NEW YORK BANK STATEMENT

Reserve decrease \$2,800,000 Less U. S. decrease 2,275,000 Specie decrease 1,640,000 Total decrease \$6,715,000

Mr. and Mrs. J. P. McGuire, returned from their wedding trip on today's Boston train.

NO TRUTH IN THE REPORT OF EARTHQUAKE IN SPAIN

Story That Barcelona Had Been Devastated is Baseless

There Was Slight Earthquake in Two Villages But No Serious Damage Was Done

Communication With Southern Spain and the City of Barcelona is Uninterrupted and Normal—Hailstones as Large as Walnuts

Madrid, Jan. 30.—All communication with Southern Spain and with the city of Barcelona is uninterrupted and normal, and the reports circulating from Madrid relative to a disastrous earthquake and a tidal wave are untrue...

A QUESTION OF JURISDICTION

Has the Province of P. E. Island the Power to Legislate Against the Running of Automobiles—A Nice Point in Law.

Charlottetown, Jan. 30.—(Special)—In the Supreme Court yesterday, arguments were heard in the famous automobile case. Last year the provincial legislature passed an act prohibiting the running of automobiles to make a test case the owners ran their machines last season...

HUGHES CASE IN ISLAND COURTS

Charlottetown, P. E. I., Jan. 30.—(Special)—The case against F. J. Hughes, ex-M.P., an action for penalties under the Independence of Parliament Act, is now being heard here. The action was brought in addition to criminal charges against Hughes while under alleged disqualification...

QUICK DISTRIBUTION OF THE TUBERCULOSIS GERM THROUGH HUMAN BODY WILL Baffle Scientists No Longer—Dr. Rosenberger's Discovery Makes Possible the Immediate Identification of the Germ—How It is Done.

Philadelphia, Jan. 30.—Battled for years after the skin at the spot selected has been first sterilized chemically to insure the removal of every possible means of infection or contamination from the skin...

About two teaspoonfuls of blood is drawn from the vein and the needle-pipe is drawn and bandaged, there being no resultant pain or trouble beyond a slight itching for a few moments.

The blood withdrawn is immediately mixed with a salt solution to prevent its clotting, and the tube containing it is placed on ice for twenty-four hours.

WILL PLAY SACKVILLE FOR McCAFFREY CUP

Chatham Curlers Will Pit Four Rinks Against the Men from the Tantramar.

Chatham, N. B., Jan. 30.—(Special)—At a meeting of the Chatham Curling Club last evening, it was decided to have a match with Sackville, for the McCaffrey cup, on local ice, on Wednesday, February 3, Sackville will send four rinks.

TORONTO HAS A BIG SNOW STORM

Toronto, Jan. 30.—(Special)—Snow driven by a biting gale, blowing sometimes 48 miles an hour, made it very disagreeable out doors in Toronto yesterday.

At the regular monthly meeting of the Evangelical Alliance on Monday, Doctors J. P. McInerney and J. R. McIntosh addressed the members on How Clergymen Can Assist in the Treatment of Tuberculosis.

MARSHALL GOES TO THE WEST

Night Special Officer Marshall Will Try to Improve Conditions Across The Harbor—Other Police Changes.

The shift in the police department is evoking much discussion in many quarters today. Reserve officer Fred Lucas will enter on his new duties as plan clothesman tonight. Patrolman James Galt will be Policeman Cavanaugh's partner on the York Point route...

PROMOTIONS ON THE I. C. R.—SCOTT Act Informer Fined for Selling Liquor.

Moncton, N. B., Jan. 30.—(Special)—With the promotion of H. D. McKinnis from the mechanical superintendent at Stellarton to be master mechanic at Moncton, comes the promotion of McLeod, from the position of the dispatcher to be foreman. Both positions these men will hold were formerly looked after by the late A. E. McHale.

GOES TO NOVA SCOTIA

Charlottetown, Jan. 30.—(Special)—W. A. Windfield, manager of the Island Telephone, has returned to accept a position in Nova Scotia.

FORCED TO SIGN AN ORDER AT GUN POINT

Mobile, Ala., Jan. 30.—Fleetwood Lester, traveling salesman for the Southern Supply Company, and his wife, are in jail charged with holding up Hardway Young, president of the company, at the point of a revolver at the former's home, yesterday, and robbing him of \$5,000.

PRISONERS FIGHT FOR HALF AN HOUR

Chatham, Ont., Jan. 30.—(Special)—Two of the prisoners in the local jail, waiting to be removed to the central prison, quarrelled yesterday over the possession of a novel, finally coming to blows in the exercise yard.

MONTREAL STOCKS

Montreal, Que., Jan. 30.—(Special)—Stock trading was quiet today. A drop in Can. Pac. to 170 being the chief feature, but later the stock rallied a point.

YORK COUNTY WANTS RAILWAY EXTENSION

Fredericton Board of Trade Urges Construction of Several Lines

Annual Meeting of Provincial Board of Health Endorses the Fight Against Tuberculosis and Approves the Idea of a Provincial Sanatorium.

Fredericton, Jan. 30.—(Special)—E. Alonzo Barker, a well known drygoods salesman, passed away quite unexpectedly here this morning after a brief illness from heart trouble. He had been confined to his home for several weeks but the news of his death was a great surprise.

PECULIAR CHARACTER IN THE POLICE COURT

Albert Caswell, Who Said He "Worked for the Lord," Evidently Demented Through Inebriation.

Police Judge Ritchie, this morning acted as dispenser of justice to a personage, though apparently rational, in under the influence of a religious apoplexy.

PREMIER HAZEN AND THE BRIDGE

He Says as Soon as the Local Government Receives Mr. Holt's Plans Consideration Will be Given to It.

Premier Hazen came on today's noon train from Fredericton. Asked with reference to the government's attitude regarding the proposed harbor bridge, Mr. Hazen said it had not been considered by the provincial government for the reason that Mr. Holt's plans and specifications were not ready, but as soon as they were the matter would be taken under consideration.

CHATHAM CURLERS WILL PIT FOUR RINKS AGAINST THE MEN FROM THE TANTRAMAR.

Chatham, N. B., Jan. 30.—(Special)—At a meeting of the Chatham Curling Club last evening, it was decided to have a match with Sackville, for the McCaffrey cup, on local ice, on Wednesday, February 3, Sackville will send four rinks.

THE EVENING TIMES, ST. JOHN, N. B., SATURDAY, JANUARY 30, 1909

The Evening Times

ST. JOHN, N. B., JAN. 30, 1909. The St. John Evening Times is published at 27 and 29 Canterbury street, every evening (Sunday excepted) by the St. John Times Printing and Publishing Co., Ltd., a company incorporated under the Joint Stock Companies Act.

THE EVENING TIMES THE DAILY TELEGRAPH New Brunswick's Independent Newspapers These papers advocate: British Connection Honesty in Public Life Measures for the Material Progress and Moral Advancement of our Great Dominion. No Graft No Deals 'The Shamrock, Thistle, Rose entwines The Maple Leaf forever.'

his unselfish service, and his death is a distinct loss to the city of Toronto. "The people loved him," says one. "He was beloved of many," says another. "There could not be a finer man," added a third, while a fourth says that "he made his name a public synonym for charity."

VOTES AND TAXES A correspondent of this paper yesterday called attention in a somewhat amusing manner, to the way in which the members of the civic treasury board dealt with the proposal to exempt incomes up to \$300 from taxation and also to deprive of the right to vote all who are so exempt. In a country which in its federal elections has practically manhood suffrage, the proposition to limit the civic franchise in this way does not credit to those by whom it is proposed. It is perhaps easy to say that any persons who have no fixed income are not very intelligent, but the like may be said of some whose income is large. A man's intelligence is not measured by the size of his pocketbook. It is to be said that there are some instances where it would be well to sell a vote for a day's pay, it may be added that there are some well-to-do folk who are not seriously offended by a suggestion that they also receive a consideration. When this question is brought before the city council, the proposal of the treasury board will probably be turned down without ceremony, at least the portion of it which would limit the franchise. The exemption of small incomes should be cheerfully granted without labelling those to whom it may apply as deficient in intelligence.

HE WAS A MAN Without having known the man, the Times desires to add a tribute of respect and admiration for Mr. Herbert Carlyle Hammond, whose death occurred in this city of Toronto on Tuesday of this week. It is but a few months since this paper quoted, from a Toronto exchange, portions of a letter written by Mr. Hammond, concerning on broad national lines, for concerted action to check the ravages of tuberculosis. The pathetic fact in connection with this letter was that Mr. Hammond knew himself to be suffering from an incurable disease, and to be even then entering into the Valley of the shadow. The fact that his own days were practically numbered did not lessen his eagerness to serve his fellowman.

The Toronto World of Wednesday gives a sketch of the career of Mr. Hammond, with tributes to his memory by leading citizens who knew him well. His appearance to have been one of those rare natures which are filled with sympathy for all who suffer, and which lose no occasion to fulfill the law of service. The story of Mr. Hammond's work in the campaign against tuberculosis in Ontario, as told by the World, reveals the character of the man.

In the early part of 1904, while on a journey, he fell into conversation with one of the physicians of the Muskoka Home for Consumptives. After listening to the physician's statements, he said, "That is a good work, I don't mind helping that. When I return home I will send you a check for \$500." The check was sent, and shortly afterward Mr. Hammond became a member of the treasury board of the Toronto Free Hospital for Consumptives. Later he became its treasurer. The World states that his own contributions since that time, only four or five years ago, have been upwards of \$20,000. In an effort to raise funds, he offered to give half a dollar for every dollar that was contributed up to \$3,000. The subscriptions soon exceeded that sum, but Mr. Hammond did not withdraw his 50 per cent offer, and nearly doubled the amount. Through his efforts, the funds for hospital work in a few weeks reached \$50,000.

A WESTERN INSTANCE The following article from the Victoria Colonist might with some slight alterations be adapted to the condition of civic affairs in St. John. "We hope that the mayor and aldermen are not going to be satisfied with the investigation into the way municipal work is carried on, which took place just before the civic elections. To pretend that municipal work has been carried on in the most efficient manner for a number of years would be to invite ridicule. We know how prone every one is to find fault with the way in which a city is served. We know how very difficult it is to meet even reasonable criticism, not to speak of that which is unreasonable. Citizens almost invariably expect more than they are willing to pay for. Each locality thinks its requirements ought to be preferred to the requirements of all other localities. On these points it is not necessary to make any argument. But there remains the question, which we asked some weeks ago: Are the citizens getting full value for the money that is being expended? This question has not yet been answered, and it is for the city council to see that it is answered. Now is the time to answer it, and not ten months from now, when a municipal election will be in sight. So we urge upon the mayor and aldermen to take the matter up and probe it to the bottom. As he is not going to be a candidate again, no one can suspect the mayor of any ulterior motives in letting the light into all the obscure places in the city administration. We think we have a pretty independent lot of aldermen. They have a chance to show that they are independent. We are not suggesting that anything dishonest is transpiring, because we do not believe anything of the kind. We see and hear almost daily, things which suggest mismanagement. We do not specify anything at present, because we are depending an investigation by the city authorities might do injustice to some one. The citizens are waiting some evidence on the part of the council that it is going to take them into its confidence. Let us hope that they will not have to wait very long."

The statement made by Engineer Scammell as to the manner in which the bulldozers which have been discovered in front of No. 6 berth were deposited there, although expressed in guarded language, is equivalent to a charge of very grave carelessness, if not worse, on the part of the contractor. It is intimated that the matter will be looked into. But Mr. Scammell makes a definite and damaging charge against the Board of Works. He charges that they permitted more than three months to elapse, after the dredging was alleged to have been finished, before they caused a berth to be dragged to learn whether the work had been done properly or not. This charge should be fully investigated and the responsibility placed where it belongs.

The Toronto World remarks that an editorial effort is apparently being made to secure the Intercolonial for McKenzie & Mann, and that journal is strongly opposed to any such proposition. "What we have, we'll hold," says the World. "We believe the I. C. R. is a valuable asset for Canada and by businesslike administration, and competent supervision, can be made to pay, not only in money, but also in security, national and imperial." "In the meantime, the people would do well to watch the press whose affiliations are with the corporations rather than with the people." The World gives good advice. The people are watching, and have no intention of permitting the government railway to be handed over to any company.

The story of Scott Act prosecutions in Fredericton appears to point very clearly to cases of perjury, and some are disposed to lay the blame for this upon the Scott Act. To do so, is to take but a very superficial view of the case. The crime of perjury has been increasing in Canada for some time. Only the other day, the Montreal Star printed an editorial dealing with this subject, and it is not long since an Ontario judge expressed himself from the bench very strongly upon the evidently growing disregard for the sacredness of an oath. He who would effect a reform must look deeper than to a mere legal enactment for the cause.

STOCK-TAKING SALE OF Men's, Youths' & Boys' Suits. We are stocktaking this week and have been using the knife very freely on our prices of Men's, Youths' and Boys' Suits as well as Pants, Overcoats and Reefers. VENOMOUS ATTACK ON DR. PUGSLEY WAS BOOMERANG

Minister of Public Works Completely Floored His Critics, and Now the New Brunswick Conservative Leaders Are Discredited All Over Canada--Revolt Against Hazen's Rule in The Province?

(Special Correspondence to The Telegraph.) Ottawa, Jan. 28--If there ever was any doubt that New Brunswick was the political storm centre in the last federal election it was removed yesterday and today on the floor of the house. The minister of public works, his department and his methods, were under fire. The great victory in New Brunswick, which was so aptly described by Sir Wilfrid in the words: "In this contest New Brunswick bears the palm," drove from Foster, Crockett and others an attack upon Dr. Pugsley so unwarranted and so discreditable that those rank and unscrupulous party men still further injured their reputation and again marked them as among the most vicious of the political scandal mongers. It was difficult to find an excuse for their attack apart from the great disappointment they felt over the result in New Brunswick. Some explain it by saying that the Conservative leaders of New Brunswick stand discredited throughout the whole dominion, because they sent out such glowing accounts of what was going to happen in that province. They looked back to Hazen's victory in March and they pointed to the fact that he was a Conservative and the people of New Brunswick would stand by him. Hazen was sure enough when he appealed for Liberal votes before the legal contest, when he raised the cry: "It is time for change" and saw the old time Liberal supporters rally around him. Yet the day afterward he was a Tory to the deception, the Conservative victory that the minister of public works in Sir Wilfrid Laurier's government had received his political quietus and the general federal election would see the finish. Now two very much enhanced Tory members in the House of Commons represent all that is left of Hazen's great Conservative victory. One from the city of St. John saved by his popularity as a physician and not by his politics--the other from York whose political methods, appearing as they did in the hands of a big game, are now alluded to with regret by all who were persuaded to take part in them. The name of the Conservative leaders

INSIDE CIVIL SERVICE MEN GET INCREASE IN SALARIES; OUTSIDE MEN TO COME NEXT

Increases Granted Will Total \$383,000 -- Sir Wilfrid Laurier Announces Further Advances--A Question About Treaties --Senate Adjourns to February 25th.

Ottawa, Jan. 28--Hon. Sydney Fisher introduced in the house today a resolution for a general increase of \$150 in the salaries of officials of the inside civil service under the deputy heads. The resolution is based on the recommendations of the civil service commission. Mr. Fisher at great length, explained who would be benefited, and the speech, boiled down, these facts stand out. Under the new classification of last session 80 received increases of 11 per cent. Under this resolution 2,885 receive increases of \$150 a year, the average increase being 13 per cent. Thirty-five are not benefited in any way. Under the new classification the increases totalled \$380,000. The resolution provides for increases totalling \$387,000, a grand total of \$383,000. The civil service commission recommended a general increase of 12.12 to 13.25 per cent. Mr. Borden pointed out that with regard to salary increases no particular principle was adopted by the government last year when the civil service act was brought down. Every argument advanced in favor of increases for the inside service was equally an argument for increases for the outside service. The statute made a clear distinction between the two branches of the service, but the cost of living did not. The civil service commission and Justice Caspell referred to the outside service. The government ought to bring down a circular distributed among the civil service of Ottawa, bearing the imprimatur of the junior minister of the interior and endorsed by the prime minister, so that the house might know whether the promise made to the electors was being implemented by the resolution. "You wouldn't really expect that," laughingly queried Mr. Fisher. "Perhaps not," replied Mr. Borden, "for I would think that the honorable gentleman would be thoroughly ashamed of it." Mr. Cowan (Vancouver) was prepared to show that in four years the cost of living in British Columbia had increased 47 per cent. Sir Wilfrid Laurier stated that the resolution was introduced to carry out a principle adopted last year when the government undertook to reform the civil service. When the bill was introduced last session it was explained that reform of this nature was brought about by easy stages, not by one fell swoop. It was the intention to reform the outside service also. As to Mr. Borden's suggestion that the promise to the electors of Ottawa in the campaign was a bribe, Sir Wilfrid said it was the intention to introduce the resolution last year and to date the increases it was a bribe. Mr. Borden said from Sept. 18, but now Mr. Borden said it was a bribe. Why did not he make the discovery before? It was because it was not safe to make that charge in the election campaign. The outside service, Sir Wilfrid continued, must come under the reform, but one thing at a time. It was possible to give a measure of relief to the outside service by providing for it in the estimates and the minister of customs and the minister of marine had done so. Mr. Foster scoffed at the suggestion that the government had no time last year to bring down the salary increases. What measure of reform was introduced over was forced on the government by the opposition. He said Sir Wilfrid's letter was a deliberate bribe to a large class of voters. If the increases had gone through

BOSTON COUNCIL DOMINATED BY SPOILSMEN

Finance Commission Presents Severe Arraignment of Nearly Every Branch of Boston's Municipal Government.

Boston, Jan. 29--A scorching arraignment of nearly every branch and department of the municipal government of Boston and a recommendation for a new and unique city charter were contained in the report which the Finance Commission presented to the Massachusetts legislature today. Divided into four parts, namely: "Historical," "The Condition of the City Government and Causes," "The Remedy," and "Conclusion," the report, a comprehensive document of about 30,000 words, is one of the most notable official papers ever issued in this city. It is under the head, "The Condition of the City Government and Causes," that the report scathingly arraigns the municipal government. The commission states that the city council is dominated by spoilsmen; that municipal appropriations are strained to the limit in order to favor contractors or give employment to constituents; that some of the members use their official positions for pecuniary gain, and that both the aldermen and councilmen, as legislative bodies, are "intellectually and morally incapable of action in the interests of the citizens at large." The commission also states that the number of municipal employees is excessively large and that they practically control 10,000 "city hall" votes, thereby constituting a menace to good government. The report is signed by six members of the commission. A minority report was filed by the seventh member, John F. Kennedy. In the minority report, John F. Kennedy, the representative of the Boston Central Labor Union on the Finance Commission, says that: "It seems to have been the fixed purpose and policy of my colleagues, chiefly to discredit the administration and to deprive the citizens of their right to elect their representatives." He adds: "I am not willing to join in painting everything black about single individuals, and in suppressing everything good that can be found in connection with it, nor ignoring the glaring defects and the healthy parts of the administration." Mr. Kennedy declines to join in any recommendation which looks to the substitution of the contract system for the direct employment of labor on the city streets. "I am not in favor of extravagance or waste," says Mr. Kennedy, "but so far as the large expenditures for the street work, the direct employment of labor by the city, or to giving municipal work only to contractors, I am in favor of the contract system, I am certainly in favor of such conditions, believing them to be the most economical and beneficial to the whole community." The recommendation of the majority of the committee for the abolition of the names of streets approved in Mr. Kennedy's report. He objects to the provision for a confirmation of the mayor's appointments by the council, and says that the commission does not make any proposal for restricting expenditures in connection with municipal elections.

RHODES SCHOLAR FOR THE U. N. B.

Chancellor Jones Says He Will be Announced in February--Two St. John Applicants.

Fredericton, N. B., Jan. 29--Chancellor Jones of the University of New Brunswick says that the Rhodes scholar from that institution will be selected early in February; the custom before was to select the scholar in the month of April, but Dr. Parkin has written the chancellor requiring the choice of a man be made as early as possible and the chancellor has decided to meet his view. Ralph Sherman, of Fredericton; Stanley Bridges and Grover Martin, of St. John, are the applicants.

COURT LOG CABIN INSTALLS OFFICERS

The last of the series of J. O. F. installations for the year in this city took place last evening at the Court Log Cabin. There was a large attendance of Foresters and companions, with a number of friends who are not in the order, and a very pleasant evening was spent. D. C. Lingley, P. H. C. R., was the installing officer, assisted by E. J. Todd, D. S. C.; P. M. Hildings, H. J. B.; E. W. Emmons, H. S.; A. Hastings and E. J. Neve. A guard of twelve Royal Foresters in full uniform was in attendance. The following officers were installed: George R. Baxter, V. R. A.; Hon. Robert Maxwell, a charter member of the order, and a charter member of the court, made a fine address on fraternity, with incidents he had observed in the history of this court. High Secretary Emmons dwelt on the work being done by the order for its orphans, of whom being cared for, and some sixteen in Canada at large. Mr. Lingley spoke of the international side of the order, and the work and the bright outlook in St. John. E. J. Todd referred to the increased growth of companion courts, and the number of young men who are joining the order. After beautiful refreshments had been served, Mr. Gunn sang a solo, Capt. Watson delighted the assembly with funny stories and a song. Byles, of Compton Court Wyndwood, delivered an interesting brief address, and after a few remarks by A. M. Belding, the affair closed with the national anthem and cheers for Court Log Cabin.

THIS ATHLETE OF FIFTY-TWO YEARS SAYS HE OWES HIS WONDERFUL ENERGY TO DODD'S KIDNEY PILLS.

Was Tortured With Rheumatism and a Crisp Till the Great Kidney Remedy Cured Him. Six Nations, Ont., Jan. 29--(Special)--Fifty-two years of age but still young enough to captain the lacrosse team, J. W. Silversmith of this place can truly be looked on as a wonderful athlete. One would naturally think he was all his life a healthy man, but it was far otherwise, and he unhesitatingly states that his wonderful energy and vitality are due to Dodd's Kidney Pills. "I suffered from Rheumatism for over seven years," Mr. Silversmith says in telling his story, "and finally made a complete cripple of me. My back was bent nearly double and when I tried to walk I had to use crutches. Lately I could not get around at all and I suffered excruciating pain. Two boxes of Dodd's Kidney Pills gave me relief, sixteen boxes cured me completely. Dodd's Kidney Pills always cure Rheumatism because Rheumatism is caused by disordered Kidneys and Dodd's Kidney Pills always cure disordered Kidneys."

PREMIER SCOTT IS CHARGED WITH LIBEL

Ex-Mayor Laird, of Regina, Whom Scott Charged With Graft While in Office is the Complainant.

Regina, Jan. 29--The first day of the criminal libel suit against Premier Scott in which the private prosecutor is ex-Mayor Laird, was devoted to formal evidence of publication. Telegraph operators, messengers, editors and reporters of the Leader were examined. Laird was charged with graft while in office as mayor. Everything indicates a long legal battle, as there are half a dozen prominent lawyers in the case. Both sides challenged jurors freely.

PRESQUE ISLE, ME., HAS \$20,000 FIRE

Presque Isle, Me., Jan. 29--The Higgins block, a three-story wooden structure containing stores and the Knights of Pythias hall, located on North Main street, was burned tonight. The fire started from a defective electric wire in Reeves' restaurant. Besides the restaurant, the occupants of the building were the New York store, dry goods, G. H. Cutter, taxidermist; H. E. Robinson, millinery; E. M. Brewster, shoemaker; Delight Theatre, and Knights of Pythias hall. Practically all the stocks of goods and the furnishings of the theatre and the hall were burned. The total loss is estimated at \$20,000, the building being worth \$10,000. Most of the losses are partly covered by insurance.

Those Corpuscles

In your blood, red and white, keep vigil that if they are healthy, cause you sickness if diseased. To make and keep them abundant and healthy, is to have pure blood, freedom from disease and vigorous health. The chief purpose of Hood's Sarsaparilla is to do this, and its success is attested by thousands of wonderful cures. Cures of all blood diseases, scrofula, eczema, rheumatism, catarrh. Get Hood's Sarsaparilla today.

ENDORSE REFORM OF CLEVELAND POLICE

Commissioner Bingham, of New York, Has Good Words for Chief Kohler's Golden Rule Policy--Gotham Utterly Depraved.

New York, Jan. 29--Police assistance of drunken men to their homes instead of being taken under arrest to station houses, was one of the subjects inclusively, if briefly, discussed by Police Commissioner Bingham in testimony today before the legislative investigating committee. "I think Chief of Police Kohler, of Cleveland, has the right idea," said the commissioner. "If a Cleveland policeman meets a drunken man or even a disorderly person on the street, he takes him home. A man coming home from a dinner drunk, should not be arrested." As to existing police discretion, the commissioner said: "They may take a chance and use discretion--for a \$5 bill." The commissioner described as "easy" graft that connected with arrests of women of the street. He said he knew a "system" was worked, although he could not prove it, whereby officers grab a woman, take her to the night court, have her fined and then have the case "wiped up" so that the arresting officer gets his share of the money. According to his statement the white slave traffic is extensively carried on among immigrants in all parts of New York. "If you knew all gentlemen," he said, "it would break your hearts." "One of the first things to be done," continued the commissioner, "is to abolish the system controlling the white slave trade. There is no use denying that there is such a trade and the sooner we realize it, the better off we will be." After his testimony, Commissioner Bingham was asked to amplify his statement that white slaves are controlled by a trust. He referred his questioners to his annual report in which he said: "The traffic in importing women, especially among the French, has received careful attention from the department during the past year. This traffic is found to be of large dimensions. There seems to be a difficulty in getting women into the country. The requirements of the immigration authorities are easily met by various subterfuges. The new law which went into effect July 1, 1907, has been of great help, but the traffic still goes on and the conditions, under the present federal measures are taken to exterminate it. The forms it takes are as bad as possible. The men who own these women have decided to meet his view. Ralph Sherman, of Fredericton; Stanley Bridges and Grover Martin, of St. John, are the applicants.

I have received most wonderful benefit from taking 'Fruit-a-tives' and pain in the head and I recommend it to all who suffer from any ailment without any remedy. Then I begin taking 'Fruit-a-tives' and this was the only medicine that ever did me any real good. I took several boxes altogether, and now I am entirely well of all my dreadful headaches and backaches. I take 'Fruit-a-tives' occasionally still, but I am quite cured of a trouble that was said to be incurable. I give this testimony voluntarily in order that others who suffer as I suffered may try this wonderful medicine and be cured." Mrs. Frank Eaton, Brantford, Ont. Be well! Profit by Mrs. Eaton's example, and start with 'Fruit-a-tives' today. They will quickly relieve Pains in the Back, and stop Headaches because they keep bowels, kidneys and skin in perfect order. 'Fruit-a-tives' is the blood purifier always pure and rich. 'Fruit-a-tives' is now put up in the new 25 cent trial size as well as the regular 50 cent boxes. All dealers should have both sizes. If you don't see 'Fruit-a-tives' in your drug store, write 'Fruit-a-tives', United, Ottawa.

RHODES SCHOLAR FOR THE U. N. B.

Chancellor Jones Says He Will be Announced in February--Two St. John Applicants.

Fredericton, N. B., Jan. 29--Chancellor Jones of the University of New Brunswick says that the Rhodes scholar from that institution will be selected early in February; the custom before was to select the scholar in the month of April, but Dr. Parkin has written the chancellor requiring the choice of a man be made as early as possible and the chancellor has decided to meet his view. Ralph Sherman, of Fredericton; Stanley Bridges and Grover Martin, of St. John, are the applicants.

COURT LOG CABIN INSTALLS OFFICERS

The last of the series of J. O. F. installations for the year in this city took place last evening at the Court Log Cabin. There was a large attendance of Foresters and companions, with a number of friends who are not in the order, and a very pleasant evening was spent. D. C. Lingley, P. H. C. R., was the installing officer, assisted by E. J. Todd, D. S. C.; P. M. Hildings, H. J. B.; E. W. Emmons, H. S.; A. Hastings and E. J. Neve. A guard of twelve Royal Foresters in full uniform was in attendance. The following officers were installed: George R. Baxter, V. R. A.; Hon. Robert Maxwell, a charter member of the order, and a charter member of the court, made a fine address on fraternity, with incidents he had observed in the history of this court. TO CURE CATARRH Don't Drag the Stomach, Breathe Nature's Remedy, Catarrhose--Both Pleasant and Sure to Cure. Catarrhose because it reaches the source of the disease quickly and thoroughly. Its healing vapor penetrates the minutest air cells of the nasal passages, throat and lungs, and attacks the cause of the disease direct, and doesn't work in a round about way through the stomach. The antiseptics in Catarrhose kill the germs that cause catarrh. It clears the nostrils, cleans the head and fowl breath. It prevents drooping in the throat, allays inflammation, heals sore spots and stops running of the nose. So certain is Catarrhose to relieve and cure that doctors, ministers and public men are its staunchest advocates. Because it lasts so long it is cheap, and as it is sure to cure even the poorest can afford to buy it. Mrs. J. A. Morris of Perth, Ont., writes: "I cannot withhold my testimony to the value of Catarrhose. My daughter of chronic catarrh and I therefore heartily recommend it to all sufferers. No home should be without Catarrhose." Two months' treatment, hard rubber inhaler and extra liquid costs only one dollar, sample size 25c. Sold by all druggists or by mail from N. C. Polson & Co., Kingston, Ont., or Hartford, Conn., U. S. A. Order Catarrhose now.

Help for Weak Men

Any Weak, Puny Man Can Be Cured

Show me the men who would not be better than they are. It matters not how the rocks and shoals of life have worn the edge of the spirit of joyousness, have dulled the enthusiasm of youth, and left the nerves less vigorous, the eye less bright, the step less springy, the mind less forceful and the general vitality less powerful than they ought to be at your age, you want to be strong. Hard work wears, and worry, disappointment and the other cares of life drain away the vim and snap of perfect health. Electricity applied my way restores it. It makes you feel young, it renews your strength.

Dr. McLaughlin's Electric Belt

Does this naturally. I know that the foundation of all strength is Electricity, and that Electricity alone will renew it. I have applied it for twenty-five years, and have cured thousands of weak people. My book tells of many grateful persons who were cured by my Belt after every kind of medical treatment had failed.

It is the one sure remedy for the cure of Rheumatism, Weak Stomach, Nervous Debility in young or old, and similar ailments, as well as Dyspepsia, Constipation, etc. How can anyone remain in doubt as to the value of this grand remedy when you see so many cures?

Dear Sir—I received your letter of inquiry some days since, and I believe beyond a doubt that my cure is permanent, as I have not felt rheumatism or catarrh, my principal ailments, since I got your Belt, nearly three years ago. I recommend it at every opportunity, and will continue to do so, as long as I live, for I believe it has saved me a world of suffering. I am now seventy-three years of age, and hale and hearty, thanks to your Electric Belt. I remain, yours gratefully, G. W. WILSON, Dartmouth, N. S.

Dear Sir—Notwithstanding the fact that I have been working sixteen hours a day, I have made good progress during this period. General health is good; gained eight pounds; muscle development very marked. In short, the progress is good. Yours truly, C. S. Kierstead, 24 Waterloo Street, St. John, N. B.

If it cures you, pay me. If it does not, then send back my old Belt and we'll call it square. I don't want a cent in advance. I only ask that you secure me for my money when you are cured.

90 Days on Trial. The failure of medicine, of quacks, and even of other so-called electric Belts, is no argument against Dr. McLaughlin's Electric Belt. No other treatment, no other Belt, is in the same class with it. Everything else may fail, but Dr. McLaughlin's Belt will cure. It HAS cured thousands who tried other remedies without success.

Read My Free Book. I have a book which every man should read (one for women also). It tells facts that are of interest to every man who wants to remain young in vitality at any age. Send for this book today, if you can't call. I mail it, sealed, and you can call it will give you a free test. Office Hours—9 a.m. to 8 p.m.; Wednesday and Saturday to 9 p.m.

M. C. McLAUGHLIN, 214 St. James St., Montreal, Can. Dear Sir—Please forward me one of your Books as advertised. NAME..... ADDRESS.....

IT WILL COST \$100,000,000

Report of the Georgian Bay Canal Survey—An Interesting Statement

Ottawa, Jan. 28.—The final report of the Georgian Bay Canal survey, which has been presented to parliament by the minister of public works, consists of 708 pages and is a most comprehensive document. It states the following conclusions:

- 1. That a 22-foot waterway for the largest lake boats (600 feet by 6), with 20 feet draught, can be constructed for one hundred million dollars in ten years, and that the annual cost of maintenance will be approximately \$600,000, including the operation of storage reservoirs for the better distribution of the flood waters of the Ottawa River.
2. That 27 locks will be required.
3. That sufficient water may be stored within its own and adjacent watersheds to operate a summit level above the Lake Nipissing low water level, and that the cost of the Lake Nipissing level was taken as a summit.
4. That the natural low water flow throughout the Ottawa and French Rivers is more than ample to meet all requirements.
5. That the spring flood in the Ottawa River can be restrained by storage throughout its watershed, so that under extreme conditions the reaches will not overflow, currents will not be more than three miles an hour, and that practically slack water navigation will be obtained.

ORDINARY LIFT LOCKS. That ordinary lift locks are best suited to the conditions. They should be 600 feet between gates, which should be constructed of steel, while the locks themselves should be of concrete. The main dams will be required all on rock foundations. That the project presented contemplates 28 miles of canal excavation, 96 miles of channel digging and 346 miles of river and lake with a width of 300 feet to half a mile. That the probable time taken by a lake freight boat of 12 miles of maximum speed, without delays at locks or in meeting other boats, from French River to Montreal, would be 70 hours. That the season of navigation will average 210 days from May to November. That the proposed reaches will be generally held at about the ordinary high water level of their vicinity, and as much of the area to be flooded is already inundated each spring, no extensive damage in the farming districts will occur. That with a storage system as planned, a reliable water supply will be secured at various points, amounting to one million horse-power, which can be developed for about \$48 per horse-power.

ALTERNATIVE ROUTE. That an alternative route behind Montreal is quite feasible, and would cost \$5,000,000 less than the front or St. Lawrence River route. The time of transit by the back route would be an hour longer, but one lock less would be required. That locks 800 feet long and 75 feet wide would increase the total cost by \$3,000,000. That the building of all locks to a depth of 21 feet would cover another \$3,000,000. That the section alone would cost \$14,500,000. That a depth of 25 feet up to the route behind

Rheumatism. It is caused by uric acid in the blood. Uric acid is caused by kidney troubles which make it impossible for the kidneys to get rid of this acid in the natural way and so let it into the system. Most kidney troubles are caused by an inactive liver which puts extra work on the kidneys that should be done by the liver and bowels. Constipation is at the bottom of rheumatism. Nature's Remedy. NR-TABLETS-NR. Better than Pills for Liver Pills. Get a 25c Box. SAMUEL HAWKER, Druggist, St. John N. B.

WANTED TO SCRUB THE ICE PALACE

Montreal, Jan. 27.—Pres. Eddie Sheppard of the Carnival Committee, in addition to his own troubles, is pestered continually by people looking for positions. Monday evening a large colored woman walked into the Carnival office and asked to see the manager. She was ushered into Mr. Sheppard's private room. "Are you the manager?" she asked. "I am all the manager there is," replied Mr. Sheppard. "Well, Sub," she said, "I would like a position in the Carnival."

WEDDED BY THE KING'S COMMAND

London, Jan. 27.—Lady Violet Elliot's marriage to Lord Charles FitzMaurice in Calcutta took place in India by command of King Edward, the Emperor of India. As the bride's father, the Earl of Minto, is the Viceroy of India, the wedding was a state ceremony, rivaling the famous durbars in splendor. The wedding dress was of gold and silver and pearl embroidery, adorned with the superb lace of the Minto and Lansdowne families. The bride, the youngest of Lord Minto's three beautiful daughters, is in her 20th year. The bridegroom, the second son of the Marquis of Lansdowne and her presumptive heir to the title after his children die, is the Earl of Kerry, 38, a captain in the First Dragoons stationed at Lucknow. It takes a cheerful face to make good in a photograph.

For Married Men Only

When your razor is dull as a hoe, ask your wife if she wasn't pining for corns. Get her Putnam's Corn Extractor; it's the only painless and safe cure. All dealers sell "Putnam's."

Dainty Coat Hangers

Covered coat hangers are a matter of economy as well as of daintiness, as not only are the sharp wooden edges liable to chafe satin lining, but their rusty hooks have sometimes leave unsightly lines upon one's collar. Hangers for ordinary street coats are cotton-padded and covered moodily with black satin. No man ever fell in love with a suffragist. When you find a suffragist married, her husband fell in love with her before she became a suffragist.

The LAND OF RUIN by Roger A. Blackmore. Volad Arad, Palermo Sicily Overthrown by Earthquake. ITALIAN COUNTIES AND SICILY. THE ISLAND KINGDOM, WHERE QUAKE, FIRE AND FLOOD HAVE BROUGHT THE GREATEST CATASTROPHE OF MODERN HISTORY—THE CITIES, TOWNS, VILLAGES AND WHOLE SECTIONS WHICH WERE VIRTUALLY WIPED OUT. In Sicily, Palermo is the largest city of Gioja and had 6,000 people. Catania was built on one of the fault-est roots of Mount Etna, and was an ancient city mentioned frequently by Thucydides. In Catania, the names of the two rocky promontories that faced each other across the Straits of Messina before the last earth convulsion changed the map of that region, were sung by Homer and all his followers and imitators, who were legion in number and Greek, Roman, English and French in nationality. Ulysses had his adventure with the Cyclops between Messina and Catania, in Sicily. In fact, away ahead of the Norman and the medieval legends connected with this region there lies the period of prehistoric Greek verse, lost in the mazes of the earliest dawn of man as an intelligent being. Back before the days of blind Dan Homer, back among the very gods of the Greeks when the Golden Age was here and the gods walked with one another on the earth and made love to the daughters of men, Calabria and Sicily were the favored regions of all the world, a glory preserved eternally by the genius of poet and historian. FACTS AND FANCIES. Sixty languages are spoken in Russia. Saccharine, an artificial product, is 500 times sweeter than sugar. There is a growing demand for American pearls. Those taken from the Western waters last season were valued at \$500,000. It is said that there is 25 per cent. more nourishment in sugar than any other food that can be purchased for the same money except wheat flour and corn. UP-TO-DATE. Mrs. Newred—"He who rocks the cradle rules the world," don't forget that. Mr. Newred—"Then you come in and rule the world while I'm tired."

THE EVENING TIMES, ST. JOHN, N. B., SATURDAY, JANUARY 30, 1909

In the WORLD of SPORT and RECREATION

NEW MARATHON STAR NOW IN THE LIMELIGHT

Lightbody, Famous Athlete, Will Step up to Meet Present Notables.

Chicago, Jan. 29.—James D. Lightbody, the University of Chicago track star, who won an international reputation in the Olympic games held in St. Louis in 1904, in Athens, Greece, in 1906, and in London in 1908, and who is now visiting relatives in Berlin, Germany, has written friends in this country that he will return in the summer and will immediately start training for Marathon races.

Lightbody evidently has heard of the success that Darondo, the Italian; Longboat, the Indian; Hayes, the American, who won the Marathon race at London last summer, and Corey, who recently turned professional, are having in this country, and he intends to return as soon as possible and try his hand at the Olympic end of the game.

The former maroon has never run the Marathon distance, but there is little doubt in the minds of those who have seen him in competition that he could easily condition himself for the long grind. Lightbody has a world of endurance, and it was a simple matter for him to run two or three races in an afternoon against a Since the Olympic games in London last summer Lightbody has been touring Europe competing in various cities and winning his races handsly. Those who watched him

in the big games last summer claim that he was clearly out of condition, and had not trained faithfully for the games. Those statements are borne out by the fact that the best footed runner has won the majority of his races since the Olympics and on numerous occasions has competed on successive days. The Marathon races have taken quite a hold on the public in this country, as evidenced by the attendance at the races in New York, Buffalo, St. Louis and Chicago. In the two latter cities Darondo won from Smallwood and Corey in one fashion, because his opponents did not finish the distance. However, the Italian proved too much for either runner, and this took away considerable public interest from the race.

There is every likelihood overtures will be made to the runners for a four-cornered race, to be held next summer, with Hayes, Darondo, Longboat, and Lightbody as contestants. A race with these great runners in the best condition would be a banner attraction and would settle the now disputed supremacy.

BASEBALL IN CHINA

American Team Had a Great Time There and Did Much to Boom the Game.

Boston, Jan. 29.—President George Dovey received at the Boston National headquarters yesterday some interesting information from Henry Flaherty, the Boston pitcher, about the visit of the Reach All-American ball nine at Hong Kong, China.

In the first game played in a sport which has waxed into the ultra-scientific stage, in which it is better played by the professional than the amateur.

The writer criticized the jolting of the coach "to the" of the batsman and likened the costumes of the players to prison suits worn at Botany Bay and Dartmouth.

Dec. 22 the American ball players, with a few local recruits, played cricket against the Hong Kong election and though they much amused the natives by their ignorance of the game, Jim Delahanty excited some wonder by running up a score of 29 in the second innings.

The Americans spent 10 days at Manila during the Christmas holidays and then returned to Hong Kong. They visited Canton later, and from there sailed for Honolulu, where they stayed five days before starting for San Francisco.

HE WILL GO WEST

Frank McManamin, Well Known as a Hockey Player, Aspires to Become a Rancher.

(Frederick Gleason) Frank McManamin, formerly well known as a hockey player in this city, and who has lately been at Glace Bay, writes to relatives here that he intends leaving for the western West in the early spring. He will first go to St. Paul, Minn., and after being joined by his brother in that city will go into the Canadian West and settle on the land he received in his grant as a South African War Veteran. He aspires to be a rancher, Wilson says.

LAMY WINS AGAIN

Pittsburg, Pa., Jan. 29.—The final in the two mile event was the feature in the indoor hockey tournament here tonight. Edmund Lamy, who won the first race, won the race, but was hard pressed by G. A. Bush, the one-armed star of Canada.

The race consisted of three heats and a final. The summary: Half mile championship—Phal O. A. Murphy, Canada, first; Phil Kearney, New York, second; Lot Roe, Canada, third. Time, 17.25. Two mile championship—Edmund Lamy, first; G. A. Bush, second; Phil Kearney, third. Time, 54. Two mile pursuit race—Harry Reed, Chicago, first; W. Swartz, Pittsburg, second; Arthur Hess, Cleveland, third. Time, 6.0.

KING EDWARD SANCTIONS A PERPETUAL MARATHON TO BE OPEN TO THE WORLD

An English Official Has Written to J. H. Crocker, of Toronto, Announcing a Great Event Over the Olympic Course Annually and Inviting Canadians to Compete.

(Toronto News.) To establish an annual Marathon race, over the Olympic course, from Windsor Castle to the Stadium.

To make the event perpetual and open to the world. To give as a prize a trophy valued at \$2,500.

This, briefly, is the proposal outlined by J. M. Andrew, an executive member of the Polytechnic Harriers, London, England, in a recent letter to J. Howard Crocker, who was manager of the Canadian Olympic team.

Mis Majesty King Edward already has sanctioned the start of the race from Windsor Park, and Canadians are especially invited to send representatives to compete.

CONTRASTED OPINIONS. Mr. Andrew's letter also contains the kindest possible references to the Canadians who visited England for the world famous games, with special mention of Archibald and Kerr, and also the most outspoken and damaging opinion of the conduct of the "unprincipled men" composing the managers and members of the athletic team sent over by the United States.

It is a matter of great moment to Canadians that Mr. Crocker and the young men representing our Dominion at the Olympic games were able to make such a remarkably favorable impression on their British hosts. The fact that they were Canadians had very little to do with the making of so enviable a reputation. But that fact does make such a state of affairs even more happy and desirable. Proverbs and literary works innumerable have been written to exemplify the fact that "a good name is rather to be chosen than riches," and that honor is the only thing in life worth striving for.

GOOD IS REFLECTED. The Canadian team have proved this before the world, and Canada is now reaping golden opinions because of the actions of her sons. The resulting good cannot be over-estimated. "If I am glad to hear that all your boys arrived home safe and pleased with their visit to old England. We have on our side, made many friends with your boys, and we hope vice versa. Amongst the friendship made none are more fast than those with the Canadians. ("Our fellows (not forgetting the ladies) (Signed) "J. M. ANDREW."

PRINCIPALS IN BILLIARD CHAMPIONSHIP CONTEST

George, Johnson, Edward, McLaughlin, George, & Pittsburg.

New York, Jan. 29.—George F. Slosson, of this city, is the new 181 balling billiard champion. As challenger he defeated George Suttin, in the Madison Square Garden Concert Hall. The match was for \$50 a side and the championship.

The score was: Slosson, 50; Suttin, 32. Slosson averaged 5.25, with a high run of 36. Suttin averaged 5.08, with a high run of 33.

EXMOUTH JUNIORS BEAT ST. STEPHENS

The Exmouth Juniors defeated the St. Stephens Juniors at basket ball evening in the Exmouth Y. M. C. A. Hall, Brunswick street, by the score of 24 to 13. The game was fast and interesting throughout, and was the second game of a series of three. The St. Stephens won the first game.

For the losers Haines was the star. All the members of the winning team played good fast basket ball. The lineup was as follows: St. Stephens Jrs., Forwards, Exmouth Jrs., Hains (Capt.)... Hipwell Munroe... Dunlop Centre. Morrison... Cunningham Defence. Green... P. Cunningham (Capt.) Wilson... H. Hipwell referred in a satisfactory manner.

Mike Donlin and Cy Seymour are still holding out for increases in salaries, but Manager McGraw of the Giants exhibits no tendency to consent. Both will probably fall in line in due time.

Owen Moran and Matty Baldwin have been matched to box at the Army Club, Boston, Feb. 9.

Fred Boel, the wonderful middleweight wrestler from Iowa met Pagos, a Welshman, at Montreal last night.

FREDERICTON GETS ANOTHER FAST ONE

Margaret Chimes, With a Record of 2.24 as a Three Year Old, Purchased by A.E. Quartermain

(Frederick Gleason) A notable addition to the already large list of fast horses owned in this city has been made and last evening Margaret Chimes, the celebrated three year old, reached the city and is now in the stable of her new purchaser, A. E. (Skipper) Quartermain, the local livery stable proprietor.

The sale is one in the disposal of the racing stables campaigned in recent years by Nat McNair, of River Louison, the well known lumberman. He is going out of the racing business for the time at least and the racing public deeply regret this fact, as under his colors have been some of the best bred and speediest horses campaigned on the Maritime Circuit.

Every member of his stable has been bred in the purple—being by such stallions as Moko, He Sure, Chimes, The Corker, Lord Harold, Asworthy and that stamp, and Mr. McNair's retirement cannot be regarded as other than a distinct loss to the racing game.

Margaret Chimes is a brown mare and a now four years old having been foaled in 1905. Her breeding is the kind that calls for extreme speed, she being by Chimes 348, while her dam is The Brown Pearl, by Mambrino King, 1279. This mare was started at Halifax last fall and placed in the hands of an experienced trainer, Margaret Chimes is expected by local horsemen to show grand form and will be the hope of the racing public of the new owner that she may exceed all expectations.

ROUGH HOUSE HOCKEY

Last Night's Game in Moncton Between Moncton and Sussex Was a Disgrace to Sport

Moncton, Jan. 29.—In an exceedingly rough game here tonight, from which the Sussex players emerged with many injuries of more or less serious nature, the Moncton team defeated the New Brunswick Intermediate League fixtures from Sussex in a score of 8 to 4.

This was a fast game, but marred by continuous rough and illegal play on the part of the local team, whose offenses were so flagrant and uncalculated that even the local spectators, who are usually so liberal in their applause of the victors and cheer the clean playing of the Sussex boys.

This is not the first occasion that hockey players of the railway town have treated the visiting team to a manly, but the style of play, especially in the case of the Moncton team, is not permitted to say the least, and it is more than likely that they will accept.

They are very anxious to get down to the lower provinces to see some of the real good teams play, and it is impossible to get any of the professional teams down on account of the double schedule, an effort is being made to get the amateurs.

The matter was broached to Mr. Russell Bowie for the Victoria, and he seemed to think very favorably of it.

TWO GOOD GAMES IN SENIOR HOCKEY LEAGUE

Thursday was the opening night of the international slating championships at Duquesne Garden. New York was represented by Charles Gray, Morris Wood, Phil Kearney, Olie Wood, Fred Miller and Wood Stutphen. Edward Lawry of Toronto, N. Y., took the rink by storm when he appeared. Chicago and the Northwest were well represented by Adolph Anderson, Harry Knapp and Charles Pater, the latter from Milwaukee. Kadav is a newcomer in Pittsburgh, who is a Pennsylvania state championship winner. In the 6:45, William Swartz of the Missouri Athletic Club of Kansas is thinking of staging Johnny Hayes against five soldier athletes in a relay race in Convention Hall, sometime in March. Drandiwo was to have run there, but backed out.

Poor Billy Pape is suffering from melancholia. He is now at Hot Springs, Ark., endeavoring to forget his poor showing against Hugo Kelly, and at this stage is hoping that he will not tread on the boards again, but he may recall this awful fall when he becomes a proper self.

The Keewauke had arrived at the health resort to spend for a few weeks. On his arrival there he was approached as to whether he would meet Kelly on the Coast on January 29. The question brought out the answer that he may never see Kelly at all.

Pape does not look the same fighter who left last spring to meet Ketchel at Milwaukee. He appears pale and drawn, and his statement cannot do great credit, inasmuch as he declared he might retire immediately after his defeat by Ketchel at San Francisco.

It has been announced that the movement to form a Tri-State baseball club at Easton, Pa., had been abandoned. The support so readily promised last week failed to materialize when it came to subscribing for the stock.

In view of that incident of last season, it would not seem wise that Hal and Elberfeld should be on the same team. The "Texas Kid" is likely to be traded at the schedule meeting in Chicago, in spite of the talk of playing him on third.

OWEN MORAN WINS

New York, Jan. 29.—Owen Moran, the featherweight champion of England, had a slight advantage over Murphy, the local lightweight, in their ten round fight tonight at catch weights, but Murphy had only about two pounds the better of his opponent.

A CHALLENGE

Charles Campbell, of Carleton, challenges Michael Joyce for a half mile race in the Victoria rink tonight, to start from opposite sides.

LEBRARY CLEARANCE SALE

On MONDAY next, Feb. 1, we open our regular Semi-Annual Sale of FURNITURE

Goods bought at this sale may be stored and delivered, when needed, Free of Charge.

Chas. S. Everett, 91 CHARLOTTE Street

NEWS AND VIEWS OF SPORT

There is a fine trip in store for the two big amateur hockey teams from Montreal, the Montreal and the Victoria. A proposition has been made to them to go to Halifax, asking them to play there, and it is more than likely that they will accept.

They are very anxious to get down to the lower provinces to see some of the real good teams play, and it is impossible to get any of the professional teams down on account of the double schedule, an effort is being made to get the amateurs.

The surest way to settle the question of the veteran-weight championship is to have Harry Lewis and Jim Gardner box, and I'll meet the winner," says Mike Sullivan. "There would then be no doubt about the title holder."

A New York despatch states President Powers announces the names of six umpires whom he has signed for the coming season. J. E. Stafford, Louisville; Murray, Chester, Pa.; and Thomas B. Kelley, Rockland, Maine, who served the league last year, are reappointed. The newcomers are W. J. Byron, Detroit, who was with the Virginia League last year, and Thomas Connor, Philadelphia, and Wm. Finerman, Erie, Pa., both of whom were umpiring in the Tri-State League last season.

John E. Stafford, the umpire mentioned here originally from St. John. His father and three uncles reside here. He visited New Brunswick last autumn on a hunting trip.

George Mennis is in the pink of condition. He is confident he can trim Freddie Welsh when they meet Tuesday night at Los Angeles, Wash., on the other hand, it is so confident that he has not worked very faithfully.

Rube Waddell went to Kansas City, the other day and after defeating Johnny King at pool and Charley Nichols at bowling he became so chummy that he issued a challenge to Jack Johnson.

Charles F. King, of Brockton, Mass., assistant in the office of Police Court Clerk Harry W. Flagg, received word that he had been accepted as an umpire in the American Association baseball circuit for next season. Mr. King was formerly an umpire in the American Association and also played in the New England Baseball League.

Fred Tenney, in his letter to McGraw in closing his contract, referred to himself as "Old King." Rather apt.

Ed O'Connell, wrestling instructor at the Multnomah A. C., Portland, Ore., challenges Eugene Tremblay to a match.

Stanley Ketchel is not tied up with Hugo Kelly in the next few weeks, there is a chance of Joe Thomas getting a match with Kelly, Feb. 18 at the Fairmount A. C., New York.

President Ebbehts of the Brooklyn club reports that about \$50 has been subscribed for the monument to the late Henry Chadwick and that it will be unveiled April 14.

Right Hon. T. Sharkey is in Montreal and was in the audience at the Wanderers-Shamrock hockey game. Tom Sharkey says that hockey is a fine thing to utilize in training for a fight. One has to take his word for it, but to those who

WATCHED HIM, HE LOOKED JUST AS INTERESTED AS HE WOULD HAVE LOOKED AT CHURCH. HE HAD THE ONLY ORIGINAL SPYGLASS OF THE EGYPTIAN DESERT BENT IN THE MATTER OF FACIAL EXPRESSION. HIS RACE NEVER CHANGED, HE NEVER SMILED, AND HE NEVER SEEMED TO GET EXCITED. FRED RICHARD AND FRED QUINN, WHO WERE SITTING ON EITHER SIDE OF HIM, SHOWED IN THEIR FACES THE INTEREST THEY TOOK IN THE PROGRESS OF THE MATCH AND SOMETHINGS SHOT; STROMIDER, SHARKEY'S RACING PARTNER, DID THE SAME, BUT THE TURKISH AND BOXER AS STILL AS IF HE WERE PREPARING TO TAKE AN AFTERNOON NAP, ONLY THOSE DEEP-SEATED EYES OF HIS DID NOT SEEM A MOVE.

"Just before he left he was asked: "How do you like it?" "It would be fine training for a fight," he said. "It is not the first time I have seen a hockey match and it is the most exciting game, barring boxing, I know of. The only trouble is I don't skate, if I did I would put hockey on my list of training stunts for my fight with Johnson, if it ever comes off."

WITH THE BOWLERS

The St. Peter's bowling team sent down more pins than the C. M. B. A. in the intersociety league match on the Victoria alley last night and won two of the three strings, scoring three points to one. The scores were:

Table with 2 columns: Name and Score. Includes Cronin, Mahoney, Dowling, Doherty, Black, Cogrove, Dever, Maguire, Fitzpatrick.

ON BLACK'S ALLY LAST NIGHT IN THE COMING LEAGUE SERIES THE ACCOUNTANTS PLEDGED THE DUNLAP RUBBER CO. TEAM. THE RESULT WAS A TIE, 2-2, IN FAVOR OF THE ACCOUNTANTS, WHO WON THREE POINTS. THE DUNLAP TEAM WON ONE POINT. THE FOLLOWING WAS THE SCORE:

Table with 2 columns: Name and Score. Includes Sinclair, Cowan, Smith, Stanton, Moore, Dunlap Rubber Co., Cowan, Howard, McDonald, Lawson.
