essions on the Gaboon, north of the Congo, extend south to a sufficient dis- piece of bacon in a pot capable of contance to include the mouth of the latter taining two gallons; let it boil up, and Belgium claims the country because Stanley's discoveries were made split cabbages, a few carrots and parsnip under the auspices of a Belgian company, and England, though she makes no claim the whole has boiled gently for about an to the county, can see such vast oppor. hour and a half throw in a dozen peeled tunities of spreading the blessings of potatoes, and by the time that the civilization and textile fabrics among an almost entirely unclothed population, is determined that no European Power which can hamper her traffic shall possess A Talk With A Dude.

which can hamper her traffic shall possess the Congo. There is, in fact, a quadrilateral quarrel going on for the mouth of the Congo. The country which has the least right in the matter, that is England. has the greatest power in it. She could end the quarrel in a moment by recog-nizing the rights of any one of the other contestants. Lord Granville had already determined to recognize the claims of Portugal, but this becoming public the itarian and trading instincts of the British people rose in revolt against the idea. The humanitarians say that Portuguese rule over subject races is all that it should not be—cruel, arbitrary, and degrading; that Portugal still maintains so short that the ends of his spike-tan coat fell far below it, producing a weird and eerie effect. His trousers were so it should not be—cruel, arbitrary, and far from robust figure. The garment was Governments as regards subject races.
The traders demur to the establishment of Portuguese control, because they know that the inevitable of Portuguese control, because they know that the inevitable of Portuguese control are traders demur to the establishment of Portuguese control, because they know that the inevitable of Portuguese control are traders demur to the establishment of Portuguese control, because they know that the inevitable of Portuguese control are traders demur to the establishment of Portuguese control, because they know that the inevitable of Portuguese control, because they know that the inevitable of Portuguese control are traders demur to the establishment of Portuguese control, because they know that the inevitable of Portuguese control are traders demur to the establishment of Portuguese control, because they know that the universe of the establishment of Portuguese control, because they know that the universe of the establishment of Portuguese control, because they know that the universe of the establishment of Portuguese control, because they know that the universe of the establishment of Portuguese control, because they know that the universe of the establishment of Portuguese control, because they know that the universe of the establishment of Portuguese control are traders as the e nents of Portuguese rule are ntial tariffs, yexatious fines, inter-

ninable delays, corrupt officials, and a enerally backward condition among the far in advance of the other. His hat was best work that is done on the New York tations made to Lord Granville that to Portugal unless the latter gives some tangible guarantee for her good behaviour towards the natives and British traders. expression of his face. He meant to appear haughty. Instead he looked insolent.

The Congo question is, it will be seen, full of thorns and might easily be made the pretext of war if a warlike spirit pre vailed. But nothing is more certain than that neither Britain nor France wishes to fall out about any such trifle as this. What is pretty certain to happen is that, in any arrangement which is made, free access for British manufactures into the interior of Africa will be provided for. ontestants as the price of her recognition of the sovereignty of the selected Power but it is far more likely that British in uence will be cast in favour of the eutralization of the Congo under the ontrol of an international commission Failing the assent of the contestants ritain can, if she chooses, refuse to cognize the rights of either of them and can afford to wait till the growth of

Boy Wanted! McFarlane, Thompson & Anderson. WANTED, a Boy about 15 years of age to learn the printing business. Apply at this office. Flora! Flora! sweetest maiden! Come with vernal treasures laden; After winter's dreary sadness, Come, and fill our hearts with gladue

Summer is a lordly dame;
But all her hot caresses
Cannot set my heart affame,
Or stir its deep recesses.

Spring is but a maider ... eoy, With mingling be ... ars and laughter; And to share be ... simple joy Will bring no sorrow after. oing me with outstretched arms To lie upon her bosom; rempting with the varied charms Of bud, and bird, and blossom.

Others sing of autumn's hues, Of ripening corn and fallows; I the brook would rather choose All fringed with yellow sallows.

And the bright marsh-marigold, Of golden sunsets dreaming; Bluebell shy and kingcup bold In wood and meadow gleamin Hark ! the skylark trills his love

Flora! Flora! sweetest maiden! Come with vernal treasures laden; After winter's dreary sadness, Come, and fill our hearts with gladness!

LITERATURE.

Blake was a mischievous vindictive little man, and harding been very much aggrieved by Dr. Burney the temptation of causing him annoyance. He was unfortunated by the prospect of litigation, and he of medical officer to the Grantwich Union solely and entirely because of a dastardly attempt on the part of some one to pre-judice his chances by means of anonymous letters addressed to the Guardino, for he had not collinated by the prospect of litigation, and he discrete deliberately set to work to give the young man to desperation. At first his proceedings were marked by a cortain degree of caution, for he had not result of the elast moment the result of the elast moment the result of the collination of the heat of personal chastisement. But finding Dr. Burney, though a young practitioner, was extremely populas, and every one expected he would be avery one expected he would be avery one expected he would will be authorship of the letters that people began to shake their heads and to his the suggestion.

It was in vain that Dr. Burney endeavored to ignore the scandal, and to treat there was saming time of the side of the condition of the head of the hea tions made by the anonymous correspondent. In their calmer moments the Guardians would, no doubt, have hesitat-

and the consciousness of entire innocence rendered him indifferent to the fact that his rejection by the Guardians might be construed as an imputation. He was a simple-minded, straightforward young against you than you seem to be aware of. To tell you the truth, I was talking fallow, and it never occurred to him to made. His eyes were first opened to the existence of a hostile feeling against him by the demeanour of his rival when he stopped him in the street to congratulate said Dr. Burney, shortly. him on his success. Dr. Hulme was a rical aspect. His ordinary manner was blandly polite, but he responded cold tone, and made an excuse to hurry off without shaking hands with him. Dr. Burney was utterly taken aback, and the reason of Dr. Hulme's coldness burst up-on him like a revelation. He began to make inquiries in the town, and soon as-certained that in certain quarters he was credited with the authorship—or, at least, with a guilty knowledge—of the anony-
