## G.W.V.A. Laid Wreath In Honor Of Dead

A fitting recognition to the memory of the honored dead, who gave their lives in the Great War was paid on Saturday afternoon, by the local G. W. V. A., when they placed a wreath of poppies as a tribute on the base of the Soldiers' Memorial Monument in St. Andrew's Cemetery. They sleep in Flander's fields where poppies grow, but it is the cherished privilege of the living to join in silent gratitude and sorrow—sorrow for the passing to the Great Beyond, and gratitude for their noble deeds in that great cause of civilization. We do not forget.

Living comrades of our dead marched side by side, as a mark of respect, from the G.W.V.A. Hall to the Cemetery, and as the peals of the Last Post were sounded, stood with bowed heads, while the Rector, of St. Andrew's church, Rev. W. J. Bate led the assemblage in prayer. It was truly an impressive sight, and carried us back in memory to the years of 1914—1918, when so many of the flower of Canada's youth sacrificed their lives that others might live.

With a solemnity which is heightened rather than diminished by the passing of years, homage was thus paid to those who gave the most that can be given—life itself—in the great conflict which ended four years ago with the signing of the armistice in the battle scarred forests of Compiene.

## NEWCASTLE BOY TO THE FRONT

At the closing game of the football season on Mount Allison grounds, Herbert Ashford, son of Mr. and Mrs. John Ashford of Newcastle, quietly picked up the pigskin near the Trojan five yard line, tucked it under his arm, and went over the line for Mount Allison's only try. Up to the point when Herb uncovered his sudden and unexpected dash, play was fairly even, but when he picked up the ball and tore across the line, the visitors were taken so unawares, that he had made the try before they realized what had happened. It was a wonderful rush and drew forth from the 1000 spectators a burst of applause that seldom is heard on a football field.

## DISASTROUS FIRE AT RENOUS, N.B.

At five o'clock Friday morning, a fire was noticed in the fine new warehouse of Mr. D. P. Sullivan, Renous, N. B. At the time it was seen, the interior of the warehouse, which was laden with heavy stock, was a mass of flames, and in a short time rapidly spread to Mr. Sullivan's store and garage. It was impossible to check the fire, as no fire fighting apparatus was in the vicinity, and a stiff gale was blowing. The residents did all in their power to subdue the blaze, but their efforts had no effect whatever in checking the fire. The store contained a heavy stock as did also the warehouse and the loss is a heavy one. The warehouse was built during the years of high prices for material and wages and was covered by steel, the steel alone costing in the neighborhood of \$1200. A carload of flour had just been placed in stock, and a large quantity, about 20 thousand cigarettes and a heavy consignment of larrigans, shoe packs etc. had just been received. In the store was contained the large stock recently purchased by Mr. Sullivan from Mr. Archie Alcorn of Blackville. The loss is a most severe one, not only to Mr. Sullivan but also to the community of Renous. It is thought that the fire was the work of thieves who entered the warehouse. The loss is partly covered by insurance, and Mr. Sullivan is not likely to rebuild until spring.

## REPUBLICANS ARE IN MAJORITY

New York, Nov. 9—Continued Republican control of the United States Congress, but with a Senate majority of two and a house majority of 10, appeared to-day as the net result of last Tuesday's congressional elections, with returns almost complete. Tight races in the few undecided districts not affecting the general result, and delays in counting, however, threatened to postpone the final figures until to-morrow.

With seven congressional districts in four States—Kansas, North Dakota, Washington and West Virginia—still unreported at 8 a. m., to-day, the roll in the next house stood:

Republicans, 220; Democrats, 205; Socialist, 1; Farmer-Labor, 1; and Independent, 1. The Republican margin promises to be increased slightly in the remaining contests. In the returns to date 76 places now held by Republicans had been captured with out a single counter-balancing Democratic loss.

London, Nov. 9—The comeback made by the democrats in the U. S. elections last Tuesday is explained to British readers by their newspapers in many ways and the speculation which the editorial writers indulge in is quite diversified.

pendulum merely swung out others interpret the voting as expressing widespread disgust with the Harding administration and many of its works, including the tariff and the enforcement of prohibition.

Throughout Britain, the United States elections have attracted widespread attention.

New York, Nov. 9—A statement issued by Colonel Gaston defeated Democratic Massachusetts nominee for the Senate in yesterday's election, says he will demand a recount in his race against Senator Lodge, despite

## North Shore Man Victim Of Accident

A distressing accident happened on board a drift boat coming to Escomiac. The boat was manned by Michael Bransfield who was accompanied by Frank Sullivan who had been to town to have boils lanced on his arm. When off Point aux Car Frank reached down with his well arm to pick up a can which fell near the engine and was caught by the engine; his arm was badly mangled before Mr. Bransfield could get him free. Mr. Bransfield turned his boat into Bay du Vin to get medical assistance for his friend and threw his line on the wharf, jumping on the wharf at the same time, but the line missed the wharf and before the distracted fellow could catch it, the boat had swung off and away. A canoe was hastily launched but the boat went as far as Pt. Gardner before they got to her. Wishart Williston took the poor sufferer to the hospital, where it is hoped the doctors may be able to save the arm.

## America Becomes Dissolute Nation

Next to Japan, the United States is the worst nation in the world so far as the sacredness with which the people regard the matrimonial ties is concerned, said Bishop Walter T. Sumner of Oregon, who is visiting in Chicago.

"Modern marriages are virtually nothing more than trial marriages," he declared. "And the United States is in danger of becoming the most dissolute nation in the world."

## THAT NAPAN OIL FIND

Speaking to The Times Dr. Henderson, of the N. B., oil fields, stated that he knew nothing of the reported oil discovery at Napan, Northumberland County. He only hoped that the reported discovery was true, but the statement in the Chatham World that he had inspected "the outcrop of oil on Archibald Jardine's farm, Napan" was quite incorrect. Not only has Dr. Henderson not visited the locality in question, but he says he knows nothing of any one connected with his company having been there recently.

the latter's increased lead today.

New York, Nov. 9—Returns from all but three congressional districts where results were still undetermined at noon show:

224 Republicans  
205 Democrats  
1 Socialist  
1 Independent  
1 Farmer-Labor ticket to the new House of Representatives.

### LOYD GEORGISM

Judging by the tone of the Press the entire world is deeply interested in the electoral struggle now going on in Britain. The fight is around the actions and peace policy of one of the ablest Premiers the Empire has ever produced.

Lloyd George was emphatically England's war Premier. Not only during the years of the terrible struggle which ended in the defeat of Germany, but during the years since the Armistice he held the reins of power, and his task has been no easy one. As a war Minister, the hearts of the people were with him, but as a peace Minister he seems to have fallen short, the arrows of discontent and dissatisfaction have been aimed at him and he felt the wounds severely enough to cause him to lay down the sceptre and resign. A large and influential section of the British public, among them some of England's great men, refused to be any longer a follower of the political doctrines and policy, laid down by what they now term "Lloyd Georgism".

Readers of English journals and such portions of news and despatches as reach the columns of our Canadian Press, cannot fail to be somewhat bewildered by the speeches of the leaders and candidates in the conflict. Lloyd George himself is into the fight—and he is said to love a fight with all the determination and courage, and his wonderful oratory

finds full play in the combat. One  
of our own New Brunswickers has  
come to the front, as a leader, now  
Premier of England, and even Lloyd  
George is compelled to see in Bonar  
Law, a worthy political foe. Their  
policy in War may have been the  
same, but their policy in Peace, is  
not fully in accord.

We express no opinion upon the  
matter of Lloyd George's policy upon  
some of the very serious questions  
which were dealt with, in both foreign  
and domestic politics during the last  
three or four years. It is well known,  
however, that his Irish policy gave a  
sharp turn to his stability and popu-  
larity in Britain, dividing the country  
with two camps, one believing in  
"peace at any price," and the other  
in "the sword for rebels". It is

by of remark, however, that no  
Bonar Law, Balfour, Asquith, Young-  
er, and all the rest of them of what-  
ever political camp, have guaranteed  
to both the loyalists of the North and  
the Free Stators of the South—that  
present guarantees shall not be in-  
terfered with, "the Treaty must  
stand." In fact that question is  
safely placed, and the Irish Govern-  
ment is left to fight it out, with their  
brother Irishmen, who are variously  
known as rebels, irregulars, and re-  
publicans.

The struggle reveals a wearying and  
disgraceful story, bringing into sight  
ruin, and bloodshed, and we heartily  
join in the prayer of the Cardinal and  
other eminent clergymen of the Irish  
Roman Catholic Church, that peace  
may soon come to unhappy, distract-  
ed Ireland, and a stable Government  
be in power. Let us bear in mind at  
the same time that there are those  
who say, the whole sad affair is an  
outcome of "Lloyd Georgism". They  
say "he yielded to rebel demands  
where he should have been firm, and  
in yielding he struck a blow against  
the real unity of the Empire." From  
that moment Lloyd George's power  
as a safe and stable leader, began to  
wane.

Other matters have also cropped  
up. His want of harmony with  
France, has even led some of the  
ablest French politicians and politi-  
cal journals to utter his name with  
hatred. His resignation from the  
British Premiership, was hailed with  
delight, and "we want no more of  
Lloyd George, and hope never to see  
him again." is freely the cry of  
France. This may suit the volatile  
whimsical natives of La belle France,  
but we really cannot attach much  
weight to it, and Lloyd George is  
sure to survive it. It is too much  
like "hailing the King of the Jews"  
with loud "hosannahs", when the  
whims changed; then shouting,  
"crucify him." France worshipped  
Lloyd George, when he was fighting  
to help save her; but because he  
cannot agree in peace times, with all  
her actions and demands, they equip  
him with horns and the cloven feet—  
"they want no more of him". In this  
matter we are rather for Lloyd  
George, than against him.

The British electoral contest will  
soon be over, a few more days, and  
we shall know "just what they made  
of it, in England". Four or five  
groups are calling for votes of the

lector, and while present indica-  
tions are in favor of a Conservative  
victory, with Bonar Law as Premier,  
another twist between now and elec-  
tion day, may turn in favor of "Lloyd  
Georgism". Elections "are mighty  
uncertain things", there is nothing  
certain about them, but the result,  
and that sometimes "is queered"  
when the squabble is over among  
all—National Liberals, Union-  
ists, Straight Liberals, Laborites,  
Union Conservatives and Straight  
Conservatives, it is to be hoped  
brighter days will come, and a strong  
stable Government take place and  
power. While, as Canadians, we feel  
the honor of having one of our own  
native sons, as Premier at the heart  
of Empire—the greatest the world  
has ever known—and we trust he will  
be victorious; yet we are free to say,  
that should Bonar Law, not be vic-  
torious, we would rather have another  
trial of Lloyd Georgism, than take  
a chance under any of the remaining  
groups. But that is Britain's business

### The Lumber Situation

Advices have been received from  
both Eastern and Western Canada to  
the effect that the stocks of lumber  
on hand are not excessive and that  
preparations are being made for a  
larger cut this winter than last. In  
the prairie provinces the demand for  
men to work in the lumber camps is  
greater than it has been for some  
years, and camp operators are offer-  
ing slightly higher wages. In Nova  
Scotia the situation has lately shown  
some improvement, and there is rea-  
sonable hope that if the demand  
continues at its present rate, manu-  
facturers may be able to obtain better  
prices and so show a fair profit on  
their operations. In the central pro-  
vinces transportation difficulties are  
still being experienced in moving  
lumber and pulpwood, but in other  
respects the conditions surrounding  
the necessity of meeting their pre-  
sent liabilities deters them from un-  
dertaking fresh commitments. Ex-

At its best in

Your milk supply couldn't be any sweeter,  
purer, or more rich and healthful than  
St. Charles Milk "with the cream left in".

In fact it wouldn't be as rich, because most  
of the natural moisture is removed from  
St. Charles Milk, which reduces it to the  
consistency of cream.

And the supply wouldn't be as convenient,  
for St. Charles is put up in "a size for every

### EDITORS MAIL

The Union Advocate,  
Newcastle, N. B.

Dear Sirs:—

A recent article—apparently of Chatham High School authorship—bawled the printing in the Moncton Transcript of an untruthful report of a football game between the Bathurst Grammar School and Harkins Academy at Bathurst. We regret the publishing of this report as much as any but unfortunately we have no idea where it originated. We ask credit for only what we have earned.

However, the Chatham writers were not satisfied with a mere complaint but by a deliberate misuse of the truth attempted to cast reflection on the Newcastle team. They claim to have made five unsuccessful attempts to arrange a game with Newcastle but they forget to mention that Mr. Goggin, who claims to be their Manager, Director, Etc., was asked for a game to be played on "Thanksgiving Day", he replied "I shall be away, d'ye see, so my team cannot play, d'ye see, but Tuesday would suit, d'ye see." But we were not in a position to play on Tuesday. Then they made one other request for a game later on in the week. We stated that we were willing to play this week, and we are still ready to do so.

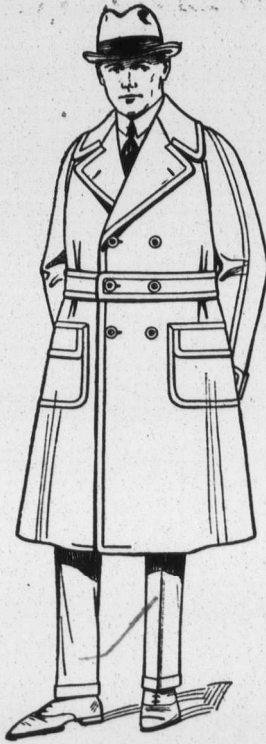

We would like to know by what mathematical calculation they arrive at the result that TWO is FIVE.

Before the game on Harkins Academy grounds in which Chatham was defeated by a score of 6-0, they wished to have the return game on our grounds because they had none. When the game was over they wanted it in Chatham. Does anyone wonder WHY?

## Rich, Red Blood Necessary To Health

### Weak, Watery Blood Needs a Tonic to Build it Anew

Why are we continually told that health-giving blood must be bright red? What has color to do with the quality? Just this—the oxygen in the air is the great supporter of all organic life. One function of the blood is to take the oxygen from the air—which it meets in the lungs and delivers to the tissues of the body. When the blood, filled with life-sustaining oxygen, is sent out by the heart, it is bright red. When it returns, impure and deprived of oxygen it is dark.

You will see, therefore, that there are two prime requisites of health, pure air and bright red blood—the pure air to furnish the oxygen, the rich red blood to carry it where it is needed.

Pale, anemic people, whose nerves are on edge, who tire out easily, and who suffer from frequent headaches, do so because their blood is thin and watery. All such people can improve their condition through a fair use of Dr. Williams' Pink Pills, which enrich the blood, thus enabling it to carry oxygen to the system. Among those who have benefited from the use of this medicine is Mr. Charles A. Stayner, Glenholme, N.S., who says: "Some four years ago I found myself badly run down. I tired very easily, and found it difficult to do my work. My appetite failed and I slept badly at night. I was taking medicine, but it was not helping me, and I was growing weaker and weaker. A friend who called to see me advised me to try Dr. Williams' Pink Pills. I got six boxes and before these were done I felt better. Then I got six more boxes, and after taking them felt as well and strong as ever. Four years have passed since that time, and I have continued in good health and working all the time. I have recommended these pills to others and shall continue to do so."

These pills are sold by all medicine dealers or will be sent by mail, post paid, at 50 cents a box or six boxes for \$2.50. Dr. Williams' Medical Co., Brockville, Ont.

## CARD OF THANKS

The Teachers and Pupils of Harkins Academy wish to thank all former students, for their kind donations which made it possible to secure a beautiful Columbia Grafanola, for use in the school.

## NO FLAG ON TOWN HALL

On Saturday a number of flags were flown throughout the town in honor of Armistice Day. As usual the flag on the Town Hall was conspicuous by its absence. Many citizens noticed that it was not flying and all felt that the matter should have been attended to by the responsible parties. One citizen passed the remark "That it would be a shame to fly the flag on such a windy day, as it would be torn to shreds." This was by way of ridicule, because the day was a delightful one and hardly a breath of wind blowing. It is simply another example of how badly we are drifting in public matters in Newcastle.

## REMEMBER

That Bengough, the famous cartoonist, is to be at the Opera House on Friday evening, and you are expected and cordially requested to be present to see and hear him. You will not only take advantage of the opportunity of seeing Bengough—it is an opportunity and perhaps your last, but it is also one by which you will assist one of our most worthy institutions—The Miramichi Hospital. This institution needs the hearty co-operation and assistance of the public, and it is in matters of this kind that we all can do our bit along those lines. Remember the date—Friday. Make no other appointments for that evening and help fill the Opera House for this worthy cause.

## PHONOGRAPH FOR SCHOOL

So far all efforts made to arouse interest in the teaching of music in the public schools, have been without avail. However, the teachers of Harkins Academy would not be satisfied until they secured some method of giving the pupils an idea of classical music, and as the result of a canvass made by Miss M. J. Dunnett, among former pupils of hers, it has been possible to procure for use at the Academy, a Columbia Grafanola, which will be used by each room alternately. Suitable records will be purchased, and played at the instance of the teachers, when deemed feasible. For instance, in some of the grades it will be played as an incentive for better work. In this way it is thought that the children will become interested in high class music, and it is not intended in any way to take the place of a musical instructor. It is to be hoped that the matter of providing a musical teacher will be at once taken up and the pupils and teachers be assisted in this most desirable and educational subject.

**CATHOLIC WOMEN'S LEAGUE CONVENTION**

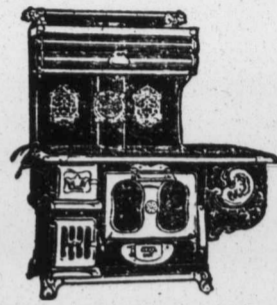

Delegates from Chatham, Nelson, Loggieville, Campbellton, Dalhousie and Bathurst, gathered in Newcastle on Wednesday for the second convention of the Diocesan Sub-division of the Catholic Women's League of Canada. The convention was most delightful in every way, and the delegates were very much pleased and privileged in having His Lordship Bishop Chasson address them. Miss M. A. Quigley very kindly gave her home for the meetings and the first session was at 2 o'clock Wednesday afternoon. This was begun by prayer recited by P. W. Dixon, followed by an address, in which much good advice, words of praise and good suggestions were given by Rev. Father Dixon. Following the roll call, Mrs. F. J. Desmond, president of the Newcastle sub-division greeted the delegates in the name of the sub-division, which was followed by a few words of greeting from the Diocesan president, Mrs. J. P. Byrne, wife of the attorney-general of N. B. The business session comprised the reading of the minutes of the previous meetings and business arising from them. Mrs. Byrne, who represented the Diocesan sub-division at the annual convention in Winnipeg then gave a beautiful and very interesting report of the convention, which she also attended. A paper on Education was splendidly composed and read by Miss Mayme Galloway. The secretary read a report on Correspondence. The meeting adjourned for tea at 5.30. Mrs. P. J. McEvoy convener of the Entertainment Committee with a staff of capable assistants served a delicious repast. The tea-table, which was presided over by Mrs. J. D. Creaghan, was adorned with yellow chrysanthemums and yellow candles in silver holders, making a most charming effect. Mrs. C. J. Morrissey cut the ices, and Miss Corinne Lawlor replenished. The young ladies assisting in serving were Misses Hodge Morris, Agnes Lawlor, May McEvoy and Lottie McWilliam. Mrs. McEvoy was assisted by Mesdames D. R. Brown, W. J. Dunn, J. A. Creaghan and Miss Nan Creaghan. An appropriate musical program was carried out during the tea hour, consisting of a violin solo by Miss Stella LeBlanc, student at St. Mary's Academy, accompanied by Miss Alice McEvoy; vocal solo by Miss May Morrison, with Miss May McEvoy as accompanist; and a duet by Misses May and Florence McEvoy. Little Misses Yvonne Brown and Moira Desmond attended the door. The session in the evening was at 7.30. The principal feature of the evening was an informal address by His Lordship Bishop Chasson, who emphasized the influence of the Catholic women in the home. This was followed by a general discussion on the good and welfare of the organization. The delegates to the convention were: Bathurst—Mrs. J. P. Byrne. Mrs. H. A. Melanson, Mrs. B. C. Mullins, Mrs. J. C. Moohan, Miss A. Melanson, Miss Lucia Thorndike. Chatham—Mrs. H. McKendry, Mrs. W. F. Cassidy, Mrs. W. L. Hogan, Mrs. Chas. Richard, Miss M. Galloway, Mrs. D. Fraser. Newcastle—Mrs. F. J. Desmond, Miss Quigley. Nelson—Mrs. Jas. Nowlan, Mrs. Coughlan. Loggieville—Mrs. H. Flaherty, Mrs. J. Murdoch. Campbellton—Mrs. D. Harquail. Dalhousie—Miss Farrell, Mrs. LeBlanc, Miss Blanchard. The delegates from Bathurst, Campbellton and Dalhousie, who arrived in the morning were entertained at luncheon by Mrs. John Morrissey, Mrs. J. D. Creaghan, Mrs. F. J. Desmond and Mrs. C. J. Morrissey. At the conclusion of the convention dainty refreshments were served before the delegates left for their homes. The next Diocesan Convention will be held in Chatham on the third Wednesday in May, 1923.

**EXPECT GOLD RUSH TO NEWFOUNDLAND LABRADOR IN 1923**

That the Newfoundland Labrador next spring will see a gold rush that will outrival the famous Klondyke stampede of '98 is the opinion expressed by W. T. O. Hall, a veteran prospector, who has just come down from the north after staking extensive claims at Stag Bay, where rich strikes have been reported. During the last three weeks news

of the strike has created a gold fever in Newfoundland and more than seven hundred claims have been filed at St. John's. The claims are large, comprising 320 acres each. Owing to the severe winter climate, nothing in the way of development will be done for some months, but North Sydney, in the spring, will, it is expected, be the outfitting point for scores of expeditions which are being projected to the new "El Dorado." Prospectors from as far as Alaska and South Africa are planning to join the rush. Stag Harbor is located on the coast of Newfoundland Labrador, far north of Battle Harbor, and about three days' cautious steaming from North Sydney. Stag Bay itself is so shallow that ships have to anchor ten miles out and land passengers and freight in motor boats. Only a few wandering Eskimo visit the place ordinarily, although the weather is fairly warm during the short summer. All the rivers emptying into Stag Bay, though wide, are very shallow and gravelly.

**A WOMAN'S WORK IS NEVER DONE**  
It Seems So in Many Cases and Good Health is Always Necessary  
Viscount, Saskatchewan—"I took Lydia E. Pinkham's Vegetable Compound for weakness of the female organs. I had pains in the back and bearing-down pains in the abdomen and was in a general run-down condition. I could not sleep, rest or work and was quite unfit to do even slight household tasks. A friend told me about your Vegetable Compound and I in my turn truly recommend it, as my severe symptoms vanished and I am better in every way. I do my own work, look after my children and see to chickens, cow and my garden. I also recommend it for young girls who are weak and run down, as my 16-year-old daughter has taken it and is quite her own gay self again."—Mrs. Wm. B. Kavan, Viscount, Saskatchewan.
