HYMAN INSISTS NOW THAT HE RETIRE

Has Written Premier from Los Angeles Demanding His Release.

OTHERS LIKELY TO GO

OTTAWA, June 7.—(Special.)—Hon. Charles S. Hyman has resigned his portfolio as minister of public works, and will retire into private life immediately.

He has written to Sir Wilfrid Laurier, insisting that his resignation be accepted, and that he be allowed to seek retirement. The letter is dated from Los Angeles, California, and is different from any other communication he has had with the government, in that it absolutely demands that his resignation be accepted.

And his resignation will be accepted, for those in the confidence of the government have come to understand that Sir Wilfrid Laurier proposes to clean house immediately after his return from the old land. In fact, before he left for the imperial conference, it was given out quietly that his stay abroad would afford an excellent opportunity for the weak vessels of his cabinet to either mend their ways or get broken.

Frank Confessions. For the past six months men of prominence in the Liberal party in the various provinces of the Dominion have been coming to see Sir Wilfrid Laurier and tell him of the condition of the party in their districts. Each missionary, without exception, has been cordially received by the premier, and invited to open his heart. Some plain speaking has been indulged in, and so far as the Province of Ontario is concerned the premier repeatedly has been told that the Liberal party is dissatisfied with its representation in the cabinet and solicitous of the welfare of the party.

Time to Prune. With so much criticism being given to him from critics who have much interest at stake, it is not surprising that Sir Wilfrid Laurier should have taken thought as to the personnel of his cabinet and the future of the party which he has led so long.

Those who pretend to know declare that there will be another session before an election, but certain stories are coming from the far west, indicative of industrial or financial depression, that may cause the party managers to reconsider their intention of postponing an appeal to the country.

It is an old story that when a country is prosperous in the eyes of the government meets a grateful people, but when a bad harvest or the tumbling of inflated values spreads discontent in any section, the malcontents love to wreak their vengeance upon the government, though it may be as innocent as a newborn babe.

Added Prestige, But—Then those who expect an appeal to the country shortly after Sir Wilfrid Laurier's return from abroad say that the added prestige he has gained by reason of the position he has taken on imperial questions makes the time most opportune for him to hold a general election and crown his career by sweeping Canada for the Liberal party.

Besides, they see in Hon. Clifford Sifton's all-red line a patriotic issue, which is national and imperial without giving offence to the good people of the Province of Quebec.

But whether the election is held before another session or not, still Sir Wilfrid Laurier believes that it is well for the honor of the Liberal party to be rid of those men whose conduct has caused him no little uneasiness, and the true friends of Liberalism great anxiety.

Forced Out? With the passing of Hon. C. S. Hyman, the political atmosphere is more or less cleared, and a thorn in the side of the Liberalism is torn out. While ill-health is the excuse given by Mr. Hyman for resigning, still there is little doubt in the minds of those who know that the real reason for his retiring out is a demand from the Premier of Canada that he retire.

CONSTABLE ASSAULTED BY BAD GANG ON STREET

William Lilly Barricades Himself in Room, Driving Police Off With Heavy Timber.

Two men are under arrest and more arrests will follow as the result of an assault committed on P. C. Kennedy at Queen and Jarvis-streets at 4:10 Saturday afternoon.

William Lilly, 98 Jarvis-street, and others, it is alleged, were insulting women at the corner. They refused to move on when told by the constable, and when he took Lilly into custody, Kennedy was assaulted by Harry Fraser, who lives at Jarvis and Queen-streets.

Kennedy was knocked down and severely beaten, but succeeded in getting hold of Fraser, when P.C.'s Allan and Griffith arrived on the scene. Lilly had fled to his home on Jarvis-street, where he took refuge in the attic and, armed with a heavy timber five feet long, drove P. C. Allan, who had followed him, down the stairs.

The constable dodged behind Lilly's club and felled him with a blow from his baton. He and Fraser were taken to the station.

Allan and Griffith caught a Victoria-street car at Queen and Victoria-streets, having heard of the fight. The motorman ran his car along Queen to Jarvis to hasten their arrival on the scene.

Lilly is charged with disorderly conduct, with assaulting the police and with assaulting John Hyslop, 95 Jarvis-street, who aided Kennedy. Fraser is charged with obstructing the police. The constable is severely bruised and has a wound on his left hand where he was bitten by Lilly.

HEBREW SCHOOL OPENED.

Talmud Torah Will Teach Judaism and Patriotism.

The Hebrew school on Simcoe-street was opened on Sunday afternoon. President E. E. Egan and Vice-President N. Smith, with Rabbi Gold of Utes, N. Y., and Rabbi Winthrop and Gordon of Toronto, and Principal Nathanson, formerly of Rochester, gave addresses.

The staff of the new school will be as follows: Mr. Madursky, Mr. Steiner and Mr. Greenberg. Rabbi Gordon stated that the Talmud Torah school had for its aims the teaching of Judaism and patriotism.

Mrs. Bremner then formally opened the school with a golden key. She gave \$300 towards the founding of the school. The donations received at the meeting amounted to \$600.

SHELTER FOR POOR CHILDREN

Society's Home is Overcrowded and Need of Extension is Urgent.

That the Children's Aid Society as an institution is deserving of the greatest support from the public at this week's benefit performances at the Princess is evident from the overcrowded condition of the home just now.

There are 58 inmates and every inch of the available accommodation is being utilized, yet on Saturday a woman who knows conditions as they exist in the city enquired of the superintendent if they were prepared to receive a hundred little ones. She had to be told no.

An instance was related of one woman with six children, who is about to be taken to a hospital, and for whose little ones there is no home offered.

REV. R. MAGILL BECOMES NEW COLLEGE PRINCIPAL

Appointed by Assembly to Succeed Principal Falconer at Halifax.

MONTREAL, June 8.—(Special.)—Principal MacLaren presented Knox College report at the general assembly today. He stated for the information of the assembly that the late treasurer, Dr. Warden, had made some unfortunate investments of the college funds and a loss had occurred on three of these amounting to \$37,000. Considerable personal risk had been incurred by the treasurer, and the board had decided to take no steps to collect the amount from the late Dr. Warden's estate.

There were some other securities not of a legal nature, but revenue-producing, which would be sold as soon as possible, and the proceeds invested according to the charter. A committee of the general board of trustees would in future handle the college funds.

Sir Thomas Taylor seconded the adoption of the report. He thought they would have to accept the loss mentioned with equanimity and say nothing more about it. Principal Gordon said that Dr. Warden's friends had legal advice that he was quite qualified to make the investments referred to.

The moderator remarked that while some of the investments were disastrous, others brought in more than legal securities would have yielded. J. K. Macdonald pointed out that the members of the board were personally liable for the misdirection by the church's officer, and he as a member of the board desired to be relieved of that responsibility.

A motion was adopted burying the whole transaction. Prof. Robert Magill, Ph.D., the brilliant young scholar from Belfast and for three years at Jarvis-street, was appointed president of Halifax College, to succeed Dr. Falconer.

In accepting the appointment Dr. Magill said that while his ambitions might not exactly have taken the form of a principalship, he felt that the treatment he had received from the board for four years when they asked him, he could not otherwise.

College Reports. The board of Knox College submitted the 68th report. During the past session 53 students had been enrolled, making a total of 77. The purchase of part of the new estate for the college at a cost of \$16,000 was noted. But for this purchase the whole estate would have been sold. Receipts on capital account were placed at a total of \$132,157. The general income for 1906-7 was \$20,000. The assets are figured at \$398,268, exclusive of the present college building and the accounts. John Mackenzie & Co., desisted from their responsibility for the intrinsic value of the securities held, particularly the mortgages and real estate, unless otherwise.

The board of Queen's reported a total of 1133 students in attendance, an increase of 97. The revenue is still being reported at \$20,000. The total of \$11,696 being included in the accounts. The revenue was over \$68,000. The committee appointed to secure additional funds for the college had reported on May 15 last, and of this \$127,430 had been paid.

The Montreal College had 54 students enrolled, but only three graduates. Principal Scrimger's report was of a routine character. The accounts showed receipts of \$20,000 and disbursements of \$18,000. The balance sheet gives a total value of \$48,800.

The Halifax Presbyterian College board reported a total of \$10,000, and some increases of salaries were made. The details of Dr. Falconer's report were technical. Theological College in British Columbia was unanimously favored by the committee on that behalf. A solid measure of material support was anticipated.

An architect's estimate was made by G. W. Grant, in which the site for the new college figured at \$200,000, building \$5000, and equipments \$1000 in all. This sum will be provided by Vancouver and surrounding districts, and the balance of the sum will be provided by ordinary expenses, spent a considerable sum on improvements, and reported a total of \$200,000. The debt on the building is extinguished, and also for additional accommodation.

TELEPHONE TRANSMISSION.

Reason Why Speech by Wire is Sometimes Indistinct.

If human speech is to be transmitted with complete clearness, every constituent vibration must be reduced in intensity in the same proportion as the frequency while the magnetic induction decreases. This has a serious effect upon distinctness, especially as the frequency of the constituent sounds of human speech vary between 50 and 10,000 vibrations per second.

Another complication is introduced by the natural period of the telephone disc. According to Max Wien (Annalen der Physik), a Bell telephone reinforces the notes of 1100, 2800 and 6500 vibrations per second, and several higher pitches as well. A Siemens telephone has two successive maxima at 500 and 6400. The most characteristic notes of the human voice lie between 500 and 3000, and for these notes the telephones of Bell, Apol and Siemens are equally sensitive. For higher notes the Siemens is often shown to have remarkable differences. Thus, a modern Siemens telephone will transmit the note 4000 some 100 times as loudly as a Bell telephone. The author then used an alternating current siren for these investigations.

BARTELS EXTRADITED.

Millionaire Brewster Must Go to United States For Trial.

WELLAND, June 8.—(Special.)—Herman Bartels will be extradited. Judgment was given to that effect this morning. The case has been fought out point by point. Hartley Dewart and N. Sommerville, Toronto, have worked hard to prove that the prisoner was not guilty of perjury.

Bartels is a millionaire and had interests in half a dozen breweries in New York State. He was convicted of arson and allowed out on \$15,000 personal bail to appear for sentence. Instead of appearing he skipped to Canada. A man named Whittig was supposed to pour 200 gallons of coal oil to his warehouse and apply the match. But some pedestrians were attracted by the noise of moving the oil barrel. Bartels says he does not know Whittig, hence the alleged perjury.

PEWING GOVT. REPORT IS THE MARKET FACTOR

Chicago Options Firmer Saturday, But Without Demonstration— Cables Are Easier.

World Office,
Saturday Evening, June 8.
Liverpool wheat and corn futures today closed 1-3/4 lower than yesterday. Chicago July wheat closed 1c higher than yesterday; July corn 1/4 higher and July oats 1/2 higher.

ST. LAWRENCE MARKET.

Receipts of farm produce were one load of eggs, 20 loads of hay, with the usual Saturday's deliveries of butter, eggs, and poultry. One load of oats sold at 52c. Hay—Twenty loads sold at \$18 to \$20 per ton for Timothy and \$12 to \$14 for mixed.

Chicago Markets.

Wheat—Market was surprising to the trade this morning as it was in the later part of the session yesterday. The opening was weak, following lower cables, but it was evident that shorts were trying to cover. The Kansas state report of yesterday was unofficial, but it proved to be not far out of the way as the official report to-day made the condition only 56 against 89 last month. In this connection it must be considered that much of the damage from the freezing has become apparent since this report was made up and from the best condition obtainable I now think Kansas will raise less than 50,000,000 of wheat. Report to-day from Nebraska were also less cheerful than heretofore, and some played the outturn at half a crop. The drought has been effectively broken and now conditions are inclined to go to the other extreme. With winter wheat crop some 140,000,000 less than last year and spring wheat so backward that it cannot yet be reckoned upon, together with very unpromising conditions extending over a broad belt, comprising the principal wheat producing countries of Europe our wheat should eventually sell a great deal higher.

June 8.—(Special.)

The convention of the delegates from the Rainy River district, which assembled last night at Fort Frances, to consider the best steps for the attainment of remedial measures which would better the conditions in the section of New Ontario, resulted in the endorsement of the resolution which was carried unanimously at Emo on April 1. The motion endorsing the resolution, which was moved by Thomas Macdonald of Emo, and seconded by F. E. Bryant of Stratton, also included the appointment of a committee to continue the work of organization, in order that the requests of the people of the district may be pressed upon the provincial government at Toronto. Those appointed by the convention included H. A. Tibbetts of Rainy River, J. A. Osborne of Fort Frances, and Dr. F. H. Bethune of Emo.

Disgusted, He Says.

"We are getting thoroughly disgusted with the country," he continued, "and homesteaders, business men and professional men are avoiding the district. The representatives of the district were never able to get what they deserved, and they are now going to London to get an overwhelming majority against it in Old Ontario. The only thing we can do," said Dr. Bethune, "is to secure the passage of the bill of the difficulty which we can see. If there is another we are open to hear it. The secession movement is largely represented. It never was a political move. The only hope of its success is in the fact that it will assume a non-political basis and the people of the government before the next session. He pleaded with the delegates to go slowly and become better acquainted with the whole situation so as to strengthen their case. He thought the county system would remove many of the difficulties.

TO EXTRADITE KERN.

The United States marshal, from Knoxville, Tenn., arrived in the city Saturday with extradition papers for the return of G. Kern, the fugitive jeweler of that place. Kern was a regular way. He was remanded to go which the \$6000 in money and goods held here will not be returned to the United States, before he will go back willingly. The authorities will not consent to this, and he will be taken back in the United States navy with regard to the claim of Ashbridge's Marsh the extension of Bloor-street and other live civic projects.

KILLED BY HER HUSBAND.

Fatal Ending of Row Between Husband and Wife.
BILOXI, Miss., June 9.—Capt. John Walker shot and killed his wife, and then killed himself. Capt. Walker was an officer in the Confederate army, and was a captain in the Confederate navy, with command of the Mississippi and Louisiana regiments, and at the time of his death was president of the Bank of Biloxi. He was one of the best known men in this section of the south. The tragedy occurred during a dispute between husband and wife.

RELIEF TO THE DOUMA.

ST. PETERSBURG, June 9.—The attempt made to-day by the Radical members of the lower house of parliament to instruct the agrarian commission to adopt the principle of compulsory expropriation of land was defeated by the Constitutional Democrats, who succeeded in rallying a sufficient majority from the centre and right parties to accomplish their end. As a result, one of the most pressing menaces to the continuance of the Douma is removed.

NEW YORK GRAIN AND PRODUCE.

NEW YORK, June 8.—Butter: Receipts 7083. Street price, creamery 22 1/2 to 24. FRANCE AT THE HAGUE.

PARIS, June 9.—The press in general approves of the prudent tone of the definition of France's position at the coming peace conference at The Hague, made yesterday in the chamber of deputies by Foreign Minister Pichon, and agrees that there is little prospect of accomplishing anything definite on the question of the limitation of armaments, which is considered illusory. M. Honiat, former minister of foreign affairs, and one of the greatest French authorities on diplomatic relations, in an article in a weekly review, says that compulsory arbitration or the limitation of armaments is a magnificent ideal doomed to be shattered.

ANDERSON TO QUIT POLITICS.

PETERBORO, June 9.—(Special.)—William Anderson, Liberal M.L.A. for West Peterboro, has definitely announced that he will retire at the conclusion of the present parliamentary term. He is suffering from anaemia, and is in a very weak condition.

Gets Fenian Raid Medal.

KINGSTON, June 9.—After the 14th P. W. O. Rifles' annual church parade to-day, Aid. John Gaskin, who served in the regiment in 1868, was presented with a Fenian Raid medal by the officer commanding Eastern Ontario, Col. W. D. Gordon, who served with Aid. Gaskin in the same company at that date.

SAUNDERSON WINNER
IN THE FIRST WARD
Elected to Fill Vacancy in City Council—Vote Was Light.
The by-election for alderman in the First Ward on Saturday resulted in the election of W. J. Sanderson by a close majority over ex-Ald. Stewart. Graham made a poor run. W. J. Sanderson, outside manager of the D. McColl Co., made his first appearance in the civic arena in January last, when he made a strong run, and being only about 600 votes behind Mr. Stewart.

WILL CONTEST KING OF BELGIUM'S RIGHTS.
BRUSSELS, June 9.—Countess Lonyal and Princess Louise, daughters of King Leopold of Belgium, have announced their intention of contesting the right of their father to turn over the Congo Independent State to Belgium, on the ground that the state is the personal estate of his majesty.
Off to the West.
Over 200 immigrant passengers on steamship Tunisian, arrived here from Quebec Saturday afternoon. Very few remained in the city, the majority going on west later in the day.

SMALLPOX AT ATHENS.

Several Cases Discovered—Health Inspector Makes Tour.

BROCKVILLE, Ont., June 9.—(Special.)—Dr. Bell, inspector for the provincial board of health, spent the past few days in the Village of Athens, near Brockville, investigating some alleged cases of smallpox. The suspicions of the villagers that smallpox really existed seem to have been confirmed. Three houses are under quarantine, the sick parties in each case being males, who have been or are suffering from the disease. The board of health has ordered a general vaccination of the villagers, including the pupils of the public and high schools.

Dr. Bell went to Ballycane, where he found more cases. A pupil of the Athens high school named Leach, residing at Newboro, is ill with the disease at his home and under quarantine. A number of victims have recovered under ordinary treatment. One man, who was not fully better, was found at his barber shop doing business, and Dr. Bell at once ordered him to his home, where he is under quarantine.

LAUGHED TOO HEARTILY.

Young Man Strains Himself After Good Joke.

WOODSTOCK, June 9.—(Special.)—Roy Moore, a young man who is employed on the farm of W. J. McLeod, on the ninth line of East Zorra, is dangerously ill as the result of having laughed too heartily. With Neil Murray and W. A. McKay, young Moore was working on a grader on the 12th line, near Tavistock, when one of them related a witty story. Moore began to laugh very heartily. He laughed loud and long, when suddenly he collapsed, and became unconscious. The strain on some of the muscles in the region of his heart had proved greater than he could withstand, and they gave way. Dr. Steele was summoned, and managed, after considerable difficulty, to bring the unconscious man back to life and knowledge of his surroundings.

NOT YET, BUT SOON.

Plans for New Union Station to Be Ready in a Few Days.

City Engineer Rust, who, with Controller Hocken, returned on Saturday from New York, says that the report of Mr. Parsons on the new Union station plans will not be ready for several days. Mr. Rust understands, however, that Mr. Parsons will likely recommend the building of the station on the present site, with tracks on the level and bridges at the street crossings. Another recommendation will be for a wide street south of the present tracks and the filling in of a large strip along the Esplanade. The station at Providence, R. I., inspected on the trip, took the fancy of the civic visitors, and was considered a desirable model, the too plain in its finishings to meet entire approval.

J. W. CURRY NOMINATED TO CONTEST EAST YORK

North York Conservatives' Annual Rally—"Good Roads" Meeting at Islington—Notes.

NORTH YORK, June 9.—Herbert A. Shaw, 148 Clove-avenue, Toronto, has purchased the house on Glenroche-avenue, recently occupied by George Keith, from N. L. Garland for \$6600. Automobile riding has its fascinations, even if a team of horses and a rig have to be engaged to draw the automobile home, as one was seen this morning going cityward. Rev. Dr. Maclean of Eglington received a telegram apprizing him of the sudden death of one of his sons in Calgary, Alta. Rev. Dr. Potts, a former pastor of the Eglington Methodist Church, and his family, are reported to be on the sick list. The Senior Epworth League of the Eglington Methodist Church will hold their picnic at Centre Island next Saturday. The Junior League held theirs yesterday in St. Hubert's Grove. A lecture will be given by the Rev. Mr. Stewart, a former pastor of the Eglington Church, next Thursday evening, under the auspices of the Ladies' Aid. Refreshments will be served at the close. Rev. Charles Perry, past grand chaplain of Grand Lodge, L.O.L., occupied the pulpit of the Davieville Methodist Church both morning and evening. William McCrae, Balliol-street, left yesterday for Kirkfield to attend the funeral of the late A. W. Mackenzie, Toronto. Rev. Mr. Anderson of Richmond Hill preached both morning and evening in the Eglington Presbyterian Church to-day. E. S. Low has leased the north part of the glebe property for three years.

Toronto Junction.

TORONTO JUNCTION, June 9.—The fire brigade had a run last night about 9 o'clock. An alarm was sent in by telephone, and in sending or receiving the message some mistake occurred, and the brigade went to the Dodge Manufacturing Company on Pelham-avenue. The cause of the alarm was a small blaze in an office occupied by C. F. Wright. The blaze was extinguished with the assistance of the department. The loss was trifling. The building trade is still booming in the Junction, as shown by the permits issued by Building Inspector Leigh. The property committee of the public school board met last night, Chairman Dodds presiding. Very little business was done, a number of accounts were passed, and the secretary was instructed to advertise for tenders for the repairs to different schools. The management committee of the public school board will meet to-morrow night in the town hall, and the regular meeting of the full board will be held on Tuesday night. There are seventy cars of live stock in the Union Stock Yards for Monday's market.

Islington.

ISLINGTON, June 8.—A public meeting was held in the town hall, Islington, on Saturday night, to consider the proposition of York County Council taking over certain roads in Etobicoke Township. Charles Silverthorn was elected to the chair. There were only twenty-eight ratepayers present. Reeve J. E. Evans explained the object of the meeting and told the electors present that there was a bylaw passed by the township council to expend \$5000 providing that \$2500 be raised by private subscription, to be put on the Lake Shore-road. This he opposed, but would agree to \$3000. He thought that enough for the township to spend on this road in one year. He further stated that the county suggested taking over certain roads, and he thought that they could get three roads built by payment of \$700 per year for twenty years, under the county system. Deputy Reeve Warner said that he was surprised at the small number of ratepayers present, as he wanted the rate of the ratepayers as to how he should act at the county council meeting. He said that the reeve had said the agreement with the York Radial Railway was ultra vires, and if the Lake Shore-road was taken over by the county they would lose all revenue that might arise in five years by the township taking over the York Radial Railway. He also claimed that as the assessment on the south end of the township had been raised in the past year \$100,000, and if the Lake Shore-road was put in good condition that the assessment would increase very rapidly. Mr. Warner said he had met with great success with his subscription list. He had received a letter from the secretary of the Ontario Motor League, stating that all the members of the league were willing to subscribe generously to the project. It would only cost them a rate of less than 2-12 of a dollar on their present assessment this year, and he expected to raise a great deal more than the amount required. Councillor Dandridge was not in favor of the county taking over the Lake Shore-road. He was in favor of Deputy Reeve Warner's project. Dr. Godfrey, M.L.A., who was present, was in favor of having the Lake Shore-road put in good shape, and would assist with all means in his power to have all roads made good. Ex-Reeve Bryans and F. Shaver also addressed the meeting.

Balmly Beach.

BALMLY BEACH, June 9.—At a joint meeting of the executive of the park commissioners and the Balmly Beach Club, held last night in the clubrooms,

2-PIECE SUITS

The 2-piece suit will rule the clothing fashion this summer. We are prepared for an extra large business, with an extra large and extra good aggregation of stylish men's 2-piece suits and flannel trousers. Golfers, bowlers, cricketers and tennis players, as well as the man who never wanders from the path of business, will find perfect fit and ideal materials in our summer clothing. \$10, \$12 and \$15. Straw Hats—Time's up on the derby. Get your straw hat where the good ones come from. \$1.50 to \$6.00

Fairweather 84-86 YONGE STREET.

the formal agreement between the two governing bodies was officially signed and sealed. The park will be run jointly, and every dollar received or expended will come under the inspection of each organization. An aggressive policy in respect to entertainments of all kinds will be entered upon, and a series of dances, smokers and concerts will be given during the summer months. Members alone will share in all the benefits. The officers will receive a nominal fee of \$1 a year for their services.

Riverdale.

Completion is being made of an effort to bring about a take that section between Don-ville-avenue and Woodfrey-avenue out of the park limit. This district, including the old Baldwin estate, is surrounded by magnificent building sites, which have been built substantial dwellings. On the south side, just across from the Baldwin estate, Mr. Wickert has built a \$3000 brick house, and Powell and Parkinson have built a \$4000 solid brick house. Banning of Woodfrey-avenue the houses are all solid brick, and north of Don-ville-avenue solid brick is the only construction. Citizens complain that the section of the city between Don-ville and Woodfrey-avenue is the most desirable residential sections in the city. Those who desire to erect handsome homes will bring front on this section so far as the reason given that they wish to erect workmanlike homes that are a reasonable price and within the reach of thousands of workmen in the city. This view is contradicted by others, who say that there is ample room for rougher homes in the immediate vicinity of Chester-street and other streets adjoining Broadview-avenue, besides they say that workmen are not able to pay from \$20 to \$30 a foot for land upon which to build houses. Whatever the issue may be, it is quite evident that there are two sides to the question, and that the efforts of Frey Ross, representing the Buffalo syndicate, and J. Walsh, representing himself and other parties, will meet with some opposition either temporary or permanent.

Deer Park.

DEER PARK, June 9.—The first gathering of the season will be held on Saturday afternoon next, under the auspices of the Anglican Young People's Association of Christ Church. The party will be held on the picturesque grounds of Miss Allan, Heath-street, and the Mimico Boys' Band will provide music for the occasion.

East Toronto.

EAST TORONTO, June 9.—Wednesday, June 26, has been chosen as the date of the annual garden party by the Willing Workers of St. Saviour's Church. The event, owing to the kindness of A. E. Ames, will take place on the beautiful grounds of "Glen Stewart." William Fawcett of Edward-street is critically ill. Mr. Fawcett is 84 years of age. The Willing Workers will meet at the home of Mrs. Curtis, corner Kimberley-avenue and Gerrard-street, on Thursday afternoon. The town council will meet to-morrow night. Engineer George Teskey of Sarnia, formerly one of the best known drivers in East Toronto, seriously injured on Friday by his head coming in

collision with a mail-bag while running thru Stratford. East Toronto, and especially that part known as "Little York," is fast becoming famous as the home of high-class horsemen, who thoroughly appreciate the value of good horseflesh. In addition to those owned by Patterson Bros., Charles McNeill has lately bought a handsome bay pacer, said to be able to trot a mile in about 2:10. This fine animal is about 15 1/2 hands, and the owner is casting about for a name. Dan Lloyd has lately bought Dick Turpin, a splendid driver, formerly owned by A. McCulloch. In the Baptist Church to-night, Rev. Mr. Bregman, a converted Jew, related the history of his conversion to Christianity to a large congregation. The traffic along the Kingston-road, while it was large last Sunday, was completely eclipsed by to-day's traffic. Difficulty was experienced, more especially during the afternoon, in handling the throng. A valuable horse, owned by J. Brandon, the grocer, was taken sick with colic a short time after being taken from work last night, and died within an hour or so.

East Toronto Liberals.

EAST TORONTO, June 8.—(Special.)—By a vote of 70 to 29 Ex-Crown Attorney J. Walter Curry, K.C., was this afternoon made the choice of the Liberals of East York for the provincial legislature. The meeting was held in the Y. M. C. A. Hall and every polling sub-division in the riding was well represented. The candidates nominated were: W. H. Grant, A. J. Reynolds, ex-Gov. G. R. Vanzant, Walter Scott, J. W. Curry, Major John McP. Ross, Dr. Siseley, C. Russell Fitch, ex-Mayor John Richardson. John F. Ross was chairman. In the course of the meeting the candidature of W. H. Grant was favorable to the candidature of W. H. Grant, but the latter in the course of a somewhat lengthy address, and somewhat disparagingly upon the fact that Mr. Curry had been in the employ of the government and was in effect a civil servant. He charged some members of the legislature in the Liberal ranks with receiving favors from the railway corporations, or else animated by a desire to embarrass the government in their efforts to rush thru the "perpetual franchise" act. Mr. Curry spoke briefly and promised if elected to spare no effort to redeem the riding. "I want you," said Mr. Curry, "to conduct a clean campaign. Let us win, but in the name of the law. If one dollar dishonestly spent would elect me, I do not want the seat." Mr. Curry met with a flattering reception. Fred Inwood, Liberal organizer, spoke briefly, and was followed by Mr. Vanzant, who charged that the most disreputable means were taken to discredit his evidence, and that his dismissal upon the fact of the income of the government. He charged the newspapers, notably The Globe and the Standard, with the facts, and said that Stewart John McMillan had advised Brown not to bring the charges. He repeated his statement that some of the guides were guilty of stealing, and promised, if he could get a newspaper to publish the facts, to pay his respects to Commissioner Judge in the middle of the night. Hon. G. P. Graham, referring to the Vanzant dismissal characterized the whole transaction as a "howler farce." The Whitney government made the courage to make a clean dismissal, and receded to a commission. Mr. Curry stated that his platform was that of East York. "I believe in public ownership of public utilities, and will work to carry out the principles to a spotless degree. It is to take up the problems gradually, one by one, the simpler ones first, of course, and then go ahead."

North York Conservatives.

The Liberal-Conservatives of North York assembled in force at Newmarket on Saturday afternoon. It was unanimously resolved, in view of the fact that the election is held this year, to defer the nominations, although the convention had been called for that purpose. This course was strongly recommended by Herbert Lennox, M.L.A., who will of course be renominated at any time by acclamation, and also by J. Brunton of Newmarket, who is probably be selected to oppose Hon. Mr. Aylesworth. The meeting was large, and there was manifest a spirit of confident enthusiasm and patriotic issues. Among those who addressed the meeting was W. K. McNaught, M.L.A.; Herbert Lennox, M.L.A.; F. J. Roche and T. Brunton. Mr. McNaught called his campaign for the Dominion House in 1914. He thanked the Conservatives of North York for their loyal support, and was glad to be again in their midst. "Behind Sir Wilfrid Laurier's sunny smile," he warned them, "waited the most graft-ridden government on earth." T. H. Brunton referred to the recent Liberal convention. It had been a fiasco, he said. Mr. Underhill was an excellent man, but no one envied his chances against Herb Lennox. He paid his respects to Mr. Aylesworth, who did not visit North York, nor seem to know the people. He was a fine lawyer, but a mighty poor politician. Mr. Brunton defended the Whitney government for removing Liberal license commissioners who were mere party hacks. W. K. McNaught, M.L.A., confined himself to provincial issues. The Whitney government had preserved the wealth of the province for the people by its fiscal policy, its course in the Cobalt, and its management of the Temiskaming Railway, which had proved a strong argument for public ownership to provincial issues. The Whitney government had broken up the school book ring and reduced the cost of textbooks to the children by one-third. He spoke of the work of the hydro-electric commission. Cheap power meant much to the flourishing towns of Newmarket and Aurora. It showed means to the farmers of North York—"the garden of Ontario."

These Outing Suits for Men Must Move

THE imitation of summer given by leafy June has not been convincing enough to start men buying their summer suits. In an ordinary season our stock of outing suits is half gone by this time. This season they need some kind of push to get them moving. Now it's a pretty good push to take three or four dollars off the price of an eight dollar suit, isn't it? But that's what we're doing to 150 two-piece suits on Tuesday morning all new English goods, too; flannels and tweeds of fine quality.

150 only Men's Two-Piece Suits, in English flannels and summer weight tweeds, assorted patterns, dark grey and blue grounds with narrow white stripe running up and down, also neat pin checks and fancy mixtures, coat and pants only, coats 1-4 lined, with inside seams neatly piped and patched pockets, trousers with roll on bottom and keepers for belt, single and double-breasted sack style, sizes 34 to 42, reg. 6.50, 7.00, 8.00 and 8.50, on sale Tuesday at

SHOOTING AT LONG BRANCH.

Sergt. White of Q.O.R. Makes Score of 34 Out of Possible 35. Over 300 of all ranks of the local volunteer forces availed themselves of Saturday's ideal shooting weather to visit the Long Branch ranges, and all targets were engaged until 8 o'clock. The range officers—Major Montgomery and Major Curry—reported an all-round good shoot. Individual phenomenal scores were rare, the best being Sergt. White, Queen's Own, with 34 out of a possible 35 at 200 yards, and for 600 yards, Lieut. Jeffrey, 48th Highlanders, made 97, Sergt. King, 94; Sergt. Oighton, Queen's Own, 84; Sergt. Fowler, 12th York Rangers, 92.

PERIL IN PLAY.

Boy, Struck Over Heart by Baseball, Dies Instantly. SEYMOUR, Conn., June 9.—While playing a game of ball yesterday afternoon, Harry Randall, aged 16, who was at bat, was struck over the heart by a pitched ball and instantly killed. The game was between Thompkins. The pitcher's name was Gryza. Randall was the son of Edward R. Randall.

CADDIE KILLED ON LINKS.

BOSTON, June 9.—James Kirralne, aged 11, a caddie at the Brooklyn Country Club golf links, while illustrating some shots yesterday, which he had seen made by players on the links, accidentally struck another caddie, William Strain, aged 15, on the head with his club, killing him instantly. Kirralne was arrested, charged with manslaughter.

HELP GRAIN CROP.

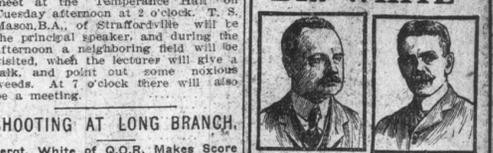

Rains, Followed by Sunshine, Do Good in West. WINNIPEG, June 9.—(Special.)—General rains fell thru Manitoba and the western provinces last night and to-day. The downpour extended as far north as Edmonton, south to Cardston and east to Kenora. It was followed by warm sunshine to-day and gave small grain a tremendous impetus.
