TWENTY-ONE SHOTS FIRED AT PREMIER

Dato, of Spain, Died in Dispensary  
Three Men With Motor Cycle Followed His Car and At Dark Place in Madrid Street Opened Fusillade of Shots.

Madrid, March 9.—This city was horrified last night when it became known that Eduardo Dato, premier and minister of marines, had been assassinated while returning to his home after a late session of the Spanish senate.

Immediately after the news was received in official quarters, arrangements were made to carry on the government until a new premier could be appointed by King Alfonso. The Count De Bugalia, minister of interior, will act as temporary premier.

All traces of the men who killed the premier was lost in the excitement attending the assassination. Immediately after the crime had been committed the criminals, who were riding in the side car of a motor cycle, sped away and disappeared.

Premier Dato left the senate chamber at 11:30 p. m. and entered his car, which was waiting for him. The machine was driven through Calle Arenas to Puerta Del Sol, and thence through Calle De Alcalá to the motor cycle, which was carrying two men, had followed the premier's motor unnoticed, there being many other similar machines in the streets. When the premier's car had reached Plaza Independencia, near San Pedro's house, the motor cycle increased its speed and approached the side of the premier's car. At that point the streets are quite dark.

When the motor cycle had drawn up even with the automobile, the two men in the side car and the driver of the machine opened fire upon the premier. Twenty-one shots were discharged. The whole tragedy was enacted in a few moments, and as the last shot rang out the motor cycle swung into a side street.

The driver of the premier's car, hearing the firing, increased his speed, but the premier noted it.  
"I am wounded, stop the car!"  
The chauffeur found the premier terribly wounded about the head, but able to speak. He said he believed he was badly hurt.  
The auto drove to a dispensary nearby, where first aid was given.

Senator Dato was conscious when taken minutes, and died while in the dispensary. He had three wounds in the back of his head. The car in which he was riding was riddled with bullets.  
At the session of the senate which the premier had just attended the minister of labor had introduced a labor act extending the provisions of the labor act law to agricultural workers.

ABATTOIRS AT TIDE WATER

Alternative in Case Britain Will Not Lift the Cattle Embargo.

Edmonton, March 9.—In a striking arrangement of the British policy of continuing the embargo on Canadian live cattle shipments, Hon. Duncan Marshall, minister of agriculture, speaking to a session before the legislature on Tuesday night urged the removal of the embargo on a definite case of the pleuro-pneumonia objected to in Britain, never had a case of foot and mouth disease, and slaughtered cattle shipped to Britain since 1920, when the embargo was imposed, not one trace of disease had been registered after examination.

If the lifting of the embargo could not be brought about, Hon. Mr. Marshall said that there would have to be an alternative course adopted, providing abattoirs at tidewater points to ship meat via the coast North Atlantic route to the British market more promptly and in better condition than was possible in the case of Canada's competitors, the Argentine, which was obliged to ship across the Equator, several thousand miles farther.

Mr. Marshall declared the agricultural industry of Canada in the face of a meat shortage in destination Europe was threatened with a most serious depression unless steady livestock markets could be maintained.

German Ambassador At Paris Leaves For Berlin

France Sends More of Her Sailors to Rhine  
Allied Soldiers, Patrolling Dusseldorf Streets, Find People Accepting Situation With Apparent Apathy—Theatres Closed.

Paris, March 9.—Dr. Wilhelm Mayer, the German ambassador, left Paris for Berlin this morning.

Paris, March 9.—A detachment of 100 blue-jackets to reinforce the French Rhine garrison left Paris last night by the Cologne express. Another hundred will leave today.

The Chancellor Backs Up Simons.  
Berlin, March 9.—(Associated Press)—Protests voiced by Dr. Walter Simons re reparations were emphatically endorsed by Chancellor Feilerbach, who spoke before the Reichstag yesterday.

Paris, March 9.—The methods pursued by the Allies cannot possibly accomplish the rehabilitation of Europe nor bring about a liquidation of the war.

"This violation of law and justice cannot be defended on any judicial grounds. It assumes a doubly repulsive aspect when directed against a people from which the last defence has been taken. The events of the last week have convinced the government that the methods pursued by the Allies cannot possibly accomplish the rehabilitation of Europe nor bring about a liquidation of the war."

"In the course of the London negotiations, Foreign Minister Simons appealed to history," said the chancellor, "in discussing the question of responsibility for the war. 'I feel permitted to declare the judgment of history is already established, and that the nature of the verdict is such that any attempt to fasten responsibility solely upon Germany must fail because it is false.'"

Austrian Sympathy.  
Vienna, March 9.—Sympathy with Germany in the developments which followed the breaking up of the negotiations at London is expressed by newspapers here. The German attitude is generally praised, and long excerpts from Berlin newspapers are printed in German papers.

The Neue Freie Presse calls the allied action "war in the midst of peace," while the Mitteleuropäische Zeitung says: "It may be assumed the German people will never to quit the German people so closely that they will rise above all party strife."

The Acht Uhr Blatt and the Abendblatt both predicted general strikes in Germany as the Mitteleuropäische Zeitung says: "It may be assumed the German people will never to quit the German people so closely that they will rise above all party strife."

The German giant may be momentarily bowed, but he never will forget the tortures to which he was subjected." Patrol Dusseldorf.

Dusseldorf, March 9.—Allied soldiers patrolled the city last night. So far as known there no rioting occurred. The population of the city accepts the presence of Entente troops with seemingly apathy.

All theatres, moving picture houses and concerts were ordered closed last night by General Degoutte, commander of French forces occupying the city, but he promised that this order might be modified in a few days.

Provisional authorities were invited yesterday to meet the commanders of the Allied troops here, and a state of siege was declared.

REPORTS ON THE SITUATION IN RUSSIA VARY

One Says Revolutionists Control Petrograd  
Another Declares Soviets Have Recaptured Southern Suburbs of Capital—Thousands Seek Refuge in Finland.

London, March 9.—Communications between Russia and Serbia have been cut for more than a fortnight, says an official wireless message from Moscow today.

A Tokio despatch of March 6 quoted travelers arriving in Vladivostok, from Chita, seat of the Bolsheviki for eastern Siberian republic, as stating that an anti-Soviet movement had been started by troops and peasants in the interior of the republic.

Copenhagen, March 9.—News of the Russian situation today was conflicting with the latest Helsinki dispatches reporting that the Soviet government forces had recaptured the fortresses of Krasnoy, Gorko and Syzrebak this morning and training the big guns of these fortresses upon Kronstadt, where fires were observed.

An infantry assault by the Soviet troops upon Kronstadt is reported to have been repulsed with heavy losses to the attacking forces. These reports were preceded by claims made in Helsinki dispatches that Petrograd was in the hands of the revolutionaries.

London, March 9.—Workers in Soviet Russia are reported to be in the hands of revolutionary forces which for several days have been fighting against Krasnoy, Gorko and Syzrebak, which was followed by machine gun battles in the streets of the city.

London, March 9.—The present anti-Bolshevik uprising in Russia is not a new movement, but one of a series of uprisings which occurred during the last three years and remained hidden beneath the veil of Soviet censorship, Sir Paul Duke, former British secret service agent in Russia, declared here yesterday.

Sir Paul, who spent more than two years in Russia disguised as a Russian worker, is now in the United States on a visit.

STEAMER ASHORE ON MAINE COAST

Kennebunkport, Me., March 9.—A large steamer ashore today in the fog off this port. She was reported hard and fast on the rocks at Walker's Point and apparently no more than 200 feet from shore. She was described as being probably of 4,500 tonnage.

HAS GONE UP SOME HUNDREDS OF THOUSANDS

Vote for Expenses in Taking Over Railways and for Arbitration.  
Ottawa, March 9.—(Canadian Press)—The vote for one million dollars to provide for payment of expenses in connection with the acquisition of the Grand Trunk and associated railways systems and the arbitration proceedings in connection herewith appears in lower estimates under the heading of railways and canals chargeable to income. The vote for this purpose last session was \$600,000.

WORKERS IN DRESS FACTORIES IN NEW YORK ON STRIKE

New York, March 9.—Approximately 10,000 workers in dress and children's dress factories went on strike today, it was announced at the headquarters of the International Ladies' Garment Workers' Union, where it was said that the industry in Greater New York was practically tied up.

SAYS DOHERTY MEASURE IS WORTHLESS ONE

They're Still Bothered in British Columbia Legislature Over Liquor Law.

Victoria, B. C., March 9.—(Canadian Press)—Attorney General Farris, during discussion in the legislature yesterday on Premier Oliver's motion asking the legislature to approve an amendment to the Canadian Temperance Act to prohibit importations of liquor to British Columbia, as desired under the moderation liquor bill criticized the Doherty measure as a worthless one which prohibition provinces had refused to take advantage of because it was wholly unworkable.

Hon. W. J. Bowser, leader of the opposition, argued that there was no need of the legislature taking the action requested by the premier, but that by the insertion of a section in the moderation bill to make it conform with the provisions of the Doherty act providing that no one should be in possession of liquor except such as was purchased in a government store, would achieve the desired end.

Mr. Farris further contended that the Doherty measure permitted a ban on such imports as were brought in for purposes illegal under provincial legislation but as a general and splendid authority and could not stop importations, therefore the Doherty act would not meet the situation.

The attorney-general contended that Ottawa would not be justified in re-asking for.

RED BIRETTA FOR NEW CARDINALS

Red Hat Will be Conferred Tomorrow—American Spokesman in Thanks to Pope.  
Rome, March 9.—Pope Benedict today imposed upon cardinals created at the brettea as the first tangible proof of supreme dignity which has been completed by the conferment of the red hat in the public consistory tomorrow.

His Eminence Cardinal Dennis Dougherty, as the dean of the newly elected cardinals, delivered an address to the consistory in which he thanked his name of the other new cardinals for the great honor which he had done them in giving them so sacred and splendid a position. He assured his holiness of the deep and humble gratitude, which they all hoped to demonstrate by their enthusiastic devotion and loyalty to the supreme Pontiff and to the Holy Roman church.

VISIT OF PRINCE OF WALES TO GLASGOW

Glasgow, March 9.—The Prince of Wales, who is visiting Glasgow, was met by 100,000 people and escorted to the city. During the day there was a parade of unemployed, who carried banners with such mottoes as "We want the 1914 price" and "The prince has refused our plane crashing into a flock of wild ducks. The inscription referred to the prince having declined to attend a public dinner in his honor owing to opposition by authorities packed for marching in the city. New Brunswick exhibitors made a great sweep in honey classes at the last fair.

MOVIES LEAD TO LAYING OF CHARGES

Sacramento, Cal., March 9.—Moving pictures in a weekly depicting an airplane crashing into a flock of wild ducks, resulted yesterday in the filing of criminal proceedings here against Louis Hatt, photographer; Lieut. Harry Halvorson of San Francisco, F. M. Peters, commercial aviator, and Richard Donegan, who violated the Migratory Bird Act.

Hon. J. F. Tweeddale Falls In Yard; Skull Fractured

Critically Ill is Report From Andover  
Was Hauling Grandchild in Yard, Fell and Struck on Head—Former Minister of Agriculture and Present Head of Liquor Board.

Andover, N. B., March 9.—Hon. J. Fletcher Tweeddale met with a serious accident yesterday and as a result is lying in a critical condition at his home at Arthuret.

While hauling his little grandson about the yard yesterday morning he slipped and fell striking on the back of his head fracturing his skull.

Hon. Mr. Tweeddale was formerly minister of agriculture in the New Brunswick Government and recently was appointed chairman of the board to control the handling of liquor in the province.

Mr. Hannah Brewer, widow of Albert Brewer of Woodstock died at the home of her niece, Mrs. R. Willard Demings, at Woodstock, N. B., last night. She was about seventy-three years of age and is survived by one brother, Daniel B. Hopkins of Arnsbrook Junction.

W. G. ASBELL ENDS TERM AS AN INSPECTOR

G. Crawford of St. Stephen Appointed Vendor  
Resignations of Posts and Appointments by the Provincial Government—Be-Keepers Elect—New Companies.

St. Stephen, March 9.—On recommendation of Chief Inspector Hawthorne, a retail liquor vendors license is granted to George Crawford of St. Stephen, N. B., and County of Sussex is relieved of his duties as sub-inspector.

Edmund J. Daley of Turgeon, Gloucester county, has applied for a retail liquor license.

The following provincial resignations have been accepted: R. B. Hanson, clerk of the peace for Sunbury; A. Chris. Jensen as commissioner of the Blue Bell Tract; Miss F. J. Holden, as stenographer, the Crown Land office, her resignation to take effect on April 1.

The following appointments are gazetted: Madawaska—J. W. Hall of Edmundston and Claude Thibodeau of Green River as commissioners of the peace; Fred Dufour of Edmundston in the place of Eld Stoney; Northumberland—T. H. HEAVY TAX ON AMUSEMENTS FOR CHARITIES

Quebec Plan to Take Share of Race Meet Money  
Leader of Opposition in Quebec Has Given Notice of Motion for Reform of the Legislative Council of the Province.

Quebec, Mar. 9.—(Canadian Press)—The David Hill, now before the Quebec assembly, which seeks to provide assistance for public charities will secure its revenue mainly from taxation on amusements. The bill provides that there will be a tax of 25 cents on every admission ticket to race meetings, fifty cents on every \$2 ticket and so on in like proportion.

When the receipts of party-mutual machines amount to \$100,000, ten per cent will be deducted from the bets, six per cent to go to the race track association and four per cent to the government. If the receipts amount to \$150,000, five per cent will go to the race track association and five per cent to the government, and so on.

One half of the proceeds of the general amusement tax will be given to the municipalities to be distributed to local charities and the other half will be paid to the government.

Quebec, Mar. 9.—Mr. Sauve, leader of the opposition, last night gave notice that he would present a motion asking for the reform of the legislative council. He wants the appointment of members of the upper house taken out of politics. His idea is that the members should be chosen, some by selection of the universities, others by boards of trade, agriculture associations, and so on, so that the council will be representative of all the varied interests.

POWERS WANTS MEN WHO SLEW LIUTENANTS

Reward for Murderers in Political Warfare in Chicago.  
Chicago, March 9.—Rewards of \$5,000 were offered today by Ald. John Powers of the 19th ward for the capture of men who yesterday shot and killed two of Powers' political lieutenants, Paul Labriola and Harry Raymond.

One man was under arrest today in connection with the case, but police refused to disclose his identity. Four gunners said to have been imported from New York were reported to have been connected with the shooting.

Labriola was killed within a block of his home, and Raymond in his cigar store, a few blocks away.

Police were detailed to guard the home of "Tony" Girardi, another precinct captain for Alderman Powers in the 19th ward, who was shot in the chest. Labriola had received death threats similar to those sent to the other two men.

LATE SPORT NEWS

New York, Mar. 9.—Versatile Babe Ruth, New York American baseball player, won the Yankee's spring camp in Shreveport, La. He was reported today. During the week he practiced in the forenoon, qualified as a side line comedian, then spent an hour coaching left handed pitchers. In the afternoon he played first base, pitched a white, worked in center field, then went to bat, getting one home run and two singles. He brought the day to a close by relieving the bat boy of his burden.

Philadelphia, Mar. 9.—Invitations were sent today to seven professional ice skaters to participate in a special set of sweepstakes races at Philadelphia ice palace during the week of March 21-26. The winners are Art Staff, winner of the Lake Placid professional meet last month, Norval Bappte, Bobby McLennan, Pauline Seel, Fred McEwan, Morris Wood and Benny O'Sickey.

Montreal, Mar. 9.—It was announced last night by the sailing committee of the Royal St. Lawrence Yacht Club that another crew to participate in the trial races from which a defended will be chosen to defend the Royal St. Lawrence Memorial trophy against the White Bear Club of St. Paul, Minn., would be selected.

Crab-bags Sold \$500 in Five Days

The lure of the old-fashioned "crab-bag" was well illustrated by White & Henderson recently in Galena, Kans.

Several large packing cases were placed at various points along the counter and each was filled with packages containing either a single article or two or three articles according to the value.

White & Henderson put signs on each box inviting customers to "Take a grab—only ten cents." And the people "took a grab" then took it.

The plan was a great success and did more to advertise the W. & H. store than did any other stunt tried out by them.

NOVA SCOTIA MUST SEEK MORE REVENUE

Statement in Speech From the Throne

Funds Needed so That Services May Be Efficiently Maintained—Mothers' Pensions and Prison Farm in Forefront.

Halifax, N. S., March 8.—The Nova Scotia legislature opened this afternoon. In the speech from the throne, with reference to the appointment of a royal commission to investigate "expedients in connection with the construction of certain federal roads made by the provincial highways board and the purchase of machinery," the legislators were informed that the report of the commission would be laid before them.

Legislation forecasting the provision of additional sources of revenue "in order that efficiency of service may be fully maintained in the various departments of the government" was announced.

With reference to the "claims of the maritime provinces against the dominion government" which are being investigated by the royal commission, it was announced that further plans for pressing these claims had been made and it is hoped that an early date a decision will be reached by the governments concerned.

The usual ceremonies attended the opening of the legislature, the band of the Halifax Rifles and a guard of honor from the Royal Canadian Regiment being in attendance.

No Place For A Bear.

Mr. Merrington had been invited to a children's party to help amuse the small guests. "Must do something really funny," he reflected. "I know. I will go as a bear."

Even the tramp of Allied troops through Germany does not prevent the German chancellor from talking further nonsense.

They have been reading President Harding's inaugural address in Tokyo, and a Japanese newspaper tells the United States that unless the American government is ready to make some sacrifice in the matter of disarmament, no other country would care to accept President Harding's suggestions.

These United States Customs officials were so fussy—would the porter try to find a safe hiding place for the treasure bottles until the train reached Detroit? If so he would receive a bottle for himself.

The porter would—and did.

All was well, appeared to be, until the train pulled into London about noon. Then a couple of station employes rushed to the coach, each carrying a big bucket of ice.

The top of the tank was raised, the ice was dumped in and the employes departed.

Passengers Very Thrifty.

Half an hour later the Detroiters' attention was attracted by a steady stream of people passing through the car and looking at the water tank. Everybody on the train seemed to have developed an acute thirst, and it seemed as though the water tank was empty.

And the thirsty ones were so thirsty.

One cupful wasn't enough. They just stood around, and then—they had another cupful. Everybody but the engineer and the fireman was dry, it seemed.

The train had almost reached Windsor before the owner of the "Scotch" learned that he had been an involuntary host to several scores of his fellow-passengers on the trip.

The ice had smashed the bottles in the tank, and all the way from London the Ontario Temperance Act was remembered about as much as the dead languages, while the travelers felt about for the old-time football.

The owner of the liquor didn't even get a drink, he says.

HART WILL COME BACK TO SCREEN

Big Hero of Western Cinemas is But Taking a Rest. Los Angeles, Cal., March 8.—Contrary to widespread report, William S. Hart will not leave the screen at the conclusion of his present picture. He will, however, cease production for a period of a year or more and has at present no definite plans for his return appearance.

ARRIVAL OF RUTH CAUSES STIR

Shreveport, La., March 5.—Union station was the rendezvous for several hundred natives of this thriving city for a few minutes this afternoon. Announcements had been sounded and repeated frequently during the past few days that Babe Ruth was due to arrive here from Hot Springs at 6.40 p. m., and the crowd which gathered on the platform had gathered with one idea—hat of seeing Babe when he climbed down from the rattle.

WILD DUCKS TRAVELS

Returned Leg Bands Indicate Routes Taken by Birds. New York, March 9.—A systematic banding of wild ducks has been undertaken by the Bureau of Biological Survey of the Department of Agriculture in an effort to keep tab on the travels of the birds. This method consists of trapping the birds and marking them with aluminum leg bands that carry a number and the legend, "Biol. Surv., Wash., D. C."

When a banded duck is killed, the hunter records the band and returns it to the Biological Survey with information showing when and where the bird was recovered.

Last autumn a Canadian collaborator of the Survey, H. Oiler, operated a duck trap at Lake Scugog, Ontario, where he captured and banded over 200 black ducks and mallards, with a few ring-necked ducks and blue-winged teal.

Some of these were killed near the place where they were banded, but others were from such localities as to indicate approximately the route taken by the birds in their journey to the south.

In all about twenty-five of Mr. Oiler's ducks have been killed and the hands returned from points in Ohio, Illinois, Kentucky, Tennessee, Arkansas, Mississippi, Louisiana and Texas.

One of the blue-winged teal was killed near Port of Spain, Trinidad, British West Indies, more than 2,500 miles from Lake Scugog, where the band was attached.

The insignificance of this sphere, generally referred to as the "wide wide world," when compared to the universe, was strikingly instanced in a lecture by Dr. Henroteau, astronomer at Dominion Observatory, at a meeting of the Royal Astronomical Society in Ottawa last week.

"The size of the Universe," was the subject of Dr. Henroteau's lecture.

Pictures were shown of the Lick observatory in California, and La Plata observatory in Argentina, and a number of pictures of nebulae, star-fields, etc. were also shown.

The sun, Mr. Henroteau stated, was 93,000,000 miles away from here, its light needed the earth in 8 1/2 minutes, and the rate of 186,000 miles a second. It took four and a half years for the light of the nearest star to reach the earth.

In the stellar universe there were between one and two million stars of all sizes, comparable to the sun, which itself was one million times as large as the earth. The universe was so large that light would take about 30,000 years to cross it. The thousands of other universes, each with its myriad of stars, appeared to the people here in the shape of spiral nebulae.

The light from the Andromeda nebulae, another universe of stars, took 60,000 years to reach the earth. In concluding, Dr. Henroteau stated that the light would take about 30,000 years to cross it. The thousands of other universes, each with its myriad of stars, appeared to the people here in the shape of spiral nebulae.

**RECENT DEATHS**  
**Mrs. Charles M. Bice.**  
Waterboro, March 8.—T. M. Wiggins has received word that his sister, Mrs. Charles M. Bice, had passed away at her home, Arthur House, Britannia Bay, after an illness of about two weeks. Miss Nydia Wiggins, a niece, and a graduate nurse, was with her aunt when she died. Mrs. Bice was greatly beloved by all who knew her, for her kindness and goodness of heart, for which in the summer months when she resided at her beautiful home on the western side of the Grand Lake, she was the soul of hospitality to all who came and all who went were sure of a hearty welcome. On Aug. 2, 1892, Mrs. Bice, who was then Miss Susie A. G. Wiggins, was married to E. Stone Wiggins, who died on Aug. 14, 1910. A few years after she married Charles M. Bice, a judge of one of the courts in Denver (Col.). Mrs. Bice was the third daughter of the late Captain Vincent White and Charlotte Elizabeth Wiggins. When a young woman, she had a warm controversy with the Bishop of Ottawa on the deceased wife's sister bill, and she was largely instrumental in having the bill passed. The body was brought to Waterboro this afternoon for burial next to Dr. E. Stone Wiggins. Besides her only brother, T. M. Wiggins, Mrs. Bice leaves to mourn three sisters. They are: Mrs. E. W. Brantcomb, of Utica (N. Y.); Mrs. Mary Duncan, Woburn (Mass.) and Mrs. Caroline Bannison, of Duluth (Minn.).

The death occurred yesterday at the General Public Hospital of Edwin E. Ashe, aged forty-five years, after four days illness. He leaves his wife and five children. He was born in New Hampshire, U.S.A., and came to St. John about nine years ago. The funeral will take place tomorrow afternoon from his late residence, 815 Germain street. Service at 2.30 o'clock.

## CITY COUNCIL AWARDS CONTRACT

Tender of George Moses Accepted for Deepening New-man Brook — The Falls Bridge.

The tender of A. George Moses for the work involved in deepening the New-man Brook was accepted by the city council at its meeting yesterday afternoon. The estimated cost of the work is in the vicinity of \$7,200.

On motion of Commissioner Frink the council agreed to reimburse the Stephens Construction Company to the extent of \$1,118.48 which was the amount of the Dominion sales tax the company had to pay on the granite paving blocks used in the pavement of City Road, last summer. The sales tax act was not passed by parliament until July 1, 1920, three weeks after the contract had been awarded to the Stephens company. The government has advised that it would make no rebate. In as much as the act was retroactive to May 19, 1920, the council felt morally bound to pay the company the amount, which otherwise would have been included in the tender.

In presenting a copy of a letter of the Railway Commission, addressed to the C.P.R. and authorizing them to proceed with the construction of the proposed new bridge over the falls as originally planned, the mayor commented that the city solicitor had given it as his opinion that this order of the railway board was final and that the only way the construction of the bridge could be held up now would be by taking out an injunction.

His Worship Mayor Schofield presided at the meeting and Commissioners Bullock, Frink, Thornton and Jones were present. The report of the commissioner of finance and public affairs recommending the payment of the following departmental bills was received and accepted: Treasury, \$492.41; public works, \$2,983.11; public works, \$4,796.48; water and sewerage, \$1245.24 and harbor, ferries and public lands, \$4,791.47. The commissioner's report showing disbursements, also was accepted.

His worship read a letter from F. B. Carvell, of the Railway Commission, enclosing the Montserrat report to the minister of railways and canals, on the proposed cantilever bridge over the reversing falls. The report set forth that the interests of the city and of navigation would not be benefited by raising the bridge seven feet and recommended that it be constructed as originally planned. A certified copy of the Railway Commission's authorization of the C.P.R. to proceed with the construction of the bridge as originally planned was enclosed in the letter.

The resignation of James L. Lamb from No. 1 Salvage Corps was accepted and his warrant ordered cancelled. The application of the engineering department for a calculating machine to cost \$400 for use in connection with the survey which will be made and used in future as a basis for determining assessments was granted, after City Engineer Hare had been called in to explain the need of the machine.

## PHILIPPINES RIPE FOR INDEPENDENCE

Resident Commissioner at Washington Makes Plea Before House.

Washington, March 9.—"Must the heart of America beat only for the freedom of Ireland, of Poland and of the Czech-Slovaks and not for the independence of the Philippine Islands?" This was the question Isidro Gabaldon, one of the two Philippine resident commissioners, addressed directly to the House of Representatives in a speech in the closing hours of the session.

"At one time," said Commissioner Gabaldon, "Congress had before it not less than thirty resolutions expressing sympathy with the aspirations of the Irish people, if not actually urging England to grant independence to Ireland. At that time also the Filipino were knocking at your door. Out of the womb of war many European republics were born, and America was rejoiced to uphold the same. And yet the claim of the Philippines is still unheeded. Must there be exceptions, then, in international justice?"

"My plea, gentlemen of the American Congress, is that you ignore no longer the repeated pleas of a deserving people for an independence that rightfully belongs to them. The granting of Philippine independence now affords the United States a golden opportunity to give

## WILD BEASTS MAKE ATLANTIC VOYAGE

Assortment of Circus Animals Including Laughing Camels, Arrives at New York.

New York, March 9.—A ship load of "educated wild beasts," as the Ringling Brothers press agent described them, reached here today from Hamburg, Germany, on the steamship Hawaiian, and the percentage of small-boy truancy in the neighborhood of pier 7, North River, took a big jump. Pier officials, perhaps, mindful of their own boyhood circus days, softened toward the youngsters and made no attempt to shoo them off the piers. Indeed, they crowded with boys around Dexter Fellows, representative of the Ringlings, as he related to newspaper men the personal history, idiosyncrasies and performing abilities of each animal as it was taken off the ship.

Statistically, there were eight Bengal tigers, as many polar bears, four black-necked Nubian hogs, four dromedaries, four camels, one zebra, and one monkey among those listed as "educated wild beasts." Then there were twenty-six horses and six ponies comprising the Ringling shipment. The Hawaiian brought in a number of German sheep dogs and a canary. The canary is mentioned because First Mate W. Stevens, its owner, declares it holds a sixteen-hour continuous singing record.

The trip was uneventful except on Washington's birthday, when the steamer encountered a heavy gale, during which the lions and tigers became seasick and whined like children, according to Captain La Verge. All of the wild animals were frightened by the rocking of the ship, and they observed the Lenten season by fasting for the next two days. Then their normal appetites returned and the 3,000 pounds of raw meat put aboard for the trip disappeared so quickly that it was necessary to kill three horses to replenish the food supply, Captain La Verge said.

While the camels were being loaded into specially constructed boxes to be shipped to a large barn waiting alongside the steamer, Mr. Fellows called attention to the reporters to what he termed the happy expressions on the faces of the animals. He explained that while the Hawaiian was passing the Statue of Liberty, the four camels laughed out loud at their discovery for the first time that their destination was a dry country. The reporters thought the camels looked delectable.

Particular attention was called to Emu, a ten-year-old Siberian tiger which, according to the trainer, is the largest in captivity. Emu weighs more than 500 pounds and is 8 feet 5 inches long and 3 feet 8 inches to the top of the shoulder.

Cairo, a splendid specimen of dromedary, was said to be able to perform any trick ever taught an elephant.

Under the direction of Fritz Wagner, a nephew of Carl Hagenback, the noted German animal collector, the animals were unloaded to a barge, which was towed to Bridgeport, Conn., where winter quarters of the circus are maintained.

The animals will constitute part of this year's circus which will open the latter part of this month at Madison Square Garden.

The Ringling representative said that the only genuine grilla ever to be exhibited in this country was being brought over on the next trip of the North Star of the U. S. Mail Line.

## STEALS RIDE IN POLICE AUTO

Young Man Wishes to Hurry Home So Takes "Flivver."

Toronto, Mar. 8.—Albert Uldridge, aged 29, living at 807 Main street, was arrested Saturday by Detective Winters, charged with theft of a police automobile. The police were searching a house on Gillard avenue Saturday night. They left the police "flivver" standing outside, and when they came out it was gone. At midnight the car was found standing at the corner of Danforth and Lamb avenues. Uldridge surrendered to the police at Pope avenue station, and told them he had used the car to drive part of the way to his home.

## THREATEN TO ADOPT RETALIATORY MEASURES

Stanley, B. C., March 9.—(Canadian Press).—The Cariboo Observer carries the report of a Moderation League meeting recently and records the passing of a resolution reminiscent of the wild and woolly west as described by Mark Twain and Bret Harte. Asserting that the prohibition movement is a campaign promoted by "puritanical sectarians" against the liberties of the individual, the resolution urges a counter-measure by developing the idea that church property be not exempt from taxation. If that proves ineffective, it goes on, an amusement tax should be paid for admission to any place of public worship, on the grounds that "until the privileges of the clergy be in question respect for liberty of the layman will never obtain."

The anti-prohibition forces explain the necessity for aggressive action by declaring that they are in general agreement with the contention of Caesar in his commentaries, "O. E. D. by Napoleon, and U. S. Grant," that no position is defensible from which an attack cannot be launched.

## MISS STIRLING SEEKS BRITISH LADIES TITLE

New York, March 9.—Miss Alva Stirling of Atlanta, Ga., who for the last five years has reigned supreme in the United States women's golf circles, and is also Canadian champion, arrived in New York yesterday for a brief stop-over before sailing for England, where she will attempt to accomplish a task that American women have tried unsuccessfully for years—the winning of the women's championship of the British Isles, in the tournament to be played at the Turnberry course in Scotland during the week of May 30.

Miss Stirling goes to the British championship the undisputed premier woman player in America. All last year she did not lose a single tournament match, her most noteworthy achievements being the winning of the Canadian women's championship and the United States women's championship and the great Berthelina trophy tournament in Philadelphia.

## YOUNG BANDITS DARE POLICE TO COME AND CATCH THEM

Montreal, March 9.—It was revealed recently that after two youthful bandits had held up G. C. McComb, station agent of the I. E. & N. Railway, in Paris last evening, they telephoned to the police at Paris telling them of the crime, and practically daring the police to catch them.

## BELGIAN UNDAUNTED BY HIS CUE DEFEAT

Before Leaving for Detroit to Meet Cochran, Horemans Pays Tribute to Schaefer.

New York, March 9.—Far from being discouraged by his defeat at the hands of Jake Schaefer, Edouard Horemans left this city yesterday afternoon for Detroit, where today he will begin a week-long 82 ballgame match against Walker Cochran. In Cochran, Horemans will be pitted against a player who has generally been conceded to be an even stronger performer than Schaefer. However, it is extremely doubtful whether Cochran will be able to turn in any more masterful performance than did Schaefer in last week's match.

Before leaving, Horemans had nothing but praise for the wonderful work of Schaefer. Through an interpreter the

Belgian said: "I am not discouraged. I have been beaten before. Louis Cure defeated me in an 800-point match in Paris, but I later succeeded in twice defeating Cure. Schaefer played some of the greatest billiards I have ever seen. He certainly is a wonderful master of the billiard game. It is no disgrace to be beaten by a player who was able to perform as Schaefer did last week, particularly in the last two blocks of the match. I will welcome another match with him; in fact, as soon as I have completed my engagement with Cochran, I may endeavor to procure a return match with Schaefer."

Printing costs in all departments are less. One item asks for the administration of the business profits tax act and the income war tax act. This is taken by some as meaning that the business profits tax may possibly continue. The new estimates tabled today show an amazing state of affairs. Before the government begins to live, that is, to carry on the affairs of the country, it must get revenue enough to pay \$14,800,127.20 for interest and sinking fund on the public debt of Canada and another \$108,987,638 for the railways now owned by Canada.

OTTAWA, March 8.—By a majority of fifty-one the house of commons today declared in favor of cabinet ministers being allowed to sit as directors of private corporations. The division which came after a somewhat lengthy discussion of a bill introduced by A. R. NOVEL PLAN TO REFORM CONVICTS. East View, March 8.—Warden Warren McClellan of the model East View penitentiary announced today that the officials there are trying a new experiment by repainting the four cell-blocks and allowing each prisoner to select the color he likes for his own cell, for the psychological effect it has upon the malefactor. Prisoners of an artistic temperament will find their place of stay more congenial and homelike hereafter.

The corridors of the cell-houses are being painted a light brown. The cells are being painted in attractive tints of yellow, blue, brown, buff, etc. None of the cells, the warden explained, are to have sombre settings but are all to be bright and cheerful. The officials aim to make the penitentiary a model of cleanliness as well as of prison reform.

### EXCESS PROFIT TAX HEAVY BURDEN NOW

#### Several Firms on Verge of Liquidation, in Debt to Government.

(Financial Post)

The importance of providing a reserve for excess profit taxes taken out of current revenue is illustrated in the case of a number of Canadian firms which are now feeling the pinch of adversity. The acute situation has arisen by several industrial enterprises, fortunately few in number, now on the verge of bankruptcy, are heavy debtors to the Federal Government on behalf of excess profits taxes owing for one, two or three years back. The adverse situation in the affairs of these companies has been brought about by the depression in business, which continued with unvarying intensity for the past few months. Notwithstanding the success attending the operations of the past few years, profits and reserves for these companies have during the past few months dwindled and vanished.

In each of these cases the government hold the position of preferred creditor, and would in consequence have first claim upon the assets of the company, in case of liquidation. It is reported of one company that in the last few years it has paid the government approximately \$400,000 in excess profits taxes, and has now arrived at the point where it is practically impossible to proceed further without financial assistance and it is still a heavy debtor to the government. Just what course the government will pursue, when the emergency arises, if it does, is not clear, but it is possible that it would exercise its claim along with the balance of the creditors.

### NEWS NOTES ABOUT PROMINENT BAPTISTS

(Maritime Baptist)

Rev. A. Judson Hughes has been for fifteen years pastor of the First Baptist church at Everett, Mass. He recently closed a series of evangelistic services, which were assisted by Rev. E. Pauling, of Salem. Pastor Hughes is a New Brunswicker, his ancestral home being near The Narrows, Queens County, N. B.

Rev. S. S. Poole began a series of speaking at German street central hall last Sunday. Next week he expects to have with him Rev. D. E. Hatt of Digby. Rev. A. J. Archibald has been visiting his month of vacation, though it might be a misnomer to speak of the time as a period of rest. The speaker has been many and have been eagerly spent in supply work. Many openings for service have been presented but he would much prefer serving at home. But he has been in a roundabout way that his name is being considered for an important pastorate across the line, and he will be induced to remain there permanently.

Rev. A. F. Baker, now of Vancouver, B. C., was recently mentioned by the Mount Pleasant church, Vancouver, which was made up of the members of the church in his ministry. The superintendent of the Sunday school is Walter N. and brother of F. L. Atterton, superintendent of the Sunday school at Woodstock and active in all our denominational work in the east.

Friends of Dr. H. T. Cousins will be glad to know of the success attending his work in the east with the Anascotia Baptist church, Washington, D. C. He has almost completed seven years of service, having gone to Washington after his fruitful pastorate at New Castle, N. B.

A letter just received from Miss Martha Clark, our honored missionary to South India, dated January 29, states that Mrs. Churchill and Mrs. H. E. Stillwell had expected to sail from Calcutta to New York on January 15 but had twice received word that the steamer was delayed. It was then hoped they would leave early in February. Miss Clark and her sister, Dr. Zella Clark, also expected to get passage soon, but feared that they would be unable to meet. These are difficult times for arranging the journeys of our missionaries on furlough.

At a meeting of the Anti-Tuberculosis held yesterday with E. L. Statistics show that the society is a factor in the health work now being carried on and had done so.

### Had Bad Cough For Three Years

The constant hacking, racking, persistent cough that sticks to you in spite of everything you have done to get rid of it, is the kind that is dangerous. The longer the cough sticks, the more serious menace it becomes to your health. It is no remedy that will relieve coughs—coughs that won't let go—like Dr. Wood's Norway Pine Syrup.

It has a healing and soothing action on the air passages and at the same time acts as a disinfectant of the respiratory organs, destroying germs that produce serious complications.

Mrs. John Miller, Minburn, Alta., writes: "I had a very bad cough for three years, I went to several doctors and tried different cough medicines, but nothing seemed to help me. One day a friend told me about Dr. Wood's Norway Pine Syrup, and after using several bottles I became completely cured. I always keep a bottle in the house, and also recommend it to others."

Dr. Wood's Norway Pine Syrup has been universally used for over 30 years and so great has been its success, it is only natural that a great many imitations have been placed on the market. The genuine is put up in a yellow wrapper; 3 pine trees the trade mark; price 85c and 60c a bottle; manufactured by The T. Milburn Co., Limited, Toronto, Ont.

### WELCOME "HOME RUN" BAKER

#### Will Add Materially to "The Punch" of the Team—Will Cause Change in Line-up.

(New York Times)

Of all the news that has permeated baseball circles since the close of last season none has been more welcome or more cheering to local fandom than the announcement that J. Franklin Baker would lend his budgeon to the Yankees' cause this season. While the presence of Baker in Huggins' line-up will not add to the speed of the club, it certainly should add materially to the punch of the team. Incidentally, the return of Baker helps the Yankees manager solve a problem that has been puzzling him for the greater portion of the winter.

Baker undoubtedly will play third base. This releases Ward, and he can be switched to second base. This in turn releases Chick Fawcett for outfield duty. Huggins has been seeking another outfielder ever since the close of the campaign. He recently admitted that the Yankees need bolstering in the garden, and Baker's comeback seems to have settled the question.

There is much speculation at this time in baseball circles as to whether Baker will be able to attain the form that was his before he retired from the diamond for a year. Baker no longer has youth on his side, and the age of the most powerful clubs on offense in the big leagues this season.

The Yankees now have completed their week of spring training, and the Giants have turned into almost as much time. The results of the argument with Baker any good. It is a question whether his playing ability—whether he has dimmed his once keen batting eye. The fact that Baker has spent much of his time in the open air on his side of the argument with the Yankees is an attempt to come back. If he can attain anything like his old form, the Yankees will have one of the most powerful clubs on offense in the big leagues this season.

### CANCER DEATHS ARE INCREASING

New York's Toll Last Year Was 5,361, a Gain of Six Per Cent. Over 1919.

(New York Times)

Herbert H. Sargent, Secretary of Commerce, has written a letter to Dr. Veron Kellogg, Director of the National Research Council, a scientific association searching for a cure for cancer, in the movement to present a grant of \$100,000 to the National Cancer Institute. This was announced yesterday by the M. M. Marie Curie Fund, Inc., which has been set up to honor the late Marie Curie.

In line with the effort to assist Marie Curie in her fight against cancer, the Department of Health officials yesterday announced that there had been an increase in the number of cancer deaths in this city. In 1920 there were 5,361 deaths, as against 5,028 in 1919. This increase of 6.8 per cent. disclosed that the rate more than doubled throughout the country. They also showed that the cancer had superseded tuberculosis as the chief cause of death in the city, the rate increasing 34 per cent. in the last twenty years.

"In analyzing 'The weekly reports,'" said Dr. Dana Hubbard, Director of the Health Department, Bureau of Public Health, yesterday, "we find that the greatest number of deaths from cancer in any one week was 125, reported for the week ending Jan. 31, which means an average of almost eight deaths a day. The next largest number was for the week ending Dec. 4, when there were 121 deaths, or an average of about seventeen a day. When there were reported more than 100 deaths there were reported more than 100 deaths, therefore, in order to reduce this deadly mortality, that cancer be recognized early and the surgical procedure be instituted as early as possible in order to secure a successful result."

According to Dr. Hubbard's figures cancer takes an annual American toll of 90,000 lives.

SHE WAS ALMOST  
NERVOUS WRECK

Wife Had Suffered For Four Years But Tanlac Restores Health, Says Husband.

"At the time my wife began taking Tanlac," said John A. Haver, of 128 Maynard street, Halifax, N.S., "she had suffered from stomach trouble for four years and was almost a complete nervous and physical wreck. She scarcely ate anything, as everything disagreed with her so bad, and often for days at a time she didn't eat a mouthful. She bloated terribly after meals and suffered from awful cramping pains in her stomach. She also had headaches and dizzy spells constantly, and was hardly able to do her housework."

"One day a friend told her about Tanlac and got her to try it. Well she ate anything she would now without the least pain or distress, has a fine appetite, and in fact is rid of all her troubles and is doing her housework with ease. Although it has been something over a year since Mrs. Haver's experience with Tanlac, she stated in an interview with a special Tanlac representative that she was still feeling fine, which is another link in the long chain of evidence regarding both the immediate and lasting results being obtained from the Master Medicine."

Tanlac is sold by F. W. Munro and the Ross Drug Co.; L. C. Allingham, Campbell, N.B.; T. H. Wilson, Fairville, N.B.—(Adv.)

WOMEN FOR PULPITS  
Can Occupy Swiss Pastorate Only If Uppraised.

Zurich, March 9.—The Synod of the Protestant church, which has been in session here, has decided to allow unmarried Swiss women to act as ministers. If, however, duly ordained women, they then must resign their pastorates. Women pastors must go through their theological studies exactly as men do, the studies including Hebrew, Greek, systematic theology, church history, biblical criticism, Christian ethics and pastoral theology.

For some time past few candidates for the ministry have come forward and many qualified ministers have abandoned the ministry, because they could not support themselves and their families on their meagre stipends.

Ends Stubborn Coughs  
in a Hurry

For real effectiveness, this old home-made remedy has no equal. Specially and minutely prepared.

You'll never know how quickly a bad cough can be conquered, until you try this famous old home-made remedy. Anyone who has coughed all day and all night, will say that the immediate relief given is almost like magic. It takes but a moment to prepare and really there is nothing better for coughs.

Pinex is a most valuable concentrated compound of genuine Norway pine extract, the most reliable remedy for throat and chest ailments. Or you can use clarified molasses, honey, or corn syrup, instead of Pinex syrup. Either way, this mixture saves about two-thirds of the money usually spent for cough preparations, and gives you a more positive, effective remedy. It keeps perfectly, and tastes pleasant—children like it.

You can feel this take hold instantly, soothing and healing the membranes in all the air passages. It promptly loosens a dry, tight cough, and soon you will notice the phlegm thin out and then usually break up an ordinary throat or chest cold, and it is also splendid for bronchitis, croup, whooping cough, and bronchial asthma.

HANGS HIMSELF  
IN FRIEND'S HOME

Seeks Guest and Finds Him Hanging From a Roller Towel in Bathroom.

(Montreal Gazette.) With a wound in his throat, Gardner Sawyer, a Clarenceville, Que., farmer, fifty-eight years of age, was found hanging from a roller towel in the bathroom of Albert E. Martin's home, 897 Wellington street, on Saturday morning. The discovery was made by Martin, who forced the door when there was no response. He was the guest of his friend, Albert E. Martin, ten o'clock Friday night, according to Martin's evidence at the coroner's inquest Saturday morning. When Martin arose at seven o'clock Saturday morning, he found that Sawyer had left his room, and some time later he found his friend had hanged himself. In the victim's throat was a small wound which the sick man had apparently inflicted with a pocket knife which was lying nearby. Evidence given by Dr. D. D. McTaggart showed that death had been due to strangulation, the wound in the neck not having been sufficient to cause death. D. A. Collins, undertaker, of 688 Wellington street, testified that he had known the victim for some time. He knew that Sawyer had suffered a sunstroke last summer and had been changed man since that time. A verdict of suicide was returned by Deputy Coroner Prince.

COURT ACQUITS  
MAN OF MURDER

Young Girl Attempts to Commit Suicide and While Dying Her Companion Shoots Her to End Suffering.

(The Associated Press.) Brussels, Feb. 18.—The question whether one person is guilty of a crime in hastening the death of another who is suffering from a mortal wound has been decided in the negative here in the case of a married man who shot and killed a girl who had attempted to commit suicide. His plea was that she was dying and that he killed her rather than to watch her suffer. He was arrested, but acquitted of the charge of murder by the Brabant Court of Assizes.

The man in the case was Jerome Hermans, thirty-two years old, and the girl was Coline Vanduyck, aged eighteen. They had a love affair and the attempt at suicide resulted. The shooting occurred in the Bois de Cambre, Brussels' largest public park.

"Coline ran from the path into a thicket," said Hermans. "I heard a shot and ran after her. She had shot herself in the temple but was still alive. I could not see her suffer and I took her revolver and shot her in the neck. Then she was still and I shot myself."

Hermans recovered from his wound and was in prison for eight months until acquitted. Medical testimony given at the trial was to the effect that the girl's suicidal wound ultimately would have been fatal.

MOUNTED POLICE  
NOW HAVE NAVY

"Flagship" Chacawana Has Covered 8,000 Miles in Patrol Duty in Twelve Months.

Vancouver, March 9.—Although the activities of the Royal Northwest Mounted Police (now the R. C. M. P.) on land have attained world-wide fame, and been celebrated in song and story in more than one language, few people know that the famous force has a thoroughly efficient "navy" all of its own.

True, this navy consists only of one flagship, the motorboat Chacawana, commanded by Lieut. Carl A. Vancouver, who distinguished himself in coast yachting "races" in pre-war days, and a crew of five "horse" mariners. A business-like machine gun is posted on top of the pilot house, and all the members of the crew are expertly armed, and well able to cope with any troublesome bootleggers who may be inclined to show fight in the "horse" waters.

The repairs and changes in equipment are expected to cost in the neighborhood of \$10,000.

MOVING PAVEMENT  
FOR PARIS TRAFFIC

Plans for Underground Rolling Footway Are Being Considered.

Paris, March 9.—A project for constructing an underground rolling footway the whole length of the boulevards des Capucines and the Place de la Republique is being seriously discussed by the Paris municipal council. Ever since the proposed pavement was set up at the exhibition of 1900 the idea has been discussed and from time to time set aside, but this time it seems to have been revived in earnest.

Since that date the automobile has completely altered the problem of street traffic, and boulevards which were built for a city with 1,000,000 population and horse cars for vehicular traffic, have become a death-trap in a city with nearly 8,000,000 people and an immense motor traffic.

The question was raised yesterday on the motion of Emile Desvaux, one of the most progressive councillors and was sent after debate to the traffic and engineering authorities of the city for consideration.

At present the boulevards are served only by motor buses, which have added enormously to the congestion, and one of M. Desvaux's arguments was that, even if the highest speed on the rolling way was only ten kilometers an hour, it would be faster than the present traffic with its constant halts. To the speed of the rollers, too, the pedestrian can add his own walking pace and arrive unimpeded at his destination.

The latest projects allow for the construction of three platforms moving at different kilometers an hour—that is, the rollers can stop easily from one to another. Entrances will be made at frequent intervals, but the construction and working cost have to be worked out before the suggestion of Councillor Desvaux is considered again.

ELECTION IN WEST  
IS PREDICTED

Saskatoon Star Says a Provincial Election Will Be Held in June—Wheat Marketing Big Question.

(Canadian Press, Limited.) Saskatoon, Sask., March 9.—A provincial election in June is the word quietly circulating among the politicians of the province, according to a recent story published in the Saskatoon Star, which declares: "It is generally predicted that the date will be June 20—almost precisely four years since the provincial election of June, 1917."

"The big question or issue in the campaign will come into being through the report of the grain commission consisting of James Stewart and F. V. Riddell, on the subject of provincial policy in wheat marketing. It is quite possible that the government will announce a policy of government backing for a provincial wheat pool, to be conducted through the Saskatchewan Co-operative Elevator Company, Ltd., and will go to the country on this programme.

"The conditions are propitious. The Grain Growers' convention at Moose Jaw decided to stay out of politics for another year, at least, but there was sufficient indication of a desire to get into the provincial arena to make the government worry about what might happen at the next convention. No serious criticism of the government's policy has been offered for several years, so that it may consider its administrative record almost unchallenged.

"The three cities, Regina, Saskatoon and Moose Jaw, will have two members each in the next legislature instead of one, as at present. One nominating convention has already been held, the Lacey party having decided to place Alberman Harry Perry, of Regina, a labor man of moderate views, in the field for one of the Regina seats. It is generally anticipated that there will be many independent candidates in the field."

Possess Good Health  
By Looking After  
THE BOWELS

A free motion of the bowels, once or twice a day, should be the rule of every one, as half the ills of life are caused by allowing the bowels to get into a constipated condition.

When the bowels are allowed to become constipated, the stomach gets out of order, and the liver does not do its work properly on account of holding back the bile so that it does not pass through the bowels, but is allowed to get into the blood, causing a poisoning of the whole system.

If you would escape constipation, stick and bilious headaches, heartburn, flatulent breath, the nasty irritating bleeding, itching and protruding piles you should keep your liver stirred up by the use of Milburn's Laxa-Liver Pills.

These pills, being purely vegetable, keep your liver working actively, helping it to resume its proper functions, and thereby removing the bile that is circulating in the blood and poisoning the whole system.

Mrs. H. Barrows, Enfield, N. S., writes: "I was troubled with sick headaches and constipation. One day a friend told me of Milburn's Laxa-Liver Pills. I got two vials, and found they did me a world of good. I therefore have great faith in them."

Milburn's Laxa-Liver Pills are 25c a vial, at all dealers or mailed direct on receipt of price by The Milburn Co. Limited, Toronto, Ont.

**Leonard Gets Postponement.**  
New York, March 8.—Postponement of a match between Leonard and Rocky Kansas at Buffalo, scheduled to be held here on March 17, was announced today. A heavy cold has prevented the champion from preparing for the contest.

**Good Bouts at Y. M. C. I.**  
The boxing and wrestling squads worked out last night in the Y. M. C. I. gymnasium before a good crowd of appreciative spectators. After the dozen bouts for a while the squared ring was prepared. Young Britt and Kid Doyle staged a good bout for three rounds, after which "Kid" Codrre and Tom Barrett, both finished boxers, cleverly sparred three fast rounds.

**Will Give Decision March 15.**  
(Canadian Press Dispatch)  
New York, March 8.—Tex Rickard today informed C. E. Graham, of Montreal, that he would give a definite answer on March 15 to his offer of a guarantee of \$100,000 for the Dempsey-Carpenter championship bout. Graham, who represents a group which desires to hold the contest in the Canadian city, conferred with the New York promoter yesterday and today.

**BASEBALL.**  
Getting Ready For Season.  
Residents of the Annapolis Valley interested in baseball have been requested to attend a meeting in Middleton tomorrow night at which G. G. Thomson, president of the M. P. B. A. A. U. of Canada has been invited to be present. Beside the towns represented in the league last year outsiders are likely to attend. A season more successful even than last year's is looked forward to.

**The Akron Tangle.**  
Akron, Ohio, March 8.—Baseball Commissioner Landis will be asked to intervene in the Akron International League franchise muddle, so President Joe Thomas of the local club announced last night. He said that he will go to Chicago tomorrow to lay the situation before Judge Landis in an attempt to retain a berth in the International League for Akron. Failure of an Akron business man to raise money for the retention of the franchise was followed by the announcement that Newark sportsmen would take it over for \$25,000. Upon refusal of owners to sell for that price the league declared the franchise forfeited.

**Kerr Signs Contract.**  
Paris, Texas, March 8.—Dick Kerr, pitching ace of the Chicago White Sox, announced today that he came to terms with the Sox management and would report to Manager Gleason at Waukegan, Sunday. Kerr is reported to have received a bonus of \$1,500 for signing his contract.

**BASKETBALL.**  
Ludlow Street Boys Win.  
A lively game of basketball was played last night in the Ludlow street gymnasium last evening between teams from the Carleton Methodist and Ludlow street Baptist Y. M. C. A. The latter won by a score of 11 to 6. The game was keenly contested. R. H. Parsons and Clinton B. D'Arcy acted as referees.

Three mile open, Garnett first, Hilton Belyea second, M. J. Perry, third, time 11:00 3-5.  
The Y. M. C. I. St. John, was represented by the following: Frank Garnett, Roy Moore, Pat Floyd, Roy Lawson, M. J. Perry, M. J. Dalton, and Thomas Tebo. They were accompanied by their physical instructor, Ernest Sterling.

**SCOTTISH PLAYERS WERE ENTERTAINED**  
The Ladies' Auxiliary of the Clan MacKerran held an entertainment and dance last evening in the Orange hall, Cornhill street, when the guests of honor were Jack Wyatt and his Scottish lads and lassies, members of the Order of Scottish Clans, who have been so favorably received by St. John audiences at a local theatre. The evening was very pleasantly spent, the earlier part being taken up with a short musical programme, consisting of a solo by Miss Annie Aird, a reading by Mrs. G. G. Corbet and a duet by Mrs. J. S. MacKay. A programme of dances, including several Scottish dances, followed, and about 11:30 Jack Wyatt and his party, having finished their evening performance, arrived. Refreshments were served and the evening's entertainment was brought to a close shortly after midnight.

## CHESS MASTERS PLAYING TODAY

Jose Capablanca and Dr. Emanuel Lasker Meet to Decide World's Championship.

(The Associated Press)  
Havana, March 8.—The world's chess championship match beginning here tomorrow between Jose Capablanca of Cuba and Dr. Emanuel Lasker, who won the title in 1906, recalls the interesting fact that although the game dates back for centuries the first credited world's championship was decided only 70 years ago. This was won by Professor Anderssen, of Breslau, in an international tournament of chess masters in London. This was the next holder of the title, defeating Anderssen and other Continental experts in Europe a few years later. Upon Morphy's retirement, W. Steinitz, of Austria and the United States, was declared champion after defeating Anderssen in 1886 in a series of match games. Steinitz held the title until 1894 when Lasker defeated him in a match. Lasker proved his superiority in matches with Marshall in 1907, Tar-

rach 1908, Janowski 1909 and Schlechter and Janowski in 1910. Capablanca, chessmaster in 1911 but the two experts, were unable to agree to terms, for a match. During the great war the small "war game" was obscured until brought back to prominence through an offer of a purse of \$10,000 by a Havana club last year for a championship match between Lasker and Capablanca. It was reported that Lasker had yielded the title to Capablanca because he lacked support for a match but later he was prevailed upon to accept the Havana offer. Capablanca has represented Cuba in Russia in the diplomatic service, possesses a record that earned him the right to challenge for world honors. In 1909 he disposed of Marshall, American champion in a match, winning eight games, losing one and drawing 14. In 1911, the Cuban won the national tournament at New York and an international tournament at San Sebastian. He captured the New York national tournament in 1913 and won a tournament of Russian experts in 1914. Capablanca overwhipped Kostich, the Serbian master in a match at Havana in 1919, winning five games in succession and causing his opponent to resign from further play. In the same year, Capablanca won international tournament at Hastings, England.

At the trial of O. Gaius Steeves, charged with the murder of his wife, which will be held on April 27 at Hope-well Cape, the Chief Justice of the King's Bench, Hon. H. A. McKewen, will preside.

**SUBURBAN SERVICE COMPLAINT.**  
To the Editor of The Times:  
Sir,—I wish to draw attention to the fact that the Sussex express leaving the city at 8.15 p. m. is delayed from ten minutes to a half hour daily at Coldbrook in crossing the Halifax train which arrives in the city at 8.35 p. m. Are there no other sidings on the road, such as at Torryburn or Robesay, where a cross could be made, or is it due to the train dispatcher at Moncton having forgotten this? If the delay cannot be avoided it would be well to change the time of departure of the Sussex train, as it is more convenient for passengers to wait in the city. The suburban service on the C. N. is simply a joke and is steadily growing worse. The evident intention is to cause all but passengers who can spend the day on the train to move to the city. No city in Canada the size of St. John would stand for the service we get.
