday evening, has been in charge of T. T. Goodwin by night and Constable Alfred Lester during the day. Reinterment will be made tomorrow morning. The doctors finished the autopsy about 8.30 p. m.

To determine beyond question the cause of the death of Mrs. Charlotte Horsman, of Steeves Mountain, in connection with whose death, her husband, Christopher A. Horsman, is held for preliminary examination in Moncton, Attorney General McKewen yesterday commissioned Dr. G.

A. B. Addy, of this city, to go to Steeves Mountain, and, with the coroner, Dr. McDonald, of Pettitcodic, make an autopsy on the body which, on the crown's order, has been disturbed for that purpose.

Hon. Mr. McKewen said last night that he had received no word from any of the officials during the day.

Hon. W. P. Jones, solicitor general, who

THE WELL IN WHICH MRS. HORSMAN WAS FOUND.

will conduct the case for the crown, passed through the city last night on his way to Moncton where the preliminary examination of Horsman will be begun this morning. To a Telegraph reporter Hon. Mr. Jones said he had nothing to say in connection with the matter, except that orders had been issued to have the witnesses brought to court for examination.

The well, where Mrs. Horsman was found, was photographed by a representative of the Telegraph on Thursday. It contained six inches less water than on the previous Saturday, the day of the fatality. From the stones which are roughly placed around the top of the well it is four feet ten inches to the bottom and the water stood about a foot below the surface.

It should be noted that any struggle near the spot could be seen for a considerable distance along the Dudley Wilnot road. The well is also visible from the windows of Westworth Steeves' house in the opposite direction.

Standing on the edge of the well and stooping to draw water it would require

but a slip on the ice and snow which surrounds to overbalance and pitch forward headlong into the water. It is not easy, however, to understand why the unfortunate woman did not draw in her legs and regain her footing at the bottom of the well.

The house occupied by the Horsman family is shown in the accompanying photograph taken by a Telegraph man. It is situated at the western end of Steeves Mountain on the Dudley Wilnot road. It stands but a few yards back from the highway and presents a rather poor and unimproved appearance. The entrance used by the family is in the rear and behind the house at some little distance stands the barn. The well is to the left and beyond, being about thirty-five feet from the barn door.

There are only three rooms in the house, all opening out of one another and with very little furniture. The children slept on the floor of the front room.

HARD TIME YARNS ABOUT DOMINION IN LONDON PAPER

Daily Mail Features Stories of Trade Depression, and Article is Likely to Hurt Immigration.

Montreal, Dec. 6.—The Star's London correspondent cables: Lord Strathcona and Mr. Sifton both say they are acting on the assumption that the imperial government is committed to a substantial subsidy to the All-Red project. The questions remaining to be settled with the British ministers are questions of detail. These include the amount and character of the subsidy, and the question whether the British subsidy to the Canadian Pacific Japan steamers is to be brought into the scheme.

Another most important question still open is how far Australia and New Zealand are prepared to go in support of the scheme. Australia apparently is the least enthusiastic, she being now committed to the expensive renewal of her steamship contract with the Orient via the Suez Canal. New Zealand talks co-operation, but somewhat indefinitely. The British government may regard proportional subsidies from both colonies as essential.

Another knotty question still unsettled is the attitude towards the project of the Canadian Pacific. Discussions here and in Montreal make it quite clear the success of the project, as an imperial whole, must largely depend upon the financial and administrative support of the Canadian Pacific, at all events for the several years to come before other new transcontinental lines are completed. This element precludes the first idea of the independent steamship undertaking with Lord Strathcona and Mr. Sifton at the head. In fact the Canadian Pacific holds the key to the position and must be consulted, otherwise the Canadian Pacific will go its own way, placing new and faster steamers on the Atlantic without subsidies and transferring the Atlantic Express boats to the Japan route and the Pacific Express boats to the Australasian route.

The ministerial press here continues about divided in respect to British subsidies. The Morning Leader says a free

trade government has other and better uses for its money at home.

The Manchester Guardian says: "Mr. Sifton speaks of ships considerably smaller than the Lusitanias, which would develop the same speed, yet carry heavy armaments and be designed, in case of need, as good troop ships. The man who can produce these ships will certainly be snapped up by the admiralty. Mr. Sifton is far too optimistic."

At least 1,000,000 Englishmen today are learning through the Daily Mail that Canada is poverty stricken and with a grave outlook for the coming winter. Extracts are published from the Toronto Telegram, Toronto Star, Halifax Herald and Woodstock Express to prove that the distress in Eastern Canada is altogether exceptional. It is stated that 10,000, mostly Britishers, are out of work in Toronto, and more unemployed are walking the streets of Montreal than for years past. All the big firms are retrenching and laying off men, especially in Ontario. The outlook for many families is stated to be terrible. All industries, especially the metal trades, are doing little or nothing. These reports will tend to greatly restrict next year's emigration.

The financial stringency, it is asserted, is driving the colonial governments and municipalities to various expedients in their urgent need for money, most of them paying banks heavily for temporary accommodation to avoid public issues.

The Cape government, however, is facing the market with \$5,000,000 four per cent loan, issued at less than 95. Only six months ago, the issue price of similar debentures was 98. On the other hand the South Australian government is trying, despite the hard times, to scale down the interest on its bonds from 4 to 3 1/2 per cent, by a bonus scheme which the market is most unlikely to favor.

LATE LOCALS

St. Luke's church, Sunday evening at 8.30, lantern services.

Furness steamer Ameriana arrived at Halifax this morning from Liverpool.

Steamer Calvin Austin, Captain Thompson, arrived this morning at 11.30 o'clock from Boston with 31 passengers.

The members of the local government who were in session here yesterday, left for their respective homes this morning.

It is rumored that J. B. Tait, manager of the firm of I. S. Johnson & Co. will be a candidate for Guy's ward again this year.

Lieutenant Governor McKinnon, of Prince Edward Island, who opened the Amherst Winter Fair, was presented with a beautiful gold-headed ebony cane, and a complimentary address.

Registrar Jones reports that since November 22 to date, 36 marriages have been registered, also 31 births were reported; 13 males and 18 females.

The cold storage building on Main street, north end, is being wired by P. E. Jones. The home of the Salvation Army officers is now lighted by electricity.

Five deaths were reported at the office of the board of health for the week ending today, as follows: Infantile, bronchitis, pneumonia, chronic pneumonia, intestinal worms, and acute indigestion, one each.

Chief Justice Tuck has appointed R. G. Haley and Thomas Bell, permanent liquidators for the A. L. Wright Lumber Co. Mr. Haley previously acted as provisional liquidator.

The Sunday afternoon temperance meeting in the Tabernacle church under the auspices of Thorne Lodge, I. O. G. T., will be addressed by L. P. D. Tiley. There will be special music.

James Pollock, of the west side, has been appointed harbor inspector. Mr. Pollock will keep an eye on the steamers to guard against the dumping of refuse in the harbor.

Furness steamship Rappahannock, Captain Buckingham, passed Brier Island this morning from London via Halifax, with a general cargo. She is due in port this afternoon.

Miss Craig, entertainer with the Imperial Scots, who has a beautiful contralto voice will sing a solo in Queen Street church tomorrow evening. There will be other special music.

The present mild weather is a considerable set-back to both farmers and merchants. Ice was running today at Indian town, indicating that the river is open. Ice traveling in consequence is delayed.

The Dominion Coal company's output for November amounted to 336,100 tons, about 6,000 less than the preceding month. Shipments 301,023 tons. Fish colliery No. 7 is now a producer and raised 148 tons last month. No. 2 mine raised 101,271 tons.

Patrons of the west side ferry claim that the regulations allowing teams to leave the boats simultaneously with the passengers are likely to result in accidents. Several narrow escapes have already been reported. It is felt that the teams should not be allowed to leave the boats until the pedestrians have first reached the head of the floats.

Fairville branch C. M. B. A. has elected Patrick Murphy, president; William Terry, first vice; John Gillis, recording secretary; Walter Brophy, assistant; John O'Loone, financial secretary; John Gallagher, treasurer; William Upton, marshal; George Brien, guard; P. Murphy, James Wallace, John O'Reilly, James Geary, and William O'Connor, trustees.

Merchants and citizens were glad to see the south shore steamer Senlac; Captain McKinnon, come into port this morning from Halifax and ports of call. She is looking her best after the recent accident. Trade with the south shore of Nova Scotia will now be carried on without interruption. A large number of people visited the steamer today at her berth, Reed's Point. She will have a full freight on her return trip.

The Young People's Association of St. Luke's church entertained the members of the congregation last evening at a musical programme, after which light refreshments were served and a most sociable evening was spent by all those who were fortunate enough to attend. This is the first of a series of entertainments that this association intending giving to the congregation the winter season. THEY TOOK POSSESSION

Pavilion on Victoria Grounds Invaded By Gamblers--Stole Wood and Coal.

The statement that some persons had been playing cards in the old pavilion on the Victoria grounds last Sunday, and also wrecking night, resulted in the interesting discovery that the place had a tenant.

Two weeks ago today the Marathon road race was run, and for the benefit of the runners the Marathons had placed a small stove in one end of the pavilion, separated from the rest of the room by a partition, but without a door. This stove was not removed at once.

The pavilion was swept down on the bank of the creek, at the rear of the grounds. The front gate is closed and locked. Some persons entered the pavilion through a window in the rear (the door being closed and locked) and proceeded to fit up winter quarters. They put a door on the room where the stove was located, boarded up all the windows tightly, provided themselves with a ladder, which could be raised in at the rear window and the shutter closed when they were inside, and then they were ready to enjoy themselves. One of the number evidently slept there, as he was found in the room with a hot fire in the stove when a team arrived yesterday to remove the stove. Later, when two gentlemen went down to see what had been done, he was seen running around the corner of the back fence and across the field for Frederick street. He and his accomplices had not only made free with lumber to board up the place, but had broken up and burned some wood, the property of the Every Day Club and the Marathons. Not pleased with so much damage, but one least was still there yesterday. Now that the stove has been removed the gamblers will doubtless seek some other quarters, if warmer ones are not provided for them by the police.

CANADIAN OIL CO.

Closing Their Offices On North Wharf and Will Have An Office at Barrack Point.

The Canadian Oil Company are closing their offices on north wharf and are fitting up an office in the building at Barrack Point. The business of the maritime provinces and Quebec province will in future be managed from the Montreal office.

The reason for the change is that the interests in these provinces are more or less scattered, many of the firms with which the company has dealings having branches at other points and the business of the winter months can be done more cheaply by water than by rail.

The expense saved to the company by this change will be used to improve the selling department.

The sending of shipments from Montreal to P. E. Island and Cape Breton during the summer months can be done more cheaply by water than by rail.

The correspondence regarding shipments and general collecting routine will be conducted from the St. John office as usual.

The company have also arranged their warehouse capacity at Barrack Point so as to carry a fulling of points as well as oils.

JAMES KING HAD NARROW ESCAPE

On Wednesday last James King a teamster, narrowly escaped serious injury if not death. As it was his sled was smashed into kindling wood as the result of being struck by a moving train.

The accident occurred on the Long wharf. King had taken a load of boards from Haley Bros. to a schooner lying at the wharf. He was standing on one end of the sled talking to some one on the schooner, when a shunting engine with some box cars came along, and near the face of the wharf and crashed into the sled. Mr. King jumped off the further end as the sled was smashed into many pieces almost under his feet. There was only about three feet of space between the track and the edge of the wharf so that Mr. King was just able to get out of the way. Had the horse not behaved well Mr. King would have been compelled to jump to the schooner some distance below.

THE CANADIAN CLUB

Rev. Dr. Magill, Principal of Pine Hill College, Halifax, will address the Canadian Club of St. John on the second Tuesday in January. Dr. Magill is one of the most interesting speakers in Canada. His subject will be "The Industrial War and methods adopted to solve the problem." Letters from Mr. Bouassa to Secretary Henderson states that he is but now recovering from a severe attack of bronchitis and cannot yet name a date when he will address the club. It was felt that in the present very busy month the club ought not to have a luncheon, and so the next speaker will be Dr. Magill.

POLICE REPORTS

A package of tea found on St. James street awaits an owner at the Central police station.

A dog collar found on Pond street has been left at the north end police station.

The door of the Union Hall, north end, was found open and secured by the police last night.

The door of the Niguel was found open last night by the police. The janitor was notified and secured it.

The police were called into the Cedar street theatre last night to eject a man who was creating a disturbance there.

THE EVERY DAY CLUB

The Rev. D. Hutteninson will address the temperance meeting in the Every Day Club hall tomorrow afternoon at 4 o'clock. A male quartette will sing and there will be other special music. The sacred concert at 8.30 o'clock in the evening will be given by the choir of St. Mary's church, and Rev. W. O. Raymond will deliver a brief address.

PERSONALS

Miss McLean of Pittsburg, is visiting Miss Green, Winter street.

Miss Beatrice Booth is visiting Mrs. L. C. Harris, Moncton.

Mrs. George H. Waring, of King street, west end, leaves this evening for Newmarket, Mass., to visit her daughter, Mrs. R. W. Boys.

A. J. Russell arrived home Thursday morning from a flying trip to Boston, having gone there to get his daughter, Alta, who was taken ill while visiting her aunt, Mrs. A. A. E. Colwell.
