We don't ask you to encourage home industry, we ask you to see the quality of goods we manufacture and get our quotations. Goods manufactured by us are considered High Grade in the leading cities of Canada. Foreign woods imported direct from the south.

## MAIL ORDERS

We collect out of town orders, which receive our personal attention. The length of time taken to fill orders is governed very largely by how busy we are in the department of our factory in which the particular goods are made. While we have exceptional facilities for promptly turning out goods, it is important to place orders as far ahead as possible. Orders are filled by us in the volume in which they are received, and customers can always depend on our doing everything in reason to give prompt despatch.

OUR OFFICE IS CONNECTED WITH THE N. B. TELEPHONE BY TWO SEPARATE LINES INSURING PROMPT ATTENDANCE.

## BASEBALL NOTES AND JOTTINGS

### Vics Take New Lease of Life Winning Two Games in Succession

Last Friday evening a schedule game between the Victorias and I.C.R. was pulled off at the bawling yard, before a fair attendance. The worthy president although late was in his usual place notwithstanding the loss of the bet. The evening was one of thrills. A new man was on the mound for the Vics, Rueben which is being interpreted Dickie and he having the best of support had the satisfaction of winning his game. Lavoie as the star utility man operated in the heavy line for the I.C.R. but the big noise as on previous occasion was Clyde Lutz, although he tried to keep it quiet by playing in his stockinged feet.

The Railway boys batted first. I.C.R. Lavoie out at first. Davis out at first. Shirley walked, stole 2nd. Merseureau died to 3rd base. Vics. Mowat struck out. Dickie walked, forced at 2nd on Matthews hit to right field. Roy struck out. I.C.R. LeBlanc hit to right field for one base. Keith hit to right field sending LeBlanc to 3rd. Ingram safe at 1st on error by Mowat, LeBlanc scoring. Roy fled to centre field. Woods safe at 1st on in-field hit forcing Ingram at 2nd. Lavoie struck out.

Vics. Delaney struck out. Fraser walked, stole 2nd and 3rd and got home on overthrow by Merseureau. McLean out at 1st. Young hit to right field, 2nd on passed ball, stole 3rd, home on passed ball. Lutz walked. Mowat hit to right field for 1 bag advancing Lutz. Dickie struck out.

I.C.R. Davis hit by pitcher, stole 2nd, went to 3rd on Shirley's out at 1st. Merseureau hit to left field, stole 2nd while Davis was asleep at 3rd, got to 3rd on LeBlanc hit. Davis out coming home, LeBlanc going to 2nd on the play. Keith safe at 1st on in-field hit, sent Merseureau and LeBlanc to 3rd. Ingram out at 1st.

Vics. Matthews hit to short stop, got to 2nd on overthrow to 1st, stole 3rd. Roy struck out. Delaney safe at 1st on Woods error scoring Matthews. Fraser walked. McLean hit to right field scoring 2 runs and was out stealing 2nd. Young struck out.

I.C.R. Roy hit to centre field and scored on Woods 2nd bagger to centre field. Woods stole 3rd, Lavoie hit to centre field scoring Woods and got 3rd on passed ball. Davis hit to right field scoring Lavoie, went to 2nd on Shirley's out at 1st. Merseureau safe at 1st on error at 3rd, Davis coming home. LeBlanc out at 1st. Keith struck out.

Vics. Lutz safe at 1st on error by Woods, stole 2nd and got 3rd on Mowat's out at 1st. Dickie safe at 1st on error by short stop. Lutz coming home, Dickie got 2nd on passed ball and came home on Matthews hit to right field. Roy safe at 1st and Matthews to 3rd on in-field hit. Matthews scored and Roy to 2nd on passed ball. Delaney out at first. Fraser hit to right field scoring Roy, 2nd on passed ball, scored on McLean's hit to right field. Young struck out.

## DOUBLE DROWNING TRAGEDY SATURDAY

### Canoe Upsets With Four Young People on Upsal-quitch Two Drowned

With feelings of keenest distress the news was received here of a drowning accident on the Upsal-quitch river whereby Effie Firth and Wilson Thomas of Robinsonville both aged 21, lost their lives. It appears that the unfortunate people with Miss Loretta Firth and Mr. Roy Myles were visiting on Saturday night at the home of Mrs. Wm. Mann and had crossed the river in the canoe to call on another friend Mrs. Arthur Murray. Returning about half past eight the canoe by some chance upset throwing the occupants into a pool about fourteen feet deep. Young Myles managed to hang on to the canoe and lent a hand to Miss Loretta Firth, but was in an exhausted condition when rescued by Mr. James Harris and brought to the shore. On being informed that there were three others in the water Mr. Harris again entered the river and diving at a white object succeeded in rescuing the body of Miss Loretta Firth which was taken to Mr. Mann's house and taken charge of by Mrs. Harper and her daughter. The body of Miss Effie Firth was also recovered but artificial means had failed to revive respiration.

By great good fortune Dr. Martin of the district and on his way to the sick call heard moans and cries for help. On crossing the river to ascertain the cause he was informed of the accident and instantly repaired to assist in the resuscitation of Miss Loretta Firth.

At this time it would be twenty minutes after the accident but the doctor assisted by willing hands managed to bring her back from the brink of the grave. The scene when the young lady's life was returning would be impossible to re-enact, her screams and struggles being heart rending to those who fought so well for her.

The body of Wilson Thomas was recovered early on Sunday morning and from the contortion of the limbs it would appear as if he had taken a cramp on his precipitation into the water. Dr. Martin as coroner viewed the bodies of the two victims, but deeming an inquest unnecessary gave the necessary permission for burial.

The accident cast a gloom over the entire community where the young people were well known and highly respected and their many friends feel this terrible occurrence very keenly.

between the Vics and Mechanics brought a goodly crowd with a splendid showing of the fair sex. There were also representatives of the law and the cloth who occupied the expensive seats alongside the railroad magnates, the worthy president and many others too numerous to mention.

Just to show his willingness to help any of the clubs in the league, Clyde Lutz donned the Mechanics uniform and entered into the game heart and soul. The start was a disastrous one for the Mechanics for when the scorers had been able to resharpen their pencils after the first merry-go-round, the sheet presented something like this Mechanics 1, Vics 4. Moores who operated on the mound for the machine boys was unsteady and could not get them over and in the second was derrick-ed to allow young McNutt to show his smoky ball and right well he went into it. With the first six balls pitched he retired two batters who punched holes in our peaceful Restigouche atmosphere six separate and distinct times, and in all struck out eight men. Good man McNutt. In the second affray Lutz who was ambulating the left garden, brought off a brilliant catch of Delaney's fly to the hilarious delight of a number of city fathers, commercial travellers and other frenzied fans, who congregate near the station where Hedley wears his smile. The details which are given free are as follows:

	1	2	3	4	5	6	Total
Mechanics	1	1	1	0	0	1	4
Victorias	4	0	1	0	2	x	7

## TO HOLD CADET CAMP AT SUSSEX

### Good Turnout of Boys From Campbellton Will Enjoy The Outing

The annual cadet camp this year will be held at Sussex from August 15th to August 20th. This will be the first camp of its kind ever held at Sussex and the first cadet camp to be held for New Brunswick cadets only. Last year the camp was held at Aldershot, N. S., and was open for all the cadets in the Maritime Provinces. Those who will be in charge of the cadet camp are putting forth every effort to have the moral standing of the camps as high as possible, and thus all boys who go there must be of good character. Another important move on the part of the authorities is a provision that all cadets must be vaccinated. Free transportation, rations and camp equipment are furnished for the cadets, but they must take with them one plate, a knife, fork, spoon, cup, towel and soap, a change of socks, a comb, hair brush and tooth brush.

There is no proviso that makes it impossible for a boy, not having a cadet uniform, to attend the camp, and any boy between the age of 12 and 18 can attend, whether he has a uniform or not. Great care will also be taken with regard to the sanitation of the camp grounds. The cadets must bring rations for one full day, as the camp cook will not be prepared for the first day in camp.

The camp this year is expected to be an even greater success than last year, and a larger number, it is thought, will attend from here. Last year Canada was the leader in cadet camps in the world, and the movement is growing more popular.

The Campbellton contingent which will be under the command of Instructor Chas. F. Archer is comprised of the following:

## SHOULD BE A GALA DAY HERE THE 15TH

### B. & A. Railway Will Run An Excursion to Campbellton Next Thursday

The Bangor and Aroostook Railway will run an excursion over the International Railway to Campbellton on Thursday next. The excursion train will leave Houlton, Me., on Thursday morning at 7.40 and stopping at all stations including Fort Fairfield, Presque Isle, Caribou and Van Buren. They will then be transhipped to the International Railway at St. Leonards leaving there at 2.30 p.m. and arrive here about 7.30 p.m. Arrangements have been with the local hotelkeepers for the accommodation of the excursionists, who will number from 800 to 1000, and any persons who may have rooms to let for a nights accommodation are requested to hand in their names to this office with a list of how many they could prepare for. For the return journey the train will leave here sometime on Friday evening thus giving the visitors a day and night in town.

With regard to this excursion a special meeting of the Baseball Executive was held on Tuesday evening and arrangements made to have a ball game in the afternoon. The team to oppose the visitors has not been picked, but C. R. Merseureau was appointed Captain and Clyde Lutz manager and a selection has been made and the team will be chosen from those who can show results in the practise games. Arrangements are also being made to have a cruise on the S.S. Canada to Dalhousie and return on the morning of Friday returning here by dinner time.

It is felt among a large number that we should make this a gala day in town, and perhaps have the stores closed on the afternoon of Friday at least during the time of the ball game. Those who visited Fort Fairfield recently are loud in their praise of the manner in which they were royally treated and they feel it is up to the citizens to repay the debt. It would be good for the business of the town to show this big body of Americans that we are alive to the possibilities of their trade and by treating them well, leave a good impression with them for future uses. Further particulars regarding the details will be furnished from the advertising posters which the B. & A. Railway Co. are sending out.

## REGRETS

The Graphic management apologises to its United States subscribers for sending only partially printed copies of last weeks Graphic. The unusually large street sales of the news boys took up more than our usual number for this and we were over a hundred copies short, when our mailing clerks came to do up the U. S. mail which is the last to be handled. The press was therefore started again and the four local pages printed and mailed. We will try to prevent this happening again. The circulation of the Graphic is climbing steadily and will soon pass the 3000 mark.

about six weeks when it was inspected by Major W. F. Outhit of Halifax and carrying off the seventh prize out of about 85 or 90 cadet corps in the Maritime Province. Could arrangements not be made for the corps to enter a team for the shooting competitions at Sussex? We have good material among the boys, and a few lessons would put them in good shape.

## "Goldenberg's Sale"

Will only last a few days longer. Take advantage of the last few days of our sale, for we have lots of odds and ends which must be cleared.

New goods are also arriving daily which are marked down.

We have made another reduction on the balance of our Ladies' Waists and Whitewear as we don't want to carry any over for next season.

Come and see us before buying elsewhere, for you are sure to find all you need in our store at greatly reduced prices.

### THE CANADIAN NEWS-PAPER DIRECTORY

Messrs. A. McKim, Limited, of Montreal and Toronto, have just issued the 1913 edition of the Canadian Newspaper Directory. The Canadian Newspaper Directory lists and describes 1,688 periodicals in Canada and Newfoundland. Of these 152 are daily, 1,279 weekly or semi weekly, 232 monthly or semi-monthly, and 25 are published less frequently. This is a considerable increase over the last edition. There is also a specially selected list of leading British publications which will be of much use to those interested in Old Country trade. In addition, the Directory supplies a comprehensive Gazetteer, giving the population, the chief industries, the railways, the telegraph and banking facilities and other interesting features of every newspaper city, town or village in Canada. The work contains over 495 pages. It is well bound and is a credit to the publishers. Messrs. A. McKim, Limited, are the pioneers in the advertising agency field in the Dominion, the McKim Agency having been founded in Montreal in January, 1896, twenty-four years ago, by Mr. Anson McKim, who is still head of the business which has been developed from a very small beginning to a very large producing enterprise. No other agency is in closer touch with the publishers of the Dominion than McKim's, and they are therefore able to get reliable information. The price of the 1913 Directory is \$2.00.

### WOMAN GAMBLERS IN PHILADELPHIA

#### Three Hundred of Them Are Workers in Mills

Philadelphia, Pa. Aug. 4.—Three hundred women gamblers, working in the mills and spending their money on baseball "pools", have been counted by Detective Charles Lee, head of the vice squad here. Harry Reed has been arrested and held in bail before Magistrate Coward, charged with operating one of the pools.

Lee says 1,800 persons gambled on ball games at the place each week, most of whom were women. The chance cost twenty-five cents. Parents and husbands have appealed to Superintendent of Police Robinson to prosecute operators on all pools.

In one of the pools, it was shown by the police that the operator collected each week approximately \$450, of which \$150 was paid out in prizes, and \$300 was "velvet" for the man who ran the pool. The police say that the investigations made thus far have shown that in some sections of the city more women, many of them married, and girls play the "pools" than men, and boys. All of the women and girls are not baseball fans.

### CADET CAMP WILL BE HELD AT SUSSEX

Fredericton, Aug. 6.—The annual cadet camp will be held at Sussex from August 15th to August 20th. Last year the camp was held at Aldershot, N. S., and was open for all cadets in the Maritime Provinces. Free transportation, rations and camp equipment are furnished for the cadets, but they must take with them one plate, a knife, fork, spoon, cup towel and soap a change of socks, a comb, hair brush and tooth brush. Anybody between the age of 12 and 18 can attend. Great care will be taken with regard to sanitation. Rations for each day must be provided by each cadet.

A vast amount of ill health is due to impaired digestion. When the stomach fails to perform its functions properly the whole system becomes deranged. A few doses of Chamberlain's Tablets is all you need. They will strengthen your digestion, invigorate your liver, and regulate your bowels, entirely doing away with that miserable feeling due to faulty digestion. Try it. Many others have been permanently cured—why not you? For sale by all dealers.

### WOMAN CONVICTED BY WOMAN'S JURY

St. Louis, Mo., Aug. 4.—The first women's jury to be empanelled in Illinois since the recent enfranchisement of the sex in that state, last week convicted a woman in a justice court in East St. Louis, Ill.

Mrs. Blanche Thomas, charged with disturbing the peace of a neighbor, asked for a jury of women.

A fine of \$5 and costs, was filed by the jury.

Five of the jury were stenographers, one was married, and four were under the legal age. The trial lasted three hours and it took the jury less than ten minutes to agree upon a verdict.

One of the most common ailments that hard working people are afflicted with is lame back. Apply Chamberlain's Liniment twice a day and massage the parts thoroughly at each application, and you will get quick relief. For sale by all dealers.

"Do you think my daughter has any real talent? Have you any idea that she will ever be able to sing well?"

"Do you find," replied her teacher, "that it is a hardship for you to go on paying for her lessons?"

"Oh, no. I can pay for her lessons all right as long as necessary, but—"

"Then I can assure you that she undoubtedly has great talent."

"How do you suppose Stegins ever came to write me such an elaborately sarcastic letter about so slight a matter?"

"Very possibly," replied Miss Cayenne, "he has just employed a new stenographer and is trying to show off."

## CONVENTION OF SUNDAY TEACHERS

Full Report of Convention of Sabbath School Teachers at New Carlisle

We are indebted to Miss M. E. Gerrard for the following report of the proceedings at the recent convention held at New Carlisle.

The Restigouche and Bonaventure Counties Sunday School Association met in convention in the Presbyterian Church in New Carlisle on the 22nd, 23rd and 24th July 1913.

Meeting opened at 7.30 p.m. on the 22nd with devotional exercises led by Rev. J. H. Jenner. Then he spoke a few minutes on the words from John 17:3. "That they might know Thee." Is it possible for man in his finite being to know God? It is not only possible but absolutely necessary if we would enter into eternal life.

We do not get to know a person by shaking them by the hand, but only as life touches, that is the way to know God, when our life touches his in the spirit.

After singing "Tell Me The Old Old Story" the County President, Mr. Thos. Clark took charge. He said he was glad to be at convention, to see the place, meet the people and get acquainted with the workers on that side of the bay. It is stock taking time with us, we sum up what has been done. The work in the Sunday School is the Masters work and we need to get a close hold on Him. We then had a verse of "Whosoever Heareth", and the committees were appointed as follows:

Nominating—Mrs. Jas. Shearer, Mrs. John A. Gilker, Mrs. Bruce, Mrs. A. H. Ingram, Mrs. Duvald Stuart and Mr. Percy Carter.

Congratulatory—Miss Mamie Firth and Miss B. Hoogard.

Resolution—Rev. J. H. Jenner, Rev. J. E. Purdie and W. S. Jacobs.

We then had a very hearty address of welcome read by Rev. Mr. Sutherland, which was replied to by Mr. J. T. Reid.

Rev. J. E. Purdie then addressed us on "Some of the Essentials of Christian Service". The church has lots of anarchy, but she lacks power. The disciples went fishing and caught nothing, though they had boats, nets and experienced men, because they went entirely on their own impulse.

We must be alone with God, and with his word before we can bring "His Message" to the little child. The Price of Power is the surrender of the will. Denial of Self.

It must be the Masters own prepared message. If it were our own we might be discouraged, as it is His we ought to be encouraged.

The offering was then taken and a solo was sung by Mr. J. T. Reid.

Then came an address by Rev. Mr. Kirk. We need to get a vision of man in his need. We need to be a friend of man. The real need of life is the salvation of God, the real evil the danger of sin. No services done for the Master but receives its reward.

Session ended with Hymn 562 and benediction by Rev. Mr. Jenner.

2nd Session opened with devotional exercises led by Mr. W. S. Jacobs, who spoke to us on the words "Draw nigh to God and he will draw nigh to you." God is a God of love and only our sins can separate us from Him.

Mr. Clark took charge and minutes of last session were read and approved.

Then came reports from the Superintendents—Supt. of Temperance reported that she had written all the schools but had few answers.

Supt. of Elementary work reported having written 36 letters, but only got 23 replies, 7 schools reported having Cradle Rolls and 2 were going to start soon.

Supt. of Home Department reported a total of 181 pupils and 16 visitors.

County Secretary's report showed 21 schools against 11 reporting last year, teachers and officers 141, scholars 1216, Cradle Roll of 162, Home Department 208, total enrollment of 1721. Six schools have Cradle Roll and 9 Home Departments, a good showing but one that can be much improved on.

We then had a conference on the needs of the work in which a great many good thoughts came out. One said it was a wide subject, and we need more consecrated workers to carry it on. How can we feed the lambs, if we do not love them and love the Master.

If we begin the work in weakness we find we grow stronger, and the President summed up the different things spoken of with Paul's advice to Timothy, "Study to show thyself a workman needing not to be ashamed rightly dividing the word of God".

Session closed with benediction by Rev. Mr. Jenner.

3rd Session opened with devotional exercises led by Rev. Mr. Kirk, who spoke on the words "That good part which shall not be taken from us".

The President took charge and minutes were read and approved.

Then Rev. Mr. Bennett addressed the convention on "The needs of efficient teachers." They realize they can do nothing without the Spirit. That they believe the scriptures to be the Word of God. Live by the word of God. Study the word that we may learn the way, the truth, the life. Study the child that we are to teach. Make much of Christ crucified. Look to the homes from the children. Do they have family worship in the home? Do you have it in your home?

We then had hymn "Sing them over again to me" and Rev. Mr. Jenner addressed us on Evangelism in the Sunday School.

All teaching is not evangelism. Evangelism is not teaching the child to be moral, but it is teaching him the love of God. Faith is not confidence in the word of God as it is

## PLEASE PUBLISH MY TESTIMONIAL

So Other Sufferers Will Take "Fruit-a-lives" And Be Cured

Gratitude—heartfelt gratitude—prompted this letter. Madame Langlois was so thankful to "Fruit-a-lives" for restoring her to health and strength, that she gladly allowed her letter to be published.

MADAME VALERIE LANGLOIS

St. ROMUALD, QUE., SEPT. 23rd, 1912. "I have pleasure in stating that I have been cured of severe Dyspepsia and Chronic Constipation by using 'Fruit-a-lives.' I was a terrible sufferer from severe Constipation for many years, and I tried every remedy I heard of, and also was treated by physicians without any permanent benefit.

Then I tried 'Fruit-a-lives' and this fruit medicine has completely cured both the Constipation and Indigestion. I cannot praise 'Fruit-a-lives' enough."

MADAME VALERIE LANGLOIS. 55c a box, 6 for \$3.50—trial size 25c. At dealers or sent postpaid on receipt of price by Fruit-a-lives Limited, Ottawa.

us to rest on his promises and obey his command. We have to experience the Grace of God before we can teach it to others.

We need knowledge of the New Testament because it gives the fuller revelation of God through Christ. We need to know the child, and to put forth organized efforts, such as Decision Day, etc.

Then came an address by Rev. J. E. Purdie on "The study of the Bible."

The Bible is a divine and a human book. It is a unit many authors but God thought it all. It has unity of time, of place, of subject, of relationship and of contents. The four gospels are the history of Our Lord's life.

How to study the Bible. For ourselves first, then for others for we are saved to serve.

Essentials to study of the Bible. A spiritual mind, the love of the Bible, willingness to work, there are lazy Christians, obedience, study prayerfully, surrender our wills, have a child-like mind, study it right through beginning at Genesis or study a book at a time.

Study typically, such a sin, love and joy and follow those right through or biographically, following the life of some person through to the end.

Then after singing Hymn 548 we had an address by Rev. T. P. Drumm on "Missions in the Sunday Schools." The Bible is a missionary book from cover to cover. The Bible speaks of God who loved the whole world. Dare we treat missions with indifference? The true Christian must think of other people. Missionaries of the future will be found in the Sunday Schools of today. Don't ask the child to be still, give them something to do, speak kind words, do kind deeds, such as taking flowers to the sick comrades.

4th Session opened with an open air service in the church yard led by Rev. J. E. Purdie who spoke the words "Ye would not come to me that ye might have life." Some people will go a long ways, in the way of respectability, or morality, but will not come to the Christ.

The first reason men do not come is sin. Fear of men keeps multitudes away from God. An unforgiving spirit. They cannot forgive someone who they fancy has done them wrong. Self-will and pride also keep men away.

After adjourning to the church the President took charge and the following officers were elected:

President—Mr. M. A. Kelly.

Vice-President—Mr. Robt Keith.

County Secretary—Mr. J. T. Reid.

Supt. of Temperance—Mr. J. Collier, Mrs. R. H. Montgomery.

Supt. of Elementary Work—Mrs. J. C. Ferguson, Mrs. Geo. Gilker.

Supt. of Home Department—Mrs. D. I. Bruce, Mrs. Angus Campbell.

Supt. I.B.R.A.—Mr. Carter, Miss Katie McNair.

Supt. Teachers Training—Rev. J. E. Purdie, Rev. J. R. Miller.

Supt. Adult Work—Mr. Clark, Rev. Mr. MacCallum.

Report of Credential Committee showed a total of 40 delegates made up of 6 pastors, teachers and scholars.

A conference on the Boy Problem was then opened by Rev. Mr. Jenner, in which several took part.

Then we had an address by Rev. T. P. Drumm on the words "I go fishing." They were the same disciples, but not the same, because they had been with Christ for three years, so we have to go back to our places after being at the convention, let us do better work for being here.

Then the closing words were spoken and one of the best, if not the very best convention I have ever attended came to a close with the Doxology.

## MACHINE INSTEAD OF STENOGRAPHERS

Invention is an Adaptation of the Phonograph For Business Purposes.

The business world is going to dispense with its army of stenographers, according to the news from Paris. The author of a letter simply talks at a machine, the machine makes a record of the words by dots and dashes through a thin cloth, then the cloth is mailed to the party looking for a letter, who puts it into a machine which grinds out the same noises which were spoken into the other machine. The process was invented to take testimony in courts, but it has been reduced to a science and put out so cheaply that every business man who has another writing letter for him can afford much better to buy the receiving and the interpreting machines, and the cloth supplies, than to employ a stenographer.

And there is another relief for the human being. There is no spelling, letter maker just says at the acceptive machine, "See here, Jones, I need the money for the bill enclosed, and must have it right away without any further fussing or procrastination, on your part." Nobody has to stop to look up the dictionary to spell any of the words, because there is no spell to it. It is all a matter of sound reproduction, and there is no chance for the stenographer to make a mistake. The producer may read his own letters by simply putting the impressed cloth on the interpreting machine, to make sure that he has not been too harsh in writing Jones about that little bill, and if there is any part of the epistle he does not care to have repeated he can fill in the cloth to prevent repetition.

The invention is an adaption of the phonograph that it may have an important mission all over the earth, and thus revolutionize the growing tendency to dictate letters and orders to the second person for transcription on typewriter, with the chance of the main point being left out or the ideas twisted to mean something else.

## THE MINING INSPECTORS

An Ontario exchange says:—The geological and mining branch of the Department of Lands, Forests and Mines has always been commendably free from the taint of partisanship and politics. Subjects that have arisen have been treated not from the viewpoint of what good it would do the party, but what value it would be to the mining industry.

One of the best administered branches of this service is that of the mining inspectors. Mr. E. T. Corkill goes to the Canadian Copper company as Safety Engineer and Mr. Sutherland will move to Toronto.

For many years Mr. Corkill was asked to cover the whole of Ontario. It was an impossible task for one man, but the government would not give any further assistance until it was demonstrated that Porcupine would be a permanent camp. Then Mr. Sutherland was appointed to care for Northern Ontario precious metal camps. In the two years that he has been seeking to prevent accidents in every nook and corner of Northern Ontario, it is no flattery to say that he has won golden opinions. He had at once the confidence of the mine managers and the sincere respect and liking of the men.

It was in Mr. Sutherland's favor that he had worked underground at nearly all the jobs he was asked to safeguard the men in, and he therefore knew pretty well what dangers to look for, and what conditions of work to seek to remedy. He is a graduate of Queens, but between the time he left Kingston to the day when he received a call in British Columbia, to Colalt he might have said in the words of Kipling:

"But Gawd, what things are they haven' done? I've turned my hand to most, 'an' turned it good."

Mr. Fraser Sutherland is a son of Rev. J. M. Sutherland of New Carlisle.

## SUFFERED EVERYTHING

For Years, Restored To Health by Lydia E. Pinkham's Vegetable Compound.

Canadian women are continually writing us such letters as the two following, which are heartfelt expressions of gratitude for restored health:

Glanford Station, Ont.—"I have taken Lydia E. Pinkham's Vegetable Compound and never found any medicine to compare with it. I had ulcers and falling of womb and doctors did me no good. I suffered dreadfully for years until I began taking your medicine. I also recommend it for nervousness and indigestion." — Mrs. HENRY CLARK, Glanford Station, Ont.

Chesterville, Ont.—"I heard your medicines highly praised, and a year ago I began taking them for falling of womb and ovarian trouble. My left side pained me all the time and just before my periods which were irregular and painful it would be worse. To sit down caused me pain and suffering and I would be so nervous sometimes that I could not bear to see any one or hear any one speak. Little specks would float before my eyes and I was always constipated."

"I cannot say too much for Lydia E. Pinkham's Vegetable Compound and Liver Pills, for there are no medicines like them. I have taken them and I recommend them to all women. You may publish this testimonial." — Mrs. STRAVER J. MARTIN, Chesterville, Ontario, Canada.

## PROGRESS

Since the fire no one can deny but that we in Campbellton have made great strides, in making unto ourselves a cleaner, brighter and better town, for every visitor who comes here congratulates the town on the progress made and wishes us further prosperity. The citizens have certainly done their part, and just to be in keeping we might ask the Town Council to do a little progressing on their own account.

Following our remarks of a recent date regarding Tax Notices, would it not be well for the Council to take into consideration the matter of the assessors? The system which is now in vogue is all right for a small township of 500 people, but utterly inadequate for our present day needs.

In order that our readers may be kept from the error of thinking we are knocking the town or the assessors let us rehearse the present procedure. Three assessors are appointed, they make their valuation, the roll is given to the Town Treasurer, who immediately issues a notice as by-law required, giving the ratepayers ten days to pay their taxes and receive the discount. The taxpayers receive their papers anything from three to ten days after the date of the Treasurers notice, which tax paper only states the amount of the tax, not the amount the ratepayers has been assessed on. If any ratepayer happens to own two or more properties

he is utterly at a loss to know how much he has been assessed on each. If he should feel aggrieved over the amount of the assessment he can present a petition to the Town Council but by the time it has been dealt with the time for discount is passed and the thing is finished.

We have now come to a stage in our civic career when a resident assessor is required, and the proper mode of his procedure is this. After all properties have been surveyed, the assessor makes up the valuation roll of all taxable property, setting out each property in its own section for comparative purposes. He then issues to every taxpayer a notice called a valuator's notice which sets forth that the person addressed has been assessed for a certain sum on the above stated property. Full details as to Real Estate Income and personal effects should be stated on the notice. The ratepayers are then allowed fourteen days to appear before the assessor in his court to give evidence on their complaint of wrongful assessment. These complaints are dealt with by the assessor who may or may not accept legal advice on the matters in review, and should the ratepayer still feel aggrieved he may appeal within seven further days to a J.P. sitting specially to hear such cases, whose decision is final. The roll is then finished by the assessor, the tax notices written out and stamped and the notices and roll handed to the Treasurer on the same day.

Everyone by this time knows exactly what his amount is going to be, and when the tax paper is presented if he wishes to take advantage of the discount he is ready to pay. This is a rough outline only of what is a just and business like system and should commend itself to the business men in the council.

We understand that the I.C.R. employees are not at all pleased with the way things are going and there is not the slightest doubt that the feeling among the employees is one of sympathy with those who are fighting for recognition and better wages. As one employee said "there is too much paid at the top and too little at the bottom."

What about that Post Office clock? We understand the time-piece has been in the custom house for the last three months, after lying at the freight shed for a few weeks. Can our local patronage dispensers not get the Public Works Department to pay out the \$200 required in duty and get this much talked of clock out of bond.

## EXCURSIONS ON THE INTERNATIONAL

Richards, that thriving little town along the International Railway, will de-en-fete on Tuesday the 19th of August when a church fair will be held organized by Rev. Fr. Melanson. To accommodate the large number of visitors who are expected the I.N.R. will run an excursion train from St. Leonards to Richards and return at a one way fare. Intending excursionists from Campbellton will travel on the morning express from here.

On Labor Day another excursion will be run from St. Leonards to Anderson at the same rates, excursionists from Campbellton receiving the same privilege traveling on the express.

## LOCAL ITEMS OF INTEREST

Newsy Notes of Town and Country Happenings Gathered by Graphic Reporters.

### NOW IN PLACE

The old shack of the Baptist church has now been placed in position at the rear of the Salvation Army lot.

### FOR GASPE

A large number took advantage of the cheap trip to Gaspé regatta run by the S.S. Canada on Wednesday.

### RUNAWAY

While Mr. Wallace was moving a small building on Jackson Street on Tuesday his horse took fright and broke away from the post he was tied to, but was easily captured.

### FOR HOLIDAYS

Rev. T. P. Drumm whose health has not been the best for some time leaves this week for a holiday which he will spend in Nova Scotia.

### NEW PICTURE HOUSE

The contract has been signed and work commenced on the new picture house on Rosebury street, to be built by Mr. L. T. Joudry. Mr. A. C. Belle-Jale has the contract from plans prepared by Mr. P. H. Blyth.

### DISTINGUISHED VISITOR

Last Sunday, Dr. Whittier who has just arrived from Australia, was a visitor in St. Andrews church. He is a cousin of the poet John G. Whittier, and stayed off at Campbellton en route for St. John.

### HAYING

Buy your haying tools at B. A. MOWATS.

### SCHOOL SUPPLIES

Miss Andrew has been appointed Vendor of School Books, and she has just received a large consignment. Those requiring a supply should call early, and avoid the rush incident at school opening. Aug. 5-3w

### JUDGE LANDRY

Frederick Glenister, At the High Mass in St. Dunstan's Church on Sunday morning, Father Carney offered prayers for Judge F. A. Landry, who is seriously ill at his home in Dorchester. Father Carney also paid a glowing tribute to Judge Landry, characterizing him as one of the leading Catholics of New Brunswick and one of whom the Catholic people were proud.

### WAS PLEASED

The Graphic Office turns out each week a large quantity of general printing, and it invariably satisfies its customers. This week we printed some stationery for a gentleman who has heretofore used lithographed letter paper, and he complimented us upon the artistic appearance of our work, stating he liked it better than his former litho work. Every merchant in the Bay Chaleur country should patronize the Graphic office as we have the largest and best equipped job printing office north of Moncton, and we do better work than most city offices.

### TUG RAISED

Diver Edward Lacey, of St. John arrived home Wednesday morning from Bay Chaleur and is receiving the congratulations of his friends on his success in having raised and saved a large steam tug called the St. Isidore owned by the Prescott Lumber Company on the Benjamin River. Last spring she got caught in an ice flow off Dutch's Cove and it is thought that one of the dead lights was broken in the ice jam causing her to fill and sink about 150 feet off shore.

### SERIOUS ACCIDENT

On Thursday morning when Mr. Donald Currie was driving to work, he met with a serious accident. When passing the school a bolt slipped from one of the shafts and the horse started, made off at a gallop, overturning the buggy. Mr. Currie could not extricate himself and was dragged a considerable distance down Andrew street before the horse was captured and the injured man released from his position. He sustained bruises on the arms face and body and required to have two stitches in his nose which was split open.

## WANTS NAVY QUESTION FROM POLITICS

### Significant Speeches at Pacific Coast Gatherings

Vancouver, B. C., Aug. 4.—Sir Richard McBride thinks that the naval question should be altogether taken out of the realm of politics and left with the experts to decide.

This view, given in a public speech on Saturday, follows significantly a speech of Captain Halsey of the New Zealand in Vancouver on Friday night. The diplomatic commander of the ship, took occasion to suggest that it was hardly a matter for shame in Canada that this country had not yet been able to decide in exactly what way her assistance to the Imperial defence should be made and added:

"I know you want to do your duty and share in the defence of the empire. I have read of the debates in your House of Commons, and anyone must see that money is not the question, but that you are trying to decide the question of the right way to do your part and you are quite right in arranging these matters for yourselves. Experience is the only way in which to learn."

Sir Richard McBride suggests that Canada, it being admitted that she is ready to do her full duty for the Empire's protection, might very well refer the whole subject to the Admiralty in order to learn how most effectively to aid the mother country.

The Premier said the policy of his government was absolutely to prohibit the entry of Orientals to Canada's Pacific coast.

### RIVER CHARLO

Having not seen any news from this place for some time, I thought a few notes might be interesting to some of the readers.

The weather of the past few weeks has been very favorable to the farmers. Reports from over the county say that the crop this year will be a good one.

The salmon season is about over and the fishermen are well pleased with the catch. Mr. P. Hamilton has shipped three carloads of salmon to the British market, and is sending another this week. Mr. J. Reid has also sent several carloads to the old country.

The new mill built by the Richard's Lumber Co., will begin sawing this week. It is the intention of the company to start building a long lumber mill near the other one.

Among the many visitors in Charlo at present are Mr. and Mrs. R. J. Hamilton and family of Edmonton who were the guests of Mr. Hamilton's brother, W. M. Hamilton.

Mr. and Mrs. Geo. Reid and daughter, Lorraine of Kansas are spending the summer with friends here.

Messrs W. K. Jamieson and P. W. Hamilton have returned from a business trip to Quebec.

Mrs. Hastings of Barton, Vermont, and Mrs. W. Hayes of Notre Dame are the guests of their parents, Mr. and Mrs. P. Hamilton.

Alex. Jamieson who spent Sunday at his home here has returned to his duties in Campbellton.

Messrs Clinton and Alexander Dickie of Douglastown arrived in Charlo on Friday last and will spend their vacation with Mr. and Mrs. Robert Dickie.

Misses Annie and Nellie McLean of Winnipeg are spending the vacation with their parents Mr. and Mrs. Donald McLean.

Irvine Hamilton of Rainy River, Ont., arrived home yesterday morning and will spend some time with friends here.

Mr. W. A. McPherson who was visiting friends here for the last few days has returned to his home in Port Daniel Centre.

Mr. C. R. Purves who was called to St. John by the serious illness of his sister, has returned to his home here.

Mr. P. W. Cook has gone to Montreal on business trip.

### BROADLANDS

Miss Isabelle Dickson has returned from New Carlisle where she has been attending her convention.

Mrs. T. Dickson and son Donald were in town on Wednesday.

Mr. R. T. Dickson was visiting friends in River du Loup on Monday.

Mr. Wm. Gregorie is visiting friends in New Richmond this week.

Quite a number of the young people took advantage of the fine evening on Monday and drove to Oak Bay Mills to attend the concert there.

### HOW LADIES SHOULD BEHAVE

Children's opinions on most subjects generally are interesting and amusing, and on such a subject as the behaviour of their elders it ought to be doubly so. I asked a class of nine-year-olds to write a composition on "How Ladies Should Behave," and some of the information I received is, I think, worth passing on. I will give one boy's composition in full, just as a fair sample, and then make selections from the rest:

"Ladies should not go with bad company, because it will disgrace their family. They should not go to Five-cent Theatres; but go to some play that is by Shakespeare, or some of the other plays.

"And if they are introduced to somebody they do not know, they shake hands, and the person that introduces them says: 'This is Miss—, Mr.—.' 'Glad to meet you,' then they say, 'Did you come from—?' 'Yes, did you?' 'Yes I did.'

"If they go to a reception, they should put on their best dress, and shake hands with the person that invites them, and then go around and meet the other people they know.

"At the table, they should not put their elbows on the table; and they should not talk when somebody else is talking. They should not grab hold of their knife as if it would kill them.

"They should go to church on Sunday, and get the meals ready, and take care of the children and teach them to be good."

Some of the things requisite to a lady's character might be enumerated as follows:

A lady should have good manners. She should keep her shoes clean. Ladies should have their husband's supper ready when he comes home for it. Ladies should look after their children and give them a nickel once in a while. Ladies should stay at home and be good to their husbands, and do what their husbands tell them. Some have no husbands, so those who have them ought to be good to them. They should get married when they are about twenty-five years old. Young ladies should answer grown-up people promptly.—Donald A. Fraser in THE CANADIAN MAGAZINE

### THE RUSH TO JOIN THE ARMY

Colonel Denison, the magistrate of the Toronto police court, is a very genial, very informal, rather sophisticated old gentleman with confidence of his own eyes and ears, and a faculty of quick decision. Sometimes the prison habits, who wouldn't feel natural unless they were riding to or from jail, try to touch him in a vulnerable spot, says Robson Black, writing in August CANADA MONTHLY under the title of "A Dollar and Costs."

Four American race-track sharps were arraigned on charges of vagrancy. The first said "not guilty, your honor," the second "not guilty, your lordship," the third "not guilty, your excellency," and the fourth "not guilty, your highness."

"What's this, what's this?" spoke the Colonel, amazed; "I would like to know who has been training this American quartette?"

"I wouldn't worry," suggested Mr. Robinette, "they probably think they are facing the Privy Council."

"Now, Colonel," argued a freesoed drink fiend, smiling a smile of bogus mirth, "I'm an Old Country army man like yourself, and had my little fall and want a chance to find a job."

"Army man, eh? whereabouts?"

"Dublin Fusiliers, sir."

"You ought to be ashamed to be where you are. Clear out and don't come back."

The next prisoner was a hall-marked Italian. "Colonel," said he, "I expect you be easy wid another ole army man?"

"Old army man, eh? What regiment?"

The prisoner thought a moment and replied "Cork."

"Cork what?"

"Cork Refuses," he faltered.

"To the jail," cried the Colonel, and then he looked sardonically at the clerk of court and remarked: "Did you ever see such a rush to join the Army?"

"What is your favorite diversion in summer?" asked the serious glib.

"Reading," replied the young man who was trying to make an impression.

"But don't you need outdoor recreation?"

"Yes, I stand outdoors and read the baseball bulletins."

### ONLY A BOW O' WHITE

"Really, Jeanie, how silly you are, always and everywhere to wear that little bow o' white. Isn't it a bit ostentatious as if you wish to show off your zeal for temperance, and appear better than other people? We all know that you don't wear it to tell people that you are a reclaimed drunkard."

"Hold there, Maggie, dear; it is true that I have never fallen under temptation's power; but what if a poor erring sister, one in whom the awful hereditary drink crave has been aroused by some old-fashioned doctor's prescription, in an hour of weakness, seeing my bow o' white, and sure of a sister's sympathy, comes confiding to me her sore temptation, may not this tiny bow prove the first link leading her up to the true source from which all real help comes in the Great Father-heart above?"

"At my friend's dinner table, may not my quiet refusal to take wine, and the sight of my bow o' white, with its twin emblem of temperance and purity help some tempted youth to fight against insidious wiles, and to lead a nobler life than in the past? Aye, and I have known of a young man quietly showing his hidden pin with its bow o' white to show comradeship."

"That may be all true, Jeanie, but it really is perfectly absurd to wear it when travelling."

"Why, Maggie, dear, far from that; when travelling by car or rail the little white bow has often made a delightful introduction between kindred hearts, and many a weary hour has been beguiled by sweet, helpful talk on temperance work, leading up to the things of the Kingdom." Or, some one has been interested in this great crusade for purity and temperance, whose influence may be a thousandfold greater than the modest little wearer of the bow o' white."

"Won't you cast aside your scruples, Maggie, dear, and join in the wearin' o' the bow o' white?"

Mr. W. S. Gussalus, a farmer living near Fleming, Pa., says he has used Chamberlain's Colic, Cholera and Diarrhoea Remedy for his family for fourteen years, and that he has found it to be an excellent remedy, and takes pleasure in recommending it. For sale by all dealers.

"That doctor is a regular human dynamo."

"Yes; when I came in contact with him I myself was highly charged."

A man came rambling into a hotel lobby, and, shuffling up to the desk, leaned his elbow upon the cold, stony counter, and said slowly to the clerk—"I want a room." "Yes, sir. What kind?" asked the clerk. "I want room 39." "That's taken. I can give you another just as good." "Don't want no other. I want room 39." "Sorry, sir, that room is now occupied. Here is room No. 40. I know you will like it. James show the gentleman to No. 40." "I don't want it. I want room 39." "My dear sir," pleaded the patient clerk, "room 39 is now occupied by Mr. Wilkins." "That's me. I have just fallen out o' the window."

The I.C.R. and Victorias pulled off a postponed game on Wednesday evening before a good crowd of fans notwithstanding the counter attraction at the Opera House.

Vics contrary to general rule batted first.

1. Vics. With two down Delaney got a hit but died at 2nd on Roys out.

I.C.R. Lavoie hit to centre field for two bags and scored on Merseureau hit to right field.

Merseureau got to 3rd on an error by short stop and came home on passed ball. Shirley had a hit to right field which Young caught after a running catch.

2. Vics. No runs.

I.C.R. Keith hit to 3rd who overthrew Delaney at first, scored on McLennan hit to right field.

McLean came home on Fairley's infield hit.

3. In the first half Vics tied the score. Fraser walked, got 2nd on passed ball, stole 3rd and came home on Duncan's infield hit.

Delaney's hit to right field filled bases. Roys infield hit scored Duncan but Matthews and Delaney feel asleep between 3rd and home.

Roy scored on Hedleys hit to right field for two bags.

I.C.R. No runs.

4. Vics. Fraser hit for two bags, went 3rd on Loves out at first and came home while Merseureau was counting the stitches on the ball.

I.C.R. McLean hit by pitcher, got 2nd on passed ball. Lavoie, with 3 balls and 2 strikes caught the next one on the solar plexus and sent it over the left field fence in the direction of Dalhousie scoring McLean and walking round the bases just for the exercise.

5. Vics. Delaney hit to right field, went and on Roys infield hit to 3rd and was caught having a nap on 2nd base. Roy over ran 3rd and missed the train back.

I.C.R. No scoring.

At the meeting of the baseball Executive held on Tuesday evening, the matter of the four inning games was thoroughly discussed, and it was ordered that all four inning games were cancelled and must be replayed. Games must go at first five innings, unless otherwise arranged by the umpire who has full charge of the game.

KILLED AT DALHOUSIE

Frank Savoie one of the Dalhousie Lunger Co's faithful employees was killed last night between 7 and 8 o'clock, by the falling of a chimney while working at the removal of the house of his nephew, Jos. Savoie. The deceased resided for a number of years on Hamilton Ave., and is survived by a wife and large family. Two brothers, Joseph and Alexander reside in Dalhousie and the sad news was forwarded to other brothers in the States, one of whom resides at Fall River. Mr. Savoie was 48 years of age.
