STRUCK BY THE ENGINE

LONDON, Ont., Sept. 2.—(Special)—Mrs. J. M. Conn was struck by a Pere Marquette engine on the Midland street siding to-night and sustained injuries which it is feared may prove fatal.

HAMILTON HAPPENINGS

IMMIGRATION OFFICER BEING SENT TO HAMILTON

Will Investigate Charges That Alien Labor is Being Imported in Garment Workers' Strike.

HAMILTON, Sept. 2.—(Special.)—Samuel Landers, organizer of the garment workers, received word tonight that an officer from the immigration department in Ottawa was on his way to Hamilton to enquire into the allegations made by the union that Copley, Noyes & Randall had contravened the alien labor law by importing tailors from New York.

At the meeting of the Trades and Labor Council this evening the following resolution was passed: "Whereas this council, representing organized wage-earning citizens of Hamilton, stands for a shorter work day and good citizenship, and whereas the firm of Copley, Noyes & Randall is endeavoring to introduce systems which it believes are not conducive to good citizenship, and is trying to return to a ten-hour work day, therefore, be it resolved that this Trades and Labor Council commend the local Garment Workers' Union for its stand in protesting against such an introduction, and also censure and condemn the said firm for its unwarranted methods."

Organizer Landers has also learned that an agent of the company is trying to secure help in Buffalo, and has wired for a report.

Garden Cities. Henry Vivian, M.P., the English member of parliament, who is touring Canada, spoke on garden cities before the Canadian people in this city at the Royal lawn night. This was the first banquet of the season. President McCullough occupied the chair.

Mayor McLaren, who also spoke, delivered a broadside against civic knucklers, these who were apathetic to the city's welfare, and those who only interested themselves in Hamilton's progress because they wanted to make a little out of some one.

Allan Studholme, M.L.A., said that he objected to the doctrine that because a thing was instituted it was therefore divine and should not be tampered with.

Changed the Route. At the meeting of the Trades and Labor Council it was agreed to change the course of the bicycle race on Labor Day from Dundas to Hamilton, to Hamilton to Aldershot and return. The announcement that the city ministers will preach labor sermons on Sunday was also received. An anonymous letter was received, informing the council that aliens were being employed at the Meriden Britannia Company's plant.

Buried Child in Back Yard. Edwin Patterson, 303 East Barton-street, will tomorrow appear before Magistrate Jelfs for alleged breach of a city bylaw. The police claim that he buried a child four and a half months old in his back yard. It is understood that the child was prematurely born and was always a weakling.

Edwin J. Mills, for a number of years local manager of the mercantile agency of R. G. Dun & Co., died this morning in the city hospital after a long illness.

Jams, Jellies and Sealed Fruit. On the east side at the eastern end of the manufacturers' building at Toronto Exhibition, will be found the exhibit of this famous maker of jams, jellies, marmalade and sealed fruit. Wagstaffs, Limited, are making progress in every branch by studying the health of the people. They have their own chemist, who tests everything coming into the factory. All fruits are tested for their acidulous properties and just the right proportion sugar added, and it is the only fruit preservative factory in Canada on this principle. The fruit is prepared in copper kettles, bottled in silver pans and packed in gold-lined pallets.

BY-LAWS CARRIED. DURHAM, Sept. 2.—By-laws granting a loan of \$20,000 and exemption from taxation to the Durham Furniture Co. for extension of their business, and one for the purchase of a new market site, were carried here today by large majorities.

Sinking Spells Every Few Days

"At the time I began taking Dr. Miles' Heart Remedy I was having sinking spells every few days. My hands and feet would get cold; I could scarcely breathe, and could feel myself gradually sinking away until I would be unconscious. Those about me could not tell there was life in me. After these spells I would be very weak and nervous, sleepless and without appetite; had neuralgia in my head and heart. After taking the remedy a short time all this disappeared and in a few weeks all the heart trouble was gone."

MRS. LIZZIE PAINTER, 803 1/2 3d Ave. Evansville, Ind. For twenty years we have been constantly receiving just such letters as these. There is scarcely a locality in the United States where there is not some one who can testify to the merits of this remarkably successful Heart Remedy.

Price \$1.00 at your druggist. He should supply you. If he does not, send price to us, we forward prepaid. DR. MILES MEDICAL CO., Toronto.

YORK COUNTY

DID SCHOOL BOARD PASS LOWEST TENDER?

N. Toronto Council Will Be Asked For More Money—Oshawa Line Will Be Pushed.

NORTH TORONTO, Sept. 2.—(Special.)—At last night's meeting of the public school board, tenders were opened for the different trades required in connection with the new Bedford Park School, that for the masonry work going to H. Jennings, for \$3172. It is stated around town today that the lowest tender for this work was that of William Charles, a local man, and whose figures are said to have been \$1700 lower than those of Mr. Jennings.

If this statement is borne out by the actual facts (and the public have a right to know all the facts) the action of the school board is inexplicable. It is a well-known fact that the masons altogether are a great deal higher than at first contemplated, and the school board will be under the necessity of again applying to the council for the extra \$5000 to complete the work.

The different trades, together with the tenders are: Masonry, H. Jennings, \$3172; plastering, F. Goulding, \$11,000; heating, Mr. Gray, \$1143.75; plumbing, Mr. Gray, \$343; painting, Mr. Hubbard, \$315; carpentering, Messrs. Baxter and Skipper, \$490; metal work, \$215, and finishing hardware \$100. Total \$16,135.75.

All honor to a North Toronto girl, Miss Grace Douglas of Merton-street, who, in a class of thirty-eight competitors, carried off first honors in home-made bread at the National Exhibition. In these days when the art of making home-made bread is almost a lost art, it is refreshing to find that a young local lady is a winner in such a worthy contest.

To-morrow afternoon the North Toronto football team will play Devonians in a match on the North Toronto grounds.

Engineer James is making excellent progress on the opening up of the eastern parallel road and Chairman Frank Howe, who has all along been indefatigable in pushing along the expropriation proceedings, is beginning to see some of the fruits of his labor.

Manager Radcliffe of the Bank of Montreal has been spending a short holiday at Dunville.

Rev. Mr. Balfour will on Sunday occupy the pulpit of the Epiphany Mission, while in St. Clements (Anglican) Rev. Mr. Fidler will speak. On a warrant from County Constable Collins, Robert Scott was arrested at noon today at Dunvegan road, and he was working on a house. He is wanted in North Toronto.

PICKERING. Contractors, Rush Work on New Greenwood C. N. R. Bridge.

PICKERING, Sept. 2.—(Special.)—The building of the big new C.N.R. bridge over the ravine a little to the west of Greenwood station is a great attraction to the people round about, and the work of the engineers is watched with great interest.

The Greenwood bridge is nearly finished, but the Dixie bridge, a more ideal heavier and longer structure, will be undertaken at once, and following this the track laying will be rushed to completion. It is confidently stated here that trains will be running before the new year.

Monday will be observed as a general holiday here and the local telephone office closed.

Miss McGill, who succeeded Miss Campbell as teacher here, entered upon her duties on Thursday.

ALL ON THE BIAS. Editor World: In your account of the recent public meeting at Swansea in Thursday's World you say the chairman, who showed strong bias in favor of the trustee board, was sharply called to account by the friends of Mr. Beecroft.

You have exactly reversed the facts. The first chairman developed so decided a bias in favor of Mr. Beecroft in his opening remarks that he was promptly compelled to vacate the chair. His successor proved an admirable president throughout.

A. Howard. Swansea, Sept. 2, 1910. The World reporter was not present at the opening of the meeting, and has no means of verifying or disproving Mr. Howard's statement, but if the first chairman's bias in favor of Mr. Beecroft was as pronounced as his successor's against that gentleman and in favor of the trustee board, it is no wonder he was compelled to vacate the chair.—(County Ed.)

RICHMOND HILL. News Notes Picked up in and Around the Village.

RICHMOND HILL, Sept. 2.—(Special.)—The high and public schools re-open Tuesday. Centre-street, leading to the C.N.R.

West Toronto North Toronto East Toronto

STATION, HAS BEEN GREATLY IMPROVED BY A COAT OF FINE GRAVEL.

The Presbyterian Guild began its autumn program to-night with a series of "Studies in New Testament Characters," to-night's being "The Unjust Steward." The new president, J. Scott McNair, presided, and Mrs. McConaghy gave the address of the evening.

Mr. Wellman of Elgin Mills has \$20 taken out of his house, and he connects its disappearance with the sudden departure of a stranger employed with him at the time.

WEST TORONTO. WEST TORONTO, Sept. 2.—(Special.)—Dr. W. J. Wanless, for a number of years medical missionary and chief surgeon in the benefits at Miramichi, India, is visiting his brother, John Wanless of Pacific-avenue. On Sunday at 3 p.m. he will address the men's Bible class at Victoria Church.

Rev. D. T. L. McKerrill will occupy his own pulpit at Victoria next Sabbath, after a six weeks' stay in Muskoka.

George Webb, the son of G. H. Webb of Keele-street, who was injured while riding his bicycle along Keele-street, is much improved to-day, his injuries not being considered serious.

Little 10-year-old Bertha White was knocked down this morning by a horse driven by a downtown man named Dunning and severely hurt. Besides a badly injured knee cap, she is greatly bruised.

A. W. Bell, traffic manager, Canada Poultry Company, has left to join the Queen's Own, of which he is a staff officer. He is accompanied by Mrs. Bell.

TORONTO MILK PRODUCERS. Farmers Will Hold Meeting Monday to Fix Cream and Milk Prices.

The annual meeting of the Toronto Milk and Cream Producers' Association will be held at the Labor Temple, 37 Church-street, room 1, on Monday, Sept. 5, at 1.30 p.m.

In addition to the election of officers and the reception of reports, the coming year's work will be discussed, and all probability decided. It is also expected that some information will be given concerning the recent legislation affecting the inspection of farms supplying milk and cream to the city.

Every member of the association is respectfully urged to be present at the meeting, which is most important of the year. J. G. Cornell is president and A. J. Reynolds secretary.

MARKHAM VILLAGE. New Religious Sect to Locate—Fair Will Be Best Ever.

MARKHAM VILLAGE, Sept. 2.—(Special.)—The "Holy Rollers," a new mission sect lately introduced into the village, held an old-fashioned "bee" a day or two ago, which occasioned a very busy day for a foundation preparatory to the erection of a mission hall.

Michael Farley of Mount Joy has been committed to jail by Magistrate Speight and Stivers, and will, it is expected, be later transferred to the asylum for the insane. Farley's conduct of late has been such as to render the peace officer's manacles a source of lives of his neighbors. Constable Hebbson took him down to the city.

At a meeting of the directors of the Markham Fair, recently held, judges were appointed, but their names will of course not be divulged. With the commendable spirit of enterprise shown by the board, it looks as though this year's show will be away and above the best ever held here.

T. H. Haasard, the well-known horseman, is exhibiting ten Clydesdales and Hackneys at the Industrial Exhibition.

NEWMARKET. Local Friends' College Will Re-open on Tuesday Next.

NEWMARKET, Sept. 2.—(Special.)—Plockton College will re-open on Wednesday next, with a special staff of teachers and a good attendance of students. During the vacation the grounds about the college have been greatly improved and now present a most tasty and inviting appearance.

The new pipe organ to be used in connection with St. John's Anglican Church arrived during the week and will be at once installed, the work will, it is expected, occupy about ten days. Prof. Cummer of Aurora will be the organist in charge.

PEASE ECONOMY FURNACE

"I save money each year for 'Economy' owners—the coal bill shows it."

My "Economy" employers are the lucky ones. Why I have attended one "Economy" Furnace for 19 years. No expense for repairs, no bother, no worry—just absolute heating satisfaction, year in and year out. It's because it's built right—every section from heavy, durable material, in the most scientific design. Take the firepot—its peculiar shape makes for fuel saving. It widens slightly at the bottom. The fuel cannot become congested, smothering the fire. It settles evenly and loosely on the grate. Every particle is consumed—every possible heat unit extracted. No waste—no ashes to sift—the "Economy" cuts out that dirty, disagreeable, expensive job. For economy sake you should know more about the Pease heating system. Investigate "Economy" features. Watch for my next talk.

WRIGHT FURNACE PEASE FOUNDRY COMPANY LIMITED Toronto - Winnipeg

NOTE—We manufacture exclusively Warm Air, Hot Water, Steam and Combination Heating Systems. Office and Salesrooms, 36 Queen Street East, Toronto.

EDUCATIONAL UPPER CANADA COLLEGE TORONTO

FOUNDED 1829 CANADA'S OLDEST RESIDENTIAL SCHOOL. Autumn Term begins on Tuesday, September 6th. Examinations for Entrance Scholarships: Saturday, September 17th.

# EATON'S DAILY STORE NEWS

## New Fall Suits

Everything that conspires to narrowness, to straightness and severity of tailored line is employed in the make-up of the smart suit for Autumn wear. It will be a season when curves are lacking and fussiness of detail is unknown.

Our showing of women's suits is an attractive illustration of these facts. The stock is an illuminating proof of the multitude of pleasing variations that can be drawn from the same theme.

At \$10.00 we offer a suit, tailored in our own workrooms from high-class imported materials, the coat cut in the popular 34-inch length, with semi-fitting back, the skirt of the plain gored variety—a costume that is obtainable in a splendid range of Fall colors, including black, and in sizes 32 to 42.

At \$12.50 is procurable a reproduction of one of the season's best models, developed in French and English fancy suiting, in King's blue, mustard, tan, brown, green, grey, navy and black. All sizes.

## The "Auris," a Help to the Deaf

From using the "Auris," those who have been unable for years to take an intelligent part in the conversation of their friends, regain their lost position in home and social circles.

The "Auris" is a sound magnifier, made up of a receiver worn anywhere that may be convenient, an ear piece just large enough to cut off other sounds, and a small battery to make operative the telephonic principle employed, all connected by a light wire.

The results have been so wonderful that you owe it to yourself or to your friend who is deaf to have an immediate test made. The wearing of the "Auris" is not burdensome nor noticeable, more than the wearing of glasses for poor eyesight, and the relief is much more than a compensation. The cost is exceedingly low. The "Auris" is demonstrated every day in the Optical Department.

## The New Evening Fabric

"Shantore" is a new silk and cotton fabric of a wonderful, soft, lustrous finish, and so clever a reproduction of pure silk as to constitute an ideal material for the pretty, inexpensive party frock. A shipment of Shantore in the newest evening shades has just been received. See the display of it at the Fancy Muslin Counter on Monday.

Perfect laundering quality, 27 inches wide, per yard . . . . .29c

**Dress Goods Materials for Fall and Winter Wear, Low Priced, 57c**

Our Dress Goods Section is a vast repository of all that is latest and most fashionable in Autumn fabrics. In order to make it still more interesting to Exhibition visitors we are making on Monday morning a special offering of smart Fall suitings. The collection includes: Rough or worsted finished diagonals, in plain and fancy weaves; broadcloths, chevot serges, Panamas, etc., mostly 50, 52 and 54-inch material, all guaranteed pure wool and perfect in dye, finish and weaves. Scores of new shades in correct weights for tailoring. See window display. Monday, per yard . . . . .57c

## Back to School Again Tuesday. Are the Children Ready?

The old bell rings again Tuesday morning, and the children troop back to their studies. The reopening of school signifies the formal advent of Fall, with all the needs in clothing, footwear, and the many accessories the colder weather and school opening demand for both comfort and convenience of the children. Monday is the day to do the outfitting. You'll find us ready, and in the many suggestions this list offers parents will read of price reasons for getting complete supplies for the season. Bring the children in the morning if possible, we can serve you better, and you'll avoid the crowds of the later hours of the day.

## School Boots

**School Boots for Boys**—Very special, solid leather all through, choice quality of box calf leather, very pliable and tough; sizes 11 to 13½, \$1.85; sizes 1 to 5½, . . . . .\$2.00

**For Girls**—A school boot, specially made for this purpose, it is neat in style, and contains good wearing qualities, fine grade of box calf skin, neat extension soles and low heels; sizes 8 to 10½, \$1.10; sizes 11 to 2, . . . . .\$1.35

**For Girls**—Made from genuine dongola kid, goatskin, in Blucher style, with dull kid tops, extension soles and low heels; sizes 8 to 10½, \$1.10; sizes 11 to 2, . . . . .\$1.25

**An Elegant Style for Girls**—Suitable for school or best wear, service and neatness combined, fine dongola kid, dull Blucher top, extension soles, and low heels; sizes 8 to 10½, \$1.50; sizes 11 to 2, . . . . .\$1.75

**For the Little Fellow**—A good strong boot, at a very reduced price, made in Blucher style, same as men's, with hooks for lacing and back pull straps, solid leather, and guaranteed to wear well; sizes 8, 9 and 10, . . . . .75c

## Good Corseting Advice and Information

Miss Newport is being kept busy in the Corset Fitting Rooms. She will remain for a short time yet, and Exhibition visitors will have an opportunity of consulting her in regard to any perplexity in the matter of correct and hygienic corseting. She will be pleased to fit not only the Nemo and Smart Set Corsets, which she particularly represents, but any of our own makes the customer may chance to prefer.

—Second Floor, Centre.

—Main Floor, Yonge Street.

## Judge the Values of Our Blanket Sale by the Goods Themselves

Our daily announcements are but information to acquaint you with the following day's offers: as faithfully as possible we endeavor to tell you the exact qualities of the goods offered, and to further give you a truthful, unbiased representation of the qualities; we've had special tickets made which you'll find sewn to every blanket on sale.

When we announce pure wool blankets you've our absolute guarantee that they are pure wool, labeled so, and you may make every fair test you wish, and if you're not thoroughly satisfied your money will be quickly refunded.

**"Unshrinkable Wool"** Blankets we tell you in our descriptions have a small proportion of cotton in them—many people prefer these and ask specially for them, as the cotton prevents shrinking.

Those we label "Union" are part cotton, we announce them as such, and offer them for just what they are, warm, very serviceable blankets.

*The qualities we offer this year will but strengthen the confidence we've gained for our Sale announcements—a confidence we value far higher than the immediate sale of goods. With the sale but begun, already it is exceeding, it's ahead of former accomplishments, and we've now every prospect of making a blanket and flannel selling record even beyond our first expectations. Monday's few items suggest the reason why.*

**White Unshrinkable Wool Blankets**, Containing a Small Percentage of Cotton—are thoroughly scoured, quite free from grease, close, even nap, colored borders; 8 lbs. weight; size 68 x 86 inches. Monday . . . . .\$3.44

**Fine White All Wool Blankets**—thoroughly scoured, free from burrs or specks, close, soft nap, pink or blue borders; 7 lbs. weight; size 64 x 84. Monday . . . . .\$3.92

**Reversible English Down Proof Cambric Comforter, Wool Filled**—choice designs, various colorings; pure white wool filling; size 72 x 78 inches. Monday . . . . .\$3.98

**Canadian Grey All Wool Flannel**—free from grease, fine finish, plain or twilled weaves, light or dark shades, 26 inches wide. Monday . . . . .22c

**Cream French Flannel**, plain or twilled weaves; superior quality for children's and infants' wear. Monday . . . . .29c

**English Striped Flannelettes**—strong weave, soft napped finish, well assorted light striped patterns; 31 inches wide. Monday . . . . .10c

**All Linen Crash Roller Toweling**—red borders, good drying quality; 17 inches wide. Monday . . . . .7c

**Irish Linen Table Napkins**—fine weave; well assorted in small dainty designs; 19½ x 19½. Monday . . . . .\$1.09

**Unbleached or Factory Cotton**—fine Bengal finish; free from specks; 40 inches wide. Monday . . . . .8c

**Canadian Checked Apron Gingham**—strong heavy weave; light or dark colorings, without or with border; 36 inches wide. Monday . . . . .11c

—Main Floor, Albert Street.

## Beautiful Fancy Ribbons

**New Motre Ribbons**—A very handsome ribbon for Autumn millinery, pure silk and lustrous, beautiful finish. Colors are rose, pink, cardinal, navy, sky, brown, mauve, cream and white; 6 inches wide. Specially low priced, at per yard . . . . .25c

—Main Floor, Yonge Street.

## Men's and Boys' Wear

Underwear you'll want to use for weeks to come, and when a proposition like this arrives the wise man buys for seasons to come.

All are made of fine balbriggan, both shirts and drawers—in cream color with saten facings and pearl buttons. Sizes in the lot 34 to 46. Each . . . . .19c

## Young Women's Long Coats

This is a warm, double-breasted coat, cut in the fashionable full length design, with high snug-fitting collar, semi-fitting back and patch pockets. The material is a heavy chevot cloth, in black or navy. Length 51 inches; bust 32, 34 and 36. Exceptional value. . . . .\$5.00

—Second Floor, James Street North.

## RAILWAY FREIGHT SERVICE.

Some railways there are in the world that strain every effort to move freight on time and in record time. The Burlington Railway, for example, in The Chicago Daily Journal of Monday, Aug. 23, advertises the fact that it moved freight on record time.

Is there anybody in Canada alive today who ever read an advertisement of a Canadian railway promising to move freight on time and in record time?

In this advertisement it is also stated that the safe and speedy distribution of the necessities and comforts of life has long been one of the most momentous problems of modern civilization. The movement of merchandise from the great manufacturing centres to consumers everywhere and the transportation of dairy and farm products to the hungry markets of the cities on time is a question that has attracted the attention of the world's most efficient men.

Then the advertisement goes on to say that the Burlington Railway, after years of study and experimentation in connection with the routing and consolidation of trains by the master minds of railroads, has perfected its freight service. In this process the chief difficulty that had to be overcome was the elimination of time waste and possible damage thru continuous transferring of merchandise from car to car at points all along the line. Perfection of trackage, fine equipment, block signal systems, thru merchandise cars and perfect management for delivering cars to connecting lines, have all had their part, and do have their part in the timely movement of freight.

What has been the result on the Burlington route? According to their own statement the Burlington trains are now transporting the dairy, grain and other products of the farm to the cities with the same despatch and with the same efficiency with which they are moving the dry, manufactured products of the city to the people of the country. Their freight trains move with the precision of passenger trains at the very lowest minimum of transferring and time waste that has ever been possible in modern railroading.

What has happened in the United States is happening in Canada, or will happen in Canada. In the United States the tremendous demand made by many healthy and fast growing cities for the necessities, comforts and luxuries of life has stimulated the railways into affording a remarkable freight service. To get this service required ample resources, splendid organization and perfect equipment.

And the similar demands of the people in Canada are being carried up to the railways and eventually will force the railways to use their resources in more efficiently organizing their operating forces and equipping their lines with more perfect and up-to-date appliances, to the end that freight shall be moved on time.

The public is vitally interested in the rapid movement of freight. Every man, woman and child is concerned for the proper despatch of freight, for upon its successful and expeditious handling depend the food supply, the safety, the very existence of the people.

## DENSITY OF THE GLOBE.

The Globe is out once more with a demand for a standard weight of bread. By legislation the weight of a loaf has been set at a pound and a half or at three pounds. But still the Globe is not satisfied. People who do not want to eat stale bread and who are not desirous of buying such large loaves are prohibited by the law from buying anything larger than a 15-ounce loaf. For this the public have to pay five cents.

Formerly they got 16 or 20 ounces for five cents, but the Globe objected to that and could not foresee the tangle it has created by trying to get too much for its money. For that is really the whole issue. The public will have to pay six cents for a 24-ounce loaf, unless it buys from some large bakery firm whose profits are made on the big turnover, and we pray that the Globe may impute no pun.

The Globe in its wild desire for cheap bread demands that if necessary all loaves shall be baked in separate pans. This is to prevent, says the Globe in all seriousness, "the confusing of customers by putting a quarter and a half loaf together and substituting it on the unthinking for a whole loaf." Did the men who wrote this ever buy a loaf, or ever see anybody who didn't? The public are not so utterly infantile as he seems to think.

Down at Windsor the bakers settled the whole matter, as one paper puts it, "quickly and effectively." They accorded with The Globe-Nichols law

and raised the weight of the bread from the former standard of 20 ounces to 24 ounces. And then they raised the price from five to six cents, which was fair enough. If we wished to split hairs like The Globe, we might argue that The Globe is really working in the interest of the baker, because he makes more money, having less handling, from a 24-ounce loaf at six cents than from a 20-ounce loaf at five cents.

## MAYOR GAYNOR ON CITY GOVERNMENT.

Mayor Gaynor of New York City, whose attempted assassination was the occasion of an outburst of appreciation over his official conduct very uncommon in the United States, has an article in The September Century on civic government. Coming from a man as remarkable for his independence of political influence as Governor Hughes of New York State, his views will command very close attention. The main point of his article is his strong condemnation of the entrance of federal or state politics into the consideration of local questions. He declares that the chief obstacle to the nomination and election of fit men to city office is national and state party prejudice or bigotry carried into local politics. It should never be mentioned there, says Mayor Gaynor. The motto of every sensible man should be national politics and issues for national elections, state politics and state issues for state elections, and local politics and issues for local elections. In his opinion the voter who supports the candidates because of their views on subjects which have nothing to do with local questions, is doing a very stupid, if not degrading thing, and is responsible for local bosses because his party prejudices plays right into the hands of the boss. Mayor Gaynor is undoubtedly right in his diagnosis and in advice. Canadian municipalities will not err in marking and inwardly digesting and assimilating his wholesome counsel.

## CRY OF NORTHERN ONTARIO.

Ontario, old and new, is coming into her own.

There are not wanting champions who see the handwriting on the wall, and it is handwriting that spells out development and not destruction.

In New Ontario, J. J. Carrick, M.L.A., ex-mayor of Port Arthur, and boomster from Boomville, is holding a series of unique meetings among his constituents. After gaining the attention of his auditors by concert features, enlivened with moving pictures, he tells them how great is Northern Ontario and how pressing are its needs.

In a recent speech among other good things he said:

"We have in Northern Ontario 16,000,000 acres of the best clay belt in all Canada, more than is now under cultivation in Western Canada.

"Our pulpwood is worth from \$300,000,000 to \$500,000,000.

"New Ontario is both a rich and an extensive country. Why not sell some of our timber and spend the money in opening up the country? Commence a colonization campaign and get the settlers in to till the soil.

"Having this large asset and doing nothing to develop it, Ontario is like a farmer who has a large bank account, but is afraid to buy implements or machinery.

"Another great heritage of New Ontario is the extensive water powers. I predict that it will not be many years before some of these valuable powers are harnessed.

"We have in Northern Ontario millions of tons of iron ore. Andrew Carnegie says we have enough to last all America for one thousand years.

"We want the government to turn its attention towards the development of this district. I am going to devote my influence and energy to presenting the needs of New Ontario to our government.

"Bro. Carrick is a voice crying in the wilderness. We predict that his cry will be heard and heeded.

## ALLOWED RESIDENTS' PRIVILEGES.

ALBANY, N. Y., Sept. 2.—Attorney-General O'Malley to-day advised Secretary of State Koenig that owners of automobiles, residents of other states, under the laws of which residents of New York State are entitled to freedom from the requirements of registration for limited periods of time, should be allowed the same privileges in this state under the Callan new motor vehicles law.

## Australian Defence Bill.

MELBOURNE, Sept. 2.—The defence bill has been read a third time in the senate.

**Master's Chambers.**  
Before Cartwright, K.C., Master.  
Re J. E. Wilkinson Co. and Mattson—Evans (Robinette & Co.), for claimant. A motion by applicant on consent for an order for payment of money out of court. Order made.

**Sill v. Alexander.**—J. D. Montgomery for plaintiff. W. B. Raymond for defendant. Motion by plaintiff for an order striking out action being brought in Central Bank v. Osborne, 12 P.R. 160, the counter claim was struck out, also it set up as a defence a claim arising out of the circumstances which led to the action. There is nothing of that kind here, and an order should be made striking out the counter claim without prejudice to a fresh action being brought in which case judgment shall not be signed in this action without the order of the court or a judge. Costs of motion in the cause.

**Church Notices.**  
The Rev. William Lowe of London, past grand chaplain of the Orange Order for Ontario West, will preach in Trinity Church, east of King-street, tomorrow morning at 11.

Right Rev. Dr. Holmes, Bishop of Athabasca, will preach in the Church of the Epiphany, Parkdale, on Sunday morning.

## FOUND IN ST. CLAIR RIVER.

SARNIA, Sept. 2.—The dead body of a man about 65 years of age, was found this morning floating in the St. Clair River below Courtwright. A purse containing 50 cents was found on the body, but there were no marks or papers to indicate his identity. The remains were taken charge of by Coroner Dr. Hayes, and, if unclaimed within twenty-four hours, will be buried here. No inquest will be held.

## HOW ONE WOMAN REGAINED HEALTH

Utterly Helpless and Friends Did Not Expect Her to Get Better.

The great fame of Dr. Williams' Pink Pills is due to the fact that they have restored to active health and strength hundreds of people when all other treatment had failed to cure, and who thought to believe themselves hopeless, chronic invalids. The case of Mrs. Henry Britton, 1224 Alexander avenue, Winnipeg, Man., adds another striking proof to the truth of this assertion. She writes as follows concerning her illness: "I had the most ultimate care through use of Dr. Williams' Pink Pills. 'It is a simple thing that I recommend Dr. Williams' Pink Pills, and yet it is difficult to express fully my heartfelt gratitude for such a marvelous remedy, as they have restored my wife to health and strength after the best efforts of the medical fraternity had failed. For years prior to our coming to Canada, and since that time up to about three years ago, my wife was thoroughly prostrated by illness. The doctors said she was chronic anaemia. She was utterly and entirely helpless, and so that she had to be lifted in and out of bed for weeks at a stretch. The trouble was aggravated by recurrent rheumatism and heart trouble. She had no appetite or strength for anything. I employed the best medical attendance known to me, and ordered beef tea and wine. The tonics and medicine would relieve her for a time, and then she would slip back once more into the old state—but worse if anything. Then we began giving her advertised remedies, but all seemed of no avail. One evening while reading a newspaper I happened to see an advertisement of Dr. Williams' Pink Pills. It told the case of a young woman who had been a great sufferer from anaemia, and who, after being having been cured through the use of these pills. The case seemed to describe my wife, and I bought a bottle of the pills and urged her to use them. She was thoroughly disheartened, and said she expected she was only another case of money thrown away. However, she began reading the pills, and I thank God she did, for after she had used them a time, she felt they were helping her. From that time on her appetite came back, her color began to return, and she who had been looked upon as a helpless invalid began to take a new interest in life. She continued taking the pills, and through them her health continued to improve, until at last we were able to heartily congratulate her upon her complete restoration to health. Some three years have since passed, and in that time she has never been bothered in the slightest degree with the old trouble. Her cure has astonished everyone who knew how ill she had been, and we acknowledge with grateful hearts to Dr. Williams' Pink Pills, which literally brought her back to health from the brink of the grave."

Dr. Williams' Pink Pills cure such cases as this in just one way—they actually make new blood, which fills the depleted veins and brings new strength to every nerve used every organ in the body. Nearly all the everyday ailments of life come from poor or watery blood, and it is because Dr. Williams' Pink Pills make new blood, that they cure anaemia, indigestion, headaches, sideaches and backaches, rheumatism, neuralgia, general weakness and all ailments that growing girls and women do not like to talk about, even to their doctors. If you are weak, sick or ailing, no other medicine will cure you so quickly as Dr. Williams' Pink Pills. Sold by all medicine dealers or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

## Wrote Issued.

N. S. Corney of Toronto is suing the Galt-Mellish Iron Company, Limited, of Galt, for \$400 damages, which he claims due for breach of contract.

Thomas J. Scanlon of Toronto is suing the Canadian Lake and Ocean Navigation Company of Toronto, and Wm. Zealand of Brantford, for unstated damages for alleged negligence and breach of contract.

The Imperial Bank of Canada has issued a writ against J. L. Resaume of Essex, claiming \$5735.23 and interest, which is claimed due on a promissory note.

The Federal Engineering and Supplies, Limited, of Toronto, have issued a writ against Mines Power, Limited, of Cobalt, in this city, claiming \$134.20 for goods they claim were sold and delivered, and for work done.

## GRAND TRUNK TORONTO-MONTREAL TRAINS.

4 TRAINS EACH WAY DAILY. Double-track line and superior roadbed assures comfort.

The fact a.m. has new dining and parlor equipment and the finest service.

## Sees Danger in Roosevelt Policies.

CHATTANOOGA, Tenn., Sept. 2.—George W. Chamblee, who presented a petition at a meeting of the American Bar Association in this city Wednesday, containing charges against Joseph H. Choate of New York, has asked leave to withdraw the petition.

E. A. Fetter of New Orleans, the new president of the association, severely arraigned Roosevelt for his policy of nationalism. The politics enunciated by Col. Roosevelt in his Kansas City speech portended danger to the nation.

## Drowned While Carrying News.

COBALT, Sept. 2.—While carrying the news of the death of a friend to Elk Lake City, Alfred Easy was drowned in the Montreal River. The friend was William Payne, caretaker at No. 2 of Booth's lumber camps, who fell dead in a fit. Easy found him, but how long he had been dead he could not tell. He set out with a canoe to take the news, and later his (Easy's) upturned canoe told of his own death.

## Labor Day Water Trip.

Bring your exhibition visitor for a trip on the Turbulina to Hamilton Labor Day (Monday), Sept. 5, leaving Bay-street wharf 2 p.m. arriving home 8.20 p.m.; 50c only for return trip.

## Special Trips Labor Day.

Special trips will be made on Labor Day between Toronto and Hamilton by the steamers Modjeska and Macassa, the sailings from Toronto being at 8 a.m. and 11 a.m., 5.30, 7.30 and 11.15 p.m., and from Hamilton at 8 and 11 a.m., 2.15, 8.15 and 10.15 p.m. The 50 cent return fare will be in force on all trips.

## A New Record.

LONDON, Sept. 2.—The Empress of Britain arrived, making record run from Edinburg to Liverpool in 5 days 11 hours.

## Winding up Le Roi.

LONDON, Sept. 2.—To-day at an extraordinary meeting of the Le Roi shareholders the resolution passed on Aug. 15 to wind up the company was unanimously confirmed as a special resolution.

## WILL CONSIDER LEASE OF N. B. SOUTHERN TO C.P.R.

Shareholders Will Meet at St. John on Dec. 28—A \$10,000,000 Incorporation.

OTTAWA, Sept. 2.—(Special.)—Notice is given in The Canada Gazette that a special meeting of the shareholders of the New Brunswick Southern Railway Company will be held at St. John, N.B., on December 28, for the purpose of considering whether it is expedient to lease the railway to the C.P.R., and, if so, to approve of terms, etc.

The Algoma Central and Hudson Bay Railway Company gives notice that a mortgage deed, dated July 1, 1910, between that railway and the United States Mortgage and Trust Company and the Lake Superior Corporation, securing an issue of first mortgage bonds for fifty-year gold bonds, has been deposited in the office of the secretary of state.

The Montreal Hydro-Electric Company has been incorporated, with a capital stock of ten million dollars.

The Dominion Securities Company of Toronto was the successful tenderer for Ottawa bonds to-day, offering \$7.13 per cent fifty-year gold bonds, and thirty-year bonds, \$48,170 being city and \$148,500 being school.

## ALL ABOARD, NORTH TORONTO

New Train Service Between Toronto, Montreal and Ottawa.

In order to better accommodate the citizens of Toronto, especially those residing in the west and north ends of the city, the Canadian Pacific has arranged, commencing Monday, Sept. 5, to operate a train in each direction daily, except Sunday, between West Toronto and Montreal. Trains to go via North Toronto station, Yonge-street north. The additional service will be as follows:

Leave West Toronto Station 9.45 p.m. Leave North Toronto Station 10.00 p.m. Arrive Montreal ..... 7.00 a.m. Leave Montreal ..... 10.45 p.m. Arrive North Toronto Station 7.50 a.m. Arrive West Toronto Station 8.05 a.m.

Inasmuch as these trains will not have to depend on any connection, they will leave sharply on time, and the service will no doubt be greatly appreciated, particularly by those living in the west and north ends of the city.

These trains will be of Canadian Pacific standard, and will carry coaches and sleepers to and from Montreal and Ottawa.

It should be noted, the Canadian Pacific trains, when present, starting and departing from the Union Depot will be continued; but, commencing Monday, Sept. 5, the train for Montreal from the Union Depot will leave at 10.20 p.m. daily, instead of 10.00 p.m. daily, as at present, and will arrive Montreal 8.00 a.m. This train will also carry coaches and sleepers for Ottawa and Montreal.

## DUTY REMITTED

On Imported Sugar Used in the Manufacture of Wine.

OTTAWA, Sept. 2.—(Special.)—An order-in-council has been passed, declaring that when imported sugar, on which duties have been paid, is used in the manufacture of wine, produced from the juice of the grape, there may be allowed a drawback of 90 per cent of the duties. Such drawback, however, shall not be paid unless the duty has been paid on the sugar so used as of record within three years of the date of the manufacture of the wine, nor unless the claims, as presented by a manufacturer at any one time, aggregate \$10.

## TRAVELED 18,000 MILES

Rev. J. J. Ross and Mrs. Ross Back From Eastern Europe.

Rev. J. J. Ross and Mrs. Ross returned last evening, after a three months' holiday trip, during which they covered 18,000 miles.

Their journeying took them thru Egypt, Palestine, Syria, Asia Minor, Greece, Italy, the Aegean Sea and the Bosphorus. Their tour was in a great measure for religious purposes.

"We found Egypt very warm. At times, the thermometer registered 123 above, and the purity of the atmosphere made the heat more bearable than expected," said Mr. Ross. "We also found that four hours' sleep there was equal to eight hours in this climate."

Mr. Ross will occupy his pulpit in Dovercourt-road Baptist Church twice to-morrow.

## C. M. A. Western Excursion.

Secretary Murray of the Canadian Manufacturers' Association has now nearly completed preparations for the annual excursion to the Pacific Coast, which starts on the 11th. Nearly 200 members and ladies have signified their intention of going on the trip, and two entire trains have been chartered.

Unless the association decides to add another car to one of the trains, there is considerable likelihood that a number of members will be disappointed, as there is already a waiting list of over half a dozen.

## Allan Line Captain Dying.

MONTREAL, Sept. 2.—Capt. Wallace of the Allan Line Sicilian is dying of cancer at his home at Hudson Heights, near here. He moved his family from Scotland to this country three years ago.

## AT SCARBORO BEACH

European Gymnasts Will Provide Big Show Next Week.

In engaging the Brassard Brothers, Europe's funniest gymnasts, for next week, the management of Scarborough Beach have secured for the entertainment of exhibition-timers, visitors one of the most praiseworthy attractions of the whole season. The act presented twice daily and absolutely free by these clever performers is an engaging mixture of daring feats and whole-souled humor, and the spectators are divided between open-mouthed wonderment and side-splitting laughter.

Those who visit Scarborough Beach next week for the first time will find awaiting them a host of new and unaccustomed pleasures, and they will learn with surprise that Toronto has in this pleasure park a resort which practically duplicates the far-famed institutions of Dreamland and Luna Park at Coney Island.

For Sunday's two free band concerts, at 2 and 3 p.m., exceptionally interesting and artistic programs have been prepared by Bandmaster Raven.

## Harbord C. I. Opening.

Harbord-street Collegiate Institute will reopen Tuesday morning, and all former and new pupils should enroll at once, as the school is likely to be overcrowded. Also the alterations and the six-room addition are not yet completed, arrangements have been made to accommodate the pupils.

## To Buffalo, New York, Montreal, Detroit and Chicago—The Only Double-Track Route

is via the Grand Trunk Railway System. First-class equipment and excellent train service as follows: To Niagara Falls, Buffalo and New York, 9 a.m., 4.25 p.m. and 8.00 p.m. and 10.15 p.m.; to Detroit and Chicago, 8 a.m., 4.40 p.m. and 11 p.m. Above trains all run daily.

Secure tickets and make reservations at city ticket office, northwest corner King and Yonge-streets. Phone Main 420.

## Employing Children in Summer.

Provincial Factory Inspector Burke states that some manufacturers seem to be of the opinion that the law is suspended during the summer school vacation, as he has had considerable difficulty with manufacturers who have persisted in employing children under age to work in factories.

# Ourselfes

It is proposed to start a cheerful little magazine in which things that are of interest to all of us will be talked over in a neighborly way. It will be called OURSELVES.

The newspapers tell us a lot about other people. We shall try to find out a little about ourselves and what is worth while in our everyday lives. Perhaps we can help one another to see what is enjoyable, what must be put up with and what may be made better. And we'll try not to miss any of the good jokes.

The policy of OURSELVES will be to learn all there is in our home land that should command our love and loyalty. It will be published once every month for the enjoyment of true Canadians. The first number will be issued on the fifteenth of September.

If you feel that you would like an occasional good laugh or a snail of quiet thinking about things of real interest, become one of us. There will be monthly talks by the editor, and articles, poems and stories by ourselves and other people. If we get rich we will have pictures later on.

It will cost you just one dollar to become one of OURSELVES. This will entitle you to a year's subscription to the magazine and give you the right to tell the editor what you find in life that amuses you and cheers you, and that may amuse and give heart to others. For a while, at least, you will have to go elsewhere with your troubles.

Subscribe today! Send your dollar by Postal Note, P. O. Order, or Registered Letter to The Ourselfes Publishing Company, St. Thomas, Ont., but if you would rather you may come over to the farm in Ekfrid and hand it to the editor.

Agents wanted in every neighborhood in the country to sell OURSELVES. Write for terms. They are liberal.

Tell everyone you know about OURSELVES and we'll send you one or two dollars today. Subscribe yourself and get us one or two subscribers.

**PETER MCARTHUR,** Editor.

The Ourselfes Publishing Company, St. Thomas, Ontario.

## EARL GREY IN LABRADOR

His Excellency Has Safely Completed Tour of Hudson Bay.

INDIAN HARBOR, Labrador, Sept. 2.—Earl Grey, Governor-General of Canada, arrived here to-day, having completed his tour in the Hudson Bay region, where he has been looking over the ground in connection with the proposed railroad extensions to some Hudson Bay port.

He will visit Newfoundland on his way home.

Earl Grey, who left Norway House about the first of August, planned to go by canoe to Hudson Bay and then by white boat to Fort Churchill, altogether a distance of 800 miles. His wife to Mr. Brodner declared "trip great success," which looks good for the navigation of Hudson Bay by ocean liners.

## MICHIE'S

Finest blend Java and Mocha Coffee at 45c lb. is in a class by itself. It is a breakfast necessity.

Won Medals From the Newsboys

RUBY CLARK of Watson's Beef Trust, playing the Star Theatre this week, who won the silver medal for second place by bringing in \$30 for the newsboys.

FRANCES COUGHLIN, "chorus lady" of "The Big Review," Manager Stair's own show, who gathered in \$53 for the Newsboys' Home and Club Fund a week ago, thereby winning the gold medal offered for the highest individual haul on "Tag Day."

GARDEN OF MOCTEZUMA. Culture of People Who Once Lived in Valley of Mexico.

That an unknown, highly cultured people of whom nothing is known, tradition has preserved a record found in or near the Valley of Mexico and enclosed in a cave, the late Mr. J. H. P. Taylor, who has been studying the plans found there, thru the inscriptions he has been able to glean historic facts concerning the garden of Moctezuma, says The Montreal Star.

Mr. Taylor applied to the department of public instruction for a special permit to make explorations in the garden. His investigation has led him to believe that the garden has great antiquity.

He has been studying a large part of four years to studying the plans found there. Thru the inscriptions he has been able to glean historic facts concerning the garden of Moctezuma, says The Montreal Star.

These plants and their friends were introduced to the garden, and there were grown cocoa, vanilla, papaya, yucca, etc., which were of the order of the night. These plants and their friends were introduced to the garden, and there were grown cocoa, vanilla, papaya, yucca, etc., which were of the order of the night.

The garden was visited by a nameless explorer, who was accompanied by a native Indian, who was identified with Moctezuma I. It is claimed that Moctezuma I. had appropriated this beautiful garden to his personal use.

FARMERS AND MOTOR CARS. In the current discussions and criticisms of extravagant living, and of overburdening of automobiles, the usual target is the farmer. The main rebuttal so far has come from the auto makers; the farmer is too busy just now to reply.

It is not denied that he buys cars, and that he has to buy his car for cash. Bankers have said that in many cases he had to mortgage his property to get the money to buy his car.

There is one fact, however, which cannot be gainsaid: The farmer buys a car for purposes of greater mobility, and to save time in his business.

There is significance in this progress, a significance that the average person probably does not grasp. Once enrolled among the motorists, the farmer will grow impatient with bad roads, and will want to see that they are improved.

Good roads, as well as good laws, are the tests of a higher civilization. We are criticized as regards only a super highway system, set down in glaring contrast to abominable highways. Over such highways millions of tons have to be hauled.

This haul is done at a much higher cost than would be the case were the highways in this country as good as those in Europe, an undisputed and indisputable fact. According to an authority, the cost per ton mile is 15 cents more in America than in Europe.

In the east the automobile has been the most efficient missionary for good roads. If it can stimulate the farmer to a crusade, it will perform an economic service that will condense all investment excesses of which it is accused. —Chicago Live Stock World.

SHOT THE EDITOR. HAVANA, Sept. 2.—Juan Amer, editor of the Satirical Weekly Chantecier, of which the first issue appeared this morning, was shot and killed this afternoon by Jose Penningo, a liberal candidate for city councilman in Havana. The cause of the shooting was a scurrilous article in The Can-cer concerning a young woman who was attending a fair when Penningo is attentive. Penningo was arrested.

Less Expensive. A North Country young man resident in London married an English girl, and shortly after went to visit a bachelor uncle in Scotland. When uncle and nephew were over their wine and yne the old gentleman remarked: "Well, Bobby, ye has gotten a wife?" "Yes, uncle."

"What can she do?" "Do? What do ye mean?" "Oh, can she sew a button on yer 'ark, or mak' yer parritch, or do any housework?"

"Not at all, but I tell you what it is: She has the loveliest voice ye ever heard. She's a grand singer."

"Man, could ye no' ha' gotten a canary?" —Tit-Bits.

Exhibition Auto Items

The attendance at the automobile show was even larger than any previous day, which has demonstrated that more than double the space allotted to automobiles could have been filled, and in fact the entire transportation building could have easily been filled. Several prominent manufacturers, both in Canada and the States, have consignments of cars in the customs now that they are unable to enter, which proves beyond a doubt the value of the exhibition as a drawing card in promoting the introduction and use of the auto in modern travel.

Regal Motor Cars. Long distance record Regal cars seem to be centering at the Toronto Exhibition. Fred Reef of Lockport, N.Y., was a visitor at the Regal exhibit with his Regal car which had traveled 16,000 miles without adjustment. Dr. Carlav of Minneapolis, son of Major Carlav of Toronto, was also a visitor with his Regal, which had traveled 21,000 miles without adjustment. R. D. Ardich, manager of the factory at Walkerville, has traveled 3,483 miles with his Regal and intends to keep the car running as long as it is possible to find just how far this wonderful car will go without adjustment.

The Regal exhibit is attracting a lot of attention as they are showing two very fine specimens of Regal car workmanship which compare very favorably with the many other higher priced cars in the transportation building. Also they have a board on which the different parts of the car are shown, and a rear axle and transmission gear, which have all the working parts exposed. There have been several sales made, the first car going to A. Yager, the well-known globe trader from Bramford. Mr. Yager contemplates touring Europe this winter in his new Regal.

Regal cars have a very attractive price, and their rear axle and transmission are being widely copied by cars of a much higher price. The Regal is thirty horse-power and is shown in two different models—110-inch wheel base, engine 4-1-4 double ignition system, dry cells, and magnet, drop forged steel frame, semi-elliptic springs, 32-inch wheels, sliding gear transmission, three speeds forward and reverse, and a cone clutch. The car is strictly a Canadian-made car, using Canadian material only and Canadian mechanics. Anyone who calls at the booth will be received by the manager personally and will be given a handsome souvenir.

BABY AUTOMOBILE. The E. M. F. Company's exhibit is one of the most attractive in the Transportation Building. It comprises a display of E. M. F. and Flanders cars, manufactured by the E. M. F. Company, Limited, Walkerville, Ont.

The popular E. M. F. 30 horse-power, and Flanders 20 horse-power, manufactured by the E. M. F. Company of Detroit. These cars, although on the Canadian market only a short time, have become decidedly popular and are attracting marked attention.

One of the special features of this market is the E. M. F. baby touring car, which is perfect in every detail. It measures only forty-four inches wheel base and is the smallest automobile in the world.

It is equipped with one-half horse-power, four-cylinder motor, sliding gear transmission, and a rubber floor. It is an exact model of the E. M. F. 30 horse-power touring car.

The company are showing a chassis of the E. M. F. car which impresses the motoring public with its simplicity and fine workmanship.

They are also showing a chassis of the famous Flanders "Under Three Flags" car, which is a masterpiece of engineering and a real gem in the automobile world.

Visitors should not fail to see this display of automobiles.

STIMPSON MOTOR VEHICLES. Stimpson Motor Vehicles are high-grade pleasure and commercial cars which on account of delays in transportation, were unable to obtain a suitable space at the exhibition. They are represented by W. F. Stimpson, the well-known inventor of the Stimpson Computing Scale, and Mr. J. W. Keenan, general manager, and are low-priced motor cars, absolutely guaranteed, two-cylinder, 10 horse-power, A.L.A.M. rating, 72-inch wheel, solid tires, and are guaranteed puncture proof and made of the best quality live rubber. These cars are fully equipped with the best furnished upholstery and are of high-grade genuine machine buffed leather. Cars are all two-passenger, and will travel 30 miles in one hour on one gallon of gasoline. A good hill climber, and will run thru sand, snow, and on account of their remarkable motive power will be of great service to any merchant or transfer company who desire to deliver packages and light freight with speed and safety. An agency will be established in this city for the distribution of these useful motor cars, which fact will be appreciated.

Notes. The Boske Lumber Co. have purchased a Canadian Graven motor car for their lumber delivery.

A complete account of the week's automobile news will appear in The Sunday World, which will be found interesting, as well to exhibitors and general public.

BADEN POWELL AT OTTAWA. OTTAWA, Sept. 2.—Lieut. Gen. Baden Powell addressed the Canadian Club to-day on the boy scout movement.

Associated with him at the head of the table were Gen. G. C. Powell, president of the club; Col. Irwin, Col. Sherwood, Sir Richard W. Scott, Judge MacTavish, Col. Morrison, D.S.O., D'Arcy Scott, Hon. C. F. Powell, Hon. J. Stiles, consul-general, Mayor Hope and others.

General Baden-Powell was taken for a motor car drive around the city this morning, and left by the 3:30 P. M. train for Montreal.

WITH MASONIC HONORS. ALIX, Alta., Sept. 2.—(Special.)—The funeral of Hector Murray, the railroad contractor, who was murdered by a laborer with a bottle on Wednesday, was held here this afternoon with full Masonic honors. Deceased was born at Woodstock 45 years ago, then resided in Toronto, going to Wynmore, Neb., in 1892. The body will later be taken to Toronto for burial.

LOANED COMPANY \$25,000. QUEBEC, Sept. 2.—The town council of Quebec has voted a loan of \$25,000 to the promoters of the Canadian S. & C. Cotton Co. to erect a factory at Beauport. This sum is to be paid back within twenty-five years in yearly instalments. The factory will employ 250 hands to combed the wool, and this number will be increased from time to time as necessary warrants it.

Plano to Rent. Planos to rent from \$1 a month upwards. Foster-Armstrong Co., Ltd., Queen East, Toronto, manufacturers of Haines Bros. and Marshall & Wendell planos. 2467

Made a Good Flight. ANGOULEME, France, Sept. 2.—M. Bivoucor arrived here this evening having covered the 64 miles between Pottiers and Angouleme in one hour and 30 minutes. He will continue his flight toward Bordeaux to-morrow morning.

Liquor & Tobacco Habits. A. McTAGGART, M.D., C.M., 75 Yonge St., Toronto, Canada. References as to Dr. McTaggart's professional standing and personal integrity permitted by: Sir W. R. Meredith, Chief Justice. Hon. G. W. Ross, ex-Premier of Ontario. Rev. N. Burwash, D.D., President Victoria College. Rev. Father J. F. Sweeney, Bishop of Toronto. Dr. McTaggart's vegetable remedies for the liquor and tobacco habits are healthful, safe, inexpensive, home treatments. No hypodermic injections, no publicity, no loss of time from business, and a certain cure. Consultation or correspondence invited.

OFFICE SPECIALTY MFG. CO. Head Office and Toronto Showrooms, 97 Wellington St. West. Branches: Montreal, Ottawa, Toronto (Head Office), Hamilton, Windsor, Regina, Calgary, Vancouver.

GET WEIGHED, FIRST THING. "They keep the scales busy, I can tell you," said the platform man on an elevated station that received passengers from a ferry line, says The New York Sun. "They all want to know how much they've gained while they have been away in the country."

"As now you let a train boat come in and the crowd carrying the suitcases and bags troop up the stairs and along the platform. They see that scale the first thing they stand on, the people come back, excepting the manager personally and will be given a handsome souvenir."

ASPHALT LUMBER. The term "asphalt lumber" is employed to designate a board-like product, recently brought to the attention of the commercial world, which, while composed of a special long fibre saturated with water and weather proof. The boards are made with a one-inch rabbet running the full length on both sides, enabling the material to be matched up readily and quickly, joined and nailed like wood. This material is designed for roofing and is water and weather proof. The boards are made with a one-inch rabbet running the full length on both sides, enabling the material to be matched up readily and quickly, joined and nailed like wood. # THE REPOSITORY

"THE CENTRE OF THE HORSE TRADE."

CORNER SIMCOE AND NELSON STREETS, TORONTO

BURNS & SHEPPARD Proprietors.

ESTABLISHED OVER 50 YEARS

## AUCTION SALES

# 325 HORSES

Tuesday, Thursday, Friday of Next Week

Sales commencing each day at 10 o'clock. Private sales any time.

HACKNEYS

## SECOND ANNUAL SALE

of High-Class Imported Hackney Mares, Geldings and Ponies, the property of DR. J. GORDON McPHERSON, on

Tuesday, Sept. 6th, at 10 a.m.

Dr. McPherson is a well-known importer of fine Hackney Horses, and has brought in some of the best Hackney Horses that have come to this country. The consignment for Tuesday are all show horses and are in show condition, thoroughly broken to harness and saddle, sound, and altogether without a fault.

## 175 HORSES AT AUCTION TUESDAY, SEPT 6th

The best selections of all classes: Heavy Drafts, General Purpose, Express, Delivery, Drivers, Carriage and Saddle Horses. Following the sale of Dr. McPherson's Hackney Horses on Tuesday, we will commence with the regular consignments from our shippers. We have a good many loads coming in and will have a lot of horses, and buyers of any class whatsoever will have a good range for selection. A local firm have consigned to us for absolute sale on Tuesday 15 of their horses, which have been used about the city during the summer for light delivery. These horses are being sold for the sole reason that their firm have no further use for them.

### An Extra Special for Tuesday, 6th

(Consigned by a city gentleman). "VERONA," b.g. 7 years, by "Prince of Verona." This horse is a fine driver, and is perfectly reliable in any harness, and has been driven around the city for the past year or more by a lady.

### Great Sale of Carriage Manufacturer's Stock TUESDAY, THE 6th

We have had consigned to us for absolute sale two carloads of buggies, mikados and phaetons. These vehicles are second-hand, but are newly varnished, and we have been given instructions to sell, and if you will bid at all you may become possessor of a very useful buggy or mikado. There isn't a string to one of them.

### Speed and Matinee Horses for Tuesday

MR. G. A. BROWN, the Speed Merchant of Leamington, has consigned to us a carload of Speed and Matinee horses. Anyone desiring a good driver that can step, or a trotter or pacer with a future, can see Mr. Brown at The Repository any time.

CLYDES

## SPECIAL SALE OF Imported and Registered Clydesdale Stallions, Mares and Fillies

Sept. 8th THURSDAY, SEPT. 8th, at 10 a.m.

DR. T. H. HASSARD of Markham, the well-known breeder and importer, is consigning to us one of the best lots of Clydesdale stock that have ever been offered at public auction. Any one of the lot will be a very desirable acquisition to either farmer or breeder. Breeders who are alive to the value of Registered Clydesdales should make a point of attending this sale. Catalogues on application to The Repository.

## 100 HORSES AT AUCTION FRIDAY, SEPT. 9th

The best selections of all classes. At each of our Tuesday and Friday auctions next week we will sell a large number of serviceably sound city horses and a number warranted as to wind and work. We will also offer at each auction a number of sets of harness and such vehicles as are consigned to us for the sales.

## THE GREAT ANNUAL SALE

of Thoroughbred Stallions, Brood Mares, Two-year-old Colts and Fillies, the property of the estate of the late WM. HENDRIE, ESQ., of the VALLEY FARM, HAMILTON, will be held at The Repository on

Wednesday, September 28th

This sale takes rank as one of the most important that occur in Canada during the course of the year, and in giving us instructions to hold this sale we were informed that this would be the greatest and most important sale ever held in Canada of Thoroughbreds. A great many of the colts and fillies to be sold are eligible for the Plate. In previous years at such similar sales we have sold "Denham," "Shimone" and "Kelvin," and many many other winners. Catalogues on application to The Repository.

WE INVITE EXHIBITION VISITORS TO LOOK THROUGH OUR STABLES ANY TIME, AS WELL AS OUR SHOWROOMS. Our Carriage and Harness Department occupies four floors of our Main Building, and it's all devoted to the display and sale of Horse Goods. We carry everything a horse pulls or wears, and your inspection is invited.

We are Sole Canadian Agents for REDUCINE, the great absorbent and remedy for Curbs, Thoroughpins, Bog-Spavins, Splint, etc. Send for illustrated booklet.

CHARLES A. BURNS, ISAAC WATSON, Gen. Mgr. & Auctioneer, Asst. Mgr. & Auctioneer. JOHN W. GRAHAM, Stable Superintendent.

Weather clear. Track fast.

## EVERYBODY DRINKS STAR BEER.

Everybody drinks Star Beer at the exhibition. Dr. Sheard's talk of "vaccination typhoid" does not lessen the fear visitors have of Toronto drinking water.

Many excellent citizens have long refrained from drinking Toronto water even when it is boiled. You know you can't always tell whether it has been boiled or only parboiled. You take chances when it is only half boiled. Star Beer has all the properties of pure water and has added to it elements that nurture the body as well as quench the thirst. Hence at the fair everybody, with a proper regard for his health, drinks Star Beer.

## SUING THE HIGH SCHOOL.

ESSEX, Sept. 2.—Earl Harris, a Kingsville youth, has begun suit in the county court against the Essex High School. Harris, a pupil, was injured while performing on the gymnasium apparatus, which he claims was defective. Unstated damages are asked.

## RECIPROcity THE PROBLEM.

(Canadian Associated Press Cable). LONDON, Sept. 2.—The Glasgow Herald says that reciprocity is the main problem of the immediate future in Canadian politics. In solving it, Canadians will study their own interests and will be unwavering by economic dogma or sentiment, which is the only way tariff questions should be handled.

The steamer "Hamon" of the Northern Navigation Co. Grand Trunk route, plying across the great lakes, has carried the record of passengers and has several times this year had her full complement, viz., 350 first-class and 72 third-class passengers. The steamers of this line are also recognized as having carried the largest cargoes of freight. The steamer "Hamon" alone took from Sarnia to Port William 2700 tons, the value of which was \$450,000. In addition to this the steamer "Hamon" had made the trip from Sault Ste. Marie to Fort Arthur in 15 hours 15 minutes—a record trip, and making the entire trip across Lake Superior in daylight.

Extensions to R. M. C. KINGSTON, Sept. 2.—The dormitory building at the Royal Military College will be extended to accommodate 114 cadets, the largest number ever in attendance.

Cheese Factory Burned. KINGSTON, Sept. 2.—(Special).—The Moscow cheese factory, owned by P. Johnson, has been destroyed by fire. Loss is \$2000.

Dropped Dead at Work. KINGSTON, Sept. 2.—John Cairns, employed at Commercial Hotel, Odessa, dropped dead while at work.

Racehorses for sale at auction.—In terms of Queen, 3 years old; Pedigree, 5 years old, sound and in splendid condition; also track and stable articles. Apply Stable 3, Race-track, Hamilton, Ont.

SIXTH RACE, 400 added, 2-year-olds and up, selling, 6 furlongs: 1. Malatine, 108 (Dunn), 5 to 1, 2 to 1 and even. 2. Laughing Eyes, 107 (J. Wilson), 10 to 1, 4 to 1 and 2 to 1. 3. Woolcasts, 101 (Davis), 4 to 1, 5 to 5 and 4 to 5. 4. 1:38 2-5. Sheriff Bradley, Trustee, Melton Street, Limpet also ran.

SEVENTH RACE, 400 added, 3-year-olds and up, selling, 6 furlongs: 1. Sally Preston, 114 (Davis), 6 to 1, 5 to 2 and 6 to 5. 2. Slight, 107 (Fain), 6 to 1, 5 to 2 and 6 to 5. 3. Domithilda, 108 (Reid), 7 to 1, 2 to 8 and 4 to 4. 4. 1:38 2-5. Sheriff Bradley, Trustee, Melton Street, Limpet also ran.

EIGHTH RACE, 300 added, 2-year-olds and up, 1 3/8 miles: 1. John Reardon, 108 (Burns), 4 to 5, 1 to 3 and 2 to 2. 2. First Peep, 107 (Rice), 9 to 2, even and 2 to 5. 3. Hedge Rose, 97 (Dunn), 7 to 1, 2 to 1 and 7 to 10. 4. 2:00 2-5. Merman, Rose, John Carroll, Clysno also ran.

Kingston Shipments. KINGSTON, Sept. 2.—During the month of August, 28,222 bushels of grain received let pass at the canal office here, and was transhipped to Montreal.

## HOLIDAY HARNESS RACES

Dufferin Driving Club's Two Class Races and a Matinee Event.

The executive of the Dufferin Driving Club have decided to put on two class races—a 2 1/2 pace and a 2:30 trot—for Monday, Sept. 2 (Labor Day); also a matinee race for members' horses. The class of horses will be the best that has been seen at a harness meet for some time, as many of the entries on the exhibition meet and those who raced for the Toronto Driving Club have entered, and the public are assured of extra good racing. The new stand at the park makes it much more comfortable for the patrons than heretofore, and the club will spare no pains to make this holiday a very enjoyable affair.

The following are the entries: 2:30 trot, purse \$200—Robt. Maygrave (H. W. Lang, Yarmouth Centre), Captain Half (A. R. Speers, Toronto), Billie Stewart (H. Smith, Toronto), Cresato (A. C. Hutson, Toronto), Alta Electric (John Roche, Stratford), Lady Brant (Ald. Sam McErdie, Toronto), Mary Isabel (Dr. C. W. Leeming, Bradford), The Bion (Dr. Riddle, Orangeville), Charlie B. (P. McCarty, Toronto).

2:30 pace, purse \$200—Mad. Direct (F. Davis, Toronto), Nettie Ethon (R. J. McBride, Toronto), Lulu Hal (Wm. Hamilton, Hamilton), Violet (R. J. Patterson, Toronto), Gamby T. (A. J. Taylor, Parry Sound), Jack Watson (P. McCarthy, Toronto), Olet Bion (Dr. Riddle, Orangeville), Maggie S. (Jasac Stanley, Paisley).

Matinee race—Crummer Dillard (F. J. Ryan), Norman (W. Hezlewood), Quaker B. (R. J. McBride), Nellie M. (A. Miller), Belmont Wilkes (G. Mead), Belle Mason (L. G. Gypsy Maid (E. D. Gamby), No Trouble (N. Goodwin).

Officials: Judges—H. B. Clarke, J. Marshall, Frank Rogers, Timers—George May, E. R. Lee, J. McFarren, Starter—Geo. Beddingfield, Clerk—W. A. McCullough.

Races at Brockville Fair. BROCKVILLE, Sept. 2.—The concluding day of the Brockville Fair witnessed some fine racing in the free-for-all and the 2 1/2 class. First money in the former was annexed by Iris in straight heats. In the 2 1/2 class was also decided by Jerry Dillon, The Donna, Eph. Cinders and Grace Pointer, but Iris had it on in the one-two-three variety. Summary: Running race, half-mile heats: 1. Maude S. (Edwards), 1:10. 2. John L. (Laing, Athens), 1:12. 3. E. Midget (Corbett, South Augusta), 1:13. Time—1:01, 1:02.

2 1/2 class, purse \$200: 1. Nellie H. (O'Kelly, Pembroke), 1:11. 2. Edward the King (Powell, Belleville), 1:12. 3. Nellie Wilkes (Putnam Bros., Ottawa), 1:13. Time—2:08, 2:09, 2:10.

Free-for-all, purse \$200: 1. Iris (Edmonds, Benham), 1:11. 2. Jerry Dillon (Aston, Gananoque), 1:12. 3. Grace Pointer (Burke, North Bay), 1:13. Eph. Cinders (Perrigo, Gananoque), 1:14. The Donna (L. G. Gypsy Maid), 1:15. Time—2:15, 2:14, 2:13.

Starter—John Webster.

Labor Day Outings to 1000 Islands. An exceptional opportunity is being offered by the Richelieu & Ontario Navigation Co. for those desiring to visit the 1000 Islands to make this delightful trip at very low cost, leaving Toronto Saturday, Sept. 3, at 3:00 p.m. Tickets will be good returning on same steamer or leaving the 1000 Islands on Monday, reaching Toronto Tuesday morning. Any one who has not made the week-end trip via the magnificent steamers Toronto and Kingston should not fail to take advantage of this opportunity. For tickets and full information apply at ticket office, 46 Yonge-street, Toronto, Ont.

Kingston Shipments. KINGSTON, Sept. 2.—During the month of August, 28,222 bushels of grain received let pass at the canal office here, and was transhipped to Montreal.

# 275 HORSES BY AUCTION NEXT WEEK

We cordially invite EXHIBITION VISITORS to our sales NEXT WEEK

Come and See Us

MONDAY, SEPT. 5th, 11 a.m. At

THURSDAY, SEPT. 8th, 11 a.m. At

Satisfaction Guaranteed

Our buyers are experienced horsemen and select only the best quality that can be found. We therefore say, without hesitation we assure you of satisfaction. WE SELL HORSES OF ALL CLASSES. On MONDAY and THURSDAY we will offer the choicest selection of different classes for all purposes—Heavy Draft, General Purpose, Carriage Cobs, Saddle and Road Horses, Trotters and Pacers, consigned to us by some of the best horsemen in Canada. OUR CONSIGNMENT will be EXTRA QUALITY, and we invite your special attention to next week's sales. ALSO, we shall sell some serviceably sound work and drivers, consigned to us by city people, who have no further use for them.

## Great Special Auction Sale

Wednesday, Sept. 14, 1910

Of Imported Clydesdale Fillies

Consigned to us by Isaac Williamson, the well known horse buyer, whose consignment last year gave such great satisfaction to all purchasers.

We beg to state, not as a boast, but as a matter of fact, that this is the finest lot of animals ever shown in Toronto.

This consignment of THIRTY-TWO FILLIES, two and three years old, one yearling, and one two-year-old Stallion, is undoubtedly the best lot of Clydesdales ever imported from Scotland, they all being of extra quality and conformation, while their breeding is one of the most fashionable and approved—Clydesdale lines, embracing and running back to such famous sires as Casabianca, Marcelus, Sir Hugo, Imperialist, Baron St. Clair, Pearl Oyster, Baron Hood, King of the Roses, Fashion Plate, Royal Everard, Baron Albion, Prince Harold, Chief Everard, Sir Matthew, Hyacinthus, etc.

They are all too numerous to quote in detail, but as an illustration, we mention several, as follows:—

MINNIE FORTUNE—Brown Mare, 3-year-old, by Sir Hugo, bone fine weight in Scotland 1,700 lbs., in foal to Hiawatha's Favorite, and in a strong class of 15, at origin, on July 7th this year, took First and Special in her class. She is bred in the purple, and of great individual merit.

DEVERON PEARL—A Bay Filly, by Pearl Oyster, 1,650 lbs., bone fine weight in Scotland, and is not only registered, but has finest quality obtainable.

NORAH—Bay, by Carbine. She has 5 registered sires, and 4 registered dams, weight in Scotland, bone fine, 1,600 lbs., and is not only well pedigreed but has the finest quality obtainable; in foal to son of Rozelle, by Baron's Pride.

FRIDE—Grey Filly, 3 years, by Pearl Oyster, weight 1,600 lbs., of rich color and great quality.

AGNES ANDERSON AND MAX QUEEN—Black Fillies, 2 years, by Hillhead Chief, weight 2,900 lbs., well matched, of fine side and great quality.

Quite a number of these Fillies have been served by the renowned Baron Ian, the famous Allendale, Imperialist, Argument, Favorite's Chief, etc.

PRINCE OF GREENHAI—Bay Stallion, 2 years, by Casabianca, dam by Crown and Feather. This horse has only to be seen to be appreciated by all good judges of a true Clydesdale. Of his breeding, little need be said, as the Clydesdale world is familiar with it, and with the general success of his dams and sires in the Show yard. He has the conformation, and the classy feet and legs, of his famous sire, Casabianca.

IVERHURST CHIEF—Yearling Stallion, by Hyacinthus, by Royal Edward, by Baron's Pride. His dam is a pure producer, his sire stands next year at \$50. This should suffice alone breeding lines.

He is a very promising growing animal, of true Clydesdale type.

Bay, Browns, Blacks, Greys and Roans are all included in this great sale of Clydesdale Fillies.

WE SELL STRICTLY ON COMMISSION

Commission: 5 per cent. Entry Fee (if not sold): \$1.00 per horse. All Horses sold with a warranty are returnable by noon the day following day of sale, if not as represented. Young, Dupont, Avenue Road, Belt Line or Church Street cars pass within half a block of our stables.

P. MAHER, Proprietor. GEORGE JACKSON, Auctioneer.

## GREAT SPECIAL AUCTION SALE

FRIDAY, SEPTEMBER 9th, 1910 AT 11 A. M., OF

## IMPORTED REGISTERED CLYDESDALES

Fillies, Mares, Stallions, consigned by Mr. Robert Ralston, Kirkintilloch, Scotland. This lot are very heavy boned and ought to make capital brood mares. The lot have arrived and will be on inspection till day of sale. EXHIBITION VISITORS CORDIALLY INVITED AT ALL TIMES. HERBERT SMITH, Manager.

FOURTH ESTATE AS GUESTS OF THE FAIR

Weather Was of the Best, and Attendance Strides Ahead—Buffalo's Soldier Boys Are One of the Prime Attractions, and Are Having a Splendid Time.

Continued From Page 1.

newspapers during that period, newspapermen were too modest to say. The press of Canada was good, clean and loyal, being without the "yellow element."

J. G. Elliott of the Kingston Whig thought that, while the exhibition might have hurt the local township fairs, it was an institution that conveyed good benefits, since, by stimulating activities, it led to greater production.

C. W. Young of the Freeholder, Cornwall, vice-president of the Fross Association, alluded incidentally to the plan of deepening the Welland Canal so as to allow ocean vessels to come to Toronto, commenting that this work was likely to be completed in a few years as the city had the docks ready, from what he had read of the city's methods.

Technical Education. Rev. Dr. Bryce, Winnipeg, said the technical commission's work in the Maritime Provinces had had the hearty co-operation of the press. The commission had found the industries there much larger than they had expected.

Doing a Model Camp. Camp Cotton, the model camp in the public school system. Was it effective in rural Ontario? This was a question to which the commission would try to give an answer.

For their part, the Buffalo men say they are enjoying themselves immensely. "Indeed," said one, "I doubt if we could have had a warmer reception of kinder hosts in any part of the States, our own country tho' it be. Everyone has lived in giving us a better time than the other fellow."

The officers have greatly relaxed military discipline to give the boys an opportunity to see the city and its sights. "They are disposed to be lenient in this way, undoubtedly having strong inclinations to similar diversion themselves."

Fine Review To-Day. Adjutant Noursey, who is the managing director of The Buffalo Times, and a cousin of the well-known Canadian writer, Walter Noursey, inspector of libraries, in an interview yesterday said that, as yet, Canadians have merely seen "the outside veneer of the American soldier brigged out in dresy tunic and brass buttons for fancy parade."

"To-morrow," he added, "you will see something different. At 8 o'clock in the morning the boys will turn out in khaki—their olive drab attire, and go thru a full regimental drill. This will really be something worth see, and it will help to knock the men into shape for the big review in the afternoon. The men will be manoeuvred for an hour or so by General Welch on the water front plaza, and will execute a number of technical evolutions and military tactics. The reason of our having the drill early is to prevent the contingent's movements being impeded or hindered in any way by too many spectators."

The regimental parade yesterday evening was accomplished with all due pomp as on the former occasion, and the people were now prepared for it and eager thousands crowded forward to get a glimpse of Uncle Sam's gallant "Blue Dandies."

Fond of Scotch Ains. Roderick Macleap, the giant drummer of the 68th band who once held that position in the 48th Highlanders, is showing that he has infused something of the Scotch regiment's spirit into his new friends, as the 68th band is given to playing "The Bonnie Briar Bush," "Annie Laurie," "Auld Lang Syne," etc.

General orders were issued from headquarters last night by Col. Welch for the regiment to assemble in full dress uniform to be reviewed in front of the grand stand by Brig.-General W. F. Cotton and his staff at 3.30 p.m. to-day.

Visitor Critically Ill. Adolph Muller, a Midway concessionaire, lies in Grace Hospital in a critical condition, suffering from cerebral hemorrhage. Muller, who is of middle age and stout build, became unconscious in the afternoon and was taken in a private ambulance to the hospital. Early today, when he was reported to be still unconscious and his condition low. He is a visitor to the city and has been stopping at 1608 West King-street.

Two accidents of a fairly serious nature demanded attention at the emergency hospital tent. Miss McCutcheon, an elderly lady, whose home is in Medland-street, slipped on a banana peel and injured her knees. Mrs. Mary Montour, an Indian fancywork artist, who is stopping at 7 George-street, while crossing the railway track on Dufferin-street, fell and dislocated her elbow.

A runaway which imperilled several lives occurred outside the manufacturers' building, when a team attached to one of the Simpson Company wagons took fright. A number of persons just saved themselves by their agility. One man, who tried to stop the horses, was knocked down, but rose apparently none the worse. The wagon struck a hydrant and the horses broke away and headed for the bank stand. Spectators were horrified to see that a lady with a child in a go-cart were directly in the way, but the mother, snatching up the child, fled to safety in the bandstand. Next instant the horses crashed into the stand and were thrown to the ground.

The Chapman Double Ball Bearing Company of Canada, Limited.

Are you interested in the theoretical or practically in machinery? Do you make you "feel good" to watch perfect rotary motion, either for its own sake or for the sake of what it stands for in efficiency, either way you will find it worth while to look up the exhibits of the Chapman Double Ball Bearing Company, one of which is to be found near the centre of machinery hall, and the other on the east side of the transportation building.

Without any possible doubt or question what you will find in these exhibits is the latest word in the long endeavor towards perfection in the transmission of energy, and the practical answer to the demand for cheaper power, for it is a well known fact that over half the power generated is wasted by friction.

Supposing your interest to be purely theoretical, merely the gratifying of a taste, go to the machinery hall exhibit and watch one of the belts work. There is one "belt" that will claim your interest at once. It is a single, common "spool" thread. Without the aid of a pulley, it is merely passed round the polished steel shafting. But it is doing its work—it is driving a line of shafting equipped with pulleys that is different from any other line only in that it is equipped with Chapman Double Ball Bearings.

A more practical interest will discover that there are no limits to the application of the device. Wherever a wheel turns, its turning will be easier and more effective if Chapman Double Ball Bearings be added. This ability is very thoroughly demonstrated in the exhibit itself and in the entire building. All the machinery in the hall is being equipped with bearings that run on the Chapman Bearing.

After all there are very few whose interest can be wholly theoretical. Your interest should be in the power that there are no limits to the application of the device. Wherever a wheel turns, its turning will be easier and more effective if Chapman Double Ball Bearings be added.

The same can be said for the rough that the installation of Chapman Bearings means 75 per cent. of your shafting friction saved, as well as practically all expense in lubrication and attention. It means no more hot-box and running babble.

The same can be said for the rough that the installation of Chapman Bearings means 75 per cent. of your shafting friction saved, as well as practically all expense in lubrication and attention. It means no more hot-box and running babble.

Over one thousand of the Canadian factories are now using Chapman Double Ball Bearings. These are recent orders received in one of the complete equipment of the National Transcontinental Railway shops at Winnipeg.

The exhibit in the transportation building includes a full line of their bearings, as applied to vehicles and automobiles. They have recent orders for the manufacture of automobile hubs, brake drums, hub flanges, etc., and have already booked orders for several thousand sets.

B. C.—Canada's New Eden. If Toronto's exhibition, in the future, never does more than provide a two-weeks' entertainment for over a million of our fellow citizens, it will have lived in vain, for this season she has done more to attract attention to one of the Dominion's greatest provinces than any other world fair put together.

This province is British Columbia, of which easterners knew but very little prior to a year ago, when the British Columbia set down an exhibit for the first time.

Simply a glimpse at the wonderful things shown in the British Columbia exhibit, and you will be convinced that it is sufficient to engage everyone's attention. The glorious and luscious display makes them all sit up and take notice. In the practical fruit and vegetable exhibit in the same building, they realize that there is another "Garden of Eden" in Canada, and that Ontario has a real rival and this is borne out in the challenge of W. J. Brandith, assistant exhibitions commissioner for the province, who will give \$10 to any local exhibitor, if the Ontario people can duplicate the quality of a box of superior fruit from any other province.

This year the British Columbia exhibit is a B. C. exhibit that he is as willing to take chances on. The latter are being shown at the Vienna World's Fair, and the government count on the exhibit to be very extensively planted. It succeeds very admirably the lower Fraser country. The plums grown in British Columbia are reputed to be infinitely superior to those of any other province. Olivette cherries are grown in Victoria, Vancouver Island. They are the best of all present, and are being planted on the tree longer than any others. They are peculiar to the Pacific coast. The splendid shipping qualifications of the Belle of Georgia peaches are furthered when it is considered that the de-stood view traveled 2500 miles and have landed beautiful in color and in prime condition.

Edward Bullock-Webster, who is in charge of the exhibit, is somewhat disappointed that the apricots and grapes that were promised for the exhibit, have not arrived. He considers them as highly superior as the other tempting fruits on display.

The object of the exhibit, tho, is not to advertise the possibilities for fruit but to show that have been developed by the aggressive McBride Government. The transformation of cattle ranches into the last five years the fruit trees planted average two-and-a-half million per year.

Alberta Grain Exhibit.

Western Canadians possess the proverbial western eye for looking at things and doing them in a big way. This is exemplified to an extraordinary degree at the exhibit of the Alberta Government in the horticultural building at the Canadian National Exhibition. Whereas grain is usually shown by the bag or bushel the Alberta exhibit shows the product in grain pyramids on the basis of the crop acre.

Visitors unite in their expressions of admiration of the beautifully decorated walls of the exhibit rendered golden with sheaves of grain representing different varieties and adorned by specimens of the same and native grasses of fertile Alberta.

The exhibit displays six acre yields of shroved grains is a grand and inspiring one, and is a most interesting department of the Alberta exhibit. It is a more practical interest will discover that there are no limits to the application of the device.

Another was grown by Robt. McKay of Blackfalds, yielding 55 bushels by measure per acre, and 44 lbs. per bushel. Pawson Bros. of Coaldale sent an acre yield of spring wheat which went 53 bushels per acre and weighed 55 lbs. per bushel.

The yield of Standwell barley averaged 53 bushels per acre and weighs 54 lbs. per bushel. The remarkable feature of the Alberta Government's grain exhibit is the excellent quality of the grain as a large number of the samples shown are of the highest quality. It is a more practical interest will discover that there are no limits to the application of the device.

The exhibit in the transportation building includes a full line of their bearings, as applied to vehicles and automobiles. They have recent orders for the manufacture of automobile hubs, brake drums, hub flanges, etc., and have already booked orders for several thousand sets.

Consumers' Gas Co. Exhibit.

In gas versus coal as fuel, judgment is rendered unanimously for the former by the high court of public opinion at the exhibition. The facts and figures are clearly flashed out in the beautiful arched stall of the Consumers' Gas Company under the dome in the process building. From the quotations made it is evident that for a long period gas is likely to be by far the cheapest as well as most convenient fuel for the chef and the housekeeper in general, for all kinds of cooking ranges, kitchen heaters, water heaters, etc.

The brilliance of the illumination both during the day and at night at the Consumers' Gas Company's display affords convincing proof that gas is furnished by its own with electric light in every department.

The stall itself is one of the attractions of the process building, by the beauty of its arrangement. The exterior arch is artistic with 31 glowing and flashing incandescent gas lights. The interior of the arch is radiant with twelve beautifully designed gas lamps.

At the east side of the Consumers' Gas Company's exhibit the words "Gas Sign" show the brilliance of scientifically constructed gas jet signs. This is also demonstrated by the exhibition of a bulletin board lighted by small gas lights.

It is surprising how many household uses gas can be put to, which impress themselves immediately upon the visitor to the Consumers' Gas Company's exhibit. A mass of valuable information on the proper management of gas is furnished by the staff of courteous attendants, who explain how the best results both in lighting and heating are to be obtained at a minimum expenditure.

An announcement which will appeal to many is one stating that special terms of payment can be arranged with gas ranges, but are deterred by the initial expense.

The very latest ideas in regard to gas burners are embodied in the exhibit of the Province of Ontario, and the remarks given expression to by these patrons, it is evident the idea of donating to the Sick Children's Hospital the proceeds of the sale, by the cup burners. All who use gas, either for heating, cooking or lighting purposes, can secure important information respecting the supervision of their burners.

The Consumers' Gas Company will inspect every lamp and range sold by their every three months, and their inspectors must give any information desired regarding their management. This is a form of co-operation of mutual benefit, as it retains the patron's confidence in the best possible results, and it is a form of co-operation of mutual benefit, as it retains the patron's confidence in the best possible results.

Scientific Products of the Domestic Specialty Co.

It looks as if you but the idea grips you when you study the word "Stom" flashed from electric light globes.

St-a-o-n—you can't just grasp it a shoe polish, put up in paste form, for black or tan shoes, and it is true to its name—it stays on. Such is also the name of a brand of stove polish, and likewise a pipe enamel of superior qualifications, that are being shown in the process building by the Domestic Specialty Co., of Toronto and Hamilton.

Yet there is another of those Roosevelt names—"Veribrite." That expresses the magic virtue of Venoli Furniture Polish, which cleans, shines, polishes, woodwork, hardwood floors, etc., to their original finish.

Being specialists in domestic specialties, the firm has several other practical articles on exhibit, one that is attracting much attention and the samples of which are much in demand, being Ideal Silver Cream. This is a liquid is a vegetable preparation containing no acid whatever, and will not scratch the finest silverware. It is guaranteed to make a more lasting shine than any other polish in the world and is absolutely unobjectionable. It is sold in 8 and 18 ounce bottles at 25 and 50 cents.

When at the booth take a look at the glistening brass rail on which you are leaning. Mr. C. G. Pingle, who is in charge, will tell you the company manufactures the rail, and it will shine on. He will also be pleased to explain to the shoe factory trade the rare qualifications of the leather dress shoes in the United States. The Domestic Specialty Co. are the largest manufacturers of rubber cement in Canada.

Tool Steel From Railway Spikes. This is what the Canadian Malleable Iron and Steel Co., Ltd., are showing at their exhibit in machinery hall. Already thousands of the best mechanical experts have seen it and are convinced that the dream of ages has been realized. For centuries chemists and metallurgists have been trying to discover a process for the manufacture of tool steel from iron, but until three months ago the attempt has been unsuccessful. Mr. Henderson, who is at present in charge of this company's exhibit, is the discoverer of a process by which tool steel can be made from iron.

At the laboratories of the company at 22 Humboldt-avenue, where the steel is being made, demonstrations are going on daily, and those who are sufficiently interested are invited to bring their own iron. If they will permit they may remain for the four hours and take away the same pieces in steel. They can then work them up at their leisure and make the finest tools. The company also extend an invitation to all business men who visit the grounds to see their exhibit at the Manufacturers' Building, where tool steel will be fully explained.

Prosperity of Yorkton. So many are in the rapidity of the growth of Canadian cities in the new provinces of the northwest that they appear like fairy tales. But the representation of these wonderful new commercial centres are right there with the goods at the exhibition to disprove

Archers Heaters and Gas Grates.

For gas-saving appliances see the exhibit of the Archer Light, Heat and Power Company in the stove section of the process building. The Archer boiler for house heating burns fuel, oil, gas or coal. The Archer bath tank heater shows 5 per cent. in results better than other heaters.

A Fine Piano. The Martin-Orms Piano exhibited in the manufacturers' building at the fair are attracting much attention, the plain modern style of architecture being much admired. One small antique oak player, made especially for people living in small apartments or flats, should not be missed by anyone interested in these instruments.

Fine Old Jamaica Rums. Fred L. Myers & Son, whose office and bonded warehouse are located in Kingston, Jamaica, have a very distinctive exhibit of fine old rums, wines and spirits in the British West Indies section of the horticultural building.

Ladies have until noon Sept. 3 to bring in your best fruit in the Soham jar and compete for the \$5 prize. Under grand stand at National Exhibition.

Receive Much Favorable Comment at the Exhibition—Display 1911 Models in Transportation Bldg.

That the Russell-Knight Automobiles rank with the highest grade cars of Europe and America has been proved conclusively by the experience of users of these cars during the past season.

The Knight motor, which attracted so much attention thruout the world when its principles were first made known, was a strong feature of the automobile section of the Canadian National Exhibition a year ago. Curiosity has now given way to a thorough appreciation of the motor and its work, and the interest that is being taken in the Canada Cycle and Motor Company's exhibit this year is a tribute to the reputation and performance of the Russell-Knight models shown.

The Russell-Knight models shown are 28 and 22 horse-power respectively, and there is also the popular 30 Kingston model. The Russell-Knight new "fora doors" are a feature of all the cars and the design and workmanship are up to a high standard.

The appointments of the big 45000 limousine, which is fitted with a 38 h.p. Knight engine, leave very little to be desired. The interior fittings that are marvels of usefulness and compactness and include electric roof and corner lights, speaking tubes, power holders, case and toilet cases, etc. Even the windows are a little better than most, the uprightly each being entirely hidden.

The big 35 horse-power touring car, fitted with Knight engine is also shown at \$5000. It is a seven seater, finished in blue with black trimmings and has the new universal demountable rim.

A striking feature is the 22 h.p. Russell-Knight torpedo roadster, a two seater with high side doors and a top that fits close back to the body. This model is fitted with the demountable Rudge Whitworth wire wheels, introduced by the Canada Cycle & Motor Co. this year. The body work is London coach green with black and nickel-plated trimmings, price is \$3500.

The four-seater with torpedo body is an attractive looking car finished in handsome French grey with nickel fittings and grey leather work.

A 22 Russell horse-power Knight engine model with seating accommodation for five is shown at \$3500.

The models shown with the well-known Russell engine are a model R cab or town car, a seven passenger touring car, a five passenger and a 30 horse-power roadster. The town car is finished in green with black paneling and can be bought for \$2500. The seven passenger 30 horse-power touring car is completely equipped with top, lamps, wind shield and speedometer for \$2750.

The five passenger model is finished in blue, and is also completely equipped. It sells for \$2350. The roadster is a stylish car, red in color, and is completely equipped with 30 horse-power Russell motor at \$2350 also.

Altogether the showing is the subject of much favorable comment by automobile visitors.

The largest assortment of Brewster, Caffery, Lane and Hartford Horse Show Buggies in the City at Show Rooms of the Conboy Carriage Co.

ROBERT EDESON

Who will be seen at the Princess in his own play, "Where the Trail Divides."

## AT THE THEATRES

**Robert Edeson at the Princess.**  
Once more enacting an American Indian type, Robert Edeson will appear at the Princess Theatre for one week, commencing Monday afternoon, in his own play, "Where the Trail Divides." This will be Mr. Edeson's first visit to Toronto as a star, but his reputation as a leading man will urge his coming visit with delight. The play in which Mr. Edeson is to appear here was suggested to him by Will Lillibridge's novel of the same name and deals with the ever-present racial problem of intermarriage between the Indians and whites in the United States. Mr. Edeson depicts the role of How Landon, a full-blooded Sioux Indian, who has been brought up by Col. William Landon, a wealthy rancher, in company with Landon's adopted daughter, Bess. The pair have fallen in love with each other quite naturally, and just as the play opens Landon, whose health is failing, sends east for his only living relative, Clayton Craig, who arrives and at once falls in love with Bess. She keeps her promise to marry How, and also Craig endeavors to prevent the marriage by exciting racial feeling against the union. How circumvents his plans and the marriage takes place. They settle down to a lonesome married life, and when a few months later Craig returns, Bess goes thru a revolution of feeling, with the result that How surprises her in Craig's arms. He fights the matter out in his own mind and finally tells Bess that he will leave and allow her to secure a divorce and marry Craig, if she really loves him. In due time, having secured the divorce, Bess marries Craig, but their love is short-lived, for a few months have passed they return to the west, Craig in the meantime having frittered away both his own fortune and hers. The sight of Bess brings back all the old love to How and reveals to her all the more Craig's smallness. Then, with matters at this tense juncture, Mr. Edeson arranges the climax in a manner which ends as happily as possible. Henry B. Harris has furnished his star with an excellent supporting cast, which includes Eva Danison, Cordelia McDonald, Malcolm Duncan, George W. Barnum, Joseph Rawley, Charles Chapple, John Prescott, Ship Camp and E. M. Dresser. The production has been completed with care to detail and shows a typical western atmosphere, with, however, the peculiar fact that there is only one character in the play who wears the sombrero and chaps, so long identified with the stage cowboy. The usual matinees will be given.

At the Royal Alexandra.  
The operas selected for presentation by the Aborn English Grand Opera Company during its week at the Royal Alexandra beginning Monday (Labor Day) matinee and night, are: "Carmen," the arbitrary list known as the "popular classics," or, in other words, operas that are both popular and classical. Bisset's splendid "Carmen," which Bellagie characterized as "a miracle of the imagination," will be given both Monday afternoon and Tuesday night, with Louise Baron in the title role at both performances, while the balance of the cast will be partially changed. Tuesday night, Edith Helena will assume the stellar position in the title role in "Lucia di Lammermoor," a part in which she has been a sensation in the States. Balfe's immortal ballad opera, "The Bohemian Girl," will be given Wednesday afternoon with Mr. Schuster as the count, Mr. Breyden as Thaddeus, Mr. Shields as Devilshoof, Miss Braendle as Arline and Miss Ladd as the queen. Verdi's most popular work, "Il Trovatore," will be given Wednesday night with Miss Le Baron, Braendle and Lucastone and Shields in the cast. Thursday night Miss Helena will return to the stage as Marguerite in "Faust" with Mr. Russo as Faust, Mr. Shields as Mephistopheles, Mr. Luckstone as Valentine, Miss Le Baron as Selbi and Miss Ladd as Martha. The balance of the week will be devoted to repeats. Friday night "The Bohemian Girl," Saturday afternoon "Lucia di Lammermoor," and Saturday night "Il Trovatore."

The Royal Alexandra schedule of prices will not be advanced, as is usual with grand opera, and therefore this engagement is designated as one of "popular prices," by comparison, ranging from 50 cents to \$2 at night and 25 cents to \$1.50 for afternoons. All operas will be sung in English, of course, as this is the feature which has contributed most to the fame of the Aborn organization, it being the largest organization giving grand opera in the familiar tongue in America.

Vaughan Glaser at the Grand.  
Vaughan Glaser opens his engagement at the Grand next week with special holiday matinee Monday, Labor Day. In the new play, "The Man Between," Mr. Glaser will be seen in

JANE L. BRAY  
At the Gayety next week.

PAULA BRAENDELLE  
Soprano, with the Aborn English Grand Opera Co., at the Royal Alexandra.

the role of John Stoddard, the builder of bridges and lover of class distinctions. The chief interest centres in the romance, the love story of John Stoddard and Janet Van Nest, the engineer of the bridge, and the daughter of the president of the corporation, which is building the giant structure. They stand wide apart in birth, breeding and social environment, but they have a common love for humanity.

The staging is realistic in the extreme, but most effective of all is the bridge building scene, showing a big cantilever type of bridge in course of construction, with the workmen busy about and upon it. Mr. Glaser has, in John Stoddard, a part thoroughly suited to his temperament and style.

At the Majestic.  
Four performances daily at 5 and 10 cents admission, will be given at the Majestic next week, with a splendid bill. For example, there will be Rialto's famous American Mannikins, a novelty act which is a frolic of genuine fun from start to finish. Next in order of merit will be the renowned Res & Co.'s Palmists, who have an act which is a little out of the ordinary of turns of this character. The McDonnells, who are described as musical inventors, will play divers instruments of their original construction.

A satire on "Hamlet in Vaudeville" will be introduced by Delay and Holcombe. Dickens and Floyd, a team of acrobats, will be seen in an original knock-about turn. John Ayres, the character comedian, will dispense a "bunch of fun," negro melodies and dances. There will also be moving pictures.

At Shea's.  
At Shea's Theatre next week Manager Shea has one of the biggest and best bills presented in some time. New acts have a conspicuous place on the program and the headliner, La Pia (The Enchantress), makes her first appearance in America this week, coming direct from the Palace Theatre, London, with her magnificent scenic dance.

La Pia presents a bewilderingly beautiful and brilliant series of fantastic dances, such as have never been produced on the stage in any country. The dances are four in number—the Dance of Japan, in which La Pia makes her entrance in a novel and surprising manner, surrounded by myriads of lanterns; the Dance of Gold, in which La Pia becomes a human rainbow, the entire stage resembling a shimmering mass of shewn; the Dance of Fire, the most weird and original dance ever presented. La Pia, even as the moth is drawn to the candle, is irresistibly attracted by the Fire of Love, which in the end consumes her in its all-

devouring flames. Words fail to describe the sensational Dance of the Sea, in which La Pia as the sea nymph is seen swimming in the angry sea. Thunderous billows are relentlessly beating her down, but she struggles on until one final deluge overpowers her and she sinks at last to rest beneath the waves. The lightning effects are on a scale never before attempted on any stage.

The special extra attraction are the Four Baltus, who came direct from the New York Hippodrome. They are marvelous Olympian acrobats. Julius Tanner needs no introduction to Shea-goers, as he is one of the famous mountologists who visit Toronto. Newcomers at Shea's are Fay, Two Coleys and Fay, who have an originality and novelty, introducing black-face singing, talking and dancing act. They represent a part of a disbanded "Uncle Tom's Cabin" company. A warm welcome, indeed, is awaiting Gracie Emmett and her company in their laughing success "Mrs. Murphy's Second Husband." Edwards, Van and Torney are three singing comedians who are seen here for the first time. Zeno, Jordan and Zeno are comedy aerialists. Karl Baker, his first appearance here with his one-string violin. The show concludes with new pictures in the kinetograph.

"My Man" Coming.  
Frederick Thompson, celebrated for such productions as "Brewster's Mill," "Folly of the Circus," "Via Wireless" and "Springtime," has branched out in a new direction in the new play "My Man," which he will present at the Princess Theatre during the week of Sept. 12. The theme of the play is crime and punishment, entwined with a powerful love story. There are only six people in the cast, but each has registered an individual triumph.

At the Star.  
For the week beginning Monday, we will have "The Rollickers" at the Star Theatre. This is one of the best equipped organizations on the road. Clem Bovin, in his "Rube" character, Jas. E. Nichols, the clever comedian, and Miss Alice Mauds Poolie, who heads the company, are a host in themselves. Nadell and Bell in a novel act; Cole and Warner, German comedians, and a number of other well-known artists also furnish entertainment. The musical numbers are new, bright and snappy. Champion Jack Johnson is the added attraction that has been secured, and he will positively appear at every performance in his bag punching and sparring act. The usual daily matinees will be given, and a record-breaking week is looked for.

At the Gayety.  
The snappiest of all fun shows, the

VAUGHAN GLASER  
Who will be seen at the Grand in "The Man Between."

# Piano Tone Quality

There is a certain "indefinable something" about the tone of the

## Gerhard Heintzman Piano

that places it on a pedestal as Canada's Greatest Piano. This is not the result of accident, but honest endeavor applied by experts through the past fifty years.

If you have in mind the purchase of a GRAND, SELF-PLAYER or UPRIGHT PIANO, it will be to your interest to see and hear the

## Gerhard Heintzman

at the Industrial Exhibition (south side in Manufacturers Building), where a special display of exclusive designs is on exhibition, or in the salesrooms of the NEW GERHARD HEINTZMAN BUILDING, 41-43 Queen Street West, opposite City Hall, where a duplicate of the Exhibition designs is also on view.

Your present piano will be taken as part payment and liberal terms arranged for paying the balance.

**TO CARAVAN THRU CANADA**  
Daughter of Late Dr. Gordon-Stables is Making Plans.  
Miss Ida Gordon-Stables, of London, England, daughter of the late Dr. Wm. Gordon-Stables, the favorite author of boys' books, is spending a few days in Toronto on her way to the western coast. The late Dr. Gordon-Stables spent much of his time caravanning and the desire and love for the gypsy life is still in his daughter. It is with the intention of planning such a trip thru Canada that she has crossed the Atlantic. Like her father, this young lady, who prefers "roughing it" to leading up her large social connection in England, has also more than ordinary talents in the literary line. This is her first visit to Canada, and she intends coming with her caravan next year, and will devote her leisure time to the writing of articles on "Caravanning in Canada."  
Miss Gordon-Stables' father was the originator of this pastime, which now has quite a fascination for many of the wealthier class in England, and it was on one of these trips that he wrote one of his most famous works, "The Cruise of the Land-Yacht Wanderer." It is with this caravan that the daughter will travel thru Canada, from the Atlantic to the Pacific. It is made of solid mahogany, weighs over two tons, and is compactly fitted up into a very comfortable suite.  
His Thanks to the Chauffeur.  
New York Tribune.  
A New York merchant takes his vacation in the form of long and short automobile trips with his family, on which he is usually accompanied by a nightingale car owner, also accompanied by his family. On his return to the city from a four days' trip he found this letter from the proprietor of a country hotel: "When we saw your two cars stop at our house early about the road, two of the youngsters bought postal cards and the ladies sat on the porch and drank water which your girls brought them. Your friend's shoer mended off and got a drink downstairs at the bar. That's what we got out of a party of nine. I want you to thank the young fellows who bought the drink, your automobiles are great for country hotels."

**YOUR VISIT TO THE EXHIBITION WILL GIVE YOU THE OPPORTUNITY TO CALL AT MY OFFICE AND SEE MY BELT. CONSULTATION IS FREE.**  
**DR. McLAUGHLIN'S ELECTRIC BELT IS MADE FOR YOU.**  
To those whose vitality is exhausted and who find themselves, young in years, broken-down wrecks of what they ought to be, the Dr. McLaughlin's Electric Belt is full of encouragement. It is the success of the age in elevating the condition of those suffering from a loss of vitality.  
Are you a weak person? Are you nervous, fretful and gloomy? Is your sleep broken? Have you pains and aches in different parts of your body? Is your back weak and painful? Have you lost the vigor of youth? Are you rheumatic or gouty? Does your back ache? These are the results of the waste of vital force. The gentle stream of electricity from my Belt, going into the nerves and weak parts for hours every night soon replaces all energy and makes every organ of the body. This is strength. From it come the vim, the energy, the fire of perfect physical and mental action. It renews health and happiness.  
This Belt, with special Electric attachment, will restore your vigor. It will check all loss of vitality, and affects every organ of the body. It cures Nervous Debility, Rheumatism, Lame Back, Lumbago, Sciatica, any case of Kidney Disease that has not gone as far as Bright's Disease, Stomach Trouble, Constipation.  
**AMPLE PROOF WILL BE GIVEN YOU ON REQUEST.**  
All I ask is reasonable security that I will get my pay after you are cured. I will send my new Belt with its Electric Suspensory and all attachments necessary for your case, and you can

# THE FORMULA OF "FRUIT-A-TIVES"

## Is On the Outside of Every Box For All The World To See

Every user of "Fruit-a-tives" knows exactly what is being taken. The formula of this famous fruit medicine is printed plainly on the outside of every box. We have stated many times—and now state clearly—that "Fruit-a-tives" is made of the juices of apples, oranges, figs and prunes, with valuable heart and nerve tonics and antiseptics.

Everyone knows that fruit juice is healthful—but perhaps some do not understand why this is true. Fruit juice consists of about 91 per cent. water, 8 per cent. of sweet principle, and 1 per cent. of a bitter substance. It is the quantity of bitter principle in fruit that gives the fruit value as a medicine. An eminent physician of Ottawa, after years of experimenting, found a method of increasing the bitter principle in fruit juices, thus increasing the medicinal or curative qualities.

The juices are first extracted from fresh, ripe oranges, apples, figs and prunes. By a secret process, some of the sweet atoms are replaced by the bitter principle. Then tonics and antiseptics are added, and the whole made into tablets, now known far and wide as "Fruit-a-tives."

"Fruit-a-tives" is the only medicine in the world that is made of fruit juices, and is one of the few remedies that have let their composition be known from their introduction to the public.

"Fruit-a-tives" is Nature's stimulant for the liver, bowels, kidneys and skin. In cases of obstinate Constipation, Liver Trouble, Indigestion, Backache, Rheumatism, Headaches and Impure Blood, this wonderful fruit medicine cures when everything else fails.

"Fruit-a-tives" is sold everywhere at 50c a box, 6 for \$2.50, or trial box, 25c, or will be sent, postpaid, on receipt of price by Fruit-a-tives, Limited, Ottawa.

### LAUNCH EXPLODED

Two Young Men Forced to Jump into the River to Save Themselves.

**SANDWICH, Sept. 2.**—Two young men had a dangerous experience last night near the Pittsburg Coal Company's dock, when their gasoline launch became ignited from an explosion, and they were forced to jump into the river to save themselves from the burning gasoline.

The launch was in five feet of water when, without a moment's warning, an explosion occurred, and the little boat was enveloped in flames. One young man's neck was slightly burned. Both waded to shore in the shallow water. The boat is a total wreck. The loss is about \$900. The men refused to give their names and got away as soon as possible.

### POLICE FOR HUDSON BAY

**HALIFAX, Sept. 2.**—Lieut.-Colonel Fred White of Ottawa, controller of the Northwest Mounted Police, has been in Sydney for two days past, arranging for the shipment of supplies to Hudson Bay for the use of the police in that section, and for the work of the Hudson Bay Railway. It seems that the opening of the Hudson Bay district will mean much to Sydney during the construction stages of the road. Sydney is nearly four hundred miles nearer Hudson Bay than Quebec, and the supplies of coal and steel are practically certain to go from Sydney.

### A Fine Trip, This

A visit to the exhibition is not complete without a trip through the Niagara fruit district to Niagara Falls. Take the steamer "Lakeside" or "Garden City" from Yonge-street wharf at 8 a.m., 2 p.m. or 5 p.m. Return fare only \$1.00 to Niagara Falls, tickets good three days. Phone Main 2558.

### Conductor's Leg Broken

**WOODSTOCK, Sept. 2.**—Conductor Bruhat, residence Hamilton, running on the Port Dover division of the G.T.R., while stepping from his train here this evening, stumbled and fell, sustaining a compound fracture of his right leg. He was taken to Woodstock Hospital.

**MAGI**  
THE WATER OF QUALITY

At least half the secret of the snappy freshness of MAGI Water lies in its bottling. It is bottled only at the Spring—NEVER shipped in bulk—and from the instant it gushes forth from below bed-rock until you open the bottle on your own table, not even the air and much less anything else, ever touches it. Even on its journey from bed-rock to bottle, it flows only through glass, silver and nickel pipes.

Every bottle is washed, sterilized with monomelic acid, and then filled with MAGI Water itself, before it is passed by our inspectors. And the cleaning is thorough—both inside and outside.

Remember, MAGI Water is THE Caledonia Water that comes from BELOW bed-rock—never from any surface spring, right down to the rock itself. MAGI is the ORIGINAL Caledonia water—comes from the original spring—from the spring that has been known to white men for over a century.

MAGI can be bought from coast to coast, plain or carbonated. It is sold in splits, pints, quarts and half-gallons at cafes, hotels, bars, drug-stores, on railroad-dining and cafe cars and by your grocer by the bottle or the case.

**Caledonia Springs Co. Ltd.**  
Caledonia Springs, Ont.

## G.T.R. CAN EXPROPRIATE LAND THE CITY IS AFTER

### Entrance of Hydro-Electric Power Line May Be Affected by Railway Commission Decision.

Trouble may be expected between the city and the Grand Trunk regarding an expropriation by the latter of certain lands in the neighborhood of the exhibition grounds, just granted by the railroad commission at Ottawa. The lands lie between Bathurst-street and a point west of the grounds, and the Grand Trunk wants them for grade separation. It appears that a strip of the land is required by the city as a right-of-way for the hydro power line, and the city claims to have already expropriated this strip under the municipal law.

Judgment in the case was reserved by the commission, pending an engineer's report on the possibility of both railway and power lines being run over the same ground. In the meantime, however, the Grand Trunk is authorized to go ahead and expropriate. The city authorities claim priority for their expropriation, and it seems inevitable that the matter will have to be settled in the courts.

The impasse attaching to the dispute lies in the fact that it materially affects the entrance of the hydro lines into Toronto. It must be borne in mind that the hydro electric commission proper has nothing to do with the matter, as its right-of-way ends at the city limits. From the limits inwards the right-of-way must be provided by the city, and it is merely a matter of convenience that the hydro commission is doing the construction work on the city's account.

Society Notes

After a pleasant three months of European travel, Mrs. Jessie Alexander Roberts is again settled in her home, Admiral-road.

A quiet but pretty wedding took place in St. Paul's Church, Buffalo, on Saturday, Aug. 27, when Miss Margaret May Radner became the bride of Mr. Edwin H. Prattis, assistant manager of Kilgour Bros., Toronto.

Dr. Rivinburg, who makes a specialty of curing stuttering, stammering and all impediments in speech, is still in Toronto at 555 Spadina-avenue, where he is demonstrating daily that he can cure every case of stuttering and stammering in a very short time.

Humane Societies Conference. A conference of Ontario humane workers will be held in the board-room, synd. office, Wellington-street, on Wednesday at 2:30 o'clock in the evening at 7:30 the annual meeting of the Federation of Canadian Humane Societies will be held.

**WOMAN'S CHARM**  
Of Skin, Hands and Hair Preserved by CUTICURA

For preserving and purifying the skin, scalp, hair and hands; for allaying minor irritations of the skin and scalp and imparting a velvety softness; for sanative, antiseptic cleansing and, in short, for every use in promoting skin health and bodily purity, Cuticura Soap and Cuticura Ointment are unsurpassed.

## HECTOR FABRE DEAD

Was Canadian Commissioner at Paris for Many Years.

**OTTAWA, Sept. 2.**—Hector Fabre, Canadian commissioner to France, is dead. He had been sick for some time and the cable announcement this morning was not unexpected. He represented Canada at Paris for a great many years.

## TYING UP THE CITIZENS

### Endeavor to Offset the Hydro-Electric With Five Year Contract.

A prominent business man yesterday told The World that the public should be warned against being tied up by the Toronto Electric Light Co. with five year-contracts. When he went to arrange for his lighting, the company produced a contract, which they assured him was the usual form. On examining it, however, he discovered that it was a 5-year contract, of course at the present rate.

He demurred and suggested that the hydro-electric power would soon be available at a lower rate, whereupon he was assured that that was alright, that the company's rate would come down to the same as the hydro, etc. When he refused positively to sign for 5 years, the company produced a one-year contract which they had all ready.

"It just shows," said this gentleman, "what the hydro-electric is up against. The Toronto Electric Light Co. is trying to get as many of the citizens as possible tied up to five years contracts."

## THE ORIGINAL RUBBER NECK

### Dunlop Rubber Man Wears a Big Rubber Collar.

The largest rubber collar worn at the exhibition decorates the rubber neck of the Dunlop Rubber Man. It is made of Polar Bear High Pressure Steam Packing, and is 6 inches tall. Even at that it does not come half way up to the rubber ears on the Dunlop Rubber Man's collar, which are 12 feet around and the Dunlop Rubber Man is 12 feet high.

## PRaise for Prof. Coleman

### Warm Appreciation of His Address Before British Association.

(Canadian Associated Press Cable.) SHEFFIELD, Sept. 2.—At the British Association meeting Professor Coleman of Toronto, in his presidential address to the geological section, dealt with the history of the Canadian field to bring together, as he said, our knowledge of the most ancient chapters of history in North America as disclosed by recent field work.

## BOYS BLEW IN THE MONEY

**NEW YORK, Sept. 2.**—Recorder McGowan, in Hoboken to-day held two boys, one ten years old, and the other fourteen, in \$200 bill each, on a charge of grand larceny. The prisoners were Hay Bier and Geo. Abram. The story of which they are accused was committed on Bier's father, Morris Bier, who is proprietor of a bakery. The boys took \$200 pennies and \$18 in real money and went to Coney Island. They hid themselves of all their wealth when they were arrested.

## FILL THEM FULL OF LEAD

**HAMMOND, Ind., Sept. 2.**—"Fill full of lead anyone apprehended in the act of attempting to wreck a train." This order was issued to-day from detective headquarters of the Nickel Plate Railway, as the result of four recent attempts to wreck Nickel Plate trains between Hammond and Hegewisch. The Chicago-New York flyer was nearly derailed near Hegewisch yesterday, rail him and straps having been removed from two rails.

## GAVE THE BABY CARBOLIC.

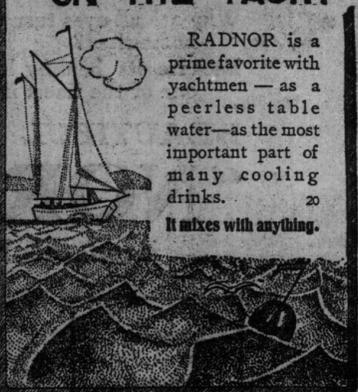

**CLEVELAND, Sept. 2.**—Charged with the murder of her two weeks old baby, Mrs. Elena Stempte of New Philadelphia, Ohio, was lodged in the county jail to-day to await a hearing before the grand jury. Mrs. Stempte confessed her husband had left her five weeks ago, and when he did not return she was discouraged and gave the babe carbolic acid.

## HAD 60 KNIFE WOUNDS.

**WHEELING, W. Va., Sept. 2.**—The police are attempting to unravel the mystery surrounding the finding of the body of a well dressed man to-day under the Ohio River bridge. The man's body showed more than sixty knife wounds. He had been dead for hours. An Episcopalian hymn book was found near the man's body.

The honorary governors who will visit the Toronto General Hospital during the week are Messrs. Elias Rogers and J. D. Ivey.

## RADNOR WATER ON THE YACHT

RADNOR is a prime favorite with yachtsmen—as a peerless table water—as the most important part of many cooling drinks. 20 It mixes with anything.

Among other officers elected are: Vice-president for Dominion of Canada—Col. A. J. Matheson, Ontario. Corresponding secretary, U.S.—A. C. Pleydell, New York City, secretary New York Tax Reform Association. Corresponding secretary Dominion of Canada—G. R. Geary, mayor of Toronto, Ont.

## SEEING IS BELIEVING

Policy to Be Followed in Educating Fruit Growers.

Something new in the way of a fruit growers' meeting will be held at Burlington on Wednesday next. On the invitation of the Burlington Horticultural Society, fruit growers will assemble from all sections of the province, in the orchards of M. C. Smith, a prominent apple grower, and others. They will be shown an orchard which has been fully sprayed and fertilized. They will be shown another orchard that has only been sprayed once, and still another orchard which has been neither sprayed nor fertilized. The idea is to give an illustration of the financial value of modern methods of orchard raising. Experts from the department of agriculture will also be present.

## BOOST FOR CROPS

Anticipated Wheat Yield Placed at Over 106,000,000 Bushels.

**MONTREAL, Sept. 2.**—The western wheat crop got another boost, a six-million bushel one, too, this morning, when the latest compiled report reached the C.P.R. offices. Mr. Frank O. Fowler, secretary of the Northwest Grain Dealers' Association, sent in estimates that bring up the anticipated wheat yield to 106,510,320 bushels. This is estimated on the acreage of 4,432,500 acres returning 12.8 bushels per. The Northwest Grain Dealers Association is looked upon as one of the most reliable estimators of the fall crops. The report to the C.P.R. to-day predicted as follows:

Oats, 4,217,400 acres, at 26.5 bushels per acre, 111,963,000.

Barley, 1,022,000 acres, at 19.1 bushels per acre, 19,520,000.

Flax, 650,000 acres, at 8 per acre, 5,200,000.

Ontario Farmers Want Help. "Any good man can come to us with the certainty of finding employment at from \$20 to \$30 a month and his keep," said Donald Sutherland, head of the provincial colonization department yesterday, in referring to the still great scarcity of farm labor throughout Ontario. The demand is even greater and more persistent than it was a month ago.

Why are all eyes turned towards the Northerly Hill Section for attractive home-sites?  
Because its healthy location and convenience to the city cars makes it one of the finest investments of the times.

# BEAUTIFUL "NORTHLIFFE" is on the Hill, South of St. Clair Avenue, Overlooking the City

Come Out Any Afternoon and See For Yourself or Phone Us For An Appointment

It has many advantages that will appeal to you. You are within the city limits, and entitled to all the city conveniences. Your are just far enough away to be removed from city environment, yet the big, busy city, with its ever-increasing growth and activity, lies at your feet in a superb scenic view. Prices are low now, but will advance rapidly as the trend of business invades the older and southerly sections of the city. Secure a home-site on the Hill before your present opportunity is gone. "Northcliffe" is the last best land buy on the Hill, and large, level lots, for detached residences only, have been surveyed out and are now selling in this carefully restricted, high and healthy subdivision. Only part of the property offered now, balance held for higher prices. The investor and homeseeker should see "Northcliffe" now. Prices and terms are both inviting. Forward your name and let us mail you plan and price list. Take Davenport Cars and a 5-minute walk to Davenport Road will bring you to the property.

### PROPERTIES FOR SALE

C. W. LAKER'S LIST.  
C. W. LAKER, 67 Summerhill Avenue, Phone North 3071.

PROPERTIES WANTED, both large and small—You must send correct descriptions of same if you wish sale to be made. These advertised are right in every way.

TO Lease.  
\$18 UP-TO-DATE in every way—Six-room brick house, all conveniences, only to small family.

162 DAVENPORT ROAD, decorated, eight of the brightest rooms, near opposite Hazelton Avenue, \$28 per month.

LOTS.  
SOME CHOICE business lots on Yonge. Secure one now you have the opportunity, even for investment.

BUILDERS OPPORTUNITY—South of St. Clair, close to Yonge, 120 x 120. Houses would sell very quickly here, Forty per foot.

ON WEST SIDE OF one of the best 600 avenues north of St. Clair. This is only for immediate sale, 50 x 120, one minute's walk from St. Clair, terms to suit; investment, will show you these.

LOCK, 160 x 150—Eglinton Avenue, highest altitude, investment, or secure it for your future home; nothing better can be secured, show it to you.

SUMMERHILL AVE.—Only lot west from Reservoir Park, 25 x 150.

90 FEET, by 150—Choice lot, location all one can desire, well treed, Deer Park.

600 PER FOOT—4 x 120, worth \$46, 100 feet more than 1000 dollars; that is reason; two minutes' walk north of St. Clair Avenue; good investment.

ENDING.  
THE MOST CHARMING spot on Muskoka Lakes.

CONTAINS over thirty guest chambers, and five for family, half-mile sandy beach, with groups of shade trees; with 100 acres of good land, barns, etc., stone stables, bathing house, ice house and laundry; house well finished, hardwood floors, balconies, verandas, acetylene gas throughout, and furnished; all boats call; this is at Port Carling; during summer can be more than filled by the best of patrons; opportunity for someone to sell built and planned, nearly new, square plan, rooms all over ordinary size, parlor and dining room opening into hall, making large room on ground floor; cove ceilings, best of reasons for disposing.

## THE BEST BUY IN NORTH TORONTO

The best investment is land, and land that will rise in value. The best indication of a rise in value is the character of the land, its location, its position in the line of future settlement, the class of residents going in, and the amount of improvements. In all these features there is not an investment in Toronto that equals a lot in

# Lawrence Park

At present prices there should be a rush by investors and home-seekers. Lawrence Park is on the east side of Yonge Street north of Glen Grove, on the Metropolitan Railway. Agent and office at the Glen Grove stop.

**Dovercourt Land, Building & Savings Co., Ltd.**  
24 Adelaide St. East Tel. Main 7280

### PROPERTIES FOR SALE

INGERSOLL—Eight acres, right in residential district of this pretty town; no healthier or brighter spot can be found; house surrounded with trees and shrubs; gas and fixtures, large barn. You may search a long time and not duplicate this in Ontario; price is right; might take house in city for it.

FARM—On Yonge Street, 85 acres, brick house, city conveniences, water in barns, buildings good. See this. Great spot for summer home for gentleman's family. Manager now on premises. Great yield this year. Hard to secure anything like this on Yonge Street; all in perfect order.

C. W. LAKER, 67 Summerhill Avenue, Phone North 3071.

\$8500—FARNHAM AVE., next west to Farnham Lodge, home of J. S. Fullerton, Esq., K.C. If you look over this highly finished, 9-roomed, detached, brick, up-to-date, planned and built for owner's home, you will see it is nearly perfect; the plumbing and woodwork of the best; each room very bright; beautiful grounds to the east; location all one can desire. When it is sold you may search Toronto and not secure its equal; only ten minutes' walk from either Yonge or Avenue Road cars. Key at office; arrange to be at house with it; lot 33 feet; concrete driveway for garage.

\$2800—ALCORN AVE., semi-detached, six-roomed brick house, all conveniences, decorated; \$300 down, balance 5 1/2 per cent; off Avenue Road.

\$2500—SOUTH OF C. P. R. tracks, detached, solid brick, two cellars, concrete, decorated, small detached, can be entered; side entrance, wide lane, half or whole cash at this price; possession; key at office.

\$5300—KINDLY do not offer me less for this \$5300; never been occupied; many times offered close to price; I need \$200 cash, or it would not be in the market at less than \$5,000; 10 of the brightest rooms, hardwood floors, electric bells and wired; gas, separate bath; could have sold twenty times with one thousand down. I know take it after I sell. All right for investment. Hot water heating, pipes cased; two mantels and grates; cheapest built house I have had for two years; possession; key at office; have full control; close to Avenue Road cars, north of C.P.R. tracks.

\$4900—OWNER waiting to go away; close to Yonge, South Parkdale; well built and planned, nearly new, square plan, rooms all over ordinary size, parlor and dining room opening into hall, making large room on ground floor; cove ceilings, best of reasons for disposing.

# Owning a Home Is Cheaper Than Paying Rent

Taking the interest on the money as a standard the man who owns a home gets it for far less than the man who rents one. It is cheaper, better and more satisfactory to own property. Every man—every workman—should own a home. It is easy to do so, too. If you accept our easy plan. We advise the purchase of a lot in the

# Parsons Estate

A splendid lot, with room for good-sized garden, can be secured for \$4 to \$12 Per Foot

Terms: \$10 Down and \$5 Monthly  
You see these terms allow you to pay for your lot, and still have a balance out of what you used to pay for rent to help pay for materials for building your house. Just how easy this is, and just how seven hundred other families have adopted our plan successfully is described in our book, "Who Gets Your Wages?" This book is sent free on request, and we will gladly mail it to you if you send us your name and address.

## Saturday Afternoon, Go and Look At These Lots. Take Your Choice Early

Take Lansdowne avenue car to end of line, go to Davenport road, then east to Dufferin, thence north to the Parsons Estate. Maps and full particulars at the office, if more convenient to call on us down town.

### COULD NOT SEE PRISONER.

KINGSTON, Sept. 2.—(Special)—Philadelphia friends of Carl Duignan (Luke Dillon), the Wolland Canal dynamiter, asked to see the prisoner, but were refused. The parties stated that they had a letter from the penitentiary inspectors and a member of parliament and were indignant at the refusal. They will report the matter to the minister of justice.

### WANTS TO FLY TO THE EX.

ROCHESTER, N.Y., Sept. 2.—John J. Frisbee of this city announced today that his manager, Charles W. Nelson, said that if arrangements can be made with Dr. J. O. Orr, general manager of the Ontario Exhibition, he would fly from Ontario Beach to the fair grounds, either the latter part of this week or the first of next.

## SPECIAL

We have in North Toronto a number of lots belonging to an estate, which we are instructed by a client to sell at once. The estate consists of twenty-five-foot lots, all very choicely located, and many of them are covered with fine trees. We are authorized to sell these at a reduced price for immediate sale, and will be very glad to show the property at any time.

## PERFUMES FROM GARDEN HOW TO OBTAIN THEM

Method of Extracting Scents is Interesting and Worth Study.  
Scent-making represents a favorite garden hobby of the moment. Few perfumes nowadays are made of a single flower. There may be a predominating smell of verbena or of carnations, but probably four or five different blossoms have gone to make up the result and the interest in making the extract at home lies in alloying one to another, experimenting with new combinations and aromas much as a chef tows with herbs and essences in the origination of a new sauce.  
To make the essential oils which are foundation of all the first matter. Once a row of bright, golden, green and colorless oils has been secured, the work becomes a matter of leisure. There are several methods of extracting the essential oil from the flowers. One of the simplest scent-making "plants" is that of a series of shallow trays such as amateur photographers use in toning and fixing negatives. These should be of the same size, so that they may fit one into the other. Sheets of cotton wool must be cut the exact size of the trays, one for each. These are saturated with pure olive oil. How Start is Made.  
The flowers, picked on a fine day after the early morning dew has dried, must be denuded of all but the sweet smelling portion. This entails cutting away not only leaves and stalks, but also the stems and the hard, woody part of the petals. A pad of wool is then laid at the bottom of one of the trays and the petals are arranged on dishes and the petals are arranged on a pair of acetators with the exception of the petals. A pad of wool is then laid at the bottom of one of the trays and the petals are arranged on dishes and the petals are arranged on a pair of acetators with the exception of the petals. A pad of wool is then laid at the bottom of one of the trays and the petals are arranged on dishes and the petals are arranged on a pair of acetators with the exception of the petals.

## AN UNUSUAL PRIVILEGE

Murderer Under Life Sentence Permitted to Minister to Sick Wife.  
KANSAS CITY, Mo., Sept. 2.—The birth of a child to Mrs. R. Clarke Hyde, whose husband is under life sentence for the murder by poisoning of Thomas B. Swope, occurred yesterday morning. Dr. Hyde was not at the bedside when the child, a boy, was born, but arrived from the city jail at the Hyde home two hours later, escorted by deputy marshals. The babe died at 1.40 o'clock in the afternoon.  
While the Hyde baby was dying, Dr. Hyde took an active part with other physicians. He helped to administer stimulants.  
Mrs. Hyde will survive unless complications set in. She seemed to rally wonderfully when her husband was taken to the home by seven deputies from the county marshal's office. At that time doctors said she practically was out of danger. With the house surrounded by guards, heavily armed, and with two deputies in the house, Dr. Hyde was permitted to remain at the bedside of his wife. He was present when the child of seven deputies from the county jail, under the guard of deputies. He will not be permitted to go to the home again.

## Indian Suburb to Messies.

QUÉBEC, Sept. 2.—An epidemic of measles is reported in various fishing settlements on the north shore, between Natarshuan and Harrington Harbor. So far thirteen Indians have succumbed, and the disease has spread to a camp where white men are established.

## Run For Nothing.

A pan of grease smoking on a gas stove in the basement of McDonnell & Dingwall's produce warehouse at 40 Church-street at 10.45 last night gave the firemen a run to that spot. The alarm was turned in by a policeman, who noticed smoke coming out of the cracks of the front door. There was no damage.

## AUCTION SALES

Under and by virtue of the powers contained in a certain Mortgage and in a certain Agreement for Extension and Security, both of which will be produced at the time of sale, there will be offered for sale by public auction, on Wednesday, the twenty-first day of September, 1910, at the hour of 2 o'clock in the afternoon, by SUCKLING & COMPANY, AUCTIONEERS, at their warehouses 68 Wellington-street west, Toronto, the following property, namely: Two-story brick building, containing machinery and property of the

Hides and Skins. Prices revised by E. J. Carter & Co. 55 East Front Street, Dealers in Wool.

FRUIT MARKET. There was a good supply of fruit of all varieties at the wholesale market on Friday.

WATER POWERS AN ASSET THAT NEEDS PROTECTION

Union of Municipalities Pass Resolution—J. A. Chisholm of Halifax is Elected President.

J. A. Chisholm, Mayor of Halifax, was yesterday elected president of the Union of Canadian Municipalities by acclamation.

There was a division of opinion on the question of export power, but the following resolution was passed: "That in the sense of this convention the water powers of the country are a national asset which should be preserved for the benefit of Canada by building up Canadian municipalities and that no perpetual or long term rights of exporting power from such sources should be granted, and that, where temporary rights of export are allowed, there should be clear advantage to the public interest of the public revenue."

Another resolution was passed in regard to level crossings, it being the opinion of the meeting that they were dangerous to the travelling public.

At the City Yards the above figures show a decrease of 42 horses and 55 calves in comparison with corresponding week of 1909.

At the Union Yards, the above figures show an increase of seven carloads—92 cattle, 822 sheep and 1,000 horses, but a decrease of 24 horses, in comparison with the corresponding week of 1909.

CHICAGO GOSSIP. J. P. Bickell & Co. say at the close of the market: "While the tendency was higher at undertone, the market was choppy and nervous."

Chicago Cattle Market. NEW YORK, Sept. 2.—Cattle—Receipts, 25,000; market steady to strong; steers, \$14.00 to \$15.00; bulls, \$12.00 to \$13.00.

Chicago Sheep and Lamb Market. NEW YORK, Sept. 2.—Sheep—Receipts, 15,000; market steady; natives, \$12.00 to \$13.00; western, \$10.00 to \$11.00.

Chicago Hogs Market. NEW YORK, Sept. 2.—Hogs—Receipts, 10,000; market steady; state hogs, \$10.00 to \$11.00; western, \$9.00 to \$10.00.

British Cattle Market. NEW YORK, Sept. 2.—London and Liverpool cables quote American cattle lower, at 12 1/2c to 13c per pound, dressed weight; refrigerator beef steady, at 10 1/2c to 11 1/2c per pound.

Union Horse Exchange. Manager Smith of the Union Horse Exchange reports another quiet week in the horse market.

Clydesdale Horses. J. Herbert Smith, manager of the Union Horse Exchange, reports a consignment of imported Clydesdale stallions, mares and fillies.

Metal Wanted. NEW YORK, Sept. 2.—Standard copper wire, spot and October, \$11.00 to \$12.00; October, \$12.00 to \$13.00.

There was a good supply of fruit of all varieties at the wholesale market on Friday.

# The Greater Simpson's

**V**ISITORS to Toronto never fail to mark the development in this store. It goes right on under the eyes of residents unobtrusively, but people who have not seen it for six months or a year recognize at once the strides of progress.

Our latest announcement of free delivery of goods throughout the Dominion makes it specially interesting for visitors to see the Store. For this great Store—the best constructed and the best equipped mercantile building in the Dominion, is now practically your nearest Store, being the *first* and so far as we know the *only* Store to bring the advantages of selecting from immense stocks within the reach of all, on exactly the same terms as city residents.

We especially invite visitors to apply for our New Fall and Winter Catalogue, and we direct attention to the announcement that we will deliver the goods therein described to any railway station in Canada without extra cost.

While in Toronto, even if not ready to do your Fall shopping, make use of the Store and inspect the worthy, honest goods bought direct from the manufacturer and priced so economically that you really have them close to cost of production.

Then you must see the styles! The very last thing from Paris finds worthy setting in our palatial departments of Women's Gowns and Wraps, Women's Waists and Lingerie, as well as in our celebrated Millinery Showrooms.

The Grand Restaurant and the Palm Room, the Picture Gallery and the Orchestra are attractive features of the top floor, making it exceedingly popular with visitors.

### Welcome Home!

Just back from your vacation? You couldn't have arranged your return at a better time to meet all the good things of the new season.

**JUST IN TIME** to see the new Millinery Models from Paris, that are the delight of women. **JUST IN TIME** to take full advantage of the September Blanket Sale, when prices are less than the present wholesale figures.

**JUST IN TIME** to see everything that is new in fashions as soon as it is unpacked.

### Great Silk Opportunity on Tuesday

Probably there is not a woman visiting Toronto who has not heard of the Silks and Dress Goods Departments at Simpson's. They are famous throughout Canada for their sterling values and superior display.

For next Tuesday we have arranged a sale that will surely add to the reputation of these famous departments. Here are the full details of it:

### Special Purchase of Silks

Qualities that sell regularly at 75c yard, on sale Tuesday,.....59c

3,000 Yards of Rich Satins and Silks, purchased specially and to be sold in one day. Tuesday is the chosen day.

2,000 Yards Colored Satin de Chine, French Satin Paillette, French Messaline, Swiss Satin Merveilleux, etc., in all the new and wanted shades, suitable for afternoon or evening wear.

This is an opportunity worthy of your attention. An early inspection will convince you of the values, 59c per yard.

1,000 yards Rich Black Silks, Satin de Chine, Swiss Satin Duchesse, French Messaline, etc., all are qualities regularly worth 75c per yard. Special Sale price Tuesday, 59c yard.

### Simpson's Black Broadcloths

We'll be making a special display of Black Broadcloths on Tuesday, suede finish, satin finish, glove finish, panne finish, Sedan finish, in our fast unfading blacks; 52 and 54-inch; \$1.00, \$1.25, \$1.50, \$1.75, \$2.00, \$2.50.

Special showing of Black and Navy Serges, Cheviot Serges, English Coating Twills, Diagonal Serges, Wide Wale Serges, Balmoral Serges, West of England Serges, Admiralty Serges, in the new marine and military blue and our fast, unfading blacks; 44 and 46-inch, 50c, 65c, 75c, 85c.; 50 to 56-inch, \$1.00, \$1.25, \$1.50, \$2.00, \$2.50.

### Important to Dress-makers and Home Sewers

A few words about "Simpson's" Laces—New All-overs, in guipure, Irish imitation, Venetian. A large assortment of patterns in fine embroidered nets, soutache braided nets, metal embroidered nets in casimere effects, new colored tosea nets and new black, white and colored dress nets. The new draping chiffons are also here. We invite you to see Simpson's Laces.

### The Blanket Sale

One floor up, this year, ladies! You probably remember that last Exhibition time, when you were buying Blankets here, there were too many people and too many blankets to let you buy in comfort. This year we are in a new, cool, airy apartment, uncrowded and well-lighted, in the Queen and Yonge Street section of the second floor.

A year ago we went into the market and bought the blankets that we are now offering you. **NOW**, we cannot buy such blankets from the manufacturer at the prices we are asking you to pay. We cannot speak too strongly of the values offered here, but satisfy yourself by making comparisons before you buy.

**\$7.00 WHITE SAXONY WOOL BLANKETS, \$5.85.** Thoroughly scoured pure Saxony Wool White Blankets, with a beautiful full, soft, durable, warm nap, pink or blue borders, 10 lbs., 72 x 92 inches. Only 60 pairs. Sale price, Tuesday, pair, \$5.85.

**\$3.85 WHITE UNWASHABLE WOOL BLANKETS, \$2.98.** 100 pairs, 7 lbs., 64 x 84 inches, for double beds, a most excellent washing and wearing blanket. Every pair made for Simpson's high-class blanket trade. Sale price, Tuesday, pair, \$2.98.

**PURE WOOL SCOTCH BLANKETS \$5.88 PAIR.** Every pair guaranteed to be all pure wool and absolutely unshrinkable, pink or blue borders, all blankets finished single. Made as only Scotch people can make blankets, 7 lbs., 68 x 88 inches. For full double beds, 50 pairs. Sale price, Tuesday, pair, \$5.88.

**REVERSIBLE TURKEY CHINTZ COMFORTERS, \$1.48.** Largest size, 72 x 78 inches, filled with pure white fluffy cotton filling, stitched designs, assorted patterns, 100 to sell at, sale price, Tuesday, each, \$1.48.

**1,000 YARDS VERY FINE SAXONY FLANNELETTE AT 12 1/2c YARD.** 33 inches wide, in pure white or pink, perfectly pure and a good, strong, perfectly napped flannelette, one of the best English makes, for Winter wear. Sale price, Tuesday, per yard, 12 1/2c.

**FANCY ENGLISH SHIRTING FLANNELS, 24c YARD.** Splendid new colorings, unshrinkable, strong, durable, warm Ceylon flannels, for men's or boys' Winter shirts, 500 yards. Sale price, Tuesday, yard, 24c.

**300 PAIRS SPOKE HELM-STITCHED PILLOW CASES.** 3 Pairs for \$1.00. 43 x 23 or 45 x 33 inches, torn sizes, and made from strong bleached English cottons. Exceptional value Tuesday, 3 pairs for \$1.00.

**200 BLEACHED DAMASK TABLE CLOTHS, \$1.28 EACH.** Warranted every thread linen, new bordered designs, sturdy Irish and Scotch makes, all are about 2 x 2 1/2 yards. Your choice, Tuesday, each, \$1.28.

**300 LENGTHS FOR GUEST TOWELS, 19c EACH.** Each length is 14 x 27 and 15 x 27 inches, and is all pure linen, full grass bleached, figured huckaback, a big range of pretty new designs. If you buy now you will have plenty of time to embroider or initial them before Christmas. On sale, Linen Dept., upstairs, Tuesday, each, 19c. Phone direct to Linen Dept.

### The Store Calendar:

**TO-DAY** the Store opens at 8 a.m. and closes at 5.30 p.m.

**MONDAY** (Labor Day) being a statutory holiday, the Store will be closed all day.

### Our Increasing Mail Order Business

**S**INCE THE ANNOUNCEMENT HAS gone abroad that we would deliver goods free throughout the Dominion, our Mail Order trade has increased by leaps and bounds.

The aim of this store has been to reach a point in its development where it can serve on equal terms all the citizens of this great Dominion, and offer to every resident of Canada the advantage of Simpson Quality, Simpson Variety and Simpson Economy right at your own door without extra cost and without trouble or risk.

The enormous increase in our Mail Order Business has enabled us to respond to your good-will by being the first store in Canada to extend

### Free Delivery to All Customers.

You need no longer figure out postage, express or freight rates, because the prices quoted in our catalogue are what the goods nearest station, except heavy or bulky goods, as stated in

The Robert **SIMPSON** Company Limited

### The Millinery Salon

Among the places that must be seen by women visiting Toronto during the Fair is the Millinery Salon at Simpson's. Here they see what is authentic and authoritative for the coming season and get a glimpse of beautiful models from the most famous of Parisian milliners.

Better arrangements have now been made for looking after the interests of the young folks who like pretty hats. Our department for these goods has been doubled in size and contains the best assortment of headwear from the small bonnet to the misses' hat, that we have ever shown. For Tuesday we have prepared nearly 100 Trimmed Hats, stylish New York shapes, neatly trimmed with ribbons or fancy feathers, very suitable for school girls of various ages. They will run in price from \$2.50, \$3.00, \$3.50 to \$5.00 each.

### 250 Highest Class Swiss Embroidered Robes

At Quarter Price

\$5.95 \$5.95

Worth from \$18.50 to \$29.50. —Trimming Dept., Main Floor.

We were fortunate this time last year in closing a wonderful deal with the finest robe manufacturers in Switzerland, and which we cleared out in one day. The robes we offer for Tuesday have never been equaled in Toronto for style and quality; it is a veritable triumph of buying. Every one of them are advance models for next season and no two are alike.

We cannot possibly give an adequate description of them, but we just mention a few of the materials and styles:

Shadow and open hand embroidery in Madeira and Broderie Anglaise designs.

Ivory and colored crepe with large coin spots embroidered.

Black and white pin spot and striped muslin, that looks and feels like satin.

Batiste, with hand embroidered spots.

Mullin trimmed with Cluny, Irish and Guipure laces.

Exquisite lawns trimmed all-over with good German Yaks, and innumerable other shapes and materials.

Some of these will be shown in the lounge Street windows, but every robe, whether shown or not, is a good one and would sell ordinarily at \$18.50, \$20.00, \$22.50, \$25.00, \$27.50 and \$29.50. On sale Tuesday morning, Main Floor, New Building, at \$5.95.

### To-day's Bulletin

The following Special Sales take place TO-DAY, as announced in yesterday's papers:

The Half-price Boot Sale for Men, Women and Children—(Second Floor).

The Blanket Sale—(Second Floor).

The \$6.50 Hats in the Millinery Department.

The Sale of School requirements throughout the Store—the mother's opportunity.

Exhibition visitors will find it very convenient and profitable to start the day by having breakfast at the Store. It is ready when the Store opens at 8 a.m. Everything from toast and coffee to a full course "American Breakfast."

### The New "Eppo" Petticoat

The "Eppo" we consider the most practical and best fitting Petticoat ever invented. It is particularly suitable for wear with the prevailing style in top skirts.

Fits without alteration, any size of waist from 20 to 28 inches. The back is shirred flat on an elastic band — this stretches to fit the waist.

Side front opening with invisible glove-fasteners — no strings — no vest to gap at the back. Sold in Toronto only by The Robert Simpson Co.

Supplied in the following styles and materials:

**Fine Imported Saten,** lustrous finish, black only; deep flounce trimmed with accordion pleating, strapping and stitching, finished with narrow gathered frill and dust ruffle, \$1.50.

**Heavy English Saten,** lustrous finish, black only; seventeen-inch flounce, trimmed with rows of stitching, pin-tucking and finished with two narrow-gathered frills, also dust ruffles, \$2.25.

**Egyptine,** a new light-weight fabric similar to "Heather-bloom," black, brown or navy, full, deep flounce trimmed with rows of stitching and pin-tucking, finished with narrow-gathered frill, also underpiece, \$1.75.

**Egyptine,** black only; deep sectional flounce is trimmed with rows of pin-tucking and gathered stitching, and finished with deep stitched frill, also dust ruffle, \$2.25.

**Taffetine,** black only; flounce is made with a deep-gathered frill and is trimmed all over with rows of fine pin-tucking, also underpiece finished with narrow-gathered frill, \$2.25.

Lengths 36, 38, 40 and 42 inches.
