France Must Be Re-Imbursed

No Yielding on the Question of Adequate Reparation from Germany, Says Matin

Paris, April 5.—(Havas Agency)—France cannot yield on the question of obtaining adequate reparation from Germany, the Matin declares in an editorial today dealing with the peace conference situation regarding the French claims.

ALBERT PLACES BELGIAN CASE BEFORE POWERS

Must Be Action If Country Is To Live

TIME FOR PROMISES PAST

Advance of 10,000,000,000 Francs, Raw Materials From England and the United States and Cession of Territory The Main Points

Paris, April 5.—(By the Associated Press)—Belgium's case has been laid before the peace conference by the most distinguished advocate Belgium could have chosen. King Albert has been in Paris for the last three days, and in numerous conferences with the representatives of the great powers he has outlined to them the needs of his country and told them of the steps that must be taken immediately if Belgium is to be restored.

The first item represents the value of German marks left in circulation in Belgium. After the departure of the Germans the ministry of finance sent out an urgent call to holders of the marks to deposit them in the banks.

The amount was estimated to be about two billion, and it had been the government's intention to redeem them at the par value of one franc twenty-five centimes. Belgium was not prepared for the avalanche of marks that resulted. Eight million marks passed through the bank's windows into the vaults. The banks were unable to redeem this amount of paper, and depositors were merely given receipts, stating that a certain amount of marks were held to their credit until such time as financial arrangements could be made to reimburse them.

The payment of an immediate indemnity by Germany was relied upon to enable repayment for these deposits. The indemnity thus far has failed to materialize. Depositors drew against these credits, with the result that some ten billions of francs are idle, as the banks are paying no interest on such deposits.

The importation of raw material is said to be indispensable to the relieving of Belgium from the economic standpoint.

BANISH HAPSBURGS AND TAKE THEIR PROPERTY

Copenhagen, April 5.—The German-Austrian national assembly has passed a bill banishing members of the Hapsburg family and confiscating their property, according to Vienna advices. Other bills doing away with certain titles of nobility and abolishing capital punishment except under martial law have also been passed.

Russian and Finnish prisoners of war and civilians of those nationalities who have been interned are freed by another measure which has been approved.

CERTIFICATES COMING TO ALL THOSE WHO WERE NAMED IN DESPATCHES

London, April 5.—(British Wireless Service)—The army council has decided to issue certificates to all the personnel of the army, the army and royal air force, to the colonial dominion, Indian and Egyptian forces and members of recognized organizations, such as the Red Cross Society, who have been mentioned in despatches. This announcement was made by the office of the secretary for war yesterday.

DANZIG MATTER IS OFF THE SLATE

Allies Right to Use Port to Send Home Polish Troops Conceded

Paris, April 5.—(Havas Agency)—Marshal Foch has telegraphed the Allied governments that the right of the Allies to use Danzig as the port for the return to Poland of the Polish troops in France has been formally upheld in the conference with the German representatives.

In addition to Danzig, it was decided to use other means of transportation for the Polish troops, proposed by the German government, so that the arrival of the troops might be accelerated. The use of the port of Danzig was provided for in the armistice of November 11.

SUSPECTED OF BIG ROBBERY IN MONTREAL

Two Men Arrested in Early Morning in a Quebec Store

Quebec, April 5.—Edward Pilon, and Louis Marcotte, alias Algiers, alias Davis, both of Montreal, were arrested about 2:30 a. m. in St. John street by a detective when, according to the police, they entered the store of Eugene Huot, tailor. It is contended that the two men were implicated in a big fur robbery at the Desjardins Company's, Montreal. The local police had been on the lookout for the men and detectives were in hiding for some time in all the large stores of the city. Early this morning Pilon and Marcotte entered the Huot store and the police say Marcotte was carrying a cocked revolver in his hand while Pilon had an iron jimmy ready for work.

He's Now a Bookkeeper. Budapest, April 5.—(By the Associated Press)—Simon Strauss, former director general of the Great Magyar Bank, and one of the best known financiers of Hungary, has offered his services to the new government and has been accepted as a bookkeeper. He is now working in a bank under the supervision of a communist.

Three Burned to Death. Simcoe, Ont., April 5.—Three people were burned to death here last night, when a house occupied by George Wilson was destroyed by fire. Wilson, his sister and a child, aged two years, were the victims.

Quebec Poultrymen. Quebec, April 5.—A general meeting of all poultry producers will be held at Quebec on April 20. The formation of a provincial union of poultry producers will be decided on.

Falls Dead in Market. Quebec, April 5.—Mrs. Alfred Berube of this city dropped dead this morning while purchasing provisions in the St. Peter market place.

DID NOT TAKE PART IN MEETING OF THE COUNCIL OF FOUR IN PARIS

Italian Delegate Would Not Attend to Hear Serbian Claims

THE QUESTION OF FIUME

Italian Declaration on Query as to Leaving Peace Conference Unless the Place Becomes Part of Italy—Contention That it is People's Own Will

Paris, April 5.—(By the Associated Press)—Salvatore Barisani, former minister without portfolio in the Italian cabinet and now civil governor of Austrian territory occupied by the Italian army and also a member of the Italian peace delegation, told newspaper correspondents yesterday why Italy did not participate in the Thursday's conference of the Council of Four when M. (Trumbitch, Serbian minister of foreign affairs, was heard on Serbia's claims.

Signor Barisani said an Italian delegate could not confer with a representative of the Croats and Slovenes who, until the last moment of the war, had fought Italy and were responsible for the deaths of a majority of the half million Italians killed.

Paris, April 5.—(By the Associated Press)—Asked if the Italians would leave the peace conference if denied Fiume, Salvatore Barisani said yesterday: "No decision has been reached as yet, but it is obvious as the Italian delegates are not present that the Italian people." He recalled that after the collapse of Austria and before the entry of Italian troops into the city of Fiume, that city had appointed a national council composed of 300 of its most prominent citizens. This council, he said, had called upon the public to decide what form of government was desired, the answer being a republic in favor of annexation to Italy.

On Wednesday, he said, the national council of Fiume had unanimously passed a law by which the city took the Italian flag as the banner of the city.

Signor Barisani declared that this was the best proof of Fiume's wishes to be joined to Italy, and added that the Italian people and parliament, without discussion of party, were determined that Fiume should be a part of the kingdom.

"Under these conditions," he asked, "is it possible that in the question of Fiume or other important territorial matters the Italian delegation in Paris can separate itself from public opinion at home and disregard what the whole country demands?"

Paris, April 5.—(By the Associated Press)—Baron Sonnino, Italian foreign minister, received a despatch today from Stefan Radici, leader of the peasant party in Croatia, asking that the Italian government should declare that the Croats do not consider the Serbians their liberators, not having an understanding of the Croatian people.

SOLDIERS DUE HERE BY TRAIN SUNDAY MORNING

A party of between three and five hundred New Brunswick soldiers arriving in Halifax on the S.S. Northland and Corona, is due to leave Halifax by special train tonight, arriving in St. John tomorrow morning.

WEATHER REPORT

Issued by Authority of the Department of Marine and Fisheries, R. F. Stuart, director of meteorological service.

Synopsis—A disturbance of considerable importance now centres in Manitoba and is likely to go over the Great Lakes. The weather is quite cool in Quebec and to north winds, elsewhere it is mild. Rain has fallen in the more southern parts of the western provinces.

Showery

Maritime—Increasing southeast winds, showers tonight in western districts; Sunday, southeast winds and showery.

Lower St. Lawrence, Gulf and North Shore—Fair and cool; Sunday, northeast winds with sleet or rain.

New England—Probably rain or snow tonight and Sunday; moderate northeast to north winds, possibly becoming fresh on the coast.

THIS WILL MAKE YOU FORGET THE PEACE TERMS.

Halifax Merchants For Daylight Saving Beginning Monday

Halifax, N. S. April 5.—Halifax business houses with very few exceptions have agreed to adopt daylight saving time commencing on Monday.

LOCAL NEWS

COACHMEN REPORTED. Harry Wetmore, a coachman was in the police court this morning charged with violating the rules of the C. N. R. by soliciting passengers at the front door of the Union Station. The case was adjourned until Monday morning. C. N. R. Policeman Piere reported the matter.

RECAPTURED, FREE AGAIN. Murray Chase, who was in the police court some time ago on a charge of theft and escaped when being taken from the court to the jail, was captured this morning by Detective Donahue in Sydney street. On being brought before the magistrate he was allowed to go on a suspended sentence.

THE SAW MILLS. Stetson, Cutler & Co's mill at Indianville, better known as the "Big Mill" started sawing operations this morning. Moore's mill at Pleasant Point also commenced operations. This makes three saw mills now running and the outlook is that others will start in the near future.

MISS MARGARET O'LEARY. At her home, 30 Peters street, this morning occurred the death of Miss Margaret O'Leary, daughter of the late Dennis and Mary O'Leary. She kept house with her brother, Daniel, and a married brother, Dennis, lived upstairs. Florence O'Leary of 208 Waterloo street, is also a brother. Miss O'Leary enjoyed the esteem of a wide circle of friends.

MELITA ARRIVES. The C. P. O. S. liner Melita arrived outside the island this morning and docked at three o'clock this afternoon. She had on board 1918 passengers, 502 second class and 1281 steerage. Of this number 360 are officers and other ranks, the majority for this district. The C. P. R. had five specials ready to rush the soldiers and their dependents to their destinations.

FOR NEW PARSONAGE. The Willing Worker's of the Central Baptist church held a pantry sale this afternoon in W. Pedersen's Ltd, Market building, Charlotte street. The tables were laden with dainty home cooking. Mrs. Z. G. Alwood, the president, was in charge and was assisted by Mrs. S. Belyea, Miss Brundage, Mrs. Mary Campbell and Mrs. Geo. Colwell. The proceeds will go towards building a new parsonage.

MATTER SETTLED. A habeas corpus matter before Hon. Chief Justice McKewen in the supreme court and adjourned from time to time, was settled yesterday. This was a case in which an application was filed by a mother for the custody of her child from the father. The mother agreed yesterday to drop the proceedings and she and the father are now living together. S. B. Bustin was solicitor for the mother and B. L. Gerow was for the father.

POLICE COURT. Joseph Hayes, Thomas Marshall and Alice Sparks who have been in the police court on several occasions but were remanded were again in the court this morning and remanded until a later date when arrangements can be made to suit W. M. Ryan, who is appearing for the defendant.

The case of Mabel Smith, charged with allowing liquor to be consumed in her house and making a woman drunk, was resumed this morning and adjourned. Three men were charged with drunkenness. They pleaded guilty and were fined \$5 each or two months in jail.

Peter Conway was charged with being drunk and breaking a plate glass window in a store on the corner of Gilbert's Lane and City road. He pleaded guilty and was fined \$8 for being drunk and \$20 for breaking the window.

THE POWER COMPANY BILL. The mayor and commissioners met the city members of the legislature, Dr. Baxter, Dr. Campbell, L. P. D. Tilley and F. L. Potts in the mayor's office this morning to discuss a plan of action with regard to the power company bill. As the legislature is getting on towards the end of the session it will be necessary to have the city's bill up before long if legislation is to be secured this year. The bill prepared by the Currier commission has been introduced in the house but has stopped at that stage of progress, the introduction being a formality required by the act under which the commission was appointed.

SIR WM. CROOKES DEAD IN LONDON

Famous Chemist Who Discovered Thallium and Did Much to Apply Radium to Service of Mankind

London, April 5.—Sir William Crookes, famous chemist and physicist, died here yesterday.

Sir William Crookes was born in London on June 17, 1832. In 1861 he discovered thallium, a new element. While conducting an examination of the residue left in the manufacture of sulphuric acid, and while carrying out investigations of the metal and its properties, he found that it appeared heavier when cold than when hot. This was explained by him as being due to a "repulsion by radiation." Utilizing the principle he had thus discovered, he constructed the radio meter, which in turn, led him to his famous researches on the phenomena produced by the discharge of electricity through tubes from which the gas had been exhausted. To the development of this work the scientific world owes its present "electronic" theory, involving "radiant matter."

Later he began an inquiry into the constitution of rare earths, his researches leading him to results which proved startling to scientists. On the discovery of radium he took up the study of the element, doing much to bring its forces to the service of mankind.

ALL DANGER NOT BEHIND US

Borden Speaks at London Dinner Waste of Time in Peace Making

London, April 5.—(Canadian Press)—Premier Borden last night attended a dinner given in honor of Sir Auckland Geddes, who has accepted the principality of McGill University.

The premier, after speaking of the achievements of the Canadians in the last 100 days of the war, asked: "What of peace? Let us not minimize the difficulties confronting those who are striving to settle its terms. I am not dissatisfied with the peace terms, but those who are impatient of delay, I have more than once given voice to my own impatience. It would be idle to pretend there has been no waste of time. There is great unrest throughout the world and it is an extreme optimist who believes all danger is behind us."

DUTCH TO GET BACK REQUISITIONED SHIPS

New York, April 5.—Negotiations for the early return to their owners of eighty-seven Dutch ships requisitioned by the United States in March last year are in progress. Delivery may be underway by May 1.

SAYS NO STATE CHURCH FOR GERMAN REPUBLIC

Paris, April 5.—(Havas Agency)—The commission on constitution of the German national assembly has adopted a clause stipulating that there shall be no state church, a despatch from Weimar says. Sunday is maintained as a legal holiday.

FIGHTING AUSTRALIANS ON MARCH IN LONDON

London, April 5.—(British Wireless Service)—On Anzac Day, April 25, there will be a triumphant march of Australian troops through London. The detachment, to the number of 5,000, will march from the west end to the city, passing the Mansion House, where the lord mayor will take the salute.

QUEBEC POUITRYMEN. Quebec, April 5.—A general meeting of all poultry producers will be held at Quebec on April 20. The formation of a provincial union of poultry producers will be decided on.

Falls Dead in Market. Quebec, April 5.—Mrs. Alfred Berube of this city dropped dead this morning while purchasing provisions in the St. Peter market place.

Attack On Allies At Sea Reported To Be Ordered By Trotzky

Shoot Crews of Russian Baltic Fleet if They Disobey

Winston Churchill Sends Troops to Russia Promise of Relieving and Supporting Force; Reports from Various Places

London, April 5.—The Mail says that Leon Trotzky, Bolshevik minister of war and marine, has ordered the Russian Baltic fleet to put to sea and attack the Allies, threatening to have all the crews shot if they disobey the order, says the Mail.

BRITISH TROOPS TO BE SENT. London, April 5.—Winston Spencer Churchill, secretary of state for war, yesterday sent a telegram in his own name to the British troops in northern Russia, says the Mail, promising that they would be supported and relieved at the earliest possible moment and that men who have been there for months will be brought home as soon as other troops arrive to take their place.

The men for the relieving force have already been provisionally selected and lectures have been given them on the Russian situation. Troops kept in the army under the military service act will also be invited to volunteer, says the Mail, and there may possibly be an appeal extended to demobilized men. The military authorities are said to be confident that preparations being made will assure relief, but that the next two months will be filled with anxiety.

British and Americans. London, April 5.—Important developments on the Murmansk front in Northern Russia may be expected in a few days, owing to a threatened defection of Finnish troops, according to the Mail. It is said that it was to meet this danger that American detachments were sent on two cruisers, which will reach Murmansk early next week.

President Wilson is reported to have ordered the sailors of the two cruisers to land with the troops, if necessary. British relief forces have gone on board two especially constructed ice-breaker transports with which they expect to get through the ice two weeks earlier than they could on any other type of vessel.

May Lose Odessa. London, April 5.—The situation in Southern Russia has recently become distinctly worse from an Allied viewpoint, mainly owing to a shortage of food, according to despatches to the Press Association. It is not feared that military reasons will compel the Allies to evacuate Odessa, but there is a possibility, it is said, that the city will become so short of food that it will be unable to support an occupying force.

The Archangel Front. London, April 4.—News has reached London that a detachment of Admiral Kolchak's Siberian forces has succeeded in getting in touch with a detachment of Allied forces in the neighborhood of Archangel. The position of the latter is anxious, but the Allied troops command the Murmansk railway, and consequently, the western ports on the White Sea, and it is believed there should be no difficulty in getting reinforcements there by the middle of May. The recent reverses to the Bolsheviks are held to have improved the Allied prospect of holding out.

Archangel, Thursday, April 3.—(By the Associated Press)—The situation in all sectors of the north Russian front was again comparatively quiet yesterday and this morning. A Bolshevik prisoner, questioned regarding the morale of the enemy forces, declared today:—"The soldiers of our regiments are mobilized peasants and the officers are volunteer communists. The spirit of the soldiers is low, and everybody is 'fed up' with the communists. The soldiers are treated very severely and are shot for leaving their positions without permission. A new system of discipline has been inaugurated, different ranks and distinctions being re-established and soldiers must salute on penalty of death. Our men are suffering from typhoid and look upon the situation as being one in which the peasants are against the Bolsheviks. Along the road are posts garrisoned by Chinese, who search all travelers and take everything they can find."

STEAMER LEAVES QUEBEC ON VOYAGE TO NEW YORK. Quebec, April 5.—The American steamer Laquesnoy left Quebec at seven o'clock this morning for New York.

Not to Call at Halifax. Halifax, N. S., March 5.—Military headquarters at Ottawa, which advised that the Mauretania would dock at Halifax to land some British officers and other ranks, has advised that the arrangement has been cancelled and that the liner was proceeding directly to New York.

LIQUOR REFERENDUM IN ONTARIO

Indication of Intention to Ask People to Vote on Four Questions

Toronto, April 5.—The Mail and Empire, which is generally well informed on provincial government matters, has the following statement in its news columns today, regarding the coming balloting on prohibition in Ontario:—Sir William Hearst and the members of the government are preserving a Sphinx-like silence upon the referendum proposals to be submitted to the people in the latter part of next September, but with the secret in the possession of some eighty members, enough has leaked out to make it fairly certain that when the referendum is finally made it will exact from the people a definite verdict upon these four questions:—

1.—The repeal of the Ontario Temperance Act; 2. the sale of light beer in sealed packages, under government control; 3. the sale of light beer over the bar; 4. the restrictive sale of spirituous liquors generally under government control.

To Start The First Division On Way Home About April 12

Ottawa, April 5.—The department of militia announces that the embarkation of the first division for return to Canada will commence about April 12. Included in this division is the sixth battery of Halifax.

KEEP IT UP AS IN THE DAYS OF FIGHTING

Lloyd George Writes on Co-operation of Workmen and Employers

London, April 5.—(British Wireless Service)—Sir Robert Home, minister of labor, presiding yesterday at the re-assembling of the industrial council, read a letter from Premier Lloyd George upon the report of the committee of the joint industrial conference. The premier wrote that he welcomed the report because it showed what could be done when the workmen and employers discussed problems in a spirit of sincerity and with the determination to find a peaceful solution.

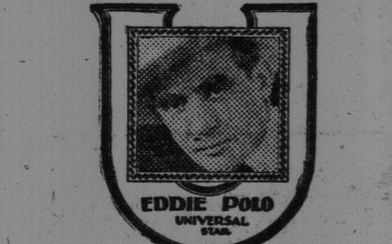

"The industrial question is perhaps the greatest of all the problems with which we are faced," the letter continues. "There is not a cut and dried or a rough and ready method of solving it. Its solution will be worked out gradually and as a result of the co-operation of all classes, having as their object self-interest but the creation of a better country for all to live in."

"For more than four years we have been manifesting this co-operation in the great task of freeing Europe from military autocracy. Let us go on and manifest it in the not less important task of freeing Great Britain from poverty, unemployment and political unrest."

GOOD THINGS COMING TO THEATRES OF ST. JOHN

PALACE STARTS NEW SERIAL MONDAY AND TUESDAY

"The Lure of the Circus" featuring

In his latest success will start Monday; also showing

In the final episode of "The Lion's Claws," the biggest offering yet. Other pictures also. "The Iron Test," starts Friday and Saturday.

MADE HIT AT SUCCESS. Sussex Record—The talented amateurs from St. John that put on the sparkling comedy "Eliza Comes to Stay" at the Lyric on Friday evening last, made a decided hit, and certainly deserved the splendid reception accorded them. The play ranked with any put on in Sussex for some time, either amateur or professional. Under the able direction of Mrs. A. C. D. Wilson, the play went with a snap from start to finish. The specialties were all good. The director was congratulated on the fine showing made in the production of the splendid comedy "Eliza Comes to Stay." A big audience and a warm greeting assured the St. John amateurs if at any time in the future they again perform in Sussex.

RIVER LOWER AT FREDERICTON: NOT GOOD FOR THE DRIVES

Mrs. J. Howe Dickson Seriously Ill—Fire Department Investigation

(Special to Times) Fredericton, N. B., April 5.—The St. John river water here dropped about two inches last night and the ice shows no sign of moving. Drives on the streams in this section are having difficulty on account of low water. Rain or warm weather must come before navigation opens or driving gets under way to any extent. Mrs. J. Howe Dickson, wife of the late clerk of the executive council, is seriously ill. Her recovery is not expected. The advantages of Fredericton as a distributing point for central New Brunswick are to be advertised by means of a special map printed on letter heads and business letters. The design has been approved by the publicity committee of the Board of Trade. Six boys, from 12 to 17 years, have been implicated in breaking into the warehouse of the Crystal Street S. S. Company here and stealing from it. The mayor and eight aldermen met the members of the fire department last night and discussed reports of friction in the department, defects in the fire-alarm system and lack of sufficient pressure at the Van Buskirk fire. Friction was denied and the water pressure was said to be all that was required for fighting the fire inside the building on Friday morning. The alarm system was declared to be defective and a new circuit will be installed.

CONSTITUTIONAL GUARANTEES IN POLAND SUSPENDED

Berlin, April 5.—(By the Associated Press)—The Polish cabinet has suspended the constitutional guarantees for three months, according to Warsaw despatches to the Berlin newspapers. Notice of Births, Marriages and Deaths, 50c.

DEATHS

RUDDICK—At General Public Hospital, on April 5, John Rudrick, leaving one sister to mourn. Funeral on Monday at 2:30 from his late residence, 68 Pitt street.

INFORMATION WANTED

Chief of Police Smith today received a communication from Mrs. Annie Stuart, 117 Norway street, Boston, regarding information about Isabel D. Reid, who was born in St. John about 1840. There is a small estate in which her next of kin would be interested and Mrs. Stuart is anxious to get information concerning her.

HOSPITAL FILLED

According to a report from the General Public Hospital, the institution is crowded and there is not a bed vacant.

Faderewski in Paris

Paris, April 5.—(By the Associated Press)—Ignace Jan Faderewski, Polish Premier, was expected to arrive in Paris today.

Thomas Bradshaw, the Toronto expert engaged by the city of Ottawa to advise as to the offer of the Ottawa street railway to sell to the city at the price of approximately \$6,000,000, has submitted his report. He believes that the price asked by the company is too high, and that the city would do well to wait till 1923, when the price of both material and labor would be cheaper.

MANLEY—At 92 Hyman Court, London, Ont., on April 2, Sarah (Lucy), wife of Alfred Manley and daughter of the late John and Sophia McPartland, leaving her husband, one son, three daughters and three sisters to mourn. Funeral on Monday from her parents' residence, 10 Courtney street, Service at 2:30.

HARRINGTON—At her residence, 89 Paradise Row, on April 3, 1919, Harriet, beloved wife of Joseph Harrington, and daughter of the late Patrick and M. A. Morgan, leaving a husband, two sons and one daughter and one brother and two sisters to mourn. Funeral on Sunday afternoon at 2:45 from his late residence. Friends invited.

LOCAL NEWS

CLERKS MEETING

The adjourned meeting of the wholesale and retail clerks of the city will be held in the board of trade rooms, Prince William street, on Tuesday evening, April 8 at 8 o'clock (daylight time).

IT COSTS LITTLE

To dress well—no more—in fact, than to dress otherwise. It all depends upon where you buy your clothing. We have the advanced styles of United States and Canada and at prices which are within everyone's reach. Brager's, 185 and 187 Union street.

HIGH SCHOOL ALUMNAE

Tickets for Miss Agnes Warner's lecture Thursday, April 10, Germania hall, 185 and 187 Union street, are on sale at the office of the High School Alumnae. All unsold tickets to be returned by Tuesday.

EVERY VISITOR

Only members of 1919 are privileged to purchase tickets for Women's Canadian Club luncheon Monday.

TRADES AND LABOR COUNCIL

Mass meeting of all organized labor organizations will be held at the Hotel Cecil, 230 Business Ave., Sunday afternoon, 2:30. Business of importance to all Union men. Signed Geo. C. Melvin, Secretary Trades and Labor Council.

AMHERST NEWS

EDITOR IS BEREAVED. Amherst, N. S., April 5.—H. Floss, wife of A. D. Ross, editor of the Amherst Daily News, died in Highland View Hospital this morning. She underwent a serious operation three weeks ago, but was improving rapidly and expected to leave the hospital in a few days. She passed away without warning at 10:30 a. m. She was a daughter of the late Captain and Mrs. C. H. Goldsmith, formerly of Amnopolis and later of Dorchester, Mass. Her husband and two sons survive her in Amherst. The funeral will be on Monday at three o'clock.

IN WALL STREET

New York, April 5.—The further strength of rails furnished a firm foundation for the general list at the opening of today's stock market. Steel, equipment and food shares also made substantial gains.

SMOKE MACDONALD'S INDEX

MURINE EYE REMEDY

For Red, Weak, Watery, Itchy Eyes for Both of Eye with and Granulated Eyelids on Bureau Co. Chicago

D. A. R. EXPRESS OFF THE TRACK

Passenger Cars Not Derailed—Accident Near Hantsport

Halifax, N. S., April 5.—The Dominion Atlantic Railway express which left Halifax this morning at seven o'clock, railway time, for Yarmouth, left the rails about half a mile east of the Hantsport station three hours later. According to word received by the D. A. R. officials here none of the passengers were injured. Cecil Pentz, baggage master, and Harry Taylor, one of the crew, were the only persons on board. The train was approaching Hantsport station when the accident occurred. The engine, tender, baggage, mail and express cars left the rails. The cause of the derailing is not known. The express carried a large number of passengers, many of whom were bound to Yarmouth, to go on the Northland to Boston. At the D. A. R. office here it was said that no tie-up in the system was caused by the accident. Passengers left Hantsport at 12:15 for Yarmouth.

DISTRIBUTION OF FOOD SENT INTO BERLIN

Berlin, April 4.—(By the Associated Press)—The city authorities have unanimously adopted a Socialist resolution providing for the distribution of incoming food supplies from the Entente nations under the central authorities. This section will exclude middle men, prevent profiteering and enable the poorer classes to obtain food. The pluck of hunger and consequent mortality have been more severe here than elsewhere.

AMHERST NEWS

EDITOR IS BEREAVED. Amherst, N. S., April 5.—H. Floss, wife of A. D. Ross, editor of the Amherst Daily News, died in Highland View Hospital this morning. She underwent a serious operation three weeks ago, but was improving rapidly and expected to leave the hospital in a few days. She passed away without warning at 10:30 a. m. She was a daughter of the late Captain and Mrs. C. H. Goldsmith, formerly of Amnopolis and later of Dorchester, Mass. Her husband and two sons survive her in Amherst. The funeral will be on Monday at three o'clock.

PAVING PROSPECTS POOR.

The situation with regard to the street paving programme still is very much up in the air, and Commissioner Fisher said this morning that he could not tell what, if anything, would be done this year in the way of permanent paving construction. The adverse petitions have made it impossible to proceed with the work in several streets under the local improvements act, and the council has shown no intention to authorize bonds for the entire cost. Even if plans could be decided upon it now is getting pretty late to arrange for the work.

MAURITANIA SIGHTED

Cape Maurer, N. S., April 5.—Signalled steamer Mauritania, from Southampton via Brest for New York. No time or distance given. Expected to arrive at Amherst Channel Lightship at 8 a. m. Monday and will probably dock about 10 a. m.

THE CASE OF FRED KEEFE

The case of Fred Keefe with supplying liquor, and the case of Harry Gunn and Ernest Gunn, charged with assaulting Dorchester, Mass. Her husband and two sons survive her in Amherst. The funeral will be on Monday at three o'clock.

NOTICE TO EMPLOYEES TO APPLY ON OR BEFORE APRIL 9 IF THEY DESIRE WORK

Having completed necessary repairs and alterations, the mill of the Nashua Pulp & Paper Company, Limited, will resume operations on Monday, April 14. Any of our former employees desirous of coming to work will please notify the Company at their Office on or before Wednesday, April 9th. It is our intention to give employment to as many of our former employees as we may require. LUDENDORFF ON THE WAR

German Leader's Book Giving His Account of Some of the Phases

Berlin, April 4.—(By the Associated Press)—I opposed Baron Burián's step for peace on account of its vagueness, but favored an immediate peace step in some other form," General Ludendorff, former first quartermaster-general of the German army, says in his book regarding the war. (Burián was the Austro-Hungarian foreign minister and I constantly was sending out peace feelers.) "The supreme command," Ludendorff continues, "had an idea of mediation by Holland. On Sept. 3 newswires came to me from Von Hintze, Von Hindenburg and myself were followed by a report to the Kaiser. Von Hintze was the first to allude to a change on internal grounds. I then spoke as follows: We must now act energetically on the armistice and peace questions. The entire situation in Europe may undergo changes to our disadvantage. The western front may at any time have to withdraw further, and the worse our military situation becomes the harder will be the conditions.

ON THE ARRIVAL OF PRESIDENT WILSON'S NOTE

On the arrival of President Wilson's note I came to Berlin and submitted the following questions to Von Hertling: First—Is the German people willing to fight on? Secondly: What is the German government's estimate of the Bolshevik danger, which I take very seriously? Third: Is the Ukraine necessary for our provisioning? "The second note to President Wilson was also sent in agreement with the supreme army command. The answer to it clearly showed that President Wilson no longer had the power to oppose the Entente's demands. For the reply to the note the chancellor again invited me to Berlin.

THE MILITARY SITUATION WAS UNCHANGED

In the west, however, there was a consolidation and this circumstance, in conjunction with the declaration made by the war minister that he could within a measurable period give the supreme command 600,000 men, made the situation appear such that we need not surrender unconditionally to President Wilson.

"I emphasized the necessity of replying to the note in a dignified tone, with due regard to the empire's interest. An abandonment of the U-boat warfare could not be considered. Admiral Scheer (former chief of the German admiralty staff) spoke in the same sense. This conception also continued to be held for some days in the war cabinet. De-announced that the path to capitulation was closed. On Oct. 25 Von Hindenburg and I submitted this idea to the Kaiser and later to Vice-Chancellor Von Cuyper. We gained the impression that the imperial government no longer was willing to fight, but was ready to accept the hardest conditions.

WHAT TIME?

The time tangle continues to become rather more than less involved the days pass without agreement on the variety of time to be observed. The latest contribution to the confusion is the decision of the school board. First it was announced that the schools would observe daylight time and then last evening some members of the board changed their mind and the public was informed that the schools would continue on their present schedule. What will be the decision next week no one knows. And the worst of the situation from the standpoint of the small boy is that the mixup might give him a reason for getting to school an hour early but no excuse for being an hour late.

APPEAL MADE BY NATIVE LEADERS TO EGYPTIANS

Cairo, Egypt, April 5.—(Canadian Press despatch from Reuters Limited)—The native leaders appealed on March 27 to Egyptians to abstain from outrages, keep within the law and to place no obstacles in the way of those lawfully serving their country. They also appealed to the notables of the country to do all in their power to prevent anything that may lead to the injury of the country. This appeal was distributed broadcast by airplane.

MISS ELIZABETH McGRATH

The death of Miss Elizabeth McGrath, third daughter of the late Thomas and Ellen McGrath, took place at her residence, 72 1-2 Waterloo street, at noon today. She leaves one brother, John of this city, and four sisters, Mrs. D. J. Burrows of Halifax, Misses Guselle, Nellie and Kathleen. A large number of friends extend sincere sympathy to the bereaved ones.

TENDERS CLOSED TODAY

Tenders closed today for the Governor Carleton's spring coat of paint. At noon only two had been received. Tenders for supplying uniforms and caps for the ferry department staff also closed today and the bids were equally scarce, unless some more are in the mail.

MAIN STREET PROPERTY

The James Elliott property at 243 Main street was sold at auction on Chubb's corner on noon today by F. L. Potts. It was purchased for \$1,500 by J. H. Daye. The property consists of two and a half story dwelling on a leasehold lot.

HALIFAX CITY GOVERNMENT

Halifax Chronicle—Yesterday afternoon the amended "Bill to Abolish the Board of Control" passed its third reading in the house. It provides for a plebiscite on April 30th, at which the ratepayers may decide upon the form of city government, the regular elections scheduled for that date to be postponed until a day yet to be determined. The Bill passed without any discussion.

PUBLIC HEALTH ACT.

The establishment of a federal department of public health is a forward step of great value to Canada. Hon. Mr. Rowell, introducing the bill yesterday, presented some startling figures. He pointed out first that in New Zealand, where great attention is paid to the promotion of public health, the deaths of infants under one year of age number only fifty per thousand compared with the following:—Australia, sixty-eight; Sweden, seventy; Switzerland, ninety-one; Denmark, ninety-five; England and Wales, 110; France, seventy-eight; Brussels, 268. In Canada the number of deaths per thousand babies under one year old by provinces was as follows:—Saskatchewan, ninety-one; Prince Edward Island, ninety-three; Ontario, 107; British Columbia, 107; Manitoba, 118; Nova Scotia, 120; Quebec, 153.

It will be noted that New Brunswick does not appear in this list. The reason is that this province has no method of gathering vital statistics, which is perhaps all the evidence needed to show how far it is behind other enlightened communities. Fortunately the new health act provides for such a system. In its absence we may take it for granted that the infant death rate is at least as great as that of Nova Scotia, or nearly two and a half times as great as that of New Zealand. When we consider the value of a human life to this sparsely settled country, even in terms of money, it is easy to realize how great a price we have been paying for our disregard of public health.

It is gratifying to know that our province now has the most advanced public health act in Canada, and that our health minister, Hon. Dr. Roberts, had something to do with the framing of the proposed Dominion legislation, since he was consulted in the matter when in Ottawa and gave Hon. Mr. Rowell and others the benefit of suggestions arising out of his knowledge of the provincial law which he had framed for New Brunswick and of his long and careful study of the whole question of public health and health laws.

The arguments are all in favor of a federal department to co-operate with those of the provinces and conserve the greatest asset of the country—a healthy and intelligent citizenship. The bill will, before parliament, when adopted, will be a measure of infinite value to the whole country.

WHERE ARE WE AT?

The editor of this peace-loving journal was informed the other day that he had been classified as "a damned Socialist" who ought to be thrown into the hard labor." At a recent meeting he was described as a "German Kaiser." The definition given in an unsigned letter received this week, if published, would contravene the law determining what is fit to print. The worthy citizen who classifies him as a harmless imbecile doubtless regards it as a waste of postage to make it known, and it may be that the worst is yet to come.

ENGLAND AROUSED.

Sir Ernest Shackleton's picture of the perilous position of the Allied armies on the Marne and Aisne, and his terse remark that the Bolshevik menace is becoming worse than that of German militarism has roused the English people to a sense of duty which is rather late in coming. There is now a demand that relief be sent to the hard pressed forces in northern Russia. If disaster should overtake that devoted army we should probably hear no more objections to a sharp and decisive campaign against the Bolsheviks. The stories that come out of Russia telling of the atrocities committed by the followers of Lenin and Trotsky make it clear that they are enemies of civilization who must be suppressed. It is urged that the peace conference should decide at once upon its policy in regard to Russia, but in the meantime the English people will not for a moment consider the abandonment of the brave men sent to northern Russia and now threatened with extinction. Relief will undoubtedly be sent without delay.

THE POWER COMPANY AFFAIR.

With regard to the fight in the legislature against the bill prepared by the Currier commission relative to the New Brunswick Power Company, it may be assumed that a meeting of the citizens' committee will be called, the whole matter thoroughly discussed, and a large delegation sent to Fredericton, similar to that of last year, to support the city's case. There is exactly the same need now as then for the fullest expression of the city's views, in the absence of which the members of the legislature would naturally assume that the citizens had no strong feeling in the matter. The Currier bill is before the house, and the session is drawing toward its close, and whatever is done should be done quickly. A joint committee of the city council and citizens' committee has been preparing the amendments to be sought, but the citizens at large must also be heard from, since the expression of their views will be necessary to give due weight to the appeal to the house.

that of last year, to support the city's case. There is exactly the same need now as then for the fullest expression of the city's views, in the absence of which the members of the legislature would naturally assume that the citizens had no strong feeling in the matter. The Currier bill is before the house, and the session is drawing toward its close, and whatever is done should be done quickly. A joint committee of the city council and citizens' committee has been preparing the amendments to be sought, but the citizens at large must also be heard from, since the expression of their views will be necessary to give due weight to the appeal to the house.

THE ILLITERATES.

Here is an interesting item from news from the capital of Maine: "Blanks were sent out Saturday from the state department of education to superintendents of schools throughout the state of Maine, on which returns are to be made of the illiterates, persons between the ages of ten and twenty-one who cannot read or write in any language. Maine had under the last census 2,906 of such juvenile illiterates and an effort is being made to greatly reduce that number before the next federal census and put Maine at the very top. The superintendents are this year to take the illiteracy census in connection with their school census."

How many young illiterates are there in New Brunswick? One of the disagreeable surprises of the enlistment of young men in the military service in this province was the proportion of illiterates. It is not a proud but a shameful record for a province with free schools. Ignorance is the fruitful cause of untold ills, and it is a national duty as well as a duty to society and the individual to make school attendance compulsory, and provide opportunities for those who have grown up without schooling to get at least some education.

Spring-cleaning is possible earlier than usual this year. Hence the following remarks by the Christian Science Monitor are timely and to the point: "With springtime usually comes a 'clean up' of the streets, and a movement in that direction is just now general in cities and towns throughout the United States. Appeal is made to civic pride, and people are urged to make their localities better places in which to live. This is good and desirable. But why not keep cleaned up all the year round? If things are not thrown into the streets, particularly bits of waste paper, they will not be picked up. Receipts for refuse, if placed in back yards, and used, will help much in maintaining a condition of neatness. The cleanly habit can easily be acquired."

When it is realized that the fire losses of Canada last year reached over three dollars per head for every man, woman and child in the country, some idea of the immensity of this loss and of the need for fire preventive measures may be obtained. In order to impress the seriousness of the situation upon the public of St. John, it has been arranged that Mr. J. Grove Smith, of the Conservation Commission, Ottawa, should address the board of trade and associated organizations next week on this subject. Mr. Smith is one of the best informed men in Canada on this matter and his recommendations will doubtless receive the fullest consideration.

The tributes paid to Miss Agnes Warner yesterday were entirely fitting and nobly deserved. Miss Warner did far more than the work of a Red Cross nurse. By her literary ability she did much to arouse more general and heartfelt interest in the great work to which she had dedicated herself for the period of the war. She has brought honor to this city, which is proud to number her among the heroes of the great war.

A commission to consider the joint control of industries that included Mr. Tom Moore and Mr. John Bruce would be sufficiently representative of labor to disarm the suspicion that labor interests would not receive fair consideration.

SANS ST. QUENTIN WAS SYSTEMATICALLY PILLAGED

Brussels, April 5.—(French Wireless Service)—The city of St. Quentin, France, was systematically pillaged by the Germans during their occupation, according to evidence given by a German soldier named Giessen, a Belgian war office communication says. Giessen, who served in the 15th German infantry regiment, has been arrested at Calcutta in the occupied section of Rhenish Prussia. Giessen declared that the city was divided into districts and each district was given to one regiment in which to operate. Each regiment detailed a company to carry out the work of gathering the plunder. Giessen said that he sent to his home a considerable amount of booty, having received permission to do so.

SMOKE MAGDONALD'S INDEX

EVERY NICKEL MAKES A MUCKLE

Economy was strictly enforced upon the Allied armies during the fighting, everything salvageable being saved, and the same principle is being applied now. In this way millions of dollars worth of property has been saved.

Plague of Locusts Vividly Described

Cloud of Insects Seen at Jerusalem Stripped Garden of Gethsemane

The story of the plague of locusts in Egypt is familiar to all Bible readers. An idea of what it must have been like is gained from Sven Hedin's vivid description of such a visitation in Palestine in 1915, to which the author was an eyewitness. The following translation from his book, "Jerusalem," was printed in a recent issue of Palestine, the organ of the British Palestine Committee. At the end of February it was reported from the wilderness of Judea that there were swarms of locusts darkening the sun. One day in March the light of the sun was blotted out for a time. Black clouds of locusts had reached the Holy City; behind them came the storks by the ten thousand and lived gloriously. The stork is the worst enemy of the locust, and therefore the Arabs call him Abu Saad, the father of fortune.

Nothing Like Internal Bathing for Constipation

If people only knew what Internal Bathing is doing for thousands of others there would be fewer Pills and Laxatives swallowed, and very much less suffering from Constipation and the accompanying Stomach and Nervous troubles resulting therefrom. Mrs. Cave, 841 Ellery street, Victoria, B. C., writes: "Before using the J. B. L. Cascade I suffered constantly from Constipation, had frequent bilious attacks and sick headaches. Since beginning your system of Internal Bathing with the J. B. L. Cascade four months ago, I have not had one attack and feel stronger and better in every way. My only regret is that I did not get a Cascade sooner." By the proper application of nature's cure, warm water, by means of the J. B. L. Cascade, the lower intestines are kept free from all poisonous waste. Druggists here. Dr. Chas. A. Tyrrell of New York, a specialist in Internal Bathing, invented and perfected the "J. B. L. Cascade," which has done more during the past 20 years in restoring health and lessening disease than all other means combined. Ask E. Clinton Brown, druggist, corner Union and Waterloo streets; also F. W. Munro, dispensing chemist, 877 Main street, St. John, for Booklet, "Why Man of Today is Only 50 Per Cent Efficient." They will also be pleased to show and explain the J. B. L. Cascade to you.

Advertisement for How To Economise In Coal. Text: "How To Economise In Coal It Appears There is More To Consider Than Price In Buying Like Gaul, all coal is divided into three parts. Two of these are carbon and volatile matter. The third 'ash' including stone, clinkers, etc., is pure waste. Ash does not burn, but prevents the carbon and volatile gases from burning and is an expense to cart away. You buy coal solely to make heat. The more you burn of carbon matter and less ash the more value in a ton of coal. Most everybody knows this in a general way. But suppose you were offered hard coal at \$18 and \$16, which would you buy? If ten per cent or one-tenth of the \$18 coal was ash you would save 1,800 pounds of burnable matter to the ton—at a cost of \$18 or \$1 per one hundred pounds of burnable matter. Now, say your \$16 coal had twenty per cent, or one-tenth of ash—you would have 1,600 pounds of burnable matter. The cost is exactly the same, except that in one case you would have 400 pounds of ash to remove, in the other only 200 pounds. Showing another way to buy RADIO coal. It is a clean, free-burning hard coal and has the organization and name of the Consumers Coal Co. behind it. It is inspected, tried and tested on arrival and every load is re-weighed to remove the slack and dust before delivery. RADIO coal at \$17.75 less fifty cents discount, or \$17.25 for cash, is, we believe, the most economical coal in St. John today. It certainly is high in heat value and low in ash and chock full of satisfaction. To those who used RADIO before the war the Consumers Coal Co. wish to say that they can now obtain it in all sizes. To those who have yet to know the goodness of RADIO we would suggest they try it now. There is no risk for we would gladly remove and refund on any purchase of RADIO coal not being up to the standard we have set for this American anthracite. SASKATCHEWAN TO HAVE MINIMUM WAGES BOARD A minimum wages board is to be created in Saskatchewan, consisting of five persons, two of whom shall be women. The board is to ascertain and declare the what wages are adequate to furnish the necessary cost of living and what are reasonable hours and proper sanitary conditions. It can make enquiries and investigations, summoning witnesses and examining them on oath. All employers must keep a register of their employees, showing their earnings. In case any employee receives less than the minimum they may recover in a civil action the full amount, less what they have been paid, under an agreement to work for less than the minimum wages exists or not. The act applies only to cities of Saskatchewan unless an order be made extending its scope to other parts of the province."

The Story of the Diamond Chapter 10.—How Mined. As mentioned yesterday, diamonds were first discovered in Africa by O'Reilly... This was followed by the discovery of the mines at Jagersfontein, Dutoitspan, and later in 1871 of the Kimberley, lying close by, and still later of the Premier mine. At each of these places is found a "dip," somewhat like an old lake.

Snowflake Ammonia Cuts grease - Saves Soap. A spoonful of Snowflake Ammonia softens a whole pan of dish water, dissolves the grease from the dishes—and saves its cost in soap. Use it in kitchen, bathroom, laundry.

RECENT DEATHS

Friends in this city were greatly shocked, yesterday, to learn of the death of Mrs. Frances E. Emerson, wife of Stanley L. Emerson, son of R. B. Emerson, formerly of this city, but now of Saskatoon (Sask.). Mrs. Emerson had been ill but a brief period at her home in Saskatoon, death being due to pneumonia. Mrs. Emerson was the daughter of the late Robert J. Tinning, of Regina (Sask.), but had lived in St. John more than a year and a half and had endeared herself to a large circle, being a young woman of many fine qualities. She went west with her husband about five years ago when he started business in Saskatoon and is very kindly remembered. She leaves her husband and two sons and is also survived by her mother, living in Regina, one brother, George Tinning, manager of the Union Bank at Lehighbridge (Alta.), and three sisters, Mrs. Alan Wetmore, Mrs. Edward Smith and Miss Isobel Tinning, all of Regina.

The many friends of George D. Titus, proprietor of the Adams House, North street, Halifax, will be shocked to learn of his sudden death, which occurred Thursday afternoon. Mr. Titus appeared to be in good health early in the day, but dropped dead while in his house in the afternoon. Shortly before he died he complained of not feeling well, but little attention was paid to his remark. When he collapsed two physicians were summoned, but he was dead when they arrived. Death was caused by heart disease.

Mr. Titus was twenty-six years of age and leaves a wife who was residing in St. John at the time. He entered the hotel business about ten years ago as clerk in the Victoria hotel in St. John. Later he was proprietor of the Royal hotel at Woodstock. Besides the hotel business at Halifax he carried on a taxi and commission business. When he first went to Halifax he conducted a grocery, which he sold when he took over the Adams House. While in the hotel business he made many friends in the two provinces.

Halifax, N. S., April 4.—Frederick R. Brown, chief clerk at the Halifax freight office, Canadian National Railways, dropped dead on the street this morning. Death was due to heart trouble.

Moncton, N. B., April 4.—(Special)—The death occurred this morning at Irishtown of Walter Hennessy, an aged and well known resident of that place, at the age of eighty-three years. He is survived by three sons and four daughters. The sons are Patrick A., of New Jersey; Walter, of Greenville (Me.), and James E., at home. The daughters are Mrs. Iva Germaine of Irishtown; Mrs. John Kerwin, of Sunny Brae, and Misses Susie and Sarah, at home; also two brothers, Patrick Hennessy and Square Hennessy, of Irishtown.

Sussex, April 4.—(Special)—Hugh R. McMonagle, one of Kings county's most widely known citizens, died at his home, Sussex Corner, at 7 o'clock this evening, aged seventy-two years. Deceased was stricken with paralysis early this morning. Previous to that he had been in good health. Mr. McMonagle represented this parish in the county council for a number of years and was also a large dealer in thoroughbred horses, having imported many well known horses in this province. He was a son of the late Hugh McMonagle who kept the King's Inn in the days of stage coaches. He is survived by his wife, who was Miss Jane McIntyre. Walter McMonagle, of the experimental farm, Fredericton, is a half brother.

The death of Mrs. Annie Maxwell occurred at her home on St. George's N. B., on Friday last. She was the widow of Henry Maxwell. She leaves two sons, three brothers and three sisters.

THE LATE W. J. HANNA. Montreal Journal of Commerce: The Hon. W. J. Hanna, whose death occurred in the south a few days ago, was one of the best known politicians and business men in the Dominion. For years Mr. Hanna was a member of the Ontario cabinet and as provincial secretary of that province put through a lot of constructive legislation. A few years ago he retired from politics and became food controller for the dominion, but the onerous duties of that post compelled him to resign. He then became presi-

Manchester Robertson Allison Limited KING STREET GERMAIN STREET MARKET SQUARE

ESTATE APPRAISED AT MORE THAN \$40,000,000 James Stillman, New York Banker, Let it to Relatives. New York, April 5.—The estate of the late James Stillman, for many years head of the National City Bank, was appraised at \$40,888,121 in a report filed with the surrogate court here yesterday. After payment of debts and expenses of the appraisal more than \$37,000,000 remains subject to the inheritance assessment from which the state will receive \$1,881,022. It is divided among relatives. The property includes residence in New York, Cornwall, N. Y., and Newport, R. I., stocks and bonds of many corporations and paintings in France worth more than \$2,600,000. President Wilson's Condition. Paris, April 5.—(By the Associated Press)—Reassuring news from President Wilson's bedside was sent to the press delegates last evening, although it indicated that the president's condition was such as to make it advisable that he remain in his room at least for today.

Whatever there is of charm and newness in Women's Clothes you can depend upon seeing it represented here. An assemblage of wearables for every occasion, styled to please the most fastidious. DISTINCTIVE AND YOUTHFUL SUITS FOR WOMEN AND MISSES, whether one's fancy runs to the straight line, the blouse or the severely tailored suit, she will find a wealth of all that's new from which to select her Spring outfit. Youthful models fashioned in the Season's prevailing shades. ADORABLE CONCEPTIONS IN CAPES AND DOLMANS FOR WOMEN AND MISSES.—Yes, that delightfully different Cape or Dolman which you have so admired in that Fashion Magazine is here as you've seen it. This "apparel shop" is an ever flowing source of supply for smart fashions and we wish it known that our efforts are always to meet the demands of women of good taste. WOMEN'S AND MISSES' INDIVIDUAL FROCKS for all occasions. Youthful are the styles and correct to the very last detail. Models which are "the thing" for street, semi-dress, dress, or business wear. A showing replete with loveliness—fashioned in soft Satins, crisp Taffetas, Georgette, combination Foulards, also finest of Serges. Values extraordinary. "WOMEN'S APPAREL SHOP" London House Daniel Head King St.

BUY W.S.S. SAVINGS STAMPS BOARD OF TRADE NOTES

The Dominion Association of Fire Chiefs of Windsor, Ont., have asked the board of trade to endorse a movement for a fire prevention and clean-up week commencing Monday, May 5, "that it may help in reducing Canada's lamentable fire loss, which has reached more than \$8 per capita of our population." It is for the same purpose that J. Grove Smith of the Dominion Conservation Commission, Ottawa, has arranged to address the business men of the city in the board of trade rooms here soon. The Sydney board of trade advises that it will support daylight saving and that there is every indication that the city will adopt the change. The post office department has informed the board of trade that upon the opening of the St. Lawrence route mail boats will land maritime province mails at Rimouski, as recommended by the council of the St. John board.

'LIGHTS OUT' BUT NONE TO PUT OUT.

Editor Evening Times-Star: Sir—Appropos the burning question of "Time" so prevalent at present I am reminded of a very amusing episode of its initial stages in the old country, having recently returned after three and a half years sojourn in that region of war-wasting devices. We were in camp at Dilgate when the daylight bill was first adopted. It was mid-summer and the beneficent sun prevailed until 10 p. m. but that could not jar the stern course of army discipline. Consequently the buglers ceremoniously paraded and solemnly sounded "lights out" when there was not a light to go out and we were all sitting round our respective tent doors reading. The old adage says time will not wait for any man, but the army goes one better for it will not wait for time, i.e. the sun. Yours respectfully, EX. C. S. M., F. W. S. St. John April 5, 1919.

Miss Helen Ritchie. On Sunday morning, March 30, after a long and trying illness, Helen Evelyn Ritchie passed peacefully away at the early age of twenty-three years at the county hospital, East St. John. Miss Ritchie had been in failing health for more than a year but bore her sickness with great patience and Christian fortitude. She was of a bright and cheery disposition, endeavoring herself to the staff of the hospital. The body was taken to Canterbury, N. B., where an impressive service was conducted by Rev. C. N. Barton, assisted by Rev. M. S. Linton, pastor of the Methodist church of that place, of which the deceased was a member. She leaves to mourn her father, Allen Ritchie, of Temple, N. B., one brother, James, of Temple, one sister, Hazel, of

Canterbury, N. B., besides her uncle, Geo. M. Hillman of Canterbury, with whom she made her home for the last eighteen years; also a wide circle of relatives and friends by whom she will be greatly missed. The floral tributes were numerous and beautiful, including a wreath from the Methodist Sunday school, of which she was a teacher, and a broken circle from Canterbury Chapter, Daughters of the Empire, with which she worked. Interment was made at Temple, N. B.

CANADIAN SHOE MEN WANT SHARE IN EUROPEAN ORDERS Ottawa, April 5—Canadian shoe manufacturers at a conference held here at the invitation of the Canadian Trade Commission, decided to form an export association which every manufacturer will be asked to join to undertake joint action in securing for Canadian factories part of the large orders now known to be pending in Europe.

ACCEPT RESIGNATION OF MCGILL PRINCIPAL Montreal, April 5—The resignation of Sir William Peterson as principal and vice-chancellor of McGill University, which has already been foreshadowed

by the announcement that the Right Hon. Sir Auckland Geddes had been offered the appointment, was yesterday formally received and accepted by the board of governors. His action was taken by Sir William Peterson on the advice of his medical advisers, and in view of the fact, the board felt that there was no course open to them but to comply with his wishes. The board of governors authorized the announcement of the offer of the position to, and acceptance by the Right Hon. Sir Auckland Geddes, K. C. B., M. D.

Quebec, April 4—The Quebec Retailers' Association, at a meeting last evening, decided to adopt the spot cash system of sale to do away with the credit business in Quebec. The promoters, who are the scourge of life and who are the honest losers through the credit system will also adopt the same stand. The new spot cash system is to be put in force in Quebec city on May 1.

Another City Lines up To The Wiesel Cash Policy

The other day we reproduced here the statements contained in an advertisement signed by the leading Halifax Shoe Merchants, in which they pledged themselves to the Cash Selling Policy, doing away with Credit entirely—this for the benefit of their customers. Coming so closely with the opening of our Halifax store, operating on the Wiesel Cash Policy, it was indeed flattering to have this unsolicited endorsement of our system. Now another leading Canadian city swings into line, as shown in the clipping from the Time-Star of April 1st, reproduced above.

It surely must appeal to all who consider the matter that the cash systems of buying and selling makes the cost of doing business lower and therefore lowers the selling price to the consumer. No bad debts. No slow accounts recourse to the bank for loans and interest charges. No higher prices which time-buying entails as by buying for cash a firm is enabled many times to secure preference in rush orders; and incidentally take advantage of all cash discounts.

This business policy has characterized Wiesel's since it opened its doors ten years ago and the tremendous increase in business each of the years since has more than demonstrated to us that the people of St. John are wholly with us. It is this policy that has given them the best and most modern in shoe styles and fitting and at the lowest possible price of any shoe house in the lower provinces. Here's wishing you luck, Quebec!

Hon. Mr. Byrne Deals Promptly With Allegation

Statement of Hon. Mr. Baxter Denied and Disproved—Government to Grant Aid for Woodstock Exhibition

Fredericton, N. B., April 4.—The house went into supply this afternoon and made considerable progress on the estimates. With the budget debate ended and the house settling down to business, the expectation that the session may be ended by Good Friday looks like more of a possibility than it did earlier in the week.

The consideration of the estimates moved along easily this afternoon with practically no adverse comment. The only discussions which marked the progress of the debate were on matters somewhat apart from the subject.

Mr. Baxter brought up the matter of the Kierstead trial again in an effort to show that a certificate prepared by Dr. Anglin, which might have affected the verdict, had been in the possession of the attorney-general at the time of the trial.

Mr. LeBlanc presented the report of the committee on municipalities. Notices of inquiry were given as follows: By Mr. Taylor, as to the amount expended on permanent roads in the parish of Penfield, Charlotte county and other details; also as to the quantity of concrete pipe on the highway road between Bonny River and Second Falls, Charlotte county.

By Mr. Murray (Kings) as to payment made by municipalities, cities and towns, to the patriotic fund and the total amounts paid by them. By Mr. Jones, as to the work in the parish of Cardwell, Kings county.

previously made in the house to the effect that evidence in the possession of the crown had been withheld at a murder trial in the county of Queens. His statement had been challenged, he had obtained from the minister of justice a document relating to the case which fully bore out his previous statement. Then read the document to the committee.

Hon. Mr. Byrne said the honorable member had adopted an irregular way of bringing the matter before the house. If he knew anything reflecting on his (Byrne's) conduct in regard to the Kierstead murder case, it was his duty to make a charge on his own responsibility as a representative and not as a private investigator. On a previous occasion he (Byrne) had stated that the crown had not been necessary for the crown to call him to the stand. Dr. Anglin had stated that Kierstead, while he might be insane from a medical point of view, was not considered as such in the eyes of the law.

Mr. Baxter said that after the murder trial an appeal had been made on behalf of the defendant. A certificate had been obtained from Dr. Anglin and it was to that certificate that the honorable member from St. John county had referred.

Mr. Murray (Kings) said that the bill to change the boundaries of the parishes of Derby and South Esk, Northumberland county, be referred to the committee on municipalities. He explained that it was deemed advisable to take that course in order that a delegation might have an opportunity of presenting their views on the bill.

The house then went into committee, with Mr. Leeger (Westmorland) in the chair, and took up further consideration of supply.

Weak, Sickly Folks Regain Health Quickly By New Remedy!

A BLOOD-FOOD NOW MANUFACTURED THAT ACCOMPLISHES MARVELS.

Lots of people that were thin and miserable for years have recently been restored by this simple treatment. All you have to do is take two little chocolate-coated tablets with a sip of water at the close of each meal.

This is just the time to use Ferronze. It excites splendid appetite, gives strength, makes you vigorous, and is exactly those elements your blood lacks when it becomes thin, weak, and unhealthy.

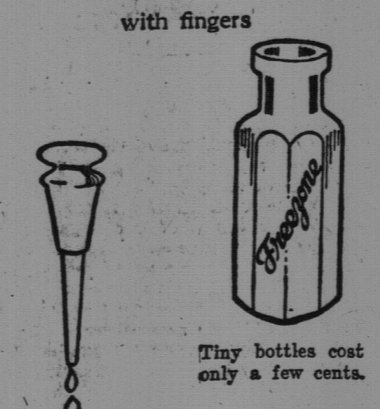

None of that tired languor. You feel like doing things because Ferronze completely renews and strengthens your whole system.

No medicine on earth gives such quick, lasting benefits as Ferronze. It has raised thousands from downright weakness, brings robust health simply because it contains the fortifying elements that run-down systems require.

One week after using Ferronze you'll feel like new, you'll appreciate what robust health means. In a month you'll scarcely credit the push your vigor and spirits have received.

LIFT OFF CORNS, MAGIC! NO PAIN

Drop Freezone on a touchy corn then lift that corn off with fingers

Drop a little Freezone on an aching corn, instantly that corn stops hurting, then you lift it right off. It doesn't pain one bit. Yes, magic!

Why wait? Your druggist sells a tiny bottle of Freezone for a few cents, sufficient to rid you of every hard corn, soft corn, or corn between the toes, and calluses, without soreness or irritation.

ing and dairying, asked if this included the amount of \$800 formerly granted for the Amherst winter fair.

Mr. Murray (Kings) said that the request had been withdrawn and the Amherst winter fair was to be held on a paying basis by the fair board.

Mr. Murray (Kings) said that the request had been withdrawn and the Amherst winter fair was to be held on a paying basis by the fair board.

country. Exhibitions were essentially for the encouragement of agriculture and with the possible exception of the county of Kings there was no better farming country in the province than Carleton county. Now that the farmers of that portion of the province showed a tendency to abandon potato growing and to return to mixed farming they deserved every encouragement.

The committee reported the resolution and asked leave to sit again.

Supply was made the order of the day at 8:30 Monday night. The house adjourned at 4:30.

WAR MEASURES IN FORCE UNTIL PEACE TREATY IS SIGNED

Ottawa, April 4.—Hon. Dr. Beland, in the commons today, asked the acting prime minister whether the War Measures Act would be repealed as soon as the preliminary peace treaty was signed.

Mr. Tully on the item of \$3,000 for encouragement of poultry raising, said this was an increase from \$247.

Mr. Murray (Kings) said that the request had been withdrawn and the Amherst winter fair was to be held on a paying basis by the fair board.

Mr. Murray (Kings) said that the request had been withdrawn and the Amherst winter fair was to be held on a paying basis by the fair board.

Constipation, health's worst enemy, can be easily conquered with "RIGA" Purgative Water, which acts mildly, yet surely, without causing colic, cramps or weakness.

G.T.R. SHAREHOLDERS MORE CONFIDENT OF FAIR TREATMENT

London, April 4.—(Canadian Associated Press cable)—The Times notes that the latest comments of the Canadian newspapers and even the Canadian government statement issued here on Thursday night show that it is realized that terms must be offered for the acquisition of the Grand Trunk Railway.

ARRIVED ON SCOTIAN The C. P. O. S. liner Scotian docked at No. 6, Sand Point, yesterday afternoon and less than one hour later trains were en route to different parts of Canada with the returning soldiers.

SMOKE MACDONALD'S INDEX STAFF SERGEANT JOHN M. BARTON HOME

"Oh, You Do Look So Strong and Well" I had nervous headaches, could not sleep, and grew down-hearted and discouraged. Mother got after me to try the Nerve Food, and I am so glad I did, for I did want to be well to welcome you home.

"AND why shouldn't I?" "You always wrote about how well you were, but we never thought you would be so hearty-looking as you are after all the hardships of camp and trench life."

TOOK BRONCHITIS AFTER THE MEASLES

Measles is a disease that is very hard on children, and it generally leaves the system in such a debilitated condition that it is liable to attacks of some other trouble. One of the most common of these is bronchitis, which starts with a short, painful, dry cough, a feeling of tightness through the chest and difficulty of breathing, accompanied by a wheezing sound from the lungs.

There is a raising of phlegm from the bronchial tubes which is very often streaked with blood. Bronchitis although not really dangerous, should never be neglected as some serious lung trouble is most liable to follow if it is.

Dr. Wood's Norway Pine Syrup will loosen the phlegm, soothe and heal the irritated bronchial tubes, and in a short time the bronchitis will disappear.

Bad Breath? Don't Be Offensive Remove the Cause

Follow This Advice and Your Breath Will Soon Be Sweet and Pure

The bad part of Bad Breath is the fact that nearly every case shows considerable trouble from indigestion, belching gas, bloating, piles or some form of stomach misery. Often, then, a simple condition, a sluggish constipated condition is the true cause of many a man's failure in life.

By aiding digestion and building up the weak muscles of the stomach and bowels, DR. HAMILTON'S PILLS completely overcome constipation and all other troubles connected with the stomach.

SWAZEMA CURES ECZEMA

Read this testimonial. My daughter was afflicted with eczema for three and a half years. Had her to doctors and also used different kinds of salves, which healed up the sores but they always returned, was advised to try Swazema and it has entirely cured her.

I can strongly recommend Swazema to any mother who has children bothered with eczema.

What Doctors Use for Eczema A soothing combination of oil of Wintergreen, Thymol, and other healing ingredients called D. D. D. Prescription is a favorite remedy of skin specialists for all skin diseases.

THE EVENING TIMES AND STAR, ST. JOHN, N. B., SATURDAY, APRIL 5, 1919

**THE UNIONS TO OPEN A COLLEGE**

New Educational Institution in Boston to Have Many University Leaders on Staff of Instructors

Boston, April 4.—"In order to make directly accessible to working men and working women the study of subjects which will further the progress of organized labor," the Trade Union College organized by the Boston Central Labor Union will open its career on Monday evening, April 7, at the High School of Practical Arts.

Although the new educational institution is properly designated as a college, it has few if any of the traditional features which the public is accustomed to associate with colleges. There are no examinations for entrance nor appointments are there any preliminary requirements such as a diploma from a public high school. The college starts upon its work without special funds and with no building of its own. There are no ceremonies in connection with any of its functions. There is no "social atmosphere."

Shorn of all unnecessary adjuncts the new labor college is simply a combination of lecture courses to be conducted by leaders in their line, professors and instructors from Harvard and other universities and technical schools, and open to all trade unionists of the American Federation of Labor and members of their immediate families for the nominal sum of \$2.50 for each course. Incidentally there will be periods of study and discussion.

Among the subjects to be taken up in the spring term are English, labor organization, law, government, economics, and physics. The list of instructors contains names well known in educational circles everywhere. It includes: Roscoe Pound, Ph. D., LL. D., dean of the Harvard Law School; Irving Fisher, Ph. D., professor of political economy, Yale University; William Z. Ripley, Ph. D., professor of Economics, Harvard University; Alfred Dwight Sheffield, A. M., assistant professor of rhetoric and composition, Wellesley College; James MacKay, S. B., lecturer on political engineering, Sara Stiles, Ph. D., head of department of economics, Simmons College; Felix Frankfurter, A. B., LL. B., formerly chairman War Labor Policies Board; R. F. Alfred Hoernle, M. A., B. Sc., assistant professor of philosophy, Harvard University; Horace M. Kallen, Ph. D., professor of philosophy, New School of Social Research, New York City; Henry W. L. Dana, Ph. D., formerly assistant professor of comparative literature, Columbia University; George Nasmith, Ph. D., formerly lecturer on political economy, Cornell University; Zechariah Chafee, A. B., LL. B., assistant professor of law, Harvard University; Francis Bowes Sayre, A. B., LL. B., lecturer on constitutional and international law, Harvard University; Harold J. Laski, lecturer on history and government, Harvard University; Arthur Fisher, A. B., formerly with the industrial relations, United States Shipping Board; Herbert Feis, A. B., tutor in economics, Harvard University.

The management of the new institution is in the hands of a committee consisting largely of representatives of various labor unions. The various courses are to contain ten lectures in each course and to continue for ten weeks. Applicants may enroll for as many courses as they desire to take. A larger programme is to be planned for courses to begin next October.

**SALOON MARKS DISAPPEAR**

Dallas, Texas, April 4.—Former saloon buildings in Dallas have all been remodelled and all now are leased for other purposes. All signs and other markings employed to indicate saloons have been removed and in Dallas now there is not one vestige of the old saloon business as conducted here. Various business en-

**MAINE'S BIG ISSUE IS ITS WATER POWER**

Representative Baxter Says People of State Demand the Facts Upon Which Intelligently to Choose a Future Course

Portland, Me., April 4.—"One does not need to be told at this time of the great water-power resources of Maine," says Representative Percival P. Baxter.

"We know that we have over 1,000,000 idle, undeveloped water horse-power, running to the sea. We know that this represents the energy of millions of tons of coal. You know that our state and our people in the cities and on the farms would prosper as never before if this great waste could be stopped, and this energy could be harnessed for the benefit of Maine people and Maine industries."

"Today, from one end of Maine to the other, the people demand that they be told in plain language all about Maine's water powers. Elaborate technical reports will not satisfy them. They will not rest, and they will give us no rest until the facts are so clearly placed before them that they may intelligently choose what course they shall pursue in the future."

**Differences of Opinion.**  
"Some of the people advocate a continuance of private ownership, some desire state regulation and partial state control, while a good many of our people insist on complete state ownership. Our citizens who compose these three groups, leaving aside those whose personal interest and business connections affect their judgment, are sincerely and honestly desirous of promoting the public welfare."

nails, screws, doorbells, sashes, doors, and blinds, and larger quantities of these materials will undoubtedly be imported from foreign markets until the factories in this country are able to supply the increased demand. It would therefore be advisable for all American firms engaged in the exportation of building materials to consider the advisability of entering this market."

**THE GOOD OLD DAYS.**

Well, the end of the war hasn't brought back the good old days when you could get three good cigars for a quarter and a box of matches thrown in.—Mail and Empire.

**Millinery Economy**

You can freshen up your Old Straw Hats, or take new ones, if they are not the color you desire, and recolor with "DY-O-LA STRAW HAT COLOR." Black, Blue, Navy Blue, Tan, Brown, Green, Cardinal Red, Pink, Purple and Reducer. Handy little brush with every bottle. Complete 35¢. TRY IT! Ask your Druggist or Dealer for

**DY-O-LA Straw Hat Color**

terprises have taken leases on the former saloon buildings, such as tailoring establishments, and retail stores. Not only have all the old saloon buildings been occupied, but there is now a strong demand for business houses and considerable building is under way or contemplated.

His First Shave

**He's starting right**

Dad knows it. For hasn't he vivid memories of other times, before the eventful day when he bought his cherished Auto-Stop Razor? So he is happy to find that his boy won't have to put up with what he went through—dull blades tingling face, half removed stubble—these are the things that make dad wince as he thinks of them. But happily all that is past—to stay.

And now for the boy there is only cleanliness and comfort, the sense of physical well being that follow a cool, clean, satiny shave such as only an Auto-Stop Razor can give. This and the fact, that the Auto-Stop Razor sharpens its own blades, and is not taken apart for stropping or cleaning, has led thousands of dads everywhere to recommend the Auto-Stop Razor to their sons.

The price you pay for an Auto-Stop Razor, strop and blades—\$5.00—is on deposit till you're satisfied.

**AUTO-STOP SAFETY RAZOR CO., Limited**

control, while a good many of our people insist on complete state ownership. Our citizens who compose these three groups, leaving aside those whose personal interest and business connections affect their judgment, are sincerely and honestly desirous of promoting the public welfare."

"Though long delayed, the time has arrived in the history of Maine when a forward step must be taken. The forces of corporate ownership and of ultra conservatism are arrayed against us. Their agents circulate freely among us, with one story or another. They have special arguments for each little group of listeners, but behind them all is the power of the corporations."

"Should these forces now succeed, the next twenty years of Maine's water-power history will be but a repetition of the twenty that have passed. We must give the facts and the figures to the citizens of Maine on which they may intelligently base their future policies. These are my reasons for preparing and advocating the establishment of the Maine Water Power Commission."

**Use of Water Power.**  
"The time is not far distant when every factory wheel in Maine will be turned by water power, and when our steam railroads will be electrified. I expect to see 90 per cent of all the farms and homes in Maine using electricity for light and power; not perhaps lighted at thirty cents per month, as in Ontario, but at rates fair to both consumer and producer. Heating may be possible, although today the cost of current, as compared with the cost of coal, makes general heating too expensive. Auxiliary heating is already available for cooking and for small units."

"This electrical development will be accomplished either by public or by private ownership, or by both, but certainly it must always be under state regulation and control. This is no longer a stand-still world. We must lay the foundation for real water-power progress in the State of Maine."

**THOUSANDS OF HOUSES NEEDED IN BRITAIN**

It is estimated that not fewer than 300,000 houses are needed to meet the shortage in Great Britain. London and other cities are considering extensive housing programmes and much building is anticipated this year, but there is a great shortage of materials. The United States consul at Nottingham reports that there is a demand for all kinds of builders' hardware, such as locks, hinges, bolts,

**WALTHAM**  
THE WORLD'S WATCH OVER TIME

**Waltham Accuracy**

is due very largely to a factory organization and equipment that leave nothing to chance. Every part of the Waltham movement is made in the Waltham factories under the supervision of master horologists who have no superiors in the world.

And the manual skill of thousands of expert workpeople is reinforced by exclusive automatic machinery for shaping, drilling, polishing and finishing with marvellous accuracy and speed the myriad tiny parts entering into Waltham mechanism.

Every plate, wheel, spring, screw, jewel, hand and dial is rigidly inspected and must be pronounced perfect before going to the assembling rooms.

As a result the completed Waltham Watch is as perfect as any mechanism can be made, and carries the company's full guarantee.

MADE IN CANADA

**The Most Delicious MARMALADE**

Last Marmalade and Preserving Season, when sugar was scarce, the Canada Food Board recommended the use of white corn syrup for preserving. Thousands of women tried it and were astonished at the results. They discovered the secret of making the most delicious marmalade—use

**LILY WHITE CORN SYRUP**

The following recipe, recommended by one of the leading Technical Schools, indicates the proper proportions and method for results you never before attained:

1 grapefruit  
1 orange  
1 lemon

8 cups water  
10 cups Lily White Corn Syrup

Cut fruit in thin slices and allow to stand in water for 36 hours or overnight. Separate seeds and soak them in part of the water. Cook fruit until tender and add Corn Syrup. Continue cooking until jelly is obtained.

**LILY WHITE** is the white corn syrup for table use or preserving—better than sugar.

**CROWN BRAND** Corn Syrup is golden in color, for table use and all cooking purposes.

Sold by grocers everywhere, in 2, 5, 10, and 20-lb. tins.

### Notice To Advertisers

It is important that advertisers in The Evening Times take notice that, under the prevailing conditions due to change of time on the railroads, this newspaper is obliged to issue one hour earlier than usual, in order to make mail connections and, consequently, begin work an hour earlier in the day, therefore the business office will be open from 8 a. m. to 5 p. m., (old time) and advertisers are requested to have their copy in the office one hour earlier than usual. This to ensure prompt service and changes.

### LOCAL NEWS

**THIRTY BABIES**  
Thirty births, thirteen boys and seventeen girls, were reported to the Registrar of vital statistics this week.

**MEAT SEIZED**  
Two carcasses of meat were seized in the market by the inspector for the Board of Health as being slightly decayed.

**WITH THE CUBS**  
A friend in this city received a card this morning from Tom Daly, who is training with the Chicago Cubs in Pasadena, Cal. He is a former St. John boy and many friends here will wish his work with interest.

**TO GUARD THE CUT**  
The city public works department today completed the erection of a fence along the deep rock cut through Lancaster street, West End, where the stone crusher has been at work. At one point the cut is twenty-one feet below the level of the surrounding ground and the situation was regarded as dangerous for children who make the place a playground.

**TWENTY-SEVEN DEATHS**  
Twenty-seven deaths were reported to the Board of Health this week. The causes were: Pneumonia, five; senility, three; tuberculosis, three; bronchopneumonia, three; chronic nephritis, three; heart disease, two; enteritis, infection, apoplexy, uremia, heart failure, arterio sclerosis, premature birth and intestinal obstruction, one each.

**CONDUCTING STAFF**  
A large party of conducting staff, consisting of sixty-four officers, eight nursing sisters and seventy-one other ranks embarked on the Empress yesterday. Among the party was Lieut.-Col. H. L. Milligan, D.S.O., who formerly commanded the 18th battalion in France. Lieut.-Colonel Wright was in charge of the party.

**MAIL BY TUGS**  
Owing to the delay of the Montreal train yesterday, it was necessary to take the mails and passengers arriving on that train out to the Empress of Britain in tugs. She was to sail yesterday, and on account of the Scottish arriving had to be removed from the berth in order to allow the Scotian to dock. Embarkation was completed on the Empress out beyond Partridge Island.

**SARDINE REPORT**  
The outlook for the sardine industry in New Brunswick and Maine is reported blue, particularly in Eastport, Lubec and vicinity. Of 2,000,000 cases of sardines packed there last season 700,000 are reported still unsold, notwithstanding that prices have been cut to cost and below. Unless the United States government comes to the rescue of the packers the latter say the industry on the Maine coast will be ruined. It is hoped that the government include sardines in the food supplies to be sent to the Central Powers and to have them in army supplies as well.

**Interest in New Club**  
The report that Mark Burns and his brother, Frank, who recently arrived home from the United States, are to open up a large up-to-date athletic club in West St. John, is creating considerable interest throughout the city. The building selected is not far from the public bathing enclosure and the members will be able to enjoy a dip in the briny sea as well as receive good athletic instruction in a large building well ventilated and suitable for this purpose. It is the intention of the brothers to revive running in St. John and have marathon events during the season. They are also to hold a series of swimming contests and athletic meets of all kinds. That the plans are meeting with favor is evident from the fact that a large number of business men have expressed a wish to join for the healthful exercise.

**IS VERY ILL**  
It will be disquieting news to the wide circle of friends of Mrs. Beverley R. Macaulay, Mecklenburg street, to learn that early this afternoon her condition was considered extremely critical. Soon after the death of her husband last week, the esteemed lady contracted pneumonia also, and in the sad circumstances of physical strain and anxiety consequent upon Mr. Macaulay's illness, her condition assumed alarming symptoms. Dr. J. F. Macaulay, nephew, who came from Grand Manan to his uncle's death-bed, has been in immediate attendance upon his aunt from the beginning. It is the prayerful hope of all that Mrs. Macaulay will battle off the malady. The three Macaulay boys in uniform have been permitted to leave for Canada, and Mrs. Cameron, of London, Eng., a daughter, is already on the ocean homeward bound, but ignorant of her father's death or her mother's illness.

**THE LATE GEORGE D. TITUS**  
George D. Titus, whose death is referred to elsewhere, passed away suddenly in Halifax, was one of St. John's well known young men. A few years ago he conducted a hotel business in Woodstock, and for some time he was carrying on a hotel in Halifax. He was clerk in the Victoria Hotel at one time. He was a prominent member of the Knights of Pythias. He was born in Boston Jan. 9, 1888. This is the second bereavement in seven months as his brother, Pte. Otto J. Titus, was killed in action in France on Aug. 12 last in the Seaforth Highlanders. Mr. Titus is survived by his wife and adopted daughter, Mary, of Halifax and his broken-hearted parents. He was the son of Mr. and Mrs. Geo. W. Titus of this city. He leaves also three brothers—Sergt. A. T. Titus, overseas; LeRoy and Ora of this city, and three sisters—Mrs. C. A. Johnson of Quincy, Mass., Mrs. Richard J. Maguire of this city, and Miss Gladys. Mr. Titus had been apparently as well as usual, and the sad news of his death came as a great shock to his people and his wide circle of friends. What makes it still more sad is that his wife was not at home. She is visiting at the home of her parents at Barnesville. There was no one with him of his family—his sister and his little adopted daughter when he died. The body will be accompanied here by his father, on Monday morning and the funeral will take place from 128 Chesley street at 3 o'clock on Monday afternoon.

### NOW OWNED BY GROUP OF MEN

**Old Brussels Street Church Building Passes Out of Hands of Trustees**

Old Brussels street church has passed out of the hands of the trustees of the Central United congregation—a composite body of ex-Brussels street church and ex-Leinster street church members—to a group of gentlemen in this city who have for some time been interested in conducting a form of social service mission in the eastern part of town. These gentlemen include John G. Willett, Charles Robinson and others, and it is understood their proposition is to retain the landmark edifice for evangelistic and other social welfare work. These men affirm that with the resumption of pre-war activities the eastern section of St. John should become a laboring man's district and a section in which there will be considerable development. To have a mission hall available for the needs of this district the men financially interested feel they are justified in having acquired the property.

Brussels street Baptist church is close to seventy years of age. It was rebuilt to a certain extent about twenty-five years ago, but its structural condition was one of the influences in bringing about an amalgamation with Leinster street congregation, the newer edifice being chosen as the home for the united flock.

For some years the school board has times considered it as a natural point of expansion for Central or the manual training and household science schools adjacent, but lack of finances prevented any purchase. It was also suggested as a picture theatre, garage, fire department hall, etc., but none of these projects materialized. The lot of land is 50 x 120.

Only a short time ago the pipe organ was removed from the church and sold to a Carleton congregation for \$700, which money the central church people have applied to a fund for a new organ in the Leinster street auditorium.

### A TRAPSHOOTING ASSOCIATION IS FORMED IN ST. JOHN

**Enthusiasm in the Sport Developing**  
—T. H. Estabrooks Honorary President and O. J. Killam President

Last evening in the Board of Trade rooms was held a meeting of local sportsmen who are interested in trapshooting. A club was formed, to be known as the St. John Trapshooting Association. The following officers were elected:—  
Hon. President—T. H. Estabrooks  
President—O. J. Killam  
Vice-President—E. N. Herrington  
Secretary—H. D. Payson  
Assistant secretary—R. P. Seely  
Treasurer—F. J. Shreve  
Executive committee—H. Brown, A. Day, E. Brown, and officers of the association.  
Match committee—J. Lelacheur, Walter Emerson, G. C. McAvilly,  
Household committee—E. N. Herrington, J. Walker Andrews, H. Brown.

Field captain—J. Walker Andrews. It was decided to affiliate with the Eastern Canada Trapshooting Association of Toronto. The first match for the St. John association is being held on the Rifle Range this afternoon. Judging by the enthusiasm displayed at last evening's meeting, St. John is to have a first class club and those fond of the sport will be cordially welcomed as members.

### PENDER VOTE FOR DAYLIGHT SAVING

**Majority of Men in Mill in Favor, as Well as Office Staff**

Editor Times-Star:  
Sir,—I note in the morning papers a statement, credited to Peter Sharkey, that the employees of James Pender & Co., Ltd., voted against "daylight saving" and that the office voted reversed this majority.  
I wish first to state that these are not the facts.  
At a vote taken on the first of April the majority of the men in the mill voted for "daylight saving" and this majority was further increased when the office vote was considered.  
There was absolutely no ground for the remarks made at the meeting of the school trustees and we would appreciate very much if you could spare the space to publish the above.  
Yours respectfully,  
W. F. KNOLL,  
Supt. James Pender & Co., Ltd.

Note—Mr. Sharkey called up the Times this morning to say that he did not mention the Pender Company, but in reply to a question by Mr. Green said that he was informed by some of the Pender workmen that it was the vote of the office staff which decided the question.

**DEATH OF BOY**  
Many friends in this city will regret to hear of the death of Jack Johnston, seven-year-old son of Mr. and Mrs. William Johnston of 10 Courtney street, which occurred this morning after a lengthy illness. He is survived by one brother, Charles W. S., who just recently returned from overseas, and three sisters, Kathleen, Annie and Jessie, at home. His funeral will be held on Monday afternoon.

## CANADIAN SOLDIERS EMBARKING AT LIVERPOOL

The pictures were taken at Liverpool on Saturday, March 1, when 2,000 Canadians embarked on the Adriatic. Many of them were members of the Royal Canadian Regiment, of the dominion regular army. The larger picture shows the men going on the steamer and the circle shows the distribution of cigarettes and refreshments by the Red Cross.

## PASSOVER

(The Jewish Holidays Press Notice Bureau, Cincinnati, O.)

The Jewish feast of Passover falls on the 15th day of Nisan, corresponding this year with Tuesday, April 15. The celebration begins on the evening of April 14 with sundown. The manner of its observance was determined largely by the Biblical ordinances concerning the departure from Egypt. In post-Biblical times the earnest desire to keep the injunctions most scrupulously led the teachers of Israel to enact laws, such as the use of special dishes that had been guarded from contact with leaven and reserved only for the Passover season.

namely the new born freedom vouchsafed to Israel after the long period of oppression endured under Egyptian tyranny. The eating of unleavened bread is enjoined a number of times in the Biblical regulations touching the observance of the Passover feast. Unleavened bread is characterized as the "bread of affliction," and is also referred to in the Bible as the bread that was un-leavened because of the enforced hasty departure from Egypt. In post-Biblical times the earnest desire to keep the injunctions most scrupulously led the teachers of Israel to enact laws, such as the use of special dishes that had been guarded from contact with leaven and reserved only for the Passover season.

A charming and effective feature in the celebration of the feast is the special Seder service around the festive family board on the first evening of the feast, to which the Orthodox add a second evening. At this family service a special ritual known as the "Haggadah" is read. This ritual contains the story of the redemption from servitude, certain reflections inspired by the memories of old and certain psalms. This is followed by the festive meal after which Grace is recited. The service concludes with the reading of additional psalms, the recitation of prayers and the singing of time-honored hymns. To this home service stranger and homeless are cordially invited. On the table in front of him who presides over the meal are placed objects reminiscent of the ancient service and servitude, such as bitter herbs, reminder of the bitter lot of those who toiled in Egypt; a roasted bone, calling to mind the ancient paschal lamb; a roasted egg, memorial of the free will offering that was brought in addition to the paschal lamb; parsley and the bowl of salt water, symbolizing the hyssop and its use in the first Passover observed in Egypt, and a confection of nuts and apples to represent the clay which Israel worked into bricks. The Passover falling at the beginning of spring, had originally a pastoral and agricultural character, which in time was overshadowed by the historical event associated later with the feast. Freedom and its obligation is the keynote of the celebration. The Reform synagogues hold special services only on the first and seventh days, while the Orthodox observe also the second day and an additional eighth day.

## T. AND L. COUNCIL

At a meeting of the Trades & Labor Council held last evening with the president, F. A. Campbell, in the chair, several matters of importance were dealt with. A delegation was received from the board of trade inviting a delegation to their meeting on Monday night. The invitation was accepted. F. A. Campbell was recommended as volunteer organizer to the A. F. and L. in place of John Kemp who has resigned on account of his being out of the city so frequently. A vote of thanks was tendered to the board of trade for the use of their rooms on Thursday evening. The drawing for a hat was held and Ticket 608, held by James Kerr, of 126 Metcalf street, proved to be the lucky one. It was also decided to hold a mass meeting of all organized labor on Sunday afternoon to consider business of importance.

## Ludlow Street Baptist Church

(West End)  
REV. W. R. ROBINSON, B.D., Pastor

10.00 a.m. .... Prayer and Praise Service  
11.00 a.m. .... Memorial Service

Pastor's subject: "Memory"

A beautiful tablet in memory of the twelve heroes who made the supreme sacrifice in the great war, will be unveiled.

2.15 p.m. .... Sunday School  
7.00 p.m. .... Unveiling the Honor Roll  
To keep evergreen the names of the 92 lads and one nursing sister, who donned the King's uniform.  
Pastor's subject: "Lye."  
Special music morning and evening.  
Relatives and friends especially invited to attend both the morning and evening services.

8.15 p.m. .... United Evangelistic Service  
Union Evangelistic Services every evening at 7.45. Speaker, Rev. Peter McArthur, of Glasgow, Scotland.

## First Church of Christ Scientists

Services at 11 a.m., at 99 Germain street. Subject: "Unreality." Wednesday evening, meeting at 8. Reading room open 3 to 5 p.m. every week-day, except Saturdays.

## Porters Are Fined

Two of the four colored porters arrested, charged with violating the prohibition law, were fined \$200 each, one \$50 and the case against the other was dismissed as the magistrate did not have any jurisdiction.

**WORKMEN HAVE REPRESENTATION**

**New System of Co-Operation Adopted by Inland Steel Company Proves Satisfactory**

Chicago, April 4.—Closer co-operation between labor and capital will be a benefit to both, and to the public, in the opinion of P. D. Block, vice-president of the Inland Steel Company of Indiana Harbor, Indiana. This company, which employs 6,500 men in its two plants, has for the last five years paid bonuses to its workmen and last January put into operation in its shops a system of co-operation between the management and the employes which gives the men in the service of the company representation in matters affecting their relations with the company.

The foreword in a pamphlet which sets forth the plan of representation of employes states its purpose to be, "to provide effective communication and means of contact between the management and the men on matters pertaining to industrial relations, and to insure justice, maintain tranquillity and promote the general welfare."

"There has been a desire on both the part of capital and labor to get in closer contact and discuss things," said Mr. Block, in commenting on the new relations established between employer and employe in the company's plant. "Closer co-operation means that the men will get relatively more in the future than they have in the past. A plan which brings better fellowship between the management and the employes will react favorably on production."

The employes accepted the plan enthusiastically and have elected their committee, Mr. Block stated, and a different feeling prevails. The company makes no attempt to prevent the affiliation of its men with labor unions.

**HOME LIFE BEST FOR THE CHILDREN**

**J. Prentice Murphy Tells Halifax of Work in Institutions in United States**

(Halifax Chronicle.)  
At the third session of the Child Welfare Conference, which was held in the Y. M. C. A. yesterday afternoon, the question of the institution versus the home in the care of children whose parents were incapable of supporting them or of orphans, was discussed under the leadership of Dr. Falconer, Prentice Murphy and Mr. Fowke of the relief commission.

Dr. Falconer traced the development of the work of caring for destitute children during the last half century. It had been found, he said, that the death rate in large institutions was very high as compared to that in homes and smaller institutions. The children who began life in a large orphan's home never really made a success, because their intelligence was below the average and they lacked initiative. Smaller institutions had the same faults, but not to such a marked degree. The home was the proper habitat of the child, said the speaker. "Freedom was absolutely essential to the development of the individual."

Mr. Murphy continued the discussion. He had visited numbers of institutions in the States. In Ohio there were sixty-five large homes, where everything was done by a bell. In several of these the silent system used prevented any talking among the children.

The smaller cottage homes were, he thought, a great improvement, but even these could not compare to the real home. One of the most successful institutions was that of Dr. Reid on the Hudson. Here about 200 children were being brought up. Dr. Reid himself, however, was dissatisfied with the system in that the children at the most plastic period of their lives—from fourteen to seventeen—were sent into the world among total strangers. The speaker referred to the difficulty of getting proper homes for the children, especially in cases where it was desirable to keep families together. In the selection of homes investigators did not trust enough to the good heart of man, he thought.

Mr. Fowke of the relief commission said that social conditions were responsible to a large extent for bad homes. He gave some surprising statistics showing the relations between wages of fathers and death rate of children—in cases where the father received \$450 a year the rate was 168 in a thousand; in cases where the father received over \$1,000 a year the rate was 66 in a thousand.

Because Miss Sophia Schneider spurned his love, after he had lavished three pecks of apples and a quart of oysters on her, James M. Hazden, coal merchant of Highfield, Hagerstown, Md., has entered suit against her for \$32.26.

**CLEAN—yes and disinfected tool**  
Everyone likes bed-linen, blankets, etc., to be super-clean—immaculately fresh. The best of all soaps to use is Lifebuoy—it actually disinfects as it cleanses.

**LIFEBUOY HEALTH SOAP**

The carbolic odor in Lifebuoy is its protective quality—vanishing after use.

**The Life And Education Of Children**

J. P. Murphy, Boston Expert, Spoke on the Subject in Halifax

(Halifax Chronicle).  
That the whole emphasis in the care of children is placed upon the wrong period of life, and that education often commenced too late to eradicate the indelible impression acquired in early childhood, was the message which J. P. Murphy of Boston brought to Rotarians at their weekly luncheon at the Green Lantern yesterday. Mr. Murphy, who has come to Halifax to address the Child Welfare Conference, spoke of children with a deep understanding, embellishing his discourse with anecdotes illustrating the subject. The luncheon was well attended and a number of guests were present. Dr. Hattie occupied the chair.

Mr. Murphy said the wrong period in the care of children was emphasized. The present educational system counted for little before a child had reached the age of seven years, and then the stress was continually increased until the adolescent period of twelve or thirteen. An infant's physical future, he said, was determined before it had passed three years; its mental before it had passed four. The brain of a four-year-old child was of the same weight and size as that of an adult, only the convolutions differing, but children were not credited with sufficient intelligence.

Mr. Murphy blamed fathers and mothers for ignorance and indifference. He accused the present generation of parents of not being on their jobs and of "passing the buck to others," as he phrased it. The family was the only proper school for children. Children under six, he said, had experiences which could never be wiped out and the effects of external influences were tremendous. In New York City.

Last year, in New York city alone, one-quarter of a million children did not have sufficient food and care to profit by the elaborate public school facilities provided for them. This meant that the treatment they received during their first six years hampered them for the rest of their lives. According to all criminologists, criminals developed before the age of sixteen from children who had been ruined in infancy. This condition could and should be prevented.

A child, continued Mr. Murphy, idealized his parents. If they deceived him, something would gnaw at the heart of that which would make a man of him. Protective suspicion hardened and embittered. Children had an uncanny power of analysis; they could read true, and their impressions were enduring.

He sounded a warning against the surrender of recreation by the home to places of public amusement, often rendered injurious by commercialism, and advocated early sex-education.

**A HOT SPOT Chalmers wrings the power from gas**

As any one knows there is just so much power in a gallon of gas; and the great trick in a gas engine is to get all the power out and convert it into mileage.

Yet do you know how little power actually is taken out of gas by the average car? And how much power goes out the exhaust?

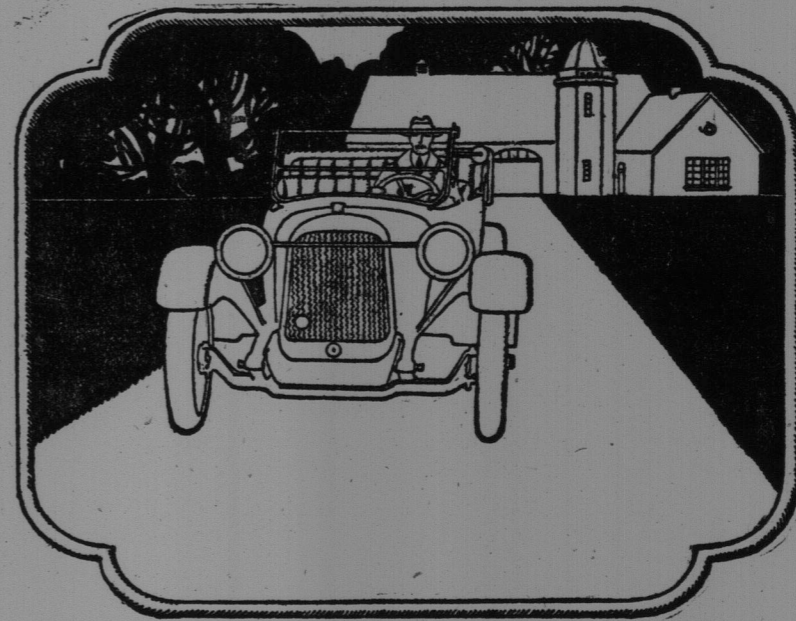

Ask any motor car engineer.

A Chalmers engine simply wrings power out of gas. Its famous Hot Spot "cracks up" the gas, just as constant chewing of food prepares it for good digestion before swallowing.

To get power out of gas the gas has got to be "cracked up." Then it has got to be placed into the cylinders in a "dry" condition. This the great Ram's-horn does to a work of engineering art.

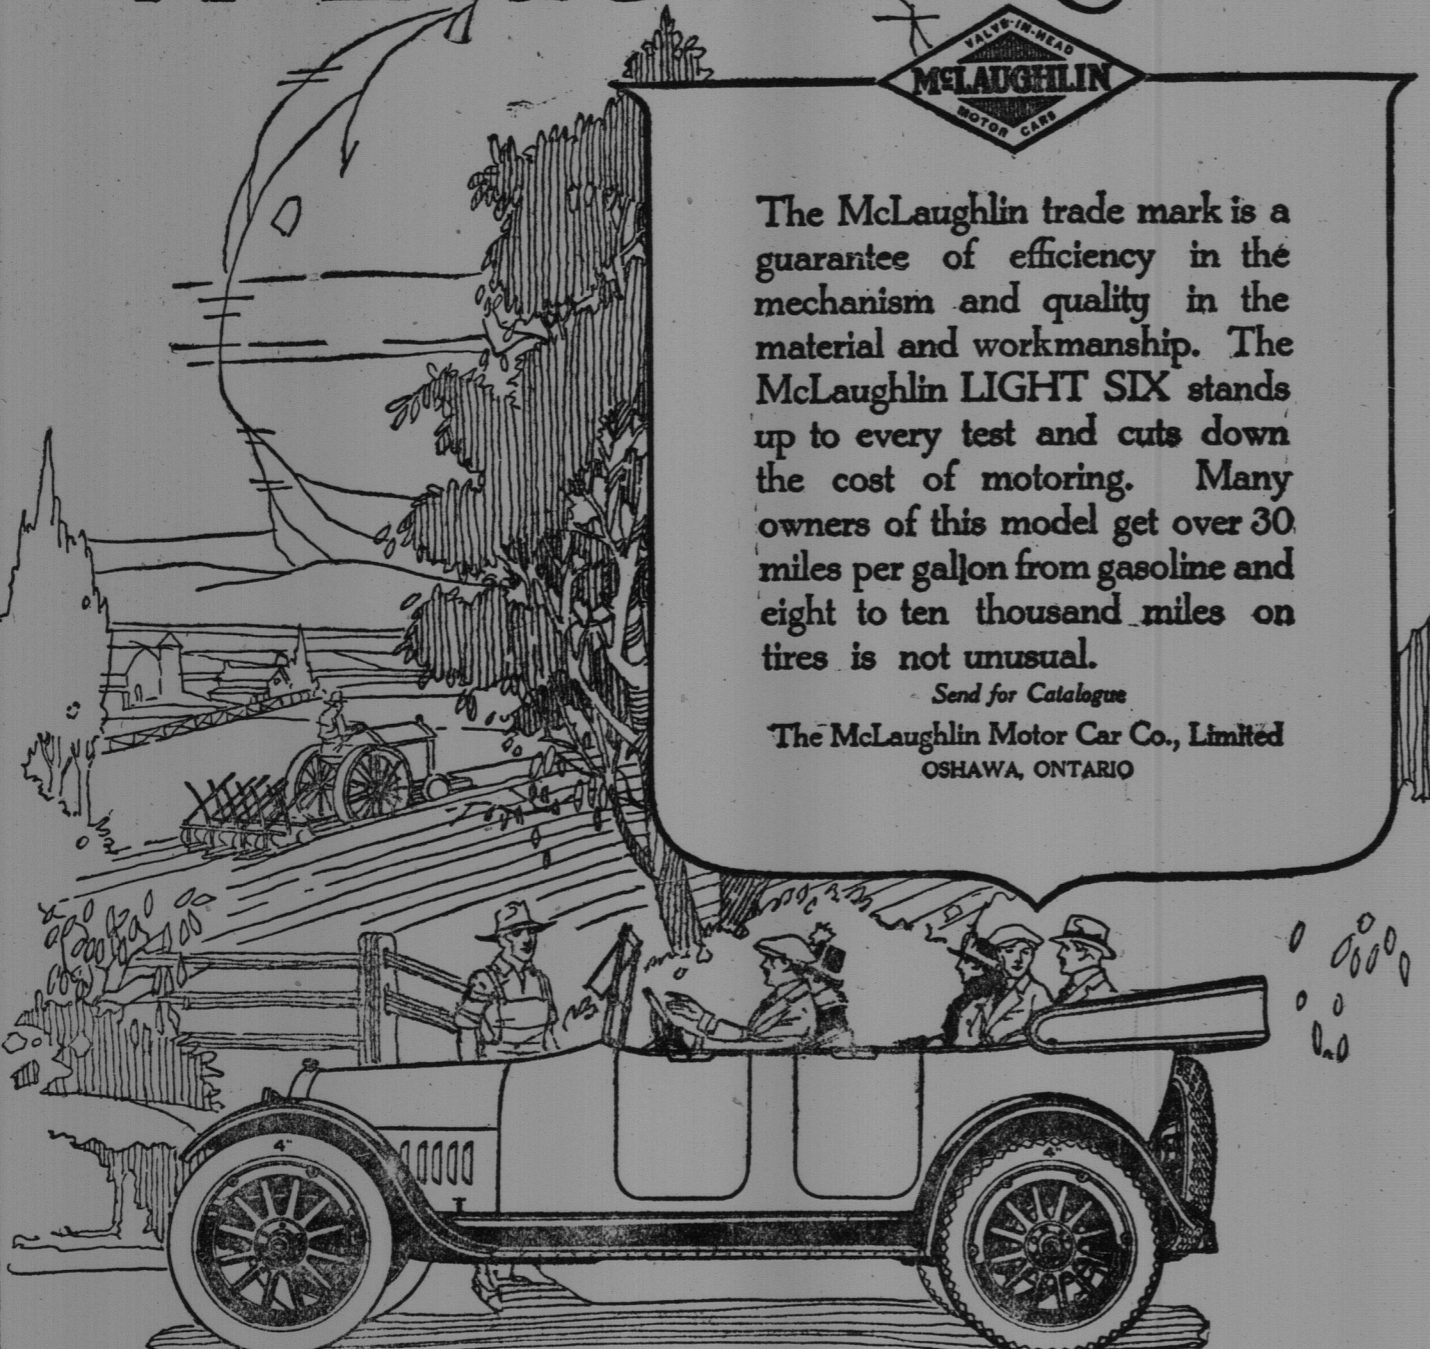

You can tell how true this is the minute your foot touches the accelerator button of a present day Chalmers and you get the feel of that thrills, frictionless power that means so much to your peace of mind, your tires, your bank balance and your self satisfaction.

**GRAY DORT**

**Ask—and be Convinced**

FOR three years we have been telling the motorists of Canada what we knew about the Gray Dort—we who created and built it.

Thousands were convinced—and bought Gray Dorts as fast as they became available.

Thousands were skeptical—rode in Gray Dorts and are now our enthusiastic friends.

To those who still doubt, we say—talk to a Gray Dort owner and be convinced.

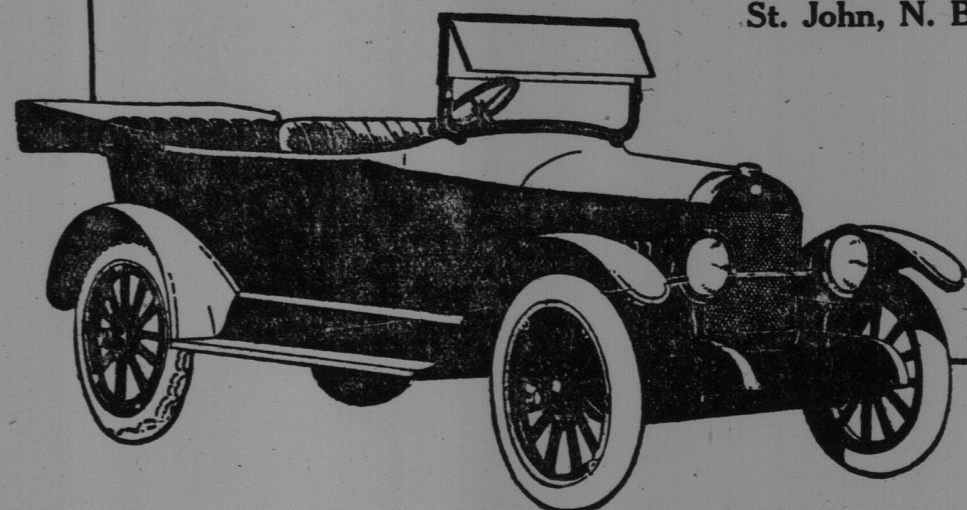

Ask him about the motor—that puts at your com-

mand a smooth, quiet flow of real power—instantly. Ask him about the comfort of this generously-large light car. Ask him about equipment—about economy of tires, gasoline. And the longer he has had his Gray Dort, the more enthusiastic he will be.

The touring car is \$1245; the Gray Dort Special—the car with added refinements and extra equipment, is \$135 extra; there are also a coupe, and a sedan. All prices f.o.b. Chatham and are subject to change without notice.

BROKER ROBBED OF \$2,000

Two Men Knock Him Unconscious and Shoot His Companion

New York, April 5—While working in his office on the second floor of the building at 237 West Thirty-fourth street, William H. Burroughs, a real estate broker, 36 years old, was knocked unconscious by a blow from the butt of a revolver and robbed of \$2,000 in Liberty bonds, cash, and other securities by two unidentified men who made their escape in a waiting automobile. A friend of Burroughs, Charles Granville, 42 years old, of 508 West Forty-second street, who was in the office at the time, was shot in the shoulder when he attempted to prevent the robbery.

CAUSE OF THE HIGH PRICE OF BUTTER

Editor Moncton Transcript: Can somebody explain the reason for the very noticeable scarcity of butter in the city for the last week or so, and the jumping of the price to 60 and 65 cents? If my memory serves me correctly, not over two weeks ago the Co-operative Creamery advertised butter at 50 cents, and it sold most every place at that price. Why the sudden jump and the scarcity? Can the Co-operative Creamery explain? The citizens would probably be interested in a word from them.

Moncton, N. B., March 27, 1919. Note.—The Transcript on reading the above to J. P. Simmonds, manager of the Co-operative Creamery Co., received an explanation that during the winter from November when it was 50 cents the price advanced to not less than 55 cents, until to quite recently. The recent increase to 60 cents retail by the creamery company was due to conditions over which the company has no control. Local prices are determined not so much by local supply as by the variation of supply in modifying or increasing prices elsewhere. The Trade Bulletin of Montreal, dated March 28, quotes the prices in the Montreal market as ranging from 58 to 60 cents wholesale and not retail, and even as high as 65 cents for a special shipment. It may be further interesting to give your readers the following editorial in the Trade Bulletin of the date already mentioned which explains the why and whereof of the butter shortage:

THE HIGH PRICE OF BUTTER. Last week we reported sales of finest creamery butter in a wholesale jobbing way at 60c, which price has now become general for solids and 61c for prints, being record prices against 22 1/2c for finest creamery just before the war. The head of one of our large provision firms stated that he had sold fancy prints to the grocery trade at 68c to 69 1/2c. One firm is asking 60c for a lot of 100 packages of finest Eastern Townships. Owing to the scarcity of finest creamery butter, holders of held goods have been able to come out at a profit, although not long since they feared a loss. It is expected that the present scarcity and excited condition of the market may last during the coming week or two when it is expected that sufficient new milk creamery may arrive

to relieve the present unprecedented tension. The cause of the present advance in prices has been fully explained in these columns, namely, the commandeering of all the October make by the imperial government, and shipping it to

Great Britain, leaving the local trade minus of all the late grass butter of last season. Under these circumstances, therefore, the present position is not to be wondered at, as it is one of the many untoward results of the late war.

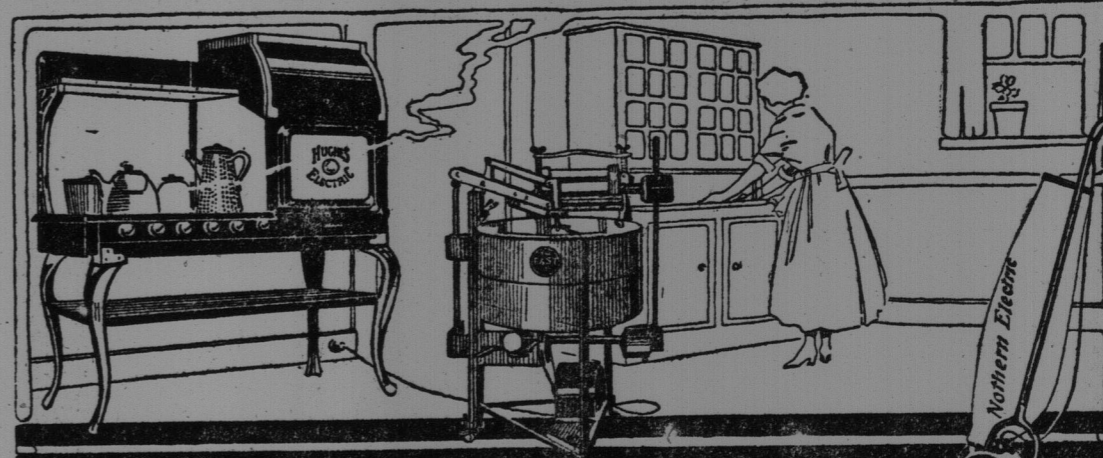

One Detroit confectioner, it was discovered last week found the income tax provisions so complicated that rather than go to the trouble of solving the puzzle, he quit business.

gone and that the office desks had been ransacked and the cash drawer, where Liberty bonds were also kept, rifled. Exports of asbestos from this country to the United Kingdom have more than doubled during the war.

AFRICAN KING 'BONE DRY'

Ruler of Bechuanaland Tells Subjects They Can't Drink

London, March 24—(Correspondence of Associated Press)—The newspapers were called upon to chronicle the fact that within the empire there is a native king who not only endorsed the prohibitory principle, but insisted that his people should agree with him. King Khama, ruler of Bechuanaland, South Africa, was informed that a government commission had recommended the sale of light wines and beers to the natives. He immediately declared that if the plan were carried out he would forbid his subjects from working in the gold mines. The industrial situation, already rendered almost intolerable by the loss of thousands of natives workers through the ravages of influenza, would thus become alarming, for those who know King Khama realize that he would not hesitate to carry out his threat. The temperance party, led by the king, is strong in South Africa, where the king is known as a strong temperance monarch. Also they know him in England, where he has often appeared on temperance platforms. The decision of the commission to allow the blacks to buy intoxicants was due to the fact that white men employed in the mines would buy intoxicants, and the prohibition against the blacks had given rise to a large illicit trade in drink.

Beauty Hides a Multitude of Virtues in the Maxwell. THIS time beauty conceals the virtues—not the "sins." For the new "garments" of the April Maxwell are severely pretty, simple, modern, and the kind that make you want to possess one. But underneath this "robe of beauty" you'll find a sound, rugged, compact, everlastingly-on-the-job chassis that now has a record manufacturing run of 300,000—all alike. For in 5 years that number of chassis have come out of the 8 great Maxwell plants—each built on the same pattern; each one better than the last. To date more than 1000 refinements, big and little, have been made in the Maxwell. The plan is to improve and improve—but not to change in any radical way the original chassis. Thus you'll understand why a Maxwell never quits running; never grows wobbly and loose with age; never forces the garage man to send you a staggering bill for mechanical treatment. Now you get a far better Maxwell than ever before. Which would be sufficient for the average buyer. But more than that you're getting a Maxwell that the touch of artistic magic has made into a car of rare beauty. It doesn't take an art critic to pass judgment on the beauty of an April Maxwell. Anyone with fair eyesight gets it in a jiffy. MAXWELL MOTOR COMPANY OF CANADA, Limited WINDSOR, ONT. MOTOR CAR & EQUIPMENT CO., LIMITED, Showrooms: Cor. Duke and Charlotte Sts. Garage 100 to 112 Princess St. St. John, N. B.

"Royal Cord" The Supreme Achievement in Tire Building. YOU will logically associate "ROYAL CORD TIRES" with stately limousines and costly Touring Cars, because all three mark the supreme achievement in luxurious motoring. Were ease and comfort their only superior qualities, they would still be the choice of every car-owner who could afford them. But these master creations of the tire builders' skill are more than a luxury—they are a delightful economy. PRACTICALLY BLOW-OUT PROOF. "ROYAL CORD TIRES" are almost proof against blow-outs. This is due to the marvellous construction which, briefly, is this: Tens of thousands of slender, sinewy cords are laid in many compact layers—each cord and each layer parallel one to the other; and each embedded in pure rubber, which prevents the parallel cords from rubbing each other. Yet each separate cord and layer brings its individual strength to the tremendous sum-total of power and resistance to blow-outs. There is no chance of friction in them—and no internal friction means longer life to the tires. This "ROYAL CORD" construction makes a tire structure and tire-wall so yielding and resilient as to absorb the shock of most road obstructions. It also relieves the non-skid tread of a portion of its strain, and reduces side-slipping without impairing the ease in steering. MANY MORE MILES OF EASY RIDING. With blow-outs reduced to a minimum; and a practical saving in gasoline; there is ample proof of the sound economy of "ROYAL CORD TIRES." Then there is the pleasure of easy riding—a greater assurance of safety—the freedom of ordinary tire troubles—and the luxury of possessing the utmost in equipment, the finest tires in the world. EQUIP YOUR CAR WITH "ROYAL CORD TIRES" And you can get the right Inner Tubes to exactly fit "Royal Cord Tires," made of the same high grade materials, by the same experts who make the tires. When you order "Royal Cord Tires," be sure to insist on having Dominion Inner Tubes, made expressly for these tires. For Sale by T. McAvity & Sons, Limited

**DUNLOP**  
Gibraltar RedSpecial  
**BELTING**

**"The Original Red Belt"**

¶ Dunlop "Gibraltar RedSpecial" is the proven benefactor of many an industry in this country which has felt the need of offsetting rising costs by speeding up production and by the elimination of belt trouble.

¶ "Gibraltar RedSpecial" is a real rubber belt. It may be compared to other brands of belts only as a powerful magnifying glass might be compared with the object whose imperfections it brings into the limelight.

¶ The first belts of this brand sold have been in use for years and have proven that scientific research—combined with approximately one quarter of a century's experience in the rubber goods manufacturing industry—could offer no more in belt merits than those features for which this Dunlop Product is so well and favourably known.

¶ We believe Dunlop "Gibraltar RedSpecial" cannot be made better. It is a red, frictioned-surface belt, constructed of the highest grade rubber, and specially-woven duck of tremendous tensile strength. This accounts for its great tenacity, its enduring flexibility and its absolute uniformity throughout.

¶ Provision has been made in "Gibraltar RedSpecial" against drying out and rotting. The richness of the rubber—compounded to retain its pliability indefinitely—waterproofs the duck as well as holds the plies securely together. It also serves to minimize internal chafing due to the constant bending of the belt. All unnecessary stretch is taken out in the manufacturing process.

¶ You will find Dunlop "Gibraltar RedSpecial" Frictioned-Surface Belting doing daily duty the year round in Pulp and Paper Mills, Iron Foundries, Steel and Rolling Mills, Saw and Lumber Mills, Mines, etc., in a truly efficient manner.

¶ We also specialize on Conveyor and Elevator Belts to meet every need.

**The Dunlop Unreserved Guarantee**

If you have a difficult drive anywhere in your factory drop a line to our Head Office, or to our nearest branch, and we will send a man experienced in belt engineering to consider your requirements. If it is an instance where "Gibraltar RedSpecial" Belting may be suitably employed we will recommend its use; and we will stand behind our recommendation with the fullest guarantee ever issued by a firm producing rubber products.

# \*STEFANSSON'S

## OWN STORY of his

### FIVE YEARS in the ARCTIC

Over five years ago Vilhjalmur Stefansson, the famous Arctic explorer, was commissioned by the Canadian Government to lead a party into the uncharted space that extended from the north-westerly boundaries of Canada on to the North Pole. Shortly after the party got away the news came back to civilization that Stefansson and some of his party had drifted out into the Arctic seas on an island of ice and they were given up as lost. But Stefansson came back, safe and sound after four years of amazing adventures, during the course of which he made many discoveries of scientific and geographical value. Mr. Stefansson has written his story of this wonderful journey and exclusive Canadian rights have been purchased by MACLEAN'S MAGAZINE. It starts in the April issue and will continue for six months. It is a thrilling narrative— unquestionably the most important Canadian story of the year.

\* Mr. Stefansson's story will be published exclusively in Canada in MACLEAN'S. The series of articles by him, now appearing in American and Canadian newspapers, refer entirely to his experiences on previous explorations and do not deal with the journey that he undertook for the Dominion of Canada and completed last year.

### Other Outstanding Features of April MacLean's

<p>"Imperial Relations Must be Worked Out," by Viscount Bryce. An important announcement on the future construction of the British Empire.</p> <p>"Reconstruction in Turkey," by Stephen Leacock. A humorous article on the present condition of things in Turkey as seen by Canada's great humorist, and applied to Canadian conditions.</p> <p>"Bulldog Carney," by W. A. Fraser. A splendid novelette of the Canadian West, complete in this issue. Illustrated by Charles L. Wrenn.</p> <p>"Opening the New Book," by J. K. Munro. An article on the situation at Ottawa created by the new Liberal leadership—smashing, impartial, fearless.</p> <p>"The Sun Gazer," by Charles G. D. Roberts. A remarkable animal story. Illustrated by Arthur Heming.</p>	<p>"Canada's Fishmonger General," by Thomas M. Fraser. An article on a young Canadian who put Canadian fish on the diet of the British armies by a series of Barum and Bailey advertising stunts.</p> <p>"Bombing the Boche," by Lieut. J. Vernon Mackenzie. The second of the two articles that Mr. Mackenzie has written on the whirlwind campaign of raid reprisals which so frightened all Germany.</p> <p>"The Transformation," by Frederic S. Isham. Illustrated by Hanson Booth. The second instalment of this sparkling new serial.</p> <p>"Man and Wife," by C. W. Stephens. Illustrated by R. M. Brinkerhoff. The first instalment of a three-part story of Canadian life by a new Canadian writer—a delightful love story with a background of business intrigue.</p>
--	--

### Is Prohibition Pendulum Swinging Back?

One of the outstanding features of MacLean's each month is a digest of the opinions of the people of Canada as reflected in the press on the most vital topic of the moment. In the April issue appears a careful and comprehensive summary of published opinion on the prohibition question. Does the country want "bone dry" legislation? Is "moderate" temperance gaining favor? Are provincial referendums favored? These questions are answered by a fair analysis of newspaper comment.

### The Review of Reviews

The best articles from all publications the world over are selected and condensed for this department. Some of the articles in the April number are:

<p>The Man Behind Bolshevism.</p> <p>Could German Fleet have been Destroyed.</p> <p>The Secret Plans of the Allied Command.</p> <p>Too Much Wilson.</p> <p>Is the ex-Kaiser Haunted?</p> <p>Next Government Will be Labor.</p> <p>New Life of Deposed Princess.</p>	<p>A New Kind of Socialism.</p> <p>Are We Communicating With Mars?</p> <p>The Cohort of the Damned.</p> <p>Has War Wiped Out Disease?</p> <p>The Red Terror in Russia.</p> <p>The Sultan Takes Hold.</p> <p>Some Tricks of the Mediums.</p>

**The Superlative She.**

An after-dinner speaker at a banquet in New York condemned the American snob.

"America is a republic," he said. "We all began—even the mightiest of us—humbly and simply. When I hear one person snubbing another on grounds of birth the thing strikes me as ludicrous and unreal. It reminds me of a Mayflower girl.

"A girl of Mayflower descent yielded to the pinch of poverty sufficiently to marry a Grand Rapids millionaire. But her husband was a plebeian and she would never forgive him for it. She would never cease from insulting him on account of his low origin.

"She was shopping one day, and a salesman said to her:

"And to whom shall I send the parcel, madam?"

"With her nose in the air, she turned to her maid and said:

"Marie, tell this man your master's name. I never can remember it myself."

FOR BETTER WALLS & CEILINGS.

A return tabled in the commons gives the total expenditure on the canals of the Dominion since confederation at \$104,072,480. The revenue during the period amounted to \$17,060,189. The Welland Canal has been the greatest revenue producer. The earnings credited to it being \$6,218,806, while the Lachine canal holds second place with a total revenue since confederation of \$2,840,405. In recent years no toll has been collected from canals.

### Ship In Wild Ocean Revels

The Steamer Arundo Was Almost Out of Food and Coal in Storm

Weak Wireless Scared—Bunkers and Larder Were Bare and End Was Near When Assistance Came

Philadelphia looked the fairest port in the world to the forty-eight officers and men of the American steamship Arundo, after a terrifying voyage which began 38 days ago at Nantes, France. As if the struggle with the sea was not enough excitement for those on board, members of the crew told a story of how they went down to their last mouthful of food and almost out of coal when help arrived in the form of the Swedish steamship Drottning Sophia, which took them in tow for St. Thomas after furnishing fresh provisions.

records of heavy seas and intense cold weather. Gale Follows Gale. The Arundo, formerly under the Dutch flag, but commandeered by the United States shipping board, with Captain Charles E. Gerlach in command, left Nantes Jan. 28 with about 1,400 tons of cargo made up of ammunition and motor trucks being returned to this country by the government. For the first four days moderate weather was experienced. After that day the ship plunged into a succession of gales and high head seas through which the vessel was unable to make any headway.

### REMEMBER VIMY G. W. V. A. TAG DAY APRIL 12

HERE'S a welcome to the returned soldier and his bride. May their wedded life be a long and happy one. If she is a "British Bride" she will be very fond of tea—and good tea, at that.

She will first be attracted to Red Rose Tea by the name which will remind her of the "Red Rose" of "Old England". And when she tries it she will again be reminded of the "Homeland", for she will find Red Rose Tea the same kind of Tea that she has used at home—a rich, full-flavored blend, consisting chiefly of ASSAM teas grown in British-owned plantations in northern India.

Red Rose Tea is sold always in sealed packages.

### RED ROSE TEA is good tea

Red Rose Coffee is as generally good as Red Rose Tea

### NEW LIQUOR ORDER

A new order of the British Liquor Control Board published in the London Gazette makes an important change in the drinking hours starting March 24. It provides:— Uniform week-day evening opening hours, 6 to 8.30 p. m. Off-licenses, 6 to 8.30 p. m.

Orders for spirits for "off" consumption may be given at other times than during the midday hours.

Hotel or club residents permitted to obtain liquor up to 11 p. m.

A statement issued by the board in explanation of the order states it will apply to all scheduled areas in England and Wales.

"A substantial step is to be taken," says the board, "towards both convenience and simplification without prejudice to the general question of the future post-war opening hours. In the settlement of which, particularly as regards the restriction of a later time in the pre-war differentiation between London and the provinces, the effect of the relaxations now made will be taken into account."

The effect of Article 8 is to withdraw the restrictions which prevent order for spirits for "off" consumption from being given personally on licensed premises except during the midday hours.

### How Twenty-One Million U.S. Citizens Would Vote On League of Nations

A Poll of Forty-Eight States

What is undoubtedly the most complete reflection of public opinion on the League of Nations which it is possible to make, is shown in THE LITERARY DIGEST for April 5th.

Assuming that newspaper editors all over the United States watch the drift of public opinion in their districts, "The Digest" wrote to the editor of every daily newspaper in the United States asking his attitude toward "joining the proposed League of Nations." He was also asked to tell, if possible, the attitude of his community toward it. The response to this letter broke all records, 1,377 editors having replied, losing no time about it—even telegraphing. Many took the trouble to hunt up their editorials on the subject, clip them out, and send them along. The leading article in "The Digest" this week analyzes the result of the poll from different angles, by geographical divisions, by the number of people represented by the circulation of the newspapers (more than 21,000,000) etc. Many of the replies are picturesque, running the gamut of human emotion from "I don't think Mr. Wilson the last word in wisdom or the only American to be trusted," to the other extreme "we are with old Woodrow all the time—no deserters in this section."

Don't miss reading and studying this highly interesting feature of "The Digest" this week. Other important subjects covered are:

Schools Will Continue To Use Standard Time

The city schools will open on the old or standard time on Monday, according to the decision reached at a meeting last night. As there was not a full quorum at the meeting no resolutions could be passed but the former notice of the alteration of time was made with the expectation that by Monday the authorities at Ottawa would have settled the question and made Daylight Saving time legal.

There were present at the meeting the chairman, Dr. E. M. Day, G. E. Day, H. C. Smith, G. H. Green, J. P. D. Lewin and Dr. H. S. Bridges, superintendent of schools. Dr. Emery explained that the meeting had been called to reconsider the fixing of the Daylight Saving time in the schools in view of the fact that there was so much confusion in the present unsatisfactory state of affairs with regard to time.

Mr. Sharkey first addressed the meeting. He contended that the adoption of daylight time by the city or the school board lacked legal authority, that labor, the most vitally affected and the varied majority of the population had not been consulted in the matter. He said the principal reason labor had for objecting to daylight time was that it would compel many men to go to work at 3:36 p. m. actual sun time, and go to bed at 7:36 p. m. actual sun time, while the sun was shining brightly, which condition were not humane and did not represent a desirable state of existence.

Mr. Green asked how many men would work at these hours. Mr. Sharkey specified all railwaymen, street railwaymen, longshoremen and coal handlers, which last class he said worked at all hours. He said that James Pender Co., Ltd., had voted for daylight time because the vote of the factory vote alone was not in favor of the daylight time. He also pointed out that the street railway found that for the first hour the cars were operated in the morning they were not used to any appreciable extent.

Mr. Green said that without daylight saving the merchant would find it impossible to catch the mails and might as well let his office staff go at 4 o'clock in the afternoon. He asked Mr. Sharkey if labor paid the larger proportion of taxes and was told that as labor is the only way in which money is produced labor pays all taxes. Mr. Green replied that such statements were socialistic doctrine.

Mr. Lewin said, personally, he was not affected by the alteration or not of the clocks. He had believed the matter of the school's adoption of the new time had tied but was glad to have it reopened. He considered the schools of the least affected of any activities and that in households where the worker must go to daylight time the children could spend the extra hour in the morning in study. The noonday meal difficulty in such a family, he admitted, might be inconvenient but said the school term was not long and there were only five school days a week.

Mr. Green suggested that one session days in such a family would further augment the mid-day meal difficulty. Dr. Bridges proposed that if on any day if daylight time were not adopted children from Brookville, Renforth and other out-of-town places would be obliged to spend one hour in idleness in school in the morning. He had found many laborers' children round the schools in the early morning and questioning had shown that in some schools two-thirds, in others one-half and in others one-third of the children said that daylight saving time had been adopted in their homes. He had considered that daylight time would have been made compulsory and had presumed that it would have been a good thing.

Mr. Green cited the case of his own household, where two members keep daylight time and the third, a school child, keeps the old time, and has frequently overslept through being alone in the house, arrived late at school and been punished. He said he never saw the child at noon, their meal times differing, and not at night until 6 o'clock. He said his own case was one of many. Mr. Smith said that he was opposed to changing the school time and had not been asked before the notice that it was to be changed had been published. Dr. Bridges also said that he was opposed to altering the time because Atlantic time was already in use in the city, but the majority had seemed to him to have been in favor of daylight saving. In reply to Mr. Sharkey's remark that the change of time was a merchants' move made without consulting labor, Dr. Bridges said that labor had not complained in previous years.

Sunday School Institute Ends

Miss Yeomans Tells Why Only Fifty Per Cent of Girls Are Enrolled

The closing sessions of the Sunday school institute held in the Centenary church hall yesterday. Addresses were given by J. L. Rogers, Rev. W. A. Ross and Miss Yeomans, girls' work secretary of the Y. W. C. A.

The afternoon session was opened with prayer and devotions lead by Rev. J. A. MacKinnon, pastor of St. David's church. This was followed by an address on Mind Construction by Rev. W. A. Ross. This address was very instructive and was listened to by the audience with keen interest. The next address was on The Sunday School in Operation and was delivered by J. L. Rogers, general secretary of the Wisconsin Sunday School Association. Miss Yeomans led the discussions on the young people's division and gave a very interesting and entertaining talk on The Canadian Programme for Teen Age Girls.

The evening session was opened with devotions led by Rev. J. C. B. Appel, pastor of Exmouth street Methodist church, and by Rev. H. A. Goodwin, pastor of the Centenary church. The first talk of the evening was by Miss Yeomans who chose as her subject The Church and Her Girls. Miss Yeomans said that she estimated the number of girls attending the Sunday schools of the St. John churches around fifty per cent. There were five reasons given why these girls stay away from the churches as follows: The first reason is because the teachers and officers ran "the whole show." These girls are just at the age when they begin to feel that they are somebody and think that they should have an opportunity to express herself, but she doesn't have the chance.

The second reason is because the lessons are not interesting. As a solution of this special course of lessons have been laid out that appeal directly to the interests of the growing girl. The third reason was because there is nothing to do in the Sunday schools. To overcome this activity must be put into the Sunday school lessons. The fourth cause was because the teachers themselves are not good enough and this is caused by the lack of organized teacher training. The fifth and last cause was because there was no chance in the Sunday school for the girls to get acquainted with one another.

The next address was given by J. L. Rogers on the General Officers' division, for the benefit of the officers of the various Sunday schools who were present so that they might endeavor to put their respective Sunday schools in a better condition, based more on a business principle. Mr. Rogers said that business principle should be applied to the Sunday schools and that a monthly meeting of the teachers and officers should be held at least ten months during the year when all matters of importance or any criticism and suggestions could be discussed and considered. He told of how many practical and successful business men who were Sunday school teachers and that a monthly meeting did not apply them in the school and consequently their classes were not

Boys! Girls! Eastman Camera Given

Boys! Girls! Know the fun of owning a camera! Take pictures of mother, father, the baby, your home! Have the finest kind of fun on pleasure trips, picnics at school, evergeting with your camera will double your fun, and later help you live your good times over again looking at your pictures. Anyone can make good pictures with this camera. Has dandy lens, two view finders, seal grain leatherette covered case, and 74 page illustrated instruction booklet. (\$8.00 in cash prize for best pictures.) YOU can win it easily, by selling only \$5.00 worth of our magnificent Patriotic Pictures, Fine Art Reproductions of famous paintings and popular motion pictures at 10 and 15 cents each. Printed on fine paper all ready for framing. They sell quickly as almost every home will buy several. Send no money—trust us. The Gold Medal Company, Picture Dept. T.S.P., 311 Jarvis Street, Toronto, Ontario.

FIRST INSTALLMENT OF IMPERIAL PREFERENCE IN BRITISH BUDGET

London, April 4—(By Canadian Associated Press Cable)—It is expected that the budget, which will be introduced soon after Easter, will be notable for the first installment of Imperial preference.

The Times says that the government is desirous of beginning with customs duties and will add two pence on the pound on tea from foreign countries.

Mr. Rogers also spoke of the financing of the Sunday schools and was strongly in favor of the duplex envelope system. He related how during the fine epidemic the Sunday schools in Wisconsin were closed down as long as three months, but when they were opened up again and the children returned back instead of bringing the envelope with just the money for one Sunday they brought the whole amount for all the Sundays in the three months. The speaker also advocated the dignifying and strengthening of the Sunday schools and added that if the parishioners of the various churches knew how many people it took to run their various Sunday schools they would be amazed and surprised.

Rev. W. A. Ross, general secretary of the Maritime Sunday School Association, gave the final address and summed up the work of the conference.

F. W. McNICOL AGAIN TEMPLE BAND LEADER

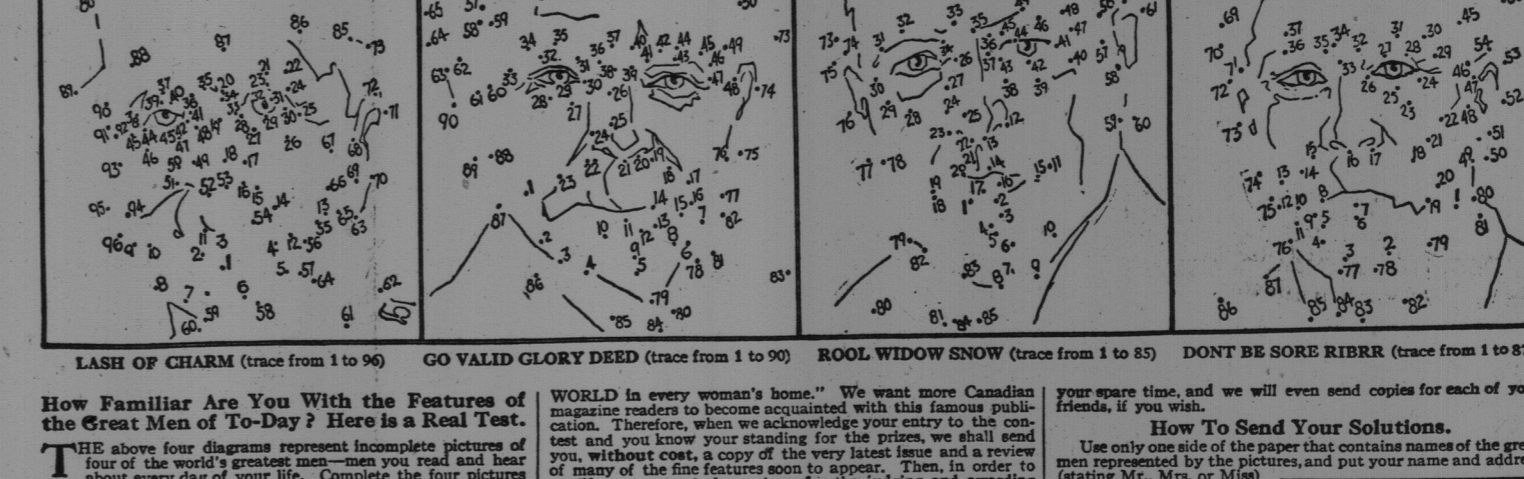

The Temple Band is to be reorganized and enlarged. This band sent twenty-eight men overseas, including the bandmaster. Now as the boys are coming back they are going to try and give St. John a larger and better band. Bandmaster James Jones, who has been with the band for the past three years, has resigned and they have been fortunate in securing the services of their former leader, Bandmaster F. W. McNicol, who has been overseas with the 95th Battalion Band of Toronto.

The officers elected for the year are: F. W. McNicol, bandmaster; H. F. Black, president; W. H. Akerley, treasurer; Bennet Wilson, secretary; G. B. Lemon, librarian; A. Buckle, sergeant; A. McAllister, property man; trustees, H. F. Black, H. C. Lemon, Charles Gallop.

George Pixley of Brattleboro, Vt., is suing for \$1,000—alleged extent of damages sustained when he was horsewhipped by Mrs. Mary Bulcock, who says he refused to pay for a load of wood.

**Semi-ready Shop Talk:**

"Public ownership and operation by Federal, Provincial and municipal governments seems to be disastrous. Other People's Money doesn't seem to keep the caretakers awake when the burglarious-minded lobbyist gets busy.

"Since 1914—with Government ownership of railways, freight and passenger rates have gone up, and the Government at Ottawa is now arguing with itself as to whether it can cover C. N. R. and G. T. P. and I. C. R. deficits with an increase in express rates.

"Every municipal street railway in Canada is losing money; Beek's hydro-power schemes in Ontario will just about wreck that rich province.

"Still, we continue to pay the excess freight and sell Semi-ready suits at the same price West as East—the label's in the skirt.

"Have a look at the good ones of which 'twas said in 15:

"Everything has gone up in price except Semi-ready clothes and postage stamps."

"Postage stamps went up first!"

The Semi-ready Store  
King and German

**Coz and McIlveen Win.**

In a special two-men team match in the City League at Black's alleys last evening Coz and McIlveen won with a total of 612. Wilson and Rockwell were second with 595. Wilson was high man with a total of 319. The summary:

**THE TURF**  
**Maritime Racing Dates.**  
Moncton, April 4—Maritime horsemen met here last evening and formed a maritime short ship circuit to open in Moncton July 1. The following represented various tracks: A. P. Ryan, St. John; S. D. Heckbert, Chatham; P. S. Watson, Fredericton; A. S. Etter, Amherst and Sackville; Hopkins, Springhill; P. A. Belliveau, Moncton. The Fredericton representative made a strong bid for the opening dates, but Moncton was given the preference on a secret ballot.

The circuit as arranged follows:  
Moncton—July 1 and 2.  
Chatham—July 9 and 10.  
Springhill—July 18 and 19.  
Sackville—July 25 and 26.  
Sussex—August 1 and 2.  
St. John—August 8 and 9.  
Moncton—August 15 and 16.  
Springhill—September 1 and 2.  
St. Stephen—September 9, 10 and 11.  
Fredericton—September 15, 16, 17 and 18.  
Chatham—September 24, 25 and 26.  
Fredericton is to hold a meet July 1 and 2, as previously announced, but the Moncton dates will be the official opening.

The following were elected officers of the Maritime Circuit Association:  
President—S. D. Heckbert, Chatham.  
Vice-president—P. S. Watson, Fredericton.  
Secretary-treasurer—A. P. Ryan, St. John.  
Executive—Walter Fairweather, Sussex; A. S. Etter, Sackville; George Hopkins, Springhill; P. A. Belliveau, Moncton; S. D. Heckbert, Chatham; William Keyes, St. Stephen.

**Jockey Dead as Result of Spill.**  
Baltimore, Md., April 4—Frankie Robinson, America's premier jockey, is dead.

**PROVERBS**

"Pull gently at a weak rope."  
If your razor pulls, get it honed, also buy a bottle of Seely's After-Shave to have real comfort in a shave. 25c and 50c at your druggists.  
We also make After-Shave Talcum specially for use after shaving. It is a natural flesh color. Packed in an antiseptic glass jar, price 50c.

at the University Hospital here, Johnny McTaggart has two fractured ribs and Mooney and Snelman are suffering from bruises and a severe shaking up as the result of a spill in the sixth race today at Bowls. Robinson, under contract to Harry Payne Whitney, the New York millionaire, and the highest salaried rider in the United States, had a gaping hole torn in his skull at the base.

**THE RING.**  
Fifteen Round Draw.  
Savannah, Ga., April 4—Jesse Abel of Chattanooga and Jimmy Conway of Scranton, Pa., welterweights, fought fifteen rounds to a draw tonight.

**Bouts in Cleveland.**  
Cleveland, April 4—Frankie Britt of New Bedford, Mass., was awarded the newspaper decision over Pat Moran of New Orleans in a ten-round boxing contest here tonight.

Frankie Mason of Fort Wayne, Ind., was given the decision over Patsy Wallace of Philadelphia in the semi-finals, which also went ten rounds.

**AQUATIC.**  
Swimming Races at Y. M. C. E.  
Swimming races were held at the Y. M. C. E. last evening. The officials were J. J. McNamee, clerk of house; Humphrey J. Sheehan, Walter Coughlan, judges; R. J. Cronin, timer. The results:

25 yard swim, boys 18 and under—First heat, J. Donovan, 1st; W. McCluskey, 2nd, 12 sec.  
Second heat, Geo. Morris, 1st; J. Sheehan, 2nd, 11 4-5 sec.  
Third heat, E. Wall, 1st; J. McCarthy, 2nd, 12 3-5 sec.  
Final, J. McCarthy, 1st; W. McCluskey, 2nd, 12 sec.

Diving, boys under 18—George Stewart, 1st, 18 points; Gordon Morris, 2nd, 15 points.  
50 yard swim, boys 15 and under—First heat, A. Peterson, 1st; R. Kneeland, 2nd, 21 sec.  
Second heat, J. Coughlan, 1st; J. Nugent, 2nd, 23 sec.  
Final, R. Kneeland, 1st; J. Coughlan, 2nd, 21 sec.

Diving, boys under 15—Arthur Peterson, 1st, 17 points; J. McIntyre, 2nd, 14 points.  
80 yard swim (open)—T. Williams, 1st; E. Weeks, 2nd, 19 4-5 sec.  
Diving (open)—M. Maxwell, 1st, 18 points; H. Lee Clair, 2nd, 15 points.

Plunge for distance—P. McGourty, 1st, 32 points; H. Lee Clair, 2nd, 31 points.  
Team race (30 on a side)—Won by Williams' team; McGourty team second, 2 min. 52 sec.

Bronze medals purchased in Boston were presented to winners in different events.

**BASEBALL.**  
Herrmann on Stand.  
Washington, April 4—Baseball history for thirty-five years was recounted today by August Herrmann, president of the National Commission, testifying in answer to unlawful monopoly charges against organized baseball made by the Baltimore Federal League Club in its suit for \$200,000 damages resulting from the dissolving of the Federal League. He declared neither the American nor National leagues were operated for profit.

In introducing Mr. Herrmann, George Whetter, counsel for the defence, recalling some of the accusations of the plaintiff, remarked: "Face the jury, Mr. Herrmann. I want them to see what a pirate looks like."

Mr. Herrmann's testimony occupied most of the day in court. An earlier witness, William B. Ward, son of the late R. B. Ward, owner of the Brooklyn Federals, testified for the defendants. He corroborated evidence given previously that President Bain of the Baltimore Club made the motion that the Federal League give full power to the committee of three selected to negotiate a peace pact with organized baseball.

**Further Honors For Canadians**

London, April 4—(By the Canadian Associated Press cable)—Major-General Archie MacDonnell has been invested St. John—August 8 and 9, at Buckingham Palace.

The king today invested with the Victoria Cross Captain Conson Mitchell, of the engineers, who on Oct. 8 last at the canal near Cambrai led a small party in advance of the first wave of infantry to save the canal bridges, and under heavy barrage cut a number of lead wires in the attack on another bridge, killed three and captured twelve of the enemy.

The following decorations have been awarded:  
Companion of St. Michael and St. George to Colonel Johnson Parsons.  
Bar to Distinguished Service Order to Colonel Leon Tudor, Majors Ian Crawford, Douglas Mason and David Philpott.

Distinguished Service Order and bar to Major Charles Connely.  
Distinguished Service Order, Military Cross and bar to Captain William Herdige.  
Distinguished Service Order and Military Cross to Colonel Beverly Brown.  
Distinguished Service Order to Major Frederick Phelan.

A serious runaway accident occurred in Pond street last evening at about 10.30, when a horse ran down Mill street and turned down Pond, running as far as the C. N. R. freight shed. It was stopped by Policemen Shields and Gaudet. The occupants of the wagon, two men, were thrown out and knocked unconscious and the ambulance and the patrol wagon were summoned. When the men recovered they were taken to the central station.

FRIDAY NIGHT—AMATEUR SPECIALTIES

**1,000,000 QUARTS OF LIQUOR SOLD UNDER PRESCRIPTION IN ONTARIO**

Toronto, April 4—Since Ontario went under prohibition, in September 1916, and up to March 1 of this year, over one million quarts of liquor have been sold under prescriptions, by the legal vendors, under the Ontario temperance act. This was an estimate furnished to the public accounts committee of the legislature this morning by J. D. Flavell, chairman of the Ontario license board. This is exclusive of the liquor issued by druggists, vendors and distillers for sacramental or industrial purposes. Mr. Flavell further stated that it did not include liquor obtained by physicians for their own use. Since the coming into force of the O. T. A., there were 3,600 commitments to prison under the act. Intoxicating was the charge in 4,700 of these, and other offences under the act accounted for the remaining 3,900. A total of \$1,230,000 was realized in fines paid for infractions of the act.

The total production of rye in Germany, Denmark, Spain, Ireland, Italy, Luxembourg, Norway, Netherlands, Sweden, Switzerland, Canada and the United States for 1918 was 496,200,000 bushels, as compared with 409,096,000 in 1917.

ST. JOHN BOARD OF TRADE WILL STAND BY MONCTON

Council to Send Delegates to Support Claim For Establishment of Maritime Divisional Unit

The council of the St. John Board of Trade met at noon yesterday to hear the report of the secretary who had been delegated to proceed to Moncton and discuss the railway situation there with the Moncton Board of Trade.

His report was as follows: Your secretary would report that, as directed by council, he proceeded to Moncton and had a most satisfactory conference with the railway committee of the Moncton Board of Trade on Saturday morning last, March 29.

He learned that the viewpoint of the Moncton board differed very little from that of this council as expressed at its last meeting. They were not disposed to criticize or to oppose the action of the C. N. R. board in removing the general staff to Toronto or to any other central Canadian point that might be deemed most suitable in the interest of the railway or the Canadian public.

The point that they are desirous of pressing, and the one that they seek operation on, is that of recommending to the C. N. R. board the advisability of dividing the railway into two or more operating units to be administered by the railway lines from Montreal (or Quebec) to Sydney (C. B.), including St. John and Halifax, with a divisional executive at Moncton clothed with authority to give decisions on traffic or other matters of local concern that might require prompt treatment, and that from a railway standpoint would not be of sufficient importance to justify an appeal, with possible delay, to the central executive.

It was felt by the conference that with the multiplicity of interests in the maritime provinces, arising out of the existence at this end of the line of the only open winter ports of the dominion, whose traffic is steadily increasing; of the peculiar problems associated with the F. I. straits and railway service and of the branch lines; of the diversity of our natural resources of fisheries, mines, lumber and agriculture; and requiring careful attention, and of the further fact that large vested interests had been created as a result of the presence in the lower provinces of what had come to be regarded as a permanent railway centre, that a divisional administrative unit with sympathetic local conditions would be to the advantage of both the railway and the maritime public, and would produce results unobtainable by central management.

Co-operation Promised. It was stated that almost all the boards of trade in the maritime provinces had expressed a desire to co-operate with Moncton.

The Moncton committee expressed great pleasure that St. John had shown sufficiently active interest to send a representative to consult with them.

There was a general interchange of views as to the procedure to be adopted to obtain harmony of opinion and action from the several maritime boards of trade. It was agreed that whatever action was taken should be along the lines of co-operating with the railway and of presenting recommendations for the promotion of railway interests rather than of endeavoring to force the railway board to accept the local viewpoint. It was arranged that a member of the Moncton committee should prepare and forward to the several maritime boards the lines of argument in concrete form that the committee proposed to proceed upon. It was also deemed best in presenting the case to the railway board to confine the presentation entirely to an advocacy of the unit system, eliminating all other subjects that might tend to distract attention or confuse the issue.

The Moncton committee were looking forward to proceeding to Ottawa after Easter, and they hoped to have delegates from all the provincial boards of trade that were interested.

Your secretary would recommend that this council extend its approval of the scheme now being promoted by Moncton board of trade for the establishment of a maritime province unit for the Canadian National Railways having its divisional offices at Moncton, and in forwarding the matter to the Moncton board of trade the benefits and advantages accruing to the railway, from the viewpoint of this council, should be outlined.

The Care for Division. Your secretary would submit for the consideration and approval of council the following points in favor of a maritime province divisional unit:

1. That it would provide a prompt court of appeal on traffic and other matters, the effects of which would be to expedite business; increase its traffic receipts; enhance its usefulness as a national highway, and make it more popular with the people of the maritime provinces.

2. That a sympathetic local administration, conversant with local needs and local possibilities, would materially assist in building up our ports and export traffic; in developing our fisheries, mines, lumber, agriculture and other natural resources; in directing tourist travel to the maritime provinces; in forwarding local industries and general business, and in grappling with local difficulties.

3. That it would bring the railway in closer touch with provincial managers, with the boards of trade, tourist associations and kindred organizations, thereby securing greater co-operation of effort and enlarged results.

A letter was read from President Beatty of the Canadian Pacific Railway, touching the matter of imposition of port dues. It was Mr. Beatty's view that "St. John should, in the national interest, be as nearly as possible a free port so that Canadian traffic would naturally pass through it and neither the traffic itself nor the steamship or rail companies be under greater handicaps than that which they are by virtue of its geographical location." President Beatty stated that he expected to be in New Brunswick this month and spend a day or more in St. John.

The Sackville board of trade reported that it was in full sympathy with daylight saving.

The Halifax board of trade reported that a delegation of business men had urged on the board of control and waited the adoption of daylight time, but the board decided to wait the decision of the railway commission.

The Chatham board of trade reported that it was unanimously in favor of daylight saving for the town itself, and that uniformity of dates would be taken up with the Newcastle board. A largely signed petition in favor was being circulated.

No action was taken on the Winnipeg board of trade's recommendation for an All-British round the world news wireless service.

Communications were read from Messrs. Eskin and Wigmore relative to the action of parliament on daylight saving and also with respect to their action on Bay of Fundy subsidies.

Appreciation Of Her Devoted Services Shown

Reception and Presents for Nursing Sister Agnes Warner—Brilliant Gathering Under Auspices of Royal Standard Chapter

A reception was tendered Nursing Sister Agnes Warner, infirmary major, F. N. C., yesterday afternoon by the Royal Standard Chapter, I. O. O. E. Mrs. E. Atherton Smith, regent, with the guest of honor on her right and the two vice-regents of the chapter, Mrs. J. Pope Barnes and Mrs. J. H. Frink, on her left, received the guests. The tea room was presided over by Mrs. R. L. Anderson and Mrs. J. W. Ryan. The invited guests included the executives of all of the patriotic organizations in St. John and Rothesay, Mrs. W. E. Foster, His Worship Mayor Hayes and Mrs. Hayes and the American and French consuls and their wives.

A select musical programme added to the success achieved. The most touching incident was the presentation of two gifts to Miss Warner and her most touching reply. Mrs. D. Mullin, in compliment to Belgium, her ancestral home, was asked by Mrs. Smith to make the presentation of the gift of the Royal Standard Chapter, a handsome leather writing case completely fitted, beautifully wrapped with decorations of silken flags.

The address read by Mrs. Mullin making the presentation was listened to with great feeling. It was as follows: To Nursing Sister Agnes Warner, I have the honor to extend to you the greetings of the Royal Standard Chapter I. O. O. E. I have awaited this happy occasion to present to you the united welcome of our members.

After four years of heroic self sacrifice, untold hardships and unswerving devotion to the noble cause of humanity, you the daughter of that distinguished veteran of the Grand Army of the Great Republic and so long the representative of his country in our midst—this Canada of ours—to enjoy a well-merited rest from your arduous labors.

Yes, after four years of patient, gratuitous toil among your beloved patients, to whom you were as a ministering angel alleviating the sufferings of the sick and wounded, regardless of the attendant discomforts ever surrounding you, you have come back to us decorated with every distinction that France could bestow. Yet were the Recording Angel to ask concerning your works of mercy that which you desired he should set down in his "Book of Gold" notwithstanding the distinguished honors conferred upon you, we feel you would adopt the words of Abou Ben Adhem who said: "Write me as one who loved his fellow men."

Your unceasing devotion to your self-imposed duty during the entire war in the succoring of those valiant men in the vanguard of the great world conflict, has been as a beacon light to other brave souls, who inspired by your noble example, have proved themselves Good Samaritans in the same sacred cause. It has been truly a sublime thing you have followed, Sister Agnes Warner, imbued with the charity of Christ.

We esteem it an honor to assemble here today to express our admiration, appreciation and recognition of the great work you have accomplished. It seems fitting that our tribute should be made beneath the immortal banner so dear to the hearts of your patients and to you henceforth sacred emblem, bringing a harmony of love and cherished memories on your soul as you recall your tender ministrations to the gallant soldiers of France in their prolonged Golgotha.

Nous vous félicitons, infirmière Major Warner, parce que "la gloire sur terre, c'est le lot d'un sujet qui aurait sacrifié sa vie au salut de ses frères," et nous vous souhaitons la bienvenue vous print d'agréer ce petit témoignage de notre amitié appréciatif.

Mrs. Warner, in her reply, feelingly thanked the chapter for the occasion and the gift saying that she had done no more than many other nurses and had felt it a great privilege to be able to do her part. She said that she had often heard that men cannot bear suffering as can women but she could never agree to this since she had seen her wounded patients suffer such unbelievable things with courage, fortitude, endurance and resignation in order that freedom, and liberty might prevail.

Mrs. T. N. Vincent, president of the Free Kindergarten Association, then presented Miss Warner on behalf of the children of St. John and especially the children of the soldier boys, now in the kindergartens, an exceedingly beautiful bouquet of American beauty roses on a background of purple Irises and attached to a very small bouquet composed of all the national flowers of the Allied nations even to the white heather of Scotland and with the silken flags attached. The orchestra immediately after the presentations played with most impressive effect the glorious music of the Marseillaise.

Throughout the remainder of the afternoon the orchestra played appropriate music and when 6 o'clock sounded brought to a close a memorable occasion by rendering Rule Britannia, and then, O Canada. Miss Warner was also presented a lovely bouquet of purple and yellow Irises by Mrs. Smith. It was long past 6 o'clock when the last of the guests left the studio and all expressed keen delight and pleasure at having been present to personally welcome home one who had done such faithful service to the cause of the Allies in the caring for the sick and wounded.

The Kiddies Enjoy Cuticura Soap

This pure, fragrant emollient is just suited to the tender skins of infants and children. Millions have known no other since birth. The daily use of it, with touches of Ointment now and then to little skin and scalp troubles, tends to insure a healthy skin, a clean scalp and good hair throughout life. Soap, Ointment and Lotion sold everywhere.

At the joint conference Mr. Henderson moved a resolution welcoming the report of the provincial joint committee and agreed to submit it for acceptance. The government, Mr. Henderson said, had declared its readiness to proceed at once with legislation and other steps necessary to carry the recommendations into effect. He added that the provisional joint committee would remain intact until a national industrial council and a standing committee were brought into being.

Sir Allen Smith, representing the engineering employers' federation, seconded the resolution on behalf of the employers. He said the details of the report would be observed strictly, both in letter and spirit, and that he had no doubt as to the future of the industries of the country. The resolution was carried. Minister of Labor Home promised that the report would receive sympathetic consideration by the government.

Separate meetings of the trade unionists and the employers were held this afternoon to consider the report.

The transport workers and miners were not represented at the meeting today.

Secret Report. The secret report, it is understood, recommends the following immediate reforms: A forty-eight hour week with a scale of minimum wages to be applied universally.

Trade boards for organized trades. The wages and hours recognized and agreed on by the trades unions and the employers to be applied to all other workers and employers.

Trade conferences to be held on future war bonuses, the maintenance of the unemployed and old age pensions.

Britain and France May Adopt Eight Hour Day

Paris, April 4—A bill limiting the working day to eight hours will be introduced in the chamber of deputies on Tuesday next by order of Premier Clemenceau.

AN OPTIMISTIC VIEW.

London, April 4—An optimistic view of the work of the industrial conference, comprising representatives of the employers and the trade unions of the United Kingdom was expressed at a joint meeting of the body held today to discuss a secret report made by the committee of ten that had been appointed to make recommendations as to an adjustment of the outstanding difficulties.

Arthur Henderson, the labor leader, in speaking of the result of the deliberations said: "We got along well. We do not anticipate any disagreement," while Sir Allen MacGregor, chairman of the managing committee of the engineering employers' federation, said the employers were prepared to honor the report immediately the trade union accepted it.

Separate meetings of the trade unionists and the employers were held this afternoon to consider the report.

The transport workers and miners were not represented at the meeting today.

Welcome News Of Publicity Plans

Further plans to boom New Brunswick were considered yesterday afternoon at a meeting of the executive of the new tourists' and sportsmen's booster organization held at the board of trade rooms. E. A. Schofield occupied the chair and R. E. Armstrong was secretary. The others present were F. B. Ellis, T. P. Regan, president of the New Brunswick Automobile Association, J. E. Secord, W. E. Raymond and W. H. Goding.

A letter was received from the St. Stephen board of trade promising co-operation and announcing that John W. Scovil had been elected delegate to attend the New Brunswick convention to be held in St. John, June 3 and 4.

A telegram from Rupert W. Wigmore, M. P., was read stating that he had arranged with the department of trade and commerce for reels and a lecturer at the convention.

A communication from E. S. Carter, secretary to Premier Foster, was read announcing that the government had agreed to contract for motion pictures of scenery, natural resources, etc., of New Brunswick. These will be shown with other Canadian views, some of which were recently exhibited at Fredericton, when Mr. Norrish of the publicity department of the Dominion of Canada, showed attractive pictures.

The Frasers of Plaster Rock and Edmundston will take a camera man on the Tobique to obtain views of fishing, saw mills, pulp mills, and lumber in fresh time. Views will also be taken of Grand Falls and Aroostook Falls. Mining and agricultural views will also be obtained.

The various committee heads made reports on the work assigned them and it was agreed that the plans were all working out favorably.

The arrival of soldiers as units in St. John is expected to stimulate interest in the convention and after the convention it is proposed to continue the celebration for the remainder of the week in the nature of processions, band concerts, reunions, etc.

SMOKE MACDONALD'S INDEX

Millions for Bridges. Owing to high prices, lack of materials, shortage of labor, transport conditions, and the need of much repair and reconstruction work, as well as the desirability of stimulating useful work, the British government will make a grant of \$50,000 for roads and bridges throughout the United Kingdom. Of this grant \$8,500,000 will be furnished by the Road Board and the balance by the National Exchequer.

Lemon Juice a Beautifier

How to prepare a beauty cream at little cost. Says lemon juice alone is too highly acid. Try this on face, neck, arms and hands!

Many women use just the juice of lemons to bleach or whiten the skin and on juice is used to bleach and remove to bring out the hidden beauty and the such blemishes as freckles, sallowness, and tan, and is the ideal skin softener, therefore irritating, and should be mixed with orchard white.

At the cost of a small jar of ordinary cold cream one can prepare a full quart pint of the most wonderful lemon skin softener and complexion beautifier, by "squeezing" the juice of two fresh lemons into a bottle containing three ounces of orchard white. Care should be taken to strain the juice through a fine cloth so no lemon pulp gets in, then this lotion will keep fresh for months. Every woman knows that lemons to bleach or whiten the skin and on juice is used to bleach and remove to bring out the hidden beauty and the such blemishes as freckles, sallowness, and tan, and is the ideal skin softener, therefore irritating, and should be mixed with orchard white.

Just try it! Get three ounces of orchard white at any pharmacy or toilet counter and two lemons from the grocer and make up a quart pint of this fragrant lemon lotion and massage it daily into the face, neck, arms and hands. It should naturally help to bring back to any skin the whiteness, the sweet freshness and flexibility of which it has been robbed by carelessness or trying atmospheric conditions.
