## THE INSPECTORIAL TRAINING INSTITUTE

The Sessions In Bridgetown Are Being Well Attended and a Proving a Great Success.

The Inspectorial Training Institute for Digby and Annapolis Counties, in charge of Inspector M. C. Foster, opened Monday, at 1 p.m., with thirty-seven teachers in attendance. These come from all parts of the two counties. Instead of placing teachers in charge of schools with no training or direction whatever, as has been done in the past, four weeks extensive training is given them. This gives each a "D" license or a Permissive License. For a higher license they are required to attend the Normal College.

The instructors are:—M. C. Foster, M.A., School Law and Management; J. T. Archibald, B.A., Theory and Practice of Teaching; R. E. Thurber, Esq., English, Science and Hygiene; Miss Gladys Newcombe, Primary Methods and Music.

Mr. Thurber is acting instructor for only the first two weeks, Miss Newcombe for the last two weeks. During the last week of the course the Primary Department of the Bridgetown School will be opened and Miss Newcombe will be able to show the teachers in attendance, practical work in Primary teaching.

Those in attendance are:—

Clyde Manning Brown, Lawrenceton. Morris Delancey Robinson, Round Hill.

Hilda A. Campbell, Digby. Josephie G. Winchester, Smith's Cove. Florence E. Karnes, Belleisle. Norma G. Keddy, Middleton. Myrtle I. Ellis.

Pearl M. McCullough, Riverdale, Digby County.

Ruth M. Kempton, Paradise, N. S. Leventia Cropley, Kingston. Hilda G. Hirtle, Paradise.

Vivian R. Longmire, Upper Granville. Eva R. Jackson, Bridgetown. Etta M. Hicks, Centrelea.

Marguerite Marshall, Clarence. Dorcas A. Powell, Freepport.

Fern S. Cossaboom, Smith's Cove. Florence M. Cossaboom, Smith's Cove. Mary E. Prime, Freepport.

Irene V. Thurber, Freepport. Nora A. Thurber, Freepport.

Meriam I. Turnbull, Bay View. Katherine M. Dodge, Middleton.

Alice E. Marshall, South Range Digby County.

Hazel J. Purdy, Clementsport. Clara M. Smith, East Dalhousie.

Ethel C. Wright, Clementsport. Jennie M. Durling, Springfield.

Blanche E. Allen, Springfield. Ruth Annie McKay, Lake Pleasant.

Winifred I. Kaulbach, Dalhousie East. Ruby A. Waterman, Torbrook.

Mildred Barkhouse, Torbrook Mines. Elsie Irene Crouse, Torbrook Mines.

Kizbro P. Dolliver, DeLacey Road, Kings County.

Vera P. Graves, Port Lorne. Susie C. Banks, Port Lorne.

## BRIDGEWATER WINS OVER MIDDLETON BALL TEAM

Bridgewater, July 21—In an exhibition ball game here today, which many considered the best that has been played here for many years, Bridgewater defeated Middleton 4 to 3. Bridgewater won the game in the ninth inning when they pushed across two runs. The locals scored two runs in the first inning, and Middleton scored two in the third. With the score tied, the teams battled to the eighth inning, when Middleton scored one run. Five hundred spectators attended the contest.

## THE GRAHAM EVAPORATORS

Manufacturers and Labor Should Get Together and Keep the Wolf From the Door

(Windsor Tribune)

R. J. Graham, of Belleville, Ontario, President of Graham's Ltd., is in town on business connected with the company's chain of Apple Evaporators in the Valley, beginning with Windsor.

Questioned with regard to the operation of the Evaporator plants this year, Mr. Graham says that he has gone carefully into the situation since arriving here, and has come to the conclusion that unless the Evaporating concerns can obtain labor somewhere near pre-war prices, that the Evaporators will remain idle for another year at least. He expresses the fullest sympathy with labor problems and believes in Unions for the protection of its members within reason, but at the present time, there is a limit beyond which manufacturers cannot go. It costs about twenty-six thousand dollars to keep the plants idle, counting insurance, repairs and the like, but to operate them at the present cost of labor, freight rates, etc., and compete in the open markets against cheaper labor would mean a loss of very many times that amount.

In view of this condition, it is obvious that the Evaporators will remain closed unless better terms can be arranged.

From the labor man's view-point it seems hard that he should be the loser by reduction in wages, and unless the cost of food and other necessities take a more substantial drop than they have to date, he will suffer

in consequence. It is therefore easily seen that the manufacturers, farmers, merchants and labor men, must get together and keep things going, otherwise there will be hunger and serious suffering for men, women and children, during the coming winter.

We suggest that the various Boards of Trade throughout the Valley invite Mr. Graham and other manufacturers to meet representatives of labor and obtain, if possible, a practical solution that will set in motion the wheels of every industry in this vicinity, and keep them going on full time.

## HEALTH CLINIC

We have received the following publication:—

Miss Chute, County Health Nurse, will visit Bridgetown, Annapolis and Middleton this week, her time being devoted to infant welfare work.

On Friday afternoon, July 29th, from 1 to 5 p.m., a general clinic will be held at the clinic room, Bridgetown. Miss Chute in charge. Special attention will be given to child welfare, Dental and T.B. work.

Get the Dental carriers looked after. 88% of the children in Annapolis County have dental defects. In order to procure good health, the teeth must be in perfect condition.

Dr. Warey, experienced dentist, and some of the Annapolis Co. medical men, will be present. The children able to pay for dental treatment must do so. Appointments will be made with the Local Dentists while the necessitous class will be cared for free. All the follow-up T.B. cases are asked to be present.

The mothers seeking information in the care and management of their infants are also invited.

Mr. Ransom Fuller Carver, of Brookline, (Mass.), was a week-end guest of Mr. and Mrs. Eugene F. Saunders, Bridgetown East.

## THE VALLEY CRICKET LEAGUE

Bridgetown Eleven Defeated in Kentville Last Saturday. Score 97-41

After winning six consecutive games, the Bridgetown eleven were beaten at Kentville on Saturday by 97 runs to 41. The Kentville team played really first class cricket and their batting, bowling and fielding were perfect. Going in to bat first, they put up 97 runs, five of their men reaching double figures. F. A. K. Walker being top scorer with a fine innings of 32 runs. The Bridgetown team were dismissed for 41 runs, W. Donat being top scorer with 14. As usual, the game throughout was played in the most friendly and sporting spirit, and both teams were hospitably entertained at luncheon and tea by the Kentville Club.

The play-off of the tied game between Annapolis County and Kings County will take place at Bridgetown on Saturday. This should be one of the best games of the season as in the last match each team scored 95 runs. The best players of Kentville and Wolfville combined will face the best players of Bridgetown and Annapolis. The winners have to play Hants County for the championship of the Annapolis Valley so spectators can be sure of seeing an interesting game.

## REBUILDING AT ONCE

(Digby Courier)

With characteristic enterprise the owners of the Universal Garage which was destroyed by fire last week have started the work of rebuilding. As a matter of fact the ashes were hardly cold before a gang of men was engaged in clearing away the debris. The new building, which will be built a little nearer Prince William street, will be the same size as the old one, namely 95 feet by 42 feet, and will be as near fire-proof as it is possible to make a building. It will be built of hollow concrete blocks in alternate layers of smooth and rough face. There will be two main entrances and the office will be between them. It is expected that the new building will be ready for occupancy in five weeks. Denton & Condon have the contract.

Minard's Liniment for Burns, etc.

## ADVERTISE BRIDGETOWN

A Scheme That Every Business Man and Every Citizen Should Support.

A representative of the Black Film Co. and Independent Film Co., is taking moving pictures along the Annapolis Valley, South Shore and other interesting parts of the Province. He will probably visit Bridgetown this week. Every assistance should be rendered him by our hotel proprietors, merchants and business men generally for this is a splendid opportunity to place Bridgetown's most attractive features before the people of the United States and other countries as a business centre, tourist resort and residential town.

## ANAPOLIS

(Spectator)

Miss Glendean Buckler and Miss Starratt are visiting Miss Moore in Bear River. Mr. and Mrs. C. E. Gardner returned on Monday from a few days at "The Pines" in Digby.

Fred Cox, the well-known real estate agent, former proprietor of the Middleton Outlook, was in town Tuesday.

Mrs. H. How returned from the west last week accompanied by her son George. They are with Lew How in Granville.

## PARADISE

Mr. and Mrs. John O. Elliott are visiting their son and other relatives in the United States.

Miss Mabel Elliott, after teaching the past two years in Esteran, Sask., has returned to her home in Paradise.

# Golden Opportunity Shoe Sale

AT

## LONGMIRE'S

More Than 500 Pairs Choice Quality Shoes Will be Offered at Sacrifice Bargain Prices

SEE DATE OF GRAND OPENING

**Why We are Holding This Big Sale:**—After a busy spring and summer selling season we find numerous lines of Men's, Women's and Children's Shoes sold out to only one, two or three pairs remaining. We believe it advantageous to dispose of these broken lots even at a price away below the wholesale cost to us in order to keep our stocks in good order. So in order to clean out these shoes quickly we are offering them at such LOW PRICES that you'll surely be surprised and it certainly will be a GOLDEN OPPORTUNITY to get Shoes for every member of your family at Real Bargain Prices.

Thursday, July 28th

Will be the GRAND OPENING DAY, and this Big

Sale will commence at 10 a. m. sharp. Sale will be continued until Wednesday, August 3rd, at 12 o'clock noon. None of these shoes will be offered at these Bargains after this date.

**Help Yourself Plan.** The right shoe of every pair to be sold will be placed on large tables and the size and price plainly marked on a price ticket attached to the shoe. You pick out any shoe you like, try it on, if it fits you hand in the amount to a clerk and receive the mate. In this manner you wait on yourself and also help us to serve the crowd easily and quickly.

**Come Early.** Of course the first to attend on the Opening Day will get the best choice of the lot, but there will be lots of Good Shoes for Everybody so don't fail to come and see the

**Greatest Shoe Bargains Ever Offered to the People in this Vicinity.**

We have only space here to enumerate a few of the BARGAINS which will be offered but RE-

MEMBER there will be hundreds more and every pair a BARGAIN is our guarantee.

Note the following:—

	Regular Value	Golden Opportunity Sale Price

### Items of Interest to Our Agriculturists

#### TIP BURN OF POTATOES

(Experimental Farms Note)

A trouble which is widely distributed and very prevalent in some seasons, and to which the name "Tip Burn" has been given, is to be found among our potato crops. This trouble takes the form of a gradual burning and drying-up of the leaves of the plants, often commencing at a comparatively early stage in their growth and, in many cases, it allowed to go on unchecked, slowly but surely involving the whole of the plants so that they die down a considerable time before the tubers are fully developed.

The appearance of this trouble in the fields is often mistaken by growers for Late Blight. There is, however, a marked distinction between the two, for Late Blight may commence by attacking any part of the plants—leaves and stems alike—and has a dark, water-soaked appearance and, in its early stages, is damp to the touch, while Tip Burn invariably commences at the margin or tips of the leaves and has a decidedly dry appearance and touch with the exception of after rain. It also appears much earlier in the season than Late Blight has ever been recorded and does not cause the death of the plants so rapidly. Nor has it ever proven so destructive as Late Blight, although evidence has been obtained that in seasons when it is severe and where no effort is made to check, a considerable reduction in the yield of marketable tubers, due to the premature death of the plants from this cause, may result.

Investigators of this trouble are not yet in agreement as to the cause. The observations of some have led to the belief that a period of hot, dry weather during the growing season causes the leaves to throw off moisture more rapidly than it can be furnished by the plant, the result being the appearance of Tip Burn. This theory seems, however, to be disputed by the fact that the trouble is not found in the hot regions of the Western States where the temperature often becomes excessive and the air is especially dry.

More recent investigations lead to the belief that this burning of the leaves probably follows the depredations of sucking insects. These investigations are not yet complete, but enough evidence has been produced to serve as a warning to potato growers to keep these insect pests thoroughly under control in an endeavor to avoid Tip Burn.

We have found in our experimental work with potatoes that Bordeaux mixture will, to a large extent, control this trouble. In 1918, when it was extremely prevalent, we had several plots to which, for the purposes of experiment, Bordeaux mixture was not applied. These plots suffered from a severe attack of Tip Burn and the plants were all killed down by the second week in August, while other plots on the same land, and to which, for the control of Late Blight, Bordeaux mixture was regularly and thoroughly applied, suffered to a very slight extent only, the plants remaining green until frost came. Bordeaux mixture acts as a repellent to the Leaf Hopper, as well as a protection to the plants. Many other cases, in addition to that referred to, have come to our attention, bearing evidence that regular and thorough spraying with this mixture will reduce to a minimum the ravages of Tip Burn.

#### CROP REPORTS

The July 15th crop report of the Nova Scotia Department of Agriculture which has been compiled from reports from 68 correspondents representing every county in the Province, sets forth the following facts:—

The hay crop is estimated at 75 in comparison with 100 for the year 1920. Some of the best known correspondents set their figures much lower, even as low as 50, and a few estimate the crop to be nearly equal to that of the preceding year. In the main, the crop is a fairly good one along the Atlantic coast from Yarmouth to Richmond and also along the shores of the Gulf of St. Lawrence, but in the large producing areas from Annapolis right through to Cumberland and Pictou and Antigonish, the average figures submitted are somewhat lower than the general average for the Province.

All the cereal crops, oats, wheat, barley and buckwheat, are estimated about 20 per cent superior to hay and at 90 in comparison with 100 for the preceding year. With favorable weather conditions the crop may be a bumper one and with dry weather it may drop to less than half.

Potatoes are still better than the cereal crops, the estimated figure being 96. However, the final harvest will depend almost entirely upon the

character of weather during the next two months.

Turnips and other roots are varied. About 25 per cent. of farmers failed, owing to dry weather conditions, to get a good catch. The balance report the crop at 85 in comparison with the previous year. With favorable weather there is still the possibility of a bumper crop.

Pastures, are in the main, much below the average, being estimated at 75 per cent at the present time and will vary above or decidedly below that figure depending upon future weather conditions.

The fruit crop still remains fairly promising, being about as in 1920. Dry weather is causing much drop which will be greatly increased if rains do not come. The quality and freedom from spot is exceptionally good.

Taking it all and all, farming conditions will be very serious unless regular rains following those of last week occur. With frequent rains from now on until the end of the season a fair, though not by any means an abundant crop, may yet be harvested.

#### EXTENSION OF CANADA'S SEED TRADE

During the year 1920 Canada's export seed trade made a considerable advance, owing, in no small degree, to the efforts of the Dominion Department of Agriculture and the Department of Trade and Commerce. The Canadian Trade Commissioners supplied lists of prospective customers abroad for Canadian seed. These were communicated with and their requirements placed before Canadian exporters. In this way an increased export of seeds was brought about to the United States, Great Britain, France and Newfoundland. To Ireland alone approximately 100,000 bushels of fibre flax seed, worth about \$1,000,000, was exported. In British Columbia, field root and garden vegetable seeds, amounting to 150,000 pounds, were marketed through the United Seed Growers, Limited, Penitton, B.C. Some 75,000 pounds of mangel, swede turnip, and field carrot seed, grown by the Experimental Farms, were sold at current wholesale prices to farmers organizations and individual farmers. It was deemed advisable to confine the marketing of this seed to Canada, so that farmers might have the exclusive advantage of using this high quality seed. Circulars detailing the available seed potato supplies in Prince Edward Island, Nova Scotia, New Brunswick, and Quebec proved an important factor in relieving the shortage in Ontario. Demonstration conducted on 117 farms in Ontario and Quebec with mangel and swede turnip seed resulted in showing the superiority of home grown seed over foreign. Seed laboratories are now maintained by the Dominion Department of Agriculture at Ottawa, Winnipeg, and Calgary, and at those points some 28,000 tests were carried out. Samples of wheat, oats, barley, timothy, and clover were tested for vitality and, at Calgary, investigation was made into the effect of frost on germination.

A very apparent effect of the work of the Department of Agriculture at Ottawa is the improvement that has taken place in the cleanliness and purity of the people's food. Especially is this true of the work performed by the Live Stock and Health of Animals branches. Better equipment at the stock yards has been brought about as well as improved facilities for transportation on the one hand and, on the other, rigid inspection at the abattoirs and slaughter-houses insures healthy and wholesome meats for consumption. It is impossible to over-estimate the value of the work that is thus being accomplished. At the canneries also cleanliness and wholesomeness are assured by the regulations that are enforced by inspectors and supervisors under the immediate control of the Health of Animals Branch, Eggs and poultry, under the Poultry division of the Live Stock Branch have been advanced in public estimation. In bygone times householders always had certain suspicions of the eggs supplied at the breakfast table and used in cooking. They usually expected one, two or three and sometimes more, in a dozen to prove unpalatable, and were rarely disappointed. To-day they buy and cook with confidence, the same is true of all other articles of food watched over by this and other departments. By legislation, adulteration has been checked and as nearly as possible suppressed. The capable work not only continues but is constantly being expanded and enlarged in scope.

Minnard's Liniment used by Physicians

#### RECOGNIZING BROOD DISEASES OF BEES

(Experimental Farms Note)

When a hive of bees is examined and something is seen to be wrong with the brood, close observation will usually reveal the trouble.

The healthy bee grub or larva lies curled up in its cell, plump and pearly white. If, scattered through the brood-nest, there are few or many larvae that have lost their shape and become flabby, and appear as if they had been melted, some turning yellowish or greyish, it is a case of European foul brood (melting brood). The remedy is to unite the weak colonies and replace the queens with young Italians of resistant strain.

When a healthy larva becomes full grown, the cell containing it is capped over with wax. If, among the capped cells some are seen to be discoloured or irregularly perforated, American foul brood (ropy brood) may be suspected and, on opening these cells, it is found that they contain a coffee-coloured mass that will rope out several inches on a match or tooth pick. There is no question about it. The remedy for this disease is to shake the bees into a clean hive fitted with foundation and bury the combs or render them into wax, disinfecting the interior of the hive with a torch before it is used again.

If larvae are seen lying in the cell stretched out dead and darkened, with undamaged skin which when punctured lets out a watery curd, it is a case of sacbrood. Nothing can be done for this disease, which usually soon disappears.

Inexperienced observers are apt to be alarmed when brood that should be capped is seen to be uncapped, but this is not a recognized disease. It may be caused by poor ventilation, or if it runs in lines, by wax moth larvae working on the comb.

Another needlessly alarming symptom is brood cast out of the hive. Bees will do this when the honey flow is suddenly checked, thus reducing the number of mouths to be fed. Drone brood is frequently treated this way. In the north worker brood is similarly dealt with after the first severe frost that brings to an abrupt end the heavy late honey flow that is a feature of much of the north country.

#### FOREST FIRES

The forest fires in Ontario, Quebec, New Brunswick and Nova Scotia this year have been in the great majority of cases humanly set. Few were caused by malevolence, but the effect in the public purse is not made easier to bear because of that. Of the thousands of dollars of public money expended by these provinces for fire fighting, or the millions of dollars in timber and other property, not to speak of the sacrifice of several lives, the greater part would have been wholly unnecessary if fishermen, campers, and settlers chose to observe common sense precautions with fire in wooded districts.

The Canadian Forestry Association points out that of the series of huge conflagrations in the forests of Eastern Canada this year, practically all commenced without legitimate excuse, in direct defiance to the fire laws and the interests of the public. Lightning has caused a number of this year's forest fires but ninety per cent of the loss is attributable to such classes as settlers, fishermen and campers. The camp fire which the user fails to extinguish is a formidable enemy and the cigarette and match thrown down on the inflammable "floor" of the forest take on enormous annual toll.

#### HOUSING OF POULTRY

Not all who keep chickens either in town or country know how to secure the best results from their flocks. For lack of knowledge the chicks often develop into spindlegged, small-bodied, poor-laying creatures. And yet any amount of instructive literature is published and can be had without cost by applying to the Publications Branch of the Department of Agriculture at Ottawa. Housing shares in importance with feeding, if the best results are to be gained. In this connection it is interesting to observe that a revised edition of the bulletin on Poultry House Construction by F. C. Elford, Dominion Poultry Husbandman, has just been issued by the Department of Agriculture at Ottawa, to meet the constantly increasing demand for information coming from almost every class of the community. The bulletin, which is based on trials of various kinds of poultry houses in different parts of Canada, treats of the subject clearly and comprehensively. Plans and building instructions, with illustrations and diagrams, are so given as to enable anyone to erect such a poultry house as may be desired.

Bridgewater Bulletin: Miss Edith Murdoch motored to Bear River over the week-end.

Mrs. J. W. Shaw, of Clementsport, has been the guest of her sister, Mrs. O. R. Peters, Rothesay, N.B.

#### THE UNDESIRABLE SCRUB BULL

That invariably defective animal, the scrub bull, is being gradually eliminated. The Live Stock Branch at Ottawa, by its policy of loaning pure-bred bulls to specially organized associations in newly settled districts and in backward sections of the older Provinces, is doing much towards achieving this end. In the seven years following the inauguration of the policy in 1913, 2,531 bulls, purchased for \$268,596, an average of \$144.85 per head, had been loaned. Of these, British Columbia has had 119, Alberta 497, Saskatchewan 539, Manitoba 220, Ontario 216, Quebec 759, New Brunswick 64, Nova Scotia 78 and Prince Edward Island 38. Returns substantiate the statement that where these bulls have been used there has been a considerable improvement in the stock marketed, and that in many districts to which bulls were loaned five or six years ago, farmers have felt warranted in buying pure-bred animals of their own. As a result, department-loaned sires are released and sent to more needy districts. This is particularly noticeable in Quebec, where the number loaned decreased from 200 in 1916 to 62 in 1919, while in Alberta and Saskatchewan the loanings had increased. It is interesting to note as evidence of the economy practised in carrying out the policy that in one year 426 bulls whose usefulness had become impaired were sold for an average of 67 per cent of their original cost.

Improved Seed

The Dominion Department of Agriculture, through the Seed Branch, works in active co-operation with the Provinces in the matter of improving grain and field seeds. Money is provided to pay prizes in standing field crop competitions, at seed fairs and provincial seed exhibitions, and in combined seed crop and cleaned seed competitions. The last named is a recent introduction. It has two distinct phases, the first consisting of a standing field crop competition and the second of threshed and cleaned seed in which the seed produced from the fields of the first phase is judged in the granary of the competitor. The competitions must have at least fifteen entries in each, and the foundation seed used must be of approved origin. The minimum quantities of cleaned seed that competitors must be prepared to submit to qualify for awards are: wheat, barley, peas, buckwheat and corn each 100 bushels, oats 200 bushels, field beans 25 bushels, clovers and timothy 15 bushels, and potatoes 150 bushels. The awards, except in the case of potatoes, are made on a basis of 65 per cent on the bin score and 35 per cent on the field score. In the case of potatoes the method is reversed, the award being based on 35 per cent on the bin score and 65 per cent on the field score. All agricultural associations are eligible to conduct these competitions, provided the association entering does not conduct a field crop competition in the same season with the same kind of crop. To the prize money under subvention agreement the Dominion subsidizes \$200 in each instance and the province \$100.

#### SHELBURNE WINS FROM YARMOUTH

Western Shore Champions Drop Their First Game of Season to Old Rivals.

Shelburne, July 20—The great deed has been done. It rested with little Shelburne to administer to the Yarmouth boys their first real trimming of the season, after they had wallowed in the mire of blanketing Yarmouth for the five innings speaks for itself. He threw out two men on second in one inning. Undoubtedly it was the most exciting game here for years. Naturally the town is elated in being the first to bring the Yarmouth boys to the dust. Shelburne has played seven league games, winning five. It has one more game with Yarmouth next week.

O. McPherson, Furniture Dealer and Undertaker, Armstrong, B. C.

Minard's Liniment Co., Ltd., Yarmouth, N. S.

Dear Sirs—Since the start of the baseball season we have been hindered with sore muscles, sprained ankles, etc., but just as soon as we started using MINARD'S LINIMENT our troubles ended. Every baseball player should keep a bottle of your liniment handy.

Yours truly, W. E. McPHERSON, Secretary Armstrong High School Baseball Team.

#### NOT OSTEOPATHY NO DRUGS

### The Survival of the Fittest

Dr. Richard G. Cabot, one of the foremost physicians in the United States, recently said: "Out of some 400 Diseases, seven are curable by drugs, while five may be prevented by inoculation."

Dr. C. F. Conrad, editor and publisher of the International Brief, the official organ of the International Alliance of Physicians and Surgeons said:—

"Chiropractors are becoming more numerous and stronger every day. You see twenty-five chiropractors to one osteopath."

According to the law of "The Survival of the Fittest," THE DRUG-LESS HEALTH SCIENCE OF CHIROPRACTIC IS RAPIDLY BECOMING THE ONE HEALTH SCIENCE WHICH ABOVE ALL OTHERS IS BEING DEMANDED BY THE PEOPLE.

This law also applies to the person who is the fortunate possessor of HEALTH. Success in Business, Happiness in the Home, Everything that makes life worth living, all these are ultimately possessed by those who enjoy health.

CHIROPRACTIC VERTEBRAL ADJUSTMENTS will make you Healthy and keep you Healthy.

BECAUSE the chiropractor locates the CAUSE of Disease and adjusts same.

### Nervous Breakdown

The effect of poor health is disastrous to an ambitious body. Many a man has failed in his life's aim through the inability of his system to stand the strain. His nerves give way, confidence leaves him, and he becomes a physical wreck.

### HAWKER'S NERVE & STOMACH TONIC

is the reliable remedy that builds up the nervous system, increases the richness of the blood and gives new vitality, vigor and strength to the body.

A bottle of this wonderful remedy will prove to you its curative powers.

At all druggists—None genuine without the name of THE CANADIAN DRUG CO., LIMITED ST. JOHN, N.B.

### Rest-A-While Tea Room

Mrs. Alonzo Daniels begs to give notice that she has opened a tea-room at her home in Centrelea. Where she has on hand, Candy, Chewing Gum, Soft Drinks, Cigarettes, Tobacco, and a line of light groceries. Lunches served at the tea-room and to take out.

Ice Cream every Wednesday. Mrs. Daniels hopes that by prompt and personal attention to all orders, she will merit the patronage of her friends and the public generally.

15-11.

Hants Journal: Miss Freda Lowndes returned to Dartmouth on Saturday. Miss Marjorie Dorey of Halifax, left Monday for Annapolis. While in town, both were the guests of Mrs. C. B. Baker.

### Interesting

#### MACKEREL

Probably none of our more interesting than the mackerel. For the last two months June, schools of these fish followed by fleets of American and Canadian netmen on the migration up the Atlantic coast to the Gulf of St. Lawrence. And just as fishermen have been to the pelagic pelagial, the put in its effort to procure table.

The common mackerel, the best known food distinguished from other deep by its swift coloration, and, technical presence of a number of finlets between the back and tail. The cut of the fish, the muscular system, strong, and the fish is most swift-moving. Pelagic habits the bones column are numerous and small, an arrangement for flexibility of the body.

The common mackerel (scombus) is probably of Atlantic, where on the American shores of the schools, the movement of being for cold waters, grass northward to the male produces several million eggs each year. Professor Goode, the minute and each is an oil globule which float on the surface of the eggs, of course do not the eggs and young in great quantity by enemies; hence the reducing the eggs on such. The balance of nature all ordinary extermination.

During April or early mackerel strike our off Carolina or Virginia are intercepted by a fleet from Massachusetts, which are a fine class of great speed and velocity follow the schools up waters are usually in first mackerel caught and command a high price. The mackerel is the most salted in the world.

While our American extensive fishery in pursuit of the mackerel only one Canadian schooner this year, our fishermen nets or nets fixed in

SIX ARMED BANDITS LOOT ONE

One Man Shot And Wounded Raid On Merchant Petite Cot

Windsor, Ont., July bandits held up a branch of the Merch Petite Cote, about two Windsor, at noon Tuesday between \$5,000 and \$8,000. A custom received a flesh wound. Several shots were fired in the pursuit of the merchant on their faces while tilled. The robbers were by two automobiles. Border police were several parties are set for the bandits.

Five residents of Petite Cote on Monday robbers that shot between the two cars fired by the bandits. The car but no one was hurt. They had to abandon the car because of a blow-out.

Police of four of the are now engaged in an effort to find the exact amount of Semi-official police report it was at least \$12,000. The bandits' car is Cadillac, Ontario license

Interesting Facts About Sea Fishes

MACKEREL

Probably none of our sea fishes is more interesting than the mackerel. For the last two months, May and June, schools of these fish have been followed by fleets of American purse-seiners and Canadian netters, in their migration up the Atlantic shore of the continent to the Gulf of St. Lawrence. And just as eager as the fishermen have been to net this delicious pelagian, the public has been in its effort to procure it for its table.

The common mackerel is one of the best known food fishes. It is distinguished from other denizens of the deep by its swift form, metallic coloration, and, technically, by the presence of a number of detached finlets between the back fins and the tail. The cut of the fins are feeble, the muscular system is extremely strong, and the flesh is oily. As in most swift-moving fishes and fishes of pelagic habits the bones of the spinal column are numerous and extremely small, an arrangement which makes for flexibility of the body.

The common mackerel (scomber scombrus) is probably confined to the Atlantic, where on both European and American shores it runs in vast schools, the movement varying greatly from year to year, the preference being for cool water. Mackerel migrate northward to spawn. The female produces approximately half a million eggs each year, according to Professor Goode. These are very minute and each is provided with an oil globule which causes it to float on the surface. All of these eggs, of course do not mature. Both the eggs and young are destroyed in great quantity by their natural enemies; hence the reason for producing the eggs on such a large scale. The balance of nature suffices for all ordinary exterminating influences.

During April or early May the mackerel strike our Atlantic coast off Carolina or Virginia where they are intercepted by a fleet of seiners from Massachusetts. These seiners, which are a fine class of craft-yachts of great speed and very sea-worthy follow the schools up the coast. The first mackerel caught in southern waters are usually marketed fresh and command a high price, but as the seiners proceed north their catch is mostly salted in barrels.

While our American seiners have an extensive off-shore fishing fleet in pursuit of the mackerel, there is only one Canadian seiner operating this year; our fishermen use dragnets or nets fixed in the bottom.

The Canadian mackerel catch is thus rendered very uncertain because the schools may move thirty or forty miles off shore which is farther to sea than our small Canadian craft would care to venture. Mackerel have been known to take three different routes after striking off the southwest shore of Nova Scotia. These routes, commonly known as the shore, inner and outer, all converge at Canada. Some schools, it is stated, go through the strait of Canso to the Gulf of St. Lawrence, but the great body reaches the gulf by way of Cape Breton. After lingering for a period in the Gulf the fish disappear into deep water, returning again in the fall on their migratory course to warmer waters for the winter.

The Fisheries Branch, Department of Marine and Fisheries in 1920 instituted a scouting service to locate the mackerel schools as they approach the Nova Scotia coast, and notify the fishermen ashore. The fisheries protection cruisers "Aras" and "Hochelega" which set out early in May, met the mackerel and accompanied them along the coast. This year a similar service was maintained, but unfortunately both in 1920 and 1921 the schools did not follow the shore course, and hence our fishermen, who are dependent largely upon a movement inshore, did not have the success of other years.

The schools of mackerel vary greatly in size. Schools estimated to contain one million barrels have been recorded on more than one occasion. A school such as this has been described as "a windrow of fish half a mile wide and twenty miles long". The bulk of mackerel taken is salted, but fresh or salt they are consumed in great abundance by Canadians and Americans whenever available. It is estimated that the Massachusetts seiners put up about 400,000 barrels each year. Our Canadian fishery in 1919 brought 230,770 cwts, valued at approximately \$1,500,000, of which 74,897 barrels were put up, valued at \$1,038,000. In 1920 only 142,347 cwts. were caught, and 26,144 barrels packed.

Professor Goode says that the mackerel when in season is one of the most delicious sea foods, ranking high in nutrition and palatability. Salt mackerel may be boiled as well as broiled and fresh mackerel may be treated in the same manner. A well-cured autumn mackerel is considered to be the finest of all salted fish. Generally speaking, mackerel is available on the Canadian market in the latter part of May, June, July, August, September and October.

SIX ARMED BANDITS LOOT ONTARIO BANK

One Man Shot and Wounded in Bold Raid on Merchants' Bank at Petite Cote.

Windsor, Ont., July 26—Six armed bandits held up employees of the branch of the Merchants' Bank at Petite Cote, about twelve miles from Windsor, at noon today and secured between \$5,000 and \$10,000 in cash. Vital Benoit, a customer in the bank, received a flesh wound in the body. Several shots were fired. The bandits forced the teller, accountant and another employe to lie on their faces while they rifled the tills. The robbers were given chase by two automobiles and when last seen were heading towards Essex.

Border police were notified and several parties are scouring the country for the bandits.

Five residents of Petite Cote in a car came so close to the escaping robbers that shots were exchanged between the two parties. Bullets fired by the bandits grazed the pursuing car but no one was injured.

They had to abandon the chase because of a blow-out. Police of four of the border cities are now engaged in the chase and are in hot pursuit. Bank officials are withholding information as to the exact amount of money taken. Semi-official police reports say that it was at least \$12,000.

The bandits' car is said to be a Cadillac, Ontario license No. 168-731.

MISS SMITH IS A "B. A."

The St. John Globe says: The degree of Bachelor of Arts was conferred by Somerville College, Oxford, on Miss Ella L. Smith, daughter of Mr. and Mrs. J. Willard Smith, on June 23rd. Miss Smith also holds "B.A." and "M.A." degrees from McGill. She qualified for a degree in 1914, graduating with first class honors, being the first lady in three years to win such honors.

Hants Journal: Mr. and Mrs. Leslie Wiltshire and daughter recently visited Mrs. D. K. Grant, Yarmouth.

GOVERNMENT OWNERSHIP NOT A SUCCESS

Sir George Bury Favors Placing of Govt. Railways Under Direction of C. P. R.

Winnipeg, July 25—Government ownership has not been a success; it can never be made to work successfully so far as the Canadian national line is concerned, for there is no incentive for men to go ahead. Under private ownership a good man is promoted and the poor man is laid aside, but under Government control the good man is not promoted and the poor man is never discharged, declared Sir George Bury, former Vice-President of the Canadian Pacific Railway, now in the city on a short holiday.

Sir George, who is now free from any business or professional affiliations, is strongly in favor of the plan advocated by Baron Shaughnessy some time ago, whereby the whole Government railway system be brought under the direction of the Canadian Pacific Railway. Speaking of personal ambition, Sir George declared that just as soon as a man is made secure in his position by virtue of a Government job, just as quickly is his personal ambition killed.

Discussing prohibition, the former Canadian Pacific Railway official said: "The greatest curse that ever hit this country. Ask any man who has ever had a large number of men in his employ and he will confirm my statement. Prohibition makes law-breakers of honest men, makes men want to secure liquor who, in the ordinary course of events, would leave it alone, and, in my opinion, was designed to disgruntle people, which it has succeeded in doing."

Bridgewater Bulletin: C. A. Weagle and family, Frank and Ralph Cook, motored to Bear River, Annapolis, Bridgetown, Middleton, and other places, on Sunday.

Sanatorium Notes in Halifax Herald: The Misses Blanche Patton and Ina Wilson, of Annapolis Royal, members of the 1920 "Rest Chair Club" were visiting friends last Friday.

HAS THROWN HIS CRUTCHES AWAY ANOTHER VESSEL HAS DISAPPEARED

Halifax Man Was Unable to Walk for Rheumatism When He Began Taking Tanlac

"I had quit work, was unable to walk and thought the rheumatism had laid me out for good, but since taking Tanlac I have thrown my crutches away and simply feel like a new man entirely," said John Olsen, 44 Dresden Row, Halifax, N.S., who has been a suffering man for the past forty years.

"For three years I was troubled with rheumatism. My legs ached from my knees to my feet and for weeks at a time I was unable to walk a step. My knees were swollen and stiff and at times my legs were as stiff as a board. My ankles and feet would swell up so bad I couldn't get my shoes on and the muscles in my legs felt like they were tied in knots. I had sharp, shooting pains all through my legs and a good night's rest was almost impossible. Whenever I was on the ship they had to lift me out of my bunk and carry me around like a child. Last September when we arrived in Sydney I had them carry me ashore and put me on the train for Halifax, and when I reached there I couldn't walk a step.

"Well, while sitting around the house all the time I took to reading a good deal and each day I noticed the statements about Tanlac. So finally I decided to try it myself. The swelling and stiffness began to leave me and I was able to walk with the aid of crutches. I kept right on taking Tanlac until now, I have thrown my crutches away, can walk as good as I ever could in my life and the pains and aches have all disappeared. My appetite has improved and I have picked up several pounds in weight, and am feeling better and stronger than I have in many years."

WEDDING BELLS

MASON-CORKUM

The home of Mr. Wilbert Corkum, Robinson's Corner, N. S., was the scene of a very pretty wedding on Tuesday, July 12th, at eight p. m., when his niece, Miss Evelyn Sadie, became the bride of Mr. Winifred Mason, of French Village, Halifax Co. The officiating clergyman was Rev. W. J. Hamilton, a former pastor of the bride, while she was residing at Lake May, Annapolis Co. the home of her father, Mr. Amos Corkum.

The bride was becomingly attired in a gown of ivory duchess satin with trimmings of pearl and silver lace. Her veil of fine net fell to the edge of her gown and was held in place by a wreath of orange blossoms. Her bouquet was a shower of bridal roses and white sweet peas. The wedding march from Lohengrin was rendered by Mrs. Hamilton, as the bride, on the arm of her uncle, took her position on the lawn, under an arch of evergreen and roses, where the clergyman and the groom awaited her. She was attended by a pupil, Miss Helen Smith, of Tantallon, who looked very attractive attired in azure taffeta. The declining rays of the sun mingling with the soft rays of candle light shed a dreamy radiance over the scene.

After the ceremony, a delectable luncheon was served to about forty guests, including relatives and friends from Halifax and French Village, who motored in to extend to Mr. and Mrs. Mason best wishes for years of happiness and prosperity.

At the outbreak of the great war the groom was in Manitoba. He enlisted in the 183rd battalion at Winnipeg, and was transferred to the 27th battalion overseas. He was seriously wounded at Passchendaele, in August, 1917, but at the close of the war he was again on active service in France.

The groom's gift to the bride was a substantial cheque, to the organist and maid of honor, gold pieces. Among other numerous gifts of silver, linen and china, was a silver tea service, the gift of the aunts and the uncle, with whom the bride has made her home since the death of her mother. The following morning Mr. and Mrs. Mason motored to Halifax en route to St. John, near where they will spend several months before going to their permanent home at Amherst.

DEATH OF A PROMINENT METHODIST

(Wesleyan)

Mr. Havelock Nelly, for many years an active member of the Methodist Church at Middleton, Annapolis Co., N.S., passed away on Sunday, July 10th, after a few days illness of pneumonia, aged 62 years. He will be much missed in the church and community.

Ex-Conductor N. Margeson was in Windsor this week attending the funeral of Capt. Wm. Crossley. Norris was looking fine.

Strange Stories Concerning A Vessel Which Has Never Been Heard From

Four years ago the three masted schooner E. E. Morrison sailed from St. John for Kingston, Ja., with a cargo of flour. It was the maiden trip of the trim vessel which was just left the stocks at Liverpool.

Since that day not a word has been received from any member of the crew. Two St. John men had gone on the new vessel, Carl Kemp, Jr. and Joseph Fitzgerald. Both were married. Kemp a young man with one child.

The schooner arrived at Kingston and having discharged the cargo was despatched to Martinique, to load for some other port, not then known. Submarines were operating in that section of the West Indies and it is presumed by some that the E. E. Morrison, on her maiden trip was one of their victims.

There was a report that a submarine was sighted by the captain of the schooner Herbert Saunders, an old Nova Scotian mariner, just off Martinique. According to this report it came up alongside and the commander ordered all men on the schooner to come aboard. They did so and were left on deck. Two torpedoes were then fired and the brand new vessel sank.

It was said the submarine submerged leaving the crew of the E. E. Morrison to the mercy of the water as the sub swept away under the surface. The order to sink without trace was then operative and the report is credited in many places.

As it would be impossible to swim about twenty miles to shore and moreover if one did float for some time on a piece of wreckage, shark would be likely to seize the survivor. As far as known to the relatives of the St. John men who went with the vessel, not a piece of wreckage identified as belonging to the E. E. Morrison, has been found. There has been a spark of hope burnished in the breasts of some that the men succeeded in reaching shore and are now on one of the small islands of the West Indies, unable to reach civilization.

There are others who believe the schooner was dashed on a hidden reef or was driven on to the rocks of one of the islands, during a terrible storm. However, the impression that the submarines alerted her as prey is the prevalent one. Recently a stage clairvoyant, coachman, mental telepathist and medium, when asked what became of the E. E. Morrison replied that it foundered in a storm. But as she did not present any further information on the subject it is surmised she was guessing.

GREAT OIL FIELD FIRE IN MEXICO

Mexico City, July 26—The Amatlan oilfields are on fire, with drilling towers falling like chaff and the workmen fleeing, according to reports received here describing "the greatest catastrophe in the history of the oil field."

The financial loss cannot be estimated, say the advices, which add that the conflagration dwarfs into insignificance the Pordoro Del Llano disaster.

Columns of fire hundreds of feet high are covering the entire field and efforts to suppress the blaze are considered hopeless.

It is also feared that there will be some loss of life, as the fire spread so quickly from lot No. 162, where it started, other wells in the vicinity exploding.

The Amatlan field is one of the richest in the state of Vera Cruz. The fire has destroyed property to the value of several million dollars, and so far as is known is not yet under control.

The fire was caused by lightning. Troops have been rushed to Amatlan, and workmen from other districts are aiding in fighting the flames.

Something For Nothing

The railway conductor was collecting tickets. He came to a large and bearded Scot, who, with bowed head, was searching pocket after pocket for his piece of cardboard—in vain. After the search had progressed quite a while, the Scot raised his head, and the eye of the conductor happened to fall upon his bearded lips. "Why, the ticket's in your mouth," he said. Sure enough, that is where it was.

The Scot handed it to the conductor, who punched it and pocketed it and proceeded on his way. "Queer that your ticket should have been in your mouth all the time," remarked a fellow-traveller to the Scot. "Nothing queer about it," was his reply, "I was just sockin' the date on it."

W. Conrad, ex-D.A.R., conductor, has a fine position now in St. John.

GEORGE E. ANTHONY, Prop. 16-41

What is a Recommendation Worth?

That depends very much upon who gives it. For instance, we recommend Ames Holden "Auto-Shoes" as the cheapest mileage you can buy. And we know a lot about tires. We have to be in our business. Hence our recommendation should carry some weight, apart from the fact that we are benefiting to some extent by your custom.

We know that if you buy once, you will buy again—because you will find that our recommendation saves you money on mileage.

We will give you a guarantee with Ames Holden "Auto-Shoes" too—a guarantee that protects you against any defect in material or workmanship which may arise at any time in the life of the tire. And we will get you an adjustment on that basis should necessity arise, without quibble or red-tape. Drop in and let us show you Ames Holden "Auto-Shoes" today if you can.

AMES HOLDEN "AUTO-SHOES"

Cord and Fabric Tires in all Standard Sizes

Advertise in the MONITOR

The Weekly Monitor Established 1878 Under new management since June 1917

WEDNESDAY, July 27th, 1921. Copy for display advertising must be in this office not later than 12 o'clock noon on Monday for insertion in the MONITOR the same week.

LABOR DAY CELEBRATION

A meeting of the executive committee of the Bridgetown Amateur Athletic Association was held in the Board of Trade rooms Friday night, during which Mr. O. S. Dunham, of the Bridgetown MONITOR, presented the Association with a large burgee containing the initials of the club. The flag was especially designed by Mr. Dunham and manufactured by Mr. J. O. Dakin, of Digby. A vote of thanks was passed by the committee and extended by the President to which Mr. Dunham made a suitable reply. A staff was presented by Mr. F. E. Bath, a set of halyards by Capt. Wm. E. Gesner and the iron work by Mr. G. O. Thies. It was resolved to proceed at once to arrange for a Labor Day celebration and ex-mayor McKenzie was appointed chairman of the celebrating committee. This will be Bridgetown's third annual celebration and promises to be the best yet. A good programme of sports, including an excellent ball game, a trades procession and a dinner and supper on the grounds are among the important features. This year the executive committee will ask all the store keepers, with the exception of restaurants, ice cream parlors, etc., to have their places of business closed.

PREMIER MURRAY HONORED

There was a gathering of the faithful at the Province Building, Halifax, Wednesday afternoon, the occasion being the formal presentation of the address to Premier Murray passed by the Local Legislature on May 23rd last. After the opening remarks by Hon. J. M. Mack, President of the Legislative Council, the resolution of the House of Assembly was read by Hon. R. Irwin, Speaker of the House of Assembly.

Telegrams of congratulation from Hon. W. L. McKenzie King, Premier of the Province, Quebec and others, were read by A. S. Barnstead, Clerk of the Legislative Council. Following this was an address by Hon. W. S. Fielding and the Premier's reply. After the National Anthem had been sung a reception was held. Premier Murray has continuously held office as Premier and Provincial Secretary of Nova Scotia since July 20th, 1896.

ANOTHER STEAMBOAT LINE

Mr. H. T. Warne, whose shipping business is continually increasing at Digby, will place a steamer or auxiliary schooner on the Bay of Fundy route between Digby and St. John, and is now looking for a vessel suitable for this work. The new craft will be in command of Capt. Edward W. Keans, for many years Captain of the Port Wade ferry boat and formerly master of vessels engaged in the Bay of Fundy and off-shore fisheries. Capt. Keans was also master of Digby's first auxiliary schooner, the Wilfred L. Snow. It is also reported that this boat will have competition and that a Company is now being formed in Digby to put the steamer Centreville on the same route. This, however, will not interfere with Mr. Warne's venture as he has business enough of his own to keep Capt. Keans and his new vessel busy.

AN ENLARGED EDITION

We have enlarged the MONITOR this week from 8 to 10 pages. This has been done particularly to make room for the village notes which we receive Saturdays. We believe that both our country readers and correspondents will appreciate the change which necessitates, however, considerable extra expense. Should sufficient increase in circulation and prompt renewals warrant it this extra service will be continued.

PREFERRED BRIDGETOWN WORK

Mr. B. D. Rogers, of Amherst, had a new topping put on his McLaughlin car by Mr. G. Elburne Nichols, at Bridgetown, which gave him excellent satisfaction. Mr. Nichols is working up a large business in this line, and every customer appears to be a good advertiser.

Berwick Register: Messrs. J. H. Hicks & Sons, Bridgetown, have been awarded the contract for building a 75-foot extension onto the Berwick Fruit Co.'s warehouse, and construction work is now under way.

Local Happenings

Mr. H. B. Hicks has sold his residence on Granville street West to Mr. M. W. Graves.

The grand stand on the athletic grounds is being painted and a large score board has been erected. The local officers and members of the C.G.I.T. Societies are spending a week at Hampton.

The Western section of the Valley League has been won by Middleton, and the Eastern section by Kentville.

The government of Manitoba will spend \$3,943,850 on the construction of roads throughout that province this year.

The officers and members of Autumn Leaf Rebekah Lodge will hold a picnic at "The Pines", Paradise, this afternoon.

Friday night's dance in the Court House was a big success. The Pines Orchestra, of Digby, furnished a good musical programme.

The Bridgetown ball team played Annapolis at Annapolis Saturday afternoon, the score being 5-6 in favor of Bridgetown.

Socials junior baseball team of Halifax, has sent a challenge to the Bridgetown Juniors for a game in this town next month.

The Valley team known as the "All Stars," were badly defeated by Yarmouth in Yarmouth last Friday, the first game being 16-5 and the second 8-0.

Twenty million persons are on the verge of starvation in drought-stricken sections of Russia, subsisting mainly on moss, grass and the bark of trees.

Assist the good work of St. Matthew's Guild by attending the Lawn Fete on the grounds of Wm. Harding Spurr, Deep Brook, Thursday, 28th inst.

The married men of Bridgetown, will play the married men of Lawrenceton on the Bridgetown ball grounds Friday evening, the game to start at 6 o'clock.

Kentville, the champions of the Eastern section of the league, will play Bridgetown at Bridgetown this (Wednesday) afternoon, game to commence at 3 o'clock.

The Women's Institute will unveil the memorial posts and gates at the Round Hill cemetery on Wednesday afternoon, August 3rd, at 2 o'clock. The Annapolis Royal band will be in attendance.

News has reached here of the death of Fred Rosa Bogart, son of the late Capt. Eugene S. Bogart, and Mrs. Elizabeth Bogart, of Lower Granville, which occurred in New York Monday afternoon.

The directors of the United Fruit Cos. at Kentville last week after passing their estimates decided to present to A. E. McMahon, their general manager, a bonus of \$1,000 for the past year's work.

After Monday evening's game a flag pole, referred to in another column, was erected on the east end of the grand stand on the Bridgetown A. A. grounds, from which the Association's burgee will be displayed every day for which a game has been arranged.

BRIDGETOWN DEFEATS DIGBY

The Digby Taxis boys played the Bridgetown boys at Bridgetown Monday evening. This ball game proved to one-sided to be of special interest. The score was 14-7, Digby boys making the majority of their runs in the latter part of the game. The line up was as follows: Bridgetown—Roberts, p.; Hoyt, c.; Fay, 1st b.; Todd, 2nd b.; Little, 3rd b.; Longmire, s.s.; Troop, c.f.; Price, r.f.; Gatti, l.f.; Manager—G. H. Dixon.

Digby—Teddy Dakin, p.; Boyd Milberry, c.; J. Collins, 1st b.; Teddy Peck, 2nd b.; Henshaw, 3rd b.; Cecil McWilliams, s.s.; Ray Bishop, c.f.; Digby Winchester, r.f.; Harold Weir, l.f. Spare—D. Collins.—Manager—W. A. Westhaver. It is quite evident that the Digby boys require considerable practice. It is to be regretted that they do not receive the support of their business men and citizens generally which is given the Bridgetown boys.

BIG CLOTHING SALE

The largest boys' and Men's Clothing and Furnishing Sale ever attempted in the Annapolis Valley is now outlined in a circular just issued by A. M. King & Son, of Annapolis Royal. An attempt will be made to make a CLEAN SWEEP of all SUMMER WEARABLES at greatly reduced prices, during a 9 Days Sale, commencing on Thursday, August 4th.

Last August in the same period this firm disposed of a complete Stock of Furnishings purchased at Dartmouth, N.S., and this year with their very large Stock of Clothing offered at slashing reductions, they expect to eclipse all past records. Our readers will do well to write them direct for a Sale Sheet.

The ladies of the W.A. wish to thank the public for their generous patronage and also Mr. and Mrs. Campbell for their genial hospitality, both by giving up their lawn for the occasion and opening their doors for the enjoyment of the young people.—Com. 17-11

In The Supreme Court

BETWEEN: CHRISTIANA HUDSON, Plaintiff AND CHARLES HUDSON, Defendant

To be sold at Public Auction by the Sheriff of the County of Annapolis at the Court House at Annapolis, on Tuesday, the 6th day of September, A. D. 1921, at the hour of ten o'clock in the forenoon, all the estate, right, title, interest, claim, property, and demand herein of Charles W. Hudson, the defendant of in to, or out of a certain piece, or parcel of land situate lying and being in Bridgetown in the County of Annapolis, bounded and described as follows:

All and singular that certain piece or parcel of land and premises situate, lying and being in the said town of Bridgetown and bounded and described as follows, that is to say: Beginning at a point where the north line of lands now or formerly of John Cameron intersects the west line of lands formerly of William R. Calder, formerly of Jean R. Skinner; thence running westerly along the north line of said lands now or formerly of John Cameron to the north-west corner thereof; thence following the park fence to the west side of the park gate, thence northerly sixty-three degrees west one hundred and sixty-six feet to a point within twenty-five feet of the southeast corner of lands of Elias Messinger, formerly of Wandford Dodge; thence turning and running north four degrees west until it strikes the south side line of the Halifax and South Western Railway; thence following the said south line of the Halifax and South Western Railway until it comes to the west line of lands formerly of William R. Calder, now of Jean R. Skinner; thence southerly following said Jean R. Skinner's west line to the place of beginning, the same being a part of the lands conveyed to the said Elias G. Lansley by deed bearing date the 23rd day of May A.D. 1905 by the town of Bridgetown and duly recorded in the Registry of Deeds for the County of Annapolis in Book 128 at page 478 and conveyed to the said Charles Hudson by deed dated the 29th day of May, 1912, registered in Book 150, page 665.

The same having been levied on herein under an execution issued out of the Supreme Court of Nova Scotia on a Judgment taken by the Plaintiff against the Defendant herein, dated the 16th day of July A.D. 1920, and duly registered in the Registry of Deeds Office in the County of Annapolis for a period of more than one year.

TERMS OF SALE: 10% of the purchase price at the time of said sale, remainder on delivery of the deed. Dated this 25th day of July, A.D. 1921.

J. HAVELOCK EDWARDS, High Sheriff of the County of Annapolis.

OLIVER S. MILLER, Plaintiff's Solicitor. 17-51

BETWEEN: CHRISTIANA HUDSON, Plaintiff AND CHARLES HUDSON, Defendant

SALE OF GRASS

To be sold at Public Auction by the Sheriff of the County of Annapolis, on Monday, the 1st day of August, in front of the Court House, Bridgetown, at the hour of ten o'clock in the forenoon: All the grass now growing on the field owned by Charles Hudson situated in Bridgetown in the County of Annapolis, bounded on the north by the Halifax and South Western Railway, on the west by Park street, on the south by Park street, and on the east by lands belonging to Jean R. Skinner, the same having been levied on under execution in the above cause.

TERMS CASH. Dated this 25th day of July, A.D. 1921.

(Sgd.) J. HAVELOCK EDWARDS, High Sheriff of the County of Annapolis.

OLIVER S. MILLER, Solicitor for Plaintiff. 17-11

A SUCCESSFUL EVENT

The ice cream social held on the lawn of Mr. Joshua Campbell, Thursday, July the 21st, under the auspices of the Women's Auxiliary of Upper Granville, proved a grand success, the sum of \$45.50 being realized.

The lawn was tastefully decorated with Japanese lanterns and flags, and as the shades of evening began to fall, presented a very pretty appearance. At an appropriate hour a large number had gathered, and before eleven o'clock the entire stock of ice cream, cake and soft drinks had been sold. Then the company began to disperse and were unanimous in saying they had spent a very pleasant evening, and hope that this will not be the last of such occasions. The ladies of the W.A. wish to thank the public for their generous patronage and also Mr. and Mrs. Campbell for their genial hospitality, both by giving up their lawn for the occasion and opening their doors for the enjoyment of the young people.—Com. 17-11

Tupper last week, where Mrs. Tupper lies seriously ill, were: Mr. and Mrs. Norman Hardy, of Annapolis Royal; Mrs. L. A. Crocker, Messrs. Ashton Hardy, G. E. Tupper, L. T. Harlow, and Uriah Johnson, of Brookfield, Queens Co. Wesleyan: Before leaving Wolfville, Rev. W. H. and Mrs. Watts received many tokens of esteem. The W.M.S. and Ladies' Aid made valuable presents to Mrs. Watts in appreciation of her active interest in those societies. Mr. Watts and family had a hearty reception at Digby

and the initial Sunday services were largely attended. Mr. W. V. Jones, D.A.R. station agent at Bridgetown, left Monday on a four weeks' vacation. Accompanied by Mrs. Jones and family, they will spend a week at Dr. Armstrong's summer cottage at Clementsport, after which they will visit Montreal and Prince Edward Island. His place at the station will be filled by Mr. Frank Woodworth, relieving agent. Captain Raymond Foster, of Hopkinton, (Mass.), who has been visiting his sister, Mrs. Wm. L. Messenger, is spending a few weeks in Halifax, visiting his sister, Mrs. Ilaley, who will accompany him on his return. After spending a few days at the home of their sister, Mrs. William L. Messenger they will proceed to the Captain's home, motoring by the way of N. B. in his up-to-date Reo. The chief officer of the United States steamship, Binghamton, which was wrecked on Gannet Rock in the Bay of Fundy, was Mr. Guy Keans, a native of Digby. Mr. Keans is a son of Mr. and Mrs. Lawson Keans, formerly of Port Wade. This young chief officer, accompanied by a son of Capt. Frank L. Gilbert, commander of the Binghamton, are guests of Capt. and Mrs. Edw. Keans, Port Wade. Messrs. Charles and Ernest Foster, of Berlin, (Mass.), who motored up from Yarmouth, have been spending the past two weeks at the old home-stand, the guests of their brother, Geo. W. Foster, Upper Granville. They were accompanied by their nephew, Mr. James Fraser, of Clinton, (Mass.), and Mr. Herbert Wheeler, of Berlin. After spending two days with relatives here, Mr. Fraser motored to Berwick to join his wife, who has been visiting her parents, Mr. and Mrs. P. J. Chute. After a very pleasant vacation, and various interesting auto trips with relatives and friends, the "sisters" motored to Yarmouth Friday and took the Boston boat en route to their respective homes. LOCAL DEATH ROLL CAPT. WILLIAM T. CROSSLEY (Annapolis Spectator) Friends in Annapolis Royal are grieving to hear of his sudden death which occurred July 14th at Grand Pre, while returning to his home in Windsor from a motor trip with his family to Canning, the cause being heart trouble. Deceased was a man of very wide acquaintance, especially in the West Coast trade out of New York to South America, and was very highly esteemed. The Windsor Tribune says: The deceased was a man greatly beloved in the home circle, and respected by the whole community. His parents were English, living at Halifax when Capt. Crossley was born 56 years ago. When a small boy they removed to Windsor, where they remained during the rest of their lives. Capt. Crossley grew to manhood in Windsor. After leaving school he studied navigation and became a Captain. He was given his first vessel, the barque George Davis by C. Henry Dimock, sailing between this port and New York. Afterward he was employed with the W. R. Grace Company of New York, and soon became their most trusted and highly esteemed officer, remaining with them until the present time. He was the Commodore of the Grace line and was the examiner of all their ships, none being added to the line until it had passed his inspection. Mrs. Crossley, formerly Miss Elizabeth Kerr, and three children, Wilfred, Constance and Frances, have the sincere sympathy of the entire community in their deep bereavement. FRANK F. BALCOM There passed away at his home in Lawrencetown on the 18th July, Frank F. Balcom, beloved son of Albert and Hattie Balcom, in the 38th year of his age. The deceased is survived by father and mother and six brothers: Lewis S., of Trenton; Percy Malcolm and Claude, of Halifax; Harry E., of Paradise, and Ralph, at home; also two sisters, Mrs. F. B. Bishop, Lawrencetown, and Mrs. Edw. J. P. Innor, Halifax, all of whom realize that they have lost a brother who ever manifested all the best and noblest qualities that characterize true brotherhood. Service was conducted at the home and grave by Rev. A. H. Whitman. The floral offerings were very beautiful, including pillow from father and mother; crescent from Mrs. F. B. and family; wreath from brothers Harry and Lewis; wreath from brother Percy and family; wreath from brother Mack and family; broken harp from sister Tina and husband; sheaf of wheat from brothers Ralph and Claude; cut flowers from Mrs. Shaffner, Mrs. Laura Bishop, Mrs. S. H. Daniels and Ruth and Miss Nettie Balcom. JAMES C. MORRISON James C. Morrison, for many years a resident of Digby, died suddenly at his home, 440 Quinpool Road, Hal-

**MARINE NEWS**

Tern schooner Leo LeBlanc, of New York from Turk's Island, discharged 15,597 bushels of wheat.

The schooner Edith Bellevue passed City Island on Sunday bound south from Weymouth, (N.S.), for Port Reading.

Digby, July 20—Arrived, tern schooner Cape LeHave, Sarty, C. Crocker, Freeport. Cleared, steamer Wanda, Yarmouth; Phyllis C. Crocker, Freeport.

Annapolis Royal, July 20—Arrived, schooner Swan, Yarmouth; steamer Granville III, St. John. Cleared, schr. Swan, Yarmouth; steamer Granville III, St. John.

The tern schooner Stewart T. Satter is now at Parramore Roads loaded at Cheverie, N.S., and bound to Boston, Mass. The cargo was shipped by Davison Hill, of Truro, N.S.

Instead of taking part cargo at Yarmouth, where she was overhauled, the tern schooner Cape LeHave, Captain Eber Sarty, is to take her full load at Digby.

The 193 ton tern schooner Roxanna Burton, owned and commanded by Captain John Burton, is a total loss on the Spanish coast. Captain and crew got ashore safely. The vessel had on board a cargo of salt fish loaded in St. John's, Nfld., and was bound to Naples. She was a new vessel, built at Grosse Pointe, N.S., and valued at \$60,000 equipped with 60 h.p. engines.

Steamer Cretic, the White Star liner in command of Captain W. A. Morehouse, of Digby, will not be withdrawn permanently from the Mediterranean trade as intended, despite the fact that the most profitable part of the business is affected by the new law. Under present plans she will leave Naples on August 12th and arrive at Boston August 20th. She has been laid up at Naples since the new U.S. immigration law went into effect.

**ARCHIVES RECEIVES DOCUMENTS**

The following books and documents have been received by the Dominion Archives office in Halifax:—Records of Court of Sessions of Annapolis and Digby, from Miss M. Stewart, Digby; records of Methodist Church at Wallace, from Dr. Armstrong, Bridgetown; provincial militia documents, 215 in number, from Dr. S. D. Scott, Vancouver; 104 documents of Cumberland county, from the Baker family; oath of allegiance taken by Rene Landry and others in 1768, from Joseph Howe, Chipman's Corner; deeds and other documents belonging to Col. Jonathan Crane and his family, from Fred Crane, Grand Pre; 950 land documents of Cumberland, Guysborough and other counties, from Hon. C. T. Daniels; dairy and other documents from Dr. Payzant; Wolfville, and Yarmouth Genealogies from M. Fortier, Annapolis Royal.

**FUNERAL OF THE LATE COLONEL SPURR**

Middleton, July 20—The late Colonel Shipley Spurr was laid to rest yesterday in the cemetery at Melvern Square. A short service for the family was held at the house, after which the casket was taken to the Baptist Church. The clergymen who took part in the service were Rev. Mr. Puddington, pastor; Rev. Mr. Saunders, Rev. Dr. Hutchins, Middleton, and Rev. John C. Spurr, of Hantsport, brother of the deceased. The pallbearers were Fred Gillatt, a son-in-law; S. A. Spurr, G. W. Spurr, W. V. Spurr, S. W. Spurr, and Arthur Spurr, all nephews of the late Colonel Spurr. The service was impressive in every particular, and the floral tributes were many and beautiful.

**Plenty For a Starter**

"Where's Jimmy?" asked the head of the house, coming home from work. "He was very naughty," replied the wife. "I sent him to bed for swearing."

"Swearing?" roared the indignant father. "I'll teach him to swear!" and he rushed upstairs. For some minutes the indignant paternal voice resounded through the house, and then Jimmy's mother called.

"John, dear, I'm sure Jimmy has heard enough for the first lesson."

**GUARD BABY'S HEALTH IN THE SUMMER**

The summer months are the most dangerous to children. The complaints of that season, which are cholera infantum, colic diarrhoea and dysentery, come on so quickly that often a little one is beyond aid before the mother realizes he is ill. The mother must be on her guard to prevent these troubles, or if they do come on suddenly to banish them. No other medicine is of such aid to mothers during hot weather as is Baby's Own Tablets. They regulate the stomach and bowels and are absolutely safe. Sold by medicine dealers, or by mail at 25 cents a box, from The Dr. Williams' Medicine Co., Brockville, Ont.

The Methodist Camp Meeting will open at Berwick on August 2nd this year.

**PALE AND NERVOUS SCHOOL CHILDREN**

**Need Rich, Red Blood to Regain Health and Strength**

Many children start school in excellent health, but after a short time home work, examinations, hurried meals and crowded school rooms cause their blood to become weak, their nerves over-wrought and their color and spirits lost. It is a mistake to let matters drift when boys and girls show symptoms of nervousness or weak blood. They are almost sure to fall victims of St. Vitus dance, or drift into idleness that leads to other troubles. Regular meals, out-door exercises and plenty of sleep are necessary to combat the nervous wear of school life. But it is still more important that parents should pay attention to the child's blood supply. Keep this rich and red by giving Dr. Williams' Pink Pills and the boy or girl will be sturdy and fit for school. The value of Dr. Williams' Pink Pills in cases of this kind is shown by the statement of Mrs. Watson, Grand Falls, N.B., who says: "In the spring of 1919, my daughter Thistle, then 12 years of age, began to show symptoms of nervousness which developed into St. Vitus dance. She seemed to lose control of her limbs and at times every muscle in her body seemed to be twitching and jerking, and the trouble seemed to be growing worse. We finally decided to give Dr. Williams' Pink Pills, and the result was better even than we had hoped for, and she is now enjoying the best of health."

You can get Dr. Williams' Pink Pills through any dealer in medicine or by mail, at 50 cents a box, or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

**REV. J. G. HOCKIN GOES TO MIDDLETON**

(Yarmouth Telegram)

Rev. J. G. Hockin, who for the past year was pastor of the Providence Methodist Church, with Mrs. Hockin and family, leaves by the D.A.R. to-morrow morning for Middleton, where on Sunday he takes up his work as pastor of the Methodist Church in that valley town. Since coming to Yarmouth a year ago, Mr. Hockin, in a most remarkable manner, has proved his great worth as a pastor, and at the time of the disastrous fire which destroyed that grand old church at Yarmouth South, his work was being attended with excellent results. Since the congregation met with that great loss Mr. Hockin has, with undaunted courage, held his people in their temporary quarters in the Y.M.C.A. auditorium, and his services in that place have always been attractive and attended by goodly congregations.

In his leaving Methodism in Yarmouth sustains a severe loss and all who have had the pleasure of making the acquaintance of the reverend gentleman or any member of his family, sincerely regret his departure. As a token of the great appreciation of this work with Providence, he was this week, presented by that congregation, with a purse containing a goodly sum of money. His many Yarmouth friends will extend to Mr. Hockin and his family best wishes for his success, their health and happiness, and trust that he may be spared to come, at some future term, and administer to the adherents of Methodism in Yarmouth.

**THE DEVONSHIRE'S SAIL FOR HOME**

Sir George Foster and Numerous Party Bid Them Adieu On Embarkment of France.

Quebec, July 19—Canada's farewell to their excellencies the Duke and Duchess of Devonshire this afternoon was a most impressive affair. The governor general and the vice royal party boarded the steamer Empress of France at 4 o'clock. On the wharf were Sir George Foster, acting premier, and numerous officials and their ladies. A guard of honor was supplied by the 22nd Battalion in charge of Major J. P. U. Archaibault, D.S.O., M.C., Legion of Honor.

The Duke of Devonshire said a few words to the officer in charge and then joined the group of ladies who accompanied their excellencies bidding farewell to those gathered around. Lady Foster and several of the ladies present boarded the Empress of France and then returned to the wharf. His Excellency and the Duchess appeared on the deck of the steamer a few minutes later and at 4.15 the Empress of France started to move slowly away.

**An Aged Reply**

The new office boy was answering the telephone for the first time in his life. When he heard it ring he picked up the receiver and shouted: "Hello—who's there?"

The answer came: "I'm one hundred and five."

"G'wan," said the office boy, "it's time you were dead."

Mr. Ernest Ray has returned home from Waverly, Mass.

One of our young men is shortly going to join the benedictines.

Willie Bent, of Granville Ferry, is visiting his grandmother, Mrs. Wm. Y. Gesner.

Mr. Frank Fulton, of Waverly, (Mass.), is visiting Mr. and Mrs. Ernest Ray.

Miss Marian Horton, of Upper Granville, was a week-end guest of her friend, Miss Kathryn Fraser.

Mr. H. Borden Fraser, of Toronto, is spending his vacation with his parents, Mr. and Mrs. Alex. Fraser.

Mr. Fred McAndrews and little daughter, Maxine, of Kansas City, Mo., are visiting friends and relatives in the vicinity.

Mr. and Mrs. A. H. Milner, Mrs. E. E. Sanders and Miss Mary Fitz-Randolph, of Round Hill, recently enjoyed a pleasant motor drive to the home of Mr. and Mrs. Alex. Fraser.

**FEWER SOLDIERS FOR CANADA**

The Permanent Force Is To Be Reduced By Ten Per Cent.

Ottawa, July 25—Canada is reducing the strength of her permanent force by ten per cent. It was officially announced by the Militia Department today. This step, taken on the ground of economy, and effective as soon as possible after July 31, will mean there being a maximum of 3,900 officers and men as against 4,000 as heretofore. Commanding officers were instructed to select those for discharge who will suffer the least hardship.

The reduction in the Canadian permanent force taking effect on July 31, or as soon as possible after that date, will affect all units. The Royal Dragoons will lose 17 men, Strathcona Horse 13; Royal Canadian Artillery 59; R.C.R.'s 31; Royal Canadian Engineers 14; P.P.C.L.I. and 22nd Engineers 20 each; Machine Gun Brigade 15; R.C.A.S.C. 40; R.A.M.C. 2; R.C. Ordnance, 80; R.C.A. Veterinary 20; R.S.A.P.C. 8; Y.M.S.C. 11; Miscellaneous 50; making 400 in all or a total reduction of ten per cent.

**FOREST FIRE IS RENEWED**

Amherst, July 21—A renewal of the forest fire at the head of River Hebert led to the destruction of several thousand feet of sawn lumber belonging to Will Deatty, of Amherst, as well as a cook house and two or three smaller buildings.

The recent fire had been unquenched by Friday's light rain and fanned by a high wind yesterday had made great progress before the fire fighters could be summoned.

There was no large timber in the vicinity but considerable smaller stuff that was intended for other purposes. The fire is still burning in places, but sufficient volunteers are there to keep it under control.

**ANOTHER MOTOR TRIP**

A well known resident of Wilnot, (N.S.), recently passed through St. John en route to California to take up his residence. His wife, two barrels of dishes, and some small household furniture accompanied him. It appears the farmer motored in his Ford last fall merely to make a visit to his California relatives. When he got home again he and his better half conceived the idea of returning to make their home there. And so they are now en route back.

### FIERCE RIOTING IN PENITENTIARY

Four Buildings Were Fired by Prisoners and Desperate Conflicts Occurred

Pittsburg, July 25—Prisoners in the Western Penitentiary here today broke all bounds of discipline, fired four buildings and for a time kept the institution in an uproar, while prison guards, deputy sheriffs and policemen, reinforced by armed citizens, battled to put down the disorder. Six convicts were shot and two others cut in the battle. Prison officials said that three of the four buildings would likely die.

The outbreak, timed to start with the ringing of the first fire gong, began in the dining room, where the convicts sought to distract the attention of guards from the fires. Alarms sounded from four places in the institution almost simultaneously, when guards discovered the prisoners had fired the buildings.

Six hundred prisoners had just taken their seats in the big dining room when one of them sent a soap bowl careening down one of the long tables. Instantly the room was in an uproar for at the same moment the fire gong sounded an alarm from the construction shop, the fluen shop, the kitchen and the chapel.

#### FIGHT IN DINING ROOM

The guards in the dining room tried to quell the outbreak, but the thoroughly maddened prisoners pelted them with table-ware and cutlery, all the time shrieking and howling. The fire department, finding the blaze was beyond its control, called the city firemen, while riot calls were sent in for the police.

Meantime the guards in the dining room, had regained, in part, their control and forced some of the men back to their cells but 200 or more dashed for the prison yard, and when faced by other guards backed into the building and ran for the top of a tier of cells. From this vantage point, they pelted the guards, now reinforced by every available man in the prison, with bricks torn from the top of the wall. Deputy sheriffs and police from every precinct in the city soon added to the fighting forces within the enclosure, and it was not long until the prisoners had been chased from the wall to their cells. They signalled their reinforcement by breaking the glass in the windows and shrieking and howling to the thousands of persons in the street, and filling the house-tops nearby.

Within two hours the fire was under control but not until several of the buildings had been destroyed with an estimated loss in excess of \$50,000.

John M. Egan, parole officer, after quiet had been restored said that the outbreak was the result of a period of discontent among the 1,135 prisoners.

#### LITTLE BENNY'S NOTE BOOK

(From the Halifax Herald)

Sunday afternoon it was raining and pop was in the setting room reading the Sunday paper and me and my cuzzin Artie was in there waiting for it to stop raining, which it dident, and I whispered to Artie, Hay, lets pretend we know a lot of guys with funny names, and serprize pop. With we started to do, me saying out loud, Hay Artie, how about Rtdolf Pretzelsinger, sint he the biggest dumbbell you ever saw, if that guy ever had to have a operation on his braines it would take the doctors a week to find them first, and by that time the operation would be unsuccessful.

He aint as much of a dumbbell as Heinie Axlgreese, sed Artie, holey smooks, that guys so dum he dont know the difference between long division and short subtraction.

Well maybe not, but all the same he aint as dum as Gerlie Snoothouser, she's so darn dum if it started to rain she'd squert a nose on herself insted of putting up a umbrella, I sed.

Yes, but speaking of dumbbell gerls, how about Lizzie Smissselweed, sed Artie, gosh, that gerls so dum if her house cawt on fire she wouldnt know wat all the firemen was doing around there.

Which jest then pop threw the Sunday paper on the floor, saying Help, cease firing.

Sir! I sed, and pop sed, I want to ask you one question and I want the truth and nutbing but the truth, do you ordo you not know eny people with sutch names?

No sir, I sed, and pop sed, Thank heaven, I was jest about to rite a letter of protest to the immigration officials for allowing sutch names into the country. Its not raining eny more, for the love of Peet get out. Wich it wasent, so we did.

Mr. H. Borden Fraser, of Toronto, is spending his vacation with his parents, Mr. and Mrs. Alex. Fraser, Belleisle.

### ANOTHER CUT IN COTTON MILLS

Manufacturers Decide That Still Further Reduction in Wages is Necessary

Boston, July 25—Leading cotton manufacturers of New England announced that notices will be posted shortly in all of the cotton mills of the north informing the 175,000 operatives that another reduction of wages is necessary because of keen southern competition. It is understood that the latest cut will amount to at least 12½% and possibly 15 per cent. The management of the B. B. and R. Knight mills, eighteen in number, in Rhode Island, Massachusetts and Connecticut, said that another general reduction is necessary in the New England states inasmuch as the southern mill owners made a slash of forty-five per cent. last Christmas, when the northern spinners cut pay only 22½ per cent. This disparity enabled the southern mills to heavily undersell manufacturers in the district, many of whom are now closing their mills or placing them on short time.

Other manufacturers say that very few New England mills have been doing more than making expenses for a year and a half. The executives are plants making sheetings, ginsams and a few other lines of popular dress goods. Print cloths are a drag on the market and thousands of spindles are idle. With another cut, most mill treasurers say, business would be good in the fall, undoubtedly, and they ask the unions to accept a second reduction, otherwise it will be necessary to close many more mills when the operatives should be putting something by to meet an uncertain winter. The textile union leaders of the north were informed by representatives of the Arkwright Club that the only way to avert a reduction all along the line would be for the southern manufacturers to advance wages to the level of the New England scale. And as the southerners will not do that, notices will be posted in the New England mills within a few days.

Whether the woolen, worsted and silk mills will follow the action of the cotton factories is not known yet, but it is known that the thread and yarn mills will do so. If the movement extends to all branches of the great textile industry, as it did last December, then about 325,000 persons in New England will have the misfortune to suffer another cut in their uncertain income.

#### HEAVY CURTAILMENT

Fall River, Mass., July 25—A further drastic curtailment in the print cloth industry in this city is announced, and production will be further cut at once. It is now down to forty per cent of the capacity of the 100 mills here. The textile council has received word that a lower wage scale will be put into effect as soon as the existing agreement expires.

#### MORE MILLS SHUT DOWN

Providence, R.I., July 25—The cotton mills of the B. B. and R. Knight corporation in Providence, Woonsocket, White Rock, Westerly (R.I.) and Dodgeville (Mass.), and the mills of the Manchaug Company in Manchaug (Mass.), also controlled by the Knight corporation, have shut down until August 1st.

Four mills owned by the Consolidated Textile Company have shut down for an indefinite period. It is announced by the company that they will not be started until there is a readjustment of wages.

#### RUBY L. ON THE ROUTE

Parrshoro, N. S., July 19—The D. A. R. has secured the services of the steamer Ruby L., owned by the Maritime Steamship Company, to go on the route between Parrshoro, Kingsport and Wolfville, while the steamer Prince Albert is laid up, waiting for a new propeller shaft which is being made at the Nova Scotia Steel Works, New Glasgow.

The Ruby L., which has been replaced as a freighter running between St. John and bay ports by the new boat Ruby L. the Second, will arrive here tomorrow and begin regular sailings on Thursday. She will be commanded by Captain Canning and crew of the Prince Albert.

Captain Patrick George has made a number of trips to Kingsport and Wolfville this week in his gasoline boat, the Georgia, making good time.

The 52nd Battery, from Weymouth, numbering about fifty men, passed through St. John last Monday on their way to Petewawa, where they will camp for a week.

Miss Helen M. Chipman, of Tupperville, and Brewer G. Merriam, of Yarmoullis Royal, were among the successful candidates at the Accountants' exams, held in Halifax.

### FARMERS WIN IN ALBERTA

U.F.A. Credited With 38 Out of 61 Seats. Liberals Have 15. No Conservative Elected

Calgary, Alta., July 22—The election summary gives the standing of the parties in Alberta as follows:  
United Farmers ..... 38  
Liberals ..... 15  
Labor ..... 4  
Independents ..... 4

Calgary, Alta., July 20—The Farmers have swept Alberta. Nominees endorsed officially by the United Farmers of Alberta have been elected to at least thirty six out of the sixty-one seats in the Legislature of the Province.

This demonstration of their strength involved the defeat of the Liberal government headed by Hon. Charles Stewart.

The Liberal group in the next house will number not more than fifteen and perhaps less. Labor elected four and these can be added to the voting strength of the forthcoming Farmer administration. Four independents also made their way to the legislature including "Bob" Edwards, editor of the Calgary Eye Opener, who ran second in Calgary.

#### PRECAUTIONS AGAINST BOVINE TUBERCULOSIS

A few years ago the United States breeders of pure-bred cattle, recognizing the necessity of more effective measures for the control of tuberculosis, arranged a conference with officials of the Bureau of Animal Industry at Washington, the result of which was the adoption of what is known as the Accredited Herd Plan, meaning that the herd had been thoroughly tested and found entirely free from any symptoms of tuberculosis.

The plan proved so successful over a thousand herds being accredited in a brief period, that a decision was arrived at to adopt the system in Canada. Regulations were promulgated which came into force in September, 1919, and have proved gratifyingly successful, a number of herds having been accredited, while many others are under test. There is now an agreement between this country and the United States that cattle from accredited herds may enter either way, without detention or test. Under the Municipal Tuberculosis Order, passed at Ottawa some years ago, and the more recently adopted Accredited Herd Plan, compensation is paid for animals officially slaughtered and the owners are permitted under regulation to realize whatever they can from the sale of the carcass.

#### A BRIDGETOWN MAN'S SUCCESS

(Halifax Herald)

Dr. George DeWitt was born in Bridgetown, October 15th, 1842. He graduated in Medicine from Harvard University 1872. Immediately upon receiving his degree he opened a practice in Chester, and while there established a reputation that led to a successful career.

In 1886 he moved to Halifax and practiced in partnership with Dr. Farrell and became keenly interested in matters pertaining to public health, holding office as assistant Health Officer for many years. He was a prominent figure in the Medical Association and presented numerous papers to that Society.

He was appointed president of the Maritime Medical Association and also of the Nova Scotia Medical Society. Afterward he was president of the Nova Scotia Health Board.

He was much interested in his profession and kept abreast in its advances, taking post graduate courses in New York and Baltimore.

In 1892 he came to Wolfville when he took an active part in public affairs and he advocated for the incorporation of the town which took place in 1898.

He was energetic in his campaign against tuberculosis and contributed many valuable papers to the Medical Society on this disease. In Wolfville he was a member of the Town Council and held office as Mayor in 1903-5 and has been Health Officer for about eighteen years. The doctor was a pioneer and blazed the trail against tuberculosis in Nova Scotia.

He built and equipped a tubercular Sanatorium in Wolfville and ran it successfully for a number of years, it being the first institution of its kind in the Maritime Provinces. During the past few years he has been spending the winters in the South and in the meantime continues to wait upon the sick.

## Farms Wanted

We have over 1000 inquiries in our office for Valley Real Estate Agency such as the following:  
A Scotch immigrant now living in Truro wishes a small farm capable of carrying five or six cows with poultry, small fruit and some orchard, price \$4000 to \$4500, about \$3000 to pay down.

A St. John man wants large mixed farm, price about \$8000 will pay \$5000 cash.  
A former Nova Scotian, now living in Saskatchewan wants nicely located small fruit farm with good buildings, price \$5000 to \$7000, will pay cash in full.

A North Sydney man wants small place near town, suitable for gardening and poultry with small orchard, location near sea or river, required cash to pay down about \$3000.  
Cumberland County man wants \$4000 stock farm with large pasture.

Man from New Germany will pay cash for small, well located mixed farm with some pasture, price about \$3500.  
Dartmouth man will pay \$1500 cash on good mountain farm.

Manitoba farmer wants first-class fruit and mixed farm near High School, will pay \$10,000 cash.  
Man from Alberta has \$2000 to pay on small fruit farm near Lawrencetown or Berwick.  
Man from Morley, Colorado, will pay \$3000 on 100-acre farm, half tillable, balance wood and timber.

Let us sell your place. Write for terms.

PRIMROSE THEATRE DIGBY COUNTY NEWS

SESSUE HAYAKAWA IN AMERICAN DRAMA "Black Roses", A Robertson-Cole Super-Special, With Dramatic Star At His Best.

In "Black Roses" his latest Robertson-Cole production, Sessue Hayakawa, distinguished Japanese star, is seen for the first time in many months in a photoplay laid entirely in America. The fact, however, that the action of the story takes place in only one country, does not deprive it of any picturesque effect.

During the course of the production Hayakawa is seen in three distinct characterizations, first as a happy-go-lucky gardener on the estate of a millionaire; next as a hardened victim of circumstances when by false evidence he is convicted of a murder he never committed, and finally as a Chinese prince moving in the highest circles of society where he succeeds in finding and punishing those who were responsible for his life's tragedy.

Elaine Hammerstein, the popular, beautiful and talented Selskirk star, will again be the principal attraction at the Primrose Theatre, Monday and Tuesday, this time in her latest and strongest photoplay, "The Daughter Pays," an adaptation of the story by Mrs. Bullie Reynolds.

The plot in brief deals with the revenge of a monomaniac upon the woman who had slighted him in earlier years, but which he has never forgiven or forgotten. The man, Oshert Gaunt, was jilted by his fiancée because of a rival who possessed greater wealth. At the time the story opens the wheel of Fortune had turned, and Gaunt is now wealthy, and his old sweetheart is a widow with three growing children and a very meagre income.

Ad exceptional cast, with Norman Trevor, Theresa Maxwell Conover, Robert Ellis and others of equal fame support Miss Hammerstein in the presentation of "The Daughter Pays."

MIDDLETON WINS OVER LUNENBURG

Lunenburg, July 21.—The Middleton baseball team defeated the local nine here this afternoon 12 to 1. Middleton had the game all their own way during the first four innings. After that the Lunenburg boys picked themselves together and only allowed Middleton to score once. The one run for Lunenburg was made in the seventh inning by Young. The local team missed the support of two of their regular players, Myers and McEachern, and their places were taken by Holder and Young. The strikeouts for the game were 7 for Stafford and 12 for Coleman. The line up:

Lunenburg—H. Boliver, Stafford, Young, J. Boliver, Holder, McEachern, Eisner, Miller, Geldert. Middleton—Bowly, Coleman, Andrews, H. Phinney, Fisher, Harlow, Dodge, Foster, Reagh. Messrs. Miller and Murray umpired the game to the satisfaction of all concerned.

It is very much regretted by a large number of our readers that the Bear River Cherry carnival was not this year, advertised in the MONITOR. Many would have motored there from Bridgetown and vicinity had they known the date of this popular annual event.

CARD OF THANKS

We wish publicly to express our thanks to Mr. and Mrs. Avard Jackson and family for the royal entertainment given us and our mutual friends at their home, July 13th, being the 50th Anniversary of our marriage. We highly appreciate the kindly interest shown by our neighbours and friends expressed by a number of congratulatory letters and gifts, making the occasion a very enjoyable one.

MR. S. N. JACKSON MRS. S. N. JACKSON Clarence, N. S.

Miss Allen, of New York, is a guest of Mrs. Hart Hayden.

Misses Marjorie and Dorothy Ellis have returned from Halifax. Mr. Earle Winchester arrived home from Halifax on Wednesday.

Miss Gladys Sully, of Yarmouth, is home for a short vacation. Miss Marion Churchill, of Yarmouth, is visiting at the Rectory.

C. C. Robbins, Centerville, is staying at the Carleton Hotel, Halifax. Capt. E. D. Morehouse, of Sandy Cove, was a passenger from Halifax, Thursday.

Mr. and Mrs. S. Case and family, of Halifax, are visiting Mrs. James E. Ellis, Bay View. Miss Mildred Power returned to St. John Friday, after spending several weeks in town.

Mrs. Mowbray and Miss Jessie Mowbray, of Halifax, are guests of Mr. and Mrs. Chesshire. Earle Cosman, connected with the staff of the Royal Bank at Halifax, is at home for a short vacation.

Capt. G. H. Johns, of Philadelphia, Mrs. Johns and son Howard, arrived in Digby last Tuesday to visit in Port Wade. Mrs. H. Dodge, of New Rochelle, N.Y., and two little daughters, are visiting her parents, Mr. and Mrs. C. A. Dakin.

Mr. and Mrs. Troop McKay and son, of Moncton, have been guests of Mr. and Mrs. Sandy Adams, Bay View, recently. G. A. Vye's resignation as superintendent of streets and water has been accepted and W. W. Hayden was appointed in his stead.

Mr. and Mrs. R. D. Halliday, of Malden, (Mass.), who have been visiting Mrs. Isaac Smith, Smith's Cove, for the past two weeks, left for home Saturday. W. H. Farnham, formerly manager of the Canadian Woodworking Company, Yarmouth, has entered the employ of H. T. Warner as manager of the box factory.

The baseball match played in Digby Thursday between the Digby Tuxis boys and the Annapolis Tuxis boys resulted in a win for the Digby team by a score of 11-7.

Mr. and Mrs. M. W. Graves and party consisting of Mrs. H. Hayward, Bridgetown, O. W. Graves, Bridgetown, Mrs. O. E. Underwood and B. M. Underwood, Detroit, were guests at Lour Lodge this week.

Rev. Mr. Evans, a former pastor of the Digby Methodist Church, but now of Ottawa, and Mrs. Evans, are visiting in town renewing old acquaintances. They are guests of Mr. and Mrs. Jonathan Letterson.

Miss Chute, County Health Nurse, was in Digby last week. During the summer months her time will be devoted to infant welfare and clinic work. She will work in co-operation with the local medical men.

Frederick T. Burnham, of Buffalo, N.Y., is visiting his sisters, Miss Ella Burnham and Mrs. N. W. Hogg, and brother, E. E. Burnham. He was formerly on the staff of the Courier, and has not been in Digby for seventeen years.

Mr. and Mrs. Melbourne Hoffman and Mr. and Mrs. Herford Raymond, of Middleton, and George Hoffman, the Manual Training Instructor, at the Normal College, Truro, have been visiting Mr. and Mrs. Wallace Raymond, at Waterford.

Mr. and Mrs. B. J. Livingston, of Philadelphia, have purchased from Frank L. Anderson, superintendent of the Maritime Lish Corporation, his residence in the north end, for Mrs. Livingston's parents, Mr. and Mrs. George W. Thomas, of Barton.

DeMille Dakin, of Sandy Cove, one of the owners of the Universal Garage, has sold out his property in Sandy Cove, including residence, general store, hall, etc., and has moved to Digby where he has bought the residence of Harry L. Dennison, K.C. He is to take possession in about two weeks.

Wednesday's Halifax Herald, Clarence Jameson, of the Civil Service Commission, Ottawa, who has been recuperating in the western part of the Province, accompanied by Miss Jamieson, left yesterday for Kentville and will go to Digby in a day or two. Mr. Jameson has not been in good health of late, but it is expected the sea air will have beneficial effects.

Travelers along the Shore Road have recently been treated to an unusual sight at the willow tree which has been "snapped" so often and which is known as the Ellis willow. Here the Ellis family cat in her hunting expeditions for birds, had discovered a hollow place in the tree and had evidently decided it would be just the place to bring up a family. Here six kittens were born and kept in secrecy until they were old enough to make their presence known and it was rather surprising to the passer-by to see six pert heads looking out into the wide world from a tree top.

At Lepic, Lieut. Ditmar and Lieut. Boldt charged with murder in the first degree for firing on life-boats after the Canadian hospital ship Llandoverly Castle had been torpedoed in the summer of 1918, were sentenced to four years' imprisonment.

MARINE NEWS

The schooner Valdare arrived at Digby from Bear River Thursday to load lumber for New York. Tern schooner E. P. Theriault sailed from Philadelphia on the 20th with hard coal for Weymouth.

The Marine Department is going to convert the fog alarm at Briar Island from an alarm operated by steam to oil engines.

The Weymouth schr. James L. Maloy, Capt. White, sailed from St. John, N.B., on the 14th for Boston, with a cargo of lumber.

The tern schooner Ronald C. Longmire, which has been loading lumber for H. T. Warner, Digby, sailed for New York Thursday afternoon.

Schooner Swan arrived at Annapolis July 14th from Tiverton with pickled fish for Robin Jones and Whitman and cleared the same day to return in ballast.

The tern schr. Maid of France, Capt. Freeman Hatfield, after discharging hard coal at St. John, N.B., from New York, will proceed to Digby and load lumber for New York.

The S.S. Enterprise towed the three masted schr. Joan Kleiburg down the Annapolis River Tuesday. The schr. is loaded with pulp and is on her way to New York. Captain J. L. Publi-cover is master.

Digby, July 21.—Arrived: Schooner Marguerite, Pike, Eastport. Clear-cut Tern schooner Ronald C. Longmire, Trahan, cargo of lumber for Stamford, Conn.; schooner Marguerite, Pike, Bear River.

Stmr. Centerville, owned by the Bottlier Estate, was sold at auction in Digby last week and purchased by Capt. Robt. Russell, for \$1,100.00. The Centerville was built in Centerville in 1888. She is 67 feet long, 18 ft. beam 7 ft. deep, gross tonnage 90 and register 32 tons.

Tern schooner A. H. Comeau, Captain Wallace Haugha, with plaster on board, C.B., arrived at New York on Thursday, also the tern schooner Whitebelles, Captain E. K. Merriman, in ballast, from Bridgeport, Conn., to load hard coal for a provincial port.

The late Capt. Alexander Cameron, whose death at Charlottetown was previously announced, was for many years captain of the steamer Empress out of Charlottetown and later of the Northumberland and Point du Chene. The Empress is now running in the C.P.R. service between St. John and Digby and the Northumberland in the C.N.R. service out of Toronto.

The Lunenburg born schooner Cape LeHavre, Captain Eber Sarty, which has been hauled out on the Yarmouth Marine Railway since Tuesday, was put afloat on Friday. Within the past day or so a change has been made in the charter of this schooner and instead of taking part of her cargo at that port as at first intended the vessel came on Sunday to Digby in tow of the tug Wanda and will load lumber for New York, shipped by H. T. Warner.

The new steamer Ruby II., arrived in St. John on Thursday night on her first regular journey on the Margareteville route. Her hull has been inspected in Nova Scotia, but the boilers are still to be done. She would not have been put in commission for some time, but the old Ruby L. has been chartered by the C.P.R. to replace the Prince Albert on the Kingsport-Parrsboro route, the latter boat having broken her crank shaft a short time ago.

WEDDING BELLS

Our Falkland Ridge correspondent writes: At Falkland Ridge at the home of the bride, on July 16th, 8 p.m., by the Rev. Geo. Durkee, George Demone of Springfield, and Mrs. Barbara Kaubach. The bride looked charming in a dress of navy blue muslin silk and carried a handsome bouquet of asparagus fern and moss roses.

Mrs. Maud Mosher was matron of honor. The wedding was a very quiet one, only the immediate relatives of each party being present.

Among those who attended from out of town were: Mr. and Mrs. Morris Smith and two children, and Miss Olive Berringer, from Lunenburg. After the ceremony a bountiful wedding supper was served. They were duly serenaded not only by the young folks but by the old as well.

Mr. Demone is well known and favorably liked, and we are glad to welcome him among us. We wish them a long and happy wedded life.

TWO BROTHERS DROWNED NEAR ANNAPOLIS; SISTER IS SAVED

Annapolis Royal, July 21.—A drowning accident occurred at Clements' today. Three children of Fletcher Sprout, two boys and a girl, were playing on a raft near the shore, when one of the boys lost his hat in the water and in reaching for it lost his balance and fell in.

The other boy, trying to rescue his brother, also fell in. Mr. Barnum saw them and rushed to their assistance, but before he reached them they drowned. He rescued the little girl. The boys were 11 and 9. They were the eldest of seven children.

WEDDING BELLS

SKINNER-ELLIOTT

A very pretty wedding was solemnized at the home of Mr. and Mrs. Benjamin Elliott, Weston, on Wednesday evening, June 29th, when their daughter, Annie Gertrude, was united in marriage to Jean Robble Skinner, of Bridgetown. The ceremony was performed by the Rev. P. R. Hayden, of Berwick, under an arch of asparagus fern and white roses. The bride, who entered the parlor on the arm of her father, to the strains of Mendelssohn's wedding march, played by Miss Betts, looked very charming in a dress of white satin and georgette, with conventional veil and orange blossoms, carrying an arm bouquet of white roses and maiden-hair fern. Little Miss Ruth Hornsnel, cousin of the bride, acted as flower girl and looked very sweet in a dress of white silk, carrying a basket of pink roses. The two ribbon girls, the Misses Alice Elliott and Bertha Hornsnel, sister and cousin of the bride, looked very nice in dresses of blue and pink voile.

The groom's gift to the bride was a gold wrist watch, to the pianist and ribbon girls, gold brooches, and to the little flower girl a gold ring. Many lovely and useful gifts were received, including silver, cut glass, linen and a substantial cheque from her father.

The bride's travelling suit was of navy blue serge with hat to match. A dainty luncheon was served, after which, with a host of good wishes, they left by auto for Bridgetown, where they will make their future home.

SHIPP-COOK

A very pretty wedding took place in the Toronto Presbyterian Church, July 6th, when Miss Doris E. M. Cook, only daughter of Mr. and Mrs. George Cook, of Toronto, was united in marriage to Mr. Cliver H. Shipp of Toronto, the ceremony being performed by Rev. Thomas Rogers.

The bride looked very lovely gowned in white silk crepe de chene embroidered with beads, while her travelling suit was of navy blue.

After the ceremony the popular young couple and their friends adjourned to the residence of the bride's father, where a sumptuous wedding tea was served, after which they left by train for the groom's former home in West Dalhousie.

On their arrival at West Dalhousie about eighty people gathered in the evening and gave them a hearty serenade. After being invited in, the evening was enjoyed by music and singing. After refreshments had been served they left for their different homes, wishing Mr. and Mrs. Shipp much happiness in their new wedded life.

HICKS-WOODWORTH

The residence of Mr. and Mrs. Spurr Woodworth, Canning, was the scene of a wedding Wednesday, when their daughter, Grace Adelaide, became the bride of Herbert Hicks, of Clementsport. Rev. William Ainley officiating. The house was decorated with roses and potted plants, the ceremony being performed beneath a bower of flowers. The wedding march was played by Miss Lillian Hicks, with mandolin accompaniment, by Miss Carolyn Dodge, of Woburn, (Mass.).

The bride wore a travelling suit of blue and carried a shower bouquet of pink sweetpeas. After the ceremony a reception was held at "Hillside Lawn", the home of Mr. and Mrs. Woodworth, after which Mr. and Mrs. Hicks left for a wedding trip. On their return they will reside in Clementsport, where the groom is a successful merchant and where Miss Woodworth has been the popular D.A.R. agent for the past five years.

GOUDY-VICKERY

(Yarmouth Light). The marriage took place at the summer home of Mr. and Mrs. E. J. Vickery at Lake Annis on Friday, of Mary Frances, daughter of Mr. and Mrs. Vickery, and Mr. J. Edwin Goudy, formerly of Port Maitland, but now of the office staff at the Cosmos Cotton Co. The home was prettily decorated for the occasion and was also the wide piazza. The ceremony was performed by Rev. R. M. Jost in the presence of about a hundred invited guests.

The bride wore a gown of white embroidered India silk, and was given in marriage by her father; she was attended by her sister, Miss Katherine, who wore a dress of apple green organdie. The groom was supported by Major Ralph P. Harding. A luncheon was served immediately following the ceremony, after which Mr. and Mrs. Goudy left on an auto camping trip. They are both very popular among their many friends in town and county. Mr. and Mrs. Goudy will make their home in Mrs. G. Brown's house on Elm St.

STRANDED STEAMER BURNING FIERCELY

Binghamton Practically Destroyed By Fire Which Started Probably From Galley Stove

The United States steamship Binghamton, Boston, for Riga, Latvia, which struck on the southwest ledge of Gannet Rock, on the easterly side of the mouth of the Bay of Fundy, early Tuesday morning, has been practically destroyed by fire, according to the report of surveyors who visited the wreck Wednesday. They found that the ship was burning fiercely and the flames had evidently been in possession of her for several hours. A heavy shower of rain subdued the fire somewhat after their arrival, and they were able to go on board.

The decks were burned out, and all woodwork destroyed. The masts were being held in position by the rigging. The huge iron deck beams were in some places almost melted by intense heat and only a framework remained of the engine room.

Despite the flames, a large number of small boats went to the wreck and salvaged portions of the ship's cargo. It is thought that the fire on the ship started from the galley stove.

THE CAPTAIN'S STORY

Capt. Frank L. Gilbert, the commander, said the cargo was valued at \$350,000 and the ship at \$500,000. He said that from the time he left Boston at 6 o'clock on Sunday morning the weather was quite thick and it was impossible to see very far ahead. He shaped his course after leaving that port for Cape Sable Seal Island. Light and late Monday night he found that his ship was somewhat north of the position he intended. The weather at that time was very thick and he decided to lay his ship to until daylight. During the thick his officers observed two steamers passing westerly, one of which they judged to be the Prince Arthur, from Yarmouth to Boston.

At daylight on Tuesday he again got his ship on her course with the intention of making Green Island, but pick up the report from the gun stationed there, and from that got a point of departure to take him safely out by Gannet Rock, its dreaded ledges and pass the Seal Island shoals and ledges. He ran the ship well in and made what he thought was Green Island, but he failed to pick up the sound of the gun and as it was only hazy he took it that the keeper there did not deem it thick enough to sound the signal.

STRIKES ON ROCKS

As soon as he made the land he at once pulled the ship off in a southwesterly course, but in a few minutes she struck hard, and remained fast.

What Captain Gilbert presumed was Green Island was Gannet Rock, and his ship had gone ashore on what is known as the "Breaker" or Southwest Ledge, about two and three-quarter miles from the rock. The tide was in about half flood, but despite that the ship remained fast, and as the tide continued to rise she failed to respond to all efforts to float her. Captain Gilbert at once gave orders to jettison cargo, and hundreds of tons of valuable goods were thrown into the sea, but even then the ship failed to float.

At two o'clock in the afternoon number two and three holds were practically full of water, and there was about six feet in the engine room. The tide was then well ebb and the ship was pounding heavily. Although there was not a sharp high sea running, there was a long heavy swell, and the Binghamton would rise on them and then fall back on her rock berth with terrific force, and each time it would threaten to break her asunder.

Capt. Gilbert said that as the weather continued thick, and the wind still blowing, he did not deem it prudent to remain longer on the wreck, and he gave orders to take to the boats, which the crew did, and shaped their course for Chebogue Point, south of Yarmouth.

The first known of the wreck was when one of the residents of that place saw the four boats with the crew coming in past the point, and the news was at once telephoned to the town. Motor cars were despatched and the crew taken up to Yarmouth, where they were quartered at hotels.

The Binghamton was built in Michigan over twenty years ago, but is now owned by the Kregon Navigation Co., of Panama. She is a ship of 1549 register, and has a dead weight capacity of about 4,000 tons. Her cargo consisted of thousands of cases of boots and shoes, clothes, canned goods, thousands of lanterns and other stuff.

EXPLOSION OCCURS

The shores along the Chebogue Point and vicinity are strewn with wreckage. Capt. Gilbert said that when they left the ship the fires were still burning and the pumps were running. When the boats were about half

THE ESPERANTO IS BREAKING UP

Halifax, N. S., July 22.—The international schooner wreck Esperanto recently wrecked on a sand bar near Sable Island, is breaking up, according to a wireless message received from Sable Island by the department of marine and fisheries here tonight. The message read: "Spars out of Esperanto. Wreckage coming ashore, such as deck beams and decking."

Insure Your Building Against Lightning

Read your Fire Insurance Policy over carefully and see if you have your property fully insured in case of fire. Is your last renewal receipt attached to your policy? Have you had the Release Form signed by Head Office since you paid off the mortgage.

If you call at my office, I shall be only too pleased to furnish you any information regarding Fire, Life or Accident Insurance.

E. L. FISHER

way between the wreck and Green Island a terrific explosion was heard from the vicinity of where the ship was stranded, and it was thought the boilers exploded.

Capt. Gilbert and his entire crew of over thirty men were all safely landed, and with exception of all being very wet from heavy spray caused from the seas breaking over the wreck, and also from their trip of ten miles in the open boats, during which they were exposed to rain, fog and other elements, they all escaped without mishap.

Mr. Morris lost much valuable wood lands. Two-thirds of the island was burned over.

WEDDING BELLS

SULLIVAN-PITMAN A very pretty wedding took place at Annapolis Royal on Monday when Marion Pitman, daughter of Robert Pitman, Brookline, Yarmouth Co., and John J. Sullivan, of Halifax, were united in marriage. The ceremony was performed by Rev. Father Grace.

The bride was attired in a neat blue travelling costume with hat to match. She was attended by her sister, Jeannette Pitman, and the groom's brother, Cyril J. Sullivan, acted as best man. The wedding presents were numerous and valuable, including substantial cheques from the groom's father and Phinney's Ltd., where the groom is employed. The happy couple left on a trip to Prince Edward Island. On their return they will reside in Halifax.

At night a piping nor'wester set in and the greater part of the island became as a roaring furnace. The flames swept down towards the light-house and the other government buildings, but happily a change of wind occurred and they were saved. Mr. Morris lost much valuable wood lands. Two-thirds of the island was burned over.

HIS LIFE RUINED BY DYSPEPSIA

Until He Tried "FRUIT-A-TIVES" The Wonderful Fruit Medicine

MR. FRANK HALL

Weyvale, Ontario.

"For some two years, I was a sufferer from Chronic Constipation and Dyspepsia. I tried every remedy I heard of without any success, until the wife of a local merchant recommended 'Fruit-a-tives'.

I procured a box of 'Fruit-a-tives' and began the treatment, and my condition commenced to improve immediately.

The Dyspepsia ceased to be the burden of my life as it had been, and I was freed of Constipation. I feel that I owe a great debt to 'Fruit-a-tives' for the benefit I derived from them."

FRANK HALL.

50c a box, 6 for \$2.50, trial size 25c. At all dealers or sent postpaid by Fruit-a-tives Limited, Ottawa, Ont.

MARGETING OF THE SURPLUS STOCK

Distribute the sale of market birds over as many of the twelve months as possible. Sell when the price is good and the birds ready. As far as possible, get out of the habit of marketing everything in the fall of the year. Watch the markets and have your birds ready when you can get the prices.

HENS—The best prices are received for hens in the spring of the year. A good plan is to cull out all the hens you do not intend to keep over for breeding purposes another year and sell as soon as the egg yield drops. This will occur after the breeding season is over and usually along about the last of July for the poorer ones, the better layers a little bit later.

Whether these birds should be killed before selling will depend upon the demand. In some large cities, a better price is paid for the five bird than for the dressed. The price therefore, will depend upon the prices paid.

WHICH HENS TO MARKET—When trap-nesting is followed the matter is simple for the non-producers can be picked out at any time. Where trap-nests are not used the selection is made much more convenient if leg bands are used to distinguish the hens from the pullets, and the early-laying pullets from the later ones. With these marks the hens and the low-producing pullets can be disposed of. The aim should be to keep over the summer months only the birds that are paying well for their keep, and that are to be kept for breeding purposes the next spring.

In the case of Leghorns or other light breeds, it may pay to keep all pullets over the summer, but this must be determined by the number of eggs they are laying as soon after their egg production comes below their cost of keep even Leghorns should be disposed of.

BROILERS—Broilers are chickens weighing not over four to five pounds to the pair. In recent years the demand and the prices have risen for broilers and now for those who are close to a good broiler market it pays to sell their cockerels as broilers rather than hold them until fall and sell them as roasters. It is a good plan, therefore, to get rid of as many cockerels as you intend to sell, during the broiler stage, if the price available at that time makes it worth while, and usually it does. The selling of broilers at this time of the year cuts down on the feed bill and leaves more room for the pullets to mature.

DUCKS—The only time to sell market ducks is when they are about ten weeks of age and can be marketed under the trade name of "green ducks". Usually where there is a demand for this class of ducks they will bring a bigger price per stage at this stage than at any later stage, and the cost of production is materially less.

ROASTERS—In spite of the number that can sell broilers, the bulk of the cockerels will be sold as roasters weighing from 4-12 to 6 pounds in the fall. In disposing of roasters it pays to crate feed. The last pound of flesh is the cheapest part of the whole carcass and enhances the value of the entire bird. Do not dispose of any class of poultry stock without special feeding, and for the larger cockerels, especially, the crate feeding system is best.

TURKEYS AND GEESSE—Geese are becoming more popular each year and deserve more attention on the average farm than they have received. The grass feeding habit of the goose is an added reason for goose flesh being one of the cheapest poultry meats produced.

Turkeys continue to be our highest priced poultry flesh and no doubt will maintain this position for some time, for the ravages of blackhead each year seem to make it harder to produce turkeys. In marketing turkeys almost more than any other class of poultry meat, it is essential that they be well-fed. Turkeys can be too fat and in disposing of them keep in mind that turkeys are used for festive occasions. Have them ready, therefore, in plenty of time for Thanksgiving and Christmas, and do not leave the marketing of them too near the time at which they are required for eating.

For further detail, write the Poultry Division, Central Experimental Farm, Ottawa, Ont. for their bulletin No. 88, "Preparing Poultry Produce for Market."

**FEW CANADIAN AIR ACCIDENTS**  
Ottawa, June 29—An approximate mileage of 33,512 miles was covered with only three slight crashes and one person slightly injured in the work of civil government flying during 1920, according to statistics covering the year's operations issued by the air board. Government machines made 388 flights during the year and the number of hours flown was 480.10.

The statistical summary of civil aviation in Canada during the year shows 18,671 machine flights made and 6,505 machine-hours flown.

Minard's Liniment for Dandruff

DILL AND BEHAN ARRIVE HOME

Scott at Report Doucette Made Better Time Than They and are Ready to Meet Him

(Halifax Herald)

Frank Dill and John Behan, trans-Canada hikers, both declare that they do not believe it possible that the hiking record said to have been established by James Doucette, from Glace Bay to Vancouver, is possible, and they are willing to meet him at any time, for any distance, to prove that they can beat him. They point out that the public were not informed of the progress of Doucette and cannot credit the alleged performance.

According to word received from Vancouver Tuesday, Doucette, who is a returned soldier, was said to have made the trip from Glace Bay to the Pacific Coast in 12 days less than the time made by Mr. and Mrs. Dill, who made the best time of all three hiking parties who started from here last winter and recently finished at Vancouver.

Frank Dill arrived from Montreal last evening and was met at Truro by Mrs. Dill. He was to have reached John Behan from Montreal to Halifax for \$1,000 in cash prizes but was unable to continue on the second day out, so the hike was called off, for the present. Behan stopped off at Truro and arrived in Halifax on a later train.

Mr. Dill, besides challenging Doucette for any kind of hike, said that he and Mrs. Dill would walk any man and woman from here to anywhere and back, or vice versa, at any time.

ROUND HILL

Miss Lena Hicks has returned from a visit in Dalhousie.

Mrs. Arthur Woodland spent Thursday, 14th, in LeQuille.

Mrs. R. Bishop has returned from a visit in Tupperville.

Miss K. Sanders is visiting her mother, Mrs. E. E. Sanders.

Mr. and Mrs. James Spurr recently spent the day at Moschelle.

Rex Spurr, of Tupperville, recently visited his aunt, Mrs. A. Woodland, Mr. S. Bailey, of Boston, (U.S.A.), is visiting his brother, Mr. George Bailey.

Mr. and Mrs. Fred Wilson, of Power Lett, recently visited Mr. and Mrs. George Shaw.

Mr. Clarence Simmons, of Brook Field, is visiting his parents, Mr. and Mrs. E. Simmons.

Mrs. Henry B. Whitman and son Charles, and friends, were on a picnic Wednesday to Goat Island.

Mr. and Mrs. F. M. Graves, of Bridgetown, recently visited the latter's mother, Mrs. E. E. Saunders.

Mrs. Corbun and daughter, Miss Corbun, of Dartmouth, are visiting at the home of Mr. and Mrs. Harry Eaton.

Mr. and Mrs. C. L. G. Harvey, daughter Joyce, and son Lawrence, and friends, have returned from a camping trip at Lake LeRose.

**AMENDMENTS TO THE GAME LAWS**

As the shooting season will soon be on, we publish a few of the most important clauses of the new Game Act. All resident big game hunters must have a license this fall, the fee being \$2.00.

The license fee for non resident big game hunters has been increased from \$30.00 to \$40.00.

Open season for moose is from October 1st to Nov. 16th.

Open season for deer is from October 15th to November 1st.

There will be an open season for partridge from October 15th to November 15th.

The black duck season is from October 15th to January 31st.

Black-breasted or Golden Plover and Yellow Legs have an open season from August 15th to December 1st.

Woodcock and Wilson Snipe open from September 15th to December 1st.

Rabbits from November 1st to March 1st.

All interested should get a copy of the Game Act as there are a number of other important changes which hunters should be familiar.

**A FAREWELL AT PARISBOBO**

The Wesleyan says: A farewell reception was tendered Rev. and Mrs. Alban Daniel in the church parlor at which Mrs. Daniel was presented with a purse of gold. Very appreciative reference was made to the faithful and efficient ministry of Mr. Daniel during the past four years. At his farewell Sunday service the church was crowded to its utmost capacity. Rev. Mr. Daniel was formerly pastor of the Bear River Methodist church.

**A TOURIST PARTY**  
(St. John Telegraph)

A tourist party, under the direction of Gillespie, Kneport and Baird, of New York, and consisting of twenty persons and a conductor, arrived in the city on Saturday and registered at the Royal. Yesterday the party enjoyed an automobile drive to Westfield and along the St. John River. They will leave this morning for Digby and will take in the Land of Evangeline and Halifax returning to St. John en route home.

NOTABLE DEVELOPMENT IN POULTRY BREEDING

The Experimental Farms of the Dominion are doing some excellent work in poultry breeding. After four or five years, birds and strains have been produced of exceedingly high productive capacity. At Kentville, N.S., eleven breeding pens contain birds that in their pullet year laid an average of 197 eggs, the highest bird laying 256 eggs in 52 weeks. At this station a Barred Rock pullet laid 194 eggs in 104 days. In sections where a few years ago ten or a dozen eggs a year from a hen were a rarity, there are now hundreds that run to from 150 to 250. In the Eastern Townships, Que., 256 eggs have been reached and from 150 to 200 is a common record. In the Prairie Provinces the Experimental Farms have reached high record. At Indian Head, Sask., last year 105 pullets had an average of 187 eggs, the highest being 292. At Lethbridge, Alta., the average production has increased two or three times over what it was nine or ten years ago. New Brunswick has a similar tale to tell, one hen at Fredericton reaching 256 eggs in a year. British Columbia, however, takes the palm. At the Agassiz Experimental Farm, 200 eggs are common and from 250 to 270 are not rare. At the Vancouver Island station 200 pullets gave an average of 195.97, \$2 going above 200. The high production of 300 eggs in a year has been reached for one pullet. Hens that cannot lay 200 in a twelve month period are not wanted and no cockerel is retained unless his mother laid 250 eggs in her pullet year. It should be noted that high class breeding stocks and eggs are available to the public from the Experimental Farms. This opportunity is being well taken advantage of, the demand for pedigreed cockerels, through which the best egg laying results are obtained, far exceeding the supply.

OUR INSECTIVOROUS BIRDS

It may appear startling, but it is a fact that if all the insect pests ravaging our crops could be suppressed, and all the plant and tree diseases eradicated, and the increased revenue derived by the country thereby could be turned into the Dominion Treasury, there would need to be no question of taxation. This idea is forthly substantiated by the fact set forth by the Entomologist of the Dominion Department of Agriculture that a conservative estimate of the annual loss in Canada to field, orchard and garden crops due to destructive insects is upwards of \$200,000,000. As our authority says "To this huge devastation must be added the enormous annual destruction caused by forest insects, stored product insects, etc." Upon this statement the Entomologist founds a well-sustained argument in favour of the protection of insectivorous birds, such as the prairie horned-lark, the robin, the somewhat despised crow, the red-breasted Nuthatch, the Western Tanager, the Myrtle Warbler, the Chickadee, House, gulls, and many other kinds. In the state of Iowa it has been estimated that tree sparrows annually devour something like 895 tons of weed seeds! Speaking of the robin, an investigator in Toronto found that a single bird kept in confinement ate 155 cutworms in one day. Another authority states that a brood of prairie horned-larks consumed 400 cutworms in one day. This same authority, namely, Mr. Norman Cridde, Dominion Entomologist in Manitoba, declares that six crows are capable of consuming three bushels of grasshoppers in one season. It is recorded that in certain places in Manitoba areas of growing grain have been saved from destruction by the pestilent grasshopper owing to the presence of large flocks of gulls. In light of these facts it is gratifying to be informed by the Dominion Entomologist, Mr. Arthur Gibson, to wit, that the importance of protecting our useful birds is becoming more and more recognized especially by farmers and fruit-growers.

A FAREWELL AT PARISBOBO

The Wesleyan says: A farewell reception was tendered Rev. and Mrs. Alban Daniel in the church parlor at which Mrs. Daniel was presented with a purse of gold. Very appreciative reference was made to the faithful and efficient ministry of Mr. Daniel during the past four years. At his farewell Sunday service the church was crowded to its utmost capacity. Rev. Mr. Daniel was formerly pastor of the Bear River Methodist church.

# WOMEN OF MIDDLE LIFE

## A Dangerous Period Through Which Every Woman Must Pass

### Practical Suggestions Given by the Women Whose Letters Follow

Afton, Tenn.—"I want other suffering women to know what Lydia E. Pinkham's Vegetable Compound has done for me. During the Change of Life I was in bed for eight months and had two good doctors treating me but they did me no good. A friend advised me to take Lydia E. Pinkham's Vegetable Compound, which I did, and in a short time I felt better. Had all kinds of bad spells, but they all left me. Now when I feel weak and nervous I take the Vegetable Compound and it always does me good. I wish all women would try it during the Change of Life for I know it will do them good. If you think it will in some one to try the Vegetable Compound you may publish this letter."—Mrs. A. KELLER, Afton, Tenn.

Mrs. Mary Lister of Adrian, Mich., adds the following testimony to the value of Lydia E. Pinkham's Vegetable Compound: "I am now doing my housework. Your medicine is certainly a woman's friend and you may use this testimonial as you choose."—Mrs. MAE LISHER, 608 Frank Street, Adrian, Mich.

It is with pleasure that I write to you thanking you for what your wonderful medicine has done for me. I was passing through the Change of Life and had a displacement and weakness so that I could not stand on my feet and other annoying symptoms. A friend told me about Lydia E. Pinkham's Vegetable Compound and the first bottle helped me, so I got more and I am now doing my housework. Your medicine is certainly a woman's friend and you may use this testimonial as you choose."—Mrs. MAE LISHER, 608 Frank Street, Adrian, Mich.

It is said that middle age is the most trying period in a woman's life, and owing to modern methods of living not one woman in a thousand passes through this perfectly natural change without experiencing very annoying symptoms. These annoying spells, the dreadful hot flashes that send the blood rushing to the head until it seems as though it would burst, and the faint feeling that follows, as if the heart were going to stop, those sinking or dizzy spells are all symptoms of a nervous condition, and indicate the need for a special medicine. Lydia E. Pinkham's Vegetable Compound is a root and herb medicine especially adapted to act upon the feminine system. It acts in such a manner as to build up the weakened nervous system and enables a woman to pass this trying period with the least possible annoying symptoms. Women everywhere should remember that most of the commoner ailments of women are not the surgical ones—they are not caused by serious displacements or growths, although the symptoms may be the same, and that many apparently serious ailments readily yield to Lydia E. Pinkham's Vegetable Compound, as it acts as a natural restorative and often prevents serious troubles.

Lydia E. Pinkham's Private Text-Book upon "Ailments Peculiar to Women" will be sent to you free upon request. Write to The Lydia E. Pinkham Medicine Co., Lynn, Massachusetts. This book contains valuable information.

### MIDDLETON

(Outlook)  
Lawrence/Morris went to Clements-  
port on Wednesday.

Mrs. T. A. Croaker is spending a few days in Clarence.

Mr. A. I. Davidson, M.P., is suffering from an infected eye.

Barrister H. C. Morse, of Bridgetown, was in town Monday.

Edwin Lilly, of Paradise, is a patient at the Memorial Hospital.

Rev. Donald McDonald came home on Friday last from Pictou Co.

Edward Hughes, of Bridgetown, was a patient at the Memorial Hospital.

Miss May Ringles, of Deep Brook, was operated on at the Hospital, the 6th.

Prof. Max Hibbert, of Hartford, Conn., is the guest of his mother, Mrs. Hibbert.

Mrs. C. Taylor, of Port George, was the guest of Mrs. John Bent on July 3rd.

Miss Dora Messenger, of Annapolis, is a guest of Dr. and Mrs. F. S. Messenger.

George Woodworth, of Lawrence-  
town, was admitted to the Hospital on Monday.

Kathleen Cummins was discharged from the Hospital last Friday and is doing well.

Miss Campbell, of the Telephone staff, spent the week-end at her home in Bear River.

Mrs. G. R. Beals, Margaret and Kathryn, are spending a few weeks at Deep Brook.

Robie Hill, D.A.R. Telegraph operator, has been spending his vacation in Windsor with his mother.

The Misses Florence and Ethel Barry, of Bear River, were week-end guests of Mr. and Mrs. Harold Ray.

Mr. and Mrs. Harry F. Nash, of the U.S., are guests of Mrs. Nash's parents, Mr. and Mrs. E. V. Thomas.

Miss Gladys Troop, of Belleisle, returned last week to Middleton and is the guest of her aunt, Mrs. W. Covert.

A number from Middleton attended the reception given Rev. A. H. Whitman, Lawrence-town, on Monday evening.

Miss Flossy Troop, of the Telephone office staff, Bridgetown, has been the week-end guest of her aunt, Mrs. I. W. Whitman.

Mr. and Mrs. Grafton Carter and Clyde Carter, of Imperoyal, spent a few days recently guests of Mr. and Mrs. Win. Carter.

Prof. J. H. Lindsay, Musical Director of the school for the blind, Halifax, is in town, the guest of Mr. and Mrs. O. R. Potter.

The Misses Florence Davidson, of Wolfville and Isabel of Waverly, (Mass.), are guests for the summer of their brother, A. L. Davidson, M.P.

Miss Irene Cox goes to Annapolis today and will accompany Miss Gertrude Ritchie and girl friends to Clements-  
port to spend a week.

Miss Hilda Cox arrived home on Friday last from Drumheleir, Alta., and will spend the summer with her parents, Mr. and Mrs. Fred E. Cox.

Mrs. Arthur Chisholm and Mrs. Edward Coimars and son, of Port Wade, motored to Middleton on Saturday to see Mr. and Mrs. W. Covert.

Mr. and Mrs. Stanley Bartheux, of Mt. Hanley, were in town on the 1st, accompanied by their daughter, Miss Vevo, who has been teaching at Centre-  
ville.

Mrs. Fenwick Ingils and son Philip, of Tupperville, have been spending a week at T. Marshall's, while Philip was being treated for throat trouble by Dr. Kirkpatrick.

Herbert Davidson returned on Monday from the Provincial Tuxis Boys' Camp at Big Cove, Pictou Co., where there were about 20 boys. Herbert was the editor of the Birch Bark Chronicle, issued daily.

Miss Jean Messenger, of the Royal Bank, went to Clements-  
port on Wednesday to join her home folks who are occupying their cottage at that summer resort. Miss Messenger has been suffering much discomfort from a sore foot which is improving.

### OUTRAM

Haying is in full swing in this place.

We are sorry to report Mr. John C'Neal still in failing health.

Miss L. M. Banks spent Monday visiting friends at Port Lorne.

Miss Alma G. Slocum has returned home after spending a week with her sister, Mrs. G. B. Hines, Mt. Hanley.

Miss Sylvia Slocum, from this place, attended the Nalley-Hines wedding at Cottage Cove on Wednesday evening last.

Miss Olivia L. Bayer, teacher at South Milford, is spending her summer vacation occupying part of Mrs. Sodie Bent's house.

Mr. and Mrs. Percy Marshall and three children, from Port Lorne, spent Sunday with her parents, Mr. and Mrs. W. A. Marshall.

The ice cream sale held at Mrs. Sodie E. Bent's on Saturday night, July 2nd, proved a success, the sum of \$23.85 being realized.

Mr. and Mrs. G. B. Hines, Mt. Hanley, spent Sunday the guest of her parents, Mr. and Mrs. J. H. Slocum. Miss Beatrice Slocum is also visiting her parents.

Minard's Liniment Relieves Neuralgia

OTHER TABLETS NOT  
ASPIRIN AT ALL

Only Tablets with "Bayer Cross" are Genuine Aspirin

If you don't see the "Bayer Cross" on the tablets, you are not getting Aspirin—only an acid imitation. The "Bayer Cross" is your only way of knowing that you are getting genuine Aspirin—recommended by physicians for over nineteen years and proved safe by millions for Headache, Neuralgia, Colds, Rheumatism, Lumbago, Neuritis, and for Pain generally. Made in Canada.

Handy tin boxes of 12 tablets—also larger sized "Bayer" packages can be had at drug stores.

Aspirin is the trade mark registered in Canada by Bayer Manufacture of Monnaetiaelcester of Salicylicacid.

While it is well known that Aspirin means Bayer manufacture, to assist the public against imitations, the Tablets of Bayer Company, Ltd., will be stamped with their general trade mark, the "Bayer Cross."

### WINDSOR

(Tribune)  
Edward and Mrs. Freeman and child went to Lawrence-town today to spend their vacation.
