

## BAPTIST INSTITUTE SESSION IN AMHERST

Maritime Baptist Convention Will Open Today and Continue for Six Days.

### STRONG PAPER ON PASTORAL EFFORT

Qualifications for and Methods of Successful Work Described for Clergymen by Rev. C. R. Freeman—An Animated Discussion.

Amherst, N. S., Oct. 17.—Baptists are in possession of Amherst for the next six days, as the delegates have assembled from the churches throughout the Maritime Provinces in their annual convention. Many pastors and delegates are already on hand and others are reaching the city by every train. Nearly four hundred delegates are expected. The convention proper opens tomorrow at ten o'clock. Today's sessions are those of the Baptist Institute, which is an open forum for the discussion of live religious, social and theological subjects, and everyone is free to say his say.

The institute opened at ten o'clock, the president, Rev. J. E. Wilson, in the chair. After a helpful devotional service led by the president, Rev. C. R. Freeman, of Canis, N. S., read an able paper on the pastor's own evangelist. This paper showed scriptural precedent and noted some of the advantages of this method of working. The pastor's responsibility was emphasized and the consequent necessity of some things was pointed out, among others, that he is to be a man of prayer, that he be a man of prayer, have a firm faith in God's Word, and a practical knowledge of men.

Dealing with the preparation of the sermon, the position was taken that every sermon should have a definite object to which everything in it led up, and be of such a nature as to stimulate thought, touch the conscience, and move the will. It should be warned of danger as well as urged by the hope of reward, but that a man needed to get near to the heart of his Redeemer before he preached concerning the results of sin. Expository preaching was commended.

He Must Believe. Mr. Freeman held that the evangelistic pastor must believe intensely in the message found in the Bible; he must be a man of power in prayer; he must know men, and know how to lead them.

The greatest care must go into preparation of the evangelistic sermon. The preacher must feel his responsibility for the souls of his hearers. Mere ethical preaching will never win men to Christ. Such preaching is to real evangelistic preaching as cut flowers are to the real living plant. "We need the message of love and hope," said the speaker, "but no less do we need the message concerning the terrible nature of sin and of its punishment. Never deliver a message which ends in despair."

Church Must Co-operate. The pastor must have the hearty co-operation of his church. The most should be made of the Sunday evening services by holding after services, etc. For speakers' attention was called to the importance of sufficient advertising and of using Christian persons as soloists and members of choir and as ushers and of having trained personal workers. It was shown that here as elsewhere the price of success was

## CAPTAIN INCH'S BRAVERY SAVES HIS CERTIFICATE

"The Line Needs Men Like Captain Inch," Is Comment of the General Manager of Uranium Line—Played Brave Part in Losing Battle.

New York, Oct. 17.—The unwritten but almost inexorable law of the seas which bars a captain who loses his ship from being given another command, will not be applied to Captain Francis Inch, of the Voltorno. The officials of the Uranium Line made it known today that the heroism of the young captain, his desperate though losing fight to save his vessel, and the brave part he played in the battle which resulted in the saving of such a large proportion of the Voltorno's passengers and crew will preserve him from the fate of many a master whose ship the sea has claimed.

"The line needs men like Inch," said Manager Thomas today. "He will be given another boat to command and we will be glad to keep him in our employ."

## TUITION PRONOUNCED IS THE SMALLEST IN DONATION

Highest Proportion of Defectives in Prince Edward Island.

### ONTARIO NEXT WITH A HIGH PERCENTAGE

Increase in Insane in All Provinces Except New Brunswick—Deaf and Dumb form Big Proportion.

Ottawa, Oct. 17.—A bulletin just issued by the census and statistics office shows the result of enumeration of the defective census in Canada—blind, deaf and dumb, insane and idiotic—in the census of 1911. The number of blind was 3,238; of deaf and dumb, 4,584; of insane, 14,702; and of idiotic, 5,387, making a total of defectives of 28,611, of which 15,539 were males and 13,072 were females.

From 1901 to 1911 the population increased by 34.17 per cent., for the same period the total number of insane increased from 26,148 to 28,611, an increase of 9.42 per cent. in the decade.

In Canada in 1911 there were 100 males to every 75 females incapacitated through blindness. In 1901 there were 6.165 blind persons per 10,000 of population. In 1911 the proportion had fallen to 4.993 per 10,000. Deaf and dumb persons constituted 11.900 of the population in 1901. The proportion in 1911 was 6.361.

In every ten thousand of the population in 1911 there were 21.014 insane and idiotic persons, the proportion fell to 23.847 in the year 1911.

There has been an increase in actual numbers and in proportion of the population of insane mind in every province excepting New Brunswick. The highest proportion is shown by Prince Edward Island, with 41.717 per 10,000 of the population, followed by Ontario with 34.998 per 10,000, Nova Scotia with 23.615, and Quebec with 22.443 per 10,000.

hard work. A class of trained workers is almost a necessity to successful work.

Interesting Discussion. The Rev. Z. L. Flash opened the discussion commending the paper and arguing that evangelism is the strongest part of the work of the church. It is the strongest kind of preaching we must remember, that our greatest business is to bring men to Christ.

Rev. A. J. Vincent said his experience in the ministry had shown him that men must learn to fear sin and its punishment before the desire to be saved.

Rev. M. S. Richardson said Christ first reveals to men their unworthiness and then brings them the remedy.

The Rev. G. C. Pincombe said we must show men what sin is and does. The Rev. E. E. Daly emphasized the importance of preaching the lessons of the law. It is not cowardly to turn to God because we fear the punishment of sin.

Inch, will sail for England tomorrow on the Oceanic, of the White Star Line. They are going back to attend the inquiry into the disaster conducted by the English Board of Trade.

Captain Inch will stay here until he has recovered from hardships and injuries. He probably will sail Wednesday on the Mauretania.

The Cunard Line today notified the Uranium Steamship Company, Captain Inch's employers, that the best suite on board would be reserved for her heroic commander. His bravery warrants for him the best treatment that can be accorded said General Manager Charles Sumner, "and the invitation extended by the Cunard Line is in appreciation of the fearless work done by him in the face of death."

General Manager Edward O. Thomas of the Uranium Company, said today that there would be no investigation in this country either by the company or the government.

## POLICE INVESTIGATION IS DEVELOPING SOME RATHER SENSATIONAL EVIDENCE

Last Evening's Session by all Means Most Interesting Yet Held—Citizens and Ex-policemen Called to Testify of Doings of Some Members of Force.

Manager of T. J. Cronin's Saloon Swears He Caught Police Officers in His Store Late at Night — Ex-patrolman Swears He Was Invited to Share Goods Taken from Other Stores by Police — Sergeant G. R. Baxter Gives Interesting Testimony.

At the police enquiry last evening William Pyne, manager of Cronin's saloon on Germain street, testified that after the door of the saloon had been reported open at night several times, and some money had disappeared from the till, he stopped in the office after ten o'clock, and a short time before one o'clock Officers Perry and Sullivan entered, and charged down Dock street and met Officer Totten; also that Officer Perry had offered him pipes and cigars which he said he had taken out of O'Regan's store, and that he had invited Perry to go into Spear-dyke's and have some fruit, and into the Jardine building and get some tobacco.

Janitor Earle swore that the chief had once used profanity to him and pushed him out of his office, and that Sgt. Campbell, being roused from sleep when he should have been on duty, threatened to knock his brains out. Earle also swore that Campbell had taken two buckets from the police station and a chair, the chair and one bucket being later found by him in the chief's barn. Campbell also took some planks. Sgt. Baxter testified to reporting Officer Hughes and Ward for taking three tins of sardines from Mr. Jackson's store.

Chief Clark testified that when he held investigations into charges against officers the accused always had an opportunity of hearing the evidence of the accused. This was contradicted under oath.

When the hearing was opened Chief Clark was called and produced records of some investigations held by him. Attached to the records was a letter from George Martin in reference to the charge that Perry stole bread from his shop, saying that the whole affair was a hoax. Martin had taken Perry's baton, and Perry retaliating by taking some bread.

Sensational Evidence. Wm. H. Pyne was called. Q.—Have you been bothered with having your doors found open?

A.—Yes. The door was reported open four times.

Q.—Did you miss anything?

A.—On one occasion there was a shortage of money in the till.

Witness said he was found open four times in six weeks, he thought something was wrong, and remained in the shop one night. About 20 minutes to one an officer came down Germain street, tried the door next Market street, and then returned to the door. The officer then went back to the first door; I heard a sound as if a key was put in the lock, and the door was pushed open. The officer stood in the entrance.

Q.—Did you hear a noise?

A.—Yes; of a dog running around for 25 or 30 seconds.

Q.—After that what happened?

A.—The person and dog left the store and the door was closed.

Q.—Did you try the door?

A.—I had on slippers and started to put on my boots when I heard two men come back. They stopped into the entrance. One said, "Have you been in yet?" The other said "No." Then the first said, "Well, go ahead." They opened the door, and stopped in. I was in the office at that time. They came over to the door of the office in which I was in, saw them through the crack of the door.

Q.—Did you recognize these men?

A.—I did not know Officer Sullivan when I recognized Officer Perry. Witness was satisfied that the door at No. 48 was locked, but did not know whether the door at No. 50 was locked. The officers entered by No. 48. Both had uniforms on. "When I stepped out the officers stood at attention. I asked if they found the door open that morning. Officer Sullivan said 'No, we didn't.' I said, 'I guess not this time.' Neither made a word. Neither made a word. Neither made a word. Neither made a word.

Witness said that he had gone an excuse for their presence in the store. I went over to the door, but did not find a key in it."

Witness called to a man named Pye who was working in the market, and Pye returned with him to the store while he locked the door. Pye recognized the two officers.

Reported to Sergeant.

The same day Detective Killen came and asked him to put his charges in writing. In the evening at 5.20 the Chief telephoned that he was conducting an investigation and asked witness to come up. He went up after ten o'clock. The Chief asked witness to make a statement, but not under oath. He heard no evidence taken in the case, but heard the deputy chief read signed statements made by the two officers. His statement, taken down by the deputy chief was very full.

Continuing, witness said: "As I was leaving I said to the Chief: 'Are those two men going on duty tonight?'"

The Chief said: "Well somebody will have to pay for their lost time." "I said 'I don't think the two men should be allowed to go on duty. They were in uniform.'"

The Chief then ordered the two officers back to the guard room.

Witness said a man named Morrison had told him he was present when Ira Perry returned some goods to Geo. Martin and advised him to tell the Chief of this incident.

Officers Exonerated. Q.—What was the Chief's decision in the case?

A.—He told me he had looked into the matter and could not do anything but exonerate the officers.

Witness left the station with the two officers and Sullivan evidently wanted to be friendly.

Q.—Did you see Mr. Pyne, I can tell you something about your brother that will open your eyes and if you meet me tonight I'll do so."

Witness on advice of lawyer did not meet Sullivan that night. On reflection witness said the two officers were not in uniform when he met them at the station.

Advised to Settle. About a week after Chief Clark met witness on the street and advised him to make a settlement with the two officers, as they were going to bring an action for damage against him. I said they could go ahead. The Chief said, "Well, you know now you made a mistake."

"I said I knew I had not made a mistake. I told the Chief I had been finding out something about the force, and when the matter came to the court I would not leave him a corporal's guard of officers."

Why Kavanaugh Left. Matthew Kavanaugh, driver of No. 2 machine of the fire department, and formerly a patrolman, was sworn. When appointed, he testified, that he was not given a uniform or instructed by the chief as to what to do in writing, but not an examination in writing. He had not been told what his duties were. He was on the force some months.

Q.—Why did you leave the force?

A.—Because I would not work with a thief.

Q.—How long was it before you suspected something was wrong with an officer?

A.—About a week.

The Brayley Drug Co. Case. Witness said he had tried the doors on his beat one night, and later met Officer Ira Perry near the light station. Perry told him he had found the side door of the Brayley Drug Company open and had been in there. Perry had several pipes, and offered them to him, but witness said he did not want them. Perry also had his pockets full of cigars; he said he got them in the dance hall in the O'Regan building. After witness met Perry in the street, he said he had seen Perry later witness came back and watched the Brayley Company's door. He saw Officer Perry come out of the door with something under his cape, and run down Dock street and met Officer Totten under the bell tower. When Perry came back, whatever he carried was missing. To witness Perry said: "Oh, I thought you had gone off duty."

That morning he met Officer Sullivan, and told him to stand in his door, and he would see Totten come by with a parcel. He waited with Sullivan and they saw Totten pass, carrying a lunch basket and a parcel. He may have told Sullivan of seeing Perry coming out of the O'Regan building.

Could Get No Satisfaction. That day he went on duty with Officer Hughes. It was the day of the Pugsley-Pender election. He told Hughes about Perry coming out of the O'Regan building.

Q.—Did you report Perry at headquarters?

A.—No. I was told I would get no satisfaction.

Q.—Did you tell any other officer?

Witness told Detective Killen, and about a week later Deputy Chief Jenkins asked him about what he had seen, and whether it would be worth while to search Perry's house for the goods. Afterwards Killen told him that the Deputy Chief had seen Perry in the office, and Perry denied taking anything. Some time after witness was invited

## FINAL ROUND IN GOLF PLAY COMES TODAY

Miss Hollins of New York Will Meet Miss Ravenscroft of England for Women's Championship Title.

Wilmington, Del., Oct. 17.—Miss Maston Hollins, of New York, the youthful Metropolitan champion, will represent America in the final match of the Women's National Golf Championship tournament tomorrow, when Miss Gladys Ravenscroft, a former British champion, will endeavor to secure possession of the Robert Cox trophy, emblematic of the American championship.

Miss Ravenscroft, in the semi-final round today, easily defeated the present English and Canadian champion, Miss Muriel Dodd, eight up and seven to play. Miss Hollins, on the other hand, secured the right to enter the final only after the hardest kind of a match with Miss Harriet Curtis, of Boston. Two extra holes had to be played before the match was decided in her favor.

FREDERICK'S NEW FIRE STATION HOUSE. Special to The Standard.

Frederick, N. B., Oct. 17.—At a meeting of the Fire Commission held this afternoon the contract for the erection of the new fire station was awarded to J. Fred Ryan of this city. Mr. Ryan was the lowest of four tenderers. The site of the new station will be on King street where the old one stood. The foundation work is near completion. Mr. Ryan having this contract also.

ed to call on the manager of the Brayley Drug Company, and saw Mr. Farren. Then Chief Clark summoned him to the office, and on the way met Totten, who also went to the station. The Chief asked witness to put his charges in writing, and added: "Officer Perry is in too much trouble and will have to go."

Officer Totten denied carrying a parcel home the morning he met Perry under the bell tower. Then he said he was carrying his jumper. The Chief said he would give him three days to consider whether he carried a parcel.

Witness saw Perry with cigars, but saw no cigars in the Brayley Drug Company's office. The Chief said he had got two pipes but witness thought they were not those Perry had taken.

Another Case Told of. Witness was with Perry one night when he found Stinbald's door open. They went in and found everything all right. Witness went to the station for rings to fasten the door. When he came back Perry had his head in the desk, ransacking it. When asked what he was doing, Perry said he was looking for the man's card so he could make a report.

Once Perry invited witness to go into Spear-dyke's and have some fruit, saying he had keys that would open the door. Witness did not go in. Another time Perry asked him to go with him into the Jardine building, where there was a box of tobacco in the hall. Witness said "I can buy my own tobacco." At that time the hallway of the Jardine building was left open every night.

Witness was suspended for not reporting the Brayley Company's affair, and two days after the chief's investigation he resumed.

The chief had two duplicate pipes on his desk, but did not exhibit the pipe taken from Officer O'Leary.

Sergeant Baxter Sworn. Sergeant G. R. Baxter was sworn. He had been 27 years on the force. When appointed by Chief Marshall he passed a medical examination, and was asked to read and write a few things, but was not examined in spelling. Chief Marshall cautioned him as to the use of the baton and the control of his temper. He had no key, and gave him a manual of rules and regulations.

Witness had reported several officers for violations of rules and regulations and the chief's orders.

Q.—Did the chief have any orders?

A.—Yes.

Q.—Did you report Sgt. Campbell?

A.—Yes, because he was off his beat. I searched for him over an hour. When I found him Campbell was back on his beat. I learned afterwards that Campbell was on another beat shoveling snow from the chief's sidewalk.

The chief suspended Campbell for this. Witness had reported officers for being in the gas house, and the chief suspended them. He reported Hughes and Ward for having three small cans of stuff in the Water street lock-up. He saw them taking the tins out of their pockets. They said they took

## SULZER CONVICTED BY "HIGH COURT OF LIFE"

U. S. DIPLOMAT SAYS HUERTA WILL RESIGN

State Department Declares that Relations Are Not Resumed.

A PROTECTORATE NOW LIKELY

President Wilson's Attitude Will Be One of Scrupulous Regard for Mexico's Dignity—Will Not Interfere.

Washington, Oct. 17.—John Lind, President Wilson's personal representative in Mexico, has reported from Vera Cruz indications of General Huerta's intention to resign the provisional presidency.

Mr. Lind has advised the president that if the information that has come to him is reliable, the United States may be called upon indirectly to indicate whether it will recognize or open negotiations with Huerta's successor. Apparently various names are being suggested and acceptability to the American government, it is thought, might influence the final choice.

From Mr. Lind's report, which was filed Wednesday, there arose today rumors of fresh negotiations with the Huerta government by the United States, but at the White House and State Department it was declared communications had not been resumed.

Speeches in Congress and other suggestions today for an armed protectorate over Mexico in conjunction with other nations were met by high administration officials with the declaration that such an act would impair the sovereignty of Mexico. Attention was called to President Wilson's original instructions to Mr. Lind in which he said:

"It is our purpose in whatever we do or propose in this perplexing and distressing situation, not only to pay the most scrupulous regard to the sovereignty and independence of Mexico—that we take as a matter of course to which we are bound by every obligation of right and honor, but also to give every possible evidence that we act in the interest of Mexico alone, and not in the interest of any person or body of persons who have personal or property claims in Mexico they may feel they have the right to press."

Speeches in Congress and other suggestions today for an armed protectorate over Mexico in conjunction with other nations were met by high administration officials with the declaration that such an act would impair the sovereignty of Mexico. Attention was called to President Wilson's original instructions to Mr. Lind in which he said:

"It is our purpose in whatever we do or propose in this perplexing and distressing situation, not only to pay the most scrupulous regard to the sovereignty and independence of Mexico—that we take as a matter of course to which we are bound by every obligation of right and honor, but also to give every possible evidence that we act in the interest of Mexico alone, and not in the interest of any person or body of persons who have personal or property claims in Mexico they may feel they have the right to press."

Governor Glynn issued a statement this afternoon in which he declared that he would insist upon "economical, clean, orderly, and efficient transaction of the state's business." He asserted he would not "devote the time which I owe to the state to partisan politics."

"This is not an occasion for exultation," he said, "and I have no such feeling. To me it is an occasion of solemnity mixed with sadness. I am charmed with the duties of governor, not through any act or desire of mine, but because the law, which I have sworn to uphold, imposed the obligation upon me under the distressing circumstances of the situation that has arisen."

"I shall be content to be governor," he said, "I intend to move slowly and carefully. I propose to be governor of all the people first, and to serve the public. After that, of course, I am a Democrat."

Earlier in the afternoon he had issued a formal statement outlining briefly his future policy.

Robert F. Wagner, who became lieutenant governor, declined to make any statement. He is succeeded as president pro tem of the Senate by James J. Frawley, chairman of the finance committee, and who headed the Frawley investigation committee.

## MRS. EATON'S MOTHER DESCRIBES THE CONDITIONS IN HER HOME

Corroborates Evidence Given by Granddaughter of Friction in Household—Accused Woman Actually Seemed to Believe the Admiral Had Drug Habit.

Plymouth, Mass., Oct. 17.—Mrs. Virginia Harrison, of Alexandria, Virginia, a member of a prominent family, was charged with murder in the prosecution today to tell about conditions in the home of her daughter Jennie May Eaton, who is being tried on the charge of murdering her husband, Rear Admiral Joseph Giles Eaton, U. S. N., by giving him poison.

Mrs. Harrison said that her daughter manifested "hysterical tendencies" towards the admiral at times. During the past four years the witness had spent much time at her daughter's

home in Annapolis, and she testified that she considered her son-in-law "always very nervous and suspicious." Her daughter, she said, seemed actually to believe that the admiral dabbled in drugs and was insane. Mrs. Harrison could see no signs of these things. She had seen the admiral intoxicated, she testified, but she never detected any signs of the drug habit. She first noticed the admiral's final illness on March 6, before he had touched the roast pork which Mrs. Eaton claimed was the cause of that attack.

New York's Ex-Governor Bitterly Denounces Judges who Condemned Him.

SAYS HORSE THIEF WOULD HAVE GOT 'SQUARER DEAL'

Declares His Trial Was "Political Lynching" Because He Served His State More Zealously than His Tammany Boss.

Albany, N. Y., Oct. 17.—William Sulzer ceased to be governor of the State of New York at noon today. He was removed from office by the High Court of Impeachment by a vote of 43 to 12, two members not voting.

The verdict of the court was that Sulzer was guilty of falsification, perjury, and an attempt to suppress evidence against him. Of all other charges he was acquitted, the court today unanimously voting him not guilty of the four remaining articles of the impeachment not passed upon when it adjourned last night.

By a virtually unanimous vote, also, the impeachment tribunal decided that Sulzer should not be punished by disqualification to hold office of honor and trust in this state in the future. This would have been the extreme penalty under the law.

The ousted executive was served with a copy of the verdict of the court at the executive mansion—christened by himself "The People's House"—a few minutes before six o'clock tonight.

"Good, I thank you," he said to the sergeant-at-arms of the Senate who delivered the document.

A Bitter Denunciation. Mr. Sulzer, private citizen, will leave the Capitol probably on Sunday, but there for he has not departed. The outgoing executive issued a statement in which he denounced the tribunal which had removed him as "Murphy's high court of infamy."

Sulzer declared that his trial was a "political lynching as far as the Tammany part of the court was concerned, because the consummation of a deep-laid political conspiracy to oust him from office."

"A horse thief in the frontier," he said, "would have received a squarer deal."

"Had I but served the boss with half the zeal I did the State William Sulzer would never have been impeached," he said.

The New Governor. Governor Glynn issued a statement this afternoon in which he declared that he would insist upon "economical, clean, orderly, and efficient transaction of the state's business." He asserted he would not "devote the time which I owe to the state to partisan politics."

"This is not an occasion for exultation," he said, "and I have no such feeling. To me it is an occasion of solemnity mixed with sadness. I am charmed with the duties of governor, not through any act or desire of mine, but because the law, which I have sworn to uphold, imposed the obligation upon me under the distressing circumstances of the situation that has arisen."

"I shall be content to be governor," he said, "I intend to move slowly and carefully. I propose to be governor of all the people first, and to serve the public. After that, of course, I am a Democrat."

Earlier in the afternoon he had issued a formal statement outlining briefly his future policy.

Robert F. Wagner, who became lieutenant governor, declined to make any statement. He is succeeded as president pro tem of the Senate by James J. Frawley, chairman of the finance committee, and who headed the Frawley investigation committee.

Funeral of Rev. L. G. MacNeill. Hundreds Follow Former Pastor of St. Andrew's Presbyterian Church to Last Resting Place.

A large number of people from all walks in life attended the funeral of Rev. L. G. MacNeill and paid their last tribute of respect to the departed minister yesterday afternoon.

A short service was held at half past two at his home, 127 Duke street, after which the procession was formed and the body taken to St. Andrew's church, of which Rev. Mr. MacNeill was for long the pastor.

Members of St. Andrew's society attended the funeral in a body and marched near the head of the procession to the church.

At the church the prayer of invocation was read by Rev. J. A. MacKeigan a portion of Scripture was read by Rev. James H. MacNeil.

The pall-bearers were Hon. J. G. Forbes, Dr. P. R. Inches, W. C. Whitaker, A. L. Law, William Murdoch and B. R. Macaulay.

The funeral service was very beautiful and numerous. Among them was a wreath from the elders and trustees of St. Andrew's church in the province of New Brunswick.

Whereas, during the many years of his pastorate, from which position he retired in A. D. 1903 on account of physical infirmity, he ever gave his best efforts to the promotion of the cause of Christ in this community;

Resolved, that the trustees of St. Andrew's church, in special session assembled, do hereby record our sense of the great loss sustained, both by St. Andrew's church and by the city of St. John, by the death of Mr. MacNeill.

Resolved, that a copy of these resolutions be sent to his family and that they be placed on record in the Minute Book of this church.

Resolved, that the trustees of St. Andrew's church, in special session assembled, do hereby record our sense of the great loss sustained, both by St. Andrew's church and by the city of St. John, by the death of Mr. MacNeill.

EXPERT WILL EXAMINE THE AGREEMENT. Council of Board of Trade so Decided - Rates Between I.C.R. and C.P. Railway.

Steps will be taken to secure the appointment of a traffic expert to place St. John's case before the board of experts whom it is hoped the government will appoint to investigate the alleged discrimination against St. John in the agreement between the I.C.R. and C.P.R. for the handling of freight from the Empress and Allan Line steamships between St. John and Halifax.

The report of the committee which has been investigating the complaint of some of the merchants that the city prohibits motor trucks from entering city warehouses was received. The Commissioner of Harbors and Ferries had made the statement that the prohibition had been decided upon by the City Council after a full discussion of the subject.

It had been decided to permit trucks to use Protection street, the approach between sheds number two and three and the north side of Rodney wharf. The council of the Board of Trade was of the opinion that the fire risk would not be materially increased by motor trucks, and a committee was appointed to take the matter up with the City Council.

The Industrial Commissioner reported that he had distributed Provincial literature at the Duchesse Co. N. Y. fair, and that he was in correspondence with manufacturers who might locate here.

Whereas, during the many years of his pastorate, from which position he retired in A. D. 1903 on account of physical infirmity, he ever gave his best efforts to the promotion of the cause of Christ in this community;

FIND BURIED HAMMER NEAR SPOT WHERE TANGO TEACHER WAS SHOT

MRS. MILDRED ALLISON REIXROAT

The Chicago police admit to-night they are still in the dark concerning the motive for the killing of Mrs. Mildred Allison Reixroat, the tango teacher, whose body was found on the railroad near Wayne, Ill.

A heavy hammer, which had been wrapped in a cloth and buried, was found near the scene of the murder. The police think the slayer had buried the hammer beforehand with the purpose of using it to kill Mrs. Reixroat and that circumstances had not expected caused him to shoot her instead.

In the above illustration are shown the murdered woman and Mr. Allison and Mr. Reixroat, the woman's first and second husbands, respectively.

POLICE INVESTIGATION IS DEVELOPING SOME RATHER SENSATIONAL EVIDENCE

Continued from page one. The police are still in the dark concerning the motive for the killing of Mrs. Mildred Allison Reixroat, the tango teacher, whose body was found on the railroad near Wayne, Ill.

Whereas, during the many years of his pastorate, from which position he retired in A. D. 1903 on account of physical infirmity, he ever gave his best efforts to the promotion of the cause of Christ in this community;

Resolved, that the trustees of St. Andrew's church, in special session assembled, do hereby record our sense of the great loss sustained, both by St. Andrew's church and by the city of St. John, by the death of Mr. MacNeill.

EXCELLENT CONCERT IN THE OPERA HOUSE. Miss Eva Mylott Heard to Great Advantage by Large Audience - Received Merited Applause.

The audience which was privileged to attend the entertainment in the Opera House last evening when Miss Eva Mylott, the Australian contralto, was treated to a musical programme of a superior quality.

Her rendition of L'Angelus, "Old Brittain" particularly pleased those present but all her numbers met with a hearty reception and she was forced to respond to numerous encores.

Members of the yacht club, who arranged the programme were fortunate in their selection of artists and those in attendance showed their appreciation with well merited applause.

Q—Did he give you anything? A—No. Q—Well, sometimes he sent a turkey to the house. Three times, I think.

Q—The chief has said he never showed unfriendliness towards you? A—Ever since he returned from Calgary he has shown unfriendliness towards me.

Q—Did you ever have to appeal against his unfriendliness? A—In 1905 I threatened to appeal to the local government against him, when he wanted to take the keys from me.

Q—How did you find the floors after the men had been playing dominoes? A—Yes. Q—How did you find the floors after the men had been playing dominoes?

Q—How did you find the floors after the men had been playing dominoes? A—Yes. Q—How did you find the floors after the men had been playing dominoes?

EN ROUTE TO HALIFAX. The steamer Russia is expected next week from Libau with 431 passengers for Halifax.

GRAIN FOR LIMERICK.

Portland Area: The engagement of another tramp boat to take on grain here was announced yesterday, the steamer in question being the Coniston, 2,137 tons, which was last reported at Dakar, West Africa, on Sept. 29, and is now on her way here to take on a cargo of about 200,000 bushels of grain for Limerick, being due to arrive the latter part of the month.

TRYING TO RECOVER ANCHOR.

An attempt was made Wednesday to recover an anchor that was lost by the Dominion liner Ottomano two years ago off Spring Point Ledge. A Boston diver named Turner accompanied by Pilot Edwin Innes were taken out to search for it, but the weather conditions were so bad that nothing could be done toward picking up the sunken anchor, which weighs about four tons and is worth nearly \$400.

FREIGHTS AND CHARTERS.

New York, Oct. 15.—The demand for tonnage of all kinds was exceedingly light and but little was done in chartering. Tonnage was offered steadily with rates favoring charterers. Quotations to Liverpool and London, 23d; Glasgow, 35d; Hull and Bristol, 35d; Rotterdam, 7c; Hamburg, 42 1/2 pence asked; Bremen, 40 pence; Antwerp, 3d; Cork for orders, 2s 9d; picked ports, large tonnage, 2s 1/4; 2s 3/4; cotton to Liverpool, per 100 lbs., 30c.

STRONGLY ADVISES "FRUIT-A-TIVES"

Mr. Alex. McCarter, Walkerton, Ont., May 9th, 1911. "I have been in Walkerton in business for a good many years and many of my townsmen know that my health, for long periods was precarious. My trouble was extreme Nervousness, brought on by indigestion and Dyspepsia, from which I suffered in the most severe form. It was so bad that I could not sleep before about four in the morning. I noticed one of your published testimonials of how someone had used 'Fruit-a-tives' for similar trouble and asked Mr. Hunter, my druggist, his opinion on the matter and he advised their use. I immediately procured several boxes and I am pleased to say that I now enjoy splendid health and could not possibly feel better. I can eat with every degree of satisfaction and sleep without an effort. I strongly advise anyone suffering from like complaints, to commence using 'Fruit-a-tives'."

LOWER MILLSTREAM.

Lower Millstream, N. B., Oct. 15.—The weather of the last week has been very disagreeable and a large quantity of rain has fallen. The river is very high and a number of the farmers have some harvesting to do yet, but the weather is very much against it.

Geo. McKelzie, who has been employed by N. E. Hicks Co., is at present visiting his home at Havelock. Herbert Long and family of Kestred Mt., spent Sunday with his father at this place.

A number of the farmers of this place sent a large shipment of potatoes to Cuba. All report a good price. Wm. Snyder is at present confined to his home with a severe attack of influenza.

Jas. L. McAuley intends leaving for Fruro the latter part of this month, where he intends taking an agricultural course.

Mr. and Mrs. Charles Stewart returned from an extensive trip to Fredericton and vicinity. O. Sherwood and sisters of Upland, spent Sunday at the home of Herbert Bairds.

The funeral of the late Hazen Strong took place on Sunday at the Baptist cemetery of this place. Mr. Mitchell, of Sussex, was the officiating clergyman.

Both Miss McAuley and Miss Corbett, the local teachers, intend going to Hampton on Thursday to attend the Teacher's Institute.

Secretary House, of the Board of Trade, has received a letter from N. A. Sinclair, secretary of a Toronto syndicate which control property on Westmoreland Heights, East St. John, saying that it is the intention of the company to build a few houses there next year if they get encouragement.

SALT RHEUM CAME OUT ON HANDS

Formed Watery Pimples, Itchy and Had Horrible Burning Sensation, Lost Some of Finger Nails. Could Not Open Hands. Cured by Cuticura Soap and Ointment.

235 N. Linger St., Toronto, Ontario.—"For seven years I have been troubled with salt-rheum. It came out on my hands and my feet. It was so bad that I could not open my hands. I tried several other patent medicines without a bit of relief. Some of my friends advised me to try Cuticura Remedies so I sent for samples and by using them there was a great improvement. Then I went to the druggist and bought one cake of Cuticura Soap and two boxes of Cuticura Ointment; after using them I am glad to say I am completely cured. I had given up all hope of being cured. I can say to all those who have suffered as I have, not to lose courage but to give Cuticura Remedies a fair trial." (Signed) Miss Lillian Irwin, Oct. 13, 1911.

For more than a generation Cuticura Soap and Cuticura Ointment have afforded the most economical treatment for affections of the skin and scalp that torture, itch, burn, scale, and destroy sleep. Sold everywhere. Sample of each mailed free, with 32-p. skin Book. Address post card Potter Drug & Chem. Corp., Dept. 35D, Boston, U. S. A.

Every Woman is interested and should have about her person a little of the famous LITTLE BLUE PILLS for the cure of all ailments of the female system. Sold everywhere.

WILLSON SUPPLY CO., Vancouver, B. C. General Agents for Canada.

GAGETOWN NEWS.

Gagetown, Oct. 14.—Two of the most popular young people of this community were today united in the bonds of holy matrimony at the little Roman Catholic church on Mill Road. The contracting parties were Mr. Frank Hayden and Miss L. E. Mahoney, third daughter of Mr. Michael Mahoney. The ceremony was at 8 a. m., Father Carlton being the officiating priest, immediately after which a nuptial mass was celebrated. Owing to the exceedingly wet and rough day many were kept from the wedding but yet a goodly number witnessed the ceremony. The presents were numerous and costly testifying to the esteem in which both parties are held. Miss H. Mahoney, sister of the bride, was bridesmaid and Mr. J. Gallagher, of Chipman, acted in the capacity of groomsmen.

The bride was attired in a charming travelling dress of light blue brocade with a picturesque hat to match. Mr. Hayden's gift to his bride was a substantial cheque, and to the bridesmaid a gold bracelet.

A sumptuous repast was afterwards served at the bride's home, where many gathered to shower upon the happy couple their good wishes for a long life of happiness.

Mr. and Mrs. Hayden left by steamer D. J. Durdy at 11 a. m. and intend spending their honeymoon with friends in New York and Boston.

The Rev. W. Brewer, the Methodist pastor here, returned to Gagetown on Saturday last after having attended the recent Methodist Missionary Conference at Amherst, N. S.

Mrs. Casswell, wife of Dr. Casswell, has gone on a visit to her brother, Dr. Du Vernet in Digby.

Mr. and Mrs. Geo. Harding are the guests of Mr. and Mrs. T. S. Peters at Glenora.

Mr. Maurice Scott, of Meadowlands, started today on a fortnight's visit to Boston.

The Rev. W. Smith, rector of Gagetown, left today for Springfield in order to be present at the Kingston diocesan meeting which is being held in that parish this week.

Although it was reported early in the season that all kinds of game were very plentiful, yet very few moose and deer have yet been shot. According to the oldest hunters in this district partridge and ducks were never so scarce at this time of the year. It is almost impossible to give a reason for it, but undoubtedly the birds were shot into weeks before the season opened and some of the sportmen intend taking up the matter with the authorities.

Sheriff Williams returned to Gagetown on Monday after paying a short visit to Dorchester Penitentiary in order to leave there Charles Medley McIntyre, who was given a life's sentence here last week by Judge Barry.

Mrs. Williams also returned after a few days' holiday in St. John.

The many friends of Mrs. Joe Henry are delighted to hear that she is recovering from the awful shock she received when so brutally assaulted by the lad Gibson a few days ago.

Cured Diseases of the Kidneys

And is Depended on to Right Stomach and Liver Disorders.

Once Dr. Chase's Kidney-Liver Pills are introduced into the family and their efficiency becomes known they are usually found too valuable to do without. For everyday ills arising from liver and bowel disorders they bring relief promptly, and when complicated diseases of the kidneys and liver develop they often prove a successful cure after doctors have failed. As an illustration, you may read the following, which was received a few days ago:

Mrs. John Wright, 53 McGee street, Toronto, Ont., writes: "We have used Dr. Chase's Kidney-Liver Pills for ten years, and would not be without them. My husband suffered from kidney trouble, and after various treatments from several doctors without receiving any benefit, tried Dr. Chase's Kidney-Liver Pills, which worked a complete cure. Since that time we have used them for all stomach and liver disorders."

One pill a dose, 25 cents a box, all dealers, or Edmond, Bates & Co., Limited, Toronto.

JOHNSON'S ANODYNE LINIMENT

Countless thousands of families have found it to be the surest and quickest remedy for Cuts, Wounds, Sore Throat, Bowel Complaint—Internal and External Ailments.

Parsons' Pills keep the bowels regular. H. S. JOHNSON & CO., Inc., Boston, Mass.

Every Woman is interested and should have about her person a little of the famous LITTLE BLUE PILLS for the cure of all ailments of the female system. Sold everywhere.

WILLSON SUPPLY CO., Vancouver, B. C. General Agents for Canada.

CHICAGO GRAIN AND PRODUCE PRICES.

(F. B. McCURDY & CO.) Chicago, Oct. 17.—Wheat—Market broke sharply at the opening in sympathy with Liverpool, where the pressure of Manitoba wheat has proved too heavy, but on the decline, there was heavy covering by shorts and prices rallied, the strength in Corn being a great help.

Corn—Wet weather over the belt and prediction of a continuation resulted in a sharp bulge in Corn, commission houses being conspicuous buyers but on the bulge the local element turned to the selling side and made a fair reaction. With wet weather the market should maintain a firm tone.

Oats—Heavy covering by shorts at the opening in sympathy with the bulge in Corn gave the market a sharp rally after the opening break, but the best prices were not maintained. A cargo of 300,000 Canadian oats reached here yesterday and graded substantial cheese, and to the bride-maid a gold bracelet.

A sumptuous repast was afterwards served at the bride's home, where many gathered to shower upon the happy couple their good wishes for a long life of happiness.

Mr. and Mrs. Hayden left by steamer D. J. Durdy at 11 a. m. and intend spending their honeymoon with friends in New York and Boston.

HELP FOR WORKING GIRLS

Two Girls Tell Story of Their Illness and How They Found Relief.

New Orleans, La.—"I take pleasure in writing these lines to express my gratitude to you. I am only 16 years old and work in a tobacco factory. I have been a very sick girl but I have improved wonderfully since taking Lydia E. Pinkham's Vegetable Compound and am now looking fine and feeling a thousand times better."

Miss AMELIA J. JACQUARD, 613 Seventh Street, New Orleans, La.

St. Clair, Pa.—"My mother was alarmed because my periods were suppressed and I had pains in my back and side, and severe headaches. I had pimples on my face, my complexion was sallow, my sleep was disturbed, I had nervous spells, was very tired and had no ambition. Lydia E. Pinkham's Vegetable Compound has worked a charm in my case. I have had hundreds of girls and have recommended your medicine to many of them. —Miss ESTELLA MAGUIRE, 110 Thwing St., Saint Clair, Pa.

There is nothing that teaches more than experience. Therefore, such letters from girls who have suffered and were restored to health by Lydia E. Pinkham's Vegetable Compound should be a lesson to others. The same remedy is within reach of all.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

# Had a Stroke of Paralysis

And Found a Cure in Dr. Chase's Nerve Food.

It is always better to prevent serious diseases of the nerves. There are such as neuritis, irritability, headaches and nervous prostration, paralysis and locomotor ataxia which when the nervous system is greatly exhausted. Even though your ailment may not yet be very serious, there is a great satisfaction in knowing that Dr. Chase's Nerve Food will cure paralysis in its earlier stages.

Mrs. R. Bright, 215 Booth Avenue, Toronto, writes: "Two years ago my husband had a stroke which left him in a weak, nervous condition. He started taking Dr. Chase's Nerve Food and Kidney-Liver Pills, and we saw the good results almost immediately. They have made a new man of him. We cannot speak too highly of them."

Dr. Chase's Nerve Food, 50 cents a box, for \$2.50. Sold by all druggists. Dr. Chase's Nerve Food Co., Limited, Toronto.

Brooklyn, N. Y., October 13.—Closing annual services for the summer of the Central and Tompkins Avenue Congregational churches were held at the Central Church. The pulpit was occupied by the Rev. Russell Henry Stafford, assistant to the pastor, the Rev. S. Parks Casman. Mr. Stafford's subject was "The Christian and the World." His text was from II Corinthians vi:17: "Come out from among them and be ye separate." Mr. Stafford said:

Despite the pettiness of many lives, there is nothing petty in His. It is a great thing, and a splendid brilliant in opportunity, bewildering in its complexity, the most absorbing business and the finest art of the sun is just living—an art often grossly misused by people who have not cared to become skillful in it, but in which every human being can be a genius if he will. Life is an affair of strange variety and startling contrasts—youth and age, joy and sorrow, peace and pain, virtue and that abnormal, sinister thing we call sin; these and many more, all bound together in one personality, the experience of the race enters into the life of each member of it. And so intricate are the combinations of these diverse elements that the same proportion has never occurred twice; the component parts of humanity are as widely different as the sun and the stars.

The Gospel of Jesus Christ was given to men by their Creator to meet their needs in all the changing conditions and at every moment of their life. It is not a religion for the happy only, or the good, or the young; nor is it alone harmonious with the darker side of our nature, but it is a religion for every hour, for rich and poor, for wretched and for blessed. And the Church which in its mission accepted itself as well as it could to call this made upon it. It has striven to be all things to all men; and the strongest evidences of that divine spirit which we know to be resident in it. But as developments in society into overemphases of some departments of its activity, to the neglect of others equally important.

Today the social mission of the Church is receiving a great deal of attention. We woke up a few years ago, as well as individuals, have a claim on us. We realize that the Man of Galilee did hurry and hurry, and that he walked through Syria in the long ago, just for the sake of helping, without insisting on a chance of heart first in and He helped and ever since we have been healing the sick, feeding the hungry and clothing the naked in His name, and earning new respect for Him and His religion. This is not the first time, to be sure, that Christian energy has flowed in this channel; in some degree, and sometimes a very great one, the disciples of Jesus have worked in every period of the Church's history to ease the physical ills of the unfortunate; but the circumstances of modern life are such that more concerted and more successful action is possible now than ever before, and consequently greater enthusiasm has been aroused. With the fatherhood of God and the brotherhood of man in their hearts men are building hospitals and homes and settlements and operating them, and reading rooms and gymnasiums and the institutional church and many other good things are being done to create happier social conditions and to raise the level of human existence.

Now all these activities are good; they are the sort of thing that Jesus Christ would have His followers do. And they have too often considered good works in general as a minor duty, to be carried on by a limited number as were incident in the main business of the Church. They have thought of the Church as a corporation with "limited" after its name and a charter confining its work to one sphere—the spiritual interests of the race. Instead of a limitless business whose sphere is co-extensive with life itself. That is wrong. The King whose charter we have said not only "go ye into all the world and preach the Gospel to every creature," but "Heal the sick, cleanse the lepers, raise the dead, cast out devils," also, "Nevertheless, there is a danger of laying too much stress on the latter, as the former commandment prove that we are but "children of a large growth." You know the impatience of childhood and the over-zeal of a child of three to serve his fellow men, because he has learned that in so doing he is serving the Lord whom he loves more than life; and the only esteem he can reap for his own nature springs from the feeling that that Lord is using it for great and holy purposes.

Before the natural man rises a blank wall at the end of three-score years and ten, or nearer, or a little further, and he looks down the vista of the years his view is troubled by it, and he looks eagerly to either side of the path to find charms to beguile his attention because his heart grows dull and heavy when he looks at the dull sun of that barrier, and thinks of then his journey must end, for there is no turning back. And he calls the flowers by the wayside, but they wither in his hands; and he picks up treasures of stone or metal under his feet, but they are cold to the touch and burdensome to carry; and as he

# News of The Churches

PRESBYTERIAN BAPTIST METHODIST

The United congregation of First and St. Paul's churches, Truro, N. S., has decided on the erection of a new church to cost \$50,000. Rev. A. J. Macdonald, formerly minister of First Church, is inducted into the pastoral charge of Lunenburg, N. S., Sept. 26.

Sharon Church, Stellarton, N. S., has extended a call to Rev. C. C. McIntosh of Baddeck, Cape Breton.

A pro rata meeting of the Presbytery of St. George to review the work of the congregation of Longueville, P. Q., and also with a call from Montreal, P. E. I., to Rev. M. J. McPherson, of Harvey and Ashton, N. S., to be the minister of the congregation from 1869 to 1874. The pastor, Rev. Gordon Dickie, will be assisted by the Rev. D. Fraser of Montreal.

Dr. Fraser of Montreal will preach the sermon for the occasion, the Rev. Robert Thomson, the only surviving member of the first board of trustees of the present St. George's church, Dr. Calverton, ordained to the ministry in 1856, by the Presbytery of St. John, and died at Fortar, Scotland, in 1911.

James Robertson Memorial Lectures.

Prof. J. W. Falconer, D. D., of Halifax Presbyterian College, left last week to deliver the annual Robertson Memorial lectures to the students of the affiliated colleges in Montreal. Later he will deliver the lectures in Queen's University, Kingston, and Knox College, Toronto. The lectureship has been established in the memory of the late Dr. James Robertson, of Toronto, who was a member of the missionary spirit which burned in the heart of the great missionary leader of Western Canada. The first lecture in the series was given by Dr. George Bryce of Ottawa, who visited St. John and other points in New Brunswick last year during his tour of the colleges.

The Passing of a Missionary.

Word has been received of the death in Ujjain, India, of Rev. W. G. Russell, a missionary of the Canadian Presbyterian Church, having been appointed to the Central India Mission was undertaken in 1876, the first missionary sent out being Dr. Fraser of Montreal. The constituency includes a group of states in the western part of Central India, called Malwa, covering an area of 30,000 square miles, with a population of 2,000,000. In this territory the Canadian Presbyterian Church has eleven main mission stations, manned by forty-six ministers.

The Late Rev. James Sinclair.

The death occurred in Harbor Grace, N. B., on Oct. 5, of Rev. James Sinclair, a well known and highly esteemed minister of the Presbyterian Church. He was 72 years before his death. Though retired from the duties of the active ministry, he had not lost the call of mind of men without responding and offered his services to man the outposts for a time. He was born in Springville, Upper Londonderry and Spryville, all in New Brunswick, and was crowned with the devotion and love of the people of his own country. It will be remembered that he was elected moderator of the Synod at St. John's, N. B., in 1907, and was also elected Moderator of the Synod of St. John's, N. B., in 1908.

Death of Rev. L. G. Macneil.

Rev. Leander G. Macneil passed peacefully away at his home in St. John's, N. B., after a trying illness of several years, borne with wonderful Christian patience and fortitude. He was born in Cayash, Peru, in 1843. His early education was received in Prince of Wales College, Charlottetown, where at a later date he was for a time a student of the University of Toronto. His theological education was gained in Princeton and Edinburgh. He was ordained to the ministry in 1870, and during the next few years of his active ministry he held pastorates in Maliland, N. S., St. John's, N. B., and St. Andrew's Church, St. John's, N. B., in several fields of labor won his high admiration and love of his people. He was called to St. John's, N. B., in 1903. His infirmity gradually grew worse until the end came on the 14th inst. His remains were laid to rest in Fernhill cemetery on Friday, 17th, funeral service being held in St. Andrew's church where he had labored for many years. He had performed a faithful and effective ministry for more than seventeen years.

Dr. Macgillivray's Visit Postponed.

Dr. Alex. Macgillivray of Toronto, Convener of Assembly's Committee on Sabbath Schools and Young People's Societies, found it necessary at the last moment for health reasons to postpone his visit to the Synod of the Maritime Provinces. He had announced last week he will now visit several of the Presbyteries of the Synod in the month of November.

Pre-Communion Services.

During this week a series of devotional services has been held in St. David's church, St. John's, N. B., by the Commission of the Lord's Supper on Sabbath. At these services the pastor, Rev. J. A. MacKellan, has had the assistance of Rev. H. MacVie, Rev. Gordon Dickie of St. John's, and C. Mortimer of Hampton. A similar series of meetings will be held in St. John's church on the next week.

United Thanksgiving Service.

The Presbyterian churches of the city will unite in a Thanksgiving service on Monday, Nov. 18, in St. Andrew's church. Rev. Gordon Dickie will be the preacher.

The Young Lady Taggers will call today. The service is worth.

The Women's Baptist Missionary Union of the Maritime Provinces held its annual Convention for this year in the town of St. Stephen, on Wednesday and Thursday of this week. The president, Mrs. S. D. Hutchins, was delivered on Wednesday afternoon to a full house. The address was comprehensive in its scope, optimistic in its spirit, and practical in its application. Mrs. Mary Smith who for twenty-five years has been the very efficient secretary of the Union, was called to the platform at the close of the president's address, and was presented with a beautiful illuminated address on parchment. The address was accompanied with a floral tribute, consisting of twenty-five handsome roses.

The sessions of the Union were inspiring and the ladies enter upon another year of work inspired by the success of the one just closed.

The Baptist Convention of the Maritime Provinces commences its sessions today in the town of Amherst, N. S. It is expected that the Baptist pastors and many lay delegates from St. John's will be present at the Convention. Among the speakers we note the names of Revs. A. E. Newcombe, P. S. Porter, and Dr. H. Hutchins. The preacher of the Convention sermon, are Sunday morning is the Rev. G. A. Lawson. The afternoon will be devoted to addresses on Sunday school work. The Rev. Shaler Matthews, of the Chicago University, is the preacher in the evening. Many important subjects are to be considered during the sessions of the Convention. Reports of those no doubt, will find their way into this paper. It is expected that four hundred and other city papers will be present. The Rev. Dr. G. A. Lawson, of the Maritime Provinces, is expected to be in attendance.

The Rev. A. E. Newcombe M.A.B.D., who succeeded the Rev. Dr. G. A. Lawson as secretary of the Bible Society, has received and accepted a call to succeed the Rev. Dr. J. H. Macdonald as pastor of the Brunswick St. Baptist Church, Fredericton. He enters upon his new office Dec. 1st.

The Home Mission Board of the New Brunswick Baptist Association held its annual meeting in the Baptist Foreign Mission room, Prince William St., on Tuesday, Oct. 14th. The election of officers was as follows: Chairman, Rev. D. Hutchins; Secretary, Rev. F. H. Wentworth; Treasurer, Rev. W. S. Matthews. The Rev. C. P. Wilson continues in office as superintendent. The reports from fields told of good additions to the membership of the churches.

The Rev. J. A. Gordon, D.D., formerly of this city, and more recently of St. John's, has entered upon his new work as Professor of Homeletics, and Pastoral Theology, in the Brandon University, Manitoba. All who know him will wish him the same success in the professional chair that attended his ministry as pastor.

"European Baptist Congress."

By the Rev. J. E. Davis, B.A., Treasurer of the Baptist Convention recently held at Stockholm, Sweden, marks a new era in the history of the Baptists of Europe. For centuries some of them have been worshipping in the Catacombs of poverty, obscurity and oppression. By their patient and selfless themselves religious toleration, they have emerged into the sunlight of liberty and freedom of expression. Hitherto they have been struggling in the various countries of Europe like so many isolated units, knowing little or nothing of one another. The meeting in that Congress has brought them near together, and no doubt created a bond of sympathy that will grow and strengthen as the years go by. The influence of that Congress will strengthen the conviction and quicken the pulse beat of every true Baptist laborer in Europe. It will help them to realize that they are no longer a mere sect located in a few towns and villages, but that they belong to a great brotherhood who are called to found a great Empire for Christ in Europe.

"A Canadian Baptist Congress."

Such a Canadian Baptist Congress or Convention convened once in five years. For centuries some of them have been worshipping in the Catacombs of poverty, obscurity and oppression. By their patient and selfless themselves religious toleration, they have emerged into the sunlight of liberty and freedom of expression. Hitherto they have been struggling in the various countries of Europe like so many isolated units, knowing little or nothing of one another. The meeting in that Congress has brought them near together, and no doubt created a bond of sympathy that will grow and strengthen as the years go by. The influence of that Congress will strengthen the conviction and quicken the pulse beat of every true Baptist laborer in Europe. It will help them to realize that they are no longer a mere sect located in a few towns and villages, but that they belong to a great brotherhood who are called to found a great Empire for Christ in Europe.

Thanksgiving services will be held in Centenary church on Sunday instead of Monday morning. The nearness of Thanksgiving Day to the Sun-day will be a great interference with many services on that day. Formerly when Thanksgiving came on Thursday a greater interest was had in the special services of that day.

Mrs. Geo. F. A. Anderson, who has been visiting Montreal, Ottawa and other points, and Mrs. Dr. J. Ansell, who has been spending some weeks in Western Ontario, Montreal and the eastern townships, and Mrs. Dr. Daniel who has been as far west as London, Ontario, have returned home much refreshed by their experiences.

The Methodist Episcopal Church has in its entire charge in the United States thirty-six hospitals in various States, some being very large, and many of them being Deaconess Hospitals in connection with a Deaconess Home. These in addition to the splendid series of Mission Hospitals attached to their medical mission work form a business of no small importance. It is one of the advantages of the Sustentation Fund which we are now raising, that it will not only insure to the minister a living wage, but will also enable him to rely on getting it at the right time.

Baptist Times and Freeman.

The Baptist Laymen's Missionary Convention of Toronto last week produced unique speakers, unique addresses, and unique situations. The place of meetings of the opening session was unique. Convocation Hall, McMaster University was the place, and the platform was occupied entirely by lay leaders of our Baptist Laymen's Movement. It was an appropriate place for, as Mr. J. N. Shenton, the Chairman of the meeting said, "McMaster University is permeated with the spirit of Christian evangelism."

JAMES PATTERSON,  
19 and 20 South Market Wharf,  
St. John, N. B.

In all parts of the world. The benefit of these institutions in the cause of Christian social service is incalculable.

Rev. John R. Gates, of the Methodist Episcopal Mission in Rhodesia, southeast Africa, writes: "The results for the past four years give us courage. The total increase in membership is 3,500 souls, a gain of over 200 per cent., and there are not less than 1,000 converts who are seeking admission into the church. Sixty evangelists make an increase of over 100 per cent., and we have seventy new Sunday schools. The native evangelists and untrained native workers are engaged in a perpetual campaign of evangelism from kraal to kraal. From our training school at Old Umtali have gone forth five of our fifty-five native evangelists. In fifty-five elementary day schools we are directing nearly 4,000 pupils. Nearly all of the church buildings and parsonages at present are in a perpetual campaign of repair by the natives. A ceaseless outpour of printed helps in the vernacular from our mission press is an inestimable factor in the evangelism of this section."

## NEWS SUMMARY AFFECTING MARKET

New York, Oct. 17.—The fear of a higher barry without being in danger for the pessimism on the London stock exchange. French bankers are reported making a new loan to Mexico. Wilson may recognize the Belligerency of the Constitutionalists immediately after the elections October 28. In the meantime a new plan may be offered to Huerta. The fear of a democratic party split may bring a compromise on the currency bill. Governor Post says the New Haven must give up the B. and M. either voluntarily or by court compulsion. Extensive pig iron furnaces are planned for government ownership. The administration is now charged in certain quarters of Wall Street with purging policies and tactics against finance and corporations that will break the prices of securities down to a level where the government can step in and buy at bargain figures for government ownership. The various large industrial and railway and telephone and telegraph institutions of opposition to the constitutional ground of confiscation of property. In the event of a widespread circulation of this report following a break in prices, we would say it was about time to load up.

Lower prices temporarily may be seen in Steel, Union Pacific, Reading, Amalgamated Copper, St. Paul, Northern Pacific, and Southern Pacific under the pressure of liquidation and lack of support. During the readjustment the actives should be handled on both sides in a trading market.

## Daily Investment News

St. John, Oct. 18, 1913.

An Investment Bureau for Women Investors

Women of today are, as a rule, well-informed on almost all subjects except investment. While the majority have some knowledge of investment matters, it is just enough indeed, without a thorough understanding of the rudiments, to be a source of danger rather than of safety.

With these thoughts in mind we wish that more women knew how well-equipped we are to furnish them reliable information and advice about investments.

Not alone information and advice—but helpful plans of payment, enabling women who save to start an investment with an initial deposit of as low as \$20 and monthly payments of as little as \$10. We will gladly send a select list of investments and some interesting literature about our easy payment plans.

## WEEKLY LETTER ON MONTREAL MARKET

(F. B. McCURDY & CO.)

Montreal, Oct. 17.—The past week has been one of the most depressing ever on the stock markets. Practically no trading in a long time. Practically no trading on the entire list held its own, almost the only prominent stock show practically no decline was recorded. A week ago this stock was at 110 and on Friday it was changing hands in considerable quantities at around 105, having declined in the vicinity of 110 in face of several declines in other stocks. The Montreal stock exchange decided to take a holiday, preparatory to the extensive holiday on Monday, so that the day was the last day of the week on the stock exchange. On that day P. R. had fallen to the low point reached for a considerable time, being 22 1/2, this being a decline of 10 points for the week. The decline was, of course, due to conditions of which Montreal has no control whatever. It is not thought that the selling of the Company or the outlook for the future had any influence over the price. General market conditions were responsible and was reported by cable that Brazil, which about a week ago was said to be on the buying side, had become a seller over night, owing to advice received from New York.

Besides the decline in C. P. R. there is a marked decline in the selling movement, and had carried the price down to around 85, about a few days, but was again saved and at the end of this week the stock had sold as low as 84. The selling of Brazilian has generally been credited to certain people which had been formed to take the stock some time ago, under the assumption that the dividend was to be increased and that prices would go up. In addition to this, however, there can be no doubt that a large quantity of liquidation from the general public followed, and that liquidation was induced not only by the lower prices which followed the dissolution of some of the people but by the hardening rates for money and the increasing difficulty of obtaining loans, both at home and abroad.

One of the most depressing features of the week was the decline which took place in Dominion Iron and Steel Common and Preferred. The decline set in in Dominion Iron Preferred about the beginning of the week, prices quickly slipped down from 70 to 58. Steel Common had been holding fairly strong around 44 to 45, but on Thursday of the week declined on heavy selling to 32. The decline in these issues was accompanied by disturbing rumors in the case of the preferred, doubt were expressed of the ability of Dominion Iron and Steel to meet its dividend, which doubt could be set at rest, owing to the fact that the last financial statement of the Corporation did not show the earnings of the Iron and Steel Company separately. Weakness in the common stock was accompanied by rumors that the dividend upon this must have to be passed, owing to a scheme of financing which it was rumored Mr. Plummer was visiting England to put into execution. It was surmised that this financing would take the shape of a new issue of preferred stock. Such an issue would naturally take precedence over common stock in the matter of dividends. It is believed here that strenuous efforts are being made by powerful iron and steel interests to induce the government to commit itself to a promoter of a similar assistance for the Iron and Steel industry, which promise it is considered would be of very great advantage to Mr. Plummer in his present mission.

ITEMS ON STOCKS.

(F. B. McCURDY & CO.)

"Socialistic tendencies of the administration" is the phrase mostly used by the bear element now in attacking prices.

Union Pacific is called the best purchase among the railroads, because of a high showing per ton per mile in earnings exhibited on an exhaustive analysis.

American Telegraph and Telephone stockholders are expressing the opinion that the government will certainly try to dissolve the company.

The government has no use for combinations that are exhibiting a high earning power, says a big firm.

Atchison is sold by the room because it is too high in comparison with Southern Pacific. The high efficiency methods of the company are quoted as a factor of strength. More liquidation is predicted on the floor in Reading, Steel and Steel Independent.

**FOR INVESTORS OF SMALL AND ODD AMOUNTS**

It is a well known fact that investors of small amounts much prefer owning a number of shares of a security of a small par value than one share of \$100 par value. This accounts to a large extent for the popularity of the shares of the Trinidad Electric Co., Maritime Telegraph & Telephone Company and the Acadia Sugar Refining Co. with investors of small amounts.

We offer, in lots to suit purchasers, a block of Acadia Sugar Refining Co. Preferred Stock, par value \$1, or \$488 23, at a price to yield 6 p. c. Trinidad Electric Co. Stock, par value, \$1, or \$480, at a price to yield 7 p. c. Maritime Telegraph & Telephone Co. Preferred Stock, par value \$10.00, at a price to yield 5.77 p. c.

THE WEATHER. Maritime - East and north-east winds cloudy; with occasional showers. Toronto, Oct. 17 - A shallow depression which moved quickly to the lake region from the southwest, has caused showers today over western Ontario. Light local showers have also occurred in the Gulf of St. Lawrence and in the Maritime Provinces, while in the West the weather has been fine.

AROUND THE CITY

Interesting Lecture. Dr. J. H. White delivered a lecture in the school room of the Fairview Methodist church last evening, giving an account of his work as a motor boat missionary in British Columbia. Rev. Mr. Earle presided and the lecture was under the auspices of the Epworth League. At the close, a vote of thanks moved by C. B. Lockhart, and seconded by F. H. Shaw, was tendered to the speaker. A collection was taken up for his mission work. Rolland Green recited, and several vocal numbers were rendered by members of the league.

Barbers' Union. J. Bartlett Smith, secretary of the Barbers local union said yesterday that the union barbers expect to observe Monday, Thanksgiving Day, as a public holiday, and that all union shops would be closed till Tuesday at 8 a. m. Some of the boss barbers, said the secretary, have started a rumor that the union has broken up, but this is incorrect, as the union is still in the ring and gaining strength at the time. An officer of the International Barbers' Brotherhood is expected here in a short time, and will remain here for some time to help the union deal with various matters.

Satisfied With Work. J. Norton Griffiths, head of the Norton Griffiths Company, Ltd. who has been in the city during the last few days in connection with the improvements being made at Courtyard Bay, went to Montreal last evening on the C. P. R. express. Before leaving Mr. Griffiths told The Standard that he had found the work at the new harbor in first class condition, and he was sure that everything would be completed well within the time set in the contract. Mr. Griffiths will return to St. John within the next week and expects to remain here for several weeks.

OBITUARY.

Mrs. Frank O'Leary. Mrs. O'Leary, wife of Policeman Frank O'Leary, died yesterday after four months' illness. Deceased, who had been married about a year, was a daughter of Mrs. Mary and the late Patrick Walsh. She was very popular among her friends and will be sincerely mourned. Besides her husband, she is survived by mother, two brothers, Messrs. Leo and Charles, and four sisters, Mrs. M. Donovan, and the Misses Mammie, Gussette and Agnes, all of the city. The funeral will be on Sunday afternoon.

Mrs. John Hardie. Newcastle, N. B., Oct. 17.—Word has been received here of the death of Mrs. John Hardie, in Ottawa, after a short illness. She was formerly Miss M. Mitchell, of Newcastle, and was in her seventy-ninth year. She was a sister of the late Hon. Peter Mitchell, also of Miss Jane Mitchell, of Newcastle, who is the only surviving member of the family. The death of Mrs. Michael Oldfield occurred at Curveton on Wednesday, at the age of 73 years. She was formerly Miss Mary Johnston, of Redbank. Death was due to Bright's disease. She leaves three sons and three daughters.

Mrs. Margaret Bryson. Rochester, N. H., Oct. 17.—Mrs. Margaret Bryson, a native of St. John, N. B., is dead at her late home, Saratoga street. Her death was sudden. Mrs. Bryson was born in St. John, but had lived in New Hampshire for a number of years. She leaves a son, Albert Bryson; a daughter, Mrs. Wm. Powers; two brothers, Thomas and John Fox; several nieces, nephews and three grandchildren.

Jacob Shane. A prominent business man of the city passed away late last evening in the person of Jacob Shane, who died suddenly before midnight at his residence at Brookville. For a number of years entered in the clothing manufacturing business the deceased was manager of the wholesale firm of J. Shane & Co., King street. For the past eighteen years he has been a resident of the city and was one of the most prominent men connected with the clothing business in St. John.

Although ill for some time Mr. Shane was not confined to his home and attended to business as usual yesterday. In the evening he became ill and passed away before midnight. The deceased was a highly respected citizen, prominent in business circles. For a number of years he had been residing at Brookville, where his loss will be greatly mourned.

Besides a widow he leaves five children to mourn the loss. The children range in age from 3 to 13 years. Two brothers in Montreal and two sisters also survive.

The funeral will be held on Sunday at 2.30 p. m. from his late residence, Brookville.

ANSWER THE STATEMENTS OF MR. SIMS HUNTER FROM BOSTON LOST IN THE WOODS

William Golding and Jas. E. Bryant Reply to Charges—Kept Work for Lancaster People.

Fairville, 17th Oct. 1913. Sir—Replying to the effusion of Mr. Sims in last evening's Times we wish to say briefly that the best answer to the absurd charges about the Alm House is that it was not sold. The whole object of giving an option was to keep the institution out of the hands of some astute individuals who were seeking to acquire it. Those who voted to give the option knew that it would never be enforced and was not intended to be.

FIVE YEAR OLD BOY SELLING PAPERS ON STREET AT MIDNIGHT

Pedestrians Take Pity on Neglected Youth—Dressed in Rags and Shows Utter Neglect.

Barfooted, clad in torn garments showing signs of utter neglect, carrying a bundle of papers, a young lad not more than five years old, roamed about the up town streets until nearly midnight last evening, an object of pity to all who were on the streets at a late hour.

Each evening for the past week the young lad, whose father, a teamster in the city, resides on Brussels street, has been wandering the streets at a late hour, and business men of the city have advised the police to see that the child is properly cared for.

The parents of the boy are apparently not particular what hour their son goes home at night, and it is said, go to bed while the lad is roaming the streets. They have been repeatedly warned and advised to keep the boy at home. It is said that steps should be taken to have the child properly cared for.

From his appearance the boy is too young to be allowed on the street alone at any time and the regular appearance of the lad about the town selling papers at eleven and twelve o'clock in the evening with barely enough clothing to cover his tiny body has aroused the indignation of many residents.

M. R. A. SALE OF KNITTED UNDERWEAR FOR LADIES AND CHILDREN.

This great bargain sale of seasonable undergarments in standard makes will be continued this morning in M. R. A.'s underwear department. Hundreds of women purchased yesterday and were greatly pleased, but there are still good assortments in all sizes and styles remaining for shoppers who will attend today. ## MISS FRANCES BRANDT TELLS OF HER WORK, LIKES AND DISLIKES

Interesting Interview with Charming Leading Lady of Thompson-Woods Co.

Delighted with Picturesqueness of St. John—An Ardent Automobilitist, but Puzzled as to Local Regulations Regarding Traffic.

It was just after the matinee in the Opera House on Wednesday afternoon of this week that the writer sought Miss Frances Brandt, leading lady of the Thompson-Woods Stock Company, in her dressing room. Ten minutes before, Miss Brandt had participated in an exciting and exacting scene on the stage, and not knowing the ways of the "back world" behind the footlights, it was but natural for the writer to expect that she would carry with her some effect of the trying part she had just played. Consequently he was prepared to find her, possibly, distraught or tired. Not at all. As she entered the room it was with the pleasant smile and hearty greeting of the girl satisfied with life as she found it and with scarce a care in the world.

In the altogether delightful chat which followed, Miss Brandt confessed that she had had seven years of hard experience in stock companies, but that she was naturally fond of the work, and looked forward to a very pleasant engagement in St. John.

"My principal Canadian experience has been in Winnipeg, you know, and I find it so different. It is very very kind to me in Winnipeg, and of course I appreciate that it is a great city but it is very monotonous and flat. Here by the sea there is a change of scene, a sort of unexpected novelty in one's surroundings. Every turn brings a fresh picture. And if you have never lived in a perfectly flat city you cannot appreciate it. I almost went into ecstasies over the first hill I climbed here."

Asked for her opinion regarding St. John audiences, she expressed the same view as Sachetti and other artists who have been here recently. "They are very responsive," she said, "and that makes it easier for an artist to work with them. I have noticed the rapidly with which they grasp the fine technical points of the plays. In this respect St. John audiences are equal to any I have appeared before."

"What is my favorite part? Why, the lead in Madame X. I think that is such a wonderful play and I have played it many times. It gives me a chance for work and yet, every time one plays it, one can discover a new phase of the character. I have never had another part I like as well."

Miss Brandt smilingly disclaimed any ambition to vote and does not approve of the militant suffragettes. "I think they are unwomanly," was the pointed way in which she expressed it, and as this charming little lady is certainly most delightful in feminine, it is easy to imagine her feelings toward what she terms "unwomanly." "The place for women is in the home; they have the right to vote in art, literature, the drama, music and in some lines of business, but I think the men should be allowed to manage the affairs of the nation. They have been doing it now for quite a while and have done too badly at it either. Also, I can see why any band of women should have to resort to violence in order to prove their intellectual fitness to handle the ballot. It does not require a very fine quality of brain to burn, destroy and fight as we are told the English militants are doing."

An Ardent Autolist.  
As to her preferences in sport Miss Brandt at once voted for automobilism. "I have a car at home in my home near Boston and I am looking forward to bringing it here and enjoying many a spin over your roads which, I am told, are much better than usually found in the provinces."

On being warned that there were a strange multiplicity of road regulations in St. John and that if she should be unfortunate enough to stop her car with the wrong side to the sidewalk she might find herself lodged within the confines of the jail on a diet of bread and cold tea until such time as the authorities had decided that she had been sufficiently punished, Miss Brandt expressed much concern. She declares she will procure a copy of the road regulations and study them carefully before engaging in any automobile experiments for the first time of a fall. An unknown land to Miss Brandt and she has no wish to start acquiring knowledge in St. John.

Also she expressed a desire to hunt moose. "When I was in Winnipeg," she said, "I wanted to drive a dog sleigh, but I could not find one. They told me that mode of travel was to be found further north in Canada. Here in St. John I have tasted my first piece of moose steak and found it delicious. We can't get such things in Boston or other American cities, so we don't know what we have missed."

Asked as to her work, she expressed the opinion that stock companies fur-

## SCHOOL GIRLS BARELY ESCAPE AWFUL DEATH

Were Playing in Field When Zeppelin Balloon Exploded.

MANY THEORIES FOR TERRIBLE DISASTER

Airship Carried Extra Crew to Replace Weight of Rapid Fire Guns and Wireless.

Berlin, Oct. 17.—A disaster in the air involving the destruction of another Zeppelin dirigible, and the loss of the lives of 26 out of the 27 on board, occurred this morning, near the Johannisthal aerodrome, when the dirigible "L11" was making its trial trip before acceptance as a main unit of the aerial fleet attached to the German navy.

An admiralty board consisting of a number of officers, including Lieut. Commander Behnisch and Senior Lieut. Freyer, of the German naval flying corps, was on board. The pilot was Captain Gluth, a veteran steersman in the employ of Count Zeppelin, and Lieut. Baron Von Bleil, of the Queen Augusta Grenadiers Guards, was making the trip as a guest and was the only survivor of the wreck.

Other possible causes for the fire and explosion were that old gasoline was carried on board or that a spark of atmospheric electricity was developed by the friction of the balloon nets rubbing together inside the outer framework as occurred in the case of two of the predecessors of the L11. The theories are regarded as highly probable owing to the improvements made on the design of the airship to meet such contingencies.

The loss of the balloon will apparently be borne by the German admiralty, which practically accepted the airship on September 20, Zeppelin being held responsible only if the dirigible failed to meet the requirements of the navy department in the tests conducted by its own officers. Today's flight was intended as a test of the ascending properties of the dirigible, which, therefore, carried an unusually large crew to take the place of the machine's engine. The dirigible was equipped with other fittings which the air vessel was eventually to be provided with.

The catastrophe might have resulted in a longer list of victims, as fifty school girls from the Johannisthal elementary school were playing in a field when the airship exploded above them. The headway of the airship, however, carried the hull beyond the children, who fled into the school. Their parents had to come to the school afterward to escort them through the streets. An aviator who was flying above the dirigible was thrown from the seat of his aeroplane by the explosion and regained the aerodrome in a state of complete collapse.

The papers today contained little except reports of aerial disasters. In addition to the fatal accidents to Captain Haeseler, Lt. Koch, and Sergeant Monte, of the Army Aviation Corps, severe injuries were sustained by the Baron Von Gayle, von Bauer, and Schroeder, and slight hurts by Lt. Von Hesse, who was killed by the explosion and long distance flights. An aviator pupil named Hesse was seriously injured yesterday at Cassel.

London, October 16.—With the scene in Canada as the climax "The Pursuit of Pamela" is to be produced at the Royalty this month. The author is C. B. Fernald, who recently visited the Dominion.

Secrecy is observed regarding the actual locale, but it is believed the author docks the hero in Vancouver, the heroine arriving from Hong Kong.

TUESDAY'S BIG EVENT.  
The unusually large advance sale of tickets (one price, 50c) for Tuesday evening's Trafalgar Day celebration, in York Theatre, indicates a filled house. The nature of the entertainment also assures a most appreciative audience. Hon. George E. Foster, who is to speak upon the subject of the day, Nelson's great victory and what it means to Britons, is always a welcome orator, aside from political affairs, and Grace Bonner Williams of Boston is a most charming vocalist. Mrs. Williams is under contract to sing leading roles in several oratorios in New England this fall. Her programme here will be characteristically English. Tickets for Tuesday are being sold at Nelson's, Hawker's and S. H. Hawker's, Mill street.

nished the true test of histrionic ability. "There is such a difference in the range of parts to be played that it keeps an artist all the time thinking and the experience is more valuable than can be acquired in companies where but one part is played for the entire season. I like it, and I hope the people of St. John will like me," was the closing remark, and as "The Standard" man departed, he thought St. John audiences would hardly be living up to their reputation for good taste if they should fail to like the work of one of the most charming little ladies who has visited this city in a decade.

## PUBLIC IMPATIENTLY AWAITING OPENING OF THE SUPREME COURT

Formidable Array of Counsel on Hand

Exact Date of Hour of Trial Withheld by Court to Prevent Crowds from Gathering.

Sydney, Oct. 17.—The interest following the arrest of Mrs. Atkinson and Mr. William Madden in connection with the Haynes murder case almost reached its climax, and the session of the supreme court at which Haynes, Steeves and the other two, should they be committed, is anxiously awaited by the impatient public.

The preliminary hearings of Madden and Mrs. Atkinson was commenced this morning, but was adjourned until next week, owing to an order of the authorities, the exact date and hour of the trial was withheld from the general public in order that the office of Magistrate Hearn would not be overcrowded and the date of the adjournment is likewise being kept secret.

Both sides now muster a formidable array of counsel. D. A. Hearn, the crown prosecutor, is being assisted by D. A. Cameron, one of the cleverest criminal lawyers in the country. J. W. Madden, chief counsel for the defence, has associated with him Mayor Gunn and Finlay Macdonald, two of the leading lights of the legal fraternity in the province. Both sides are working hard on the case, and a battle of legal wits will surely take place when the case comes up for trial.

The number of witnesses to be heard are increasing each day and it is thought that they will total close to the legal limit in all three cases. The attorneys for the defence will not give any idea of what the defence will be in the trial. They refuse to divulge any information in respect to same whatsoever.

The prosecution sprang a rather mild surprise yesterday when they asked for the adjournment on the grounds that they wished time for witnesses to get here from New Glasgow and other parts of the province. They refused to divulge any information in respect to same whatsoever.

The prosecution sprang a rather mild surprise yesterday when they asked for the adjournment on the grounds that they wished time for witnesses to get here from New Glasgow and other parts of the province. They refused to divulge any information in respect to same whatsoever.

taken into the firm. Neither of them is very much interested in father's business affairs. Billy has been bitten by the society bug, and is now having made a great reputation as a coach and referee in the district of the boys and a disposition to buckle down to business. The old man wants them to marry and has obligingly established a rate of speed that is not only neglect business but are backward about fixing it up with the girls. The old man is much worried. His friends, and especially the family lawyer, urge him to establish a closer companionship with the boys by showing an interest in something that has been lured away by the clever young woman and follow him out to Nevada, where the boys can happily fix up anyone concerned, and the boys fix it up with the girls, but not the girls father had selected for them.

Miss Frances Brandt, the already popular leading lady, will play the breezy young woman from the West. Mr. Martin, who is quite a local favorite, will be seen as Mrs. Peasly, a character part which is particularly adapted to her line of work.

PROPERTY TRANSFERS.  
Nine transfers of real estate have been registered recently in the city and county of St. John. They were as follows:

J. S. Bradshaw to Frances J. wife of W. H. C. Chamber, property at St. Martins.

James Doherty to Joseph Campbell, \$100, property at Simonds.

Thomas Dean and Annie M. Trafton, property on Exmouth street.

Samuel Linton to W. G. Miller, property at Lancaster.

Frederick French, property on Brussels street.

Samuel Linton to G. R. Andrews, property on Lancaster.

Elizabeth Walsh to Michael Walsh et al, property at Simonds.

Elizabeth Walsh to Mary, wife of Frederick French, property on Brussels street.

Michael Walsh et al to Daniel Walsh.

## TWO SEAMEN OF INVERNIA LOSE LIVES

Fred Moises Jumped Overboard when Steamer was Entering Harbor.

DROWNED WHEN LIFEBOAT FELL

New York, Oct. 17.—Two members of the crew of the Cunard line steamer Invernia were drowned today as the ship was entering port after a voyage from the Mediterranean.

While the Invernia was midway between Fire Island and the Ambrose Channel Lightship, Fred Moises, a seaman, jumped overboard from the afterport rail. The steamer stopped and backed and the crew started to lower a boat. Before the boat touched the water one of the falls broke and the stern of the boat dropped, throwing the crew into the water. Another lifeboat was launched and all the men were picked up but one, whose name has not been ascertained. Moises, meanwhile, had disappeared.

The Invernia waited for an hour while the lifeboat cruised about in search of the two missing men, then completed her voyage with her flag at half mast.

Special to The Standard.  
Hartland, Oct. 17.—The Rev. Geo. Ross, of Florenceville is having a rather serious time of it these days. Last week two of his children were laid low with typhoid fever, and since then one of them has developed peritonitis. Today Dr. Rankine was summoned from Woodstock to assist the local physician. A third child has also been attacked with typhoid and the house is a veritable hospital. Miss Phillips, a trained nurse, is with the family.

It develops that the well from which the family gets its drinking water is fairly alive with typhoid bacteria and the whole family is threatened. Mr. Ross was to have exchanged pulpits with Rev. P. A. Fitzpatrick here on Sunday, but of course under the circumstances this is impossible. Much sympathy is felt in Florenceville and the surrounding country for the reverend gentleman and his family in their affliction.

On Thursday evening Rev. P. A. Fitzpatrick, of the Methodist church here, delivered an able address before the Moral Reform Club at DeBee Junction, taking for his subject "Citizenship." The continued wet weather during the last week has greatly incensed the farmers in their potato digging, and as a result few are offering here this week, although the price has gone up 10 cents.

Thanksgiving services will be held in the churches here on Sunday, and all places of business will be closed on Monday.

You mean to say that when William Jennings Bryan was on the stage a woman dressed in green tights also had the audacity to appear?"

"Yes," replied the detective amid some laughter, "and that wasn't all. After that a man came out dressed like a clergyman and married the woman with the green tights to the man dressed as Mr. Bryan."

The description of the scene proved too much for the dignity of the court and it was greeted with much laughter. The case went over until October 23.

What? Interrupted the court. "Do

BECOMES PRIMA DONNA OVER NIGHT.

MISS VENITA FITZHUGH.

One bears so many groans these days about the long, steep, arduous path to success on the stage that it is refreshing to tell about one who found the short cut and arrived quickly and easily. For it is a she—Miss Venita Fitzhugh, who, so to speak, became a prima donna over night and is now singing the role of Marposa Gilroy in "The Marriage Market."

"Here's all I've got to say about her," said Mr. Alfred Hayman, general manager for Mr. Frohman. "She came to my office to sing at a voice trial and when she began everybody in the building came down stairs to find out who was singing. That was enough to convince me. I engaged her on the spot—not for the small part in 'The Sunshine Girl,' for which she was applying, but for the present important part in 'The Marriage Market.'"

## CONFESSES TO MURDER OF WIFE IN CHICAGO

Wm. C. Ellis Tells Coroners Jury of Terrible Deed.

FIRES FOUR SHOTS AND GASHES THROAT

Murderer Retracts Statement Concerning Victim's Relations with Canadian Merchant — Cincinnati Newspaper Demands the Truth.

Chicago, Oct. 17.—William C. Ellis, confessed to the inquest this afternoon to the murder of his wife here late Wednesday night. He said his wife was "the most virtuous woman" in the world, and that he must have been crazy over her health and business troubles.

The confession came dramatically shortly after the opening of the afternoon session.

The Cincinnati man who had insisted to the police that there was a suicide pact, stood as he confessed the murder. He seemed to have regained possession of himself and atoned for the previous suspicion that he had cast on his wife's acquaintance with a Canadian merchant.

His voice strengthened perceptibly as he asserted she had been a perfect wife, and mother, and that her conduct had been above criticism.

The coroner's jury ordered Ellis to the grand jury on a charge of murder. Ellis said he fired four shots into her body and gashed her throat. He then shot himself and cut his own throat and wrists.

He then lay down by her side, kissing her lifeless form and hugging her lips until morning, when the warmth left her body and her form became rigid.

Thus for hours he made love to the shell of the woman he had slain. Before his testimony Ellis was given the usual warning that anything he might say would be used against him. He spoke with some difficulty and his weakness so soon became apparent that he was requested to sit down while being questioned.

Cincinnati, Oct. 17.—The following message from J. E. Caudwell, of Brantford, Ont., who was mentioned by W. C. Ellis in a statement to the Chicago police, was received by the Cincinnati Times-Star here today: "Absolutely so true in the report."

This is in answer to the following message sent by the newspaper to Mr. Caudwell: "Is there any truth in the report that friendly relations existed between you and Mrs. Ellis of Cincinnati, who died in Chicago? This is the statement of her surviving husband. Please wire at our expense."

TO INCREASE LIFE SAVING APPLIANCES

Marine Department Takes up Matter of Safety on Freight and Passenger Boats.

Special to The Standard.  
Ottawa, Oct. 17.—As a result of the conference this afternoon, between the Minister of Marine and the representatives of the Dominion Marine Association, Charles Duguid, naval architect of the Marine Department, will go to Toronto next week and meet a delegation from the association to further discuss life saving appliances on the passenger and freight boats. The proposed new regulations, which very considerably increase the extent of the appliances, have not been adopted as yet and the main criticism of the marine men is that the classification should not be based so much on the length of the vessel as on the number of passengers carried.

There was no definite conclusion to the morning interview with Hon. Mr. Foster regarding grain rates and gain storage in boats. The minister had a vote taken of the delegation's reply to the criticisms of their rates tending to divert trade to the United States channels.

EXCURSION FARES FOR THANKSGIVING DAY

For Thanksgiving Day, Oct. 20th, the Intercolonial Railway will issue round trip tickets at excursion fares. On the holiday tickets good for return the same day will be sold at first class one way fare. On Oct. 17, 18, 19 and 20 there will be an issue of one fare and one third for the round trip, good for return Oct. 2nd.

**120 Prizes Offered**

**The St. John Standard's Great Puzzle Contest**

No Trick or Chance Involved. Only Accuracy and Patience Required in Solving This Problem **Start Now** Both Old and New Subscribers Can Compete This Contest Offers Equal Opportunity To All

Note Carefully the Plan of **Dividend Prizes** Make Them Worth What You Please

**How to Enter**

This contest is open to any person residing in the Maritime Provinces and to all others who may be within reasonable reach of The Standard office by mail.

A payment on subscriptions to the Standard, Daily or Semi-Weekly, of from \$1.00 to \$6.00, entitles the contestant to submit a solution of the puzzle.

The amount of money paid in will cover the subscription price for the paper according to the regular rate whether the rate be for city delivery or by mail.

AS MANY DIFFERENT SOLUTIONS MAY BE SUBMITTED AS THE CONTESTANT DESIRES, UPON MAKING AN ADDITIONAL PAYMENT WITH EACH ONE, BUT NOT MORE THAN \$6.00 CAN BE PAID WITH ANY ONE SOLUTION.

It is not necessary to pay the same amount with each solution if more than one be submitted.

As the prizes have an added value according to what is paid in on subscription with the winning solutions contestants should familiarize themselves with the dividend schedule before sending in their subscriptions and their solutions.

Remit by check, money order or registered letter.

Whatever is paid, whether on the one or on a number of solutions will apply on one continuous subscription to The Standard.

Solutions not accompanied by cash subscriptions will not be registered.

This contest is open to both old and new subscribers.

**The Puzzle**

The problem is to ascertain the total of the figures in the puzzle chart.

Just add them up as if they were in one long column under each other.

The figures run from 2 to 9. THERE ARE NO DOUBLE FIGURES and no characters which are not figures. The tail of the "6's" is a decided curve, while the tail of the "9's" is straight. All the other figures have their usual characteristics. So there is no intent to allow any question to arise over the identity of a figure.

In the event that no one ascertains the exact total, the prizes will be awarded for the nearest correct solutions.

**Subscription Values**

DAILY STANDARD.			
By carrier in St. John	3 months		\$1.50
" " " "	6 "		2.75
" " " "	9 "		4.00
" " " "	12 "		5.00
By mail 6 months			\$1.50
" " 12 "			3.00

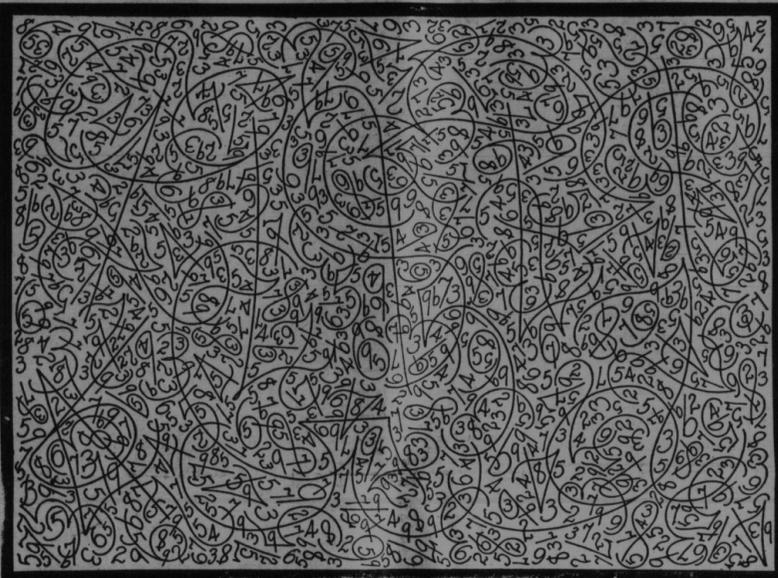

**SEMI WEEKLY STANDARD**

By mail only, 12 months			\$1.00
-------------------------	--	--	--------

**Special Notice**

Contestants are hereby instructed that no amount greater than \$3.00 will be accepted for one continuous subscription to the Semi-Weekly Standard. If any competitor desires to send in a greater amount of money than \$3.00 it will be necessary to have the amount apply on a subscription to the Daily Standard. It is not desirable that any subscription to the Semi-Weekly Standard shall be paid for more than three years in advance.

**What's the Total of These Figures?**

**Here is The Prize List**

120 prizes are offered which together form a total of \$1310.00. The amount of each individual prize will to some extent depend upon the amount of money sent in by the individual winners. The prizes are as follows:

**FIRST PRIZE**  
\$100.00 in gold to which will be added twenty-five times the amount paid in by the subscriber with the winning solution. This prize may be worth \$250.00.

**SECOND PRIZE**  
\$50.00 in gold to which will be added twenty times the amount paid by the subscriber with the winning solution. The value of this prize may be \$170.00.

**THIRD PRIZE**  
\$30.00 in gold to which will be added ten times the amount paid by the subscriber with the winning solution. The value of this prize may be \$90.00.

**FOURTH PRIZE**  
\$20.00 in gold to which will be added ten times the amount paid in by subscriber with the winning solution. This prize may be \$90.00.

**FIFTH PRIZE**  
A fixed amount of \$30.00 in gold without any additional dividend.

**FIVE PRIZES**  
Five prizes of \$10.00 each to which will be added two times the amount paid in by the subscribers with winning solutions. Each of these prizes may be worth \$22.00.

**TEN PRIZES**  
Ten prizes of \$5.00 in gold to which will be added the amount paid in by subscribers with the winning solutions. Each of these ten prizes may be worth \$11.00.

**FIFTY PRIZES**  
50 prizes of \$1.00 each to which will be added the amount paid in by the subscribers with the winning solutions. These prizes may be worth \$7.00 each.

**FIFTY PRIZES**  
Fifty other prizes of \$3.00 each without any additional dividend.

This Whole Prize List Makes a Total of \$1,310.00 Divided Into 20 Prizes.

**Contest Closes Saturday, November 8, 1913**

Always use the solution blank and read it carefully before filling out. Write your name and address plainly.

The payment of from \$1.00 up to \$6.00 on your subscription allows you one solution; but the payment of \$6.00 or your subscription gives you one solution and six times as much in dividends.

An additional payment of from \$1.00 up to \$6.00 entitles you to another solution. Remember, the larger the amount you pay on your subscription the larger will be your dividends should you win one of the dividend prizes.

Study the first prizes and dividends offered and send in your solution today. No one associated with The Standard in any way will be allowed to enter this contest.

**Deciding Ties**

In case there are ties, as many prizes will be reserved as there are contestants tied, before any prizes are awarded for less correct solutions.

For instance, if two people tie on the absolutely correct answer, they would have to solve a second puzzle to determine which was entitled to the first and which to the second prize. Then the one who sent the next best answer would be entitled to the third prize. This rule will apply generally.

If there should be more ties than there are prizes offered, a second puzzle will be presented. No money will have to accompany the solution of this second puzzle. It will be practicable and solvable, and only those who send in correct solutions to the first puzzle will be permitted to solve puzzle No. 2. The second puzzle will be printed only three times and those eligible to solve it will have a week in which to prepare their solutions.

In the event of ties on the second puzzle, a third puzzle will be presented. The second and third puzzles will be used only in the case of ties and their purpose will be merely to decide those ties, so that it may not become necessary to divide the prizes. However, not more than three puzzles will be presented and in the seemingly impossible event of still another tie, the prizes will be equally divided.

IF THERE ARE NO TIES, THERE WILL BE ONLY ONE PUZZLE.

No prizes will be distributed until the contest is finally decided.

**Solution Coupon**

Cut out this blank smoothly around the border and send it in as soon as possible with your solution and money.

OF INTEREST TO WOMEN

Meringue And How To Make It

Few American cooks understand the possibilities of the meringue. Most of them can make a so-called meringue to add to a lemon pie or a chocolate pudding.

Granulated sugar is far the best. Some recipes call for powdered sugar, but always substitute granulated sugar and beat it thoroughly into the eggs.

One white of egg makes a dozen meringues. Beat the egg to a stiff froth, and for each egg add a quarter of a cupful of sugar and a tiny pinch of salt.

The Habit Of Crumbling

EVERYBODY has laughed over the American who went to Heaven arguing because he had a hat that didn't fit and the discontented girl who grumbled that the Gardens of Paradise were not laid out as prettily as she would have liked.

It is as easy for us to create happiness for ourselves as to mix and bake a cake! We must provide our own sugar and flour, and we must do the real work of the baker.

What's the use of grumbling? It kills happiness and cures nothing. We cannot bring down the temperature one millionth part of a degree by grumbling about it, but we can make ourselves and others very discontented.

Leading National Question

SOMEONE has asked, "What is the national question, the most important problem which confronts the country at the present time?"

They would sleep through the most lively part of the game, and those who are obliged to sit through a session of a political convention would want to be possessed of a copy of the latest "best seller" to while away the time.

offices, others to their work on the streets, messenger boys and children, one could not help thinking that surely these people could not all have a common interest.

Tried Recipes

Corn Custard. Place the kernels in a dozen ears of green corn, scrape out the pulp and add to it the beaten yolks of four eggs, a teaspoon of salt and a teaspoon of pepper.

Burnt Sugar Cake. Beat one half cup butter to cream, add gradually one and one half cups sugar, one cup of water, yolks of two eggs, two cups of flour, beat until lumps are out, then add two teaspoons of burnt sugar, then one half cup of flour, in which the two teaspoons of baking powder have been added; lastly the beaten whites of the eggs. Flavor with vanilla.

Orange Pie. Juice of two oranges, juice of one lemon, one and one half cups of sugar, yolks of three eggs, three tablespoons of flour mixed with the sugar, lump of butter size of walnut, one cup water. After cooking filling, add the grated rind of one orange and lemon, using care not to get in any part of the white of rind. Turn in crust and cover with the beaten whites and brown. Serve cold.

PRACTICAL HOUSEHOLD HINTS

If by any chance your fruit or vegetables have become scorched in the cooking, remove the vessel from the range and set it in a pan of cold water, letting it remain there, for five minutes, change of temperature.

When making mayonnaise in which only the yolks of the eggs are used, the economical housekeeper will use the whites in a dessert, such as apple snow for frosting or for a meringue on a pie.

When working on velvet, use only the finest pins or needles to pin, so as not to injure the pile, and when hastings are essential do not draw the thread tight.

**Winnipeg Forestry Convention**

(The Journal of Agriculture and Horticulture.)

On July 7, 8, 9, there was held in the City of Winnipeg, Manitoba, the fifteenth Convention of the Canadian Forestry Association. Besides providing a great success in itself, the meetings demonstrated that the citizens of the Central West are keenly interested in the subject of forest conservation not only from the standpoint of tree planting on the prairies, but also from the broad national issue of the necessity of preserving woodlands in all parts of the country. The meetings attracted great attention throughout the whole West, and delegates from nearly every province, and from the United States were present to deliver addresses and participate in the discussions.

The Convention was opened by His Honor Lieut-Governor Cameron, and at the opening meeting addresses were delivered also by Hon. George Lawrence, Minister of Agriculture for Manitoba; His Worship Mayor T. R. Deacon, Mr. R. H. Campbell, Dominion Director of Forestry, Mr. James White, Secretary of the Commission of Conservation; M. E. T. Allen, secretary of the Western Forestry Association; Portland, Oregon. The sessions, which were held in the commodious hall of the Winnipeg Industrial Bureau, were well attended to the closing session. The different phases of forest work in Central Canada were ably discussed and the point was brought out that the prairie provinces have much more forest land than commonly imagined and that the farmers are vitally interested in forestry. Different phases of the work will be discussed later in these columns. The sessions were presided over by Hon. W. A. Charlton, M.P., president of the Canadian Forestry Association. Mr. Wm. Power M.P. of Quebec, the Vice President, was present from attending at the last moment. Among the prominent delegates to the Convention were a number of lumber, pulp and paper men from the Province of Quebec. Fortunately through illness in the family Mr. G. C. Piche, Chief Forester for the Province, had to cancel his trip to Winnipeg.

On the third day of the Convention the delegates were treated to a trip to the new \$3,000,000 Agricultural College of the Manitoba Government, situated at St. Vital, a suburb of Winnipeg. The college, which will be opened this fall, stands on a magnificent site. It consists of seven large buildings, capable of accommodating hundreds of students.

The net results of the Convention were that a great impetus was given to the forestry movement in the country over through general publicity, and the adoption by the Association, of some resolutions which will do much to make the influence of the organization more widely felt.

The resolutions passed follow:—

**Resolutions.**

(1) Resolved, that the Executive Committee take into their consideration the advisability of appointing a (A) A central committee at Ottawa and sub-committees at important points in different sections of Canada for the purpose of national forestry policy; and (b) Advisory boards at each centre where a sub-committee is formed.

(2) Resolved, that this Convention approve the action of the Dominion Government in extending the areas included in Forest Reserves on water-shedding non-agricultural lands, and would urge on the Governments of the Dominion and the provinces the necessity for continuing the extension of such reservation until all lands of that character are included.

(3) Resolved, that before any lands bearing timber or lands contiguous to timbered areas are opened for settlement an examination of such lands should be made to determine whether they are best suited to the growth of timber whether their opening would endanger the timber.

(4) Resolved, that this Convention would urge upon the Dominion Government the necessity for the afforestation of the sand lands throughout the prairies and the setting apart of such lands for this purpose.

(5) Resolved, that the Fire Ranging Services should be extended and made more efficient and that the rangers should be selected on the basis of their special qualifications for the work and should hold office so long as they render efficient service.

(6) Resolved, that the Canadian Forestry Association express its approval of the energetic policy which is being followed by the Dominion Commission of Conservation in investigating the important forest problems of Canada.

(7) Resolved, that the Canadian Forestry Association express its appreciation of the effective manner in which the Dominion Board of Railway Commissioners and the officers of the leading Canadian railway companies have worked together for the prevention and control of forest fires arising from operating railroad lines.

(8) Resolved, that this Convention again records its approval of the work of the Tree Planting Division of the Dominion Forestry Branch, not only in the free distribution of trees to settlers and the supervision of their growth, but also in thereby providing practical demonstrations to settlers in all parts of the country of the possibility of forest growth on the prairies.

(9) Resolved, that this Convention recommend that experiments be carried out by the Dominion and provincial governments affected to obtain means regarding the best method of disposal of debris resulting from lumbering operations.

(10) Resolved, that in view of the great importance to Western Canada of the wise administration and use of the forest resources of British Columbia the Canadian Forestry Association express its strong support of the policy which has been announced by the British Columbia Government that there shall be established in connection with the University of British Columbia a Forest School designed to train the young men of Western Canada for work in important forest services and in the different branches of the timber business.

(11) Resolved, that the Convention

**Canadian Farm Machinery**

(The Journal of Agriculture and Horticulture.)

Editor, Journal of Agriculture, Macdonald College, Que.

Dear Sir:—

Will you kindly give me a little space in order that I may criticize the agricultural machinery in use in Canada today.

Now, sir, in my opinion there are no people in Canada humbugged as badly as is the farmer. We are forced to pay about 25 p. c. more for our agricultural machinery than does the American farmer, and we get a very inferior article. Even the same machine that is manufactured in the United States, when made in Canada is butchered through slovenly manufacture. Our machinery as it is today, in most cases, is a splendid patent, ruined by inferior manufacture, owing to greed on the part of our machinery combine.

I contend that we have not a machine fit to put into the field. Take the binder, an indispensable machine. When properly made it is a pleasure to run, but today ours is rattle and ruck. The pole of that heavy machine is soft wood, because it is five cents cheaper than hard wood. The hitch to the machine is so slight that it swings from side to side and makes it hard to draw or manage, and the needs is put on so badly that it misses about 10 p. c. The rods that hold the frame together between the aprons are too small, bend like hay wire, and allow the pressure to come upon the hard wood rollers until they bury themselves in the frame. At three times of manufacture it would cost perhaps three cents more to put in a half inch rod which would materially strengthen the machine, and would not make too big a hole in the dividends. The principal defect of holding on the frame in many cases too small, with no lock nuts. These are getting loose constantly, and when they have to be tightened they are either round or put in such a way that they cannot be tightened.

Many times after starting a new machine, after thoroughly oiling and going a few times around, a box will heat, and only this spring I found the cause to be in four cases that the rollers had not been cleaned out and were full of casting sand. The same will pertain to all classes of Canadian-made machinery. The combine looks fine for the farmer, and as long as it is our privilege to give them protection, we have the privilege to criticize.

The rollers on all the machines are too small and if used will ruin the horses.

The whitetail is only lost enough for a Sbeland pony, and if used with our large draft horses will crowd them to the pole and will wear their legs, and it is positively dangerous. I am obliged with my horses to take off both whitetail and neckyoke. There is no sense in the farmer putting up with this hold-up as he is the man that pays the dividend, and the man that pays the protection.

The Eastern Agricultural Association, that holds its annual fair at Sherbrooke, have from time to time invited the agricultural implement manufacturers to exhibit and they, since the combine have always refused to do so. They say in one letter that owing to a friendly agreement they cannot exhibit. Now I think that is going a little too far for a Company or Companies who are looking to the farming public for a charitable hand out of about 25 p. c. annually, not to come and exhibit at the Fairs, I feel that there is some other reason, and that it is because they are making such a heavily gotten-up machine at the present time that they do not want it to come under the limelight.

Sincerely yours,  
J. H. M. PARKER,  
Willowdale Farm, Lennoxville, Que.

**A Well-Managed Farm In Compton Co.**

(The Journal of Agriculture and Horticulture.)

For beauty of situation and neatness of appearance there are few farms in the Province which compare with that of Mr. Mederic Ste. Marie of Moe's River, Compton County, situated on a gently sloping hillside it has a broad outlook over the valley towards the town of Compton. The farm comprises 250 acres in all, of which 85 are cultivated, 75 in permanent pasture and 110 are wooded. The woods contain about 5000 sugar maples, of which less than half are usually tapped.

The chief business of the farm is dairying. The herd comprises about 50 head, all Ayrshire or Ayrshire grade. One of the cows has produced 10,000 lbs. of milk during the past year, and Mr. Ste. Marie intends entering her in the Record of Performance test next year. The produce is marketed in the form of homemade butter and Miss Ste. Marie has won high distinction as a butter-maker, having taken first place in the competition at the Sherbrooke and Ottawa Fairs last fall.

In addition to the cattle, Mr. Ste. Marie keeps 20 head of Yorkshire pigs and 20 head of shropshire sheep, 200 hens and chicks and about 20 hives of bees.

The hood crops this year comprise ten acres of corn and three acres of turnips. Mangelis were planted but were destroyed by a storm.

Mr. Ste. Marie and his two sons, one of whom spends his winters as a student at Macdonald College, keep the farm in apple-pie order. The yards about the house and farm buildings are a pleasure to look upon. Situated about fifty yards from the road with a lawn close-mown and neatly planted with trees and flowers and provided with a tall flag-pole—an appropriate decoration for the home of the Mayor of Compton Township—the house is an exceptionally attractive country home. This comfort and the enthusiasm of the young people for the work of the farm witness to the wisdom of Ste. Marie as a father and citizen, as the neatness of the place does to his skill as a farm manager.

**THE STANDARD**

Makes Unprecedented Offer to Its Lady Readers

We have just received the largest consignment of Embroidery Patterns ever brought to this city and they will be presented to the women readers of this paper, both city and country with our compliments.

**The Imperial Pattern Outfit**

contains:

**160 Latest Embroidery Designs**

# LIVE TOPICS OF SPORT AT HOME AND ABROAD

## SCHEDULE FOR BOYS' LEAGUE IS ARRANGED

The school boys' football league, which opened this week is proving a momentous event for the scholars in the different schools, and each afternoon a troop of sturdy youngsters may be seen parading through the streets on their way to practice.

The boys are taking this league seriously and interest in the games is decidedly keen. The competition for berths on the teams is close, a large number of candidates turning out for practice. They are learning the game fast and before the end of the season some good material will be developed.

The complete schedule of games for the league calls for twenty games and is as follows:

- League No. 1.**
- Barrack Grounds, Oct. 15—King Edward vs. Alexandria.
  - Shamrock Grounds, Oct. 17—Alexandria vs. Victoria.
  - Barrack Grounds, Oct. 18—Victoria vs. Aberdeen.
  - Shamrock Grounds, Oct. 18—Albert vs. King Edward.
  - Shamrock Grounds, Oct. 31—Aberdeen vs. Albert.
  - Barrack Grounds, Nov. 1—Alexandria vs. Aberdeen.
  - Shamrock Grounds, Nov. 1—Albert vs. Victoria.
  - Shamrock Grounds, Nov. 7—Victoria vs. King Edward.
  - Barrack Grounds, Nov. 8—Albert vs. Alexandria.
  - Barrack Grounds, Nov. 8—King Edward vs. Aberdeen.
- League No. 2.**
- Oct. 15—Grade VIII, H. S. vs. St. Malachi's.
  - Barrack Grounds, Oct. 17—St. Malachi's vs. Dufferin.
  - Shamrock Grounds, Oct. 18—Dufferin vs. Winter Street.
  - Barrack Grounds, Oct. 18—Centennial vs. Grade VIII, H. S.
  - Barrack Grounds, Oct. 31—Winter Street vs. Centennial.
  - Barrack Grounds, Nov. 1—St. Malachi's vs. Winter Street.
  - Shamrock Grounds, Nov. 1—Centennial vs. Dufferin.
  - Barrack Grounds, Nov. 7—Dufferin vs. Grade VIII, H. S.
  - Shamrock Grounds, Nov. 8—Centennial vs. St. Malachi's.
  - Shamrock Grounds, Nov. 8—Winter Street vs. Grade VIII, H. S.

- Rules.**
- You must have eleven men to start with.
  - Two twenty (20) minutes halves.
  - Play only registered men.
  - Afternoon games start at four o'clock.
  - Morning games start at 9.30 o'clock.
  - Any team may play with fifteen (15) men.

## DECIDE AGAINST GIVING TROPHY THIS SEASON

The students of the University of New Brunswick have decided not to award the trophy emblematic of intercollegiate football championship this year. This was the decision reached at a meeting of the student body yesterday afternoon.

Captain Gregory Bridges gave out the line-up for his team last evening for the game with St. John High School team here on Saturday afternoon. The High School team have been practicing every day this week, and will be in the best of shape for their game on Saturday. They will be handicapped somewhat by the absence of Coy, who is out of the game with a broken collar bone. The line-up of the team is as follows:

Fullback: Bolton; halves: Carter, Young, Johnston, Donovan; quarters: Bridges, Myhrall, Betts; forwards: Kilburn, Boyd, Koenig, Good, Squires, Rockwell and Jarvis.

Coach "Hump" Campbell gave the practice on a wet field yesterday afternoon and a large turnout made things very lively at the practice. Kiburn was played on the first team scrim for a part of the practice and made a good showing.

Johnny Dolan, of this city, a former U. N. B. player, will handle the whistle in the game with Dalhousie on Thanksgiving Day. The U. N. B. team will not be known until Friday evening after the practice on that day, but the best available material will be picked and the line-up in all probability present a different appearance than that which played at St. John last Saturday. The game to have been played here on Saturday with St. John team has been called off. Coach Campbell not wishing to take any chances with the team and have them in first class shape for the Dalhousie game on Monday—Giesner.

**NEWSPAPERS ON THE MARKET SITUATION.**

(F. B. McCURDY & CO.)

New York Oct. 17.—Commercial—The professionals have the market all to themselves, and it is the bears' turn to have an inning.

Herald—A tour of international banking houses failed to reveal any facts which would confirm the notion that there is something wrong in the foreign situation.

American—Banking support is lacking, public buying is small and the immediate outlook for prices not at all encouraging.

Sun—There is nothing in the way of news to explain the reaction aside from the disturbed Mexican situation and general political tendencies.

**THIS IS TAG DAY.**

## AMERICA'S HOPES IN THE INTERNATIONAL BALLOON RACE

CAPTAIN H.E. HONEYWELL IN HIS BALLOON

America has two entries in the international balloon race which started from Paris cheered by a half million spectators. There are nineteen balloons, representing eight nations, in the race.

The thousands of Americans who are in Paris are planning their faith on the two American entrants, Mr. Ralph H. Upson, pilot, Mr. R. A. D. Preston, aid, of the balloon Goodyear, of the Goodyear Aero Club of Akron, Ohio, and the Uncle Sam, in charge of Captain H. E. Honeywell, with Mr. J. H. Wade as aid. The confidence of the American aeronauts has had considerable effect in stimulating the American visitors to wager on the two balloons. They have also learned that Mr. Upson made a most satisfactory trial trip in the Goodyear, rising to an altitude of 12,750 feet and going about four miles to make a thorough test.

THE GOODYEAR, MR. R.H. UPSON'S BALLOON

## SPORTOGRAPHY BY "GRAVY"

**Snodgrass, 26 Today—Joined the Giants 5 Years ago.**

Frederick C. Snodgrass, the distinguished California farmer, who, during the torrid and semi-torrid months tills the outer garden for the New York Giants, will pass his twenty-sixth milestone today. Farmer Fred will, it is understood, invest his season's savings in another California ranch. It is his ambition to settle the Japanese land ownership question by buying all the agricultural and horticultural lands in the Golden State, and he has already got a good start.

Farmer Snodgrass is a native son of the Golden West, having been born in Ventura, Calif., Oct. 18, 1887. He assimilated his education at St. Vincent's college in Los Angeles, where he was a classmate of Arthur Shaffer, the brilliant infielder of the Giants. Snodgrass and Shaffer were the stars of the St. Vincent's nine. Fred usually almost any position on the diamond. In 1905, when only seventeen, and a freshman at college, Snodgrass caught a couple of games for the Los Angeles club of the Pacific Coast league.

Snodgrass joined the Giants in 1908 and was tried out behind the bat in a few games that year. In 1909 he became utility outfielder, playing in twenty-two games, with a batting average of an even .200. He was given a regular position in the outer garden in 1910, hitting .321 that year and .294 in 1911. Last year he did not make a very good record, and he rounded out the year by making a \$30,000 error in the world's series with Boston. It was the costliest mistake ever made, since it deprived the Giants of the world's championship and the major share of the world's series receipts, and for a time Snodgrass was in bad with the players and fans of New York.

Snodgrass's muff of an absurdly easy ball was followed by a heated session in the clubhouse, when the players assailed Fred with language more forceful than polite. Snodgrass was too downhearted to care, but his old college chum, Shaffer, took up the argument in his behalf, and it is estimated, convinced his fellow players that they were unwise in criticising Snodgrass. Another player who did not join in the abuse of Snodgrass was Merkle, who was rendered charitable through a little similar experience of his own.

## M'LEAN TO GET ONLY A HALF SHARE

The New York Giants are said to have framed it up to let Big Jack McLean down with only a half share of the world's series spoils. Instead of receiving \$2,162, the other Giants would like McLean to be satisfied with \$1,081. Some other members of the team who joined late in the season or took no part in the games have been slated for no share in the division of the spoils at all. The result is that some of the new members of the Giants are sore on the older fellows. President Sam Lichtenstein, of the Montreal club, returning home from world's series, gives expression of the feeling of many fans that McGraw "yanked" Jack McLean out of the big games too quickly and lost his hitting ability for the balance of the contest when he was the club's only consistent hitter.

The Montreal Herald has the following:

President Sam said there was a good deal of criticism of Mack for sending in a pinch hitter for Lapp or Plank when the Athletics had men on second and third and none out in the second game, but declares that Mack had two chances with men who had been hitting well and undoubtedly thought he owed it to Plank to allow him a chance to win his own game. Besides, he had no one warming up and Eddie was going good. Then, too, Mack wanted to go through the series without having to yank a man.

"It was this 'yanking' that caused a lot of criticism of McGraw. A lot of baseball men thought he pulled McLean out too much, when Larry was his best hitter. Other criticisms were heard of McGraw for not using Tessie in the first game, and for starting Snodgrass in the outfield when he couldn't straighten his right leg. There was another chance to criticize him for using George Witte at first, but 'Hooks' played such a wonderful game that nothing could be said against that move.

## LAST NIGHT'S SCORES ON THE ALLEYS

Two Men League.	
Hord	77 69 82 97 80 405 81
Knk	85 84 78 74 84 405 81
—2 points.

Gardner	77 77 76 88 74 392 78 2.5
—4 points.	
Tonight's Match.	
Johnson and Simpson vs. Dennison and McCann.	
The result of the elimination contest on Black's alleys last evening was as follows:	
H. Northrop	77 91 91 259 96 1.3
H. Belyea	90 91 108 289 96 1.3
Tonight P. Jordan and V. Johnson roll off.	
The Cruelest Corner.	
There are corners in corn, there are corners in wheat;	
(How I wish I had you in a corner, my Sweet!)	
There are corners in trade, in all markets and marts—	
But the cruelest of all is a corner in hearts!	
—Life.	
A Friend Indeed.	
"I saw my boyhood chum today, the one that has become a millionaire."	
"Did he recognize you?"	
"I guess so; he turned a corner when he saw me coming."	

## MT. ALLISON HAS IT EASY WITH KING'S

Sackville, Oct. 17.—Despite the soft condition of the grounds an excellent brand of football was supplied here today when the huskies of King's University clashed with the Mount Allison team, the boys of the garnet and gold winners a decisive victory over the visitors by score of 21 to 6. Special mention might be made of the splendid work done by Chester Sears of Moncton and Capt. Godfrey. Time and time again they made spectacular runs. Appleby also put up a good game while Hutchings did some stellar defence work for the home team. The play was clean and fast, the kind that will always keep the old game popular. Although the Mount Allison goal was only once in danger, the King's boys played a hard game and were in it until the whistle blew for time. King's had rather the advantage in scrim work but the work of their halves was weak. The Mount Allison forwards followed up well and the half line worked splendidly to a man.

Duppy played a steady game for King's and with better backing might have changed the figures somewhat.

## LIVE TIPS ON BASEBALL CELEBRITIES

For every minute they were engaged in the world's series the Athletics received \$51.74 a minute and the Giants \$34.45. The income of John D. Rockefeller is said to be \$10.20 a minute. His, however, is much steadier. The actual playing time of the five games was 527 minutes.

One little piece of evidence that points to the fact that a great many persons think Walter Johnson is the whole Washington team is that the Nationals' trip to Cuba was called off because the star pitcher refused to go along. The Cubans specified in a contract they sent Griffith that Johnson must be one of the team.

Briscoe Lord, who was lead off man for the Athletics in the 1911 world's series, will manage Mobile, of the Southern League, next season.

"King" Cole, who is coming to the Yankees next season from the American Association, did not lose a single game to the champion Milwaukee nine. One of his victories was a no hit effort.

It is said that Schanz, Baker and Bush will go into vaudeville with a professional as soon as bookings can be arranged.

"Jimmy" Johnston, who is coming from San Francisco to the Chicago Nationals, has stolen 115 bases, with two weeks more to go in his league. Ralph Myers, formerly of Boston, established a modern record with Spohr of 115.

George McBride, the Washington shortstop, declined to go in the world tour, asserting that the travelling and ball playing would have a tendency to slow him down for next season's work. Many others think the same way.

Robert Lee Hildner, owner of the Browns, is giving Branch Rickey ten years in which to put St. Louis on top of the heap. Mr. Hodges says he is going to stand by his new manager for that time, no matter where the Browns finish. He says nothing of what may follow.

The national colors are to predominate in the uniforms which will be worn by the Chicago White Sox in their world's tour with the New York Giants. The players will be provided with two sets of uniforms, one having a background of blue and the other of white. The stockings will be blue with red and white stripes. The other set will be white with blue and red stripes. On the sleeve of each uniform will be a small United States flag. The neck bands will bear a United States shield.

## THIS DATE IN ANNALS OF THE RING

1853—Nat Langham defeated Tom Sayers in 61 rounds at Lakenhead, England. Sayers was then at the commencement of his ring career and, although much smaller than his opponent he showed remarkable grit and endurance. Langham soon disappeared from ring annals, but within four years Sayers fought his way to the championship, defeating Perry, the Tipton Slasher, for the big title. Sayers held the belt for three years, retiring in which he was saved from defeat only by official interference. Sayers was small for a heavyweight, but was speedy and scientific, and able to land a powerful punch.

1904—Jack Johnson knocked out Ed Martin in 2nd round at Los Angeles.
