

\$400,000 TO BE DEFICIT OF PROVINCE

Such is the Startling Rumor Current at Chatham Regarding the Election.

WAS DEFICIT REASON FOR SNAP ELECTION?

General Belief is That Government Feared Result if Deficit Was Known.

Special to The Standard—Robert Murray's rubber stamp has faded to work; it has lost its effectiveness, and the provincial secretary is now practicing the streets of his native town with the strains of that much abused and plaintive melody, "I am always chasing rainbows."

Some one told Robert this morning there was a tune entitled "Throw Out the Life Line" which he had better add to his list of selections, as it would be more appropriate to his case at the present time.

Robert has applied for membership in that ancient and honorable society of "also rans" and will be initiated with full honors on October 10th.

Rumors of Huge Deficit—Here in the home town of the provincial secretary-treasurer there are rumors of a 1920 deficit of approximately \$400,000 in the administration of government affairs.

With this rumor continually bobbing up, the voters now understand why the Post-Verdict crowd had the snap election at this time.

From reliable source came the statement that the extravagance of the government for the fiscal year about to close have exceeded all other records of the past three years, and the figures to be revealed this month by the Auditor General will be of a startling nature and such as would kill any government.

Had to Work Fast

To call an election after the report was in the hands of the voters would be suicidal for the party in power, and as has been surmised the election has been sprung at this time in the hope that the Government might be re-elected before the taxpayers discover the real truth in the financing of 1920.

As viewed from Chatham the government will fail to get on its feet and will live to be with the winners are climbing up on the band wagon of the independent ticket and are waving farewell to Robert as they pass.

Done With the Crowd

Northumberland is done with the crowds of manipulators who have played into the hands of the big interests of the expense of the common people.

Government speakers may continue to talk about the great things they are going to do in an attempt to raise a smoke screen to hide the real issue, want of extravagance and inefficiency in administration, but it will avail nothing here. The independent ticket in this county will be a winner.

FORMER ST. JOHN WOMAN MISSING

Mrs. William Adams Disappears from Her Home at Sydney, N. S.

Sydney, N. S., Oct. 4.—Mystery surrounds the disappearance of Mrs. William Adams, of New Waterford, who has been missing since Friday night.

The woman left her home ostensibly to do some shopping with one hundred dollars in her possession. A Greek with whom she was seen leaving town in an auto has been arrested at Glace Bay and is being held pending investigation. The Greek claims Mrs. Adams merely hired him to drive her to Sydney, and after setting her down at the exhibition grounds, he returned to Waterford and saw no more of her.

Mrs. Adams is a native of St. John, N. B.

DASSAN ASHORE OFF NEWFOUNDLAND

Unsuccessful Attempt Made to Refloat Vessel from Reef That Holds Her.

Halifax, N. S., Oct. 4.—The American Shipping Board steamer Dassin is ashore at Trepassy Harbor, Nfld., according to a cable to the Marine Department tonight.

The steamer struck on Sunday night, and today the Canadian Government steamer Lady Laurier made an unsuccessful attempt to float her. The Dassin was reported in trouble about a week ago, and sought shelter in Trepassy Bay.

FIVE CHILDREN ARE BURNED TO DEATH

Merrill, Wis., Oct. 4.—Five children of Edward Nelson, ranging in ages from five to fourteen years, were burned to death when fire destroyed Nelson's farm home near here early today.

The children were asleep upstairs. The parents, whose bedrooms were downstairs, escaped. A lantern left burning in an upper bedroom, is believed to have caused the fire.

TEN THOUSAND U. S. MINERS ARE OUT ON STRIKE

Eric Railroad Mines at Wilkesbarre, Pa., Shut Down Because of Contract System

Wilkesbarre, Pa., Oct. 4.—All the colliers of the Hillside Coal and Iron Company and the Penn and Virginia Coal Company, operated by the Eric Railroad were tied up tight by the renewal of the strike against the contract system today. The strikers committee has extended the call to all engineers, firemen and pump runners and many of this class of men have responded and all are expected to refrain from work tomorrow. No effort has been made by either the company officials or grievance committee to get together and the Pittston Chamber of Commerce which arranged the first settlement has declined to act further. Between 8,000 and 10,000 men were idle today.

SINN FEINERS PUNISHED BY POLICE RAIDS

Irish Made Attack on Barracks and Officers Acted in Quick Reprisals

VOLUNTEERS PRODUCE BODY OF VICTIM

Much Shooting and One Farmer Stabbed in Raid to Burn Sinn Fein Houses.

Dublin, Oct. 4.—Following upon an unsuccessful Sinn Fein raid for the purpose of burning the police barracks at French Park County Roscommon, Saturday, reprisals were carried out in that neighborhood Sunday morning by police and military in motor lorries.

At Ballinagare, two shops and the residence of a farmer were burned by means of bombs and petrol. Many crops and much property were destroyed. The house and furniture of a prominent Gaelic leader were also burned. A farmer was stabbed, but was not seriously injured, and the townspeople were terrified.

Northumberland is done with the crowds of manipulators who have played into the hands of the big interests of the expense of the common people.

FOOD STRIKES LOSING FAVOR AMONG IRISH

Determined Stand of British in MacSwiney Case Discourages Popularity of Course.

ONLY FOUR FROM 300 TRY PLAN

Ireland Dreads Coming Winter With Scanty Supplies, Little Fuel and the Unrest.

London, Oct. 4.—The condition of Lord Mayor MacSwiney is unchanged according to the bulletin issued by the Irish Self-Determination League at 9 o'clock tonight. He was weak and prostrate, but still conscious.

Abandon Hunger Strikes

London, Oct. 5.—As a result of Lord Mayor MacSwiney's long fast, Irish prisoners have ceased to resort to hunger striking, says the Daily Mail today. The newspaper adds that there were more than 300 arrests in connection with Sinn Fein propaganda disturbances during September, but that only four of the men arrested, attempted hunger striking, and these abandoned it in a day or two.

A despatch to the Daily Mail from Dublin pictures a bleak outlook for Ireland during the coming winter. It says that, owing to the shortage of money, sanitariums and asylums are being closed; the burning of creameries has paralyzed that industry, and the closing of six hundred miles of railroads has cut off some areas from distributing centres. Cows and calves are being sent to England in large numbers, and there is a shortage of butter. Many small farms are going bankrupt, and the country is faced with ruin. There is much unemployment in Dublin as a consequence of the strike of builders.

Asquith's Solution

London, Oct. 5.—In a communication printed in the London Times today, Herbert H. Asquith, former prime minister, declares that he is convinced that the best way out of the Irish problem is the status of an autonomous dominion, in the full and widest sense, is the only solution of the Irish problem. To accomplish this, says Mr. Asquith, it is necessary to make the Irish people believe that what is offered comes from an honest and also reliable source.

WRA reference to Viscount Grey's recent proposal concerning Ireland, Mr. Asquith says:

"I cannot bring myself to contemplate even as a counsel of ultimate despair our final abandonment—as he seems to suggest—of the trust which history has imposed upon us."

Couldn't Buy Navy

Mr. Asquith says no British Dominion claims the right to a separate foreign policy of its own, and that the tendency toward fuller co-operation by the Dominions in all external relations. Concerning naval and military forces, Mr. Asquith writes:

"No Irish Government could so inane as to mortgage its scanty margin of resources for such a fruitless and costly enterprise as the creation of an Irish navy. Nor is it readily conceivable that it would seek to deny what it would never effectively possess—free access to Irish ports and harbors of vessels of the Imperial Navy—further, no grant of autonomy could be regarded as complete which did not include the right to raise and maintain for purposes of local defence and adequate military force."

SHRINERS MEET IN THE CAPITAL

St. John Delegates Numbered Among Those Present—Occasion Successful.

Ottawa, Oct. 4.—Some 1,100 Nobles of the Mystic Shrine are in Ottawa today bringing with them a breath of Arabian splendor. The occasion is the annual fall ceremonial of Ramesis Temple at which 135 candidates were initiated this evening, including about 50 prominent Ottawa Masons.

The local members of the Ramesis Temple which has its headquarters in Toronto and the Karak Temple of Montreal, have worked as a unit to make the occasion a surpassing success.

Beside the Nobles of the order from Toronto and Montreal caravans from as far East as St. John, N. B., and to the West from Vancouver, B. C., took part in the imposing ceremonial.

At 4:30 this afternoon the Nobles formed in a parade at Cartier Square and marched through the principal streets to Lansdowne Park.

The band of the Aleppo Temple of Boston, which accompanied the Ancient and Honorable Artillery Company of that city, took part in the parade and the streets were crowded with people to see the brilliant spectacle.

SEAPLANE IN FAST FLIGHT OVER ST. JOHN

Major Marshall Crossed Over City on Way to Help the Fairey Plane.

HARD TRIP OVER BAY OF FUNDY

Col. Leckie, D. S. O., May Fly to Halifax from Fredericton Today.

Special to The Standard

Fredericton, N. B., Oct. 4.—The Fairey seaplane of the Canada Air Board, which was towed to this city on Sunday evening from Kingscarr, where it crashed, left St. John at 2:20 o'clock this afternoon and arrived in this city at 6:20 o'clock.

It crossed the St. John at 4 o'clock, flying at a low level.

In speaking of his flight, Major Shearer, who was in charge of the plane, stated that they had a very hard time with adverse winds, while crossing the Bay of Fundy, and did not think they would be able to make the crossing.

Good Trip From St. John

They were held up for a considerable time, but made the trip to this city from St. John in excellent time.

Colonel Leckie plans to leave here tomorrow morning for Fredericton, where a seaplane, which had developed a leak in the two aft compartments of the floats, was hauled to the Fredericton-Devon Highway Bridge, where a pulley was rigged and the plane lifted out of the water in order that repairs might be made to it.

Must Dry Machine

The plane will also have to be thoroughly dried before it can be used in another flight as owing to the rain the engine of the latter part of last week was damaged, as well as the magnetos, was completely flooded.

Colonel Leckie plans to use the plane on the second leg of the flight from this city to River Du Loup, if it is in shape when he returns here within the next few days.

HON. PETER J. RUSHES HOME TO SAVE SEAT

Gloucester Opposition Strikes Terror to the Heart of the Government Ministers.

ELECTORS WEARIED OF THE EXTRAVAGANCE

Enthusiastic Receptions Everywhere for Party Fighting the Fredericton Spendthrifts.

Special to The Standard
Halifax, N. B., Oct. 4.—The unity, optimism and enthusiasm prevailing in the ranks of the Opposition in Gloucester county is encouraging to all who are anxious to see the spendthrift Government of Foster-Veniot and others removed from the administration of Provincial affairs.

The Opposition ticket is composed of men who have the respect of all classes and the electors have confidence in their ability to carry on in a business-like way to the advantage of the county and province.

In spite of government advantages the electors are rallying to the support of the Opposition in most encouraging numbers. Opposition speakers have been royally received in localities where they were never permitted to speak before. The people are eager to learn the truth and are sickened by the orgy of extravagance now going on. The situation here is desperate for Hon. Peter J., who has been obliged to cancel his speaking engagements elsewhere and rush home to look after the defence of his party.

Big Man at Home

Peter is a great man in his own ballistics but the Government he represents is not regarded highly. Liberals have assured Opposition leaders they were with him to the finish. The fact that a large number of extra men have been placed at work on the roads has not in any way caught the people. Started as a vote catcher it is acting as a boomerang. The Government ticket will not be returned in its entirety; there are indications of a split and at least two Conservative are practically assured of election.

It is a hard fight being waged by the Opposition against a heavy handicap and when all is over Peter will know there has been something done and something to show for it.

The farmers are in sympathy with the Opposition as they have not had a fair deal in their roads, especially in the back districts.

LIBERAL RANKS IN RESTIGOUCHE ARE SHATTERED

One Liberal Threatens to Have Rival's Name Left off the Ballot Paper.

Special to The Standard
Campbellton, N. B., Oct. 4.—There is a battle royal going on in the camp of the Liberals here. The Government ticket headed by Arthur T. LeBlanc, a man really not desired by the Government he represents, is being opposed by a ticket headed by the old war horse, Charles H. LaBillette, who has been the hero of many hard fought political fights. The latter leads the forces of Liberals who are opposed to the tactics and methods of LeBlanc.

Print Own Ballots

LeBlanc controls the powers that be in the town and he now proceeds that through a technicality Mr. LaBillette's name will not be placed upon the ballot of the election on Oct. 9th. Mr. LaBillette says he will print his own ballots, and they will be poll on election day. The ranks of the Liberals are surely torn by the family row which increases in ferocity as time goes on. The Government forces are losing strength and it is a safe bet their representatives in Restigouche will not occupy seats at Fredericton next session.

The leader of the bolters from the Government ranks addressed a large audience here tonight and made a deep impression, as he pictured the work of the county's delegation to the seat of Government. He referred to them as men who were working for their own selfish interests, and had no regard for the people.

While the Opposition forces read all the fighting is going on among the Liberals, the Opposition ticket keeps right on peddling fish. They have a splendid organization which is doing most effective work. Leaders of the party are carrying on a campaign of education in all the electoral districts and are being received with enthusiasm. Wherever they go they hear the same old story: "Down with the helplessness, useless Government." Victory will surely perch high on the Opposition banner, and such is admitted by staunch Liberals here, who believe the gulf between the two Liberal factions will grow wider and wider. All are awaiting with pleasure the visit here on Thursday of the Hon. J. B. M. Baxter who will address the electors.

What's all this talk about a bumper crop? Does it mean another bumper for the consumer, according to ancient custom?

EXPLOSION SUSPECT IS BEING HELD

Zelenka Cannot Tell Where He Was on Day of Wall Street Disaster.

ADMITS HE HAD MUCH EXPLOSIVES

Police Think Arrest is Likely to Solve Mystery of Appalling New York Tragedy.

Washington, Oct. 4.—The Department of Justice agents in Pittsburgh reported tonight that Florian Zelenka, arrested as a suspect in connection with the Wall Street explosion in New York, had been unable to account for his movements on the day of the explosion, or for seven sticks of dynamite which he admitted having had in his possession. After talking with the Pittsburgh office, the Department of Justice agents said that he had a brass check of the Island Creek Coal Company, bearing the number 596, and that he said he had been employed at mine No. 14, at Whitmans, W. Va., obtaining his supplies at store No. 3.

May Be Innocent

It appeared late tonight that Zelenka probably had no connection with the Wall Street explosion. Federal investigators were not even certain whether he was connected with any intended conspiracy to cause another explosion, as stated earlier in the day.

As against the charge of Louis Konkel, a Brooklyn steamfitter, that he had expressed glee at the Wall Street catastrophe and promised greater havoc "next time" was the testimony of a score of relatives and friends of Zelenka who insisted that far from being a man of violence his physical weakness had compelled him to resign many jobs.

JACOB H. SCHEFF LEFT \$1,350,000 TO HELP THE PEOPLE

Over Million Dollars is Bequeathed to Aid Jewish Philanthropies.

New York, Oct. 4.—Charitable bequests totalling approximately \$1,350,000 are made in the will of Jacob H. Scheff, broker and philanthropist filed today in the Surrogate Court. The value of the estate is given merely as "more than \$10,000 in real and personal property," in the accompanying petition.

Besides the charitable institutions named the only legatees are Mortimer Schiff, Oyster Bay, the testator's son, and Frieda Warburg, New York, the testator's daughter. The residuary estate is divided between them share and share alike.

Charitable bequests of Mr. Scheff include \$500,000 for the Federation for the support of Jewish philanthropic societies of New York; \$300,000 for the Montefiore Home; \$150,000 for the Jewish Theological Society and New York University receives \$50,000; Harvard College, \$25,000 and Tuskegee Institute \$10,000.

ONLY "GOLD BRICKS" FOR THE FARMERS

Fairville Opposition Rally Hears Liberal Government Scored for Policies.

HON. MR. BAXTER GETS GREAT RECEPTION

Gross Waste and Mismanagement Characterizes All Actions of the Liberals.

The Opposition rally in Fairville was attended by one of the biggest and most enthusiastic audiences which ever gathered in the Temperance Hall, the number of ladies present being a feature of the evening, and if the temper of the meeting is any indication of what is going to happen on October 9, then Hon. Mr. Baxter and Mr. Carson can count on having the largest majority they have ever had in any election.

The speakers of the evening were: Councillor John O'Brien, L. P. D. Trill, and Hon. Mr. Baxter, and as they pointed out the hollow pretensions of the "boy premier" and his associates, they were repeatedly forced to wait until the applause had subsided before proceeding with their remarks.

Costs Away Up

Councillor Golding acted as chairman, and before introducing the speakers, made a short reference to the Health Act, which was costing the City and County of St. John \$46,000 each year, for practically the same service which was obtained under the old Board of Health, which was controlled by the municipality for \$14,000.

Councillor John O'Brien gave some reasons why he was found in the ranks of the Opposition. He pointed out that when the municipality had approved of the proposition of himself and Councillor Golding to give to the parish permanent roads and sidewalks, using the road money to pay interest on the bonds issued for the work, the poster government had made a political matter out of it and defeated the measure, which would have given to the people of Fairville and the surrounding field good roads and sidewalks with no increase in their taxes.

Criticized Dr. Roberts

In this connection he criticized the part played by Hon. Dr. Roberts, minister of health, who had given 100 pieces to support them, and at the crack of the party whip went back on his pledge and voted against the measure. The present government had not given the parish of Lunenburg a square deal.

ONLY "GOLD BRICKS" FOR THE FARMERS

Fairville Opposition Rally Hears Liberal Government Scored for Policies.

(Continued from page 1) Mr. L. P. D. Tilley Mr. Tilley said the presence of such a large audience speaks much for the interest being taken in the campaign by the people, and, judging by the applause which had greeted the previous speaker, they intended to support the Opposition tactics.

Contrast in Leaders He was proud to have the opportunity to appear on the platform with Hon. Mr. Baxter, between whom and Mr. Foster there was this difference. Mr. Baxter had been elected many times by the vote of the people, while Mr. Foster had tried twice, but had failed to get elected, and would fall again on his third attempt.

Another little item in the bill. Nearly every bit of legislation which they had passed had to be put in proper shape for them by the assistance of Hon. Mr. Baxter, for none of them seemed to know how to properly draft a bill.

He believed that after October 9 there was going to be a change of government, and Hon. Mr. Baxter would be the leader of that government.

He reminded the audience that it was not the first time he had stood on the same platform on the same mission, but it was the first time he had stood there in the presence of the ladies since they had received the franchise, and he believed that in the granting of the vote to women a step forward had been made toward the cleaning of politics and more decency and uplift in public life.

The government party made a great ado about their Liberalism, but as he understood the principles of Liberalism the Opposition more truly represented them than did the government.

They had, while in Opposition, made a great deal of talk, because during the war period the government of the time, which stood 6 to 2, had failed to hold by-elections in constituencies from which government supporters had retired.

HIS TROUBLES SOON OVER, SAYS FARMER

Chas. Hamm Began Improving Almost as Soon as He Started Taking Tanlac and Now Feels Like Doing Two Men's Work, He Declares.

"I never miss an opportunity to tell anybody what a great medicine Tanlac is, for it has really proved a god-send in my case," said Charles Hamm, while at the Ross Drug store in St. John, N. B., the other day. Mr. Hamm is a prominent farmer of Grand Bay, N. B., having lived in that vicinity all his life.

"I tell you, I was in a mighty bad fix before I got Tanlac, for I was in such a rundown condition I was almost helpless. My stomach went back on me, and my appetite became so awfully poor I could scarcely eat a thing. I would blow all up with gas and had terrible cramps in my stomach that lasted for hours at a time, and hurt me so bad that they

the thing which they said was wrong for the old government would they get in power?"

One of the reasons why they did not open Carleton was because they were afraid of the farmers, and this was one of the reasons why the election was called on now, to head off the farmers. During the three and a half years the Foster government had been in power they had added three and three quarter million dollars to the bonded debt, and had gone behind over \$800,000 on current account, making a total addition to the debt of over \$4,500,000.

The Premier-Veniot combination made a great fuss about the roads, but for the money they had spent, very little of the mileage of the province had been improved. Some stretches of road had been made better, but at an enormous expense, and the by-roads of the country were in a worse state than at any time in the history of the Province. The policy of the Opposition in regard to road work was to keep up the roads out of revenue, depending only for really permanent work.

One Thing Done Well The premier, through his minister of agriculture, was claiming all sorts of things for his agricultural policy, but the only thing for which Mr. Tweeddale deserved credit was in not destroying the good work done by his predecessors in office. When he had undertaken anything on his own he had made a lamentable failure of it, as witness his importation of "scab" sheep. Then, again, when he started to give the farmers lime instead of giving them fertilizer, he gave them a gold brick, and this was true of the government in general.

HUGE INCREASE IN EXPORTS AND IMPORT TRADE Business With United Kingdom, the Indies and the United States Grows Fast.

Ottawa, Oct. 4.—Canada's imports of both free and dutiable goods show an increase for the twelve months ending August, 1920, as compared with the twelve months ending August, 1919, and August, 1918. The Dominion Bureau of Statistics issues the following trade summary covering the period:

EUROPE'S DEBTS TO STATES TOTAL \$9,450,000,000

Vast Total Represents Loans to Allies During War, Chiefly.

Special to The Standard. New York, Oct. 4.—Foreign nations now owe the United States treasury the sum of \$9,450,000,000. This sum, most of which was advanced by Washington during the course of the war, large as it is, was considerably larger at the time the armistice was signed. At that time it amounted to \$9,565,051,511. Six of the nations involved have, however, paid off \$11,450,000, reducing the debt to its present proportions. The nations include Great Britain, which has paid \$49,181,000 out of a total indebtedness of \$42,777,000,000; France, which has repaid \$3,449,000 of a debt of \$2,987,000,000; Roumania, which has repaid \$15,000,000 of a debt of \$1,794,000; and Belgium, which has repaid \$10,000,000 on account of a loan of \$350,000,000. Italy, Greece and Liberia have paid nothing.

Special to The Standard. New York, Oct. 4.—To communicate with the spirit world by means of delicate electrical instruments is now the goal of Thomas A. Edison. Back of the wizard's devotion to his new task is the thought that if communication is ever really established with the personalities which may persist after death, it will come through science and hard work, and not through mysticism or such clumsy contraptions as the ouija board.

GERMANS CENSOR FOREIGN LETTERS

Claim This Action is Taken to Prevent Sending Money Out of the Country.

(Copyright, 1920, by Cross-Atlantic.) Berlin, Oct. 4.—The censorship of foreign letters is still in full swing in Germany. The alleged cause is prevention of the export of German capital, cash or securities across the frontier. To avoid taxation and a threatened capital tax, many capitalists have transferred their fortune to foreign countries, so the Government informs the press. The latter, however, says that the censorship is a negation of all benefits which might otherwise be derived from the well-organized international postal aid service; and while the air mails from and to Sweden and Denmark reach their destination in six or seven hours, they take at least two days to pass the byzantine censor.

WILLING WORKERS. At a meeting of the Willing Workers of German Street Baptist Church held last evening life memberships in the Women's Missionary Aid were presented to Mrs. W. P. Bonnell, Mrs. Henry Spears and Miss Alice Stey. The president, Mrs. W. C. Cross, presided, and an interesting history of the Aid was read by Mrs. S. S. Poole. Mrs. Poole also made the presentations of the life membership certificates. Refreshments were served.

BE SUSPICIOUS OF TENDER GUMS

Be suspicious of any tenderness or bleeding of the gums. This is usually the first stage of Pyorrhea—an insidious disease of the gums that destroys the teeth and undermines bodily health.

Gradually the gums become spongy. They inflame, then shrink, thus exposing the unencumbered tooth-roots to the ravages of decay. Tiny openings in the gums form gateways for disease germs to enter the system. Medical science has traced many ills to these infecting germs in the gums weakened by Pyorrhea.

They are now known to be a frequent cause of indigestion, rheumatism and other serious conditions. So watch carefully for that first tenderness or bleeding of the gums. Try Forhan's immediately. It positively prevents Pyorrhea (Giggs Disease) if used in time and used consistently.

Forhan's (The Gums) cleans teeth scientifically as well. Brush your teeth with it. It keeps the teeth white and clean. I gum-shrinkage has already set in, start using Forhan's and consult a dentist immediately for special treatment.

FORHAN'S LTD., Montreal. FOR THE GUMS. ELECTION CARD. To the Electors of Carleton County, Ladies and Gentlemen: The Government having dissolved the House of Assembly and issued writs for an election to be held on the 9th day of October, I have decided to be a candidate in opposition to the present administration. Having represented this county for a number of years, and in view of a very large measure of confidence that has been placed in me by the electors of this constituency in the past, especially on the last two occasions in which I have been elected, I feel it my duty to appeal to them, also in view of the fact that there are many questions that require careful consideration. I feel that I can safely trust my constituents having gone so strongly in favor of the present opposition party in the last contest, it is only right, in my judgement, that at least one member should be returned with two terms to represent the people as a whole. I am strongly in favor of increased revenue from stampage rates upon our Crown Lands as advocated by the Opposition members at the last session of the Legislature. We need more revenue in order to pay our school teachers a higher salary, and to provide for better roads, especially in the rural districts which have been sadly neglected by the present administration. Burdens of taxes have been imposed by the present Government upon the common people, when they (the common people) own this important asset. The large owners of timber lands have been allowed to reap immense profits from the same, while the price for all lumbering materials has been soaring far beyond our expectations. I am safe in saying that \$1,000,000 more should have been gathered from our Crown Lands the last year. Had this been done it would have been unnecessary for the Government to have added to our bonded indebtedness as they have, which has placed burdens upon us for years to come. It is common knowledge that the big Crown Land interests have control of the present administration. Our Crown Lands are being devastated, not only by the axe, but by insect pests, blow-downs and other things common to the forest, and a careful analysis of the conditions shows us that we are today cutting thirty-two logs for one thousand feet, whereas a few years ago from eight to ten logs produced the same amount. This in itself tells the whole story, and plainly shows us all, that we want to conserve our forest wealth as much as we can and to get full returns in stumpage rates from lumber that may be cut from year to year.

I am in favor of a prohibition that prohibits. I am strongly opposed to some of the methods which have been employed in enforcing the present law. The sale of liquors should be handled in such a way that it would be possible for those who require it to use the same for medicinal purposes to get it at cost price plus the commission for handling. I wish to take this opportunity to correct an impression, which seems to prevail in some parts of the county, that I had purchased a residence in the County of York, in Marysville, and intended to remove there. There is no foundation, however, for these statements, as the purchase of such property was in common with the purchase of a number of other real estate purchases which were made, purely from a standpoint of business. And I may say to the electors of this constituency that I have absolutely no intention whatsoever of removing from Carleton County. My interests here are growing larger and larger from year to year. My business is also increasing annually and my home is here in Carleton County, the place of my birthplace, and I propose to remain here. The time before polling day is so short that it will be absolutely impossible for me to call upon the electors of the county personally. Having appealed to you many times before, and being well known throughout the county, I feel that I can safely trust the result with the utmost confidence. B. EDNA SMITH.

HERO WOMEN INSPIRE WINS IN THE CRIMEA

Court Society Leaders of Old Russia Become Breadwin- ners.

By B. F. KOSPOTH.
(Copyright, 1920, by Public Ledger.)
Sebastopol, October 4.—General Wrangel owes his victories over the Bolsheviks as much to the women of Russia as to the men at the front. The courage of his volunteers in battle and extraordinary feats of valor are being executed daily in the old-fash- ioned hand-to-hand fighting on the Dnieper. They can be excelled only by the devoted self-sacrifice and un- ceding efficiency of the wives and sweethearts they "left behind."
Sebastopol is the last refuge of all that was fair, great and good in old Russia. Women accustomed to all of the luxuries and pleasures that wealth and position can afford are working and living in no self-respecting ser- vant in America would condescend to work or live in order to keep their families and ease the burden of their men folk in the army. They are do- ing it cheerfully, without self-pity and with the light of patriotic inspiration in their eyes.
Deprived of their estates and wealth by the Bolsheviks, the refugees from all parts of the vast Russian empire, who constitute the present population of Sebastopol, are as ruined and poor in General Wrangel's Crimea as they were in Lenin's Soviet republic. But they are free to fight and to work out their own salvation.

Princesses are Waitresses.

Most of the waitresses in the restau- rants of Sebastopol are women of Russia's "four hundred," princesses and countesses bearing names famous in the annals of the court society of Petrograd and Moscow. And their "waiting" is perfection, intelligent and obliging and perfectly natural. The officers who enter make them and kneel their hands as graciously as if they were coming to attend a brilliant so- cial function instead of merely to or- der soup, chops and potatoes.
The government officers and hospi- tals in Sebastopol are full of women and young girls of Russian society working as stenographers and nurses. Many of them wait in restaurants in the evening when the day's work is done and all make their own clothes, and wear them with an indifference to the modern fashions as admirable as it is pathetic. Stockings are almost as dear to knit as to buy, so they simply go without them or wear men's socks, leaving the leg bare above the ankle.

All Officers' Families.

All of these radiant women are the wives, sisters and daughters of the officers of the volunteer army, whose monthly pay averages 50,000 rubles— about \$2 at the present exchange rate. They must work without a rest to make both ends meet, in hard times like the present, when a plain meal costs 5,000 rubles and 200,000 rubles is the price of a pair of shoes. So they work in restaurants for meals and in offices and shops for another spunky wage of 3,000 or 10,000 rubles a week. They go bare-legged in the keen September drizzle in torn old shoes and often in wooden sandals strapped to their white feet.
It is no good when a woman is well dressed in Sebastopol. Her sisters look upon her not with envy, but with disdain. No one can help being deep- ly stirred by the gallant attitude of the Russian women, who are keeping the body and soul of the little Crimean commonwealth together while the army is battling on the Dnieper 150 miles away.

When you are told that there are today probably more beautiful women in Sebastopol than in any other city in Europe, you will not be surprised to hear that 53 per cent of the hospi- tal officers of the foreign military mis- sions in General Wrangel's capital have married Russian girls during the last year.

"QUEBEC WILL NEVER FORGET" SAYS MEMBER

Montreal, Oct. 3.—"Je me souviens" is the motto of the province of Quebec and Joseph Archenault, member of the parliament, for Chambly-Verche- res, told an audience in Chambly today that the motto was the answer to Premier Meighen's overtures to the province. Quebec would forgive but never forget, declared Mr. Archen-ault.

PLUCKIEST BODY OF MEN KNOWN TODAY

Royal Irish Constabulary Daily Faces Organized Unknown Assassins.

EVERY MEMBER IS A TRUE PATRIOT

They Are the Upholders of Law and Order—Fighting for Triumph of Democracy

(Copyright, 1920, by Cross, "Mentia")
Belfast, Oct. 4.—It is not putting it too strongly to say that the Royal Irish Constabulary is the pluckiest set of men in the world today. They are face to face with no open foe from the secret murder societies which are openly condemned and re- gulated by every decent Irishman, and by all who uphold liberty and condemn terrorism. Death may never have been called on to face contin- ually, day after day, the sinister meth- ods of organized, sly, unknown as- sassins. For by assassins they live surrounded, and they exist among them only by dint of eternal vigilance and personal skill at arms.

Never Knows Enemy.

The policeman never knows who is his enemy, for the murder gangs are just part of the Irish people and neither police, military or any ser- vants of the British Imperial Govern- ment are at war with their Irish fel- low citizens. The police cannot "shoot at sight" for their enemies wear no uniforms, their arms are concealed, and their identity is unknown.

Two policemen may be cycling down a village street where a gang of youngsters are playing "harley." They are obviously innocent and harmless citizens. As the police pass, these young men draw arms, fire a volley at the unfortunate men and the odds are in favor of the assassins. Suppose a military patrol attracted by the rustle enters the village. They find the murdered constables and a crowd of, to all intents, inno- cent spectators. The assassins have only to drop their pistols and they are safe. They have not been found with arms or ammunition upon them. No one in Ireland dare bear witness against them lest his life and that of his family should pay for his temerity. No jury dare convict an assassin and fear dominates the whole country.

In the face of such odds as these, under conditions where every man except other policemen and soldiers is a possible enemy, when a careless step round a corner may find a man gazing for his last moment in the muzzles of murderer's pistols, when a shot in the back may come at any moment from any quarter, it is astounding that men can be found who will face these perils and volunteer for service in the R. I. C.

All True Patriots.

One would expect that a few desper- ate characters alone would join. Yet this is not so. Hundreds of young, brave men of sterling character have come forward. What impels them? It is difficult to find out, for your Briton is inarticulate in matters of sentiment. Some are attracted by the life—a fine fighting man's life at all events, a few may reckon the career leads to good position and promotion—if one survives. Yet back of all these men's heads is the spirit of altru- ism. They are conscientiously running these risks, doing these things in order to serve their country. They are the legionaries of Empire.

In their ranks are Englishmen, Can- adians, Swedes, Irishmen and men from all the great Dominions and Colonies. They are fighting in Ireland against murder as they fought in France against tyranny.

Favor Home Rule.

They are not the enemies of home rule, indeed both men and officers of the R. I. C. as a whole believe in a measure of self-government for Ire- land. They would grant her the privi- leged status of New Zealand, Aus- tralia or Canada tomorrow, but as a grim New Zealander put it, "Down under we have no use for an Irish republic established by terrorism and founded on murder. We have ideals of liberty."
Irishmen join the force impelled by pure shame that their beloved country should be dominated by polit- ical assassins.
Politics are not the business of the police, but one and all of these are brave men and great-hearted citizens. They believe and believe rightly, that neither the English people nor the Irish people will be able to rule Ire- land until the policy of murder has been destroyed. They stand for law, order, and the real democracy of free- dom as against the tyranny of terror.
Anyone can be an "Irish" republic- an—but it takes a real stout-heart- ed, fearless man to be a member of the Royal Irish Constabulary.

POTATO PEELINGS ESSENTIAL FOOD

Chicago, Oct. 4.—Unless you're eating your apple peelings regularly you are overlooking a bet. According to Dr. S. R. Boynton of Bellingham, Wash., who read a paper here before the Society of Physical Therapists, apple and potato peelings are quite essential to the diet.
Sour milk and oatmeal, he said, also were to be recommended.
But it was the apple and potato peel- ings that Dr. Boynton insisted on.

BOLSHEVISTS AND CHINESE MAKE COMPACT

Agree to Cancel Existing Russian Treaties and Recognize Soviets.

(Copyright, 1920, by Public Ledger.)
F. W. WILE.
Washington, Oct. 4.—Apprehen- sion is felt in diplomatic circles here that the closing by the Chinese Gov- ernment of the Russian legation in Peking was done at the instigation of the bolshevik government at Moscow, and that it may be the first act fol- lowing a possible agreement between the Peking and Moscow governments concerning which negotiations have been progressing some months.
The bolshevik government proposed to China a special agreement, accord- ing to which all existing treaties be- tween Russia and China would be cancelled and China would close the Russian legation in Peking at the same time recognizing the Soviet republic of Russia. The abrogation of the Russo-Chinese treaties would change the status of Russian citizens in China, depriving them of the protection they have enjoyed under ex- territorial rights, putting them under Chinese jurisdiction, and also would

POTASH STILL TOO HIGH FOR THE AMERICANS

German Syndicate and U. S. Buyers Fail to Reach Agree- ment on the Price.

(Copyright, 1920, by Public Ledger.)
Berlin, Oct. 4.—Negotiations be- tween the Kail (potash) syndicate and the American interests which have been progressing for some time have not yet resulted successfully. The Germans have come down consider- ably on price, but still not to a suf- ficient extent to induce the Americans to make contracts. The German prices at the beginning of the negoti- ations were about \$107 a ton and later the price was reduced to \$102. The Americans would have done business at that price earlier, but did not con- sider it advantageous at the time it was offered. Recently the German syndicate offered a still further reduc- tion at \$96, but the Americans re- fused that also. These are all L. O. B. European ports.
The indications are that the Ger- mans may continue their attempts to meet the American demands by mak- ing yet greater discounts. There is a strong belief in American circles that the German syndicate is even now do- ing business with certain other coun- tries such as Spain, Denmark, Nor- way and Holland at prices consider- ably less than the lowest prices of- fered to the Americans.
Germany's potash syndicate is one of the strongest and most dictatorial trusts in the world. It still is con- trolled by the government even more so than under the Kaiser. The present government is not overlooking the value of that fact as a political asset and is said to be using it to strengthen its relations with coun- tries whose support it desires.
As Germany still controls virtually the only source of potash for export and as the needs of this material by other countries is urgent, the govern- ment holds the whip hand to obtain the most attractive basis for negoti- ations.

St. John Y. M. C. A. Seniors Received Banner for Hexathlon Contest.

The banner bearing testimony of the leadership of the Senior Class of St. John's Y. M. C. A. over all the other teams of the different Y. M. C. A.'s throughout the Dominion, and which was won by the local boys in the Hexathlon indoor athletic meet last spring, was publicly presented to Roy Willet representing the Senior Class by ex-Mayor R. T. Hayes at the Y. M. C. A. last evening.

The winning of the banner places St. John on the top rung of athletic prowess in the class amongst the Y. M. C. A.'s of Canada. It represents hard training and enthusiasm the effort on the part of the men who took part. The Senior Class this year will be hard put to maintain the standard of excellence that has been set for them.

Those who were responsible for the winning of the banner include:

Mike McGigue Won From Johnny Alex

Halifax, N. S., Oct. 4.—Mike McGigue of New York secured the decision over Johnny Alex, of Philadelphia, in their fifteen-round bout tonight. Alex fought on the defensive throughout, and by his clever work in this respect stayed the limit. McGigue tried in several rounds to finish him, but was unable to do so. In the last round, however, he battered him so hard that he took the count of seven and was groggy when the final gong rang.

McGigue weighed 166 pounds and Alex 160.

Chicago, Oct. 4.—Eddie Collins, captain of the Chicago White Sox sent a telegram today to Tris Speaker, manager of the Cleveland Club congratulating him on winning the pennant.

EVERYTHING SET FOR WORLD'S SERIES AT BROOKLYN TODAY

Chicago, Oct. 4.—Charles A. Comiskey, owner of the Chicago White Sox, today sent checks for \$1,500 each to the ten members of last year's team who were not involved in the baseball scandal. Letters accompanying the checks said the money was sent to reimburse the players for the amount they lost when the White Sox failed to win the 1919 world's series.

The checks were sent to Ray Schalk, Byrd Lynn, Urban Faber, Dick Kerr, R. H. Wilkinson, Eddie Collins, John Quinn, H. McCallan, Harry Leibold and E. Murphy.

"As one of the honest ball players of the Chicago White Sox of 1919, I feel that you are deprived of the winner's share of the world's series receipts through no fault of yours," Comiskey's letters to the players said. "I do not intend that you, as an honest ball player, should be penalized for your honesty or by reason of the dishonesty of others, and therefore take pleasure in handing you \$1,500, being the difference between the winner's and the loser's share."

The Brooklyn team was given at its Central Y. M. C. A. "Uncle Robbie" is holding the silver loving cup presented to him by grateful Brooklyn fans. Borough President Reigelman is shown in the centre.

Speedy Races At Lexington

Majority of Men Are Experienced — Exhibition Game Saturday.

Lexington, Oct. 4.—Hard fought races featured the opening of today's Grand Circuit meeting here. Henry Oliver's horse, Scott, won the easy victory in the two-year-old division of the Kentucky Futurity, but the Walnut Hall Cup went four heats before Bonnie Del, owned and driven by Thomas Hinds, an amateur driver, was declared the winner.

The stable of Thomas W. Murphy, who two races, for in addition to the Rose Scott, Eddie R., driven by Cox, landed the 2.07 pace. This event also went four heats.

June David won the first division of the 2.15 trot in straight heats. The one heat which could be raced in the second division of the 2.15 trot before a crowd was won by Mightyl, driven by Y. C. Fleming. Peter Manning, favorite for the Walnut Hall Cup, was scratched because of a slight lameness.

Nelson Dillon was the pace-maker in the first heat of the two-year-old futurity. Rose Scott took the lead at the head of the stretch and managed to stall off Bogalusa. The last half was trotted in 1.91 1/2. In the final heat Rose Scott was an easy winner, going to the front and leading the entire mile. Harry Fleming, sprung a surprise the first heat of the Walnut Hall Cup, when he took Bevo to the front and led all the way.

Breaks on the part of Peter Coley, on which horse the players pinned their faith, spoiled his chances, though he won second and fastest heat. Bonnie Del was a handy winner in the third and fourth heats.

Capital Rugby Team Organized

Majority of Men Are Experienced — Exhibition Game Saturday.

Frederickton, N. B., Oct. 4.—A city Rugby team has been organized. The majority of the men who will make up the team are experienced at the game. Among the city players are: McNair, Deedes, Burden, Porter, Patterson, Gibson, McFadden, Kitchin, Horncastle, McQuade, Howie, Aston, Brewer, Case, Tennant, Jarvis and Clark.

The first match will probably be an exhibition on Saturday against U. B. It seems hardly likely that the Frederictonians will win, in spite of their greater experience, for Coach Cochran has, in the past two weeks, put his college players in a condition that will enable them to set a fast pace for the entire game.

The University has the best practice turnouts in years they are in, and it is expected that the gap in the team will be filled without trouble.

Special to The Standard
The Business Men's Classes and the Bowling Alleys were officially opened at the Y. M. C. A. yesterday. The Boys' Classes show record attendance and all bids fair for a most successful season.

Arrangements are now under way for the starting of wrestling and boxing classes, and all interested are asked to get in touch with the physical instructor.

The Wellington Bowling League

Mayor Schofield Rolled the First Ball—McMillan's Team Won Opening Game.

The Wellington Bowling League is the first of the city leagues to get away on its season's activities, the opening game being played on the G. W. V. A. alleys last evening. The contenders were McMillan's and the G. W. V. A. The former team won the championship last year, and on its showing in the first game will go a long way this year. They lost the first string by a lone point but won the next two, and the total pinfall easily. Capt. Quinn, of the winning team, had high string and high pinfall. His 125 in the third game will like some betting for the high string prize.

Mayor Schofield was present and formally opened the league by rolling the first ball. Mayor Schofield is taking a keen interest in the game and is himself a member of the Schofield Paper Co.'s team. He has generously donated a pair of silver pins as prizes.

The individual score of the game follows:

McMillan's	G. W. V. A.
Quinn 98 92 123 313 104 1-3	Angel 82 75 81 238 79 1-3

CLEANLINESS IS HEALTH
By the use of Gillett's Lye, house cleaning is made a pleasure instead of a drudgery. It softens the water and cleans thoroughly whether the dirt is visible or invisible. Destroys all bacteria and infectious germs, removes obstructions from drain pipes, closets, sinks, etc. Refrigerators are made delightfully fresh and clean by using one teaspoonful of Gillett's Lye dissolved in two gallons of water.

Formal Opening Of the Y. M. C. A.

Seventy Members and Board of Directors Present Last Evening.

An attendance of seventy members and the board of directors marked the formal opening of the Y. M. C. A. for the winter months at a banquet held at the "Y" last evening. U. L. Warwick, the president of the association, presided at the festive board, and after the banquet addresses were delivered by Charles W. Bishop, National General Secretary of the Y. M. C. A. of Toronto, who spoke of the close attention of all present to the life of the association, and L. A. Buckley, Maritime Secretary of Halifax, who reviewed the work of the association in the three provinces throughout the year.

A feature of the evening was the presentation of the banner won by the Senior Class in the Hoaxthon Indoor Athletic contest in competition with all the Y. M. C. A.'s of Canada. The presentation was made by ex-Mayor Hayes, and the banner accepted by Roy Wilton on behalf of the class. J. L. Hayes rendered a vocal solo during the evening and responded with an encore to the hearty round of applause with which it was received.

Cases Dealt With In Police Court

A case against John Bossop, charged with selling liquor illegally, was to have been taken up in the police court yesterday afternoon at two o'clock. The defendant, who was out on a deposit of \$200 failed to put in an appearance and forfeited the money.

George McVane, Union street, was charged with assaulting his brother, Jas. L. McVane. He admitted the assault and a fine of \$25 was imposed, which was allowed to stand on condition that he leaves town.

FLOUR DROPS AGAIN

Minneapolis, Minn., Oct. 4.—Flour prices continued their downward trend when mills effected a reduction of ten to sixty cents a barrel for family patents here today. One large mill's quotation was reduced from \$12.15 to \$11.55 a barrel, while another which lowered its price half a dollar Saturday, made a further drop of ten cents, making its price \$11.20 a barrel. The low wheat market is responsible for the decline, millers say.

CABINET CHANGES PREDICTED SOON IN LONDON JOURNAL

London, Oct. 4.—The Weekly Dispatch announces that the resignation of five members of the cabinet is probable. The newspaper names A. J. Balfour, Lord President of the Council; Edward Shortt, Secretary for Home Affairs; Viscount Milner, Secretary for Colonies; Sir Eric Geddes, Minister of Transport; and Lord Inverforth, Minister of Munitions. The newspaper believes that Balfour probably only remains to oblige the Tory Party. Shortt is said to be slated for the first vacant judgeship. Milner is reported to be wanting to retire for business reasons and Lord Inverforth because the business of munitions handling is closing down.

POTATO MARKET.

The potato market in Annapolis county has taken another slump and the spuds are now being sold in the little trading that is being done at less than \$2.00 per barrel. The severe rains of the past week have caused rot in the potatoes that are still in the ground, and it is said that considerable damage has been done.

BATTLE WAS FOUGHT WITHOUT RED AIMS

Social Battle Marks Beginning of Labor as a Practical Political Factor.

By GUGLIELMO EMANUEL. Copyright, 1920, by Public Ledger.

Milan, Oct. 4.—Now that the striking social battle in Italy is ended, let us draw conclusions.

Quite apart from its epoch-making results in the industrial field by which Italy will initiate among the western powers the most daring experiment of workers' co-operation in industry, the fight has enabled astute observers to ascertain another doubly interesting phenomenon.

It is the birth of a new political conscience among the masses and the beginning of labor as a constructive, practical element in Italy's political life.

There has been great talk of sovietism being rampant among Italian workers and danger of the whole country turning Leninistic. No doubt there is much loose talk in Italy where freedom of thought and speech is fuller than anywhere else, nor should the unbridled activities of the anarchist group be minimized.

When, however, the facts are examined in the whole perspective, the striking conclusion is apparent that under the given circumstances the Italian workers have behaved with wonderful restraint, sobriety and ripe political instinct.

Factories Returned Without Damage. Of course, factories have been seized which was unheard of before except in Russia. But the factories are also returned without damage, and in most cases without production having been stopped or much decreased.

Reputation of Reds Remains. All that remains now for Italian socialism which has won a more real constructive victory than any of the Russian Bolsheviks, is to shed all the remnants of Leninist ideology and stop monkeying with the Moscow utopians.

MEN AND BUSINESS

(By Richard Spillane)

PAUL PAGE WHITMAN, UNITED STATES TRADE COMMISSIONER, SAYS HE HEARS A LOT ABOUT TROUBLES IN CHINA, WHEREAS IN CHINA MOST OF THE TROUBLE YOU HEAR ABOUT IS IN EUROPE OR AMERICA. IN THE YEARS HE HAS SPENT IN CHINA THE ONLY TROUBLE—REAL TROUBLE—HE HAD WAS ONE, IN NEW YORK CITY. LIKE ALL OTHER MEN WHO HAVE MADE A STUDY OF CHINA, HE IS ENTHUSIASTIC OVER THE POSSIBILITIES ONCE THE TRANSPORTATION PROBLEM IS SOLVED, RATHER, ONCE THE COUNTRY IS OPENED UP BY RAILROADS. TODAY THE SITUATION IS ABOUT THE SAME AS IT WOULD BE IN THE UNITED STATES IF THE ONLY RAILROADS WE HAD WERE THE PHILADELPHIA AND BOSTON AND THE REST OF THE NATION WAS FORCED TO USE PREHISTORIC METHODS OF TRANSPORTING GOODS.

WOULD REVISE PREFERENTIAL TARIFF AT ONCE

Cattle Men of Calgary Claim Protection Cuts Serious Hole Into Their Profits.

Calgary, Alta., Oct. 4.—Calgary manufacturers, in presenting their case for a protective tariff to the Tariff Commission sitting in the City Hall today, urged the revision of the preferential tariff now in effect on the ground that it placed the burden of the preference on the Canadian manufacturer without any benefit in return.

The association went on record as favoring preferential trade within the Empire. It asked the retention of a protective tariff as essential to the continuance in business of industries established here.

The open market for cattle has had a stabilizing effect on the Western live stock business, according to Geo. Lane, prominent rancher, who represented the Western live stock dealers before the Tariff Commission here.

Further figures were filed to show that the opening market had done away with this discrepancy.

Common Council Regular Meeting

Douglas Ave. Property Owners Asked to Install Water and Sewers.

The city council yesterday advanced another step toward the pavement of Douglas Avenue, when a resolution calling on the property owners to install water and sewers, in the vacant lots was passed and notice will be sent to them to begin the work in side fifteen days. Commissioner Frink was authorized to purchase 190 barrels of cement at \$4.40 per barrel and it was decided to exempt the home of the Victorian Order of Nurses from taxation beginning with 1921.

The council met yesterday afternoon instead of today on account of the municipal council session this afternoon. Mayor Schofield presided and Commissioners Thornton, Jones and Frink were present.

The committee of the whole reported as follows:

Recommended that the application of C. T. Bean to purchase all the pulpwood on the city lands at Ladgate Lake known as the "Bynes Estate" be not complied with; that the Commissioner of Water and Sewerage be authorized to call for tenders for the purchase and removal of the City Houses at Misipe; that the Commissioner of Public Works be authorized to take such steps as he may think desirable in having the Shamrock Grounds (so called) recently purchased by the City, surveyed and levels taken with the view of extending certain streets through the same; that the Commissioner of Public Safety be given authority to have the necessary painting and repairing done to No. 7 Fire Station, Saint John West; that tenders be called for the painting and that the repairs be done by day's work; that the Commissioner of Public Works be authorized to lay a sidewalk on Sheffield street from the corner of Pitt Street to the property of the Imperial Oil Company (Ltd) at an estimated cost of \$200.00 on condition that the Imperial Oil Company (Ltd) pays one half of the expense which it has agreed to do; that the application of the Willett Fruit Co. (Ltd), to have a pavement laid in the place known as "Fireproof Alley" running off Nelson street at its expense be complied with; that the following resolution be adopted:

"Whereas in Douglas Avenue there are a number of vacant lots (vacant lots) needed with the water and sewerage system;

"And Whereas in view of the decision of the council to pave this street next year it is therefore necessary and desirable that the properties in question should be provided with both water and sewerage facilities before paving is commenced.

"Therefore Resolved that the Commissioner of Water and Sewerage be instructed to notify each owner or agent of vacant land that unless he proceed within fifteen (15) days after said notice to install water and sewerage to the lots in question the City will undertake to do this work at his expense.

"And Further Resolved that the City Engineer be directed in the meantime to prepare plans and specifications in order that tenders may be called for any of the work the City may be called upon to find it necessary to do in connection with this proposal."

Commissioner Frink moved that the request of the New Brunswick Telephone Co. for permission to erect poles in St. David's, Erin and Cornwalls streets be complied with. This was objected to by Commissioner Thornton who claimed the application should be very carefully considered before permission was granted and on his request the matter was referred back for a further report.

The application of the Phoenix Foundry to install a gas tank in their foundry, Pond street, and of Charlie Long for permission to erect an electric sign on Mill street, were referred to the Commissioner of Safety.

The Common Clerk read a letter from the Department of Insurance, Ottawa, calling attention to the fact that Saturday, October 7, had been selected as Fire Prevention Day and asking for the co-operation of the city council in making it a success. This was referred to Commissioner Thornton who suggested that he visit the schools and talk to the children on the matter.

Commissioner Frink was given authority to purchase 190 barrels of cement at \$4.40 per barrel.

Commissioner Frink suggested that the council at an early date take up the New Brunswick Telephone Co. act and see if it could not be amended in some way to deal with the pole assistance.

Mayor Schofield to whom had been referred the protest of the Victorian Order of Nurses in regard to taxes on their home, recommended that this property be exempt from taxation beginning with the year 1921.

Mayor Schofield announced that he would be absent from the city for a few days and in his absence Commissioner Frink would act as mayor.

No Grounds For Statement

Board of Health Secretary and Health Officer Say Halifax Insinuation Unwarranted.

The Secretary of the Board of Health, T. M. Burns, stated yesterday that there were absolutely no grounds for the statement which was published in the Sunday Leader of Halifax, that the Halifax paper stated that this city was suffering from an epidemic of typhoid, due to the city's water supply. The fact of the matter is that there have been but eighteen cases of typhoid throughout the entire summer, and but four in September.

The monthly analysis of the water supply for the month of September, as made by the provincial bacteriologist, Dr. Abramson, shows absolutely no trace of typhoid.

Dr. Warwick, the district medical health officer, stated yesterday that the Halifax paper's insinuation was unwarranted, no trace of typhoid had been found in the city water, and the few cases of typhoid in the city could be traced to other sources than drinking water.

The doctor said that, while there was no contamination of the water supply evident, there would always be a possibility of pollution caused by the proximity of summer camps along the shores of Spruce Lake and Loch Lomond.

The possible danger from this source has been considered by the Board of Health, and steps taken to reduce it to a minimum. He felt that the city should secure absolute control of the forebushes of the two lakes, and thus remove a possible source.

At present an inspector is employed to keep a surveillance over Spruce Lake to see that no pollution occurs, and the inspection of the Loch Lomond water should come within the jurisdiction of the sanitary inspector for the County of Simonds.
