THUNDER STORMS

TWO CENTS

SINN FEIN LEADER CAME TO DOWNING STREET LIKE GREAT CONQUERING HERO

Lloyd George's Residence Surrounded by Irish Mob With Colors Flying When De Valera Drove up for First Conference With the Crown Authorities.

FIRST DAY'S WORK SATISFACTORY IS REPORT ISSUED AFTER THE MEETING

Premier is Summoned for Private Audience With the King After the Discussions and Sir James Craig is Called from Belfast to Take Part in Meeting.

London, July 14.—One of the men who accompanied Mr. De Valera to the Irish peace conference today with Premier Lloyd George said tonight: "We are satisfied with the results of the initial conference."

A communique issued stated that a free exchange of views took place between Mr. Lloyd George and Mr. De Valera and their relative positions were defined.

The conference will be resumed at 11.30 o'clock tomorrow morning, it was announced.

The communique began: "Mr. Lloyd George and Mr. De Valera met at 10 Downing street at 4.30 this afternoon. They were alone and the conference lasted until after seven o'clock." It then told of the exchange of views and the outlining of the positions of the prime minister and the Irish leader.

Called To Palace.

Mr. Lloyd George had an audience with the King tonight. Sir James Craig, the Ulster premier, has been summoned to London to confer with the prime minister. Mr. Lloyd George, on the Irish situation, it was announced here tonight. Sir James Craig is at present in Belfast.

Crowds Greet De Valera.

(By GRATTAN O'LEARY)

Canadian Press Staff Correspondent. London, July 14.—The Irish peace conference at the British premier's official residence, 10 Downing street, today crowded out the conference of dominion prime ministers. As a consequence there were merely meetings of the committees dealing with reparations, shipping and imperial communications and which are to report to the main conference within the next few days. It is understood that a basis for the division of reparations among the various portions of the empire has been agreed upon and that it is likely to be satisfactory to Canada. There is not, however, a great deal of enthusiasm over the matter, British statesmen having apparently long since concluded that no substantial amount can be got out of Germany.

Premier Meighen.

Premier Meighen did not attend today's committee meetings. He spent the forenoon preparing the speech which he will deliver tomorrow when he receives the freedom of the city of London and in the afternoon motored out for a visit to the Canadian team at Bileys Camp.

Meanwhile, scenes extraordinary to a Canadian had been enacted at Downing street. Eamon De Valera's reception, as he drove through White-

hall was that of a conquering hero.

Great Crowd There.

More than a thousand people swarmed around Premier Lloyd George's residence, most of them wearing rebel colors and as the Sinn Fein leader, a tall, slender and almost ungainly figure dressed in black and wearing his famous spectacles, stepped from his motor car he was almost borne down by the throng which swarmed around him. It was a typically Irish crowd with pretty Colleenes predominating, but with a goodly sprinkling of unmistakable Saxons and its enthusiasm knew no bounds.

Beneath it all, however, there was a note of solemnity and there was something stirring in the spectacle of hundreds of men standing bareheaded and singing Davis' half-martial, half-melancholy ballad, "A Nation Once Again" and then relapsing into silence as girls and women recited the Rosary for the success of the conference.

Pleased With Reception.

De Valera seemed immensely pleased with the reception accorded him. He waved his hand again and again to the crowd while his face beamed with smiles as he sprang lightly up the steps of No. 10 Downing street to greet Premier Lloyd George who was awaiting him within.

As the afternoon wore away and the conference continued, it overflowed to enormous proportions. It overflowed into Whitehall, practically blocking the traffic and demanding the attention of scores of policemen. A noteworthy feature of it all and certainly one most impressive to a Canadian was the tolerance and good humor shown by everybody. English traffic was blocked, English pedestrians were compelled to make a treacherous detour to get to their destinations and English officers saw the strange green Irish Republic flag floating in the breeze while the crowd fairly roared out songs of the Sinn Fein, yet one looked in vain for any sign of resentment.

Not Over Confident.

What is to be the outcome of it all few here dare to predict. There is a position to know what is transpiring behind the scenes are not overly confident. They know how great are the financial difficulties to be faced and how great is the gulf of suspicion and fear to be bridged before agreement is reached and always there is the position of Ulster. Nevertheless, the fact that today's meeting apparently is to be followed by a fuller conference is regarded as a hopeful sign. Even the most confirmed pessimists admitted tonight that at last it might be the dawn.

News of The World

LITTLE BOY'S NARROW ESCAPE FROM DEATH

North Sydney, N. S., July 14.—Gerald Davis, aged 9 was rescued with some difficulty at Indian Beach this afternoon when he got out of his depth. Alice Kwage and William Buchanan attracted by his cries, swam out and brought the boy ashore. At Hamilton Hospital tonight, it is said he is suffering from shock but will recover.

ANAGANACE RIDGE CHURCH OPENING A HUGE SUCCESS

Mission Church Erected at Cost of \$4,000 is Practically Free of Debt Now.

BISHOP LE BLANC AT THE SERVICE

Clergymen from Many Parishes Show Sympathy With Work by Their Presence.

Special to The Standard
Anaganace Ridge, N. B., July 14.—With all the pomp and ceremony of the Catholic ritual, the St. Gabriel's Catholic church was dedicated here yesterday by His Lordship Bishop Le Blanc of St. John in the presence of a large congregation, numbering about 350 persons, which taxed the capacity of the little Mission church. After the blessing of the altar stone by His Lordship, Rev. R. B. Fraser, the visiting priest, who attends to the wants of the congregation here, celebrated high mass, being assisted by Rev. J. O'Connor of Holy Heart Seminary, Halifax, who was also master of ceremonies. Rev. Wilfred Mallette of Moncton, and Rev. Mr. Brown and Mr. Keohan, an ecclesiastic of the Grand Seminary, Quebec, assisted the choir in the singing during high mass, and Miss Margaret Malone presided at the organ.

Among the visiting priests and clergy who attended the ceremony were: Rev. Edward Savage, P.P., St. Bernard's church, Moncton; Rev. Joseph McDermott, P.P., St. Francis Xavier's church, Sussex; Rev. Michael O'Brien, P.P., Sacred Heart church, Norton; Rev. Francis Walker, P.P., at Riverside, Albert county; Rev. A. P. Allen of the Cathedral staff, St. John, who accompanied His Lordship and Rev. Walter Daley, ecclesiastic at the Holy Heart Seminary, Halifax, N. S. The newly dedicated church was built at a cost of \$4,000, and is practically free of debt. Great credit is due to the people of Anaganace and the efforts of the zealous assistant of their pastor, Rev. R. B. Fraser, who, with their co-operation, had this little Mission church built in less than a year.

His Lordship and several of the clergy were the guests of Mr. and Mrs. Charles Buckley for the day.
Picnic Successful
In the afternoon a picnic was held on the church grounds, being conducted by Father Fraser, and was attended by many people from Fredericton, Road Goshen, White's Mountain, Watford, Sussex, Moncton and St. John. Among the guests from St. John were Miss Joan Lawlor and Harry J. Osborne.

Those who assisted in making the picnic a success were Mrs. Stephen Keohan, Fredericton Road; Miss Melin, of Goshen, Albert county, and Miss Rose Morgan, of St. John; Mrs. Daniel McCormack, of Newtown, N. B., and Mr. and Mrs. Charles Buckley, of Anaganace.
The following are those who had charge of the different booths and lotteries in connection with the picnic: Dinner and supper tables, Mesdames Thos. McCrossin and Alice McGloin; conveners; ticket sellers for meals, Mrs. Chas. Buckley and Thos. McCrossin; ice cream and beer booth, Miss Gertrude Buckley and Daniel Malone; wheel of fortune, Messrs. J. McDonald and Ambrose McDermott; coin board, Miss Etta McGloin and assistants; bean toss, Joseph McNaughton; hit the cats, Fred Denane and Harry J. Osborne. The lotteries were conducted by the following:—Mrs. William Howard and Mrs. George Coughlan, pillow slips; Misses Sarah Robinson and Gertrude Brooks, manure set; Miss Madeline McIntyre, blank sets; Miss Beattie Henderson, vase.

Many Teachers In Camp At Sussex

Several from St. John Among Those Taking Summer Science Course.

Sussex, July 14.—The Rural Science Summer Course for teachers opened here on Tuesday and will be continued until August 9th. About fifty students are enrolled and are living under canvas on the military grounds. The free life of the open fields and woodlands appeals to every lover of Nature. The facilities for studying the forest trees, ornamental trees and shrubs, and life in the pools and running streams are but a few moments removed from the site of the camp. The fresh air, the sunshine and a chance to relax was greatly appreciated by the student teachers who have been confined to the school room for so many months.
The following are in attendance:—Bonas F. Mundie, West Branch, Kent Co.; Katherine F. McNaughton, Little Branch, Kent Co.; A. Clyde Campbell Millstream, Elizabeth McAuley, Millstream, Ross Richard, St. Ignace; Corinne Vautour, St. Louis, Kent Co.; Vera Wheaton, Upper Sackville, Rhema Brown, Lower Brighton; Cora D. McKay, Little Shemogone; Josephine L. Cliff, Upper Derby; Agnes MacDonald, Rexton; Pertie A. Reid, St. Croix; Alice M. Searles, Jeffrey Corner; Sadie A. Williams, South Devon; Agnes F. Belyea, Harlaw; Christina Sansom, Nashwaakisis; Annie Murray, Doaktown; Helen J. Little, Clairville; Bertha E. Estabrooks, St. John; Nellie G. Rogers, St. John; Kathleen M. Burgin, Little Shemogone; Blanche H. Rogers, Coal Branch; Lily M. Fillmore, Berrytown; Alice E. Teddie, Lower Brighton; Orpah E. Fullerton, Albert; Vivian B. Waldron, Moore's Mills; Emily M. Myers, Apohaqui; Miss V. A. Smith, Canterbury; Miss Geneva F. Murchland, Benton; Edith Murray, Sussex; Zella G. Galland, West St. John; Clara M. Tingley, Petticoe; M. Joan Lawlor, St. John; Hazel Belding, Chance Harbor; Myrtle E. Chapman, Petticoe; Katherine A. MacDonald, Welsford; Jessie H. Tadiie, Newburg Junction; Mrs. Annie E. Tins, Barnesville; Mrs. Isabel D. Steves, Petticoe; K. P. Gaunce, Riley Brook; Samuel E. Smith, Fredericton; F. Cecil Long, Centreville.
The instructors on the staff are: William McIntosh, B.Sc., Nature Study; Mr. Wheelock, of Acadia College, Physics; O. C. Hicks, Instructor of Soils and Crops of the N. B. Agricultural Dept., Husbandry, etc.; A. C. Gorman, Director of Elementary Education, Gardening Course and general supervision of the summer school.
The chaperons are: Mrs. Harry Wiles, of Sussex, and Mrs. M. D. Steves, of Petticoe.
A new feature which is being introduced this year is a course in serving, under the supervision of Miss Mildred Arnold. The camp is a very popular feature, both on the score of economy and the social life it affords.

Sackville Talks of New Hotel

Accommodation for Travellers Deficient Since Mt. Allison Leases Ford House.

Sackville, July 14.—The regular quarterly meeting of the Sackville Board of Trade was held in Fawcett Bros. Hall, the president, Mr. H. Berman, presided and among other things a popular feature, both on the score of economy and the social life it affords.
A comparison of the volume of business handled on the last three days of the discount period last year and this year is shown by the following figures:

1920	1921
\$188,508	\$36,000
278,818	32,000
347,142	16,708

From these figures it will be seen that approximately more than \$50,000 was received in the three last days of the discount period at city hall this year than was the case in 1920.

Village Threatened

Oxford, N. S., July 14.—The Village of Thomson, seven miles from Oxford, was reported early this afternoon threatened with destruction from approaching forest fires and unless the flames were brought under control, on the wind changed, Oxford itself was said to be in danger. Men, women and children are said to be fighting the fire.

Towed Into Port

Parrsboro, N. S., July 14.—Steamer Prince Albert, from Wolfville for Parrsboro, was towed into port early today by the tug Onawana. The shaft of the steamer became loose last night and an ebb tide rapidly carried her out through a dense fog to a position of Spencer's Island, where she was picked up.

\$80,000 FIRE IN DIGBY GARAGE DURING NIGHT

Three Buildings, Sixteen Cars Were Totally Destroyed.

SEVERAL BUILDINGS WERE DAMAGED

Excellent Work of Volunteer Firemen Kept Flames from Sweeping the Town.

Digby, N. S., July 14.—The largest fire in Digby since the destruction of Gavel's garage, a little over a year ago, took place this morning between 3 and 4:30, when the Universal garage, with its contents, and two buildings were totally destroyed and several others damaged. The garage was a large wooden building, originally a livery stable, but it had been rebuilt with concrete floors, etc. When the fire was first discovered, the whole building was in flames. It was surrounded on all sides by other wooden buildings. Digby's garage being only ten feet away from it.
Fire Department Did Well
Digby's amateur firemen handled the situation fully as well as the best equipped city department could. There was a great water pressure in spite of the fact that we have only had one shower of rain since April. The firemen devoted their attention to saving Mr. McKinnon's Hotel, the Winchester Hotel and surrounding residences, but in order to do this they had to allow two buildings in the rear of the McKinnon Hotel to go. The hotels were on fire as well as Eldridge's garage and the Winchester garage, but the flames were extinguished with comparatively small damage. The McKinnon house suffered the worst, as one end will have to be rebuilt.

Took Advantage of Discount Period

Chamberlain's Returns for Last Three Days Show \$50,000 Over Last Year.

Nearly thirty thousand more dollars were taken in in taxes at city hall yesterday, than was the case on the closing day of the discount period last year. The total amount taken in yesterday was \$76,708.38 last year the amount was \$54,142.
So great was the rush of tax payers to the chamberlain's office at city hall yesterday, that despite the large staff of clerks employed, the complete returns could not be checked up though the entire staff were kept busy till a late hour last night, and a record of the complete returns will not be available until sometime today.
For some reason or other citizens deferred settling up with the city this year until the last few days of the discount period had arrived, and in consequence the chamberlain and his assistants have been obliged to face a peak load all this week whereas in former years the reception of monies was distributed over a much longer period.

Serve Purity To Your Guests

No hostess need longer be perturbed over the problem of what to serve when "particular" guests come. Smooth, delightful Purity Ice Cream meets every requirement. Most good places sell it.

Grand Celebration of Dominion Day

Queens County People Gathered at the Narrows in Large Numbers.

Special to The Standard
Narrows, July 14.—One of the largest sporting events that was ever attempted in Queens county was carried out on Dominion Day under the direction of the Cambridge Outing Association at the Narrows. The day was an ideal one, and the hundreds of people from St. John, Fredericton, Sussex and surrounding country enjoyed the day watching the sports that were closely contested and promptly pulled off.
A very pleasing feature, especially to the young folks, was the arrival of Uncle Rastus and Aunt Jemima, two burned cork artists who arrived on the scene at 1:30 p.m. in an old carriage "that had been whitewashed," drawn by an old white horse.
These two blacked faced artists certainly kept things moving, and deserve considerable credit for the way they amused not only the children, but the grown-ups also. A splendid programme was carried out in the evening by the Bond Minstrels from the veranda of the hotel, and was listened to with rapture by the great number of people who sat on the grass and in the great number of cars that were parked snugly around the hotel.
The main feature of the day was a tug-of-war contest between the Cambridge and Jones teams. The silver cup that was donated by Ira D. Scott, of St. John, was won by the Cambridge team.
The following races and contests were pulled off promptly, and to the following officers credit for this must be given:
Judges—Chas. Hughes and Frank Farris.
Announcer—Dan Wilson.
Starter—Dr. E. M. Wilson.
Clerk of the course—Fred Belyea.
List of races with prize winners were as follows:
50 yards boys under 8 years—1st, Bernard Wilson; 2nd, Laurence Wilson.
50 yards girls under 8 years—1st, Marion Straight; 2nd, Ruby Worden; 100 yards dash—1st, Ronald Black; 2nd, N. Patterson.
75 yards boys under 12 years—1st, Whitney Gilchrist; 2nd, Wilmot McGeary.
50 yards girls under 12 years—1st, Melba Todd; 2nd, Muriel Farris.
100 yards boys under 16 years—1st, Earl Wilson; 2nd, Harry Belyea.
75 yards girls under 16 years—1st, Ada Straight; 2nd, Madeline Todd.
220 yards dash—1st, N. Patterson; 2nd, Frank Flowers.
75 yards dash young ladies—1st, Dorothy Straight; 2nd, Jenny Todd.
50 yards dash married ladies—1st, Mrs. Frank Robinson; 2nd, Mrs. White; mile race—1st, Roy Cromwell; 2nd, Frank Flowers.
Half mile canoe race—1st, Todd Brothers; 2nd, Dr. Walter and C. Farris.
50 yards swim—1st, Gordon Robinson; 2nd, Gordon Perry.
Swim across Narrows—1st, Gordon Robinson; next two tied for 2nd, Earle Wilson and Whitney Gilchrist.
50 yards young men's 5-legged race—1st, Hughes and Akley.
50 yards senior 5-legged race—1st, Uncle Rastus and Aunt Jemima.
50 yards sack race girls—1st, Edith Perry.
75 yards, married men, 45 C. H. Akley.
Greasy Pole contest—Gordon Robinson owner of pig.
Great credit for the success of this day must be given to James C. Bond, the energetic secretary of the Outing Association.

Farm Buildings Are Destroyed

James Sherwood of Hopewell Cape Sustains Heavy Loss—Forests Ablaze in District

Hopewell Hill, N. B., July 14.—The forest fires that have been raging over a large territory in the Cape woods have not wholly been brought under control. Three hundred men from the plaster quarry and citizens in the vicinity have worked night and day fighting the fire. The fire started in a valuable section of timber lands and the property owners will be heavy losers.
James Stewart who lived on the Lumsden road met with a heavy loss. His house and other buildings were burned to the ground last night.
Haying Starting
The haying season is again on, the long drought has hastened the work about two weeks earlier than usual. Rain is needed; but for the heavy dew and cool evenings the crop would be almost a failure.
The Women's Institute picnic was held on the grounds of A. S. Mitton, a large number of farmers, their wives and summer tourists availed themselves of this annual treat.

Celebrated Their 50th Anniversary

Mr. and Mrs. W. Sancton Belyea Remembered by Many Friends.

Special to The Standard
Central Greenwich, July 14.—Mr. and Mrs. W. Sancton Belyea, of Central Greenwich, were "at home" to their friends on the 50th anniversary of their marriage. The bride was dressed in the blue silk gown worn by her at her first reception.
The drawing room was decorated with daisies and ferns. Her brother, Mr. Henry Lee of West St. John and his wife were present.
The children are Arthur, of St. John; Clarence, of Salt Ste Marie; Mrs. Norman Jones, of Kenora, Ont.; Mrs. Williams, of Montreal; Mrs. Graham of Boston, and Miss Olive at home. They were all present with their families except Mrs. Graham. The happy couple received a purse of gold from their near relatives and gifts of roses from friends.
Dainty refreshments were served and all joined in wishing Mr. and Mrs. Belyea many more years of happiness together.

Brier Island Fog Alarm

Marine Dept. Will Convert It from Steam to Oil Engine—Other Marine Movements.

The Marine Department is going to convert the fog alarm at Brier Island from an alarm operated by steam to oil engines.
A new Beacon was recently erected at Cham Cove Head.
The light at Chamcook has been changed recently to an "unwatched" light. This gives one flash every seven seconds. An interesting feature possessed by this light is a solenoid valve. The valve automatically lights the light at sunset and puts it out at sunrise.
A new foundation is being made for the lighthouse, three miles from Windsor, N. S.

WRIGLEY'S NIPS

NEW Candy Coated Chewing Gum

Now comes the new candy-coated chewing gum—Wrigley's Nips—to delight our old friends in a new way.

Try them — You'll enjoy them

Peppermint flavoured candy coating and chewing gum center afford a long-lasting treat, at the same time benefiting teeth, appetite and digestion.

Boy Changes Mind About The Circus

Toronto, July 14.—Albert Foley, of Smith's Falls, 14 years of age is not going to be a wild animal trainer. Only a few days ago Albert had visions of himself doctored in gorgeous costume, entered the cage filled with roaring lions and quieting the wild creatures with one glance from his master trainer's eye.

When the circus hit Smith's Falls, Albert applied for a job and got one, not as a trainer to be sure, but in the cooking tent with wages four a week. However when the circus reached Toronto Albert's father had wired to the local police and they took the boy from the cook tent. So he is on his way back to Smith's Falls today.

"There is one thing I am going to do when I get back and that is get the kid that told on me to my father," said Albert, who now lives for revenge.

MORE RIOTS IN BELAST.

Belast, July 14.—Rioting broke out again in the Cork street area here today. A bomb was thrown and damaged a grocery store, which also was looted and another house was set on fire. A number of people were slightly injured by snipers.

Several windows were broken. The police managed to restore order without being compelled to use firearms.

PILES

Do not suffer another day with itching, bleeding, or protruding piles. No surgical operation required.

Dr. Chase's Ointment will relieve you at once and afford lasting benefit. See a bottle at dealers or Edmondson, Bates & Co. Limited, Toronto. Sample free if you mention this paper and enclose 2c. stamp to pay postage.

Will Bar Girl Bathers In Single Piece Suits

New York, July 14.—Daniel A. Cady, acting chief of police of Bayonne, N. J., notified all concerned yesterday that the use of single piece bathing suits by young women who bathe in Newark Bay must be stopped immediately. He issued a general order to his men to chase girls so clad out of the water and explain to them that from now on those sections of the bay considered nice enough to swim in are to enjoy a lofty moral atmosphere.

Sunday afternoon, it was reported, some one telephoned to Chief Cady that something unusual must have happened on the bay front. The informant didn't know what had happened, but he was able to tell the acting chief that many of Bayonne's younger generation were interested. Chief Cady took a couple of policemen with him and hurried to investigate.

The only thing of interest, outside of one of the largest crowds ever collected on the swamps, was a group of a dozen girls in rather nifty one-piece bathing suits. The police chased the girls out of the water and the crowd dispersed. Chief Cady went back to headquarters to dictate his order, which, according to one of the young women bathers, is based wholly on a misconception of real art.

MAY HAVE DROWNED.

Ottawa, July 14.—Since James Montgumery, aged 52, one of Ottawa's best known business men, has disappeared and the members of his family and friends believe that he was accidentally drowned in Governor's Bay, near Rockville, sometime yesterday.

For the last three years he has been the special representative of the Great West Life Insurance Company.

Duel In Night Kills One; Police Puzzled

The Woman in the Case Disappeared Three Weeks Ago.

Washington, July 14.—"It was all my fault. Don't blame her." These were the dying words of Albert J. Byrd, official of the Washington Terminal Company, shot to death last night in one of the strangest love tangles the Washington police have had to untangle.

The local police had linked Byrd with the disappearance of Mrs. Wm. A. Goetz from her home in Maryland Park, near here, about three weeks ago. Late last night a big limousine containing Byrd and woman companion drove up in front of the Goetz home. Byrd alighted and is said to have asked for Goetz to come to the door. Goetz came out on the porch, and after a few words both men drew revolvers and opened fire. Byrd fell, and died a few hours later at Casualty Hospital. The mysterious limousine with the woman occupant disappeared in the dark at high speed.

Today the Washington police are scouring the capital for a trace of the murder car, which was headed for this city when last seen.

The police here and at Maryland Park are trying to establish a connection between a \$100,000 life insurance policy and the mysterious mission of Byrd to the Goetz home last night. Goetz, it is understood, is to be granted a divorce decree dated tomorrow. Goetz was released on \$1,000 bond following the shooting. The whereabouts of Mrs. Goetz remains unknown, although Washington police expect to establish that she was the woman in the limousine.

IN THE EDITOR'S MAIL

The Editor, Standard, Ltd., St. John, N. B.
Dear Sir,—On July 11th an editorial appeared in the Times, on Infant Mortality. They quoted several papers in other cities which placed the big cause of Infant Mortality to a bad milk supply, and stated that here in New Brunswick we have Health Clinics, etc. which are working to cut down the infant death rate.

I have been greatly interested in this subject, and took exception to the method used by our officials in their efforts to decrease infant mortality. On July 12th I wrote a letter to the Times and pointed out where I considered the big mistake is made, but so far they have not published it. As I believe the public and taxpayers of this city are entitled to a square deal, I would like to make a few remarks through your columns.

According to the Times editorial other papers have placed the cause of infant mortality to a bad milk supply, but in their remarks about New Brunswick they make no mention about the supply of St. John. They tell of Health Clinics, and what they consider the big mistake is made, our milk for infant deaths. Is it because they do not know, or that they don't care. To my mind it is the latter, for anyone who reads and thinks can examine our milk system, and learn the true state of affairs. It's the mothers with families who know and who have to pay the penalty.

Our milk supply is filthy, and unfit for human consumption. This is a known fact to me. I have seen tests, and see the condition of the milk which is delivered to me. How long have we to continue to use it? If we had an up-to-date system, and had a few laws enforced, thousands of lives would be saved, and thousands of dollars. An up-to-date system would mean the expenditure of a few thousand dollars, but would it not be worth while? Money is nothing when human lives are at stake.

The department of Public Health are doing well by placing Health Clinics, etc., but would all this be necessary if we started right by getting after the source of the trouble. I will venture to say that nearly every member of the Board of Health realize the true state of affairs. Charges have been made in the local press, but never answered by the board. Why is this? Are they afraid or is it that they simply don't care? To my mind they are the factor which should deal with this matter—and as a citizen of St. John I consider it their duty. We require the protection for our families, and I would like to know if we are to continue feeding our children on filth and poison and place the lives of the children in the Health Clinic.

Thanking you Mr. Editor for your space and trusting for a betterment of conditions, I remain,
Yours very truly,
CONSUMER.

Tells Character By Method of Breathing

French Scientist Has Machine Which He Claims Will Detect Every Breath.

Paris, July 14.—Palmistry, phrenology, graphology and all other sciences by which those expert in them can arrive at complete and conclusive estimates of character are at best partial affairs. The only perfect way of all is the science of phrenology. Its principal and possibly its only exponent is Dr. Malingot, of this city, who in his laboratory which is rigged up with devices like a medieval torture chamber, is able to determine the character of a baby or a centenarian.

"I need only to see how you breathe," he says, "to know all about you."

Phrenology is the science of breathing. It is that Dr. Malingot expounds his theory and practice: "Phrenology is a radioscopic method by which one is able to examine the character of the subject without the least possibility of deception in the face, in the handwriting, in the shape of the head, one can see certain elements of character; but the radioscopic picture of the movement of the diaphragm is the surest method of all. The reason for this is that one breathes according to one's character, and no one can alter his method of breathing except as he alters his character. What his first breath of infant shows the traits that will mark him for life, and with his last breath man shows what sort of person he was in his life."

It should be stated that in the treatment of the throat Dr. Malingot is a serious scientist. The revealing of character by phrenology is only his hobby.

DUMPS ON FIRE.

Solssons, France, July 14.—Ammunition dumps, a few miles east of here, containing 450 tons of explosives, caught fire yesterday through spontaneous combustion. It is stated, on account of the extreme heat.

Ten thousand shells have already been exploded and gas masks have been delivered to the population. No casualties have been reported thus far.

Weddings

Laskey-Sandall
The marriage of Miss Nellie Sandall, youngest daughter of Mrs. H. P. Sandall, to Arthur G. Laskey, of the W. H. Thome & Co. staff, son of Mrs. Mary Laskey, took place in Exmouth street Methodist church at 7.30 o'clock yesterday morning. Rev. H. E. Thomas officiating. The church was prettily decorated with daisies and ferns, with an arch of ferns over the altar. A large choir sang very sweetly during the ceremony, included being "The Voice That Breathed Over Eden." The bride was unattended, and was given away by her brother, LeRoy Sandall. The ushers were: Charles E. Jordan and Robert R. Laskey, the groom's brother. The organist was a sister of the bride. Mr. and Mrs. Laskey left on the Digby boat for a two weeks' trip through Nova Scotia. The out-of-town guests included Mr. Laskey, Frederickton, and Mrs. T. G. Marquis, New York.

O'Hara-Caples

A very pretty wedding of much interest was solemnized in the Cathedral of the Immaculate Conception at six o'clock yesterday morning, when Rev. W. M. Duke, with nuptial mass, united in marriage Miss Lillian May Caples, daughter of Inspector Thomas Caples to Edgar Daniel O'Hara, son of Mr. and Mrs. Daniel O'Hara, of Moss Glen. The bride was given away by her father. They were unattended. Miss Nellie Caples, cousin of the bride, and Walter Hughes acted as witnesses. After the ceremony the bridal party drove to the home of the bride's aunt, Mrs. Michael Caples, where a dainty wedding breakfast was served, after which the bride and groom left for an extended touring trip. On their return Mr. and Mrs. O'Hara will reside in the city.

Daley-McDonald

Sussex, July 14.—At St. Francis Xavier church this morning, Mary Adelaide McDonald and Walter J. Daley were married with nuptial mass by Rev. Wm. P. Hannigan, Pater, assisted by Rev. J. J. McDermott, rector of the church, assisted. The bride was dressed in white georgette with veil and carried a bridal bouquet. Her sister, Gertrude, who acted as bridesmaid, wore shot silk and carried a bouquet of sweet peas. The groom was assisted by Willard Finnegan. The bride was given in marriage by her father, R. A. McDonald.

Obituary

Capt. W. T. Crossley
Windsor, July 14.—Captain William T. Crossley of the W. R. Grace Steamship Line, arrived home on Saturday, having been given leave of absence indefinitely owing to ill-health. Yesterday, in company with his family, he motored to Evangeline Beach on the return trip, when nearing Grand Pre, he was taken suddenly ill and died in the car before medical aid arrived. He was fifty-six years of age, born in Windsor, and his parents were natives of England. His father, William Crossley, was a member of the Windsor Foundry and Machine Shops when the late Edward Dimock was the owner. The surviving members are his wife, formerly Miss Elizabeth Kerr, daughter of Timothy Kerr, Windsor, and one son, Wilfred, and two daughters, Frances and Constance.

Daniel O'Leary

Chatham, July 14.—The death of Daniel O'Leary took place at the Hotel Dieu Hospital yesterday morning. He was the son of Mr. and Mrs. Florence O'Leary, of Esplanade. He was in his eightieth year, and had been attending school for the past year at an institution in Shediac from which he returned home with his father for vacation. He was only home a day when taken ill and he passed away after an illness of less than two weeks.

Kaiser Won't Pay

Doorn, July 14.—The former German Emperor is ignoring a report of a manasse for an assessment of his municipal taxes, on the plea that his stay here is involuntary, to which the municipality retorts that it has not the slightest objection to his departure.

The former ruler is daily becoming more unpopular; he cannot show himself in the roads without being hooted and jeered, whereas a few months ago he was regarded with pity or indifference.

Ontario Province May Be Divided

Port Arthur, Ont., July 14.—The Port Arthur News-Chronicle states today that a meeting is to be held in this city shortly to organize a committee which shall work to the end of organizing a new province in Northern Ontario. The paper gives no names but intimates they may be announced later. It says opinion previously was divided as to whether to form a new province or join Manitoba but that opinion now favors distinct province.

FUNERALS

The funeral of Mrs. W. H. Vail took place yesterday afternoon at three o'clock from St. Paul's church to Cedar Hill. Service was conducted by Archdeacon Crowfoot. The floral offerings were as follows:
Pillow, husband and brothers; Star, father, sister and brothers; Star, Knox church cadet corps; Spray, Mr. and Mrs. Geo. Stackhouse; Spray, Mr. and Mrs. H. Dakin and son; Spray, Lizzie and Wm. Steen; Spray, Isabelle and Phillip Hanson, Grand Bay; Spray, Mr. and Mrs. C. W. Cronk; Cross, Mr. and Mrs. Stevens and Mr. and Mrs. Emory; Spray, Mr. and Mrs. John Barbary; Crescent, Cornwall Mill; Spray, Miss Ethel Ferris; Spray, Bannister family; Spray, Metropolitan Insurance Company staff; Spray, Mrs. T. Armstrong and Hele's Wealth; Sovell Bros. & Co. Ltd. and employees; Spray, Miss Agnes Stevens, Grand Bay; Spras, Windle family; Spray, Mr. and Mrs. V. Pitt; Spray, Misses

Children Cry for Fletcher's

CASTORIA

Fletcher's Castoria is strictly a remedy for Infants and Children. Foods are specially prepared for babies. A baby's medicine is even more essential for Baby. Remedies primarily prepared for grown-ups are not interchangeable. It was the need of a remedy for the common ailments of Infants and Children that brought Castoria before the public after years of research, and no claim has been made for it that its use for over 30 years has not proven.

What is CASTORIA?

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. The Children's Comfort—The Mother's Friend.

First Two Minute Mile of the Season

Single G Paced First Mile in the Grand Circuit Free For All in That Time.

Toledo, July 14.—The first two minute mile of the season was stopped today when Single G paced the first mile in the free-for-all in that time. In the second heat Single G came the last quarter in 27 3/4 seconds.

The Port Miami stake was divided into two divisions. The Toddler, winning the first division, with Great Britton winning a heat. When Dodge, driver of Great Britton, allowed the Toddler to go through in the inside, the judge declared all bets off and recorded their decision.

Eliza Dillon won the second division of the Port Miami stake in straight heats. She won the 210 trot in straight heats. The 215 trot was carried over until tomorrow.

Free-For-All Pace, Three Heats, Purses \$2,000

Single G, b. s., by Anderson Wilkes, 1 1 1
Louis Grant, b. m., by Grant Louis Royal (V. Fleming), 2 3 2
Sanardo, b. s., by San Francisco (Marphy), 3 3 3
Time—2:07; 2:04 1/2; 2:05 1/2.

Fort Miami Stake, 2:08 Trot, First Division, Three Heats, Purses \$2,000

The Toddler, b. g., by Kentucky Todd (Stinson), 1 2 1
Great Britton, blk. h., by Peter Cheny (Dodge), 7 1 4
Emma Harvester, b. m., by The Harvester (Brule), 2 3 2
Dorothy Day, ch. f., by Kentucky Todd (Stinson), 3 7 5
Patrick Todd and Natalie the Great also started.

2:08 Trot, the Fort Miami Stake

(Second Division)
Eliza Dillon, b. m., by Dillon Axworthy (Valentine), 1 1 1

Dominion Lawn Tennis Tournament

Good Matches Furnished at Toronto—Kingston De-feated by Holmes.

Toronto, July 14.—The fifth day's play in the Dominion Lawn Tennis championship tournament at the courts of the Toronto Tennis Club furnished some very good matches, and saw J. F. Foulkes, the Kingston veteran, go down to defeat at the hands of George B. Holmes, Winnipeg. In the semi-finals of the Ladies' Open Singles, the Dominion champion, Mrs. Harry Bickie, of Toronto, disposed of the Ontario champion, Mrs. Wright, Ottawa, in straight sets, 7-5, 6-0.

John R. Braden Won From Calgary Earl

Woodstock, N. B., July 14.—This ends one of the most successful meetings that I ever attended," was the remark of Dr. Standish of Boston, the starter, as he announced that the named race as it would be considered as finished owing to a heavy rain storm that started at 7 o'clock about 15,000 people were on the grounds witnessing the races or the other amusements at the midway.

Seventy Year Old Driver Piloted Presque Isle Horse to Victory.

Woodstock, N. B., July 14.—This ends one of the most successful meetings that I ever attended," was the remark of Dr. Standish of Boston, the starter, as he announced that the named race as it would be considered as finished owing to a heavy rain storm that started at 7 o'clock about 15,000 people were on the grounds witnessing the races or the other amusements at the midway.

Time—2:21 1/2; 2:23 1/4; 2:26 1/4.

Toronto May Bar Big Fight Film

Toronto, Ont., July 14.—The film depicting the Dempsey-Carpentier fight has arrived in the city, but has not been passed by the Board of Censors and is not likely to be, and therefore no public exhibition of the picture can be made. A member of Board of Censors said it had been the practice to bar fight pictures and he did not think an exception would be made in the present instance. He added, however, that the board could not prevent the pictures being shown privately.

PICTURES IN PULPIT CARPENTIER-DEMPSEY BATTLE AS HE SAW IT

Rev. Dr. John Roach Straton of Calvary Baptist Church, New York, Tells of Fight—Calls it a Moral Caruncle on the Body Politic—Atmosphere Was Vile.

The Rev. Dr. John Roach Straton preached a sermon on the Dempsey-Carpentier fight Sunday night in Calvary Baptist church in New York City, denouncing the contest as a "moral caruncle," rebuking the church women who attended, and calling for the impeachment and removal from office of Governor Edwards and other New Jersey officials who he charged, winked at evasion of the law. He said the fight was a sign that America had repented in its moral caruncle, and pleaded for a return to Puritanism.

Assails the Government.

"Apart from all technical legal quibbling, the veriest tyro knows that the intent and purpose of the new ship prize fight, this piece of law evasion, therefore, will do much to deepen the present disrespect for law and the alarming prevalence of lawlessness, which in the estimate of thoughtful people today, is the main menace to our republic at the present hour.

Demotes an Upper-Cut.

At times also Dr. Straton's frankness in discussing sex questions brought a gasp and used many gestures, so that it was an unusual sight to see a preacher demonstrating an uppercut from the pulpit, swinging his right arm straight at the audience with an overhead motion, something like Carpentier's right, to drive home an emphatic point.

Calls It "Moral C.

"If any one doubts the need of repentance and a turning away from sin any fellow today, let him think of the recent prizefight. The sober second thought of America is now giving attention to that significant event.

Demotes an Upper-Cut.

"We are not merely on the toboggan. We have already landed. We have hit the bottom with a thud, and we shall reach them soon, unless the evil influences which are dragging us down are stayed, and social sanity and civilization are restored to their place the madhouse and day.

Demotes an Upper-Cut.

"The Dempsey-Carpentier meet was a moral caruncle. It was more than a mere 'bolt' on the body social. A bolt has but one head and one channel for discharge of corruption but a caruncle has several. It is a complex. It gathers corruption from all over the human body, finds the weakest spot in the system, breaks down the remaining healthy tissues there, generates its awful corruption until it heads up in a half-dozen different spots, and unless it is lanced, drained and thoroughly disinfected, it will poison the entire body and finally procure death.

Belyea Will Not Row At Duluth

Turns Down Offer Received by Rowing Club—Executive Reports Progress.

The executive committee in charge of arrangements for sending champion Hilton Belyea to the Canadian and National championships, were in session last evening. Progress was reported regarding the benefit game of ball to be played on St. Peter's grounds next Wednesday evening and everything points to the largest crowd ever attending a ball game in this city.

Tracing Back of Peter The Great

In the course of his investigation into the pedigree of Peter the Great, 2:07 1/4, W. H. Gocher, secretary of the National Trotting Association, received a letter from a Confederate soldier who nearly 60 years ago rode a bay mare into Camp Boone, Clarksville, Tenn., with Scott's Louisiana Cavalry.

Demotes an Upper-Cut.

"Above everything else, Theodore Roosevelt is a defender of righteous law, and I believe he would have given a stern and terrible rebuke to the slick sophistry by which the law in this case was evaded and dodged, and felled his long, black, straight, and pointed fighter of America, but who, when the real fight was on during the war, ducked and dodged and failed his country in the hour of her crisis.

Demotes an Upper-Cut.

"This is no more invidious and destructive vice today than gambling. It undermines self-reliance and honesty. It leads to theft, to pay gambling debts, and, therefore, it is a deadly enemy of the business world, and in a word it is the mother of every other vice.

Demotes an Upper-Cut.

"This whole thing was evil and viciously harmful to the fact that it not only gambling was connected with it and fanned immediately out of it, but that other vices grew in connection with it, and the atmosphere that surrounded it, all was vile. Yes, it was a shameful and degrading exhibition. A thing which should have been done so that there is no possible justification of it, either on the ground of recreation or sport.

Demotes an Upper-Cut.

"The incident is a reminder of a very similar occurrence concerning George Wilson, the grandam of that horse was a fast, headstrong but tall mare known as Shanghai Mary, that Henry Weed rebuked and used to drive on the roads of northeastern Ohio from north of Forty-second street when she was in the Bloomington road. When her daughter, Green Mountain Maid, was traded here to a blacksmith because she was about to have a colt.

Demotes an Upper-Cut.

"The incident is a reminder of a very similar occurrence concerning George Wilson, the grandam of that horse was a fast, headstrong but tall mare known as Shanghai Mary, that Henry Weed rebuked and used to drive on the roads of northeastern Ohio from north of Forty-second street when she was in the Bloomington road. LEAGUE GAME TONIGHT

This evening on St. Peter's grounds the Pirates and St. Peter's will play in the regular league schedule and a real game of ball is expected.

Winners At Bisley Camp

Canadian Scores Below General Average in Duke of Cambridge Competition.

Bisley Camp July 14.—In the Duke of Cambridge competition the Canadian scoring was below the general average. The competition was 10 shots at 300 yards, possible 50.

Canadian Scores Below General Average in Duke of Cambridge Competition.

The Canadians' scores follow: Sergt. J. Stiel, Guelph, 45; Lieut. J. O. Nils, Winnipeg, 45; Sergt. A. Lucas, Toronto, 45; Capt. W. E. Swain, Kingston, 44; Capt. A. F. B. Wilson, Ottawa, 43; Lieut. W. H. Patterson, Ottawa, 43; Major C. H. Crowe, Guelph, 42; Pte. A. E. Caplin, Vancouver, 42; Gunner W. E. Fignian, Quebec, 41; Pte. F. N. Allen, London, Ont., 41; Sergt. J. G. Coles, Regina, 40; Sergt. C. H. Tyers, Ottawa, 33; Major Northover, Winnipeg, 34; Lieut. S. A. Annand, Calgary, 33; Sergt. L. B. McCallum, Truro, N. S., 28; Sergt. T. Aagard, Calgary, 28.

Additional winners in the sweepstakes are Major Crowe, Guelph, Ont., and Lieut. S. A. Annand, Calgary, and the pier, Georges Carpentier seemed a good-bye today and sailed for home on the steamship Savoie.

Accompanying him were Pierre Mallet, his war comrade and chum and his manager, Francois Descamps.

The length of Carpentier's visit home is uncertain. Descamps said that a specialist would be consulted in regard to the break in Georges' hand and that if it mended as quickly as physicians here predicted he probably would return early in September.

The training camp at Manassas has been retained until August 15, and will be under the direction of Gen. Wilson, Charles Ledoux, the French bantam champion, and Paul Journe, the French heavyweight will be trained there for future bouts. Descamps will instruct Wilson what to do after August 15. It is likely that the camp will be retained after that time so that Georges will have a place to train for his bout with an unnamed American light heavyweight on October 12.

LEAGUE GAME TONIGHT

This evening on St. Peter's grounds the Pirates and St. Peter's will play in the regular league schedule and a real game of ball is expected.

O. A. M.--S. S.

What Do These Letters Mean? Can You Guess?

It will be worth a few minutes of your time to try.

They represent the first announcement of the Most Important Event which will be held in St. John This Summer

To the first person sending the correct meaning of these letters, we will allow a Special Discount of twenty per cent. off all their footwear purchases for one year, for themselves and family.

To the first boy and girl under 12 years, who sends the first correct answer, we will give a pair of Sneakers each.

All answers must be in our store before 10 p.m. Saturday, and the names of winners will be posted in our store on the opening day of our great sale next Wednesday.

EXPERIMENTAL AND RESEARCH WORK VALUABLE

Experimental and research work, promoted by and under the guidance of the Dominion Department of Agriculture, has made great strides in Canada during the past year. It is estimated, for instance, that the discovery of Marquis wheat by the Cereal Division of the Experimental Farms branch has resulted in what growers of the three Prairie Provinces by \$20,000,000 annually, and that the introduction of Preston, Stanley and Thuron wheats into the Prairie Provinces has brought about a gain of at least half a million dollars yearly.

But wheat is not the only grain that has profited immensely through the work carried on at the Experimental Farms. By the introduction of Danbury, Victory, and in particular Banner oats, a gain has been made of over \$9,000,000 annually, while other new grains, such as barley, flax and peas, have proven responsible for an increase in value of \$3,000,000 annually. All of these must and will develop in still greater profit to the country. Experiments in plant breeding work with garden and field crops have led to the discovery of many new varieties, such as the Melba apple, Early Malcom corn, Alacerty tomato, etc. Hardy varieties of tree fruit have been produced of good growth in the Prairie Provinces, while some valuable discoveries have been made in forage crops, notably a perennial red clover, immensely valuable to the stock raiser, has been done by the Division of Chemistry, and by the Division of Botany, and by the Health of Animals, Entomological and Seed Branches. Canada has been shown to be the healthiest of all countries in live stock, a fact which must be attributed in large measure to the excellent system of supervision and control adopted and followed by the Health of Animals Branch.

By its precautionary measures and other activities it is conservatively calculated the Division of Botany has saved the country \$20,000,000 annually, largely by its crusade against smut and its control of late blight and rot of potatoes and other diseases to which plant life is subject. Research work in its laboratories by the Seed Branch has resulted in approximately 100,000 tons of screenings being made of maximum value to the live stock feeder and this is but one of the profitable results that have been achieved. Turning to the Entomological branch, when it is stated that to hold crops alone a justifiable estimate of

THE STANDARD'S FINANCIAL SECTION

NEW YORK HITS LOWEST FOR THE SUMMER SEASON

Only 150,000 Shares Dealt in During Day's Sessions of Wall Street.

MANY DECLINES TO LOWER LEVELS

State of Michigan Bonds Find a Ready Market But Others Are Dull.

New York, July 14.—Business on the stock exchange today registered the low ebb of summer slumps, as it is indicated by the volume of transactions which hardly aggregated 150,000 shares.

Price changes among standard stocks were in keeping with these conditions, holding within narrow limits, but speculative issues of the steel, equipment, oil, motor and utility groups were subjected to wider fluctuations under professional pressure.

Mexico Petroleum again asserted its leadership, both as to activity and irregularity of movement. Its extreme range of about five points culminated in a net loss of 3/4 points. Oils and the general list were at low levels in the later dealings.

Some Weak Spots

Specific instances of weakness included Western Union Telegraph at a net loss of 3/4 points; also Crucible, Bethlehem and United States Steel. General Electric, Chandler Motor and Samatra Tobacco. Rails of the better type moved within a small area, but eased irregularly at the heavy close.

Foreign Exchange

Dealers reported very light operations in foreign exchange, London and the continent again reacting in favor of this market. The proposed bond market was the ready sale in new State of Michigan 20 years 5% issue. Liberty and Victory issues were firm to strong, but rails and industrial again lacked a definite trend. United Kingdom 5 1/2 and Belgian 5 1/2 features the improved tone of foreign bonds. Total sales, par value, aggregated \$10,775,000.

Village Wiped Out

Capreol, Ont., July 14.—The village of Rait's, a sub-division on the C. N. R., was completely wiped out by forest fires which swept this district before a stiff wind yesterday. Two large lumber mills owned by W. H. Bromley, of Pembroke, were reduced to ashes including all the lumber and logs piled there besides 37 carloads of ties, the property of the C. N. R. The financial loss has not been estimated yet.

The fires, which gained headway during the night, were beyond the control of the fire rangers in the morning. Early yesterday the wind shifted, saving the village of Gogama. About noon a heavy electrical storm hit the district, accompanied by hail and rain. The tempest was of short duration and had passed in about twenty minutes during which time the wind reached a velocity of 70 miles an hour and a quarter of an inch of rain fell. Hailstones of huge size accompanied the storm.

London, July 14.—The tone of the stock market was quiet today. Bar silver, 37 1/2 per ounce; bar gold, 115 1/2.

WHOLESALE LIST IS ADVANCING

Dry Weather and Increasing Demand Responsible for Some of the Increase.

In this week's market quotations all changes in wholesale groceries which included beans, cornmeal, cheese, and lard, were for higher prices.

In addition to these other lines were affected, and butter and eggs, lemons and hay were also quoted at an advance on the day.

Wholesale Prices

Table with columns for commodity names and prices. Includes Sugar, Beans, White, etc.

Raw Sugars

New York July 14.—A local refiner bought 6,700 bags of Santo Domingo raw sugar this morning, now due at 2 1/2 cents c.i.f. basis which is 1 1/2 to above the last previous price paid by a local refiner.

Country Produce Retail

Table with columns for produce items and prices. Includes Creamery, Roll, Tub, Eggs, etc.

Green Goods Retail

Table with columns for green goods items and prices. Includes Squash, Cabbage, Cucumbers, etc.

Fruits, Etc., Wholesale

Table with columns for fruit items and prices. Includes Grapefruit, California lemons, etc.

Wheat Market

Winnipeg, July 14.—The local wheat market was irregular today. After a lower opening there was further reaction, but during the last hour considerable strength developed and prices advanced rapidly.

CHICAGO

Chicago, July 14.—Close: Wheat—September, 1.33 1/2; December, 1.33; Corn—September, 61 1/2; December, 60 1/2.

TORONTO

Toronto, July 14.—Manitoba wheat, No. 1 Northern, 1.83 1/2; No. 2, 1.80 1/2; No. 3, 1.78 1/2; No. 4, 1.76 1/2.

PRODUCES EVIDENCE TO BACK STATEMENT

Asserts Fake Wiretappers Were Tipped off in Time to Avoid Arrest.

Atlantic City, July 14.—John J. White, Judge of the New Jersey Court of Errors and Appeals and part owner of the Marlborough-Blenheim Hotel, made the charge tonight that big crooks have been at work here under protection.

HUGE LIQUOR SEIZURE

Boston, July 14.—Tacking a search-warrant to the foremast of the bark 'Tiburion', in the absence of the captain to receive it, prohibition enforcement officers, headed by Field Supervisor O'Donnell, last night raided the vessel whose mission has been a weekly since her arrival here two weeks ago.

How They Work

He told first of a guest at the Chalfonte, who, on the hotel porch was approached by a chance acquaintance who had met on a train from New York.

Was Led to the "Plant"

The Judge said that a few days ago the Marlborough-Blenheim guests reported at the hotel of the fact that upon the invitation of men who were trying to get him into a whirring game, he had gone to their house at 276 North Vermont street and found an elaborate arrangement, including stacks of money, a cashier's window and numerous persons about the public. Personally I don't see the wisdom of much talk now.

GOSSIP AROUND THE MARKETS

There is at the moment a great shortage of Victory bonds of the 1924 maturity. For the past few days they have been practically unobtainable.

LLOYD GEORGE AND DE VALERA IN CONFERENCE

Irish Leader Arrived at Downing Street at Exactly Four-Thirty.

CHEERED AS HE WENT THROUGH THE CROWD

Crowd in Street Recite Rosary While Conference is Going on Inside House.

London, July 14.—Eamon De Valera, the Irish republican leader, arrived at 10 Downing street at 4:30 o'clock this afternoon for his conference with Mr. Lloyd George, set for that hour, when an effort will be made to find a basis for an Irish peace settlement.

The republican leader's arrival at the Premier's official residence was punctual to the minute, as he was exactly at the time appointed that he stopped through the door.

Mr. Lloyd George was waiting him and their conversation over the peace question was begun immediately.

Despite a drizzling rain, a great crowd which had gathered at the entrance to Downing street, waited patiently for the announcement from the momentous meeting. Shortly after Mr. De Valera entered the Premier's house, the crowd knelt in Whitehall and began to recite the rosary.

The Irish republican leader drove directly from the hotel in Buckingham Palace road, used as headquarters for the Irish delegation, to Downing street in a motor car. He was accompanied by Art O'Brien, president of the Gaelic League in London, and R. O. Barton, a member of the Irish delegation.

A large crowd, mostly women, which had gathered about the hotel, swarmed around the automobile as it departed, cheering and waving Sinn Féin flags.

At the Whitehall entrance to Downing street several thousand persons awaited the advent of the Sinn Féin leader. Sinn Féin flags were displayed prominently. As Mr. De Valera walked up the noble driveway into Whitehall and turned into Downing street, the great crowd broke into cheering, intermingled with Sinn Féin yells, some of which were in Gaelic, and men threw their hats in the air. The police quickly formed a cordon around the entrance to Downing street and shut out the curious. Mr. De Valera walked directly into the house from the car, ignoring photographers, who wished him to pose.

In Whitehall and its environs the barricades erected during the Sinn Féin festivities in England were still in place. A large number of extra police were on duty and persons who were in the habit of crossing Downing street or to enter the various government buildings had to show passes which were scrutinized as carefully as any during the Sinn Féin burnings and reports of attempts to be made on government property. In addition to the extra force of uniformed police, there were many plain clothes men in the crowd.

Interviewed in Cabinet Room. Mr. Lloyd George, accompanied by Sir Maurice Hankey, secretary to the committee of Imperial defence, had previously arrived. Sir Hamar Greenwood, Chief Secretary for Ireland, and Austen Chamberlain, the Government minister in charge of the Sinn Féin, arrived shortly after them. Since it had been announced that the conversation between Mr. Lloyd George and Mr. De Valera would be private, it was assumed that the others merely were on hand in case the conferees desired to call them in. The interview of the Premier and the Irish leader occurred in the cabinet room.

Message of Hope. Mr. De Valera received a cable message from the United States, informing him of the postponement of the hearing in the United States on the resolutions of Senator La Follette and Senator Norris in connection with Imperial defence. The message concludes: "America, with implicit faith in your ability and integrity, earnestly hopes the negotiations will terminate in a lasting peace based on justice."

The communication was signed by J. D. Scott and Eugene Kinckadine, the executive committee of the American Association for recognition of the Irish republic.

Mr. De Valera also received many other messages from Ireland, England, the United States and Australia, expressing hopes for the success of the conference.

BIG BRIDGE BURNS. Pittsburgh, Pa., July 14.—The Thirtieth street bridge spanning the Allegheny river here took fire shortly after noon today and was soon burning brightly in spite of the efforts of a large fire-fighting force from both sides of the river to extinguish the flames.

The fire had been in progress only a short time when fifty feet of the bridge dropped into the river. A number of firemen narrowly escaped death as they ran along the wooden floor. A little later 600 feet more of the bridge went down and the firemen expressed the belief that the entire structure was doomed.

Feminine Mergot? The continued disappearance of mopepaper from a well-known club has now been traced to a large female cat, and most of the paper has been recovered from her sleeping basket. It is thought that she was preparing to write her memoirs.—Punch.

LOYD GEORGE AND DE VALERA IN CONFERENCE

Irish Leader Arrived at Downing Street at Exactly Four-Thirty. CHEERED AS HE WENT THROUGH THE CROWD

Crowd in Street Recite Rosary While Conference is Going on Inside House.

London, July 14.—Ramon De Valera, the Irish republican leader, arrived at No. 10 Downing street at 4:30 o'clock this afternoon for his conference with Mr. Lloyd George, set for that hour, at which an effort will be made to find a basis for an Irish peace settlement.

The republican leader's arrival at the Premier's official residence was greeted to the music as it was exactly at the time appointed that he stepped through the door.

Mr. Lloyd George was waiting him and their conversations over the peace question were begun immediately.

Despite a drizzling rain, a great crowd which had gathered at the entrance to Downing street, waited patiently for the announcement from the momentous meeting. Shortly after Mr. De Valera entered the Premier's house, the crowd knelt in Whitehall and began to recite the rosary.

The Irish republican leader drove directly from the hotel in Buckingham Palace road, used as headquarters of the Irish delegation, to Downing street in a motor car which was accompanied by Art O'Brien, president of the Gaelic League in London, and R. O. Barton, a member of the Irish delegation.

Crowd Cheered De Valera.

A large crowd, mostly women, which had gathered about the hotel, swarmed around the automobile as it departed, cheering and waving Sinn Féin flags.

At the Whitehall entrance to Downing street several thousand persons awaited the advent of the Sinn Féin leader. Sinn Féin flags were displayed prominently. As Mr. De Valera's automobile drove along Whitehall and turned into Downing street, the great crowd broke into cheering, intermingled with Sinn Féin yells, some of which were in Gaelic, and men threw their hats in the air. The police quickly formed a cordon across the entrance to Downing street and about the crowd Mr. De Valera walked directly into the house from the carriage photographers, who wished him to pose.

In Whitehall and its environs the barricades erected during the Sinn Féin festivities in England were still in place. A large number of extra police were on duty and persons wishing to pass the barriers into Downing street or to enter the various government buildings had to show passes which were scrutinized as carefully as at any time during the Sinn Féin burnings and reports of attempts to be made on government property. In addition to the extra force of uniformed police, there were many plain clothes men in the crowd.

Interviewed in Cabinet Room.

Mr. Lloyd George, accompanied by Sir Maurice Hankey, secretary to the committee of Imperial defence, had previously arrived. Sir Hamar Greenwood, Chief Secretary for Ireland, and Austen Chamberlain, the Government leader in the House of Commons, arrived shortly after them. Since it had been announced that the conversation between Mr. Lloyd George and Mr. De Valera was to be private, it was assumed that the others merely were on hand in case the conference decided to call a halt.

The interview of the Premier and the Irish leader occurred in the cabinet room.

Message of Hope.

Mr. De Valera received a cable message from the United States today informing him of the postponement of the hearing in the United States on the resolutions of Senator La Follette and Senator Norris in connection with Irish affairs.

The message concludes:—"America, with implicit faith in your ability and integrity, earnestly hopes the negotiations will terminate in a lasting peace based on justice."

The communication was signed by J. D. Scott and Eugene Kinkead of the executive committee of the American Association for recognition of the Irish republic.

Mr. De Valera also received many other messages from Ireland, England, the United States and Australia, expressing hopes for the success of the conference.

BIG BRIDGE BURNS

Pittsburg, Pa., July 13.—The Third street bridge spanning the Allegheny river here took fire shortly after noon today and was soon burning briskly, in spite of the efforts of a large fire-fighting force from both sides of the river to extinguish the flames.

The fire had been in progress only a short time when fifty feet of the bridge dropped into the river. A number of firemen narrowly escaped. Reinforcements were summoned and a fire company was sent out into the river on a barge in an effort to reach the flames which spread with remarkable rapidity along the wooden floor.

A little later 600 feet more of the bridge went down and the firemen express the belief that the entire structure was doomed.

Feminine Mergot?

The continued disappearance of a newspaper from a well-known club has now been traced to a large female cat, and most of the paper has been discovered from her sleeping basket.

It is thought that she was preparing to write her memoirs.—Punch.

OBJECT TO SOME OF POLICE RULES

Nephew of Colonel Roosevelt Has Been Chosen Head of New Association.

New York, July 14.—Announcement was made yesterday of the organization and incorporation of the Heart of New York Business Association. Its purpose is to enroll for the protection of their mutual interests men doing business in the great hotel, shopping and theatrical center, the district extending from Thirty-fourth to Fifty-ninth streets and from Madison to Eighth avenue.

To Stimulate Community Pride.

Promoters of the new organization hold that the present police traffic regulations, particularly between 7 p. m. and midnight, operate greatly to the detriment of many business men in this section and to the advantage of districts further north. The association's prospectus says that it "proposes to stimulate community pride and interest among the business men of the Heart of New York district, to help bring about a fair and proper municipal regulation of the district which will not be detrimental to business interests, the life and happiness of the New Yorker and the visitor, and to perpetuate the name and fame of the world's greatest money spending centre."

Roosevelt Family Interested.

Monroe Douglas Robinson, nephew of the late Col. Roosevelt, is the president of the association. He is one of the Roosevelt family group interested in a coffee house enterprise in the Times Square section. The vice-presidents are Paul Hankel, proprietor of Keen's Forty-fourth street chop house, and Wm. R. Birington, a capitalist with offices in the National City Bank Building. The secretary is Francis H. Deane, who was formerly with the Liberty Loan Committee and afterward assistant manager of the War Savings Bank. One of the board of directors is Earl Carroll, playwright and builder of the Carroll Theatre, Seventh avenue and Fort-street.

THE WEATHER

Toronto, July 14.—Pressure lowest tonight in the lower St. Lawrence Valley and highest in Manitoba. Thunderstorms have been almost general today in Ontario, Quebec and Northern New Brunswick. In the Western Provinces the weather has been fine and warm.

AROUND THE CITY

HOUSE COMMITTEE MET.—A meeting of the House Committee of the Commissioners of the General Public Hospital was held yesterday afternoon, a report from which will be received at the next meeting of the board.

THE POLICE COURT.—One lone drunk has provided the only source for "copy" at the police station for some time. Yesterday morning another tippler was brought before the magistrate and proffered his choice of paying up \$8 or spending the rest of the summer months in the cool of the jail.

WATER WILL BE SHUT OFF.—The water will be turned off the 24-inch main to Spruce Lake this morning at seven o'clock and West Side citizens are advised to lay in a supply to last until evening. The connection with the new 26-inch main is to be made today and this is the reason for the shut-off.

BANK CLEARINGS.—For the first time in some months the St. John bank clearings this week show a gain over the previous year. For the week ended yesterday they were \$5,628,101; last year, \$5,514,246; in 1919, \$5,181,289. Clearings in Halifax this week were less than in St. John. The figures are \$2,473,273; Moncton, \$1,096,744.

THE NURSES' HOME.—Cleaning of the Nurses' Home is practically completed, ten women having been employed there recently. Much of the furniture has been installed, members of the Women's Hospital Aid looking after this part of the work. The day for a public inspection has not yet been decided upon, but due notice of the date will be given in the daily press.

IN CHANCERY COURT.—In the chancery court yesterday Sir Douglas Hazen, chief justice presiding, hearing was begun in the case of Usher vs. Barnes, a matter involving \$15 from an estate. The matter will be continued this morning. D. Mullin K. C. is acting for the plaintiff and J. A. Barry for the defendant. The automobile case of Hanlon vs. four young men before Mr. Justice Crockett was continued.

QUICK JUSTICE.—Leo Dumas, colored, was arrested at Yarmouth Thursday morning on the charge of breaking and entering. He was given a hearing, pleaded guilty, sentenced to 14 days in the reformatory and arrived in the city last night in charge of Deputy Sheriff McMillan en route to prison. This was quick justice, as the arrest was made, sentenced and the prisoner on the way to serve sentence, all done in less than twelve hours.

AUTOMOBILE CASE.—A case arising out of the collision between two automobiles, one driven by Harry Piles and the other by Frank Garton, which took place on the Kingston road some time ago, was held in Magistrate Anderson's court at Renfrew Wednesday night. Mr. Piles and Bruce Kingston each gave their version of the accident. The court adjourned until the evidence of Frank Piles, who was not able to be in court, could be obtained.

SUGAR SHIP DISPUTE.—A. H. Weimore, chairman of the Board of Arbitration, in the dispute between "longshoremen" and the R. M. S. P. in regard to the number of men to be employed at the refinery wharf when unloading sugar, has made public his finding. He finds that there was a technical but not a practical violation of the contract, as fifteen men were employed although only twelve were named by the ship. He recommends that matters go along as they are or that the sling load be increased to seven bags and the fifteen men paid by the ship.

RETURNING TO HOME IN MOOSE JAW.—Mrs. A. A. Graham of Moose Jaw, who, with her daughter Miss Janet Graham, have been the guests of Mr. and Mrs. Robert Reid, 12 Peter street, left yesterday for their home in the West. During their two weeks visit in St. John Mrs. Graham received much social attention being entertained both in St. John and at the summer resorts by many friends of St. David's Church congregation. Mrs. Graham is the wife of Rev. A. A. Graham formerly minister of St. David's.

From California By Automobile

Tourists Arrive in the City After Long and Eventful Trip Overland.

After a long and by no means uneventful trip from Anaheim, California, Mr. and Mrs. E. B. Sprague arrived in this city Wednesday night in their Overland car having left Pasadena on the 21st of May. While in California Mr. Sprague received word that his mother, Mrs. Susan Sprague, of this city, was rather ill, and started for his home here hoping to arrive in time to see his mother before her death but, unfortunately, three weeks after their departure they received word that Mrs. Sprague had died and they decided to finish their journey.

The older son, Leslie, 19 years of age, drove the car the entire distance between California and this province without allowing anyone else to touch the wheel. The party did not spend one night under a roof, but camped out the whole way in a tent which they had. In conversation with Mrs. Sprague she stated that the roads of New Brunswick when the new road at Musquash is finished, will be able to compare favorably with any of the roads in the United States.

The travelling was done mostly in the early morning until noon, and in the evening on account of the intense heat. In coming here they travelled through fifteen states and found the roads very good, excepting in the flooded districts that were caused by the Pueblo flood. There the roads were all gone and houses and railway trains were seen floating down the streets of the city. Out of a big party of 15 cars only two cars got through with them. At Raton, in New Mexico, they had to turn back 300 miles and go through Texas, Kansas and Indiana, on account of no bridges. They went over a bridge on the Rio Grande with both ends of the bridge gone, with the aid of planks from the shore, next morning the bridge was swept away. In Kansas, Oklahoma and Texas the roads were only mud and water, and no bridges to cross over the water and the roads impassable. In Illinois the roads were very good, but in Indiana, Ohio, New York and Maine they were exceptionally fine and much time was made up from that lost in the flooded districts.

In many states the intense heat of the paved roads caused many blowouts and often an inner tube would not last throughout the day. In Arizona and New Mexico the wild scenery was magnificent and the party passed through the Mohave Desert, the Painted Desert and the Petrified Forest. While in Texas, Oklahoma and Kansas the wheat fields were very beautiful, stretching for miles to the horizon but the only drawback, the wheat growers claimed, was the great lack of help to harvest their crops.

The price of gasoline varied in different states. In California the price was 25 cents a gallon; in Kansas Texas and Oklahoma around 21 cents; in Arizona and New Mexico 40, and besides these prices for the gas in some places they were charged for drinking water in the dryer sections of New Mexico and Arizona.

The party arrived without mishap, not having had any engine trouble or brake trouble in their trans-continental trip in which they had many interesting experiences.

Owing to the fact that neither team was accustomed to such deflating grandstand applause, no more than five home runs were batted out by either team. The batteries for the winners were J. Keys and J. Nixon for the losers, J. Paterson and Charles Knowlton. Both batteries displayed wonderful control. The heavy hitters were Robert Magee and J. MacDonald.

After the game the teams and the gallery repaired to the Ben Lomond House where they partook of a most delicious repast and returned to the city later in the evening.

Insurance Men Annual Outing

Seventy-Five Motored to Loch Lomond—Banquet at Ben Lomond House.

Seventy-five insurance men of the city enjoyed their annual outing at the Ben Lomond house yesterday. As it is always the case with the men of the profession, they had a real jolly time. They left the city about 2:30 in the afternoon and motored out to the lake. There the "Bear Cats" of Prince William street took the field against the "Wolves" of Princess and Canterbury streets and defeated them in a game of ball that was full of thrills and exciting triple plays by a score of 19 to 15.

Owing to the fact that neither team was accustomed to such deflating grandstand applause, no more than five home runs were batted out by either team. The batteries for the winners were J. Keys and J. Nixon for the losers, J. Paterson and Charles Knowlton. Both batteries displayed wonderful control. The heavy hitters were Robert Magee and J. MacDonald.

Wide Difference in Concrete Tenders

Mayor and Commissioner Thornton to Study Matter of Safety of "Jitneys."

There was a wide divergence in the bids submitted for the concrete arch over the Newman Brook excavation, ranging all the way from \$14.90 to \$32 per cubic yard, as presented at the City Council yesterday morning. The matter of licenses for "jitneys" and their safety was brought up and discussed and a resolution asking the building inspector not to issue permits for buildings where sewers are not installed without the consent of the Council passed.

Mayor Schofield, presided and Commissioner Thornton, Frink, Jones and Bullock were present. Mayor Schofield referred to a letter from Percy J. Steel complaining of damage done by water to his property at the corner of Elm and Main streets. Commissioner Frink said the condition could be remedied by catch basins—referring to the Commissioner of Water and Sewerage for a report.

Tenders for Concrete.—Tenders for the concrete arch over the Newman Brook excavation were opened and referred to the Commissioner of Water and Sewerage and City Engineer, as follows: Prices quoted per cubic yard: Linton and Saab, \$14.90; James E. Kane, \$28.50; J. H. Burley, \$28.50; George M. Lawry, \$32; B. Mooney and Son, \$24.80; N. J. Lahood and Co., \$15.45; John Flood and Sons, \$19.50; Boone and McDonald, \$24.50.

A letter from W. Frank Hathaway protesting against the running of one-man cars proposed by the New Brunswick Power Co. was read and referred to the Commissioner of Safety. The application of the Canada National and Wire Co. to have their rent continued at \$300 per year was referred to the Commissioner of Harbors, Piers and Public Lands for a report.

A communication from R. A. Davidson asking damages on behalf of his client, Martin McDowell of Penfield, on account of running his auto into a hole on Douglas avenue, was referred to the Commissioner of Public Works for a report.

A recommendation from the revisor, clerk that the tender of A. Milne Fraser of \$275 for the printing of the names of the women voters, 9,000, be accepted was referred to the Mayor with power to act.

Regulations of "Jitneys."—Commissioner Thornton referred to the number of "jitneys" which were in operation and licensed by the city to do business. He expressed the opinion that some of these were not any too safe. It was decided to leave the matter in the hands of the Mayor and Commissioner of Public Safety.

Commissioner Thornton suggested the setting aside of a special place on the north side of King Square for public autos and the Mayor, in whose jurisdiction this comes, promised to attend to the matter.

Commissioner Jones brought up the matter of persons who were where there was no water and sewerage facilities and little prospect of any being installed without great expense and moved the following resolution: "That the building inspector be requested not to issue a permit for any new buildings where there is no sewer without first coming to the Council for its sanction." The resolution carried unanimously.

Good Reports From Enforcement Act

Chief Inspector Satisfied Conditions Greatly Improved Throughout This Province.

John B. Hawthorne, Fredericton, chief inspector under the Prohibitory Act, was in the city yesterday looking after work here in connection with his department. He reported everything working smoothly in so far as enforcement regulations are concerned. He recently returned from a tour over the province. In every section visited, he said, conditions were good, and he found all whom he interviewed satisfied with the work being done by his sub-inspectors.

The Glorious 12th.—Particular attention, he said, was given by his department to the 12th of July celebrations. From all centres where big celebrations were held as has received reports of the noticeable absence of intoxicating liquors, and the orderly conduct of the crowds that gathered.

Some of the localities where celebrations were held, he said, were famous years past for the "glorious drunks" that accompanied the glorious 12th. There was none of it this year and the people were immensely pleased with the change, he said.

The situation in St. John he regarded as very satisfactory. The local inspectors have cleaned up some very disreputable places, and the illegal sale of intoxicants has been reduced to a minimum. On the whole the Act, he thought, was working good for all communities.

POLICE DOING EXTRA DUTY

The members of the police force will not be sorry when the city has returned to normal once more and the necessity of having police reserves in waiting may be dispensed with. During the present trouble, all holidays have been cancelled, and five of the force who were enjoying their summer vacations have been recalled to duty. The hours on duty have also been lengthened; before the men worked nine-hour shifts and the office men eight-hour shifts. At present all the force do duty in two shifts from 7 a.m. to 7 p.m. and vice versa.

Board of Trade Favors Harbor Com.

Council at Meeting Endorses Present Act—Maritime Freight Rates Discussed.

At the meeting of the council of the Board of Trade at noon yesterday, Mr. W. S. Fisher submitted a detailed report of the recent maritime freight conference at Ottawa and of some interviews that he was able to get with respect to maritime freight rates. He made the suggestion that maritime province manufacturers prepare concrete statements on the effect the existing rates have upon their manufacturing, for submission to the Railway Commissioners when they meet next month. Hon. W. H. Thorne, who attended the conference, also presented his views, which agree with those of Mr. Fisher.

Following the freight rates report, there was a discussion on the subject of harbor commission. President Burditt, Hon. W. H. Thorne, M. E. Agar, H. Schmalz, W. S. Fisher, A. H. Wetmore and others declared themselves strongly in favor of the adoption of harbor commission. They thought it would be a serious detriment to the development of the port if the electors of St. John voted against it. They could see nothing injurious to port interests in the Act, but on the contrary regarded it as offering the only available opportunity for a progressive development of the port, which would be helpful to shipping, labor and business interests generally. Senator Thorne, who had been following the matter up closely at Ottawa, was particularly emphatic in his expression of views in favor of the Act.

The secretary submitted a report of an interview he had with Col. Blylock on the matter of the Canadian Chamber of Commerce of Great Britain. It is expected that the Colonel will return to St. John within a few weeks, when the matter of New Brunswick's representation on this committee will again come up.

Many Tourists From The States

Officer Crawford Says Automobile Traffic Becoming Heavy.

In conversation with Provincial Constable Robert Crawford about the roads, he said that the tourists reported the roads were fairly good, although there were some bad places to do business. He expressed the opinion that that needed repairs and some of them spoke on the condition of the road from the One Mile House in to the foot of Waterloo street and expressed his surprise that there should be such a condition of affairs when the Robesay road was all that could be desired as far as good roads were concerned. Officer Crawford also said that there were almost twice as many cars from the United States this year as last, and even with the signs on the poles regulating the speed limit, it was necessary to warn them about passing through the villages at a low rate of speed on account of the numbers of both New Brunswick and foreign cars which traffic on the Robesay boulevard. Some times as many as 25 or 30 cars from over the border were wadded as to the speed limits of the province of a day; often, however, it is necessary to commandeer another car and pursue speedsters who are going too fast. Wednesday the constable prepared a speeding car from the Three Mile House to Renfrew at a forty-five mile clip before catching him and then took him before Magistrate Anderson to pay the penalty for this hurry.

Heavy Rain Fall Greatly Welcomed

Thunder, Lightning and Rain Early This Morning—Extends Over Province.

Shortly after last midnight the city was visited by a severe thunder and lightning storm. It was 2:30 o'clock this morning before the rain started, and it came down in torrents. The thunder was very heavy and the lightning in bright flashes. So heavy was the rain that the streets were turned into regular streams of water and in some cases the catch-basins were overflowed.

The downpour is said to have extended nearly all over the province and will prove a welcome to the farmers, whose crops have been burning up for the want of moisture, while the long spell of dry weather has caused rivers, lakes and streams to fall very low and in a great many cases wells on the farms have dried up, the farmers being obliged to haul water for some distance from rivers or streams.

Last night's storm was reported very heavy in the northern section of the province and caused considerable trouble with telephone and telegraph wires.

Haymarket Cars In Operation Today

There was no change in the street railway situation yesterday. The company continued the operation of the five cars on the main line, maintaining a regular schedule, catering to an increased patronage. The company reports that the operation of the five cars on the main line is in a most satisfactory way, and their permanent crews being rapidly brought up to the full complement of men required.

Car Demonstration.—The commissioner of public safety was given a trip over the road yesterday afternoon aboard the One Man
