The copy filmed here has been reproduced thanks to the generosity of:

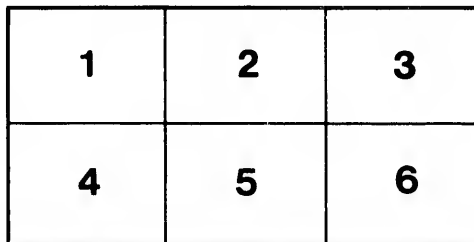

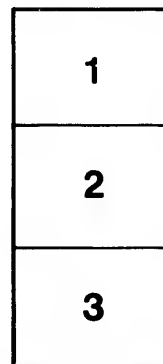

Library of the Public
Archives of Canada

The images appearing here are the best quality possible considering the condition and legibility of the original copy and in keeping with the filming contract specifications.

Original copies in printed paper covers are filmed beginning with the front cover and ending on the last page with a printed or illustrated impression, or the back cover when appropriate. All other original copies are filmed beginning on the first page with a printed or illustrated impression, and ending on the last page with a printed or illustrated impression.

The last recorded frame on each microfiche shall contain the symbol ➡ (meaning "CONTINUED"), or the symbol ▼ (meaning "END"), whichever applies.

Maps, plates, charts, etc., may be filmed at different reduction ratios. Those too large to be entirely included in one exposure are filmed beginning in the upper left hand corner, left to right and top to bottom, as many frames as required. The following diagrams illustrate the method:

L'exemplaire filmé fut reproduit grâce à la générosité de:

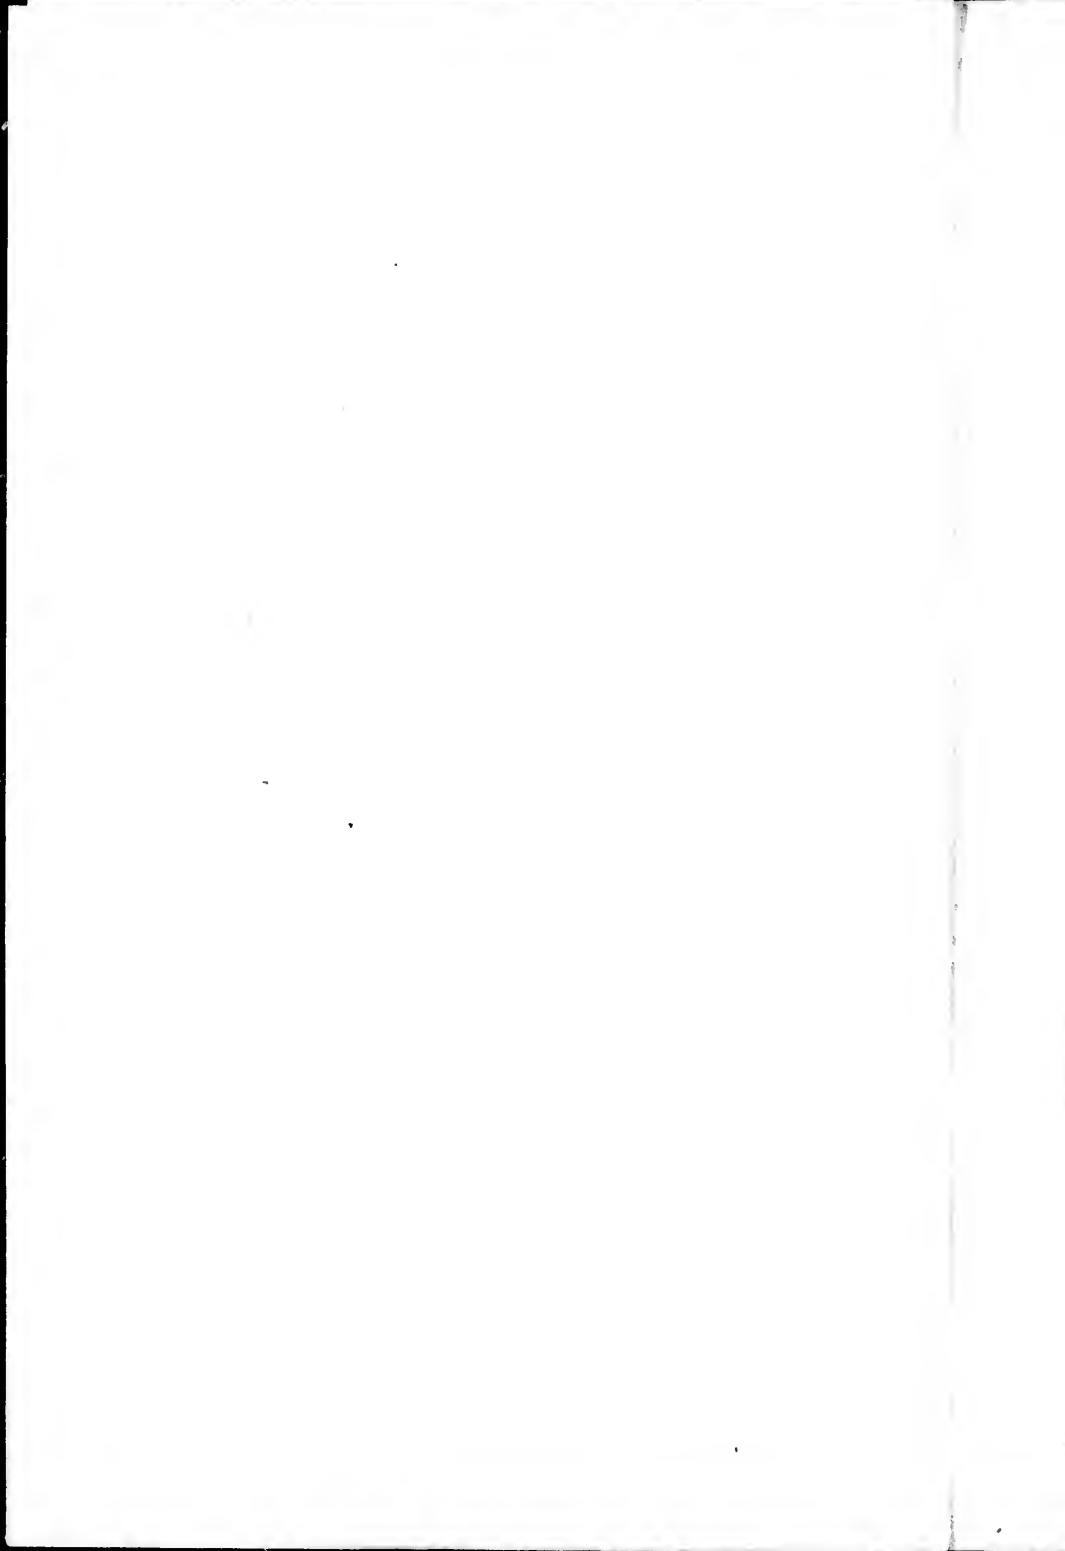

La bibliothèque des Archives
publiques du Canada

Les images suivantes ont été reproduites avec le plus grand soin, compte tenu de la condition et de la netteté de l'exemplaire filmé, et en conformité avec les conditions du contrat de filmage.

Les exemplaires originaux dont la couverture en papier est imprimée sont filmés en commençant par le premier plat et en terminant soit par la dernière page qui comporte une empreinte d'impression ou d'illustration, soit par le second plat, selon le cas. Tous les autres exemplaires originaux sont filmés en commençant par la première page qui comporte une empreinte d'impression ou d'illustration et en terminant par la dernière page qui comporte une telle empreinte.

Un des symboles suivants apparaîtra sur la dernière image de chaque microfiche, selon le cas: le symbole ➡ signifie "A SUIVRE", le symbole ▼ signifie "FIN".

Les cartes, planches, tableaux, etc., peuvent être filmés à des taux de réduction différents. Lorsque le document est trop grand pour être reproduit en un seul cliché, il est filmé à partir de l'angle supérieur gauche, de gauche à droite, et de haut en bas, en prenant le nombre d'images nécessaire. Les diagrammes suivants illustrent la méthode.

Time for Going Through the Falls.

The Falls are level or still water at about three and a half hours on the flood, and about two and a half on the ebb, so that they are passable four times in twenty-four hours, about ten or fifteen minutes each time. No other rule can be given, as much depends on the floods in the River Saint John, and the time of high water or full sea, which is often hastened by high winds, and in proportion to the height of them.

Time Ball.

The Time Ball on Northern Tower of the Custom House building will be hoisted half its elevation each day (Sundays excepted at fifteen minutes before one o'clock. At one minute before one o'clock it will be hoisted its full height; and at one o'clock, mean time, the Ball will be dropped. A Chronometer, keeping correct Greenwich time, should then show 5h 24m. 15s., and the difference between this and the time shown by a Chronometer, is its true error on Greenwich time at the moment. As the above hour of one o'clock, when the Ball drops, represents 5h. 24m. 15s. at Greenwich, the error of a chronometer may be ascertained no matter where the ship is lying. Masters of vessels arriving at St. John should compare their Chronometers with the Time Ball, as it will enable them to get the sea rate, which frequently varies from harbor rates. Latitude 45d. 16m. 42s. North; Longitude in time 4h. 24m. 15s. West of Greenwich.

Any shipmaster entering this port, keeping a meteorological register, who may be desirous of having the accuracy of their barometers verified, can do so by comparison at the Observatory, Customs building.

EQUATION OF TIME—ECLIPSES.

65

All the calculations in this Almanac have been adapted to "Mean Time" at St. John, except the Sun's Declination and the "Equation of Time," which are for Mean Noon, Greenwich.

"Mean Time," is that shown by a well-regulated clock, and differs from "Apparent Time," or that exhibited by a Sun-dial by what is known as "The Equation of Time." When the Sun is *Slow* this is to be subtracted from "Mean (or Clock) Time," and when the Sun is *Fast*, to be added to "Mean Time" to get the "Apparent Time."

None of the foregoing articles can be registered to places in Canada unless prepaid by letter or parcel post rates. Limit of weight for Canada, Newfoundland, Great Britain or United States is 5 lbs.; for other Postal Union countries, 4 lbs.

Seeds, Cuttings, Bulbs, Roots and Scions or Grafts can only be sent to the United States at Fifth Class matter; when posted for delivery in Canada, the postage is 1 cent per 4 oz., and the limit of weight 4 lbs.

Legal and Commercial Papers.—Legal and Commercial papers, (other than Deeds, Mortgages and Insurance Policies, which are permitted to come under the Book Post regulation), are chargeable at letter rate when sent to any address in the Dominion or the United States; but the option of sending such documents in closed parcels prepaid at parcel rate, to any address in the Dominion, is permitted.

Postage rates on Legal and Commercial papers, addressed to the United Kingdom, British Colonies and Foreign Postal countries, are as follows: To countries where the letter rate is five cents per $\frac{1}{2}$ oz., the rate of legal and commercial papers is 5 cents for the first 10 oz., and one cent for each additional 2 oz. or fraction; or to countries where the letter rate is 10 cents per $\frac{1}{2}$ oz., the rate is 5 cents for the first 4 oz., and 2 cents for each additional 2 oz. Eligible for registry in Canada only when prepaid at letter or parcel post rates.

Patterns and Samples.—Patterns and samples of merchandize not exceeding 24 ounces in weight, when posted in Canada for places within Canada or Newfoundland, must be prepaid by postage stamp at the rate of one cent per 4 oz. weight, properly labelled, and put up in such a manner as to admit of inspection. Goods sent in execution of an order, however small the quantity may be, or articles sent by one private individual to another, not being actually trade patterns or samples, are not admissible as such.

Patterns and Samples for the United States, 1 cent per oz., weight and size regulated by rule applicable to fifth class matter.

POST OFFICE.

[1889.]

Packets of Patterns or Samples, addressed to any place in Canada, can be registered on affixing thereto registration stamps of the value of 5 cents, in addition to postage stamps representing ordinary postage rate, provided such packets be presented for registration.

The limit of weight to Great Britain, France, Germany, and all other countries in Europe, is eight ounces—postage 2 cents for the first 4 oz., and 1 cent for every additional 2 oz.

No article liable to Customs duty can be sent as a sample or pattern to a postal Union country.

FOURTH CLASS MATTER.

Parcels.—Closed parcels from one place in Canada to another 6c per oz., and from the Maritime Provinces and Quebec to Great Britain 30c per lb. or fraction of a lb. Fee when registered, 5 cents. There is no parcel post with Newfoundland.

Closed parcels cannot pass between the United States and Canada.

A closed parcel for Great Britain must not exceed 4 lbs. weight nor be more than 2 feet long by 1 foot wide or deep. A customs declaration form, noting contents and value, must be securely affixed to the parcel with mucilage or paste.

By inland Canadian parcel post the weight of closed parcels is limited to 5 lbs., and the size to 2 ft. by 1 ft. The rate is 5 cents per 4 oz., or fraction of 4 oz. Closed parcels must be plainly marked "By Parcel Post."

FIFTH CLASS MATTER.

Postage rate 1 cent per oz. or fraction of an oz., to be prepaid by postage stamp.

Miscellaneous articles of merchandize, and generally all matter permitted to pass by mail in Canada which is not of the nature of a letter, and therefore subject to letter rate of postage, and not entitled to be posted at a lower rate than Fifth Class under one of the other classes, may pass as Fifth Class when addressed to any destination within the Dominion or United States.

Fifth Class matter may be so packed or put up as to be open to examination of contents, and must not exceed 4 lbs. in weight nor 2 feet in length by 1 foot in width or depth.

When passing between Canada and the United States it will be subject to Customs regulations if liable to duty.

The registration charge on Fifth Class matter is 5 cents in addition to postage.

RE-DIRECTED LETTERS.

Re-directed letters to places within the Dominion or U. S. will be forwarded without any additional charge if returned promptly to the office.

Letters sent to or received from a country of the Postal Union, and afterwards re-directed to any place in Canada, or to a country in the Postal Union, will be forwarded even if taken out of the office and re-addressed; but if re-addressed to a place where there is a higher rate of postage, the difference of postage will be chargeable.

REGISTERED MATTER.

Letters intended to be Registered, when addressed to places in Canada, must be prepaid by stamp, 2 cents each. For Newfoundland, Registered Letters, 2 cents, other articles 5 cents in addition to the

postage. On all articles of correspondence of whatever description—whether letters, printed or miscellaneous matter—sent registered to the United States, 5 cents will be charged in addition to the ordinary postage—the green 5 cent registered stamp to be used.

All letters for Registration should be posted 30 minutes before the hour of closing Mails.

No letter will be accepted at this office for Registration addressed either to initials or what may appear a fictitious name, and any such Registered Letters received from another office, or deposited in the Letter Box for Registration, will be at once sent to the Dead Letter Office for disposal.

Registered Letter Stamps of the denomination of 2 and 5 cents, may be obtained at the usual places.

MATTER WHICH CANNOT BE FORWARDED THROUGH THE POST.

Any explosive substance, glass, liquid, or other matter likely to entail risk or injury to the ordinary contents of the mail, will be sent to the Dead Letter Office, Ottawa.

Spectacles and eye-glasses, if securely put in cases not likely to allow the contents to escape if broken in course of conveyance, may be sent by Post within the Dominion on prepayment of Parcel Post rates.

SALE OF POSTAGE STAMPS.

Any person, other than a postmaster, who engages in the sale of Postage Stamps or Stamped Envelopes, without being licensed by the Postmaster General, is liable, on conviction before a Justice of the Peace, to a penalty of \$40 for each offence.

USEFUL HINTS.

Never send money or other articles of value through the Post Office except either by Money Order or Registered Letter.

Make complaints and inquiries in writing.

Post all letters and newspapers, etc., as early as practicable, especially when sent in large numbers.

Envelopes closed and simply clipped at the ends cannot be forwarded by Book Post.

Preserve and request correspondents to preserve envelopes of mis-sent or delayed letters.

Business men should be careful to authorize but a limited number of persons to receive their letters, and only those in whom they have full confidence.

Have a letter box on your office door.

A letter once posted becomes the property of the person to whom it is addressed, and must be forwarded according to its direction. On no application, however urgent, can it be delivered back to the writer, or to any other person.

Letters addressed to mere initials, or fictitious names, will not be delivered, unless addressed in care of a resident, or to some box in the Post Office.

Letters containing Gold or Silver Money, Jewels, or precious articles, or anything liable to Customs duties, cannot be forwarded by Post to any of the Postal Union countries except the United States.

MONEY ORDER SERVICE.

In sending money by mail it is always best to transmit by Money Order, if possible; if sent by letter it should always be registered.

Money orders issued and paid from 9 a. m. to 4 p. m.

Commission on Money Orders.—On Money Orders drawn by any Money Order Office in Canada on any other Money Order Office in the Dominion is as follows: If not exceeding \$4, 2c.; over \$4 and not exceeding \$10, 5c.; over \$10 and not exceeding \$20, 10c.; over \$20 and not exceeding \$30, 20c.; over \$30 and not exceeding \$40, 30c.; over \$40 and not exceeding \$60, 40c.; over \$60 and not exceeding \$80, 40c.; over \$80 and not exceeding \$100, 50c.

TABLE FOR FORETELLING THE WEATHER.

This table, and the accompanying remarks, are the result of many years actual observation; the whole being constructed on a due consideration of the attraction of the Sun and Moon in their several positions respecting the Earth, and will, by simple inspection, show the observer what kind of weather will most probably follow the entrance of the Moon into any of its quarters, and that so near the truth as to be seldom found to fail.

If the new moon, the first quarter, the full moon, or the last quarter happens	IN SUMMER.	IN WINTER.
Between midnight and 2 in the morning.	Fair - - - - -	Hard frost, unless the wind be S. or W.
2 and 4 morning, -	Cold, frequent showers.	Snow and stormy.
4 and 6 " -	Rain. - - - - -	Rain.
6 and 8 " -	Wind and Rain. -	Stormy.
8 and 10 " -	Changeable. . -	Cold rain, if wind be W., snow if E.
10 and 12 " -	Frequent Showers.	Cold and high wind.
At 12 noon and 2 P. M. -	Very rainy. . -	Snow or rain.
Between 2 and 4 P. M. -	Changeable. - -	Fair and mild.
4 and 6 P. M. - - -	Fair. - - - - -	Fair.
6 and 8 P. M. - - -	Fair, if wind N. W. }	Fair and frosty if wind N. or N. E.
	Rainy, if S. or S. W. }	Rain or snow, if S. S. W.
8 and 10 P. M. - - -	do do do	ditto.
10 and midnight, -	Fair. - - - - -	Fair and frosty.

OBSERVATIONS.—The nearer the time of the Moon's change to noon or midnight, the more nearly will the result accord with the prediction.

The space for this calculation occupies from ten at night till two next morning.

The Moon's change, first quarter, full and last quarter, happening during six of the afternoon hours, *i. e.*, from four to ten, may be followed by fair weather; but this is mostly dependent on the wind, as is noted in the table.
