LIGHTNING BOLT HITS DYNAMITE SIX PEOPLE HURT IN EXPLOSION

Electrical Storm Causes a Disastrous Explosion on a Government Scow Working Near Gananoque—Loss Estimated Between Thirty and Forty Thousand Dollars.

KINGSTON, Ont., July 11.—A lightning bolt during an electrical storm late on Wednesday afternoon in this section wrecked the Government drill scow near Grindstone Island, below Gananoque by exploding a quantity of dynamite aboard.

Six men were severely injured and one of the number possibly fatally. The injured are: Alfred Pabrin, aged 32, married, Cornwall, internal injuries and scalp wounds; Wm. Reid, aged 43, married, back badly injured; Blake Landon, aged 33, single, Lansdowne, left shoulder badly injured; Jos. Hurd, aged 24, single, Montreal, body badly bruised; Louis Quesnel, aged 23, single, Cornwall, fractured leg, wounds on head; Milton R. Murray, aged 44, Buffaloe, N.Y., scalp wounds and leg fractured.

The damage to the scow and equipment is estimated at between \$30,000 and \$40,000. The scow has been at work removing a portion of the shoal between the foot of Hay and Grindstone Islands and day and night gangs have been at work.

People at Gananoque heard the explosion and in a short time a number of motor boats started for the scene. Drs. Bird and Davis of Gananoque were called and attended the injured, who were taken to Calumet Island. Pabrin is the most seriously injured. Reid and Quesnel are also badly hurt.

The steamer Saginaw and wrecking outfit of the Donnelly Company of this city will leave to-day for the scene to restore the machinery blown overboard, right the drill scow and bring the outfit to Kingston for an overhauling.

BABY BEST ASSET WOMAN CAN HAVE

Possession More Valuable to
Globe Than Classical
Certificate.

LATE MARRIAGES BAD

Prominent British Biologist
Denounces Higher
Education.

(Canadian Press Despatch)
LONDON, July 11.—The possession
of a baby by a woman is more
valuable to the State than her ability
to display a first-class certificate in
the classics or a silver trophy won at
sport. The so-called higher education
of a woman is not a good idea for
sovereigns, says the scientist.

This is the central idea of a maga-
zine article by Marcus Seymour Pen-
tire, lecturer in physiology at Guy's
Hospital Medical School, which is at-
tracting attention here.

This prominent biologist contends
that the old-fashioned view of wo-
men's place in nature is supported by
the latest biological knowledge. He
critizes late marriages as bad for
the health and morals of both sexes
and bad for the State, and describes
the tendency towards these deferred
alliances to the higher education of
women and their employment in
jobs which can be filled by men. To
become a mother" is Professor Pen-
tire's highest ideal for a woman,
who urges if she cannot get a
hand in England, to go and make
in the colonies, where men are
abundant.

CINCINNATI, July 11.—Although

three hours, Peter Schlagens-
krewer worker, spent his last
hours in the city hospital among
members of his family
to prepare a claim against the
on account of his death,
when burning pitch overflowed
the widow of then dead man,
burning at the coroner's in-
sisted:

then I saw how he was burned
so frantic and wept and he
to me, "Can't you be sensible
calm yourself? I want you to sit
so I can give you full details
the accident." He then told me just
what happened and explained fully
to proceed after his death."

Committed for Trial.

ELLELVILLE, Ont., July 11.—Mrs.
Shaw of Point Ann was to-
day before Police Magistrate Masson
this guy, committed to stand her trial
at the next court of competent
jurisdiction on a charge of attempting
to murder her husband by placing oil
in his food. His worship con-
tended that a prima facie case had
not sufficiently made out to warrant
this being done. Owing to the nature
of the offence the magistrate was
necessitated to grant the application for
trial.

MEDICINE HAT, Alta., July 11.—Charges of manipulation of funds en-
trusted to their care made against
Chief of Police Bruce and Magistrate

into by the city council on Monday next.

The report of the police department
for the past month showed the
disposition of fines, but did not mention
costs, and the mayor wanted to
know where the costs went. It
is as regards costs and their disposition
that Campey bases part of his
charge made against the officials
higher up.

DR. MACDONALD AT CONFERENCE

He Says Church is Becoming
Quite Too Much Denominational in Character.

(Canadian Press Despatch)
LOS ANGELES, Cal., July 11.—From my point of view as a newspaper man the churches of America alike in the republic and the Dominion, have in the past been in danger of losing the national outlook and becoming mere denominations of the intellectual and the well-to-do.

This was the assertion of Dr. J. A. Macdonald, editor of the Toronto Globe, and one of the Canadian delegates to the International Christian Endeavor convention in session here today on the "shoulder of capital and labor" related to the church.

"All over America," said Dr. Mac-
donald, "there has grown up an indus-
trial absolutism more baneful and much
more arrogant than that of any St. Knox that will stand against
tyranny and oppression for the will of
God or for the rights of men?"

"What does the comfortable church
of the well-to-do know about the
problem of work or of wages?" How
can it hear the passionate cry of the
children of America, a million of them
today said three millions caught in
the cruel wheels of our vast heartless
industrial machinery? How can it
measure the agony of women whose
alternative is starvation or shame?"

"Why? Because of the church's social
apostasy. Once again the church has
become the conservator of vested
interests and worshipped 'the god of
money' as they were."

As a remedy Dr. Macdonald urged
a return to the mode of living established
by Christ and practised by the
primitive Christians, "when Jews and
Romans, Greeks and Barbarians did
live together happily, and did work
together helpfully, through all the rela-
tions of industrial service in every-
day life."

Professor Frank Soule of the University
of California, who died here July 3, took
measures to insure past all
doubt that neither she nor her pet
animals should be buried alive. Mrs.
Soule's will, which was filed for probate
to-day, provided that her heart
should be cut out within 24 hours
of the time she was declared dead
and her body held seven days before
burial. The will also provided that
all her animal pets should be buried
within 24 hours of her death and their
bodies held under water 24 hours.
The provisions of the will
have been complied with.

WILKESBARRE, Pa., July 11.—The police authorities of Luzerne county said to-day that they are not satisfied with the verdict of the cor-
oner's jury late last night exonerating Herbert Johns of connection
with the death of Alice Crispell,

whose body was found in Harriet's
Lake last Monday after she had been
missing for three days. The verdict
fails to show any motive for crime
on the part of Herbert Johns, and we
feel certain that he had no part in
the death of Alice Crispell.

Representatives of the District At-
torney's office said to-day that while
there was nothing in the testimony
on which to charge Johns with the
crime, the jurors should have ren-
dered a verdict simply of "death by
drowning," without accusing or ex-
onerating any one.

County Detective McKeyley, who
is working on the case, said to-day
that he did not think that three dep-
uty coroners should have made up
half of the coroner's jury. For this
reason, he said, he did not present
all the evidence he had, but will in-
troduce additional evidence to-night,
when Johns will be given a hearing
before a justice of the peace.

Little that was new was developed
at the inquest, except that mem-
bers of the Crispell family testified
that the girl had been wayward,
and on this account she had had trouble
with her father. The father, in his
testimony admitted pointing an un-
loaded gun at Alice.

business. For many years Mr.

Ross was prominent in political cir-

York Loan

An Attempt Will be Made
to Clear Up Liquidation
Proceedings

TORONTO, July 11.—Immediately after the long legal vacation an attempt will be made to clear up the loose ends of the liquidation proceedings which have been in progress over the remaining York Loan and Savings Company since 1905, and it is proposed, it is stated to-day, that the losers in that concern will receive a bird and last dividend before the end of the present year. Shareholders have already received two payments of 25 cents on the dollar each and a lawyer in touch with the situation states that the third payment should be five or six cents, making a total of about 55 cents on the dollar. On the other hand, A. E. Herrington, who has been in charge of the York Loan affairs for the National Trust Co., refuses to make any statement as to the possibilities of the last payment. "Shareholders will do very well," he said.

THE GROWING COST OF LIVING

According to the last issued report of the Dominion Labor Gazette, the cost of living is still on the increase. The Department's index number stood at 137.0 for May as compared with 136.3 for April and 136.9 for May, 1912. The chief increases during that month occurred in animals and meats, fish, fruits and vegetables, with a considerable decrease in dairy products and fuel. Compared with the same month of last year the chief increases appear in the following groups: Animals and meat, fish, textiles, hides, leathers, boots and shoes, metals and implements, fuel and lighting, building materials, house furnishings, furs and sundries. Important decreases appear in grains and fodder, dairy products, fruits and vegetables, liquors and tobacco.

A GOOD MOVE BY HON. MR. WHITE.

As Finance Minister, Hon. Mr. White has proved himself to be an alert and valuable man.

Recently the Union Life Assurance Company, with some 150,000 policy holders in Canada, was wound up, and Mr. White got good and busy. He entered into negotiations with the Metropolitan Life Assurance Company of New York, one of the strongest corporations in the world, which has taken over the assets, and policy holders have the right to re-insure with them on the terms of the existing policies. Under this arrangement the 150,000 policies, most of them held by artisans, have been protected.

The situation otherwise would have been very serious, as under liquidation, it was very doubtful if policy holders could have become re-insured in other companies, and there might even have been absolute wreckage.

A POPULAR APPOINTMENT.

Mr. Arthur Meighen, M.P., of Portage la Prairie, the new Solicitor General for the Dominion Government, was born in St. Marys, but he has been practicing law in the West for a great many years with much success.

He is one of the youngest members of the House, and is now thirty-seven years of age, having been only thirty-two years of age when first elected in 1908.

In short order he proved that he was a keen and logical debater, and during his term in Opposition proved himself a most efficient lieutenant of Mr. Borden.

His selection has met with very general approval.

The Winnipeg Free Press, the recognized leading Liberal organ out West, says with regard to the selection:

"Arthur Meighen's appointment as Solicitor-General is well merited, and will be well received by the public generally. He has won the position by his talents, despite the handicap that Manitoba is already over-represented on the treasury benches, and in the face of very brisk competition for the position from Eastern aspirants with much longer parliamentary experience."

"Mr. Meighen's rise to high parliamentary rank has been very rapid. His success shows how desirable it is that men with an aptitude for public life should enter Parliament young. Becoming a member at the adaptable age of 32, he picked up at once a parliamentary style which gave him the ear of the House. A term in Opposition gave him ample opportunity to develop. His second term, this time on the Ministerial benches, found him one of the most accomplished parliamentarians of the House, whose services were indispensable to the ministry."

The Vancouver Sun, the recognized Liberal organ on the coast, also says: "It will be generally conceded, we think, that Premier Borden has made an excellent selection in his choice of Mr. Arthur Meighen, M.P., for Portage la Prairie, as Solicitor-General of Canada."

The truth of the matter is that Mr. Borden possesses a keen sense of recognizing merit when it comes to the selection of men to hold the highest public positions.

THE OTHER WAY ROUND. Time was, and for many years, when the call of the United States proved a great lure to Canadians of both sexes.

Tens of thousands of them crossed the border to live under the stars and stripes and their numbers were so numerous that in Chicago two papers flourished "The Canadian-American" and "The British American," both appealing mainly to the Dominion born.

Every newspaper man on this side can recall the fact that in connection with the death of some pioneer, and especially of the farming class, the record would run regarding the children: Richard, Chicago; Robert, New York; Frank, Detroit; Mrs. Robinson, Kalamazoo; Mrs. Jones, St. Louis, and John at home. That state of affairs is largely true even yet, but the tide has turned.

Uncle Samites during the last two or three years have been flocking to the Dominion by the thousands and the stream is constantly growing. Many fairs across the border, will, this fall refuse to allow displays of Canadian products because of it, and Champ Clark, one of the leading men of the United States is calling public attention to the serious nature of the drain from the standpoint of the Star Spangled Bannerites. He recently stated that in one week, 1,845 farmers with \$388,500 in cash and \$145,000 worth of personal effects, crossed into Western Canada and he added:

"These immigrants are among our best citizens. I am personally acquainted with three hundred of them. There is not a bad or shiftless man in the lot. They are seeking to better their conditions. They almost invariably take their families with them. The principal reason they expatriate themselves is the lure of cheaper lands and less stringent land laws as to homesteading."

And the beauty of it is that when they get settled down here they like to stay. Ask any of them and in ninety-nine cases out of a hundred they'll state that they have no desire, or intention of returning.

NOTES AND COMMENTS

Ellen Terry has separated herself from another husband. It seems to be quite a fad for leading members of the theatrical profession to collect spouses.

The Brantford Expositor, which questioned the advisability of having the Duke of Connaught as Governor-General, must be suffering from some awful pangs now that his term has been extended.

President Wilson and Mrs. Wilson have started the fashion in Washington of walking along the public streets hand in hand. Just as if he wouldn't have enough to hold during his public career.

The following from the Guelph Mercury (Liberal) is commended to the attention of our cupola corner column:

"Brantford is discussing extension of the city boundaries. The Telephone City would do well to remember that it is easier to extend boundaries than it is to extend city privileges to the newly acquired area."

The local Grit organ persists in repeating the silly falsehood that the Courier objects to the people who came into the fold at the time of the last extension of city boundaries. It is, to say the least of it, somewhat of a surprise to find our comets apparently taking keen delight out of such brazen faced mendacity.

The latest candidate for the "meanest man in the world's" belt, has just been discovered in Armandale, a Kansas city suburb. He is Edward Dunn, 28 years old, broad shouldered and the picture of health, yet he left his mother support him by working as a rag picker. He was sentenced to work out a \$500 fine. It should have been \$5,000,000.

The Toronto Globe admits that for sixty-nine years, it has made money out of liquor advertisements, while it has been counselling everyone to avoid intoxicants. In other words, it has for cash, let it's columns urge people to take something which editorially it says should not be taken. And that just about accounts for some of its political stunts.

The death is announced of Senator Ellis of St. John, New Brunswick. He was a journalist of the old school and during the seventy-eight years of his life, had for fifty-two years been continuously the active editor of the St. John Globe. Although a staunch Liberal, he more than once broke away from his party on matters of principle, notably, only this spring, when in the Upper House he voted for the Borden navy bill, and followed that up by warning Laurier that he had made a serious tactical mistake by fighting that measure.

What the Other Fellow Thinks.**Same Will Soon be True of Port Dover.**

St. Thomas Times: Ten years ago Port Stanley was but an obscure port on Lake Erie, supporting a couple of fishing tugs and claiming but a fair amount of praise as an ideal summer resort spot. To-day it is known far and wide as one of the most prominent and beautiful summer resorts on the north shore of Lake Erie, while its fleet of eighteen large fishing tugs is undoubtedly the finest on either coast of the great inland sea.

Formerly it was but St. Thomas and London that contributed to her comparatively small number of summer visitors, but to-day nearly all the

cities in Western Ontario regard the port as their summer mecca, and here they congregate to spend their few weeks of summer vacation or few hours of reception.

Not Profitable. London Free Press: Alfred Austin left an estate of but \$10,400, proving again that the literary life is not always remunerative.

Prevents Consumption. Buffalo News: We may get some idea of what the Congress of School Hygiene may do in the way of education when we have the testimony of the greatest experts in English-speaking countries to the effect that scientific disinfection can save thousands of cases of consumption. It is more of a preventative of consumption than of any other disease...

Crepe on the Door

Stratford Herald: The Laurier Government Old Boys Association meets every once in a while at Ottawa. There was a meeting only a few days ago attended by three of the seatless ex-Ministers: Sir Frederick Borden, Hon. Mackenzie King and Hon. Sydney Fisher. At these gatherings the members are said to sit around the table in Sir Wilfrid Laurier's office in the House of Commons and spin yarns about the good old days before the people of Canada found them out and turned them ditto.

His Limit

Toronto Telegram: Liberals after to talk about what they are going to do in Ontario at the next election, just as the Conservatives talked about what they were going to do in Quebec in 1867. About ten seats in Quebec for three general elec-

tions, and fifteen seats will be the limit of Sir Wilfrid Laurier's doing in Ontario for the remainder of his days.

What About Brantford? London Free Press: Alfred Austin left an estate of but \$10,400, proving again that the literary life is not always remunerative.

Greeks Advance. LONDON, July 11.—Greek troops to-day occupied Demir-Hissar, three miles to the northwest of Serres, after a brilliant victory over the Bulgarians, who had been in possession of the recent war, according to an Exchange Telegraph Co.'s despatch from Athens. The Bulgarians fled, abandoning their field guns, ammunition and provisions.

A telegram to the same agency from Constantinople, says it is announced by the newspapers that Misia, the town on the Black Sea, which was to form the eastern end of the future frontier line between Bulgaria and Turkey, is in flames.

Trustees, to be elected, must supervise the administration of the charity and must keep on hand a supply of stoves of different sizes.

If the will was made public 59 years ago no official notice was taken, and the gift was forgotten.

Ladies' Hopeful.

ST. PETERSBURG, July 11.—A distinctly hopeful view is expressed to-day by the Russian press, and also in official circles in regard to the Balkan situation. Peace is regarded generally as imminent on account of the crippling of the Bulgarian armies and of the severe losses sustained by Servia. The Russian Red Cross Society has decided not to send any detachments of doctors, nurses, and ambulance men to the front.

The police court session was again held in the chief's office this morning and proved to be of short duration.

Three drunks failed to put in an appearance and their cases were laid over.

Louis Edmond was charged with disorderly conduct at the Fair grounds on Monday. It appears that Edmond had been working for the carnival people but had lost his job and when told to "beat it" he refused to go and started to make trouble. The police were called and he was arrested. The affair was laid over until Monday to allow Chief Slemin to look up his record.

The old grievance of Harry Jones et al against Stanley Demski for as-

sault, again occupied the attention of His Worship this morning. This case has been hanging on and off for the past three weeks, and at Mr. Woodatty's request the case was adjourned till Monday.

DIAMOND JUBILEE.

Merger Negotiations.

London, Ont., July 11.—The recent negotiations for the merging of the Globe Casket Co. of this city with the other casket companies of Canada have been brought to a conclusion. Messrs. The trust intends to keep the factory in London and to enlarge two from Brantford will be in attendance.

CITY NEWS ITEMS

Rain has been very general in Quebec and the Maritime provinces, while in Ontario the weather has been fine.

FORECASTS.

Fine with much the same temperature. Saturday—Increasing easterly to southerly winds with rain.

What Next?

What next will an automobile be used for? A trench about a foot and a half wide had been dug in a local garage in order to lay some pipe. The trench had been filled up, and this morning an automobile was being run back and forth to roll the earth down.

Wild Rabbit.

A wild rabbit made a dash up Dalhousie street yesterday afternoon, and when chased by a couple of firemen, he ran into the Expositor office. He evidently wanted to get lined up with some of his fresh articles.

Not Good in West.

A letter has been received in the city by a local man from a friend in Westminster, B.C., in which it is stated there are hundreds of empty houses in Westminster and work is very hard to get, and as a result, many are leaving for the United States. This is caused by the great influx of people, who when they arrive cannot find work.

Had a Jolly Time.

The joint excursion of Trinity and St. Jude's Anglican churches took place to Grimbsy Beach yesterday, and was very largely patronized. The usual picnic games were in order.

Many sweat suit heating and in bathing and a real good time in general was spent by those who went to that popular summer resort. "The best time ever," was the popular expression heard on the return to the city.

Liabilities Heavy.

Yesterday afternoon a meeting of the creditors of A. E. Faulkner was held in the office of Mr. James C. Spence, the assignee, when Mr. Spence's appointment was confirmed, and the following were appointed as inspectors: Mr. E. J. Mabon, manager of the Bank of Nova Scotia; Mr. Chas. Taylor and Mr. A. L. Baird, K.C. It was found that the liabilities were \$42,026.61 and the assets \$20,333.25. The claims may be reduced several thousand dollars by the realization of loans held by some of the creditors. The meeting was adjourned till Thursday next.

He was engaged in switching some freight cars when he fell beneath the wheels and was so badly mangled that he died a few minutes afterwards in the station. Hughes was 25 years of age and had been married only a couple of weeks.

Sunday School Day.

An interesting order of service prepared for the world's executive, will be used in thousands of Sunday schools throughout the world on the 13th, including several in Brantford. This is the seventh great convention the first was held in London, England, in 1889; the second in St. Louis in 1893; the third in London, England, in 1898; the fourth in Jerusalem in 1904; the fifth in Rome, Italy, in 1907; the sixth in Washington, D.C., in 1910, and the seventh in Zurich, Switzerland, 1913. WILL ADVERTISE BRANTFORD CITY

Greater Brantford Board Held a Meeting Yesterday Afternoon.

At a well attended meeting of the Greater Brantford Board held in Publicity Commissioner Emerson's office yesterday afternoon, it was decided to advertise the Telephone City extensively. Two large signs will be erected along the main line of the G.T.R., one to be placed near the old brick tavern on the Paris road, and the other at a point on the Harrisburg line just outside of the city limits. A good supply of well edited and attractive booklets putting forth Brantford's superior and unequalled claims as a manufacturing centre will be gotten out and given to manufacturers, real estate agents, merchants to best advantage.

These booklets will be mailed to manufacturers all over the world with the view of inducing them to locate in Brantford and copies will also be sent to capitalists and those likely to invest money in Brantford. It must be clearly understood that these booklets are for advertising purposes and for the booming of Brantford and are not intended merely for souvenirs.

The board intend to enter in one great advertising campaign.

STRAWBERRY FESTIVAL RIVERDALE CHURCH

A successful strawberry festival was held last night on the lawn of Mr. R. Berry, 183 West Mill street, under the auspices of the Ladies Circle of the Riverdale Baptist church, and under the personal direction of Mrs. (Rev.) T. E. Richards.

The lawn was nicely decorated with Chinese lanterns, supplemented by the decorations, red and yellow, of the only booth, and the floral decorations on the well-laden tables.

There was a good demand for the ice cream, bananas and home-made candy, which was for sale at the booth. Mrs. F. D. Schram was convenor of the booth committee, which was composed of Mrs. A. Duncan, Mrs. C. Cook and Miss Jennie Clark.

In the neighborhood of 150 attended, although 250 tickets were sold, and it was necessary to replenish the tables several times. A splendid program was provided and included several numbers from the First Baptist church orchestra, a solo rendered by Mrs. S. G. Read, and two numbers by the Riverdale male quartette.

The proceeds of the affair amounted to about \$90 and are in aid of the building fund for the new church which will be built.

HIGH PRAISE FOR BRANTFORD PAPERS

Saul Lyons Hands the Courier a Bouquet.

A high compliment was paid to the Brantford press in general, and the Courier in particular, by Mr. Saul Lyons, secretary-treasurer of the Lyons Tailoring Co. of Hamilton, a few days ago, when he handed the Courier a new advertising contract dated July 1st. Under the new contract the firm pays an increase of exactly 100 per cent.

"When we were notified," he said, "that we would be increased at the expiration of our contract we were not surprised, and the President said to expect 50 or 60 per cent. jump. The hundred per cent., however, was more than he expected, but I convinced him that your paper and its circulation were so much improved that the rate was justified. I consider the Brantford newspapers a credit to the city, and I don't know any other cities of 25,000 to 30,000 that have such enterprising journals."

"Don't overlook the fact," he said, "that we have a big sale on this month".

Particulars of this sale are given in the display ad on page 9 of this issue.

Sammy Will Appeal.

MONTREAL, July 11.—President Lichtenhein of the Montreal Baseball Club says that he will refer his dispute with President McCafferty over the ownership of Pitcher Carlo to the National Commission. He further said that if Manager Bransfield wants to use Carlo in a game here with the Leafs he will authorize him to do so.

Received Nine Months.

WINNIPEG, July 11.—Mary McCourt, found guilty of concealment of childbirth, was sentenced to nine months in the provincial jail. A plea of guilty of murdering her infant was changed with the consent of the crown after the jury had failed to reach an agreement, one juror holding out for a verdict of murder and the others for a verdict of guilty of concealment of childbirth.

Attempt at Suicide.

WINNIPEG, Man., July 11—Miss Annie Minary, formerly of Orangeville, Ontario, attempted to commit suicide by drinking half a tumbler of ten per cent. ammonia. She is in a precarious condition and if she lives will be an invalid.

Dr. Charles A. Jarvis, optician, 52 Market street, leaves Sunday to attend the convention of the American Optical Association at Rochester, N.Y. He will return Thursday.

New Lodge Is Installed

The institution and consecration of Reba Lodge, A.F. & A.M., took place in the Masonic Temple last night. Rt. Wor. Bro. W. H. Wardrobe, D. D. G. M., acted as master of ceremonies. The institution ceremony was performed in a very impressive manner. Representatives from Brant, Doric and Ozias Lodges of this city were present, and the affair was one that will long be remembered in Masonic circles in the city.

The officers chosen for the new lodge were as follows:

W.M. Bro. W. R. McCormack; S.W. Bro. I. J. Kirby; J.W. Bro. G. Wedlake; treasurer, Bro. F. S. Blain; secretary, Bro. Dr. D. E. Russell; S.D. Bro. G. Dunlop; J. D. Bro. A. E. Faulkner; E.C. Bro. W. H. Inglis; I.G. Bro. G. Blacker; O.G. Bro. T. McGarrell.

After the installation ceremony the members of the craft adjourned to the banqueting room, where a dainty repast was partaken of. After the inner man had been satisfied, speeches by the installing officer and others were in order.

The new lodge starts out with a very bright future, having at its head an energetic and competent staff of officers.

the game at Peterboro which was lost
by Umpire Evans' decision. The
conduct of Manager Rowan, of thePetes', when he is said to have threatened
Evans with corporal punishment
via the olfactory organ, was almost
enough to make an umpire decide to
end things abruptly, especially in view
of the fact that the crowd was surging

Red Sox's little pitcher kept the
seven hits off his delivery well scattered,

period when three singles filled the
bases, but he pulled out of the hole
when Stroh flied to Burrill. Bradshaw
pitched a good game, but was hit

His support was not steady, two
costly errors in the sixth helping the
visitors to get in the run column in

Saints Put The Game on Ice in the Fourth When They Scored Five.

LONDON BEAT OTTAWA

Guelph Beat the Hamilton Outfit 4-0 in Interesting Game.

ST. THOMAS, Ont., July 11.—The Petes were unable to connect safely with Clements' benders when hits meant runs in yesterday's game, while the Saints found Cresswell often and timely. The locals put the game on ice in the fourth innings when they scored five runs. Kustus starred at bat, getting three blows, including a triple and a double. Kop's sensational fielding was again the feature.

HAMILTON KALSOMINED.

Guelph Applied Brush to the Kots.

GUELPH, July 11.—"Lefty" Dorbeck's pitching was too much for the Hamilton Kots yesterday afternoon, and he shut them out by four to nil, in a fast and well played game. He was especially strong in the pinches. It was his second successive shutout. Schuyler for Hamilton also pitched a fine game, but the Leafs got to him at opportune times. Kelly Haines hit for a home run in the second innings with one man on the sacks, and in the eighth a single by Wright, Schaeffer's triple and a sacrifice fly netted two more. Score:

OTTAWA BOOTED BALL.

London Took Advantage of Six Misses and Won by 2 to 1.

LONDON, Ont., July 11.—Errors beat Ottawa in the eighth innings of the first game of the series with the Tecumsehs yesterday afternoon after Lill and Chaput had engaged in a pitcher's duel in which Robertson alone of the Senators, could be credited with a real hit.

During the entire struggle Ottawa touched Chaput for four, while a pair was the best that the Indians could glean from the combined efforts of Lill and Rogers, who went to the rescue in the session next to the last. The locals played errorless ball, but the visitors ran up a record of half a dozen bobbles, two of which were perpetrated by Smykal and two by Dolan. Lill was pulled out with two men on bases in the eighth innings after he had given Stewart two balls. Rogers went to the rescue, but an attempted squeeze play and a low throw from home to first base in an effort to make a double play permitted Bierbauer to count with the winning run. Score:

Ottawa 000100000-1 4 6
London 10000000-2 2 0

NEW YORK, July 11.—Chicago broke New York's winning streak here yesterday, the champions dropping a close game 3 to 2. Prior to yesterday's game New York had won 14 straight, while Mathewson was stopped yesterday after winning seven straight. Charlie Smith, a veteran of both leagues, was the pitcher who succeeded in checking both Mathewson and his club. Smith was ably assisted by his supporters, the visitors pulling four double plays before him in each of which Manager Evers took part. Ward Miller's triple in the sixth beat the Giants' team.

Chalmers was touched up for four hits in the first inning, but after that, the visitors could not get a safety, although they scored a run in the third. McQuillan, a former Philly, hit well hard, but he was given brilliant support, which saved him in several tight places.
