OPPOSITION SCANDAL GANG'S LIES EFFECTIVELY ANSWERED AT WOODSTOCK YESTERDAY

Hundreds of Carleton Co. Electors who Thronged Town for Nomination Day Proceedings Hear Each and All of the Grit Lies Nailed and their Foul Slanders Refuted by the Government Candidates, and by Hon. Mr. Murray and Mr. Daggett.

Spirit of Meeting Augurs Success for Messrs. Smith and Sutton—Hon. Messrs. Smith and Murray Produce Unanswerable Proofs to Show Fallacy of Opposition Charges in Connection with Potato Gift—Mr. Daggett Deals Effectively with H. M. Blair's Case.

SPECIAL TO THE STANDARD.

Woodstock, N. B., Sept. 14.—The opposition scandal-mongers who have made vicious and malicious attacks on the character of public men of New Brunswick got an effective answer from the speakers at this afternoon's big meeting in the interests of the government candidates, Hon. B. Frank Smith and Mayor W. S. Sutton. Every charge and every insinuation of the paid hirelings who have degraded the liberties of free speech and are carrying on a campaign of misrepresentation unprecedented in any political contest in any constituency in New Brunswick were dealt with and disposed of. The prudent, economical and business-like conduct of affairs under the present administration was placed before the electors and contrasted with the recklessness, graft, extravagance, and incompetency, which characterized the 25 years' misrule of the province under the gang of discredited Liberal politicians who are seeking to get back on the treasury benches.

OPPOSITION LIES NAILED.

The candidates, Hon. B. Frank Smith and Mayor W. S. Sutton, were given a most enthusiastic reception, being greeted with lusty cheers that lasted for several minutes. The minister's speech was a clear presentation of the issues involved in this campaign. Discussing the potato transaction, Hon. Mr. Smith gave a convincing statement of his connection with the gift and nailed the opposition lies that he received an exorbitant figure, proving in an unanswerable manner that he had lost money on the transaction. Mayor Sutton's address was brief but forceful and was much appreciated.

Hon. James A. Murray in one of the ablest speeches of his career, replied to the contemptible accusations of the opposition. Producing letters from the government inspector and auditor-general, he disposed of the fallacies of the opposition and showed up in a clear way the despicable campaign of the Grit coterie of hirelings. The colossal carnival of graft under the old government was pointed out by the minister of agriculture, who said the government was content to be judged by its record as compared with that of the old.

MR. DAGGETT TAKES BLAIR'S MEASURE.

J. B. Daggett, secretary for agriculture, and F. C. Squires were the other speakers and both were heard to excellent advantage. Mr. Daggett has been assailed in a most shameful manner by the opposition speakers and their press, and he has come to Carleton county to defend his reputation. In his address this afternoon he was interrupted by H. M. Blair, the dismissed and discredited ex-secretary of public works, but Mr. Daggett handled Mr. Blair without gloves. Mr. Blair made a sorry spectacle of himself in attempting to interrupt the meeting, as several of his friends pointed out to him. Today's meeting had not been previously advertised. In fact it was the intention of the government to get "Purity" Carter to agree to a joint debate between the candidates, not to hold a meeting. But the hundreds of electors who came to town wanted to hear the issues discussed and complying with their wishes the government committee arranged the open-air meeting, the speakers addressing the electors from the balcony of the Carlisle Hotel.

The magnificent meeting can mean but one thing and that is the return of both Smith and Sutton with overwhelming majorities. John McDougall presided at the meeting of the government committee and carried on his duties in a pleasing and satisfactory manner. He introduced J. B. Daggett as the first speaker.

Mr. Daggett.

Mr. Daggett said: I had not intended to take a definite part beyond the casting of my vote in a contest of this nature. Since it has been my privilege to hold the position which I now hold I have endeavored in every particular as far as my duties were concerned to conduct my office along a strictly non-partisan line. Now, what are the circumstances which compel me to appear here this afternoon? Simply this, gentlemen. When I took the office of secretary for agriculture, now nearly four years ago, I had scarcely entered upon my duties as secretary of the department when the Carleton Sentinel began a most vicious and malicious attack upon me and from that day to this they have never stopped. There has been no falsehood too black; there has been no untruth too great for the Sentinel to publish concerning myself, followed by the Harland Observer, for four long years I have been perfectly silent. I have taken their abuse, I have taken their slanders, I have taken their malicious falsehoods, and I have never uttered one single word of reply. But last Friday night Mr. E. S. Carter, in the village of Cen-

treville, made his statement in which he practically made me out, while he did not have the courage to come out and say that I was a thief. He only implied it, because if he dares to say that I have misused any funds in connection with my public office a warrant will issue for him so quickly that it will give him a headache. He has never dared to say it.

Carvell's Statement False.

Gentlemen, I came to this county 20 years ago. I lived among you, I did business with you, I occupied a position of which I have never been ashamed. For nearly 20 years it was my privilege to be pastor in this county. You men have heard me from every platform—you know my private and my public life, and there is not a man can point to a spot on my character. My official transactions have been absolutely clean. (Applause.) The Carleton Sentinel, some 3 or 4 years ago, connected me with the failure of the Canada West India Company. All I had to do with that company was to take \$100 stock for which I paid and which I lost. Was that anybody's business? And when Mr. Carvell says that I took one cent from anybody or

anything in connection with that company it is a falsehood. Again they have associated me with crookedness in connection with the offering to Great Britain and to Belgium. Their answer is given in The Standard of today, over the signature of Mr. Slipp, one of the cleanest men in this country, in which he states that every statement made by Mr. Carter is absolutely false.

Anent H. M. Blair.

Then, again, I have seen a poster in this county in which somebody says that I returned \$500 of money—an absolute falsehood connected in any way with my official position. Mr. H. M. Blair came to me, told me what a hard place he was in, that he had a note due which he had given for election purposes—he was short \$500. He did not know where he was going to get it and unless it was paid before night he would have a writ placed on him by the bank, and he begged me, almost with tears in his eyes, to help him. I went to our chief, Mr. Murray, and while we felt we had nothing to do with it at all yet because Mr. Blair was in a hard place Mr. Murray said he would try and raise the money among his friends, and I said "I will not lend you the money, which I did. Going to my bank where I happened to have \$500 of a surplus that day, I loaned that money and I got it back. And yet Mr. Blair endeavors to make it appear that I did the wrong thing in helping him. A man who would do that would be guilty of anything. He knows that I told him on that day: "Mr. Blair, I am not contributing a cent, I am simply lending this money," and yet he turns it and endeavors to make it appear that I have been connected with boodle funds in this country. I know Mr. Blair, and I have known him since, and I learned of the tricks he is playing now—a great big cowardly bully. He is now taking up with the Liberal party and when he cannot carry on his work he will knife them, just as he knifed me, just as he knifed Colonel McLeod; he is absolutely without shame.

Gentlemen, I have been dealing with politicians and I want to say today that I find honorable, clean, decent men on both sides of politics. But, I do say the gang in the opposition are as dirty, however, as anything on God's green earth. One request I have to make—vote the ticket; vote for Frank Smith and vote for Sutton. (Loud cheers.)

F. C. Squires.

Fred Squires, the next speaker, vigorously criticized the old government and produced the official statement in support of his contention. He paid a tribute to the worth of Hon. Mr. Smith and Mayor Sutton. His address made a decided impression and Mr. Squires was loudly applauded.

Hon. Mr. Murray.

Hon. Mr. Murray was most enthusiastically greeted. He said: "Mr. Chairman, gentlemen electors of the County of Carleton, I was amazed when I came on this platform and saw this gathering in front, because I was under the impression by the ringing of bells and beating of tom-toms that had been going on there would be nobody left for us to speak to, and I am glad there are so many men in the County of Carleton waiting to hear the issues of the day discussed, men who come here without money and without price, and without being solicited by bells, megaphones or horns."

"I attended, in the County of Carleton, two weeks ago, one of the most magnificent political functions I ever attended in the province. At that convention I saw representative men from every part of the county, men who had come there to nominate my friend, Mr. Sutton, to occupy the vacant seat in the legislature caused by the resignation of my friend, Mr. Munro, men who had come there to support Mr. Smith as Minister of Public Works. It was one of the most intelligent looking, one of the most magnificent gatherings that I have ever had the pleasure of addressing, yet

Food Riots In Hamburg Women Raid Shops; Noted Aviator Killed

London, Sept. 14.—An Amsterdam despatch to the Exchange Telegraph Company says: "Serious food riots occurred at Hamburg Saturday evening. According to Berlin reports a mob of angry women raided shops which had been closed owing to a shortage of meat and vegetables, while another crowd demonstrated before the town hall shouting: 'Down with the junkies! Down with the people's torturers.' Thirty-seven women were arrested. Two policemen were badly injured by stones thrown from windows."

Bulgars Repulsed by Roumanians; Fears of Raids on Wilhelshaven

London, Sept. 15.—The Bulgarian minister of the interior, Christo Popov, has resigned to rejoin the army. According to Central News advices from Sofia, Premier Radoslavoff, who also holds the portfolio of foreign affairs, will act temporarily as minister of the interior.

Fear Air Raids on Wilhelshaven

Copenhagen, via London, Sept. 14.—Drastic restrictions with regard to lighting have been imposed on Wilhelshaven as a precautionary measure against air raids. The Wilhelshaven Zeitung publishes an order, issued by the fortress commander, prohibiting lights in streets, yards and gardens, and allowing no more lights in shop windows than sufficient to distinguish the goods. All special light permits have been withdrawn.

Bulgars Defeated.

London, Sept. 15.—The Times Roumanian headquarters correspondent, in a despatch printed today says: "The Bulgarians Tuesday attacked the Roumanian positions at Lipniza, but were repulsed after a fight lasting all night. They lost eight guns."

Constantine Must Get Another Man to Form Cabinet in Greece

Athens, Sept. 14, via London.—The Entente Powers are not satisfied with the programme outlined by M. Dimitracopolis, whose acceptance of the premiership was based on full power to control the national policy. M. Dimitracopolis has therefore abandoned his effort to form a cabinet.

Rome, via London, Sept. 14.—The official communication issued by the war office today, dealing with the operations against the Austrians, says: "By a daring climb our troops succeeded in taking some important positions in the Zars Valley, in the Polesia sector, and on Monte Lagazuoli, in the Travenazze-Boite Valley."

Berlin, Sept. 14, via London.—The advance of the forces of the Teutonic allies in the Roumanian province of Dobruja is continuing, the war office announced today. Occupation of the forts at Kavala, on the Greek Aegean coast, by the Bulgarians has been completed.

was amazed a few days later to read in the columns of the opposition St. John paper that that gathering was brought there by the influence of rym and money. A gratuitous insult, Mr. Chairman, as unnecessary as it is untruthful, an insult which I believe will, on the 21st of this month, be re-sented by the electors of this county when they cast their votes for representatives at Fredericton.

Grita a Leaderless Band.

"The speakers who have preceded me have referred to the opposition party. Mr. Chairman, the opposition party at the present time is absolutely leaderless in the true sense of the word. Last January when their convention was called in St. John at which they announced that they would declare their policy, the leaders which they had chosen, much to their surprise, vacated his position in absolute despair, if not in complete disgust, and since then that party has been led by no responsible man. Evidently no responsible man in this province can be found to assume that leadership, but it is being led by men who are hired for that purpose, a condition which never existed before here. I want to say right here to the electors that at the present time there is a campaign of abuse carried on in such a way as to make it impossible to devote the few minutes which I expect to address to a speech of vilification or vituperation. I do not propose to address my remarks to any individual. I hope the gentlemen appearing on our behalf on public platform have clearer ideas than personal abuse. I believe that the intelligent electors of this county at the present time desire, not to hear personal abuse, not falsehood, but a statement as to condition of the affairs of this province under the present administration, and prior to that time. Let me emphasize the fact that the party seeking to regain the reins of power is the same old party in power prior

British Line Pushed to Within Mile of the Town While French are Directing Blows at East—Germans Fail to Regain Ground Near Bouchavesnes—Russians Hammer Hard in the Carpathians.

Beset by the British on the west and the French on the east, the village of Combles, in the Somme region of France, apparently is on the verge of capture by the Entente forces.

With the British firmly established in the Leuze Wood, less than a mile from the western outskirts of the village, the French a mile to the east of it have driven their wedge in farther and captured Lepriez Farm, through which runs the road to Rancourt. The farm, which had been held by the Germans as a point of support against French encroachments upon Combles, was taken by assault.

Along the Peronne-Bethune road to the north and south of Bouchavesnes the Germans, according to Paris, have vainly attacked the newly won French positions in the hope of regaining their transport lines to the north, but all their efforts have been without success and they have maintained all their gains.

Except for reciprocal bombardments and a slight advance by the French by means of a bombing attack near Bellou-en-Santerre, south of the Somme, the situation elsewhere on the entire front in France and Belgium remains unchanged.

RUSSIANS STRIKE HARD IN CARPATHIANS.

The Teutonic Allies are continuing their advance on the Dobruja sector of Roumania, according to Berlin and Sofia. Across the mountains in Transylvania the Roumanians have attacked west and east of Hermannstadt, but were repulsed, says the Vienna war office.

In the Carpathians the Russians attacked vigorously the forces of the Central Powers at Smotecz, Ludova and Kapul, storming positions after heavy preparatory bombardments. Their efforts to drive forward however, were stopped with sanguinary losses, according to Vienna.

On the Macedonian front considerable heavy fighting has taken place, but with the results beclouded owing to variant reports by the different war chancelleries. The Serbs in the Lake Ostrovo region are declared by Paris to have made appreciable progress against the Bulgarians, while both Berlin and Sofia report bombardments in this vicinity, but mention gains for neither side.

In the Dolrain region the British have taken a Teutonic position north of the town of Mucukovo. Several Germans were made prisoner, and a number of machine guns were captured.

GENERAL AIR FIGHTS ON BRITISH FRONT.

London, Sept. 14.—The British official communication from general headquarters, issued tonight, follows: "The general situation is unchanged. South of the Ancre reciprocal artillery bombardments continue."

"On the front between Arras and Ypres artillery and trench mortars have been active. This morning the enemy fired a camouflet near Mount Gorrel, and this evening exploded a mine near Neuville St. Vaast."

"There was considerable aerial fighting. This morning two hostile machines were brought down in flames, and another was driven to the ground. One of our aeroplanes is missing."

FRENCH CAPTURE PRIEZ FARM.

Paris, Sept. 14.—On the Somme front the French have captured the Priez Farm and enlarged other positions close to Combles, according to the official statement issued by the war office tonight.

There has been hard fighting north and south of Bouchavesnes. Elsewhere quiet prevailed.

The text of the statement follows: "North of the Somme we entrenched our positions on part of our front, which faces Combles, and carried by assault to the southeast of this locality the Farm of Lepriez, which had been organized as a point of support by the enemy."

"Lively isolated fighting occurred to the north and south of Bouchavesnes. We completely maintained all our gains."

"South of the Somme we advanced by bombing to the east of Bellou-en-Santerre."

"On the rest of the front nothing of importance occurred."

BOWSER GOV'T DEFEATED IN BR. COLUMBIA

Prohibition Wins by Closer Vote than Expected—Suffrage Bill Also Carries.

Vancouver, Sept. 14.—The Bowser government has gone down to defeat. So far the returns are not full enough to determine definitely, but it looks as if about thirty-three Liberals to fourteen Conservatives with returns incomplete. Premier Bowser himself is defeated. Prohibition has carried, although the vote is closer than expected and suffrage bill is also carried.

GREAT OVATION FOR HON. MR. SMITH AND MR. SUTTON

Speakers at Meeting in Interests of Gov't Candidates Tell Story of Government's Fine Record of Achievement Compared With Years of Inactivity of Old Gang Whose Chief Purpose Was Lining Their Own Purses With Monies of the Province.

Continued from page 1.

man, Mr. Venot in criticizing my remarks with reference to the revenue of the province said that in the last year, 1915, we collected extra revenue from stampage because we increased the stampage. We did increase it 25 cents per thousand, but take the year 1915 and cast it aside, and make the comparison based on the same rate of stampage. Take the last six years of our administration and the six years prior to 1908 and it will be found that at the same rate of stampage we collected an average of \$235,000 a year each and every year more than they did. What does Mr. Venot say as to the increase of revenue? He says the old government laid the foundation. If the old crowd laid the foundation it was all they did do. They laid the foundation, but why in the name of heaven in the 25 years they were in power didn't they erect the superstructure on that foundation? They did not do it because they were too busy with other things. This same joyful crowd were dancing to the tune of \$134,000 stolen from the Central Railway, "W. P." \$5,000 which mysteriously disappeared \$504,000 in the years 1902 to 1906 added to the permanent public debt of this province for ordinary expenditure in the public works department, \$237,580 of territorial revenue, belonging to the people of the province which they failed to collect. They were dancing to the tune of the Grand Falls power sale, the most important water power in the province sold under their legislation, the most iniquitous legislation ever proposed, for the paltry sum of \$60,000, while they also danced to the tune of the school book ring. They danced and the people paid the piper. These are some of the things, Mr. Chairman, that these gentlemen were engaged in actively prior to 1908, so actively engaged in that they had not the time to erect a superstructure. We have erected that superstructure, and have given this province an honest administration, and with that increased revenue have, as my friend, Mr. Squires, has stated, assisted education, agriculture, our roads and bridges.

Mr. Venot in comparing the bridge expenditure compared 1909 with 1915—two years in which we were in power. Why did not Mr. Venot go back to the year 1907? He would have found that instead of spending \$431,000 in three years on bridges in this province they spent in the last three years \$270,000 and in spending that they added to the permanent debt of this province \$169,870 and on that amount,

Mr. Elector, you are paying interest today, and you and your children will continue to pay interest until those 40-year bonds expire. In the eight years we have been in power we have not added one cent to the permanent debt of this province for ordinary expenditure.

Carter's Malicious Statements Concerning Potato Gift.

I want to refer briefly to one matter which vitally affects the county of Carleton and my friend the Minister of Public Works. I refer to the campaign of abuse and vilification which is being and has been carried on in connection with the potatoes which the people of this province, through their government, gave to the people of Great Britain and to Belgium, a most scandalous campaign and one which I want to say is absolutely false in every particular. I have from every platform in this county, as I propose to continue to do, explained that transaction in detail and I defy that gang to stand up and say that I or any official in my department profited to the extent of one dollar from the transaction. Mr. E. S. Carter, at Centreville, the other night, is alleged to have made a statement—and I want to say that Mr. Carter on that occasion prostituted his privilege as a citizen, degraded the liberties of free speech and indulged in misrepresentation such as was never known in public life in this province previously. The Telegraph reproduced pictures of suffering Belgians taken from the Montreal Star, originally printed to arouse an interest in these unfortunate people. Mr. Carter misrepresented the potato transaction as maliciously as a public man could possibly do. He made two statements which I have the documentary proof are false; the first is that Mr. Daggert interfered with the inspection made by Mr. Slipp. I have a letter here which I had published in today's paper in which Mr. Slipp positively and absolutely denies Mr. Carter's statements, says it is false in every particular and that Mr. Daggert upheld him on every occasion. Another statement of Mr. Carter was that Mr. Smith did not refund the \$2,400, a refund which was made under an arrangement such as you or I would make with any responsible commercial house, a refund which is an indication of Mr. Smith's honesty and uprightiness, and I have a letter from the Auditor General of whom I made the inquiry as to why that item did not appear in the public accounts. It is as follows:

Fredericton, N. B., Sept. 13th, 1916.

Hon. James A. Murray, Minister of Agriculture, Fredericton, N. B.

Sir,—In reply to your inquiry as to why the amount of \$2,400.56 remitted by E. F. Smith, Esq., as a rebate on potato account, was not shown as a separate item in the public accounts of 1915, I may say that this item along with many others was included in the amount of \$22,861.39 remitted by Messrs. A. C. Smith & Co., as shown on page 202 of public accounts, 1915, which was deducted from the total potato expenditure in order that the net expenditure might be shown. All the itemized account of the purchase of potatoes, as well as the brokers' account sales, were submitted by the writer to the legislative committee on public accounts.

Yours faithfully,

W. A. LOUDON,

Auditor General.

Now let me say in conclusion with regard to that transaction, these accounts were submitted to the public accounts committee of the legislature, and that committee had an opportunity of going into them and seeing where every cent went, where every expenditure was made, where every return came from. Mr. Dugal, a member of the legislature, I will admit under the sway of the Liberal organizer, was a member of that committee. As such he was afforded an opportunity of seeing these accounts but failed to appear. The next day, the chairman, at my request, said: "Mr. Dugal, you were not here to see those accounts with regard to potatoes," and he said: "I don't want to see them." I believe that Mr. Dugal was told by Mr. Carter, his master, not to look into those accounts. They don't want to know the details. The details are there open to every member of the legislature. Let me say this, we had \$150,000 to spend on that transaction, we spent of that amount \$120,000. We paid \$100 a barrel for the potatoes and 10 cents commission to buyers. We landed them in the port of St. John, railway freight, ocean freight, insurance all paid; we paid demurrage, paid for barrels and for bags, for racking and re-racking, sorting and re-sorting, and landed them on the other side of the Atlantic, potatoes produced from New Brunswick fields—and the greater part from Carleton and Victoria—at a cost of \$2.18 a barrel, and we found everything and paid all the freight and expenses. And this is the transaction they criticize as filled with graft and corruption, and yet we had a royal commissioner who kept open court for

six months and we invited charges against the government, something that no government in this province ever dared do before, and not one of them dared a charge against the government or any official of the department.

"This is a record which I believe the electors will sustain on the 21st of this month in this county by a very large majority for my friend the Honorable B. Frank Smith, minister of public works, and my good friend, your chief magistrate, Mayor W. S. Sutton. Mr. Chairman, Ladies and Gentlemen, one cannot on an occasion of this sort go into detail with reference to the many matters one would like to discuss, but I will say this administration is not ashamed of its record. We have administered the affairs of this province accurately and prudently, and I believe the people will say they prefer us to the old crowd who, prior to 1908 squandered our revenue and dissipated our assets. We prefer keeping in power the men who have not tried to conceal their transaction, but told us what they have done and failed to do, and in doing that you will endorse the candidates in this county on the 21st, as the people of the province believe you will do, two of the brightest men who will be in the legislature, Smith and Sutton."

Ovation for Mayor Sutton.

Mayor Sutton was loudly applauded when he arose to speak. He said: "Mr. Chairman, Ladies and Gentlemen, I am sure it is a great pleasure to me today to stand before you here in my own home town. On the 21st day of August, at the convention of government supporters held in this town, I was chosen as a candidate to represent the county of Carleton in the legislature. I was also asked to run with the Honorable B. Frank Smith, and no matter how the battle goes, I am proud to be associated with the Honorable Mr. Smith, Honorable Mr. Murray, who has just addressed you, Honorable Dr. Landry, and Honorable Mr. Baxter. Those men's records have been before you; they have dictated the affairs of this province since 1908, and I believe they have given the province good government. I am not a public speaker, I am more of a worker. I have worked here in this town all my life. My desire is to help the province. I believe that on the 21st September Honorable B. Frank Smith and myself will be elected. I will ask you to vote for Mr. Smith and for me on the 21st. I intend when I am elected, as I expect to be, to do what is fair and honorable and I ask you today for your support for the Honorable Mr. Smith and myself."

Hon. Mr. Smith.

Honorable Mr. Smith was tendered a grand ovation, the cheering lasting several minutes. He said: "As I look out over this vast audience this afternoon so fully representative of this noble county, I am sure if there were a possibility of my having in the past any fear with reference to the result of the 21st, that fear has been entirely dispelled, as I see the enthusiasm that prevails throughout the ranks. I regret very much, gentlemen, that we have not been permitted on this as on former occasions to have a joint discussion, so that the candidates representing the opposition in this county as well as the candidates who represent the government might have a chance to discuss the issues which are engaging the attention of the people of this county at the present time, so that you might be able to form a more intelligent opinion of the canvass they are advancing from the various platforms of this county. We made them an offer a few days ago, and by my personal request the chairman of our committee interviewed Mr. Carter, who is the gentleman who takes charge of the opposition campaign in this county. We offered to meet him in joint debate and to select Honorable W. P. Jones as chairman, and yet after all that they skulked away as they are skulking today and surreptitiously circulate arguments to injure the government candidates. The very best evidence that they do not dare to bring is the fact that they are not here. They do not want to stand before me and my colleague; they don't want to stand before us on a public platform and discuss the issues that are before you. They are preferring from the platform of the Opera House. And I regret that there is a class of people in this county whose political ideals are no higher than to accept the statements which they are making from time to time and abide by them. Why are they not facing me in this contest?"

A Voice—"They're afraid of you, Mr. Smith."

"They are afraid, not of me, but of you who are behind me. They know very well that since the important portfolio of public works has been sent to the County of Carleton, which is a great tribute to this county, that I, because of my past record, because of the interest that I have displayed in this constituency in the years I have represented it, because of that, they know that the interests of this county will be so well looked after that in the years to come no Liberal need apply to the electors of this county."

"While it is true, Mr. Chairman, that this province is large, and that it is desirable that I should be willing to lend a hand towards helping the executive of this province to make it take its place with the other great provinces, yet I will not have to establish any new precedent, to see that the interests of Carleton county are well looked after. You have my

record as a private member, as a private citizen, and I see the faces of many before me this afternoon with whom I have had the pleasure of doing business for years. I have no hesitancy, gentlemen, in placing that record before you, either as a private citizen or as a representative from a local standpoint, and I am sure that with the additional strength that has been given to me by placing in my hands the most important spending department of the government, you may rest assured that Carleton county will be well looked after in the future. When I say that, let me also add that the interests of this entire province so far as public works are concerned and the public services will be carefully guarded, and so well guarded that the resources of this county which are placed at my disposal for the upkeep of these public services will be carefully and judiciously expended in a way that I believe will bring the best results in the years which are to come.

Valley Railway Will Be Built To Andover.

"Mr. Chairman, and gentlemen, there is a point that has not been touched upon this afternoon, that is the building of the St. John Valley Railway. You all know that this is a question that has been the football of politicians for years. I want to ask you here this afternoon, you gentlemen who are standing before me, you who have seen the other government in power—the same government that is appealing to you today—for 25 years, I want to ask you what earnest and honest step ever was taken by them to give the people of the St. John valley transportation facilities which have been afforded them by this government. Throughout the upper end of this county they are telling the electors that the St. John Valley Railway will not be built beyond

Centreville, that it is not to be built any further. Let me tell you before this large audience that that statement is not correct. I am here to tell you this afternoon that next year the contract will be let and it is the intention of the government to proceed with the building of that road beyond Centreville to Andover next season. It is in the agreement. I saw the agreement and was careful to see before the legislation passed the House of Assembly this spring, that terms were placed in that agreement which provided for the building of that railway next season from Centreville to Andover.

"They tell you that that road will never be built any further, you have heard that statement. Which are you going to believe? Let me tell you this

THE WEST SIDE FAIR.

The Soldiers' Christmas Stocking Fair, which is being held nightly in the West St. John curling rink, has been such a success that it is planned to continue it until Saturday night. The attendance last night was larger than for the two previous evenings. The City Cornet band was there and rendered a fine programme.

The winners of the various prizes are as follows:

The door prize, a solid oak table, was won by Mr. Theall.

In the air gun competition Miss Lister won the lady's prize, a pair of shoes, and Mr. Reid the gent's prize, a cut glass fruit dish.

Bean bag contest—Ladies' prize, a sofa pillow, won by Mrs. J. P. McCormick; gent's prize, a tea kettle, won by Mr. Roy Campbell.

Ring toss—prize, aeroplane, made and presented by Mr. Wilson, won by Miss Blanche Bissett.

Tonight the door prize is a ton of coal, and tomorrow night, a half bar-

rel of flour. Supper will be served every night of the fair.

WILL JUDGE N. B. DOG SHOW.

Dog fanciers can be sure that the show committee of the New Brunswick Kennel Club made a master stroke when they secured as judge for the coming show, October 10-11-12, George Steadman Thomas, of Hamilton, Mass.

Mr. Thomas is known in dogdom from east to west, both in the United States and Canada, as an experienced judge, conditioner, exhibitor and all-around dog man. He has few peers in America or England, where he is as well known as in Canada. To have Mr. Thomas' critical opinion on a dog is worth something. He is a man with an eye for a dog and his many years of experience in judging at the leading shows places him among the best men in the ring or kennel.

The fact that so many good dogs of all varieties, from the big bound to the toy specimens have been in and out of his kennels and made high reputations for themselves and owners, adds merit to his ability and competency. With such a man as Mr. Thomas judging, this year's show should be supported by every dog fancier in the Maritime Provinces.

Already the show committee is assured of many valuable prizes for competition and everything is moving toward the best show ever held under Canadian Kennel Club rules in this city.

UNITED ACTION ON ALL FRONTS ALLIES' SLOGAN

Every day Scheme of Cooperation Against Common Foe Is Being Perfected.

SALGNIKI ARMIES WILL DO THEIR PART

Turkey and Bulgaria will be Taught what it Means to Turn Traitor to Traditional Friends.

Paris, Sept. 14.—In addressing the chamber of deputies on the military and diplomatic situation, Premier Briand this afternoon laid stress upon the close co-operation among the Allies against their common foe. The premier reviewed the circumstances leading up to the two most recent important developments of the war—Rumania's declaration of war against Austria, and Italy's declaration of war upon Germany, and declared: "Thus again confirmation is given of the determination to practice more intensively each day unity of action along the united front. The Allies, putting their efforts in common, combining and co-ordinating them in close collaboration, have determined upon an evolution of the war along these lines.

The German empire and themselves reduced to the defensive.

"The initiative of the operations has escaped them."

After a reference to the natural reasons for Rumanian intervention, the premier referred to the army at Salonika as follows:

Turkey and Bulgaria Will Get a Lesson.

"In close union with our efforts, the armies of Saloniki will fulfill the mission confided to them. Already on that front, as on others, the action is developing according to the plan of the general staff. The action of the Allies will be developed in all ways necessary to dissipate the Oriental dream of the Central Empires. Events will follow their inexorable course in the Balkans, and Turkey and Bulgaria will learn, each in its turn, the danger for a country in abandoning its traditional friendships to subordinate itself to the selfish designs of a country without scruples."

The bill authorizing the new loan was adopted by the chamber unanimously and without discussion. In explaining the war loan measure, Finance Minister Ribot stated briefly that the new loan was not asked for earlier because the country did not need it. Those who had subscribed to the first loan had aided the nation, he said, and also had had a good investment in buying five per cent bonds at 87.25, which were now quoted on the bourse at 90.

THE KLARK-URBAN CO. EXTENDS ITS ENGAGEMENT

The Klark-Urban Company has decided to extend its engagement at the Opera House for the first three days of the coming week. Owing to the fact that the Opera House had already made arrangement to return to its regular picture policy, commencing Monday, with the feature pictures contracted for, it will be necessary to show them, consequently, on Monday and Tuesday nights, and on Wednesday afternoon.

On Monday and Tuesday afternoons, at 2.15 and 3.45, pictures only. Pauline Frederick will be the star in her latest big dramatic success, "The World's Great Snare."

The programme will also include the latest New York sensation, Pathe fashion views, showing the very latest, up-to-the-minute novelties in feminine wear, all the latest designs in gowns, scarfs, house dresses, furs, in fact everything that modish fancies and just what the New York society leaders are going to wear this fall and winter. Ladies who want to know just what's what for this season will have a chance to see all the designs at close view.

TRISTE BOMBED BY AN ITALIAN AIR SQUADRON

Austrian Arsenal and Hangars Attacked — Five Tons of Explosives Dropped and Large Fires Result.

Roma, Sept. 14, via London.—A squadron of Italian aeroplanes made a raid yesterday on the Austrian arsenal and aeroplane hangars near Trieste, says an official statement, issued by the war office today. Five tons of high explosives were dropped and large fires were observed to result therefrom, the statement adds. "The portion of the war office statement concerning aerial activity reads: "Yesterday afternoon, in unfavorable atmospheric conditions, a squadron of 22 of our Caproni biplanes, escorted by Nieuport chasers, made a raid on Lloyd's arsenal and hydro-aeroplane hangars near Trieste. One hundred and seventy-two bombs, equivalent to five tons of high explosives, were dropped on the railway establishments and on ships under construction. Large fires were observed. Our aeroplanes were attacked by the enemy's anti-aircraft artillery and hydro-aeroplanes but all returned to their sheds."

The Austrian Report.

Vienna, via London, Sept. 14.—A naval official statement issued today reads: "Wednesday afternoon an enemy air squadron of eighteen Capronis, under the protection of three anti-aircraft aeroplanes, attacked Trieste. Six enemy torpedo boats and two other boats assisted them in the Gulf. Numerous bombs were dropped, but these caused only slight damage, and none of military importance. One man was slightly wounded.

"Our aeroplanes and anti-aircraft batteries obtained hits on the enemy torpedo boats. At the same time an enemy air squadron appeared over Parenzo, dropping twenty bombs in a field. No damage was done."

ADVOCATE GOV'T CONTROL OF ALL PORT FACILITIES

Montreal, Sept. 14.—Delegates to the fifth convention of the American Association of Port Authorities in this city today advocated government ownership of the foreshore and the control of port facilities. In this connection Mr. Robert Bridges, president of the Seattle Port Commission, commended the British policy, recognizing ports as gateways to the interior, and providing funds for their employment and claimed that this was vastly superior to the United States policy "of letting George do it." He said the Americans had not yet developed a maritime sense. Delegates referred to the situation at New Orleans, San Francisco and Montreal as being specially favorable in the matter of government oversight. Mr. F. W. Cowie, chief engineer of the harbor of Montreal, spoke of the Halifax and Montreal harbors and the lake present and future in the line of transportation. Climate and distance were handicaps to the transportation of grain through Canada to ocean ports, he said, and this was why in the past year 151,000,000 bushels of wheat, out of 312,000,000 bushels, shipped from the head of the lakes had been shipped through United States ports.

At noon the delegates were entertained at lunch by the city on Mount Royal, and tonight at dinner by the harbor commissioners at the St. James' Club.

RAILWAYMEN IN ENGLAND REFUSE COMPROMISE OFFER

London, Sept. 14 (6.15 p. m.)—The conference between representatives of the railways and their employees which has been in session for the past two days in London, broke up today because of the men's refusal to entertain a compromise offer, and their insistence upon the ten shillings advance in pay which they had demanded, and which the railways refused to grant.

It is still possible that the conference may be resumed tomorrow.

OFFERS WELSH A GUARANTEE OF \$15,000 TO MEET DUNDEE

New Orleans, Sept. 14.—Announcement was made by a local fight promoter today that he had wired Harry Pollok, at Chicago, manager of Freddie Welsh, champion lightweight pugilist, offering Welsh a guarantee of \$15,000 for a twenty-round fight for the title here, January 1 next, with Johnny Dundee, of New York.

Bulgars Driven From Salient in Macedonia By British Troops

London, Sept. 14.—British troops fighting in Macedonia have captured a salient in the Bulgarian lines north of Mtsukovo, says the official communication issued by the British war office this evening. The British gains were maintained against counter-attacks. Some Germans were taken prisoner. The statement follows: "Early this morning our troops moved forward, after artillery preparations, through Mtsukovo (8 miles southwest of Doiran), and in the face of stubborn opposition captured a salient in the enemy's line to the north of the village. "Considerable ground was gained, and although the enemy counter-attacks our gains were fully maintained. "We captured some German prisoners and a number of machine guns."

FIVE KILLED BY EXPLOSION OF AMMONIA TANK

Newark, Sept. 14.—Five men, including Samuel Botkin, president of the Interstate Milk and Cream Company, were killed today in an explosion of an ammonia tank at the company's plant which was to open next Monday. Three other persons were injured.

Krumbles

The New Whole Wheat Food with the *Delicious Flavor* originated by the Kellogg Toasted Corn Flake Co.

TO SEE the way people take to KRUMBLES at the first taste—you might suppose they never before had eaten anything that tasted good.

True—never before has there been a whole wheat food with such a full, rich flavor and sweetness. Krumbles is prepared from the finest of whole wheat—all the wheat—cooked, "krumbled"—and delicately toasted, by a special process original with the Kellogg Toasted Corn Flake Company. A dish of Krumbles with good milk or cream is a square meal in itself—an admirably balanced food. Go easy with the sugar—the more you chew Krumbles the sweeter it tastes!

CHILDREN'S AID SOCIETY

Eighteen Children Placed in Care of Society in Month—Reports Presented at Meeting Show Much Useful Work Done.

The regular monthly meeting of the Children's Aid Society was held last evening at the home, 110 Elliott Row. The business transacted was mostly of a formal character. A. M. Beidling, president, was in the chair. The secretary, Rev. W. R. Robinson, reported that since the last meeting twenty-five cases had been brought to the notice of the society and dealt with, eighteen children being committed to its care. The report showed that many matters concerning the welfare of children had received attention and that much good work had been accomplished. The treasurer, Mr. Patterson, reported that the financial standing of the society was satisfactory. Some discussion took place with reference to heating the home and making necessary improvements therein, and it was agreed that these matters should be attended to at an early date.

How to Rid the Skin Of Objectionable Hairs
(Aids to Beauty.)

A simplified method is here given for the quick removal of hairy or fuzzy growths and rarely is more than one treatment required: Mix a stiff paste with some powdered delatone and water, apply to hairy surface and after 2 or 3 minutes rub off, wash the skin and every hair has vanished. This simple treatment cannot cause injury, but care should be exercised to get real delatone.

NEWS AND COMMENT FROM THE FINANCIAL WORLD

QUOTATIONS IN THE ST. JOHN MARKET

Only a few changes have taken place during the week in the prices of commodities. Flour, both Manitoba and Ontario, has increased 20c per barrel; currants are one-half cent dearer per pound. Canadian cheese has increased about 2c per pound. In the feed department oats have increased in price, yesterday's quotation being from 53c to 55c per bushel as against 51c to 53c a week ago. Late prices with jobbers and wholesalers are here given:

STEEL OF CANADA MOST ACTIVE OF WHOLE LIST

Opened at 63 1-2 and Closed at 63 3-4 to 64 - Market Opened with Rush and Substantial Gains.

(McDOUGALL & COWANS.) Montreal, Sept. 14.—At the opening this morning there was a rush for stocks and the first sales of the active securities were at substantial gains over last night's closing. Steel of Canada opened at 63 1/2. Trading in it was the most active in the list and it sold up to 64 1/2, closing at 63 3/4. The stock was well bought throughout the day and it looks as if it would sell higher. Our steel stocks are sharing in the munition and domestic business to the same extent as the ones in the United States, and comparison of prices shows that our stocks have not discounted this property nearly to the same extent as they have in the American market. Steamships common was strong and active, advancing to 38 1/2, closing at 38 1/2. Fluctuations in Scotia were erratic. It advanced to 130 and closed at 128. Riorland also made a new high at 75. The balance of the list closed strong, most issues showing about a point advance in the day's trading. The market was active throughout the whole session and the trading was not as professional as it has been lately.

THE \$1,000 BOND PROVING A SPECIAL FAVORITE

Montreal Bond Houses Report Large Blocks of New Canadian Loan Taken by Private Individuals.

Special to The Standard. Montreal, Sept. 14.—While the leading banking and bond houses are not inclined to make known the extent of individual subscriptions to the new Canadian \$1,000,000 war loan, optimism regarding the success of the issue is not lacking, and large blocks are being absorbed by private individuals, who for business reasons do not wish their names published. One of the most promising features of the issue is the popularity of the \$1,000 bond, the demands for this certificate being far in advance of that of the previous loan, ten months ago. Early subscribers are also increasing their subscriptions, notable among them being the North British and Mercantile Ins. Company which, through the Dominion Securities Corporation, has increased its subscription from \$175,000 to \$250,000. The Occidental Fire Insurance Company, Winnipeg, of which Randall Davidson is president, has also taken \$25,000 of the new loan. Another big application was known today was that of the estate of C. T. Viau, which has subscribed through La Banque Nationale for \$100,000.

LIKE DIZZY MARKETS OF SUMMER AND FALL OF 1915

A Session of Many Records with Total Transactions at 1,750,000 Shares—Bethlehem at 580.

New York, Sept. 14.—To find a parallel for today's unrestrained speculation it is necessary to hark back to the wild markets of the summer and autumn of 1915, when war shares and kindred issues were leading the list to dizzy heights. Today's operations, in which trading reached the enormous total of 1,750,000 shares, was the eighth consecutive session to run well over the million mark. It was a session also of many new records. United States Steel at 107, Republic Steel at 69 1/2, Marine common at 80 7/8, Atlantic, Gulf and West Indies common and preferred at 95 and 99 3/8, respectively, as well as several of the more prominent metal issues, being elevated to levels never before attained. Bethlehem Steel made an extreme gain of 25 at 580, that figure being within 20 points of its record, but General Motors again outshone all other stocks, selling up to 750, an overnight gain of 55 points and representing an extreme advance, thus far this week, of 176 points. Numerous other shares registered best prices of the year or more, but the "war brides" were far under their records of 1915. The percentage of realizing or profit-taking, as compared with fresh buying, was beyond all computation, but every setback or reversal was followed by a fresh rise. In the final hour, however, it became evident that supplies of stocks were exceeding the demand, and prices faded away until most gains were altogether obliterated. Trading in the last 15 minutes was at such high pressure as to leave the "ticker" much behind actual business. Throughout the day there were some counter-movements, notably in the minor shipping issues. Papers and motor accessories, though at no time shared in the rise and frequently manifested weakness. The bond market was again a negligible factor, though dealings in that division were more diversified. Total sales, par value, amounted to \$3,965,000. U. S. coupons 4 1/2 declined 7-8 cent on call.

FINANCIAL PRESS

(McDOUGALL & COWANS.) Times—Heavy gold imports must necessarily add greatly to the lending power of the banks. Sun—Again the market exhibits extraordinary power of absorption. Wall Street Journal—The volume of liquidation for profit-taking purposes remains large.

NEW YORK FUNDS TOOK DROP IN MONTREAL

Down to Parity Yesterday, but to be Expected at this Time of Year, Banking Men Say.

Special to The Standard. Montreal, Sept. 14.—The drop in New York funds here to parity today, after having been at a premium for some months past, was described by bankers as being due to causes customary and expected at this time of year. The decline may have come slightly earlier than last year, but it was in September a year ago that funds went to parity and remained there for around three months. A more liberal supply of Canadian bills of exchange in New York, coupled with some shifting of accounts in connection with the new Canadian war loan would account for the present rate of funds. Grain bills based on shipments of the new crop are now beginning to have a market effect and would begin to become a factor on the rate of exchange about this time. On Tuesday last New York exchange here was at a premium of 3-64 of 1 p.c. and yesterday it was down to 1-32 of 1 p.c. and today the rate was on a parity. Since the war started the normal condition of the rate has been against Montreal for the greater part of the year, but when Canada is shipping crops there is a temporary restoration of equitable terms.

"We are fighting for a worthy purpose, and we shall not lay down our arms until that purpose has been fully achieved."—H.M. The King.

TO THE PEOPLE OF THE EMPIRE—Every fighting unit we can send to the front means one step nearer peace.

THE WAR MAP OF EUROPE.

Bethmann-Hollweg issued a defiant note to the allies a few months since in which he affirmed that the "war map of Europe" would stand. Here was the map. The Germans had overrun Belgium, Poland, Serbia, Northern France—and the allies could make the most of it. As for Germany, there she stood, immovable.

But the war map of Europe is undergoing some serious changes. The German chancellor to the contrary, notwithstanding. The lines are being steadily pushed back on the west front and the Russians have materially altered conditions in the east, where they have captured the whole of the Austro-Hungarian Province of Bukovina and have likewise laid military claim to a large part of Galicia.

Map changes that are on the eve of being made in the Balkans are, however, the really important changes that the chancellor failed to foresee, and that he is powerless to prevent, says an exchange.

The Russians already have crossed the Danube at the Serbian-Roumanian frontier, and they are making straight for the Berlin-to-Bardar Railway. Before winter sets in the allies will be astride this road; they will be in Sofia and in Constantinople.

Then will Germany be faced with the loss of her fonderest and most cherished dream, that of a central tier of European states. Bulgaria and Turkey cut off from her, her economic future, which she had carefully planned to make her independent of the British control of the seas, and to afford to her an outlet on the Mediterranean and an opening toward the Far East, will have come to nothing. With her eastern allies in the hands of her enemies, will Bethmann-Hollweg still defiantly point to "the war map of Europe?"

A DISCOURAGING SHOWING.

Col. L. H. Beer, officer commanding the 140th Battalion, which has already shown such form at Valenciennes that it is to be counted as one of the very finest units Canada has contributed to the cause of Empire, has been in this province since Monday attempting to recruit seventy-five men needed to replace those who failed to pass the strict final medical examinations preparatory to leaving for overseas. He has been unsuccessful, not more than fifteen men having been secured to date. Of these, ten came from York county, where they had previously enlisted in another unit, but agreed to be transferred in the hope of getting more quickly to the scene of action. Two were transferred from a unit in this city yesterday, and at last evening's meeting in the Imperial theatre one man displayed sufficient courage to volunteer for service. It is stated that the solitary "man" in last night's audience was an Englishman who has already done his bit at the front but is willing to go back and try it again.

This is indeed a sorry showing and one in which St. John can take no pride. It is true that this city has already contributed heavily to the 140th and the other battalions, but surely the limit has not been reached. A walk through the streets of the city any fine evening, or a visit to the theatres will reveal a large number of young men who, as far as one may judge from appearances, should be in khaki instead of civilian's clothes. Those who have already volunteered are deserving of all honor and credit. Those who remain, content to play the shirker in the country's hour of need, merit equal blame.

It will be an everlasting disgrace to this democratic country if it is found necessary to adopt a form of conscription, yet, if that extreme measure comes, the young men who have remained deaf to all pleadings are alone responsible.

Col. Beer merited a better reception and a greater measure of success than he received. When the 140th goes into action and their achievements are told of, as those of the "fighting 26th," and the gallant first contingent have already been told of, it will be the young men who prefer the billiard room and the theatre who will feel the shame. They are missing an opportunity to prove their manhood, which, if they were, they are certain to receive.

The announcement of the new war loan of the Dominion Government has been freely advertised in the newspapers for the past few days. Its launching has been foreshadowed for some time and probably many possible investors have been saving their money in preparation for it. As will be seen the terms of the new offering are very attractive, while the security is undoubted. In this connection it is interesting to note that Canadian issues have been used in New York as collateral for British debentures, ample evidence of the accepted solidity of the Canadian securities.

The rate of interest for the new loan is as high as offered by many industrialists not so indubitably sound. These considerations make for a good investment and to these may be added two others. First, that the investment of one's spare funds in the war loans is a patriotic duty, and secondly, that the money so invested remains in large part in the country and is disbursed almost immediately to pay for munitions of war for which Great Britain will eventually foot the bills. The money realized from the war loan will be kept in circulation and will help to swell the sum total of Canadian prosperity. These considerations added to the absolute soundness of the offering and the attractive rate of interest paid should make the new war loan decidedly popular. It is reasonable to expect that it will be taken up almost as quickly and as easily as the former ones. There is no scarcity of money in Canada for legitimate investment and what offering can combine more

MORE "BOMBSHELLS."

Mr. Harry M. Blair, the dismissed and discredited secretary of the provincial department of public works, is to the fore with another "disclosure" which, the Telegraph assures its readers, is most damaging. Mr. Blair has presented no details, but claims to be able to do so and his statement is supported by such an eminent follower of the simple truth as Mr. Edward S. Carter.

It is characteristic of Mr. Blair and the crew with which he is working that his "charges" are made on the eve of a by-election in the hope that the vote in Carleton county can be influenced to some extent before their falsity can be established. In the absence of anything like a definite statement of the "charges" it is impossible to discuss them fully, but if they have no more material foundation than the other "bombsHELLS" which that gentleman and Mr. Carter have already exploded, it will probably be found that they are nothing but "gas bombs."

Mr. Blair and Mr. Carter have been unfortunate in their previous "disclosures." The dismissed and discredited secretary had some things to say concerning Mr. J. B. Daggett, secretary for agriculture. Mr. Daggett gave the stories some attention yesterday and his address, published elsewhere requires no comment.

Mr. Carter, too, has been under an unlucky star. He made certain allegations concerning Mr. Leslie Slipp, to which that gentleman, over his own signature, has given an unqualified denial. On a question of veracity Mr. Slipp's word will be preferred to that of Mr. Carter's by those who know both men, as well as those who know only the Twice Horsewhipped. As for Mr. Blair, the standard of his veracity was well fixed by Commissioner Teed who, in his finding in the inquiry which established that the dismissed and discredited official had been guilty of corrupt practices, intimated that Mr. Blair's sworn testimony was not worthy of credence.

The only effect of the Carter and Blair charges will be to illustrate to the electors of Carleton and the province generally the desperate plight in which the opposition party finds itself, when it has to rely on such men as these for its chief ammunition in the present campaign. The Clarke Government cannot be successfully assailed on its record or its integrity. That is why the opposition party has discarded the usual methods of political warfare and entrusted the conduct of affairs to the poison gas squad—Carter, Veniot, Carvell and Blair.

The fact that a small body of English and Indian cavalry got into the enemy when the labyrinth of first-line trenches had been left behind convinces me that the German trench system does not extend deeply in the rear of the first-line system. In my belief, the British cavalry, mounted on the best horses in the world, which made such "hay" of the uhlands, will have plenty of opportunity later.

We have thus, I think, clear evidence that, having mastered the first-line trenches as easily as has been recently done on the Somme, there will be no great difficulty in "regulating" those in their rear. It must be recollected that these took nearly two years to perfect, and there will not be time for them to make others of such a complicated nature.

The next indication we shall receive and this probably before very long, will be the "straightening" of the German line on the west, necessitating the abandonment of territory in Belgium and France.

Germany is the head of the enemy alliance. When the head falls, the rest will go, and therefore the centre of gravity of the war is on the west front, as defeat there will most rapidly affect Germany. The indication of the beginning of the end of this, the second phase of the war, will be when Germany is forced to "straighten her line" there and abandon territory in doing so.

My own belief is that the Central Alliance Powers will not fight through another winter. This depends, however, on when the "straightening" of their line on the western front takes place and on the amount of territory abandoned in the operation.

THE NEW GOVERNMENT LOAN.

Fish of all kinds is again scarce and there was but a very small supply in the market yesterday. Halibut and fresh cod were obtainable. It is expected that there will be a fair supply of fresh haddock today, retailing at 8c. per pound. Of fresh fish to be bought yesterday there was smelt at 15c. per pound, swordfish at 18c. and in small quantity haddock at the price named. Mackerel will be for sale today at from 20c. to 25c. each. No changes have taken place in the prices of dried and salt fish, kippers, sardines, herring and cod being on hand in moderate quantity.

WILL THE WAR END THIS YEAR?

Daily Express Correspondent.
New York, Sept. 9.—General Sir O'Moore Creagh, V.C., who accurately predicted four months ago in the "World" the present conditions on the various fronts, offers another forecast—on the approximate date of the end of the war—in a striking three-column signed article written for the "World".

The general, after reviewing the growing impotence of the Germans and their depleted reserves; the Austrians' loss of men and heart; the "holding" of the Turks and Bulgars; and the rapidly declining morale of the civil populations of all the enemy countries, continues:

To secure peace quickly the Germans must be defeated on the western front and the war carried into Germany—then alone will the German people learn the true state of affairs and how they have been deceived by their Government.

When will that time come? We have indications. One is that the Germans in their offensives are trying to do the greater part of the work with artillery and quick-firing guns, with strict economy of men, which indicates a shortness of the latter.

Another is that the French and English flyers and I believe those of all the Entente Allies, have completely mastered their enemies, and now, with little loss are working 'n close touch with the firing line, and thus preventing the enemy artillery from doing it much damage by indicating the direction where their own artillery fire is most required.

Most people imagined that the labyrinth of German trenches extended a long way to the rear. I have never been of this opinion, because I knew that the German field service regulations direct that this shall not be so. The people who drew up the new trench system and who were quite aware of the fact that if they had a defensive line close behind the one they were occupying, on the first symptoms of stress they would bolt to the latter, abandoning the former.

It is this knowledge that, to their great loss, has caused the German generals always to attack in dense masses, for they well know that their men would not advance in any other.

Entertainment at Industrial Home. It is expected that the boys of the Industrial Home will be given quite an entertainment tonight, as the members of the Jolly Kindness League, a city organization of young ladies intend holding a concert at the Home. Among those who hope to take part are the following: The Misses Katherine Williams, Jessa Hoyt, Dorothy Causton, Edna Scott, Freda Hoyt, Bertha Thorne, Laura Ivory, Ethel Causton, Bessie Tyner and Florence Trentowsky. They will be under the care of Mrs. Seymour and the Misses Myrtle and Estella Fox.

Hair Often Ruined By Careless Washing

If you want to keep your hair looking its best, be careful what you wash it with. Don't use prepared shampoos or anything else, that contains too much alkali. This dries the scalp, makes the hair brittle, and ruins it. The best thing for steady use is just ordinary mulsified coconut oil (which is pure and greaseless), and is better than anything else you can use.

One or two teaspoons will cleanse the hair and scalp thoroughly. Simply moisten the hair with water and rub it in. It makes an abundance of rich, creamy lather, which rinses out easily, removing every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves the scalp soft, and the hair fine and silky, bright, lustrous, fluffy and easy to manage.

You can get mulsified coconut oil at any pharmacy. It's very cheap, and a few ounces will supply every member of the family for months.

The car ferry "Prince Edward Island," in miniature, on exhibition at the Government Railways ticket office, King street, yesterday drew crowds of people. The model is complete in every detail, and is said to be the only one of its kind, combining accommodation for two strings of cars and constructed for ice-breaking purposes. It runs between Pictou and Charlottetown, and was built in England.

Men's Fall Footwear!

The cool mornings and evenings give testimony of the fact that soon men will need to put aside their lowshoes as well as their straw hats.

We think it an opportune time to inform our customers that our new fall styles are now ready. Months ago we laid our plans for this fall's trade. We knew leather was going to be scarce, that prices would be high, and, anticipating the future, we would be able to suit our customers at practically old prices.

Never had we such a desirable range of good footwear.

OPPOSITION SCANDAL GANG'S LIES EFFECTIVELY ANSWERED AT WOODSTOCK YESTERDAY

Continued from page two.
gentlemen, we will have a general election next year, and I am willing to go this far, I will stake my reputation in political life to the extent that the contract will be given, work will be commenced on the valley road next year before I ask the people of this county to vote for me again.

How Old Gang Blundered.

"Why was it, gentlemen, that it became necessary for this province to so burden itself with the building of this railway? When you look at that blunder that was made by the Liberal party when the Transcontinental was brought down the centre of the province you will recognize the fact that an opportunity was then afforded the Liberal party to show what love and admiration they had for the people of the St. John river, when they could have brought that line down the valley of the river much cheaper than through the central portion of this province. You had a representative of the county then—you have the same gentleman now, and I will now refer to the method he had to employ to obtain his election in the year 1912. You had him profess to be very zealous in the interest of this constituency. He told you from certain platforms in this county that if the road was not brought down the valley he would resign his seat. The road was not brought down the valley of the river, and he resigned his seat. And now he is attempting to repeat himself, and the coterie following him in the upper end of this county, to influence the electors not to vote for the government candidates in this contest because he says that will never build the road further than Centreville.

"I tell you gentlemen when you have had the experience with that party that you have had, when you have their record before you as it is, I claim that the people of this county will not take very seriously the statements made by this gentleman from time to time, but I believe that those who know me will accept the statement that I have made this afternoon, a statement which is absolutely correct and which I guarantee you will be carried out.

The Get Standerbund.
Gentlemen, there is another matter, and I regret that it becomes necessary for me to defend my character before this intelligent audience. You know that on the pages of the Carleton Sentinel, of the Daily Telegraph, and that little rag printed in the village of Hartland, those papers have been decorated almost daily with a statement that I had done something dishonorable in the potato transaction. I know that you won't believe that—you have answered them already, once on January 7th, 1916, and another when this statement in glowing figures, when they tried to make it appear that I was guilty of some wrong-doing. It is true that notwithstanding the fact that we are in the midst of a mighty conflict, one of the greatest world conflicts ever known when men of every class and type have thought it was their duty to do something in defense of the Empire—when the English and the Irish and the Scotch and the French for the first time in the history of this great country are standing side by side in the bloody trenches like brothers, in the midst of all this we are infested today in the County of Carleton with a gang, Mr. E. S. Carter, Mr. Peter J. Venio and Mr. Harry Blair. Those are the gentlemen that you are asked to support, that you are asked to stand behind on the 21st, without any policy whatever, without any leader, who come to an intelligent constituency like this, try to stampee public opinion by hurling defamatory insinuations and to vilify every man who crosses their political pathway.

Carvell Refused to Accept Challenge.
Now I want to give you briefly, Mr. Chairman and gentlemen, a statement of that potato transaction—and let me tell you this, that the statement which I make from this platform this afternoon, I made on a public platform in the City of Moncton a few weeks ago in the presence of Mr. F. B. Carvell who sat on the same platform and held a joint meeting with me on that occasion. To Mr. Carvell that day I said: "Mr. Carvell, you stand up here on this platform before this audience of 3,000 people; you make those statements that you made down in the town of Shediac the other day. I dare you to stand up and make the statement you made in Shediac, and to back up the insinuations that you have been responsible for in the papers you control in the County of Carleton and which are that you in the Province of New Brunswick. Either stand up now or sit there like a coward who is afraid to make the statement." And he proved to be the same

cowardly sort of bluffer that he has always been in this county.
Now, sir, what are the facts in connection with the transaction? As my good friend the Honorable Mr. Murray said a few months ago, they did convince me to buy a large quantity of potatoes in the County of Carleton. I went to work. I was not a representative in the legislature at that time. Do you think I did very wrong in including the Department of Agriculture in bringing a large contract to this county? Would you rather have some other county have it? Mr. Carvell would. He has always been a teaser down; he has never built up in this county. He has never lent himself to the development of this county, this province or the Dominion as a whole. He was never willing to apply the ability which he undoubtedly has to a considerable degree, never has been willing to apply himself in the direction which would go toward the building up and the progress and development of the country, but he has unfortunately resorted to those mean and low methods which appeal to the lower and debasing elements of mankind. It does not take much of a man to tear down in this county, but a good man to build up. We have been endeavoring to build up during the last eight years and we have those things which we have built up to bring before you today as a monument. That is why I can stand here and appeal to you with the utmost confidence to stand behind myself and my colleague on the 21st instant. I did bring a large portion of that potato contract to this county, and I was to get 10 cents per barrel for buying those potatoes and loading them. Do you think that a very high price? If you think that a high price, I see hundreds of people here before me. If there is any one man, any one man that are willing to go out and act as my agent and buy potatoes for me under the same arrangement I had with the Department of Agriculture, I am willing to pay you not 10 cents but 15 cents per barrel. Now, remember gentlemen, remember that for buying potatoes, an understanding behind the curtain and guaranteeing the weight at the point of destination; that is what I had to do, and I will give you 15 cents per barrel or any of those men in the Opera House this afternoon 15 cents per barrel for this work.

What happened to that transaction? When the potatoes went to St. John they were culled over very carefully, and they took from the potatoes that I shipped 1,200 and some odd barrels as culis and shortages. After the first arrangement was completed, and a statement sent to me, a cheque was mailed to the agents of the Department of Agriculture at West St. John. That amount of \$2,447.55 represented 5 1/2 cents per barrel on every barrel that I bought for the Department of Agriculture. Now, if I got 10 cents it cost me 5 1/2 cents to pay the shortages on your potatoes, how much did I have left? About 4 1/2 cents per barrel for buying and loading potatoes for the Department of Agriculture.

When I found it necessary to go out and hire labor along the line of rail, and to load the potatoes I paid the men 5 cents per barrel for performing the labor. That is the whole statement. I want to ask you if there was anything very wrong about that transaction. That is why I am being assailed, and they are attempting to create an impression that that \$2,400 does not appear in the auditor-general's report. I am glad that the Minister of Agriculture referred to that matter and read correspondence from the auditor-general to show that that money was refunded to me. Carvell says in loud tones—"Why did he send that money back?" I can understand why his horror is great at the thought of sending anything back; his idea would be to keep it. Now sir, we ship potatoes to Ontario and Quebec. I defy any potato shipper to come before me in West St. John to come before me in any town or province and say: "You shipped to the Department of Agriculture a quality of potatoes not up to the standard."

Before I close my remarks I want to refer to the fact that in the upper end of this county Cain is making a person and Mr. Carvell is making the government and saying: "Vote for me; you can vote for me and Mr. Smith." Do not be carried away with that. Down in the lower end of the county Mr. Upham is carrying on a campaign of the same kind. He is saying: "Vote for me and Mr. Sutton." Let me tell you this, gentlemen, that as I have stood on the public platforms of this county I have told the people invariably: "When you go to the poll on the 21st I want you to feel that it is your duty to support my colleague just the same as you are supporting me." I have no fear whatever of the result and I want you to feel as you go to your homes today that it is your duty because of the great gift that is in your hands at the present time, because of the great importance of the spending department coming to your county being placed upon my shoulders, that it is your individual duty to go and work from this nomination day until polling day and until four o'clock on that day and look only to the steel work that will be the return of my colleague, Mayor Sutton and myself.

The meeting was closed with hearty cheers for the government candidates.
Mr. Green Gets Contract.
E. W. Green has been awarded the contract for the carpenter work on the new school at Bentley street, as Edward Bates, who was awarded the contract refused to sign it. It is understood that when Mr. Bates made up his tender he was under the impression that the steel work was not included in the carpenter work, but was a separate contract and he did not include the cost in the tender he made, and therefore did not feel like signing the contract and losing money on the job. Mr. Green was then called on, his tender accepted, and he has signed the contract.

Wedding Anniversary.
A number of friends called on Mr. and Mrs. George W. Currie, 76 Queen street, last night, to congratulate them on the anniversary of their marriage. During the evening they were presented with a dozen white roses and some beautiful Limoges china. Dancing and bridge were enjoyed, after which refreshments were served.

County Court Chambers.
In the County Court Chambers yesterday morning Judge Armstrong took in the case of J. H. Doody, claimant, vs. James Hogan, debtor, and A. Christie Purdy, owner. This case involved an application made under the Mechanics' Lien Act. The application was dismissed by Judge Armstrong. J. Starr Tait appeared for the owner.

Plenty of Ringing.
At an early hour this morning at least two telephones received a great deal more ringing than was necessary. The Standard's phone kept ringing for a couple of minutes steadily and when the Central operator asked what the number was wanted, and when informed that the bell had been given the information was given that

Fatigue from Poisoned Blood
Sluggish action of the liver, kidneys and bowels leave impurities in the blood which render it poisonous. Poisoned blood is the cause of tired, nervous feelings, as well as of headache, backache and bodily pains. By awakening the action of these filtering and purifying organs, Dr. Chase's Kidney-Liver Pills thoroughly cleanse the system, purify the blood and cure such ailments as indigestion, biliousness, kidney derangements and constipation. 25 cts.

The Suit or Overcoat You Want Is Here

A visitor resting a few minutes in our ready-to-wear department remarked, "I am particularly impressed by the rapidity with which you make sales. Customers seem to find just what they want almost at once; and I see no long searching for sizes on the part of salesmen."

We have a wide variety of fabric effects; a large range of sizes; each size in a wardrobe or cabinet by itself. New goods arrive frequently. We insist upon correct fit. We finish every suit to the customer's measure. There can be no possible excuse for any shortcoming in fit.

The suit or overcoat you want for Fall is here. \$10 to \$32 for suits; \$12 to \$28 for Fall overcoats.

GOT DIARRHOEA FROM DRINKING BAD WATER.

Had To Give Up Work.

Mr. H. M. Ryckman, Port Rowan, Ont., writes: "Last year I was out in Saskatchewan. The water was very bad and I was taken with diarrhoea. In a few days I was in such bad shape I had to stop work. I got a bottle of Dr. Fowler's Extract of Wild Strawberry, and had only taken a few doses when it was stopped, and I was soon able to go back to work again."

Dr. Fowler's Extract of Wild Strawberry has been on the market for the past seventy years, and has had such great success in curing all bowel complaints that many firms have undertaken to provide a substitute for it, even going so far as to use a similar name.

DIRECTUM 1 SMASHES MARK MADE BY DAN PATCH

Negotiates the 1-2 Mile in 55 3-4 Seconds, Clipping 1-4 Second off Patch's Mark Made in 1903.

Syracuse, N. Y., Sept. 14.—Directum I, world's champion pacing stallion, added an important chapter to harness horse history at the New York State Fair Grand Circuit meeting, this afternoon, when he broke all records for a half-mile by negotiating the distance in 55 3/4 seconds. The former record was held by Dan Patch, who, aided by a windshield, made the mark of 56 seconds at Memphis, Tenn., in 1903.

Directum was paced by a running horse, and covered the first quarter in 26 3/4 seconds, the fastest in pacing history. The second quarter was made in 29 seconds. He was driven by Thomas Murphy of Poughkeepsie.

Roan Hal showed a wonderful flight of speed in the Chamber of Commerce stake for 207 paces, which he won in straight heats, defeating Miss Harris in a thrilling stretch drive, and pacing the last mile in 2:01 1/4.

ST. STEPHEN HAS ANOTHER DAY OF FAST RACING

Special to The Standard.
 St. Stephen, N. B., Sept. 14.—The St. Stephen fair has been favored with another day of real weather and another record attendance for the third day, over ten thousand people being on the grounds. The horse racing was as good as any man would want to see, every heat being closely fought.

The summary:
 2:18 Trot and 2:22 Pace, Purse \$250.
 Zom Q, (Jackson, Bangor) . . . 1 1 1
 Little Kittle (Gilchrist, Nor-ton) . . . 2 3 2

 Jack Parker (Cone, Calais) 4 4 3 3
 Time—2:20 3/4; 2:18 1/4; 2:19 1/4; 2:20 1/4.

The last heat of this race was one of the most exciting ever seen on the local track. All four horses passed

the wire at the half so closely bunched that a single blanket could have covered all, and in the whole of the last half they did not vary those positions by one foot.

In a sorrowful exposition of baseball the Woodland, Maine, team defeated St. Stephen 25 to 4. In justice to the home team it might be stated that most of the players are juniors under the military age. The Woodland team coming from a Maine town is not concerned in the war and has a regular team of older players.

ST. STEPHEN HAS ANOTHER DAY OF FAST RACING

Special to The Standard.
 St. Stephen, N. B., Sept. 14.—The St. Stephen fair has been favored with another day of real weather and another record attendance for the third day, over ten thousand people being on the grounds. The horse racing was as good as any man would want to see, every heat being closely fought.

The summary:
 2:18 Trot and 2:22 Pace, Purse \$250.
 Zom Q, (Jackson, Bangor) . . . 1 1 1
 Little Kittle (Gilchrist, Nor-ton) . . . 2 3 2

 Helena P. (Pomeroy, Pembroke) . . . 6 6 6
 Time—2:20 1/4; 2:20 1/4; 2:21.

2:15 Trot and 2:10 Pace, Purse \$250
 Roy Volo, (Lint, Fredericton) . . . 3 1 1 1
 Lady Ashbrook (McBride, St. Stephen) . . . 1 2 2 2
 P. K. (Sargeant, Newcastle) . . . 2 3 4 4
 Jack Parker (Cone, Calais) 4 4 3 3
 Time—2:20 3/4; 2:18 1/4; 2:19 1/4; 2:20 1/4.

The last heat of this race was one of the most exciting ever seen on the local track. All four horses passed

the wire at the half so closely bunched that a single blanket could have covered all, and in the whole of the last half they did not vary those positions by one foot.

In a sorrowful exposition of baseball the Woodland, Maine, team defeated St. Stephen 25 to 4. In justice to the home team it might be stated that most of the players are juniors under the military age. The Woodland team coming from a Maine town is not concerned in the war and has a regular team of older players.

WILLIAM HOGAN HAS NOT BEEN LOCATED

East St. John Man's Whereabouts Still Unknown—Times Yarn Misrepresents Facts.

Inquiry last night elicited the information from Mrs. Hogan of Mount Pleasant avenue, East St. John, that, notwithstanding every inquiry William Hogan's whereabouts remains a mystery. As already stated Mr. Hogan left work earlier than usual at Donnelly's stable, Coburg street, on September 4, the idea prevailing that he was going home to attend some work there.

OBITUARY

Mrs. J. M. Smith. The death which occurred very suddenly yesterday morning at ten o'clock of Mrs. Abbie M. Smith, wife of Dr. J. M. Smith, has removed one of the best known and beloved citizens of St. John. Deceased was the eldest daughter of the late William and Mrs. Pugsley and was born at Sussex, Kings county. Besides her husband she leaves two brothers, Dr. D. A. Pugsley and was born at Sussex, also two sisters, Mrs. R. B. Humphrey and Mrs. G. L. Tapley, to mourn.

SCHOONER NOTES

Tern schooner Abbie Stubbs, I K Stetson, Harry Haines and H H Chamberlain are ready for sea, bound for New York. Tern schooner Arthur M Gibson, laden with latex, was towed from above the Falls yesterday afternoon, bound for New York.

A FRIGHTFUL DEATH! SUFFOCATED IN ASTHMA ATTACK.

Every sufferer from Asthma knows the terror, the object fear that overcomes them when struggling for breath. The old-fashioned remedies may relieve but never cure. Best results come from Catarrhoxone, which cures Asthma after hope is abandoned. Its because Catarrhoxone kills the asthma germ that it cures. Choking spells, suffocating sensations and loss of breath are cured. Every trace of asthma is driven from the system, and even old chronic experience immediate relief and lasting cure. Trouble good for Bronchitis, throat. Equally good for Catarrh. The large one dollar outfit includes the inhaler and lasts two months, sold by all dealers or from the Catarrhoxone Co., Kingston, Canada.

SCHOONER ON FIRE.

Boston, Sept. 14.—Schooner Lucy Porter, abandoned while on a passage from St. John, N. B., for Las Palmas, Canary Islands, was passed at sea on Friday, Aug. 27, according to a report received in this city yesterday. Her location at that time was latitude 41.24 north, longitude 42.40 west. It is believed the derelict was set on fire by the crew of the unknown vessel which rescued the Porter's men. The Lucy Porter was valued at \$20,000. A minor league club disbanded recently because the players had only six dollars to divide for two weeks' work. Some of the local fans said that if they were paid what they were worth the management should have a neat balance left over to start next season.

HARCOURT

Harcourt, Sept. 12.—A quiet wedding took place at St. Andrew's manse on Sept. 6th when Rev. J. R. MacKay united in marriage Sergeant James Murray Cameron, 145th Battalion, C. E. F., and Miss Nina Geddes of Ford's Mills. After the ceremony the happy couple motored to the home of the bride where a reception was held.

On the 8th inst., at the same place, James Farrer of Ford's Mills, and Miss Louise Call, daughter of Jonathan Call of Call's Mills, were married by Rev. J. R. MacKay, assisted by Rev. Alexander Cruikshank. Mr. and Mrs. Farrer left immediately after the ceremony for Moncton where they will reside.

Private Leslie King of Halifax, formerly of the front and is visiting friends here. Private King was wounded in both hands by a shell, and Mrs. Private Norval Bryant, who has also been in active service some time, has returned owing to ill health, and is being warmly welcomed and congratulated by a host of friends.

WELSFORD

Welsford, Sept. 13.—The many friends of Thomas Wilson of Olivine will be glad to know that he is recovering from the effects of the recent accident he met with and is able to attend to his work. Mr. Wilson was hauling in his oats and when storing them in the barn one of the ropes in connection with the "pitcher" broke, precipitating him backwards from the snow to the empty wagon whence he fell to the barn floor.

Thomas, the eldest son of Mr. and Mrs. Isaac Titus of Armstrong's Corner is able to be about again after his recent accident, but his face is still badly marked.

Mrs. Bazley is visiting at her summer home at Armstrong's Corner.

The Anglican church services last Sunday were taken by the Rev. G. F. Scovell, St. John West, he having exchanged pulpits with the rector.

Mr. and Mrs. Arnold, who have been spending the summer at their summer cottage here, left yesterday morning for St. John.

Mrs. Harry Woods entertained at a variety shower in honor of Miss Mildred Godfrey and Miss Margaret Macdonald last evening. The collection of gifts was a large and beautiful one, bespeaking regard in unequivocal form.

Mr. John R. Graham of Olivine, who has been so critically ill, is now able to sit up and is getting along as well as can be expected.

Mr. Arthur Clinton Macdonald is convalescing gradually from the attack of typhoid fever.

TITUSVILLE

Titusville, Sept. 12.—The Titusville Union Sunday school held their annual picnic on the grounds of R. E. Ray, Tuesday afternoon, September 5. Various kinds of amusements, such as races, rifle shooting, etc., were indulged in, for which prizes were given to the winners. A good number were present and all enjoyed themselves immensely.

The Presbyterian Sunday school of Salina, held their picnic Friday afternoon, September 8, on the church grounds. Although the weather was quite unfavorable a good number attended, and all report a good time.

The services in the Presbyterian church, Salina and adjoining mission stations for the summer closed on Sunday last. The student in charge, F. H. Anderson, left this morning to take up his studies for the winter in college.

Miss Sarah McAfee, who spent two weeks with her niece, Mrs. Chas. H. Titus, has returned home.

Mrs. H. Moulton, St. John, has returned home after spending the past week very pleasantly with Mrs. David McAllister.

Mrs. Whiddon and son, Earl, of Boston, were guests of Mr. and Mrs. A. S. Campbell recently.

Miss Mary Robertson, Moncton, is visiting Mr. and Mrs. Thos. A. Robertson.

Mrs. Charlotte Morrison is the guest of her son, A. E. Morrison, Lakeside.

Mrs. Theora Titus is visiting friends in St. John this week.

How Thin People Can Put On Flesh

Thin men and women—that big, hearty, filling dinner you ate last night. What became of all the fat-producing nourishment it contained? You haven't gained in weight one ounce, and your blood is thin from your body like unburned coal through an open grate. The material was there, but your food doesn't work and stick, and the plain truth is you hardly get enough nourishment from your meals to pay for the cost of cooking. This is true of thin folk all over the world. Your nutritive organs, your functions of assimilation, are probably sadly out of gear and need reconstruction. Cut out the foolish foods and funny sawdust diets. Cut out everything but the meals you are eating and eat with every one of those single Sargol tablets. In two weeks note the difference. Let the scales be the judge. Five to eight good solid pounds of healthy "stay-the-fat" may be the net result. Sargol acts on the blood, purging it of all impurities, and with millions of fresh new red blood corpuscles—to give the blood the carrying power to deliver every ounce of fat-making material in your food to every part of your body. Sargol, too, mixes with your food to prepare it for digestion in an easily assimilated form. Thin people tell how they have gained all the way from 10 to 25 pounds a month while taking Sargol and say that the new flesh stays put. Sargol tablets are a careful combination of six of the best assimilative elements known to chemistry. They come 40 tablets to a package, are pleasant, harmless and inexpensive. All good druggists in this vicinity sell them subject to an absolute guarantee of weight increase or money back in full on your large package.

If you find a druggist who is unable to supply you with Sargol, send \$1.00 money order or registered letter to the National Laboratories, 74 St. Armand Street, Montreal, and a complete "Sargol" treatment will be sent you postpaid, in plain wrapper.

LABOR DAY FAIR REALIZED NEARLY \$1,500.

The Trades and Labor Council patriotic fair resulted in the raising of upwards of \$1,500 for patriotic purposes. The total receipts, according to figures submitted at a meeting of the executive in the Board of Trade rooms yesterday, were \$2,244.05, and the expenses already listed \$724.23. From the net profit of \$1,519.82 reported yesterday there will have to be deducted \$70 for groceries.

Mr. J. H. Frink presided. Mrs. Boyle Travers, the treasurer, submitted the financial report.

The money will be given in the proportion of three-fourths to the patriotic fund and the remainder to the European War Veterans' Association. A hearty vote of thanks was tendered Mrs. Travers for her efficient work as treasurer.

HELP FOR WORKING WOMEN

Some Have to Keep on Until They Almost Drop. How Mrs. Conley Got Help.

Here is a letter from a woman who had to work, but was too weak and suffered too much to continue. How she regained health—

Frankfort, Ky.—"I suffered so much with female weakness that I could not do my own work. I heard so much about Lydia E. Pinkham's Vegetable Compound that I tried it. I took three bottles and I found it to be all you claim. Now I feel as well as ever. I am able to do all my own work again. I recommend it to any woman suffering from female weakness. You may publish my letter if you wish."

Mrs. JAMES CONLEY, 516 St. Clair St., Frankfort, Ky.

No woman suffering from any form of female troubles should lose hope until she has given Lydia E. Pinkham's Vegetable Compound a fair trial.

This famous remedy, the medicinal ingredients of which are derived from native roots and herbs, has for forty years proved to be a most valuable tonic and invigorator of the female organism.

All women are invited to write to the Lydia E. Pinkham Medicine Co., Lynn, Mass., for special advice—it will be confidential.

Around the City

City Cornet Band to Meet. The members of the City Cornet Band will meet in the band room at 7:45 this evening in uniform.

A Duet. The North End police station featured two imbeciles last night. One a Russian gentleman, the other a female.

A New Policeman. Leonard O'Shea, a husky looking man, was sworn in a police constable yesterday and went on duty last night.

English Mail. An English letter mail closes this afternoon at four o'clock, also a newspaper and parcel post mail at three o'clock.

An Old Timer. A woman who has been arrested on many occasions was gathered in again by the police last night on the charge of drunkenness.

Band Concert Enjoyed. A large and delighted crowd was on the King square last night, when the Temple band rendered an excellent programme of music under the leadership of William Jones.

Returning to Madison. Mr. and Mrs. Harry Vall were in the city yesterday and leave this morning for Madison, Wis., where Mr. Vall is the rowing coach at the college in that place.

Arrested for Stealing. Two boys were arrested last evening by Detectives Barrett and Briggs on the charge of breaking into the warehouse of Selick and Friedman, 33 Nelson street and stealing 36 empty bottles.

Bentley Street School. Excavation was started yesterday morning in Bentley street in connection with the proposed new school. Building operations will go forward speedily, and the roof will be in position before the severe winter weather, it is thought. The structure will be ready for use in August next year.

Fire at Silver Falls. Early yesterday morning a cottage at Silver Falls belonging to the city was destroyed by fire. The building had been under lease to Andrew Stephens, but he had moved away on Tuesday leaving some furniture behind. The value of the building is placed at \$1,500; insurance \$1,000.

Provincial S. S. Association. Yesterday afternoon in the board room of the Bible House, the executive of the council of the Provincial Sunday School Association were in session with His Worship Mayor Hayes in the chair. Encouraging reports were read by the officers. The general secretary, W. H. Ross, in his report, outlined the work accomplished during the months of July and August. The report of the treasurer, A. H. Chipman, showed the financial standing of the association in a splendid condition. The provincial convention will be held at St. Andrews on November 15-17. Among the speakers will be W. C. Pearce of Chicago, Rev. I. W. Williamson, Dr. Brown and Rev. G. M. Young.

YOUNG MEN HEARD THRILLING SPEECHES—BUT DON'T OFFER TO DON UNIFORM IN 140TH

Four Possible Recruits the net Result at Meeting in Imperial Last Evening. Addressed by Col. Beer, Col. Guthrie and Others—Crack Battalion Still 75 Men Short of its quota.

The meeting at the Imperial Theatre last night in the interests of the 140th Battalion was well attended by the men and women of St. John, but the results were not by any means of a satisfying nature. After a number of stirring and eloquent appeals from men who have been at the front and know the need for men, one man, and he a returned discharged soldier, came to the platform and announced his willingness to again put on the khaki. After the meeting three others came and stated their willingness to go if they would pass the doctor. The Mayor presided and the speakers were Lieut. Col. Guthrie, Corp. Viets, Serjt. Bradbury, Capt. Conron, Lieut. Col. Beer, Lieut. Mooney and Major Morgan.

Mayor Hayes.

His Worship Mayor Hayes, in opening the meeting, said that the 140th Battalion would soon be going overseas and although he did not like to make comparisons, as the battalions which had already gone overseas, have won the highest praise, yet the 26th Battalion has been regarded as our own battalion. On making inquiries he has learned that only 325 men of the 26th claimed St. John as their home, while the 140th Battalion has 400 men who claim this city as their home. Besides this battalion has 21 officers from here.

He spoke in the highest praise of the work accomplished by the battalion during their visit to Valcartier. Also the reputation made by them at Valcartier during their stay there.

Before introducing Colonel Guthrie, Mayor Hayes said: "If I were able to enlist or if any person were to ask me what battalion I would recommend, I would have no hesitation in saying the 140th Battalion. Because I am sure that no other battalion has gone from this city which I can recommend more highly, and I feel that every individual in the city should help Col. Beer obtain the number of men he requires to bring this battalion up to strength."

Col. Guthrie.

Colonel Guthrie said that Colonel Beer of the 140th Battalion, "the St. John Tigers," is asking this city for 78 men to fill up the battalion, one of the finest that ever assembled on the fields of Valcartier, and one of the finest to proceed overseas.

"Colonel Beer needs an introduction to the people of St. John," said the speaker. "He has already distinguished himself as a man and a soldier. He came back from the front line, after doing his part in the war and now he is going to return as the officer commanding the 140th Battalion."

Col. Guthrie said that there were enough young men in the audience to more than supply the few asked for by Col. Beer. He mentioned the fact that too many of the young men in the city were taking the question of enlisting too lightly. A large number of eligible young men can be seen every night walking the streets or frequenting ice cream parlors.

Corporal Viets.

Col. Guthrie then introduced Corp. Viets of Digby, who had the misfortune to lose his right while fighting with the famous Princess Pats. When Corp. Viets arose to speak he was greeted with applause. At the conclusion of which, upon the call of Col. Guthrie, three hearty cheers were given by the audience.

Corp. Viets said in part: "I can assure you that there is not a more surprised man in this city tonight than myself. It was only a few minutes ago that I was asked to address this audience and I can assure you it is to me a great honor. One of the first things which came to my notice when first I arrived home last winter, was the easy way in which the people were taking this war. They do not appear to take it seriously. There is a vast difference between here and England. Over there if you could see the suffering and wounded arriving back from the front you would realize what this war means."

Corporal Viets referred to the number of men promised by Canada and felt sure that this number would be sent overseas.

Serjt. Bradbury.

Sergeant Bradbury was the next speaker and he appealed to the young men in the city with whom he played football on the Marathon grounds, saying he was going overseas to take part in the greatest of all games and asking them to accompany him. He spoke of the disappointment it was to the 100 men who had been rejected on account of the severe medical test recently held at Valcartier. He said that a number of the men rejected expressed their sorrow in tears.

In concluding Sergeant Bradbury said he felt sure the 140th would uphold the honor won by the 26th Battalion.

Captain Conron.

Before introducing the next speaker, Capt. Conron, his worship made the statement that he was one out of about 90 men who had enlisted from the Portland street Methodist church.

He had enlisted first as a private in the 104th Battalion, but was afterwards transferred to the 140th, given the rank of captain, and appointed chaplain. Captain Conron said that the word he wished to bring before them more than another was privilege. The men of St. John had a great opportunity and one which would never come again. They were living in a grand and awful time, the Empire was engaged in a life and death struggle for all that made life worth living. This was the first war of all time in which the right was so clearly on one side, and the men who were privileged to be of physical fitness and of military age should consider carefully their duty in this matter. One question which every man would have to face in the future was, could you go, and did you?

The men of St. John had an opportunity now to go with one of the best units which had gone from Canada, and one whose three senior officers had seen service at the front and knew the name. Were they going to take advantage of the opportunity?

Lieut.-Col. Beer.

Col. Beer said that it was a great pleasure for him to address a gathering of the citizens of the Loyalist city of St. John, especially as this was the first time he had an opportunity of personally asking them for recruits for his battalion. He also extended the thanks of himself and his men for the care and attention given the unit while it was stationed here last winter. He assured the audience that his men had a warm spot in their hearts for the people of this city especially the ladies. He had come to the city for a purpose, and it was for the citizens to say whether he would accomplish it or not.

About ten months ago he had left France and he had felt like a deserter ever since. He had left the boys fighting for him and for all those at home, fighting for the freedom which could only be found under the British flag, for the honor of the wives, mothers and sweethearts of every one in the audience. In view of the fact that these men were fighting for them and needed help he asked "why stand ye idle here?"

These men who were fighting would some day come back; they were all good citizens of the country, and after the war they would be in a position to rule the country.

The government of this country had seen fit to entrust to him 1,000 of these good citizens and in so doing had placed a great responsibility on him, but he hoped that he had the necessary ability to lead them properly. His battalion was now at Valcartier and a few days ago they had lost one hundred men who were turned down as medically unfit, and in this connection he paid a tribute to the worth of Major F. A. Good, and said that the battalion had lost the services of one of the finest soldiers and gentlemen he had ever met.

The men who were turned down had done their bit just as surely as the men in the trenches and were worthy of as much praise.

He had come to ask for enough men to fill up the ranks of the 140th which was going overseas in a few days. He had been told that there were between two and three thousand men of military age in St. John who had not he did not think any red-blooded Canadian was willing to let another man do the work which was properly his.

The men who had gone had made sacrifices and it was time for some of those who had stayed at home to make a sacrifice if necessary and help the boys who were bearing the brunt of the battle in France and Flanders. He, himself, was sacrificing \$2,500 per year while he wore the uniform as that was the difference between the amount which the government paid him and what he would get in civil life. He asked if there was one man in the audience who would come forward and offer his services.

One man, J. J. Hill, came to the front and said he was ready to go. Mr. Hill is a discharged soldier. He went to England with the 12th Battalion, was transferred to the 26th, was wounded on November 28 in the knee, came home and is now ready to go again. He has already lost two brothers, one at Mons, and one at the first battle of Ypres, has had three cousins killed, and his father wounded at the battle of Loos, in September, 1915. He has two other brothers with the colors, one at Saloniki and the other in France. He said he wanted to get another chance at the Hun to try and make him pay for some of the losses which had come to him.

As no other recruits offered Col. Beer sat down and the chairman called on Lieut. Mooney who has just returned from the front.

Lieut. Mooney.

Lieut. Mooney said that this was the

THE 150TH TO BE QUARTERED IN THIS CITY

Word Received Yesterday that Battalion now at Valcartier will be here next Week.

Official word has been received in St. John that the 150th Battalion, 1,200 strong, in command of Lieut. Col. Barry, will soon arrive in the city.

The 242nd Forestry Battalion is to be quartered in the immigration building and the Field Ambulance Training Depot in the Martello Hotel.

At present there are 36 members of the 242nd Battalion in St. John, but several more men are expected to arrive shortly from Nova Scotia. The island of Cape Breton, which has already contributed more than her share to the defense of the Empire, sent six recruits to St. John for the 242nd Forestry Battalion. They arrived yesterday. The names are: E. Stubbart, David J. McMullin, Reserve; Thomas S. McArthur, Baddeck, Capt.; Charles McNeil, Edward Smith Reserve, and Joseph Agar, Witney Pier.

Joseph E. Barribeau of Rogersville also enlisted yesterday in the 242nd Battalion.

For Returned Soldiers. The following letter has been received from Major W. E. Hodgins, Adjutant General of Canada, by the O. C. Troops, New Brunswick command:

Dear Sir:—Replying to your letter of 31st, I have the honor by directions to state that the Director General of Supplies and Transports, who is at the head of the Army Service Corps, states that he will be glad to take on any returned soldiers capable of doing army service work, and relieve those now at work.

Instructions have been forwarded to the recruiting stations throughout the province to pass over to Charles Robinson, secretary of the Returned Soldiers' Commission, any applications received from returned soldiers.

Major Hanington of the 145th Battalion, is in the city, and it is understood that he may soon be actively engaged in recruiting in New Brunswick. Major Hanington is a son of the late Judge Hanington.

Lieut. Ray Brewer, who recently returned from the front and who was formerly a member of the Waterbury & Rising staff here, is visiting friends in the city.

More members of the 236th Overseas Battalion have volunteered to join the 140th and will proceed to Valcartier on Saturday. The recruits are Privates Hill and Tobin. This will make ten members to join the 140th from the 236th.

Letters from England state that Private Robert King of Fredericton is now in hospital, suffering from the last wound which he has received in the war. The last wound shattered one shoulder and several ribs. Private King left Fredericton with the 71st Regiment band, which joined the 12th Battalion.

Gunner James J. Barbour, a member of the 1st Heavy Artillery, and who is suffering from shell shock and will enter the convalescent home here. He was met at the station by Charles Robinson, secretary of the Returned Soldiers' Aid Commission, and by members of the reception committee, and was taken by auto to his former residence, 30 Brussels street.

First time he had ever undertaken to speak in public as he was more used to doing things than talking about them. If the young men of St. John had seen the things that he had seen there would not be any necessity for asking them to go, and he believed that there were still men in this city with, as the boys expressed it over there "guts enough to go."

Col. Beer was asking for some men to fill the ranks of his battalion and he felt sure that he would not ask in vain.

Col. Beer made a second appeal for the men in the audience to come and help Mr. Hill do what he wanted to do, get even with the Hun for what he had done to him. The chairman then called on Major Morgan to say a few words.

Major Morgan.

Major Morgan said that as a citizen of St. John he was heartily ashamed of the response to the appeal of Col. Beer. The 140th was the best battalion at Valcartier and men might be proud of serving in such a unit. This war was not over yet and men were needed at once and here was an opportunity to serve with a crack battalion.

Col. Guthrie.

Col. Guthrie made another appeal but with no better success and the meeting was brought to a close with the National Anthem.

After the close of the meeting three men who did not wish their names given came to the platform and offered.

Mr. and Mrs. Stanley Wetmore, Dr. and Mrs. Macaulay and George H. Waterbury have left on a motor trip to New York.
