THE EVENING TIMES, ST. JOHN, N. B., FRIDAY, SEPTEMBER 14, 1905.

THE EVENING TIMES.

ST. JOHN, N. B., SEPT. 14, 1905.

The St. John Evening Times is published at 27 and 29 Canterbury Street, every evening (Sunday excepted), by the St. John Times Printing & Publishing Co., Ltd., company incorporated under the Joint Stock Companies Act, A. M. BELDING, Editor.

WHY THIS SLUMBER?

The business men of St. John would deem it an offence if they were charged with a lack of enterprise. Yet only nine of them assembled yesterday to hear an address from the Canadian commercial agent in Australia, who came to tell them that in his opinion St. John had something to gain in the future as a port through which would flow some of the trade which must eventually be developed between these two great states of the British Empire.

The future of St. John is bound up with the external trade of Canada, and the hope of this province lies largely in its becoming a manufacturing as well as an agricultural centre. We can compete in some lines of agriculture if not in the growth of grain; but we can compete on more than even terms in many lines of manufacture, whose raw material is at hand, or can easily and cheaply be laid down here.

CIRCULATION FIGURES

The St. John Star accuses the Times of an attempt to discredit the recent circulation statements made by the Star. On the contrary the Times merely stated the facts, as follows:— "In Printers' Ink one year ago the St. John Star claimed to have an average circulation of 4,000 copies. Yesterday it told its readers that in September 1903 the circulation was 3,261, and that it gained 2,000 in 1904, which would only make 5,261 at the time it claimed to have 6,200. In March, 1905, it claimed a circulation of 6,000, which was almost 300 less than the Printers' Ink statement of the previous year."

As the Times observed, "The Star itself is to blame if the public experience a dizzy spell in trying to harmonize these various statements." The Star now explains that September, 1904, was an exhibition month, and that this explained the Printers' Ink statement; but it made no such explanation last March when the Times called its attention to the little discrepancy. And then, as now, the Star was seeking to "discredit" statements made by the Times.

The Times has not been prompted by envy to disseminate this matter. For days the Star asserted in large type that its circulation in this city alone was greater than the total circulation of the Times. This statement could not well go un-answered when it happened to the Times. That is why the Times has spoken.

The Star now claims that its average circulation for the last three months has been 6,229. The Star is five years old. The Times is not one year old. Its issue of last evening was larger than the figure which the Star claims for itself, the average for the past three days being 6,236 copies. In the last two weeks the Times has received two hundred and twenty-two new subscriptions. In fairness to itself, and to those who favor it with their patronage the Times presents this statement of its position and of its rapid growth in public favor. If there be any quarrel with the Star, it will only be when the Star makes the quarrel.

A MERCHANTS' WEEK

Two or three weeks ago, when it seemed probable that Prince Henry of Battenberg, with several warships, would visit St. John, the Times interviewed a number of leading merchants and hotel men, all of whom heartily supported the idea of having a celebration of some sort for several days, to attract people to the city and give everybody a good time. Mayor White said he would cheerfully call a meeting to consider the question, if desired, and would aid in the work of preparation.

There is a feeling among business men that though we are not to have the Prince and the warships we ought to have a Merchants' Week early in October. No doubt all the transportation companies would heartily co-operate, as passenger traffic is lighter in October than earlier in the season.

Many interested in aquatic sports and in horse-racing say there would be no difficulty in providing attractive sports if the proper inducements were held out. Similar inducements would provide hand concerts, fireworks, and other features. It is a question of ways and means. If the business men can solve that problem, the rest is comparatively easy.

It goes without saying that St. John is too indifferent in reference to what makes for its own advantage in such matters. There should be each year an exhibition or horse show or special feature of some kind to attract the people and give an additional impulse to business.

It is worth noting in this connection that Toronto has just closed a phenomenally successful fair, which crowded the city and brought much money from other provinces to be distributed among Toronto stores and hotels. Here is a sample statement from the Toronto Globe:—"The Toronto Railway carried 4,201,880 passengers during the two weeks of the Exhibition ending on Saturday evening last. This does not include those who travelled on transfers. During the same period the company's earnings amounted to \$178,000.77, against \$161,571.68 for the same period of 1904, thus showing an increase of \$22,500.00 for this year's fair traffic receipts."

And here is another from the News:—"Over 300,000 people, or twenty per cent. more than any former year, were handled by the various transportation companies here at Fair time. The G. T. R. carried 170,000; C. P. R., 70,000; Niagara Navigation Company, 25,000; and other navigation companies, 35,000. In three days, beginning with Saturday, Sept. 2, as many as 476 trains passed in and out of the city, 223 being on the G. T. R., and 132 on the C. P. R."

A GENTLE CASTIGATION

The Times quoted a few days ago the fiery denunciation of Sir Wilfrid Laurier by Hon. Robert Rogers, of Manitoba, in connection with the transfer of Kewatin from that province to the Northwest Territories, which one correspondent asserted would fasten separate schools on Kewatin, and which Mr. Rogers declared to be an outrage on Manitoba.

The Winnipeg Free Press (Liberal) does not take Mr. Rogers seriously. It refers to his utterance in this despotic fashion:—"Hon. Bob Rogers is happy again. For some weeks he has been and because the lambent flames of the lightning have not been playing about his noble and expressive brow. Interior performers—follows like Billy Maclean and Revolution B. Bennett—have been occupying the centre of the stage, while the chief tragedian stalked, moody and forgotten, behind the scenes. But now he has once more come into his own; and, as he strides up and down behind the footlights hurling defiance at that outcast, Laurier, and swearing that he will defend the fair maiden, Manitoba, from insults with the last drop of blood that courses through his manly chest, there is wild and tumultuous applause from the paid clique in the press box."

The sudden death of Mayor P. A. Collins of Boston deprives the city and state of the services of a man who was eminent not only by reason of ability but honesty of purpose. He was a man to whom the Democrats of Massachusetts could point as one who commanded the respect of all parties, and whose name was a tower of strength to their own. By the Irish-American citizens of the city and state he was honored as a representative whose high character won him four years as mayor of a city which in some respects rather prides itself on its exclusiveness.

"I want to make my position perfectly clear; I want to say to you that not only am I not announcing a candidacy, but I am not permitting a candidacy." In these words, in Chicago this week, William J. Bryan, who soon is to start on a tour around the world, stated his position with regard to the presidential nomination three years hence. Mr. Bryan added these obviously sane remarks: "I believe that my place in history will be determined, not by what the people are able to do for me, but what I am able to do for the people."

The number of fictitious names on the voters' lists in Philadelphia was said to have been between 50,000 and 60,000. This was an overestimate, but the facts are bad enough. A despatch this week says:—"The total number of voters in Philadelphia, according to the September canvass, announced, is 339,960, a decrease of 35,810 compared with the canvass made in May prior to the gas lease fight."

A city that has had twenty-one suicides thus far this year is evidently prosperous at the cost of some sacrifice to the strenuous life. That is the record of Winnipeg. A rapidly growing community attracts all sorts and conditions of men, and among them some who are near to despair before they enter its precincts. When the fall there, they give up the struggle.

Another life insurance company is on the gridiron in New York. The enquiry appears to be more thorough than was anticipated by the skeptics.

A QUESTION OF WATER POWER OTTAWA, Ont. Sept. 13.—(Special)—Sir Wilfrid Laurier and Mr. Hyman received a delegation from the Ottawa water-power owners at the Chaudiere, asking the government to prevent owners on the Quebec side to stop a project which was being started to divert the water to the Hull side of the river. The premier said he would look into the matter.

Open till 8 tonight. St. John, N. B., Sept. 15, 1905. Genuine Bargains in Clothing Here Now. WILL MEET AT OTTAWA Anglican Synod Will Hold Its Next Session in the Capital.

QUEBEC, Sept. 13.—At yesterday's session of the general Anglican Synod, being held at Quebec, the house of bishops recommended that Ottawa be the next place of meeting. The motion was concurred in on motion of Canon Richardson, seconded by Very Rev. Dean Evans. Canon Farthing moved the adoption of the report on episcopacy and a discussion arose on the committee's unfavorable report on the Gothicizing system. Sheriff Inlander, of Winnipeg, said local opinion had proved a complete failure in Manitoba, and he objects to the committee's report that prohibition had proved successful in small communities and country districts.

The afternoon was largely occupied by the consideration of the report on Sunday school work. The synod prorogued today at noon. Among the most important reports was one from the committee of church statistics. Since 1902 there has been an increase of clergy over the previous three years by 84; lay members have increased to 109; churches from 1,424 to 1,704; ordained parishes and missions from 1,218 to 1,481; baptisms from 35,518 to 41,303; marriages from 12,329 to 14,344; church families reported from 57,508 to 62,047; number of souls reported from 407,261 to 422,653; communicants reported from 119,250 to 123,471. The contributions for church objects within the province amounted to \$801,477 for three years ending 1902, while for the past three years the total amounts to \$1,000,211, an increase of 70 per cent. Contributions for all purposes amounting to \$6,275,016, an increase of \$1,063,098. Though there has been a gross increase of sixty-one in Sunday schools and 86 in teachers, there is a decrease in scholars, which is considered disappointing and there is also a decrease of 617 in the number of confirmed.

A resolution of concurrence was passed in a message from the upper house relative to a cheque offering in all Anglican churches on the occasion of the Lambeth Conference in 1908. The resolution had been sent down with the recommendation that the offering be designated to the S. P. C. A. This was sent back with the suggestion that each diocese should designate the fund to which the offering be given. This was agreed to. A motion passed to appoint a committee to watch all federal and provincial legislation to further or retard the moral progress of the people. Canon Richardson's motion that steps be taken to seek the appointment of Thanksgiving Day on Sunday, the first working day to be observed as a holiday, was defeated.

ST. JOHN IS APATHETIC Nine Business Men Heard J. S. Larke Talk on Trade Development With Australia

There was a very small gathering of the city's business men at the Board of Trade rooms yesterday afternoon to listen to the address of J. S. Larke, Canada's Commercial representative in Australia, on the development of Canadian trade with Australia. Those present were H. B. Schofield, president; Geo. Roberts, president of the H. Shaffer, of the I. C. R.; W. E. Harle; S. S. Hall; W. S. Fisher; A. W. Macneary; John H. McRobbie, and C. V. Brown. Mr. Larke stated that the maritime provinces were to become the workshop of Canada; consequently it was from this end, not so much from Vancouver that most profitable steamship lines to Australia could be established. The provisions relative to the collection of duties, said Mr. Larke, are not so favorable now as when he left for Australia ten years ago, but this was because of a political change, and he is sure that the matter would be adjusted. A discussion of a brief nature was carried on by President Schofield and others at the close of the address. It was said that Australia's heavy debt, the present social unrest, and the drought, caused delay in business development. At the termination of the meeting a vote of thanks was tendered Mr. Larke for his instructive address.

Y. M. C. A. CONVENTION Thirty-Fifth Annual Session Opened in Charlottetown Last Night.

The thirty-fifth annual convention of the Y. M. C. A. opened at Charlottetown (P.E.I.) last night. The report of the maritime committee recommended that \$1,000 be raised by the convention and that \$2,500 be used for general work each year in 1906 and 1907, \$500 of which is to be set aside and added to the endowment fund to support the work in Madras and India. That more secretarial help be secured for general work. The receipts were \$2,254, and expenditures, \$2,224. Twenty-six associations report 4,032 members, 1,833 of whom are active. Every association has felt the pinch of limited financial support, and many good plans are thereby held up. The distinctively religious work of the associations has been beyond the average. The help of women has been given lavishly in some of the local associations.

"IT'S OFTEN THIS (Louisville Courier-Journal) exclaimed Mrs. De Stile in surprise. "Why, before they were married she used to tell me that he was a Greek god. 'So she did,' responded Mrs. Van Nobb, 'but he turned out to be a regular Bacchus.'"

William F. Powell, U. S. Minister to Hayti, who is on leave of absence at his home, announced his intention of tendering his resignation at once. He gives as his reason for resigning the prevalence of revolutions, riots and events in Hayti, "I have tempted the fates long enough," he said. The Observateur Romano, the Vatican organ, prints an official notice stating that the Vatican authorities have not yet reached a decision relative to their future action regarding the separation of church and state in France.

SUSSEX.

SUSSEX, Sept. 15.—Ernest Whitebeck of Penobscot, met with a very unfortunate accident last evening. He was in the woods herding, and coming across a fox, put a bullet in the gun, which lodged near the centre of the barrel. He fired, and the gun exploded, severing his thumb, and leaving the palm of the hand in a terrible condition. He was driven to Sussex, where Dr. McAllister dressed his wounds.

The plebiscite today of the rate-payers of the town of Sussex for the proposed new school building, is exceedingly interesting, as there are several sides in view, and the town is pretty nearly divided on the question; there is some hustling going on at the polls. The poll will close at 4 o'clock.

F. W. Wallace, who has been attending the annual convention of the Canadian Embalmer's Association at Toronto, as representative of the Maritime Funeral Directors, returned last evening. While there he was made a member of the Canadian Embalmer's Association and spoke in the interest of the press at a banquet at the Bowery House.

Supreme Deputy Regent, D. R. Beckford, of the Royal Arcanum, will make an official visit to Sussex on Monday, Sept. 14, on Friday evening, to discuss business matters in connection with the council.

A. E. Crisp, of the Baptist church here, has engaged, and is putting the exhibition building in shape for the exhibition which will be held here Oct. 2, 3, 4, 5 and 6.

Miss Annie White returned Wednesday after a three months' trip abroad. Miss Minnie Camp, daughter of the Rev. W. Camp, of the Baptist church here, has entered a training school for nurses in Brookline, N. Y.

E. D. Bois Bailly and bride have returned to Sussex from their wedding trip. Mr. and Mrs. Bois Bailly were married at the home of St. George street.

Miss Lena Keith (maiden name, of Salem, Mass., and Miss Julia Keith, of St. John, made a short visit to Sussex Thursday.

Dr. A. B. Twilkie went to St. John yesterday and returned by the midnight express.

Miss Lizette Hallet, of Hazel Hill, left on the C. P. R. to visit friends in Halifax.

HARCOURT

HARCOURT, Sept. 14.—J. L. Morton has been ill for about four weeks. His place as night agent at Kent Junction is being supplied by J. Ernest Woods. Mr. Morton is being attended by Dr. Fairbanks.

The Misses Pint, who, for the last week visited their cousin, the Misses Keenleyside, of Mortimore, left Wednesday for their home in Salem, Mass., via Hillsboro, Albert Co., where they will spend Sunday.

The funeral of the late Hiram Thompson, of Richibucto, took place on Monday, Evangelist Gaskin conducting the services in the Methodist church. The Free Masons conducted services at the grave.

At the last meeting of the Free Masons of Richibucto admitted three new members.

Mrs. Gaskin, wife of Evangelist Gaskin, of Meductic, York Co., who is supplying for Rev. John T. Estey, absent in the east, comes to Richibucto this week.

Misses Lou Robertson and Alma Carter left Richibucto today to resume their studies in Mt. Allison College, Sackville.

LEWIS MORRISON

HERE NEXT WEEK

Famous Actor Will Be At the Opera House on Friday and Saturday.

Lewis Morrison, in addition to being the best living Mephisto, is trained in all the details of stage work. He is famous for the absolute accuracy of lights, scenes, music and properties is greatly responsible for the beauty of the new production of "Faust," in which he will appear here as Mephisto at the St. John Opera House on Sept. 22 and 23. Several thousand dollars have been invested in new scenery, costumes and props, and the Morrison eye is invited to see and to hear any active or proposed misce of these effects, which are dependent

on each other in the necessary ensemble. Several skilled electricians and mechanics were released for many days before the Devil was entirely satisfied. The effect of these pretentious hours of discipline is visible in the exquisite shading of the lights in the Brockton grand and splendid scenes as well as in the dramatic effect of Lewis Morrison himself as Mephisto, the forthcoming production of "Faust" at the Opera House will prove an attraction of Lewis Morrison himself as Mephisto.

The instrumental and vocal music is newly composed while the artists selected to interpret the music were drawn from a well-known New York conservatory, and with the added attraction of Lewis Morrison himself as Mephisto, the forthcoming production of "Faust" at the Opera House will prove an attraction of Lewis Morrison himself as Mephisto.

On each other in the necessary ensemble. Several skilled electricians and mechanics were released for many days before the Devil was entirely satisfied. OBITUARY

Mrs. Weeden Fowler

SACKVILLE, N. B. Sept. 15.—(Special) The death took place this morning at 6:30 o'clock of Mrs. Weeden Fowler, of Sackville. In the evening of the deceased was on a driving tour and arrived here Tuesday night. She became suddenly ill during the night and died at an unexpectant time, from which she never rallied. The deceased leaves a husband, who is the father of her three children, Mr. and Mrs. J. W. Fowler, Walter Cahill, police magistrate, Sackville and two sons, Mrs. Isaac Logan, Ambrose Point and Miss Teresa Cahill of Sydney. She was sixty years old.

RECENT WEDDINGS

Miss Dora Maxwell, of Halifax, N. S., daughter of Mrs. E. Maxwell, was married last evening to D. M. Condon, J. C. R. passenger agent, Moncton, by the Rev. P. J. Stanchione officiating.

Charles Arnold, an I. C. R. machinist, was married at Moncton at Wednesday evening to Miss May Vivian, daughter of Benjamin Charters. Rev. E. B. Hooper performed the ceremony.

A pretty wedding took place at Amherst yesterday morning, when Miss Maud, daughter of D. T. Chapman, was united in marriage to Victor G. Curry, eldest son of N. Curry, president of Rhodes, Curry & Co., Ltd.

Miss Annie Bolton, only daughter of Mr. and Mrs. Wm. Bolton, Summer street, Crofton, was married last night to Harry H. McCrackin, Rev. P. J. Stanchione officiating.

Miss Lottie Holder, daughter of Mr. and Mrs. J. A. Holder, Adelaide street, was married last night to Fred Patterson, Rev. David Long. The happy couple will reside at No. 9 Metcalf street.

Willis W. Rose, of Chicago, was married to Miss Nettie L. Summerville last night. The wedding took place at the residence of the bride's sister in Waltham, Mass.

Miss Elizabeth Kennedy, daughter of Principal Kennedy, of Halifax County Academy, was, last evening, married to F. Frank McDonald, of Reading, Mass., at the residence of her father.

A happy event took place last night at the home of Thomas Thumth, when his daughter, Miss Rebecca, was married to Ambrose Pelky. On returning from their wedding tour Mr. and Mrs. Pelky will reside at 41 Gilbert's Lane.

MIND READING BY MOHALA

Among the many strong features offered by Manager Lucier with his vaudeville company, particular attention is called to the remarkable performance of Mohala, the mind-reader; the press of the United States have devoted entire columns to describing her wonderful mental phenomena. Always beautifully gowning, and of prepossessing appearance, she never fails to delight and mystify her audiences; her work is amusing, unique and marvellous, and is instructive as well as entertaining. The company will be at York Theatre all of next week, commencing Monday night, with matinees daily following. Seats may now be booked at box office.

FLORISTS.

Carnations and Sweet Peas

in great profusion. Also fine 'Curly Parley, fresh out every day.

H. S. CRUIKSHANK,

159 Union Street.

Phone 608 A store; 608 B residence.

THE EVENING TIMES, ST. JOHN, N. B., FRIDAY SEPTEMBER 19, 1908.

BACK FROM AUSTRALIA

Dr. Rutherford, of McGill, Talks of Conditions in the Antipodes.

(Montreal Herald) Dr. Rutherford professor of physics at McGill University, has just returned from a four months' trip to the Antipodes...

Dr. Rutherford, who came over from Fiji by the steamer Adriatic of the Canadian-Australian line, mentioned that the New Zealanders would be glad to have an arrangement be made by which the vessels of that line would call at a New Zealand port...

Speaking of the prosperous condition of New Zealand, he says the farming community are doing extremely well, and there has been quite a boom in the price of land owing chiefly to the thriving dairy trade...

Dr. Rutherford was pleasantly surprised on going home this time to note a thorough awakening of interest in Canada. He found everybody reading Mr. Fraser's book, "Canada As It Is," a work which, though little known and read in the Dominion itself, is, with its dramatic pictures of the wheat fields, growing much interest in other parts of the Empire...

THE MAGAZINES

Two magazines that came to the desk of the Times yesterday are filled with choice reading. The very cover of September Outing, in its splendid coloring, presenting a picture of an autumn countryside, where one gazes through hazy trees over field and stream...

The October Cosmopolitan is a brilliant number. Among its features are eight short stories, titled "The Choice of the Season," men dreamers of Paris; seeing the real New York; continuation of the confessions of a New York detective; a fine character study and an account of the life of Paul Morton, by Edwin LeFevre, which is perhaps the leading feature of the number; and a striking article by Charles Ferguson on "The Double of Christ and How to Take Them." The number is profusely illustrated. The new Cosmopolitan shows great improvement as a magazine of popular interest and value, and in November will begin a new volume with further attractive features.

COLE IS UNCONCERNED

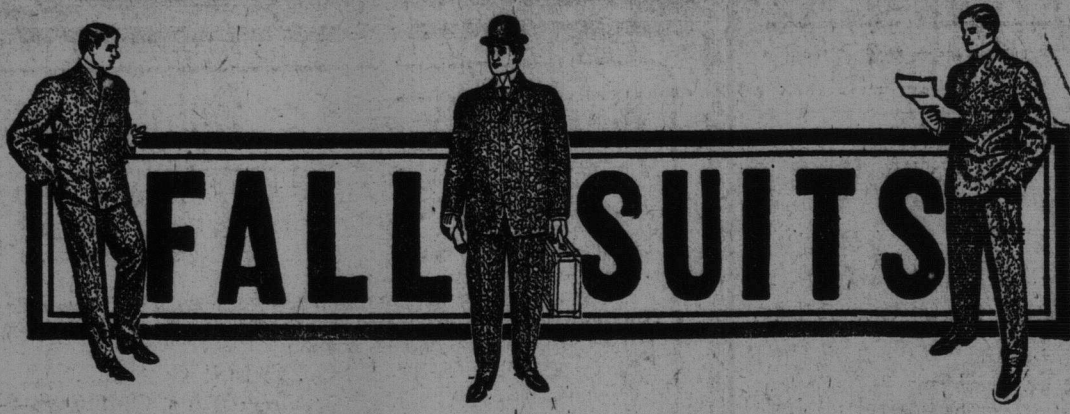

Portland, Me., Sept. 14.—(Special)—Edward F. Cole appeared to be unconcerned when he was arraigned in the Superior court this morning to answer to the indictment presented yesterday by the grand jury and charging him with the murder of John F. Steeves, his former acquaintance in Hillsboro (N.B.). The proceedings were formal and very short. The clerk read the indictment, and in answer to the usual question, Cole replied "not guilty" in a firm tone.

Scott Wilson was appointed by the court to act in the prisoner's behalf at the trial. Mr. Wilson has been interested in the case from the beginning, and appeared for Cole at the hearing in the municipal court. He is confident of his client's innocence, and expects his acquittal. The day for trial has not yet been set, but it will probably come late in the term, which is expected to be long on account of the unusually long list of indictments presented. At Mr. Wilson's office today it was learned that there has not yet been a consultation between the prisoner's counsel and the county attorney on the subject of the trial date, but that the defense expect that the other matters pending will be all disposed of before the murder case is taken up.

WALL STREET COMMENT

T. J. McInerney & Co., New York—There is nothing in the present situation, however, which would lead us to believe that the market has started off for any extensive bull movement. The market is showing the nature of a natural and healthy rally. The prospect that the banking situation will continue in control of the money market and prevent any material disturbance in that quarter during the return of the large quantities of funds which are being shipped out to the west and south to bring the crops.

Walter Bauer, of the Maritime Glass Co., left Wednesday on a hunting trip in Southern New Brunswick.

OUR STOCK OF FALL SUITS

HENDERSON & HUNT, 40-42 King Street. North End Branch, 553-555 Main Street.

THEY WANT A SUBSIDY

Salisbury and Harvey Railway Planning Extensions if the Government Will Aid.

MONCTON, Sept. 14.—W. C. Hamer, superintendent of the Central Railway, was in the city today on his return from the west, where he was purchasing new rolling stock for his road. He bought a new locomotive, new snowplow and ballast shovel, all of which are to be forwarded at once.

No. 4 train, express from Boston, has been unusually tardy in arriving at Moncton this summer, and has caused much inconvenience. She is supposed to connect with the Ocean Limited for Montreal, but there has been scarcely a day that the Ocean Limited has not been detained here waiting for her. Today she was later than usual, being an hour and a half behind time, and the Ocean Limited did not wait.

C. J. Osmar, M.P.P., and A. Sherwood, manager of the S. & H. Railway, Hillsboro, were in the city today in reference to the needs of the Hillsboro and Albert county generally, are anxious that both the Dominion and local governments should grant subsidies to the proposed branch of the Salisbury & Harvey railway with Moncton. Albert and Moncton people have been asking for government assistance to build such a branch for some few years past, but the subsidy has not yet been voted by either government. The proposal is to construct a branch from Hillsboro, Albert county, to the Covertville side of the Pet-wood bridge, and make this the terminal of the S. & H. instead of Salisbury.

At a meeting of Albert and Moncton people some time ago, a strong committee was appointed to present the matter to the two governments with a view to obtaining subsidies. Dr. Swan, one of the principal owners of the S. and H., has pledged himself to construct the branch into Moncton, if the subsidies are granted.

G. A. W. Williams, general secretary of the Y. M. C. A., left this afternoon for Charlottetown to attend the Maritime Y. M. C. A. convention.

W. E. Barnes, architect, went to Fredericton to spend some days and take in the exhibition.

Fredericton, N. B., Sept. 14.—(Special)—The will of the late Senator Wark was admitted to probate this afternoon and letters of administration granted to his daughter, Miss Helen Wark, as executrix, and Rev. Wilfrid MacDonald and J. Wesley Hoyt, executors. The estate was sworn at \$20,500, all of which, excepting two lots of land in Richibucto, valued at \$765, is personal property, chiefly bank stock.

All of the property, both real and personal, is bequeathed to the testator's only daughter, with certain stipulations. The personal property includes thirty shares of Bank of Montreal stock and provision is made on the death of Miss Wark for the transfer of fourteen shares of this stock to the Presbyterian Church of Canada to be expended in missionary and educational work within the British empire. The shares of this stock are to be likewise transferred to the Presbyterian synod of the maritime provinces and from the dividends of this sum \$100 is to be paid annually to each student attending the Presbyterian college at Halifax as may be selected by the synod. The balance is to be expended in any manner the synod may determine.

The remaining six shares will, at the death of the testator's daughter, be transferred to the minister and elders of St. Paul's church, Fredericton, and from the dividends they are to pay \$100 annually

OPERATIONS AVOIDED

Two Grateful Letters from Women Who Avoided Serious Operations—Many Women Suffering from Like Conditions Will Be Interested.

When a physician tells a woman, suffering from ovarian or womb trouble, that an operation is necessary it, of course, frightens her.

The very thought of the operating table and the knife strikes terror to her heart. As one woman expressed it, "I was told by her physician that she must undergo an operation she felt that her death knell had sounded. Our hospitals are full of women who are there for ovarian or womb operations."

It is quite true that these troubles may reach a stage where an operation is the only recourse, but such cases are much rarer than is generally supposed, because a great many women have been cured by Lydia E. Pinkham's Vegetable Compound after the doctors had said an operation must be performed. In fact, up to the point where the knife must be used to secure instant relief, this medicine is certain to help. The strongest and most grateful statements possible to make come from women who, by taking Lydia E. Pinkham's Vegetable Compound, have escaped serious operations.

Mrs. Robert Glenn of 434 Marie St., Ottawa, Ont., writes: "Dear Mrs. Pinkham—'Lydia E. Pinkham's Vegetable Compound' does not need my recommendation, but I am pleased to add my name which you have in your favor. I have suffered untold agonies from ovarian troubles for nearly three years, and the doctors told me I had to undergo an operation, but as I was unwilling to do that, I tried your 'Vegetable Compound,' and to my surprise, it cured me. I am now as well as ever and can not express my thanks for what it has done for me."

For thirty years Lydia E. Pinkham's Vegetable Compound has been curing the worst forms of female complaints, all ovarian troubles, inflammation, ulceration, falling and displacement of the womb, leucorrhoea, irregularities, indigestion and nervous prostration. Any woman who could read the many grateful letters on file in Mrs. Pinkham's office would be convinced of the efficiency of her medicine and Lydia E. Pinkham's Vegetable Compound.

Ask Mrs. Pinkham's Advice—A Woman Best Understands a Woman's Ills.

I am only too pleased that I did so, for it restored me to perfect health, saving me the pain of an operation and the immediate illness of the same. Try it, you will surely thank and best wishes.

Mrs. Margaret Merkle of 770 3d Street, Milwaukee, Wis., writes: "Dear Mrs. Pinkham—'Low strength, extreme nervousness, severe shooting pains through the pelvic organs, cramps, bearing down pains, and periodic discharges compelled me to seek medical advice. The doctor, after making an examination, said that I had ovarian trouble and ulceration, and advised an operation as my only hope. To this I strongly objected and I decided as a last resort to try Lydia E. Pinkham's Vegetable Compound. To my surprise, the disorder healed, all the bad symptoms disappeared, and I am once more strong, vigorous and well, and can not express my thanks for what it has done for me."

Ovarian and womb troubles are steadily on the increase among women—and before submitting to an operation every woman should try Lydia E. Pinkham's Vegetable Compound, and write Mrs. Pinkham at Lynn, Mass. for advice.

For thirty years Lydia E. Pinkham's Vegetable Compound has been curing the worst forms of female complaints, all ovarian troubles, inflammation, ulceration, falling and displacement of the womb, leucorrhoea, irregularities, indigestion and nervous prostration. Any woman who could read the many grateful letters on file in Mrs. Pinkham's office would be convinced of the efficiency of her medicine and Lydia E. Pinkham's Vegetable Compound.

ONION CROP VERY LARGE

The New England Homestead Estimates It at 3,305,000 Bushels as Compared With 3,341,000 Last Year

The commercial crop of onions in the United States, according to the New England Homestead, final estimate, to be printed under date of Sept. 15, is 3,305,000 bushels, compared with 3,341,000 in 1907, and 3,060,000 bushels in 1906. It is known as the commercial crop, but shows a total area of about 12,000 acres, located in Ohio, New York, Indiana, Michigan, Wisconsin, Illinois, Massachusetts, and Connecticut. The average for the United States is placed at 25 bushels per acre. The average for the state was as large as last year, and the rate of yield, although uneven, fairly good as a whole.

So far as yield is concerned, says the New England Homestead, the Connecticut Valley and the territory on the north shore of Long Island make a good showing. The average was large, especially in western Massachusetts, where the crop developed perhaps rather better than in Connecticut. The average rate of yield for the United States is placed at 25 bushels per acre. The average for the state was as large as last year, and the rate of yield, although uneven, fairly good as a whole.

LIVE STOCK SHIPMENTS

The shipments of live stock from the port of Montreal for week ending Sept. 9 were: To Liverpool... 1,107 Sheep; To London... 1,700 1,000; To Glasgow... 1,000; To Bristol... 321; To Manchester... 321; Total... 3,228 1,000

Piles

To prove to you that Dr. Chase's Ointment is a certain and absolute cure for each and every form of itching, bleeding and protruding piles, the manufacturers have guaranteed that if you do not get relief from their ointment, they will refund your money back to you. Get a box of all dealers or send a check for \$1.00 to Dr. Chase's Ointment.

WILL OF LATE SENATOR WARK

He Left \$20,500—Bequests to Presbyterian Church and to College Students.

Fredericton, N. B., Sept. 14.—(Special)—The will of the late Senator Wark was admitted to probate this afternoon and letters of administration granted to his daughter, Miss Helen Wark, as executrix, and Rev. Wilfrid MacDonald and J. Wesley Hoyt, executors. The estate was sworn at \$20,500, all of which, excepting two lots of land in Richibucto, valued at \$765, is personal property, chiefly bank stock.

All of the property, both real and personal, is bequeathed to the testator's only daughter, with certain stipulations. The personal property includes thirty shares of Bank of Montreal stock and provision is made on the death of Miss Wark for the transfer of fourteen shares of this stock to the Presbyterian Church of Canada to be expended in missionary and educational work within the British empire. The shares of this stock are to be likewise transferred to the Presbyterian synod of the maritime provinces and from the dividends of this sum \$100 is to be paid annually to each student attending the Presbyterian college at Halifax as may be selected by the synod. The balance is to be expended in any manner the synod may determine.

The remaining six shares will, at the death of the testator's daughter, be transferred to the minister and elders of St. Paul's church, Fredericton, and from the dividends they are to pay \$100 annually

RAILWAY EXPANSION

A development which indicates the extent of the demand for new railway equipment is the fact that the management of the Pennsylvania railway has ordered so far this year, at an approximate cost of about \$10,000,000, of new locomotives and cars. It is understood that, following the policy of the management of the Pennsylvania railway, the management of the Ontario and Quebec railway, by an issue of \$1,000,000 of six per cent bonds, maturing in the current year, has authorized the purchase of new locomotives and cars. It is understood that the Ontario and Quebec railway is not definitely known. Car-truck obligations are, however, regarded by investors as being so well secured that there is no difficulty, as a rule, in finding a market for such issues, and it is only the strictness of the question which would render it a matter of importance in financial circles. This, however, can hardly be regarded as an isolated case, and other railway systems are also placing large orders of the same kind, and the locomotive and car shops of the country are at present working with work to their full capacity and have it in stated, orders ahead for many months to come. In fact, it seems impracticable to secure early deliveries on orders of this kind.

HUMORS OF HISTORY—145

Charles I. followed in the footsteps of his father by striving for absolute power, and imposed taxes on his own responsibility. The House of Commons objected, and there were three dissolutions in three years. The third Parliament met Charles's demands with such determined resistance that he decided to go down in person and argue with them. They locked themselves in and refused him admission, but he got a locksmith to break open the door, during which the House adjourned. Nine members were sent to prison, where one, Sir John Elliot, died. From this time there was no Parliament for eleven years—1629 to 1640—a case without parallel in our history.

**Ives' Metal Beds**  
Are Strong and Rigid.

A good brass bed should be handsome in design, rigid, strong. Ives' brass beds are made in the best equipped metal works in Canada. The joints in their Brass and Iron Beds are made by the very best methods. They are strong, the bed is rigid. It will last a lifetime and the longer you have an Ives' Bed the better you will like it.

Ask your furniture dealer to show you an Ives Metal Bed.

THE H. R. IVES CO., LIMITED, MONTREAL.

**THE LEEDS COMPANY.**

**PROBING AFFAIRS OF THE METROPOLITAN LIFE NOW**

Insurance Investigating Committee Finishes With the Mutual and Takes Up Another Company—The Question of Salaries—The Mutual Life and the Trust Companies.

New York, Sept. 14.—When the special legislative committee probing life insurance companies' methods adjourned today, Chief Counsel Hughes had finished for the present the examination into the Mutual Life Insurance Company, and the Metropolitan Life Insurance Company was started on when Silas B. Dutcher, a director and a member of the finance committee, was called to the stand.

Mr. Dutcher was questioned regarding the securities held by the Metropolitan, and as to the syndicate operations of his company. He was asked the salaries of the company's officers, but could not remember them. He will present the list of officers' salaries to the committee tomorrow. Mr. Dutcher was still on the stand when the committee adjourned.

After in the day treasurer Cromwell had taken the stand to continue his explanations of the Mutual Life's syndicate operations. In explaining the relations of the Mutual Life with trust companies, Mr. Cromwell stated the interesting fact that on the purchase of \$1,120,000 shares of the Title Guaranty & Trust Company, the Mutual had received individuals \$1,200,000, making these shares cost nothing and realizing a profit. Mr. Cromwell stated these shares were now selling at over \$90.

On the advantage of dealing through syndicates in preference to buying railroad bonds direct, Mr. Cromwell said he had actually tried to buy bonds directly from a railroad company. He went to his friend, Stuyvesant Fish, president of the Illinois Central Railroad.

"Mr. Fish told me he could not afford to sell bonds to the Mutual," he said.

"Then the truth is that the railroad must stand in with the bankers in order to sell their securities, and the insurance companies must stand in with the bankers in order to buy at low prices?" Mr. Hughes asked.

"Exactly."

"The bankers control the situation?"

"No doubt about that."

In his testimony after the recess, explaining a matter of a purchase of Bank of California stock, Mr. Cromwell said the issue price of the new stock was \$30. Mr. Cromwell hoped to get the shares at the rate to the new issue being held out to the Mutual obtained the \$1,000 shares at an average price of \$30-8-10. The sale was entirely by individuals and there was no syndicate. The transaction was left entirely to William Blanding with absolute confidence he was dealing fairly with the Mutual.

Mr. Cromwell was asked whether he in-

**THE SUMMER SPORTS**

**KATRINA WON THE WATTERS CUP**  
NEWPORT, R. I., Sept. 14.—The yacht racing season closed here today with the race for the Watters cup, and James Ford's Katrina won the trophy for schooners on time allowance over the Elmina II, which finished first and the Corona, which was second. The Venona started, but did not finish. Owing to a misunderstanding none of the sloops came out for the cup for single masters.

**MAY BE THREE BIG LEAGUES NEXT SEASON**  
LOUISVILLE, Sept. 13.—If the plans of Manager George Felsus, W. H. Watkins of Minneapolis, known as "Wasty the agent," and two or three other minor league managers of equally pronounced eminence do not miscarry, there will be a third big league in 1909, in which one or possibly two of the big league teams are expected to form a part.

As at present planned the cities included in the circuit are Louisville, Columbus, Minneapolis and either Indianapolis, Toledo, or Cincinnati, in the west, and Boston, Washington and New York in the east, the fourth city not having yet been determined.

Felsus declines to talk about the new league, but contents himself with the simple statement that Louisville and the American Association will be found at the top of the heap, whatever this may mean.

**GILTY WON IN STRAIGHT HEATS**  
E. LeROI Willis' Speedy Gelding Takes the 2.15 Event—Bennett Wins the Three Minute.

Halifax, N. S., Sept. 14.—(Special)—The weather today, while fine, was exceedingly cool. A strong northeast wind prevailed and the attendance at the exhibition during the morning and afternoon not very great. The majority in the afternoon were on the grandstands.

Two interesting racing events took place in the afternoon, 2.15 trot and pace and three minutes race.

The first event had five starters—Gen. Fiske, Gilly, Lady Blagen, Sphinx B. and Ada Mack. Fiske was distanced in the first heat. Gilly proved the winner in three straight heats, being driven by Fowler, of Sussex (N. B.). The three minute race was won by Bennett, W. Bertha T. Sealie and Regal Pander, the latter being distanced in the first heat. It took five heats to decide the race. Bennett securing first money.

**Summary:**  
2.15 Trot and Pace—Halifax Hotel Purses \$400.  
Gilly, E. LeROI Willis, Sydney, 2 1 1 1  
Gen. Fiske, D. R. Gahan, Water, 1 1 1 1  
Lady Blagen, G. W. Fowler, Sussex, 2 2 2  
Sphinx B. G. W. Fowler, Sussex, 2 2 2  
Ada Mack, W. B. Bonner, Summer, 2 2 2  
Best time—2:15 1/2.

Three-Minute Trot—Purses \$400.  
Bennet, W. B. Whalen, River, 3 1 1 1  
Bertha T. Sealie, Regal Pander, 1 1 1 1  
Gen. Fiske, D. R. Gahan, Water, 1 1 1 1  
Lady Blagen, G. W. Fowler, Sussex, 2 2 2  
Sphinx B. G. W. Fowler, Sussex, 2 2 2  
Ada Mack, W. B. Bonner, Summer, 2 2 2  
Best time—3:00.

**BASEBALL**

**Dufferin and Moncton**  
The Dufferin and Moncton play ball this afternoon at 3 o'clock on the Victoria grounds. The Monctons have substituted Thomas for Linden at second base, while Kennedy replaces Weir at third. The latter will pitch, and Leblanc will cover left field.

**About "Tip" O'Neill**  
Clay, of Louisville, is the leader in batting in the American Association, being only a few points ahead of Jones of Minneapolis. Clay is batting .275, and Jones is batting .270. Paul, has .265, while Bateman of Milwaukee; Pickering, of Columbus; Fens, of Toledo and Douglas of Kansas City are almost tied for fifth place, with .230 or better. Tip O'Neill is also close up with .227, being eight points behind Bateman. They are the only Milwaukee men in the 300 class. Up to the time he was injured O'Neill had played in 92 games, was 382 times at bat, had 125 hits and 23 stolen bases.

**The Big Leagues**  
At Boston—Philadelphia, 4; Boston, 2.  
At Brooklyn—New York, 16; Brooklyn, 2.  
American League.  
At Philadelphia—Boston, 4; Philadelphia, 3.  
At Chicago—Cleveland, 3; St. Louis, 1.  
At Cincinnati—Cincinnati, 5; Baltimore, 2.  
Eastern League.  
At Providence—Providence, 6; Providence, 2.  
At New York—New York, 13; Toronto, 1.  
At Newark—Newark, 4; Buffalo, 1.  
At Baltimore—Baltimore, 5; Baltimore, 2 (1 inning).  
Other Games.  
At Springfield, Mass.—Fall River (N. B.), 4.  
At Holyoke, Mass.—Holyoke, 4; Concord (N. B.), 2.

**BASEBALL NOTES**

The Phillies can certainly beat Boston and Brooklyn, says the Philadelphia Record.

The Athletics are ahead of the standing of a year ago and the New York Nationals are behind.

Honus Wagner runs second to Maloney in stolen bases, but has secured far more runs than the Chicagoan.

Washington has now taken seven out of 18 games from Boston and has found New York the hardest nut to crack.

"Jimmy" Sebring's fine hitting and fielding did much to land the Williamson team in first place in the State. Lead has pitched grandly for the team.

Frank Donnelly, the best judge of players in the Three League circuit, says that Boston's new man, Godwin, is a grand all-around player and fast enough for any team in the circuit.

Lauterborn has signed with Seattle, which is his home. Picher Harley, released by the Boston Nationals, has gone to his home in Springfield, O., and has had several offers to play ball.

The White Sox have four men in the 280 row—Davis, Leblanc, McFarland and Donahue. Chance has the only 300 average of the national, 218. McCarthy is second and Schulte third.

**OBJECT TO SUNDAY PLAYERS**  
PROVIDENCE, R. I., Sept. 11.—The Baptist ministers of Rhode Island, at a meeting today, took steps to prevent Sunday baseball within the State. It is contended that Rhode Island is the only State in New England where Sabbath baseball is allowed. An attempt will be made to obtain legislation for the prohibition of the Sabbath at the next session of the legislature.

**WINNIPEG AS A SUICIDE CENTRE**

Twenty-one Suicides in Western Metropolis Since First of Year.

Winnipeg, Sept. 14.—(Special)—From the beginning of the year until the present there have been twenty-one suicides in Winnipeg or an average of three a month.

Five persons who have taken their lives since the first of the year their lives as the easiest way, one took strychnine, five carbolic acid, five drowned, one cut her throat and four blew their brains out.

Since August 21 to date there have been eight cases of suicide.

Nine who committed suicide were foreigners, the fact of Winnipeg having a mixed population being largely responsible for the large number.

Two peculiar cases are found in the suicide of Arroy Suter and Das Munro. The latter killed himself because he had an artificial foot and was afraid he would be a burden to others.

**Nature's Great Remedy.**  
**Ma-pu Mineral Water**  
On sale by all Druggists.

In selecting a mineral water the question of freedom from dangerous impurities must be considered, as well as the health giving mineral elements contained in it. The Water comes from a depth of 268 feet, through an iron casing (the spring having been discovered by boring) and gushes forth under great pressure, rising to a height of 18 feet above the impurities liable to occur in water of surface Mineral Springs.

**MAH-PU WATER HAS WON A GREAT REPUTATION FOR ITS REMARKABLE CURATIVE EFFECT FOR RHEUMATISM, GOUT, KIDNEY AND INTESTINAL DISORDERS.**

and hundreds who have been cured by the use of this health giving water have reason to bless its discovery.

Ask your druggist for MAH-PU MINERAL WATER and see that the bottle has our label and capset.

**The Ma-pu Mineral Springs Co. (LIMITED.)**

If you have an ad. in The Times want column look at The Evening Times Post Office each night. It is on page 3, near the Classified Ads., and tell you just what letters are uncalled for at 9 o'clock each morning.

Times Want Ads. ARE FREE to subscribers.

THE WEATHER

Forecast—Light to moderate rain and cool; Saturday, east to south winds, fair, not much change in temperature.

LOCAL WEATHER REPORT AT NOON. Highest temperature during past 24 hours, 54. Lowest temperature during past 24 hours, 40.

THIS EVENING

Kerry Gov at the Opera House. Executive staff of the Empire Amateur Dramatic Club meet at 7:30 sharp.

Local News.

The executive staff of the Empire Amateur Dramatic Club will meet this evening to complete arrangements for the winter season.

Two passenger cars owned by the N. B. Southern Ry. have just received a coat of paint and will be installed with heaters for winter service.

Steamer Calvin Austin went to Westport this afternoon to land and take on board freight. She returns tomorrow at 6:30 p. m. and will sail on her scheduled time, 6:30 p. m.

The steamer Calvin Austin, Captain Ellis, arrived this morning at 9 o'clock direct from Boston with 105 passengers and 44 passengers last night.

Come to the auction sale of dry goods at the Walker Street store, King Square, afternoon and evening. Tonight a big clearing sale of dress goods and ladies' coats at your own prices.

Mrs. D. Beverly Black, of Pleasant Point, entertained a number of friends very pleasantly on Tuesday evening in honor of her guest, Miss Myrtle Dennison, of Upton. About thirty guests were present and the evening was very pleasantly spent.

B. Lindman the truss expert of Montreal, who has been at the Royal Hotel for the past week, will be necessary to remain here on Sunday to fill his appointments. Monday morning he will go to Fredericton where he will remain until his exhibition is over.

Two portable mills, owned by J. P. Moser, and operated at Musquash, N. B., under the supervision of George Brittain, of St. Martins, recently cut 750,000 feet of lumber in two weeks, or an average of over 31,000 feet a day for each mill. This is good work for a portable mill.

It is rumored that the man suspected of robbing Wm. Kennedy of \$800 on board the Prince Rupert is in the vicinity of the jail on another charge. Sufficient evidence has not been gathered as yet to detain the suspect on the charge of robbery.

R. A. Johnson has opened a cash grocery at 70 Main street. Everything will be carried at a first-class grocery should have. People living in that vicinity will find it a convenience to trade there, and will be courteously treated. The evening hours will be open at this store.

Keith Barber of the Oustons House saved a small child's life this morning on Prince William street near the Salvation Army mission. The little one ran across the street in front of a moving electric car. Mr. Barber, who was passing at the time, saw the child's danger and made a dash and snatched the child in his arms out of danger.

Two houses are being erected on the corner of Lower and Lancaster Sts., West End. The one on the south side of Tower, owned by J. F. Holmes, principal of St. Patrick's school, will be a large two-story building with half circle bay windows, designed by W. F. Fitzgerald. The other, also a two-story, is the property of Mrs. Fox, Winslow St.

H. F. Woods, of Westford, is in the city today. He states that there was a severe frost on a bridal trip to St. Martins and other points in the province. Quite a number of friends gathered at the station to wish the young couple prosperity in married life.

Magistrate Ritchie and Mr. Henderson are endeavoring to make an arrangement for Felix Scoria the Greek bootblack. Gus Mentis conferred with them this morning and stated that he had \$29 belonging to Scoria and \$13 that he had collected on his behalf. The judge and Mr. Henderson were in communication with Dr. Anglin, but this morning the doctor had not consented to allow Scoria to be taken to the asylum as he is a foreigner. Before sunset, however, something will be done with the Greek and in all probability he will be admitted to the hospital for nervous disease.

ONE DEAR FACE MISSING NOW

Chain Gang in Tears, for Michael Has Left Them and There is None to Take His Place.

The chain gang is minus one of its regulars as the result of Michael Hilland deserting the ranks this morning while the goal soldiers were marching two abreast to the Victoria Square where they go through their customary drill.

COUNTRY MARKET

Everything Points to a First Class Supply for Sunday's Table.

There will be an abundance of provisions at the country market tomorrow. Meats and vegetables are plentiful, with the exception of mutton mutton which is not on the market as yet.

POLICE COURT

Six Months For An Interdict Who Abused a Liquor Dealer.

In the police court this morning John Curran was fined \$8 or two months in jail for being drunk on Sheffield street.

SALISBURY

SALISBURY, Sept. 14.—The people of the village were deeply grieved to hear of the sudden death of Dymon, P. E. I., the wife of Rev. Mr. Tiner, a former pastor of Salisbury Baptist church.

HOTEL ARRIVALS

New Victoria—W. H. Pollard, Miss Richardson, Portland; J. L. Hayes and wife, Boston; Charles Farrington, Chicago; Frank Orrell, Toronto.

JUST LIKE OLD TIMES

"Ballou" will be kicked," says Tupper, "but their Nemesis is coming. With a bandish left. They'll go back to Opposition. Chamberlains will win."

TELEGRAPH ADVERTISERS TAKE NOTICE

LIQUIDATOR APPOINTED

W. E. Vroom Will Take Charge of Cushing Pulp Mill Property Pending Its Sale—Judge McLeod and the Sun.

In the matter of the winding up of the Cushing Sulphite Pulp Co., Ltd., on the application of Geo. S. Cushing, a creditor, Mr. Justice McLeod, this morning in chambers appointed W. E. Vroom the provisional liquidator.

MAN FOUND IN THE WOODS

G. T. P. Surveyors Found an Exhausted Foreigner in Forest Near Chipman.

A man, who was evidently in the last stages of exhaustion, was found on Sunday last in the woods near Chipman, N. B. A party of surveyors, in charge of Mr. Belmont, who are working on a survey of the Canada Eastern Railway, in the vicinity of Chipman, discovered the man and brought him to Miramichi, where he is at present.

MORE MONEY FOR WATER

Water Assessment Roll Signed This Morning—Amount is \$98,339.10, An Increase Over Last Year.

The water and sewerage board met this morning at the water and sewerage office, Carleton Place, and signed the water assessment roll for the year 1906.

THE KERRY GOV

A Packed House and An Excellent Show at the Opera House Last Night.

The "Kerry Gov" was given a first rate presentation at the Opera House last night, and although the show has for years been together her work was done. Mr. Smith, together with her work was done.

PERSONAL INTELLIGENCE

Miss Margaret Brown, of Amherst, is visiting Miss N. Barry, Waterloo street. M. McDade left last evening on the C. P. R. on a business trip.

HOTEL ARRIVALS

Mr. R. Robson, of 144 Harrison street, Montreal, is visiting in Nova Scotia, where his son Charles, general secretary of the Young Men's Christian Association of the North Sydney, C. B., formerly assistant secretary of the Railway Y. M. C. A. of Montreal, was recently married to Miss Jennie Williamson, Stewart of Westville, N. S. Mr. Robson's daughter, Miss Cicely, is with him.

JUST LIKE OLD TIMES

Rev. Clarence Mackinnon, formerly of Sydney, C. B., who has been visiting friends in Toronto, left this week for Winnipeg, where he is now pastor of Westminster church.

HOTEL ARRIVALS

Mr. and Mrs. Ambrose Polky, who were married last evening, left this morning on a bridal trip to St. Martins and other points in the province. Quite a number of friends gathered at the station to wish the young couple prosperity in married life.

MAN FOUND IN THE WOODS

G. T. P. Surveyors Found an Exhausted Foreigner in Forest Near Chipman.

A man, who was evidently in the last stages of exhaustion, was found on Sunday last in the woods near Chipman, N. B. A party of surveyors, in charge of Mr. Belmont, who are working on a survey of the Canada Eastern Railway, in the vicinity of Chipman, discovered the man and brought him to Miramichi, where he is at present.
