COMMONS TALKS
IMPERIAL MEET

Amery Queried on Matters
of Foreign Policies and
Defence

Distribution of £1,000,000
Market Expansion Fund to
Be Announced Soon

Canadian Press Cable
LONDON, March 2—Replying to a
request in the House of Commons yester-
day that he state the approximate
duration of the Imperial conference to
be held in October and give some idea
of subjects to be discussed, L.
C. Amery, Secretary of State
for Dominion Affairs, said that the
duration would largely depend on the
agenda, which would be worked out
during the next few months.
It was known, he stated, that there
would be discussion both on questions
of foreign policy and defence, includ-
ing those arising out of the Locarno
treaties, and also economic matters
like those treated at the last economic
conference.

DOMINION MARKETS FUND.

The methods of allocation of the
grant of £1,000,000 (\$4,000,000) for
the development of dominion markets was
the subject of another question direct-
ed at Colonel Amery today. He re-
plied that the government was not
yet in a position to make a pronounce-
ment in regard to the details of the
proposed arrangement which it was at
present discussing with the dominions,
but hoped to make a statement shortly.

Canadians Win In
Bermuda Tennis

Canadian Press
MONTRÉAL, March 2—According
to a cable received by Gordon Cushing,
of the Montreal Indoor Tennis Club,
from E. H. Laframboise, who is in
Hamilton, Bermuda, it is stated that
Laframboise and Willard Crocker have
won the open doubles tennis champion-
ship. This is the first time that Cana-
dians have ever won a final match in
Bermuda.

MOSCOW, March 2.—Dependent
over the suicide of their disciple, Serge
Yesenin, last December, two young
Futurist poets, Gregory Hvosston, 22,
and Ivan Etkin, 24, have taken their
own lives. The Soviet Union will give
them heroes' funerals.

\$250,000 BLAZE

PERTH AMBOY, N. J., March 2.—
Damage of \$250,000 was caused by
fire in the plant of the Standard Un-
derground Cable Company here today.
Hundreds of men are thrown out of
work.

M. CALDWELL IN CITY.

T. M. Caldwell, ex-M. P. of Victoria
county, is in Saint John today. He has
recently been in Ottawa.

BRINGING 990.

The spring rush of settlers to Cana-
da has commenced earlier this year
than last season, as the C. P. S. Mon-
treal is en route here from Liverpool
via Greenock and Belfast with the
largest passenger list of the season,
namely 197 cabin and 808 third class
passengers. Among the passengers are
43 Salvation Army workers. The arri-
val of a vessel with 1,000 passengers
thus early in March eclipses the mark
of last year when it was not until
April 4 that a liner exceeded this mark
for total passengers.

MUNICIPAL HOME.

The monthly meeting of the Board
of Commissioners of the Municipal
Home was held yesterday afternoon
with the chairman, A. M. Rowan, pre-
siding. Others present were W. E.
Scully, W. L. Walsh, W. Knodell and
W. T. McAfee. The report of the
superintendent showed that at present
there was 191 persons in the home and
that the general health was good.

FINE OF \$200

George Haskett, a clerk at the Royal
Hotel, was fined \$200 when he pleaded
guilty to a charge of selling intoxicat-
ing liquor.

WRIST BROKEN.

Mrs. A. E. Masie fell on the icy
sidewalk yesterday afternoon and
fractured her right wrist. An X-ray
of the injury will be taken.

NO BUSINESS.

FREDERICTON, March 2.—Mr.
Justice Gilmer did not sit in Chan-
cery here today as there was no busi-
ness offering.

MARTIN REMAINS MAJOR.

QUEBEC, March 2.—The record of
votes cast in the Mayoralty elections
held on February 16, has been com-
pleted before Mr. Justice Poullet, and
Dr. Martin stands elected with a ma-
jority of 199 votes.

Asphalt Tender Reaches City
Hall Just 55 Minutes Late

When the recent call for tenders for
asphalt was issued by the city, they
were to close at 11 o'clock, but only
one tender had come in at that time
from the Imperial Oil Co. At 11:55
another tender was brought in and
the commissioner of public works wrote
to the Imperial Oil Co. to ask if they

had any objection to this tender be-
ing opened.
This morning a reply was received
from the Imperial Oil Co. that they did
business according to specification and
they expected the city to do the same.
Commissioner Frink said that in view
of this reply, which he felt was just-
ified, the other tender would be returned
unopened.

NEARLY 50 YEARS
IN ORANGE ORDER

R. A. C. Brown Passes Away—
Clerk in Marine and Fish-
eries Department

The death of Robert Alexander
Craig Brown occurred this morning at
his residence, 121 Paradise row, after
an illness of about five months. He
had been account clerk in the Marine
and Fisheries Department since 1912.
He was a prominent and active mem-
ber of the Orange Order being a mem-
ber for nearly 50 years, was a past
grand lecturer and a member of
Dominion L. O. L. No. 141. He was
also a member of Hibernia Lodge, F.
and A. M., and also of the Saint John
Rifle Club in which he was one of
the best shots. He has no immediate
relatives. The funeral will take place
on Thursday afternoon from his late
residence.

EFFICIENT OFFICER.

J. C. Chesley, local agent of the
Marine and Fisheries Department, said
this morning that in the loss of Mr.
Brown the department lost a very effi-
cient and painstaking officer who would
be greatly missed. Since Mr. Brown's
appointment in 1912 he had been a
hard, conscientious worker who rarely
took holidays and who always had his
work right up to date. He said that
his success was very popular with the
other members of the staff, who learned
with regret of his death.

CONSIDER UNION

Congregational and Methodist
Churches in Sheffield-Maug-
erville Talk Fusion

Special to The Times-Star
FREDERICTON, March 2.—As a re-
sult of church union which amalgam-
ated the Methodist, Presbyterian and
Congregational bodies in Canada, the
Frederick Presbyterian today is con-
sidering action in regard to uniting the
Congregational church of Sheffield and
Maugerville and the Methodist church
in the same locality. The Congrega-
tional church is one of the oldest in
New Brunswick dating from the early
settling of the country. A special
committee of the Presbyterian is in
session this morning and will make
report to the Presbytery this afternoon
on the subject.

ACTING MAYOR THANKED.

Acting Mayor Frink has received
from the secretary of the committee
in charge of the Pythian banquet ten-
dered to Charles L. Gorman, world's
amateur skating champion, the thanks
of the Knights of Pythias of Saint
John for the part taken by him in
honoring a member of the order.

HEARING NEXT MONDAY

The case of Thaddeus Merritt, ar-
rested on a warrant, charged with as-
saulting Ethel Moore in Market Place,
West Saint John last Saturday night,
is to come to court next Monday. This
is the case which started a rumor that
a woman had been held up and robbed
in West Saint John. It was said Merritt
struck the woman and her screams
attracted passers-by and Merritt left.
This gave rise to the robbery tale. Miss
Moore then filed an information against
Merritt.

JOHNSTONE AUXILIARY

The Auxiliary of Johnstone Lodge,
L. O. B. A., met last evening at the
home of Mrs. A. C. Ellingwood, Acadia

ing, and plans were made to hold a
poverty social, about the middle of
March. Mrs. Charles Stephens, Mrs. R.
D. Jones, Mrs. M. Powers, Mrs. Flo-
rence Brown, Mrs. A. C. Ellingwood and
C. Doyle were appointed to prepare the
menu cards and to arrange for the
program. Miss Gladys Closs assisted
the hostess in serving refreshments.
Next Monday evening the auxiliary
will meet in their hall in Germain
street.

BISAILLON WAS
ALTER POST IN
SECRET SERVICE

Letters To Minister of Customs
Acknowledged By
Dismissed Officer

Canadian Press
OTTAWA, March 2.—I am ready to
accept a position in the secret service
provided I am made chief of the preventive
service for the Province of
Quebec," wrote J. E. Bisailion, dis-
missed customs officer, to Hon. Jacques
Bourca, Minister of Customs, in Feb-
ruary, 1924.

At the customs probe this morning
Mr. Bisailion admitted having written
the letter. Mr. Bisailion was under
examination by Hon. H. H. Stevens.
The minister had replied at the time,
Mr. Bisailion said: "I will try and do
the best I can. I am sure that the
letters read by Mr. Stevens this morn-
ing that Mr. Bisailion wished to have
the mounted police in the Montreal dis-
trict directly responsible to himself in
matters relative to customs."

CAR PURCHASE QUERIED

The examination then centred about
securing of a car for departmental use.
Mr. Stevens read a letter from the wit-
ness to the Minister of Customs in
July, 1924, saying: "I have chosen an
automobile as you wished me to. It
is in very good condition and does not
bear a number, so we shall not be an-
noyed by insurance agents."

Mr. Stevens pressed questions as to
why the car was not secured for the
department through the ordinary chan-
nels, instead of writing confidential let-
ters to the minister about it.
"There was nothing to prevent it,
and the correspondence is not confiden-
tial now," replied Mr. Bisailion, who
added: "It would have taken months
to get the car in the ordinary way."
Hon. H. H. Stevens moved for the
production of a series of documents in-
cluding reports of all cars sold by the
Customs Service in Montreal since 1923,
reports on the seizure of 7,000 cases of
whiskey at Victoria, B. C., in January,
1924, and the removal of the same from
the public pound and for copies of all
certificates of clearance given to ship-
ments of liquor destined for Mexico.

Mr. Stevens asked moved for a copy
of the report of Inspector Busby upon
his retirement from the port of Que-
bec. Mr. Stevens said that the order
of the committee for documents from
distillers had been "brazenly ignored."
Unless these were produced soon the
committee should take sharp action.

Deaths

* Mrs. Julia McLeod.
News of the death of Mrs. Julia
McLeod, which occurred more than
two weeks ago at the home of her
son, Lemuel McLeod, Melville, Man-
in the 81st year of her age, has reached
friends here. She was the widow of
Norman McLeod, who died some years
ago at Peterville, Queens County, and
three sons, James, Lemuel and Ed-
ward, all residing in Massachusetts;
three sisters, Mrs. Griffiths, Oronoco;
Mrs. L. Turner and Mrs. D. Adams,
West Saint John; three brothers, El-
phlet Banks, Sheffield, Abram Banks,
Blissville, and Edward Banks, Oro-
noco, and four grandchildren.

Frank Erb

HAMPTON VILLAGE, March 1—
Frank Erb, a resident of Belleisle
died suddenly on Sunday afternoon.
He was buried with his family, who
went to the barn to attend to duties
there. Before reaching the barn,
Erb became ill, and he was carried
home by his family, but his condition
became steadily more alarm-
ing and he passed away about six
o'clock.

Mr. Erb was over sixty years of
age. He leaves a widow and two
sons, Percy and William, and one
daughter, Florence, who lives in Bos-
ton. The funeral will be held on
Wednesday morning from his home
to the Keirsteadville Burying
ground.

Mrs. Archibald Spragg

HAMPTON VILLAGE, March 1—
On Saturday morning at her home in
Belleisle the death occurred of Mil-
lred wife of Archibald Spragg, leaving
her husband and an infant girl, three weeks
old.

Mrs. Spragg was formerly Miss Mil-
lred Merritt and was only 21 years
of age. Her death was unexpected.

Mrs. Emily Dickson

At Tully Mills on Saturday afternoon,
Mrs. Emily Dickson, widow of Archie
Dickson, died, aged 78 years. She is
survived by one daughter, Mrs. Charles
Leslie.

N. S. Member Reads Contract
With White Star Line
Favoring Portland

Provides Movement of as Much
Traffic as Possible via
U. S. Port

OTTAWA, March 2.—H. B. Short, Digby-Annapolis, in his speech in the commons yesterday, criticized the management of the Canadian National Railways. "They favor Portland and other American ports," he said. "But that sort of thing would have to cease. The people of the Maritime provinces demand that they get their share of Canadian business. Canadian ports were good enough to use during the war they should be good enough to use in peace."

Mr. Short read from a publication which stated that the Canadian National Railways had a contract with the White Star Line to move as much traffic as possible to Portland, Maine. Mr. Short urged that this contract should be cancelled. It was not in the interests of Canada or of the Maritime Provinces.

L. D. MacDougall, a Conservative of Inverness, N. S., predicted that American anthracite would in ten years be selling in Canada at from \$25 to \$30 a ton, unless other sources of supply were developed.

Mr. MacDougall urged higher tariff on bituminous and anthracite. He also pressed for recognition of the Maritime case.

Mr. Short, of Digby-Annapolis, suggested that rural credits should be extended to fishermen—the farmers of the sea.

J. L. Chabot, of Ottawa, spoke of Premier King's reference to completion of the Hudson's Bay Railway as a "brazen bribe" to the doctors of the West.

J. R. O'Neill, of North Tantramar, thought the Rouyn Railway was "another bribe."

Adjournment of the debate was moved by Hon. Ernest Lapointe, Acting Government Leader, at 10:35 p. m.

DENTISTS HEAR ADDRESS

A very interesting address on the removal of foreign bodies from the lungs and bronchi was delivered by Dr. L. De V. Chipman before the members of the Saint John Dental Society at their monthly dinner meeting in the Admiral Beatty hotel yesterday evening.

Vet's Child
Dead; Ate
Poison Pills

DALHOUSIE, March 1.—The 16-month-old child of Beatrice Hovey, a returned soldier, died suddenly, today, from poisoning, having swallowed several pills he found while playing in the house. The Hovey family was at Hantsport, N. B. Mrs. Hovey came to Dalhousie a short time ago, with her three children, to spend some time at the old home. The family have the sympathy of the whole community. The unfortunate child was the only son. Mr. Hovey is now undergoing treatment at the Military Hospital, Saint John.

PROMOTIONS MADE
IN POSTAL SERVICE

E. W. Hammond of Saint John
and G. L. McLeod, Moncton
in Number

A number of promotions in the postal service in New Brunswick have been announced recently. E. W. Hammond has been promoted from postal clerk at the Saint John office to railway mail clerk. G. L. McLeod, of Moncton, who has been a transfer agent, has been appointed a railway mail clerk. The Ferry Point post office was closed yesterday and all mails for that section are now being distributed from Kingston by rural courier and the route is known as Kingston Rural Route No. 2.

Several new appointments as postmasters have been confirmed. Mrs. Minnie H. Belyea has been appointed postmistress at Morristown, Kings county. Mrs. Marie M. LeBlanc has taken over the duties as postmistress at Calhoun, Westmorland county. Richard Sales has been appointed postmaster at Beaufort, Carleton county. The resignation of A. H. McKay, from the office of postmaster at Wainwright, Northumberland county, has been received. Alpheo Chavari, who has been postmaster at Village St. Joseph, in Kent county, died recently and the duties of the office are being looked after by his widow.

The permanent application of the Seal at Saint John's district are being invited to make application for promotion to the position of principal postal clerk for Saint John's district, which vacant following the promotion of W. P. Griffith as inspector. The date is March 10.

Resolution

Committee Will Wait on Premier—
Request Re-Appointment
of Game Warden

RESOLUTIONS opposing the granting of an exclusive lease of the big Tracadie River and urging the re-appointment of Mr. Brophy as game warden in Albert county were passed at the meeting of the Saint John branch of the New Brunswick Fish and Game Protective Association, held last night in the society's rooms in Princess street with D. King Hazen, president, in the chair. With reference to the protest against the lease of the big Tracadie River the meeting was informed that a long distance telephone message that a similar resolution had been adopted by a meeting in Tracadie that night, and that a protest was also being voiced by the residents of Loggieville, the Saint John branch decided to appoint a committee to wait upon the Premier and interview him on this matter.

It is understood that the residents of Loggieville had written to the Minister of Lands and Mines to point out that the Tracadie River was a more valuable asset to the province if it was open to the public and could be used by tourists.

The resolution urging the re-appointment of game warden Brophy in Albert county was passed after the meeting had been informed that there was much illegal moose killing in that country recently. It was considered that Mr. Brophy had been one of the best wardens of the district and should be re-employed. Chief Game Warden L. A. Gagnon was informed of reports which had been received concerning the killing of moose, and Mr. Gagnon promised immediate action.

Allan G. McAvity, president of the New Brunswick Association was present and gave a report of what had transpired at the recent meeting of the executive in Fredericton.

It was announced that the Passamaquoddy branch of the association would be meeting tonight and will be addressed by Mr. McAvity, Inspector of Fisheries, and Chief Gagnon.

FESTIVAL OF PURIM
IS OBSERVED HERE

Hebrew School Children Present
Dramatization of Story of
Esther

During the week-end and on Monday the Hebrew members of the community have been observing the glad festival of Purim, which commemorates the story of Esther and is one of the minor holidays of the Jewish year.

As part of the observance the children of the Hebrew school under the direction of A. Babo, principal of the school, have presented a very pleasing program in which the story of Esther has been splendidly dramatized. The program was given on Sunday evening and was repeated yesterday.

It consisted of a recitation by Maurice Selick and a musical play entitled "Solomon's Dream," in which the cast of characters was as follows: Solomon, Morris Selick; Myer, Maurice Selick; Sara, Lillian Meltzer; Bessie, Helen Goldberg; Grandmother, Anna Kaplan; Snow Dove, Bertha Zaberma; Lillian Meltzer; Mildred Brown, Celina Jacobson; Bessie Lampert, Maurice Selick; Harry Selick, Frances Meltzer; Snow Girl, Frida Neiman; Sylvia Fine, Diana Meltzer; Annie Kaplan, Helen Goldberg; Sofia Zatzman, Sylvia Leonard; Snow Queen, Ada Goldberg.

"CASTING LOTS"

Following the intermission O. Mandelblatt gave a vocal solo and Leah Babo contributed a reading. A Purim play entitled "Casting Lots" was presented. Those taking part were as follows: Bertha Zaberma, Sylvia Leonard; Diana Meltzer, Sylvia Fine; Frida Neiman, Mildred Brown; Celina Jacobson, Bessie Lampert; Lillian Meltzer, Frances Meltzer and Ada Goldberg.

CITY LEVY GREATER

Calls For \$77,007 More Than
Last Year—Now Question of
Tax Rate

The total levy for the city of Saint John for 1926 has been made up by the Board of Assessors and calls for \$77,007.18 more than did the levy for 1925. Should the valuations be the same as last year this will mean a tax rate of about 10 cents on the \$100 higher than last year, when the rate was \$3.10 on each \$100 of valuation.

For 1926 the total levy is \$1,858,118, made up of \$1,404,041 for the city and \$454,077 for the county. In 1925 the total levy was \$1,780,705.87, made up of \$1,229,705.87 for the city and \$551,000 for the county.

SKULL FOR HOSPITAL

LONDON, March 2.—A man who lived 82 years after undergoing the exceedingly difficult and dangerous operation of trephining—making an opening in the skull for the relief of the brain—bequeathed his body to the pathological department of Guy's Hospital in his will.

The will, which disposes of property valued at \$160,000, states: "Possibly my skull and brain may be of interest to the museum."

Miss Poore Given
Welcome To Y.W.C.A.

Miss E. Poore, newly appointed girls' work secretary and house mother of the Y. W. C. A. who has come to Saint John from Quebec and is just taking up her duties here, was introduced to the members of the Y. W. C. A. at their third meeting held last evening at the Y. W. C. A. recreation centre, King street east, and was cordially greeted. The club met for supper after the regular gymnasium class. The supper was much enjoyed and was followed by a sing song led by Miss Eleanor Rice. Miss Vera Roberts presided at the meeting.

Nearly fifty officers set out to supper at the Garrison Officers' Mess last night at the regular monthly mess supper held at the Armoury.

After partaking of a substantial supper, the members listened to a very interesting talk on the Canadian Expedition to Siberia by Lieut.-Col. H. C. Sparling, D. S. O. Col. Sparling told of the object of the expedition by the Allies and then branched out into a tale of the hardships, the amusing side of the campaign and also gave a most comprehensive review of the different incidents, being an insight into the character and customs of the

Indigestion

When chronic, is best
relieved by Dr. Chase's
Kidney-Liver Pills.

In most cases, indigestion results from torpid liver and sluggish bowel action. Tablets for the stomach and aids to digestion fail in this chronic form of indigestion. You must get the filtering and excretory organs right before you can expect permanent relief and this is best accomplished by the use of Dr. Chase's Kidney-Liver Pills.

Chronic indigestion is a very common condition. On this account many suffer for years not realising that relief is at hand in the form of Dr. Chase's Kidney-Liver Pills. Headaches, biliousness, spots of constipation and diarrhoea are among the accompanying ailments. What a relief it would be to be free of this condition which makes one feel so miserable and it is so easy by using this well-known regulator of the liver, kidneys and bowels.

You'll Get Rid of
Blackheads Sure
There is one simple, safe, and sure way that never fails to get rid of blackheads that is to dissolve them. To do this, get two ounces of peroxide powder from any drug store—sprinkle a little heads brinky—wash the parts and you have disappeared. The blackheads, like the blackheads, no matter where they are, simply dissolve and disappear. Blackheads are a mixture of dust and dirt, and secretions that clog the pores of the skin. The peroxide powder and the water dissolve the blackheads so they wash right out, leaving the pores free and clean and in their natural condition.

WHAT CAN THE DEVIL SPEAK TRUE? THE person who sets himself up as a purveyor of truth needs to have Longfellow's challenge hurled at him constantly.

"No, I don't think I care for those theological stories," said the lady. "But this cardinal was a bird."

"I am not interested in the scandals of his private life," replied the young woman; and she walked.

MRS. (or Miss) Carter apparently agrees with Pascal: "We know the Truth, not only by reason, but also by instinct."

"This assertion, I believe to be in error. The heart is not to be trusted when truth is being sought. When we depend on the heart for truth, we get sentiment. Our heads are always being duped by our feelings."

"EVIDENTLY you use the word 'truth' in its most commonly accepted interpretation, namely, that which is opposite to or opposed to falsehood."

"But to the metaphysician, or to one whose spiritual unfoldment has reached a marked degree, truth has a far greater meaning and pertains to cause back of that intangible, undefinable thing we call Life."

Odds and Ends

Those Twinkling Knees

(Eastern Chronicle, New Glasgow) Dr. David Solom, principal of the Normal School, Truro, has issued an edict to the women students in his school that he is tired of looking at their twinkling knees on the forms in front of him, for five days of the week.

Have not women legs like other people, and does not everybody know it? Then why gasp and turn away at the sight of a knee? We remember of reading about a story of intelligents in London, among whom was a very great man. Someone told a story just a little bit risqué. One lady arose and founced out of the room; the others merely remarked: "Now we are all right; the woman in the company was she who has just walked out."

Perhaps nothing more clearly brings out the scope of the new measure than the simple statement that considerably more than a third of the 7,000,000 Americans who paid income taxes in 1924 will be exempt on their 1925 earnings.

The President says that increased prosperity will result from this tax relief, and that this prosperity will tend to increase government income beyond the present estimates, but he impresses upon Congress the necessity for doing its utmost to curtail expenditures. He expresses the opinion that further and steady reductions in the public debt are possible, and that as the debt is reduced further federal tax relief will be in order.

Canadians in most cities pay a civic income tax as well as a federal one, and some have to meet a provincial income tax as well. Naturally the already strong demand for a reduction of the federal income tax in Canada, and for the scaling down of other forms of taxation, will be augmented by the example set across the line.

THE Y. M. C. A. Preparations are being made for the annual drive for funds for the Y. M. C. A., and the President and directors have fixed \$5,500 as their objective and are looking forward confidently to receiving this measure of support from the public for an institution which does sterling and constant service to the community.

As most people are probably aware, by far the greater proportion of the 1,800 members of the Y. M. C. A. consists of boys in their teens, many of them from nine to twelve years, who can pay only a nominal fee. It is of the highest importance that these youngsters should have the training and the privileges which the institution affords while they are still very young, in order that they may be kept out of mischief and also enjoy the character-forming as well as the athletic benefits placed at their disposal through this organization.

From the very nature of the work embracing as it does chiefly boys in their teens, it is not possible to make the Y. M. C. A. self-sustaining financially, yet those who best know existing conditions and who are really ac-

GOVERNMENT OF CITY SUBJECT

W. F. Burditt and L. W. Simms Address Rotarians

Both Declare Co-ordination of Department and Concentration of Authority Necessary

Declaring that co-ordination of departments and concentration of authority were necessary in building an efficient city administration, W. F. Burditt and L. W. Simms, president of the Board of Trade, gave instructive addresses on civic affairs at the meeting of the Saint John Rotary Club yesterday.

The addresses were considered timely in view of the proposed changes in civic administration suggested in a resolution passed at a recent meeting of the citizens' committee.

Both Mr. Simms and Mr. Burditt are members of that committee, but the latter stated at the outset of his address yesterday that he did not propose to advise any special system of government.

He devoted his speech to an interesting description of the civic governmental systems of England, Germany, France, the United States and Canada.

ENGLISH TOWNS. English towns, Mr. Burditt said, were among the best governed in the world. Councillors in that country were elected on the ward system by the people at large.

The elected councillors chose the aldermanic body, and the council as a whole selected the Mayor. The latter was chosen from the ranks of the aldermen and the office was usually regarded as a reward for services in civic affairs.

This system, the speaker continued, tended to stability and efficient government. The departmental heads were all expert men in their various offices, and a point of interest was that neither councillors nor aldermen received any remuneration. The Mayor, however, usually received an honorarium.

OTHER SYSTEMS DESCRIBED. Mr. Burditt then went on to describe the systems used in France, the United States and Germany. In the latter country the burgomaster, a highly trained official in civic administration, was closely allied to the city manager as known on this side of the Atlantic.

In Canada, said Mr. Burditt, we followed closely the English system. He referred to the disadvantages of the system formerly in vogue in Saint John, especially in regard to the unsatisfactory overlapping and working of committees. The board of control, he said, was inaugurated in New York and was quickly adopted by many other cities both in the United States and Canada.

The experience here, he believed, was that while the board of control system worked well in many respects, it had its drawbacks in the lack of harmony often manifested between the board of control and the council.

CITY MANAGER PLAN. Under the city manager plan, Mr. Burditt said, this official was usually appointed by the council while the departmental officials were appointed by the council on the recommendation of the city manager. The Mayor could be elected by the city at large or by the council, but usually the Mayor was elected by the people.

Summing up his description of the various systems, Mr. Burditt declared that the main lesson in building an efficient civic administration was concentration of responsibility, co-ordination of departments and the continuity of service and policy of the council.

MR. SIMMS HEAD. In opening his address, Mr. Simms declared that civic government was not a matter of sentiment, but merely a matter of business. A city, he said, should be run on business lines. There was no particular menace in the present system and hurry demanded in making a change. He believed, however, that there was room for improvement.

The prime motive of the movement toward a change, the speaker contended, was to remove certain disabilities of the present system, reduce expenditures and create a better co-ordination in the civic affairs of Saint John.

MATTER OF BUSINESS. The speaker made it plain that he designed to arrive at the simplest and most effective form of running the city. The change now being advocated was based on sound business principles that would make both economy and efficiency effective.

The speaker made it plain that the adoption of the city manager plan would call for careful selection and the employment of a man of outstanding ability as an administrator of civic business.

He declared that the proposed change aimed to co-ordinate authority and conserve the time of busy business men; to give a better opportunity of attracting good men by making offices more remunerative, and making it less difficult for the best men of the community in the matter of campaigning during an election.

ECZEMA HEALED BY THIS SULPHUR

Any breaking out of the skin, even fiery, itching eczema, can be quickly overcome by using Mentho-Sulphur, declares a noted skin specialist.

Because of its germ destroying properties, this sulphur preparation instantly brings case after case of eczema from skin irritation, soothes and heals the eczema right up and leaves the skin clear and smooth.

It seldom fails to relieve the torment without delay. You can obtain a jar of Mentho-Sulphur from any good druggist.

Injured in Mill Opposite Chatham

CHATHAM, March 1.—John Keoughan, of Millbrook, employee of the Fraser Co. at the pulp mill opposite Chatham, received severe injuries on Saturday when he was thrown against a shaft after his clothing had become entangled. The injured man was rushed to the Hotel Dieu Hospital where medical attention was given. It was found that his knee was badly lacerated and several ribs were crushed.

SPILLERS TO SELL ONE OF CONCERNS

Approve Draft Agreement in Albert-Pacific Grain Co. Disposal

Canadian Press Despatch. LONDON, March 1.—Spillers Overseas Industries which are controlled by Spillers Milling and Associated Industries, inform the Canadian Press that they have approved a draft agreement with certain Canadian interests for the sale of assets of the Alberta Pacific Grain Company in which Spillers hold 51 per cent of the shares. The purchase price is not stated.

The Spillers firm state that they have not sold their other interests in Canada, comprising the terminal elevator and flour mill at Vancouver and also the mill in course of erection at Calgary, but it is believed negotiations are in progress regarding the sale of the Vancouver elevator.

It is definitely stated, however, that the Spillers flour milling program in Canada is unchanged. The contract for the machinery for the new mill at Calgary is already placed and the completion of the mill will be pushed forward this summer.

It was rumored last week that Spillers Overseas Industries and the Alberta Pacific Grain Company had been sold to a British syndicate for \$8,000,000, but Spillers' headquarters here declined to make any statement at the time.

ANGLICAN FUSION PLAN PUT FORWARD

Toronto Vicar Sees Way to Arrange Union With United Church

Canadian Press Despatch. TORONTO, March 1.—A practical plan for the union of the Anglican Church and the United Church of Canada is put forward by Rev. F. C. Ward-White, vicar of St. Alban's Cathedral. The one objection, according to Mr. Ward-White, is that the Anglican doctrine of apostolic succession and its consequent holding to episcopal ordination.

The vicar of St. Alban's suggests that it should be possible for the United Church and the Anglicans to come together on common ground, the Anglicans to accept as valid the ordination of ministers of the United Church up to an agreed date, after which the churches may come together in practical unity all ministers then to receive episcopal ordination.

Colds Are Not Necessary Evils

Observance of One Fundamental Rule of Health Protects Against Them

Whether one catches cold easily is largely a question of physical condition. If the general vitality is low, resistance to disease is weak and at such a time a cold is easy to contract and difficult to check.

Constipation is frequently the cause of such a state of health, with its attendant listlessness, biliousness, headaches and general lack of vitality. Poisons from the waste matter that remains behind after irregular bowel elimination are picked up by the blood and carried to every part of the body. They weaken your resistance to disease.

Thousands of people who have suffered from self-poisoning in this way have found that Nujol, the internal lubricant makes bowel elimination sure and easy.

Nujol softens the waste matter and permits thorough and regular elimination without overtaxing the intestinal muscles. Nujol can be taken for any length of time with no ill effects. If you take cold easily, ask your druggist for Nujol to-day, and remember, look for the name "Nujol" in red on both bottle and package.

OIL SHARES NOW PROVE OF VALUE

Calgary Man Cashes In On Some Used For Wall Paper

Hundreds of Certificates From Oil Boom of 1912 in Hotel Man's Possession

Romances of riches returning are now being told as the activities in oil development in the Southern Alberta field begin almost daily to increase, says the Calgary Herald, but one of the most outstanding these experiences, perhaps, is that of W. J. Stokes, proprietor of the Empire Hotel, Calgary, who in early days of the 1914 oil boom was one of the most prominent investors. When the oil boom became the possessor, virtually, of thousands of oil stock certificates, which were soon afterward declared worthless. For more than a dozen years he has shown his friends a peculiar suite of rooms, the walls and ceilings of which he had papered with stock certificates—an expensive and ironical souvenir of one of the greatest oil boom fiascos ever experienced on the North American continent.

VALUE IS RENEWED. After 12 years of waiting, Mr. Stokes awoke one morning recently to find that new developments in the Turner Valley oil field, together with the merging of several of the old companies under new charters, had brought renewed value to his wall-papered certificates. Investigation proved that some of the stocks formerly declared worthless could now be exchanged for the equivalent of \$2,000 in royalty shares. Others, it was found, could be exchanged for approximately \$1,500 worth of other types of stocks. Mr. Stokes, therefore, removed large numbers of his certificates from his walls and has proceeded to cash in.

BALDS DESTROYED. Interviewed, Mr. Stokes declared that the rooms now papered with the certificates represented only a portion of the shares he had originally possessed, because bales of them were destroyed in a fire which gutted the hotel a few years ago.

When the new hotel was built, the certificates which now adorn the walls were saved from the flames because they were deposited in an old safe, but even with the losses he had sustained there still remained sufficient certificates to paper the walls and ceilings of two fairly large rooms. One certificate of McDougall secured when taken from the wall sold for \$1,000 and 1,000 shares of Acme were turned over at a value of 15 cents each. In addition to these, 800 shares of the old Dome, Mount Stephen, Millarville and the United, found varying values on the old brokers' market.

Bathurst Council, K. C., Initiate 27

BATHURST, March 1.—Bathurst Council of the Knights of Columbus held an exemplification of the first and second degrees in the council chambers last evening. A class of twenty-seven took their degrees. There was a full attendance of the members of the council and visiting knights from outside points. Following the exemplification of the degrees a reception was held, the new members were introduced and light refreshments served.

European Tour For Montreal K. of C.

MONTREAL, March 2.—There has been a special tour and itinerary planned for the Montreal Council of the Knights of Columbus, and their friends, which is to cover a period of 84 days and will commence on July 7 with the departure of the White Star liner Regina from Montreal.

The Pilgrimage to Europe, as it has been called, is to be under the spiritual direction of the Rev. Father Thomas Hefferman, and will include visits to all the most interesting localities in Ireland, England, France, Italy, Switzerland, Germany, Belgium and Scotland that it is possible to see during the forty days that the tourists will be in Europe.

Mr. Hefferman, who is a member of the Montreal Council, is a native of Ireland, and has spent several years in Europe. He is a member of the Knights of Columbus, and is a member of the Regina from Montreal.

CUBA TO PREVENT ESCAPE OF BANDIT

Soldiers to Guard "Arroyito" When He Goes to Testify in Oriente Court

HAVANA, March 2.—When Ramon Arroyo, better known as "Arroyito," Cuba's "Robin Hood," goes to the town of Oriente, at the other end of the island, in March, to testify in a court action there, extensive precautions will be taken to make sure that this most romantic bandit does not escape.

In granting the Oriente court's request that "Arroyito" be allowed to testify there, the government imposed the condition that extraordinary measures be taken to guard against his making a break for freedom. A special guard of soldiers will accompany Arroyo when he departs on March 14.

Arroyo has been captured a number of times, but until several years ago, when he was placed in the Castillo del Principe prison, which is situated on a high hill in a suburb of Havana and is practically escape-proof, he always had managed to gain his freedom. On one occasion, the bandit's confederates blew a side of the jail off with dynamite and Arroyo emerged to find a saddled horse waiting for him.

Arroyo has been hailed as a true folk hero by the natives.

Freshen Up! Nicest Laxative, "Cascarets" 10c

Don't stay head-achy, bilious, constipated, sick! Take one or two "Cascarets" any time to mildly stimulate your liver and start your bowels. Then you will feel fine, your head become clear, stomach sweet, tongue pink and skin rosy.

lower of Robin Hood. His reputation is that of one who robs the rich to aid the poor, innumerable stories of his action on his part being in circulation among the natives.

Charles A. Biala, assistant mechanic, jumped through a window and shut off the power valves, thereby forestalling the danger from bursting boilers. The engine to which the wheel was attached was destroyed and partitions in the building were flattened a distance of 75 yards. The damage is estimated at \$7,500.

FLY-WHEEL BURSTS

Wrecks Large Part of American Woolen Plant at Webster, Mass.

WEBSTER, Mass., March 1.—A fly-wheel, 20 feet in diameter and weighing 12 tons, burst at the plant of the American Woolen Company here, wrecking the engine room and two adjoining buildings. As a result 60 per cent of the plant was forced to shut down. No one was injured.

POWER FROM ARTICHOKE. LONDON, March 1.—Lord Asquith, speaking at the Macabean's dinner at the Hotel Great Central, London, said he had just obtained a blue-book on the report of the Privy Council Committee on Research.

"I did not know until then," he said, "that the government had purchased 26 acres of land to discover if the supply of petrol should fall, the amount of power to be got out of various plants. The bestroot and the mangle had been tried, but the best results had been obtained from the Jerusalem artichoke."

Why Shouldn't Women Have the Right to Pick Out Their Husbands Openly?—The Working Girl and Her Money-Borrowing Fiance— That Twenty-three-Year Difference Between Husband and Wife.

DEAR DOROTHY DIX—I am very much in love with a man, but I know in my heart of hearts that he does not give me a thought beyond friendship. This world was surely made for men, Miss Dix. If a man loves a girl he at least has a chance of winning her, but a girl must sit back and watch another girl come along and take the man she loves.

ANSWER: I agree with you, Nance, that there is nothing else in the world so unfair and so unreasonable as the convention that prevents a woman from openly seeking the man she wants for a mate.

As you say, when a man falls in love with a girl he can at least try to win her. He can attempt to "sell himself" as they say in business, to her. He can bring himself to her notice. He can tell her of his affection, and love begets love. He can tell her what he has to offer her and try to make her see that she would be happy as his wife.

But the poor girl in love can do none of these things. If she shows the man any attention, people accuse her of running after him and it scares him off. And if she should summon up enough courage to pop the question, she would frighten him so that he would either drop dead of the shock or else say "No" in a panic, for fear some woman was marrying him against his will.

Yet there would be many more happy marriages than there are now if women could take the initiative in love-making, for women have more discernment in matters of the heart than men have and would make better and wiser choices. You would never find a highly intelligent, educated woman picking out a feeble-minded boy for a husband, for instance, just because he had eyes like a dying cat. Nor would you find many rich old women marrying college boys in the belief that they had inspired a passion in the jellybeans' hearts.

Yes, there would be many more happy marriages if women could do the courting, because all that many a man needs is just to have the matrimonial matter put up to him in the right light to make him see what a suitable wife some woman would make for him of whom he never thinks himself.

Think what it would mean if some middle-aged woman, with an unsatisfied mother yearning in her heart, could go to a widower with many children and say to him: "I am the woman you need for a wife. Marry me and let me mother your little ones and I will make you a happy and comfortable home and bring up your children to be fine men and women, whereas you will be perfectly miserable and the children and their step-mother will be in a perpetual fight if you marry that flapper you are thinking of."

Suppose the lonely old maid could go to the lonely old bachelor and say, "Come on, let's get married. We like the same things. We have the same interests. I am a good cook and just long to get up good meals for a man who would enjoy them. Let's pool our loneliness and make a twosome of it and set up a home."

Suppose the rich woman could say to the poor man, "I love you. I have stacks of money that brings me no happiness. Marry me and let me set you up in business and save you from the years of hardship that are killing you. Let's get married and enjoy life together."

Don't you believe that these men would be glad enough to say "Yes"? Men say these things to women every day. Why shouldn't women say them to men? Why shouldn't women have the right to pick out the men they want for husbands? It makes a lot more difference to a woman whom she marries than it does to a man, because she is always so much more married than he is.

Twenty years from now we shall have equal sentimental rights, and it will be just as much a commonplace for a woman to pop the question as it is now for her to vote. And nobody will think it any more unwomanly.

DEAR MISS DIX—What would you do if your fiance made \$240 a month and you made \$100, and he continually borrowed money from you and never mentioned paying it back? Every week the young man to whom I am engaged comes to me and tells me that he has overdrawn his bank account and asks me for money. This nearly worries me to death. Don't you think that if he worries me this much before marriage, that I will have some real worries after marriage?

ANSWER: I certainly do, Constance. I think that after marriage you will have troubles aplenty, and that you will in all probability have to support your husband.

It seems to me that any man who will wheedle the hard-earned money out of a working girl is just about as contemptible a grafter as you can find in the length and breadth of the land, and the fact that he uses her love for him to make his touch is all the more dastardly. He might, at least, hold up another man.

Between the man who borrows money that he never even tries to repay, and that he could repay by making a sacrifice of some of his expensive tastes and habits, and the man who picks your pocket there is no difference. One is just as dishonest as the other. One robs you just as much as the other, and, if anything, the professional thief is a more honest man because he does not pretend to be your friend.

If your fiance were sick and unable to work and in need, you would be justified in giving him your last penny, but when he is well and strong and earning more than twice what you are, you are a foolish, weak, easy mark to give him a cent. Certainly it is a poor prospect of happiness that he holds out for your future, for if he cannot live on his salary as a single man how can he expect to do so as a married man?

The old adage says that if you lend a friend money you lose both your money and your friend. This goes double when a woman lends money to a man. Nothing kills a man's affection for a woman and makes him hate her so quickly as owing her money.

DEAR MISS DIX—You are wrong in saying that twenty-three years is too much difference between the age of a husband and a wife. When a girl marries she wants to settle down, and she does not expect to go to parties and places of amusement, and she is glad to have a husband who is tired of running around and who wants to stay at home at nights.

ANSWER: Alas, John, I fear you know little of the modern woman. Not many of them are ready to be nothing but fire-side companions as soon as they are married. They still want to jazz and go around a bit, and no complaint is made more frequently than that they have stuck-in-the-mud husbands who will not take them out at all.

And if this is true when they marry young men, how much worse must it be when they marry men who have had their fling and who cannot realize that their young wives want also to have a bite at the cakes and ale of which they have eaten their fill! DOROTHY DIX.

ADVENTURES of the TWINS by OLIVE ROBERTS BARTON

THE TWINS MEET HICKYDOO When Jupe and the Twins got safely over the hill in their automobile, Jupe put his foot on the brake and stopped the car. "Whew! That was a close shave!" he exclaimed. "Nancy shivered. 'Don't talk about shaving, please!' she begged. 'That is what started all the trouble. Blue Whiskers got mad when the bear told him he didn't need a shaving brush.' 'That's right,' said Jupe. 'And do you know, that bear has been prime minister and chief cook and bottle-washer of the Land of the Blue Cherry for over a hundred years. That's gratitude for you.' 'What shall we do now?' asked Nick. Jupe thought for a minute. 'Then he said, 'Let's go and ask Hickydoo. He'll know. There is one thing that we have to be thankful for, however! You can talk again. Blue Whiskers removed the spell so you could tell him some stories, and then he forgot to twist your tongues again.' 'That's right,' said Nancy. 'Where does Hickydoo live?' 'Right here,' said a voice, and, turning quickly, the twins beheld the queerest looking person they had ever seen. He was made of wood and as square as a block. His head was square and his body was square and his arms and legs and feet were square. 'Why, hello there, Hickydoo!' cried Jupe. 'I didn't see you.' 'I just came,' said Hickydoo. 'I was over on the other side of the world when I heard you speak my name. So I came at once.' 'But how did you get here so quick-

"I know where the Truffle Hunter lives," said Jupe. "Jump in, Twins." "Please close the drawer first, and put back the papers as you found them," said Hickydoo. "Otherwise I get mixed up in my index." "That's a funny name for his stomach," whispered Nick to the others, and they all laughed. "But the instant he put the papers back and pushed the drawer into place, Hickydoo vanished. All they could see was a little cloud of dust. To Be Continued

SEE-SAWING UP AND DOWN BROADWAY

SEE-SAWING up and down Broadway he beheld Rebecca West, England's most brilliant young woman and one of the loveliest. And she was mopping her eyes just like the rest of us at the opening of "The Wisdom Tooth." So little is her real name known that Miss West arrived in New York without a single reporter suspecting her identity. They tell me that she lifted the pen name "Rebecca West" from the character in Ibsen's "Rosmersholm." She played the role at 17. They also tell me she will supply Margaret Anglin with a new play. FOUR CHAPTERS OF I. O. D. E. MEET

Brunswick, Loyalist, Royal Arms and Seven Seas in Session

Plans For 1926 Are Discussed and Social Hour is Enjoyed

The March meetings of four of the primary chapters of the Imperial Order, Daughters of the Empire, were held yesterday. Plans were made for the activities of the new year. Brunswick chapter met in the afternoon at the residence of Mrs. J. H. Barton, in West Saint John, and in the absence of the regent, Mrs. J. William Hart, the vice-regent, Mrs. Herbert Mayes presided. It was decided to increase the contribution towards the salary of Victorian order nurses to \$200 a year and to give 15 per cent of the net earnings of the year to the I. O. D. E. war memorial fund as was done last year. Reports were received of the Monday sewing meetings which are being held during the Lenten season to make garments for the V. O. N. to use in work among the city poor. After the business of the meeting a social hour was enjoyed, when the hostesses were Mrs. J. H. Barton, Mrs. Fred Lewis and Miss Jennie Clark.

LOYALIST CHAPTER.
Mrs. J. Royden Thomson, the recently elected regent, presided at the meeting of Loyalist Temple held at the residence of Mrs. D. W. Ledingham, Mount Pleasant last evening.

The chapter voted to give the customary school prizes for history on Empire Day or at the school closing. Lenten sewing was distributed and members will make garments for the relief work of the Red Cross and the Victorian Order of Nurses and for the children of the British street home of the New Brunswick Protestant Orphanage.

Plans for entertaining the delegates to the meeting of the National Chapter of the I. O. D. E. in Saint John in June were discussed.

SEVEN SEAS CHAPTER.
The meeting of Seven Seas Chapter was held at the home of Miss Edna Dimon, Waterloo street, with Mrs. Everett Hunt, the regent, and Mrs. Douglas White gave a splendid address on the League of Nations which was greatly appreciated. It was decided to hold a series of small bridges the first of which will take place some time towards the end of this month. A committee was appointed to take

A VERITABLE RESURRECTION

Brought About By Kellogg's ALL-BRAN

"I didn't 'Go West' in France, but I came home to Canada carrying my death warrant, the doctor declared. I weighed exactly 120 pounds—not much for a six-footer. Look at me now! Just 185, and as hard as nails."

The speaker (name if requested), a young Canadian from Victoria, B.C., who had served overseas with the Royal Flying Corps, had returned in 1918 a mere shadow of a man. His mother despaired of his life and he, himself, felt that he had come home to die.

His uncle, a prominent doctor, suggested Kellogg's ALL-BRAN, and he decided to give it a trial. In one month he felt better. He persevered, and in three months was back at his position, healthy and happy.

Kellogg's ALL-BRAN will relieve constipation; relieve it permanently if used regularly. Eat at least two tablespoons daily—in chronic cases with every meal. Only ALL-BRAN can conquer constipation.

Made in London, Canada, and sold by all dealers.

charge of a rummage sale to be held on March 27.

At the meeting the members were busy sewing garments for the Y. O. N. relief work and they will continue to sew for this purpose throughout Lent.

ROYAL ARMS CHAPTER.
The meeting of Royal Arms Chapter was held at the home of Mrs. F. Z. Fowler, Charlotte street, with Mrs. Norman Gregory, the regent, in the chair. Arrangements were made for relief work of the Red Cross and the Victorian Order of Nurses and for the children of the British street home of the New Brunswick Protestant Orphanage.

Team Captains Prepare For Campaign to Raise \$8,500 For Work

Preparatory to the launching of the annual financial campaign of the Y. M. C. A. to raise funds to carry on the work of the association, a meeting of the captains of the teams of canvassers was held last night at the Y. M. C. A. building with T. E. Simpson, chairman of the finance committee, presiding.

The objective in the drive will be \$8,500 this year, the same as it has been for the last three years. The campaign will be launched on March 10 and on the preceding evening all of the canvassers will be entertained at a banquet at the "y" when L. A. Buckley, National Boys' Work Secretary, will be the special speaker.

The city has been divided into ten districts for the purpose of the drive and the canvassing in each district will be in charge of a captain and a corps of workers.

The captains are as follows: R. S. Stephenson, Harold MacKinnon, Alfred Stephenson, Harold Vincent, H. B. Crouse, S. E. Fisher, A. H. Chipman, F. N. Myres, R. C. Holt and P. L. Webb.

In addition to the captains and Mr. Simpson there were present last night W. R. Pearce, president of the Y. M. C. A., F. T. Barbour and J. E. Angvine.

The plans for the campaign were outlined and the general preliminary for the campaign were arranged for.

PLAN FOR MEETING.
Plans for the annual meeting to be held next month were made at the meeting of the Alumnae of the General Public Hospital held last night in the nurses' home with Mrs. A. O. Burnham, president, in the chair. After a short business session a social evening was enjoyed.

Social Notes of Interest

Mr. and Mrs. Douglas White entertained at a very enjoyable tea over the week-end at their residence, Wentworth street, in honor of Miss Aileen Morrison, whose marriage to Mr. Donald Phin, of Hamilton, Ont., is to take place on Saturday in Knox church. Mrs. Daniel Mullin, presided at the artistically arranged tea table, which was centered with daffodils and tulips.

Weddings

Rafford-Casson.
The marriage of Miss Constance Marjory Casson, daughter of Mr. and Mrs. Samuel H. Casson, of Bradford, England, and Vernon Rafford, of Manchester, N. H., son of Mr. and Mrs. William R. Rafford, of England, was solemnized at St. David's church yesterday afternoon at 2:30. Rev. Hugh Miller, minister of the church officiated and the ceremony was witnessed by a few friends. The bride arrived in the city on the Metagama. Mr. and Mrs. Rafford left on the evening train for Manchester, N. H., where they will reside.

Day-McLean.
ST. STEPHEN, March 1.—A very pretty wedding was solemnized this afternoon at the home of Mr. and Mrs. C. E. Mills when Miss Pearl McLean, of St. Stephen, became the bride of Alexander Day, of Saint John. The ceremony was performed by Rev. Dr. W. C. Goucher, of St. Stephen. The bride wore a very pretty dress of silk canton crepe with bead trimming. The bridal pair were supported by Mr. and Mrs. C. E. Mills and the guests at the wedding were near friends and relatives. They included the bride's sister, Mrs. Ralph Craig, of Fredericton, and the groom's daughter, Miss Rita Day, of Saint John. The music at the ceremony was furnished by Mrs. Yardley, of St. Stephen. A dainty luncheon was served afterwards and Mr. and Mrs. Day left by train for their future home in Saint John. They received many beautiful presents. The groom's present to the bride was a handsome Hudson seal coat with squirrel trimmings. Many friends extended hearty good wishes for the future happiness of the bride and groom.

Mrs. G. A. Maguire was the hostess at a charmingly arranged bridge of five tables at her residence, 248 Germal street, on Thursday afternoon. The drawing room was adorned with clusters of spring flowers in yellow vases. The fortunate prize winners were Mrs. John C. Earle, Mrs. H. J. Machum and Mrs. William H. Milne. At the tea hour Mrs. Gordon Krebs presided and was assisted by Mrs. Joseph Haman and Miss Agar.

Mrs. William Vassie, Jr., is the guest of relatives at Ottawa.

Mrs. Harry Allison, of Calgary, is the guest of Mr. and Mrs. H. A. Powell, Queen square.

Mr. and Mrs. Roy L. Lewis and young daughter, Valere, have returned to their home in Montreal after spending a week the guests of Mrs. Lewis' parents, Mr. and Mrs. Charles Nevins, Princess street.

Mrs. Archibald Sutherland, of Chippman, who was operated upon at the General Public Hospital on Saturday, is reported as resting comfortably. Rev. Mr. Sutherland is a visitor in the city, while Mrs. Sutherland is in the hospital.

Mrs. A. Slatow and Mrs. B. Kunitzky were hostesses at a delightful tea and bridge at the Admiral Beatty hotel on Saturday afternoon in honor of Miss Kittieff, of Yarmouth, N. S., whose marriage is to take place in the near future. The afternoon was spent most enjoyably. Among those present were Miss Kittieff, Mrs. A. Lesser, Mrs. A. Hart, Mrs. L. Lacey, Mrs. B. J. Goldman, Mrs. R. Webber, Mrs. D. Kunitzky, Mrs. J. Stein, Mrs. C. J. Bessies, Mrs. F. Boyaner, Mrs. B. Miller, Mrs. Leo Gilbert, Mrs. H. Green, Mrs. M. Bernstein, Miss A. Amdur and Miss Parker.

On account of the development of chickenpox in her home, Mrs. Herman S. Robinson, Main street, Fairville, was obliged to cancel a children's party, which she had planned for Saturday afternoon in honor of her little daughter, Vida, the occasion being her sixth birthday. Although unable to enjoy the party little Vida was presented with many gifts which included several gold pieces from her grandfather, Mr. William S. Robinson, and an illuminated cake which had been prepared for the honored guest and her little friends.

Mrs. H. A. Campbell entertained many nice gifts from her little friends. A party time was spent in games and music. Prizes for contest games were won by Dorothy Donner, Florence Donner, Elizabeth Smith, Christine Gray, Kenneth Edwards, Morris Smith, Clifford Bent and Laurence Conners, Christina Gray, Elizabeth

Women Tell

Others how this new hygienic pad discards easily as tissue—no laundry

BECAUSE one woman so advises others, and because doctors so urge, most women are deserting the old-time "sanitary pad" for a new and better way.

Eight in 10 better-class women now use "KOTEX."

Discards as easily as a piece of tissue. No laundry. No embarrassment.

Free times as absorbent as ordinary cotton pads.

Deodorizes, thus ending ALL danger of offending.

Obtainable at all drug and department stores simply by saying "KOTEX." You ask for it without hesitancy.

Package of 12 costs only a few cents. Proves old ways a needless risk. In fairness to yourself, try it.

New Airplane Flies 180 Miles An Hour

LONDON, March 2 - An aeroplane which is claimed to be the fastest fighter jet constructed in this country, is shortly to undergo its tests - probably at the hands of Mr. Bert Hinkler. The "Flying Bullet" as it has been called has been designed and constructed privately by A. V. Roe. It is fitted with a direct drive Napier Lion engine, and has a speed when carrying the full military load at between 170 and 180 miles an hour. It has been built in London, but the tests will probably be carried out at a remote flying ground on the south-west coast. So far the Air Ministry have had no part in the development of this machine, but it is likely, if the preliminary trials are successful, that it will be offered to the Ministry.

TRADING IS DULL ON MONTREAL MARKET

Prices Irregular; Breweries Most Prominent, Losing 1-1.8 During Night

Canadian Press

NEW YORK, March 2.—Liquidation of impaired marginal accounts carried prices irregularly lower, at the opening of today's stock market. Colored States East Iron Pipe broke 3 1/2 points on the first sale, Childs Company 2 1/2, and Reading, Missouri Pacific preferred. Allied Chemical, American Can (old stock), and North American Company, yielded a point or more. American Brake Shoe and Foundry opened a point higher, and U. S. Steel common, Dodge Bros., Hudson and Anacosta improved fractionally on initial sales.

IN MONTREAL

MONTREAL, March 2.—Trading during the first hour on the local exchange this morning was inactive and prices were irregular. National Breweries was the most prominent and came out with an overnight loss of 1 1/4 at 4 1/2. Brazilian Traction was steady at 9 1/2, and Consolidated Smelters sold up 1/2 at 24 1/2.

INGLEWOOD CASE NEARS FLUSH AFTER YEARS

P. J. Hughes Concludes Argument Before Judge LeBlanc

MR. MONTGOMERY HEARD FOR COMPANY

F. R. Taylor Yet To Address Court—Matter of Damages

The end of the long-drawn-out arbitration proceedings before Mr. Justice LeBlanc of the Inglewood Pulp and Paper Co., Ltd., claim of nearly \$800,000 against the New Brunswick Electric Power Commission for expropriation in connection with the Musquash hydro development appears in sight now with the argument by company's counsel being heard by the judge.

The tender of \$800,000 by the commission for the holdings having been rejected several years ago, the compensation adjustment first went before the late Mr. Justice Chandler, and then before his successor, Judge LeBlanc. The case has been postponed time and again over a period of years, but the end should be reached either late this afternoon or tomorrow morning.

YESTERDAY AFTERNOON

In opening his argument Mr. Hughes, for the commission, said 1.5 cents, the lowest figure that could be hoped for from the water power plant, and that it was shown that a steam plant could be built at reasonable cost to produce 28,000,000 k. w. hr. at approximately 1.35 cents. He said no one had ever heard of a site like the Musquash selling at anything like the figure asked in this case. In the matter of the claim of fishing privileges destroyed, he said there were never any salt water salmon in the Musquash. The presentation of this feature by the claimants had been a matter of "ifs." He also spoke against the claim that the company's land could be used as a life-time. He thought the engineer's valuation of \$2.50 an acre was high, and said \$1 would be nearer the mark. Judge LeBlanc said he did not think he could go below the amount which had been offered.

THIS MORNING

Continuing his argument this morning, Mr. Hughes treated of the evidence given by S. R. Weston, chief engineer, whereof the declared some 3,500 acres of the company's holdings had been flooded. Other lands amounted to 2,738 acres. As counsel had said yesterday there was no possibility of development without acquiring a considerable part of crown land territory by the Inglewood Company through flooding, and Mr. Hughes declared, this was not secured by the company, whereof the company's holdings granted them could not be based on any hope, expectation or chance of acquiring rights to the land, and Mr. Hughes cited several cases to support his argument. To assess values on special adaptability, counsel said, necessitated proof of market value, and the company would have to show a possible purchaser.

VALUES OF 1920

The company, he contended, had never received an offer for their lands as a power site and their case depended on the possibility of a market. There was no evidence of a market, Mr. Hughes said, and only values of 1920 should be considered in arriving at compensation.

In this case, his learned friends were pushing their hopes to a tremendous extent, particularly in the matter of their holdings being a valuable lumber site 75 years hence. This was purely a hope about which there was no definite evidence.

Under the act, an independent land surveyor went on the land and looked it over and made his report but the commission, he said, was not informed of how this assessment was compiled. This independent report was made by G. G. Murdoch and though the commission held it had placed a greatly enhanced value on the land, damages by severance, flooding of roads, etc., had the company accepted that valuation, the commission would be forced to pay it.

SAYS VALUE NOMINAL

Mr. Murdoch's figure was \$35,000 but the company had declined to accept that, Mr. Hughes said. The lands, he declared, were only of a nominal value, being wilderness lands, bringing in no revenue and being an expense rather than an advantage. There was no immediate likelihood of it ever being a fishing resort and, so far as valuation was concerned, one dollar an acre would be a generous offer.

Figuring on this basis, the company would be entitled to about \$8,000 or \$9,000. The lands carried with them their alleged use of water-power rights and Mr. Acres had mentioned some amount of \$10,000. Mr. Hughes said the company was claiming interest. He cited cases to show this should not apply.

FOR THE COMPANY.

G. H. Montgomery, K. C., Montreal, opened the argument for the Inglewood Pulp and Paper Co., following Mr. Hughes, K. C.

Mr. Montgomery went exhaustively into the leading legal questions and principles involved respecting the water power rights.

MR. MONTGOMERY SPEAKS.

Before opening argument he said he would like to express his appreciation of the many courtesies extended by Judge LeBlanc and opposing counsel.

Mr. Montgomery declared that all the potentialities of the holdings should be considered in arriving at compensation and that it was not necessary for the company to name possible purchasers and the prices they would be willing to pay for it, as contended by opposing counsel. Mr. Montgomery was speaking when adjournment was made.

F. R. Taylor, K. C., is also to be heard and then Mr. Hughes in rebuttal.

ORDER PAPER SHOWS MEMBERS' ANXIETY

Baldwin Promises More Information on Matter Later in Week

Canadian Press Cable.

LONDON, March 2.—The Marquess of Hartington, Conservative member for West Derbyshire, asked in the House of Commons yesterday whether any communications had been received from the dominions expressing their views in regard to the proposed increase in permanent membership of the council of the League of Nations.

Lieut.-Col. L. C. Amery, secretary for the Dominion affairs, replied that it was impossible for him to make a statement as to the nature of such communications which were of a confidential character.

ASKS CORRESPONDENCE

J. H. Thomas (Labour, Derby), requested that the correspondence be submitted to the House before any debate on the subject of the enlargement of the council took place.

Col. Amery said he was uncertain that he would be able to do it. It would largely depend on the views of the governments concerned.

Mr. Thomas asked if it were not essential that the house know exactly the dominion viewpoint before the debate, but Col. Amery made no reply.

MEMBERS ANXIOUS

The members' anxiety in regard to the League Council issue is reflected in the questions on the order paper. Three Liberals and one Conservative are asking whether a decision has been reached in regard to the instructions to be given Sir Austen Chamberlain and whether the dominions will be consulted before Great Britain is committed to any change. In a joint reply, Premier Stanley Baldwin requested that the house await the statement he hoped to make later in the week, probably March 4.

Ramsay MacDonald, leader of the Labour party, requested that the Premier make his statement on March 3, and Mr. Baldwin promised to do his best.

Miss Edwards cleverly handled the role of Adela La Monte, notorious film star, who was sacrificing everything that her younger sister might be properly brought up. Paul Lent made a very satisfactory Willis Henderson. Charles T. Smith as Ed. Griffith, movie director, lived the part. Miss Grand delightfully portrayed the part of Mary Smith. Carleton Plunkett cleverly portrayed Carl Van Rider. Lawrence Hayes was very satisfactory as Adela La Monte's business manager. Miss Peggy Downes, as Clarice Bonhomme, gave a very clever portrayal, and Roy Mitchell made a good hotel manager. Walter Sorville afforded much humor as the servant always looking for tips. Although the entire cast excellently enacted their roles.

There were many recalls, particularly for the "novelty orchestra." The pep and vim and spirit of the musicians put it over in good style. Charles T. Smith, manager of the company, announced in a speech before the curtain that the company had one aim—to please the public. The band would play any number the public wanted. Clean fun and plenty of it was the company's plan.

The reception tendered the Mac Edwards Players on their first day in Saint John would indicate that their Halifax record might even be broken. It is a good clean show, well presented, with a full measure of laughter and a splendid line-up of novel vaudeville offerings.

All Pain in 3 Short Seconds

Long-standing case of rheumatism helped in a few hours

After having suffered with rheumatism for years, and tried all kinds of remedies in vain, thousands of people have at last found a way to get quick, sure relief.

"I have been a sufferer from rheumatism for years," writes one woman from Washington, D. C. "At times my hands are terribly swollen. Sloan's always gives me relief in a very short time. I have tried other liniments, but nothing equals Sloan's."

The marvelous effectiveness of Sloan's is due to its stimulating effect upon the circulation. Straight to the sick, aching tissues, it sends a healing tide of fresh new blood—clears out rheumatism germs—kills pain.

So pleasant and clean to use, too. You don't even have to rub. Just put it on gently and you will get immediate results. All druggists—35 cents.

EASTERN CHAMPIONSHIP BASKETBALL FINAL TO BE HELD HERE

N. B. TITLE IS AT STAKE IN GAME TONIGHT

Trojans Confident of Overcoming 3-Point Lead

Saint John basketball fans will see an Eastern Canada final the latter part of March, either in the men's section or in the girls' section, boys' rules, according to a telegram received yesterday from Upper Canadian authorities by W. F. Stirling, vice-president of the M. P. B. for New Brunswick, who is in charge of the play-offs in the Maritimes.

Mr. Stirling was advised that the winners of the Ontario-Quebec series would meet the Maritime Province winners here in the final of either section, this section to be named shortly. The officials have asked that a Maritime winner be declared by March 18. At the Trojans-Beaufort Woodstock game tonight will settle the New Brunswick title, and as Nova Scotia probably will default, the Maritimes will be right on time.

Tonight's game should prove a thriller, with the local team keen to wipe out that three-point deficit handed them by Woodstock a few nights ago, and with their star, "Beef" Malcolm, back in the lineup and on their own floor they should be able to overcome that margin, although Woodstock will fight fiercely for the points.

WILL THEY WIN UNIFORMS. A snappy new set of uniforms have been purchased for the Trojans. Whether they get them or not will depend on the outcome of this evening's game. The new suits have arrived and ready for wear. Manager Golding told his men last night that if they were going to lose the title they will go in their old clothes. Consequently the team will begin the game with their old suits.

If at half time they have run up a sufficient lead that they look like winners a change will be made, and the last half will be played with the boys arrayed in the new outfits. If they lose the new clothes will be carefully packed away in the locker room and stored in the lower right-hand corner of Manager Golding's office.

THE NEW OUTFIT. The new uniforms consist of single sweaters with diagonal orange and black and with the word "Trojans" in black letters; black knickerbockers and black sweaters with orange blocks down the front.

The game will start at 8 o'clock. The Trojans will meet a picked team from the Y. W. C. A. in a preliminary contest which should be a thriller. The Trojans are looked upon as a sturdy contender for the finals of the Ladies' Dominion basketball title.

STONE KNOCKED OUT BY MITCHELL IN 2ND

HALIFAX, March 1.—Roy Mitchell, local colored light-heavyweight, knocked out "Rocky" Stone, of Boston, in the second round of a scheduled 10-round bout here tonight.

In a preliminary encounter, "Red" MacDonald, local featherweight, knocked out Johnny White, of Bayonne, N. J., in the second round of a scheduled six-round bout.

NAVY WINS AGAIN. The R. C. N. V. R. team improved their chances of winning their section of the City Intermediate Hockey League by defeating the St. John's boys at the Arena last evening by a score of 11 to 1. Duffy led the scoring with five goals. Brecht was named as a good game in the navy net. A win over the Trojans will tie the Navy team with the Orange and Black for first place. This is their first year in the league and their showing has been a surprise.

BACK IN LEAD. SASKATOON, Sask., March 2.—Saskatoon Shields regained first place in the Western Hockey League by defeating Portland Rosebuds 7-0 here last night.

APPARENTLY all was not harmony among the critics when Tiger Flowers was awarded the world's middleweight championship from Harry Greb the other night although the 16,000 people received it very well, Jack Lawrence, the Herald-Tribune expert, gave Greb eight of the fifteen rounds. He says: "From where this writer sat it looked as though Harry used his head as a sort of a battering ram in the clinches and several times poked his thumbs into the colored boy's eyes. In addition to this he was more than one occasion guilty of heeling the challenger with both hands. These tactics didn't help him any so far as the fight itself was concerned, and lost him the sympathy of the crowd. Greb, who is said to have been doing most of his training in the night clubs of Pittsburgh, Philadelphia and New York in recent months, was very far from the rugged, tireless person who took the middleweight crown from Johnny Wilson. Harry looked pale and drawn as he entered the ring, and in the first round had a very rough time of it. For a while it looked as though he would have a lot of trouble in going the distance. But he rallied, and in many of the succeeding rounds showed much of the old windmill style and inter-changeable stamina that has made him famous all over the world. In the opinion of this writer Harry Greb had a sufficient lead at the finish to warrant his being given the decision. It was certainly too close a thing on which to relieve a man of a world's title. On the Herald-Tribune score sheet Greb was given eight rounds against six for the challenger. One was recorded as even."

A heavyweight sensation of a few years ago, Gunboat Smith, referred the bout.

SEVEN THOUSAND applications in excess of the seating capacity of Wembleum have been received there in prospect of the second Langen-Wills match. Nearly \$150,000 must be refunded. How that must make Tex Rickard weep!

THE Dominion of Canada inter-scholastic championship track and field meet will be held in the Percy Molson Stadium, McGill University, on May 29 of this year, and every effort should be made to have a representative New Brunswick contingent compete. If not, then various schools throughout the province should send their own individual athletes to represent them. School athletics in this province have attained a marked degree of efficiency within the last few years and there is some likely athletic material that should be given this chance to secure keen competition at the Montreal meet. It is at meets of this nature that talent is uncovered for future Olympic teams and probably the boys who show up well at this meet would not be ripe enough for the 1928 games at Amsterdam, the meet would serve as a line for the future. The inter-school meets in the province do not take place until June but now that the boys have been fairly warned, they should get into light training and try to make this trip. The meet will be held on a Saturday and no local boy need miss very much of school in taking part in the event.

"JACK DEMPSEY will not be allowed to fight in defence of his heavyweight title" says a despatch from Philadelphia. The above despatch refers to Jack Dempsey, once a prize fighter. Gee, that's tough on poor Jack.

Bruins Meet Canadiens With Pirates At Montreal Tonight

MONTREAL, March 2.—Pittsburgh Pirates, engaged in a stubborn fight with Boston for third place in the N. H. L. and the right to enter the league play-off series, meet the Montreal Maroons at the Forum tonight, in one of the most important of the six remaining games carded for the team from the Smoky City.

The Pirates will enter the game with the odds slightly in their favor. While Odie Cleghorn has his team at full strength, the Maroons will be without Reg. Noble, who is still in the hospital, and Babe Siebert, who is under automatic suspension for having drawn a match penalty and fine as a result of a fight with Bert Corbett at Toronto Saturday night.

Canadians game at Boston tonight is drawing fair attention. While Canadians are in the cellar position, they do not relish it, and will fight to get out. The Canucks have always been a thorn to the Bruins and may upset matters tonight.

General speculation is that Ottawa, Montreal and Boston will be the three teams in the play-off and this has given rise to much discussion among supporters of the Montreal team. Bruins have an edge on Montreal in the league games played to date. But there is one point in this situation which has an edge on Montreal in the league games played to date. But there is one point in this situation which has an edge on Montreal in the league games played to date.

SONS WON. MONTREAL, March 2.—Sons of Ireland of Quebec, will carry a one goal lead into the final contest of a three game series with Victorias for the senior amateur hockey championship of the province of Quebec. Victorias defeated Sons 2-1, in the first game, but the team from the ancient capital scored a 3-1 victory here at the Forum last night, in the second game, to assume the lead in the series. The final game will be played Friday in Quebec.

MARITIME TITLE. Amherst plays in Charlottetown tonight in the final game of the series between Amherst and the Abbies for the right to meet Campbellton, New Brunswick champions, in the Maritime semifinals. The Abbies have a six-goal lead that should put them through easily. The Maritime finals will be started in the home rink of the Nova Scotia winner on March 9, according to M. A. H. A. officials, with the return game carded for March 11.

TEAM STANDING. The present standing of the Inter-school Basketball League is as follows:

Table with 4 columns: School, Won, Lost. Saint John High 6 0, Fredericton High 6 2, Rothesay Collegiate 4 3, St. Vincent's 1 6, Normal School 0 7.

VICTORIA WON. VANCOUVER, B. C., March 2.—Victoria scored twice in the third period of last night's game against Vancouver, just sufficient to win the final scheduled contest of the Western Hockey League season here against the Maroons, 2-1.

STETCHER WINS. CHICAGO, March 2.—Joe Stetcher, heavyweight wrestler, last night defeated Ranto Gardini, in two falls out of three.

VETERAN 106 YEARS OLD. FORT DODGE, Kan., Mar. 1.—William Walters, a veteran of the Civil War, who is living at the Old Soldiers' home here, has just celebrated his 106th birthday anniversary.

FIFIELD BEATS WELTERWEIGHT OF ROCHESTER

Dempsey Not Permitted To Fight in Quaker City

TORONTO, March 2.—George Fifield, Toronto, welterweight champion of Canada, was awarded the decision over "Mike" Dempsey, of Rochester, after 10 rounds of boxing here last night. The former weighed 160, and the latter 140 1/2.

Lou Soosa, of Buffalo, 163, won by a technical knockout from George Nicholls, of Cleveland, in the third round of an eight-round bout.

Jackie Jones, of Hamilton, won from Johnny Ross, of Buffalo, after six rounds. The men are Junior lightweights.

Charlie Miller, of Toronto, knocked out Len Friers, of Buffalo, in the second round of a six-round bout. They are lightweights.

PHILADELPHIA, March 2.—Jack Dempsey will not be permitted to fight in defence of his heavyweight title at the new municipal stadium during the Sequi-Centennial exposition.

This was announced last night by Mayor Kendrick, after a conference with Taylor and Gunnis, local promoters, who had been seeking to arrange a fight between Dempsey and Willie Mr. Kendrick said a heavyweight title bout in the stadium would attract too much attention and detract from the primary purpose for which the structure was built—a programme of events arranged solely for the entertainment of Sequi-Centennial visitors.

SMYTHE LEAVES FOR PITTSBURGH RACES

MONCTON, March 1.—Harry Smythe, youthful speed skater and holder of the world's 16-year-old skating title, the Canadian national and Ontario crowns for the same class, left on the Ocean Limited this afternoon for Pittsburgh where he will take in the national meets arranged there. He was accompanied by M. H. Nelson.

PLAY-OFF FOR ONE SECTION ARRANGED

Championship Under 'Girls' Rules to Be Decided March 8

The play-off for the championship of the girls' rules section of the Saint John City Girls' Basketball League will take place at the Y. W. C. A. gymnasium on the evening of March 8 and will commence at 8 p. m. The two teams which are now tied for first place in the girls' rules section are the Peeps and the Beavers, both Y. W. C. A. teams.

Arrangements for the play-off were made yesterday afternoon at a meeting of the League held in the Y. W. C. A. room with Miss Jean Angus, president. The Trojan Beavers are winners in the boys' rules section of the League.

At the meeting yesterday it was decided to hold a banquet on March 13 for the members of all the 12 teams in the two sections of the League. At this banquet cups will be presented to the winning teams of each section.

Thrilling Battle Tonight With Capital Boys Here

If there is one team more than another that the hockey fans have been asking for since the close of the league that team is Fredericton. The fans will have their wish granted tonight when the Capital team crosses sticks with the Saint John Comets.

The Capital has always been a great hockey town and this is partly due to the presence of the university. A college town always appears to have a livelier interest in sport of all kinds than a town without one. This year's team is said to much stronger than last year and they have certainly showed up to good advantage in the last North Shore section of the M. A. H. A.

Any team that can beat Campbellton on their own ice has to play real hockey, and that is the record of the Fredericton Capitals.

The Comets intend playing the same lineup that they put on last Friday against the fast Busset team, and which is credited with having put up the best showing that any Saint John team has made on soft ice for several seasons.

PLAY TONIGHT. Fredericton, March 1.—Almost every tribunal except the League of Nations had been appealed to before the controversy between Fredericton High School and St. Stephen High School, over where they should play off the game in the provincial inter-scholastic hockey semi-finals, which ended with a 2-2 score after 90 minutes of hockey at St. Stephen last Friday night, was finally settled at noon today.

ON TONIGHT. At noon today, Fredericton High School received official notice that the game was ordered played here tomorrow night.

MONCTON GIVEN AQUATIC MEET FOR MARITIMES

Boxing Tourney To Be Held Here After Easter

THE New Brunswick amateur boxing critics were giving Genovita de Alvarez, Spanish champion, to beat Helen Wills when the two meet at nice. Helen, however, vanquished her easily.

Mr. Stirling also announced that the Maritime championship swimming meet had been awarded to the Assumption Club, Moncton, and will be held there in the near future. There are several likely youngsters hereabouts who will go up to the railway city for the meet. Recently, a small meet was held in the Y. M. C. I. and some good talent was uncovered. This is a branch of sport not highly developed in the Maritimes, but a few good meets would go a long way to putting it into public favor.

In connection with boxing, Mr. Stirling has been advised that the Canadian Amateur Athletic Union has decided against sending a team of Canadian boxers to the Pan-American boxing tourney this year in South America.

Policemen and police matrons in Los Angeles must be trained revolver shots.

IMPERIAL OFFERS EXCELLENT BILL

Tom Meighan Production, Special Music and Victor Orthophonic Program

Imperial Theatre began the week yesterday with another varied program of pictures and delightful music.

It is the type of story in which Meighan excels. The musical part of the show was headed by an orchestral rendering of a selection from Jerome Kern's reigning musical success, "Sunny" and a distinct novelty was a recital by one of the new Victor Orthophonic, which rendered grand operatic vocal numbers, band music, modern dancing, jazz, etc., with the tonal volume and quality of the real thing.

CLOSE SCRUTINY

Sing Sing, the unpopular home on the Hudson of New York crookdom, underwent close scrutiny at the hands of "The Man Who Found Himself" and his associates during the filming of "The Man Who Found Himself," an original story by Booth Tarkington.

In this photoplay Meighan again has the kind of role which first endeared him with motion picture fans—an inmate of the model penal institution at Ossining, N. Y. But this time he is not behind the walls to expiate his own wrongdoings, but rather serves in the place of a "respectable" brother whose "flyers" in Wall Street with money borrowed from his father's bank result in the firm's going to the wall and becoming criminally liable to the state.

ELEANOR BOARDMAN HIT AS COMEDIENNE

Prominent Actress and Lew Cody in "Exchange of Wives," at Palace

Eleanor Boardman has always been a capable actress, and in the last two or three pictures has shown a growing gift for comedy.

Miss Boardman portrays the sophisticated and delightfully reserved Margaret Rathburn. Eleanor gets her laughs from the audience not by boyish tricks, but by intelligent concentration.

JONES HAS GREAT ROLE IN THIS FILM

"Buck" Starred at Gaiety Theatre in "The Desert's Price"

Starring by William Fox in a William MacLeod Raine Western story, Buck Jones gives one of the most satisfying performances of his screen career in "The Desert's Price," which opened last night at the Gaiety Theatre.

Florence Gilbert, in the leading feminine role, acquires herself creditably. Others in the cast include Montague Love, Edna Marion, Harry Dunlop and Arthur Housman.

Cast as a young ranch-owner, Jones, who is called upon to do two-fisted fighting, makes things highly interesting for the menies of two young Western girls who have been thrown upon their own resources.

HEREDITY IS BASIS OF FILM AT UNIQUE

"Necessary Evil" is Picture Feature With Ben Lyon and Viola Dana

Now and again as a spectator sits in the emotional grip of a stirring drama, the conviction dawns that behind this action and clash of forces the artist has concealed a message—a serious life problem which, through fear of detracting from the dramatic interest, has been deliberately half concealed.

Such a drama is "The Necessary Evil," the latest First National feature which opened at the Unique last night with Ben Lyon and Viola Dana featured.

It was not until the plot had been well advanced and the interest in the story safely keyed that the men who prepared "The Necessary Evil" for the screen disclosed the purpose by which they were actuated at the outset.

The Lewis-Munn world championship films on the same bill are also exceedingly interesting.

FOR HELP TO DEAF

Patients May Be Fitted For Hearing as Glasses Now For Sight

WASHINGTON, March 1.—Some day ear specialists may fit patients with instruments suited to their particular form of deafness, just as eye specialists now fit glasses to patients with eye troubles.

A first step toward this distant goal has been taken in the attempt to standardize the many hearing devices now in the market.

A survey of these devices is being made by a committee of the American Federation of Organizations for the Hard of Hearing with the co-operation of the United States Bureau of Standards, which will test instruments submitted to it and will render a confidential report to members of the committee.

At The Imperial Yesterday - The Orthophonic Victor

To be heard also Tuesday and Wednesday. Women's Musical Club luncheon to have demonstration Wednesday noon.

A new era in the mechanical reproduction of sound is being heralded with the demonstration here of the newly invented Orthophonic Victor, whose announcement has created a sensation in musical circles, and was heard yesterday at the Imperial Theatre.

The Orthophonic Victor is based upon a newly adapted principle known as "matched impedance," which has necessitated the complete re-designing of the entire instrument. This electrical principle, which made possible the perfection of long distance telephone communication, was translated into mechanical terms by the Bell laboratories of the Western Electric Company and placed at the disposal of the Victor Company.

A Cordial Invitation is Extended to All Music Lovers to Hear This Wonderful Instrument.

LARGEST COOLING PLANT.

CAPETOWN, March 2.—The world's largest pre-cooling plant, capable of dealing with 8,000 tons of fruit at one time, has just been completed at Capetown docks for the convenience of the export fruit trade.

Four special storage trains will be run from the fruit-producing centres to the port, and other measures are being taken to build up the fruit export trade, which, it is believed, will shortly become the primary agricultural industry of South Africa.

FIRST WOMAN VOTER. LONDON, March 2.—Mrs. William Murgatroyd, of Moorfield House, Yeading, was the first woman to vote in a British Parliamentary election. Over 25 years ago, by some blunder never explained, Mrs. Murgatroyd was enrolled on the register of voters as A. E. Murgatroyd; these were her correct initials. She went to the poll, and became famous. Newspapers published her photograph and details of her life.
