Graphic Tales Of Rescues at Sea

NOTHER NIGHT AND NO GHOSTS

assertion by Dr. Prince on the Subject.

lengthy Report from the Investigator—More Stories from Neighbors About the Strange Fires—Family All There Tonight.

(Canadian Press)
Halifax, N. S., March 10.—While "ab-olutely" nothing of an unusual nature opened last night at the MacDonalds' residence, the third night of its occu-pancy by Walter Franklin Prince, of the American Institute of Psychological Research, according to word reaching the office here, this morning, from Dr. Whittle, its staff representative at Antigonish, N. S., official photographer of the occasion, arrived here with additional photographs of the mysterious fires seen hovering in the place by eminently reputable neighbors.

Alexander MacDonald and his adopted daughter, Mary Ellen, were among those who spent last night with the Prince party in the house. Tonight it is announced, Mrs. MacDonald, frail little woman who it was thought might be the experience of another night in the house will join the party, making the conditions as nearly similar as possible to those under which the unusual manifestations occurred.

Ellen's estimate of Mary Ellen is as follows: "Mary Ellen is just a child, sufficient of a child to enjoy the whole of a juvenile sort of a way. They have brought company to the house, I have stirred up a great interest round this part of the province; Mary Ellen enjoys the publicity in a delightfully childish way. But she is so young and so different about the whole matter that one can discount her immediately."

Prince's Report.
Halifax, N. S., March 10.—The third night of Dr. Prince's report reached Halifax today and is as follows:—Nothing of an uncanny or mysterious nature occurred during our second night at the MacDonalds' home. Some of the old MacDonalds, however, were present for the first two nights, or for our whole stay here, and were, of course, not only present but were in the room in which the phenomena were taking place. But every experienced psychical researcher, however convinced he may be and some are not, of the existence of other supernatural facts, knows pretty well when he starts on an expedition like this that it is a case of pot luck, that the fish may bite and may not bite. No one, I hope, would be foolish enough to argue that this threw doubt on the claims of previous observers. But, if the sounds heard by Whidden and Carroll were normal we have a great claim to expect that under similar conditions the sounds would be repeated, which case they might be traced to a source. Observations thus far are at least as being upon this theory, the first place, rule as the old house is established.

Two Shipwrecked Crews Arrive Here on the S. S. Corsican.

Newfoundland Schooner Men of Two Ships' Companies Had Fearful Experience—One Lot in Small Boat 80 Hours on Tossing Atlantic in Bitter Cold.

Tossed about on the Atlantic, suffering from cold, hunger, thirst and fatigue for eighty hours, during a terrific storm, and death momentarily staring them in the face, was the terrible experience of the crew of the 200-ton schooner Eileen Lake, which sprung a leak below the water line off the Newfoundland coast on January 19. During their fight against the elements, starvation and cold, the men frantically tore their clothes from their bodies, already numb, in order to start a fire in an effort to attract any passing vessel. This was the substance of a thrilling tale of the sea told by Captain G. H. Norworthy, who arrived in port this morning on the C. P. S. Ltd. liner Corsican. His story follows:—

On January 19, while being buffeted about by the gigantic combers 200 miles off the coast of Newfoundland, the schooner sprang a leak below the water line. The crew, unable to keep ahead of the water, which was rapidly rising in the hold, were forced to take to an open lifeboat at four o'clock in the afternoon, with some provisions, one rifle and a can of kerosene. The cold was intense. During their fight to keep the frail craft from being crushed by the mountainous waves and at the same time maintain their places in the boat George Foresee, the cook, fell in the midst of his comrades and died from exposure. Unable to perform any service for their departed friend, and fearing that it was only a matter of time until they all followed him into the great unknown, the men threw the body overboard next morning.

In order to keep the lifeboat on a course the men made a drag. They estimated that they traveled 166 miles, steering south to warmer water. Many times the boat was sometimes half and frozen in the heavy beams of the sea, and they were frequently forced to break through the ice. They succeeded in keeping from swamping.

As Hiram Sees It

"Well," said Mr. Hiram Hornbeam to the Times reporter, "don't it beat all how things change? You fellows here in St. John used to fight that there power company an' try to put it out o' business. You went in carloads up to Fred-iction to try to stop it from hev'in' enough common stock to keep it out o' the poorhouse—an' you went bellerin' around about the people's rights an' the graspin' greed o' the soulless corporation. You held meetin's—an' the papers was full of it—an' if you'd hev your way you'd hev put the company on the blink. You didn't know you was entertainin' an angel unawares. I guess you kin see it now. If it wasn't for that there company startin' to hev' an' you'd hev to pay for settin' the dark. You'd know after this what side your bread's buttered on. You ort to be Hien!"

DRINK OR DRUGS CAUSE, SAY JURORS

"Happy" Rolfe Died in Automobile While Driving With Companions.

Glencoe, Ont., March 10.—Charles (Happy) Rolfe came to his death either by excessive drinking of hard cider or by the use of drugs, so a jury at an inquest yesterday held. The jury considered his companion negligent in not investigating his condition early. A post mortem showed that 200 punctures made by the hypodermic needles were visible on his skin. Needles and some powders were found in the dead man's pockets.

Viceroy of India May Lose Position

May be Sequel to the Resignation of Edwin Montagu.

London Anxious Over Situation—Decision to Arrest Ghandi, Leader of Non-Cooperationists—Liberation of Political Prisoners Refused—Country Reported Seething.

(Canadian Press Cable)
London, March 10.—Removal of Lord Reading as viceroy of India, it is believed, in some quarters, will be the final denouement to the publication of the Indian government's note. There is nothing tangible on which to base this belief, but it is not improbable as a sequel to the virtual dismissal of Edwin S. Montagu, as secretary for India. The probable effect in India of Mr. Montagu's resignation is the subject of much anxiety.

DEVONSHIRE ONE NAMED FOR INDIA

Speculation as to Successor to the Secretary.

(Canadian Press Cable)
London, March 10.—Momentum from the domestic political point of view is the effect the whole Indian affair may have on the fortunes of the government, especially as to the position of Premier Lloyd George. Some believe the chances that the premier will make good his threatened resignation have been considerably increased and that, if he also takes the view that American abstention from the Geneva conference lessens the prospect of success there, the country may soon learn of his definite retirement.

MUNICIPAL FORESTS.

The latest municipality to announce its intention of reforesting a tract of land under the Ontario government scheme is Ontario county, which is the first county east of York county, of which latter Toronto is the county town. This county extends from Lake Ontario on the south to the southern border of Muskoka district on the north, a distance of about ninety miles. At its last session the County Council decided to take

up the reforestation of about seven hundred acres situated in the township of Uxbridge.

1922 MODEL BABY VEHICLES NOW ON DISPLAY

When you go forth to purchase your baby carriage for "the most precious baby in the world," you should always bear in mind the three cardinal principles of proper baby carriage construction. The first principle is that of comfort for baby and you. The second—and often the first considered—is beauty. Beauty means symmetry of lines; harmony of color in the body, running gear and upholstery; perfection of wicker weaving and general appearance. The third principle is the stability of the carriage. You will find these three attributes—COMFORT, BEAUTY, STABILITY—in our comprehensive showing of Baby Vehicles.

SEE OUR WINDOW DISPLAY.

STRIKE MEANS FARMERS' RUIN

Agricultural Interests in the U. S. Alarmed at Shutdown of Mines and Railways—

Washington, March 9.—The farmers, who are beginning to reap the benefits of returning prosperity, are alarmed by the possibility of a coal and rail strike, which would paralyze industry and agriculture in the planting season and halt the progress of readjustment from wartime economic conditions.

S. J. Lowell, Master of the National Grange, with a membership of 1,000,000 farmers, has addressed an appeal to the 8,000 local granges, to be read at their meetings throughout the country this week, urging them to mobilize their influence in the moulding of public opinion into a universal demand for the settlement of the coal mine wage question without resort to a strike.

The American Farm Bureau Federation which opposes generally the use of the strike weapon, and other agricultural organizations are expected to take a similar stand. Meanwhile Secretary of Labor Davis is continuing his endeavor to bring about a conference of the miners and operators, as is provided by their existing agreement, but he said today he was not prepared to state what progress graphic correspondence between President Lewis of the Mine Workers and President Farrington of the Illinois Unions indicates "there will be no move to secure separate State agreements in the central competitive field."

NATIVES IN SOUTH AFRICA GET RESTLESS

London, March 10.—A despatch to the Exchange Telegraph Co. from Johannesburg says the natives generally are becoming extremely restless. The despatch adds that when an attack was made on the Primrose mine on Wednesday night the police intervened, and there was much shooting. Two Europeans were among the killed, who included several natives.

THE FAMILY ALBUM TO TALK IN FUTURE

London, March 10.—The family portrait album of the future will talk, according to the makers of phonograph records here, who declare that the demand for private discs is increasing daily. They say that persons are having records of their own accomplishments made and are sending them to friends. Also, instead of sending letters or gifts, some people now talk on to a disc and send that by way of greeting. The talk of children at various ages is being filed away with their baby clothes.

104 YEARS OLD, RECOVERS FROM SKULL FRACTURE

Buffalo, March 10. — Mrs. Mary C. Collins of Hamburg, who will be 104 years old on May 15, has surprised her friends and surgeons by completely recovering from a fractured skull sustained in a fall last November. For weeks the injured woman was helpless, but rallied, and today took her first walk out of doors since the accident. Mrs. Collins was born in New York city in 1818, and is the mother of thirteen children, four of whom are living.

SECURITY CO. LOSES SUIT; A \$20,000 VERDICT

Toronto, March 10.—In the court of common pleas yesterday, Mr. Justice Latchford gave Paquet and Hughes, Limited, judgment for \$20,000 with interest and costs in a suit against the Canadian Security Co. The case resulted from the drilling of a safe by burglars between Jan. 8 and Jan. 10 last when diamonds, money and jewelry to the extent of \$28,215 were taken. The plain-

tiffs held a bond with the defendants for the amount given in judgment. The safe door had been removed, drilled and replaced to give the appearance a burglary.

Canada's Fire Losses.

Toronto, March 10. — Fire losses in Canada during the week ended March 8 are estimated by The Monetary Times at \$1,292,200, compared with \$860,000 the previous week. Fire losses in February totalled \$4,062,400.

JOB HUNTERS BUSY.

(From the Montreal Herald.)
The atmosphere in Ottawa is, at present, charged with electricity, and although there is not much doing on the surface, there is plenty going underneath. "Job hunters" are, I understand, still worrying the ministers and the Liberal members and, as is always the case after an election, most impossible demands are coming in. Of course a good many of the applicants are professional "job hunters."

BETTER THAN HARD COAL

Soft coal so free from soot that it does not make whiskers on stove covers or pipe and does not mat or cake when burning, is far better than Hard Coal for general household use. Quicker to light, takes less to make a fire, cheaper in price and can also be used for open fires and small heating stoves. Such a coal is Broad Cove soft coal. The main thing is to insist on getting the genuine article. No other soft coal burns just like Broad Cove. You will know it by the above characteristics.

The Evening Times and Star

ST. JOHN, N. B., MARCH 10, 1922.

The St. John Evening Times is printed at 27 and 29 Canterbury Street, every evening (Sunday excepted) by The St. John Times Printing and Publishing Co. Ltd., a company incorporated under the Joint Stock Companies Act.

MORE CONVINCING PROOF

If the members of the city council and the citizens generally are wise, they will read in this issue of the Times the reply of that eminent engineering firm, C. H. & P. H. Mitchell, of Toronto, to the Ross Report on Hydro. No intelligent citizen after having read it will be disposed to pay any further attention to the Ross report.

The Mitchell letter is timely. It comes at the moment when a pernicious campaign is being launched to frighten people into believing their only salvation is the New Brunswick Power Company.

The situation at this moment, due to the attitude of the city council, which has not yet taken any steps to get the real cost of a civic distribution system (since the Ross report is worthless) is that the city may be forced into a losing partnership with the New Brunswick Power Company.

The Wall Street Journal does not seem to understand that the people of Canada have been railway owners for fifty years without suffering any serious loss of credit, and that the recent increase in the mileage of the national system was due to the complete financing of two important privately owned railways.

Government ownership in Canada, therefore, is neither more nor less than a merciful way of liquidating the failure of private ownership.

There is any reason why St. John should not benefit from cheap power as Ontario cities have done? The only obstacle is the attitude of those citizens who insist upon doing business with the New Brunswick Power Company.

MR. VENIOT'S SPEECH

The speech of Hon. Mr. Veniot in the legislature yesterday will do much to clear the atmosphere in regard to the administration of his department.

It is never possible to estimate in advance the year's expenditure. Mr. Veniot also points out that the number of automobiles in the province increased from 2,148 in 1917 to 16,000 last year, and the heavier traffic is hard on roads and bridges.

Three quarters of the amount is necessary to replace wooden bridges built under former governments, and which naturally have been subject to decay.

The minister gave an apt reply to opposition critics when he said that if he made expenditures they asked for he was charged with extravagance, and if he refused he was charged with neglecting the needs of the people.

The Toronto Globe dispenses effectively of the suggestion of the Wall Street Journal that continued ownership and operation of a great railway system might affect adversely the credit of this country in the world markets of the world.

Two armed robbers got away with \$1,198 in money and \$7,985 in checks when they held up a newspaper in the New York Globe, on his way to the National Bank of Commerce in Nassau street.

Government ownership in Canada, therefore, is neither more nor less than a merciful way of liquidating the failure of private ownership.

The young Shah of Persia, who recently left his capital, Teheran, for another trip to Europe, is said to hold a high opinion of himself as a poet.

WANTS NEW JUDGE IN SASKATCHEWAN AT A SALARY OF \$9,000

Ottawa, March 10.—(Canadian Press.)—The minister of justice has given notice in the house of a resolution that it is expedient that an additional judge of the court of appeal for the Province of Saskatchewan be appointed at an annual salary of \$9,000.

MARINERS.

Men who have loved the ships they took Loved the tall masts, the prows that creamed with foam, Have learned, deep in their hearts, how it might be.

The decks they walk, the rigging in the stars, The clean boards counted in the watch they keep— These, alone the sunlight on the slippery spars, Will haunt them ever, waking and asleep.

Ashore, these men are not as other men; They look as strangers through the crowded street, Or, brooding by their fires, they hear again

LIGHTER VEIN.

He Had a Reason. Mother was surprised when Jimmie came up to her and said:

"How sweet of you to offer to do such a thing for your mother! I'll wrap them up," replied Mrs. Greene, gratefully.

Young Charlie had just become engaged, and was anxious to let the people at home know, so he wrote them a glowing letter.

Two armed robbers got away with \$1,198 in money and \$7,985 in checks when they held up a newspaper in the New York Globe, on his way to the National Bank of Commerce in Nassau street.

Government ownership in Canada, therefore, is neither more nor less than a merciful way of liquidating the failure of private ownership.

The young Shah of Persia, who recently left his capital, Teheran, for another trip to Europe, is said to hold a high opinion of himself as a poet.

Government ownership in Canada, therefore, is neither more nor less than a merciful way of liquidating the failure of private ownership.

THEIR ANNUAL BANQUET.

About thirty-five of the members of the staff of the London Life Insurance Company and their friends spent last evening very pleasantly at Bond's, enjoying their annual banquet and reunion.

LIGHTS ON HYDRO

To the Editor of The Times: Sir—Re letter of Mr. W. R. Turnbull in Times of Feb. 9, Mr. Turnbull claims that a hydro development costing \$625 per h. p. is not a commercial proposition.

Mr. Turnbull further states that "the cost of the minimum discharge of the St. John River at Grand Falls is 1.5 per cent. of the maximum, therefore it is improbable that the Musquash can produce \$700 h. p. for St. John."

On the other hand why the figure of \$700 h. p. for St. John is not offered \$700 h. p. nor will St. John be able to use such an amount for some years.

Joseph Brannely, banjo player at the Venetian Gardens, received news yesterday of the death of his father, and left last night for his home in Boston.

At a meeting yesterday afternoon at the country secretary's office between the committee appointed by the commissioners of the General Public Hospital to work out the details of the special worker engaged by the Ladies' Hospital Aid and Mrs. E. A. Smith, president of the Ladies' Aid, the opinion was expressed that one person could not carry on the work outlined.

The magistrate found Walter W. Bell guilty yesterday afternoon in the local police court of obstructing the liquor inspectors in the discharge of their duty.

The ward for children in the St. John County Hospital would soon be completed, it was announced at the regular monthly meeting of the hospital board yesterday morning in the office of J. King Kelly, county secretary.

NEW WARD FOR CHILDREN.

The ward for children in the St. John County Hospital would soon be completed, it was announced at the regular monthly meeting of the hospital board yesterday morning in the office of J. King Kelly, county secretary.

GETS \$1,500 IN BREACH CASE

Judge Would Like to Have Seen Verdict for a Larger Sum.

Brookville, Ont., March 10.—After four and a half hours of deliberation the jury in a \$3,000 breach of promise action brought by Miss Annie Elizabeth Aisoppe, of Montreal, against Alex. Argue of Lyndhurst, a drover, yesterday brought in a verdict in favor of the plaintiff, giving her \$1,500 damages. Mr. Justice Arde complimented the jury upon their verdict, which had coincided with his own conclusions, and said he had hoped the circumstances might warrant larger damages being granted.

RECENT WEDDINGS

Outram-Martyn. At the St. Andrew's church manse, last evening, at 7:30 o'clock, Rev. F. S. Dowling united in marriage, Arthur Edward Outram and Miss Grace Evelyn Martyn, both of Stoneham (Mass). Mr. and Mrs. Outram, who were unattended, will leave this morning for Nova Scotia via the Digby boat to visit the parents of both principals.

Patterson-Ganong.

At the home of the bride's parents, Mr. and Mrs. Henry Ganong, of Snyder Mountain, on Wednesday, March 8, their daughter, Hannah Gertrude Ganong, was united in marriage to George Robert Patterson of Upper Millstream, the ceremony being performed by Rev. J. B. Ganong, assisted by Rev. C. S. Young. The bridal chorus was played by Miss Della Ganong. The bride was given in marriage by her father. After the ceremony Mr. and Mrs. Patterson left for a short trip to Boston, after which they will reside in Upper Millstream.

RECENT DEATHS

Warren W. Brown.

The death of Warren Willis Brown, eldest son of Mr. and Mrs. George W. Brown, occurred at Fair View, St. Martins (N. B.) on March 8 last, in his twenty-eighth year. Besides his parents, he leaves three brothers, Leigh A. and Lew Woodbury, both at home; Donald Murray, St. George (N. B.); and one sister, Olive B., at home. The funeral was held last Sunday afternoon from his late residence, with the Rev. Mr. Hubley and Rev. A. E. Dickinson conducting the service at the home, and Rev. Mr.

F. E. Marvin.

After a lingering illness of several weeks' duration, Frederick E. Marvin, a highly respected citizen, died last evening at his late residence, 182 Douglas avenue. The late Mr. Marvin was born in Keesville, New York, in 1849 and came to this city in 1884. He was first connected with the James Pender Company and later was one of the promoters of the Maritime Nall Company, Limited. After severing his connection with this latter concern, the late Mr. Marvin became president and general manager of the Canada Nall and Wire Company, Limited, whose plant in West St. John manufactures horseshoe nails. He was a family man in every sense of the word and took a deep interest in the affairs

of his church, the Main street Baptist. His passing will be mourned by all who knew him. He is survived by his wife, one son, H. A. Marvin, manager of the Maritime Nall Company, Limited, and one daughter, Mrs. A. W. Hamilton, Chicago (Ill.).

Mr. Marvin also leaves two sisters, Mrs. William Stothard of Burlington, Vt., and Mrs. William A. Alexander of Chicago. He was a member of the Independent Order of Foresters and a member of the board of directors of Cedar Hill cemetery.

John Cairns.

The friends of John Cairns will regret to learn of his death, which occurred suddenly yesterday afternoon at Prince of Wales. He was on his way from the residence of his brother to catch the train for this city to visit his son when his death occurred. He was near his brother's residence when he fell to the ground and friends at once hastened to his aid, but their efforts were in vain. Mr. Cairns, who was seventy-five years of age, was a lifelong resident of Prince of Wales. He is survived by one son, John, of West St. John; one daughter, Mrs. George E. Crowe, of Los Angeles, and one brother, William, of Prince of Wales.

DECOYED FROM BRIDE AND SHOT IN BACK

Young Man Dying After Attack in Street by Two Gunmen, Who Fled.

Suri Randazzo, twenty-six years old, of New York, was removed, dying, to Bellevue Hospital after he had been shot in the back and right side by two men who decoyed him to the street from the apartment of his father-in-law, Max Bertman, on the third floor of 222 East Thirteenth street.

Randazzo, with his bride of a few months, was visiting the Bertman family when a little girl came to the door and said neighbors in the tenement in which the Randazzos lived had sent her to tell them that burglars were at work in their apartment.

Randazzo hurried to the street, but as he started toward First avenue two young men wearing caps stepped out of a doorway with pistols in their hands. Witnesses later told the police that Randazzo appeared to recognize them and darted across the street to the hallway of the tenement at 231 East Thirteenth street.

The two men followed him, and as he started up the stairs toward the second floor fired a dozen shots at him. They ran back to the street and disappeared in a tenement half way down the block. Detectives said they believed the shooting was the outcome of a neighborhood feud.

ERROR IN INFORMATION.

The despatch published yesterday relative to judgment being given in the supreme court in Moncton in the damage suit brought by the Record Foundry Company vs. Frank O. Garson of this city was incorrect. The judgment was not given against the defendant. The presiding judge intimated that he would give judgment in the case later.

Stores open 9 a.m.; close 6 p.m.

New Spring Styles in Jack O'Leather and Klothklad Suits for Boys

The boy will naturally enjoy his clothes more, take more pride in them, and be more careful of them, if you get him the kind of clothes he likes. It's a good idea to let him have a hand in selecting his own suit. He'll take a great deal of pleasure in doing that here. M. R. A. Suits have the style and air about them that boys like. And they have every quality you want to see in his clothes.

Jack O'Leather and Klothklad Suits Are Made to Wear Where Others Tear.

They're better looking, better wearing—more pleasing to boys and parents alike. They are made with leather reinforcements or double cloth, same as suit, at all points where there is bound to be extra strain—elbows, knees, seat and pockets.

These fine suits are priced very reasonably—surprisingly so. Be sure you investigate before buying the boy another suit.

Sizes 8 to 18 years—\$11.00 to \$20.00 (Boys' Shop, Second Floor.)

Sale of Reliable Trunks Still Going On.

New Neckwear For Spring

Whether you wear a starched collar, a soft collar, or a shirt with the collar attached, you will find a tie here just right to wear with it.

Spots, small patterns and stripes are very evident in the new spring displays and there are nice new silk weaves and color tones. These are the sort of ties that will give excellent service and tie up in the proper kind of knot.

You will consider them extra fine value—50c to \$2.00 ea. Be sure and look over the line of "Specials" we are showing at \$1.00 each.

Fleischmann's fresh yeast helps digestion and cleans a coated tongue

THOUSANDS of men and women have found relief from various digestive disturbances by eating Fleischmann's Yeast.

It is human nature to want to find out "why." So far as science can tell us this is the reason: Fleischmann's Yeast is a food abundant in certain elements which are necessary to health and life itself. It promotes the flow of bile and of pancreatic juice. It has a remarkably beneficial effect on the whole digestive system. It cleans a coated tongue.

Try Fleischmann's fresh yeast in orange juice or, if you prefer, in milk. Men like it in milk and malted milks. Women like it spread on bread or crackers.

Keep your digestion in the pink of condition and your tongue clean and healthy by eating 2 or 3 cakes of Fleischmann's Yeast fresh every day before or between meals. Get Fleischmann's Yeast fresh daily from your grocer.

The familiar tin-foil package with the yellow label is the only form in which Fleischmann's Yeast is sold

Saturday Has Attractive Items for Everybody At London House

YOU BUY—YOU SAVE

Women's Dresses, Blouses, Whitewear, Hosiery, Bags, as Well as Many Specially Priced Lines in Spring Household Needs

Special Handbags Saturday

Now is the time to buy your Spring Handbag. A special purchase Women's Handbags, four different styles, party cases and bags of different shapes. Gray, brown, tan or black. Special \$3.95

Spring Heather Hosiery for Saturday

10 dozen Women's Spring Weight Heather Hosiery. Full fashioned. You will be leaving your gaiters off soon and this is a good weight for the purpose. Three shades of heather. All sizes. Saturday 67c a pair

Women's and Children's Apparel Specials for Saturday Only.

On Our Popular 3rd Floor.

Popular Chintz House Dresses. Comfortable fitting, straight lines trimmed with pink or open chambray. Attractive patterns. Special Saturday \$2.68

Women's White Muslin Gowns with round neck, kimono sleeves neatly finished with fancy blue stitching. A good quality, well made gown. Special Saturday 89c

Children's White Muslin Gowns, 6 to 12 years, neatly trimmed with lace. Special Saturday 87c

Middy Sweaters in sand, jade, navy or scarlet trimmed contrasting colors. Special \$3.65

Jap Silk Blouses Special \$2.58

Attractive, well made White Jap Silk Blouses. Square neck or surplice front, frilled edges, lace trimmed. Saturday \$2.58

Very Pretty New Knitted Silk Scarfs

A wonderful show of new colors. They're beautiful. Women's Spring Silk Scarfs. Fancy, self or contrasting stripes. Very wide fringed ends. Will set off your new spring suit. Price \$3.25 each

Saturday Sale Good Tricotine and Serge Dresses

Samples and From Stock \$13.50 each

For thirteen dollars and a half each we have a special offer of good Tricotine and Serge Manufacturer's sample dresses and a selection from stock. Also a few girls' sailor-maid dresses. All put in at one special price for Saturday. Values up to \$24.75. Sale Saturday \$13.50

Remarkable Difference in Price of Girls' and Boys' New Spring Reefers

All wool regulation navy blue reefers, brass buttons, emblem on sleeves. At fully a third less than heretofore. All new, just from the factory. Sizes 2 to 10 years . . . \$6.50 Sizes 10 to 14 years . . . \$6.90

Householders' and Other Specials for Saturday Only, in Annex

Full Bleached Seamless Sheets, 2 1-2 yards long. Special Saturday \$1.29

Fine Underwear Cotton, 36 in. wide. Saturday, 5 yards for 89c

Dress Gingham. Good selection of plaid and checked patterns for women's or children's wear. Special Saturday 19c Yd

Window Draperies. Double Border Scrim; cream, white or ecru; 5 yard cut pieces. On Saturday 79c a piece

Popular shades in all wool dress goods suitable for one piece dresses. Special Saturday \$1.85 a Yd

Fancy Silks. Plaids, stripes, etc. Short lengths from 1 1-2 to 5 yards. Regular price \$2.75 a yard. Special Saturday \$1.39 Yd

Maids' Black Soisette Blouses

Very neatly made, long sleeves, convertible collar. Sizes 34 to 44. . . . Special Saturday \$1.58

**Government Wins
On First Division**

Hon. Mr. Veniot Answers Criticism of Public Expenditure; Good Work on Roads and Bridges

Fredericton, March 9.—The first test of strength of the various parties this session occurred in the house today when a division took place on the vote on the amendment to the address. The government forces emerged with flying colors, the amendment being lost by an almost two to one vote, the result being twenty-five to fourteen against the amendment. The original motion on the address then was passed without a division.

The session was marked by a masterly and forceful speech by Hon. P. J. Veniot, minister of public works, who, by logical and convincing arguments, shattered the charges of extravagance which had been hurled at the government by opposition speakers. The minister took Mr. Richards to task for saying the present government was a spendthrift one and that its administration had been a carnival of extravagance. It was much better to have a carnival of extravagance than one of corruption and graft such as prevailed under the government in power from 1912 to 1916, Hon. Mr. Veniot declared.

The speaker characterized the amendment as a want of confidence in the government. Such an amendment should have been made in supply. The minister challenged the opposition to name one dollar that had been spent wrongfully.

He appealed to the members of the house and the people of the province to co-operate with him in keeping expenditures down. Members of the opposition had asked for work to be done and then took him to task for carrying out their demands. He was doing the best he could in an endeavor to meet the wants of the people. If demands of members were refused, he said, it was for political reasons, and if the demands were granted charges of extravagance were made. Money that should have been spent by the previous administration on roads and bridges went into the pockets of political bootleggers, Mr. Veniot declared. Since 1917 there had been repaired or re-constructed 4,500 bridges. The province contained from 10,000 to 11,000 bridges.

It was to correctly estimate the needs of his department. A freshet might occur that would destroy hundreds of bridges. He would feel guilty of manslaughter if he found a bridge unsafe for the traveling public and left it in that condition. Mr. Veniot said that it was no wonder that the estimates for bridges were exceeded when the automobiles in the province had increased from 2,148 in 1917 to 16,000 in 1922. The speaker made a strong defence of the health act, and also explained how the school situation in rural districts could be improved by amalgamation. The minister was followed by J. K. Pinder, the veteran of the house, who deplored digging into the past. He condemned the government for its hydro policy, but paid a tribute to Hon. J. P. Byrne, the attorney general, for the manner in which he had filled his office. O. H. Wetmore, member for Kings, upheld the expenditure for roads and paid a tribute to the department of agriculture for the aid given to farmers. Just before the vote on the amendment was taken, Mr. Fawcett, leader of the Farmer group, said that the farmers considered the amendment as a want of confidence motion and he was against such tactics. Following the vote on the amendment and the passing of the address, the following committee was appointed to present the address to His Honor the Lieutenant-Governor: Mr. Estabrooks, Mr. Leger and Hon. Mr. Merrereau. A meeting of the committee on agriculture had been called for tomorrow morning. Notices of enquiry were given for Wednesday next as follows: By Mr. Dickson: As to expenditure incurred in replanking Campbell Bridge Kings county; as to what disposition was made of the Gondola Point ferry boat, and as to expenditures made on the Rothersey Road. By Mr. Hunter: As to the amount of money expended on trunk, secondary and branch roads during the last fiscal year. By Mr. Smith, (Albert): As to the quantity and value of the liquor in the government warehouse and as estimate of the quarterly sales. Hon. Mr. Roberts submitted the annual report of the chief medical officer of New Brunswick.

YOURS FOR BETTER BREAD

DUMB FRIENDS IN PEACE AND WAR

An illustrated lecture by Miss Agnes Warner, in aid of the Animal Rescue League, was held last evening in the Sunday schoolroom of the Knox church. The lecture was largely attended and a substantial amount was realized to go towards the relief of dumb animals and the maintenance of a lethal chamber and other humane facilities in this city. In addition to the lecture an interesting address on Russian war dogs by D. King Hazen was listened to with marked attention.

Rev. A. L. Fleming, rector of St. John's church, who acted as chairman, gave a short address in which he outlined the good work being done by the league in this city. He said that it was founded a little more than seven years ago and was really a branch of the Boston league of the same name. He said that maimed, frozen, starving and suffering animals were dealt with by this league in a manner best fitted for each individual case. More than 4,000 animals had been painlessly destroyed in the lethal chamber of the league during the last seven years. D. King Hazen, introduced by the chairman, told of being in command of a detachment of Canadian soldiers in Russia during the winter of 1918 and 1919. He was in special charge of the branch which looked after the transportation in that depot and, as a large portion of this work was done with dog teams, he had had much experience in the handling of dogs. He had two types of dog with him, the Huskies, or Eskimo dog and the Indian or Siwash dog, and they were both good workers. He told an interesting story of the pluck of one of these dogs which traveled a long distance one day and kept going until he dropped from sheer exhaustion, a few hundred yards from the camp. He had seen in use another type of dog, that known as the Siberian wolf hound, some of which weighed more than ninety pounds. He said that dog teams could do from four to six miles an hour on a good trail and cover about forty miles in a day. He estimated that the average dog team could haul approximately 100 pounds without being overloaded. Following this address, Miss Veta Roberts recited "The Outlaw," by Robert Service. Miss Agnes Warner, whose fame as a war nurse and hospital chief in France, gained her international honors, gave a lecture on "Our dumb friends in peace and war." She told of dogs, which had been trained for ambulance work, going on the battlefield and locating wounded men and then bringing stretcher-bearers to them. She gave instances of sentinel dogs saving regiments from extinction by their quickness in disciplining the approaching enemy. She mentioned the work of the messenger dogs which covered shell-swept fields where soldiers would almost certainly have been killed. She also showed the way in which the soldiers took dogs to the trenches as pets. Miss Warner illustrated her talk with numerous lantern pictures of notable examples of war dogs, St. John dogs and prize winners at recent dog shows. At the conclusion of the lecture hearty votes of thanks were tendered Miss Warner and Mr. Hazen for their excellent talks on dumb animals, especially on men's canine friends.

THOROBREAD FLOUR *Becomes a Habit*

Milled by Hunt Bros Limited London, Canada
The General Purpose kind and best that you can find.

Why they fit

Semi-ready Suits fit better because of their design and because of the staunch inside tailoring they stay good to the end.

If that inside staying breaks or fails we make it right—cheerfully, and with the full knowledge that it pays to give satisfaction.

Inside tailoring can be scamped or neglected—and money thus saved to the maker. The buyer may not find that out for a week or ten days. Shape-staying is part of the bench-tailoring. There are other technical details in the proper tailoring of a suit. Any or all of these may be neglected to save \$5 in labor cost in a coat.

Lay a Semi-ready coat side-by-side with a cheap coat, and the untrained eye will see the difference at a glance. A Semi-ready Suit does not cost any more—for the label in the pocket meets the problem of a reasonable price.

Trust the delicate fabrics to LUX

Keep Baby's Garments Dainty

A baby's skin is so tender that only the softest, woolliest garments should be permitted to touch it. Keep your baby's dainty clothes soft, clean and fresh with Lux. The thin, white, satin-like flakes of Lux are made by our own exclusive process, and dissolve so instantly and thoroughly that no particle of solid soap remain to rot or yellow the wool.

The Lux method is so easy. Just dip the clothes into a bowlful of the rich Lux suds—rinse them, squeeze out the surplus water and hang them up to dry.

Lux stands supreme—Sold only in sealed packets—dust-proof!

LEVER BROTHERS LIMITED, TORONTO

OUR LITERARY GEMS.

In the German street Baptist Institute last evening, Hope Thomson delivered an interesting lecture on "Gems from the East and West." He took the writings of Edgar Allan Poe, Philadelphia, as the western representative and Thomas Hood, London, England, as the eastern poet, and discussed them in an entertaining manner. At the conclusion, a hearty vote of thanks was extended Mr. Thomson for his address. Wentworth Lewis presided. The affair was under the auspices of the Y. M. A. of the German street Baptist church.

Notices of enquiry were given for Wednesday next as follows: By Mr. Dickson: As to expenditure incurred in replanking Campbell Bridge Kings county; as to what disposition was made of the Gondola Point ferry boat, and as to expenditures made on the Rothersey Road. By Mr. Hunter: As to the amount of money expended on trunk, secondary and branch roads during the last fiscal year. By Mr. Smith, (Albert): As to the quantity and value of the liquor in the government warehouse and as estimate of the quarterly sales. Hon. Mr. Roberts submitted the annual report of the chief medical officer of New Brunswick.

MIRACULOUS CURE IS CLAIMED BY A NORTH END WOMAN

A miraculous cure was proclaimed by a tuberculosis sufferer at the evangelistic meeting conducted by Rev. Mr. Torrie in the Victoria street Baptist church last night when, at the request of the recovered patient, Rev. G. D. Hudson announced that Mrs. Howard, of Metcalf street, who had been a bed-ridden tuberculosis patient for two and a half years and had been given but two months to live, after a visit from Mr. Torrie and Mr. Hudson had recovered her strength. Mrs. Howard was for one year in River Glade and for six months at the county hospital. Three days ago, at her request, she was visited in her home by the evangelist and her pastor, Mr. Hudson, who prayed with her. After they had gone she got up and apparently had regained her full strength. Yesterday she did all her housework, walked to the city and back and attended both the afternoon and evening services in the church. She asked Mr. Hudson to make the announcement of her cure, and when he did so the large congregation was profoundly impressed. Full 100 persons took part in the prayer and testimony at the service last night, and the church was crowded to the doors. The chorus choir, under Mrs. Torrie's direction, rendered valuable assistance.

Laxatives Replaced
By the Use of Nujol

Nujol is a lubricant—not a medicine or laxative—so cannot gripe.

When you are constipated, there is not enough lubricant produced by your system to keep the food waste soft. Doctors prescribe Nujol because its action is so close to this natural lubricant. Try it today.

Nujol
For Constipation

Better Breakfasts Build Better Bodies

Breakfast is the most important meal of the day. Your day's work is done in the forenoon—if you have been wise enough to eat a breakfast that is easily digested and full of nourishment. Start the day right by eating

Shredded Wheat
With HOT Milk

Nothing more nourishing or satisfying for work or play. It supplies the tissue-building, heat-making elements that fortify the body against the disease germs that lie in wait for the poorly nourished body. The ideal food for the hurry-up breakfast or the hurry-up luncheon. A better balanced food than eggs or potatoes and costs much less.

MUSQUASH CAPACITY NOT OVER-ESTIMATED

Messrs. Mitchell of Toronto, Consulting and Supervising Engineers, Also Declare Steam Plant Not Necessary

Point Out That St. John Can Buy the Power At 1.2 and Distribute It At Average Rate of Four Cents—They Fully Substantiate the Statements and Calculations of Messrs. Foss, Holgate and Phillips—Say Distribution System Would Cost \$650,000.

Following is a letter received by the New Brunswick Electric Power Commission from C. H. & P. H. Mitchell, consulting and supervising engineers of Toronto...

Re R. A. Ross Report. We have received a copy of the report by Mr. R. A. Ross on the "Musquash River Power Available and Cost of Distributing Power at St. John, N. B., dated Feb. 10, 1922.

If Ruptured Try This Free

Apply It to Any Rupture, Old or Recent, Large or Small and You Are Convinced Thousands.

Coughs and Colds Mean Restless Nights... GRAY'S SYRUP OF RED SPRUCE GUM

"Comparison of Light and Power Costs." "Cost at St. John Reduced to Ontario Basis Costs." "Comparison With Niagara."

Water Available. Under the various headings in the report referring to water available the whole argument appears to discredit the gaugings made by the Dominion Water Power branch under the direction of Mr. K. H. Smith.

There are gaugings over a period of three years on the Musquash and Lepreau rivers which are the two watersheds immediately to the west of the Musquash area and, further, there is a record of one year's gaugings on the west branch of the Musquash river.

Under this heading Mr. Ross has based his calculations on the erroneous figure of 39.12 inches' run-off per square mile on the Musquash which is required to produce 21,000,000 k. w. hours of power available at St. John.

It is true, however, that while we require 34.5 inches of water to produce the power that only 33.6 inches run-off were measured in 1920-1921. This is of course the very reason for an elaborate storage system as part of the development.

We have looked in vain in Mr. Ross' report for a recognition of the storage features of the Musquash. We find that he knows there is pondage—that there is a head pond at the intakes to the pipe lines—but storage is not appreciated.

known business principles in the matter of sale of power. It is to be expected that the city of St. John if earnest in the utilization of electric power will introduce ordinary business methods and not treat power in a languid fashion waiting for "something to turn up."

In our various studies of the Musquash powers we have not undertaken to work out the detailed costs or selling price of the power to the mass of customers in St. John who have generally considered the St. John distribution and details as beyond the scope of our immediate engineering investigations.

The city of St. John can take 10,000,000 k.w. hours and dispose of it all within a short time after the distribution plant is installed and further St. John can have cheap power.

For argument's sake say that if the New Brunswick Power Company's rate is 8 1/2 cents per k.w. hour, the city would sell at one-half or less, say an average of four cents per k.w. hour.

Mr. Ross states that even if the commission's Musquash plan comes up to the capacity for which it is built, a steam plant would be advisable to supplement the water power and enable the city to supply power at a rate which is increased over the minimum so that new hydraulic plants when developed will not have to remain unworked for years after construction.

Now Mr. Ross' report is concerned primarily with the supply of 10,000,000 k. w. hours of power to St. John and his argument becomes baseless for the necessity of a steam plant to safeguard the commission's future when the commission now has double the 10,000,000 k. w. hours at its disposal.

Mr. Ross says "This steam plant supplementing the hydro-electric plant, should be owned and operated by the government so that they may carry out their own programme of water and catch any fish as it comes, using the steam station to keep the pondage up during critical periods, and to carry the load whatever the season."

Mr. Ross refers to and bases the remainder of his report on the Hydro-Electric Commission's proposal to build at liberty then to refer to Ontario Hydro in the case of St. John auxiliaries. In somewhat over 800 municipalities served by Ontario Hydro, including Toronto, Hamilton, London, etc., there are no steam plants, and shut downs which are frequent are possible and when they occur they are not a hardship on the customers with fortitude.

Land and buildings 50,000.00 Substation equipment 75,000.00 Distribution system 300,000.00 Line transformers 75,000.00 Meters 100,000.00 Misc. construction equipment 30,000.00 Total 830,000.00

The above makes full allowance for present day prices. Mr. Ross allows \$30,000.00 extra for bringing the power into the centre of the city. The above costs are inclusive of all lines after leaving the terminus of the Commission's lines. The costs cover supply to 10,000 customers.

In arriving at the cost per kilowatt hour Mr. Ross adds cost of power purchased from commission, operating expenses and fixed charges together and divides by the amount of power he estimates will be sold.

The cost of power from the commission is \$80,000.00 being 8c. per k. w. hour for 10,000,000 k. w. hours. The operating expenses he bases on the 1919 average for the four Ontario cities being 2.77c. per k. w. hour. He finds it is \$6.33 in 1919. Wages and materials were near the peak in 1919 and are much lower today.

Can we justify a rate of four cents per kilowatt hour? To do this we must arrive at the capital costs and operating costs of the required distribution system. Indeed we must arrive at the cost of the system by Mr. Ross in Table F of his report however inaccurate they may be. Mr. Ross shows the following:

Cost of power 10,000,000 k.w. h. at 8 cents 80,000.00 P. records 56,286.00 Fixed charges 12 1/2 per cent on capital for light and power 114,741.00 Total yearly cost 251,027.00

On a sale of 8,000,000 k. w. hours the average rate is then 3.14 cents per k. w. hour. Mr. Ross' statement of capital expenditures is in fact a gross overstatement, this rate being obtained by some investigation.

First there is the cost of the distribution system. Mr. Ross arrives at the cost of the St. John distribution system from the costs per customer of the distributing systems of four Ontario Hydro cities, London and Windsor.

Where on this continent is there such a field for sale of power as there is in St. John? After many years of load building the four Ontario cities quoted by Mr. Ross have created a splendid number of customers. Brantford has 3,973, Hamilton has 20,067, London has 13,939, and Windsor has 4,433. In St. John there exist 9,107 customers created under an average power cost of 8.56 cents per k. w. hour.

Mr. Ross undertakes to compare the cost at Niagara Falls at the generating station. While the original power purchased by the commission at Niagara Falls was at the rate of \$12 per kilowatt hour, the later contracts for the power from the new Queenstown plant will cost at least \$27 per kilowatt hour in the case of 450,000 horse power in use.

The four cities of Ontario quoted by Mr. Ross as examples pay the Hydro-Electric Commission at the commission's transmission lines at the following rates for power per hour (1921):—Brantford, \$20.42; Hamilton, \$20.66; London, \$20.66; Windsor, \$20.66. These rates in kilowatt years would be Brantford, \$26,661; Hamilton, \$21,331; London, \$20,660; Windsor, \$6,660. Now if the load factor at these cities was even as high as 50 per cent. (as Windsor had in 1920), it would be found that the costs per kilowatt hour at each would be Brantford, 4.1 cents; Hamilton, 4.1 cents; London, 4.1 cents; Windsor, 1.1 cents.

Further, when the effect of the higher cost of the Queenstown plant power is felt in the four Ontario cities quoted, we think it safe to predict that it will be found that the cost of power in St. John will be lower than the cost of power from the Ontario Hydro-Electric Commission at any one of the four cities named.

Mr. Ross concludes his report by including the data and records received from the Dominion Water Power branch relative to run-off and storage on the Musquash river. We have carefully examined the data received from this department.

In our opinion the water is available for the generation of power to deliver 21,000,000 kilowatt hours in St. John; a steam plant is not necessary as an auxiliary to the hydro-electric plant; that when purchased for 10,000,000 kilowatt hours of power this can be fully and specially disposed of; and finally that the rates to consumers can be made attractively low and that these rates will certainly bear comparison with those rates obtaining in the hydro-electric system of Ontario.

Respectfully submitted, C. H. & P. H. MITCHELL, Per P. H. MITCHELL.

Such an estimate as follows may be made for the study of St. John's requirements, we can arrive at a fair estimate of distribution plant cost by reference to the individual items in the above figures, bearing in mind special requirements in St. John such as supply lines from the Commission's terminus, setting poles in rock, lines on streets already crowded with poles, amount of power to be distributed, number of customers, etc. The horse power required for St. John when 10,000,000 k. w. hours are taken will be about 4000 h. p.

In our opinion the water is available for the generation of power to deliver 21,000,000 kilowatt hours in St. John; a steam plant is not necessary as an auxiliary to the hydro-electric plant; that when purchased for 10,000,000 kilowatt hours of power this can be fully and specially disposed of; and finally that the rates to consumers can be made attractively low and that these rates will certainly bear comparison with those rates obtaining in the hydro-electric system of Ontario.

Respectfully submitted, C. H. & P. H. MITCHELL, Per P. H. MITCHELL.

Such an estimate as follows may be made for the study of St. John's requirements, we can arrive at a fair estimate of distribution plant cost by reference to the individual items in the above figures, bearing in mind special requirements in St. John such as supply lines from the Commission's terminus, setting poles in rock, lines on streets already crowded with poles, amount of power to be distributed, number of customers, etc. The horse power required for St. John when 10,000,000 k. w. hours are taken will be about 4000 h. p.

CONCERT AT ST. PHILIP'S.
A delightful time was spent in St. Philip's church last evening when the young people's choir society of the church greatly pleased a capacity house with a musical programme. The items were well received and there was much encouragement for the youthful performers.

Those taking part were Mrs. T. E. Jordan, Mrs. L. Morris, Mrs. Lena Ford, Mrs. Estella Burns, solos, Miss Martha McAleer and Miss Lillian Ashe; Professor McCollum and Mrs. Helen Burns, duets; Professor McCollum and Mr. Stewart, instrumental duets; reading Miss Hazel Bushfan. Much credit was given Messrs. McCollum and Stewart for their excellent music. Rev. Mr. Stewart, the pastor, was chairman and complimented the performers on their good efforts. He hoped their success would stimulate them to attain greater results. A good sum was realized for the church funds.

INSURANCE ON SUSSEX SCHOOL

Report of \$75,500 in Policies Carried by St. John Agencies.

At least \$75,500 insurance was carried by local agencies on the Sussex Grammar School and contents, which was destroyed by fire last night. This amount is divided among seventeen companies. Of the total, \$4,750 was on the furniture. The following are the amounts carried with the different companies, and their St. John agencies:—On the building—Palatine, \$10,000; Eagle, Star and British Dominions and Subsidiary Co., \$9,000; Queen, \$7,250; British Empire, \$8,000. On the contents—Royal Exchange, \$1,500; Canada Accident, \$3,250. Total, \$84,500.

J. C. Mitchell—Liverpool, London & Globe, \$5,750.
Peter Clinch—Northern, \$2,250.

ROUGH WEATHER ON CORSICAN TRIP

The Canadian Pacific Steamships, Ltd. liner Corsican arrived in port this morning from Southampton, Antwerp and Havre with eighty-five cabin and 277 third class passengers. During the voyage the liner encountered continuous head winds and high seas and was considerably delayed. Aside from the continuous bad weather Captain Hamilton said nothing transpired during the voyage. Among the passengers was Major F. Mortimer of Kew, Alta., who is returning to the west with his bride. Major Mortimer played a noteworthy part in the great war with the British forces under General Chetwick in Egypt. He was in charge of supplies, ammunition, etc., during General Allenby's great invasion. The passengers were sent forward to their destinations in the regular C. P. R. trains this afternoon.

POLICE COURT

The preliminary hearing of a case against Allan Stevens, charged with the theft of cloth to the value of \$150, the Mrs. Chappell, he replied that he had some time between January 29 and February 1, was commenced this morning in the police court. H. H. McLean, Jr., appeared for the C. P. R., and J. A. Barry for the defendant. C. P. R. Investigator Ritten told of a visit with Detective Biddiscombe to the rooms of Mrs. Chappell in Simonds street on February 28. He said they found the piece of cloth in a small trunk. There was a piece of old rose silk, also. He went to the west side and, with Constable Costello, interviewed the defendant at No. 6 shed. Asked where he got the cloth he had given to Mrs. Chappell, he replied that he had bought it from a stranger at the foot of Main street some time about last October. He signed a statement—produced in court in the presence of the two officers. The witness made further inquiries and laid information resulting in the arrest of the accused last night. On cross-examination he said that the accused had said "about October" and not "some time in October," as was written in the signed statement. The value of the piece of cloth in court, he said, was about \$6 or \$7.

The case was postponed until Tuesday afternoon at 2.30 o'clock, when it is understood there will be about six witnesses called.

Thomas White and a juvenile were before the court this morning, the former charged with trespassing on C. N. R. property, and the latter with theft of coal from a car in the yard. The juvenile pleaded guilty.

C. N. R. Constable Barden told of seeing the two yesterday afternoon. White, he said, was on a fence adjoining the property of the railway and the other lad was in a car. He saw some bags under his arm when he was going towards the yard. The witness and Constable Morrissey arrested them, but could not find the bags. The juvenile said he had been taking coal all winter and was trying to get a little ahead for the summer. The mother of the young lad said that the boy was living with his brother-in-law, as she had married again after his father's death. In answer to a question from the magistrate as to whether she had any objection to his being sent to the Boys' Industrial Home, where he would get good care, she said he was getting good care now. His Honor said that the boy's hands and face were dirty and that the boy said he didn't have any clothes good enough to go to Sunday school in. He sent them into his office to talk over the matter. Later he went in himself and spoke to the boy, who said that he didn't want to go to the Boys' Industrial Home and that he would never do anything wrong again if he was allowed to go. His pleadings were of no avail, however, and when he threw himself on the floor the magistrate sent him down stairs with the other.

FATHER MEAHAN'S WILL PROBATED

Requests Made by the Late Pastor of St. John Baptist Church.

In the probate court, before Judge McInerney, the will of Rev. A. W. Meahan, D. D., was proved, appointing Rev. C. P. Carleton and M. D. Sweeney, executors, personally, \$4,536.99. He left the residuary estate to relatives and friends, and made the following bequests: \$500 to the Bishop of St. John for religious and educational purposes; \$500 to the bishop, spiritual offering for himself and his mother; \$500 to his housekeeper, Miss E. Doon; \$100 to the Sunday school library of St. John the Baptist church, and \$100 to the poor fund thereof; \$100 to Rt. Rev. J. J. Walsh, V. G., for the Society for the Propagation of the Faith. His books, book-cases and desks are left to the two English-speaking priests of this diocese latest ordained before his death. J. A. Barry was proctor. Mrs. George E. Best was appointed administratrix of the estate of Mary Matilda Colwell, personally \$2,620. S. W. Palmer was proctor. Mrs. Maude Steeves was appointed administratrix of the estate of Josephine Humphrey, personally \$350, realty \$3,000. G. E. Logan was proctor. Charlotte M. Gallant was appointed administratrix of the estate of William A. Gallant, personally \$1,800. S. W. Palmer was proctor.

GRAPHIC TALES OF RESCUES AT SEA

(Continued from page 1)
On the second day they sighted a ship and made frantic efforts to attract her attention, but she passed on little realizing that in the distance human beings were on the verge of losing their reason or their lives. Hour by hour the men huddled together scanning the horizon for some passing vessel. Eighty hours after leaving their sinking vessel they sighted the Belgian steamship Persier. One of the crew filled a canvas bucket with kerosene, took off a part of his coat to act as a torch and set fire to it. The darkness was intense, but watchful eyes had detected a light in the distance.

The Last Match.
The wind extinguished the light and the men discovered that they had only one wax match left. With great precautions under the shelter of the sail they struck the last match to make a flare and fired their last cartridge. This was successful and they succeeded in attracting the attention of the Persier. At the time the lookout saw the flare it was fifteen degrees below zero. The men were treated with every kindness and on arrival at Antwerp were placed in St. Elizabeth's Hospital where they were treated.

The crew consisted of Captain Northworthy, Silas Blagdon, mate, George Forester, cook, George Gordon, Thomas Burton and George Dyfett, able seamen. The crew shipped on the Corsican from Antwerp and are enroute to their homes in Newfoundland.

Another's Experience.
There was another shipwrecked crew on the Corsican, that of the three-masted schooner Optimist of Newfoundland, owned by A. E. Hickmann Co., Ltd., St. John's. Captain Evans told the following story to the Times after the Corsican docked at Sand Point:—

"We sailed from Bonanza, Spain, on January 1, sail laden. At that time the weather was good and fair winds prevailed. This continued until January 14, when a strong wind sprang up from the southeast to the northwest. At four o'clock in the afternoon it had increased to an alarming degree and we lost our way. On January 15 the storm was raging and the wind blowing from the northwest. We were laying under double reefed mainsail and forestaysail. At three o'clock we lost staysail.

"During the next three days the gale continued, and on the morning of the 19th we lost our mainsail. At this time the wind had veered to the southwest and for the remainder of that day and the following we were under a storm sail. On the 21st we lost our rudder and had no control of the vessel. A temporary rudder was rigged, but it was so rough and we had not sufficient sail to manage. On January 22 the vessel was leaking under water and we were forced to keep the pumps going every ten minutes.

"For three days the winds kept up and heavy seas were running. The decks were under water a great part of the time, and the pumps were kept continuously manned. On January 26 a big wave broke over the ship and smashed the lifeboat, partially flooded the cabin and shifted the cargo, throwing us over on our starboard side. The crew were unable to do anything during this trying time and all were lashed to the rigging. Six hours later an effort was made to get in the hold and shift the cargo. We succeeded in righting the ship, but the water by this time was two feet deep on the forecastle floor, and both pumps were kept going all the time, but the best efforts of the men were unavailing, as the water kept gaining steadily.

"That night we sighted the S. S. City of Naples, which we signalled, and she came near and laid to until three p. m. The weather was so bad and the seas running so high that they were unable to take us off. They informed us that another ship was rushing to our assistance and they proceeded on their voyage, but the other ship, the Ampetco, did not reach us until seven a. m. on the 29th. By this time the schooner was completely waterlogged. We were taken on board the steamer, which was bound for Antwerp, where we arrived on February 7. During the voyage the captain and crew gave us every attention."

There is a Touch of Color to the New Spring Neckwear

Whether it be a Brambly, Peter Pan, or Boat Shape Collar there is invariably a touch of color that is characteristic of the new modes in Neckwear, which are more delightful this season than ever.

The materials used are chiefly, Linen, Pique, Net, Lace, Kid and Organdy.

A complete stock of the new modes awaits you at our Neckwear section now.

NAMED MEMBER OF COMMISSION

Robert McLean Succeeds F. J. Rafferty on Great Marsh Board—Ask Chairman to Reconsider Resignation—Proposed Legislation.

It was announced by J. M. Donovan, member of the Great Marsh Commission this morning that Robert McLean had been named to succeed the late Frank J. Rafferty, as a member of the commission.

While in Fredericton Mr. Donovan placed before the legislature the matter of legislation to prevent the C. N. E. and others from filling in the Marsh creek. Mr. Donovan said that a draft of a bill is now being prepared and will come before the house at the present session. The commission consists of three members.

Mr. Kresler's Lobbies With Stradivarius Washington, March 10.—Official Washington was treated to a new kind of lobby this week. In place of the oratorical and social persuasion which is usually brought to bear upon Congress and government officials, Fritz Kresler, the famous violinist, sought to win favor with his Stradivarius, by giving a complimentary recital to high officials, in the interests of the resolution to grant Austria time in which to pay \$24,000,000 loaned her by the United States to purchase food after the Armistice.

PERSONALS Daniel Mullin, K. C., will leave this evening for Montreal where he will attend a meeting of the council of the Canadian Bar Association.

GOOD THINGS COMING TO THE THEATRES OF ST. JOHN

Imperial Announces Important Change

Fanny Hurst's other big human story, "Just Around the Corner," has been secured by Imperial Theatre for Monday and Tuesday in place of "Peter Ibbetson," which will be shown later. This is a warm slice of life in which the struggles of a girl against painted companions, dance-hall associates and pool room "fellows" are truthfully depicted and have parallel in nearly every city, big and little.

MAKE NEW START WITH NEW MEN

Otherwise Meighen Doomed to Wander Long in Wilderness—So Says the Ottawa Journal.

(Ottawa Journal Conservation.) In coming to Ottawa to reaffirm their allegiance to Mr. Meighen, as well as their undiminished devotion to their party's principles and professions, the candidates of the Conservative party in the last election performed a proper task. Mr. Meighen, beyond all question of doubt, comes first and has no second, for the leadership of his party; while the flag that fluttered at the masthead in the late contest, although not victorious, must under no circumstances be lowered.

Yet many Conservatives, we imagine, will look upon the present gathering in Ottawa and find it difficult to endorse. And the reason we desire to be frank is the personnel of Mr. Meighen's general staff. While the battle raged last December, and there would be no thought of schisms or disunion, hundreds of thousands of Conservatives all over Canada stifled criticism and discontent. They were dissatisfied with the management of the campaign, with the calibre of many of the men who surrounded the prime minister; but the exigencies of the fight imposed silence. That necessity, however, no longer exists, says Mr. Meighen as well as he makes a new start with new men, he is doomed to wander long in the wilderness.

In the elections of last December Mr. Meighen was his party's only asset. Some of his colleagues were good men, but none of them were strong or brilliant men, while two or three of them were positive liabilities. Nor was that all. An even greater defect, and, we believe, a more disastrous one, was that the management of the campaign was turned over to men who did not even belong to the elective chamber. They were men whose political records did not inspire confidence, men whose pale prestige fell far short of what the public desired in a time of crisis; men whose real character was revealed by the fact that when Mr. Meighen came to fight for a place in parliament, in Grenville, they were far from the smoke of battle.

Mr. Meighen, we trust, will drop such pilots. They have not helped to guide him in the past; they will be of little service to him in the future. What the nation needs is new blood—young, vigorous, active men, who are not tired, who can be depended upon to fight, and who will not try to lead the party's forces from the safety of a haven in the Senate.

Finally, let the party get back to what it actually is—Conservative. The name "National Liberal and Conservative" was as futile as it was stupid and unreal. It was a pussyfooting name, obviously designed as a catchword, and it merited, and received, little respect. Let the party call itself "Conservative;" let it stand by its old traditions and principles; let Mr. Meighen ruthlessly get rid of the incompetents on his staff and give the country a vigilant, fearless and constructive opposition, and he will deserve and receive support. But any other course, any maintenance of the same old advisers—all of them generals, without armies—will be bad. The young Conservatives of Canada deserve leaders for whom they can cheer without apology and with enthusiasm.

AWARDED PRIZE. The National Geographic Society has awarded the Grant Squires prize to Vilhjalmur Stefansson in recognition of his book "The Friendly Arctic," as the outstanding geographic publication of 1921.

WANT WHEAT BOARD RESTORED

DE VALERA WILL SAY NOTHING

No Reply to Griffith at the Present. Says He will Withhold Statement Until a Less Difficult Time—Quiet Today in Limerick, but Situation is Critical.

(Canadian Press Cable.) Dublin, March 10.—Eamon De Valera declared today he would issue no statement in answer to a statement by Arthur Griffith, president of the Dail, on the Limerick situation, until such time as the controversy would not embarrass the difficult position.

Mr. Griffith's statement, issued last night, declared the situation in Limerick was "largely the outcome of incitement to indiscipline, indulged in or connived at by some of De Valera's supporters. He added: "If Mr. De Valera will even now condemn the mutiny in the army, the danger of the situation in Limerick will be considerably lessened."

Ontario Orangemen. Sarnia, Ont., March 10.—H. C. Hackin, former mayor of Toronto, member of the Royal Orange Lodge, Ontario West, in an annual session here yesterday expressed their keen determination to stand ready to aid their comrades in Ulster, condemned in no undecided manner the recent treaty consummated between Ireland and Britain and asserted emphatically their opposition to the separate school claims set forth by Bishop Fallon of London.

Quiet But Critical. Limerick, March 10.—The situation in Limerick this morning was quiet, but still critical. Business has suffered greatly since the advent of the hostile forces and the traders express themselves as most anxious for peace.

AGRICULTURAL RESOLUTIONS Committee of N. B. Legislature Deals With Farmers' and Dairymen's Recommendations.

(Special to Times.) Fredericton, N. B., March 10.—The committee on agriculture met this morning and resolutions passed at the last convention of Farmers' and Dairymen's Association were considered.

Discussion took place on one asking that the sale of underweight poultry be permitted in this province. The matter is at present controlled by the municipalities. It was decided not to incur any only opposition members of the board was attacked.

Proposal in N. S. Legislature—Legislation Affecting Every Child. Halifax, N. S., March 10.—In the House of Assembly yesterday two amendments to the speech from the Throne were moved by opposition members. One was for the reduction of the municipal highway tax from sixty to forty cents per \$100 and the restoration to the towns of Great Britain, of Antigonish, Miramichi, and St. John's, of their municipal theatre tax. This was moved by Dr. MacDonald of Richmond.

CONDITIONS OF HOUSING VERY BAD Starting Reports at Conference of Women's Organizations in London.

London, March 10.—(Canadian Press.)—At a conference of women's organizations, yesterday, concerning public health and child welfare, Dr. Marion Phillips said that, owing to the almost entire cessation of building since 1914, housing conditions in Great Britain had fallen into such chaos that it was almost impossible to handle the problem.

IN WALL STREET. New York, March 10.—(10:30)—Changes among leading shares were limited to fractions at the dull opening of today's stock market. Studebaker, the most active feature of the previous session, reached moderately and other motors, as well as oils, equipments and food specialties were inclined to ease.

HON. R. DANDURAND ON RECIPROCITY

Made Historical Survey of the Question Before Young Liberals' Association.

"Was the Conservative party sincere in its attitude on the reciprocity question in 1911? Historical records will tell us that it was a Conservative, Sir John Macdonald, who in 1868 made a standing statutory offer of reciprocal trade between Canada and the United States. That offer remained until 1884, when Sir Wilfrid Laurier came into power. From 1868 on the Conservatives tried their hardest to introduce reciprocity with the United States, and when, in 1911, Mr. Fielding read the treaty everybody should have shouted 'Hallelujah!' but the Tories roared: 'No truck and trade with the Yanks, cry, and Sir Wilfrid was apparently broken on this question.'"

It was Hon. Raoul Dandurand, who, he sent to the members of the Young Liberals' Association in the Reform Club in Montreal on Tuesday night, made the above statement. The question of reciprocity was treated historically by Senator Dandurand, who sought to show, phase by phase, how the Conservatives had striven with all their might to bring about reciprocity, at least as far as the interchange of natural products of the soil was concerned, and that they had been anything but sincere when they fought the 1911 election on that issue.

Senator Dandurand traced Canadian trade politics back as far as 1847, when we enjoyed favorable trade terms with England. When Free Trade was instituted in England, however, things went from bad to worse in Canada. Quebec Garrison Club for competition in men's doubles; Ladies' Montreal tennis badminton cup, for ladies' singles; Ottawa cup for ladies' singles; J. K. L. Ross cup for men's singles; The Toronto Garrison Club last night captured the Toronto challenge cup from the Montreal representatives.

HOUSE AT BAYARD STATION BURNED

Harry Thompson Loses Residence—Awakened from Sleep in Time by Engine Whistle.

To see a house owned and occupied by Harry Thompson wrapped in flames, was the experience of the engine crew of the early morning Montreal express, as the Bayard Station train started this morning. The speeding train was stopped and the engineer awakened the slumbering community with long blasts of the whistle.

Who was one of the fathers of the United Farmers of Ontario movement, and whose name is frequently associated with that organization, is one of the delegates who will wait on the premier at Ottawa to request the restoration of the Wheat Board.

DALHOUSIE SPORT BOARD Matter Decided On—A Hockey Game for \$500—U. N. B. Basketball Team Defeated.

Halifax, N. S., March 10.—Dalhousie University will have an advisory athletic board, following a decision by the Dalhousie A. A. C. last night. It will be one of the representatives of the college senate, board of governors, and the athletic club.

GOOD ROADS IN ONTARIO

Has Not Built Main Roads First, but has Started at the Other End in Stimulating Municipal Effort.

(By W. A. McLean, Deputy Minister of Highways, Province of Ontario) Opinion may reasonably be felt with respect to road conditions in Ontario. The public of Ontario have persistently deplored their "bad roads." Incessantly has this complaint been sounded. It has become characteristic of Ontario citizens. Any other note brings a shock of discord to those whose one thought of the roads has been from the viewpoint of adverse criticism. The motive is good—that of uplift. Yet, while talking of bad roads, let us see what has been accomplished with respect to good roads:

Table with 2 columns: Road type and Miles. Includes rows for Gravel roads in Ontario (23,166), Broken stone roads (Macadam) (8,385), Broken stone roads with tar carpet coat (266), Bituminous penetration pavement (139), Asphaltic concrete pavement (43), Cement concrete pavement (118), Total surfaced roads (27,117).

Approaching Better Standards. The gravelled and macadamized roads in any cases are not of the best, and much is to be desired with respect to their maintenance. Nevertheless, a persistent co-ordination of forces is at work which is, with steady acceleration, approaching better and still better standards. The majority of States and some of the Provinces commenced their "good roads" effort by building the main roads first. Ontario started at the other end with a view to stimulating the wide-spread municipal effort in the work of township road betterment. In some instances, practically all the roads have been gravelled. In others, where material was scarce, there is still a very limited mileage of surfaced roads, and much remains to be done. Ontario has strenuously lacked what others first undertook—a continuous system of main roads. The effect has been that motorists, in attempting long journeys, have been discouraged with the disconnected local roads of Ontario as compared with the long mileage of main roads in the Eastern States.

Gives Maximum Service. The Provincial highways system of Ontario, however, is rapidly revolutionizing the situation. It is a system of main roads, leading through the very ty of the Province, and connecting the larger centres of population. Largely following the main arteries of the pre-railway days, it is at the same time giving a maximum of service to the farming districts through which these highways pass.

Work on these Provincial highways is proceeding systematically and a fully connected scheme of well-built roads is now within measurable portions of completion. The worst permanent grades culverts, bridges, foundations sufficient to carry heavy motor truck traffic, are being provided. By the end of the present year, 1922, a much improved situation will be achieved; and by the end of 1923, Ontario will have a splendid and profit-producing asset in her system of main highways, if present plans are carried out.

Full Benefit Will Be Felt. By means of this system of main highways, the full benefit of the work of past years will be realized. From the Provincial highway, over the county roads, and thence to the same time township road, all parts of rural Ontario may be reached on a network of surfaced roads, permitting a degree of highway traffic such as few parts of the American continent. Today one may motor to Ottawa or Windsor in reasonable comfort. There may be a few detours, but even being built. States and Provinces with much less reason, are proud of their roads. Why not Ontario?

LACK OF CLOTHING KEEPS MANY FROM PUBLIC SCHOOLS

The monthly meeting of the Children's Aid Society was held last night in the home, in Garden street, with the president, A. M. Belding, in the chair. A committee was appointed to make arrangements for some necessary improvements in the home before the warm weather. The monthly report of the agent showed that the last month had been pretty quiet, so far as new cases were concerned, although many families were having a hard time to get along and there still was a great deal of destitution. The most deplorable feature of this situation was that there were many children in the city of school age who were forced to stay at home because of lack of clothing. There were twenty-five children in the home of the society. Sixty-five visits had been made and post cards were written and mailed during the month.

SCOUTS' ANNIVERSARY. A banquet in celebration of the first anniversary of the organization of No. 4 troop Boy Scouts of the First Presbyterian church was held last evening in the vestry of the church. This troop has a membership of forty-five, the largest number of boys in any troop east of Montreal. Badges were presented to eighty-five per cent of the boys last night for having completed one year of service. Thirty-eight of the forty-five were present. Seventy-five per cent of those who received badges last night will receive their second-class badges in two weeks' time. Walter W. Allingham, the scoutmaster, addressed the boys and addresses were given also by J. S. WIL-

RUM ARREST BARES BLACKMAIL PLOT

Alleged Collector is Trapped as He Receives \$250 from a Saloonkeeper—Three Others Involved

New York, March 10 — When prohibition enforcement agents from the office of Ralph Day, Prohibition Director, arrested a man for receiving an envelope from a Harlem cafe proprietor which contained \$250 it became known that for two weeks an organized band of blackmailers had been visiting saloons in the city and posing as federal officials, extorting money from the proprietors under threat of arrest.

Thomas McCann, 40 years, who said he lived at 249 West Twenty-fourth street, was arrested when he accepted the envelope from Patrick Bennett, proprietor of a cafe at 216 West 114th street. He later was locked up in the West Thirtieth street station on a charge of extortion and impersonating a federal officer. Bennett told the agents that the prisoner was not one of the men who had called on him originally. The prisoner was questioned, and said that he had been sent by two men whom he had met about two weeks ago in the hallway of the Albemarle Building, at 49 West Twenty-seventh street, in which Director Day had his headquarters. He added that the men told him they were John Murphy and John Smith, and that when he was introduced to them by a "book-maker" the latter said that the men were prohibition agents. McCann added that the men told him they wanted him to do some "confidential work" for them.

WHO PAID FOR THE WHISKEY? In the recently published "Stray Thoughts and Memories" of the late Judge Rentoul, the following passage occurs: "A Mexican dollar is worth 4s. in Mexico but worth only 8s. 10d. in the United States, and a United dollar is worth 4s. in the United States but worth only 8s. 10d. in Mexico. A man in Mexico had one Mexican dollar and bought twopence worth of whiskey and received as his change a United States dollar, then crossing into the United States he bought twopence worth of whiskey and got in change a Mexican dollar. Going back into Mexico he entered a second public-house and ordered twopence worth of whiskey and was again given a United States dollar in change. He continued these proceedings till late in the after-

Bread nature's greatest and least expensive food

As a staple food Bread is at the same time heat-giving, flesh-forming and bone-making, and containing these three essentials it is therefore the greatest body-building agent in the daily menu of mankind. This is absolutely a fact—the liberal use of FLOUR in the family bill of fare goes a long way towards the maintenance of health and incidentally

reduction of expense too. Bread is the staff of life and naturally the better the flour the better the bread.

"ROBIN HOOD" Flour is milled only from Western hard spring wheat—right on the prairies where it is grown—all flour—no filler—nothing but the "cream" scientifically separated from the finest wheat in the world.

Our "MONEY BACK" Guarantee.—ROBIN HOOD FLOUR is guaranteed to give you better satisfaction than any other flour milled in Canada. Your dealer is authorized to refund the FULL PURCHASE PRICE WITH A 10% PENALTY ADDED if, after two bakings, you are not thoroughly satisfied with the flour, and will return the unused portion to him.

This Guarantee is the strongest we know of and we are perfectly justified in making it—because "ROBIN HOOD" does give better satisfaction than any other.

Robin Hood Flour "Well worth the slight extra cost"

had set out. The problem is, who paid for the whiskey? Clearly not the distillers, for they did not let it out until they were paid for it. The publican for each publican got a coin worth 4s. and gave one in return worth 8s. 10d. Someone paid for the whiskey, and the problem I want to solve is, was it the consumer or the producer?"

THE EMERALD. The emerald, which is sure of enhanced popularity from the fact that it is the only stone in Princess Mary's engagement ring, was one of the most highly-prized stones of ancient times, partly because, before the discovery of Peru, whence the world's chief supplies now come, it was exceedingly rare. For that reason it was a favorite jewel with royalty, and in medieval times with Popes and other great dignitaries of the church. Some writers declared that it cured leprosy, and one old scribe wrote of it: "The emerald surpasseth in greenness even the leaves of plants and it imparts to the air around it a green shimmer."

AIM TO ELIMINATE THE PROFESSIONAL

Special Officer Assigned to Work of Summoning Jurors for Inquests—Change in System.

(Toronto Mail and Empire.)
Commencing today all warrants for the summoning of jurors to serve at coroners' inquests will be issued from the Dundas street west police station. Chief of Police Dickson yesterday announced that Constable Joseph W. Ough has been given charge of the work of summoning jurors and witnesses. The new plan which has been under advisement for some time past, will minimize the enormous amount of detail involved under the existing system.

For many years past the warrants for jurors have been issued from the Court street station, the jury being selected from the neighborhood of the occurrence in the police division in which it took place. The old system did not altogether meet with the approval of Chief Coroner Df. George W. Graham.

Chief Coroner Graham brought the matter to the attention of Chief of Police Dickson principally with a view to having a special officer assigned to the work of serving jurors and securing the attendance of witnesses. In the past, constables and plainclothesmen of the various divisions were deputed to do the work, with the result that in many instances jurors were hurriedly selected without due consideration as to qualification. Of recent years there has sprung into existence a type of juror known as the "professional juror," ready to serve in that capacity at a moment's call.

Chief Coroner Graham last night expressed the opinion that the change will prove most beneficial to all concerned, and give better satisfaction in the matter of selecting jurors. The chief coroner has already notified his staff of the change, with instructions to issue all warrants from the Dundas street division.

Constable Ough joined the police force in 1906, and has served almost continuously in the Dundas street station. For several years he has been "crier" at the door in the police court.

STRANGLER LEWIS RETAINS TITLE

Nashville, March 9.—Ed. "Strangler" Lewis, world's heavyweight champion wrestler retained his title here tonight by throwing Joe Prof, ulgarian heavyweight with a flying headlock after an hour and twenty-three minutes. Petroff's manager, Ivan McMichaeloff, protested use of the headlock and refused to let his man return to the mat.

GIBBONS WINS

Peoria, Ill., March 9.—Mike Gibbons, St. Paul, defeated Tommy Murphy, Chicago, in a ten-round bout here tonight. Gibbons slightly injured his right hand in the second round.

NOT ONLY BASEBALL THAT INRICHES HIM

Ruth Gets "Barrels" of Money From Various Sources.

"Babe" Ruth, like a character out of a Horatio Alger book, has walked from a boy's home to a place where he is the highest paid athlete in the world. Ruth has put himself in the position of making more than any player in the game and more than a good many of the major league club owners.

John McGraw, the highest salaried man in the game up to the time Ruth signed his new contract, gets \$85,000 a year, and a percentage of the profits. Commissioner Landis draws \$50,000 for directing baseball, and Ben Johnson, President of the American League, gets \$35,000 a year. Tris Speaker and Ty Cobb, both playing managers, are understood to get between \$25,000 and \$30,000 a season. The great Christy Mathewson never drew more than \$11,000 a year.

Ruth was getting \$9,000 a year when he started his home-run stunts with the Boston Red Sox. Just before he was sold to New York for \$150,000, he signed a three-year contract for \$20,000 a year. When he came to the Kilties he was given some bonuses which enabled him to make about \$30,000 last season.

Ever since he became prominent he has been mixed up in big money ventures, but he has not always cashed in on them. For instance, he was given a cheque for \$25,000 for his movie stunts, but he held the cheque so long that it was no good when he went to cash it—the company had gone to the wall. Other ventures have been successful, however. He is said to have drawn \$3,000 a week in vaudeville during the winter season.

The \$500 bonus for home runs will be gravy for the swat sultan. Last year it would have meant \$25,500. This year it may mean most anything.

Incidentally, Ruth will get the first pinch out of the shoe now that Commissioner Landis tied on him for barnstorming against the rules. The six weeks' sentence will keep Ruth away for a period during which he rapped out twelve homers last season.

ASK SAME RIGHTS AS ONT. CATHOLICS

Montreal, March 9.—A resolution to the effect that the Protestant minority in the province of Quebec be amenable to the same law as exists in the province of Ontario in educational matters; or, in other words, that they be granted the same privileges as are enjoyed by Roman Catholics in Ontario, was unanimously adopted at the annual meeting of the Grand Orange Lodge of Quebec held at Shawbridge (Que.)

Grand Master W. H. Higgins in his presidential address dealt mainly with the Irish question and the school situation in Ontario.

OPERA HOUSE HAS GREAT PICTURE

"Hearts of the World," D. W. Griffith's Greatest Triumph.

It took D. W. Griffith eighteen months to make "Hearts of the World," but it took only two hours to show his triumph to huge gatherings at the Opera House yesterday. The engagement, which is limited to Saturday, is the second in St. John, it having formerly played at \$1, but the Opera House has brought back a peace edition of D. W. Griffith's greatest triumph at regular prices.

The picture opens showing David Lloyd George and Mr. Griffith conferring on the steps of Number 10 Downing street, where war history was made, and permission was granted Mr. Griffith to take the official British pictures of the great war. Later, Mr. Griffith is shown in the trenches with his camera men.

"Hearts of the World" is not in any sense a war picture. It is the sweetest love story ever told, using the great conflict as a background. A wonderful cast, including Dorothy and Lillian Gish, Bobby Barron, who has since passed to the great beyond; George Fawcett, character actor, and little Ben Alexander, a child wonder.

The world expects big things of Griffith. His "Birth of a Nation," "Intolerance," "Way Down East" are all achievements of a great artist. "Hearts of the World" is his supreme triumph. It is an artistic record that will take years to equal, if indeed, such is possible.

The Opera House is happy to be able to offer "Hearts of the World" at popular prices, this being the first time it has ever been shown at these prices anywhere. There will be three shows again today and tomorrow, and it will be taken off to make room for the Queen of Sheba in all her grandeur.

ALPINE FLORA IN BRITISH COLUMBIA

The Alpine flora of British Columbia formed the subject of an interesting public lecture given by Dr. John D. Tothill of the Dominion entomological laboratory at Fredericton, at the opening session of the annual meeting of the Acadian Entomological Society, held in the Natural History Society rooms last evening.

Professor W. H. Brittain, of Truro, president of the Acadian Society and provincial entomologist for Nova Scotia, was in the chair.

In moving a vote of thanks, William McIntosh, the New Brunswick entomologist, pointed out that New Brunswick was especially favored in the abundance and beauty of its flowers. A. Gordon Leavitt seconded the motion, which was carried unanimously.

BELIEVE IT OR NOT!

St. Petersburg, Fla., March 10.—A pelican, one of those huge, long-beaked marine birds that poise themselves a hundred feet above the water, close their wings and with beaks open dive head foremost into schools of small fish, finished a golf game here recently "one down."

The "coffee pot" course is along the shore of Tampa Bay, and on the eleventh hole is a small brackish lake forming a water hazard, which must be crossed to reach the green.

One member of a foursome drove from the tee and a strong wind carried the ball into the lake. A pelican flying lazily above the lake evidently took the ball bobbing on the surface, for a new variety of fish, for he suddenly closed his wings, dropped with terrific speed, and gobbled it.

Swansea-Charlton Draw.

London, March 9.—(Canadian Press Cable)—In a third division southern section soccer match played today Swansea and Charlton drew, nothing-nothing.

MORNING NEWS OVER THE WIRES

The Sussex Grammar school, which was completed in 1908 at a cost of \$85,000, was destroyed by fire last night and only the walls remain standing. The fire is supposed to have caught in the boiler room and when first discovered was all ablaze. The firemen had hard work to prevent other buildings from burning. Besides numerous dwellings, the Methodist and Presbyterian churches, caught, but these were soon put out. The loss to the town is estimated at \$150,000, with partial insurance. Fourteen teachers were thrown out of employment and about 500 children will be out of school for some time.

Damage, which will probably amount to \$200,000, resulted from a fire which broke out in the main plant of the Dominion Arsenal at Quebec yesterday afternoon. The fire broke out in the case and bullet department. There was some uneasiness when the fire broke out, as it was thought by the citizens that explosives were stored in the building, but these were stored in other buildings. A fire occurred on March 1 in the Cove Fields building of the arsenal, doing damage to the extent of \$125,000.

MAKES PLEA FOR THE CAVALRY

Deputy Chief of the Imperial Staff Says Disbanding of Five More Regiments Dangerous.

London, March 10.—(Canadian Press)—Sir Philip Chetwode, deputy chief of the Imperial General Staff, declares that the decision to disband five more cavalry regiments, making nine altogether, was fraught with danger to the country.

"We are forced," he declared, "with greater overseas responsibilities than in 1914, yet we have the smallest army for a century."

Hardly any of the present day officers, added Sir Philip, had seen cavalry work. It was very improbable that there would ever again be a war of trenches.

INTER-SOCIETY POOL

In the Inter-society pool tournament at the Y. M. C. I. last night the Assumption society, represented by N. Donovan and J. Fitzgerald won from the A. O. H. No. 1, represented by W. McCullough and McCullough. The A. O. H. No. 5 represented by J. McGovern and J. Hennessey won from the Y. M. C. I. represented by Harry Jessome and J. Sullivan. A special prize is to be given for the highest run and last night J. McGovern of the Fairville A. O. H. made the highest run so far, twenty-six balls.

GIRLS' SKATING RACES.

The first heats in the girls' races were skated last night on the Victoria rink and Miss Ethel Knodell and Miss Hazel Oran scored equally, each coming first in one heat in both the 250 and 440. The finals will be skated tonight.

Bitten By Dog, Dies of Lockjaw.

Newark, N. J., March 10.—Joel Ertrenkraus, fourteen years old, died in the City Hospital this week from lockjaw. He had been bitten on Feb. 25 by a dog on going into the yard of Frank Clements at 85 New street, to get a baseball.

The men's Bible class of St. Luke's church was addressed last night by Rev. R. G. Fulton, of Centenary church, who spoke impressively on the temptations of Christ. Harry A. Finch, the president, was in the chair and a hearty vote of thanks was extended to the speaker on the motion of W. F. Cronk, seconded by R. Betts.

Taxmen Win.

The team from the inspector of taxation's office took all four points from the office team of the post office superintendent in a friendly match last evening on the Y. M. C. A. alleys.

Inspector Taxation—

| | | |
|------------|----------|------------|
| Masters | 77 94 81 | 252 84 |
| Meahan | 80 89 79 | 254 84-2-3 |
| Estabrooks | 99 92 89 | 270 90 |

Y. M. C. A. House League.

The Sparrows capped all four points from the Hawks in the Y. M. C. A. House League game rolled on the Y. M. C. A. alleys last evening. The winners were in rare form as three of their five bowlers averaged over the century mark, Copp being high man with 104-1-3. Harrington's single string of 121 was also a feature of the match. The later is at present leading the fourth series for the high average and is rapidly overtaking the season's leader. Last night's scores were:

| | | |
|------------------|----------|------------|
| Hawks— | Total. | Avg. |
| Hansen | 84 78 89 | 251 83-2-3 |
| Reid | 83 84 92 | 259 86-1-3 |
| Power | 87 91 95 | 273 91 |
| Jarvis | 74 83 78 | 235 78-1-3 |
| Green | 85 81 96 | 262 87-3-3 |
| 414 417 450 1281 | | |

Sparrows—

| | | |
|------------------|------------|-------------|
| Copp | 89 105 116 | 310 104-1-3 |
| Hay | 98 81 84 | 263 87-2-3 |
| Poshlay | 84 112 105 | 301 100-1-3 |
| Harrington | 91 96 121 | 308 102-2-3 |
| Brown | 114 98 74 | 286 95-1-3 |
| 476 485 500 1471 | | |

On the Y. M. C. A. Alleys.

George Gallagher is at present leading for the weekly prize at the Y. M. C. A. bowling alleys, with a string of 185. This string is liable to be beaten at any time as the probable members of the Y. M. C. A. team, which will defend the championship pin in the annual tournament this spring, are practising regularly at the alleys.

"THE TESTING BLOCK"

—A Paramount Picture—

The Days of Old, the Days of Gold, the Days of '49!

And under a giant redwood, on a wild Sierra slope, a little troop of wandering minstrels. A trembling girl, with a violin, playing "Nelly Gray." A band of outlaws listening. Then the spell is broken; the demon awakes. Who shall take her? A maddening battle. The bandit leader wins, and—the rest is a song of a soul's regeneration.

SERIAL STORY—"WINNERS OF THE WEST"

BASEBALL.

Inter-Room Game.

The two grade ten High School rooms picked up ten yesterday and in a friendly basketball match on the Y. M. C. A. floor the team from Mr. Denham's room defeated the team from Mr. Brooks' room by a 15 to 13 count. The outcome was rather a surprise as it was thought Mr. Brooks' team would easily defeat their opponents because two of the High School intermediate team were on Mr. Brooks' line-up. The both line-ups are as follows:

| | | |
|------------------|----------|------------|
| Mr. Brooks'— | Total. | Avg. |
| McMichael | 80 73 81 | 233 72-3 |
| Moore | 77 80 73 | 230 73 |
| Masters | 63 75 71 | 209 69-2-3 |
| Gorle | 82 82 81 | 245 81-2-3 |
| Henderson | 99 97 81 | 277 92-1-3 |

BASEBALL.

Can Tyler Come Back?

Some years ago, when Joe Wood's pitching arm lost its effectiveness, critics said he was through and soon his name would be forgotten by the baseball fans. His critics were right in one sense—he was through as a pitcher; but "Smoky Joe" came back, and today he is a very Handy Andy for the Cleveland Indians to have around.

Now it is "Lefty" Tyler, who with Bill Jones and Dick Rudolph pitched the Braves to a world's championship in 1914, who wants to "come back." For two years past his arm has been bothering him, but "Lefty" believes now that it is in good shape again, and has persuaded the Braves to give him another trial.

Whether Tyler can still bother the batters is a problematical question; however, others have done it before. Take

Brightwood Club, Halifax.

Halifax, N. S., March 10—W. A. Henry, K. C., was elected captain for 1922 of the Brightwood Golf Club, at its annual meeting last night. Plans for the issuance of preference bonds totalling \$10,000 to be used for the completion of a club house and enlarging the links to full eighteen holes course were discussed. Eighteen thousand dollars was spent last year on the links.

Chicago, March 10—Kenesaw Mountain Landis, baseball commissioner, will leave here tonight for his tour of the southern major league training camps, according to present plans. He will first visit the Brooklyn club's camp at Jacksonville, Fla., arriving there Sunday morning and west, covering virtually every training point before returning to Chicago. Commissioner Landis has not completed his itinerary, but expects to be ready to announce it in a day or two.

Tampa, Fla., March 10—Judge K. M. Landis will witness the first exhibition game of the training season here between the Washington Americans and the Boston Nationals, March 18, according to a letter received from Judge Landis by Clark Griffith, president of the Washington club.

Off to Join Yankees.

Hot Springs, Ark., March 10—Mike McNally, Al Devorner and J. Franklin ("Home Run") Baker started for New Orleans to join the main squad of the New York Americans. Babe Ruth, Waite Hoyt, Carl Mays and the other Yankees in training here have set no definite time for leaving. Colonel T. L. Huston also has postponed his departure.

Hugh Duffy and his Boston Red Sox were augmented today by the arrival of Quinn, Lynn, Hendricks and Penock.

Imperial Theatre, Monday

Owing to shipping arrangements this picture will take the place of "Peter Ibbertson" already announced.

Bringing Up Father

I'M SO EXCITED! LADY DE BILITY IS COMING TO CALL ON US THIS MORNING. MAYBE WE'LL GET INTO HER SET!

IT'S BAD ENOUGH TO LIVE IN HER CITY!

HELP! LOOK! IT'S A BURGLAR!

IF IT AINT FINNY BONES - I'M A GOAT - I DIDN'T KNOW HE WUZ OUT OF JAIL! HE AINT A BURGLAR - HE'S A SECOND STORY MAN!

EXCUSE ME MUM BUT THERE'S A QUEER LOOKING PERSON AT THE DOOR AND -

I'LL ATTEND TO HIM MYSELF!

IF IT'S FINNY AN HE'S COMIN' TO SEE ME I'M SORRY FOR HIM!

H-E-L-P
LET-GO ME NECK!!
HELP!!!
LETTUP-LADY!!

POOR FINNY!

AS FOR YOU - YOU BIG BUM! JUST THINK! THAT LOAFER MIGHT HAVE COME HERE JUST WHILE LADY DE BILITY WAS HERE - I'M TIRED OF TALKING TO YOU

I GIT JUST AS TIRED OF LISTENIN'!

LADY DE BILITY!

BRUSH OFF YOUR CLOTHES - PUT ON YOUR COAT - COMB YOUR HAIR AND FIX YOURSELF UP!

IT'LL TAKE A DOCTOR TO FIX ME UP I THINK ME NECK IS BROKE

OH! MRS. JIGGS WON'T YOU JOIN OUR COMMITTEE TO HELP MEN WHO COME OUT OF JAIL!

I'D BE DELIGHTED!

I WISH SHED GIT UP A COMMITTEE TO HELP ME GIT OUT AT NIGHT!

I SENT ONE OF OUR SUBJECTS TO SEE YOU - MR FINNY BONES DID HE TELL YOU HIS INTERESTING STORY?

ER - NO - HE HE HAVEN'T - I HAVEN'T TALKED TO HIM YET!

WELL YOU MUST HEAR HIS LIFE'S HISTORY - LIFE HAS BEEN A HARD FIGHT FOR HIM

I THINK I KIN GIT HIM FOR YOU - MAGGIE - I KNOW WHERE HE HANGS OUT.

SAY - FINNY - MAGGIE WANTS YOU TO COME BACK TO THE HOUSE WITH ME

I'LL GO UNDER ONE CONDITION - TELL HER TO GIVE YOU FIFTY DOLLARS IN ADVANCE!

HE SAYS HE'LL COME OVER FER FIFTY DOLLARS - NOT A CENT LESS!

THE BRUTE I SUPPOSE I'LL HAVE TO PAY IT!

IF ANY BODY PHONES FOR ME OR BONES WE ARE NOT HERE -

THAT'S THE EASIEST MONEY YOU EVER MADE ISN'T IT BONES?

WHEN YOU GO HOME - JIGGS - TELL HER THE REASON I DIDN'T SHOW UP - I WUZ HOLDIN' OUT FER FIFTY MORE!
