

An official of the government today that the French War Office will enter no claims of victory until the result is certain.

In contradistinction to the general buoyancy of public sentiment in France and England today is the cautious statement of the French War Office, issued at 3 o'clock:

"There has been no change in the situation as a whole. We have made some progress, however, on our left wing north of the Somme, and on our right in the southern part of the Woivre district."

TWO-DAY ATTACK FAILED. At the Town of Albert, 18 miles from Amiens, the Germans made a two-day attempt to cut thru the allied lines.

ANTWERP STILL BOMBARDED. That the German attack on the City of Antwerp continued last night with little interruption is stated in advices received by The Evening News from the beleaguered city.

AUSTRIA OFFERS ITALY \$1,000,000. Despatches from Rome state that the Austrian Government has replied to the protest of Italy in connection with the strewing of the Adriatic by the Austrians with contact mines.

60,000 GERMANS WOUNDED. A despatch from Copenhagen declares that the Germans wounded in the battle of the Aisne will reach a total of 60,000, most of whom have been carried to hospitals at Cologne.

BELGIANS REOCCUPY MALINES. AMSTERDAM, Oct. 1.—The Belgians have reoccupied Malines. The Germans have greatly damaged the Village of Moll, where they wrecked switches and the railway station and shot a number of villagers.

HAMILTON BOARD FOR PARK ROUTE. Concrete Roadway Thru Wabassa Park Endorsed on Conditions.

GIRL WON MANY PRIZES. Miss O. Clark, Collegiate Institute Puyil, Made Small Fortune.

By a Staff Reporter. HAMILTON, Friday Morning, Oct. 2.—At a special meeting of the parks board in the city hall last evening a resolution was passed approving of the proposed concrete roadway thru Wabassa Park on the north shore of the bay.

Won Fifteen Prizes. A resolution of congratulation was passed last evening by the management committee of the board of education to the teaching staff of the collegiate institute for turning out a pupil last year who captured fifteen scholarships on the summer examinations.

Teacher Wants Aid. School Overseer, principal of the collegiate institute, reported to the committee that the school was overcrowded to such an extent this year that he fears the standing will be lowered by the inspectors and the government grant reduced.

Too Many Apply. So many applications from people living in the county to have their children attend Hamilton's schools have been received by Secretary Foster that it was decided by the committee to take up the matter with the county officials.

Sensational Evidence. An alderman, who is greatly interested in the works enquiry, said that when the enquiry reopened on Thursday, Oct. 15, he heard of a large firm in the United States, which supplied the city with considerable material, would give sensational testimony about supplies purchased by the city last year.

Population Grows. The city assessment department reported yesterday that the population of Hamilton was 508 in the past year. The assessors estimate that Hamilton's land and buildings are worth \$83,525,615. There is an increase of over a quarter of a million dollars in the assessed value of taxable income. The total population of Hamilton is 101,000.

Want Work Started. The Dominion Government will be requested by the board of control to start work on the new east end postoffice immediately and also on any other work that remains undone.

National Currency, Rediscounting, Big and Little Banks!

One trouble with our banks is that they thought a few years ago that they could get a premium on the additional money by increasing their capital stock.

But even while the banks got a good many millions in this way, it was more temporary relief than a real one—it largely transferred to capital investment that which was already in the banks on deposit.

For such conditions there is no known remedy equal to that of a national bank of rediscount like those now being established in the United States and the merits of which were set out by the comptroller of the currency at Washington.

The Federal Reserve Act is the instrumentality thru which the American people will be freed from the domination of loans and oligarchy.

Mr. White, the Canadian Minister of Finance, has accepted this principle for the time being in his emergency legislation of the late session.

All these things from our point of view would not hurt the banks; they would force them to adapt themselves to the growing needs of the country and to the recognition of the better methods that now prevail in most other countries.

THE BANKS AGAIN. Editorial, Regina Province, Sept. 23.

Mr. R. E. Bennett, M.P. for Calgary, is one man who seizes any opportunity offering to express his opinions where they may be of use.

Mr. Brown had just finished saying that the farmer would never lack for funds if he were deservng and farming properly, and that the banks of the west were willing to finance the farmer.

There is good reason to believe that what Mr. Bennett said of the Alberta branch banks is equally true of branch banks in this province.

First, no banker will claim that banking accommodation offered farmers is as liberal as in former years.

Second, there is need for even more liberal accommodation than has been offered in former years.

Third, no banker will claim that they are accepting new clients, yet a great many farmers who in the past have been able to finance operations without the help of the banks, need banking accommodation at the present time.

From a letter of a German just returned from Germany, in The New York Times, the following is the way the German government is helping to tide over hard times:

Germany established the so-called Darlehen Kassen which is nothing more or less than a national loan institution to which every German citizen can apply for a loan whether on merchandise, agricultural implements or securities.

Afterwards a number of the larger banking institutions joined together and formed a large national credit bank to which any merchant could apply for financial assistance on the assets contained in trial balance sheets.

Immediately and also on any other work that remains undone. Frank Ryckman, 24, was yesterday sentenced to five years' imprisonment in Kingston Penitentiary by Magistrate Jaffe, he having been found guilty of twelve different charges of forgery, committed in the past year.

OTTAWA PATRIOTIC FUND EXCEEDS SUM ASKED. Three Hundred and Seventy Thousand Dollars Raised in Three Days.

DESTROYER SUNK BY JAPANESE FIRE

Severe Engagement Opened by German Warships at Tsingtau.

MINE SWEEPER LOST

Two Other Japanese Vessels Damaged in Fighting — Many Men Killed.

Canadian Press Despatch. TOKIO, Oct. 1.—A severe engagement has been opened by the German warships, which cannonaded the Japanese positions near Tsingtau, seat of the government of Kiaochow, the German leased territory in China, the Japanese war office announces. Two officers were killed. German aeroplanes assisted the warships. The German war office announced that an artillery duel at Tsingtau continued. A German torpedo boat, destroyer sank in the harbor yesterday. From other sources it is stated that the German destroyer was sunk by Japanese siege guns. It was officially announced late this afternoon that a Japanese mine sweeper off Kiaochow was blown up and sank. Three men were killed and 13 others wounded. Another Japanese mine sweeper was damaged, one man being killed and six injured. Another Japanese vessel, the supply ship Wakamiya Maru, was damaged. One man on board was killed and six were injured. The name of the mine sweeper which went down was the Nagato Maru.

FRENCH PROGRESS ON RIGHT AND LEFT

No Modification of General Situation, Says Official Communication.

Canadian Press Despatch. PARIS, Oct. 1.—The following official communication was given out here this afternoon: "There has been no modification in the general situation. We have, nevertheless, made progress on our left, to the north of the Somme, and on our right, in the southern Weverre district."

KING, CZAR, SULTAN, KAISER OR PRESIDENT

Taft Will Compare Various Types of Rulers, in University Lecture Course.

Definite announcement has been made that ex-President William Howard Taft, now professor of international law at Yale University, will deliver the Marklee series of lectures at Toronto University this year. The intention of the founder was to have subjects dealing with international relationships, and the series of lectures at Toronto last winter Mr. Taft has informed Dr. Falconer that his subject will be "A Comparison of the President of the United States with the Chief Executive Officers of Other Governments." The dates for the lectures were announced by Dr. Falconer last night as being Feb. 10, 11 and 12.

WOULD TIE UP ASSETS OF KRUPP IN ENGLAND

Special Direct Copyrighted Cable to The Toronto World. LONDON, Oct. 1.—Application for a receiver for the assets of the Krupp Company in England was denied by the court today. The application was by a railroad creditor who desired to tie up the assets of the company in this country, before the end of the war would make it possible to remove them from England to Germany.

JOFFRE WILL BE NEW MARSHAL

Commander-in-Chief of French Army for Revived Office.

SPECIAL Direct Copyrighted Cable to The Toronto World. PARIS, Oct. 1.—The office of the marshal of France will probably be filled again soon. A decree issued Tuesday fixes a salary for that post, which has long been empty, and in the minds of the French people there is no doubt where the honor will be bestowed. The marshal of France was the highest rank in the old royalist armies, and the post was retained when the French army was reorganized in 1875. It was provided then that the conditions under which the rank should be bestowed should be fixed later. No one has ever been appointed to the dignity under the present French Republic, because, as The Matin says in an editorial today: "No prominent figure has appeared in French military affairs who has merited it until the present commander-in-chief confronted the emergency of the present war." The salary is fixed at 50,000 francs (\$8000).

ABLE-BODIED BELGIANS ARE SPIRITED AWAY

Germans Arrest and Carry Over Border Men of Fighting Age.

Canadian Press Despatch. AMSTERDAM, Oct. 1, via London, 7.45 p.m.—A despatch to The Handelsblad, from Maastricht, says that the Germans in the Belgian Province of Liege have issued a proclamation directing that no Belgians between the ages of 20 and 45 years, who are liable for military service, shall cross into Holland. The correspondent says that the Germans are arresting and sending into Germany all the Belgians in this category whom they can find.

YE ELINOR JANE OPENS TOMORROW

Bright Shop at Yonge St. and Irwin Ave. Will Make Its Own Candy.

EVERYBODY IS INVITED Sampling of Stock Will Be the Attraction on Opening Day.

On Saturday "Ye Elinor Jane Sweet Shop" will open its doors for the first time to the Toronto public and invite them to share in the hospitality of its opening day. In other words, an invitation is extended to all to visit the bright and pretty shop at 844 Yonge street, corner Irwin avenue, to inspect the stock and to sample the many dainties in the way of home-made confections which the firm offers. Freshness and variety, ingredients of superior quality and workmanship of the best—these are the secrets which go to the making of all that is first-class in the preparation of candies, and these are all found in the production of the stock of the attractive shop which you are invited to visit. Chocolates, butter-creams, tarts, caramels, marshmallows, maple nuts of many kinds and flavors and to suit all tastes, are to be found at Toronto's latest and most dainty stand, and novelty is furnished by chocolates enclosing the freshest and most appetizing of the small fruits in season. The entire stock is made in the factory of the "Elinor Jane," situated on the prairie, in a telling factor in any enterprise that caters to the taste of the fastidious, and this is emphasized and cared for in the Roman blues and white and the mural decorations and the dainty service equipment.

RUSSIANS BEAT OFF GERMAN WARSHIPS

Forts of Coast of Windau Too Strong for Hostile Squadron.

Canadian Press Despatch. PARIS, Oct. 1.—A Petrograd special to the Havas Agency, dated Sept. 30, says: "The details of the naval engagement which occurred Sept. 24, off the coast of Windau, a Russian seaport in Courland, on the Baltic, have been made public. It appears that a German squadron, comprising 40 ships of all classes, appeared off the harbor and was prevented from landing forces by the heavy fire from the forts. One officer and two sailors were killed and three more were drowned. "The ships withdrew, but on the day following two cruisers returned, opened fire and destroyed the light-house. They killed a civilian and a number of soldiers, but were driven off again by the fire from the forts."

NEW BRUNSWICK PLANS TO RAISE CONTINGENT

Two Projects to Send Cavalry or Infantry, Now Being Urged.

Canadian Press Despatch. ST. JOHN, N.B., Oct. 1.—Two different projects for the organization of a contingent from New Brunswick are now in the preliminary stage. One has been proposed by Colonel J. L. McAvity, officer commanding the 62nd Regiment, for the organization of an infantry regiment of 1000 men from the several counties of the province, and the other has been urged by Col. H. H. McLean, M.P., officer commanding the 28th Dragoons, who favored the muster of a cavalry regiment of 500 officers and men.

BRITISH STEAMER SUNK BY CRUISER LEIPZIG

Bankfields, With Cargo of Sugar, Destroyed Off Eten, Peru.

Canadian Press Despatch. CALLAO, Peru, Oct. 1.—The Kosmos steamer Marie arrived here today with the crew of the British steamer Bankfields, which was sunk by the German cruiser Leipzig off Eten, Peru. The crew of the Bankfields have appealed to the British consul here in the hope of obtaining their liberty. The Marie said that the ship carried a cargo of sugar valued at \$500,000. The Marie was followed into port by the German steamer Amalie, also of the Kosmos Line.

MAJOR PANET WILL COMMAND CORPS

Proposed Leader of French-Speaking Regiment in War Announced.

Canadian Press Despatch. MONTREAL, Oct. 1.—The command of the French-Canadian regiment that will be raised will be offered to Major Edward De B. Panet of the fifth division. Major Panet is a graduate of the Royal Military College, Kingston, and he has also passed through the staff college in England. In anticipation of his early departure on war service, Major Panet was married yesterday. This version of the incident does not agree with the English statement, cabled from London, which declared that the ship, intended for the Krupp Gun Works in Germany, was confiscated and the owners were reimbursed for its loss.

FOODSTUFFS PUT UNDER EMBARGO

Holland Acts in Accordance With British Views Regarding Imports.

AGREEMENT REACHED

Conference at Washington on Contraband — Britain to Revise Proclamation.

Special to The Toronto World. WASHINGTON, Oct. 1.—Great Britain is to revise the proclamation in regard to the contraband, with special reference to Holland. That country has given notification of an embargo on the shipment of foodstuffs out of the country, including the transshipment of goods received from abroad. This, in effect, was the outcome of a conference at the state department today, in which the British ambassador took a leading part. Pending the revision of the proclamation by Great Britain, the British ambassador has assured the state department that foodstuffs to neutral ships, consigned to Holland, will not be treated as contraband, and an understanding has been reached whereby Great Britain has agreed not to molest shipments of any sort to Holland in American vessels. The agreement was arrived at between the British ambassador, Secretary Bryan and Counselor Lansing of the state department. Two Conditions Made. According to a high official of the department, Holland's attitude in the question is merely that of wishing to preserve neutrality. In order to do this, he said, they have shown a willingness to make two conditions for the importation of supplies—that a guarantee is given that consigned goods will not be reshipped to Germany or any belligerent country, and a ship will not be permitted to dock in Dutch ports if it has on board a greater cargo of foodstuffs than can be utilized at or in the vicinity of the port to which it is consigned. According to cable advices these conditions made by Holland coincide exactly with the British view of the question. Counselor Lansing expressed regret today that the matter had been agitated, because of the effect it might have on the business of the country, particularly in regard to shippers. Copper Released. Con. I. Johnson, collector of the state department, declared the only shipment of American copper which had been seized by British ships had been released before the department was able to make representations. This shipment was in a Dutch ship which was seized in an English port. This version of the incident does not agree with the English statement, cabled from London, which declared that the ship, intended for the Krupp Gun Works in Germany, was confiscated and the owners were reimbursed for its loss.

MISS LEVINSKY SPOKE

At Thursday Night Club—Sir Henry Pellatt I.O.D.E. Plan Bazaar.

"War conditions" formed the subject of Miss Ray Levinsky's address to the Thursday Night Club last evening.

The speaker touched on many of the leading questions of the day—inventions, transportation, social betterment and woman suffrage, showing their close relation with existing conditions.

The regular monthly meeting of the Sir Henry Pellatt I.O.D.E. was held yesterday afternoon at the headquarters of the patriotic league.

A good deal of enthusiasm was shown in the plans for the sale, the proceeds of which will go to a festival and gifts to children during the Christmas season.

A pleasant part of the program was the finely played numbers on the saxophone by Mrs. Leyson, a member of the chapter, and the only woman in Canada who plays on this instrument; the interesting talk on her experiences in the war zone by Miss MacNab.

The monthly meeting of the Toronto Women's Press Club, held last night in the studio of Mrs. Elliott, 69 East Floor street, partook of the patriotic character, which characterizes all the meetings of the day.

The regular meeting of Stevens W.C.T.U. will be held at the Centennial Methodist Church, Dovercourt road, today at 8 o'clock.

Charity Bazaar. Corinthian Chapter members are to hold a bazaar in Parkdale Assembly Hall, Thursday afternoon and evening, Nov. 12, the proceeds to be devoted to charitable purposes.

The Red Cross report for yesterday was: One case from Morrisfield, 3 from Ayr, 2 from Glen Morris 1 from Cobourg, 1 from Port Hope, 1 from Elmvale, 1 from Parknberg, 7 from Newcastle, 4 from Scarborough, 8 from Whelan, 1 from Guelph and Lytle & Co. sent 84 cases of jam. Over 40 cases are to be sent away today.

At the Westminster Chapter, I. O. D. E., sewing circle, held yesterday afternoon, the following ladies were elected for permanent office: Conventor, Mrs. Dutton; assistant convector, Mrs. Hyslop; secretary, Mrs. Buck; treasurer, Mrs. Lee.

RIVER GUIDES DROWNED. BROCKVILLE, Ont., Oct. 1.—Henry De Mars and Alton Heath, river guides, residing at 1000 Island Park, were drowned in the river near Grennell Island while making a crossing between these two points.

SENT UP FOR TRIAL. William Crsbn was committed for trial yesterday on a charge of stealing an automobile. Evidence came out that would implicate him in several other disappearance cases.

SEPTEMBER STATISTICS

Less Marriages Than a Year Ago—Fair Wage Appointment Deadlock.

The Toronto Hydro-Electric Commission held a meeting yesterday they reserved any announcement of their doings for the mayor to give out before city council at Monday's meeting.

Vital statistics for September are: Births 1914, 1913. Marriages 1211, 1196. Deaths 582, 582.

With reluctance the board of control sanctioned payment of \$3 per square foot to the Bank of Commerce for land at Broadview and Danforth avenues.

Appointment of a city fair wage officer caused a deadlock in the private meeting of the board of control. Two names were put up and each received 2 votes.

Toronto Railway Must Also Experiment With Closed Cars of Arnoldi Type.

The Toronto Railway Company, following out a mandate issued by the Ontario Railway Board yesterday, will close several new cars of the Arnoldi type on the streets, to see if they will handle the traffic safely without the necessity of a running board.

The hearing took the form of a free discussion of problems which have been threatened out many times before. The company argued that the cars with sidesteps were a necessity and necessary addition of 300 cars for rush hours.

### APPLES PROMISED BY FRUIT GROWERS

Many Organizations and Individuals Have Responded to Government Call.

### FOR STORAGE IN CITY

Toronto Will Take Several Carloads for Distribution to the Poor.

The offer of the department of agriculture to supply apples free, if the transportation and gathering expenses are met, has been taken up by the city, and the initial shipments are likely to be made within the next few days. It was announced last evening that Property Commissioner Chisholm agreed on behalf of the city to accept several carloads for storage in the city, pending their distribution by relief organizations.

very anxious to see that all the fruit is used. I need hardly say that every person will appreciate the generosity of the fruit growers, who are not only offering the fruit, but doing the picking and packing free of charge," he said last evening.

### NOT ALIEN ENEMY.

An application on behalf of the Childs Company in the county court yesterday for an order dismissing an action brought by Vasil Sexumack, an Austrian, was refused. It was contended by the defendants that Sexumack was an "alien enemy," but the court ruled that as he was a resident of Canada he had status to bring suit. The plaintiff lost a finger while operating a bread cutting machine.

### HARVEST HOME SERVICE.

Harvest thanksgiving services were held at St. Edmund's Anglican Church last night at 8 o'clock, when the special preacher was the Rev. J. Broughall, rector of Grace Church. These services will be continued on Sunday, Oct. 4, when the preachers will be: morning prayer, the rector, Rev. E. A. Vesey, and evening prayer, Rev. Mr. Brookes of Christ Church, Deer Park.

### GERMAN SAILORS HELD ON BRAVELY

Private on British Cruiser Admired Pluck of Opponents at Heligoland.

### SEEMED LIKE BUTCHERY

Could See Germans Jumping From the Decks of Sinking Ships.

The sea fight off Heligoland is described in a letter received by Mrs. E. A. Grant, 32 Division street, Toronto, from Private Bauckham, R.M.L.L., who was on the light cruiser which led one of the British squadrons. The letter follows:

"We have got an extra day in harbor, so I thought I would give you an account of the fight at sea that I was in. We first opened fire on two torpedo boats, and then ran into two German cruisers bigger than ours. It was the most terrible thing I ever saw, and don't want to see it again if possible. One of them had two funnels blown away, also her masts, guns and fore bridge. She was like a furnace in the middle engine room. As we passed the first one to open fire on the second, we could see them jumping over the side and throwing the dead over as well. She then began to settle down by the bows, and we had to leave her then and start on the other.

"She was on the port side, and while we were engaged on her, another one with four funnels like us, came on the starboard side and fired on us. We retaliated and made three holes in her bows, and set her on fire. After that she turned round and fled, to sink later on. In all, three German cruisers went down at the hands of our squadron, and I am proud to say we were just as if we were at drill. But the way the shots whistled about our ship, which was leading the line, makes me always say there was a higher power than naval power behind it. 'God defends the right.' Whereas we sank those ships with terrible loss of life, there was not one casualty on our vessel. May God be praised for that.

### YORK COUNTY AND SUBURBS

#### TORONTO-OSHAWA PAVED HIGHWAY

Proposal Enthusiastically Endorsed at Conference in Whitby.

#### COMMITTEE APPOINTED

To Be First Link in Great Trans-Provincial Road to Montreal.

By a Staff Reporter. WHITBY, Oct. 1.—Whitby's proposal to have the Kingston road passed from Toronto to Oshawa was thoroughly endorsed this afternoon at a meeting in the town hall attended by about a hundred representatives of municipalities from Toronto and the improvement. Mayor Willis presided, and F. H. Annes acted as secretary. Mayor Hocken, Controllers McCarthy, O'Neill and Simpson represented Toronto, the mayor assuring those present that they could rely on the city's support in the matter. One hundred and fifty thousand dollars had been voted for the Toronto to Hamilton highway, and he was confident that a similar amount would be forthcoming for the highway to the east.

First Link. W. A. McLean, provincial highway engineer, gave a talk on the methods of highway improvement, and the probable cost of construction. The highway would be the first section of a great trans-provincial highway from Toronto to Montreal, and that the government would contribute \$4000 per mile if the highway costs \$10,000 per mile or otherwise in proportion.

Special Committee. The personnel of the committee will be as follows: Mayor and presidents of Boards of Whitby and Oshawa, reeves and deputy reeves of East and West Whitby, Pickering and Scarboro Townships, chairman of the police commission of Pickering Village, the warden of York County, Mayor Hocken and Controller McCarthy of Toronto, Mayor Willis of Whitby to be convener of the committee, which will report to the various councils.

The president of the association, Miss Cartwright, presided, and the ladies were addressed by Rev. Canon Plumtree, rector of St. James' Cathedral, at the noon-day service.

#### SCARBORO TOWNSHIP

Scarboro Township Council has decided that in future 80 per cent. of the men employed on township work by contractors must be residents of the township. This will be a condition on all contracts awarded during the war, or until the labor situation in the district warrants some change.

# Work For All

If the men and women of Canada will buy nothing but "Canadian-Made" Goods from now to January First, every workman in Canada will be employed and the country will enjoy a period of prosperity hitherto undreamed of.

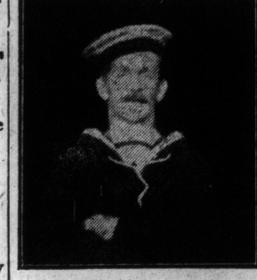

Canadian manufacturers are doing their duty under present stress in endeavoring to keep plants running and men employed regardless of profits.

Good Canadians will show enlightened patriotism, as well as sound business common sense, by buying only "Made in Canada" goods, thus building up their own prosperity and looking after those who remain at home.

And "Made in Canada" goods offer equal value with those made anywhere else in the world.

### NOW IN HOSPITAL

Frank Greenwell, 93 Harvie avenue, Earls Court, conductor of the Army Service Corps Band, and who resigned to join the "Niobe" as bandsman about one month ago, met with a serious accident recently while the boat was cruising off Halifax in a rough sea. He slipped on the deck and broke two ribs on the left side. When the Niobe put into Halifax harbor he was taken to Halifax Military Hospital, where he now lies. In a letter to his wife he stated he hopes to rejoin his ship in the course of a few weeks.

### BIG HORSE SHOW AT OAKVILLE FAIR

Unusually Large Number of Entries in Horse and Stock Classes.

Tranagar Agricultural Society will hold their annual fair today at their new fair grounds, West Side, Oakville. An unusually large number of entries have been received in all classes, especially in cattle and horses. The fair will open at 10 a.m. when the judging of breeding horses and live stock will commence. The Bramshere Hunt Club, with a well trained pack of hounds and riders, will appear on the grounds in the afternoon and give an exhibition of hurdle jumping. The exhibition will include some of the best hunting horses in America. Special features of the fair will be wood-sawing and buck-sawing contests and a Punch and Judy entertainment. Boy Scout Camp. There will be a large encampment of Boy Scouts on the fair grounds, who will give an exhibition of their drill and tactics such as building bridges, dressing the wounds of wounded scouts, pitching tents and cooking camp there. Oakville Citizens' band will render musical selections during the day. Special trains calling at all intermediate stations will be run by the G. T. R. at half fare.

### HOW TO STOP STOMACH TORMENT

Sound Advice From a Well-Known Physician. Men and women who suffer from what they call Dyspepsia, Indigestion or just plain "stomach trouble" usually seek regular relief in the form of some pain pill or tablet, or other artificial digestant. This experience teaches me, is a serious error. In nine cases out of ten, the distress is caused by the development of acids in the stomach—formed by the fermenting of the food. Instead of a digestant being required, something should be taken to dissolve or neutralize this acidity, when normal digestion will follow as a matter of course. This acid matter is a distinctly poisonous and unless it is dissolved, digestion merely carries the mass of fermenting food from the stomach to the intestines, where its poison is absorbed by the blood and carried all over the body. All the great army of people who suffer after nearly every meal would make it a point to take a teaspoonful of Bisurated Magnesia in a quarter glass of water after each meal. There would be no formation of acidity and consequently no distress or discomfort. Sour, acid, gassy stomach, heartburn, belching, bloating, etc., would then be a thing of the past. "Bisurated Magnesia" is a physician's prescription. It is inexpensive and can be obtained at any drug store. It is prepared for just such trouble and the best proof of its efficiency is that it will stop the sharpest, biting stomach distress in five minutes from the time it enters the stomach. Simply by dissolving the acids that have been formed there. The action is absolutely harmless.

FRIDAY MORNING, OCTOBER 2.

A Free Choice Denied

This is a great day for the Liberal party in Ontario. The Conservatives, who have the strongest representation any party could hope to get...

The death of Sir James Whitney left the party in an unusual position. On coming into power for the first time after an election, a political party always has a leader who is naturally recognized as the logical premier...

The members have not had strength enough, or perhaps a sufficient nucleus of opinion, to enable them to come out in the open and say what they wanted. If half the members had declared in public that they have been thinking in private that there would have been a caucus summoned immediately after the funeral on Tuesday...

Ottawa sent down word what it wanted, and the thing was put thru in approved kaiser fashion. This overthrow of popular government methods, this infringement of the rights of the members of the legislature, this sweeping aside of all the honorable principles of government for which Sir James Whitney established a tradition in the province, can only mean the decadence and ultimate break-up of the Conservative party.

We shall be told that it is rank treason to say such things. It is far ranker treason not to say them. To allow the Conservative party to run its train into a broken bridge and keep quiet while the smash is coming is a proof of loyalty to the party.

Government by junta or by clique or by any form of kaiserism is utterly foreign to the spirit and principle of the Conservative party and the Conservative voters of Ontario. Certain self-appointed leaders may think they know better than all the political sagas of the last hundred years. But they don't, and they will learn, as others have learned, when it is too late to put the lesson into practice.

The World has taken its stand on this democratic principle, and the Whitney tradition. It has not supported nor opposed the claim of any man to office. It has declared that the choice of a weak man will be fatal to the party interests. It holds that no man should be chosen without taking the views of the party in caucus. If the holding of such opinions is treachery to the Conservative party, then there are few loyal men in it.

But such views and opinion are the strength of the party, and without them the party will be weak as water, and the strongest man appointed to represent the absence of such views will have neither influence nor authority with the members nor in the country.

We are informed by The Toronto News that Hon. Mr. Hanna has refused the position of premier. The News should have supplemented the statement by telling us who offered it to him. The News also tells us that Hon. Mr. Lucas has not had sufficient experience for the office. The News should also have told us why a man with still less experience is regarded as more eligible. The Mail and Empire discourses on Von Kluck's predicament and on greenhouse vegetables in winter, but says nothing about Hon.

Dr. Fyne's predicament, or how to get a premier in an open fall. Papers like The Brantford Courier say that whoever may be chosen the choice will be that of the members and the party as a whole. But what has been done to insist upon the assembling of the members in caucus?

There is no blinking the fact that the members are being pushed to one side in the choice of a premier, and therefore the democratic status of the Conservative party is attacked. We have already pointed out where that attack has come from. We are glad to see that The Evening Telegram also recognizes the danger, and we quote from what The Telegram says elsewhere.

There is really no general disagreement about the matter at all, but those who are agreed seem afraid to express their convictions, and the choosing of a premier for Ontario is being allowed to go by default. Every minister in the future cabinet will be under the same stigma that must attach to the new premier chosen in such a way, and when the next session of the house is called the whole government will be particularly and unnecessarily susceptible to criticism.

The Avalanche

In a leading editorial of recent date Financial America says: Developments in the foreign exchange market in the last twenty-four hours raise a question as to the probable adequacy of the \$100,000,000 gold pool and other plans for the removal of the deadlock in the international exchanges and the impasse in the financial markets, including the stock exchanges here and in London. It is understood that estimates of our indebtedness to Europe, which ought to be settled between the present time and the end of the year, made by the organizers of the \$100,000,000 gold pool, run into the hundreds of millions of dollars. The opinion is growing, therefore, that present plans for the relief of the situation can be only partial in their effect.

Thus the curtain is lifted just a little, and we glimpse something of the appalling situation which now confronts the United States. Not long ago we published an article from another financial paper of high standing, which said in effect that the "whole truth" would soon have to be told to the people. Only a few days ago the comptroller of the currency warned a bankers' convention that American securities, of the par value of four billion dollars, would be dumped on the New York market from Europe as soon as the stock exchange reopened. Probably another billion dollars' worth were sold on the outbreak of the war, and will have to be settled for in the near future.

The sudden demand for the liquidation of securities to this huge amount would in itself be sufficient to cause something like a financial panic, but if the securities represented real value the country would still have the property and earning power and might permit the foreign investor to pocket a loss caused by his need for ready cash. Unfortunately, the savings of the people, confided to the life insurance companies, the trust companies and the banks, have been invested in the railway securities, whose value will be all but destroyed by the coming avalanche. Upon this point we cite an authority, no less eminent than B. F. Bush, president of the Missouri Pacific and Denver and Rio Grande Railroads, who, addressing the Missouri Press Association at St. Louis last week, said:

Millions of our people are daily making noble sacrifices and denying themselves the comforts and pleasures of life in order to provide for dear ones after they have passed away. Their savings thus effected are largely invested in railroad securities thru life insurance companies and savings banks. There are over 25,000,000 insurance policies in force and ninety-three per cent. of the companies hold as part of their assets \$1,235,540,000 in railway securities. These insurance companies have pledged themselves to provide for beneficiaries sooner or later an aggregate sum of over fifteen and one-half billions of dollars. The current assets of these companies in 1910 were \$3,840,000,000, and, as has been well said by one of our eminent economists, "this sum is the ship which is carrying the hopes of millions of our people, and the question they have a right to ask is, 'Is that ship seaworthy?'" We may well give thought to so grave a question.

Mr. Bush also deals with the railway holdings of the banks, and declares that widespread distress will follow any enforced liquidation of railway securities. He was pleading for higher freight rates which he believed might so increase the earnings of the roads as to prevent general liquidation. If such liquidation were forced at this time, what would become of the life insurance companies and many banks and trust companies? They would have to go out of business, and their shareholders, depositors, clients and policyholders would know absolutely, what they now suspect, namely, that their savings have been dissipated and lost to them forever. No doubt some prudently managed concerns which bought honestly for investment certain securities will have substantial assets even after writing down their book values 50 or 75 per cent., but a great number of the bigger companies are practically underwriters for waterlogged securities of no value which they expected, thru Wall street, to unload upon the public. Now that they are threatened with the avalanche from Europe, instead of being able to sell, they will have to try

to buy in a great many of these securities. They must try in some way to keep the people from learning the truth. So far as the railways are concerned, the truth appears to be that they represent an investment of about nine billion dollars, and that they are capitalized for nineteen billion dollars. Many of the issues are fraudulent and utterly worthless. As to others, the proceeds were stolen by one device or another, and still others represent extravagant prices paid for almost worthless branch lines and other properties. The roads themselves are deteriorating. They stand in immediate need of replacements, betterments, extensions and equipment, calling for an additional two billion dollars.

As the situation is today it may be doubted whether all the railway systems in the United States combined are worth more than twenty-five per cent. of their capitalization. The loss threatened by a businesslike scaling down and readjustment of values would cause distress so far-reaching as to be almost unendurable. No less than four million people owning railway securities would be directly and immediately affected, some of them to the point of financial ruin, and probably twice that many would lose the greater part, if not all, of their savings committed to the care of the life insurance companies and kindred institutions of a fiduciary character. Mr. Bush, whom we have already quoted, says that increased business will help the roads, and that they must have higher rates if they are to remain under private ownership. But the problem is too huge to be handled except by the government, backed by the support of the people.

Perhaps it would be wiser for the United States papers to speak out frankly, and for the insurance companies and the banks to take the people into their confidence. Billions have been squandered by Wall street and lost to the people. They may as well know the situation and prepare to deal with it.

REVENUE FALLS, OUTLAY RISES. LONDON, Oct. 1.—For the first half of the financial year, ending yesterday, the British national revenue amounted approximately to \$280,000,000, a decrease of \$15,000,000 as compared with last year, while the expenditure aggregated \$670,000,000, showing an increase of nearly \$290,000,000, due to the war.

HAS RELEASED A SPIRIT THAT HE CANNOT CONTROL

PLAIN TALK ON THE PREMIERSHIP

(Editorial in The Toronto Telegram.) If it were given to the people of Ontario to choose Sir James Whitney's successor there is no doubt whatever that they would declare by an overwhelming majority in favor of Sir Adam Beck.

The late premier was unfamiliar with alike methods. He despised them. Soft phrases capable of a double interpretation were hateful to him. No man ever interviewed Sir James without knowing when he left his presence exactly what he expected. This is what made him popular. Every elector in Canada felt that they could depend upon him to carry out the last word of his promise. They knew that while he presided over the affairs of this province nothing in the shape of graft could enter the administration. He was so punctilious in his own conduct, and had such a horror of questionable transactions, that his character which excited public confidence and approbation.

While his simple integrity was his strongest characteristic, the policy of the Whitney Government was one which in itself was calculated to win the approval of the people of the province. An old-fashioned Conservative in all his views, Sir James became the most courageously progressive leader that the Province has had. The Hydro-Electric, University and the Workmen's Compensation are all outstanding achievements which marked the progressive character of his administration. From every standpoint, therefore, the people of Ontario have reason to mourn the death of Sir James Whitney. It is to be hoped that the sturdy qualities which he exhibited so successfully will mark the character of his successor. At least he has shown an example, and lived long enough to prove its strength, that should be an inspiration to the man who may be selected to take his place.

From the standpoint of the association which The Sentinel represents, there is grave cause for sorrow in his death. He has the courage to begin the work of eliminating the teaching of French from the schools of Ontario. After the last election he expressed greater determination which indicated a before to take such steps as might be necessary to preserve this as an English-speaking province. His name will live in the annals of the public life of Canada as the most courageous, and administered the affairs of the Province of Ontario.

WHY BRITAIN IS AT WAR. "Blue Books" and "White Papers"

The voice of the men whom the new premier had chosen, and who were certain to be chosen, was that of any Englishman. Whether Hon. Frank Cochrane is busy minister here as a car or only a courier from Ottawa, he has no doubt that he should not be allowed to count in favor of one candidate or against another. The Conservative party has a present in the Ontario Legislature are big enough to preserve their autonomy and resent meddlesome interference from Ottawa. Frank Cochrane is not the man to act as a kingmaker in this province. The Ontario Government has a big problem and a big policy. Mr. Cochrane has done nothing towards solving the one or furthering the other. His activities in the elections of 1911 and 1914 in the north country complicated the bilingual question. At Ottawa he has been more of a hindrance than a help to the hydro-electric policy.

The minister of railways seems unable to understand the situation in Ontario. If he had his way the Conservative Government in Ontario would have no stable foundation than petty politics. At present the Conservative party has a comprehensive policy, and it is to be hoped that the members of the party will have no desire to see the day return when Ontario politics degenerated into an empty scramble for seats. The Cochrane school has few adherents among those members who realize that the future of the province depends upon the support of the public welfare thru such support of the hydro-electric policy. Unless the Conservative party wishes to throw away all the advantages of an era of public service, it will not tolerate hold-over and corner methods, but will demand as its new leader a man in whose hands the future of Sir Adam Beck's work will be absolutely safe. The new premier must pass the acid test of loyalty to public ownership.

do not as a rule provide enlightening reading for the general public. Few ever look at them and fewer still read them unless they happen to be concerned with the affairs which form their subject matter. But this war has provided an exception in the White Paper of correspondence respecting the European crisis, issued by the Imperial Government and included in the Blue Book issued by the Dominion Government, under the caption "Documents Relative to the European War." These, however, require more time to follow and digest than many are able to afford, altho for those who can spare it they will be found intensely interesting apart altogether from the mazes of diplomacy which are revealed.

Every British citizen and every young Briton should, however, make it his business to understand the why and wherefore of this Pan-European war. They will find, in a readily intelligible form, the main points at issue in a pamphlet, prepared primarily for circulation by the Victoria League, by Sir Edward Cook, a distinguished journalist, editor successively of The Pall Mall Gazette, The Westminster Gazette and The Daily News, all of London, England, and later a Fellow

of Winchester College. He has put together, in a readily intelligible form, the main points in the diplomacy, correspondence and in the speeches of the imperial cabinet ministers. The pamphlet, published by the Macmillan Company, of 70 Bond Street, London, is now available for ten cents in the hands of everyone who desires to be posted on the strength of the British case.

FUNERAL TODAY. The funeral of the late John MacKenzie Anderson will take place from his residence, 282 Palmerston Avenue, to Mount Pleasant Cemetery at 2 o'clock this afternoon. Mr. Anderson, who died last Wednesday after an illness of three weeks' duration, had until recently been confidential clerk to R. J. Fleming, afterwards entering the customs branch of the civil service.

STUDENTS URGED TO JOIN. On the return of the law students yesterday, Capt. Arlidge made a strong plea to them to join a newly formed Law Students' Rifle Association.

O'Keefe's PILSENER LAGER How can anyone doubt the concentrated strength, the mental and physical refreshment, in a bottle of O'Keefe's "PILSENER" Lager, when Prof. Gaertner—in his famous book—"Manual of Hygiene"—states that "one quart of beer is equal in food value to three and one-tenth pounds of bread, and one ounce of meat." Of all pure foods O'KEEFE'S PILSENER LAGER can be said to be absolutely pure. Scientifically brewed in the O'Keefe way from only the finest Hops, choicest Barley Malt and filtered Water it is absolutely pure and healthful, rich in food values and mildly stimulating. WAS UNDER SPELL OF WEE AND DRINK

W. F. Hamilton Had Two-Fold Reason for Signing Promissory Note.

GERMAN IN NAME ONLY

Nerlich and Company May Collect Debts as They Are Canadians.

The appellate division yesterday dismissed the appeal of William F. Hamilton of Peterboro against the judgment awarding his wife, Mrs. Jean Hamilton, from whom he is separated, \$5900 on a note with interest.

The widow and five children of the late Jacob Limberg have again failed to recover damages from his employer, Michael Walbers, for the death of Limberg, formerly an operative in a boot factory in London, England, was six months in this country when he was crushed to death a year ago under the wall of a house on Sherbourne street, where he was working.

Mr. Justice Britton dismissed the appeal, whose decision was upheld by the appellate division, as it was held that the dead man had exceeded his instructions.

Has Right to Be Tried. The appellate division yesterday held that H. B. Ostrander of Schumacher Ont. is not to be denied his right of trial, thus setting aside the decision of Judge Snider in an action brought by E. H. Barnfield of Hamilton against Ostrander. Barnfield sued on a promissory note, which had been endorsed by Ostrander, and Judge Snider directed judgment for the plaintiff unless defendant gave \$400 security.

The Harris Abattoir Company entered an action at Osgoode Hall yesterday against the Bram Park Hotel and Bungalow of Burlington to recover \$889.74, alleged due on account of provisions.

An order winding-up the partnership of Hill & Harlick, 139 Simcoe street, was made yesterday by Mr. Justice Middleton. A reference to the accounts was directed to the master in ordinary.

Appeal Courts Today. The following cases are down for hearing in the appellate divisional courts today:

First divisional court—Jess v. Fairlie, Pickering v. The Toronto and Yorkville Electric Ry. Co., Neal and Radial, Fauquier v. King, Neal and Town of Port Hope, Rundle v. Trusts and Guarantee, Wood v. Troman-hauser.

Second divisional court—Soper v. Windsor, Toronto Traction v. Toronto Railway, Davis v. Hudson Bay Mines, re Messenger Estate, Rundle v. Trusts and Guarantee, Wood v. Troman-hauser.

Must Pay the Debt. In an action heard before Judge Merion in the division court yesterday brought by Nerlich & Company to recover a debt from Smith, the defence was that the plaintiffs being Germans could not recover. It was shown in evidence, however, that both members of the firm were British subjects and therefore entitled to recover, and judgment was given in favor of the company.

Seventeen Mortgage Actions. Since the announcement was made by the Hon. Dr. Fyde of the projected special moratorium, seventeen mortgage actions have been entered at Osgoode Hall, and judgments by default have been given in five cases, totaling \$10,422. As it is said the moratorium will be retroactive, these proceedings can be of no effect except where there has been a sale.

Appellants Failed. An appeal of E. B. Brandon and Robert Boyd from the decision of Mr. Justice Middleton, in which he awarded \$2500 to the plaintiff, railway construction contractors, judgment for \$724, was dismissed by the appellate divisional court yesterday. The claim was for work done at Milton under contract which called for payment at the rate of \$62 a day, but defendants claimed that this did not include Sundays, which was included in the bill from Oct. 6 to Dec. 23, 1913.

J. M. Lord of Windsor appealed against the judgment for \$500 awarded in favor of Samuel Oliver, a teamster, who was knocked down from his wagon and injured when two automobiles, one of which was owned by Lord, collided at a Windsor street corner. The appeal was dismissed.

Flour Order for War. ST. LOUIS, Oct. 1.—A rush order for 100,000 barrels of flour was placed with a local company yesterday by representatives of one of the warring European nations, the identity of which was not disclosed. This is the largest single order of flour ever made here. The flour will be made of Kansas wheat and will require 540,000 bushels. Shipments from Kansas fields to St. Louis will begin within a few days, and the flour will be rushed to New York as fast as made. The price was not made public.
